

\$24,000 IS RAISED FOR NEW CHURCH BY METHODISTS

APPLICATION GOES IN TODAY FOR CHURCH AID.

Conference Board of Church Extension Spending Day in City Assisting Local Methodist Church.

Rev. M. M. Beavers reports \$24,000 as having been subscribed to the church building fund of the local Methodist church.

The goal of the local church is \$30,000, and the general Board of Church Extension will be asked to put \$30,000 in a church building in Canyon when the local congregation raises a like amount.

The conference Board of Church Extension is meeting in Canyon today with the officials of the local church for the purpose of making the application to the general board for this \$30,000.00. The members of the conference Board of Church Extension are Rev. Ben Hardy of Big Springs, chairman; Rev. Ed R. Wallace of White Deer, vice chairman; Rev. O. P. Clark of Plainview, secretary. Presiding Elder G. S. Hardy is here with the Board.

Rev. M. M. Beavers states that the campaign will continue until the \$30,000 has been pledged by the local congregation and its friends.

CAROLS AND PLAY TUESDAY.

Christmas carols were sung Tuesday night at the Normal auditorium, with the students and a number of citizens of the town joining in the program under the direction of Wallace R. Clark.

The one act play "Why the Chimes Rang" was presented by the pupils of the Public Speaking department, this being a Christmas play which was very highly enjoyed.

CHARTER APPLICATION FILED.

Application for a charter for the Mary E. Hindsbeth Hall was filed this week with the Attorney General of Texas. This is the new students' home which will be constructed near the Normal.

The board of directors has been instructed to seek out a location for the new building, which location will probably be near the Normal campus.

ALUMINUM SALE FRIDAY.

The Ladies Auxiliary of the American Legion will hold an aluminum sale Friday at the Court House for the benefit of the soldier boys who are in the hospital at San Angelo.

The Auxiliary members are meeting this afternoon at three o'clock at the Legion Hall to make preparations for the sale tomorrow.

MOVING FROM MICHIGAN.

Mr. and Mrs. F. J. Alexander arrived Friday from Menistee, Michigan, and expect to make Randall county their future home.

It was through correspondence with Rev. O. P. Hinge that they became interested in Randall county.

OPERATION FOR APPENDICITIS.

Herschel Coffee was taken to Amarillo Monday for an operation for appendicitis, after suffering a severe attack Sunday.

Herschel is reported as resting well after the operation. Mr. and Mrs. Jim Coffee are in Amarillo with their son.

Perryton Man Killed on Highway North of City Last Sunday

Raymond Coffee, aged 21 years, was instantly killed Sunday afternoon on the highway just south of the Tom Lair place, seven miles north of the city.

Young Coffee lived at Perryton, and was on his way to Clovis. G. S. Brillhart of Perryton was with Mr. Coffee, but was thrown clear of the car and not injured. Coffee was pinned under the steering wheel, his neck broken, and evidently died instantly.

The car was thought to be going at about 25 miles per hour at the double turn south of the Lair place when there was a blow-out and the car plunged into the concrete culvert before Coffee could right it.

The body was shipped to Perryton Monday. Young Coffee was the son of a prosperous business man of that city.

CHRISTMAS PROGRAMS SATURDAY AT THE CHURCHES

CHRISTMAS COMES NEXT MONDAY—EXERCISES SATURDAY

All Churches of Canyon Planning to Hold Special Sunday School Programs Saturday Night

The Christmas spirit is broad in the land, and will be fittingly observed by the various churches in Canyon with very appropriate Sunday School programs.

The children of the various Sunday Schools have been working diligently for some time upon the programs and these will be highly interesting.

The following announcements have come from the various churches.

At the Christian Church.

The Sunday School will have a Christmas Trees and program at the church Saturday night at 7 o'clock, under the direction of Mrs. W. C. Black.

Presbyterian Church

Christmas trees and exercises will be held at the Presbyterian church Saturday night at 7 o'clock.

Rev. A. B. Haynes will preach Sunday morning at 11 o'clock. Christmas music will be given under the direction of Mrs. S. L. Ingham.

Lutheran Church.

Keenan School House

Christmas Eve services will commence at six o'clock Sunday evening. The Christmas story, the birth of our Savior, will be told in word and song by the children. The public is cordially invited to worship with us on Christmas Eve.

O. P. HINGE, Pastor.

At the Methodist Church.

The Sunday School will have a special Christmas program Saturday night at 7 o'clock. Regular Sunday morning services at 10:45 Sunday morning. There will be no preaching service Sunday night.

Presents for the children may be placed on the Christmas trees any time during Saturday afternoon.

Baptist Church.

The Christmas Trees will be given Saturday night at 7:30 o'clock. Any person wishing to place a present on the tree for a friend may do so. The pastor, Rev. H. F. Anlick, will preach a special Christmas sermon Sunday morning. There will be regular services Sunday night.

Episcopal Church.

Christmas services will be held at this church on Sunday next (Christmas Eve) at 11 a. m. (Holy Communion). The Rev. E. H. Andrews of Plainview, will be in charge.

HAS BIG WATER PROJECT.

Amarillo has received a report from the engineer on the water situation of that town, which contemplates a big dam on the Palo Duro west of Canyon, and piping water to that city. It is estimated that the project would cost \$921,000.00.

WON ON CHICKENS.

In giving the account of the winning of Randall county poultrymen at the Amarillo show last week, the News did not give the winnings of C. C. Stewart, who won 1st, 2nd, 3rd on his Rose Comb Rhode Island White pullets.

SCHOOLS CLOSE TODAY.

The Normal, training school and the public schools will close this afternoon for the Christmas holidays.

All of the schools will open the first week in January.

Field Secretary Talked to Farmers Regarding Our Marketing System

G. R. Thomas, Field Superintendent of the Texas Farm Bureau Cotton Association of Dallas, was here Tuesday afternoon and talked to twenty farmers at the court house regarding the work of the Farm Bureau.

Mr. Thomas entered into a very interesting discussion of the advantages of cooperative marketing, and showed the much higher prices the farmers of this association had received over those paid by cotton buyers to non-members.

Mr. Thomas is certain that Randall county will soon become a good cotton country. He intends returning to Randall county in February and will spend a week visiting the various communities to talk with the farmers regarding membership in the Farm Bureau.

Plans for New High School Building Are Checked by Board

The trustees of the Canyon Independent School District met Friday night with Architect E. F. Rittenberry and checked his plans for the new high school building.

No changes of importance were made and the Architect instructed to get out the blue prints of the plans as quickly as possible. He hopes to have everything finished in the drawing by next week.

Bids on the new building will be received about the first of February. It was thought best to give a little more time and not ask for bids to be opened by the middle of January.

The attorney for the bond buyers reported this week that he had taken the transcript to the Attorney General at Austin, and only two minor errors were found in the proceedings, both of which were easily corrected. It is expected that the attorney general will approve the bonds within a few days if nothing further is found to be the matter with the proceedings.

A representative of a brick concern came before the board Friday night, but no selection of brick was made at that time.

The board of trustees is investigating school furniture in order to place an order for the new furniture early in the year.

MARRIAGE LICENSE.

A marriage license was issued Tuesday to Charles Taylor and Miss Glenna Thomas. Mr. Taylor's home is in this city, and Miss Thomas lives in Plainview, where the ceremony will be performed Sunday. Miss Thomas was a student in the Normal for the past two years.

12 DEGREES ABOVE ZERO.

The thermometer stood at 12 degrees above zero Sunday and Monday mornings, these being the coldest mornings so far this year.

Committee Appointed to Look Into Building for Baptist Church

At the services of the Baptist church Sunday morning, Rev. H. F. Anlick announced a committee whose duty it shall be to look into the possibilities of starting work soon upon a new church building for the Baptist congregation.

This committee is composed of Rev. B. Fronbarger, Pres. J. A. Hill, Prof. J. S. Humphreys, B. T. Johnson and S. B. McClure. The committee was instructed to make a thorough investigation and report back to the congregation as soon as possible.

Car of Pipe Received to Extend Water Main East on Evelyn Street

The city has received a car of pipe which will be used to extend the city water mains on Evelyn street east from the southeast corner of the square.

The new water line will be six inches in size and will run four blocks east, to the M. B. Johnson residence. The main is greatly needed on account of the large number of new homes built in that section of town during the past year.

"THE STORY OF COTTON."

Judge Worth A. Jennings states that he has a number of copies of the book "The Story of Cotton" which should be very interesting to the school children of the county since cotton is to be raised here next year in considerable quantity.

Judge Jennings would be glad to have the young people interested in that book to call at his office and get a copy.

STORK SPECIAL.

A son was born to Mr. and Mrs. L. A. Warren Dec. 10th.

Popularity Contests at Normal Won by Candidates of Cousins Soc.

At an election of the Student body of the Normal last week, the Cousins literary society won a complete ticket which was put out for the honor places in the annual.

Miss Lois Cone of Lubbock was voted the most charming girl in the college; Bill Gibbs of Altus, Okla., was chosen as the manliest man; Miss Thelma Bivens of Tulsa was elected the all round girl; Odus Mitchell of Floydada was selected as the all round boy; J. A. McDonald of Springfield, Mo., was selected the typical pedagogue.

A primary election was held before the general election, and 25 cents was charged for the privilege of voting, this money being added to the annual fund.

High School Basketball Team Keep Up Training in Vacation

Coach Jim Webb stated yesterday that he has twenty men out for basketball, and the crew is exceptionally likely as producing the strongest team the school has ever had.

Coach Webb will not take the holiday vacation, but has agreed with his basketball boys to stay on the job every minute during the holidays and get in a week's of the hardest practice the boys will have this season, with the district championship as the goal.

The boys will practice daily during the holidays in the Normal gym in order to get into trim for indoor as well as out of door playing.

ONLY FEW LEFT.

Only a few Christmas cards are left at the News office. We have cards for printing your name, or can furnish in blank so that the message may be written on them.

High School Football Boys Entertained at Home Superintendent

"More enjoyable than any occasion they had attended in ages," was the unanimous acclaim of the guests of the entertainment given by Superintendent and Mrs. A. D. Payne, honoring the Canyon High School Football letter men and their ladies.

Lady Mirth and her estimable cousin, Lord Enjoyment, were on the job throughout the evening and solemn faces were taboo. Games and surprise stunts acted as an enjoyable preface to the fastidious lunch which ended the evening.

The following people were in attendance: Cecil Foust, Walter Black, John Vetsok, Wallace Williams, Edmund Oatis, Ewell Brown, John Burgan, Horace Wooten, Robert Stratton, Alton Key, Floyd Callham, Tracy Service, Donald Campbell, Edward Gerald, Jim Webb; Misses Lucille Gill, Polly Hood, Hildah Biggers, Momie Williams, Edith Harrison, Gladys Campbell, Jessie Mae Cooke, Imogene McIntire, Johnny Dmaway, Ruth Jennings, Betty Joe Brooks, Rena Belle Smith, and Madeline Carson.

RECITAL GIVEN SUNDAY.

The piano and violin ensemble recital given Sunday afternoon at the Normal auditorium by instructors and students of the Music Department was very highly enjoyed by a large number from the student body and citizens of the town.

Three groups were given by the piano ensemble, with Misses Pauline Brigham, Hazel Allen, Helen Croson and Dessie Mae Steele at the pianos; Miss Mary L. Clark and Herschel Coffee played one group of violin duets.

CHRISTMAS TREE AT COUSINS

A Christmas tree was given Tuesday night at Cousins Hall for the benefit of the eighty girls who make their home there.

"PERNICIOUS" AMERICANISM

Amarillo Daily News, in an editorial, 15th, commends the Editorial Board for prohibiting the publication of "propaganda hurrying Americanism." It also calls to an article published by Crowell in the Independent in which it takes exception to some remarks made by Mr. Crowell in his article, "How Elections are Run in Texas," and suggests independent should be accorded the same treatment in the Amarillo as that given to the Independent by the Memphis school. It seems to the Amarillo News that the two magazines should be of our schools because they are "pernicious Americanism."

ises the question of what is "pernicious" and "perniciousism." Believing it to be the of a "real" American to explication on this subject, the County News will venture a for our consideration. HOW MUCH SHALL I GIVE TO THE CHURCH?

Church support is an obligation. Church attendance is a duty. Worship is absolutely essential. And every honest man and woman discharges these duties and obligations every week. Contributions of time, talent, thought, and interest are demanded. It is an honor to give. It is a privilege and duty to give. We are God's stewards. All we have been entrusted to us. It is our duty to support the church. The Christian church has created and added fifty cents of every dollar's worth of property in America.

Every time one goes to church he should make an honest, conscientious contribution to the great work of the church. When the collection plate reaches one, his honor, sincerity, and character are immediately tested and when he, because he imagined no eyes sees him, put upon the plate pennies when he ought to put in pounds, brands himself before God and the Bar of God as a thief. He is perfectly willing to pay any extravagant sum to go to a theatre, questionable show, or suggestive screen production, and then go into the House of God and lay upon the plate pennies. He owes God everything.

Many church goes today are church cheats, robbing God, searing their conscience, and leaving unpaid honest obligations. The spirit of cheating soon fastens itself upon some men, and they become so dishonest that they stay away from church in order to avoid the test to which their character will be put. The average churchgoer in America gives three cents per Sunday for the greatest blessing ever bestowed upon mankind. Therefore, the average church cheat will have to face the Bar of Judgment and be branded as a church fraud robbing God, depriving the church of her dues, and preventing the spread of the gospel and blessings of salvation to thousands.—Lubbock Avalanche.

The Text Book Commission spent \$1.10 of the \$10 apportionment for the school year 1923-24 in the change of text-books. This expenditure was made against the wishes of Miss Annie Webb-Blanton, present state superintendent of public instruction, and Mr. Marrs, who is to succeed her in office on January first. What are we going to do with all those new text-books? Are we going to lower the teaching standards of Texas that pretty new books may be placed in the hands of the children? Are we going to spend our state money for books and take whatever teacher we can afford to employ with the money left? It looks like the text-book commission was going at the thing backward. Personally we would rather have a strong teacher with no text-books, than to hand out new books to the children and expect them to learn anything under a poor teacher. The free text-book law is of doubtful value to the state, and has been everything, but satisfactory.

EVOLUTION SOME BUGABOO

Frank Norris continues to harp on the teaching of evolution in Baylor. It has been suggested that he is more interested in advertising Frank than in the horror of having people believe that creation came about gradually instead of being made hand-to-order in one week's time. That the human race is gradually evolving to a higher plane, physically and mentally, we should believe, in fact if we do not, there would be little to hope for. A man can be a very good Christian and hold to the belief, and there is no need of folks tearing their shirts over his infidelity. Servetus, who differed with Calvin over the doctrine of the Trinity, was burned at the stake for being an infidel, and any bigotry that leads to such crime is worthy of the devil himself.—Quanah Tribune-Chief.

John Wanamaker died last week. He is really the father of advertising for mercantile establishments in the United States. Wanamaker attributed his success to advertising and honest business dealings. He did not depreciate honest dealings simply because he believed in advertising, nor did he expect that his policy of honesty in all business dealing would take the place of advertising. When he entered business Philadelphia was a small town with only weekly publications. These he used vigorously and no paper went to press without his message. As his town became great and was worthy of a daily newspaper, John Wanamaker had a message to the readers every day. Some merchants consider they would be great advertisers if they only had the use of a daily publication. It is a hundred to one bet that they would not use the daily newspaper, if they are not willing to use the weekly newspaper. Wanamaker was the first merchant to discover that the newspaper is the best and cheapest advertising medium for the merchant. Wanamaker's whole life was wrapped up in advertising and progressive advertising. His example may be profitably used by country merchants, like the business men of Canyon.

One of the newspaper fraternity being called to account for some error in fact appearing in his paper, replied that recent research had developed the fact that history's version of the exact spot where the Pilgrims landed at Plymouth was in error, that if history required three hundred years to get the facts straight, how could the public be so exacting with a newspaper having only a few hours or a few days to arrive at the facts in any given case. "Pour it on 'em," brother. That'll soak in—about three hundred years from now.—Clarendon News.

A bunch of young boys are receiving excellent training for the reformatory or penitentiary right here in Canyon. Most any night you may meet a whole drove of young chaps running wild on the streets of Canyon, and they have already been in a number of cases of cussedness, which is causing the officers some speculation. Post-office boxes have been opened and letters and package taken out. In one instance it has been discovered that money was found in a letter which the boys opened. These young lads have been tools of other boys in cases of thievery. The parents of Canyon ought to see to it that their boys are

at home and not allowed to run wild on the streets at night. A curfew law in Canyon would not be amiss.

The Clarendon News published its annual Home Town Edition last week which was a very creditable publication with plenty of interesting stories of Clarendon and Donley county, and containing business messages from the leading merchants of that progressive city.

FACT AND COMMENT

Persons of a forgiving temper seldom have much to be forgiven.

The enterprising Oregon plumber who has put a complete plumbing shop on wheels should not have to travel far for jobs—and he will always have his tools with him.

With the ever-increasing movement of white population to tropical and subtropical lands, the control of the hookworm, as of malaria and sleeping sickness, becomes a matter for world-wide action. More than half the people of the world live in a region where infection with hookworm is a menace to health and energy.

Montreal's bachelor tax, yielding \$100,000 a year, was voted down. The vote stood 23 to 8 in support of an appeal to the provincial legislature to repeal the law.

The vicar of St. Keverne, in Cornwall, England, found a vestment chest of Spanish workmanship, 300 or 400 years old, in a load of firewood delivered to him.

American banks are after the issue of bonds which Belgium is putting out for public works in the Congo. Fifteen or twenty millions of dollars are being raised for this purpose.

TWICE-TOLD TESTIMONY

Canyon People Are Doing All They Can for Fellow Sufferers.

Canyon testimony has been published to prove the merit of Doan's Kidney Pills to others in Canyon who suffer from bad backs and kidney ills. Last any sufferers doubt this evidence of merit, we produce confirmed proof—statements from Canyon people who again endorse Doan's Kidney Pills—confirm their former testimony. Here's a Canyon case:

T. A. Ridgway, farmer, says: "I suffered from a weak bladder, causing too frequent and profuse passage of the kidney secretions. I have noticed since using Doan's Kidney Pills that I have much better control over my kidneys. I recommend Doan's Kidney Pills to relieve weak kidneys."

OVER SEVEN YEARS LATER, Mr. Ridgway said: "I haven't had occasion to use Doan's Kidney Pills since I recommended them. I think the cure they gave me has lasted."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ridgway had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Calvin Coolidge says: "In these days, children get about what they ask for, not what the wise judgment of their parents should dictate. Their pockets are filled with money and out they go to purchase pleasure, all the pleasure their easy money will buy. The taste for pleasure is formed as the taste for thrift and work is killed. Later on, in a natural development of things, the taste for pleasure becomes so strong that it must be satisfied at any cost. If crime has to be restored to the price is paid."

GRANDMOTHER AT THIRTY-TWO

An eight pound girl was born to Mr. and Mrs. A. V. Vaught of Lubbock county Friday, and is quite an exceptional youngster, in that her grandmother is believed to be one of the youngest in the country. Her grandmother is Mrs. J. B. Vaught, aged thirty-two years, and that she is proud of her grand-daughter is plainly shown, but whether or not she will permit the little relative to speak of her in the usual manner is doubtful, as "Grandmother" denotes age, and Mrs. Vaught is very far removed from being a typical grandmother in this respect.

The father of the new girl is eighteen years of age.—Lubbock Avalanche.

Boy, 2, Falls Off Train. Killed? Not Even Hurt

Richmond, Va.—Two-year-old Woodson W. Woodward of Rich- mond lost his toy balloon through the window of a train traveling 30 miles an hour near here one night, fell from the train when he reached for it and was found later by a farmer walking con- tentedly along the tracks, balloon in hand. He was uninjured and was returned to the train, which had been stopped to permit pas- sengers to search for him.

SHOES COST MORE THAN FARE

German Military Authorities, Seeking to Economize, Make Important Discovery.

Berlin.—Walking has ceased to be economical in Germany, state military authorities have discovered following their refusal to grant railroad transportation for troops who will hold their annual training maneuvers at Ohrdruff, in Thuringia, within a short time. Units from far points in Bavaria, as well as all others, will be obliged to march the whole distance to the camp because of the state ruling that increased railroad fares would make the transportation too expensive. In answer to the edict commanders of the various units have rendered requisitions for new shoes and repairing materials which exceed the amount railroad fares would have reached.

Visitors to the London zoo will always find a willing performer in this cheery brown bear. Only a little sweetmeats is necessary as an inducement, and great crowds have been amused with the peculiar shimmy dance evolved by this brown-skinned brute.

ALCOHOLIC DEATHS INCREASE

New York Medical Examiner Reports 89 Pct. Over 1920 and 27 Pct. Over 1921.

New York.—An increase of nearly 89 per cent in alcoholic deaths this year over those of 1920 and 27 per cent over 1921 has been reported by the chief medical examiner for New York. The report shows that eighty persons died of alcoholism in the first six months of this year. These include only victims who died without medical attention. Dr. Charles Norris, medical examiner, said many others probably died of alcoholism who were attended by private physicians. The total number of alcoholic deaths for 1921 totaled 127, or 33 less than the total will be for this year if the present rate is maintained.

MILLION FILIPINOS IN SCHOOL

Average Cost of Instruction Is \$11.50 Each Pupil Per Year, Says Bureau of Education.

Manila, P. I.—Approximately 1,000,000 children out of the estimated total number of children of school age of 1,796,000 were admitted to the public schools, when the sessions opened this week, according to the bureau of education. This is nearly the same number as attended school last year, the policy of the bureau this year being simply to keep open new ones, owing to the necessity of economy. The average cost of instruction is approximately \$11.50 a pupil per year.

Old German Books Vanish.

Berlin.—High rents and the shortage of business places have deprived German students of one of their chief institutions—the second-hand book cart. Formerly these carts were seen in many quarters, laden with old volumes which could be bought for almost nothing. Today they have increased many fold, but seldom is a second-hand volume seen on their streets. Dealers have put their stores on wheels and are selling only the newer publications, which net a greater profit.

Cow's Great Record.

York, Pa.—H. E. Robertson, east of York, has a two-year-old Holstein cow which has surpassed the record made by any other in the state of her class, and is now champion of Pennsylvania. She made 21,028.1 pounds of milk and 562.92 pounds of butter fat, equivalent to 741.1 pounds of butter. She displaces the record of Bellewood Pontiac Ormsby Ruth, owned by C. W. Bray of Bridgeport, whose record is 21,171 pounds of butter in the 365 days.

MIRACLE HEALER OF PORTO RICO

Julita Vasquez Attracts Immense Throngs to San Lorenzo Every Week.

CRIPPLES CROWD THE ROADS

Healing Waters Come From a Spring but They Don't Work Until the Woman Has Blessed Them.

San Juan, Porto Rico.—Extra policemen have been detailed for duty at San Lorenzo to help handle the crowds drawn there from Wednesday night to late Friday each week by the stories of apparent cures by Julia Vasquez, the "healer of San Lorenzo."

Hundreds, if not thousands, of automobiles carrying the sick, lame and curious have been visiting San Lorenzo, and so great have been the traffic jams that there have been complaints to the police that the San Lorenzo road was impassable. On a recent Thursday there was a line of motors two miles long on each side of the roadway waiting for people who are rapidly wearing into a broad trail the cow path that leads up the steep hills to the spring from which the supposedly healing waters come.

Thousands Visit "Healer."

Thousands go by motor to the "healer," and more thousands on foot. From Caguas and other nearby towns there has sprung up a regular motor service to and from the place of "miracles." People go by truckloads. They go in carriages, carts and some are carried. Stories of "miracles" are spread with wonderful rapidity through the crowd each day, and there are reports of people coming from Santo Domingo or the Virgin Islands to get the waters blessed by the "healer." Some make a festa of it; others are almost reverential.

The healing spring is about a mile from the town where the "healer" lives. Near the spring a palm-covered pavilion sheltering 400 to 500 people has been erected. There Thursdays and Fridays the healer sits in a chair on a raised platform and receives the sick.

She Magnetizes Water.

Waters from the spring lack healing qualities until she has blessed or magnetized them. After being blessed, the water is carried away in bottles, buckets, oil cans, anything. And each person the "healer" sees is told to bathe, rub the afflicted portion of the body with the water, or drink so much of it at certain times.

Frequently the "healer" is aroused from her trances with great difficulty. Her father and a brother assist her. Her "power" is supposed to have been passed on to her, while the spring waters for many years have been reputed to have healing qualities. It was about two months ago that the "healer" first attracted attention. Since then her fame has spread throughout the island.

LIVED MORE THAN 100 YEARS

Tennessean Told at Nineteen That He Would Die of Tuberculosis in Two Years.

Nashville, Tenn.—John B. Murrey of Franklin, Tenn., a farmer, was told at the age of nineteen years he would die within two years of tuberculosis. But he has celebrated his one-hundredth birthday. His grandchildren and great-grandchildren, together with a great part of the population of Williamson county, joined in honoring the centenarian at a monster birthday picnic. Murrey declares he has never gambled, danced or attended a theater. He never drinks intoxicating liquor.

except for medicinal purposes, and says that altogether he has never drunk more than half a gallon. He smoked cigars for a while to cure neuralgia, he says, but they made him so nervous he had to quit.

Murrey was a kinsman of President James Buchanan, and was acquainted with James K. Polk, Andrew Jackson, Grover Cleveland and Andrew Johnson.

People Pray as Meteor Falls.

Wynward, Saskatchewan.—The residents of this section were swapping accounts of their experience when a meteor fell in the Big Quill river with a great roar and explosion that frightened people and shook the countryside for miles around. Great clouds of steam and smoke shot through the clear sky and many climbed upon housetops, some to see the phenomenon and others to pray. People in the vicinity of Saskatoon made a search for meteors following reports that such bodies had fallen in three points in Saskatchewan.

Prayer Gives Him Speech.

Clarksburg, W. Va.—Clarence McAfee, a ten-year-old boy, mute since his birth, suddenly recovered his speech after praying for it at the altar of a tented church, where evangelistic services had been carried on by the Pentecostal denomination, at Broad Oaks, according to Mrs. Ida Tribett of Sturgis, Mich., the evangelist in charge. Those acquainted with the boy said he had not spoken before. The alleged miracle is vouched for by various persons of the city who were in attendance at the meeting.

Duty on distilled spirits in the United States during the past year amounted to \$50,000,000.

R. M. Key, Father of J. D. Key, Buried Here Saturday Morning

Robert Martin Key, son of Washington Key and wife, Sallie, was born in South Carolina and moved with his parents when a small boy to Georgia; from there he moved to Arkansas when 17 years old. From there he moved to Texas in 1869, later living in Oklahoma for a time and went back to Arkansas, later returning to Texas.

In 1850 he was married to Miss Emma Elliot. To them God gave twelve children. The following seven are still living: Jeff. D. Key of Canyon; George Stanley Key of Vigo Park; Albert Jackson Key of San Springs, Okla.; Harry W. Key of Ponca City, Okla.; William Richard and Thomas Martin, twins, of Sterling, Okla.; and Penn Forest of Okeene, Okla.

Mr. Key was saved about thirty-nine years ago in Major Penn's meeting and was baptised into the fellowship of the First Baptist church of Waxahachie by Major Penn. He was a regular attendant at his church until his health failed. He was a public spirited man, ready to help out in any move for the public good. For many years he held family worship in his home.

The funeral was conducted at the Baptist church in Canyon where he was a member by his pastor, Rev. H. F. Aulick, assisted by his former pastor, Rev. B. F. Fronabarger. His body was laid to rest in the Dreamland Cemetery.

He leaves a large family of children and grand children and many friends to mourn his absence. He was a true man and sincere Christian and was only waiting till his time should come for his Master in Heaven to call him.

Song Book Adopted for Randall County Singing Convention

The citizens of Randall county will please take notice that the committee to select a song book for the Randall County Singing Convention for the year 1923, that after making an examination selected the Praise. The books will cost 25c each by 50 or 100 lots in which way they are being purchased for the benefit of the Randall County Singing Convention. There is no profit to agents. We hope that each community in the county will make out a list of the number of books wanted and state the number of round notes or shape notes wanted and deposit the money with the First State Bank of Canyon to the order of J. L. Lovvern with list of books attached. It is hoped that every lover of song will get in the order and make ready for the County Singing which will convene at the auditorium of the Normal on the 11th of March, 1923; singing all day and dinner on the ground.

We hope that classes from every community will be represented. All quartets, duets, solos and family groups be prepared to sing such selections as they wish. All songs shall be of a religious nature. Let all orders be sent in immediately and begin to practice singing.

J. L. LOVVERN, President.

The German Government permits certain firms to print their own money in small denominations. During the reign of George III of England, the amount of copper coin in circulation was totally inadequate, and tradesmen of Great Britain issued tokens of their own. One manufacturer in Birmingham issued more than 9,000,000 pennies and the amount of "tokens" in circulation in 1870 outnumbered the genuine coinage.

The nerve of those horrible Turks, ordering foreign troops out of their capital!—Peoria Star.

"Turkey for the Turks" would be well enough but for the fact that many people in Turkey are not Turks and were there earlier than they.—Philadelphia Record.

SOMEBODY IS FOLLOWING YOU

Somebody sees your footprints in the sand and is unconsciously going your way. Somebody is catching a glimpse of you as you thread your way thru life's mysterious woods and is coming after you, perhaps merely because he knows no better direction to take.

Thackeray said that no Irishman was so poor that he did not have a still poorer Irishman living at his expense. And nobody is so insignificant and commonplace that he does not determine by his example the life of someone else.

Down the ways of life you walk at the head of some sort of procession. Dimly and instinctively they follow you. Unconsciously, even more than consciously, you are making this world a better or worse place; you are adding to its pile of happiness or its heap of misery; you are shedding light or spreading gloom. You cannot help it so long as you live.

When a man cries, "Do not as I do," then his manners take strongest hold on us. It is not the great models of conduct and piety that grasp us; it is the every-day models of negligence.

The boy swears and goes dirty to be like Huck Finn. The little girl melts into the mould of the silly and simpering miss. The youth drinks because others drink. People do things because others do, more than for any other reason.

This is the strange force of crowds, where we are swept along by the cumulative power of example to do what in our sober judgment we would never have done.

A little of this pulling power rests in everyone of us. No matter how small and inconsiderate a person you seem to yourself to be, someone is being led by you, by the invisible towlines that reach out from you to him. No soul walks alone. No act of self-restraint or of petulance is without an echo in someone.

When the final books are balanced it is your "little nameless, unremembered acts, that will weigh the most." —Dr. Frank Crane.

The University of Michigan is classed by Professor Albert Bushnell Hart, in the Harvard Alumni Bulletin, as one of the six "national" universities of the country, the other five being Yale, Harvard, Cornell, Columbia and Chicago. In Professor Hart's own words, "They come nearest to being national academic melting pots, and so help to make the world acquainted."

Marion Talley, aged 15, the daughter of a telegraph operator of the Missouri Pacific Railroad, is an American vocal prodigy, according to the decision of the directors of the Metropolitan Opera Company. She is to study for four years before attempting seriously to become a great artist.

Colorado has a silver highway. The material of the highway from Durango to Silverton was taken from the dump piles of abandoned silver mines. The hard surface of the highway contains an appreciable amount of silver in its native state.

Sunken ships are now being raised by means of compressed air.

FOR CHRISTMAS DINNER

—Baked Little Pig, prepared as explained below will make one of the most beautiful, appetizing and delicious Christmas Dinner dishes you ever dreamed of.

—Order your little pig early. "Merry Christmas!" says Billie Butcher.

TODAY'S RECIPE

BAKED LITTLE PIG—Have us prepare a suckling pig for baking. Make a dressing as follows: Six cups of cornbread, two cups stale bread crumbs, half cup chopped onion, one teaspoon powdered sage, two eggs, one teaspoon salt, fourth teaspoon black pepper, dash cayenne, two tablespoons fat. Hot stock of water to make the mass the proper consistency. Place the fat in a pan and add the onion. Let it cook slowly until it turns yellow. Soak the bread in the stock and add all other ingredients. Mix well and stuff the pig and sew it up. Place it in a baking pan and rub it well with fat. Place a cup or other object in its mouth and run the pan into a very hot oven. Allow the pig to brown over and lower the heat. Baste frequently with its own juice until it is tender. When ready to serve, remove the cup from the mouth and insert a bright red apple.

WORKERS' CONFERENCE

Monthly Baptist Workers' Conference of the Tierra Blanca Association its December meeting with the church on Tuesday week. There was a large attendance and the interest was very goodly number of the churches reported.

The entire program was carried as published. The discussions were enjoyed by all. Everyone on the program showed thorough preparation and presented their subject in a most clear and helpful way.

The entire study was the Period of the Judges and many sides of the subject were discussed. The program extended for a short time in the afternoon for the examination of Rev. Brazil, with a view of his ordination to the gospel ministry. The preachers present constituted a training council.

They have given a very thorough examination on all the doctrines and of our Baptist churches. His were clear and perfectly satisfactory. The council voted unanimously to recommend his ordination will take place at Hereford on Jan. 30, at 11 o'clock, during the meeting of the Workers' Conference adjourned to meet with the church on Tuesday, February 30.

The subject for the program will be Times and Work of Saul and was found in first and second —Reporter.

Wayside Items

M. C. Sluder made a business trip to Amarillo Monday, returning Tuesday.

Mr. and Mrs. W. G. Franklin and daughter, Ada, have moved to the vacant Knox house.

Mrs. W. R. Franklin and daughter, Fannie Mae, visited the D. J. Graham home Monday night.

Clyde Carter, wife and baby of Paul's Valley, Oklahoma, are at the parental Carter home for the holidays.

Eugene Wilson of Lubbock is here for the holidays visiting with his sister, Mrs. D. H. Hamblin.

M. C. Sluder hauled fat hogs to Tulla Wednesday for D. L. Adams.

Christmas tree at the auditorium Saturday night. Also a program by the school. School closes Friday for the holidays, a week's time will be given.

Some wheat growing nicely. Some are still sowing.

A solid train of 14 cars of silk, valued at \$5,000,000, recently made an unbroken trip from Seattle to New York.

Maxim silencers are not used on guns exclusively. They are used on gas and oil engine exhausts and suction, air-compressor suction, air hoists, air and steam discharges or safety valves, steam traps, and so on.

Depth bombs, exploded in Puget Sound near Tacoma, by Federal prohibition agents, thwarted expected attempts to recover from the water a large quantity of liquor which was recently thrown overboard by the smugglers' launch. The bombs were shot at the spot where the bottles were seen to sink.

"Please don't remove your hat in this elevator. Keep it on and help speed up elevator service." This is a sign the mayor of Cleveland proposes to place in all elevators in that city.

"Follows who have to be so polite and take off their hats just jam things up," said the mayor. "They hold their hats over their stomachs and take up room that other people should have and block the way in getting in and out of elevators."

We are fond of underrating ourselves, to escape responsibility. But the fatal power of leading others is unescapable. They follow us whether we will or no, and often the more persistently is such measures as we have no wish to be followed. For the examples most doggedly imitated are of those who do not set themselves up as examples.

A two-seater land-type flying machine landed on the deck of the man-of-war, United States Steamship, Langley, off the Virginia Capes recently, while the vessel was going at six knots. A 30 mile wind was blowing and the plane, landing at a velocity of 45 knots was stopped by the arresting gear within 25 feet.

Among the most marvelous pieces of recent art is the new bronze statue of Theodore Roosevelt unveiled in Portland, Oregon, a short time ago. The figure of the ex-President and his horse towers nearly 18 feet above the granite base and depicts the spirit of the West in a splendid manner. A. Phimister Proctor, a New York sculptor and friend of the former President, did the work.

When an American offered the Passion players of Oberammergau a million dollars for the privilege of filming the Passion Play without a change in cast, the players sacrificed their locks and saved their self-respect and honor. Owing to the depreciation of the mark the temptation to violate a sacred tradition was great. Anton Lang's philosophy is that riches do not bring contentment and happiness, two assets the players now possess.

It is recorded that the desert of Arabia north of Hail, in the foothills of the Skammur Mountains, in February, the thermometer fell from 78 degrees a little before sunset to 18 degrees a quarter of an hour after. Variations of from 30 to 40 degrees in an hour are not unusual.

OVER ANCIENT COLOMBIAN CITY

ers for Field Museum Find
ace That Was Once a
World Center.

POPULATION WAS IMMENSE

nts Were Expert Builders of
s and Roads and Were Skill-
ful in Making Gold
Ornaments.

go.—Ruins of an ancient city
size, hitherto unknown, have
discovered in Colombia by the
American archeological expedi-
the Field Museum of Natural
working under the leadership
A. Mason. The ruins of the
collection of villages, are in
of Colombia now uninhabit-
almost unknown to science.
ident, the museum announced
that this was once one of the
centers of population of the
out today even its name is un-

Population Tremendous.

Mason sent the following mes-
sage regarding the discoveries he has
made so far:
"There must have been a tremendous
population here at one time, as the
country is covered with house sites.
The population is very mountainous, and
the houses, which were of wood, were
built on terraces made with retaining
walls. In the center of each terrace
were entering steps of beautifully
cut stone, and, if the main path is far
from the terrace, other steps are built to con-
nect the terrace with it.

The principal place where I have
worked has a long staircase of
stone, all made of nicely cut quad-
rangular stone slabs. Instead of the
road of which I have heard, there
are thousands of them all over
the mountains. There are ap-
proximately wide roads connecting the
villages.

Roads Skillfully Built.
The roads are paved with flat waterworn
stones of more or less uniform size, the
stones being a single line of such
stones while the more important roads
are four or more wide and edged
with bright stones. When the way
ascends or descends the stones are set

on the side of almost every house
and still be found the metate, or
stone slab, on which the family
ground its corn. In all the villages we
found quantities of broken pot-
tery, mostly fragments of large un-
decorated jars. Some were decorated
with relief ornaments and there is one
very fine black pottery which
is decorated or carved."

The ancient inhabitants of this coun-
try decorated themselves with gold or-
naments and buried these with their
bodies. The early Spaniards are known
to have taken fabulous quantities of
gold from the ancient graves and the
work of the expedition should
show, many objects of value
were found. It was said.

Specimens already received at the
museum include gold bells, small beau-
tifully made gold figures and orna-
ments of shell, carnelian and agate.
The most valuable acquisition is a
set of ornaments worn by a
priest in the performance of his
duties. The expedition is
led by the endowment of re-
served to the museum by Capt.
Hall Field.

Honesty Bureau in Schools.

New York.—A suggestion by crim-
instructors will probably be indorsed by New
schools. Dr. William Forbush,
of the forming an "honesty bureau"
schools, said that as the result
of the course made by men in prisons,
honesty is the best policy" courses
added to the curriculum. Doc-
Forbush added: "We plan to or-
ganize the schools into courts of hon-
estly. Honesty will be an active
part of the curriculum. Criminals have written me
that if they had been instructed
in the position they now are."

Crab Market for Gotham Motorists

New York.—Automobilists
are long been accustomed to
buying children along the road-
side selling fruit and flowers, but
the enterprising youngsters
along upper Riverside drive
have introduced them to a new
and somewhat startling form of
merchandise.

This is a good year for crabs
along the Hudson. The boys are
catching them wholesale and line-
drive offering them for sale.
To attract attention, they hold
the crabs by their claws up for inspec-
tion.

They have crabs home in an
automobile may be some problem
but then they're only 50 cents
a dozen bought from these mer-
chants.

THE NOBLEMAN FARMER

Count Ilya Tolstoy, the well known
son of Leo Tolstoy, famous Russian
author and philosopher, like his father
believes that manual labor is the best
stimulant for mental labor. Tolstoy is
at present in America and likes this
country so well that he has bought
some land in Connecticut, where he
has built a summer home, doing much
of the work on the house himself.
He takes much pride in the fact that
he is also an expert carpenter and
automobile mechanic. There is no well
near his new home, so he fetches
water from a distance of a mile in a
keg on his auto. Many people come
from all parts of the world to visit the
famous man.

TO TOIL IN PACIFIC ISLANDS

British Youths Plan to Develop Fruit
Growing and Cattle Breeding
Industries.

London.—Discouraged at the outlook
in this country, dissatisfied with the
after-war Britain, but actuated mainly
by a love of adventure, about a dozen
engineering students of Loughbor-
ough college have set out for an un-
inhabited Pacific island belonging to
Ecuador.

Most of them are ex-officers. Among
them is an author, D. L. David, who
wrote "Ya Brot." He expects to find
in the new settlement work for his
pen as well as his hands. A 90-ton
vessel is being made ready for the ex-
pedition.

The chief means of existence they
hope to find by utilizing the resources
of the island itself; the development
of fruit growing and the breeding of
cattle.

All hands will be required to work,
although climatic conditions, it has
been ascertained, are ideal, and all
they will need for food can be ob-
tained without working. If they are
content just to "loaf and invite their
souls."

Their destined home, the adventur-
ers say, is about 500 miles from the
Panama canal.

ROOSTER'S CROW SAVES MAN

Guides William Warner, Lost in Penn-
sylvania Cranberry Swamp,
to Farmhouse.

Stroudsburg, Pa.—The crowing of a
rooster saved the life of William War-
ner, who became lost in a cranberry
swamp near Tannersville. Warner
wandered for a long time and finally
was caught in the soft, boggy land up
to his waist. After he succeeded in
dragging himself out and got on to
firmer land he was so tired and weary
that he realized that he might again
be mired. Hardly daring to move, he
heard the rooster crow and followed
the sound until he reached a farm-
house.

Every Meal Means a Banquet.

Rouen, France.—When the family of
Frederic Elliot, gardener, sit down to
dinner they have to put at least a
dozen extra boards in the table. They
are father, mother and 32 sons, daugh-
ters and grandchildren. The parents
recently celebrated their golden wed-
ding anniversary.

Will Found Written on Paper in Watch

Palo Alto, Cal.—The will of
"Dad" Moulton, veteran Stanford
athlete, was taken to San Jose
for filing, and it is one of the
strangest, in form, ever filed.
Moulton cut a piece of paper
into a circle that fit the back of
his watch and wrote the will on
it.
It reads:
"September 14, 1921. At my
death I will everything I have to
my wife, Ida L. Moulton. I wish
her to help Edwin, our adopted
boy, if he deserves it."
"E. W. MOULTON."

Shotwell's Abilene Team Will Play for State Championship

The Abilene high school football team
won Friday from Cleburne in the state
semi-final, and will meet the Waco
high school team tomorrow at Ft.
Worth for the state championship.
The Abilene team is coached by
Elmer Shotwell of Canyon, and the
football fans of this city are greatly
interested in the outcome tomorrow.
