meeting last Friday, indulged in heart-to-heart talks on Hico's accomplishments during the year now drawing to a close and outlining plans for the new year.

It was brought to the attention of the club that other towns are taking notice and commenting on the Hico spirit—the business-like manner in which the citizenship of Hico are cooperating in all civic matters. Special reference was made to the cow day movement in Hico-the financing and the generally successful manner in which each recurring cow day is handled. Other towns that are sponsoring a similar movement are not having as smooth sailing as the Hico club, and they have asked for the Hico formula.

President H. F. Sellers summed up the success of Hico's cow day movement by saying that it came about through the hearty co-operation of practically every business concern in own. He explained that the business nen of the town were "seld" on the w day idea 100 per cent, and with kind of spirit and community colin any civic movement was sure ucceed.

COUNTY PIONEER PASSES AWAY AT HOME IN CARLTON

Mrs. F. M. Richbourg Dies at Age of 81 Following Stroke of Paralysis; Had Lived in Hamilton County More Than Half a Century.

Mrs. F. M. Richbourg, 81 years old, Hamilton county pioneer, died last Friday morning at 1:15 at the home of her daughter, Mrs. S. B. Everett, in Carlton, with whom she made her home. Funeral services were held Friday afternoon from the Carlton Baptist church conducted by Revs. J. P. Gilliam, R. H. Gibson and Gardner all of Carlton. Interment was in the Carlton cemetery.

Mrs. Richbourg was born in Georgia, coming to Texas and Hamilton county in 1874, having been a continuous resident of this county since that time, Her husband died in 1913.

The direct cause of Mrs. Rich-

bourg's death was a paralytic stroke which she suffered early Wednesday morning of last week, and her advanced age, together with the severity of the attack, resulted in the summoning of her children, all of whom were at her bedside when the

end came.

The death of Mrs. Richbourg marks the passing of one of the county's best known and universally beloved residents. For considerably more than half a century she had lived in and near Carlton, where she raised a large family and gave liberally of her time to the alleviation of human suffering. It is said of her that she never turned a deaf ear to the needy and that the time was never toe dreary for her to administer to the sick and unfortunate. She had been a member of the Baptist church for 52 years, and was always a regular attendant and active in adapting the cause of and was always a regular attendant and active in adapting the cause of the Master. She derived her greatest happiness from her home ties and in happiness from her home ties and in serving the church by leading others to serve the Christ she delighted to

deasures Eight Inches in Hico Section, Heaviest in Ten Years; Will Be of Great Benefit to Small Grain and Farming Conditions Generally.

Snow which began falling in the Hico section Friday afternoon and continued for more than 24 hours, registered a depth of 8 inches, according to John A. Eakin, volunteer weather observer. It was the heaviest snowfall in ten years, 24 inches being registered on Jan. 15, 16 and 17, 1919, when it snowed for three days

The only other snow of any magni-tude since that time until the snow of last week was 5 inches that fell in

The snow was general throughout a wide section of Texas, the greatest depth being reported at Hillsboro, where the weather man reported 25 inches. At other points the depth ranged from two to twenty inches.

The snowfall will be of great benerations.

The snowfall will be of great benefit generally throughout the area where it fell, but in the Hico section the chief benefit will be to small grain, which was badly in need of moisture. Wheat, oats and barley are in the ground, and well posted farmers say it will mean a bounteous yield provided a bard freeze does not follow which they do not consider likely.

The warm sunshine of Sunday and Monday melted the greater part of the snow, leaving the roads in the Hico metion in a sloppy condition. Travel was considerably curtailed while the anow was on the ground, with a number of minor accidents reported. According to Mr. Entin, the moisture from the snow will approximate three-fourths of an inch.

The Prace Lab Mores and Des Lyons courts do is to regulate it and re-strict it. But neither one eradicates it. Spiritual knowledge has devised the only way which has proved effec-tive: a change of heart. The churches stand for that method of dealing

Do not treat that lightly, reader provided you are a truth seeker. It is worthy of a place in your scrap-book. And here is another utterance of equal merit; it is from the lips of W. C. Isett of Los Angeles, Califor-

"True tolerance means I have so much confidence in the truth that I most sensible utterance to the have listened lately is this samuel Cavert of Roberts, with the man who different forms of the confidence in the truth that I can trust it to win its way without any other compulsion than that of its own intrinsic worth. I shall reason with the man who different forms. with the man who differs from me and seek to persuade him by showing him why I believe as I do. But try to coerce him—never. True tolerance means earnestness of conviction com-I think one that concerns bined with respect for the conviction most is the way to overcome crime.

It results, as Phillips

love of one's fellows makes the bigot.

It is this which has lighted the fires of persecution in every age. Love of one's fellows, on the other hand. without devotion to the truth, makes the sloppy sentimentalist. The blending of the two makes the ardent and at the same time tolerant spirit."

Get those two utterances by heart, reader, and you will have lamps for your feet in time of darkness.
