

PHYLLIS KEISER IS DUCHESS FOR WEST TEX. CONVENTION

CHAMBER OF COMMERCE TO INVITE FEDERATION.

Small Attendance Tuesday Evening at Luncheon of Chamber of Commerce.

Miss Phyllis Keiser was elected Duchess of Canyon to the court of the Queen at the West Texas Chamber of Commerce convention Coronation Ball at Brownwood in May, at the regular meeting of the Chamber of Commerce at the Palace Hotel Tuesday night.

Co-operation of the Chamber of Commerce in obtaining the 1925 convention of the District Federation of Women's Clubs for Canyon was pledged by those present to a committee from the Woman's Book Club composed of Mrs. Harvey Cash and Mrs. L. Angel, who appeared before the membership to ask that Manager Louis F. Hart be instructed to write a letter of invitation from the Chamber to the convention body at Lubbock next month.

The question of uncertain attendance was brought up at the instance of the Palace Cafe, which served the banquet, and it was decided that steps should be taken to protect the management against loss through preparation of plates in excess of those required. J. S. McCormick, proprietor, stated that if he could be guaranteed as many as 25 he would be willing to add a margin of ten more places at his own risk, which the membership appeared to think a fair arrangement.

It was decided then that Manager Hart should ascertain definitely before each succeeding meeting if the minimum of attendance could be obtained before the meeting was called, in order to give the cafe a basis to work on.

In taking up the matter of selecting a duchess, the fact was brought out that the successful candidate should be one able to reflect credit upon herself and her community and one to whom the expenses incident to making the trip would not be burdensome. In the selection of Miss Keiser it was felt by the membership that it had made the best choice in this respect and one that would give Canyon representation on a par with any town or city in West Texas.

PAVING BRICK HERE.

Brick for paving Fifth Avenue were placed on the first block running east from the corner of the square this week, and this block is now ready for the pavement as soon as the curb and gutter work is completed. This work is going along fine.

Brick will be received rapidly from now on until all of the brick for the job have been received.

County Receives Only 12 of 17 Ballot Boxes Sent to Washington

County Clerk Mrs. Ethel Woods has received from Washington twelve of the seventeen election boxes which were shipped to Washington with the general election ballots of last fall in connection with Mayfield-Peddy muss. The locks had been removed from all of the boxes.

Practically every box was badly smashed owing to traveling through the mails.

The county will have to replace the missing boxes and buy some new ones to take the place of those demolished.

ATKINS-STALLING.

T. B. Atkins and Miss Era Stalling were united in marriage April 12th at Chillicothe. They are both teachers in the public schools at that place.

The bride is from Denton and is known to many people in this city as a very charming young woman. The groom is the son of Mr. and Mrs. T. R. R. Atkins. He has been a student in the College until the past two years when he started to teach.

The best wishes of their many friends go with this splendid young couple.

SMALL NOT A CANDIDATE.

It has been rumored for the past few weeks that Judge C. C. Small of Wellington would be a candidate for state senator against J. W. Reid of this city.

Hugh Small, brother of Judge Small, was in the city Saturday and stated that his brother would not be a candidate, although he had been strongly solicited to make the race.

School Trustees Organized and Elect Teachers for the Coming Year

The trustees of the Canyon City Independent School District met Thursday night and organized, electing the following officers:

C. W. Warwick—President,
F. E. Savage—Vice President,
Burt Newlin—Secretary.

Members of the board in addition to the above officers are: S. B. Orton, A. J. Arnold, A. N. Burgan and T. V. Slack.

G. G. Foster retired as a member of the board of trustees and president of the organization after a faithful service of eight years. He was heartily thanked by the members of the new board of his efficient services in this capacity.

The board of trustees entered into the election of teachers, re-electing all teachers who had signified a desire for a place in the school the coming year. Several teachers have stated definitely that they would not be in the school the coming year, while two or three are considering going to school and have not definitely applied for a place. The following teacher were re-elected:

Misses Elva Fronabarger, Marie Fronabarger, Viola Vetesk, Bettye Jane McDonald, Esther Rudolph, all of whom are in the grades. Irby Caruth was elected principal of the grade building.

Mrs. Frank R. Phillips was re-elected domestic science teacher and W. D. Cox manual training teacher. It is likely that these are the only ones of the present high school faculty who will be in the school the coming year, as all of the other teachers are considering attending college.

The State Board of Education has recommended the employment of three additional high school teachers for the coming year and two more grade teachers.

The board seriously doubts whether this additional expense can be financed, but realizes the importance of these additional teachers in order to relieve the congestion in the school that has existed this year.

J. J. Green Died Suddenly Friday Night in Lubbock—Funeral Sat.

J. J. Green, 74 years old, died Friday night in Lubbock after an illness of only a few days. He was taken seriously ill the first of last week while on a visit at the home of his daughter in that city. J. W. Green and Mrs. Arthur Cross were called to the bedside of their father Wednesday and he grew worse very fast.

Mr. and Mrs. Green moved to Canyon a few years ago and own a home on Fourth Avenue. Mr. Green was in good health when they left here to visit their daughter, Mrs. W. L. Baugh, in Lubbock.

The funeral services were held Saturday afternoon in Lubbock and interment followed in the Lubbock cemetery.

The many friends of Mrs. Green and her children here in Canyon extend to them their heartfelt sympathy in their great sadness.

Temperature Drops to 25 Degrees Last Night With a Heavy Frost

The wind turned to the north yesterday and blew cold throughout the day, with several small showers during the day.

The temperature went to 25 degree above zero last night, and when the wind died down there was a heavy frost.

Those who had early gardens will have to replant after the freeze of last night.

It is freely predicted that the frost spoiled all chances of a fruit crop this spring.

A GOOD THING FOR ALL.

Abraham Lincoln said: "I like to see a man who is proud of the place in which he lives. I like to see a man live so that his place will be proud of him. So be honest; hate no one; overturn a man's wrong doing, but do not overturn him, unless it must be done in overturning the wrong. Stand with him while he is right and part with him when he goes wrong."

Events in the Lives of Little Men

FIRE BUG SETS RANDALL ON FIRE TUESDAY MORNING—SLIGHT DAMAGE—ONE FLAME ARE QUICKLY EXTINGUISHED

There is little doubt as to the origin of the fire at Randall Hall early Tuesday morning. Circumstances are such that all who have examined the fire are confident that the fire was started by a person or persons who hoped to destroy the building.

F. E. Savage, manager of the Hall, called Sheriff W. C. Black to the scene Tuesday morning. They found rags thoroughly soaked with oil hanging over the pipes just under the floor of the building. One cloth found was a man's underclothing which bore a laundry mark. Sheriff Black has this garment and is making investigations.

Mr. Savage states that the fire burned a hole through the floor which awakened the girls in that wing. They sounded the alarm and he soon had a garden hose on the flames, which were easily extinguished. The girls were well taken care of during the excitement, and removed practically all of their personal effects from the building. Mr. Savage states that the damage will not amount to a great deal.

A night watchman was put on last night on the Randall Hall premises and will be maintained in the future.

The nature of this fire is so clear that there is longer little doubt as to the presence of a fire bug in Canyon. When the Buffalo Grocery was burned just two weeks previously everything pointed to the work of a fire bug, but there was no evidence. It has since developed that a short while before the Buffalo Grocery fire that oil rags were found on fire at the Highway Rooming House, but no report was made of the matter.

The city and county official are determined that this fire bug be caught and placed in the penitentiary. Double vigilancy will be necessary on the part of the officials as well as on the part of the citizenship.

BIG DEED OF TRUST FILED.

The biggest deed of trust filed in Randall county came to Mrs. Ethel Woods, county clerk this week. The deed of trust is given by the Southwestern Bell Telephone Company to the Guaranty Trust Company of New York for the sum of fifty million dollars.

The deed has 120 pages of printed matter. A recording fee of \$38.44 was sent with the deed.

The deed covers all of the property of the Bell Telephone Company in this section of the Southwest.

Buffaloes Take Two and Lost One Game in Abilene College Series

The Buffaloes are in Abilene this week for a series of six games with McMurry, Abilene Christian and Simmons Colleges.

The Buffaloes took the first two of the series from McMurry College, but lost the opener yesterday with A. C. C.

The score in Monday's game with McMurry was 31 to 12. The score Tuesday with Murray was 11 to 4.

A. C. C. defeated the Buffaloes yesterday by a score of 5 to 1. These teams are playing again today.

The Buffaloes will play Simmons College Friday and Saturday.

The Buffalo team is not up to playing condition owing to the continued cold weather during this spring. The team has not had more than half a dozen good practices before starting on the trip.

Degarimore Here to Close Gin Site—Is Interested With Hogan

O. W. Degarimore, who is interested with T. R. Hogan in the construction of the cotton gin in Canyon, arrived yesterday to close up for a site for the gin. Mr. Hogan intended to reach the city Saturday, but was detained in McKinney on business.

Mr. Degarimore states that he will close up the business on the site at once and that the work on construction of the gin will start as soon as possible. He states that it is likely both he and Mr. Hogan will move to Canyon during the summer.

The gin that these gentlemen are putting up in Canyon is of the very latest, with all modern improvements to handle bollie as well as picked cotton.

County Chairman Calls Democratic Convention Saturday, May 6th

To the Democratic Voters of Randall County:

A Democratic County Convention is hereby called to meet at the Court House in Canyon at two o'clock on Tuesday, May 6, 1924, for the purpose of electing delegates to the State Democratic Convention which meets in Waco on May 27, for the purpose of electing delegates to the National Democratic Convention, which nominates candidates for President and Vice President.

The precinct chairman, if they deem it expedient, may call precinct conventions to meet on Saturday, May 3, to select delegates to the County Convention, basing their delegation on one for each twenty five votes cast for the democratic candidate for governor at the last election.

Signed:

A. N. HENSON,
Chairman County Democratic Ex. Com.

MIGHTY FINE WEATHER.

L. T. Lester states Monday that this spring is the finest he has ever seen on the Plains.

Mr. Lester has been on the Plains since the early '80's and has seen all kinds of weather during the spring months.

He states that the rapid growth of all kinds of vegetation during the past few days indicates a good year for the Plains.

Spring most certainly has come, and come in full force.

STORK SPECIALS.

A son was born to Mr. and Mrs. W. E. Armstrong April 13.

A daughter was born to Mr. and Mrs. W. H. Bailey April 15.

627 Scholastic Enumerated in the Independent District by G. G. Foster

G. G. Foster completed the work of taking the scholastic census for the Canyon Independent School District last week and finds there are 627 children of scholastic age in the district.

There were 600 in the district last year.

GREAT CROWD ATTENDED DISTRICT CONTESTS SATURDAY OF INTERSCHOLASTIC LEAGUE HELD AT THE COLLEGE

LITERARY EVENTS DRAW GREAT ATTENTION IN MEET

J. D. GAMBLE OF CANYON WINS IN SENIOR BOYS.

Miami Wins Out in Boys' Debate; Girls' Contest Is Won By Miami Also.

The Literary contests between the high schools of the various counties represented at the Interscholastic meet proved an unusual success. These literary contests are rapidly becoming one of the most important phases of the Interscholastic Meet. Many of the officials declared that more enthusiasm and talent was shown this year than ever before. Various literary coaches were seen exchanging ideas and gathering material that might be helpful in coaching their team to the championship the coming year. This is very encouraging to the Literary promoters of the College and they hope to see the interest continue to grow as it has in the past few years.

In the eight classes of declamation at the district meet.

In Senior Declamation, city schools—Boys: J. D. Gamble, Canyon, first; Orgie Behrens, Clarendon, second; Robert Robins, Miami, third.

Senior Boys' Rural Schools: First, Jeff Reed, Simms School; second, Wayne Eubanks, Lakeview; third, J. B. Chapman, Adrian.

Senior Girls, city schools: First, Parsons, Clarendon; second, Selber, Miami; third, Frieze, Silverton.

Senior Girls, rural schools: First, Duke, Liano; second, Tallaferrro, Lone Tree School; third, Ayers, Windy Valley School.

Junior Boys, city schools: First, Jersig, Amarillo; second, Davidson; third, Hell, Follett.

Junior Boys, rural schools: First, Boone, St. Francis; second, Handley, Washburn; third, Hoelting, Nazareth.

Junior Girls, city schools: First, Burson, Silverton; second, Stewart, Canyon; third, Denney, Bovina.

Junior Girls, rural schools: First, Rayzor, Lieb; second, Eller, Cuyler; third, King, Highway School.

In Boys' debate there were nine teams entered. The finals were between Follett and Miami. Montgomery and Hicks represented Follett and Estes and Wells represented Miami, Follett won.

In Girls' debate there were nine teams entered. The finals were between Panhandle, represented by Petty and York, and Miami, represented by Stocker and Lowery. Miami won.

Dannie Mac Stewart was close second in the junior girls' declamation. The Essay papers must be sent to Austin to be judged, consequently the results are not known.

HAD ARM BROKEN.

Arthur Cross had his arm broken a week ago last night when a car backed fire. He has been having a serious time until the past few days when he has been able to be up.

MARRIAGE LICENSES.

A license to wed was issued Monday to G. Marshall Sullenger and Miss Pauline Priest.

\$100.00 REWARD OFFERED CAPTURE FIRE BUG

The News was authorized yesterday to state that one business firm had posted a reward of \$100 for the arrest and conviction of any person or persons who set fire to property in Canyon.

It is expected that other firms will increase this offer as only a few fires would greatly increase the fire insurance rates in the city.

There is a reward offered by the city under the fire ordinance.

It is reported this morning that three other firms have added \$100 each to the reward fund, bring the total to \$400.00 which is offered for the arrest and conviction of the fire bug.

It is hoped to bring the reward offer up to \$1,000.00 during this week.

AMARILLO AND CLAUDE TEAMS WON IN CLASSES

KEEN COMPETITION ON COLLEGE FIELD SATURDAY.

For First Time in Four Years There Was Perfect Weather During District Meet.

The annual district meet of the Interscholastic league held Friday and Saturday was the biggest and best in four years. The weather was ideal, for the first time within this period, and the attendance reached more than 2,000. Nearly 500 contestants participated in the various literary, track and field events.

In the track meet, Amarillo won the meet of Class A for the third consecutive time, and carried away the big cup for permanent ownership.

Not only did the Amarillo Sandstorm gang garner a total of 51 points, but also placed Bennett on the throne of individual honors. This fleet footed runner placed first in the following events: 100 yd dash, 220 yd dash, 220 yd low hurdle, and second in the broad jump, for a total of 18 points. The runners up in Class A were the teams from McLean. They scored 37½ points. Claude won the laurels in class B. only after a hard fight with Farwell who scored 37 counters. Claude won by the narrow margin of 3. Beavers, a Senior in the Perryton High School, won individual honors in Class B. He amassed a total of 15 points taking first place in the 100 yd dash, 50 yd dash, 220 yd dash. Although no state records were broken, the events were closely contested and the huge crowd was intensified with interest throughout the whole afternoon. Once a tie for first place resulted after Saunders of Canyon and Tadlock of Amarillo vaulted 11 feet 3 inches and neither could better the mark. Points were divided and a coin flipped to determine who would receive the medal, Tadlock won.

As the last race was ended and the athletes shuffled weary and tired from the field, old Sol was fast announcing in golden colors the end of another day. The greatest track meet ever seen in Canyon was over! Losers smiled grimly through dirt and sweat; winners choked back the tears of joy; and the crowd wined its way through the gates as the powers that be slowly draped the earth in semi-darkness and brought to close a day of days in Panhandle Athletic History.

Class A Finals

120 yard high hurdles—McQueen, Amarillo, Tadlock, Amarillo, L. Naylor, Clarendon, B. Naylor, Clarendon, Time 16 and four-fifths seconds.

100 yard dash—Bennett, Amarillo, Ginn, McLean, Wilson, McLean, Russell, Clarendon, Time 10 and two-fifths seconds.

800 yard run—Richey, Dalhart, Turner, Canyon, Robinson, McLean, Kell, Tulla, 2 minutes and 13 seconds.

1 mile relay, Amarillo, Clarendon, Dalhart, 4 minutes and 4 seconds.

Pole Vault—M. Sanders, Canyon and Tadlock, Amarillo, tied for first place, A. Dwyer, McLean, Ritchey and Reynolds, Dalhart. Height 11 feet 3 inches.

Running broad jump—McQueen, Amarillo, Bennett, Amarillo, L. Naylor, Clarendon, A. Dwyer, McLean, 19 feet 9 inches.

Discus throw—M. Dwyer, McLean, McQueen, Amarillo, Reynolds, Dalhart, Anderson, Canyon, 107 feet 8 inches.

Running high jump—Ford, Tulla, Tadlock, Amarillo, A. Dwyer, McLean, Waters, McLean, M. Naylor, Clarendon, tied, 5 feet 10 inches.

12 pound shot put—M. Dwyer, McLean, Threet, Amarillo, Herrington, Amarillo, Reynolds, Dalhart, 21 feet 10 inches.

LOOK UP YOUR TAX RECEIPTS.

The other day a taxpayer was cursing high taxes and the extravagance of our state government at Austin. The taxpayer was certain that the cost of running the state could be greatly lowered.

We used to think the same thing, until we started to investigate. Most of our people believe that the greater part of their taxes go to the state and federal government and that very little of the tax money stays at home.

In order to satisfy ourselves the other day, we looked up last year's tax receipts as paid by the News. The total taxes paid were \$392.36, and were divided as follows: City taxes \$88.61; county taxes \$87.00; school taxes, \$151.50; state taxes \$65.25.

Therefore, of this total tax of \$392.36, there stayed at home \$327.11, and only \$65.25 was sent to Austin.

What becomes of this \$65.25, which is in the hands of the Austin officials. By constitutional amendment the people of Texas have appropriated 40 cents of the 75 cent tax rate; 35 cents goes to the school fund and 5 cents to the Confederate pension fund. It is therefore seen that eight-fifteenths of the state money has been voted upon by the people of the state, and excepting the cost of handling the funds in Austin, all of this money goes to the direct cause for which it was levied.

The News therefore is giving \$30.35 to the state government, which is appropriated by the legislature and the governor. If our entire state tax was wiped out, exclusively of the two funds appropriated by constitutional amendment, our taxes on the whole would be decreased only about seven and three-fourths percent.

We believe that this same proportion is carried out by every taxpayer, large or small. We are confident that if the state could suddenly be wiped out, the average taxpayer would be benefitted less than ten percent on the total of his taxes.

Most of our taxpayers are convinced that in local affairs, the tax money is well spent. We would not take away any of the conveniences for which we have voted bonds—our splendid schools, our waterworks, sewer system, paved street, our good roads, a good court house and well kept lawn. In fact, Canyon has more to show for the money expended in public improvements than any town on the Plains.

This \$30.35 which the News contributes to the state government and is at the disposal of the legislature and governor goes to pay the general expenses of our government—our state house, and all of the offices that we demand and expect in this progressive age of 1924. It is divided to take care of the unfortunates of the state, which are increasing in number year by year. This little amount that we pay and that each taxpayer sends to Austin, goes to the support of the educational institutions, from which our citizens are expecting more and more each year, and which must be improved to meet the growing educational needs of this modern age.

Every taxpayer should make an analysis of his tax receipts. He will be surprised how little of his tax money is not actually expended right in his own community.

Governor Pat Neff has crossed swords with McAdoo on the proposition of sending instructed delegates to the national democratic convention. Very naturally McAdoo wants the Texas delegation to be instructed to vote for McAdoo from the first ballot to the last ballot. Neff wants the delegation to go uninstructed and to use their heads in voting. In case a dark horse shows up, our Governor wants the Texas delegation to be free to do as they please. If a great big boom got started all of a sudden for Pat Neff, our Governor does not want the Texas delegation to be embarrassed and have to repudiate the state convention by staying by McAdoo until the fight is over. The Governor may win his fight with Tom Love, and rule over the state convention in Waco next month. But we doubt it.

Buy, Build, and Live in Canyon.

Hugo Stinnes, the richest man in Germany and perhaps in the world, is dead. A few months ago he remarked that Germany could not get along without him. Perhaps he actually believed the statement, but poor old Germany seems to be getting along just as well without him as with him, and will no doubt, recover a lot faster with him out of the way. Stinnes was a despoiler of his own country in a time when despoiling meant a great fortune to him and misery to others. He gained his wealth very largely at the expense of others. He bought great industries and business institutions because he was Hugo Stinnes and was a compelling national character. He bonded his institutions to pay the purchase price. He drove downward the price of the mark until his bonds and notes brought nothing to those who had unwittingly sold Stinnes their good business. He controlled Germany as no other man ever controlled the industry of a nation. But death is no respecter of person, and today Stinnes is going back to the dust from which he came.

Governor Pat Neff says that he opposes sending an instructed delegation to the Democratic national convention because both McAdoo and Underwood are unfit as presidential candidates. We agree with Neff. According to our Governor, McAdoo has sold out to the financial interests, while Underwood long ago sold out to the liquor interests. Neff is right. But he is fighting a stone wall. He started too late on his program of education. The political powers that be in Texas, one of which is not Neff, has decreed that the Texas delegation will be instructed for McAdoo. We admire the spunk of the Governor to fight this political power, but we are afraid that he will be badly whipped.

The President has demanded that investigation of the treasury department on the part of the senate be stopped. The President, like the country on the whole, is getting mighty sick of this government by investigation which accomplishes nothing. When the investigation of the oil scandal started it looked like there might be some benefit to the government. The mass of evidence piled higher and higher, and the scope became broader and broader until petty politics gained the center of the stage to such an extent that no one knows what to believe, and passed up in main the evidence in the investigation as pure political bunk. The President is right in stopping this farce of investigation.

We note that many towns on the Plains have passed through bitter political contests during the city and school trustee elections. There was no fight in Canyon. Both elections were peaceful, and the people well pleased with the government of our local institutions. Fortunate is the community that is not torn asunder by these little political pow-wows.

A chain letter has been turned loose upon the unsuspecting people of Canyon. It is another "letter from Christ" and evidently there are people foolish enough to believe in such trash or the letter would not continue to pass from one to another. The waste paper basket is the proper depository for such stuff.

It is announced that Germany will accept the terms of the Dawes reparation report. Let's see. Germany signed the treaty of peace at Versailles, which called for reparations, and then repudiated it. Is there any guaranty that she will live up to the recent report?

Hi Johnson says that he is not going to quit the race for republican nomination for president. Hi does not propose to be counted out before the knock out blow falls in June.

TH' OLE GROUCH

I'M LOOKIN' FER TH' BIG BULLY WHO'S BEATIN' HIS PORE KID TILL HIS CRIES KIN BE HEARD FER BLOCKS. AN' WHEN I MEET UP WITH TH' BIG BRUTE, HE'S GONN' T' GIT A TASTE O' HIS OWN MEDICINE!

The boy scouts of Canyon need \$600 to carry on the work of the organization during the coming year. Canyon is to be one of ten towns which employ a paid expert scoutmaster to carry on the work of the troupes. The boy scout movement has as its mission the making of real men. It is better to invest a little money in making men than spending a lot of money in taking care of the criminal class which just grow up without the restraining influences of this good organization.

When people get excited or in a big hurry, they generally "lose their heads" so to speak. That happens when any one drives over a fire hose. There are none who would knowingly and maliciously cause such damage to a fire hose as results from a vehicle passing over the hose, but they do it nevertheless. Stop and think when you see a fire hose stretched across the street—would you pass over it were the hose running to your property?

While we are testing cotton seed and trying to get seed that will grow, please remember that it is as important to have the kaffir and maize and sorghum seed tested also. There never was a time in recent years when the seed was so poor as last fall due to the continued wet weather. Randall county cannot afford to raise a big cotton crop at the expense of our feed crop.

The biggest spring musical festival ever attempted in Canyon will be given at the College Thursday, Friday and Saturday of this week. The program is such that it deserves the patronage of all our citizens. Attend these great programs, four in number. There is not a citizen of Canyon and Randall county who will not greatly enjoy the music of these programs.

Hi Johnson calls the republican party a dirty bunch of politicians. Hiram has been running with that gang so long that he ought to know what he is talking about. The funny part about such a condemnation is that although Hiram strayed away from the republican fold once with Roosevelt, he was drawn back into the fold with "the dirty bunch."

Cotton buyers were offering 20 cents for October and November cotton in Plainview the past week. It looks like cotton was going to be a good price this fall, even though the acreage is to be record breaking.

So long as the church members buy the products of the bootlegger and go on his bond when he is arrested, this creature will feel pretty safe and secure to pursue his trade.

The farmers need not question further as to a gin in Canyon this year. The gin will be built and ready for the cotton crop this fall. Every farmer should have a little cotton.

MERRILL GIVES INTERESTING CHAPEL PROGRAM

One of the most interesting chapel programs that we have had this quarter was given Thursday morning by Rev. Paul Merrill, Pastor of the Christian church at Hereford. He was assisted by Mrs. Merrill and Miss Oberthall.

Mrs. Merrill and Miss Oberthall sang one of Mr. Merrill's compositions. This song made a great hit and as an encore Mr. and Mrs. Merrill sang another of his compositions.

After the singing Rev. Merrill delivered a most excellent address on "Idealism." The theme of his address was, "Hitch your wagon to a star if you butt your brains out on the barn door." He emphasized the misconception of idealism that is held by many; and stated in conclusion that our ideal should be the character of Jesus Christ.

Mrs. Jennie E. Crocker, of Cliftondale, Massachusetts, holds a captain's license for an ocean-going sailing vessel. She also holds a certificate entitling her to act as first mate of any steamship afloat.

Prohibition agents are not, as a rule, prohibitionists. Many of them drink liquor to obtain evidence. Last year they spent \$205,658 of government funds in buying drinks.

The petrified body of a miner was found in a salt mine near Bucharest. A mine lamp found on the body was of so old a type that even the oldest living miners had never seen one.

Electric power wires in Bloomsburg, Pennsylvania, were made hot enough

BACKACHE IS DISCOURAGING But Not So Bad If You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Canyon people recommend Doan's Pills. Ask your neighbor! Read this case:

Mrs. G. A. Jones, Canyon, says: "Through the small of my back was a steady, bearing-down pain and it was so sore I could hardly stoop to pick up anything. At night my back was so sore and ached so I couldn't sleep at all. I also had awful dizzy spells and headaches. My kidneys were weak and troubled me, too. I bought Doan's Pills from the City Drug Co., and three boxes cured me of every symptom of the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Jones had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Program During Music College Band to Give Festival in Amarillo

The 1924 Panhandle Music Festival, to be held in Amarillo April 21 to 25, will be the greatest assembly of music lovers in the history of the Panhandle, according to Emil F. Myers, who is responsible for this great festival.

The week's program, consisting of five evening recitals and three matinees, in addition to the contest periods, includes: Monday, April 21, 'Girvin's Little Symphony Orchestra of Chicago, afternoon and evening; Tuesday evening, Moore and Kortschak of New York, in a sonata recital; Wednesday afternoon College Band; night, Galli-Curci; Thursday night, recital by contest winners; Friday, Tito Schipa, lyric soprano.

By assembling these artists during the same week, Emil F. Myers, director of the festival, is enabled to offer the world's best music to Panhandle people at exceptionally low prices. Season tickets for the festival, which are transferable and admit holders to all programs, range from \$8.80 for box, loge and parquet seats; \$6.00 for rear down stairs and \$4.40 for balcony. These prices are but little more than it is necessary to charge for Galli-Curci alone.

The Santa Fe train will be held on the nights of the 23rd and 25th for 30 minutes in order that those attending the programs may return home on the train. The passenger train will leave at 10:30, instead of 10:00 'clock. All evening programs will begin at 8:15 'clock.

LUTHERAN CONFIRMATION

By the solemn rite of Confirmation four young ladies were received into communicant membership of the St. Paul Ev. Lutheran Church last Sunday. Anna Meyer, Erna Meyer, Irene Meyer and Irene Leseberg.

Having received thorough instructions in the word of God according to the demand: "Teach them to observe all the things which I have commanded thee" they made a public confession of their faith in the Triune God before the assembled congregation and a great number of visitors. Of such importance is such a confession that our Savior says: "Whoever shall confess Me before men, him will I also confess before My Father which is in heaven; but whosoever shall deny Me before men, him will I also deny before My Father which is in heaven."

The public examination is made to prove that these Christians have so far advanced in the Christian knowledge that they are able and willing to examine themselves before partaking of the body and blood of Jesus in the Lord's Supper, a requisite of God, who demands: "Let a man examine himself, and so let him eat of that bread, and drink of that cup. For he that eateth and drinketh unworthily, eateth and drinketh damnation to himself, not discerning the Lord's body." 1-Cor. 11. 28, 29.

The service, held in the Keenan School, was beautiful by the singing of two duets. One by the class: "In the Hour of Trial Jesus Plead for me" and the other: "My Jesus, as Thou Wilt" Soprano Louise Meyer, Esther Root, Alto Herta Meyer and Mildred Root. Both duets were beautifully rendered and enjoyed by all in spite of the fact that many were forced to stand outside throughout the service.

J. H. C. SIECK,
Lutheran Pastor.

WILL SING IN AMARILLO NEXT WEEK DURING THE FESTIVAL

"See, the Conqueror Mounts, in Triumph." Male Choir.

Petroleum Reserve No. 4, in Alaska, is being surveyed by a party of geologists who depend for transportation on 140 Eskimo dogs. The reserve includes an area of about 85,000 square miles in the extreme northwestern part of the North American continent.

An aerial survey of the land located near the present tower of I-Chow, 60 miles southwest of Pekin, indicates that the site at one time contained a city of considerable importance antedating written history.

NOTICE OF SALE

THE STATE OF TEXAS,
County of Randall:

In the District Court, Moore County, Texas.

Whereas, by virtue of an order of sale issued out of the District Court of Moore County, Texas, on a judgment rendered in said court on the 29th day of January, 1924, in favor of First State Bank of Dumas, and against C. T. Word and M. R. Word, in cause No. 355 on the docket of said court, I did, on the 10 day of April, 1924, at 8:30 o'clock a. m., levy upon the following described tract of land, to-wit:

The southeast quarter (SE $\frac{1}{4}$) of Block 17, of the Heller Addition to the town of Canyon, Randall County, Texas, (situated about 1 mile from the court house in said county).

And, on the 6th day of May, 1924, being the first Tuesday in said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all of the right, title and interest of the said C. T. Word and M. R. Word in and to said property.

Dated at Canyon, Texas, this the 10 day of April, 1924.

W. C. BLACK, Sheriff,
Randall County, Texas.

Test on Twenty-one Year Old Cotton Seed Verified at Austin

County Agent Jennings is in receipt of the germination test by the State Department of Agriculture on a sample of cotton seed grown by A. C. Pipkin in Ellis County 21 years ago. Mr. Pipkin brought some of these seed with him when he moved to Canyon. The State Department test showed 32% germination and the test made by Mr. Jennings showed 35%.

This information is interesting in that it proves that well matured cotton seed properly stored will retain their vitality almost indefinitely. So far as is known this is the oldest sample of cotton seed to be tested for germination.

For the first time in the history of winter seasons in Alaska the tide of travel on the Alaska Railroad has been inbound into the interior instead of outbound.

After July 1 the thickness of a standard board of lumber will be 25-32 of an inch with a proviso for 26-32 inch boards in special specifications.

STATEMENT OF OWNERSHIP

Required by the act of Congress, August 24, 1912—of the Randall County News, published weekly at Canyon, Texas for April 1, 1924.

C. W. Warwick is publisher, editor, managing editor, business manager, and owner of this business.

Known bondholders: Barnhart Bros. & Spindler, Dallas, Texas, on the cylinder press only.

C. W. WARWICK, Owner.

Sworn to and subscribed to before me this 11 day of April, 1924.

DAN K. USERY, Notary Public.

Notice of Application by Guardian for Mineral Lease of Real Estate of Wards.

No. 169.

In the matter of the Guardianship of Nellie Dunaway, Johnie Fay Dunaway, and Mary Francis Dunaway, Minors.

In the County Court of Randall County, Texas.

Notice is hereby given that I, Mattie V. Dunaway, guardian of the estates of Nellie Dunaway, Johnie Fay Dunaway, and Mary Francis Dunaway, minors, have this day filed my application in the above entitled and numbered cause, for an order of the County Judge, of Randall County, Texas, authorizing me as guardian of the estates of said wards, to make a mineral lease upon such terms as the court may order and direct of the following described real estate belonging to the estates of said wards, to-wit: a one-fourteenth (1-14) interest owned by each of said wards, in Section 5, Block Y-2, Tyler Tap Railroad Company, Original Grantee, located in Hutchinson County, Texas, the other joint owners being Mrs. Mattie V. Dunaway, who owns an one-half interest in said land, and Julia Dunaway, Floyd Dunaway, and Mamie Dunaway, each of whom own an one-fourteenth undivided interest in said land, all of whom reside at Canyon, Texas, and Ruby Wright, wife of Roy Wright, who resides at Washburn, County of Armstrong, State of Texas, who owns an one-fourteenth undivided interest.

Said application will be heard by the County Judge of Randall County, Texas, at his office in the City of Canyon, State of Texas, on the 26 day of April, 1924.

MATTIE V. DUNAWAY,
Guardian of the estates of Nellie Dunaway, Johnie Fay Dunaway, and Mary Francis Dunaway, minors.

THE EXES SERVE LUNCH DURING THE TRACK MEET

The Ex-Students Association served lunch in room 105 Friday and Saturday during the district meet. It was carried out in cafeteria style and was a great success. A table of confections was operated in connection with a bureau of information located on the first floor. The proceeds of these activities go to the benefit of the Mary E. Hudspeth Hall.

The little French town of Strassburg has been made world famous through its manufacture of goose liver pies, or "pate de foie gras." Some of the families in this section have been raising geese for generations and the many flocks in the roadways are oftentimes a hindrance to pedestrians. An ordinary liver from a fattened goose weighs 1 1-2 pounds and the farmer receives approximately \$1.25 a pound.

The oldest dwelling in Germany, possibly the oldest in Europe, is located in the little hamlet of Winkel, in the valley of the Rhine, and is 1,200 years old.

ADOBE WALLS INDIAN FIGHT CELEBRATION IN JUNE

Plans Developing For Adobe Walls Celebration in June

Three graves, containing the bodies of three men who fell on the plains of northwest Texas 50 years ago in a battle which foreshadowed the white man's supremacy in this section are to be marked by a monument on June 27, the anniversary of the battle of Adobe Walls.

Several thousand persons from the north Panhandle, western Oklahoma, and southwestern Kansas, including descendants of both the white men and the Indians who fought in that battle are to gather here on that day for a two day celebration commemorating the struggle.

The battle of Adobe Walls displayed a heroism unequalled in frontier history. A little group of 26 white men and one woman stood off a savage band of 700 Indians for a whole day and finally drove the Redmen away, leaving many dead and wounded. The Indian horde was defeated by the remarkable marksmanship of the white buffalo hunters.

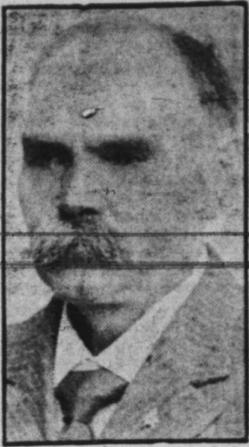

Adobe Walls was a frontier trading camp, established to provide supplies for the buffalo hunters who were making rich hauls on the plains of Texas. It consisted of only a few sod houses and a stockade for animals.

The site is now a part of Turkey Track ranch, owned by W. T. Coble of Amarillo. It is 10 miles east of Pleno on the north side of the Canadian river.

A 25-foot monument of concrete and marble is to be erected. Subscriptions are being collected by a committee which Mayor F. P. Reid of Pampa is chairman. The monument will contain the names of the men who fought the Indians.

There are two white survivors of the battle who will be urged to attend. They are Andy Johnson of Dodge City, Kan., and Fred Leonard of Salt Lake City, Utah.

One of the leaders of the brave band of white men in the battle was "Billy" Dixon, famous buffalo hunter and later Indian scout in the United States army. His widow, Mrs. Olive K. Dixon, now residing at Miami, Texas, has written a book about the battle. Among "Billy" Dixon's children who will probably attend the celebration are Mrs. E. P. Coble, Clayton, N. M.; Mrs. G. W. McKee, Plainview, Texas; W. D. Dixon, Miami,

BILLY DIXON

Texas, and Mrs. Walter R. Irwin, Slaton, Texas.

Before his death, Mr. Dixon dictated an account of the fight to his wife.

"About 2 o'clock on the morning of June 27, 1874," related the old scout, "I was engaged in rolling up my bed in front of one of the three sod buildings which composed our camp, when I noticed in the semi-darkness a large body of moving objects slowly approaching. A number of us had been awakened by the cracking of a ridge pole in one of the buildings.

"In a few minutes an Indian whoop rent the air and the Redskins were charging upon us, driving all the stock before them.

"On they came, yelling like demons and firing their guns. They kept close together so long that it looked like they intended to strike the buildings in a huge wave. They were splendid horsemen but they were not prepared for what awaited them, for when they got within fifty yards the guns of the buffalo hunters rang out and a saddle was emptied at every shot.

"And thus the fight went on throughout the long summer day. Time and again the Indians charged or attempted by force of numbers to break down the doors of the huts, but in vain. When darkness came the Redmen withdrew leaving 15 dead and carrying away many more, both wounded and dead."

"Billy" Tyler and the two Stedler brothers were the only white men killed.

Adobe Walls Fund Aided in North Plains

Mrs. Olive K. Dixon of Miami, who has visited a number of North Plains cities in behalf of funds for the Adobe Walls monument, which it is proposed to erect by the middle of June when the fiftieth anniversary will be observed, reports that she has been unusually successful.

Mrs. Dixon reports that Canadian people gave \$80, Higgins people subscribed \$40, and of this amount \$14.50 was given by the Sophomore class of the high school.

The record amount was received at Perryton, where subscriptions totalling \$112 were received.

Interest in the North Plains is great in the Adobe Walls celebration, reports Mrs. Dixon, who hopes that this enthusiasm may spread to other parts of the Panhandle.

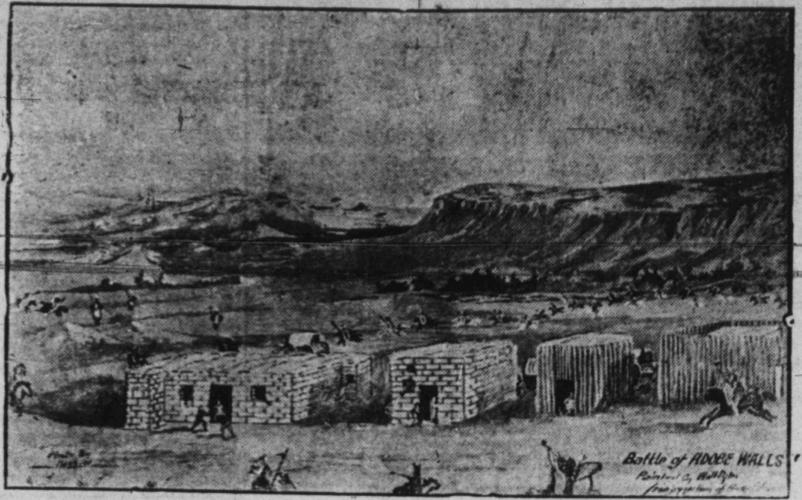

F. P. Reid, former mayor of Pampa, who has been one of the hard workers for the monument, plans to do some soliciting for funds.

Newspapers throughout this section have opened their columns for the monument fund. This newspaper will be glad to receive subscriptions for this fund which will honor the pioneers who fought the Indians.

The Alpine Club of Canada is planning to send a party to Mount Logan, the highest mountain in Canada. The English and American Alpine clubs have been invited to send one representative each to accompany the Canadian expedition. This mountain is in the southwest corner of Yukon Territory, twenty miles east of the international boundary and is 19,539 feet high.

Odorless fertilizer is produced in large quantities but the farmers will have none of it, so the manufacturers have to "sweeten" it with strong-smelling material, so that it will be considered effective. The ruse does no harm because the offensive material has the same fertilizer value as the odorless product.

The larva of the California petroleum fly lives in petroleum pools and when removed from them. The adult fly, resembling any small black fly, is poisoned by the very element in which it has passed its earlier life.

DRAWING SHOWING SCENE OF THE ADOBE WALLS BATTLE

Fifty Men Join Civilian Rifle Club Organized With National Guard

Captain H. C. Gamble of Company F, Texas National Guard, states that fifty men of Canyon joined the Civilian Rifle Club which is in connection with Company F for target range work.

A meeting will soon be called for the civilians to organize and start work.

Captain Gamble expects to receive orders within the coming week to start work on the target range. The plans were approved last week by Major Claude A. Adams, range inspector, and the lease for the range on the Jim Foster place north of town was forwarded to the Commanding office of the 8th Corps at Fort Sam Houston for approval.

Captain Gamble states that the membership roll for the civilian club is now closed until a meeting is held of the

members to ascertain whether it is the desire to take in more men.

There is no malaria in high and dry spots as has been proved by investigators in Asia. At the foot of the Himalayas from 2,000 to 4,000 feet endemic malaria is very severe. From 4,000 to 5,000 feet endemic malaria appears to be less prevalent. The highest elevation in the Himalayas in which indigenous malaria has so far been found is at a height of 5,000 to 6,000 feet, while at 6,000 to 8,000 feet malaria is entirely absent.

Blankets netted the Navajo Indians \$150,000 for their weaving last year.

Pepsinated Calomel Is Better than the Old-Time Sickening Kind

It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, biliousness, bad colds, constipation and sick headaches. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by Jarrett Drug Company.

By investing your printing money in Canyon, you help build up a printing plant that can better serve you.

Legion Minstrel Dated for May 2nd, Instead of 3rd As Was Announced

The date of the American Legion minstrel has been changed from May 3rd to Friday night, May 2nd so that business people will not be held in the stores.

A prize of \$25 is offered the person who sells the largest number of tickets. Those wishing to enter the contest should see G. A. Farlow. No member of the American Legion is eligible to enter this contest. No contestant will be awarded the \$25 prize unless 25 tickets are sold by them. The contest closes April 30. All who have tickets out must turn them in by May 1st. Tickets may be reserved at the City Pharmacy.

Two or three meetings of the cast have been held this week, and the work on the minstrel is going forward fine.

Tractor School at College Every Wednesday P. M. to June 1st

The Teachers College will have a tractor school every Wednesday afternoon from now until June 1 for the benefit of the seventy agricultural students and such farmers as may be interested in tractor work. The courses will begin at 1:00 and run until 5:00 o'clock.

Each Wednesday afternoon will be devoted to a different type of tractor and the respective companies will have an expert in charge to explain the technical details of their machines. However, the courses will be under the direction of Professor Phillips.

Yesterday afternoon was devoted to the study of the Allis-Chalmers tractor. Wednesday, April 23 will be given over to the Fordson Co., while the International Harvester Co. will have charge on April 30.

REID TO CENTENNIAL MEETING
J. W. Reid was elected Saturday as the delegate from Randall county to attend the Texas Centennial Congress district convention which will be held in Amarillo next Saturday.

40 AND 8 INITIATE.
Several candidates were initiated into the 40 and 8 Saturday night. The Amarillo society members joined with the Canyon society in the initiation.

BANKS CLOSE MONDAY.
Next Monday is San Jacinto Day and the banks of Canyon will observe the legal holiday.

Two aged chiefs of the Mohawk Tribe were sentenced to two months' imprisonment after they had been adjudged guilty of stealing the famous Iroquois Wampum Belt from the parish priest of Caughnawaga, Canada. This belt, valued at more than \$25,000 as a historic relic, was loaned to the chiefs who desired to decipher and interpret certain markings on the belt.

Six log rafts, each 900 feet long and containing 5,000,000 feet of lumber, besides carrying deck loads of shingles and cedar poles, will be brought to San Diego, California, this year from the Columbia River. The rafts run on schedule, the first starting on June 15 in tow of a tug. They are cut into lumber by the mills at San Diego.

College Debaters Won at San Marcos and Lost Decision in Canyon

The College debating team which went to San Marcos won the decision Friday night, while the team which stayed at home to meet the Denton team lost Monday night to the visitors. Both of the teams put up a good debate on the question of government regulation and control of the production of coal and oil.

The team which went to San Marcos was composed of Lee Gibbs and Jack Bailey. Prof. T. B. McCarter accompanied the team.

The team which debated at the College Monday night against the Denton Teachers College was composed of Mitchell Jones and Delmer Ashworth.

Several Jury Cases Are Disposed Of During the Week in County Court

County court has been in session this week, with a number of jury cases up for disposal.

In the case S. B. McClure vs. W. L. Hutcherson, there was a mistrial, the jury failing to agree.

In the case State of Texas vs. Albert Fishbacker, the defendant was found not guilty on the charge of theft.

In the case State of Texas vs. Jimmie Edwards, the defendant was found not guilty of using abusive language.

Two or more cases are on the docket of trial today.

COLLEGE BAND ACTIVE IN PLAINS ENTERTAINMENT

The present college band was organized at the beginning of the fall quarter under the direction of Mr. C. E. Strain. The band at that time had twenty-five pieces. After much hard work and ardent effort on the part of Mr. Strain this band has become one of the best in this section of the state and is an organization which reflects great credit on the college. The band is looked upon by many as the best unit in the college. It has grown to thirty-seven members and the appreciation shown by audiences is testimony of its popularity. The duties of the band consists in adding pep to athletic events, which they have done very creditably on all occasions, even though the conditions were not always the most favorable.

The most valuable service the band has rendered is the general advertising it brings to the college. The band has made numerous trips at the invitation of various organizations and its work has been highly praised and the college lauded for its excellent music department. Recently the band entertained Amarillo and her visitors for her stock show, and drew hearty congratulations from the crowds.

The band is a training school for band men of this section. Many men have taken advantage of the opportunity offered for finished training in band work and the music department has put out many competent directors of other musical organization.

The College band is booked for several concerts at points over the Panhandle in the spring. The opportunity thus offered is not only a fitting tribute to the popularity of the band as an entertainment feature, but will be something of a reward to its members for its diligent work in preparation for the service they are now giving.

The College is contemplating entering the band in the West Texas Chamber of Commerce band contest in May. In making this trip the band will cover a large portion of West Texas on an advertising tour for the college. The value of this project can not be valued too highly, for a people appreciate nothing more highly about a school than a finished and competent musical organization. A concert tour of the West would certainly attract people to the College and when they witness the performance of the band they know the quality of work done at the West Texas State Teachers College is as high as the educational standards of any school of its kind, and that their attendance here will be of great value to them.

We are for the band good and strong. The real value of a musical organization is rarely ever fully realized. We think the college should give a larger place in its activities for the College band. Certainly no organization works more ardently or more regularly than the College band. And very few organizations in school are capable of doing the school the good the band is capable of doing if only given a chance.

The amount of electricity used in Italy has more than doubled during the past ten years, rising from 1,961,000 kilowatt hours to 4,281,000 kilowatt hours. Most of this electricity is produced by water power.

Foreign antiquarians are despoiling the churches of France, literally robbing them of all their artistic treasures, according to the Archbishop of Paris.

Problems for Feeding Dairy Cows Worked Out by Aggie Students

The class in feeds in the Agricultural Department of the College is working out balanced rations free of charge of the dairymen of the Plains.

Frank R. Phillips, head of the department, states that he has received many requests from various parts of this section for balanced rations for the dairy cows, and is always glad to assist in working out these problems.

OLD DAYS IN SHACKS RECALLED BY PICTURE

A picture of great interest has appeared on the bulletin boards of the college. It is a photo of the College faculty as it was during the period of reconstruction. Classes were held at this time in two huge wooden shacks.

Many members of the present faculty are easily recognizable. Mr. R. L. Marquis, president of Denton Teachers College, and Mr. H. W. Morelock, now head of Sul Ross College at Alpine, and President Hill of W. T. S. T. C., who was then head of the department of History, are easily recognizable. "It has not been so long ago," these people protest. But the clothing styles show that both the clothes and the wearers have changed considerably since those eventful days of long ago. Others who are still connected with our school are: Travis Shaw, Dean L. G. Allen, then head of the Mathematics department, Miss Mary A. Lamb, Mr. Guenther, Mr. Terrill, Mr. Shirley, Miss Hudspeth, Mr. Stafford and Miss Jennie C. Ritchie.

Perhaps if any of these people were inclined to talk they might tell of many things dear to the lovers of W. T. S. T. C. Those were the days of trial and not a little privation and hardship, even though the soothing hand of time has eased the sting of memory. If we of the new and great W. T. S. T. C. knew exactly to what extent we owe the growth of our school to these men and women good and true we would pay them a more reverent tribute than we do now. The ideals which radiate from our school have been created by these hands so worthy of the trust and these are the hands which have carried the burden of their acceptance to the present day. They think themselves well rewarded for their efforts, but we who are reaping the benefits of their long labors know that it is but another evidence of their devotion to the school which they have builded. True, the many plans which they have fostered are now in general use in numbers of the colleges of the state, and too the entire Panhandle of Texas has felt the wonder of their influence through teachers of their training. And the most wonderful part of it all is that these people are just in the midst of their service to the Youth of the Plains. Many years will pass before they will cease their active work in their glorious cause, and time itself will never wipe away the memory of the good they have wrought.

Seven hundred thirty million feet, board measure, of ripe western yellow pine and other species of timber on the Klamath Indian Reservation of Oregon is to be sold. The proceeds from the sale, after the cutting, which is expected to take several years, will go into the tribal fund of the Klamath Indians.

For more than eighty years Maiden Lane in New York City has suggested the American jewelry trade. Now firms which have been established in this street for years have made arrangements to move to a new center on 47th street. This is due to the gradual trend northward of both wholesale and retail-trade that has been taking place for some time.

There are twenty-nine National Monuments established by Presidential proclamations. These monuments preserve for the people of the United States historic landmarks, historic and prehistoric structures, and other objects of historic or scientific interest.

When salt is sprinkled on meat, fish or vegetables, it extracts water from them, forming a saline solution so strong that bacteria cannot grow in it.

Tennis Honors Led By McLean High With Two Firsts

Pampa wins boys' doubles; Miami takes boys' singles.

Stellar playing and clever teamwork of Floyde Jordan and Fern Upham gave McLean the victory over Hereford by a score of 2-6, 6-1, 6-3, in girls' doubles. McDonald and Rutherford of Hereford defeated Ruth and Smith of Claude in the semi-finals, while McReynolds and Gill of Canyon lost to McLean.

Bidding for the title for the third year, and a strong contestant of last year, Mianle Morse of McLean starred in the girls' singles. She won in the finals over Thelma Cope of Follett, 6-1, 6-1. However, according to score, the closest competitor was Ludy Gaines of Friona, who lost to McLean by a narrow margin of 3-6, 6-3, 6-0.

In the semi-finals Beula Rutherford of Hereford lost to McLean, while Jaunita Henderson of Tulla lost to Follett. The McLean winner proved, not only through their accurate strokes, but also by their attitude of sportsmanship, worthy champions of the loving cup.

Close scores featured the final contest in boys' doubles. After deucing the first set, C. Duenkle and D. Stewart of Pampa won from G. Huff and T. Thompson of Amarillo. In the semi-finals Amarillo defeated M. Allen and T. McCollum of Canadian.

S. Counts of Miami received stiffest competition from D. Stewart of Pampa in his race for the title, however, M. Aliee of Canadian proved a worthy opponent in the finals. Those entering the semi-finals were: R. Parker of Follett, H. Corbin of Clearendon, and G. Woodburn of Claude.

SUNDAY SCHOOL PICNIC.

Mrs. T. C. Delaney and Miss McLean chaperoned the girls of the Cousins and Teachers Bible Training classes of the Methodist Sunday School on a picnic supper at Wragge's Thursday afternoon. Before the festivities of the occasion, business session was called, and officers of the Cousins class for the ensuing year were elected as follows: Annie Mae Caldwell, president; Alfie Henderson, secretary. Other officers are to be elected later.

Those who enjoyed the hiking, toasting wienies and marshmallows, and boat-riding were: Mrs. Delaney, Miss McLean, Miss King, Annie Mae Caldwell, Alfie Henderson, Ruby Robbins, Ila Mae Hastings, Wanda Cain, Alice Magee, Gladys and Zoe Beavers.

CITY FEDERATION MEETING

The Federation of Women's Clubs met Wednesday April 10th in regular session. Mr. Hart spoke to the club in reference to the Band stand, pointing out the fire prevention law that must be remembered.

The delegates voted to take care of the flower beds at the court house, each club drawing a bed which they will plant.

A committee was appointed to ask the business men, the Mayor and President Hill of the College to back them in their invitation to the Texas Federation to meet here in 1925.

All who will, please save their flower plants instead of destroying them, for the Woman's Federated Club. We need them to make our flower beds more beautiful.

In Holland the pancake is never served at breakfast. It is eaten for lunch and frequently serves as a dessert after dinner, when it is spread with sugar or preserved fruit.

Convicts in British Columbia penitentiaries are prohibited to labor for private companies, according to a new ruling.

Spring Festival of Music to be Held This Week

The first program of the Spring Festival of Music will be given Thursday night, April 17, by Dean and Mrs. Butler of Syracuse University. Dean Butler is a baritone and his wife is a dramatic reader. They appear in joint recital.

On Friday night, April 18, at 8:15 o'clock, "The Elijah" by Mendelssohn will be presented by the College Chorus and Orchestra under the direction of Wallace R. Clark. The solo parts will be taken by Dean Harold L. Butler, bass; J. J. Powell, tenor; Miss Ada Clark, soprano; Mrs. C. A. Pierie, contralto. Saturday afternoon, April 19, at 3:00 o'clock, and Saturday night at 8:15 o'clock will be two programs given by The Chicago Symphony Orchestra, Ramon Givria, conductor. This is one of the best symphony orchestras in the country, and the student body and the people of Canyon should greatly appreciate their coming here for these two programs.

Blanket tax tickets will admit the students who possess them, and tickets are on sale at the drug stores down town for all others who wish to attend. The price is \$2.50 for the four programs.

John L. Slaton, editor of the Holland's Magazine, gave an address on "birds" in chapel Wednesday. In the afternoon he visited the Palo Duro canyons accompanied by Wallace R. Clark.

HAIL INSURANCE. J. D. Gamble.

Mesdames J. A. Hill, T. V. Reeves, and Miss Moss Richardson were in Amarillo Tuesday attending the quarterly meeting of the Pen Women Association.

Jay Oxford from Ft. Worth was a guest in the Joe Hastings home this week.

Mr. and Mrs. Murry Evans, Mr. and Mrs. Guy Ford and children and Mrs. Gaut Ford and children of near Thila were visiting in the parental John Rowan home Saturday.

J. C. Dowd was a business caller in Amarillo Wednesday.

In a secluded corner of the National Museum at Washington, D. C., is hung the wall map used by General Pershing and his staff at American headquarters at Chaumont, France, during the Great War. The map indicates the location of the Allied and the enemy forces as they stood on November 11, 1918.

The new gas mask devised by the Chemical Warfare Service has advantages that will appeal to the men who had to wear the uncomfortable masks of the Great War. It is light, roomy, has no tube to put into the mouth, no clips for the nose, and the wearer can talk and make himself understood. It can be worn for many hours without inconvenience.

It is curious that until Woodrow Wilson was buried in the crypt of the unfinished Episcopal Cathedral at Washington no President of the United States had ever been buried at the national capital, just as none before Mr. Wilson had made Washington his home after leaving office.

Be Careful and Systematic

People who pay their bills by check get a reputation for being careful and systematic in their business dealings. Such a reputation means much in the establishment of credit. It costs no more to pay your money out by check than it does to use the hard cash, and you have the advantage of having it in a place that is absolutely safe.

To have money in the bank is of itself a valuable asset in the establishment of credit.

We invite you to open a checking account with us. We will help you to make your account a real convenience.

Buffaloes Lose Track Meet to N. M. M. I.

The New Mexico Military Cadets beat the W. T. S. T. C. Buffaloes in the first dual track and field meet ever staged between these two schools, at Roswell last Friday and Saturday. The final score was 64 to 44. The Cadets showed great skill due to much attentive training, but when it comes to material they have nothing on the Buffaloes. The Buffaloes will go through severe training for the next two weeks in preparing for the Great Plains track and field meet which is to be held on Buffalo Field April 25 and 26. They then expect to show the polo jockies up.

Cox of the N. M. M. I. team was the outstanding star of the meet by making a total of 13 points.

The events and the order in which the contestants finished follows:

100 yard dash—Cox, N. M. M. I.; Terry, W. T. S. T. C.; Sone, W. T. S. T. C. Time 10.3 seconds.

220 yard dash—Terry, W. T. S. T. C.; Cox, N. M. M. I.; Buttermore, N. M. Time 22.8 seconds.

440 yard dash—Buttermore, N. M.; Vaughn, W. T.; Ballard, N. M. Time 54.2 seconds.

880 yard run—Arnot, N. M.; Pearson, W. T.; Evans, N. M. Time 2 minutes, 17 seconds.

One mile run—Lovely, N. M.; Evans, N. M.; Little, N. M. Time 5 minutes, 9 seconds.

120 yard high hurdles—Hill, W. T.; VanGrit, N. M.; White, N. M. Time 17 seconds.

220 yard low hurdles—Cox, N. M.; Sone, W. T.; Hill, W. T. Time 25.6 seconds.

Discus throw—Poindexter, N. M.; Bass, N. M.; White, N. M. Distance 125 feet, 10 inches.

Shot put—Poindexter, N. M.; White, N. M.; M. Goodwin, W. T. Distance 47 feet, 9 inches.

Pole vault—Fuller, W. T.; Mitchell, W. T.; Bass, N. M. Height 11 feet, 3 inches.

Running high jump—Brookshire, N. M.; Mitchell, W. T.; White, N. M. Height 5 feet, 8 inches.

Running broad jump—Mitchell, W. T.; Golden, W. T.; Herrington, N. M. Distance 19 feet, 4 inches.

Mile relay race—N. M. M. I.; W. T. S. T. C. Time 3 minutes, 43 seconds.

In the tennis tournament which was held last Friday, Jenkins of W. T. S. T. C. lost the singles to Evans of N. M. M. I. by a score of 6-3; 2-6; 3-6; 6-4; 1-6. Herm of W. T. S. T. C. also lost singles to Post of N. M. M. I. by a score of 6-3; 4-6; 4-6; 4-6. The Teachers' doubles team, composed of Herm and McClure, won over the doubles team of the Cadets by a score of 7-5; 6-4; 6-4.

"The Founders of the American Theater," limited to 100 members is being formed in New York to stimulate native American drama by producing plays written and acted by Americans.

The doctors are coming along: Yale has this year 311 candidates for the degree of Doctor of Philosophy, 90 for that of Master of Arts, 31 for that of Master of Science.

SHERIFF'S SALE

County of Randall.
By virtue of an Order of Sale issued out of the Honorable District Court of Randall County on the 5th day of April, A. D. 1924, by the Clerk thereof, in the case of D. E. Covington, versus W. L. Hutcheson, L. L. Berry and John Davis, No. 989, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the First Tuesday in May, A. D. 1924, it being the 6th day of said month, before the Court house door of said Randall County, in the City of Canyon, Texas, the following described real estate, to-wit:

All of the South Half of Section No. 50, in Block M-S, Adams, Beatty & Moulton Survey; and the North Half of Section 49, in Block M-S, Certificate 871 issued to Adams, Beatty & Moulton, situated in Randall County, Texas.

And by virtue of said order of sale and execution directed and delivered to me as aforesaid, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the First Tuesday in May, A. D. 1924, it being the 6th day of said month, at the improvements situated on the land and premises above described, the following described personal property, to-wit:

One 15-27 Case Engine; One five Disc Eng. plow; one eight foot International Tandem Tractor Disc; One Superior wheat drill; One wagon; Two one row go-devils; two smooth mouth grey mares; one three year old grey horse; thirteen sows; one boar; twenty seven pigs; two sets of leather harness, levied on this 7th day of April, A. D. 1924, as the property of W. L. Hutcheson, by taking possession thereof, as required by law.

The real estate hereinabove described was levied on this 7th day of April, 1924, as the property of W. L. Hutcheson to satisfy a judgment amounting to \$2963.77 in favor of D. E. Covington and costs of suit.

Given under my hand, this 7th day of April, A. D. 1924.

W. C. BLACK, Sheriff, Randall County, Texas.

Problems of a Student Employment Bureau

Hundreds of young men and young women would be attending our Colleges today if they could only be given employment to defray their expenses in the belief of Mr. Fronabarger, Jr. To remedy this problem to a certain extent a Bureau of Student Employment has been organized in the West Texas State Teachers College.

The greatest problem that confronts the chairman of this Bureau is not knowing what they can really do. After students have been employed and sent out on a job, and they do not "put out the goods," the employer is turned against the Employment Bureau and likely will never hire any more students.

It is now up to the students here to make this organization a success.

It is utterly impossible to assure work to all prospective students who apply for positions; so the chairman has adopted the plan of advising all applicants to bring with them enough money to keep them in school for about six weeks, and by that time the Bureau may be able to find a job. By this plan the best of students and those who really want to accomplish something will be secured, and the best of work can be put out.

There are now twelve on the waiting list in the Bureau's office, and before the summer term opens there will probably be fifty applicants.

Help to make this young organization a thriving department of the College.

PRICE ATTENDS WICHITA FALLS MEET

Delegates to the tenth annual session of the Baptist Organized Bible Class Convention of Texas report an unusually successful meeting. The convention was held at Wichita Falls, April 8, 9, and 10, and had for its purpose the organization and betterment of Bible classes throughout the Baptist churches of Texas.

The delegate that represented the West Texas State Teachers College was Henry Price, and he reports a most inspirational meeting. The program was filled with speakers such as Dr. F. L. Holcomb of Dallas, Dr. S. P. W. Virgin of Amarillo, Dr. S. H. Brooks of Baylor University, and Dr. John L. Hill and Arthur Flake of Nashville, Tenn.

Dallas will entertain the convention of 1925 with J. C. Hale of Tyler, Texas, acting as president.

The whale is disappearing off the Pacific Coast. The total catch in four months was 377.

Seven Colleges Will Participate in Great Plains Track Meet

On April 26, the West Texas State Teachers College will entertain seven colleges at the Great Plains Track and Field meet that is held at Buffalo Park each year. The colleges that will be represented are New Mexico Military Institute from Roswell; Montezuma College from East Las Vegas, N. Mex.; Southwestern Teachers College from Weatherford, Okla.; Clarendon College from Clarendon; McMurray College from Abilene; Wayland College from Plainview; and the Junior A. & M. College from Goodwell, Okla. Entries are already being received from these colleges and the greatest meet in the history of this event is expected.

The Southwestern Teachers College of Weatherford, Oklahoma now holds the cup that was won at the meet here last year. Should Clarendon win the cup this year, it becomes their permanent property because they have won it for two years.

The Buffaloes have the strongest track team that this institution has ever put out, and interest is running high among the athletes. It depends upon the student body to make this meet a complete success.

In Japan small fish are caught by trained cormorants, principally at night with the aid of jack lights. Rings are tied around the throats of the fishing birds to prevent their swallowing the catch. When their pouches are filled they are emptied in the boat well.

Tsao Kun, president of China, was at one time a cloth merchant's apprentice.

College Students Build Bungalow

A modern five room house on 2005 Sixth Avenue is being constructed by the Manual Training class under the direction of Bob Donald, instructor in wood work.

When completed the house will consist of a living room, dining room, kitchen, and two bed rooms. Built-in features, a fully equipped bath room, and a roomy basement will put the house in a class with the larger type of homes.

This is one of the first projects of its kind in the Southwest and is in keeping with the progress of the College. Practical experience in carpentry, work out-of-doors, and college credit make this work very attractive among the Manual Training students. Mr. Donald states that the students do a good grade of work and are interested in this project.

MISS RICHARDSON MEETS HER BROTHER

Lieutenant-Commander Richardson, of the United States Navy, brother of Miss Moss Richardson of our faculty, with his wife and son passed through Amarillo Friday evening. He is enroute from Hong Kong, China to Washington, D. C. to take a position in the Ordnance Department. Miss Richardson joined her brother and his family for a ride as far as Clarendon and returned Saturday morning.

A political pessimist says party platform are merely parking-places for promises.—Little Rock Arkansas Gazette.

The French government sells advertising space on telegraph blanks.

How Does Home Look to Tired Eyes?

DAYS end... home from work weary man... a rest well earned... that's the time when a bright, attractive home means everything to tired eyes and ragged nerves.

Whether it is a mansion or a cottage there can be no real rest or comfort in the midst of worn or dingy furniture and woodwork. Use Devoe Aquaspar Varnish and make the disquieting, drab surfaces cheerful and attractive.

Devoe Aquaspar Varnish is easy to apply and dries with a brilliant

lustre. It is extremely durable, and best of all is waterproof. This means that it will not turn white, blister or crack under the severe extremes of hot or cold water.

This Coupon is Worth 40 Cents

Fill out this coupon and present it to us within 30 days. We will give you Free a 40-Cent can of any Devoe Paint and Varnish Product you want, as a relaxation of 40 cents on a large can.

Your Name _____ Address _____

O. S. Brown (Milo)	170	26	98 (200 seed tested)	
O. S. Brown (Higari)	101	3	52 (200 seed tested)	
O. S. Brown (Feterita)	105	3	54 (200 seed tested)	
W. M. Laxson (Kafir)	31	139	85 (200 seed tested)	
W. M. Laxson (Corn)	44	22	66 (200 seed tested)	
W. M. Laxson (Kafir)	172	15	93 (200 seed tested)	

This test would seem to indicate that Kafir and Milo, both rather soft grains, seem to have been damaged worse by the weather and are showing a poor germination. The Laxson sample of Kafir that only showed a germination of 31 on the 4th day out of a total germination of 170 (85%) would indicate a very sensitive seed that likely would show a very poor germination in the soil under unfavorable conditions.

Collins Gives Out-Line of Klan Fight In Governor's Race

Dallas, April 11.—Senator V. A. Collins, candidate for Governor, last night outlined the alleged fight of the Ku Klux Klan on his candidacy, in a speech to an audience of 300 here.

He admitted having been a charter member of the organization when it was formed here, and said he still believed in the principles of the order. "My fight is not against the Klan, but against the high ranking members who are attempting to control the vote of the membership in politics," Collins declared. "I announced my candidacy without consulting any of the imperial dynasty, and without intention of making the Klan an issue in my campaign. I am running on my merit as a man and on my record of public service. I want the vote of Klansmen on my merits, and not by the vote dictated by the officers of the organization."

Collins told of the announcement of his candidacy in Mayfield's Weekly, and said the publisher of the paper had been called before high officers of the order and criticized for advocating his candidacy without sanction of the Klan officers. A traveling salesman, boosting Collins' candidacy, also was taken to task by the Klan officers, Collins said. The salesman was removed from the office he held in the Klan because he would not stop activities in behalf of Collins, the speaker declared.

"A committee of 60 is trying to manipulate the entire Klan organization and vote its membership like cows," Collins said. "I had never solicited the approval of this committee, and at a Klan meeting I tried to object to the tactics being employed against me. I was not allowed to speak and in a few days I was informed of my suspension from the order."

Says Brewers Backed Robertson "Now I want the people of Texas to know who these eliminators in the Klan are. Three of the great titans of Texas and the grand dragon of Texas, who engineered the so-called nomination of Judge Felix D. Robertson of Dallas, are old time antiprohibitionists, and are antiprohibitionists today."

In 1906, when Judge Robertson was running for office in McLennan County, Collins declared, he was indorsed by the Texas brewers' organization.

Collins also outlined his stand on taxes and law enforcement. He favors reduction of governmental expense, he said, but candidates expounding on proposals to reduce taxes were speaking without authority as state taxes are fixed by the Constitution and can not be controlled by the Governor. Collins stands for enforcement of all laws by constituted authorities, he said, and if elected he would conserve use of the State militia, and expect county officers to attend to local conditions.

TO SPEAK AT COMMENCEMENT. President J. A. Hill was at Dickens yesterday where he spoke at the commencement exercises of the high school.

Mr. Hill will speak at the commencement exercises of the Hereford high school on May 16th; Floydada on May 20th; Olton on May 23rd; Houston on June 3rd.

AMARILLO TEAM HERE MONDAY. The officers and degree team of the Amarillo W. O. W. lodge visited the local lodge Monday night and put on the degree work.

After the regular lodge work a social hour was enjoyed. FOR SALE—Practically new Rex Visible typewriter. W. A. Brasher at the Service Lumber Co. 313

ANOTHER BIG EGG. A. A. Kirkpatrick bought to the News office Saturday the largest egg shown this season. It was 8 7-8 inches the large way and 7 3-4 the other way around and weighed 5 1/2 ounces. J. S. Pool recently brought in an egg which measured 6 3-4 by 8 1/4 and weighed four ounces. Who can beat these records?

Oil poured over the sides of the auxiliary steamship Red Island off the coast of Nova Scotia, recently saved her from disaster when she struck a heavy storm a few miles off Halifax. The vessel came into Halifax heavily freighted with ice, her bowsprit smashed and deck fittings damaged.

Magazines and periodicals with "salacious titles and suggestive sex content" have been ruled from the counters and racks of Richmond, Indiana, dealers. Twenty magazines and periodicals were listed in the ban. The order is sweeping and prosecutions for violations are sure to follow.

We will appreciate it very much if you will phone us all of the news during 1924. This would mean a better newspaper and a more valuable newspaper for Canyon and Randall county.

Cotton Variety Test for Randall County to be Made

One of the most important features of Extension work in Randall County this year will be a cotton variety test to determine the variety best adapted to our local conditions. Several of the most popular varieties including Acala, Old Mebane, New Mebane, Kasch, Lightening Express, Trulft, and Half and Half.

There are several important factors in cotton production for this section of the country, the most important being early maturity, amount of lint cotton per acre, and storm resistance. Early maturity is necessary on account of our short growing season. We will always have more or less bollie cotton, but the later the maturity the greater the percentage of bollies. Cotton is grown for the profit there is in it, and therefore, the greater the production of lint cotton of good quality per acre the greater the profit. Another very important characteristic of cotton is storm resistance. This is all the more important in this section on account of our strong winds and also because of our usual labor shortage which will often delay cotton picking until far into the winter and occasionally into the spring months.

Arrangements have been made to conduct this test on the farm of F. E. Haines on the Highway north of town. The test will consist of an acre of each variety with each acre properly marked and designated by variety name, and with an appropriate sign erected over the test block to invite the attention of the public to the work.

In ten years Florida's wealth has increased 162.9 per cent.

John Boulware Died Saturday at Home in Amarillo—Long Illness

John Boulware, 79, died Saturday afternoon at the family home in Amarillo after an illness of two years. He is the father of Miss Margaret Boulware, a member of the College faculty.

The Boulware family moved to a ranch in the north part of Randall county several years ago. Three years ago they moved into Amarillo. The deceased is survived by his widow, seven children and one sister. The children are, E. M. Boulware of Centralia, Mo., J. J. of Friona, Elgin and Tom of Amarillo, Mrs. W. S. Cox of Thompson, Mo., Mrs. I. W. Wiseman of Dalhart and Miss Margaret of this city. The sister is Mrs. Beth Rogers of Paris, Mo.

The funeral services were conducted at the family home Sunday afternoon at 4:00 o'clock by Rev. B. F. Fronranger. The music was furnished by members of the College Chorus.

Michigan planted 27,000,000 brook trout last year.

Candidate Column

The News is authorized to announce the candidacy of the following candidates in the Democratic Primary in July, 1924:

For State Senator, 31st District: J. W. REID, of Randall County.

Wayside Items

Delightful Spring weather for some days. Grass is coming fast. Vegetation is bursting into new life. Trees will soon be leafed out. Some have kept stock-on-wheat longer than usual on account of scarcity of feed. However wheat is looking well and promises a fair yield.

Mrs. F. C. Vaden of Claude, Home Demonstration Agent of Armstrong county, visited Wayside school on the 14th. She is always a welcome visitor. Coming unexpectedly, but few of the patrons witnessed her demonstration of cheese making. Considerable interest was shown by those in attendance. In other parts of the county around Claude, they are making American cheese. It takes from six weeks to two months to ripen after being made into curd. If she can arrange her work she will return in ten days.

Pate Grigsby of Hollywood, Calif., lately from Phoenix, Ariz., is visiting

his brother, R. L. Grigsby and wife, coming in last Sunday.

W. T. Lane made a business trip to Amarillo Tuesday. J. M. McGehee and little Lyman York going with him as far as Canyon.

M. L. McGehee and J. R. Stockett began Tuesday grading public roads, beginning at the church running south. The work is badly needed.

Rev. W. H. Griffin favored Wayside with a sermon Sunday night, on his return from Beverly. His son, John, and wife have been with him at the parsonage in Vigo Park for some months. They expect to leave next Thursday, moving to Nacogdoches, where he has a better position offered him.

Virgil Griggs and family from Lubbock have moved to M. L. McGehee's where he has employment this year.

M. C. Sluder is running a tractor breeding sod for J. R. Stockett on J. T. McGehee's farm.

Caleb Brooks is quite sick with a serious stomach trouble, bedfast.

Jim Howard is working for W. D. McGehee.

W. J. Sluder went on the mail car to Happy Monday, returning the next day.

Umbarger Notes

B. Hess was a business caller in Canyon Saturday.

Otto Skarke and wife of Tulsa, Okla. are here visiting friends and relatives who live here.

Mrs. George Frank was a business caller in Canyon Saturday.

The annual telephone meeting was held at Umbarger last week.

Paul Artho and family and George Grimm and wife spent Sunday at the Joe Friemel home.

John Badenhorst has traded in his old Overland for a new Chivolet sedan.

Frank Erdman made a trip to Slaton last week.

Albert Fischbacher was a business caller in Canyon Monday.

Pleasantview Items

We have had some very fine weather the past few weeks. Farmers are busy planting and preparing the ground for the summer.

C. J. Crawford was called to Plainview Wednesday morning on account of the serious illness of his father.

Arthur Gregg spent from Sunday until Wednesday with his folks at Silverton.

Mr. and Mrs. Roy Wall and Mr. and Mrs. Emmitt Grimes from Dimmitt spent Monday at the Ed Gibson home.

Mrs. J. L. Nobles of Pampa spent Sunday at the Frank Brown home.

Trackless trolley busses are not few, for they have been the subject of experiment for many years, and improvements in the design of the cars have met most of the objections to earlier systems. On Staten Island the trackless trolley that began to run in 1921 has proven satisfactory. The commission in charge reports that it has many advantages over previous transportation service, and that the running cost is only some twenty-five cents a mile for each car, as compared with thirty-three cents a mile for a gasoline omnibus of the same capacity over the same roads. The cost includes everything—interest on the first cost of the investment, depreciation, maintenance, power, labor and administration.

Tea and coffee are commodities that seem to be growing in popularity. With the report that the American people are using more coffee now than ever before comes the announcement from England that the British people have never bought so much tea. Last year they used eleven pounds of tea per capita, and Americans used thirteen pounds of coffee. Drinking tea is as much a social as a personal habit and of late years has been stimulated by extensive advertising.

In extreme depression or in extreme prosperity children tend to leave school and go to work. In one case poverty is the cause, in the other a chance to earn high wages. The Supreme Court has held that under our constitution Congress has no power to regulate the labor of children. The matter rests with the states, not half of which have adequate laws on the subject. Recent statistics show that during the past year child labor has been increasing.

The new government in England is establishing new social standards. Invitations to an official reception given recently by the wife of a member of the new Labor Cabinet informed the guests that they might come in their working clothes if they wished to. The reception lasted only till half-past ten o'clock in the evening; there were no intoxicants; and many of the guests arrived and departed by omnibus or other public conveyance.

The railroad loss and damage claims on fruits and vegetables in the United States alone in some years run as high as \$14,000,000.

Poll Tax Payments Increase in Northwest Counties Over 1922

Announcement is made from Austin of the poll tax payments in the various counties during the past two years.

The increase in poll tax payments in Randall county in an average with most of the counties of this section, although a large number did not pay the poll tax this year.

The following are counties in this section:

County—	1922	1924
Armstrong	989	968
Bailey	289	424
Briscoe	1,100	1,145
Carson	1,220	1,550
Castro	650	701
Childress	2,531	3,076
Collingsworth	2,509	2,962
Dallam	1,692	1,567
Deaf Smith	1,231	1,283
Donley	2,210	2,165
Floyd	3,046	3,215
Gray	1,435	1,750
Hale	3,010	3,361
Hall	3,475	3,495
Hansford	675	690
Hartley	464	472
Hemphill	1,300	1,175
Lubbock	4,162	5,495
Lynn	1,732	2,658
Moore	265	1,923
Ochiltree	890	1,025
Oldham	319	303
Parmer	555	709
Potter	4,048	4,923
Randall	1,281	1,329
Roberts	437	587
Swisher	1,550	1,713

MISS HAMNER SPEAKS TO THE STUDENT BODY

Miss Laura Hamner, County Supt. of Potter County, traced the development of the Panhandle from its beginning up to the present time in an address before the faculty and student body Tuesday at chapel.

The speaker related how Charles Goodnight in the early days drove herds of cattle down the trail through Texas across into New Mexico, braving the dangers of hostile Indians and scorching deserts. In New Mexico he sold the cattle to the Apache Indians. Later, he settled in Armstrong County. This was the beginning of the Panhandle.

Miss Hamner told how this country had rapidly passed through stages of development. Roughly speaking the '70's included the pioneer settlement; the '80's a period of ranching; the '90's came in during the nineties; then followed the farmers; and now we have the industrial period.

Though her work is in another county, Miss Hamner is vitally interested in the welfare of the College.

Mr. Waymamm Dixon, the engineer who in 1877 dug up the Cleopatra's Needle which now stands on the bank of the Thames, believes that there is a canal under the Great Pyramid of Egypt. He cites the many allusions to such subterranean waterways found in the works of Herodotus and certain Arabic works, specifically referring to an underground chamber in the hill on which the Pyramid of Cheops stands.

A new Canadian ensign has recently come into use for Canadian shipping. It is a red field with the Union Jack in the upper left-hand corner and simplified form of the Canadian arms on the field. A blue ensign on similar lines will be flown from government-owned vessels.

The output of the various United States factories primarily engaged in the manufacture of chewing gum in 1921, the last year for which figures are available, was valued at \$38,805,000. It is stated that the original industry was begun on an outlay of \$55.

Pimples

BLOOD impurities are pumped by the heart into the face. That is what causes that grainy appearance, that muddiness, sallowness, pimples, blackheads, acne, red spots, and that impossible "something" which no face cream, massage, or face powder can cover up or beautify! The foundation for a beautiful skin simply is not there, and no face treatment can give it to you. But increase your red-blood-cells, and quickly the ruby tint of purity begins to glow in the cheeks, the complexion becomes venus-like and immaculate! Try it. It will do it every time. S.S.S. builds the red-blood-cells you need for a beautiful complexion. Begin using S.S.S. at once, and give yourself what you have been working for, for years.

S.S.S. is sold at all good drug stores in two sizes. The larger also is more economical.

We're Sure Ready For You.

"Correct Wear for Men"

408 Polk Street

Amarillo, Texas

THE PASSING DAY

By Will H. Mayes, Department of Journalism, University of Texas.

Three hundred and seventy five farmers of Gillespie county have budded 25,000 pecan buds on native trees, using the best known Texas varieties for that purpose. Over 75,000 buds will be placed before the season is over. Last year in the same county some 25,000 buds were placed and the growers are so pleased that they are increasing the number greatly this year. There are many thousand native pecan and hickory trees all over Texas, that are now producing hard, small and inferior nuts, that could be worked over into profitable nut trees with small expense and in three or four years time. By neglecting this, Texas is letting a vast resource go to waste every year. Any fourteen year old boy can be taught in fifteen minutes to do the work, and buds for top working can be had at small cost.

Mexia has subscribed \$500,000 to build a cotton mill, and work on the plant is to be started soon. Marble Falls will soon have a \$750,000 mill under way. El Paso is erecting a large mill. San Antonio, Austin and San Marcos are considering plans for cotton mills. Nearly twenty other Texas towns are seriously considering such an undertaking. When Texas once goes to converting its raw material into manufactured goods, an era of prosperity will begin that will quickly make it the most prosperous state in the Union. For the first time in its history, Texas now has sufficient capital to build the necessary factories. Watch Texas grow, and see that your section keeps up with the procession.

Have you noticed the kind of school houses now being built all over Texas? In cities, towns and country districts—everywhere—substantial stone and brick buildings are taking the place of the crude box shacks of a few years ago. In the towns and cities bond issues are being voted to get better school facilities for the children. Weak country school districts are consolidating and building community school buildings as good as those in the towns. The construction of good roads is making it possible for children to go several miles to school with much more ease and comfort than they could once

Child-birth

WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., B.A.-75, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

go half a mile. Many school districts are gathering the children and taking them to school in motor busses. School terms in these large districts are being lengthened, and the country child is having opportunities that have long been afforded only town children. Texas is having a great educational awakening.

Five men students at Baylor University have signed for a course in household management, a course designed to give women training in the conduct of the home on the budget system, methods of preparing formal and informal dinners, banquets, parties and social functions. The first inclination is to smile at such an announcement, but after all it is not bad

for the men to have some idea as to home management, for in spite of the efficiency of the wives, there are times when the men have to attend to household duties about which they know little or nothing. And housewives are not always as efficient as they might be. However, there are so many other things for the men to learn that they are not likely to crowd into this course in great numbers.

The Texas State Exposition directors at Austin have voted not to allow any gambling devices on the grounds at the next exposition, such as the well-known wheel contests and dozens of other like schemes for fleecing the public. In other words they propose to obey the law and to have the carnival

company that plays the exposition do the same thing. It is hard to understand just why the traveling carnival companies have so long been allowed to violate State laws. The only reason is that they are held under the auspices of some local enterprise or club that is presumed to profit thereby. Is gambling for the benefit of an aggregation of people any more justifiable than gambling for private advantage? Should officers ignore law simply because a group of citizens, rather than an individual, desires the law violated? The petty gambling at carnivals is just a step toward larger gambling. Probably the worst feature is that it inculcates disregard for all law.

Buy, Build, and Live in Canyon.

SPRING TIME IN THE JUVENILE SECTION

Springtime it is—the days of jumping ropes, marbles and roller skates—out door days, sunshine days. It's the day of tub frocks, tub suits galore. It's always well to stock up early in the season, when styles are newest and displays are freshest and most varied

LITTLE FROCKS

FOR DRESS UP

When Betty Lou has her birthday party, think how tickled she will be to have one of these dainty new silk dresses to wear. They are made of taffetas and crepe, most prettily trimmed in hand embroidery and lace. Sizes run from 8 to 14 years. Priced from—

\$2.50 upwards

Children's Gingham Frocks

Marjory will be so excited over her new gingham frock she'll forget all about her jumping rope—particularly if it is chosen here. We have just received some new ones, and they are so smart. In all the summer styles and colors. Priced at—

\$6.50 to \$12.50

BOYS' TUB SUITS

It's no fun trying to play marbles in clothes you have to be so careful about all the time. It's no fun to play at all under those circumstances, in fact. New shipment of boys' play clothing assure very satisfactory selection.

Romper and Middy Suits

in sizes from 2 to 10 years, fashioned of durable gingham, chambrays and linens; in cunning styles. These may be chosen in any desirable color. They are priced at—

\$1.50 to \$4.50

Khaki Play Suits

the kind little fellows get lots of comfort and service out of. They may be chosen from full stocks. We have them in long and short trousers.

\$1.00 to \$1.75

College Newspaper Wins at State Meet Held in Dallas

Two firsts and a third place was won in the Texas Intercollegiate Press Association contests by students of West Texas State Teachers College.

The editorial "Poverty of Conversation" and a news story, both written by Olin E. Hinkle were winners of first places. The editorial "Mascots Growing Humps" written by John L. McCarty, took the third place. Also The Prairie tied with the United States of Baylor and The Brand, of Simmons for fourth place in the contest for the best college newspaper.

The Prairie received compliments from Joseph F. Willets, make up editor of the Dallas News, on the good arrangement of the paper.

Olin Hinkle, managing editor, and Everett Haley, business manager, represented the Prairie in the meeting. They report a highly profitable meeting.

The German Department of Labor reports a remarkable revival of household manufacturing during the present period of economic distress. Spinning wheels, hand-operated linen factories and other home devices are being pressed into service.

More than 900 traveling libraries are in circulation at the present time in Saskatchewan. In addition to this some 500 books are sent out to districts where the branch was unable to supply libraries.

Revival Meeting at the Methodist Church Will Start on Next Sunday

The Methodist Revival Services will start Sunday at the local church.

Rev. M. M. Beavers states that the services will be conducted strictly by the members of the local congregation. Rev. Beavers and Dr. D. H. Munson will do the preaching during the services, while the music will be under the direction of members of the church.

EASTER SERVICES SUNDAY.

Easter Services will be held at the Methodist Church Sunday morning.

Three special musical numbers will be given by the choir, as follows:

Anthem—"Now is Christ Risen from the Dead"—Allen.

Anthem—"And the Glory of the Lord"—Handel—From the Messiah.

Violin Solo—Hershel Coffee.

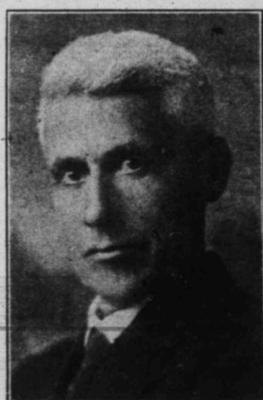

AT PRESBYTERIAN CHURCH.

Rev. James H. Bell of El Paso will preach Sunday morning at 11:00 o'clock and at 8:00 Sunday night at the Presbyterian Church.

Rev. Bell is a brother of Mrs. Harvey Cash of this city and is pastor of one of the leading Presbyterian Churches in El Paso.

Residents of Berlin find it cheaper to ride in suburban trains than to sit at home using fuel.

WILL PREACH DURING REVIVAL AT THE METHODIST CHURCH

REV. M. M. BEAVERS.

ROWAN BABY DIES.

Phyllis Ann Rowan, seven year old daughter of Mr. and Mrs. Bob Rowan formerly of Canyon but now of East Las Vegas, N. M., died Tuesday of rheumatism of the heart.

Mr. Rowan is a teacher and coach of athletics in the Baptist Montezuma College. He is the son of Mr. and Mrs. John Rowan of this city. Both he and Mrs. Rowan were among the early students in the College.

Balsam-wood, made of the fibers of the pine and other coniferous trees, is the latest heat retaining material.
