Speaker of House to Give Commencement Address at the Normal

Speaker of the Texas House of Representatives, Charles Thomas, will deliver the commencement address at the West Texas State Normal auditorium on Saturday, June 3.

Hon. A. B. Martin of Plainview, former member of the Board of Regents had agreed to deliver this address, but business interfered, and President Hill was fortunate enough to get Mr. Thomas to come for this occasion.

Mr. Thomas is one of the leading statesmen of the legislature and has always been a friend of education and educational measures.

Rev. H. F. Aulick Is Called By the Baptist Church to Pastorate

The local Baptist church extended a call Sunday night to Rev. H. T. Aulick who just recently resigned from the general missionary board of the Baptist church.

Rev. Aulick received his education in the University of Kentucky and degree from the Seminary of Louisville. He served as pastor of the South Temple church before going to the general board. He is an exceptionally well educated man and capable of looking after the interests of his church in a college town.

The pulpit committee, of which President J. A. Hill is chairman, notified Rev. Aulick of his call, but no word has been received from him.

WILL WRITE UP FARMS.

Eugene Butler of the Progressive farmer, will be in Canyon next Wednesday and Thursday in order to visit the farms of this county for the purpose of making write-ups for his farm paper. He will spend this time with C. F. Walker, who will see that he is taken to farms that have the most interesting features.

Mr. Walker asks all farmers who desire that Mr. Butler make their place a visit to see him at once, in order that Mr. Butler's time may be utilized while in the county.

RAIN THIS WEEK.

Randall county has been visited by several showers during the past week. There was a light rain over most of the county Sunday morning, which was the heaviest between Canyon and Amarillo.

Rain fell again Sunday night and Monday morning.

Rain started to fall again Tuesday morning and continued until nearly noon, this being by far the largest rain of the week.

SCOUTMASTER WILL SPEAK.

Scoutmaster Netheridge of Amarillo will speak at the Methodist church next Sunday morning on the boy problem, and would like to have as many parents as possible present.

There will be no services Sunday night at this church.

Rev. J. H. Hicks expects to arrive home from General Conference next Wednesday.

MARRIAGE LICENSE.

The following marriage licenses have been issued this week by County clerk O. W. Gano:

May 11—James R. Duff and Miss Anna Elliott.

May 13—Cora King and the son of Cle Green.

JOWELL IS CONSTABLE.

J. E. Rogers resigned as constable of precinct No. 1 when he removed from the county recently, and at the meeting of the commissioners court last week J. H. Jowell was appointed to this office.

WILL BUILD HOME.

Arthur Cross has bought a lot from R. B. Hileman south of the square and will soon build a home there.

FARLOW'S FATHER DIED.

Allen Farlow was called to Panhandle Saturday by the illness of his father, George E. Farlow, who passed away Sunday. Mr. Farlow had been sick for two weeks, but was not considered to be in a dangerous condition. He took worse Friday and never regained consciousness.

Mr. Farlow has been a business man in Panhandle for thirty years, and was a highly respected and honored citizen of Panhandle and Carson county. He leaves his wife and their four children, Allen of this city, being the oldest child.

The funeral was held Monday afternoon.

The many friends of Allen Farlow extend to him and members of his esteemed family heart-felt sympathy in their great sadness.

Staff Officers Inspect Company F and Are Very Well Pleased

Major Simpson of Clarendon inspected Company F, the local National Guard Company last week and expressed himself as highly pleased with the work the company was doing. He stated that Company F was the youngest and best company in his battalion, this company being only a little over two months old.

Sergeant Kale was here conducting a school of instruction Sunday and Monday, and to help the officers with the paper work. He expressed himself as highly pleased with the company.

Captain H. C. Gamble states that the company will leave for the annual camp the latter part of July and will need about fifteen men before that date. Lieut. Kleinschmidt is recruiting officer and is looking for young men who will be in Canyon during the summer months.

OLD CLOTHING WANTED.

By request of one of the representatives of the Near East Relief, we have been asked to contribute old clothes, hats, shoes and any article that can be used in any way to relieve the suffering of the Armenians, who have not been quite so fortunate as we have been.

Please leave all contributions at the Court House in the room used for this purpose during the war, on Tuesday, May 23.—Committee.

American Legion Officers Elected at the Meeting Friday Night

At the meeting of members of the American Legion Post Friday night the officers for the coming year were elected as follows:

Commander—H. C. Gamble.

Vice Commander—Bob Donald.

Adjutant—Wesley Kleinschmidt.

Finance Officer—Earl Potter.

Executive Committee—The four officers together with Frank R. Phillips, T. I. Poor and Jack Jones.

Plans were started looking toward the Armistice Day celebration on Nov. 11th. It was decided that an early morning program would be held in Canyon and then all go to Amarillo for the general Panhandle program.

Work will be started toward organizing the Ladies Auxiliary. Frank Phillips, Dr. H. A. Brown and Allen Farlow were appointed to work on this feature.

An attempt will be made to get all ex-service men in Randall county in the Post and to collect past due dues. The membership committee is composed of Madison Daugherty, H. O. Price, S. R. O'Rear, W. E. Lockhart and Ben Winkelman.

Another meeting will be held on May 30, and regular monthly meetings are to be held in the future.

FINAL ELECTION ON CONSOLIDATION OF SCHOOLS WILL BE HELD SATURDAY; GO TO POLLS AND VOTE TO PAY BONDS

An election will be held Saturday of this week in the Canyon Independent School District as the final step in the consolidation of Common School Districts No. 2 and 18 with the Canyon Independent School district which was voted by a large majority on March 18th.

The election Saturday is set out in full in the election notice published

BUFFALOES TAKE TWO GAMES OF THREE THIS WEEK

DIVIDED HONORS WITH THE CLARENDON BULL DOGS.

Defeated Daniel Baker—All Games Go Into Extra Innings—Spectacular Stunts in All Games.

The West Texas State Normal Buffaloes divided honors with their old rivals, Clarendon, in two very exciting games Thursday and Friday. The first game went to Clarendon after eleven innings had been played to determine the winner, the score being 2 to 1. It took ten innings to decide the second game and the Normal nosed out ahead by a score of 5 to 2.

Graves hurled super ball for the herd in the first game, allowing only three scattered hits; had it not been for errors behind him, the Clarendon aggregation would not have crossed the rubber. He was credited with eleven strike outs.

Chief Youngblood pitched a good game for the Bull Dogs and let the Normal lads down with a lone hit which counted for two bases, and finally counted for the run that the Normal made. The game was the pitchers' battle from the start and each man divided honors; neither team played the class of ball that their pitchers played. The Normal made five errors, one of which complied with a dumb play lost the game. The Bull Dogs pulled three errors.

The second game was not so nerve-racking as was the first, though it was full of thrills all the way through.

Whitacre hurried for the Buffaloes and easily out classed the veteran Smalley, who represented Clarendon in the center position. Whitacre got eleven strike outs and allowed only six scattered hits, while his team-mates pounded Smalley for a total of seven hits, and only seven of the herd were struck out.

Mitchell, star Buffalo first baseman, was the real hero of the game, being responsible for four of the five scores that were made by the Normalites.

The Bull Dogs got away in the lead in the second inning when they crossed home plate for their two runs. In the sixth frame Mitchell knocked a hot one which went through the Clarendon left fielder and resulted in a complete circuit of the diamond before the ball could be recovered. Then in the seventh with three bunched hits the herd was able to put Captain Hill across for the run which tied the score. Neither team was able to score any more runs until the tenth inning when two Buffaloes succeeded in getting on due to a safety and a walk. Then Mitchell pulled the Babe Ruth stunt by knocking the "ole apple" over the fence which counted for three runs, and ended the game with the score 5 to 2.

The Normal Buffaloes defeated Daniel Baker College baseball team here Monday in the most spectacular game of the season by a score of 1 to 0. The fans who failed to see this ten inning battle missed something that doesn't occur every day.

Graves, the curve ball artist from Plainview, did mound duty for the herd and Oh Boy! it was great to see the way he threw that "ole apple". He allowed only four hits which counted for nothing. It seemed that he just pitched in pinches and let his team mates back him the rest of the time.

One inning Graves let men get on third and second with no outs. He then forced the batter to hit to him for the first out, walked the next man making a force run, with only one down, but the little twirler pulled out without allowing a score.

The whole Buffalo aggregation play-

ed great ball all through the game. They pulled but one error.

Witherspoon pitched a great game for the visitors, but errors on the part of his team mates cost him the game. He is considered one of the best college pitchers in Texas. However, in the game here Monday he did not show any more stuff than did Graves.

The second game of the series which was scheduled for Tuesday was called off on account of rain.

This probably closes the season for the Normal. An effort is being made to have Daniel Baker return for a game Friday afternoon, after they end their series with Clarendon today. If the team is in good condition after the Clarendon series, the coach will likely return for one game Friday.

Encampment Grounds Will be Ready for Big Assembly in August

Rev. B. F. Fronabarger, manager of the Baptist Encampment grounds, stated yesterday that the grounds will be in excellent condition for the annual Assembly of the Baptists to be held on August 2 to 11 of this year.

A wonderful lot of work has been accomplished since the Baptists bought the Turner land a few months ago.

A 22 foot road is being built into the canyon at a 10 percent grade. The rocks are blasted out of the road building coming fine.

One concrete dam will be ready for this year's assembly. The visitors will be given the use of the falls.

The grounds are being thoroughly cleaned up and will be in readiness by the first of August.

It will not be possible to build the permanent auditorium this year, and the big tent will be used as last year.

One house is under construction; a three room building for the use of the assembly officers. Several individuals are going to put up summer homes on the leases.

L. C. Fronabarger is superintending the road construction and improvements being made on the grounds.

Rev. Fronabarger is visiting every Baptist church in this territory and laying before them the great possibilities of an assembly in this section. He delivered the commencement address at Hedley Sunday morning and at time told the Baptist congregations of the plans for the assembly. A number of leases were sold to Hedley people.

Rev. Fronabarger states that 224 leases have been sold so far.

West Texas Chamber Commerce to Meet Next Week Plainview

The West Texas Chamber of Commerce will meet in Plainview next Monday and Tuesday. It is expected that at least 3000 representatives from various West Texas towns will be at this great gathering. Plainview is making great arrangements to take care of this big crowd.

It is not known just how many will go from Canyon to this meeting.

R. A. Terrill and W. A. Warren are in charge of arrangements for Canyon and the Normal. They suggest that all Canyon boosters wear a cheap straw hat and a badge in order that they may be distinctive in the big crowd. Each town will probably have some distinctive mark for its people.

Those contemplating going from Canyon should see either Mr. Warren or Mr. Terrill regarding arrangements that have been made.

MISS STEELE IN RECITAL.

Miss Dessie Mae Steele will be presented in a piano recital, assisted by Mr. J. J. Powell, tenor, at the Normal auditorium, Wednesday night, May 24 at 8:00 o'clock.

HENSLEY-GASS WEDDING.

Miss Pearle Hensley and Nester Gass of Hereford was married Sunday night at the home of Rev. Ted P. Hollifield. They left immediately for their new home in Hereford.

Miss Hensley is well known in Canyon, having made this her home for several years. She graduated from the public schools and from the Normal and was a very successful teacher in the public schools. For the past two years she has worked in the post office and was one of the most efficient and courteous clerks this office has ever had. Mr. Gass is a brother of Mrs. N. E. McIntire of this city. He is a prominent young business man of Hereford, being interested with his father in the dry goods business. The young people have a very large circle of friends in both Canyon and Hereford and extend their congratulations and the very best wishes for a very happy wedded life.

BOUGHT OLIVER HOME.

T. R. Butler of Plainview has bought the Dr. Oliver home on West Evelyn street, and will get possession June first.

THE AMERICAN PRESS ASSOCIATION

MEETING AT DENTON.

The News men spent three very enjoyable days last week in Denton attending the meeting of the State Press Association. The visitors were the guests primarily of C. I. A., but in this great undertaking the Normal College and every citizen of Denton joined hands in making it one of the best and most enjoyable meetings in the history of the association.

The members of the association rather hesitated in going to a town the size of Denton. But we found that a town of this size is more anxious to entertain a great gathering than is the larger towns of the state in which conventions are continually held.

C. I. A. has six large dormitories for the 1290 girls attending, and several smaller frame houses. The two newest dormitories were vacated by the girls and turned over to the visitors. Rooms and meals were served at the rate of \$1.75 per day. Press money was so good in Denton. Not a store in town would take a penny for the small purchases made by any member wearing a badge. The town was literally smothered in decorations and signs of welcome were upon every business house and every public building.

C. I. A. is the only school in the state which has any way near a plant that fulfills its needs, but right now it is filled to capacity, and Dr. F. M. Bralley, the president, states that many more buildings are needed. The faculty and girls of the institution were certainly gracious in their attempt to show their splendid plant to the visitors, and to see that every possible entertainment was provided. Musical numbers were provided at each meeting of the association.

The guests were entertained at the Normal one day, at luncheon. The school has the largest attendance of any normal in the state. The main building has been propped up for years but there are three buildings and a training school building in addition to the main building, which is in very bad condition. A short-musical program was given by the students before the luncheon which was served under the beautiful trees on the campus.

Two short trips were taken out of the city—the first to the state experiment farm. President Bizzell of College Station was present and told of the work of the experiment stations, this being under the direction of A. & M. College. A big barbecue was served here. The other trip was to the Acme Brick Factory, where another big feed was served. It seemed that all there was to do was eat while in Denton.

Too much cannot be said for the wonderful reception and entertainment given the members of the press by the people of Denton and its two great schools.

Governor Pat Neff was present and in one of the greatest speeches of the convention told of his great educational plans for the state, which he is going to bring before the people during the coming summer.

The convention will meet in Galveston next year. Amarillo was supported by the men from this section of the state for the convention for 1923, and the Panhandle Press Association is going to Galveston next year with the intention of landing the association for Amarillo in 1924.

THE SENATORIAL RACE.

The senatorial race in Texas this year is progressing with very little enthusiasm upon the part of a majority of the voters. Every candidate reports that he is making rapid progress and is certain of the nomination. Probably deep down in his heart he is very shaky over the results.

The first primary is only two months off, and the lines are by no means tightly drawn. At this stage of the campaign, 90 percent of the newspapers of Texas would on ordinary years be hammering away week after week for their favorite candi-

date. Not so in 1922. The newspaper men of the state are not taking a great interest in the campaign this year—and are not wholly satisfied with the candidates. Of the three hundred at the Denton meeting last week, there were not ten percent who had actually made up their minds as to which candidate they would support.

Politics are tobacco in State Press Association meetings, but the fellows get together in groups and very candidly express their opinions on every kind of subjects.

Cullen Thomas probably has more open supporters among the newspaper fraternity than any of the candidates just now. He has this support from two reasons—he was a good prohibitionist, and he is a good clean man. His relationship to Morris Sheppard has no doubt lost him the support of more newspapers than any other thing. This relationship is causing Mr. Thomas and his friends more worry than they are willing to admit, and according to press reports, it is causing Senator Sheppard more worry than he is willing to admit. Ousley has put a stop to Thomas' price-fixing program, and Mayfield is after him on the railroad question.

Clarence Ousley has a great following among the newspaper men, and is gaining in strength. Ousley is making a campaign that is getting him large numbers of voters in every town he visits. He knows the problem of the farmer; knows the farmer's feelings, and speaks the language of the farmer. There is not a doubt about Ousley being better prepared to serve the farmers of Texas than any other man in the race.

Mayfield is gaining in strength, and last week drew larger crowds along the Denver railroad than either Thomas or Ousley. He is has been in politics for so long that he has worked up a following all over the state, and his friends in the west are making a great effort to land the Parrish votes in the Mayfield column.

Bob Henry and Sterling Strong and Jim Ferguson are hardly to be taken into consideration in this race, but all have a following that will stay with them through thick and thin.

And then comes the big problem of the campaign—Senator Culberson.

Culberson has an organization that stands behind him through thick and thin. Culberson is not in good health and neither is he the physical wreck that his enemies have tried to picture. Culberson has been in his seat in the senate upon every occasion when his vote was needed. He holds his place on the most important committees in the senate, and is a power in his official capacity. The people of Texas have learned that whenever they want anything done, all they have to do is refer it to Charley Culberson, and if there is a chance to get the job done, it will be promptly executed.

There seems to be a growing disposition among the newspapers to support either Ousley or Culberson. It will probably wind up by most of them remaining silent on the subject until the second primary. Culberson is almost certain to be in the second primary with either Thomas or Ousley. Several very influential newspaper men have stated that between Culberson and Thomas they will support the present Senator.

PRaise FOR OUR NORMAL

Southwest Plainsman, Amarillo—The excellent impression made upon Governor Neff and the State Board of Regents by the West Texas State Normal at Canyon, is cause for much pleasure and satisfaction on the part of the people of the Panhandle.

These men from down in the more thickly part of the State seemed to appreciate more than some of us home folks do, perhaps, the excellent work that is being done by this institution. During the visit of the Board, the faculty, the equipment, the students and the citizens of the community were investigated and from the reports rendered, it is evident that all "measured up" most satisfactorily. The only ad-

verse criticism made was in regard to the housing of the training school. In the presentation of the needs of the Normal last year, President Hill stressed the urgent need of better facilities for this department but as everyone knows, the legislature cut every appropriation and further specified how every cent of the budget should be expended, so it is no fault of the faculty that the institution is not able to provide more commodious quarters for the training department.

Martin O. Flowers, vice-president of the Board, said that the first time the Board visited the Canyon Normal, it did not think it was possible to build up a successful school there but it is now reckoned as one of the best schools in the state. Governor Neff stated that he had seen nothing on his nine-day tour of the Panhandle that had made him so proud as the student body of the West Texas State Normal. Miss Margie Neal, a Board member, congratulated the Normal on being the first normal in the State to be recognized as a senior college.

The Governor and the entire Board discovering the needs of the school expressed themselves as desirous of and how these may best be met. Not only the present needs but the future possible development would be taken into consideration.

Panhandle folks know that were it not for the establishment of the Normal out here, very many of our young people could never have pursued their studies beyond the high school. It has given many a boy and girl a chance to prepare for some special line of service which they could never have achieved had it been necessary to go to some faraway, expensive school for the training. It is most gratifying, too, to be told that the teachers trained at the West Texas State Normal are in great demand in other parts of Texas, signifying that even though the training department is handicapped in the matter of adequate quarters, it nevertheless, is turning out a superior product.

All praise to the West Texas State Normal and its excellent faculty.

It looks like the Genoa conference will end in a complete failure, and leave Europe in a worse condition—if such is possible—than it was before the conference opened. There are four contributing factors in this failure: The stubbornness of France; the cunningness of Germany; the unexpected strength and block-headed actions of Russia, and the fact that the United States is not present to bolster upon the efforts of Lloyd George in his supreme efforts to save Europe from the rocks. Of course, it is entirely possible and probable that the presence of the United States would have had little or no influence in smothering the fires of hatred and distrust among the Europeans, but the linking of hands of the two great English speaking nations of the world in a common cause would have had a good effect toward accomplishing some

acts that would eventually lead toward peace in Europe. As conditions now stand in Europe, there will be another war just as soon as the nations can recuperate in man power and get enough money to put over the job.

"The editor of the New Leaf is the biggest liar in town," declared a lecturer in Effingham, Kansas, the other night. But let the New Leaf tell the story: "At this point there was applause. Then the speaker continued: 'You have made him this way. He dies when you are born, when you graduate and marry, and caps the climax when you die by telling what a saintly life you've lived. The only way you can square yourself is to go down tomorrow morning and pay him four five years' subscription in advance.' And nobody applauded."

Plainview News: The Canyon News denounces the grand jury of Potter county for summoning Gov. Pat Neff before it, while in the Panhandle last week. The News says it was to question him in regard to his pardon of a man convicted in Armstrong county. The News declares it was "littleness" on the part of the grand jury—and doubtless most other people in this section have the same opinion of the matter. Some folks, you know, like to show their authority.

The high school will graduate a fine class of twenty-six tomorrow. The class is the largest the school has even had, as to numbers, and the quality of work the members has done this year is exceptionally fine according to the faculty of the high school. The people of Canyon are proud of these young men and women who have (Continued on next page)

worked so diligently of the diplomas that will be handed them tomorrow night. Practically every member of the class will be in some college next year to continue school work. That is the highest praise that can be said of this class. They are workers—every one of them—and they are going on in their effort to live better and more useful lives in this community.

The Plains Agricultural Journal at Lubbock has been consolidated with the Lubbock Avalanche. Editor Keen has put out two issues of the new farm journal, both of which have been great. He is now working on both the Journal and the Avalanche. Best wishes for the new consolidation.

"Flowers in every home in Canyon"—a worthy motto for the Civic Improvement League. Flowers and filth do not mix. The lover of the beautiful will not stand for an ugly town and community. Plant flowers and more flowers in Canyon.

Come to Canyon during the commencement program. The high school is putting on a great program this week, and commencing next week the Normal will have another great program.

The rains this week were fine. The grain crops are in good condition.

The voters now the way proved that one Blanton in the House was enough, and it is to be hoped that in July the voters of the Abilene district will decide that one Blanton is too many.

Clean up; paint up; make Canyon shine.

ENDORSES JACKSON

Palo Pinto, Texas, May 8th, 1922.
TO WHOM IT MAY CONCERN:

Judge Phil Jackson, of Canyon, Texas, I have known for thirty (30) years or longer, and I take pleasure in recommending him as a high class citizen, honorable and trustworthy in every department of life, in which he has engaged, and a man of good ability. I knew him well, personally, while County Clerk of Hood county for many years, and also while County Judge of the same county, for a number of years, and in both positions he made an excellent official, and gave perfect satisfaction to the citizenship of his county. This fact is demonstrated by his re-election to said offices for a number of years. It is indeed with pleasure that I recommend to you this good man of many sterling qualities.

Yours very truly,

Why Not Build Now!

The price of building material is in line with the price of the commodities you sell. If you are a farmer see how the price of a two hundred pound hog will compare in purchasing lumber with a two hundred pound hog in 1918, when the prices of everything was up.

Don't contemplate Building—Just Build!—Never before was the time better for the builder, our fine materials priced in the reach of all, makes building costs mighty low, and really for fine building and economical building, our materials cannot be beaten.

Happy Happenings

Despite the hail and rain Sunday morning a very large crowd attended the Sunday Schools. The Baptist report was 36 present and \$1.91 collection. The Methodist report was 82 present and a collection of \$3.21.

One of the most delightful social events of the season was given at the high school building Saturday night, when the Seniors of Happy High entertained the Juniors, the faculty and the school board and their wives. Games of all kinds were played which created great laughter. The honored guests of the occasion were Rev. and Mrs. Van Zandt of Lockney. At a very late hour refreshments of sandwiches, pickles, ambrosia, ice tea, ice cream and cake were served to the many guests. About one o'clock every one decided that they must really rest a little before Sunday School, so by telling the seniors they were the best entertainers they ever saw, each departed for their homes.

Misses Vivian Gatten, Gladys Franer and Mr. Clare Miller, students from Happy who are attending the Normal, spent the week end with their home folks.

The Baccalaureate sermon was delivered by Rev. Van Zandt of Lockney at the Methodist church Sunday morning. A very large crowd was present considering the weather. Much success and best wishes go with these graduates as they go to higher institutions of learning and to fill their places in life.

Rev. Van Zandt and wife spent Saturday and Sunday at the home of J. P. Evans.

Mr. and Mrs. M. B. McManigal are rejoicing over the arrival of a baby girl, born Saturday, May 13.

Miss Vellie Dison and W. C. Woodburn were business callers in Silverton Saturday.

A very interesting program was rendered at the school auditorium Tuesday night by the pupils of Mrs. Scott, Misses Zoeller and Aikman. Following is a copy of the program:

No Surrender March—Armel and Carrie Townsend.

Drill—Eight Boys.

Sweetest Memories—Pansy Arnold.

Vacation Time—Nine boys and nine girls.

Salute to the Colors—Sanford Arnold.

Visit from the Flowers—Nine little folks.

Edelweiss Glide—Armel Townsend.

News Boys—Calvin Ham, Chester Meader and Robert Green.

Calvary Coming—Beth Fowler.

Meeting of the Fairies—Nine girls.

Shadow Dance—Carrie Marie Townsend.

Grandmother's Methods—Five boys and six girls.

Four Little Maids at Tea—Four girls.

Lillie of the Valley—Eva McManigal.

The All-United States—Fourteen girls and two boys.

Govette—Beth Fowler and Mrs. Scott.

When my Dollie grows to be a Lady—Carrie Marie Townsend.

Goodnight Song—Eight girls.

Everyone was sorry when the program ended. Mrs. Scott, Misses Zoeller and Aikman received wonderful compliments from the audience.

The play "A Mid-Summer Eve" will be given by the pupils of the Intermediate room and also the expression pupils at the auditorium Saturday night.

The Commencement Exercises of the grammar graduates will be held at the auditorium Monday night, May 22. The Commencement Exercises for the High School will be given Tuesday night.

Mrs. Lottie Still, who has been visiting at the Finley and Garrison homes left for her home at Vernoy Saturday. Mrs. Embry Finley accompanied her to Amarillo.

Everett Dison, who is attending the Canyon Normal spent Sunday with home folks.

Mr. and Mrs. Olney Newberry visited at the home of C. L. Grounds Friday and Saturday.

A lazar will be given at the picture show building Saturday week by the M. M. S. Lunch will be served and

different articles sold. Further announcement will be made later.

Mr. and Mrs. Olney Newberry and Miss Pauline Grounds were Canyon callers Saturday.

The Garrison school closed Friday. A play was given by the pupils and afterwards ice cream and cake were served to all present.

Miss Gladys Miller spent the week end with Fern Francy.

Mrs. Lee Aikman, Roye and Ela Aikman were shopping in Amarillo Saturday.

J. M. Hall made a business trip to

Panhandle the first of the week.

Very little class work is being done in the high school this week as most of the students are taking examinations and the teachers are busy with their grading of papers.

Mrs. M. K. Arnold of Petrolia was visiting at the home of her parents, Mr. and Mrs. P. J. Neff last week.

Mrs. Charlie Poff of Tulia was a Happy caller Saturday.

Lon Buehaults of Tulia was here Monday.

Mrs. Grady Ponder is visiting relatives in Tulia this week.

Rev. E. A. Osborne, pastor of the Christian Church, returned last Sun-day from the thirty seventh annual convention of the Christian Church (Disciples) of Texas. He reports the "greatest yet" convention, though hundreds were kept away by flood con-ditions. The reports showed substan-tial growth along all lines, especially in evangelism. One of the features of the convention was the holding of sim-ultaneous banquets for the men and women at the Gunter Hotel. At the men's gathering Rev. Osborne was one of the party men called on to speak on "Life Enlistment."

On Wednesday afternoon there was a very beautiful and impressive cere-mony at the Normal College pool, when four young people were baptized into Christ. Mr. Osborne, pastor of the Christian Church conducted the service.

FATHER OF CANYON WOMEN DIED AT BRIDGEPORT HOME

Mrs. M. L. Steele and Mrs. J. M. Anderson were called to the family home at Bridgeport last week by the death of their father, Rev. J. J. Hines, who died May 8th.
Rev. Hines leaves his wife, nine children and thirty-three grand chil-dren and fifteen great grand children. It will be remembered that Rev. and Mrs. Hines visited in Canyon two years ago, spending the summer at the home of their daughter, Mrs. Steele. They have been married more than 57 years. The funeral services were conducted in the Methodist church, of which since 1901.

WHEN A YOUNG MAN FALLS IN LOVE

This falling in love is something new, and yet it is one of the oldest things on the earth. It is always new and yet old; there is always something more to be learned about it. Just like any of the great sciences. We are all wise and yet ignorant on this subject.
When you see one of your young men friends that has always been noted for his cool temper, walk up and push his best friend in the eye. Just say that he is in love and don't be surprised. Or if you see one of the most cowardly sort of fellows walk right in front of a freight engine, don't be surprised; he's in love. And if your "roomie" you find with his arms around you some night, just smile your own little smile and murmur, "He's in love." It is not only the young men that fall in love either; from this dis-case no one is immune. I do not mean to say that old men will fall in love; O, no, but I do mean to say that young men from sixteen to one hundred will.
If you see your most dignified friend walk out in the middle of the street with his Sunday-go-to-meeting clothes on some night, toss up his hat, throw a kiss at the moon, and shout: "Oh! Georgianna, don't be surprised; he's in love."
When you hear one of the gallants, say, "You can't live with them and you can't live without them," you may

just say that some winsome lass has changed his brain to a handful of loose screws, and don't be worried; he's in love.

SOURCE OF MATERIAL

The game of April 19 furnished me the material for this bit of verse.
Our team won two scores for each of the first two innings. They lost the next two innings, while Abilene's team gained in these innings five scores and one score respectively.
Our team appeared discouraged, and those in the stand seemed to lose heart. At that stage of the game, Mr. Con-drey came forward, drew Mr. McCarty aside, talked with him a few seconds, and then assisted, whole-souled, in leading the yells. The team caught the trust, slowly gathered its force, and fought every minute, winning all the scores from then on.
I have since wondered who was the greatest factor in the victory, Mr. Con-drey, the students who cheered, or our team. I have tried to put my won-derings into verse form.

BE RID OF THAT ACHE

If you are a sufferer with a lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neigh-bors recommend? Ask your neighbor!
Mrs. C. R. Correy, Canyon, says: "My back and kidneys had been caus-ing me a lot of trouble for a long while. My back ached steadily and there was lameness and soreness in it which made it hard for me to stoop over to do my housework. I would get dizzy and black specks would float be-fore my eyes. Then again I would have headaches and my kidneys were inflamed and irregular in action. I was advised to try Doan's Kidney Pills and bought some at the Holland Drug Co. Three boxes fixed up my kidneys and relieved my back."

No thoughtful man ever came to the end of his life and had time and a little space of calm from which to look back upon it, who did not know and acknowledge that it was what he had done unselfishly and for others, and nothing else, that satisfied him in the retrospect, and made him feel that he had played the man. That alone seems to him the real measure of himself, the real standard of his manhood. And so men grow by having responsibilities laid upon them, the burden of other people's business. Their powers are put out at interest, and they get usury in kind. They are like men multiplied. Each counts manifold. Men who live with an eye only upon what is their

County Judge's Order for School Tax Election.

The State of Texas, County of Randall: Whereas on the 15th day of May, 1922, a petition was presented to me for an election in Common School District No. 11, of this County on the question of authorizing a tax of and at the rate of thirty five cents on the \$100.00 valuation of off taxable property in said district, for the purpose of supplementing the State School fund apportioned to said district, said petition bearing the requisite number of signatures of property taxpaying voters of said district, and being in every respect in conformity with law:

Now, therefore, I, Worth A. Jennings, in my capacity as County Judge of Randall County, Texas, do hereby order that an election be held on the 10th day of June, 1922, at Umbarger School House in said common School District No. 11 of this County, to determine whether a majority of the legally qualified property taxpaying voters of that district desire to tax themselves for the purpose of supplementing the State School fund apportioned to said district, and to determine whether the Commissioners Court of this County shall be authorized to levy, assess and collect a tax of and at the rate of thirty five cents on the \$100.00 valuation of all taxable property in said district for said purpose.

Louis Wick is hereby appointed presiding officer for said election, and he shall select two judges and two clerks to assist him in holding the

same, and he shall within five days after said election has been held, make due returns thereof to the Commissioners Court of this County as is required by law for holding a general election.

The ballots for said election shall have written or printed thereon the following:

FOR SCHOOL TAX AGAINST SCHOOL TAX
 All persons who are legally qualified voters of this State and of this County, and who are resident property taxpaying in said district shall be entitled to vote at said election.

The Sheriff of this County shall give notice of said election by causing this notice to be published in the Randall County News for three weeks before the election.

Dated the 15th day of May, 1922.

MODY C. BOATRIGHT TO TEACH IN THE SUMMER SCHOOL

Mody C. Boatright of Abilene, who is to receive his B. A. degree from the West Texas State Normal College at the end of this quarter, will teach English in this institution during the coming summer session as announced a few days ago.

Mr. Boatright entered this institution in 1916, and upon finishing his work in the Normal School, he entered the college. In 1918 he was enlisted in the army and immediately sent to France. He arrived overseas too late to enter into the argument, but he went with the Army of Occupation in the Land of the Hun.

Upon returning to the United States and to Canyon, he was selected as a critic teacher in the Training School, in which capacity he very ably served for one year.

Mr. Boatright twice represented the W. T. S. N. C. in Inter-Collegiate debates. For the last two years he has been Editor-in-Chief of "The Prairie," which paper he has made one of the best college newspapers in the state. This year he was awarded the Board of Regents Scholarship on general merits as a student. He is very active in student activities and is always willing to lend a helping hand when needed.

MORELOCK SPOKE TO CLUB.

The ladies of the Delphian Club enjoyed a rare treat last Friday afternoon, when Dr. H. W. Morelock of the West Texas State Normal College at Canyon, spoke to them concerning their course of study for the coming year.

He gave many interesting facts about literature as a study and his main theme was that we should live the things we read, that is, we should read things that deal with life about us. He says we should not read things that we do not understand, leave them to those who can appreciate them and choose for ourselves those gems on a plane just a bit higher than we are, and as we learn we may grow to appreciate greater things. He brought out very clearly the benefits derived from the study of literature. The benefits are, as he classes them, that they acquaint us with the noblest and most illustrious characters of our world, and with peculiar thrilling experiences concerning our lives. It also qualifies us to meet situations calmly, which is equally a business asset, social asset and personal asset.

The club chose the study of the "Modern Drama" for the coming year and Dr. Morelock assured the members a most interesting course of study. The club is to have dramas from such authors as Shaw, Ibsen, Chekhov, Maeterlinck, Barker, Galsworthy, and others. By an arrangement with the Normal, Club members who take examinations at the close of the year and have their work accepted, may have credit for the same when attending the Normal and after completing one-quarter's good work—Amarillo Daily News.

INTERSCHOLASTIC LEAGUE

In 1917 the Normal College began to sponsor the Interscholastic League for this district. The statistical report herewith shows the progress that has been made during these six years. The growth from 1917 to 1918 is the most marked as the increase in schools and number of contestants was nearly a hundred percent, the proceeds being more than a hundred percent. From that time on with the exceptions of 1919 and 1921 there has been a very satisfactory increase while the small decrease for these can easily be accounted for by the very adverse weather conditions that obtained on those dates.

In the table below A stands for the year; B Number of schools; C Number of contestants; D, the Refund.

A	B	C	D
1917	17	107	\$141.95
1918	30	194	325.58
1919	23	172	417.59
1920	41	291	678.50
1921	45	285	654.10
1922	57	392	741.15

During this time the Normal has given medals to the winners in track and field events while the business men of the town have given loving cups to the winners in debate, declamation, essay writing, spelling and the winner of the track meet. In 1921 the Hereford High School gave the Class A track cup. In addition to this the Normal has held the district meet for basketball and has awarded a cup to the winner.

The Normal in holding these meets is endeavoring to render to the public schools of this section the greatest possible service in athletics.

INTER-SOCIETY DEBATES.

The debate between the Antler Literary Society and the Cousins Literary Society will take place Saturday evening, May 27. The subject for debate is: Resolved, That the United States Government should demand the payment of the loans which it made to the Allies, according to contracts, during the war.

The debaters for the Cousins are Grady Hazlewood and Lewis Hill with Hayden Goodnight as alternate. The debaters for the Antlers are Mr. Ray and George Terry with Boone Horn as alternate.

Due to some misunderstanding the girls' societies will have no debate this year, but are hoping to make it

BOOK CLUB NOTES.

The last meeting of the Woman's Book Club for this year was the occasion of a most delightful social affair given by Mesdames J. B. and O. N. Gamble at the home of the former.

Business, study, and social were combined in a delightful meeting. Refreshments were served by the hostesses.

During the summer the bookroom will be opened on each second and fourth Wednesday from 5 to 6 p. m. Yearly subscriptions to the Club Library may be had for one dollar each. The library now contains 406 volumes.

The constitution and by-laws were revised. The following are the committees for the ensuing year.

Program committee: Mesdames Ingham, Jenkins, Warwick, Black and Shanklin.

Membership: Mesdames Stafford, Humphreys, and Miss Wylie.

Book committee: Mesdames Burrow, Cash, Fronalberger, Humphreys. Critic: Mrs. Hill.

Parliamentarian: Mrs. O. N. Gamble. Federated Counsellor: Mrs. T. V. Reeves.

Press and publicity reporter: Mrs. I. C. Jenkins.

Next year the Club will study The Modern Drama, prepared by the West Texas State Normal College.

Notice of Holding of Election

Whereas, at an election heretofore held on, to-wit, the 18th day of March, A. D. 1922, in Randall County, Texas, for the purpose of determining whether or not Common School Districts Nos. 2 and 18 should be consolidated with the Canyon City Independent School District, all located in said Randall County, Texas, which election carried in favor of such consolidation; and, Whereas, there is an outstanding

bonded indebtedness against said Common School District No. 18 in the principal sum of \$500.00, which bonded indebtedness bears interest at the rate of 5 per cent per annum, which obligation bears date of April 10th, 1910, and falls due 20 years after date; and, Whereas, the law directs that there shall be submitted to the qualified tax paying voters of said consolidated district the question as to whether or not the said consolidated district shall assume and pay off said outstanding bonds, and whether or not a tax shall be levied therefor;

Now, therefore, I, Worth A. Jennings, County Judge of Randall County, Texas, pursuant to the requirements of the law, do hereby order and direct that an election be held at the court house of Randall County, in the town of Canyon, Texas, which is within said Consolidated School District, on, to-wit, the 20th day of May, A. D. 1922, for the purpose of voting on said question and determining whether or not said Consolidated District shall assume and pay off the said outstanding bonds against said Common School District No. 18, and whether or not a tax shall be levied therefor.

Witness my hand and seal of office at Canyon, Texas, on this the 24th day of April, A. D. 1922.

"What's in a Name?"

By MELDRED MARSHALL
Points about your name, its history, meaning, when it was derived, significance, your lucky day and lucky jewel.

ANGELICA

ANGELICA, a name of much more substance than the pallid Angelina, is still one of the "angelic names" which feminine fancy delights to bestow on its girl children. It means, of course, "angelic" and seems difficult to reconcile with the behavior of some of the small daughters whom one finds bearing the name.

Angelos is a Greek word meaning "heavenly messenger," hence "angel." It first became a name in the Byzantine empire when it was bestowed as an epithet upon persons of surpassing beauty. It was applied most often as a masculine name and there was a Carmelite saint called Angelo, who established it as a baptismal name. In his honor, the feminine also became popular and Italian history records many instances of its use.

Angelica sprang to fame since it named the faithless lady of romance for whose sake Orlando lost his heart and his senses. Though she was the invention of Bolardo and Ariosto, the romantic flavor which the story gave her name brought Angelica to instant favor. England liked the name and adopted it. In France it became Angelique, and Italy produced the other forms of Angioletta and Angioletta, though Angelica continued the reigning favorite.

Angelica's talismanic gem is the pearl. It guards the purity and sweetness of her, brings her friends, and much charm. Sunday is her lucky day and 2 her lucky number. The wild rose is her flower.

WHY ARE BUBBLES ROUND?

A SOAP bubble, to use as an example the most familiar kind of bubble, is merely a hollow ball of water with air inside. The soap, partially dissolved, forms a very thin film or skin over the air which is endeavoring to force its way through it. This air exerts an equal pressure in all directions and thus forces the soap film out at an equal distance from the center of the compressed air, thus forming a perfect sphere or ball at the moment the bubble is first made.

However, after the bubble has been floating for a few moments, the water drips down toward the bottom of the ball and collects there in drops. The weight of these pull the bubble out of shape—spoil its perfect symmetry—and increase the pressure of the air inside to such a degree that it breaks through the film and the bubble bursts.

HARD TO CREDIT THIS STORY

If True, However, It Shows the Remarkable Subtlety of the Mind of the Oriental.

One ingenious if dishonest native of India turned his dark skin to excellent account. One of the European examiners of Calcutta university, says Lord Frederic Hamilton in his book "Days Before Yesterday," told me that there had been a great deal of trouble about the examination papers; by some means or other the native students always managed to obtain what we may term "advance" copies of the papers. My informant had accordingly devised a scheme to stop the leakage. Instead of having the papers printed in the usual fashion he called in the services of a single white printer on whom he could rely. The white printer received the papers early on the morning of the day designated for the examination and duly set them up on a hand press inside the building. He had one assistant, a coolie who was clad only in loin cloth and turban; by no possibility could he conceal any papers about his person.

In spite of these precautions, however, it soon became clear at the examination that some of the students had a previous knowledge of the questions. How had they managed it? Eventually it appeared that the coolie, taking advantage of the momentary absence of the white printer, had whipped off his loin cloth, sat down on the "form" and then replaced his solitary garment. When he was obliged to strip on going out the printing ink did not show on his dark skin; and all that he had to do was to sit down on a large sheet of white paper for the questions to be printed off on it. Then, with the aid of a mirror, the students could easily read them. The oriental mind is subtle.

CHINESE BUY OFF BRIGANDS

Bandit Chieftains, When They Get Too Powerful, Are Dealt With in Peculiar Fashion.

Custom has prescribed a conventional solution of the problem of brigandage in China. When a brigand has gone beyond the orthodox limits in the territorialization of the region in which he operates, the government sets out to "suppress" him. It does so, in the usual way, by bargaining. Troops are moved, though not too close, and negotiations are opened with the bandit leader. He offers to give the way of good citizenship in exchange for an appointment as governor of a province. The governor offers to make him a general. They compromise on his appointment as brigade commander with a station rich and ripe for the plucking. When negotiations have been satisfactorily consummated, the government troops are brought up. They launch an attack upon the bandits, fire into the air for a few minutes and then withdraw. Official proclamation is made; the bandits have been dispersed and order restored. And the former bandit chieftain finds that "squeeze" is far more profitable than robbery—and much less hazardous.

Such is the history of not a few of the outstanding notables in contemporary Chinese public life.

His Allment Diagnosed.

"Water!" yelled the fervent orator. "Aqua, aqua!" he shouted, lapsing into Latin; his mother tongue. "Aqua pura! The greatest gift of Nature to thirsty man! What would the ocean be without water? Answer me that? What?"

That question had never struck his audience before. They pondered in silence.

"Water!" cried the orator again. "What would Niagara falls be without water?"

Another stupendous question. His audience stirred restlessly; his arguments were too much for them.

"Of what use," screamed the speaker, "would our bathtubs be without clean, beautiful water?"

As one man the audience turned and left the hall, perhaps to consider outside the orator's brainy conundrums. But one ignorant fellow said to another:

"That man has water on the brain!" —Houston Post.

The Shapes of Eggs.

An expert recently entertained the Zoological society of London with a mathematical discussion of the differences in the shape of eggs. A few eggs, like those of the owl and the tortoise, are spherical or nearly so; a few, like the grebe's or the cormorant's are elliptical, with symmetrical ends; the great majority, like the hen's, are ovoid, or blunter at one end than at the other.

The hen's eggs are always laid blunt end foremost. Eggs which are the most unsymmetrical are also eggs of large size relatively to the parent birds. The yolks of eggs are spherical, whatever the form of the entire egg may be. This is shown to be due to their being enclosed in a fluid, the "white," which makes the pressure everywhere on the surface of the yolk practically constant.

Safety First.

Variet—I prithee haste, sir knight, to the rescue of a lady imprisoned in yonder town by a wicked ogre.

Knight—Oh, bother! This is my day off. Why don't you go and save her yourself?

Variet—She is my wife, sir knight, and she refuses to allow me to engage in so perilous an enterprise.—Punch.

Something to Think About

By F. A. WALKER

SOME INFLUENCES

IN THESE days of doing big things, which cannot be done properly without putting into them the hardest kind of work, accompanied with undeviating concentration of thought, there is a disposition among certain classes of employees to allow disturbing influences to belittle their efficiency.

Trifling as these retarding breaks may seem to the young man or woman who is inclined to entertain them, if not overcome, they soon become formidable barriers in blocking the way to progress.

The thoughts of last night's rollicking play or gay dances, as they come trooping before you in the morning when you take your place at your desk, may unfit you for the day's work.

Under their influence your mind wanders, eludes control and places you at a positive disadvantage with the man or woman who is able to think clearly and make every stroke count.

Columns of figures refuse to prove themselves; words are misspelled; hands tremble and nerves tingle. In your dismay you wonder what has come over your usual placidity.

At the next desk is a worker twice as much in earnest and not one-quarter so hurried. This timidity of yours is proof of the presence of disturbing influences, which are digging pitfalls about your feet and leading you blindfolded to the brink.

The very flexibility and ease with which this is done, fall to arouse your suspicion until in some way or another you sense that you are standing on a precarious base, in imminent danger of toppling over.

And thousands of others like you, through disturbing influences, are standing hapless at the brink, disconcerted and miserable.

Yesterday you and they were certain of the future.

Today everything is in doubt, simply because of the lack of sufficient will-power to drive frivolous thoughts from the mind and to step down on the solid ground of common sense.

And these same disturbing influences have been fooling with mankind since the foundation of the world!

FAMILY DESSERTS

TAPIOCA is a dessert that may be used in many combinations and is always a wholesome dessert for children.

Peach Tapioca.

Drain a can of peaches from the liquor or juice, using a pint of the fruit if home canned; sprinkle the peaches with one-third of a cupful of powdered sugar and let stand an hour; soak one cupful of tapioca one hour in cold water to cover, add enough of the peach-syrup to make three cupfuls, heat to the boiling point; add tapioca drained from the cold water, two-thirds of a cupful of sugar and one-half of a teaspoonful of salt; cook over hot water, until the tapioca is clear. Line a pudding dish with the quartered peaches, turn in the tapioca and bake slowly in a moderate oven for 35 minutes. Serve hot or cold with cream.

Cracker Custard Pudding.

Soak three-fourths of a cupful of cracker crumbs in one quart of scalded milk; cool, add one-third of a cupful of sugar, one-fourth of a cupful of butter, two eggs slightly beaten, one-half teaspoonful of vanilla and the same of lemon, with salt to taste. Bake slowly one hour in a moderate oven, spread with a meringue, return to the oven and brown delicately; serve with vanilla sauce.

Coffee Jelly With Cream.

Soak two tablespoonfuls of gelatin in one-half cupful of cold water one-half hour, dissolve in one cupful of boiling water, strain and add two cupfuls of clear coffee, one-third of a cupful of sugar and stir until the sugar is dissolved. Turn into a ring mould, chill, unmould on a serving dish, fill the center with sweetened whipped cream, flavored with vanilla.

THE CHEERFUL CHERUB

These war-like notions make me sick; They're egotistical. I guess What makes them think they have a right to get our world in such a mess?
