

Funeral Services For Dr. J. D. Currie Held Last Friday

After putting up a valiant fight against the ravages of pneumonia and heart complications, Dr. J. D. Currie, well known and esteemed Hico physician and citizen, succumbed to the Grim Reaper about 9:00 o'clock last Thursday evening, March 9, at the Stephenville Hospital. He had been under the care of physicians and nurses there for a period of ten days, and although it was realized that his condition was serious and that his chances for recovery were slender, friends had their hopes increased by the news from time to time that Dr. Currie was putting up such a brave fight for his life in order that his usefulness as a husband, a citizen and a foe of pain and suffering throughout this entire community in the role of a conscientious and energetic physician might continue. But his constitution was not strong enough to withstand the strain put upon it, and friends were shocked and grieved to learn of his death.

The body was brought to Hico Thursday night, and on Friday funeral services were held from the Hico Methodist Church, with interment at the West End Cemetery at Stephenville.

A huge and sorrowing host of relatives and friends formed a procession from the home at 2:00 o'clock in the afternoon and accompanied the remains to the church where Rev. Clarence Allen Morton, a former pastor of the First Baptist Church here, delivered a most appropriate funeral oration. Following Rev. Morton's sermon, prayer was led by Rev. W. P. Cunningham and songs were rendered by the choir. The Hico Masonic Lodge of which Dr. Currie was a faithful member, performed a solemn and impressive ante-burial service over the remains of the departed brother.

At the conclusion of services at the church a large concourse of friends in cars forming a procession more than a mile long followed the hearse bearing the remains of the mourned citizen and friend to Stephenville, where Masonic services were held at the grave and the physical form of Dr. Currie was interred with touching and appropriate solemnity on the family lot.

Dr. Currie was of course best known in Hico and vicinity as a family doctor, in which capacity he ministered into the ill and suffering with never-failing vigor and devotion. Although consecrated to his duty as a practitioner of medicine, he found time to endear himself in the hearts of his friends through other channels, and memory of his life as a man and a friend and fellow-worker remains as indelible as the esteem in which he is held by those whom he attended as a physician.

He contrived to crowd an ordinary lifetime of medical practice into his career, although he did not take up this work until he was nearly thirty years old.

James D. Currie was born May 3, 1871, in Johnson County, near Cleburne. In his early youth his father removed to a farm near Glen Rose, where he attained young manhood and secured an education. He attended Sam Houston State Normal and received a certificate to teach school. He was connected with schools in that vicinity, becoming principal of the Glen Rose School and serving with schools in various places until about 1900, when he worked with the government in taking the census. He later took the civil service examination and was employed in the treasury department at Washington for a number of years.

During his association with school work in Texas he had formed the acquaintance of a young school teacher whom he had met at Glen Rose. Their friendship had advanced meanwhile, until on Sept. 24, 1901 he was married at Alexandria, Virginia, by the Bunting and they were married, making their home in Washington. Mrs. Currie made a loyal wife and companion for Dr. Currie, and contributed no little to the record he made for himself as a successful physician.

He took up the study of medicine while serving in the treasury department, and received his degree from George Washington University, coming back to his home town, Glen Rose, where he established himself in the practice of medicine and received his first practical experience as a doctor.

In 1914 Dr. Currie and his wife moved to Hico, and during the years since that time he had been looked upon as one of the most prominent physicians in this entire territory. No night was too dark, no weather so cold or wet as to cause him to turn a deaf ear to the call of duty. His constitution was so strong that he was able to live a vigorous life that would have meant earlier collapse to a man less endowed with physical strength and determination to serve.

During the World War Dr. Currie served as a lieutenant in the medical corps, and was overseas for a period of 19 months with the American Expeditionary Forces and the Army of Occupation. After his return to the States he again took up his practice at Hico, but retained an unbridled loyalty to the

SINGING AT THE HICO PENTECOSTAL CHURCH NEXT SUNDAY AFTERNOON AT 2:00

We want to invite everyone, through the Hico News Review, to come to our regular Third Sunday afternoon singing next Sunday afternoon at 2:00 o'clock. We have been having some fine singings, and if you were there the last third Sunday you don't have to be told about it. We had some fine singers with us and expect some this time, and if you don't want to stand up, you had better come early, for the seats are always full.

We also want to invite everyone to our Saturday night singing at the home of Mr. and Mrs. T. A. Walker, Saturday night, March 18th. **DESSIE BELL WALKER, Sec.**

Urges Prompt Action In Applications For Seed and Feed Loans

S. F. Clark, district supervisor for the Farmers Feed and Seed Loans division of the R. F. C., was in Hico Tuesday of this week conferring with the local loan committee, which consists of W. M. Cheney, D. F. McCarty and W. L. McDowell.

Applications for loans are now being taken by this committee, and Mr. Clark was anxious to see that those who are in need of the aid come in at once and get their applications in. These applications must be in by April 30th, stated Mr. Clark, and the earlier the application is made, the earlier the money will be received. The work has been held up somewhat on account of the banking situation, but the first checks were mailed out this week, and many farmers now have their money.

No limit is placed upon the amount which can be loaned in the county. The committee is loaning only to those who do not have other lines of credit. The loans are not charity, but bear 5 1/2 per cent interest and are payable October 31st of this year.

Up to \$400 can be loaned to one man. The requirements are probably not so strict as last year. An increased number of applications is expected this year, due to the freeze and also to the fact that farmers understand the plan better than they did last year. Many, it is thought, through their failure to understand the plan last year, did not avail themselves of it.

Those who desire to take advantage of the Federal loans are urged to appear quickly before the committee, for these gentlemen are contributing their time and services, and are anxious to accommodate as many as possible.

Mr. Clark stated that money might be received in about one week after the application is made, if the loan is approved. He is in Hico every Tuesday afternoon, but the applications may be made to the local committee any day of the week.

Hamilton County Gets \$2000 R F C Funds For March

(Hamilton Herald-Record)

Application had been made for an additional fund of \$6,000 from the Reconstruction Finance Corporation for Hamilton county for the months of March and April. However, advices to the local committee, composed of Dr. A. G. Livingston, Chairman; Wm. Lemmons, Mayor; C. B. James, City Alderman; E. D. Grant, City Alderman; R. F. Moore, H. W. Henderson, and O. R. Williams, who is County Superintendent and represents the public schools of the county, are that Hamilton county gets \$2,000 for the month of March.

While the appropriation from the Federal authorities has been officially made, authorities advise that the actual cash cannot be had until the present banking situation is settled.

This money is to be spent by the local committee in co-operation with the City Council for bread line labor only, that is, men with dependents who are out of employment and have no means of support. No farmer is eligible for any part of it for the reason that the farmers are taken care of otherwise, by the Federal Loans and in other ways.

The assurance of this money means that as soon as possible public work in the towns of the county will be resumed and continued until the \$2,000 has been expended for labor.

Grand Jury Returns 12 Bills Of Which 10 Are For Felonies

Hamilton, Tex., March 7, 1933: To the Honorable Joe H. Eldson, Judge Presiding:

We your Grand Jury empaneled for the February Term of the District Court in and for Hamilton county, Texas, beg leave to report as follows:

We have been in session for seven days and have examined 104 witnesses. As a result of our investigations, we have found twelve true bills of indictment, ten felonies, and two misdemeanors.

We have found from our investigations that various business concerns within the county have exhibited to the public for profit certain machines, gambling devices and games of chance, whereby premiums are paid in merchandise and otherwise to the operator which are in the nature of slot machines. The penalty for such operation being a felony. We are recommending that the sheriff and other peace officers make whatever investigations necessary, file complaints if necessary and take what other legal steps necessary to be taken in taking and disposing of such devices.

We have had some complaints from citizens of the county relative to the operation of Pool Halls. We would point out such operation is a violation of the law, each day being a separate offense. Should this operation continue we would suggest that the county officers take whatever legal steps necessary to discontinue such operation and file complaints.

We recommend that the citizens cooperate more in the elimination of reckless driving of automobiles and motorcycles. We find this done inadvertently by them thereby endangering their lives and the lives of others and their property.

We desire to thank Your Honor for the excellent charge given us at the beginning of our labors. We have found same to be of great help to us. We desire further to thank the District and County Attorneys, the Door Bailiff, Riding Bailiffs, Sheriff and other officers for their co-operation and assistance.

Having completed our labors and having made full and complete investigation of all matters coming to our knowledge, we request that we be discharged.

Respectfully,
G. W. Hurley, Foreman.
L. M. RODDY, Secretary.

COUNTY AGENT ANNOUNCES DAIRY MEETING HERE FOR NEXT FRIDAY, MARCH 24

E. R. Eudaly, Dairy Specialist of the A. & M. College Extension Service, will address a group of farmers at the O. E. Meador Dairy in Hico on Friday morning, March 24, at 9:30 o'clock.

A number of the cows will be come over, to point out the good points which are considered necessary for a dairy animal to have, and feeding and other management problems will be discussed by Mr. Eudaly and those who are present. The entire meeting will be held at the dairy barn.

Good cows and good management are essential to profit in the dairy business, and especially now when milk prices are low.

Texas Democrats contributed more than \$30,000 to the Democratic party not including an unpaid loan of \$25,000 advanced by R. W. Morrison of San Antonio, according to the financial statement of the party treasury filed Monday with the clerk of the House of Representatives.

Keeping Up With TEXAS

Texas last year lengthened its lead as the first wool-producing state in America. That is shown by a report of the federal-state bureau of crop and live stock estimates, issued in Austin. In 1932 Texas produced 57,195,000 pounds of wool, out of the 344,354,000 pounds of the nation.

A dynamite blast which broke the east Texas pipe line a mile southeast of London, Texas, early Sunday caused the loss of about 15,000 barrels of crude oil and in an ensuing fire, several derricks and a highway bridge were damaged badly. The oil flowed for four hours from the ruptured pipe line before repairs could be made, draining into a creek, where it ignited. Several main pipe lines of major oil companies crossing the creek also were damaged by the burning oil.

The stork overtook an ambulance in a race to a hospital in Houston Monday afternoon, and twins, a boy and a girl, were born at White Oak drive and Houston avenue. The race began when a Heights ambulance started from the G. E. Owens' home, 823 Arlington, en route to Jefferson Davis Hospital. The point at which the twins were born is about two-thirds of the way to the hospital. Both babies and the mother, Mrs. G. E. Owens, are doing well, hospital attendants reported.

One man at Bonham brought out \$800 in gold which he deposited in a Bonham bank. It had been in hiding for about fifteen years.

Emerson Polk, a negro, has quit farming at Rusk. His disc plow was to blame. It unearthed a glass jar of gold coins, said to amount to \$925, recently. Polk bought himself a motor car and retired from the farming business.

Ben Frothing, of the construction company which is building highway 67 and part of highway two, north, saw to it that his crews were paid in cash during the moratorium. He was in Detroit when the moratorium was getting ready to land. He drew out \$12,000 in ash for his week's pay roll and literary started south with it, to Waco. He slept with it under his pillow at the Hilton hotel the day before pay day, because Waco banks were closed, and last Wednesday he disbursed it. Of the total \$5000 was spent on the job at West, which went far toward adding cash to the city's circulating medium at the time.

Farmers with truck loads of items suitable for trading filled the court house square at La Grange Wednesday as Fayette County's "Trades Day" got under way. A large bulletin board listed available goods free. Here were some of the ads: "Henry Meyer will swap a pure bred Jersey bull for a country ham." "Fritz Lampe a Jersey heifer for 1,000 pounds of cottonseed." "Geo. F. Brandt, riding planter for 200 pounds of bacon." "One year subscription to the local paper for three fryers."

Valuation of cargoes exported from Port Arthur during February increased materially over January, while February imports were appraised at nearly 19 times the January valuation. It was shown in the report Wednesday of Kyle Elam, collector of customs for the Sabine district.

Hico Banks Re-Open Wednesday Morning For Regular Business

Both Hico banks, the Hico National and the First National, swung open Wednesday morning to offer their normal facilities to the public, after having observed the "holiday" ordered by the Governor of Texas and the President of the United States. The last legal banking day in Texas was March 2, and since that time officers and employees of both local institutions have been "marking time" waiting for orders.

Official notification that Secretary of the Treasury Woodin had issued them licenses to re-open were received here Tuesday afternoon by both banks, and no restrictions were placed on the manner of doing business except those imposed on similar institutions in other parts of the United States. These restrictions, being of the nature that they are, will work no hardship on any local citizen, it is stated, as the only provisions made against withdrawals are that no gold or gold certificates are to be released, and no currency for hoarding purposes. Checks given through the ordinary channels of business will be cleared as in the past, and withdrawals of cash in reasonable amounts where just cause is shown are to be allowed, but bankers are under mandatory order to examine any attempt to withdraw an unusual amount of currency and to refuse to release it if they suspected it was to be hoarded.

It was a very quiet day to all outward appearances, however, at both local banks, and officers report that they were exceedingly well pleased at the relation of additional deposits to withdrawals. Nothing else had been expected, but the bankers reported that they confidence justified and their customers so considerate.

However, it was a very busy day behind the scenes, for an accumulation of checks of several days imposed added work on employees, and they were forced to get "in high" to discharge their duties.

Urge Cooperation of Parents In Taking Scholastic Census

C. G. Masterson, superintendent of Hico Public Schools, announces that S. J. Cheek has been engaged to take the scholastic census this year, and requests publication of the following information:

"Mr. Cheek is now taking the scholastic census in the Hico School District. Patrons who have children coming six years of age before the first of this coming September are respectfully asked to be sure that such children are enrolled.

"If the census taker should fail to call at your home, please notify me or some member of the school board.

"Children who become 18 years of age after the first of September this year are supposed to be enrolled as scholastics.

"It will be considered a favor if the names of people who have moved into the school district this month are reported to the census taker or to the Superintendent of the school. Every person who is within scholastic age, whether single or married, should be enrolled because each scholastic means so much money for the local school."

When you see a man who always has a dead cinch, rest assured that it is about all he ever will have.—Exchange.

FUNERAL SERVICES HELD FOR JOANNA CLARK IN HICO LAST THURSDAY AFTERNOON

Funeral services for Joanna Clark, little daughter of Mr. and Mrs. Charles Clark of Sweetwater, were held from the Presbyterian Church in Hico Thursday afternoon of last week at 2:00 o'clock, conducted by Dr. Gary Smith, pastor of the First Presbyterian Church in Sweetwater, and interment was made in the Hico Cemetery. Pallbearers were Joanna's uncles, Raymond McCarty of San Antonio, Travis McCarty of Dallas, D. F. McCarty Jr. and J. Frank Hobbs of Abilene, S. F. Clark of Brownwood, and Rev. D. H. Tompleton of Richardson. The choir rendered softly several appropriate selections which were favorite hymns of the little girl. The pastor spoke in tender words of sympathy and expressed fitting tributes of praise and appreciation for Joanna. The floral tributes were gorgeous and the magnificent services were so numerous as to not only cover the mound but the spaces for several feet around about the grave.

Joanna, accompanied by her parents, went to St. Louis, Mo., about three weeks prior to her death. She received treatment until Sunday, March 5th, when the operation was performed, and she passed away that day in the hospital. Her body was brought here to the home of her grandparents on Wednesday morning, and the services held the next afternoon. When the sad news reached Hico every heart over the whole community was touched with sympathy for the loved ones. For seven bright sunny years had she been the joy of the home, now left empty and desolate, but her sweet and childish presence brought a wealth of sunshine and happiness into the lives of all those with whom she came in contact.

She is survived by her parents, Mr. and Mrs. Charles Clark, a brother, Charles Jr. of Sweetwater, grandparents, Mr. and Mrs. S. A. Clark and Mr. and Mrs. D. F. McCarty of Hico, a number of aunts and uncles and other relatives and a host of relatives and friends.

Those from out of town attending the services were: Mr. and Mrs. Edgar Herring, Mrs. Roy Thompson, Mr. and Mrs. John N. Simpson, Dr. Gary Smith, David Wickers, A. G. Lee, John Hendrix, George Gray Jr., Horace Wade, Julian Moody Jr., Horace Wade, Milton Pate of Sweetwater; Mr. and Mrs. R. D. Hickman of Slaton; Mrs. R. C. Rutherford and Mrs. Burl Lassiter of Abilene; Mr. and Mrs. C. W. Bryant, Mrs. Will Hooker and Mrs. Fred Wolfe of Stephenville; George B. Goughly and Mr. and Mrs. C. E. Nelson of Hamilton; Mr. and Mrs. Roy McFarland of Walnut Springs; Rev. and Mrs. D. H. Tompleton of Richardson; Miss Mattie Clark of Lubbock; S. F. Clark of Brownwood; Travis McCarty, Dallas; Raymond McCarty, San Antonio; Mr. and Mrs. J. Frank Hobbs and D. F. McCarty Jr. of Abilene; Mrs. Floyd McCarty and children, Herman, Grace and Sunshine of Carlton.

Following is a tribute to Joanna, written by Mrs. Gary Smith, wife of the pastor of the First Presbyterian Church in Sweetwater: "He will gather. He will gather. The rem for His kingdom; All the pure ones, all the bright ones, His loved and His own."

After seven short years little Joanna was called to be one of His jewels in His kingdom. Although born in Hico, Texas, Nov. 21, 1925, her home had always been in Sweetwater, Texas. She was a sweet, lovable child, also a happy playmate until falling eyesight made it impossible for her to join in most games. She was an interesting companion for older people as she had a vocabulary and knowledge beyond her years. She spent much time in my home and we had many happy hours together over scrap books and tea parties.

Every Sunday found Joanna in her place at the First Presbyterian Sunday School. She loved the Bible stories and always joined in singing the primary songs. On the last Sunday she attended Sunday School in Sweetwater she received her gold pin and certificate for one year's perfect attendance. She was very proud of her pin and told her teacher she would "go to Sunday School next Sunday at the hospital in St. Louis." She was taken to a hospital in St. Louis, Mo., for a very serious operation, in hopes of restoring her health. She was a brave little patient, but it was God's will she be spared pain and blindness and on Sunday, March 5th, 1933, Joanna went to be with Jesus.

"Little children, little children Who love their Redeemer Are the jewels, precious jewels His loved and His own."

E. C. Street, Waco attorney, caused quite a furor on a train enroute home from a business trip to Alabama recently. Wacoans are learning. A boy traveling on the train decided that Street resembled the late Calvin Coolidge so much that he must be Coolidge. Accordingly, he spread word among passengers that it was all a hoax about Coolidge being dead, because he was riding on the train. Street succeeded in convincing at least some of those present that he was not the late ex-president.

March 24th Set As Date For Clairette Bridge Celebration

Clairette parties in Hico this week announce that plans for the celebration of the opening of the big new bridge over the Boeque River at that point are shaping up rapidly, and they expect an immense gathering for the affair.

W. E. Salmon stated that the date of March 24, next Friday, had been decided upon, and issues an invitation to people of this entire territory to be on hand and help "make whoopee." He states that arrangements have been made for two or three beehives which will be barbecued and served to visitors. Those attending may bring baskets if they will, and make the day one of genuine old-fashioned rejoicing. Speakers will be on hand for the picnic. Mr. Salmon stated, and entertainment is promised for everyone.

Horace Alexander, one of the men employed by the Gilstrap Construction Company, will with others make arrangements for a dance on the bridge at night, and states that he has arranged for an excellent orchestra. He is most anxious to have a good attendance and has already made plans for and lighting and other details. An approach will be built so that those who care to participate in the dance may get on the bridge with ease.

J. C. Gilstrap, sub-contractor under Cage Brothers for this structure, has about wound up his work and has everything completed except making a picture of it. He has done a piece of work of which he may well be proud, and the people of Clairette and that section are fortunate in having had the services of so able and conscientious a contractor, who takes a pride in his work and never stops until he has everything in ship-shape.

The Clairette people regret to see the construction crew's task completed as they had enjoyed association with them, and desire to give them a real send-off, and something to remember this part of the state by.

FAIRY BASEBALL CLUB RECENTLY ORGANIZED

In order that our community may have a little diversion something for a change from the regular grind of things as it were, the baseball players and local fans met last Monday night and perfected the following organization. W. E. Goynne was chosen to pilot the old team for this baseball year. Joe Hutton was again chosen captain, defeating Licett and Perry Seago by the margin of one vote. M. B. Miller was elected score keeper. Pee Wee Allison and Andy Duncan will alternate as mascot. Umpires, Bridges and Clayton Gate keepers, J. R. Blackwell and Olga Duncan. Finance Committee, Rob Parks, E. C. Allison, and W. H. McGloshian, Sec. Treas. is M. E. Parks.

Here are the players, regulars, utilities and what have you? There's Cap Hutton, who is only five feet six, but whom you can always count on to do the impossible around first base. At short, he gave the best performance of the best in amateur baseball. He hit 325 last year and fielded about 95% or thereabout. Herricks will again be seen in the middle garden. That is the boy that Hap Morse advised to play one more year in amateur baseball and then come on up to the Texas League. Doyle Proffitt will be right field.

There's a fielder for you and a dangerous hitter, And Perry Seago is back. No better ball player ever donned a Fairy uniform, and Mr. Pitcher, you better not throw one in there if you don't want one of the knot hole gaps to pocket one of your apples. Red Proffitt, J. D. Seago and Buck Bridges will alternate at second. All these boys are fast, and just watch them go when the season opens. Pitts will again hold down the hot corner. What a third baseman. That boy can pick 'em up, has an iron whip and can tag a man before you can bat an eye.

As utilities, we have Nelson Seaco, Christopher, Duncan and Brummett. These boys can deliver the goods most anywhere on the diamond.

Look this pitching staff over: Trantham, Gleason, Lacewell, Miller, Patterson and Finkle. These boys are all destined to win about 800-1000 of their games. And as receivers we have Hess and Pettys. Like to see any old base runner plover second with either of the gentlemen behind the plate.

Yes, we are rarin' to go and if anybody wants us, just give us a ring or drop us a post card.

—W. E. GOYNE.

Reorganization of state colleges under a proposal to consolidate and reduce in the interest of economy will be considered by a joint legislative committee of the senate and house this week. It has been recommended by the committee, after nearly two years' work that certain colleges be eliminated to prevent duplication of courses. It was suggested that certain institutions be transformed into junior colleges and the courses of study in other colleges be limited.

STARTING NEXT WEEK—

AWAKENED WOMAN

by ELINORE BARRY

“THE PERFECT SERIAL”

JOYCE ASHTON was a nice girl . . . The last thing she remembered was being in a skidding taxicab in Chicago. SHE OPENED HER EYES to find that she was married to a strange man . . . and RICH . . . Then trouble began.

The Seniors.

In this issue of Mirror you will find a class will that the seniors annually publish. This is all in fun so don't become angry if you have been bequeathed some object that a senior has no use for.

The Senior class which graduates this year has been noted for their fair and square dealings with the teachers and other classmates. This is certainly one good recommendation for a person when he is attempting to get a position. If you were hiring a person who is noted for his laziness and ability to do everything just half right do you think that the money spent on him would justify you in keeping him in your employment. Certainly it would not and your immediate disposal of him would help all concerned.

If school should close during March, it will immediately suspend all credits that are to be issued during the second semester. If you have not paid your school taxes, it will more than pay you to do so. Because if you fail to send your child to another school, it will cost much more than otherwise.

Class Prophecy.

By M. B. Norwood.

Horace and Sue are now man and wife.
They have been married ten years of their life.
Ralph's a fine lawyer, Jane's a fine cook.
He broods o'er jig-saws—while she o'er a book.

Buster, after long years of strife,
Finally won Wilma to be his fair wife.

Dorothy and Buddy have settled at last,
She waits for the future, he longs for the past.

Inez is not married, she escaped that ordeal,
Jimmie is married, she married a movie geel—
Oda's now governor, she's taking ma's place.
Pauline came second, she ran Oda a tight race.

Lester's a salesman, he travels the states,
Geary's a conductor, he punches the rates.
Lucy Hudson's a clerk in a store,
Charles Russell is searching for Jore.

Jessie Miller is dancing, in France she's a star,
Kelley's her good husband, he has a fine car.

W. L. is traveling for Sears & Roebuck,
He still loves h.m., we hope them good luck.

Mayo's a waitress now in the Savoy,
She still loves Adolph, and he's a good boy.
Louise and Emory are still low and small,
They in their Spanish surpass them all!

F. S. is an aviator, he carries the mail,
Jack is his first mate, each week he sets sail.
Mary and Martha are school teachers right,
Working from dawn until late at night.

Miss Saralee Hudson was sponsor I'm told,
And she really made the Seniors take hold.
Then the Superintendent, with eyes so bold,
Could look at them, causing all to grow cold.

But with all these Senior traits of nature,
I assure you they do not believe in nature,
But extend to aid, the free hand of love,
Which will aid them in reaching the place above.

Dear Sue: Say kid, you know that Emory Gamble, or the conceited guy, don't you? Well, he is always saying something about someone being silly and believe me, if I were half as silly as he is, I wouldn't say a thing.

And I'm telling you that if you want to keep on the safe side of Kelly Thomas, you had better not mention Marie Pirtle's name.

Can you guess what? Boone is not going with Jane any more. Wonder why?

Who is F. S. Little's girl? He says he has one, but the trouble is that no one has ever seen her.

Poor conceited Eugene Horton, He can't keep up with his girl at all. At one minute she is one place and the next minute she is somewhere else.

And of course Buster and Wilma are still going together. No news, Love. LUE.

Senior Will.

We, the Seniors of Hico High School, do hereby bequeath the following:

I, Buddy Randall, on this 13th day of March, do hereby bequeath to my pal, Paul Homer, the contents of my pockets, namely: one dull knife having no blades with which to whittle; one dead rat for the sole purpose of arousing the anger of Miss M. B. Norwood; three rocks and one target shell with which to prey upon the wild fowl of the surrounding territory.

I, Mildred Thomas, do hereby will and bequeath all my boy friends to Charlyze Malone, the notorious flapper and man hunter of Hico H. and to Martha Porter, one meek Junior, I will my boisterousness.

When on the day of my graduation, it becomes necessary to bequeath my sole possessions, I, Jane Adams, do hereby leave to Alma Ragsdale all my wax, paraffin, chewing gum, and other articles for the mouth. She shall also have all my once used sheets of the paper.

I, Martha Alton, do hereby bequeath my fountain pen to the Sophomore Class.

I, Louise Powers, do hereby bequeath my bottle of ink to Paul Homer.

To Ruth Hefner, I, Jimmie Shirley, do bequeath one curl of my flaxen hair. She also shall have my ability to speak, both English and Spanish.

To Coach V. W. Miles, shall go all my Physics experiments in return for his kindness for so graciously explaining every little detail of that most wonderful subject, Physics.

I, Kelley Thomas, one Senior, upon graduating from the Senior Class, do hereby and herewith will and bequeath my seat in the detention hall, and all privileges pertaining thereto, to a dear and beloved under classman, Slab Homer.

On leaving Hico High School, I, Buster Shelton, hereby bequeath my clean note book to Nova Houser.

I, F. S. Little, do hereby leave to my successors, a hearty wish of prosperity and happiness throughout the oncoming day.

I, W. L. McDowell, do bequeath my "Speed With Ease" ability to one Artie Oxley.

On this 13th day of March, I, Dorothy Hackett, do agree to surrender on the day of my graduation to Martha Masterson, all my shyness, in Alma Ragsdale shall go my meek and backward ways. Lastly, to Maxine M. I bequeath all my ability as a mathematical student.

I, Mayo Hollis, do hereby bequeath to Ralph Boone, a Senior, now and perhaps forever, all my wonderful ability as a Spanish student.

As the day is drawing near for us, the Seniors, to leave high school and for the Juniors to take our places, we must leave something for them, so I, Pauline Holladay, hereby will my charming manners and lovely disposition to Dorothy Meador.

I, Jessie M. Pool, do hereby leave to Nell Petty my wide knowledge of Math in plain figures.

I, Mr. R. D. Boone, do hereby and henceforth, leave to the fullest extent a major portion of my ability to use common horse sense to one Junir, Martha Porter.

My last words are as advice to this young lady, "Forget your looks, your laugh, your personality, and be happy."

I, Mr. E. L. Gamble, being of sound mind, do hereby fully and impartially bequeath my booklet on "How to keep well-groomed Hair" to the great J. W. Dohoney.

I, Wilma Walton, bequeath my penmanship to Orho Horton.

I, Sue Petty, do hereby will my pleasing personality and knowledge to Martha Masterson.

I, Geary Cheek, do hereby bequeath my ability as a dancer and the part of high school Don Juan to Leighton.

The Seniors of 1933

By M. B. Norwood

Nowhere has there been a high school that has boasted of such a pretty set of girls as does Hico High, and we give credit to the Senior Class for including the cream of this feminine beauty. The boys are for most part industrious and ambitious. From this class has come the foremost debaters in this county. Surely that is something of which to be very proud.

Until the last week of the last

school year, uncertainty holds a great part in the school curriculum. Then the last lap must be run until the finish determines the winner, the loser, the stars, the dullards, the ambitious, the lazy in fine commencement day determines to a great extent your winning or your losing in the race and your success, or your failures in the great after life we hear of but yet to find.

To the Seniors, goes the honor of being the finished, complete conclusion of the four years of high school; the best examples of educated boys and girls that Hico High has; the most perfect conception of a high school student; the ones whom the faculty has prepared to the best of its ability, to combat with college or university and, really, with the labors, hardships, difficulties, success and failures of a whole life time. "As the twig is bent, so shall the tree incline." As the student grows in character and personality in youth, so the grown man or woman remains throughout life. A success in high school is generally a success in life, and viceversa.

Let the spirit of Hico High emanate from his very being, who becomes an educated citizen of some good town, thereby being a help and not a hindrance to any institution in which he may find himself.

Opinion on Senior Class

By Mrs. Segrest

When asked to give my opinion of the Senior Class, I wondered if I could do the subject justice.

I have taught some of them in the fifth, some in the sixth, some in the seventh grade, besides having taught some of them four and some five years in high school.

So you see I have had an opportunity to observe their weak points as well as their strong ones.

In thinking back over the years, I recall different incidents in which some members of the Senior Class have had a part, such as dragging a classmate into the back room during school hours and so on.

Then I believe there were some who had to have their mouths cleaned because they used bad language.

Again I am reminded that Seniors are only boys and girls, "grown tall" for it was only last week that a dignified (?) Senior boy, the librarian, was halted in a mad rush down the hall after another Senior boy who sought protection on the stairway to the auditorium.

Some of them have not yet realized the value of time but neither have all of us.

It has been a pleasure to observe the growth and development of their minds.

Most of these boys and girls are conscientious workers. They have tried to do the work assigned to them.

As a class, I believe these boys and girls will become good citizens and do their part in rendering service to humanity.

An aspiring product of the grammar school is first a Freshman, then a Sophomore, next a Junior, and finally a Senior. Just as smooth and inevitable as that it sounds. But neither so smooth nor so inevitable is the transition. Students are not born Seniors, nor do they have Seniorship thrust upon them; it must be achieved.

And this achievement by twenty-nine boys and girls this year marks the accomplishment of many tasks—not all of them easy. To become a Senior, the Freshman has done more than learn the facts presented to his mind by his texts and his teachers; he has adapted himself to a society as exacting in its demands as any unit of adult life. He has, to some extent, proved himself possessed of the qualities that go to make a normal adult, a useful citizen. The bare fact that he is ready to be graduated from a standard high school sets each one of these twenty-nine on a level higher than that of others of his age who have been, for reasons good or bad, unable to fill the demands, intellectual or social, of high school life.

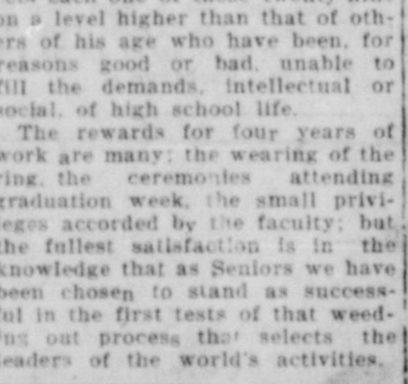

The rewards for four years of work are many; the wearing of the ring, the ceremonies attending graduation week, the small privileges accorded by the faculty; but the fullest satisfaction is in the knowledge that as Seniors we have been chosen to stand as successful in the first tests of that weeding out process that selects the leaders of the world's activities.

I have made this article longer than I expected and haven't touched what I thought in my last I would put in this too many things crowded in my mind. This is a new undertaking to me and I see it would require too much time and space to write what I had in mind when I began this task. If I had my readers in front of me and a table or some place to lay my Bible, I could turn and read more passages in an hour than I could write in weeks, but I will write a few more articles.

M. P. WALKER.

As long as a boy respects and loves his parents there is enough good in him to make a first class man.—Exchange.

When a man is so hungry his backbone shows in front don't ask him to attend prayer meeting. Try a restaurant, and feed him fire.—Exchange.

LETTERS from Our Readers

SIGNS OF THE TIMES, NO. 3

I ought to have zoned a little further with my last article where I referred to the Prophet telling us so clearly of the auto and stated it would be in the day of His preparation. Many of the readers remember some time back the Dallas News put the picture of that great scientist of the Chicago University with his little machine in hand. He says the earth is slowing up and said some day the sun would but into it and would come to bits.

Well, let's see how this links up with what the apostle Peter said about the last days in the same chapter is that I referred to in my first article. What he said about scoffers, this is in Simon Peter 3-3, but now let's go to the 10th verse but the day of the Lord will come as a thief in the night in which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up seeing then that all these things shall be dissolved what manner of persons ought ye to be in all holy conversation and Godliness looking for and hastening unto the day of God wherein the heavens being on fire shall be dissolved and the elements shall melt with fervent heat. Turn and read the whole chapter for a fuller description. Is not the apostle and the great scientist agreed?

How true scientists and the Bible agree. The late William Jennings Bryan was said by many to have the most giant mind of any man of his day. Probably no man of his day defended the Bible as he. Many think he shortened his life in the great battle with that giant, Mr. Infidel, and yet Bryan was a true scientist. Paul tells us there is scientists falsely so called. It appears his super human what true scientists can tell about the earth, sun, stars and moon. Halley told us when the star was going to appear some 20 years ago and it came as he said it would.

I believe the old scientists who say the earth is slowing up and that some day the sun will but into it and come to bits. And one reason I believe it he had sense enough not to set the day which the Bible is clear on that, and says no man knows, but of that day and that hour knoweth no man, not the angels which are in heaven, neither the son, but the Father, Mark 13-32. The scientists tell us he are 90 million miles from the sun and in summer sometimes it is so hot it is almost unbearable. If the old scientists are right (and I believe they are) is it not reasonable St. Peter 3-10 will be fulfilled.

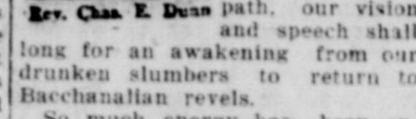

SUNDAY SCHOOL LESSON

by Charles E. Dunn

The Effects of Alcoholic Drinks Lesson for March 19th. Proverbs 23:29-32

Golden Text: Proverbs 23:32

The book of Proverbs is a most admirable treasury of the popular wisdom of Israel. One would have to search long to find a better guidebook for the pilgrimage of life. The twenty-third chapter from which the lesson is taken, contains the most complete and lively picture of drunkenness in the Old Testament. We can see the carouser lingering long, with bleary eyes, over the bottle. And we are warned that if we follow his

Rev. Chas. E. Dunn

long for an awakening from our drunken slumbers to return to Bacchanalian revels.

So much energy has been exhausted in the heated discussion concerning prohibition that the detrimental effects of alcohol upon character have been almost entirely forgotten. In many circles the use of hard liquor is considered an indispensable adjunct to hospitality. The harmful are ignored.

It is true that everyone admits the evil of drinking to excess. Moderate drinking, however is usually looked upon as harmless. Now that the repeal of the Eighteenth Amendment seems certain, it is to be expected that the European custom of imbibing wine and beer of relatively low alcoholic content will come to be generally considered a normal social habit. It remains to be seen to what extent the American people will exercise due self-control.

But even if moderate drinking becomes the rule, rather than the exception, it does not follow that we are safe. For life has become highly mechanical and complex. Jesus and His disciples doubtless drank wine. But there was no machinery of consequence in their day, no railroad, no automobile, no aeroplane. Life has speeded up enormously with the result that a slight error in judgment, of no moment in the days of old, may now easily result in a fatal accident. It is undeniable that one drink of alcohol liquor is sufficient to make an automobile driver a possible murderer.

Sobriety, then, is today essential.

Greyville

By ALICE HICKS

We are having some beautiful spring weather at present.

Mr. and Mrs. Jess Douglas and family of Dry Fork and Mr. and Mrs. Andie Jordan visited while Saturday night in the home of Mr. and Mrs. J. O. Dodiford.

Mr. and Mrs. Don Smith of Fort Worth are visiting a few days with Mr. and Mrs. Andie Jordan.

Raymond Johnson has been on the sick list for some time. We hope he will soon be better.

Mrs. J. H. Hicks and daughter, Alice, have been visiting in the Dry Fork community, guests of

Mr. and Mrs. L. A. Hicks and newly arrived baby girl, Miss Betty Jo.

Quite a few of the young people of the community were present at the party Saturday night given by Miss Inez Thompson of Altmar.

Mr. and Mrs. M. H. Johnson and sons and Herman Driver of Dry Fork visited a while Monday night in the Frank Johnson home.

Mr. and Mrs. Duncan and family spent Monday with their son, Mr. and Mrs. Arthur Duncan of County Line.

Misses Mable and Hester Jordan and Alene Patterson were guests Sunday afternoon of Miss Alma Douglas of Dry Fork.

The outside girls played basketball with the school girls again Friday afternoon. The scores were 26 and 2 in the school girls favor.

THAT POULTRY CHECK!

What about laying away that poultry check this month? The cream checks mount up into big savings—so why not make Mr. and Mrs. Chicken foot a few bills too?

You'll find that small savings started that way amount to a whole lot in a short time.

Hico National Bank

"There is No Substitute for Safety"

If you paid for your electricity as you used it.....

.... pennies would pay your electric bill

THE penny is Uncle Sam's smallest coin but it does a big job when it is spent for electric service. There is scarcely a household task that electricity will not perform for pennies or fractions of pennies. One cent, for example, will keep a refrigerator cold three hours. It will furnish an hour and fifteen minutes of radio entertainment. It will percolate seven cups of coffee. It will provide two hours of cooling breezes. It will make toast for four people. It will light a lamp for several hours. It will clean two rugs or wash a tubful of clothes. In fact, if you paid for your electricity as you used it, pennies would pay your electric bill.

How to train BABY'S BOWELS

BOWELS

Babies, bottle-fed or breast-fed, with any tendency to be constipated, would thrive if they received daily half a teaspoonful of this old family doctor's prescription for the bowels.

That is one sure way to train tiny bowels to healthy regularity. To avoid the fretfulness, vomiting, crying, failure to gain, and other ills of constipated babies.

Dr. Caldwell's Syrup Pepsin is good for any baby. For this, you have the word of a famous doctor. Forty-seven years of practice taught him just what babies need to keep their little bowels active, regular, keep little bodies plump and healthy. For Dr. Caldwell specialized in the treatment of women and little ones. He attended over 3500 births without loss of one mother or baby.

CARD OF THANKS

We are deeply grateful to our dear friends for the many kind deeds of helpfulness and the words of comfort spoken during the illness, death and burial of our dear husband and brother, Dr. J. D. Currie. We are indeed thankful for the constant and untiring efforts made by the attending physicians and nurses who so strenuously tried in every conceivable way to restore him to health. There is no hesitancy in saying that he was—

"One who never turned his back but marched breast forward. Never doubted clouds would break. Never dreamed, though right were worsted, wrong would triumph. Held we fall to rise, are baffled to fight better, sleep to wake."

The floral offerings so exquisite in their fragrance and loveliness, so emblematic of his life and character, so expressive of the thoughts of our friends and loved ones, caused our hearts to thrill with appreciation and gratitude.

We can truly say his passing was like the ceasing of exquisite music. Again, we thank you—His wife, Brothers and Sister.

Mrs. A. K. Dunnagan and daughter, Mrs. Charles Aiton of San Angelo, and her sister, Mrs. Eva Parsons of Albany, came through Hico for a short visit the first of the week enroute home from Ireland where they had been to attend the funeral services of her mother, Mrs. Murray Drake. Mrs. Drake is well known here having visited relatives here at various times.

Mr. and Mrs. Hugh E. McCullough and daughter, Mary Ella, spent the week end with relatives in Goldthwaite. Hugh's father, W. P. McCullough, has been ill but is improving.

J. F. Buntin and daughter, Ina, were here from Graham Sunday visiting with his sister, Mrs. J. D. Currie. Mr. Buntin has been ill with influenza, and was unable to attend Dr. Currie's funeral.

Misses Wynama and Mable Anderson, Hazel and Jewell Shelton, Mary Beth Norwood, Mrs. Jessye Russell Stewart and Kenneth McElroy were Dublin visitors Wednesday evening.

Mrs. H. E. Boustead and daughter, Elizabeth, Miss Mamie Bakke, Mrs. J. Oliver Rosamond and Mrs. Leroy Guyton were in Dublin Wednesday evening attending the show.

Mr. and Mrs. J. Oliver Rosamond and daughter, Pat, of Dallas spent the past several days here with her mother, Mrs. Anna Driskell. Mr. Rosamond returned home the first of the week but Mrs. Rosamond and daughter remained for a more extended visit.

Mr. and Mrs. Leslie Wall are this week moving their household goods from Hico to the farm with his parents, Mr. and Mrs. S. W. Wall, in the Paluxy community, and Leslie will assist his father in farming.

Mr. and Mrs. C. A. Walton and daughter, Wilma, accompanied by Mr. Walton's brother, Doc Walton of Breckenridge, went to Dallas Thursday where Wilma and Doc Walton will consult specialists. It was feared that Wilma had appendicitis.

Truman Smith and family of Carlton have moved this week to Hico and Mr. Smith is the new manager for the Dublin Creamery Co., located just west of the Ragdale Market. Mr. Smith has had many years' experience in this line of business.

C. P. Coston and Earle Harrison accompanied by W. L. Jones, G. C. Hartgraves, D. E. Allison, W. E. Goynne, J. F. Broyles of Fairy, and B. B. Gamble of Hico were in Walnut Springs March 9th attending the Masonic Lodge where the musical master's degree was put on.

H. H. Jackson, publisher of the Coleman Democrat-Voice, and John L. Gorman of Brownwood were in Hico Friday night on their way to the Fat Stock Show at Fort Worth. They very graciously extended an invitation to the News Review editor and wife to accompany them on the trip, which was accepted.

Oscar Autrey received word this week that his brother, Max Autrey and wife who reside in Hollywood California, were saved from the earthquake and will be in Hico within the next week to spend a few days with relatives and friends. Max has a studio in Hollywood. He was reared in Hico and has many friends here.

Ted Roberson, who has been in the navy, stationed at Boston, Mass., for the past four years, is here on a 20-day visit with his parents, Mr. and Mrs. Bluff Roberson. Ted had not seen his parents since he left here four years ago. He is also enjoying seeing old Hico friends again. He has signed up for two more years in the navy.

Rev. L. P. Thomas, Mildred and Kelley Thomas, Lorene Burleson, Mrs. John Clark, Mrs. Ruby Bingham and daughter, Rhuey, Mrs. T. U. Little and son, F. S. Mr. and Mrs. C. A. Walton and daughters, Wilma and Lillamae, Mayo and Hector Hollis, F. S. Latham and daughter, Leslie and Lucille Patterson, Buddy Randals, Dorothy Hackett, Jessie Miller Pool, and Hazel Shelton were among those to attend the Sunday School and B. T. S. Convention in Hamilton Monday night.

Mr. and Mrs. J. Frank Hobbs and D. F. McCarty Jr. returned to Abilene Sunday after having been called here to attend the funeral services of their little niece, Joanna Clark.

Carlton Copeland of near Mineral Wells spent the week end here visiting Mr. and Mrs. Johnnie Farmer and other old friends. Carlton says they are well pleased on the ranch.

Mr. and Mrs. Hugh E. McCullough and daughter, Mary Ella, spent the week end with relatives in Goldthwaite. Hugh's father, W. P. McCullough, has been ill but is improving.

J. F. Buntin and daughter, Ina, were here from Graham Sunday visiting with his sister, Mrs. J. D. Currie. Mr. Buntin has been ill with influenza, and was unable to attend Dr. Currie's funeral.

Misses Wynama and Mable Anderson, Hazel and Jewell Shelton, Mary Beth Norwood, Mrs. Jessye Russell Stewart and Kenneth McElroy were Dublin visitors Wednesday evening.

Mrs. H. E. Boustead and daughter, Elizabeth, Miss Mamie Bakke, Mrs. J. Oliver Rosamond and Mrs. Leroy Guyton were in Dublin Wednesday evening attending the show.

Mr. and Mrs. J. Oliver Rosamond and daughter, Pat, of Dallas spent the past several days here with her mother, Mrs. Anna Driskell. Mr. Rosamond returned home the first of the week but Mrs. Rosamond and daughter remained for a more extended visit.

Mr. and Mrs. Leslie Wall are this week moving their household goods from Hico to the farm with his parents, Mr. and Mrs. S. W. Wall, in the Paluxy community, and Leslie will assist his father in farming.

Fairy

By FAIRY CORRESPONDENTS

Monday was a real spring day followed Tuesday by a genuine sand storm.

Corn planting and gardening is the order of the day. Most everybody is planning a big garden.

A movie tent show that has been with us the past week, left us Wednesday. Good crowds were in attendance and all seemed to think they got their money's worth.

Grandma Duncan left early Tuesday morning for Cheyenne, Okla., for an extended visit in the home of her daughter and family, Mrs. Oneda Battsse. She was accompanied by her son, Aulgie, with whom she has been making her home. She will probably be there the remainder of the year and will be greatly missed here by her many friends.

Mrs. B. A. Grimes and son, Henry, and Mrs. Heral Richardson attended church at the Church of Christ in Hico Sunday. They were dinner guests of the latter's mother, Mrs. Minnie Cashon.

Mrs. Grimes and son attended church at Dry Fork Sunday afternoon.

Mr. and Mrs. J. T. Jackson and little daughter, Mary Alice, J. C. Sills and daughter, Miss Velma, and Mr. and Mrs. J. O. Richardson were guests Sunday afternoon in the home of Mr. and Mrs. Scott Blakely. Their little son, Virgil, who recently suffered an attack of pneumonia, is only slowly improving.

John Garren and daughter, Miss Lorene, of White Hall were business visitors here Tuesday of this week. They came for a cold drink fountain which Mr. Garren had left when he went out of business here some time ago.

Our P.-T. A. program last Friday night consisting of a play, "The Girl in the Fur Coat," sponsored by Mrs. Edna Lacey, a reading by Katherine Cunningham, and music by Mr. and Mrs. J. T. Jackson and children, Vernon and Mary Alice, was greatly enjoyed by

one of the largest audiences we have had present this term. Members of the P.-T. A. will present a play entitled, "Let Toby Do It," tomorrow night, March 18, at the school auditorium. Admission 5c and 10c. Proceeds will be used for the benefit of the P.-T. A. work. All are accordingly invited to attend.

Mr. and Mrs. Guy Hartgraves, accompanied by Waynard Allison were guests Sunday of Mr. Hartgraves' parents and family of near Jonesboro.

Announcements have been received by friends of Mr. and Mrs. Homer Smith of Jonesboro announcing the arrival of a little baby girl in their home. She tipped the scales at 9 lbs and has been christened Bennie Bell. Mr. and Mrs. Smith each have been members of the Fairy school faculty, she being before her marriage Miss Lucille Pittman. They have many friends here who rejoice with them in announcing the arrival of their little daughter.

E. M. Hoover and B. J. Parks were business visitors in Fort Worth the first of the week. They also attended the stock show while there.

Mr. and Mrs. Arthur Burden of San Angelo are visiting relatives here at this writing.

Nellie B. Brummett, little nine year old daughter of Mr. and Mrs. Russ Brummett, happened to a very painful accident last Sunday afternoon at the home of her parents, when she fell while playing hide and seek with other children and broke her right arm above the elbow. She was taken to the Hamilton Sanitarium where the limb was set and seems to be doing nicely.

Mrs. Loy Jones was taken suddenly ill Friday of last week. Her husband accompanied her to Stephenville for treatment, however, her illness did not prove to be of a serious nature and she was able to return home and is o. k. again.

Miss Bernice Talley, who is visiting in the home of Mr. and Mrs. T. L. Betts filled the vacancy of Prof. Jones in the school Friday afternoon.

Mr. and Mrs. Clancy Blue had as guests Sunday, his parents, Mr.

ELECTION NOTICE.

By virtue of the authority vested in me, I, Lawrence N. Lane, Mayor of the City of Hico, Texas, hereby order an election to be held in said City of Hico on the first Tuesday in April, said date being the 4th day of April, 1933, and which election so ordered is for the purpose of electing for said City the following officers, to-wit:

An alderman to succeed L. L. Hudson, also an Alderman to succeed N. A. Leeth; also a City Attorney and a City Treasurer.

That said election shall be held on said date in said city at the following designated place, to-wit: The City Hall in the City of Hico, M. A. Smith is hereby appointed presiding officer to hold said election. That the polls will be opened on said day at said place at the hour fixed by law.

In evidence of said order I hereto on the 27th day of February A. D. 1933, at Hico, Texas, sign my name officially.

LAWRENCE N. LANE, Mayor of the City of Hico, Texas. 3-3-4tc

Warning

Don't be misled by false statements. Calomel, salts, mineral waters, oils, laxative pills and drugs have no effect whatever on the liver or its production of bile. The truth of this statement can be proved by consulting the authoritative medical textbooks published during the past five years.

There are only two known substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances, and no other advertised medicine on the American market today does contain them.—(adv.)

Millerville

By GNETA GIESECKE

Farmers are busy planting corn this pretty weather.

Milton Howerton, wife and son, James, visited Mrs. Howerton's brothers, Charley Koonsman and family of Iredell last Sunday.

Sammie McCollum went to Lincolnton last week and assisted his brother-in-law, Chas. B. Nichols, in his farm work for a few days. Lewis B. Miller made a business trip to Waco Friday and Saturday, returning home Sunday.

Stanley Giesecke has embarked in the sheep business. E. S. Jackson, our genial mail carrier, is his side kick.

Herbert Miller, our efficient school principal, made a business trip to Stephenville Saturday. Sterling Bills filled his regular appointment here Sunday, returning to Stephenville Sunday evening.

This community regretted very much last week to hear of the death of Dr. Currie. He was a good physician as well as a good man.

Hog Jaw

By OMA ROBERSON

Mr. and Mrs. R. C. Epperson and children of Goldthwaite spent Sunday night in the home of Mr. and Mrs. John Leach.

Mrs. Alvie Moore and son visited Mrs. D. F. McCarty of Hico Saturday afternoon.

Those who visited in the home of Mr. and Mrs. Davies Sunday were, Mr. and Mrs. Clarence Whitesides and children and Miss La Verne McEntire of Clairette.

Misses Pearl, Whitesides, Louise Patterson, Elbert Lambert and H. A. Warren.

Miss Norma Johnson of near Stephenville spent the week end with her sister, Mrs. R. B. Elkins, B. E. Whitesides, P. E. McChristian, Hershel and S. E. Patterson were in Fort Worth Saturday attending the Fat Stock Show.

Willard Leach and Mr. and Mrs. J. L. Roberson visited Molly and Jim Burzan of Duffau Sunday.

Mr. and Mrs. Dearing of Iredell spent Monday afternoon with Mrs. J. E. Stringer.

A large crowd attended the party at the home of Mr. and Mrs. R. B. Elkins Saturday night.

Mr. and Mrs. C. L. Woodward and her mother, Mrs. J. H. Roberts, spent Sunday in Glen Rose.

Dry Cracks

By J. J. GREEN

If you would only go into your old tobacco box and take it out of the cellar and put it on the top shelf, then maybe the Smiths and the Jones' could start it in to the regular channel of circulation.

If you can't smile, you can bite your tongue and spit out the blood.

Draw on your good natured account and spend some of it just as soon as you can and thereby help to keep the medium of exchange in circulation.

Don't sneer at your old mother's religion. Apt as not her prayers have kept you out of hell a thousand times and then some.

Take the mothers out of Texas and there would not be much Texas left.

An ounce of cheerfulness is worth a dollar and a pound of grouch is not worth a D-m.

A gentleman may be pressed for time, but he is never too busy to be polite.

When a man has absolutely nothing to do, he usually makes a botch of the job at both ends.

The worst features I ever noticed about short skirts are number six feet—or larger.

Some men would ride the devil bareback if they thought he would carry them both.

If you do your best, no man can excel you, that's all anyone can do and what few people seldom do.

Teach your son early in life to earn money and save it. Very likely his pa may have to borrow from him later on.

I love the past, enjoy the present and have absolutely no fears for the future. I am a great back-tracker and take a keen delight in trailing myself back along the journey of life just for the satisfaction of seeing how many mistakes I have made their name is legion.

Don't permit the milk of human kindness to clabber on your hands. Say something good about somebody. It might be that you will help your best friend.

When a man tells you he don't believe in a hereafter, tell him to invite two or three friends home with him to dinner and not tell his wife anything about it beforehand. That will cure his infidelity to a certainty.

I know some men so infernally contentious they can not play a game of solitaire without getting in a fuss with themselves.

If money was as easily acquired as bad habits, everybody would soon be rich.

I have never believed in strap oil as a lubricant for a bad squeaky child. The best thing to do is to have a quiet consultation with the defendant.

Dry Fork

By OPAL DRIVER

There can be heard the sound of the farmers' voices as they call their horses in the fields. The March wind sings a lonesome song to them as they toil in the hot sun. The women are busy in the gardens and yards trying to raise plenty of vegetables for the table and lots of flowers to enjoy as they sit on their porches in the summer watching the bees as they gather the honey from the petals.

Rev. Newton of Pottsville filled his appointment here Sunday afternoon. There was a nice attendance.

Mr. and Mrs. Emmett Gordon, Mr. and Mrs. Elmer Ables and son, Mrs. Murrell Ables and son and Misses Altie and Artie Columbus visited in the G. C. Driver home Monday.

A nice crowd attended the singing at the home of Mr. and Mrs. Fred Gordon Sunday night.

Oran Columbus was a dinner guest of Bufford Johns Sunday.

Mr. and Mrs. Hubert Johnson and sons and Herman Driver visited in the home of Frank Johnson Monday night.

Rev. L. P. Thomas of Hico will preach at Dry Fork Sunday afternoon. Everyone is invited to come.

Several persons of this community attended the party at the home of Mr. and Mrs. Bell Friday night.

Miss Chestena Gordon of the Olin community and George Horton of Hamilton were in our community Sunday night.

Rev. and Mrs. Wells of near Hamilton were dinner guests of Mr. and Mrs. Fred Gordon Sunday.

Sam Burney and daughter spent while Monday night with Mr. and Mrs. G. C. Driver and family.

Mrs. Chapman and son of near Hamilton were business visitors in our community Tuesday of this week.

Billy Jo Van of Carbon is staying with his grandparents, Mr. and Mrs. T. R. Thomas and is going to school at Dry Fork.

Miss Alma Douglas and brother, Erwin, were week end guests of their parents, Mr. and Mrs. Jess Douglas.

INSIST ON Genuine BAYER ASPIRIN

Because

The Bayer cross is not merely a trade-mark, but a symbol of safety.

The name Bayer tells you that it cannot depress the heart.

The tablet that's stamped Bayer dissolves so quickly you get instant relief from the pain.

There's no unpleasant taste or odor to tablets of Bayer manufacture; no injurious ingredients to upset the system.

Tablets bearing the familiar Bayer cross have no coarse particles to irritate throat or stomach.

Camp Branch

By ELLA D. COLLIER

We are having some pretty weather now. The farmers are glad to see these spring days.

Mr. and Mrs. Jim Land entertained the young folks of this community with a musical Saturday night. Everyone enjoyed themselves.

Grace Steele spent a few days with Mrs. Sarah Smith.

Vivian Word was in the John Collier home Saturday evening.

Mr. and Mrs. George Campbell visited in the Bell home of Duffau Sunday.

Mr. and Mrs. Lee Prater and daughter visited her parents, Mr. and Mrs. Daugherty.

Herman Steele spent Thursday night with James Collier.

Clay, Billie and James Collier and Windell Blackburn visited Arthur and A. D. Land Sunday evening.

Mrs. R. L. Bailey of Hico spent one night last week in the home of her uncle, John Collier.

Russell Collier was a guest of Miss Grace Steele Sunday.

Mr. and Mrs. J. N. Williams spent last week with her parents, Mr. and Mrs. George Campbell.

Several of this community attended the funeral services of Dr. J. D. Currie last Friday evening. We will all miss such a good doctor.

Mr. and Mrs. Hearn Childress were in the John Collier home awhile Friday.

Elmer Steele and wife have been staying with her mother, Mrs. Horsley of Hico. Mrs. Horsley has been sick quite a while.

Mr. and Mrs. W. L. Thompson were in the J. D. Land home awhile Sunday evening.

G. W. Childress of Duffau visited his brother, Hearn Childress of this community Friday.

When you know you are right, it's not necessary to go ahead. You can afford to wait.—Exchange

BIRTHDAY DINNER GIVEN FOR MRS. CLAUD RAINWATER

Friends and relatives of Mrs. Claude Rainwater enjoyed a birthday dinner at her home Sunday.

Everyone brought baskets of food. This was taken to the river and spread picnic style.

After the dinner was eaten the crowd spent the remainder of the afternoon on the river banks talking and singing songs. Music and songs were rendered by Vertis Keller and Jim Rainwater which were unusually interesting. The efforts of several others in this respect were also appreciated by all.

Those present were: Mr. and Mrs. J. R. Rainwater, Mr. and Mrs. Fred Rainwater and children, Mr. and Mrs. Hubert Keller and son, Mr. and Mrs. E. G. Patterson, Mr. and Mrs. John W. Lane and family, Jess Rainwater, Jim Rainwater, Vertis Keller, Chester Miller and Mr. and Mrs. Claude Rainwater and children.

METHODIST CHURCH Sunday, March 19th— 9:45 a. m. Church School. 11 a. m. Morning Worship. "On Solid Rock." 6:30 p. m. Senior Epworth League. Topic: "Are We Worthy of the Church?" Leader, Gary Cheek.

91% of All Human Ills Originate In Stomach

Failure to Supply Body With Essential Minerals Allows Excessive Acids to Destroy Health and Vitality.

Medical science, constantly searching for ways to prolong life, frequently come forward with startling statements of their findings, but no more astounding announcement has been made in recent years than the statement of an eminent Chemist who now declares that "There is no natural death. All deaths from so-called natural causes are merely the end point of progressive acid intoxication."

deficiencies of these vital elements—and at last their efforts have been rewarded.

AID TO NATURE
LEE'S MINERAL COMPOUND, a new and revolutionary formula, actually supplies the system with these vital elements so necessary to health and happiness. It contains the eleven essential Minerals in well balanced proportion, together with Vitamins, and is an invaluable aid to nature in the building of blood, bone, nerve and tissue.

ELIMINATES POISONS
It will rid your system of excess acid, sweep away the dangerous poisons, supply the body with the needed minerals, stimulate the organs of digestion and assimilation, build rich, red blood, clear the skin, give you a keen, hearty appetite, help you to get sound, refreshing sleep, restore health, strength and vitality and enable you to enjoy life to the fullest.

MAKE THIS 10 DAY TEST Convince Yourself!

Stop eating yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Drugist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.
