

RANDALL COUNTY NEWS

VOLUME NUMBER XXVIII

CANYON, RANDALL COUNTY, TEXAS, THURSDAY, SEPTEMBER 25, 1924.

NUMBER 26

WORK STARTS ON CANYON'S NEW \$65,000.00 SANTA FE DEPOT

RECORD ATTENDANCE OPENING OF COLLEGE

MORE THAN SIX HUNDRED ENROLLED AT COLLEGE

ATTENDANCE EXPECTED TO GO TO 1000 BY TONIGHT.

Change in Management of Randall Hall and Two New Teachers Announced.

The fifteenth annual session of the West Texas State Teachers College started yesterday with the largest first day enrollment in the history of the institution. A total of 633 students were enrolled yesterday. It is confidently expected that the enrollment will go to 1000 today.

In the College there was an enrollment yesterday of 398; in the sub-college 130; in the training school 105. This makes a total of 528 in the college and the sub-college. The first day's enrollment last year for the first day was only 381 in these two departments. The enrollment two years ago in all departments for the first two days was 520, as compared with 633 in one day yesterday.

Secretary Travis Shaw stated last night that with the large number in the city who had not enrolled, he was confident that the enrollment today would reach 1000.

Mr. and Mrs. R. A. Terrill have taken over the management of Randall Hall during the time Mr. and Mrs. F. E. Savage will be at Nashville.

Mrs. Travis Shaw has taken the work in the training school which M. B. Johnson had last year. Mr. Johnson is here from Amarillo for a few days to get the training school started.

Miss Cleo D. Holmes of Oakland, Calif., has been elected to a position in the home economics department. She is a graduate of Morningside College, Sioux City, Iowa, and has been a student at Berkeley.

Right of Way Promised on West Fourth Avenue for Change in Highway

Owing to the construction of the new \$65,000.00 depot, it is necessary to change the highway. At present the traffic is being diverted to the street east of the present crossing.

An effort is being made to make the new highway run directly through the city on Fourth Avenue opening a new road to the Plainview branch of the Santa Fe, and continuing west a mile where an under ground passage may be constructed.

It is understood that all of the property owners have agreed to give the right of way west on Fourth Avenue as this would open up a choice residential section.

Some action will probably be taken on this question before very long.

Canyon Eagles Meet Amarillo Hi School at the Fair Friday a. m.

On to Amarillo! is the battlecry of the high school Eagles, who journey to neighboring city Friday morning to face the Amarillo high school Sandies at 10:30.

The Sandies defeated Hereford 40 to 0 last Saturday in the first game of the season. The Eagles had one opportunity to work out against an opponent in the game Friday with the All-Stars.

The Eagles are going confident of defeating the Sandies, or knowing the reason why.

Coach Hale will take every available man to Amarillo tomorrow in order to run in as many fresh men as possible during the game.

There was a light frost on the ground Monday morning as a result of the drop in temperature Sunday.

It is generally reported that the frost did not damage, excepting in the canyons where vegetation was nipped.

Chamber of Commerce Work Will Continue as in Past, Says President

The following statement is made by T. C. Thompson, president of the Canyon Chamber of Commerce, regarding the future work of this organization: Owing to circumstances, over which the Board of Directors of the Canyon Chamber of Commerce has no control, it will become necessary on the first of October to make a change in the supervision of the Chamber of Commerce and to dispense with the services of our paid secretary-manager.

The Board of Directors desire that each citizen of Canyon thoroughly understand the reason for this change, and to understand our policy for future work. The contemplated change is one of finances.

The Chamber of Commerce started out last year with a very comprehensive program. It was a program to which each and every citizen of Canyon could ascribe and heartily give his money and his influence. Perhaps the biggest of this program causes our present financial embarrassment, and we might have done better to have undertaken fewer things during the year.

At the present time our organization is in debt, and it will be absolutely necessary for each and every subscriber to pay in full his pledge for the year in order that the directors may meet these obligations.

The Board of Directors does not want to leave the impression that the Chamber of Commerce has disbanded. Any report to this effect is absolutely false. Canyon has had such an organization for nearly twenty years, and with the great opportunities confronting the town, it would be absurd to consider for one moment disbanding at this time. Canyon has put over a wonderful program through the volunteer efforts of men and women who have given their time and talents to the development of the city, and these same men and women will continue to give their time and talents to upbuilding the town. The directors see for Canyon a much greater program for the coming year than we have accomplished during the past year and urge the support of every loyal Canyon citizen to assist in this program.

The directors will soon outline for our citizens a program for the coming year, and will present it to you for acceptance or rejection. Please bear in mind that a commercial organization must have financial support if it is to accomplish anything whatsoever, and that the finance committee must call upon the citizens as soon as our present financial situation is cleared and ask you for regular monthly contributions for the coming year to carry out this work.

Canyon was never face to face with greater opportunities than at the present, and we firmly believe that Canyon citizens will rise to the situation and assist us in every way possible in the building of a greater and better town.

For the Directors of the Canyon Chamber of Commerce:

T. C. THOMPSON, President.

MARRIAGE LICENSE
J. M. Mills and Miss Ettie McDole,
September 20th.

Tulips at Every Home in Canyon Is Desire of City Federation

Tulips at every home in Canyon is the goal of the City Federation.

To that end, members of the Federation are making a canvass of the town soliciting orders for bulbs to be placed next week.

Canyon will entertain the district Federation meeting next spring, at which time several hundred women from all parts of Northwest Texas will visit Canyon. Tulips will be the official flower for this occasion, and the women of the Federation are calling upon all citizens to plant tulip bulbs this fall in order that there may be thousands of these flowers in bloom at the time the Federation meets.

It is expected that more than five thousand bulbs will be ordered next week.

CANYON AND COLLEGE DAY SATURDAY AT THE FAIR

BUFFALOES WILL PLAY OKLA. HOME TEAM SATURDAY A. M.

Special Train Will Leave Canyon at 8:30 Saturday Morning—College To Close for the Day.

Saturday is Canyon and College Day at the Tri-State Fair, and a large percent of the population of Canyon will attend the Fair on that day.

The Buffaloes will meet Northwest Teachers College on the Fair grounds at 10:30 o'clock Saturday morning in the first game of the season. Both team will play their first game. The Buffaloes have been having hard luck in the way of injuries during the past week, with Mitchell and Meade both out of the game owing to injuries in the first scrimmage. With the exception of these two stars, the rest of the men seem to be in excellent condition, and are ready for the game.

The coaches have little to say regarding the first scrimmage Saturday, but the men of the squad are enthusiastic. The teams are working behind locked gates, and little information is allowed to leak out.

A special train will leave Canyon at 8:30 Saturday morning for Amarillo, bearing the College team, the band and students. All town people are invited to join the train. Return will be made on the regular night train.

The College has a large exhibit at the Fair under the supervision of R. A. Terrill.

Baptist Plan to Start New Church Building by the First of March

In the business meeting held last night at the Baptist Church the plan for the new \$75,000 Baptist Church was adopted. The construction will probably start on or before the first day of March.

STARTING NEW HOUSE.

Dan K. Usery has bought lots of C. R. Burrow on Sixth Avenue, at 20th Street and has started a new five-room house.

WHAT CANYON CAN DO!

What can the citizens of Canyon do to make this a bigger and better town in which to live?

This question has been discussed many times during meetings of the Chamber of Commerce.

At a directors meeting Monday evening, President J. A. Hill pointed out a number of things that Canyon can do during the coming year—if the Chamber of Commerce has the money with which to put over the program. Here are some of the things:

First, from the standpoint of upbuilding the College directly—

A monthly bulletin to all teachers of the state.

A bulletin to all high school seniors and graduates of all junior colleges of this section.

Sending representatives to every high school in this section with literature and to visit with the pupils.

Advertise in certain publications.

Getting letters from all the students to their home newspapers.

Entertainments, speakers and musical programs to schools in this section. Make the stay of the students here as pleasant and profitable as possible.

The completion of a cooperative home or apartment for lighthousekeeping before September of next year.

From the standpoint of the town—A modern hotel is greatly needed. Keep the town clean—the streets, alleys and vacant lots.

Procuring a crossing on the canyons between Canyon and Claude, which would bring thousands of tourists to Canyon and the Palo Duro canyons. This would be the biggest financial enterprise, if the cost would not be prohibitive.

The citizens of Canyon are given this program to consider. The program is entirely within the reach of the town by the proper cooperation of all the citizens.

RANDALL COUNTY WINS SECOND PLACE IN COUNTY EXHIBITS AT TRI-STATE FAIR

Randall County was winner of second place in the county exhibits at the Tri-State Fair yesterday. County Agent J. W. Jennings was in charge of the exhibition, and is due great praise for the high place the county exhibit takes against twenty-six county exhibits.

Hale County was winner of the first place, and lead Randall county by a margin of 30.9 points. Floyd was the third winner, Dallam 4th, Hartley 5th, Garza 6th, Castro 7th, Hemphill 8th, Lubbock 9th.

Mr. Jennings is superintendent of the agricultural department of the Fair and stated this morning that after the exhibits were placed he picked the first winning counties, the judges seeming to agree with his decision.

The following are Randall County Poultry Association winners at the Tri-State Fair:

Light Barred Rocks: J. T. Coffee, 1st, 2nd, 3rd, 4th pullets; 1st, 2nd, 3rd, 4th pullets.

White Orpingtons: Mrs. Geo. Bishop 1st, 2nd, 3rd, 4th cockerels; 1st, 2nd, 3rd, 4th pullets; 2nd cock; 1st pen; best pen solid color birds; best solid hen.

Partridge Wyandottes: D. Mack

Stewart, 1st, 2nd, 3rd, 1st, 2nd, 4th cockerels; 1st, 2nd, 4th, 5th pullets; 1st pen.

Buff Orpingtons: Mrs. Maggie Bourland, 1st cock; 2nd, 5th hen; 2nd, 3rd, 5th cockerels; 2nd pen.

Silver Wyandottes: Mrs. Fred Marshall, 1st, cock; 1st, 2nd cockerels; 1st, 2nd, 3rd, 4th hens; 1st, 2nd, 3rd, 4th pullets; 1st pen.

Jap Silkie: Mrs. Oscar Hunt, 1st, 2nd, 3rd, 4th cock; 1st, 2nd, 3rd, 4th hen; 1st, 2nd, 3rd, 4th cockerels; 1st, 2nd, 3rd, 4th pullets; 1st pen.

Golden Seabright Bantams: Mrs. Oscar Hunt, 2nd cock; 3rd, 4th hen.

S. C. R. I. Reds: Key and Duffel, 2nd, 4th cock; 3rd, 5th hens; 1st, 5th pullets; 1st pen.

S. D. Burton 2nd cockerel; 4th pullet; 2nd pen.

TO ENTERTAIN ALL WOMEN.

The women of the Presbyterian church will entertain all of the women of Canyon next Tuesday afternoon at three o'clock at the home of Mrs. C. R. Burrow. All women are invited, especially those just moving here for the benefit of the schools.

CUT THE WEEDS—NOW!

HIS BUSY SEASON

GEO. PARR OF AMARILLO IS GENERAL CONTRACTOR

WORK WILL BE RUSHED TO AN EARLY COMPLETION.

Canyon Will Have the Best Depot in this Division With Only One Exception.

Work on Canyon's new \$65,000 depot was started yesterday morning when the engineers for the Santa Fe set the pegs for the location of the new building. Geo. Parr is the general contractor and arrived this morning to put to work his crew of men. The building will be rushed to completion.

The new depot is about two and one-half times larger than the old building. Its dimensions are 52x200 feet.

The building will set across 10th street, with the main entrance of the main waiting room facing this street.

The building sets about 20 feet north of the Second Avenue street line. It extends east of 10th street some distance, but will be located largely to the west of this street.

Every little change was necessary in order to make the building come within the appropriation limit. The mission style of architecture is carried out. The roof is red tile. The building is the largest and most complete of any depot in this division of the Santa Fe, the Amarillo depot alone being excepted.

Change in Management of Chamber of Commerce on October 1st

At the meeting of the board of directors of the Canyon Chamber of Commerce Monday evening, it was voted to make a change in the management of the organization on the first of October owing to the fact of finances.

Louis F. Hart, secretary-manager, since the first of the year, will retire as a paid worker, and other arrangements will be made to carry on the work of the organization.

The directors urge that all who owe dues to the Chamber of Commerce to please pay them up so that all outstanding obligations might be met.

A statement from T. C. Thompson, president of the Chamber of Commerce, is found in this issue of the News.

Mr. Hart stated that he had greatly enjoyed his work in Canyon. He has the best of feeling for the town and has backed his faith in Canyon by starting a residence. His plans are not complete for the present, but his position on the staff of the Star-Telegram is opened whenever he wishes to return to newspaper work.

Light Attendance at the Fair; Exhibits Generally Are Very Good

The attendance at the Randall County Fair was light owing to the confusion caused by the rain and mist during all day Wednesday.

The fair was announced to run over Saturday, but owing to the rush of many of the exhibitors to reach the Tri-State Fair, many of the exhibits were withdrawn during Saturday morning.

The woman's department was by far the biggest part of the Fair. This was held in the College building, and was in charge of the City Federation. This exhibit was well worth the cost of the fair.

The poultry department was large and the best show the county has ever had. Dr. Duke, the judge, stated that he had seldom seen so many exceptionally fine birds in a show. He was highly pleased with this department.

The agricultural department was good but not so large as last year.

The stock show was a disappointment, as only a few breeders exhibited. A few years ago the big pavilion did not begin to hold the hogs, but this year only one wing was used by the hog exhibitors.

The football and baseball games were well patronized, but the crowd generally small during the fair.

To get out the vote of America in the November election is the big aim of various organizations in America. It has been estimated that hardly 50 percent of the voters go into the general election. Texas voters are especially guilty of staying away from the polls in the general election. It is figured a pretty heavy vote for the general election if one-third of the voters go to the polls. Even with the great interest of the primaries, nearly one-third of the voters of Texas do not participate in the primary. Texas should have more than a million votes cast in November, but it is very probable that the number will not go over 400,000. The fact that the republicans are making a hard fight, and the fact that the injunction against Mrs. Ferguson's name on the ticket is stirring up interest in the voters, may be instrumental in bringing out a larger vote than is customary.

La Follette is promising the voters to revolutionize America, if he is elected president. La Follette has been on the war-path for twenty years, and has not overturned many of the American institutions. He is great on bluster, but short on production. He is playing to the gallery in the hope of winning a sufficient number of votes to throw the election into congress. He is liable to accomplish this very thing as there are so many dissatisfied voters in this country who want the government to come along and solve all their difficulties, and to provide them a living in luxury without work. La Follette is appealing to this class, to the war slackers, to the broke farmers and stockmen, and to all others who have lost confidence in the two political parties. La Follette will not be elected, but he is causing a lot of unnecessary commotion.

Canyon has had a commercial organization for nearly twenty years, but during that time have only employed a full time paid secretary for a few months. Since it has become necessary to discontinue the services of a full time paid secretary, it is no indication that Canyon will disband or discontinue the Chamber of Commerce work. The biggest accomplishments of the city were during a time when there was no full time paid secretary, and the loyal business men of Canyon will continue to put over great things even though there is no paid secretary. Every citizen of Canyon should belong to the Chamber of Commerce and pay his dues to the organization.

It is rather pathetic to witness the necessity of "official guides" as the world fliers visit the various towns. A whole flock of planes greet the world fliers, to guide them safely to the landing place. The world fliers were able to pick their way around the world without guides, and might possibly be able to find the well marked aviation fields of this country without so many guides.

A White Way from the east highway to the new depot is being enthusiastically received by the various property owners who have been approached on the subject. The cost is so little in comparison with the great improvement that would be made upon the adjoining property, and upon the town as a whole, that every property owners seems to be fully convinced that the White Way is a good investment. The City Commission trusts that the project may be undertaken at once, and completed by the time the new depot is completed.

The Texas Tax Journal again calls attention to the great waste under the "free" text book law. The system is costing the state much more than it is worth, according to authentic figures this magazine has procured. If Texas must have "free" text books, it seems to us to be a better system that the state recommend the books and that the local school boards buy only such books as are needed. The local boards would not be so free to tie up thousands of dollars in useless books as the state department seems to be, according to this journal.

An Amarillo man stated to the News the other day that with our record of last week, issuing a 16-page newspaper in 3 1/2 days, we ought to start a daily newspaper. Thanks for the compliment. The News has the equipment, but not the finances and the inclination to attempt a daily newspaper. That doesn't mean, however, that the day will not come when Canyon will have a daily newspaper.

To the Amarillo Gas Company: Canyon is a good place in which to dispose of some of your natural gas. We are ready to talk the proposition over with you. What say?

Have you been to the big Fair in Amarillo? Saturday is Canyon day; better be there.

Higgins News: Defense Day brings out the old, time worn question of preparedness. Whether it is best to keep the army and navy up to a certain standard and our country in military trim, or go on in our happy-go-lucky way until war is thrust upon us perhaps without giving us time in which to prepare. War is not out of the question at any time for human nature is just the same as it was from the beginning of the first quarrel when one brother killed the other. But today, as then, jealousy, hatred, ambition to rule, and to gain through the defeat of another still has a hold upon humanity and the days of war, of bloodshed, are not over. It is a crime against our country to shut our eyes to the possibility of war. But, on the other hand, it is wise to safeguard our nation so that if trouble comes, we will not have to sacrifice our young manhood as was the case during the world war. Had we not foolishly delayed, we might have saved the lives and brought about a more lasting peace. Our country is no longer isolated as it was before the world war. We must take our place in the affairs of nations and that being the case, we must educate our people to ways of peace by teaching self protection. And thus the American bully as well as the old-world bully will not find it a pleasant thing to make war. The world war brought out the lamentable fact that our young men were not a physical credit to our nation and Pershing referring to this in his address Friday night, said that our youth would reap the benefit of years of investigation and toil on the part of our army in peace as well as in war, and our national health standard would be raised because of military training, even tho the period of training was short. Our schools are free, but when the test came we were shocked to find that many of our boys were illiterate. With a citizens training

camp open to those who must earn their living and thus are deprived of school privileges, we will be fitting our future citizens for more useful service to their country and to those for whom they labor. The time to lock the door is before the thief steals the horse. General Pershing is not a man to blow and bluster and self-seeking, but is quiet, modest and free from military swagger. After visiting the battle fields of the world war and after viewing the terrible desolation wrought by war, he came home sad and disheartened to bring a message to his own people. And this message was formulated and given to us in his Defense Day address. "With no malice, but with forethought that marks the wise man, we shall, I hope, look at ourselves in time of fair weather to see how we might fare in a storm."

FOR LEGISLATORS TO THINK ON

Hon. John G. Willacy is tax commissioner of the state of Texas. He is a man of long legislative experience and of high character.

In his private capacity he publishes a magazine which carries the title, "Facts and Fiction," and under the first half of the title he sets forth some amazing facts—indeed so amazing that if they did not come from so dependable a source they would challenge credulity. To read them arouses sentiment of amazement and indignation.

The legislature of 1907 appropriated for traveling expenses of officers and employes of the state's institutions and departments the total sum of \$2630. In 1911 the amount was raised to \$560,000. In 1923 it was raised to \$980,500, only \$10,500 less than \$1,000,000. No argument should be required to drive home upon the minds of the taxpayers the unreasonable magnitude of such figures.

No rhetoric is necessary to embellish them—and no camouflage can hide from view the fact that they are an extravagant and unexcusable waste of the people's money.

Mr. Willacy has rendered a great service in making them public in the aggregate.

If they do not awake the people to such action as will make such appropriations impossible hereafter then the people ought to bear the burden for which none—but themselves will be responsible.—Houston Chronicle.

A THOUGHT FOR THE WEEK

Of all the men I have known, I cannot recall one whose mother did her level best for him when he was little who did not turn out well when he grew up.—Frances Parkinson Keyes.

The opium poppy was first known among the Greeks and Romans. It spread eastward, carried probably by Arab traders.

* NERVES ALL UNSTRUNG?

Canyon Folks Should Find the Cause and Correct It.

Are you all worn out? Feel tired, nervous, half sick? Do you have a constant backache; sharp twinges of pain, too, with dizzy spells and annoying urinary disorders? Then there's cause for worry and more cause to give your weakened kidneys prompt help. Use Doan's Pills—a stimulant diuretic to the kidneys.

Canyon folks recommend Doan's for just such troubles.

Mrs. B. T. Johnson, 211 5th ave., Canyon says: "My kidneys acted irregularly, at times too freely, at other times not often enough. Backache came on me, a dull, tired ache across the small of my back. I had sick headaches and felt nervous. I was tired out all the time. Doan's Pills cured me of this trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Johnson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Deeds Filed This Week Transferring Randall County Land

The following deeds as furnished the News by the Randall County Abstract Company, have been recorded in the County Clerk's office.

Mrs. S. J. Askey et al to W. J. Flesher, lots 8, 9, 10, block 21, Canyon City. Consideration \$555.

W. J. Flesher to Ira Miller, lots 8, 9, 10, block 21, Canyon City. Consideration \$2,500.

W. B. Campbell to E. Cearley, lots 7, 8, west half 9, block 54, Canyon City. Consideration \$3,700.

First National Bank, Canyon, to Eleanor T. Jones, lots 10, 11, 12, block 5, Normal addition. Consideration \$300.

Ira Miller to D. Mart Thomas, lots 1, 2, block 28, Canyon City. Consideration \$4,000.

Ola Womble to Ora Kelly, lots 7, 8, block 20, C. C. Consideration \$700.

H. E. Hume to H. C. Gamble, lots 11, 12, block 38, C. C. Consideration \$500.

Eula L. Condrey to Addie James, lot 13, block 33, C. C. Consideration \$7000.

Got the Result

Mr. Charles Moore, 2415 Eakin St., Dallas, well-known Texas citizen, says Karnak, the sensational new medicine, has freed him of two years of acute suffering from stomach trouble.

"Indigestion and bloating had me so I couldn't draw a deep breath," says Mr. Moore, "and I was simply afraid to eat. I had to be always taking strong purgatives, too, and was so weak I could hardly get around."

"Karnak has fixed me up strong and well and for the first time in two years I eat anything I want. Karnak is a great medicine."

Karnak is sold in Canyon by the City Pharmacy; in Happy by Toles Drug Store.

Welcome to Canyon

The faculty and students will always find the doors of this store open to you, with new, stylish merchandise, priced to sell. We want you to feel at home. Call on us at your will.

New Coats and Dresses

In All of the New Materials at Attractive Prices.

AWARDS MADE WINNERS AT THE RANDALL COUNTY FAIR FRIDAY-SATURDAY

WOMAN'S DEPARTMENT
 Mrs. J. G. Short of Amarillo was judge.
 Mrs. C. N. Harrison and Mrs. John Fry had a splendid display of hand-painted china; they did not enter this work for prizes, however.
 Mrs. W. Faulkner had a display of vegetables; Mrs. F. E. Haines, fruit.

Quilts
 Mrs. F. P. Guenther—No. 1 Quilts and Spreads.
Ribbon Prizes
 Spread—Mrs. F. P. Guenther, first; Mrs. John Fry, second and third.
Cash Prizes
 Mrs. F. P. Guenther, first; Mrs. Avant, second; Mrs. John Fry, third.

Silk-Quilts
Ribbon Prizes
 Mrs. D. A. Shirley, first; Miss Rosa McNeil, second; Mrs. John Knight, third.
Cash Prizes
 Mrs. S. V. Wirt, first; Mrs. John Knight, second.

Fancy Quilts
Ribbon Prizes
 Mrs. T. V. Reeves, first; Mrs. J. E. Greenfield, second.
Beaded Work
 Mesdames R. I. Graves and William Ash.
Ribbon Prizes
 Rope Beads—Mrs. Joe Black.
Cash Prizes
 Beaded Bag—Mrs. S. V. Wirt, first; Rope Beads—Mrs. Joe Black, second; Beaded Bag—Miss Jessie DeGraffenreid, third.

Curios
 Mrs. T. B. McCarter, Curios and Relics
Ribbon Prizes
 Mrs. Pierle, first; Mrs. F. P. Guenther, second; Mrs. W. F. Baird, third.
Cash Prizes
 Mrs. Kunze, first; Mrs. Sims, second and third.

Children's Department
 Mrs. Sanford Black, Mrs. W. J. Flesher—Children's Booth under fifteen.
Boys Work—Ribbon Prizes
 John Guthrie, first; William Flesher, second; Otis Higdon, third.
Girls' Work—Cash Prizes
 Geneva McCarty, first; Carrie Guthrie, second; Ruth Greenfield, third.
Ribbon Prizes
 Henrietta May Flesher, first; Earl Cobb, second; Henrietta Flesher, third.

Pictures
 Mesdames George Farlow, J. A. Hill and Bert Newlin.
Cash Prizes
 Mrs. Moss, first; Miss Lillian Thompson, second; Mrs. H. C. Roffey, third.
 Honorable mention—hand-painted screen—Mrs. Del Nixon.
 Picture of Lillian Thompson was on display which won third prize at Dallas fair last fall.
 Picture on hand woven cloth, owned by Mrs. Ingham.

Hand Made Rugs
 Mrs. R. A. Terrill, Mrs. F. M. Wilson.
Cash Prizes
 Mrs. F. M. Wilson, first, second and third.

Tatting
 Mrs. Joe Black
 Mrs. J. B. Turner, first; Miss Rosa McNeil, second; Mrs. Ed Harrell, third.

Baskets
 Mrs. Levi Angel
Ribbon Prizes
 Miss Lamb, first; Mrs. Dan K. Usery second and third.
Cash Prizes
 Mrs. Dan K. Usery, first.

Crochet
 Mrs. C. R. Burrow

Cash Prizes
 Mrs. Prentice Tate, luncheon set, first; Mrs. N. E. McIntire, piano cover, second; Mrs. C. N. Harrison, third.

Embroidery
 Mrs. Clarence Thompson
Cash Prizes
 Mrs. F. M. Wilson, first; Mrs. R. A. Terrill, second; Mrs. R. D. Hobbins, third.

Ribbon Prizes
 Mrs. F. P. Guenther, first; Mrs. J. M. Daugherty, second; Mrs. F. P. Guenther, third.

Knitting
 Mrs. Oscar Gamble
Cash Prizes
 Mrs. Barks, first; Mrs. Hays, second; Mrs. Arent, third.

AWARDS ON SWINE
 Aged Boar—E. A. Poe.
 Yearling Boar—Milton Beavers.

Keiser and Dowlen Win With Herefords at the Tri-State Fair

In the Hereford awards at the Tri-State Fair Tuesday, two Randall county breeders were among the big winners. C. O. Keiser won first in the junior yearling steer class; second with steer under one year of age; first with herd. C. A. Dowlen won 3rd with bull, calving Jan. 1, 1924 to April 30, 1924. T. A. Dowlen won 3rd in the two bull class.

MUTT AND JEFF COMING.

One of the funniest shows of the season is coming to Canyon Monday night in a tent, when the well known characters, Mutt & Jeff will be presented by a well known company of stage characters. The show is having wonderful success in this section and is drawing great crowds in every town.

In Northern Africa there is a large petrified forest similar to our petrified forest near Holbrook, Arizona.

Canyon Eagles Best the All-Star Team 12 to 0 Friday Afternoon

The Canyon high school Eagles looked and performed well in the first scrimmage of the season Friday afternoon at Buffalo Park, defeating the All-Star team by a score of 12 to 0. The Eagles annexed a touchdown in the second and fourth quarters.

Both teams played well, and the Stars were on their toes throughout. The Eagles outplayed their opponents at practically every stage, although it was by no means just a one-sided, lucky fray.

Coach Noy Hale started Jones, Covington, Oldham, Sanders, Buster, Brown, Lowes, Christian, Atkins, Greenfield and Martin, captain. He started after a few minutes of play to send in substitutes, and used in all during the game about twenty men. All of the players showed up fine against the older and more experienced All-Star team.

Wayside Items

Weather is ideal for business. Slight frost is reported near the canyons.

Pretty good attendance Sunday morning at Sunday School, led by Supt. W. C. McGehee. A good sermon by Rev. Lindley Sunday night, good crowd out. Fourth Sunday, Sept. 28 Rev. Pipkins of Matador will preach for us in the morning and again at night.

Mrs. E. M. Fairley left Wayside last Tuesday for Amarillo, from there she goes to Alpine to visit a daughter. Her little grandson goes with her.

Miss Birdie Lou Lane left Thursday for Canyon to visit several days with Miss M. Bartley. She expects to attend the opening of the College. Her school opens at Lodge in Hall County, October 1st.

Misses Utha Strawn and Esther Sutton are occupying the Ruby Aycock house, now owned by W. D. McGehee. Mrs. Maggie Gillham and Millard left Thursday to visit her brother at Seymour, returning Monday morning.

Mrs. Fannie Franklin, Roy and Fannie Mae, and Oscar P. Thomas accompanied W. C. McGehee to Amarillo Tuesday, Mrs. Franklin will visit her sister, Mrs. Emma Payne and also attend the Amarillo fair a few days.

Elmer Miller, who has been taking the mail for some time will stop and go to a barber school in Amarillo.

Herbert Franklin will assume charge of the mail car for a while.

Miss Bernice McGehee left Saturday to attend C. I. A. at Denton the ensuing term.

A few from Wayside attended the Canyon Fair. A greater number are expecting to visit the Tri-State Fair at Amarillo.

H. H. Gillham and children went to the Fair at Amarillo Tuesday. Miss Ada Franklin accompanied them.

M. C. and W. J. Sluder made a business trip to Tullia Thursday. W. I. Lane went to Tullia Monday and to Amarillo Saturday.

Mrs. I. E. Fairy has a novelty growing in her garden in the shape of a snake cucumber. Some are coiled, others have the appearance of a snake in action, or moving.

Mack Gillham and family and O. P. Thomas of Canyon, also Mrs. L. J. McGehee of Wayside, returned Friday from their visit to Tarrant county and other points. All had a most enjoyable visit.

(Too late for last week.)

S. C. Sluder made a trip to Canyon Tuesday to sell fruit, peaches and apples.

Grapes have been fine this season where vines have had the proper attention.

The box supper at Fairview was a decided success Saturday night. \$120 was realized from the sale of boxes, for a piano for the school which was brought in Sunday morning. Lacking only a few dollars of paying for it. J. W. McCreery was auctioneer.

W. R. Stockett and wife and Mrs. M. A. Jenkins of Canyon, John McGehee and wife and Bob Koonch were entertained Sunday at the J. R. Stockett home.

Singing at M. L. McGehee's Sunday night. A bog crowd and good singing. Our music is much improved since Prof. Chas. Burgess' school during the summer.

W. R. Franklin and family, D. J. Graham and children visited the paternal Sluder home Sunday. Mesdames Jenkins and Lane called in the afternoon.

Rev. J. W. Griffin former pastor on this work writes from Elmo, Texas. He is thinking of going into the Evangelistic work another year. We may expect Rev. Pipkins on the Fourth Sunday morning, our regular time.

J. R. Stockett and Rev. Caleb Brooks have been running the Stockett tractor day and night. M. C. Sluder and Kelly McGehee have been running the Sluder tractor day and night.

Help Keep Canyon Clean!

Illness Causes Grade Teacher to Resign Mae Hood Elected

Miss Laura Sweetman was taken to a hospital in Amarillo Monday owing to illness of two weeks, and has resigned her position as teacher in the grades of the public schools. Miss Mae Hood was elected by the board of trustees Tuesday to take this position. Miss Hood holds a permanent certificate from the College, and has been a successful teacher for five years. She is the daughter of Mr. and Mrs. J. F. Hood of this city.

Umbarger Notes

O. J. Podzemney was a business caller in Canyon Friday.

Viola, the little daughter of John Bedenk, was in Amarillo to have her tonsils removed. She recovered nicely after the operation.

There was a light frost Monday morning. The frost did not hurt the row crop.

About an inch and a half of rain fell here Tuesday evening, putting the ground in good condition for wheat. The wheat that was planted before the rain is up and doing fine.

Clem Friemel and family returned home after a trip to Schulenburg and various points in Southern Texas.

Eamill Krist and children of Schulenburg are here to spend a few days with E. J. Friemel and family.

An entertainment was given at the Clem Friemel home Sunday.

CLEARING TOWN OF FIRE RISKS VERY GREATLY NEEDED NOW

Cold weather is fast approaching and it will soon be time to put up stoves. A careful inspection of all chimneys is recommended by the city fire marshal, and thousands of dollars worth of property may be saved by a little care on the part of the citizens.

A big weeding program is needed in practically all parts of the city as there are tall weeds against many residents and buildings, which add to the fire risks of the homes and public buildings.

By all means care should be taken in putting up stoves to see that the chimneys are in good condition.

Canyon has had but few fires in the past few years, and can go through the winter with a minimum with only a little care.

CATHCART-SHOUSE

Mrs. Willie B. Cathcart, former student of the College, and daughter of Mrs. Edna Moore of this city, was married to Mr. G. Ray Shouse of Los Angeles, California, at Santa Barbara, Sept. 5. They will make their home at Los Angeles.

YEARLINGS TO McLEAN

The Yearling football team will go to McLean Friday for a game with the McLean high school.

Coach W. E. Lockhart has a husky bunch of men in the Yearling aggregation, and will give the high schoolers at McLean a hot game tomorrow.

STORK SPECIAL

Born to Mr. and Mrs. J. H. Burch, a girl, July 31st.

Born to Mr. and Mrs. Olin Tett, a boy, September 17th.

Still born to Mr. and Mrs. Will Davis, a boy, September 23rd.

Some Wedding

Miss Ruth Masters of Winnebago, Minn., had 50,000 guests and the wedding march played by a band of 3,700 pieces when she married Erling Malme at St. Paul last week. It was at the National Convention of the American Legion in session there.

CUT THE MEXICAN FIRE WEED BEFORE IT TAKES THE TOWN

A warning has been sounded by those who know something of the Mexican Fire Bush that has gotten a start in Canyon. The weed must be destroyed, or it will soon take the town and surrounding country.

It is stated by those who have seen the bush grow, that it is next to impossible to kill it out once it gets a foothold in a community. The bush has millions of seeds. It is more prolific than the thistle and much harder to kill.

All citizens are called upon to kill the weed before time for frost, as the seeds rapidly scatter after that time.

BAPTISTS WELCOME STUDENTS

The first Baptist Church wishes to take this means of extending the warmest welcome to all students of the College, and especially to all Baptist Students. Our hearts and homes are open to you. How happy we are that you are to be our guests and fellow-helpers in the work of Our Master this year.

We hope you will not feel that you are away from home for we want you to find in Canyon the happiest and most blessed church life you have ever known. We hope you will not wait to be invited and urged to use your talent to glorify God while you are here, but that you will make yourselves at home from the beginning. We want to help you in every way possible and we expect you and now invite you to help us in anyway you can. In other words we want to be a great big family, each of us living for the other. In this way each will receive the maximum of profit as we serve together. We hope you will not feel that our present church home expresses our interest in and love for you but that you will see in construction on our beautiful lots east of the square a modern \$75,000 church home which the church has instructed to be built, beginning March 1st, 1925.

Just think, you will have the joy of helping us do this glorious thing. Finally, we urge you not to forget that many influences will seek to lead you to neglect prayer, Bible study and faithful attendance of Sunday School and church worship. To yield to these influences will be to you and others a fatal mistake. Put them from you. Take the long look and see the end and not the beginning. We welcome you. We love you.

The first meeting of the Book Club was held yesterday with the lesson being conducted by Misses C. L. Thompson and C. W. Warwick and Miss Wilcey.

MENAGERIE WITH CIRCUS DELIGHT OF THE KIDDIES

It isn't such a bad thing to be an animal baby in a circus zoo, such as the Car Hagenbeck-Wallace, menagerie—especially if the baby happens to be a "cat animal."

Perhaps you don't know it, but the daddy and mother "cat animals" in the menagerie are never fed on Sunday. They are voracious meat eaters and the circus men have discovered by long experience that over-feeding leads to distemper and other ills. And so, as a matter of health, the lions and tigers the pumas, panthers and leopards—"cat cats"—have one day in the week when they are compelled to fast.

This abstinence does not apply to the kittens in the big dens. They are fed on Sunday, as on other days, but not on meat. Their mammae take care of the Sunday dinner for them.

The Hagenbeck-Wallace Circus, which exhibits in Amarillo on October 4th, afternoon and night, is said to have an unusual number of baby animals. There are baby lions and baby tigers and baby monkeys and even baby elephants for the delight of the kiddies.

Scores of the interesting animals in the Hagenbeck-Wallace menagerie will be seen in the big street parade which takes place at 11 a. m. on the morning of circus day. The doors open at 1 p. m. and 7 p. m. with the show starting one hour later.

COLLEGE STUDENTS SEEK WORK HERE

Prof. L. S. Baker, who has charge of the student employment work for the College, has a great many more applications for work than he can fill. He requests the co-operation of the town-people in helping worthy students to stay in school. Any type of work that can be done by young men or women is desired—in any amounts. The student help will be of high quality and will be furnished promptly upon request.

Those having such need of help may call Mr. Baker at number 344 in the evenings, see him in his office at the College, or may phone requests to Mrs. T. V. Reeves at her College office.

Students desiring work should file their applications and state their off-periods on blanks furnished by Mr. Baker. An immediate response is earnestly desired.

Campbell Notes

Mrs. R. O. Allison has returned from Austin, where she had taken her daughter to school.

Mrs. Snyers and grand-daughter from Lorenzo were guests at the T. A. Dowlen home last week.

The weather is fine and the ground is in fine shape, and the farmers are putting in wheat. There will be a large acreage in this community this year.

The box supper which was held at the Campbell school house was quite a success. A large attendance and several boxes were sold; also had a concert which everyone enjoyed.

Quite a few attended the Randall County singing at Zita last Sunday.

Miss Marjorie Gordon-Cumming came from Morton, Texas, and spent Sunday at the parental home. Before returning she took in the Tri-State Fair at Amarillo Monday, motoring with Miss Birdie Lee Burkhalter to Littlefield.

Rev. J. T. Burnett and John Burgan have gone to Santa Anna, Calif. While they are gone, John will visit his aunt, Mrs. J. W. Hunton.

Mrs. A. N. Burgan spent Wednesday with Mrs. Watson at Canyon.

PROMOTION DAY PROGRAM

The Promotion Day Program will be given Sunday afternoon at 3:00 o'clock at the Methodist Church by the Sunday School.

Good Advice for Women

San Antonio, Texas—"While taking Dr. Pierce's Favorite Prescription for feminine weakness I was also relieved of stomach trouble. The 'Favorite Prescription' was exactly the tonic I needed in every respect. I got well shortly after I started taking it. My belief is that what it did for me it will do for others. Therefore I advise all women who are in poor health to take a course of this treatment."—Mrs. J. T. Stauffer, 1522 W. Houston Street.

All dealers. Tablets or liquid. Send Dr. Pierce, President Invalids' Hotel, in Buffalo, N. Y., 10c for trial package tablets.

Indianapolis Recommends National Signal System

Indianapolis is making an effort to establish a standard system of hand signals for drivers to indicate movements of automobiles in traffic. Traffic police think the daily accident toll would be greatly reduced if such simple signals as illustrated could be adopted and observed—not only locally but nationally as well.

THE PASSING DAY

By **Will H. Mayes, Department of Journalism, University of Texas.**

The Texas Schools are all reporting largely increased attendance, which is an indication that there is a growing interest in education and also that the people of the state as a whole are reasonably prosperous. Although crops are short in many parts of the State, prices are fairly good and most of the people are out of debt. Debt always is an obstacle in the way of education. As people prosper they spend their earnings liberally in the education of their children. It follows that those who have children to educate should avoid debt as far as possible, for it stands in the way of their proper training.

Poverty, though, will not keep the determined and ambitious young people from securing an education, although it does greatly increase the difficulties. The records of most Texas schools show that a large percent of the boys and girls are working to pay their way through college. Many others are borrowing funds with the expectation of repaying when they get out of school and make the money. It is stated, also that self sustaining students are the most diligent. This is probably because they have a proper appreciation of their hard earned money. Still, it is a pity that earnest students should have to do the double work of earning and acquiring an education, even though the severe discipline may make them all the better students.

The interest being shown in community and county fairs in Texas just now is remarkable. From the newspaper reports it appears that all of them are largely attended and that the exhibits of livestock and products are well worth seeing. The people are brought together in these small fairs and there they exchange experiences and talk over problems in a way that can not be done at the large fairs. Most of them have interests in common and they secure valuable help in discussing them with each other. If only the people of a community or county can be made to understand that their problems are all closely related and that personal and mutual interests can best be promoted by close co-operation there would be no "moss-back" communities left in Texas.

Most persons are selfish and exhibit their selfishness when they are among strangers. One of the best places to see human nature at its worst is in the wash room of a Pullman car. Mr. Average Man will take his suit case and clothes and spread them over the greater part of the room in such a way that others who wish to use the room have to await the leisurely preparation of his toilet. It matters not how many others may be waiting, he will deliberately shove and monopolize as much space as possible in a room he knows to be crowded. He is a Pullman car hog and a nuisance. He would not behave as he does except among strangers to whom he thinks it unnecessary to be courteous.

Persons of culture and refinement are cultured and refined wherever they may be and are courteous to every one. It is impossible to have one nature among friends and another among

strangers. Some people assume one air when with friends and an entirely different one among strangers. It is because their friends know them and the strangers do not. Many are nice to those upon whom they wish to create a good impression, but apparently indifferent to those who are closest to them. There are those who are habitually cross and churlish at home, but "sweet as pie" away from home. Often these imagine they are fooling others as to their real temperaments, and for a time they may create favorable impressions, but the real disposition sooner or later manifests itself everywhere.

There have been more automobile tourists in Texas the past summer than ever before. Most of them have been Texans who have been getting acquainted with their State, but many from other states have been seeing Texas very intimately. The automobile may be somewhat of a luxury, but it is playing a great part in the education of the people, who are learning much from their summer tours in their own cars and at comparatively small expense.

The State Democratic convention at Austin proved that it is possible to keep Texas "dry, sober and clean," to use the words of Governor Neff. In advance of the convention Neff announced through the papers of the State that rangers would be on hand to see that the prohibition and other laws were enforced. There were about 3,000 persons in Austin for the convention either as delegates or as visitors. About a dozen rangers mixed freely in the crowds wherever they were congregated in the city. They were dressed like convention delegates and talked and acted like delegates, but all the time with eyes and nostrils alert for liquor. They arrested two delegates on whose breaths they detected the liquor smell, but they were afterward released because it could not be established that they were intoxicated. One Austin citizen was arrested on a charge of having a quart and a half of whiskey in his office, and a hotel bell boy was charged with peddling booze. That was the sum total of law violation so far as vigilant officers could find.

The convention crowd was to all appearances as well behaved as if it had been a church conference and was just as orderly except for occasional outbursts of political enthusiasm, and that despite the fact that it was expecting a "bear fight," and most of the delegates and visitors were out for a good time. What was done in Austin can be done anywhere if only the local officers will be vigilant enough. When

the people know that the law will be enforced most of them try to observe the law. If they think that law breaking will be overlooked, they are encouraged to go just a little beyond the limit of the range. When they come to learn that Texas expects its laws to be observed all the time and everywhere, they will show respect for laws, and not until then.

Prohibition laws in Texas have been reasonably well enforced from the time of their passage, despite the oft-repeated assertion that they have not been, and certainly drinking has been reduced to almost nothing. We hear more of liquor selling now than formerly because when a person is arrested for making, selling or drinking booze, it is a news item and the papers publish it. Before prohibition such things were not matters of news because they were the ordinary and the expected things, and the ordinary and expected do not make news. To have published such matters before prohibition went into effect would have filled more than the space of an ordinary newspaper and the papers would have appeared ridiculous. Now the public eagerly reads and talks about such news items and gets the impression that there is still a great deal of drinking.

One of the most elemental passions, and one hardest to overcome, is hatred. Many persons, who might otherwise be classed as Christians, are full of hate toward some one or more persons. They seldom are willing to admit it, even to themselves, for they know that hatred is the antithesis of Christianity, which is universal love. Often they try to save their conscience by saying that they do not hate any one, though there are some whom they dislike exceedingly. There is so little difference between hatred and exceeding dislike that the latter term is given as one of the definitions of the former. Christ clearly taught that his followers should love one another and that love should be all-inclusive. Measured by this standard, which after all was about the only doctrine Christ taught, have you the right to believe yourself a Christian?

We often talk about "serving God," as though we could render some direct service to the Omnipotent Being. The only way we can serve Him is by rendering helpful service to our fellow-men, His children, and that must be a loving service of a kind that can not be given to those we hate. We can't serve God while hating anyone.

Bainer Gives Information on Best Time to Sow Winter Wheat

"The best time for seeding wheat varies with the location, season and soil conditions," says H. M. Bainer, director of the Southwestern Wheat Improvement Association. Continuing he says, "The time of seeding is one of the most important factors in wheat production."

"Late sowed wheat often winter-kills and is more likely to be injured by drouth, hot winds, rust and smut than early wheat; it stools less and ripens later, thus often producing low yields and poor quality. On the other hand, too early seeding is dangerous, especially in sections infested with Hessian fly. Heavy growth from too early seeding is likely to use all the soil moisture during its early development, leaving nothing to draw on later."

"Several years' records show that the following dates of seeding have given best results in the humid sections: In eastern Nebraska, September 22 to October 1; eastern Kansas, October 1 to 13; and in eastern Oklahoma, October 13 to 20. In each case the first dates are for the northern parts of the states named and the second dates for the southern parts."

"Similar records for the less humid sections further west show that the best dates for seeding are about as follows: Western Nebraska, September 1 to 15; western Kansas, September 15 to October 1; western Oklahoma and the Panhandle of Texas, October 1 to 20."

"For 'out west,' the dates named are best only when there is plenty of sub-soil moisture. To seed wheat in dry ground or when it contains little, if any, subsoil moisture is a dangerous practice. This dry ground may carry just enough moisture to sprout the seed or a light rain may give the same results, leaving the crop to die later from lack of moisture. The most satisfactory way of seeding wheat, 'out west,' during extremely dry falls, is to prepare the ground early, get the seed ready and sow when the conditions become more favorable."

FIRST CHURCH OF CHRIST SCIENTIST

Services every Sunday at 11 a. m. and Wednesday evening at 7:30 p. m. Sunday school at 10 a. m. for students under twenty-one years of age, subject for Sunday, "Reality," a reading room is maintained in the church, Seventh Avenue at 15th Street, from 3 to 5 p. m., except Sundays and holidays, where the Bible and authorized Christian Science literature may be read or purchased. The public is cordially invited to attend these services and visit the reading room.

Telephone calls are numbered as they reach the exchanges in France. If a subscriber loses his temper and rattles the receiver-hook, his turn is placed at the end of the list.

-to build up Weight!

ANY WOMAN, any man, can now have a well-developed face and form. The whole, simple secret of a well-developed form is in the number of blood-cells in your body. You can now forget all the theoretical talk about diet, exercise, fad treatments, food-fats and fat-foods. Nothing is of any use, after all, except blood-cells!

Thin, run-down men and women, with bony necks, sunken cheeks, bony shoulders—all these are suffering from one thing—too few blood-cells. Science has proved that S.S.S. helps to make the rich red-blood-cells, which you need. Your blood is starving for these new blood-cells! Give your blood the blood-cells it needs—take S.S.S. the great scientific blood-cell maker. S.S.S. has done marvels, too, in making beautiful complexions, clearing the skin, making lips rosy red, the cheeks full and plump—because it rids the blood of impurities which cause pimples, blackheads, acne, blotches, eczema, tetter, rash and rheumatism, too. As the medicinal ingredients of S.S.S. are purely vegetable, it may be taken with perfect safety. This is why S.S.S., since 1826, has meant to thousands of underweight men and women a plus in their strength. Start taking S.S.S. today and your great problem, that of your personal appearance, can be solved.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

S.S.S. The World's Best Blood Medicine

This Week

By Arthur Brisbane

FLEW INTO HISTORY. PITY A SAD "ARISTOCRAT." THE DAY'S BEST NEWS. PERSHING AND GRATITUDE.

The flight around the world is over, and six young Americans will live in history when everybody connected with this Presidential campaign is completely forgotten.

History will forever record, if only in two lines, the dates and names connected with the first human flight around the world.

Birds did it long ago, but they are only birds.

That the nation which invented the flying machine should be the first nation to send a flying machine around the world seems appropriate. More appropriate would be adequate flying machine defense for this country.

Mr. Grenville L. Winthrop, pleasantly described by the social reporter as a "wealthy, retired banker, philanthropist and ARISTOCRAT," is under the care of two doctors. His two daughters eloped, one with a chauffeur, the other with a young electrician.

For a "retired aristocrat" to receive such a blow is painful, but in his sorrow there is warning and comfort for other wealthy, retired American aristocrats.

One of the daughters was thirty-one years of age; she and her sister, twenty-four, had been kept secluded.

Beware how you keep daughters too secluded, especially after thirty, and MORE especially if they are rich in their own right, as are these two young women!

That's the warning.

The comfort is this: The Winthrop family, to which the "retired aristocrat" belongs, may find

itself improved, its energies increased and its life on earth prolonged by the addition of a chauffeur and an electrician to the family lineage.

Lieutenant Moffet flew 183 miles from Boston to New York in fifty-eight minutes, attended to his business, and finished the round trip in two hours and twelve minutes. We have the world's ablest fliers, tens of thousands of them not developed. But we haven't the flying machines. We TALK preparation better than we provide it.

The day's most important news for the future ages is this. Dr. Daly, senior professor of chemistry in the University of Liverpool, says he can manufacture sugar out of plain water and carbon dioxide. That's how nature manufactures it in plants, through the green leaves. It is a deep process, first making formaldehyde of the carbon dioxide and water, then applying ultraviolet light—a color invisible to our eyes—to make the sugar.

If science can imitate plants on a big scale, manufacturing sugar and protein from carbon dioxide in the air, and the water in the ground, one food problem will be solved.

However, don't be in a hurry to sell your Cuban sugar plantation. It will make you rich for many a day.

Distinguished gentlemen gave a dinner to General Pershing in New York. It was a nice dinner. General Pershing's share must have cost sixty cents in the market and nine dollars delivered on the table.

As a dinner, it was a success. But as a reward for a general that commanded three million American soldiers in the big war, after serving faithfully for many years before that, it was not much. General Pershing is now retired on a salary big enough to get him a small flat in a cheap quarter.

The English do it differently. Their Imperial Government made their General Higgs an Earl, and gave him a million dollars.

Of course, this country isn't rich enough to afford anything like THAT, but it might do SOMETHING.

There is nothing the matter with this country except timid imagination. What have we?

Gold, more than half the world's supply; peace, that will last if we keep out of European nonsense; Presidential candidates, not one of whom would do any harm if elected; good crops, good prices for crops; an annual income of more than fifty thousand million dollars a year, with the real wealth not even scratched.

FOLLOWERS

It is no mean thing to be a true and loyal follower; to attach yourself heart and soul to a man or an organization that expresses your thoughts on fundamental principles better than you can express them, and that can point out ways of realizing your ambitions that you, unaided, could hardly have discovered. Anyone would of course rather be a brilliant leader, and because of that universal preference the ranks of the true and loyal followers have seldom been overcrowded.

The trouble that most of us have is in discovering the leader or the cause that shall inspire us with confidence and enthusiasm. We like certain things about our leader, but we must reject other things for which he stands. We should be glad to support a certain organization were it not that it is pledged to accomplish some things of which we disapprove. How is it possible then to attach ourselves heart and soul to any leader or cause or organization? How can we be loyal followers of anybody or anything?

Indeed, because of the conflict and complexity of issues, there seems today more than at any other period within memory a discouraged sense of the impossibility of choice; people stand bewildered and uncertain. It is all the more necessary therefore that everyone should do his best to get sound information and to think down to the fundamentals of the problems that confront the community, the state, the nation and the world. Each one must decide what are the most vital issues and who of the various claimants to leadership holds right views on the greatest number of those issues. Perhaps the true and loyal follower will have to do in the next few years more pushing and guiding than he has hitherto modestly felt was required of him.

Krupps, German gun manufacturers, are now making single and double rows of teeth of enameled steel.

Facts About Child-birth

It has been proven conclusively that much of the suffering, pain and dread experienced during expectancy, as well as at child-birth is entirely unnecessary.

An eminent physician, Dr. J. H. Holmes, expert in this science, first produced the great remedy "Mother's Friend," which aids the muscles and tissues to expand more easily, during the constant readjustment, month after month, right up to the climax of child-birth.

"Mother's Friend" is applied externally. Three generations of expectant mothers have used it. "Pains disappeared in two days after using 'Mother's Friend,'" writes a user. "I owe my life to 'Mother's Friend,'" declared another. Use "Mother's Friend" as our mothers and grandmothers did, start today and experience the wonderful comfort it will give you.

FREE BOOKLET
Write Bradford Regulator Co., Dept. B-A, 28, Atlanta, Ga., for free booklet giving many facts every expectant mother should know. "Mother's Friend" is sold at all good drug stores—everywhere.

Happy Happenings

Mr. and Mrs. J. M. Miller were shopping in Amarillo Tuesday.

Rev. D. H. Bryanoff, who has been on the sick list, returned to his school work at Plainview Tuesday.

Miss Winnie Grounds is spending the week in Amarillo with her brother, H. A. Grounds, and attending the Fair.

J. H. Stephenson and family attended the Amarillo Fair Wednesday. Emmitt Grounds and mother visited relatives near Clarendon Saturday and Sunday.

Miss Dora Walters went to Plainview Sunday to visit her sister, Mrs. Ruth Grounds, who is in the hospital there.

Miss Gladys Miller spent the week end in Canyon with friends.

Mr. and Mrs. Sam Hembree of Hereford spent Sunday in the W. C. Lindsey home.

Miss Ella Aikman and Miss Greer of Hereford spent Sunday in Happy with friends.

Mr. and Mrs. W. C. Lindsey were in Amarillo Tuesday taking in the fair and having some dental work done.

Mrs. W. H. Brown has been on the sick list this week.

Mr. Lebow and Guy Garrison are each building a new home in the west part of town.

Hooper Harrison of Stratford visited friends here Monday and Tuesday.

Mr. and Mrs. R. B. Gist were Amarillo callers Sunday.

Mr. and Mrs. Jeff McElroy spent Saturday and Sunday in Silverton with relatives.

Rev. Upton and wife stopped here last week end, on their way home from Colorado where they had been to visit their son who was badly hurt some time ago in a car wreck. They also attended another son's wedding while there and stopped to visit their daughter, Mrs. J. O. Gillham. They returned Saturday to their home near Sweetwater.

Mark Wesley returned to Abernathy Sunday where he is working.

Mrs. Jim Ward and children of Tulla visited her sister, Mrs. John Lemmons here Sunday.

Miss Virgie Maynard, who was operated on Thursday at Plainview sanitarium, is reported to be improving nicely.

Mr. and Mrs. E. C. Shuman were Amarillo visitors Wednesday.

The High School boys and Prof. Martin went to Silverton Wednesday afternoon to play ball.

BAPTIST STUDENT SECRETARY HERE

Miss Lucille Lloyd, one of the field secretaries of the Baptist Student Union of Texas, is again in Canyon to serve in the capacity of Baptist Student Secretary in the College. Miss Lloyd was here during the past summer in the same capacity. By her charming personality and fidelity to every interest of student life she won for herself the love and esteem of the members of the Baptist Church, and especially of all Baptist students. The Baptist students who worked with her the past summer will rejoice that she is to be here this year and those students who have not known her will find her a constant friend, always ready to make any sacrifice for their welfare.

Modern Business and Banking

In this age of banking no business can function properly unless it is backed by a strong financial connection.

Your banker's personal interest in you and his willingness to advise and assist you in every possible way is worth much to you in the successful management of your affairs, in addition to the safety and convenience which such a connection offers.

FOR SALE—The Panhandle Baptist Assembly has two farms for sale: 300 acres, 150 in cultivation, 100 more fine tillable land, the rest grass; three room dwelling, large grainery, lots and shed.
