TAX RATE OF ONE DOLLAR IS SET BY COUNTY

VALUATIONS CUT ONE THIRD FOR THIS YEAR BY COURT

Taxes Will Amount to About the Same in Money—School Rates Are Named

At the meeting of the Commissioners Court yesterday the tax rate for Randall County was set for the coming year at \$1.00 on the \$100 valuation. The rate was 76 cents for last year. However, the court ordered a reduction of valuations one-third under last year which will make the amount of money collected this year about the same as that collected last year.

The following is the distribution of the tax levy:

County ad valorem 24 cents on the \$100 valuations.

Court House and Jail 6 cents.

Road and Bridge 15 cents.

July 10 cents.

Special Road and Bridge 15 cents.

Sinking Fund 20 cents.

Special Road and Bridge Warrants 10 cents.

The occupation tax will be one-half that collected by the state.

A poll tax of 25 cents will be collected.

The following levy was made for the various school districts:

Districts 3 and 6, 20 cents.

Districts 11 and 17, 35 cents.

District 5, 30 cents.

Districts 1, 4, 8, 9, 10, 12, 13, 14, 16, 20, 21, 50 cents.

District 19, 40 cents for local and 10 cents for sinking.

District 22, 35 cents for local and 15 cents for sinking.

B. Y. BROWN VISITING HERE.

B. Y. Brown is in the city and spoke this morning at the Normal. He graduated from the Normal in 1915, going to the University of Texas where he took his A. B. and M. A. degrees. It was here that he made a very notable chemical discovery during the war, and was given a Fellowship in Yale, where he took the Ph. D. degree this year.

BAUCOM VISITING HERE.

I. C. Baucum and sons are here from Nashville visiting at the home of Mrs. L. Angel.

Mr. Baucum is a graduate of the Normal and received his Masters Degree from Peabody this summer.

He will have charge of a County High School in Western Kentucky the coming year.

PAVING MATERIAL NOT COMING

Work on the paving has been at a practical standstill this week on account of the railroad situation.

There is a lot of material in transit, but the contractors have had to lay off most of the men on account of nothing to work with.

The inside curbing has been completed, with the exception of a small place on the east side of the square. No more work can be done on the outside curbing on the east and north sides until sand and gravel is received.

WEDDING ANNOUNCED.

Announcements have been sent out by Mr. and Mrs. John T. Wiley of the marriage of their daughter, Melba, to Mr. Keith Angus Catto on Wednesday August 30th, at the Methodist church.

OPEN PRODUCE BUSINESS.

A son was born to Mr. and Mrs. A. Johnson August 10.

MARRIAGE LICENSE ISSUED.

R. C. Welch and Mrs. Georgia M. Horton, August 12.

G. G. Foster and family have returned from Albuquerque where they visited at the home of their son, Paul. Mrs. Paul Foster has been very ill for some time and is not improving in health.

COUSINS HALL FILLED

President J. A. Hill states that all the rooms in Cousins Hall, the girls' dormitory at the West Texas State Normal College, have already been reserved for the fall term and the rooms in dormitories near the campus are rapidly being reserved. Everything points to a very large enrollment for the fall term. President Hill believes that there will be a very decided increase over the enrollment of the last regular session.

The catalogue for the next regular session are being completed by the News and will be ready to mail soon. The college expects to send out 6,000 catalogues to prospective students over the state.

The fall term will open Sept. 26.

Mrs. J. M. Vansant Died Tuesday at the Home of Daughter

Mrs. Susan J. Vansant died Tuesday morning at 4:10 a. m. at the home of her daughter, Mrs. Worth A. Jennings, aged 79 years, 9 months and 20 days of age.

Mrs. Vansant was born in Arkansas and lived there until after her marriage to J. M. Vansant. Her maiden name was Susan J. Foster. Mr. and Mrs. Vansant moved to Delta County, Texas, soon after their marriage, and lived there for many years, moving on to Randall county in 1892.

Mr. Vansant died on Dec. 30, 1918.

There are four children, Mrs. R. B. Redfearn of this city, Lee Vansant of McLean, Mrs. W. R. Redfearn of Clovis, and Mrs. W. A. Jennings of this city.

Mrs. Vansant joined the Christian church under the pastorate of Rev. Brumley, who served the local church many years ago, and was a consistent Christian woman all of her life.

The body was laid to rest Tuesday afternoon at 5:30 o'clock by the side of her husband in Dreamland cemetery, Rev. E. A. Osborne conducting the services.

Magee Will Judge Stock at Randall County Fair, Sept. 6-8

The County Fair has been one of the most important factors in calling our farmers' and ranchmen's attention to the value of good sires. It will be of greater importance in the future than in the past, if more people will avail themselves of the opportunity of contrasting the sires they have at home with the best that will be on exhibit during the show. The animals that will be exhibited are not better, just because they have been fitted, but on account of the fact that they, and their ancestors for several generations back, have been selected for a particular purpose.

The Fair Association has secured the services of W. T. Magee from the Extension Service of the A. & M. College to act as judge in the Livestock Division. The judging of the various kinds of livestock should be of great interest to all of our people who are interested in improving their animals, as Mr. Magee will explain, why certain animals are good enough to be placed at the top of the class and others poor enough to be placed at the bottom. The exhibitor will also have an opportunity to get other information than judging, as the judge will have some time to discuss such subjects, as feeding and management of livestock, with our people.

Fronabarger Elected Manager of Assembly For the Coming Year

The Third Annual Assembly of the Baptist church closed the most successful meeting in its history last Friday evening at the new assembly grounds southeast of the city.

Rev. B. F. Fronabarger was re-elected general manager for the coming year. He has 150 churches to visit during the coming year for the purpose of working up memberships in the club grounds.

LAXON'S BROTHER DROWNED

W. H. Laxon received a telephone message Monday that his brother had been drowned that day near his home at Ballenger. The body had not been located late Monday night.

FIVE MEN LANDED IN JAIL AND TWO STILLS CAPTURED

600 GALLONS OF MASH POURED OUT BY SHERIFF

Three Men Out on Bond and Two are in Jail at Amarillo After Raid Made Tuesday.

Sheriff W. C. Black, Deputy John Fry and Sheriff Burton Roach of Amarillo captured five men, two stills and 600 gallons of mash in a ravine in the Palo Duro canyon late Tuesday afternoon.

The men are J. M. and O. P. Herrington, Dude Evans, C. F. Findley and Fay Anderson. The two Herringtons and Findley were released yesterday upon a bond of \$500 each, but the other two men are in jail.

The place chosen by the men for their illicit business was almost inaccessible. It is a ravine in the canyon, nearly 300 feet deep. The material for the still and for the booze had to be let down by cable into the hole. The officers found all five men upon the scene. They were running two stills, and had 600 gallons of mash which was poured out by the officers.

This is one of the biggest home brew outfits that has ever been discovered in this section.

Guardsmen Find Camp Leeper Ideal Location at Denison

By SERGT J. L. McCARTY

On Sunday, July 20, one hundred and seventy-five enlisted men and ten officers began the construction of Camp Leeper, a strategic point one mile west of the city of Denison on the Crawford street road. Situated on a hill, which is covered with tall oak trees, the camp presents a clearcut picture of military efficiency and thoroughness. The fact that it is only a short distance from the Ray yards, adds to its value because it is in the Ray yards that the guardsmen are protecting life and property. Camp Leeper was first in command of Major Stephen D. Ridings and at the present time Captain Nat S. Perrin commands with Lieutenant Harry D. Davis acting as adjutant.

Camp Leeper is named in honor of Captain Dan C. Leeper, who lost his life in battle overseas on November 2, 1918. Captain Dan C. Leeper was the son of Mr. and Mrs. W. C. Leeper, a very prominent family of Denison. Captain Leeper was a Denison boy, having been born and reared here. He attended the University of Texas and while there was a member of the Phi Gamma Delta fraternity. He made an excellent record while in school. At the beginning of our participation in the war Leeper went to the Leon Springs training camp for officers. At the completion of his training there he was assigned to the 90th division, where he was captain of Company B, 359th Infantry. It was on the second day of the Meuse-Argonne offensive, November 2, near the village of Anceville, at the head of his advancing company that sharpshooters and machine gun bullets ended his heroic charge. Captain Leeper received the French croix de guerre for gallantry in action.

Leeper and Ellis, for whom the other camp in Denison is named, were jailed for years and both entered the service at the same time. They were buried in Denison last summer. At the request of Captain Leeper's parents he was buried quietly, not being given the military burial.

Guardsmen of Camp Leeper who have learned the history of their hero are as proud of the name given the camp, and of the man who bore it as they are of their own state.

Camp Leeper and the surrounding vicinity abound in picturesque scenery, which is especially interesting to the boys from the plains. Tall oaks afford plenty of shade throughout camp and an ideal place to hang the immense water bags containing always an adequate supply of ice water. The camp, located as it is on a hill, misses some of the intense heat that is experienced in the yards and other lower points. Bush's swimming pool is a favorite resort for the boys at Camp Leeper. It is five blocks northeast of camp and accommodates a crowd of soldiers at all times.

Camp Leeper at the present time is

MARY E. HUDSPETH HALL IS NAME OF STUDENTS' HOME

CO-OPERATIVE HOME PROJECT IS ADVANCING FAST.

Incorporation Will Be Made of Home—Campaign Outside of Normal Is Planned to Start.

The new students' Co-Operative Home has been named the Mary E. Hudspeth Hall in honor of Miss Hudspeth, dean of women of the West Texas State Normal College.

The name was selected by the following committee: L. G. Allen, dean of the college, Miss Annie I. Hibbets, president Randall County Ex-Students Association, Mrs. Tommie Montfort, representing the Ex-Students Association, W. E. Lockhart of the Commercial department, T. B. McCarter of the Mathematics department, Miss Edna Graham.

The committee decided that the Hall should be incorporated, and named the following to apply for the incorporation papers: President J. A. Hill, Miss Mattie Swayne, A. D. Payne, Miss Amy Daniel, Miss Mary E. Hudspeth.

The financial end of the project is progressing rapidly. The proceeds from The Womanless Wedding were \$339.49, which went into this fund. The financial campaign has been carried on through the student body for the past few weeks and it is now planned to start on the campaign on the outside during the coming week.

the home of Companies E. F. and H. and Headquarters Company of the 142nd Infantry.

Company E, composed of Hereford men, is located on the south side of camp, having the canteen on its extreme south. Captain Morris, Lieutenants Hartson and Hughes are in command of this company. Company F, with Captain Gamble, Lieutenants Jones and Kleinschmidt in charge, is located north of Company E. Company F is composed of Canyon men, and includes in its roll several college men. Company H, which is Captain Perrin's company is in charge of Lieutenant Blevins. It is located north of Company F, and houses the crack riot squad. Headquarters company, under command of Lieutenants Davis and Appling, is located on the north side of camp. However the bath house and the medical headquarters occupy part of a street north of headquarters. The medical corps is under supervision of Captain Lassiter of Brownwood. The mess hall, probably the most interesting tents in camp, are on the east. The rifle range is about three hundred yards south of camp and is ideal for the purpose it is used.

Camp Leeper is a beautiful site for a camp. It is healthful in every respect.

ROCKWELL ENTERTAINED.

J. M. Rockwell of Houston entertained the managers of his lumber yards of this section at the Amarillo Country Club Monday evening, to which Mr. and Mrs. C. R. Burrow and daughter, Dorothy, were invited.

It was a notable fact that this day marked the twenty-third anniversary of Mr. Burrow's connection with the Rockwell Bros. Co., and while he is now owner of the Canyon Lumber Co. of this city, he still feels himself a part of the organization with which he was for so long a time associated.

The occasion was a very enjoyable one indeed for the twenty-six guests.

SPOKE AT B. Y. P. U.

Mrs. Hattie Baker, formerly of Plainview, and Miss May Horn, a former teacher in our public schools, spoke Sunday evening at the B. Y. P. U. meeting regarding the work of the Baptist Mountain Schools.

Mrs. Baker is from the Mountain Schools of Tennessee, while Miss Horn is from the Mountain College of Arkansas. Both took advantage of the scholarship offered from the Missionary women of this district and took their training at the Seminary at Fort Worth.

Miss Horn is a sister of Mrs. A. B. Haynes of this city.

UPTON BOY GETS 99 YEARS.

Houston Upton of Floyd county, the 15 year old boy who killed his sweetheart and one of the two girls with whom she was sleeping, was tried in the district court at Clarendon last week, and was given 99 years in the penitentiary.

RAIN VISITS SECTIONS.

Two rains, Saturday and Sunday afternoons, covered a portion of Randall county, but did not reach every section, according to reports coming in. Southeast of town the rain was practically nothing. Between Canyon and Happy, the moisture was not very great.

FORMER CANYON GIRL MARRIED

Miss Maurine Abbott, formerly of this city, was married August 12 to Doc Caldwell of Amarillo. They will make their home in Amarillo where the groom is connected with the Continental Oil Supply Company of that city.

National Guardsmen Are All Ordered to Duty at Denison

Sergeant E. W. Reid received a message Saturday from Captain H. C. Gamble to round up all men of Company F who had not gone with the company to Denison and to report to Captain Morris who was coming to the Panhandle after men from several companies.

Sgt. Reid had seven men ready for duty Sunday morning: Logan Haney, Dick Holcomb, Julian Bowman, Clem Rusk, and three new recruits, Otis Whitley, Green and Ray.

Captain Morris is from Hereford, and states that the boys have ideal conditions in Denison. He states that all companies are ordered to be recruited to war strength. The privates are drawing \$35 per month, and an effort was being made to increase this to the pay of U. S. Marshals, since the men are doing this class of work.

Serjts. Reid, Potter and Harter were ordered to be ready to join the other members of Company F, but when Captain Morris arrived Sunday he allowed them to remain in Canyon on account of their work, but to be ready if called upon.

Normal Squad Called For September 15th When Camp Opens

S. D. Burton, head coach in the West Texas State Normal College recently issued the official call to 35 members of last year's football squad, to report September 15 to 16. Invitations were sent out to a number of high school graduates some weeks ago and it is expected that between 60 and 70 men will attend the training camp.

Coach Burton states that prospects are very bright for a winning season this fall. Twelve of the 1921 letter men will be back on the job fighting for a place on the squad. Only two positions will have to be filled by new men. The quarterback position will be the biggest problem as both of last year's quarters will not be back and the coach will have to fill this important position with new material.

Then Chas. Byrd, the big hard hitting guard from Snyder, who was considered one of the best line men in the Panhandle, will not be back this fall and a new man will have to take his place.

The twelve letter men who will be back this fall are: Captain Grady Burson, fullback; ex-captain Dan Sanders center; Roy Golden, Barto Johnson and Joe Lancaster, tackles; Clifford Henry and Odus Mitchell ends; Clyde Whitacre, guard; Foy Terry, Carl Scott, Delbert Bivins and Clyde Gordon, fullbacks.

Hicks Will Lead at the Commercial League Luncheon Tuesday

Rev. John R. Hicks will be the leader at the semi-monthly luncheon of the Randall County Commercial League next Tuesday at the Ideal Cafe.

The attendance has not been as large as it should be during the summer months, and those interested in the welfare of Canyon should make an effort to be at the luncheon next Tuesday.

DAY GUARDS ARE DROPPED.

An order was put into effect Monday in Canyon by the Santa Fe, discontinuing the day guards which have been on duty since the strike was started.

The night guards are continued for the present.

There has been no trouble in Canyon since the strike started.

CLUB BOYS WILL FEED CAR LOAD OF STEERS FOR SHOW

HEREFORD BREEDERS OFFER \$100 IN PREMIUMS.

Thirty Calves Wanted for the Club Boys by C. F. Walker for Ft. Worth Stock Show.

The Club Boys of Randall County are offered the biggest thing yet in the way of practical work with calves.

Thirty calves are wanted for the boys of the Club, under the direction of C. F. Walker, these calves to be fed during the winter, and shipped in a car to the Ft. Worth fat stock show next March.

The Hereford breeders of the Panhandle have offered \$100 to be given in premiums to the boys.

Only native raised feeds are to be used, this for the purpose of demonstrating to the stockmen the practicability of feeding in this section.

The following are the rules of the club:

1. **Members:** Any regular enrolled club member is eligible to feed a calf for this show.

2. **Enrollment:** Must be made to County Agents before September 1st, 1922.

3. **Calf Fed:** Each member will choose either a junior or senior calf.

Note:—(Senior calf dropped between September 1, 1921, and January 1, 1922). (Junior calf dropped between January 1, 1922, and September 1, 1922).

4. **Selection of Calf:** Nothing but steers sired by Martin heifers shall be allowed to enter this feeding contest. In every case the county agent should either select the calf or assist in the same. It is not necessary to feed pure bred calves, but good blooded animals only should be fed.

5. **Feeding Instructions:** Each contestant should keep a complete daily record of the feed consumed during the feeding period. All entries must have been placed on feed by September 1, 1922, and taken off nurse cow after eight months old. In every case the weight of the calf at the opening and close of the feeding period should be taken and recorded in daily record book.

6. **Reports:** All reports on progress shall be made to the county agent in counties where there are county agents.

8. **Prizes:** The same calf may compete for local, state or any other prizes that may be offered. (A definite prize list cannot be furnished for the Club Show until after the premium list has been compiled for the Fat Stock Show Catalogue.)

9. **Entries:** Club members are entitled to one entry, and in no case will there be more than five calves shown from any one county.

10. **Exhibits:** (a) Classes for: Best junior calf; best senior calf and champion calf will be shown. Only well finished calves will be allowed to show. These calves will be selected by a sifting committee and passed by the regular sifting committee of the show.

(b) The best five calves from each county will compete as a county group for the group of calves at the Club Show.

HESTER-HORN

Mr. Wyster Hester and Miss Nettie Horn, both of whom are graduates of the West Texas State Normal College, were united in marriage on Saturday, August 12, at four o'clock, at the home of Mr. and Mrs. T. M. Bruner in Amarillo. The couple spent last week at the Baptist Encampment grounds, and are now at home to friends at 909 Van Buren Street, Amarillo.

Mr. Hester received a diploma from the Normal College in 1920. He was very active in student affairs, and was a member of the debating team which debated against the North Texas Normal College. He is now working for a produce company in Amarillo.

Miss Horn is also a diploma graduate from the Normal College, having graduated in 1918. She is a sister of Boone Horn, who attended school here last winter.

Only the relatives and a few of the most intimate friends of the couple attended the wedding.

Every voter in the democratic primary in Texas pledges himself to support the nominee of the party. Is it not time that this absurdity was changed? We firmly believe that only democrats should vote only in the democratic primary, but after the primary is over, we maintain that it is not a democratic form of government which binds the voter to the choice of that primary. A republic no longer becomes a republic when it is dictated for whom the voter should cast his vote. The bi-party government only is useful in those states and nations which gives the voter a free range to cast his vote. Under the Perrell election law, the voter has no choice; he simply votes for his party nominee, no matter how unfit; nor how fit the candidate of the opposing party may be. The whole thing is wrong, and should be changed. It is a noteworthy fact that those states in which the balance of power is very narrow, and which may place in power either of the parties, enjoys the most efficient government. The party is more particular to nominate a man of high personal character and ability if it knows that he must face an opponent of unquestioned ability and integrity in the November election. The News does not hope to see the balance of power broken in Texas, but we certainly do protest against that portion of the pledge which makes to swear to support the nominee, no matter what kind of a character he is. We witnessed in Texas two years ago a general violation of this party pledge, and will likely see a still greater violation in the election this fall. There is no sense in wilfully making a voter lie; and this he will do if he votes for any other than democratic nominees in the general election, or he lies against his Americanism and every principle upon which this government is based. If he goes to the polls in November and votes for a nominee of his party whom he knows to be unqualified for the position to which he happened to be elected when an opposing party is presenting a man whom he knows is worthy and well qualified for the office.

The coal strike has been in progress since April, and caused less concern in this country during its five months' duration than the railroad strike has caused in that many days. Yet the country today is up against a coal shortage which looms up big and black, especially if the railroad strike continues, and transportation facilities remain crippled. The coal dealers were unconcerned as they were promised plenty of coal during July, and in turn they advised people not to buy early as is the custom. There are few coal bins in the entire country with next winter's supply. President Harding has a job on his hands and a great necessity of doing something worth while right now in settling these strikes if misery is to be avoided during the coming winter.

They are GOOD!

Mr. Business Man of Canyon! Are you interested in the development of our city? Very few business men have been attending the semi-monthly luncheons of the Commercial League. Certainly if there is any class of people living in a community who ought to be interested in seeing a live and wide-awake commercial organization on the job every minute, it would be the business men. Come to the luncheon next Tuesday noon. A few people cannot make much progress in city building. Come and do your part, which you alone can accomplish.

Jim and Earle have scraped up so much new dope on the other's private and public lives that they have not time to notice the charges and counter charges being made by the other. It is certainly a great thing for the great state of Texas when it has two candidates for the greatest office within the gift of the people, who are making their campaign upon the unfitness of the other.

Every man, woman and child in Canyon has a part to play in the city's development, which each himself alone must do, or it will likely remain undone. Get on the job, folks. Let's go.

Quite a number of Canyon people were running low on cuss words and went to Amarillo Monday evening to learn a new batch from Jim Ferguson, Candidate for United States senate.

Every citizen of Canyon has a duty and privilege in making this a better place to live. Are we, all of us, on the job.

Wanted—Someone to hold our nose when we have to choose between the candidates for United States senator.

Help Keep Canyon Clean.

Visitors speak well of Canyon. Do you, Mr. Citizen of Canyon.

OUR SCHOOL FUND

The announcement from Austin that the apportionment of the State school fund for this year would be reduced from \$13 to \$10 per capita because of reductions in the taxable valuation of the State and the increased number of delinquencies in the payment of taxes is ample notice to the various school districts of the State and they must now set about to raise adequate funds for the operation of the schools the coming year.

It is regrettable, of course, that the State apportionment will be cut down because there is need for every dollar in the school funds that is available, but the condition of the State Treasury is such that nothing else was to be expected.

The State Treasury cannot be surfeited with money if the people are short of funds and unable to pay taxes. The only way the situation can be remedied is by special appropriations by the Legislature which will only tend to aggravate the situation by levying still heavier taxes upon the people. If the Legislature desires to be of service in such a situation it should devise means of reducing the cost of operating the government, instead of trying to improve things by making greater appropriations.

Another result that will probably follow a reduction of the State apportionment is that the local school districts will increase their local school tax levies in order to provide adequate funds. It seems to The Tribune that this is the more desirable way of meeting the situation. A greater percent of the local tax levies goes into the funds for which they are intended than is the case with levies made by the State, because of the decreased cost of collecting—Amarillo Tribune.

The inhabitants of a vast region in the arid interior of Australia are still in the stone age and an effort is being made to keep them there. Sixty-five thousand square miles have been set apart as a sanctuary for the natives and no white men are allowed to enter the sanctuary. These natives fashion their rude weapons and implements of stone and wood, and are entirely ignorant of the use of metal. Cannibalism is still in full force among the natives of the Everard ranges and they have to be constantly on the march to obtain food.

FORD DEALERS

Note these New Prices on U.S. Tires

ON July 29, 1922, the lowest prices ever quoted on U.S. Passenger Car Tires went into effect—Royal Cords included. These new prices should give confidence to dealers and car-owners that no lower basis of quality tire prices will prevail.

Bear in mind that these prices apply to the most complete line of quality tires in the world. Remember, too—as you read the following table—that U. S. quality has been positively maintained.

SIZES	Royal Cord	Nobby's Chain	FABRIC Usco	Plain

Federal Excise Tax on the above has been absorbed by the manufacturer

The dealer with a full line of U. S. Tires at these new prices can serve you better than you have ever been served before in the history of the automobile.

If there ever was any fancied advantage in shopping around for tires it disappeared on July 29, 1922.

ADVANTAGES OF A LARGE INSTITUTE

Present day tendencies towards larger organizations for effective work have now become an established practice in most progressive communities. The Consolidated Teachers' Institute, held at the West Texas State Normal College during the past three years, has fully demonstrated the value of concerted effort as it applies to the profession of teaching. Teachers need that enthusiasm which comes from the association of large numbers engaged in a common cause. A comparison of methods of procedure and results achieved helps in the elimination of error. Besides, intimate contact with recognized educational leaders gives the inexperienced teacher an ideal towards which to strive. There can be no profession of teaching until those in authority adopt some rather definite educational policies, and until teachers employ organized, intelligent effort towards the accomplishment of predetermined plans.

Twenty-one counties, employing more than 800 teachers, will be represented in the consolidated institute which convenes in Canton, September 4 to 8, 1922. The program of this institute contemplates two distinct kinds of performances: inspirational addresses and class room work. The primary purpose of the addresses before the general assembly is to learn from leading authorities the most important tendencies in education, to get a broader outlook upon school problems, and to emphasize the dignity of the teaching profession through the exemplified ability of prominent men and women engaged in this work. In the class room work the best methods of procedure in solving concrete problems will be demonstrated.

THE FACULTY

Dr. Thomas Alexander, Professor of Elementary Education, George Peabody College for Teachers, is one of the South's leading educators. He is gifted as a public speaker, and he always stimulates his audience to think. His rich and varied experience, his originality of thought, and his aggressive tendencies have made him a dynamic force in the educational policies throughout the South. Dr. Alexander will lecture and give demonstration work before the Intermediate-Grade Section.

Dr. C. A. Phillips, Dean of the Warrensburg, Missouri, State Teachers' College, is an inspiring lecturer and a delightful instructor. He has achieved for himself a high place in the school affairs of Missouri and is prominent in educational gatherings throughout the Southern States. His wide experience and his sane grasp of educational conditions make him invaluable as an instructor. Dr. Phillips will lecture before the Rural School Section.

Professor W. H. Carothers, the Department of Education, Emporia, Kansas, State Teachers' College, comes highly recommended as one of the most progressive educators of Kansas. He has had valuable experience in institute work, and he is attracting attention in the Middle West for his new ideas and constructive proposals. Professor Carothers will lecture before the High School Section.

Mrs. Otho Hanscom, Associate Professor of Education in the North Texas State Normal College, will have charge of the Primary Section. Mrs. Hanscom is one of the most successful instructors in primary work in Texas, and her services are in great demand for this work.

Miss Julia Lipscomb of Dallas, Texas, ranks among the best primary teachers in Texas, and she has had valuable experience in institute work.

The work for the Primary Grades will be divided into two sections: (a) First and Second Grades; (b) Third and Fourth Grades. This arrangement will enable teachers to get work which will function in the particular grade they are to teach in their schools.

DEPARTMENTAL WORK

English

H. W. Morelock, Head of the Department of English, the West Texas State Normal College, will give two demonstration lessons daily in the teaching of English in the elementary grades and in the high school.

Life's Great Discoveries.....Professor W. H. Carothers

Just a Word Why Churches Should Advertise

The writer was in Syracuse, N. Y., one Sunday last August. He was detained because of an accident to his car. He wanted to go to church that night, but he didn't know where to go. He picked up the Syracuse Sunday paper and looked through it from the front page to the back, but there wasn't a word about the church or the church services. As far as the papers were concerned that city might have been churchless.

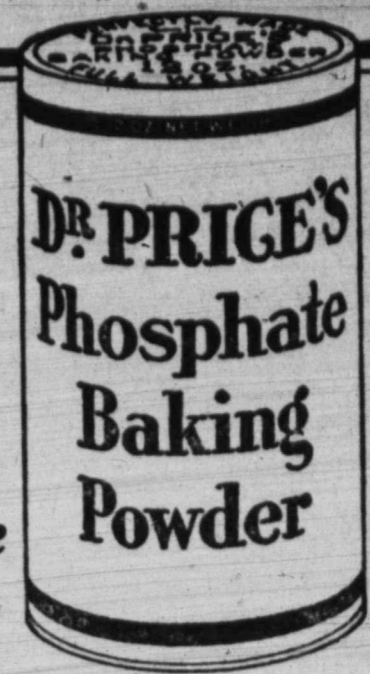

But it wasn't so with the movies and other houses of entertainment. Oh, no! Their invitations were spread in large advertisements all over the page. There were a dozen or so invitations to go out on Sunday night for amusement, but not one to go to the House of God.

Possibly the church notices appeared in the Saturday issue. They generally do, but this was Sunday and the Sunday paper was the one available. The amusement places do not overlook the Sunday papers.

There may have been many more in the city with the same thoughts and desire as the writer. He happened to remember that sometimes the churches have bulletins in the hotel corridors, so he took the trouble to go downstairs. Being a Methodist, he looked for the Methodist churches. There were two on the board, so he picked out one and took a chance.

We suppose that some will say that a man or woman who wants to go to church will find a way. That's true, but why permit the theatres to have the monopoly? Isn't the church a business? If it isn't, it's time it was. Think it over.

GENERAL INFORMATION AND REGULATIONS

1. All teachers should be on hand for the opening exercises Monday morning, and they should be prompt and regular in attendance throughout the week.
2. A record of the daily attendance of all teachers will be sent to the County Judge or County Superintendent whose teachers are in attendance upon the Institute.
3. The program and all numbers on the program will begin and close on scheduled time. No one speaker has the right to time allotted to any other speaker. Besides, teachers of all people should be systematic.
4. An Employment Bureau will be maintained for the benefit of school authorities in need of teachers. Teachers desiring a position should report at the Prairie Office, first floor.
5. Social occasions will be arranged in order that teachers may get acquainted with each other. On Tuesday Evening at 8:30 o'clock, the West Texas State Normal College and the citizens of Canyon will entertain the teachers in the college auditorium.
6. All teachers should register immediately upon arriving. A table will be provided for this purpose just in front of the main entrance to the auditorium. No teacher will be considered as having "registered" who has not paid the fee (\$1.50) voted by the teachers in the 1921 Institute.
7. Teachers should provide themselves with paper and pencil, and they should take notes on all class room work and on lectures before the general

LOCAL NEWS

W. C. Johnson and family have returned to their home at Marietta, Okla., after visiting at the parental B. T. Johnson home.

Mrs. B. T. Johnson was at Pampa Tuesday attending the Palo Duro Association of the Baptist church. She states that it was the largest district meeting she has ever attended.

R. H. Wright is away from the city this week on his vacation.

Gordon Rice, formerly of this city, was arrested last night in Amarillo charged with drunkenness. He was in company with Lesley Noble.

Mrs. E. W. Sellards, son and daughter of Scranton, Kansas, are visiting at the home of their daughter and sister, Mrs. Earl Potter.

PAY FOR ATTENDANCE UPON INSTITUTE

On July 18, 1922, I received from the Office of the State Superintendent of Public Instruction the following ruling covering the attendance of teachers upon institutes:

"I hold that the repeal of this section of the law was unintentional on the part of the Legislature, for it is evident that its members were not aware that they had performed this act. It was the evident intent of the Legislature, in requiring teachers to attend county institutes, also to require that they should receive their regular salary for the time so spent. Therefore, by the authority which I believe to be vested in me as State Superintendent of Public Instruction, I hereby make the ruling, that, until such time as the Legislature may convene in special or general session, and have an opportunity to correct this unintended repeal, teachers shall, as in the past, receive their regular salary for the time spent in attendance at teachers' institutes."

Respectfully yours,

ANNIE WEBB BLANTON,
State Superintendent.

Since the Attorney General has upheld this ruling of the State Superintendent, teachers should have no fear about receiving pay, as heretofore, for attendance upon teachers' institutes.

(Signed) H. W. MORELOCK.

assembly. We as teachers should prove to the public that its outlay of money for institutes is well spent. Besides, the good we may get from these institutes and apply in our schools later will mean better schools, and incidentally a chance for an increase in salary. The public is always willing to pay for what it gets.

COUNTY MEETS

A period on the program has been set aside that the teachers in each county represented in the Institute may hold daily sessions, get acquainted, and organize.

City Superintendents who desire to meet with teachers in their own system of schools in preference to meeting with the teachers of the county at large should notify the conductor, who will assign rooms for such meetings. It is suggested that each county elect one of its own teachers to assist in checking the record of attendance for that county.

REDUCED RAILROAD RATES

Application

Teachers should apply to their local agents for reduced railroad rates to the West Texas Teachers' Association. They should buy a ticket showing continuous passage to Canyon from the place to which they expect to return. Rates have been granted on the certificate plan, and teachers should request of the Agent from whom they purchase a ticket to Canyon a certificate indicating the purpose for which this ticket was purchased. They should preserve this certificate and present it to Travis Shaw (Secretary) when they arrive in Canyon. If these regulations are complied with in every particular, teachers who are bona fide attendants upon the meeting will be entitled to one-half fare on the return ticket to the point from which they purchased their tickets.

Selling Rates and Return Limit

The selling dates for these tickets will be September 2, 3, and 4; and the return limit will be good until September 10.

Territory From Which Rates Apply

On and West of G. C. and S. F. Gainesville to Temple.
On and North of the G. C. and S. F., to San Angelo and Sweetwater.
On P. and S. F.—All Stations.

Teachers located on the Missouri, Kansas, and Texas Railway should buy a ticket to the nearest point on the railroads granting rates, and at this point they should apply for rates to the meeting, requesting a certificate showing the purpose for which this ticket is purchased.

(Signed) TRAVIS SHAW, Secretary,
R. McGEE, Agent, P. and S. F.

OF GAYETY IN SICILY

Festival Time the People Give Themselves Up to All Forms of Amusement.

Boths and barrows lined the streets of fireworks and drunks, torrents of new almonds and honey, and ribbons; and alternating the merchandise and drinks were gambling stands. There were a roulette tables, silver horses ring around over the numbered wheels where you put your soldo, and at arrows with painted feathers stopped whirling sooner or later left a light tip resting on the left number. Crowds of people were watching their money down, mostly boys, it seemed, writes Stark Young the North American Review. The sets were firing from every direction with reports like bombs, unbelievable, to appease the Sicilian like mere noise. Now and then freeters in bunches were thrown from roofs of the churches into the little streets, with a rattling and detton like a bombardment. Beside Duomo the band from Syracuse playing airs from the operas, the deep blue of the early had fallen over the walls and the country dropping down to the sea and rising on the other toward the Saracen castle above town. A few pale stars were out a slender moon, almost past, was hanging. The whole piazza was sweet with the perfume of the jessamine ran along the front of the house the church, incredible sweetness of soft, blue air. And everywhere the voices, deep and bright.

FER THAN ANY STEEL VAULT

Bank of England Lowers its Bullion into Well at Close of Business Each Day.

One sense the Bank of England the safest bank in the world. Its protection is due to an artesian well in the bank. This well supplies the bank with its water independently of the rest of the city; it is feet deep and supplies 7,000 cubic of water an hour. The bullion department, which holds

the ingots of precious metal, is nightly submerged in several feet of water by the action of special machinery. Anyone attempting to rob the bank, then, must be an expert swimmer and diver. In the morning the water is pumped away and the ingots are readily accessible again.

However, the water still protects the other departments of the bank. Its supply is almost unlimited, the bank knows, and its protection is practically absolute when it is used. The bank has very delicate machinery arranged so that even the lifting of a coin from a pile will release a catch which, in turn, releases a supply of water.—Detroit News.

Pithy Paragraphs.

Whatever Broadway may have been in its day, it is a thoroughfare of aliens now, and it has no day, comparatively speaking, but only the night, when the Dr. Kennicotts of the inland towns walk with their more or less restless women folk, and try to believe they have struck oil in an emotional sense, and that they are having the time of their lives.—Louis Dodge.

Disraeli said that every one likes flattery, but with royalty you lay it on with a trowel; and nations are like royalty, only more so; they will swallow anything about themselves while wondering at the credulity of other nations.—A. Clutton-Brock.

That is just the way in this world; an enemy can partly ruin a man, but it takes a good natured injudicious friend to complete the thing and make it perfect.—Samuel L. Clemens.

Many things pass in handwriting which print "shows up." Print is so impertinent—flinging open the door of a little room, where, perhaps, two lovers are communing, and saying to the public: "Have a look at them—these great people in love! You see they are just as silly as little people."—Ellen Terry.

Stamp Profitteering Slow.

The lowest Lilliputians in the whole hierarchy of international finance are probably the stamp peddlers. There is hardly a person who was born on the other side who is not dabbling in some angle of foreign exchange, but the stamp men seem willing to operate on the most fractional margin of

profit. Up and down the market streets of the Italian sections they go every Saturday night, displaying stamps that were made in Italy. They offer them to shoppers, generally following a boy who sells writing paper. No doubt they are to encourage early replies to letters in which they are inclosed. Occasionally a transaction involving a half-sheet or so of stamps may be seen, so that small amounts of money may also be sent in this way to friends on the other side.—New York Sun.

Mother-To-Be, Read This—

Here is a wonderful message to all expectant mothers. When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Write for valuable free illustrated book, "Motherhood and the Baby," containing important authoritative information which every expectant mother should have, and all about "Mother's Friend," in Bradford Regulator Company, B.A.-25, Atlanta, Ga. "Mother's Friend" is sold by druggists everywhere.

S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women, whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people. It puts firm flesh on your bones, it rounds out your face, arms neck, limbs, the whole body. It puts the "pink" in your cheeks. It takes the hollowness from the eyes, and it fools Father Time by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

Robbins Again In Charge of Grocery

Announcement was made a few weeks ago of the sale of the Robbins Cash Grocery to J. E. Roberson, and the statement made that Mr. Roberson would henceforth have charge of the business.

After a vain effort to close this deal, the business has reverted to Mr. Robbins, who is again sole owner of this business.

We wish to thank the people of Canyon and Randall County for the very splendid business you have given this business since we came here last December, and assure you that it shall be our pleasure to conduct this business in the future in a manner that shall be to your interest to buy groceries at this store.

Make this store your trading place. Only the very best and freshest groceries the market affords are upon our shelves, and we are rendering the most efficient service within our ability. We shall appreciate your business very much.

Suppose Everybody Hoarded Money

To predict the result of universal hoarding of money would be no great task for any thinking man or woman.

Civilization has progressed because men have realized that only through confidence and co-operation can even individual aims be secured.

To provide Canyon and community with a safe depository for private as well as public funds is the primary function of this bank.—has been since 1900.
