**SUNDAY SCHOOL LESSON**

International Sunday School Lesson for June 22.  
**THE RISEN LORD AND THE GREAT COMMANDMENT**  
Matthew 28:1-20  
Rev. Samuel D. Price, D. D.  
"Weeping may endure for a night, but joy cometh in the morning" was never truer than when the first day of the week came after the body of Jesus had been placed in tomb, following the crucifixion on the previous Friday. Parts of three days had passed, during which the Jewish Sabbath had been observed. As soon as work could again be taken up certain women made ready to perform the usual rites upon the body of their dear Friend. With spices they came very early to the garden tomb.

Insurmountable difficulties did not hold them back, though it was but natural that they should question on route, "Who will roll away the stone?" For a great stone sealed the mouth of that sepulchre. Then came an active lesson that many will never learn. We worry so much about situations that never arise. For, meanwhile, the resurrection of the body of Jesus had taken place. There had been an earthquake, not to let the body out but to permit the women to see within the dark tomb. When they arrived there was a messenger in the person of an angel to declare the good news, and to give them instruction for immediate service. "He is not here," they were told. Today many go to the grave to weep, as if their loved one was there entombed. No spirit has ever been placed in the grave. Death refers to the body only. At once with the death of the body our loved ones are in the spirit world.

The records in all four Gospels should be read with care to obtain every detail. Jesus begins to appear to individuals and to groups. He met a company of women as they returned to the city. Then He came to Mary Magdalene, who tarried by the open sepulchre and thought He was the gardener, as she looked through her tear-dimmed eyes. A new world of joy was her's when He spoke just her name and said "Mary."

Such joyous news was not to be kept by anyone. The angels said, and He confirmed it, that they should go tell His disciples, and even Peter was specially named, lest this one who had so grievously denied Him should not know that all had been forgiven. There are at least eleven recorded appearances and there surely must have been another, though no record is given of it. Jesus certainly showed Himself to His beloved mother, for whom He evidenced such concern when in the midst of His agonies on the cross. During a period of forty days these various manifestations occurred.

It was fitting that Jesus should make a mountain in Galilee a place for a special conference with His disciples. It was in that area that His greatest amount of work was accomplished during the three years of public ministry. The attitude of the disciples is an index of the way in which mankind will ever regard Him. "They worshipped Him, but some doubted." First He reasserted His almighty power and the resurrection was direct testimony thereto. Then He revealed that Kingdom-building had just begun, with Himself as the chief corner stone. He would go away soon, but their work and that of those who joined with them would be abiding. They were given the Great Commission "Go ye therefore, and make disciples of all nations." As His love is without limit, so the scope of their and our work is to be equally extensive. As they went they were to TEACH. Believers were to testify of their faith through Trinitarian baptism. Climaxing all is an all-inclusive promise. As they went forth on this commission, "Lo, I am with you always, even unto the end of the world."

**EDITORIAL**  
The automobile has its defects but Sunday is no longer a day for men to sit on the front porch in sock feet and red underwear.

One reason inefficiency irritates the boss is because of the danger that he may have to do some work himself.

**WANT-AD**  
Husband whose wife is going away for the summer desires to know where he put the little book of addresses and telephone numbers.

Every dollar spent out of this community that could as well be spent here helps to build up another community at your expense.

A local man says: "The men who come to a town and start out by claiming to know everything usually wind up by asking the way back home."

Some women move around with a heavy heart and others get the wash out of the way the first day of the week.

**DEFINITION**  
Cynic: A hard-boiled doubting Thomas who doesn't repose complete faith in anyone but his boot-leger.

The town of Clairette is building a community tabernacle. The people in the Clairette community are very progressive farmers and business men.

Mr. John Rusk has recently bought the White place and is redecorating it on the inside and further improving it by the addition of a sleeping porch. We are glad to welcome Mr. and Mrs. Rusk to the ranks of Hico Home-Owners.

Messrs. Brown and Cheek have just finished a miniature golf course on the lot just north of the News-Review building. You will enjoy playing this game that has taken Texas by storm. At any rate go and look it over.

A. J. Patterson of the Olin community is a substantial and progressive farmer and believes in realizing the most value from what he raises. He says that now is no time to sell grain and is emphasizing his opinion by building a new grainary to help take care of this year's crop.

A telegram addressed to J. L. Wilson Monday stated that his brother-in-law, F. M. Albright, had died suddenly at his ranch near Durant, Oklahoma Sunday. The telegram contained no particulars concerning his death. Mr. Albright will be remembered here by a number of the old citizens as he and his family moved from here 27 years ago. He has visited here in the Wilson home numbers of times since then.

Marvin Bell is all smiles this week on account of the arrival of twin daughters which the stork delivered to Mr. and Mrs. Bell Sunday morning at the home of Mrs. Bell's mother in Carlton. They tipped the scales at 6 lbs. each, and have been given the names of Annette and Jeanette. Although Marvin has been doing quite a lot of rocking at night since their arrival, he thinks they will outgrow the bad habits of late hours like the modern flappers. He still insists on calling them "him."

You might own an expensive car, wear a sable coat, costly diamonds, and a fifteen dollar permanent wave. Yet, if you open your mouth to speak or smile, your teeth are irregular, discolored, diseased, or some are missing, or if you have unnatural looking artificial ones, all else are forgotten and only this affliction or deformity is remembered.

Visit a skillful dentist. (An actual beauty specialist) who can make a most wonderful improvement in your appearance and comfort.—C. C. Baker, Dental Surgeon. 1-tfc.

**MISS STANLEY MARRIED TO CHARLIE MEADOR**  
 The marriage of Miss Bethel Stanley and Mr. Charlie Meador occurred in Hico Sunday, when M. A. Cole performed the marriage ceremony.  
 The bride is a daughter of Mrs. L. Taylor, and is very popular with the younger set. She was a student of the Hico High school, and was practically reared here. She has hosts of friends here.  
 The groom is a son of Mr. and Mrs. V. N. Meador and has many accomplishments. He also has numerous friends in and around Hico.  
 They are at home to their friends in an apartment in the home of his grandparents, Mr. and Mrs. I. W. Meador in the northeast part of town. He is employed at the Bell Ice Co.  
 At the time we go to press a large crowd of visitors from neighboring towns are present for the district meeting of Lions Clubs. A golf tournament is being held and a banquet at night. A more extended account will appear next week.

**Taste warns too late for safety**

The milk or roast or salad may "taste all right," and yet be dangerous to eat. Doctors say food must be kept below 50 degrees for safety.

General Electric is always below 50 degrees, the danger line. The cream and butter keep fresh and sweet for days on end. See it today!

A FORD owner in New York tells of a 13,000-mile trip across the United States and back in sixty days and says "the car was extremely economical to operate, comfortable and speedy." A grateful father tells how the Triplex shatter-proof glass windshield saved his wife and children from serious injury.

To test tires, a large company drove a new Ford day and night, for an average of 500 miles every twenty-four hours. It was still giving satisfactory service after 105,000 miles.

A Ford car that had fallen into Fernan Lake was submerged for twelve days before being raised. After a new battery and carburetor bowl were installed, it was driven back to Spokane under its own power.

Many police departments have written of the special advantages of the Ford in crowded traffic because of its alert speed, acceleration, and ease of control. An increasing number of fleet owners are also purchasing the Ford because their cost figures have given conclusive proof of its economy of operation and up-keep.

In addition to important triumphs in Germany, France and Italy, the Ford won six out of seven leading places in a contest in Finland, first and second in the Rafacla races in Argentina, first and second in the run from Copenhagen-to-Paris-to-Copenhagen, three gold medals in England, first ranking in the durability test over the tortuous Amancaesca road in Peru, and first place in the 1930 reliability run conducted by the Royal Automobile Club of Sweden.

This contest was an exceptionally severe test of endurance and sturdy construction because it was held in the dead of winter and covered 600 miles of steady running over snow-covered country roads and mountainous hills.

# 3 out of 4 HAVE SWITCHED FROM OTHER PREMIUMS TO TEXACO-ETHYL

TEXACO-ETHYL, *the "dry"* ETHYL

**Three out of every four** drivers who buy Texaco-Ethyl from us used to use other premium or special gasolines! Why are they switching from other "premiums" and "specials" to Texaco-Ethyl?

**Because Texaco-Ethyl is different** from any other Ethyl gasoline anyone has ever known! Drivers were surprised that there could be such an instantly noticeable difference. And here's the secret—Texaco-Ethyl is a "dry" Ethyl Gasoline!

**Remember this**—an Ethyl gasoline is only as good as the gasoline that goes into it.

**With Texaco-Ethyl** you start with the *new and better* Texaco, the original "dry" gas. When Ethyl is added to *that* you get *all* the anti-knock value of Ethyl Compound! *Plus* the driving qualities that have made the *new and better* Texaco famous from Coast to Coast! Today, try Texaco-Ethyl—the "dry" anti-knock gasoline.

**TEXACO** + **ETHYL** = **TEXACO-ETHYL**  
*the original "DRY" GAS*      *nationally famous ANTI-KNOCK COMPOUND*      **THE "DRY" ANTI-KNOCK GASOLINE**
