BILLY DIXON'S MEDAL OF HONOR TO HISTORIC SOC.

PANHANDLE-PLAINS HISTORICAL SOCIETY OFFICERS MEET.

Mrs. Olive Dixon Makes Valuable Contribution—Panhandle History Is Being Planned.

A meeting was held Friday afternoon of the officers of the Panhandle-Plains Historical Society for the purpose of getting work lined up for the coming year.

Tom Turner of Amarillo, president of the Society, and Mrs. Dixon, of Miami, second vice president, and Judge L. Gough of Hereford, were the out-of-town members present.

Judge Turner stated that it was his plan to call monthly meeting in order that the work during the coming year might go forward and accomplish something worth while. He urged that the members seek out historical data and relics of the early day in order that these might be brought in to the Society's museum. Judge Turner organized the Old Settlers several years ago, and stated that it had always been his dream to see the relics of the Panhandle brought together in a fire-proof building.

Mrs. Olive Dixon of Miami was called upon, and stated that she had always been extremely interested in the Panhandle-Plains Historical Society. She has been one of the very largest contributors to the museum, and Friday brought with her the most treasured relics that her husband, Billy Dixon, had left—his Medal of Honor, and his report of the Indian Fights, and the report of General Miles upon the Adobe Wall Fight.

Mrs. Dixon stated that she was bringing these treasures because she was so highly pleased with the way the things she had contributed in the past had been taken care of, and the great future she believed the Historical Society had.

Mrs. Dixon told of a number of the early settlers of this country who had valuable collections and how she had written a number of them asking them to loan these collections to the Society.

Mrs. Dixon reported on the progress that is being made by Pampa, Panhandle, Canadian, Spearman and other north Plains towns to make a camping ground at the site of the Adobe Wall fight. She stated that the graves of the five men killed in this fight had been located and marked. It had been requested that the body of her husband, which lies at Texline, be transferred to the side of his comrades and his would probably be done.

Newt Willis of Canadian has been working on a plan for a history for the entire Panhandle country, and Mrs. Dixon has been asked to collect this material, since she wrote the history of her husband's life, and is so well acquainted not only with most of the early settlers, but also so familiar with all of the early history.

All who were called upon by Judge Turner to express his opinion was very highly in favor of this history, and highly endorsed the interest shown by Mr. Willis, and agreed that Mrs. Dixon was the proper person to have charge of the work. The need of immediate action was emphasized, since there are few of the old timers left, and they are rapidly passing out.

Judge Gough of Hereford recalled many incidents of the early life, and stated that the old hands of the T. Anchor ranch were going to get together in Hereford on August 24. Ed Baird, W. C. Baird, J. C. Jenkins and C. L. Gordon-Cummings are among the old time cow-punchers who will attend the reunion from Canyon.

President J. A. Hill stated that he could see the culmination of a dream he had when he came to Canyon in 1910. He has wanted to see a history of this section written, and is anxious to see brought together in a museum relics of the early day. He stated that a room would be set apart in the next building the Normal get for this museum.

An organized effort will be made to keep before the people of this section the need of a complete history, and the gathering of the historical relics. Mrs. Dixon plans to start to work soon interviewing various of the old time settlers of this country with a view of gathering material for the history which all hoped would be published, and to which each one pledged his most hearty cooperation.

Farmers Invite All to Picnic to be Held Sat. on Bates Place

Invitation is extended to all citizens of Randall and surrounding counties by the Randall County Farm Bureau to attend the first annual picnic of that organization which will be held Saturday of this week at the Bates place west of the city.

All are invited to bring a basket dinner which will be served in picnic style at noon. There will be speaking and a ball game in the afternoon. Indications are that the attendance Saturday will be very large.

Teacher Elected; Plan New Building; Regarding Tuition

At the meeting of the Board of Trustees of the Canyon Independent School district last night, Mrs. Ray Campbell was elected teacher of the ward school in District 18. This election completes the faculty of the school for the coming year.

In order to care for the congestion in the lower grades, a new building 28x30 will be constructed on the school grounds in which will be housed the primary grade for the coming year. A good house will be built which may be converted into a home when the school has no further needs for it. Bids will be received for the building by J. A. Guthrie.

The question of accepting children below the scholastic age was settled as follows: No child under six years of age will be accepted. Children not seven years old by Sept. 1st will not be accepted unless there is sufficient room; and then only upon payment of tuition for the entire year. Non-scholastic children may be excluded from the school at any time in case the congestion reaches such a stage that a proper management of the school cannot be developed with them.

Canyon Guardsmen Are on Duty in the Town of Denison

Company F from Canyon had no more arrived in Camp Mabry at Austin than it was ordered to Denison where the men are on duty guarding the railroad property.

Two battalions are serving at Denison, and while no trouble is anticipated, the men are ready for action if necessary.

NO DEMOCRATIC CONVENTION

No one showed up Saturday at the time for holding the democratic convention, and in view of the fact that the executive committee was not through canvassing the returns of the first primary, no attempt was made to hold a convention.

REPUBLICANS IN CONVENTION

The republicans of Randall county met Saturday in convention, and named S. A. Shotwell as delegate to the state convention.

Work on Curbing on the Square is Going Along Very Rapidly

The paving program is moving along very rapidly around the square.

The contractor has started work on the south and west sides. The outside curbing is nearly completed along these sides.

No brick is on the grounds as yet, but is expected by the time brick may be used.

YOUNG WOMEN TO CAMP.

A ten days' encampment of the Young Woman's Missionary Auxiliary of the Northwest Texas Methodist Conference will start at the Upchurch place east of the Six Mile Crossing next Tuesday, August 8th, and will continue until August 18th.

There will be delegates from nearly every church of the conference and a great missionary program given.

LUNCHEON NEXT TUESDAY

The semi-monthly luncheon of the Commercial League will be held next Tuesday at the Ideal Cafe. C. F. Walker will be the leader.

JUDGING TEAM GETS FIFTH PLACE AMONG 35 TEAMS

ALL THREE CANYON BOYS GET A CHANCE AT CHICAGO TRIP.

Team Won Fifth Place in State—Park Lewis Won 10th Place Among 119 Boys in State.

C. F. Walker returned home Sunday from College Station, but the three members of his judging team are staying over to compete for the trip to Chicago, the examination to be held on Saturday of this week.

The boys in Mr. Walker's team are Park Lewis, J. D. Amend and Jas. Oden. In the state competition, the team won fifth place, there being 35 teams from over the state.

In the district contest, composed of 38 counties, the team won first place. In the state grain judging contest, the team won first.

The top twenty-five boys of the 119 in the course were kept at College Station to compete for the trip to Chicago. All three Canyon boys were eligible to remain. Mr. Walker believes the boys have a very fine chance to win one or more places on the team.

Park Lewis was 10th of the 119 boys. There were 2100 points in the contest and only 42 points difference between the high man and the 25th man.

The team had to judge sheep, and before going down to the College had never had an opportunity to do this kind of judging. The winning teams had been at the College for from three weeks to three months preparing for this contest.

Park Lewis won over two of the boys who won the state judging contest last year and won the trip to Altanta.

ACCEPT NEW BRIDGE.

There was a special session of the Commissioners Court Monday for the purpose of inspecting the new bridge on the highway north of town.

The court accepted the bridge from the contractor.

The approaches to the bridge will be started during the week.

REV. J. H. HICKS TO GO TO WORK IN S. M. U. AT DALLAS

BECOMES HEAD OF OLD TESTAMENT DEPARTMENT.

Came to Canyon as Pastor of Methodist Church Last Fall—Successor Here Not Yet Known.

Rev. J. H. Hicks has accepted the head of the Old Testament Department of Southern Methodist University in Dallas, and will take up his work in the university this fall.

Presiding Elder Hardy is expected in Canyon next week to investigate the needs of the local church regarding a successor for Rev. Hicks. If Rev. Hardy is able to locate at this time a man qualified for the local church, Rev. Hicks will leave for his new work about the first of next month. However, if a successor is not found, Mr. Hicks will remain in Canyon until conference.

Rev. Hicks came to Canyon as pastor of the Methodist church last fall. He is recognized as one of the leading scholars of the Southern Methodist church, and when a man for head of this department was needed, Mr. Hicks was far superior in qualifications to any man in his church. He took his A. B. degree from Southwestern, B. D. from Vanderbilt, was two years Fellow in Chicago University, and lacks one quarter of having his Ph. D. degree from Chicago University.

In scholarship, Rev. Hicks is one of the strongest men in his church, and has few superiors as a pulpit orator. He was especially well adapted for the work of the local church with the large number of students to serve, and gives up the pastorate here very reluctantly.

The local church, as well as people generally of Canyon, regret very much to see Rev. Hicks leave, but feel highly complimented to have been served during the past year by one of the outstanding scholars of the Southern Methodist Church.

Additional Credits Are Given Upon the High School Work

Supt. A. D. Payne has received a report from the state education department, granting 3 1-2 additional credits upon the work being given by the Canyon high school. The school now has a credit of 12 1-2 credits.

It will be remembered that the school work maintained only as a junior high school for a few years, and credit was lost on the work. The credits now allowed the school are the result of the past two year's work. Most of the best high schools of this section have at least 15 units of credit, and Supt. Payne hopes to increase the standing to this number, at least, during the coming year.

The following credits were granted: English 1 (with a total now of 3) Economics 1-2 American History 1-2 (with a total now of 1)

Plane Geometry 1 Latin 1 (with a total now of 3)

He-Flapper Draws a Fine of \$25 in the Mayor's Court Tuesday

The first case of arrest under the anti-flirting ordinance occurred Saturday night when a young he-flapper was haled into the mayor's court and enriched the city's treasury by the sum of \$25. Mayor Gamble states that he is very sorry that the law does not allow a larger fine to be imposed.

The young women of this city have been continually molested during the summer by a gang of jelly beans who make regular trips to Canyon from surrounding towns for the purpose of trying to get a date. If the girls will only give the city officials a little cooperation and report all cases, this class of undesirable citizens will soon make themselves scarce around Canyon.

The law is exceedingly strict on this subject. The merest effort on the part of the man to attract the attention of a woman with whom he is not intimately acquainted is grounds for arrest and fine.

BISHOP TEMPLE TO PREACH.

The Rt. Rev. Edward A. Temple, Missionary Bishop of the Missionary District of North Texas, will visit All Saints Protestant Episcopal Church Sunday, August the sixth at 8:30 P. M. for a confirmation service. The Bishop will also preach at this service, and every one is invited to partake of this opportunity of hearing this well known preacher and Bishop. The Bishop will be assisted in this service by the Rev. Milton J. Swift, rector in charge.

Wayside Items

The revival services conducted by
Rev. Fred Wilson is still in progress.
He is doing some good preaching and
is having good results. The object
lessons he gives to the children each
night is very instructive to young and
old as well. The attendance is good.

Mr. and Mrs. Wm. Payne and son,
Doyle, of Hartley and Miss Flossie
Payne of Goodnight visited at the pa-
rental Sluder home Sunday night, re-
turning home Monday afternoon.
Mrs. W. R. Franklin and children,
Roy and Fannie May, are visiting her
sister Mrs. Wm. Payne at Hartley for
a few days.

Roy S. Franklin celebrated his 10th
birthday Sunday. There were twenty
children present for dinner, then in
the afternoon they played games, made
candy and had a candy pulling. All
seemed to enjoy the day.

Mr. and Mrs. Lowe McGehee left
last Thursday morning for Lelia Lake
where Lowe has a position on the
Word ranch. M. C. Sluder moved them
in his truck.

Mrs. Capehart of Sudan is visiting
her daughter, Mrs. Homer Holland.
Several from Wayside attended the

TO THE VOTERS OF RANDALL CO.

I wish to express my very hearty
appreciation for the large vote I re-
ceived in the primary July 22. I am
in the second primary and wish to
assure the voters that I shall greatly
appreciate your vote when you go to
the polls on August 26 to make your
final decision as to whom shall serve
you as County Judge for the coming
two years. Judge Phil Jackson was
honored with a large vote on the first
primary, and I trust that those who
voted for him will consider favorably
my candidacy in the second primary.

I understand that the report has
been widely circulated that I am a
member of the Ku Klux Klan. This
report is untrue.

I shall attempt to see all the voters
before August 26th, but should it be
impossible for me to call upon each
personally, I assure you that I shall
very greatly appreciate your support
and vote, and if elected shall devote
my entire time to serving you as
County Judge.

CHRISTIAN ENDEAVOR TO HOLD CONVENTION

The Panhandle Christian Endeavor Convention which meets in Amarillo August the 25, 26 and 27, will be entertained by the Christian Endeavor Societies of the First Christian and Central Presbyterian Churches. This Convention includes thirty-seven counties of the Panhandle as well as Clayton, New Mexico.

All members and friends of Christian Endeavor Societies are eligible to attend as delegates upon payment of the registration fee of fifty cents. E. D. Miller, the Convention Chairman, predicts a 100 per cent registration and attendance for a number of societies. Both registration and mileage banners are being offered by the Amarillo Societies to the Society sending the first 100 per cent registration as well as for the greatest total number of miles traveled by the entire number of delegates from any one society.

The program will include such speakers as Rev. Paul Merrill of Pampa, Rev. Garland Shell of Childress, Dr. R. Thompson and Rev. Emmett Moore of Amarillo, and Jack Huppertz, State Secretary of Dallas. All persons desiring information about the Convention should address Mr. Miller at the Central Presbyterian Church in Amarillo.

PLAINVIEW MAN HURT

Albert G. Hinn, owner and operator of the Harvest Queen Mills at Plainview was seriously injured Monday when a car ran over him. Mr. Hinn was leaving the express office at the Santa Fe station, when the automobile which was parked at the station platform, backed out suddenly and struck him. His head was caught beneath the rear axle and he was dragged several feet. The right half of his scalp was scraped off and his ear was left hanging by a thread of flesh. Internal injuries are feared. The victim did not lose consciousness.

TULLIA MAN KILLED

Jim Brown, John Brown and Hugh Brown, brothers-in-law of J. H. Cox, who was shot five times and killed at Tullia last Monday within two blocks of the county jail, are held today charged with the killing. Bond has not been given. A fourth man is said to be implicated, but is out on bond. It is understood Cox quarrelled with the Browns over a garage bill earlier in the day.

Of the 36,691 convictions for crimes committed in New York State during 1921, the state troopers brought about 11,830.

Goodbye Boils!

Are you "up to the neck" in blood impurities? S. S. S. is one of the greatest blood-purifiers known. Try it.

S. S. S. Will Rid You of Boils, Pimples, Blackheads and Skin Eruptions.

A boil is a volcano,—your blood is so chock full of poisons that these "boil" out into a boil. They'll keep "boiling up" until you destroy them completely by the use of S. S. S., one of the most powerful blood-cleaners known to science. S. S. S. has stood the test of time. The power of its ingredients is acknowledged by authorities. Its medicinal ingredients are guaranteed to be purely vegetable. Right off, it clears the skin of pimples, boils, blotches, blackheads, acne, eczema, rash and other skin eruptions, and does it thoroughly. It drives out of the blood impurities which cause rheumatism, makes the blood rich and pure builds up lost flesh. It helps to manufacture new blood cells,—that's one of its secrets. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

tributes his success to the fact that he always made the other fellow put his opposition down in *Black and White*.

That's what the merchants of this town are doing for you. Their advertisements speak for themselves in *black and white*. And what they put down in *black and white* they stand up for.

They want your business. Their advertisements are an invitation to do business with them.

That's why they advertise, and the wise housekeeper never does shopping nowadays until she has read the advertisements and posted herself on prices.

Is there an easier or better way of saving money? Only requires a few minutes of your time to scan the advertisements.

The Boy Scout's motto is "Be Prepared." That's what every housewife should be when she goes out to market.

Read the advertisements and you will not alone save many dollars the cost of the subscription to this paper, but you will save many dollars to add to your bank account.

Reading advertisements in this paper is profitable reading. Try it for a month and check up the pennies you will save.

That's another Rockefeller maxim: "Save your pennies and your dollars will take care of themselves."

There are hundreds of pennies to be saved by reading the advertisements in this paper every issue.

Arrest Made to Slay Woman In Home at Tulia

It appears at this time to be one of the most mysterious accidents ever in this section of the state. Late Tuesday afternoon at the residence of T. A. Ross, a resident in the northern portion of the city, when an arrest was made by an unknown person who took the life of his slayer, George Stratton.

Stratton, according to her own statement, was working in the kitchen at the time of the accident, and in the exception of her small child, she was alone. For some reason she left her room for a moment and upon returning she saw the intruder, a man dressed in white, just as he made his exit.

She only saw his back and did not get in position to identify him. A few seconds afterward a terrible explosion occurred. Mrs. Stratton said the man placed a jar of oil in the cook stove—moving the pan she was using to cook in the second all was blank. When she looked what had happened she saw her baby and then to the street she went to leave the danger and assistance. The fire department was called out and very little resulted before it arrived.

Stratton had one of her hands mangled, and received burns on the lower limbs, which, while painful, are not considered by attending physicians as serious. The baby sustained only slight injuries.

EXECUTIVE COMMITTEE MET

The following is a report of the Democratic County Executive Committee which met Monday:

"We, the County Democratic Executive of Randall County, Texas, having this day canvassed the returns of the Democratic Primary Election held in said county on the 22 day of July, 1922, hereby declare the following results:

We find that the following County and Precinct candidates have received a majority of all votes cast in said primary for the offices set opposite their names, and we declare them the nominees of said convention and entitled to have their names placed on the official ballot for the General Election.

- W. C. Black, for Sheriff.
- Wade Willis, for County Attorney.
- Myra Smith, for County Treasurer.
- W. C. Baird, for County Commissioner, Precinct No. One.
- A. M. Smith, for Justice of the Peace, Precinct No. One.
- J. H. Jowell, Constable, Precinct No. One.
- A. N. Henson, Chairman of the County Democratic Executive Committee.
- Parker D. Hanna for County Commissioner Precinct No. Two.
- J. J. Bauer for County Commissioner Precinct No. Three.
- Isham Hollabaugh, Justice of the Peace, Precinct No. Three.
- Clifton Bellas, Constable, Precinct No. Three.
- J. W. Turner, Justice of the Peace, Precinct No. Five.

"It further appearing to us that certain State, County and Precinct officers have not received a majority of all votes cast in the state and county primary, a second primary election is hereby ordered to be held on the 29th day of August, 1922, for the purpose of selecting one of the two persons who received the greatest number of votes in said recent primary election, and order the following names to be placed on the official ballot for said second primary election, viz:

- (The names of state officers are left off until the official canvas for state officers is announced).
 - County Judge—Rector Lester, Worth A. Jennings.
 - County and District Clerk—Mrs. Frank Woods, O. W. Gaffo.
 - Assessor—Tom Redell, D. Mack Stewart.
 - County Commissioner, Precinct No. 4—Andy Costley, W. E. Bennett.
- The presiding officers who held the primary election on July 22nd, are authorized by the County Chairman to hold the second primary on August 29th.

Mother-To-Be, Read This—

Here is a wonderful message to all expectant mothers. From this moment on, cast from your mind all dread and fear, and feel every day as the months roll by that great freedom from much of the suffering which thousands of expectant mothers undergo, unnecessarily. And when the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined.

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

"Mother's Friend" is applied externally to the abdomen, back and hips. It aids the muscles and tissues to expand easily. It penetrates quickly. It contains no narcotics or harmful drugs. It is safe. There is no substitute. Avoid useless greases sometimes recommended by the unknown. "Mother's Friend" is sold by druggists everywhere.

NOTE: Write for valuable free illustrated book, "Motherhood and the Baby," containing important information regarding every important factor that concerns mother and child, and all about "Mother's Friend." Write to: H. W. Townsend, 84-10 46th St., N. Y. C.

McCORMICK-DEERING LINE

MANY STARS TO ATTEND FOOTBALL TRAINING CAMP WHICH OPENS ON SEPT. 15, COACH BURTON ANNOUNCES

As announced by Coach S. D. Burton and D. A. Shirley, chairman of the Athletic Committee, the fall training camp for football will open on the College campus on September 15 and continue until the beginning of school on September 25. This camp will enable the West Texas State Normal College to have a team in good condition by the opening of the football season on September 30.

Coach Burton has announced that from sixty to seventy-five men will take advantage of this training. In fact, fifty-six have already expressed their intention to attend the camp. Board and room will be furnished by the College until school opens. In way of equipment, the College furnishes pants and jerseys and shoulder pads and helmets as far as they go. Coach Burton asks all who have shoulder pads and helmets to bring them along as they might be needed when they back up against such teams as the University of New Mexico. Shoes may be purchased at the Buffalo Confectionery, just off the campus, at cost.

The Coach will be assisted by Assistant-Coach W. E. Lockhart and Captain Grady Burson.

Letter Men Coming Back

Fourteen of last year's letter men will report for duty on September 15. They are Grady Burson, Captain, Dan Sanders, Ex-Captain, Whitacre, Byrd, Johnson, R. Golden, Mitchell, Henry, Scott, Bivins, Lemond, Gordon, Terry and Lancaster. The following 1921 second team men will also be "Johnnie on the spot": Benson, Rayzor, E. Hazelwood, Stewart, Atkins, H. Golden, Tyler, D. Hill, Moss, Reed, Shotwell, Kemp, and Catterton.

Nay (Hale and Lewis Hill, letter men in basketball and baseball, expect to try for a place on the team. Bernice Graves, letter man in baseball, and Enoch Dawson, a present student of the College and a former member of the noted Abilene High School team, will be back.

Many New Men Coming

The new men who expect to be here are:

Weldon and Raymond Thompson, who starred for the Vega "Outlaws" last year.

Le Roy Reed of Hale Center, a brother of Obie Reed, is a half-back and weighs about 185 pounds.

Quint Taylor of Amarillo played quarterback for the Three Rivers Training School, preparatory school to Centre College.

"Moose" Hudson, halfback, and John Oakes, quarterback, both of whom are from Amarillo High School, will be here.

Jim Roberson, halfback, Hereford, weighs 185 pounds and played with the 90th Division in France during the World War.

Parnell, line-man, of Mountain View, Oklahoma, weighs 225 pounds.

Evetts Haley, quarterback, played on Midland College team for two years.

McElyea, quarterback, of Erick, Oklahoma, is also a track man, having run the mile and half-mile at the National High School Meet in Chicago last spring.

Norman Cook, line-man, is of high school fame and lives in Erick, Oklahoma.

Gentry, a 180 pound tackle, played on the Abilene High School team, a contestant for the State Championship.

Gideon Tyler of Clyde is a brother of Gilbert Tyler.

Virgil Sauty was captain and line-man at Hamilton High School for three years. He is now attending the Summer School of the College.

Aldridge, who is a 175 pound tackle, was a member of the Seminole High School team, the undefeated team of Oklahoma. Aldridge is in school this summer.

Ray Bivins, Delbert Bivins' brother, was captain and quarter on the Tulsa team.

Bill Coffee was quarterback of the Childress High School team, champions of two districts.

From Wayland College comes Otto Johnson, line-man, Vern Wisdom, half-back, and Glover, fullback.

Everett Adams from Pampa is a line-man and weighs over 200 pounds.

And, last but not least, comes the quartet of big huskies from the Canyon High eleven: Leslie Key, half-back, Robert McGee, fullback, Sidney Todd, guard, and Doyle Gregory, quarterback.

Others Expected.

Invitations have been issued to many other prospective students who have not been heard from. All of the above mentioned persons are real men and are old hands at the game. From all appearances let-se men will meet a great deal of competition in fluid places on the team. The West Texas

State Normal College has the hardest football schedule for next year that it has ever attempted, and every student, ex-student, and friend of the institution should give the team and its members the best support possible.

FALL FOOTBALL SCHEDULE

September 30, Wayland College at Canyon.

A footpad arrested in Buenos Aires must travel over a "Via Dolorosa" of 46 stations. This is done to give the police of all sections an opportunity of making the man's acquaintance. The prisoner is photographed, finger-printed and a careful biographical sketch made in addition to being placed "on view" at each station 12 hours.

A piano tuner at Wabash, Indiana, tuned a piano at South Bend, Indiana, 65 miles away, by telephone. The customer was told by the tuner how to change the tension as each note was sounded into the telephone.

A humane bullfight without bloodshed was recently witnessed in Los Angeles. Instead of sharp pointed blades, blunt prods with a glue-coated base were used by the picadors. The adhesive base held the lances against the hide, giving the appearance of reality without hurting the animals in the least.

Dr. Mussleman Delivers Series of Interesting Lectures

On Wednesday and Thursday at the chapel periods, Dr. H. T. Mussleman, who is editor of the Texas School Journal, lectured to the student body. Dr. Mussleman has just returned from California where he was sent by Gov. Neff to study school conditions in that state with a view to improving our own.

Must Sell Big School Idea

On Wednesday Dr. Mussleman stated that his lecture was to be strictly a business talk. He asserted that the biggest task now before the teachers of Texas is to sell to the public "the big school idea." He showed that it had been done in California and as a result there is now \$60 behind every child in California, in the elementary grades, and \$90 behind those in the high school, while in Texas there is only \$23 to \$24 behind each child regardless of his place in school.

He said that teachers should control educational work because they set the standards, and added that if the teaching profession were ever put on the map it would be put there by the teachers themselves.

Lack of Efficient Organization

Dr. Mussleman stated that we could expect few results in better education until there was a better organization of teachers. The teacher organization must have dynamic leaders to go before the legislature and present their claim. Then, there would be no refund of their claims.

In order to sell the "Big School Idea" it is necessary to use the modern selling methods, the most effective of which is publicity. The newspapers and the movies were mentioned since they are the channels of information for the public.

Sources of Support for Schools

The speaker stated five ways by which more money for the support of schools could be raised and yet not increase the ad valorem tax. The ways mentioned were:

- 1. A tax on natural resources. 2. A tax on bank earnings. 3. An income tax for schools. 4. An inheritance tax for schools. 5. A tax on all old maids and old bachelors.

An Adequate Policy for Public Education

On Thursday, Dr. Mussleman answered the question, What are the elements of an adequate policy for public education in Texas? The first element given was a nine months term of school for every child in the State with \$50 behind every child. Dr. Mussleman declared that nothing less than this was adequate and expressed the wish to see that provision written in the Texas laws.

The next element is an adequate and competent teaching force. Statistics show that of the 30,000 teachers in Texas, 32 per cent of them hold Second Grade Certificates. So long as such a state of affairs exists, no one can say that the teaching force of Texas is adequate.

The next element to be considered is the efficient organization and administration of schools. Dr. Mussleman stated that he was willing to let this question rest for a while, but that he was decidedly in favor of such a system that strong and weak districts could stand together so that opportunities could be equalized. He said, too, that he believed the teacher training institutions should be taken care of first since the investment in them is returned to the State in the service that teachers render.

Other Schools

He said that he was heartily in favor of the A. and M. system of schools, since Texas is preeminently an agricultural state and the welfare of the state depends upon a correct understanding of scientific principles of agriculture. He was loud in his praise for the work of C. I. A. in giving practical education that functions in the every day life of women.

The last element mentioned was the State University. This, he said, was needed in order to give leaders higher and more specialized training than is possible in colleges.

We are glad to have had Dr. Mussleman with us, and appreciate keenly the work he is doing in behalf of the educational welfare of the State. He is doing this work with no remuneration because he believes in it with his whole soul and because he wishes every child in the State of Texas to have a chance for an education. —Addie Coffman.

A scientist of the Smithsonian Institution has perfected a cooker to use the heat of the sun as fuel. The apparatus consists of a parabolic cylindrical mirror with polished aluminum surface which focuses the rays of the sun on a tube filled with mineral oil which in turn communicates with an iron reservoir in which are two baking ovens. The heated oil circulating produces a very high temperature in the ovens and it is possible to cook meat, vegetables, bread and other food stuffs.
