

SCHOOL BOND ELECTION CARRIED ON TUESDAY BY A LARGE MAJORITY— BONDS TO PAY OUTSTANDING DEBTS

MUCH INTEREST TAKEN IN THE ELECTION— MAJORITY WOULD HAVE BEEN MUCH LARGER IF THE WEATHER HAD PERMITTED THE WOMEN TO GET TO POLLS.

The bond election Tuesday carried by a majority of seventy. There were 720 votes for issuing the \$15,000.00 bonds and 50 against the issuance of the bonds.

The majority would have been much larger had the day been clear. The snow was so deep that few women were able to reach the polls. The service cars were unable to reach all who phoned and asked for transportation to the polls. At least thirty-five women were ready to come and vote for the school bonds, but could not find transportation.

The bond issue Tuesday was for the purpose of paying off the indebtedness outstanding against the furniture and fixtures of the new high school building. The outstanding warrants will be transferred to lower interest bearing bonds.

Shirley Re-Elected Vice President T. I. A. A. at Dallas Meet

D. A. Shirley returned Saturday from the meeting of the officials of the T. I. A. A. held at Dallas. Mr. Shirley was re-elected vice president for the coming year.

The Association voted to allow a player four years in any one sport, rather than just four years in College athletics. The player has five years in which to participate his four allotted years.

No action was taken in the conference regarding the awarding of Association championships, as it was evident that the Association representatives were opposed to awarding championships. A poll was taken by mail on this subject last year, and was lost. Mr. Shirley voted to award the championship, as representative of the Buffaloes.

MARRIAGE LICENSES

Thomas Ficke and Miss Hannah Swearingen were married at the Rev. McDowell residence Sunday, Rev. McDowell officiating. Miss Agnes Myers was the only guest present.

Both the bride and groom are well known in Canyon. The bride is student assistant librarian at the College. Her parents live near Happy. The groom came from Iowa several years ago and has been working on the Joe B. Gamble ranch.

GRAIN RATES REDUCED.

The Interstate Commerce Commission has issued orders putting into effect Dec. 9th the new rate scale on grain shipments between points in West Texas and the Southeastern states.

The reductions in this tariff range from 5c to 23½c per 100 pounds, which will enable West Texas dealers to get back into the Mississippi Valley and the Southeastern trade.

The case has been under trial for three years, and was pushed jointly by the Texas Grain Dealers Association and the West Texas Chamber of Commerce, each organization paying \$1250 for the costs of the suit.

ABILENE WINS GAME.

The Abilene high school Eagles beat the Amarillo Sandies Saturday by a score of 48 to 0. The score was 14 to 0 at the beginning of the final period, when Abilene opened up and made 34 points.

Abilene will have to win from Wichita Falls in order to meet the winners of the Waco-Beaumont game. Elmer Shotwell of this city is coach of the Abilene Eagles, and local interest is keen in his team.

MRS. KENNEDY DIES.

Mrs. Rollinda T. Kennedy, sister of J. W. and Ed Turner, died at Los Angeles Nov. 25.

Ed Turner returned Saturday from Los Angeles where he was called by her illness, and remained until after the funeral.

Mrs. Kennedy is well known to many citizens of Canyon, as this was her home several years ago. She visited her brothers here two years ago.

School Needs Money to Pay The Teachers

The school trustees are making another appeal to the tax payers to pay their taxes before Friday, December 21, in order that the monthly pay roll of the teachers' salaries may be met without borrowing more money. The board needs over a thousand dollars to meet this month's salaries.

The trustees are paying the teachers promptly at the end of the school month. In many towns the trustees do not do this. Teachers in the Canyon schools have always received their money even though the board was forced to borrow the money.

Every cent paid out for interest takes just this amount from the working fund of the school. Pay your school tax to J. B. Hensley this week.

George Frank Makes \$48.40 Per Acre On His Cotton Acreage

George Frank states that his cotton crop averaged \$48.40 per acre this year. This is the first cotton Mr. Frank ever raised since he came to the Panhandle from Illinois a few years ago. He planted only three acres as his first attempt in the cotton raising business, but is highly well pleased with the experiment.

Mr. Frank hauled his cotton to the gin at Hereford, receiving 28 cents per pound from the 519 pounds. He states that since he did not know how to handle the crop, he picked it too damp and lost considerable cotton when it was ginned.

Mr. Frank marketed his cotton through the Cotton Growers Association, and he is strong for this organization. He believes that the organization will be able to keep cotton at a profitable price if all of the farmers will only join the association.

Mr. Frank states that he saved his feed with little damage. The snow did not damage his feed crop.

MORE POULTRY AWARDS.

Owing to an oversight in the listings, the winning Black Langshans were omitted from the Poultry Show winners in last week's edition. The following were the awards in this class:

J. C. Dixon, 1st cock; 1st, 2nd, 3rd hen; 3rd pullet; 2nd cockerel; H. F. Miller, 1st cockerel, 1st, 2nd pullet; 1st pen.

Christmas Seals for '23 Mailed from Austin to Business Firms of City

A novel idea of selling Christmas Seals was adopted by the Texas Public Health Association this year, when H. A. Wroe, treasurer, mailed to most of the business firms of the state these Christmas Seals in varying amounts as the firm was likely to use, and asked that the firm send in a check for the amount of the stamps. A stamped envelope was enclosed for reply.

The idea is a good one, and is meeting with hearty response from the business men of the state.

The Christmas Seals are used to fight tuberculosis in Texas, and the waging of this constant warfare during the past twenty years has reduced tuberculosis by fifty percent.

The closing paragraph of the appeal reads: "Just enclose your check—Don't lay this down with a frown, Simply Smile and Do It Now—it may be someone's life you help save, a mother, or perhaps a little child."

H. A. Wroe, treasurer, is one of the biggest men in Texas, and his connection with the Texas Public Health Association is a guaranty that the money is well invested.

BOOK CLUB POSTPONED.

The meeting of the Woman's Book Club which was to have been held yesterday was postponed until next Wednesday.

THE HOUSE RAISING

One day long ago father came in and said, "Mother, the logs are cut, and the boards are made. All of the logs and the boards are on the ground, so get ready for the neighbors. We will raise the house next Thursday."

Those were busy days, getting ready for the house raising.

The day came; the neighbors came, and a happy, willing, helpful crowd they were. Up went the logs and the rafters, and when the sun went down we had a new house.

The house could never have been built but for the help of the helpful friends.

That was long ago, but I have never forgotten the lesson learned on the house raising occasion; that is, we are dependent on others.

We Methodists are building a house—a good one—building for the years—one that will be a credit to the town and county. Every interest in Canyon is helped by the building of this church.

We need help, and we believe the great hearted people of Canyon want to help.

We confess that the logs are too large and the rafters too heavy for the Methodists to raise alone.

We are thinking of inviting the citizenship of Canyon to a house raising.

We want one thousand contributors to this house building fund, and we are coming to see you, and ask you to be one of a thousand to put some money in our pretty church.

About January 20th we hope to place the corner stone. Every one who has paid some money will have his name on parchment paper and the complete list will go into the corner stone that day.

Get ready to help us. Think it over and put down what you can give in the next few months.

Put down something for yourself, the children, a loved one—every member of the family, if you like.

All right, what do you say—one of a thousand raising a house for God in Canyon!

If you have already contributed, this is a note of thanks to you.

With a cash boost and a prayer we will put it over!

M. M. BEAVERS, Pastor Methodist Church.

SECOND BIG SNOW OF FALL COMES ON MONDAY, AND LAYS IN BIG DRIFTS ALL OVER THE PANHANDLE SECTION

ONE OF HARDEST BLIZZARDS IN YEARS COMES OVER SOUTHWEST—SNOW AMOUNTS TO 7 TO 10 INCHES IN RANDALL COUNTY—NO STOCK LOSSES REPORTED.

Good Business

Almost every man has too much of a tendency to think that he is the whole show in himself; and there is too general a disposition to individualize at the expense of the community.

If every individual fights for himself, and pinches and saves every penny, even then he can't make any more money unless the community prospers.

The community business is like any other business in this year of 1923.

It won't grow and prosper unless the men who compose that business are working in an organized way for the good of that business.

Carrying a dead load of men who will not do anything in team work will slow down any business on earth, not excepting cities.

Five or ten per cent of aggressiveness is not sufficient to throw life and progress into any business on earth.

Snow amounting to eight to ten inches fell in Canyon Monday, followed by the coldest weather of the year.

The snow came with a high north wind, which banked the snow in drifts and made the roads almost impassable in all directions.

A sleep continued to fall most of Tuesday, which put a bad crust on the snow. One of the hardest freezes of the year came last night, which will delay the melting of the snow.

The sun came out bright this morning.

It is reported that the storm was much worse in New Mexico, with a genuine blizzard Monday and Tuesday. Three people were frozen to death near Clovis.

Johnson Picked Strawberries Last Wednesday—Blooms on Plants

Strawberries in December! Right from a patch here in Canyon, and blooms on the vines!

That is a fact at the B. T. Johnson home. Mr. Johnson picked a hand full of good ripe strawberries from the vines last Wednesday, and states that there were blooms on the vines when the last snow came and covered them up again.

The strawberry patch was covered with snow two weeks ago when the big ten inch snow fell. The cold did not damage the plants, and the berries matured.

It is hard to say yet whether this last snow will kill the blooms or not, but since it is colder this time, Mr. Johnson may be deprived of his luscious berries from now until spring.

CHRISTIAN ENDEAVOR EXECUTIVE COUNCIL HOLDS MEETING

The Executive Council of the Christian Endeavor of the Presbyterian church met in their regular monthly business session at the home of Mr. Emmett Hazlewood Monday evening, December 3, from six to eight. The meeting was called to order by the president and each committee responded with a report of the work done the previous month.

Miss Looney then gave a report of her visit to the district council meeting and plans were formulated and discussed for the District Convention which will be held here in the spring. Everyone was urged to be thinking about this convention and help put the society on the map by having one of the best Panhandle District Conventions ever held. The meeting adjourned with the Mizpah benediction.

SATTERWHITE STRIKES BACK

Hon. Lee Satterwhite, member of the legislature from this district, and editor of the Panhandle Herald, answered critics of the legislature in last week's edition of his paper:

Why don't some of you editors who are constantly bemoaning the low standard of the membership of the Texas Legislature get out and ask your constituents to send you to Austin so you may help raise the standard?

Very neatly put, Lee. Thank you! It is the think we would liked to have said.

The News cussed the legislature as much as any newspaper in the state until it soaked through our noodle that the legislature was only the mouth-piece of the people of the state. If the legislature hasn't any sense, then it speaks the language of the people who sent the representatives to Austin. If the people are content to just let any body go to Austin, and are unconcerned to as the type of men who go as their representatives, then indeed the democratic government becomes a frost and a fraud.

There is no use saying that good men won't go to Austin, or cannot be elected to office. True it is that many misfits get to Austin—men who do not understand the principles of government, or the needs of the state. But this type is the exception, and if they do get there, no one is to blame except the people of the district who voted for them. Why cuss the legislature? Why not educate the people?

We wonder how many critics of the legislature ever made an honest attempt to raise the standard, as Mr. Satterwhite suggests? We do not mean to attempt to elected a friend whose hobby horse is our hobby, or some friend who has an axe to grind—but an attempt to bring out a leading citizen of his community or his district, a man whose integrity is unquestioned, a man who is a leader, and has sense enough to be a real legislator? We believe that most of the critics of the legislature will find that they have contented themselves in attempting to get out a friend who is no stronger than the man elected, or have done nothing in the matter except criticize the men elected.

We do not say that the legislature is ideal, and could not be improved upon. Even Mr. Satterwhite will no doubt admit that, and he has been a distinguished member of the lower house, serving with credit to his constituency. But we do maintain that in the legislature is as sorry a bunch as some of our newspapers and other citizens maintain, then the people of Texas deserve the abuse being heaped upon the heads of the men who are making an honest effort to serve their state.

THE PRESIDENT SPEAKS

President Coolidge has broken the silence that has prevailed at the White House since he took office four months ago. The occasion is his message to the Congress.

The President's message is a document of sincerity. Those who have studied the public and private life of the President would expect none other than a frank statement of public affairs as they appealed to him. But his frankness far surpasses that of any president who has appeared before the American people. His frankness is refreshing. It shows that President Coolidge is no coward, and is not afraid to stand by his guns even though a presidential election comes next year and he will no doubt strive to be the banner bearer of the republican party.

The President states his position on leading questions in a language far from that used by the professional politician. He does not mince words. He says that he is opposed to a bonus for the ex-service men. Had he been a politician, he would have gum-shoed the question and let Congress wrangle over it, hoping it might be defeated without his veto. As the question now stands, the measure is vetoed

The President demands reduction of before it passes, or is contemplated by the Congress. The politician has linked the bonus and reduction of taxes together and says we cannot have both. The President takes each question separately and opposed the bonus, but demands the reduction of taxes for the sake of reduction itself.

There is an element in Congress demanding that Congress help the farmers by price setting. The President is opposed to this program, and leaves the farm problem up to the farmers. The politician would not dare make such a statement. A cool headed statesman makes his position clear on the question.

The President lays on the shelf the League of Nations question, and says we are not interested in this foreign organization. He is for the World Court.

On through his message, the President deals frankly with public questions. His frankness is refreshing. His position on most question is directly opposed to the views of Hiram Johnson, with whom he must contend for the Republican nomination. His message is going to furnish Johnson ideal campaign thunder, and the radical forces will not hesitate to use this message against the President.

The republican campaign is going to furnish most interest to the nation during the coming summer.

Senator La Follette look a junket trip to Europe during the summer, as most of our Senators and Representatives did. All came back having seen just what they went to look for. That is perfectly natural. If a man looks for a doughnut, he can usually find one. If he looks only for the hole in the doughnut, that is all he can find. At any rate, La Follette comes back very much disturbed that the French are breaking the treaty of Versailles! Why is that any business of ours? La Follette was leader in the group of the Senate which refused to participate in European affairs, and caused the United States to repudiate the treaty of Versailles. Why tear our hair over a thing that is of no concern to us—as La Follette and his crowd have been preaching to us since the day Woodrow Wilson helped make the treaty of Versailles. Another of the La Follette crowd, Brookhart of Iowa, came back from his junketing trip and made the statement that Russia was the best governed nation in all Europe! It is a laugh to see that crowd perform, and yet the sad part of the story is that the little bunch of radicals in the Senate are actually controlling affairs of the United States, and Hiram Johnson as presidential candidate for this bunch is going to

be a big factor in the coming presidential election.

The depreciation of the mark has vastly enriched the rich of Germany, and made beggars of the poor. Hugo Stinnes, the richest man of Germany and a keen financier, took advantage of the condition he was able to force and has multiplied his riches many, many fold. He was known to be very wealthy, and therefore had unlimited credit. The mark started to tumble, he bought property on all hands. The purchasers were glad to hold a note signed by the great Hugo Stinnes. When settlement day came, the holder of the notes found that Stinnes was able to pay off the notes with marks which were practically worthless, and they found that Stinnes had simply taken over their property and given them nothing in return. Nothing short of a bloody revolution can settle affairs in Germany, and a monarchy will likely succeed the revolution.

The snow and wet weather all fall has been hard on business. But the

future looks bright, because these conditions make almost certain for a bumper crop next year. While future prospects don't pay bills today, Panhandle folks don't live alone for the present. They have the happy faculty of looking over the fence into tomorrow, and are keen in anticipating the bright things of the future and living for the good things that the future promises.

Ewing Thomason of El Paso will not be a candidate for Governor because it costs too much. Thomason was one of the most prominent candidates in the election four years ago, and was expected to be in the race next year. Thomason is a safe, sane man, and West Texans will regret that he is not to enter the race.

The money derived from the sale of Christmas Seals goes to fight tuberculosis in Texas. The Christmas Seal is not a part of the Red Cross, but a different organization, devoting its energies strictly to the big problem of tuberculosis. The fact that tu-

berculosis has been reduced fifty percent in the past twenty years since the organized fight was started, is sufficient evidence to prove that the fight is worth while, and that the men and women in charge of the campaign know their business. Place Christmas Seals on your letters and packages and help in a worthy cause.

Most merchants throw a fit when a farmer sends away for some merchandise, and then turn around and order a bunch of printing from a mail order house in Ft. Worth, Dallas, St. Louis, or some other town. The merchants are generally as bad sinners about patronizing mail order houses for things that may be bought at home as any other class of people.

A THOUGHT FOR THE WEEK

There has been a pronounced tendency within recent years to rely upon legislation as the cure for every evil and as the remedy for every problem. This ignores the fact that legislation has decided limitations and that the settlement of many of our most dif-

ficult problems rests, in the final analysis, upon the character and quality of the electorate and that the character and quality of the electorate rests in turn upon religion and education. The great Washington said: "It is impossible to rightly govern the world without God and the Bible." The modern tendency is to lean more on legislation than on religion and education. Legislation represents all the frailties, imperfections, and experiences of human nature. Too frequently remedial legislation, even where properly directed and well advised, falls into unfriendly hands and a law, good in itself, is transformed into an evil agency through mal-administration by unworthy and incompetent individuals. We cannot, therefore, pin our faith too strongly to legislation. We must strive to improve the individual.—Wm. G. McAdoo.

By marking the approaches of the main thoroughfares with the sign, "Arterial Highway," Wisconsin compels its motorists to avoid "right of way" misunderstandings at crossroads. Every motorist confronted with that sign must come to a full stop and then cross or swing into the arterial highway on low gear. It makes no difference whether he approaches the arterial highway from right or from left, or whether an unobstructed view shows him that nothing is coming in either direction: he must obey the rule or pay a heavy fine.

From the Laurentic, which was torpedoed in shallow water off the Irish coast during the war, the British government has recovered \$32,500,000 worth of bullion. The success of the undertaking has raised hopes that other ships, sunk in deeper water, will also yield their treasures. Approximately sixteen hundred ships were sunk by submarines, most of them near the coasts of Britain and France, in water perhaps one hundred feet deep.

Farmers who suffered from the usual pliferings of motorists the past season might try the plan that a summer hotel manager adopted. He had planted a flower garden, but the guests broke off blossoms whenever they pleased and were not particularly careful to avoid injuring the plants. Signs, "Do not pick the flowers," had little or no effect, but when the proprietor repainted the signs to read "Flowers for sale" the depredations stopped immediately.

To relieve rheumatism, sprains, lame back, lumbago or pleurisy, Ballard's Snow Liniment is a remedy of proven merit. It is very powerful and penetrating. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by City Pharmacy.

Dramatic Club Presents "Romancers"

Act One of "The Romancers," by Rostand, given by members of the Dramatic Club at the Club's meeting last Wednesday afternoon at 8:30, was very well acted, although the play is generally considered to be a very difficult one to act. The setting was extremely pleasing, and the garden wall scene was very realistic. The first act of the play was really a complete play in itself.

In the cast of characters were Chester Day, who played the part of Percinet; Mavis Smith, Sylvette; Willie McCarty, Bergamin; Edward Gerald, Pasquinobe; and Archibald Lang, Straforel.

When the Rhodes Scholarships were first offered some people feared that the American students who won them would become Angelized by their life abroad. That they have not turned English is plain, and now many American boys besides Rhodes scholars go to England for a year or two to do graduate work. The London Times estimates that there are now five hundred Americans in British Universities. Nearly two hundred students from the British Isles are studying in the United States.

Getting students to think for themselves, a subject that college presidents have been discussing lately, is by no means a new problem. Sir Joshua Reynolds once made the cynical remark, "There is no expedient to which a man will not resort to avoid the real labor of thinking."

Former Buffaloes Making Records as Athletic Coaches

Athletic coaches trained at the West Texas State Teachers College are making a success in their work with the various schools over the southwest, according to S. D. Burton, head coach. Coach Burton points with pride to some of the athletes who have been trained by the college since its foundation and that have become coaches of great ability.

Elmer Shotwell, who has coached the Abilene high school for several years is a four-year letter man from the West Texas State Teachers College. Shotwell's team played Waco for the state championship last year and is making a strong bid for the championship at present.

O. W. Middleton is coaching the McAllen high school which recently lost the South Texas championship to Corpus Christi.

Bernice Graves is coach of the Sul Ross State Teachers College and has made a good record with that team this year.

Clyde Gordon is coaching at Marietta, Okla., and has a good team. Law Sone, member of this year's Buffalo squad, coached the Marietta team last season.

Enoch Dawson is coaching the Tulia high school for the first year this season.

Coaches from the West Texas State Teachers College have been in demand for the past few years.

A clock is not the only useful mechanism that can be displayed to public view in tower or steeple. The German city of Munich has recently set in the tower of the museum a huge dial that shows the height of the barometer. The mean barometric figure for Munich appears at the top, and the passer-by has only to notice whether the hand points to the right or to the left of that mark to know the tendency of the weather.

The word "Adirondacks" is an Indian word meaning "wood-eaters," a derisive term given a defeated Indian tribe who were driven to the mountains by the victorious Iroquois and forced to live there on berries and bark.

Coach Burton Lining Up Football Games for Fall of Next Year

Coach S. D. Burton attended the meeting of the T. I. A. A. coaches at Dallas last week, to arrange for football games for next fall.

Coach Burton states that games so far assured as with Panhandle A. & M., Abilene Christian College, Simmons, New Mexico University, New Mexico Military Institute.

Coach Burton is attempting to arrange games with Trinity, with Phillips University of Enid, Okla., and with the Southwestern Teachers College of Weatherford, Okla.

Hon. Lee Satterwhite Speaks at Chapel

Hon. Lee Satterwhite, member of the State Legislature and candidate for Speaker of the House, of Panhandle, Texas, spoke to the students Thursday morning during the chapel period on "Educational Problems in Texas."

Mr. Satterwhite discussed the increasing cost of our educational system, and attributed the rising cost to the increase in length of school term, salaries of teachers, and the establishment of new state institutions of higher learning. The appropriation in 1911 for state educational institutions was \$1,138,000 as compared with \$6,000,000 in 1922, but there have been four Normal Colleges and several branches of other institutions established since then. The number of students has increased from 3,200 to 14,000 during these twelve years.

Mr. Satterwhite emphasized that complaints made against high taxes should be directed against local and federal taxes instead of the high cost of education for the appropriation purposes is small as compared to the amount levied for local and federal purposes.

Football Men Will Banquet and Elect Captain on Tomorrow Night

The members of the 1923 Buffalo football team will banquet Friday night at the Home Economics Department.

A captain for the next season will be elected at this banquet.

In addition to the members of the squad, the Athletic Committee of the College will attend the banquet.

Mrs. Warner Speaks To Student Body

It was the good fortune of the student body to hear Mrs. Phebe K. Warner of Claude speak Friday morning at the chapel period. Mrs. Warner writes for the Star-Telegram and takes an active part in the progress of the Panhandle.

Mrs. Warner emphasized the importance of staying in school until graduation. Sticking to school means preparation for the big job, and many students who quit school will realize their mistake when they see that the position they desire to obtain is open only to degree men. She urged the girls not to give up their education to make a home, because, in order to fulfill her duties as a citizen, the woman of today must have the advantages of higher education as well as the man.

Mrs. Warner firmly believes that the much needed reformation of the world must come through the schools. The home is the natural institution in which to begin this reformation, but since the average parent is only a sixth grade parent and one out of every four homes is being broken up, the responsibility rests upon the school. Teachers must prepare themselves for this responsible of imparting the rights ideals to the children under their supervision.

CAGE PRACTICE ALREADY BEGUN

BUFFALOES OUT FOR T. I. A. A. CHAMPIONSHIP.

Coach Lancaster and a number of Let-
ter men have formed a formidable squad.

With the 1923 football season history, Coach Burton and Assistant Coach Lockhart are now turning their attention to basketball and every day sees a large number of athletes working in the College Gymnasium and gradually getting into shape for some strenuous training which will likely begin after the holidays.

Captain Joe Lancaster will lead a veteran team into the T. I. A. A. Conference race this season. Hale, Lewis Hill, and Mitchell are perhaps the three greatest scoring players in the T. I. A. A. conference. Hale and Hill are forwards and were generally accepted as the best in Texas college circles last year. Mitchell has never been equaled at the central position. He is undoubtedly one of the best offensive players in the state at center and fits perfectly into the scoring combination—Hale, Lewis Hill, and Mitchell. Davis Hill is a letter man of the utility type and can take his place anywhere on the court and play a creditable game with the squad. Lancaster is a big hard-playing guard and has proven himself valuable to the quintet for three years. Lancaster will not have the giant, Everett Key, or the scrapping "Jew" Clifford Henry, with him this year as one guard position must be filled from the material outside of the veteran stars. Roy Golden, stellar Buffalo tackle and in past years a letter man in basketball, will contest for the other guard position. There is a likelihood of Davis Hill being used there. Law Sone, a former letter man is steady at the defensive position. Lee Patton, Yearling forward of '22, may have a chance to shift to guard and try for the place. Foye Terry, a former letter man at forward, makes up the list of veterans that will form the cage team.

In addition to the above named players, the coaches have Wesley Townsend, All-State Interscholastic center selection from Ralls last year to consider. Townsend is a rangy player, a good jumper, and a consistent scorer. Vaughn, '23 Yearling forward, may be out looking for a place this year. "Jack O'Keefe" Muncy is a hard fighting and speedy guard that is a threat for that position in the selected group. Pearson, a Yearling guard, is out hunting for a letter and will be in the game scrapping. Herschel Jennings of Tulla was a star high school player in basketball and football. He made his letter in football here this year and is after another in basketball. Otello Herm is a three-year letter man from Grubbs Vocational College, and promises to make a great player for W. T. S. T. C.

The schedule for practice until the holidays is: Monday, 3:30-5:30; Tuesday night, 7:00-8:30; Wednesday, 4:30-5:45; Thursday, 4:30-5:45; Friday night 7:00-8:30; Saturday, 3:30-5:30. Beginning with the new year it is said that track practice will be held in the afternoon and basketball at night.

YEARLINGS WIN FROM HEREFORD

DEFEAT HIGH SCHOOL TEAM BY 38 TO 0 SCORE.

Last Game of Season; McGee, Ward, and Hale Stars for Yearlings.

The Hereford High School football team went down before the charging Yearlings 38 to 0 last Thursday. It was one of the cleanest games which the Yearlings have played this year.

The Hereford Steers elected to receive. Russell Mitchell drove the ball down the field into the shadows of the goal posts, and the battle was on. Hereford was held for four downs and punted. A series of silent plays by the Yearlings put the ball in close striking distance of the goal line, and on the four down Hale passed to Haley for the first touchdown. From that time until the end of the game, the Yearlings stamped up and down the field, almost at will.

The line bucking of McGee and Ward, and the return of punts by Hale were features of the game. Mitchell was strong on kickoff, his work being enough to strike consternation into the heart of any steer, Hereford or otherwise. The line worked especially good at opening holes, and was strong on defense. The whole team worked well, though they had but little training for two weeks.

Too much cannot be said of the good sportsmanship shown by the Hereford team. They were clean players, did no squabbling, and fought hard through the whole game. It was a pleasure to meet such good sports. "May their tribe increase."

With the final whistle of the game, the Yearling football season for 1923 passed into history. The Yearlings got off to a slow start, but grew stronger as the season advanced until they had a real herd of Yearlings. A few outgrew the others and roamed off into Buffalodome, but they got their start as Yearlings. With a little more experience and age, there will no doubt be more fighting Yearlings to graduate into Buffaloes. May we all be here to join in the big stampede of 1924.

PLANT SOME TREES—NOW!

Six Basketball Games Will be Played by the Buffaloes at Home

The Buffalo basketball team will play six games on the home floor and nine games away from home.

The six games at home are two each with Abilene Christian College, Sam Houston Teachers College and New Mexico Military Institute.

The nine games away from home are two each with Simmons, North Texas Teachers College, Oklahoma A. & M., New Mexico Military Institute and one with Central Teachers College of Edmond, Okla.

The new ball room floor of the Savoy Hotel in London has just been re-laid. Balkan oak, from a village near Sofia, after seasoning for ten years, was brought to England where it was baked for twelve days at a temperature of 100 degrees for perfect resiliency. Nine thousand two hundred pieces of treated oak were laid and for thirty-six hours men pressed it with electric irons. This Savoy floor is made to bear 250 tons of dancers.

By developing electric light to an intensity one-fourth that of the sun's rays, experimenters have been able to make flowers bloom at a pre-determined time, and to mature vegetables in from two to three weeks' less time than normally transpires between planting and ripening.

There are many wild horses on the island of Iceland. Formerly they were shipped to England for use in the mines, but that market is closing since mining machinery was adopted.

Modern methods of killing whales threaten extinction of the great mammals in southern waters. They have nearly disappeared from the waters of the North.

Help Keep Canyon Clean!

Summer School Will Run Twelve Weeks on a 5 Day Schedule

The West Texas State Teachers College will continue for twelve weeks in the summer session of 1924, instead of for ten weeks, as has been the rule for the past two years.

Another change of importance will be to maintain a five day class schedule instead of the six day schedule as was put into effect two years ago.

The change is made to be in keeping with the other Teachers Colleges.

Of the 700,000 school teachers in the United States, 300,000 have never had regular public school training above the seventh grade, says the president of the University of Minnesota. Salaries are too low to permit adequate training.

RENEWED TESTIMONY

No one in Canyon who suffers backache, headaches, or distressing urinary ills can afford to ignore this Canyon man's twice told story. It is confirmed testimony that no Canyon resident can doubt.

R. E. Hileman, prop. bicycle shop, says: "I found positive relief in using Doan's Pills for lameness across the small of my back and for my kidneys. I can conscientiously recommend them for lumbago and for embarrassment caused by the kidney secretions. I am quite over all difficulties of that nature since I used Doan's."

OVER EIGHT YEARS LATER, Mr. Hileman said: "Since recommending Doan's Pills, I have taken them whenever in need of such a remedy. Doan's have never failed to give instant relief."

Henry Long Cleared by Amarillo Jury for Killing John Wallace

Henry Long was freed Friday in the Potter county district court on the charge of killing John Wallace in Amarillo on October 15. The jury returned a verdict in thirty minutes after receiving the case.

Long plead self-defense. A large number of witnesses from Canyon were used by both the state and the defense, as this was the home of the slain man, and was likewise the home of the Long family until recently, when they moved to Amarillo.

Mrs. Long had filed a suit for divorce against her husband, but since the case had not been tried, she was not allowed to testify in the case.

A Virginia editor threatened to publish the name of a certain young man who was seen hugging and kissing a girl in the park unless his subscription to the paper was paid up in a week. Fifty-nine young men called and paid up the next day, while two even paid a year in advance.

CITATION BY PUBLICATION
THE STATE OF TEXAS,
To the Sheriff or any Constable of Randall County—Greeting:

You are hereby commanded to summon The Unknown heirs of M. Wren, deceased, their heirs and legal representatives by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein; but if not, then in any newspaper published in the 47th Judicial District; to appear at the next regular term of the District Court of Randall County, Texas, to be held at the Court House thereof, in Canyon, on the 1st Monday in January, A. D. 1924, the same being the 7th day of January, A. D. 1924, then and there to answer a petition filed in said Court on the 12th day of December, A. D. 1923, in a suit numbered on the docket of said Court, No. 963, wherein The Panhandle Construction Company, a co-partnership, composed

of John Dalrymple and Homer D. Grant, Plaintiff, and D. T. Wren, and the unknown heirs of M. Wren, deceased, their heirs and legal representatives, defendants, and the nature of plaintiff's demand being as follows:

Plaintiff respectfully shows to the court that defendant, D. T. Wren, residing in Potter County, Texas, and is a son and one of the heirs of M. Wren, deceased; that the other heirs, their heirs, and legal representatives of the said M. Wren, deceased, are unknown to plaintiff.

That heretofore, to-wit: on the 6th day of February, A. D. 1922, the City of Canyon, a municipal corporation in Randall County, Texas, acting by and through its City Council, passed a resolution ordering a special election to be held in the said City of Canyon, on the 11th day of March, A. D. 1922, to determine whether or not the resident property tax payers, who were qualified voters in said city would adopt and accept the benefits of Title 22, Chapter 11 of Revised statutes of Texas confirming on the governing property of said Canyon City, the power and authority to improve the streets and highways of said city, and to assess three-fourths of the costs thereof against the abutting property owners thereof, and to assess the costs of constructing side-walks and curbs against the property abutting on such improvements and the owners thereof.

That due and legal notices were given of the said election, and the same was duly and legally held at the time and place provided for in said resolution and notice. Said election being held on March 11, 1922, which was more than thirty days after said notices had been given.

That thereafter the said returns were duly and legally opened and canvassed by the city council and the results thereof declared by them, which was that the election had carried in favor of said resolution—a majority of the voters participating therein having voted for said resolution and to accept the benefits and provisions in said chapter and title in said statutes. That thereafter the said council provided for, gave notice of, and granted hearings to the property owners of the said City of Canyon, as required by the statutes, and in accordance therewith a legal notice was sent addressed to the M. Wren estate at Claude, Texas, same being the last known address of the representatives of the said M. Wren estate.

That in pursuance of said election the city council of said Canyon City did on July 18, 1922, pass an ordinance in accordance with the results of the said election heretofore referred to, providing for the paving of the streets of Canyon City, Texas, and assessing the abutting property owners for their proportional part of said paving.

That on the 14th day of July, A. D. 1922, the said city council entered into a contract with the Panhandle Construction Company, Plaintiff, for the construction of the paving and street improvements herein above referred to.

That on the 6th day of November, A. D. 1922, the said city council acting by its duly qualified and acting mayor, J. D. Gamble, issued to plaintiff special street paving assessment certificate number eight (8), a copy of which is attached hereto marked "Exhibit A" and made a part hereof being the same certificate upon which this suit is brought and action is based and being for the sum of Two Hundred Six and No-100 Dollars (\$206.00) with interest thereon at the rate of 8% per annum from date. That said certificate was issued to plaintiff herein for work done and performed in paving the street in front of and abutting upon lot number one (No. 1) in block number fifty (No. 50) fronting thirty (30) feet on the south side of Evelyn street in the town of Canyon City, Randall County, Texas, which said property belongs to the heirs of M. Wren, deceased.

That although two installments provided for in said certificate are long past due, no part thereof and no interest on any portion of said certificate has been paid, to plaintiff's damage.

That said certificate, among other things, provides that if default is made in the payment of any installment of the principal or interest on the holder of the whole of said amount provided for in said certificate shall at once become due and payable, and further provides that a reasonable attorney's fees shall be added thereto.

That plaintiff further charges that by reason of the default in the payment of said installment plaintiff has and does hereby elect to, and declares, the indebtedness evidenced by said certificate due and payable, and in order to enforce the collection thereof it has become necessary for plaintiff to employ an attorney to assist him in the collection, and has employed W. J. Fleisher, a practicing attorney at this bar to assist in the collection of said certificate and to bring suit thereon and as a compensation for his services agreed to pay said attorney the sum of Seventy-five and no-100 Dollars (\$75.00) as attorney's fees, which plaintiff charges was both necessary and reasonable. That by reason of the premises, the default in the payment of said certificate and installments and by reason of his having to employ attorney he has been damaged in the sum of the full amount of the principal and interest of said certificate, together with the \$75.00 attorney's fees.

Premises considered plaintiff prays that the defendant be cited to appear and answer this petition and upon final hearing hereof the plaintiff have judgment against all the defendants for the full amount of said certificate, principal and interest and attorney fees for foreclosure of this lien against the above described property, for costs of suit and such other and further relief both special and general as plaintiff may show himself entitled to either in law or in equity.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Canyon, Texas, this 12th day of December, A. D. 1923.

(Seal) ETHEL WOODS, Clerk, District Court, Randall County, Texas.

A true copy, I certify.

W. C. BLACK, Sheriff, Randall County Texas.

BAPTISTS STUDY CLASS BUILDING

LOCAL PASTOR IS TEACHER OF STUDY COURSE.

Model Class Organized by Baptist Students, Who will Study Until December 15th.

"Building the Bible Class—a Study in Senior and Adult Work" is the title of a Book on Sunday School class organization which is being taught five days each week to a group of Baptist students by Rev. Lyn Claybrook, pastor of the First Baptist Church. The class was started Friday afternoon with an attendance of about fifteen students—most of whom are officers in the Canyon Baptist Sunday School classes—and will continue meeting every day except Sundays and Wednesdays until December 15. Rev. Claybrook states that "it has been thoroughly demonstrated that adequate organization intelligently administered is a great factor in filling our Sunday Schools, and it will be the purpose of this study to examine the methods which have been used successfully in the best Sunday Schools of this country." All the students who finish the course and pass the written examination will be awarded a diploma.

In order to demonstrate the working of the principles studied, a model Sunday School class was organized Friday afternoon. This class is composed of the students taking the course, and in every essential particular is identical with standard senior classes. At the beginning of each study, the class discusses the problems that arise, and exchange ideas concerning the work of the different officers and its relation to the Sunday School plan.

The officers of the model class are: Olin E. Hinkle—President. Lillian Atkins—First Vice-Pres. Birdie Lee Burkhalter—Sec. V-pres. Ruth Newton—Third V-pres. Alma Burks—Secretary. Fernie Bowman—Treasurer. Lucille Reid—Reporter.

CITATION
THE STATE OF TEXAS, To the Sheriff or any Constable of Randall County, Greeting: You are hereby commanded to sum-

mon Lee Perry, whose place of residence is unknown, the unknown heirs, their heirs and legal representatives of Lee Perry, deceased, whose names and places of residence are unknown, by making publication of this citation once in each week for four consecutive weeks, prior to the return day hereof in some newspaper published in your County, to appear at the next regular term of the District Court of Randall County, to be holden at the Court House thereof in the town of Canyon, Texas, on the first Monday in January, 1924, the same being the 7th day of January, 1924, then and there to answer a petition filed in said Court on the 24 day of November, 1923, in a suit Numbered on the docket of said No. 988 wherein Mollie C. DeGraff-foreid is plaintiff and Fannie M. Wyatt, Mabel Wyatt Cole, L. D. Cole, Jack C. W. Yates, Frances Wyatt, Berah W. Barnes, S. A. Barnes, Ira Wyatt Kindel, Ralph Kindel, George S. Wyatt, Janie Perry, Anna Maude Smith, R. L. Smith, Lee Perry, the unknown heirs, their heirs and legal representatives of Lee Perry Deceased, are defendants, the cause of action alleged in said petition being as follows: Plaintiff alleges that on September 23, 1920, she was lawfully seized and possessed of the following described lands, situated in Randall County, Texas, holding and claiming the same in fee simple title, which lands are described as follows:

All of the North one half (1/2) of Block Number Eleven (11) of the Heller Addition to the town of Canyon, in Randall County, Texas.

That on the day and year aforesaid, defendants unlawfully entered upon said premises and ejected plaintiff therefrom and now unlawfully withhold from her the possession thereof to her damages in the sum of Five Thousand Five Hundred (\$5,500.00) Dollars, and that the reasonable annual rental value of said land and premises is the sum of Four Hundred (\$400.00) Dollars.

Plaintiff further alleges that on September 20, 1920, she sold said land and premises by executory deed of conveyance to G. S. Wyatt and S. B. Perry, and as a part of the consideration therefor, the said G. S. Wyatt and S. B. Perry executed to her five certain vendor lien notes each in the sum of One Thousand (\$1000.00) Dollars which were made due and payable in 1-2-3-4- and 5 years after date, to the order of the plaintiff. That note Number 1 of said series of notes was paid and that the remaining notes are now due and payable under their terms and that in said deed of conveyance as well as in said notes a vendor's lien was retained to secure the payment of said notes, against said land.

That under and by virtue of said deed the superior legal title to said land and premises remained in plaintiff until said notes were paid and that the last four of said notes are unpaid and that by reason thereof, plaintiff is entitled to a cancellation of said deed of conveyance.

That the said G. S. Wyatt and S. B. Perry each died intestate during the year 1922; that no administration has been had upon their estates and none is necessary and that the defendants above named are the sole and only heirs at law of the said G. S. Wyatt and S. B. Perry.

That by reason of the premises, plaintiff prays for judgment for title and possession of said land, for writ of restitution and rents, costs of suit and that the deed of conveyance above mentioned be cancelled and for general, special, legal and equitable relief. Herein fall not, but have you before said Court on the first day of the next term thereof, this writ, with your return thereon showing how you have executed the same.

Given under my hand and seal of said Court in the town of Canyon, Texas, this 24 day of November, 1923. (Seal) ETHEL WOODS, District Clerk, Randall County, Texas. By R. C. Brown, Deputy. A true copy I certify. W. C. BLACK, Sherriff. By Jno. Fry, Deputy. 3674

DALLAS NEWS SPORT EDITOR PLACES JOHNSON ON FIRST TEAM T. I. A. A.; BURSON ON 2nd; MITCHELL ADAMS ON 3rd

The selection of the outstanding players of the various conferences is the big in-door sport since the closing of the football season. Each sport editor and each coach has been called upon to make his choice, and opinions vary.

The Dallas News has selected Captain Bartow Johnson for a berth on the first team of the T. I. A. A.

The News sport editor arrived at his decision through seeing a number of the teams in action, and from a questionnaire sent to the various football coaches.

Burson is placed at full on the second team of the conference.

Mitchell is given end and Adams given guard on the third team.

The first team is as follows:

Ends, Miller (North Texas); Hale (Rice); tackles, Kallina (Southwest Texas), Morgan (Austin); guards, Johnson (West Texas), Poe (Austin); center, McKay (Sam Houston); quarter, Allred (Austin); halves, Slack (North Texas), Saxon (Austin); full, McAllister (Howard Payne).

Second team:

Ends, Henderson (Howard Payne), Skipworth (Southwestern); tackles, Lowman (Southwest Teachers), Keaton (Howard Payne); guards, Wicker (Trinity), Taylor (Howard Payne); center, Rollins (Austin); quarter, Cheney (Howard Payne); halves, Morrison (Trinity), Swartz (Rice); full, Burson (West Texas).

Third team:

Ends, Mitchell (West Texas); Smith (Austin); tackles, Bactol (Southwestern), Fromm (North Texas); guards, Frnka (Austin), Adams (West Texas); center, Dickey (Trinity); quarter, Chambers (Rice); halves, Le May (Daniel Baker), Nelson (Austin); full, Camp (Simmons).

Austin College lead the T. I. A. A. in getting men on the first three teams, having seven men; Howard Payne is in second place with five men; the Buffaloes take third place, with four men; North Texas, Trinity and Rice each have three men; Southwest Teachers place two men and Southwestern two men; Sam Houston, Daniel Baker and Simmons have one each.

Buffaloes Piled Up 152 Points Against 76 Made by the Opposing Teams

The Buffalo football season may be counted a very successful one, in spite of the hard luck that accompanied the team throughout the season. The team piled up 152 points to their opponents' 76.

There was an even break on the number of games won—four won, four lost and one tie.

Had the Goodwin twins been in the line-up throughout the season, and had not Mitchell, Lancaster, Jenkins, Herm and others been in good condition throughout the season, the results would have been vastly different.

Some man was injured in practically every game this season.

The Buffaloes won from the Panhandle A. & M. College at Goodwell, 100 to 0; won from the University of New Mexico, 22 to 8; from Simmons College, 6 to 0, and from Clarendon College, 6 to 0. The first game with Clarendon was a tie, 6 to 6.

Games lost were, Howard Payne, 6 to 0; New Mexico Military Institute, 22 to 0; Denton, 14 to 6; Commerce, 20 to 6.

The female roles in Turkish theaters are nearly always played by American actresses, as Turkish women are forbidden any part in the theatrical performances.

Coach S. D. Burton Names Leading Men of the T. I. A. A.

The following selected for places on the T. I. A. A. honor teams was made by Coach S. D. Burton of the Buffaloes from the five teams seen in action:

First team: Ends, Mitchell (West Texas) and Miller (North Texas); tackles, Johnson (West Texas) and Henderson (Howard Payne); guards, Adams (West Texas) and McCasland (Simmons); center, Johnson (North Texas); quarter, Cheney (Howard Payne); halves, Slack (North Texas) and Camp (Simmons); fullback, Burson (West Texas).

Second team: Ends, Lancaster (West Texas); and Gibson (Simmons); tackles, Fromm (North Texas); and Wright (Simmons); guards, Jones (West Texas) and left guard (East Texas); center, Thompson (West Texas); halves, McAllister (Howard Payne) and Johnson (Simmons); fullback, Adams (Simmons).

In personally receiving representatives of the Lord's Day Alliance, President Coolidge said: "I profoundly believe in the Sabbath and have always recognized its sacred importance. I appreciate the work of your organization in doing for the preservation of the Christian Sabbath, and with you, I feel that we should give attention not only to physical aspects but also to the moral and spiritual phases of the Holy Day."

A jade amulet discovered at the San Juan de Teotihuacan pyramids near Mexico City, had the following engraved Chinese inscription: "The golden fish that passes by the Dragon's gate is converted into a dragon." The Chinese Legation readily interpreted the inscription which is a quotation from a very old Chinese lyric.

Sir Alfred Mond, British Jewish leader, was greatly astonished on his recent visit by the wealth of America. "The country is overwhelmed with money," he said, "I saw most of the financiers, bankers and leading industrialists, and they regarded anyone with less than \$50,000.000 as very small beer and would hardly look at him." The inference would be just that Sir Alfred saw few Americans.

"The people that came to this country in the early days were of the beaver type and they built up America because it was in their nature to build. Then the rat people began coming here to house under the roof that others built."—Secretary of Labor Davis.

Just Before Christmas

*JOHNNIE rises long 'fore day—
Wants to make the fire:
"Such a smart one!" neighbors say,
"Boy we all admire."*

*Never doin' things that's wrong,
Far from duty strayin',
Helps his mother right along—
Never catch him playin'!*

*"Not another boy like John!"
Proudly says his mother:
"Dunno how the world moves on,
Since they ain't no other!"*

*"Why is it Johnnie's workin' so!"
The eager children cry:
"Well, Christmas ain't far off, you know—
You'll find out by an' by!"*

cleared her throat and said: "Miss Tilly, if half the people in this town knew how good you were, they'd feel pretty small and mean. There isn't a person who looks after folks the way you do, and you won't let me say a single word about it."

Miss Tilly laughed. "What's the use? I get a lot of fun out of discovering what people need and then sending it to them. I feel like Santa's second cousin. Now, tell me about every-body."

"Well," began Mrs. Billings, "Pa Saunders said that of all things he'd like best was one of those little bulbs of Japanese lilies. Isn't that just like him? He needs wood for his stove, but he said he always hankered after seeing one of those bulbs grow, so I got half a dozen and a jar filled with pebbles."

"Yes," said Miss Tilly, "I'm glad he likes the lilies. We'll send some wood, too."

"And Miss Susie looked a little wistful and said she wanted some of those new fashionable boots with big tops and wrinkles at the heel!"

"Oh, dear Miss Susie!" laughed Miss Tilly again, "how absurd and lovable she is!"

"So I bought a black pair with astrakhan around the tops, or imitation. And all the children I spoke to wanted oranges and candy canes, so I've had five dozen of each sent up here. I selected ten wreaths from the little girl who isn't very well and makes them to help her mother earn money, and I bought half a dozen books for the folks who can't get about much."

Miss Tilly beamed. "Now, let's take them into the 'sunshine factory,' and do them up, or at least those things you've brought with you."

She led Mrs. Billings to a large room on the second floor. This room had no

Little Miss Was Discovered Hiding Nut Cake in Ashes on the Hearth

SEEMS like all good things come at once!" exclaimed Bob, aged ten. Tomorrow is Christmas with stockings, a tree, the best dinner of the year, a party at Grandma's, and now tonight, on Christmas Eve, mother has given us nut cakes with orange icing!

There were four children at the supper table with father and mother. The cakes had just been brought in, and all the four pairs of eyes were wide with pleasure. This was an unexpected treat. Usually suppers in this parsonage were affairs of bread and milk, and prunes or junket for dessert. Even father was a little elated over the nut cakes!

But little Frances was the most elated of all; for suddenly, right on the spot, a problem that had been troubling her for two whole days was solved. Yes, the nut cakes answered the problem to perfection. Carefully, and all unobserved, she slipped the delicious cake, with its delectable frosting (oh, little Frances knew very well how delectable orange frosting was!), into the big pocket of her pinafore. Frances liked cake as much as the rest of the parsonage brood—but what of that! There were things she liked even better.

Late that night father, the minister, heard a tiny creak on the stairs. That didn't bother him. But in a minute there came another creak, farther down. The minister began to listen. Then, last of all a creak at the very bottom of the stairs. The minister left the cosy library where he was sitting reading with mother and cautiously started to investigate.

In the back parlor, to which he tracked the tiny sounds, there was dim starlight. That is how he saw the little white figure over by the children's stockings. It was too little for Santa Claus, surely—even too little for a burglar. The minister switched on the lights.

There was five-year-old Frances in the act of placing a nut cake with orange icing on the hearth, right down in the ashes! Little Frances was not startled by the sudden light, for little Frances knew no fears. The world, finding her so tender and kind, had so far been tender and kind with her. "Hello, papa," she whispered. "This is for Santa, you see. I think it's a present he will 'preciate, don't you?" But Frances had more than her father's assurances. The gray dawn of Christmas showed her that Santa had appreciated her present; the cake was gone, down to the very last crumb.

AND SING LIKE EVERYTHING

The Christmas season's here, and so the world's all gay with mistletoe. Most everyone is making merry. Midst evergreen and holly berry, Good fellowship abounds—be sure To give of plenty to the poor, And don't forget the boys who spent Their youth to buy our sweet content; Remember those whose faltering feet Approach life's exit—time is fleet; Bring smiles to each beloved face, Assure them none could fill their place; Hold out a hand most cordially To those who've fared less fortunately; Forgive the ones that did you wrong, Then—then join in the Christmas song!

Find Snow Baby at Their Door

By LAURA ELAINE CAMERON

Lonely Couple Made Happy When They Discovered Abandoned Christmas Welf

WARREN TUCKER and his wife were lonesome. They had admitted that fact to each other several times during the evening in a sort of resigned tone as if there were nothing that could be done to improve the situation.

It was Christmas Eve and the world was waiting with eagerness for the morrow. All day the snow had been falling until now everything was covered with a blanket of downy softness. At intervals a sharp north wind came and drifted the snow into sheltered places, piling it up in great white heaps. It was a night when the warmth and coziness of home was very attractive, when men and women hurried eagerly to warm firesides.

But although a big fire was blazing upon the Tucker hearth and everything in the home bespoke warmth and plenty, it was not enough to make the Tuckers happy. For they belonged to that body of humanity that finds its greatest happiness in having a part in making the happiness of others, especially those of their own fireside. Up until a few months ago this ambition of theirs had always been satisfied, for upon their only daughter they had lavished all the wealth of affection that was possible. But all too soon she had grown to womanhood and a few months before had married the man of her choice, going to make her home in a distant city. Since that time their lives had been very empty and, as is usual in such cases, the advent of Christmas seemed to make them realize this fact more than ever. For all around them others had some of their very own to share with them the joys of Christmas time.

Suddenly on the silence that had fallen between them came a low, feeble wail—the cry of a little baby. They both jumped to their feet and stood in an attitude of listening. Then the sound came again, louder and lustier than before, and in a moment they were both at the door. "It's a baby!" they cried in unison, "a poor little abandoned baby!"

And sure enough it was a baby—a wee little mite of humanity that lay in the pile of snow that had drifted to the doorway. With tender hands they unwound the many wraps that encircled the tiny form, then a little cry came from the woman as the soft, rosy face of the child came into view: "Oh, Warren!" she whispered in a sort of awed voice, as she held the tiny form close in her arms, "let us keep this child for our very own. God must have known of the emptiness of our hearts and sent it to us."

"I think He must have surely done so," her husband answered reverently. "It will help to make up for Ethel's absence."

Austin Banker Compliments Printing Done by the News Plant

H. A. Turner, secretary of the Board of Teachers College Regents has written Cashier R. I. Graves of the First National Bank complimenting the Bank and the News on checks furnished for the Regents' account at the Bank. The letter follows:

"I beg to acknowledge receipt of the check book for the account of the Local Funds for the West Texas State Teachers College, and to congratulate you not only on the despatch with which this order was filled, but on the beautiful and neat check that you have and the printing done on it.

"I consider it one of the neatest and prettiest checks that I have seen from any bank."

Investigation will show that the News produces practically all of the really good printing that you see in Canyon. The equipment of this plant is far superior to most towns of 10,000 population, and the workmanship is the very highest class.

Invest your printing money in Canyon.

Beginning with the battleship New Mexico, which was authorized in 1915, the United States Navy has equipped all of its new battleships with electrically driven engines. The most important advantage of the system is that the steam-operated part of the driving machinery is not connected with the propellers by shafting. The turbine generators and auxiliaries can therefore be placed in water-tight compartments where they have the maximum protection, and the propeller motors can be so placed as to require only short propeller shafts, which penetrate few bulkheads. By reducing to a minimum the danger of a ship's being flooded when struck by shells or torpedoes the navy is producing ships that are almost unsinkable.

One of the largest unexplored areas in the United States lies in a triangular space between the Colorado and the San Juan river in southeastern Utah. An expedition of the National Geographic Society has begun a survey of the region primarily to determine whether it was once generally inhabited by the ancient cliff dwellers. The country consists mostly of canons and sandstone cliffs and is of fantastic beauty. An area as large as some of the smaller eastern states still remains quite unknown to white men.

The hangar that houses the dirigible Shenandoah at Lakehurst, New Jersey, is so large that it would take in the whole of the United States Capitol except eighty feet of the dome, which would project above the roof. Horses six hundred and eighty feet long need big stalls.

Taxi-Motorcycles in Paris are said to be doing a brisk business. Fares are cheap, and the speed is astonishing. Some of the side cars have enclosed bodies. Whether they will continue to be popular after the novelty of riding in them has worn off remains to be seen.

Bookshelves are best scarce higher than your head, and books should look as if they had been read.

Friends Show Interest in School

Miss Margie Neal, member of the Board of Regents for the State Teachers Colleges, in a speech delivered at the W. T. S. T. C. Ex-Students Breakfast at Fort Worth, December 1, declared that there was a great work in store for the ex-students of our school and other state institutions in getting support from the Legislature for Teachers Colleges. She urged that these groups educate the laymen of our state concerning the work and interests of teachers and the needs of teacher training institutions. Then, she said, they should go to all aspiring officials and demand that they appreciate the requirements of our schools and support them in governmental channels.

Mrs. Espa Stanford, secretary to Governor Neff, approved of the sentiments of Miss Neal and added that, as friends of education, citizens should demand that their representatives be willing to get that which pays for education. She affirmed that many who profess themselves adherents of educational progress are unwilling to vote for legislative measures that will put money in our state treasury.

Hon. R. A. Stuart, an ex-student of this school and the present senator from the Fort Worth district, declared himself a friend to Teachers Colleges. He said that in the days when he was a student here, he saw the need of friends for these institutions in the Legislature, and he confided to Miss Rambo that he meant to make the senatorial race for that reason.

Miss Lena Dunlavy said that Mr. Stuart was living up to his profession, for he has materially aided education in the Fort Worth district.

At the recent "superpower" conference in New York the Secretary of Commerce epitomized in one sentence the thought of the assembled engineers: "Every water horse power that runs to waste is a burden to man power." It was the opinion of the conference that on an investment of a billion and a quarter dollars eleven northeastern states could save half a billion dollars a year to their manufacturers.

Greenwich observatory, known and used by the scientific world, is to be moved from Greenwich to Holmby Hill. Electrification of a railway line running near by necessitated the change. The observatory was built in 1875 for the advancement of navigation and nautical astronomy. "Greenwich time" is the world's standard.

Propaganda and Over Supply Have Broken The Turkey Market

Plainview Herald: Z. T. Huff, of the Panhandle Produce Company, has returned from New York and other Eastern cities where he has been on business for his company.

Mr. Huff stated this morning to a representative of The Herald that while he was in New York the market for dressed turkeys dropped several cents. The biggest factor in bringing about a low market is the large stock of frozen turkeys carried over from last season. The law requires them to be sold, for they cannot be held longer than one year. There were some 2,000,000 pounds of fresh stuff, dressed this season, on the Eastern market, too.

Another factor which has helped to break the market is the propaganda

carried on by the city newspapers asking the housewives not to pay the price asked for turkeys at the markets. This propaganda, in behalf of the consumer has hurt the turkey producers.

A Cable repair ship near St. Helena recently reported that the cable at a point marked on the chart as 2,700 fathoms deep... or a little more than three miles, was in fact only a little more than three-quarters of a mile down. The obvious explanation is that the chart, made when the cable was laid in 1899, is wrong; but some men of science hold that the bed of the ocean is constantly changing, that it rises in one place and falls in another. They believe that that is the reason for the frequent sudden appearance of islands and shoals in the southern oceans.

BORN was thy Son, pure Virgin,
Upon that Christmas night;
Among the fowls and cattle
Thou hidest thy Child aright;

LIFFORD
WINTERS
was jealous.
He would
not have ad-
mitted the fact to
himself for all the
world, but it was
quite plain to everyone else, including
his little brother of ten.

For five years he had thought of Stella Thompson as his—the thought had never occurred to him that someone else might come along and take her from him. True, he had never come right out like the men in the story books and asked Stella to be his, but surely he thought any girl would have sense enough to know when a man really wanted her. Things had been so pleasant, anyhow, coming and going to Stella's home, that he had put off naming the day, but otherwise, in his mind, the whole thing had been settled.

Now, however, it looked as if Stella was lost to him—that he was out of the running—for Dick Carpenter had come back from the city. Stella seemed to have eyes for him only and Clifford saw very little of her. It seemed as if no matter what time he called he could not find her there—her mother always met him with the same remark: "She just left with Dick," or "Dick and she are in the parlor now."

He had just come from there now, after being told that Dick and Stella had gone to town. The jealousy that was getting at his heart grew more bitter each moment, and so much did it possess him that he could not go about his work.

Jumping into his little car again he made his way along the smooth country road until he reached Trenton. There he found that the town was full of Christmas shoppers and that there was little chance of his running across Stella and Dick, even though they should still be there.

He wandered aimlessly around for an hour and watched the crowds as they came and went, noticing particularly the young men of his own age. They were hurrying in and out of stores and nearly always on the outgoing trip they were carrying packages. He could see them through the windows at times making their purchases—candy, flowers, jewelry and other things—and they all seemed so happy about it. They were buying them for mothers, or wives or sweethearts, he thought.

Swift as a flash the realization came to him that never during all the years that he had courted Stella Thompson had he given her a gift—not even at Christmas. What had been the matter with him? He had just never stopped to think—no wonder that Stella had turned from him to Dick Carpenter. What a fool he had been to think that affection could live and thrive with the little thought that he had given it! He wondered if it was too late now to make amends—at least he could make an effort and try.

That evening when he called at the Thompson home and asked for Stella the refusal that Mrs. Thompson was going to utter died upon her lips as she saw the change in him. The easy-going, half-hearted Clifford Winters of the past was gone and in his place was an aggressive, quick-spoken fellow who acted as if he would not be denied. And when Stella herself came along she could only gasp as he placed a large bouquet of roses in her arms, and before she could recover from the surprise which this occasioned Clifford had asked her the all-important question and she had answered "yes."

Clifford always thought through the years that followed that their happiness was due to that holiday trip he made to town, but Stella's mother often smiled to herself as she thought how she used the vain little Carpenter boy to awaken Clifford.

LETTERS TO SANTA

Canyon, Texas, Dec. 7, 1923.

Dear Santa Claus:
I want a doll, a scudder car, some games and a lot of fruit, nuts and candy.

LUCILE DAVAULT.

Canyon, Texas, Dec. 7, 1923.

Dear Santa Claus:
If you have a doll that says mamma, will you please send me one of them? And if you please, send me a doll buggy. If you have a doll trunk please send me one, and lots of candy and nuts.

OPAL SMITH.

Canyon, Texas, Dec. 7, 1923.

Dear Santa Claus:
I am going to tell you what I want for Christmas. I want a gun, a football and some nuts and some apples. I hope I get them. Your friend,

A. E. PIPKIN.

Canyon, Texas, Dec. 9, 1923.

Dear Santa Claus:
I am a little girl in Canyon; I want just one present, Santa. It is a doll buggy for Mary-Jane; she is a big doll and can say, mama.

With lots of love,

RUTH PICKETT.

Canyon, Texas, Dec. 12, 1923.

Dear Santa:
I am a little boy seven years old. Please bring me a little train with two coaches; a pair of gloves and some apples, oranges, nuts and candy.

Your little friend,

RAYMOND HUGHES.

Canyon, Texas, Dec. 10, 1923.

My Dear Santa Claus:
I hope you are well and are able to come in your sleigh this year. I want you to bring us a tree, not a very big one, but have lots of pretty branches on it.

Don't forget the little orphans. What I want for Christmas is a little doll, a fountain pen, and a pocket book.

I suppose you will have a lot of letters this year.

Your affectionate friend,

SARAH VETESK.

Canyon, Texas, Dec. 10, 1923.

Dear Santa:
I want a little dollie and nuts and candy and a doll buggy and a doll stove like the one at the Hardware and a little doll house and I want a story book of the three bears and Bo-Peep and a little over coat and fruits and a little chair, but I hope you are well enough to get out.

Lots of love,

LENA WADE JENNINGS.
