Even local "conservative" Democrats must have felt a little ill when they heard of the firing of two Texas Tech professors last week.

We have often been amazed at the vicious tactics employed by the former Shivercrats who are known now simply as conservatives. They can pull more dirty tricks right out in the open and get away with it than anyone we've ever seen.

Firing the Tech professors is perhaps no worse than other things they have done—but this act points up a test of the type of man our present governor will choose to be. If he lets the Tech board of directors action stand without saying anything then we are still saddled with an administration that is greedy, corrupt and power seeking. Background of the firing is one of politics. Dr. Byron Robert Alberts, professor of government at Tech, was a well-known Liberal Democrat party member and was, in fact, a keynote speaker at the state-wide convention of the Democrats of Texas in Austin last May. He had been criticized for his views many times by Lubbock and other Conservatives.

We maintain that because he held to his political convictions and was an active member of the Democratic party, he was fired by the Shivers-appointed board of directors of the college.

Dr. Herbert Marvin Greenberg, assistant professor of psychology and associate director of the Vocational Rehabilitation Counseling Program, was fired apparently because he approved integration of Negroes into our colleges and universities.

No one has questioned the capabilities and accomplishments of these men in doing their jobs.

Things have reached a sad state when a man, or any man, cannot practice their political convictions without fear of losing their jobs. A college professor has the same rights as anyone else—so long as he keeps his politics out of the classroom.

Solely because they publicly and actively campaigned for what they thought was right, these men were relieved of their jobs. It is only incidental, but highly significant, that their views were opposed to those of individual members of the Texas Tech board of directors.

To make it look even more ridiculous, J. Evetts Haley, who isn't qualified to be on the public school board of Podunk Hollow, is a member of the Tech board. There probably isn't a more radical, outspoken, left-wing politician in the country. He was appointed, like some of the others, by former governor Allan Shivers. He is credited with spearheading the move to oust the professors.

Also in Saturday's session, Haley voiced opposition to the sale of school dormitory financing bonds to the Federal Housing and Home Financing Agency. He wanted to stop the private financing route although it would cost about \$800,000 more of the taxpayers' money.

Haley is all politics. He was director of the College's Institute of Americanism and is state organizer for "For America," a political innovation out of Chicago. He has been a rabid segregationist and ardent states-righter.

Apparently he has used his power as a member of the college board of directors to further his political ambitions by firing those most opposed to his governmental theories.

While these same tactics have been going on for years, we have had trouble believing what we heard. One of the first was the Port Arthur story that was a frame-up to smear Ralph Yarborough and put a labor tag on him. Later campaigns by the conservatives were just as dirty and the Democratic convention steal last September was just another action by that group that was lower than vandalism. Later came an effort by Governor Daniel to outlaw the "Democrats of Texas" and to call them a splinter group, when in actuality they are the loyal Democrats in this state.

These and other actions, like bad morals, grew out of the conservatives until they apparently consider it a standard procedure of operation. There is apparently no fair play or decency left in them.

The Tech professors were given a hearing. Dr. E. N. Jones, Tech's president, was not even allowed to attend the closed meeting. Newspapermen had to get their information second hand.

Closed meetings of any public school board, Tech or otherwise, are in bad taste. We are not sure, but we think they are illegal. When anyone is trusted with operation of a public concern on everything they do should be open and above board. There should be nothing done that the public can't have full access to, either through personal attendance or through newspapers and radio if they desire.

The long-range effects of the board's actions are more important than what actually took place Saturday. Political observers over the state on both sides of the fence have noted that political morals are degenerating from what

Man Flees County After Passing Hot Check for Car

Milligan and Baby Daughter Believed Living in Lubbock

A man who gave a hot \$1,000 check in Dimmitt and disappeared with his 11-month-old daughter is the object of a search now being conducted by Castro County Sheriff's Department and Lubbock police officials.

Charged on a felony warrant is Johnny Lee Milligan, 23, believed to be somewhere in Lubbock. He has been missing since taking his daughter, Jannette Colleen, who will be one year old July 30, from his step-father's farm near Littlefield. He was last seen on July 7 when he told his mother and step-father he would be gone with the baby only about half an hour. According to Sheriff Jack Cartwright, Milligan gave Dimmitt Motor Company a check for \$1,000 as part payment for a new Chevrolet. He had been working as a farm laborer for his stepbrothers, Dan and George Heard of their farm northwest of Dimmitt. The local automobile company took the check without investigating it, Cartwright said, since they knew Milligan was a relative of the Heard brothers and presumed the check was good. Milligan's mother, Mrs. Dan Heard, wife of a Lamb County farmer, said Milligan's account at the Littlefield First National Bank at the time was \$5.

He has written at least three other checks since his disappearance, all to Lubbock business firms. All were for larger amounts than his account.

Mrs. Heard appealed Tuesday in a Lubbock newspaper for Milligan to surrender himself and his daughter before he becomes involved in further trouble with the law and before the child's health is endangered.

She also asked the public—in case her son does not heed the call—to aid in his apprehension. He is driving a 1957 Chevrolet Sedan, with dealer's license number 9N250.

"I'm appealing to him to give himself up before he gets into worse trouble. If he doesn't give himself up, I want the public to help stop him from worsening his situation... and before something happens to that baby," Mrs. Heard told the Avalanche-Journal.

"We've lived in Littlefield almost all our lives. We have a good reputation and we want to preserve it," she said.

Added to the plea of Mrs. Heard was Milligan's wife, Mrs. Billy Jean Barnett Milligan, who has been living in fear for the safety of her daughter. Mrs. Milligan has not seen her husband since some time before he and his daughter disappeared, nor has she heard from anyone who has seen him.

According to Mrs. Heard, her son has been in no trouble since his discharge from the Air Force in January, 1956. He has worked mostly as a farm laborer since that time.

Bob Cranford Elected New Jaycee Treasurer

Bob Cranford, manager of Panhandle Commiss and Warehouse Company of Dimmitt, was elected treasurer of the Dimmitt Junior Chamber of Commerce in the regular meeting at noon Thursday.

Cranford was elected to fill the unexpired term of Kenneth McGee, manager of Dimmitt Parts and Supply Company, who is moving in the near future. McGee submitted his resignation at the Thursday meeting.

Reported About Daughter
Mr. and Mrs. James Bates have reported back home that their little girl responded well to the operation which she underwent at St. Joseph Hospital in Ft. Worth.

Mrs. C. A. Hance, Mrs. J. A. Ramsey and Mrs. T. D. Claborn visited their aunt, Mrs. Clarence Cooper, who is seriously ill in afternoon.

High Plains Geological Theory Based on Alluvial Delta

Everyone knows how his home was built—the many boards, the nails, the pipes, the wiring, the shingles, and their sequence of being fitted into the pattern of construction. But it is rare that anyone has any idea of the similar steps that went to set up the land upon which his house is built.

This is as true of the High Plains as anywhere else. While it is a flat country, devoid of all natural growth except grasses, it is nonetheless the holder of a distinct and interesting history.

There are several theories about the formation of the High Plains surface, but the one that has stood the test of time and logic is a report by Willard D. Johnson in "The High Plains and their Utilization," contained in the Twenty-first Annual Report of the United States Geological Survey first printed in 1900.

This geologist's observations, tests, and summations have been added to over the years by others of his interest to form history of

Penalty Set for Over Planting of Cotton at 18.5c

Marketing quota penalty rates on "excess" cotton of the 1957 crops of upland and extra long staple cotton were announced July 5 by the U.S. Department of Agriculture. The penalty rate on upland cotton is 18.5 cents per pound, and the penalty rate on extra long staple cotton is 39.8 cents per pound.

Controlling legislation directs that the marketing quota penalty rate for upland cotton shall be 50 percent of the parity price per pound of cotton as of June 15 of the calendar year in which such cotton is produced. The parity price for upland cotton effective June 15, 1957 was 37.06 cents per pound.

Legislation also provides that the penalty rate on extra long staple cotton shall be the higher of 50 percent of the parity price or 30 percent of the support price for such cotton as of June 15. The parity price for extra long staple cotton as of June 15 has been announced at 79.6 cents per pound and the announced support price for such cotton was 59.70 cents per pound. The applicable penalty rate for extra long staple cotton for 1957, therefore, is 50 percent of the parity price, or 39.8 cents per pound.

Marketing quotas for the 1957 crops of upland and extra long staple cotton were approved by growers voting in a referendum December 11, 1956. When cotton marketing quotas are in effect, a farmer who does not comply with the cotton acreage allotment established for the kind of cotton grown on his farm is subject to a penalty for price support under the Commodity Credit Corporation loan program. Each type of cotton is treated independently. Upland cotton cannot be substituted for extra long staple cotton or vice versa.

Minimum levels of price support for the 1957 crops of cotton were announced on February 9, at 28.15 cents per pound gross weight for upland, basis Middling 7-8 inch at average locations; and on May 10, at 59.70 cents per pound, net weight, for extra long staple cotton. These levels reflected 77 and 75 percent, respectively, of the then-current parity prices for upland and extra long staple cotton.

The City of Dimmitt will drill its fourth water well here sometime next week. The project will cost about \$12,000 when tied into city lines and drilling will be by C & C Pump Company of Dimmitt.

According to City Manager E. B. Noble, present wells are capable of supplying the peak demands of more than 1,000,000 gallons on some days, but there is no reserve. The city could not meet peak period demands if an existing well broke down for any reason. The present three wells are operating at near capacity. Location was not definite this week, but the well will be in the west part of town.

Accompanying their check was a letter from Keystone-Fleming, Inc., which read:

Dimmitt Volunteer Fire Dept., Dimmitt, Texas
Attention: Fire Chief Gentlemen:

We are rather at a loss to properly express our sincere, heartfelt gratitude and appreciation for your courageous and intelligent handling of the recent fire involving one of our LPG transports. From top to bottom, your entire department deserves the highest sort of recognition, not only for devotion to duty in the face of a gravely perilous situation, but for averting further tragedy which could have so easily grown out of the initial accident.

The fact that you are all volunteers rather than full time professional firemen, makes you especially deserving of commendation. We are certain that the entire citizenry of Dimmitt joins us in thanking our lucky stars that we have among us such selfless, civic-minded group so ably serving their fellow man.

Please accept the accompanying small token check, to be used as you gentlemen see fit. This in no way approaches the retirement of our indebtedness to you, since such debts can never be paid.

Yours very truly,
Joe Willmon,
District Manager
Keystone-Fleming Inc.

Another letter, this one from the First Baptist Church pastor to the firemen was also received: Dear Friends:

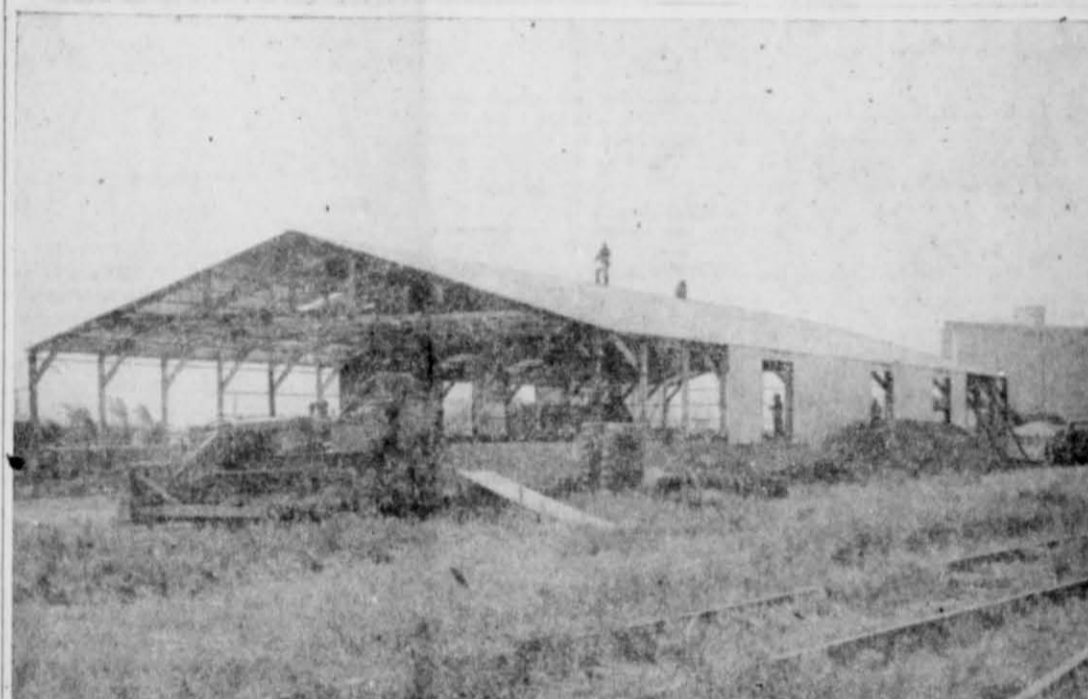

I want to personally commend you for the wonderful job you did with the fire last Saturday. You turned what looked like an impossible situation into victory and that without serious injury to anyone. I noticed how each of you stayed on the job.

Sometimes we take our public services for granted. I did want you to know that I personally appreciate your services and the splendid job done Saturday. I feel that I express the opinion of most of our townspeople. I made mention of this from my pulpit last Sunday.

Sincerely yours,
George E. Ray

Two substantial contributions were made this week to the Dimmitt Volunteer Fire Department's general fund by business firms involved in the butane transport-collision fire on Saturday, July 6th.

The contributions, for \$200 each, came from Keystone-Fleming Company of Lubbock, owners of the truck, and Jack Gregory, owner of Castro County Grain Company, which lost a supply warehouse and grain elevator in the blaze.

BEGINNING TO ROLL—The Castro County vegetable program received a big push this week when farmers over the county began planting their carrot crop for harvest this fall. In the top picture, Ward Golden starts pulling the planter on his farm northeast of Dimmitt. Checking operation of the rig is Carl Alvin Johannes (center) and Mr. Jim Strommeyer (right). In the lower picture is the new vegetable processing plant now nearing the end of its construction. It will be ready sometime next month to begin receiving processing machinery for Dimmitt's newest industry.

Fire Department Lauded for Work During Butane Fire

Two substantial contributions were made this week to the Dimmitt Volunteer Fire Department's general fund by business firms involved in the butane transport-collision fire on Saturday, July 6th.

The contributions, for \$200 each, came from Keystone-Fleming Company of Lubbock, owners of the truck, and Jack Gregory, owner of Castro County Grain Company, which lost a supply warehouse and grain elevator in the blaze.

Dimmitt firemen braved the intense heat of the blazing butane truck to keep water on the tank. As part of their training these men had learned that keeping a butane tank cool with water would keep it from exploding. While they felt they could put the fire out with foam, it was decided to let it burn rather than let the gas escape and constitute an even more hazardous situation.

It was for these men's hard work and their possibly keeping down a major disaster that these donations were made.

Accompanying their check was a letter from Keystone-Fleming, Inc., which read:

Dimmitt Volunteer Fire Dept., Dimmitt, Texas

Keystone-Fleming Inc.

A Door Is to Leave by... Sometimes Quickly

One outstanding feature of the new Kearns Elevator Company office now under construction in East Dimmitt is the rear door.

When a butane transport and train collided two weeks ago the resulting fire almost completely enveloped the old building. With the front door blocked by fire, manager Odell Arnold and his father-in-law Bunyan Price were forced to kick the air conditioner out of the only possible exit—a small window in back—to make their escape.

Hence the large door in the rear of their new 12 x 24 concrete block building.

Dodger Members Named to Other League Teams

In the Dimmitt Summer Recreation Program for boys, the Dodger team was dissolved this week due to heavy cuts in team membership brought on by summer vacations. Former Dodger members were reassigned to help bolster other teams whose ranks were also somewhat depleted.

Leading the league at present with 3 wins and one loss are the Braves, Yankees and Cardinals. Left out of this three-way tie are the White Sox who have a one win, three lost record for the cellar position.

In Tuesday night's game the Cardinals defeated the Dodgers in the latter's last game, 9-1 and the Yankees defeated the Braves 8-7. Kelton Cates, Yankee, hit two home runs and a single, knocking in seven runs.

The Summer Recreation is sponsored by the Dimmitt Junior Chamber of Commerce and manager for the program is Thomas Harrison.

Six nights remain in the schedule. Teams playing are White Sox vs. Yankees and Braves vs. Cardinals, Thursday, July 18 beginning at 7:15. Next Monday the Cardinals and Yankees play and the Braves take on the White Sox. These games begin at 8 p.m. Next Thursday, July 25, it's White Sox vs. Yankees and Cardinals vs. Braves beginning at 7:15. The remaining schedule will be announced next week.

Mr. and Mrs. Ray Bearden visited their daughter and family, Mr. and Mrs. Leonard Frye and son, in Abilene last week end. They were accompanied home Sunday by Mrs. Frye and little son, Stevie, who will spend several weeks here.

Lynn West returned home with his parents' Sunday after spending a month visiting at Olustee and Eldorado, Okla.

Sue and Trena Carrell have returned to their home at Olustee, Okla., after spending a week visiting the McRees, Mundells, Wests, and Thomas Carrells.

Mr. and Mrs. George Blanton and daughters, LaNell and Georgene attended the Kembell family reunion at Plainview last week.

Mr. Bert Webster and Mr. and Mrs. Roy A. Brookins and children, Debbie and Kenny, of Boham were recent visitors in the homes of Mrs. Webster's sisters, the C. A. Hances, the Ramseys and the T. D. Claborns.

Mr. and Mrs. Manuel Garcia are the proud parents of a baby boy born July 9.

On the 15th of July Mr. and Mrs. Villanueva became the parents of twin boys.

Mr. and Mrs. Reyes Esquivil became the parents of a little boy born July 16.

Mr. and Mrs. J. W. Singleton are the proud parents of a baby boy born at 11:15 a.m. Thursday at Castro County Hospital. Named Charles Wayne, the young man weighed 7 pounds and 15 ounces at time of birth. Singleton is local agent for Fort Worth & Denver Railway.

On July 3rd Mr. and Mrs. W. R. Ellis became parents of a baby boy.

Funeral services for Mr. Edward Monroe Allen, 91, were held Sunday in the First Methodist Church in Dimmitt.

A retired farmer, Mr. Allen died last Friday in Castro County Hospital at 8:45 p.m. He lived in Castro County from 1921 to 1945. Since that time he had made his home in Hereford.

Officiating at the services were Rev. Woody C. Williams, pastor of the Methodist Church in Matador and Rev. Ellis Taylor of Amarillo. Interment was in Castro Memorial Gardens under the direction of Dennis Funeral Home.

Mr. Allen was preceded in death by his wife, Della Gaison Allen, who passed away in January of 1952. He was a member of the Methodist Church and had ceased active farming after breaking his hip in 1944. He was admitted to Castro County Hospital last Wednesday. He was born on October 22, 1865 in Kauffman County and had lived also in Wellington before moving to Castro County.

He is survived by five children: Mrs. Sam Hunter of Dalhart; Mrs. Va Metcalf, Bell, Calif.; Mrs. Harry Smith, Hereford; Dan Allen, Downey, Calif.; Frank Allen, Dimmitt; one sister, Mrs. Ella McLeod, Blair, Okla.; 12 grandchildren and 4 great grandchildren.

Funeral Held Here Sunday for County Pioneer

Funeral services for Mr. Edward Monroe Allen, 91, were held Sunday in the First Methodist Church in Dimmitt.

A retired farmer, Mr. Allen died last Friday in Castro County Hospital at 8:45 p.m. He lived in Castro County from 1921 to 1945. Since that time he had made his home in Hereford.

Officiating at the services were Rev. Woody C. Williams, pastor of the Methodist Church in Matador and Rev. Ellis Taylor of Amarillo. Interment was in Castro Memorial Gardens under the direction of Dennis Funeral Home.

Mr. Allen was preceded in death by his wife, Della Gaison Allen, who passed away in January of 1952. He was a member of the Methodist Church and had ceased active farming after breaking his hip in 1944. He was admitted to Castro County Hospital last Wednesday. He was born on October 22, 1865 in Kauffman County and had lived also in Wellington before moving to Castro County.

Palbearers were G. L. Willis, Sam Gilbreath, Elmer Winkle, Wayne Lawrence, and Glen Austin.

Explorers Make First Report From Jamboree

One of the Dimmitt Explorer Scouts who left July 2 for the Boy Scout Jamboree at Valley Forge, Pa., this week sent back a report on the boys' activities there. He is Elmer Hershey, son of Mr. and Mrs. H. E. Hershey.

Also with young Hershey were adult leader, Mr. R. D. Rogers, David Hayes, Joe Burkett, and James Rogers.

"We are having a good time," Hershey said. "We went into Canada where we saw some of our most interesting sights. We saw some beautiful country and Niagara Falls.

"After leaving Canada we went to New York. It was sure a sight to see, although we did not have time to sightsee all we wanted to. During our stay in New York we were at the Waldorff Astoria Hotel. It was sure nice.

"From New York we went to Valley Forge. We set up camp two days before the opening of the Jamboree. During those days we made side trips.

"Our first side trip was to Washington D.C. We visited the capital of the United States. There we were accompanied by Lynden Johnston, Ralph Yarborough, George Mahon, and Walter Rogers. Mr. Rogers took the boys from Silverton and Dimmitt around and we had a few pictures made with him. Then we saw a few other sights there.

"The second day we went to a major league baseball game at Philadelphia and then two days later we went back to make a tour of Philadelphia.

"Now we are enjoying a good time at the Jamboree that will end July 18. Then we will begin our trip home."

Visit Grandmother
Carl, Alvin and Richard Johnson of Tacoma, Washington, are here for a visit with their grandmother, Mrs. Jim Strommeyer.

Visited Aunt
Mrs. Bert Webster and Mr. and Mrs. Roy A. Brookins and children, Debbie and Kenny, of Boham were recent visitors in the homes of Mrs. Webster's sisters, the C. A. Hances, the Ramseys and the T. D. Claborns.

New Citizens
Mr. and Mrs. Leo T. Chadez became parents of a baby girl born July 2.

Mr. and Mrs. Manuel Garcia are the proud parents of a baby boy born July 9.

On the 15th of July Mr. and Mrs. Villanueva became the parents of twin boys.

Mr. and Mrs. Reyes Esquivil became the parents of a little boy born July 16.

Mr. and Mrs. J. W. Singleton are the proud parents of a baby boy born at 11:15 a.m. Thursday at Castro County Hospital. Named Charles Wayne, the young man weighed 7 pounds and 15 ounces at time of birth. Singleton is local agent for Fort Worth & Denver Railway.

kill of the grass. It does, however, weaken it so that the land can be put back into cultivation. At the same time the land has been put to better condition by the growing of a legume.
Davis also tells of another method to control Johnson grass in cotton, and that is by using green manure. The green manure will not leech the cotton, but keep the grass eaten off to the ground. This will, according to Mr. Davis, usually eliminate the necessity of two hoeings, and it materially reduces the cost of production.

PROGRAM OF THE SWISHER COUNTY ELECTRIC COOPERATIVE, INC. MEETING TO BE HELD SATURDAY JULY 20th AT 1 p.m. TULIA HIGH SCHOOL AUDITORIUM

TV Interference

Driving around in Dimmitt, Sunday, I noticed some of the business had really improved their appearance. Have you driven south on Highway 51 lately and noticed the Furman Road Estate? I was very impressed with the beautiful landscaping they have achieved. It had been on a business day, I would have probably stopped and complimented them then and there.

The Bethel Circle of the Methodist W.S.C.S. met with Mrs. J. C. Williams Tuesday afternoon. The program was a social affair with a program on the number present, etc. Mr. and Mrs. J. C. Williams were Sunday dinner guests of Mrs. Ethel Wornack.

Mr. and Mrs. J. C. Williams were Sunday dinner guests of Mrs. Ethel Wornack. Mr. and Mrs. J. C. Williams were Sunday dinner guests of Mrs. Ethel Wornack.

many flowers on his plants, but he seems to have evidence of any disease. Would some kind person please visit this poor distressed man as to which end of the plant the peanuts mature? How long has it been since you have attended an old fashioned Community Get-Together? Tuesday evening at the Bethel Community Building, about ninety to one-hundred persons gathered, bringing trays of ice-cream and cakes. For an ice-cream supper, it was more fun, breaks like this, in the busy routine of life, are so refreshing. Everyone had a wonderful time from the sets to the sides.

Another darling little Granddaughter I know of, is probably getting like treatment. Little Miss Beverly Holmes, of Wichita Falls, is visiting her Grandparents, the Melvin Teakolis, while her parents are vacationing in Carlsbad, New Mexico and points of interest in the area.

Mr. and Mrs. J. C. Williams were Sunday dinner guests of Mrs. Ethel Wornack. Mr. and Mrs. J. C. Williams were Sunday dinner guests of Mrs. Ethel Wornack.

and children were Sunday dinner guests of the Edmond Neumayers. During the afternoon, Edmond Neumayer, Milton Bagwell, Lowell Neumayer, and Leon Grant enjoyed water-skiing at Buffalo Lake. According to Mr. Neumayer, he was to have Milton back by 6 p.m. to change his irrigation water. However, from the way Mr. Neumayer put it, he didn't expect to be back before 9 p.m. I just wonder if that was back in time or if Mr. Neumayer might be in the discharge with Milton.

4-H CLUB NEWS

My 4-H Club Demonstrations

By Mary Helen Maples Mrs. Vann was Home Demonstration agent when I made my first articles. I made one apron. My mother had me make one feed sack pillow cases next, Mrs. Stringer showed me how to make a skirt with elastic in the top. I got a red ribbon in the dress Revue in 1954. I did not like it as it made me feel sloppy. I made a full Circle Corduroy skirt that was Hart school colors next. Later I made myself a 4-H uniform so that I would have one to wear to the State Fair and other such places. I made myself an aqua neck slip to wear with my orange dress.

My 4-H Club Demonstrations... I made one apron. My mother had me make one feed sack pillow cases next, Mrs. Stringer showed me how to make a skirt with elastic in the top.

My 4-H Club Demonstrations... I made one apron. My mother had me make one feed sack pillow cases next, Mrs. Stringer showed me how to make a skirt with elastic in the top.

turn in their Health records for 1956-57. I hope that a lot of girls turn in their 56-57 Health records. Health is one of the four basic things 4-H promotes. The Pledge My Heart to clearer thinking My Heart to greater loyalty My Hands to larger service My Health to better living for my club, my community, and my country.

My 4-H Club Demonstrations... I made one apron. My mother had me make one feed sack pillow cases next, Mrs. Stringer showed me how to make a skirt with elastic in the top.

My 4-H Club Demonstrations... I made one apron. My mother had me make one feed sack pillow cases next, Mrs. Stringer showed me how to make a skirt with elastic in the top.

Two 4-H Activities in full swing throughout the state will benefit many families and bring honors to club members as well. They are the national 4-H Safety and Citizenship programs arranged by the National Committee on Boys and Girls Club work.

My 4-H Club Demonstrations... I made one apron. My mother had me make one feed sack pillow cases next, Mrs. Stringer showed me how to make a skirt with elastic in the top.

Biggest Sellers...because they're Biggest Savers!

You can tell from the way they're put together that Chevrolet trucks stay on the job . . . save on the job!

A truck with built-in stamina - that's Chevy. Whether highballing across rugged terrain, or doing delivery duty in town, dependable "can-take-it" Chevrolets are cutting downtime to the barest minimum. A truck with a choice of ready-to-go power - that's Chevy. From an advanced lineup of eight engines - 140 to 210 hp - you can save by choosing the power precisely matched to your job. Thanks to compact weight-saving design, Chevrolet's V8's deliver high power per pound of engine weight - power that works harder for you. Chevy truck 6's are famous for their staying power. Whichever engine you choose, you know it's got the power to back up every inch of brawn in every Chevrolet Task-Force truck. A truck for your job - that's Chevrolet, too. From pickups to middleweights to high-tonnage tandems, there's one just right for your job. See your Chevrolet dealer. He'll show you a model that's practically made to order for your kind of hauling.

Chevrolet Task-Force 57 Trucks

The "Big Wheel" in trucks!

Only franchised Chevrolet dealers display this famous trademark
