AUTORAILER

When railroads began to build a little more than a century ago, the building of public highways stopped. The idea was that anybody who wanted to run vehicles on them, so Federal and state governments gave them subsidies in land and cash. In practice it was found that a railroad couldn't be used as a public highway, and road building was resumed.

Now paved roads and the automobile have caused the practical abandonment of many short branch railroads, but an ingenious Canadian inventor has made a vehicle called an "autorailer" which runs on rails or highways with equal ease. The autorailer is being tried out in regular service over a 90-mile stretch in New Brunswick, on the first railroad ever built in Canada.

There are lots of branch rail lines where a vehicle which could run on highways to pick up passengers or freight, then on rails to carry them to the next town, would be very useful. The autorailer is worth watching.

GLASS

To Be Worn

For two or three years new fibers of finely-spun glass have been woven into fabrics for garments and draperies. It seems impossible but it is true that glass can be made as tough and elastic as cotton.

The latest thing in spun glass is called "glass wool." It looks like cotton batting, but is much lighter, and it is being used for heat insulation. It is so cheap that it can be used economically to spread over gardens to protect plants and flowers against frost. It comes in bales and unrolls like carpet, but it is so light that a child can easily pick up a bale bigger than a barrel.

This new glass "mulch" lets a little light through, so that plants covered with it are green when uncovered in Spring. It does not harbor vermin and it is practically indestructible.

That is only one of the marvels of glass making which modern science has developed. Several large buildings with all-glass walls have been built. Some day we may all live in glass houses.

MACHINES

Create Jobs

I have maintained for years that machines do not decrease employment but rather tend to create more jobs. I have seen that come about in the printing trades, with which I am most familiar, and in the automobile industry.

Population in America has increased 72 percent since 1899, but factory employment is 83 percent higher than it was then. The working day is shorter, but the number of man-hours is nearly a third larger. This is due, the Institute reports, to the vast increase in demand and production of all kinds of goods, made possible only through machines.

"Most Attractive Service Station In County" At Hico

First prize in the service station classification of the county beautification contest, sponsored by the Texas Highway Department, has been awarded Cleo Elkins, operator of the Texas Company station on Highway 66 north of town. The station was built by W. F. Gandy three or four years ago, and with the tourist cabins operated together with the station is known as "Camp Joy."

Mr. Elkins, who was not aware of the fact that such a contest was being sponsored by the Highway Department, was called upon Tuesday morning by four ladies from Hamilton, who after buying gasoline, announced that they had a present for him. Forthwith they produced an attractive plaque for hanging on the wall, with the wording: "This service station awarded first place for attractive appearance in this county."

The committee, in notifying Mr. Elkins of the award, stated that it was given not alone for the appearance of the station, but on account of the slightness of the premises around same. Considerable work has been put into care of the flower beds along the highway and between the filling station and the cottages, which has been effective as the prize award proves.

UNION THANKSGIVING TO BE HELD AT LOCAL METHODIST CHURCH WEDNESDAY P. M.

Hico will have a union Thanksgiving service this year. It will be held at the Methodist Church, and the Rev. H. A. Anderson, pastor of the Presbyterian Church, will deliver the sermon of the occasion. Mrs. John Clark, Mrs. Woodward and Mrs. Dick Hollis will make the musical arrangements, and the Baptist and Methodist pastors will assist in such capacities as the occasion demands. Thus will it be representative of the community.

LOCAL COMMITTEE NAMED TO CO-OPERATE WITH NATIONAL COMMITTEE ON CONSTITUTION

To cooperate with the United States Constitution Sesqui-Centennial Commission on plans for observing the 150th Anniversary of the formation of the United States Constitution, Mayor H. F. Sellers has appointed the following as a local committee: A. A. Brown, C. E. Colton, S. H. Check, H. N. Wolfe, G. M. Barrow, H. E. McCullough and R. L. Holford. The national commission, headed by the President of the United States as chairman, the vice-president and the speaker of the House of Representatives, is composed of four members of the Senate, and five from the House of Representatives.

Two More Days to Register in Census Of Unemployment

Only two days, Friday and Saturday of this week, remain for local unemployed and partly employed persons to fill out and return the cards which were distributed this week through the post office, starting Tuesday, Nov. 16.

The census, made under the direction of the President of the United States upon orders by Congress is simply that which the message on the face of the card states, according to Postmaster Jimmie L. Holford, in attempting to clarify the plan to everyone and make possible one hundred per cent response from Hico and vicinity.

A special office was established in the lobby of the post office building, where an attendant is on hand at all times to assist those desiring aid in filling in the blank spaces on the cards. Up to Thursday over two hundred cards had been returned, and prospects were that the work would be completed by the deadline, Saturday, Nov. 20, in good shape.

Persons who should NOT register are described as follows: All persons who are totally unemployed, able to work, and want work.

Persons who are working full time or part time on projects of WPA, NYA, CCC, or other emergency works projects which are supported by public funds.

Persons who are unable to work because of permanent disability or chronic illness.

Persons who have retired and do not want work.

Young persons excluded from work because of State child labor laws or local ordinances.

The Japan government has announced official participation in the World's Fair of the West, to be held on Treasure Island in San Francisco Bay in 1939.

Paper Will Print Early Next Week

Due to the fact that next Thursday is Thanksgiving Day, the News Review will be printed Tuesday instead of on regular publication day.

There are two reasons for this decision. One, of course, is to allow the force to take the Thanksgiving holiday. The other, and most important, is that we believe we may better serve our advertisers and our readers in this way.

Advertisers desiring to get last-minute messages before the public for Thanksgiving will find this an ideal medium for doing so. Then the readers will have their papers to look over at their leisure, and will get the news while it is hot.

Cooperation in the way of early advertising copy and news items will be appreciated, of course. It is not too early now, but after Monday of next week it might be too late.

Persons who are asked to call upon us for any cut or copy suggestions, and it is expected that they will avail themselves of this opportunity to get out after some added business.

Rev. J. C. Mann Is Returned Here As Methodist Pastor

Following a successful year as pastor of the Hico Methodist Church, Rev. J. C. Mann by action of the Central Texas Conference, meeting at Fort Worth last week, was returned to the local church as pastor for another year.

Rev. Mann and his wife came to Hico last year from Cross Plains, when he and Rev. P. L. Shuler exchanged pastorate, and the news that they are coming back again is received with pleasure both by his congregation and by the citizenship as a whole.

Other changes interesting to local people, affecting previous pastors, included appointment of Rev. Roy A. Langston to First Church in Corsicana; the Meridian minister, Rev. W. P. Cunningham, will move to Fort Worth to serve at the Diamond Hill church; Rev. J. R. Baldridge, former presiding elder of the Gatesville district, was assigned to Ennis; Rev. P. L. Shuler was moved to Alvarado; and Rev. A. S. Gafford was assigned to the First Church in Temple.

F. S. A. Personnel In Abilene Last Week For District Meet

On Thursday of last week the Regional Administrative leaders called a meeting of all district personnel of the F. S. A. and Extension Service workers at Abilene. A. G. Livingston and Craik Pierson of the County Advisory Committee accompanied Miss Rosa R. Butler, Home Supervisor and C. P. Emmett, Rural Supervisor.

Both departments of the U. S. Department of Agriculture presented several able speakers who did a very nice and efficient job in explaining the working of the administration.

The Farm Tenant Purchase Bill was one of the major issues and was explained very forcefully by W. J. Green, Assistant Regional Director of the Farm Security Administration, bringing out the fact that Texas borrowers from FSA now have net assets running up to \$1,000 and more per family, as compared with less than \$100 two or three years ago.

Mr. Green stated that the selection of the counties would be based upon many things such as, soil adaptability and land use, diversification, practices employed, prevalence of tenants, etc., and would be selected from the very best farms from these counties.

The rate of payments will be approximately \$42.90 per year per \$1,000.00 of investment and the purchaser, after a period of 5 years, will have the privilege of paying off the entire loan and securing deed for the property. If improvements are needed when the farm is purchased the money for such will be included in the initial loan.

Since this phase of security has no precedence to follow, Mr. Green stated the first year will necessarily serve as experiment for the years to follow.

Land utilization is a very important phase of Farm Security and according to Mr. Orr is fitting into the picture of all agricultural live-at-home programs. State Director V. R. Smitman, with very concise and selected expressions said the Farm Security Administration has a very definite goal and must show progress to justify its existence.

Until there is definite information in the hands of the Rural Supervisor, there is no use to try to make applications. When this information is ready, a notice will be found in the County papers.

The redwood Empire counties of Northern California have selected a site for the Redwood Empire Palace at the 1939 Golden Gate International Exposition.

Walnut Springs to Bring Strong Team For Today's Contest

At 2:30 this afternoon (Friday) the whistle will blow at Grimland Field to mark the beginning of the struggle between Hico Tigers and the strong Walnut Springs Hornets.

The game is expected to be a battle from the start, states Coach Grimland, who adds however that the Tigers are "out to win." The Hornets have lost one game out of eight this season, losing to the strong Granbury team 19-0.

The day before Thanksgiving next Wednesday, Nov. 24, Gorman comes to Hico for the third of four straight home games played by the Tigers. This will be a battle for fourth place in conference standing.

Coach Grimland states that he has an opportunity to secure five good teams for home games next year, provided support promises to be such that they can be financed locally. He says Desdemona, Hamilton, De Leon, Dublin, and Comanche are all scheduled to play here next season, and that the turnout of Hico fans for the balance of the season will determine to a large extent whether the home schedule will be fulfilled.

Dinner at Austin honoring Chief Justice Most Inspiring Gathering

The dinner Friday night at the Driskill hotel in honor of Chief Justice C. M. Cureton of the Supreme Court of Texas was one of the most inspiring gatherings ever held under Texas skies. For three hours pleasure was in the saddle, as speaker after speaker extolled the many virtues of the man who has risen from a Bosque county ranch home to the loftiest pinnacle in the temple of justice in the Lone Star State.

W. A. Keeling, former attorney general of Texas, presided. Eloquent as of old, cheerful and poised as are his great characteristics, he steered the meeting to smooth seas and there was not a ripple in the sky to mar the evening in which men and women of all sections of the state threw off thoughts of the day, and came together to pay in part their debt of love and honor to Justice and Mrs. Cureton.

Speakers reviewed in brief the life and labors of Justice Cureton as one of the most influential Texans ever to serve in the legislature and as one of the greatest Attorney Generals ever to occupy the high and important office now headed by Bill McCraw. And then from the Attorney General of Texas he was appointed to the Supreme Court of Texas.

Manager W. L. Stark of the historic Driskill hotel left nothing undone to make the scene most brilliant, delightful and an event with a setting that will go down in history as a high spot in the experience of the noble men and women of the bar and bench.

Keeping Up With TEXAS

Friends buried Mrs. Emma Dosa Kellough, 87, Tuesday. There was no funeral service—just two corpe solus by John Rusche of Appleby community near Nacogdoches. That was in accordance with a request Mrs. Kellough made years ago. She was buried in an old-fashioned shroud with long sleeves and a high neck, which she made herself 37 years ago for the occasion of her death.

Sidney Diamond, 16, who was badly burned and shocked at Waco Sunday, was given a 50-50 chance to recover, physicians said Tuesday. Young Diamond, playmates said, climbed an 85-foot Texas Power and Light Company tower and 66,000 volts of electricity went through his body. He was rescued by an ambulance driver and a photographer.

Texas Congressmen returned to Washington last week supplied with ammunition for their attack on the Nation's many-sided agricultural problem. Ever since President Roosevelt announced a special session at which crop control would be one of the main subjects, they have been seeking the advice of dirt farmers in many meetings throughout the State.

At no other time in recent years have they made such an intensive first-hand poll of farmers who constitute a large segment of their constituency.

Thirty-four females in the Large and Stevens and Largent and Harbriter auction at Brownwood Wednesday sold for an average of \$240, and 15 bulls brought an average of \$236.40. W. E. Rogers of Iredell purchased the largest number of animals.

Miss Virginia Estella Knapp, daughter of the president of Texas Technological College, unveiled Wednesday a plaque dedicating an arch of the Department of Agriculture Building to her grandfather, Seaman A. Knapp, at Washington, D. C. Also present at the ceremonies were her father, Dr. Bradford Knapp, and an uncle, S. Arthur Knapp, banker of Lake Charles, La. Long a member of the Agriculture Department, Seaman Knapp was known as the father of extension work in agricultural colleges, of the 4-H club movement, and other farm services.

Dr. Sam G. Dunn and Arnold Humphries of Lubbock were home Wednesday from the deer front, each with his buck and with the prize story of the deer hunting season.

Texas' Commissioner of Agriculture, J. E. McDonald, urged the Senate Agriculture Committee Wednesday to adopt a domestic consumption plan of benefit payments in cotton control legislation in the new farm bill. "I am convinced this is the best solution to the cotton problem," he said. "But Secretary Wallace told me he opposed the idea because he believed the farmer did not have sufficient business experience to make it operate successfully. It is up to those of us who back such a plan to try to convince the committee that it will work."

Representative W. R. Poase of Waco, Texas, said Wednesday at Washington that the Government soon will release \$6,000,000 appropriated under the George-Deen Act to make payments to vocational training teachers in 40 States on a six months basis, beginning last July 1.

Lusk Randals, Sr. was fixed up like a "jelly bean" prior to his going deer hunting last week, and some of his friends thought he was going to Hollywood for a screen test. He had his Sox rolled, was wearing a wrist watch, and had grown a mustache just like Clark Gable.

One of our subscribers, J. W. Waldrop, who really believes in advertising said the Hico News Review is responsible for his owning the nice farm he now lives on. The latter part of last year he was anxious to buy a place suitable for a nursery. At that time he lived at Carlton and he said he had visited a number of the neighboring towns, seeking a small farm. One Friday he picked up the Hico News Review, and saw an ad inserted by Ernest Wilson of Luling, Texas, announcing that the Grant place on the Stephenville Highway was for sale. That very day he and his wife looked the place over, wrote Mr. Wilson, and as soon as the latter arrived at Hico, the deal was made. Mr. Waldrop has been improving the place since that time, and is well pleased with the location that "we" helped him to find.

While we are on this subject, we want to tell you what Aubrey Buzan said. Recently he gave us a want ad to dispose of some farm stock and implements, and he said the day after the paper came out, he had ten customers to look over the stuff. He said most of them modestly admitted seeing the ad in the paper. We will help you to get rid of anything except your wife, but we do not want to get mixed in domestic affairs.

Six Hamilton County girls are among the 2470 students now enrolled at Texas State College for Women, which still holds its record as the largest residential woman's college in the world. These students are Misses Lucy Hudson, Martha Porter, Flossy Randals of Hico; Merrell Blansit, Nettie Louise Craig, and Winifred McKinley, Hamilton. This county is one of the 222 represented at the

college. There are 175 girls attending from 22 states other than Texas, and six students are from foreign countries.

Little "Brother" Mobley, son of Mr. and Mrs. J. T. Mobley has been interested in the soldier boys going through Hico. He notices every car, truck and motorcycle, so the other day as he saw a bunch going toward Stephenville, he inquired of his father, "Is that the road to China?"

Among the four students at John Tarleton College, Stephenville who were named to the "A" honor roll, at the close of the first preliminary period was Raymond Adams, Plowboy basket ball star, who is a son of Mrs. A. J. Calder of Hico. He is an engineering student.

We are wondering if we have some new citizens in Hico and have failed to give them the usual publicity they deserve as all new comers should receive. We noticed in Sunday's Waco News-Tribune under the Hico news where Mrs. J. Bern and Orlie were in Roby on a visit.

One of the photographs of the army boys who moved past Hico last week, taken by the Fort Worth Star Telegram staff photographer, was made in front of Gene's Cafe in Hico last Thursday morning at 3 o'clock and came out in the Telegram that afternoon. This one was of Major General J. K. Parsons, commanding officer, who was with the "Blues." Several men ate at Gene's Cafe and also at other local cafes.

As we delivered some notices to the local stores about noon Monday the following sign was found on the closed front door at the Farm Improvement Supply Co.: "Gone fishing, don't know when will be back."

Mrs. Norman McAnelly was "down in the dumps" Monday, all because she and her husband will have to "fast" for a few days since so many relatives came Sunday and ran their grocery bill up. She said they always have to do without food for awhile after they have so much company.

Oby Young, who is employed at the Buckhorn Cafe was suffering from a sore toe the first of the week, and one of his customers was wondering how he was going to knead the pie dough while the toe isn't in working order.

Flash! Girls take notice! If you are interested in a romance, here are some names and addresses of

soldier boys who passed through Hico last Saturday on their return trip to San Antonio from Mineral Wells where they had been on a Texas maneuver trip. The boys threw these names off their cars as they rode along, and each may be addressed to Fort Sam Houston, Texas, with the remaining address as given after the name: Paul Jenkins, Co. C, 9th Inf., Woodrow Wilson, Co. L, 23 Inf. Please write... Ernest A. Bramblett, Co. D, 9th Inf. Joe B. Patterson, Co. D, 9th Inf. Will the finder of this address return with your address to the boys in Co. I? Thank you... Don Sutherland, Troop F, 12th Cav., Fort Ringgold, Texas... Ernest Bailey, Co. C, 9th Inf. Robt. W. Ulrich, Co. G, 9th Inf. By honey... Write to me, W. O. Partin, Co. G, 9th Inf. Write Alvin W. Mollenhauer, Co. B, 9th Inf. Write to W. H. Womack and H. B. Jonack, Co. B, 9th Inf. Put A. G. McMillon, Co. C, 9th Inf. You may be the lucky one... N. Y. Johnson, Co. A, 9th Inf. Ray W. McCrary, Co. H, 9th Inf. Write and send pictures to James Brown, Co. C, 9th Inf. Hello girls! Will answer if you care to write to Charles Shannon, Co. H, 9th Inf. Please write to J. A. Elders, Co. D, 9th Inf. Roland C. Sims, Co. D, 9th Inf. The lucky girls please write. I will answer... Doris Gentry, Co. M, 23rd Inf., Fort Sam Houston.

E. F. Porter was 77 years of age on Tuesday of this week. He said he felt like he was only 72 years old. We hope he lives 77 more years. Congratulations Mr. Porter!

Commenting on a recent article in our column about Paul Wren's dog visiting all the churches, State Press in The Dallas Morning News later had the following to say:

"It appears to be self-evident that Paul Wren didn't teach his dog to go to church. No matter how much a dog owner loves his dog he seldom teaches the pet to be any better than it's a dog nature to be. Which isn't saying much for dogs. The fact in the Hico case seems to be that Paul Wren's dog went out looking for its master and naturally visited the places where groups of people had assembled. With canine acumen the dog imagined Paul would be where the crowd was. It was an error, evidently. Mr. Wren was not at church. It is not our business to ask where he was, but if he had been at home the dog would have known it. The further fact that Paul was looking for the wandering quadruped on Monday morning indicates that the dog's search continued through Sunday, Sunday night and into the following day. This column is not taking sides with the dog, but it does strike

the impartial witness as only fair for Paul Wren to take the dog in to his confidence and explain the whole thing. If Mr. Wren had been at any one of the churches it would have saved Snubby—if that is the pet's name—a good deal of work and some mental anguish. No man makes a mistake by going to church. The mistake is made by staying away."

Turkey News—The Tabor Produce of Hico paid out \$25,000 in this city during the Thanksgiving season for turkeys and labor. A little over \$1,000 was paid out for turkey picking alone. They shipped eight cars of birds. Who said turkeys did not bring money to a town!

Greyville By NELLIE V. MULLINS

J. L. Mullens and George Greer came home Monday from West Texas where they had been for the past three weeks.

J. Z. Bush spent Saturday night and Sunday with Mr. and Mrs. Elbert Lambert and daughter of near Fair.

Mr. and Mrs. Curtis Hartin of Hamilton visited in the P. B. Holton home Wednesday night.

Mr. and Mrs. N. A. Lambert have moved to Waco.

Mr. and Mrs. Kirby Killion and son of Estancia, N. M., have been visiting Mr. and Mrs. Jim Killion and other relatives the past week. Kirby returned home Sunday but his wife and son will stay for an extended visit.

Mr. and Mrs. Ula Bell of Olin visited Sunday with Mr. and Mrs. Burnett and Ray D. Burnett.

Those who visited in the J. L. Mullens home Sunday were Mr. and Mrs. G. W. Greer and Garland Higginbotham of Dry Fork and Mattie, Winnie and Calvin Greer of Olin.

REMEMBER US For we are in your trade territory and are due to get your business. We are a home industry helping to make the trade territory better. We can help you get the monuments and markers you may want. Our prices are right and material and workmanship the best. Call and see us make them. WEST HENRY ST. HAMILTON, TEX. DALTON & HOFHEINZ Memorial Company LEN DALTON H. C. HOFHEINZ

Altman By MRS. J. H. McANELLY

Mr. and Mrs. Boyd Ballard and baby of Evergreen visited her mother and cousin, Mrs. Ernest Hyles and Mary Alice Hyles Sunday.

Mr. and Mrs. R. J. Montgomery and Earl had as their guests Thursday night, Mr. and Mrs. Elmer Shaffer of Dallas.

Mr. and Mrs. Less Bingham, Mrs. Cullen Bingham and children of near Carlton spent Sunday with Mr. and Mrs. Homer Robertson.

Mr. and Mrs. Lavell McPherson and sons of Carlton visited in the home of his parents, Mr. and Mrs. O. W. McPherson Sunday.

Mrs. C. H. McKeenan and Lon moved near Dallas Saturday. Mr. and Mrs. O. R. Clifton and children, Merle and James Horace, visited their daughter and sister, Maribeth at Stephenville Sunday.

Mr. and Mrs. Emmitt and sons of Olin visited Mr. and Mrs. Ernest Hyles and Mary Alice Sunday afternoon.

Mr. and Mrs. Ernest Dove of Carlton visited Mr. and Mrs. Dee Roy Dove Sunday afternoon.

IREDELL ITEMS

By MISS STELLA JONES, Local Correspondent

Mr. and Mrs. Loyce J. Hensley and children spent Sunday with Mr. and Mrs. R. A. Parvin and family, near Glen Rose.

Mrs. Waldrip spent Wednesday here.

Mrs. Maggie Hamilton of Palestine came in Monday to keep house for her brother-in-law, Mr. Cavness. Mrs. Atkinson, who has been there, left this week.

Mrs. J. W. Muggs returned to her home in Morgan Friday, after a visit here with relatives and friends.

Miss Alice Guinn, who helped late care of Mrs. Dearing, left Saturday and will go to Big Spring in a few days.

Mrs. Keller of Hico, Mr. and Mrs. Jackson of Lampasas visited Mrs. Ernest Allen Monday.

Mrs. Berns and Mrs. J. B. Rhodes were in Cleburne Tuesday.

Mrs. J. M. McAdoo returned to her home Sunday from Glen Rose, where she visited her daughter, Mrs. R. A. Parvin.

Mrs. Bertha Henderson took Miss Alice Guinn's place at Mrs. Dearing's Saturday.

Mr. and Mrs. Bates of Clifton visited Mr. and Mrs. Walter Sadler Thursday night.

Miss Doris Cunningham, who is in school at Dublin, spent the week end at home.

Mr. and Mrs. Walter Holt and children of Fort Worth spent last Sunday with her sister, Mrs. Lee Hudson.

Miss Frisby, a teacher in high school, spent the week end in McKinney.

Wanda Dee Blue, daughter of Mr. and Mrs. Raymond Blue, was honored with a birthday dinner at the home of her grandparents, Mr. and Mrs. Milt Blue, November 11. A beautiful cake with 4 candles was on the table. Two little girls, Doris Sue Owens and Owen Chaney, and one little boy, Cornell Jerrell Casper, were present. All the children were four years old. A fine dinner was prepared for them. Wanda received some nice presents, and all had a fine time.

Guy Main, Jr., and Clifford Main of Dallas spent the week end with relatives.

Miss Elna Lee Davis spent the week end with Mr. and Mrs. McCuff of Cleburne. Her parents went after her Sunday.

Mr. and Mrs. Eber McDowell and children of Duffau spent last Sunday with her father, Mr. Everett.

Mrs. Dorothy Clepper and children of Hico spent the week end with her parents, Mr. and Mrs. Tidwell.

Mr. Hubert Pruitt left Sunday for West Texas.

Mr. and Mrs. T. D. Thorpe and Mr. and Mrs. Cleb Carroll of Turnersville spent Sunday with Mr. and Mrs. Jerry Phillips.

Mrs. Virgil Huckabay and Mrs. Horace Whitley were in Hico Friday.

Don Whitmore, who is in Howard Payne College at Brownwood, spent the week end with his parents here.

The little son of Mr. and Mrs. Neighbors of De Witt spent a few days with his grandparents, Mr. and Mrs. J. E. Lawrence. His parents came after him Sunday.

Mr. and Mrs. Henry Loader were in Meridian Saturday.

Miss Ellen Prater is keeping house for Mrs. Mangold at Meridian.

Dr. and Mrs. Kimmins and son left Thursday for Meridian to reside.

A large number of Ireddell people went to Stephenville Thursday.

Woodrow Lee and Worley Dee Little of Fort Worth are visiting their aunt, Mrs. Ernest Allen.

Mrs. Bart Newton has returned to her home in Waco after a visit here with relatives.

Mr. and Mrs. J. E. Lawrence and son spent Sunday with Mrs. Minnie Rose and family of Whitney. She is Mrs. Lawrence's sister.

Mrs. Riggs and two children came over from Barnett with Mr. Wingen when he came after his wife and the children, who spent the week end here.

Mr. Laswell fell out of a pecan tree Saturday at his home and hurt his hip, which has kept him from walking. It is hoped he will be O. K. soon.

Mr. Andrew Fellers died Thursday at his home in Unity community, and was buried in Hico Friday. He suffered a stroke of paralysis and died soon afterward.

Mr. T. J. Hughes was born in Texas December 8, 1860, and died at his home in the Rocky community Wednesday, November 19, at 5 p. m. He had been in poor health for some time, but had not been complaining until just before passing away, which was a great shock to his family and friends. He was converted at an early age and joined the Macedonia Baptist Church, of which he had been an active member for the past forty years. He was always in his place and will be greatly missed by the congregation. He was married to Miss Bettie Hill June 22, 1882. To this union eight children were born, six of whom still survive, and all were present at the funeral: Mrs. Hyde Hamilton of Palestine; Miss Clara Hughes, Frank and Charlie Hughes of Ireddell; Bert Hughes of Fairy, and Fred Hughes of Grapevine. He was a devoted husband to his lonely widow and a loving father to his children who are left. He will be greatly missed by them and also by his friends. He was a good neighbor and one of Ireddell's prominent citizens. The home will

be lonely now, but God doeth all things well. His task on earth was finished, and God called him and he was ready to go for he was a good Christian man and highly respected by all. The funeral was held Thursday afternoon in the Macedonia Baptist Church, conducted by Rev. Gibson, in the presence of a large crowd of relatives and friends. The remains were laid to rest in the new cemetery, with Barrow Undertakers of Hico in charge. Out-of-town relatives who attended the funeral were: Mrs. Maud Franks and Rev. Willie Franks of Dallas; Misses Ruth Hamilton and Ora Hughes of Palestine; Mrs. Tom Pike, Mrs. Hugh Pike, Miss Gibbons and Ollie Cazel of Walnut Springs; Mrs. Abel and children of Fairy; Mr. and Mrs. Fred Hughes and Mr. and Mrs. Keith Rhodes of Arlington; and Mr. Albert Russell and family of Hico. Besides his widow and children he leaves several grandchildren and other relatives to mourn his loss. Mrs. Hughes and children have the sympathy of their host of friends in the loss of their loved one.

Edmund Nance of Hillsboro was here for the day Sunday.

Mrs. Agnes Weeks of Stephenville spent Sunday here.

Miss Charlene Conley spent last Sunday with Dorothy Jack Weeks at Stephenville.

Mr. Jake Brumley of Fort Worth visited his friends, Miss Mandane Gosdin, Sunday.

Mrs. B. L. Mitchell spent Sunday night in Stephenville Hospital.

Mr. and Mrs. Ray Brown and daughter, Betty Ray, of Hico spent Sunday afternoon with Mrs. Sallie French.

Mrs. John Tidwell, sister of Mrs. Chancellor, who has been very ill at her home between Ireddell and Hico, has been taken to Glen Rose for treatment and is improving.

Joe and Jimmie Parks Wyche, children of Mr. and Mrs. James Wyche of Jacksboro, came in last Tuesday night for a visit to their grandparents, Mr. and Mrs. John Wyche.

Mr. and Mrs. W. R. Gosdin have moved into their new home which they are very proud of, and it is a beauty.

Rev. R. P. James is the new Methodist pastor sent here by the Central Texas Conference. He will preach Sunday, and will live here. All come out and hear him.

The Berns Produce Company here finished picking turkeys Sunday afternoon. There were nearly 4 carloads of them, the best that they have ever had. The turkeys were all nice, only a few under weight. This gave employment to a large number of local people.

Mr. and Mrs. J. S. Sanders and Mr. and Mrs. Willis spent Sunday afternoon in Dublin.

Mrs. John Parks was on the sick list this week.

Dixie Potter spent the week end at home.

Mr. and Mrs. Richard Echols were in Waco Monday.

Mrs. Roy Segrist and her sister, Mrs. Mary Bass, Thompson of Fort Worth visited Miss Stella Jones Monday afternoon. They visited relatives here also. Park Ella and Mary are the daughters of Mrs. Alice Bass, deceased, and they lived here for a number of years and their friends are glad to see them every time they come.

The history of ambition is written in characters of blood. It may be designated as one of the vices of small minds, illiberal and unacquainted with mankind. It is a solitary vice. The road ambition travels is too narrow for friendship, too crooked for love, too rugged for honesty, too dark for science and too hilly for happiness.

Those who pursue ambition as a means of happiness awake to a far different reality. The wear and tear of hearts is never recompensed. It steals away the freshness of life; it deadens its

HELLO, GRANDMA!... NOW THAT YOU HAVE A TELEPHONE, TOO, I CAN "VISIT" YOU EVERY DAY!

WHAT'S the use of having grandchildren, if they seem like little strangers when they visit you? With a telephone you can talk to them every day. Besides keeping you in touch with your family, your telephone will be a real convenience, too — for shopping and marketing, for summoning help in case of sudden illness, fire or robbery. And your name in the Telephone Directory makes it easy for friends and business opportunities to locate you. Why not order your telephone this very day?

son was to dress as a kid, and children's games were played.

Before the end of a liar's contest was held. First place was given to Jewel Ramage; second place, Melba Dean Holt; third place, Virginia Ramage. We the Seniors, congratulate the excellent liars. The last game was a game of basketball between the boys and girls.

Suckers and balloons were given to each person.

The time came for dismissal and each student went on his way rejoicing what a wonderful time he had.

Iredden F. F. A.
The local chapter objectives and a chairman for each committee have been set up for the year. They are as follows:

Encourage membership increase—chairman, J. D. Bowman.
Encourage graduate members to retain active membership by paying dues—chairman, John Junior Davis.

Encourage use of official manual by each member—chairman, Ray Gibbons.

Encourage participation in Leadership contests, chairman, Jimmie Ramage.

Encourage members to beautify homes and school grounds, chairman, Raymond Prater.

Encourage leadership training, chairman, W. H. Loader.

Encourage members to participate in chapter thrift program, chairman, Homer Hix.

Encourage pest eradication, chairman, Wayne Herring.

Encourage organization of musical groups, chairman, Dick Johnston.

Encourage area publicity, chairman, J. D. Bowman.

Encourage local publicity, chairman, Guy Frank Main.

Encourage local chapter degree advancement, chairman, James Porter.

Encourage State degree advancement, chairman, Harlon Guinn.

Encourage participation in chapter contests, chairman, Elbert Lynch.

Encourage cooperation with all state and national agriculture agencies, chairman, Walton Blakley.

Sponsor Father and Son banquet, chairman, Jewel Ramage.

The local chapter to appear on the chapel program once this year, chairman, Emmitt Joe Harris.

Each member to serve at each station three times during the year, chairman, G. W. Wilson.

Landscape one home as a chapter project, chairman, Jewel Ramage.

The chapter to terrace and build outlets on fifty acres of land, chairman, Dick Johnston.

Each chapter member establish a savings account, chairman, W. H. Loader.

Each local officer strive to reach perfection by study, chairman, J. D. Bowman.

Attending the officers training school at Stephenville, chairman, Jack Cavness.

Spend one night hunting, chairman, James Porter.

Go to Fort Worth Fall Stock Show, chairman, Harlon Guinn.

Go to the Horse Show at Stephenville, chairman, Laurence Harper.

Enter all district and area contests, chairman, Clovis Graves.

Attend a camp at Waco, chairman, Terrell Miller.

Say in a Muffel.

Clerk: What size?
Rastus: The biggest and de bestest yous got—dahs ten in the family.

Home Economics News.
For the past two weeks the third year of H. E. girls have

studied and planned diets for nutritional diseases.

The second year Home E. C. girls have almost completed preparation of dinners. We lack one more meal, a formal dinner. The most interesting meal cooked was an emergency meal.

The first year of Home E. C. girls have been cooking breakfasts ever since school started and we are now going to cook lunches.

Seventh Grade News.
The seventh grade lost Billy Bob Craft and Mintie McGuire as they moved. Billy Bob moved to Fort Worth, and Mintie moved to Dallas. We are sorry we lost them.

The seventh grade reading class taught by Mr. Miller, had a story telling contest. The students chose Lester Owen as winner.

Fifth Grade News.
Our citizenship club met Friday, Nov. 12, when a short program was enjoyed by all. The Safety First committee will give the program the coming Friday. Joseph Rae Harris is the chairman of this committee. We elected the five best citizens of the week. They were Ora Mae Planary, Joseph Rae Harris, Wilma Chaffin, Norma Jean Cavness and Sammie Potter.

Row No. 4 was the cleanest last Friday. La Moine Fuller, Ray Hensley, Roy Davis, W. A. Ramsey, Leona Walker, Emma Lee Boyd and Ruby Howle sit on this row.

Fourth Grade News.
The fourth grade lost two students from their room as they moved away Friday. They were Burt and Dorothy Faye Honeycutt. We are sorry that they moved.

First Grade News.
The first grade has begun a unit of work on the animals on the farm and their use to man.

This unit of work will continue for a period of six weeks. Stories of animals, songs of animals, charts composed of about animals, animal booklets and original stories will be made about the animals on the farm.

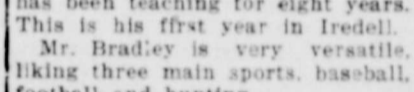

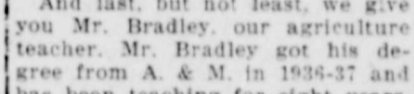

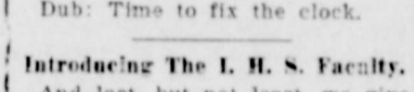

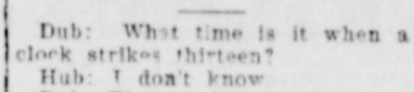

Introducing The I. H. S. Faculty.
And last, but not least, we give you Mr. Bradley, our agriculture teacher. Mr. Bradley got his degree from A. & M. in 1936-37 and has been teaching for eight years. This is his first year in Ireddell.

Mr. Bradley is very versatile, liking three main sports, baseball, football and hunting.

And here we have a problem, his hobby is collecting, but he didn't say what.

Dub: What time is it when a clock strikes thirteen?
Hub: I don't know.
Dub: Time to fix the clock.

THE RED CROSS CALL

In the past year the nation has been fortunate in having had no major disaster to call for the service of the Red Cross.

But because we have not had an emergency to face is no excuse for failing to renew our annual membership in this greatest of all relief agencies.

The usefulness of the Red Cross lies not alone in the services which it renders, but also in the promptness with which they are rendered.

G-MEN AS HEROES

One of the most encouraging signs of the times is the interest developing among boys everywhere in the exploits of the "G-Men."

Youth admires courage and seeks adventure. It is natural that it should tend to emulate those whose exploits seem to combine the adventurous spirit with physical courage.

Now the front pages and the movies no longer play up the deeds of the Dillingers but make the courageous adventures of their pursuers, the G-Men, fascinating to youthful imaginations.

THE EDUCATION OF A DUKE

The Duke of Windsor is learning the bitter lesson that no one who has once been a world figure can ever again do as he pleases without becoming the target of criticism and accusation.

The former King-Emperor and his wife, "Wally," have cancelled their trip to America because of criticisms originating with organized Labor.

There is no ground for doubting the Duke's sincere desire to learn more about the way the mass of common people live, and to try to do something about it.

It is to be hoped that he will find a way to visit America later, under better auspices.

THE WORKERS' INCOME TAX

There seems to be a general misunderstanding about the Old Age Pension funds collected by the Federal Government under the Social Security Act.

That, however, is precisely what the Social Security Act calls for. The Old-Age Benefit tax is specifically described in the law as an income tax under the Constitution.

This is the first year of this income tax on every worker's pay. The outlook is that it will bring in a revenue to Washington of more than half a billion dollars in the calendar year.

SOCIALIZED MEDICINE

Four hundred and thirty of the nation's most distinguished physicians, including at least one Nobel Prize winner, have signed a declaration to the effect that it must be the duty of the medical profession to cooperate with Government in measures for the conservation and improvement of the public health.

In doing this, these doctors have gone on record as opposing the powerful American Medical Association, which has repeatedly opposed every effort to "socialize" the practice of medicine.

The plan of the eminent physicians, endorsed by the New York State Medical Society, would gain some of the objectives of socialized medicine without state control of the medical profession.

THE CASE FOR JOHN DOE JR.

The plaintiff in this case, your honor, is John Doe Jr., a minor, whom I represent under the provisions of New Vigor, laws of 1945, chapter 104.

Nothing but imaginary rhetoric, your honor, but it might come true. And remember every year in America 60,000 babies are born already infected with this disease.

Today's smartest tailored suits are more feminine than the manly models that used to be tops in style.

"Stove pipe," "funnel" and "pill box" are a few of the shapes of hats that were shown at the Paris openings.

and fur was used lavishly on hats as well.

Before The Supreme Court by A. B. CHAPIN

YOU — ALL SIX MILLION OF YOU — WHO ANNUALLY PAY NINE MILLION DOLLARS FOR HUNTING LICENSES, WHO SPEND ANNUALLY THREE HUNDRED AND FIFTY MILLION DOLLARS FOR ARMS, AMMUNITION, HUNTING EQUIPMENT AND SO FORTH, WHO ARE INDIFFERENT TO THE HEEDLESS DESTRUCTION OF WILD-LIFE BREEDING, FEEDING AND WINTER AREAS, ARE CHARGED WITH AIDING AND ABETTING THE WILFUL AND WANTON EXTERMINATION OF THE NATION'S DWINDLING SUPPLY OF GAME ANIMALS —!

SIMPLE AUTUMN MENUS

Savory stews and chowders, spicy steamed puddings and piping hot pancakes and muffins come into their own during the nippy autumn days when the frost is on the pumpkin.

Mulled Cider

Two quarts sweet cider, 20 whole cloves, 1-2 cup brown sugar, 8 sticks cinnamon, 15 whole allspice, 1-4 teaspoon salt.

Corn Bread

Two cups corn meal, 1 cup general purpose flour, 2 tablespoons sugar, 2 tablespoons melted butter, 3 teaspoons baking powder, 1-2 teaspoon soda, 2 cups buttermilk, 1 teaspoon salt, 1 egg.

Lima Bean Chowder

Two cups dried lima beans, 1-4 pound salt pork, 2 onions, 1 cup diced potatoes, 1-2 teaspoon powdered thyme, 1-2 teaspoon white pepper, 1-2 teaspoon salt, 1 teaspoon sugar, 2 cups canned tomatoes, 2 cups milk.

MAYOR LA GUARDIA OF NEW YORK

has a theory that policewomen can be used for very effective police and detective work in a large city and he expressed personal gratification recently when he pinned a detective's badge on Miss Mary A. Shanley, a patrolwoman who, for valor, was made a second grade detective.

There are nearly four hundred nurses in the Navy Nurse Corps, headed by Miss Myn Hoffman who bears the title of superintendent.

New paths have been opened to women in New York State since the announcement that Miss Helen M. Austin has been made assistant director of the Division of Identification of the Department of Correction.

Border lakes and canoe routes have no terror for Miss Marie Sarkipato who is a recognized guide in Minnesota. She can portage a canoe, pitch camp and cook as well as any guide.

The House of Hazards By Mac Arthur

Sunday School Lesson by Rev. Charles E. Dunn

CHRISTIAN WORKERS

Lesson for November 21. Acts 6:1-10.

Golden Text: Gal. 6:9.

Our lesson tells us of the consecration of seven disciples chosen to act as a board or committee responsible for the fair distribution of the charitable donations of the church.

Jesus, it is sometimes said, never served on a committee. But he gathered twelve men around him to whom he entrusted his mission, and he also "appointed" other seventy also, and sent them two by two before his face into every city and place.

organization so characteristic of today. But he would be the first to recognize that the Christian movement can never be successful without that careful planning and long-range strategy made possible only by intensive organization.

It is peculiarly true today that the Church must mobilize its resources with redoubled energy, because the forces opposed to it are unusually powerful. Fortunately the churches are fully alive to the seriousness of the situation, as evidenced by the great international Christian Conferences held at Oxford and Edinburgh last summer where a plan for a World Council of Churches was adopted.

But the success of such an immense enterprise depends, in the last analysis, on the program of the local parish.

FOR BETTER HEALTH BY DR. J. ROSSLYN EARP Medical Editor, Division of Health Education, New York State Department of Health

WISDOM TEETH

The third molars, or wisdom teeth, are particularly liable to cause serious illness and even death because of the frequency with which we have trouble in "cutting" them.

around it is infected may result in a fatal spread of the infection. Extraction of wisdom teeth is, however, an easy matter if taken in time. Abnormalities in the development of the third molars can be recognized by X-ray examination by the age of eleven years; that is to say several years before they are likely to cause any trouble.

Let's Talk About Clothes by a YOUNG MODERN TEXAS STATE COLLEGE FOR WOMEN (CIA)

DENTON, Nov. 15.—"It's in the bag!"

But who cares what's in the bag so long as the bag itself can stand the spotlight?

And spotlight is a mild word for the attention that is being given to purse and handbags this year. There being only two definite directions that designs for bags can go—from large to small and from envelope to bagman.

Whether you like it or not pouches and handles (the kind you swing) are in today's picture. You can be safely stylish with anything from a postman's satchel or a big bag with a shoulder strap, a amateur camera

friend, to a vanity box affair with a gold chain.

For daytime you'll need them in black or brown suede or calf. For formal afternoon or cocktail functions you can indulge in velvet and satin, all definitely pouchy.

Crocodile has captured the whims of Texas State College for Women girls for sports purses. Its attractive, liveliness plus its durability makes their choice a good one.

You'll find the merchants have anticipated your need for something to catch the spirit of those ornate jewels and stinky dresses fashion dictates for late hours. These bags are bedecked with rubies, crystals, and beads and are so constructed that all the necessities can be tucked into them without overloading.

PRACTICAL DEPARTMENT OF HOME ECONOMICS COOKERY Texas State College for Women (CIA)

DENTON, Nov. 15.—"Visions of plum pudding danced in her head."

not to mention the holiday fruit cake and other steamed pudding delicacies. For perfectly blended flavor combinations, early preparation followed by several weeks storage is necessary.

Fruit cakes and puddings for the Thanksgiving festivities should be put away at once, while it is not too early to begin Christmas preparations.

CHOCOLATE FRUIT CAKE: (about 12 pounds)

Mix three pounds raisins, two pounds currants, one pound figs (sliced into four or five pieces), one pound watermelon rind preserves (when drained and thinly sliced), one pound pecan meats (chopped), one tablespoon grated orange rind, and one tablespoon grated lemon rind. Mix one-half cup dark molasses, one cup tart jelly, one-half cup sweet peach pickle juice, one-half cup juice from watermelon rind preserves, one-half cup orange juice, and one-fourth cup lemon juice. Pour liquid mixture into fruit mixture. Mix thoroughly and let stand over night.

spice, mace and nutmeg. Add fruit mixture and mix thoroughly. Four into pans which have been greased, lined with heavy paper and greased again. Bake in slow oven (350 F.) until done. A better product is obtained if the cakes are steamed and then dried in a slow oven. When cold, wrap in wax paper and store in covered container.

Note: The time of baking depends mainly upon the size of the loaf. One-pound fruit cakes should be baked two and one-half to three hours; two-pound fruit cakes, about four hours. The time for steaming is about the same as for baking. If the cakes are to be steamed, at least two layers of heavy wax paper should be tied over the top of the pans to protect the cake from the moisture. After the cakes have steamed, the papers should be removed and the cakes dried in a slow oven for thirty to forty-five minutes according to size.

If your hair shows signs of dryness improve its texture before you have a new permanent. A course of scalp treatments at your beauty shop, of course, will be beneficial or you may give yourself a ten-minute scalp massage on alternate nights. On the other nights give your hair a vigorous brushing and "so to bed."

Local Happenings

ROSS SHOP, Jewelry, Watch and Clock Repairing. 37-tfc

Mr. and Mrs. I. J. Teague spent Armistice Day in Dallas buying holiday goods for their store here.

Mrs. J. H. McNeill of Waco spent the week end with her parents, Mr. and Mrs. J. J. Smith.

Ben Chenault who has been employed at Ennis for the past several months, returned to Hico the first of this week.

Mrs. H. F. Sellers left Monday for Dallas to spend a few days with her son-in-law and daughter, Mr. and Mrs. H. H. Tracy.

Mrs. Maxine Armstrong was in Fort Worth the latter part of last week attending the Conference of Methodist Churches.

Mrs. G. C. Keeney was in Fort Worth the latter part of last week attending the Methodist Conference.

Mrs. R. M. Bowles returned home Wednesday from a ten-day visit with her daughter, Mrs. H. S. Henge in Dallas, and another daughter, Mrs. Claud Rodgers at Tyler.

Mr. and Mrs. Joe Nelson of Clinton were here Sunday, guests in the home of Mr. and Mrs. J. W. Fairley.

Miss Marguerite Fairley and Mr. and Mrs. Henry Price of Fort Worth spent the week end with the former's parents, Mr. and Mrs. J. W. Fairley.

A. T. McFadden and son, A. T. Jr. went to Waco Sunday after Mrs. McFadden who had gone over on Friday for a visit with relatives and friends.

Corporal Ralph Worrell, who is stationed at Fort Sam Houston spent a part of last week here visiting his aunt, Mrs. H. H. Howard and other relatives.

Out-of-county visitors at the Workers Conference at the Baptist Church last Monday were C. L. Williams of Talpa, Rev. L. D. Mitchell of Stephenville, Ed Clark and Charles Scott of Fort Worth.

"SARATOGA" WILL SHOW AGAIN TONIGHT AT THE PALACE THEATRE HERE

Laughs and tears, thrills and romance, mingle in "Saratoga," co-starring Clark Gable and Jean Harlow at the Palace Theatre in Hico showing again Friday (tonight). A vivid story of the race-track, with padlock intrigue, in a great race, unusual characters, in which a delicate romance is woven, the play is an ideal one for these particular stars. They hate, fight, and love through an action-packed drama in which much whimsical comedy leavens the heavier moments.

Penning by Anita Loos and Robert Hopkins, who wrote "San Francisco," it is deftly directed by Jack Conway. Never was Miss Harlow lovelier than as the spoiled daughter of the millionaire horseman. Gable provides a virile partner for the actress and is compelling in his role.

FUNERAL SERVICES HELD MONDAY FOR B. A. PRATER WHO DIED AT HOME HERE

Funeral services were held at the Hico Cemetery Monday afternoon at 3 o'clock for B. A. Prater, who passed away at his home early that morning after a long illness. Rev. J. C. Mann conducted the services, assisted by Elder M. P. Walker, and interment was made in the Hico Cemetery.

Baltes Asbury Prater was born in Calhoun County, Alabama, April 29, 1855. He was a son of James and Rebecca Prater. He was married to Vianna LaDora Sherbett Jan. 19, 1878, and had been married 56 years. They came to Texas in 1893, locating near Hico, where they remained since, with the exception of seven years, when they resided near Postville. To this union were born three children, Jno. Wesley Prater, Iredell, Mrs. Mollie C. Rucker, Stephenville; and Robert of the home. Mr. Prater's death was the first in that immediate family.

B. A. Prater was the last of a family of eleven children. He was converted and joined the Methodist Church in early manhood, and lived a consecrated christian life. He was a good neighbor, and a real man. His life was well lived, for he spent it in doing useful things for others. His going is a loss to the community.

Besides his wife and children, he leaves many relatives and friends to mourn his passing.

Those from out-of-town who attended the services included a nephew and wife, Mr. and Mrs. Emmett Richey of Brownwood; a niece and two children, Mrs. Johnson and children of New Mexico; a niece, Mrs. Pederson of Hamilton; a brother-in-law and two sons, W. M. Sherbet and sons of Kaufman; a sister-in-law, band and son, Mrs. and Mrs. J. C. Pike of Natalla; a niece, Mrs. Mary Carr of Cleburne; and a cousin, Mrs. Rossie Propes of Cleburne.

Barrow Undertakers had charge of the funeral.

T. J. HUGHES BURIED IN IREDELL CEMETERY THURS.

Funeral services for T. J. Hughes, who passed away at his home north of Iredell last Wednesday, were held at the Rocky Church Armistice Day, by Rev. R. H. Gibson of Carlton, and interment was made in the Iredell Cemetery.

Mr. Hughes was born Dec. 8, 1860, and was converted and joined the Baptist Church when a young man. He was baptized by Rev. A. C. Graves, and moved his membership to the Macedona Church 44 years ago. He was a deacon in the church for several years. He was married to Miss Betty Hill June 22, 1882. To this union eight children were born, six of whom survive. The surviving children are Mrs. Hyde Hamilton, Palestine; Miss Clara Hughes of the home; Frank and Charlie Hughes, Iredell; Bert Hughes, Fairly; Fred Hughes, Grapevine.

Mr. Hughes was a good man, loved his family and his church. He had many friends in this and the Iredell community.

Barrow Undertakers of Hico, had charge of the burial. 26-1p

CARD OF THANKS

We want to express our thanks for the kindness and sympathy of our neighbors and friends during the sudden illness and at the death of our husband and father. We also thank you for the beautiful flowers.

MRS. T. J. HUGHES AND FAMILY. 26-1p

Lighted Up.

A very shocking place in Texas, considering the amount of electric power harnessed and functioning today. With about 250 electrical generating stations operated by around fifteen major companies and fifty or sixty local companies, the total investment is more than \$300,000,000. Contribution of 1934 in the development of rural electrification, which is spreading through all parts of the state.

The total value of mineral production of the South in 1935 was \$1,414,163,000 (billions), more than 38 per cent of the national total. Petroleum products, according to the All-South Development Council, accounted for 46.8 per cent of this southern total. Since 1910 the South's mineral output has increased by 283 per cent while the rest of the country shows a gain of but 40 per cent.

Beware of Colds

As the winter months approach, be prepared for that cold when it overtakes you. We have the necessary preventatives, and also have medicines to cure you if it gets a start. Come in and let us tell you about our cold serums and medicines of all kinds.

Fill your medicine cabinet now with the necessary supplies for all diseases. In case of accident, be prepared with our medicines, gauze, cotton, adhesive tape and other supplies.

BRING US YOUR PRESCRIPTIONS

If you are ill enough to have a doctor, be sure and bring your prescriptions to us. We have filled them for years and years and are always particular and cautious in our work.

ALL AROUND NEEDS

For any all around needs to be found in a drug store, call on us. We carry a large stock at all times of the very things you need, and we always appreciate your business. See us next time for your needs.

This year—No. 8

Band Members Elect Officers

MUSIC LESSONS STARTED THURSDAY

The morning immediately after assembly, band members met Monday for the purpose of electing officers.

Mr. Fagan will move here Wednesday so we can start immediately. We will first begin studying notes and will order some books.

Who's Who TODAY

C. A. GIESECKE

C. A. Giesecke entered the Senior Class as a Freshman. He wants to go to Stephenville and major in Mathematics.

NINTH GRADE NEWS

The Ninth grade seems to be army crazy what with all the medals, hats, buttons and addresses thrown from the trucks that went through.

Outside of the holiday and its effects on our class, we've been pretty good.

Oh, yeah, don't forget that sometime in the latter part of March, there is to be a track meet held. There is one little town about 21 miles from here that's going to give us some competition.

Assembly Program Given By Seniors

The Senior Class sponsored by Mrs. Grimland gave some excellent entertainment in assembly.

The program opened with the assembly's singing a group of songs from our new song books and then the Senior Class sang a group of patriotic songs followed by Mr. Grimland's playing "There'll be a Hot Time in the Old Town Tonight."

"THE FAIRIES"

Editors: Wynell Blacklock and Dorothy Box CLASS REPORTERS:

Table listing student names and their grades for 'THE FAIRIES' section.

Thanksgiving.

The Pilgrims celebrated their first American harvest festival, in October 1621, the first autumn of the exiles in their new home.

Although we read of feasts, of fasts, and of "Thanksgiving days" being observed during each year, it is not until ten years later in 1636 that we find a record of a celebration such as we now keep.

Gymnasium.

The heavy material that delayed work on the gymnasium a few days came in last week. The work is now progressing nicely.

Goes to Yamboree

DENTON, Texas.—Wearing the green and white colors of her school, charming Miss Ayune Mackey, sophomore from Glade-water, represented the North Texas Stat Teachers College at the Yamboree, annual sweet potato festival held this year at Gilmer, Tex., Oct. 21-23.

Comyn Deteated By Score of 55-0

The Hico Tigers turned loose all its fury on the weak Comyn eleven last Friday afternoon on Grimland Field and ran up a 55 to 0 victory.

The Hico team showed better team work than in any other game this season and to pick an individual star would be impossible.

Friday afternoon the Hico Tigers will tangle with the Walnut Springs Hornets in a football skirmish on Grimland Field at 2:45. This promises to be one of the best games to be played on the local gridiron this season.

Walnut Springs has lost but one out of eight games this year and that was a 19 to 0 decision to the strong Granbury eleven.

Coach Grimland's Tigers are determined to add another victory to their side of the percentage column. So far the Tigers have won but three games and by winning from Walnut Springs Friday, Gorman the following Wednesday and Granbury the following Friday, the team can finish with a good percentage for the season.

FIRST HICO SCHOOL ANNUAL FOR SEVERAL YEARS TO BE PUBLISHED; STAFF CHOSEN

School Appreciates Holiday Thursday

Speaking for the whole school, we can safely say that we all love whoever it was that gave us our holiday Thursday. We think it was a little animal that hangs around the office quite often. He also has done a lot for this school. Thanks a lot.

With picnics and the like, we celebrated Armistice with full swing. We climaxed our holiday with the watching of the soldiers.

Bursday Therpers Met Saturday

The Bursday Therpers met at the home of Mrs. Paul Wren Saturday afternoon at 2:30. The hostess was Sarah Frances Meador.

At four-thirty, refreshments were brought in. They were jello salad, cream cheese sandwiches, angel food cake, pickles, olives, and hot chocolate with marshmallows.

For her weekly review this week, the reporter had to interview herself, so if anything appears that you don't believe, you'll know she's bragging.

To begin with, she is the tall skinny gal that someone started calling "Slats" and she has gone by it ever since. She is often seen around Hico and other places with another gal nicknamed "Droopy."

Her favorite pastime is hitchhiking, and she likes to go to Fairy most. When it comes to eating, she can eat sour pickles all day.

Her favorite subject is Algebra, believe it or not. She is planning to toot the trombone in the school band. Her hair is dark brown and her eyes are gray.

Advice to Boys of Fairy.

Dear Boys: Last week I observed that few things in order to help you. I'm writing this in order to help you. Sam, who was the new girl you brought to church Sunday night?

Oh "Doodle," something tells me that if you played up to a certain girl you would have yourself a gal.

Cokie was really very light-hearted last week end. Of course he doesn't know any girls from San Antonio.

Braxton, if you want to live and do well you better not try again to get a girl I know of. Another girl I know isn't blond headed, but oh, she's mad.

Vernon, I'll advise you to stay at home on Friday nights. These ball games keep you away too much.

J. C. you also had better watch out for that blond ex-senior. Audie, what are these rumors I hear about you? You should never try to be Romeo to two girls at one time.

PRINTING TO BE DONE BY ENGRAVING COMPANY

The first definite steps toward printing an annual for this year were taken Wednesday morning. The Seniors, who will sponsor the annual, met and after agreeing that they wanted to publish one, elected various officers.

Editor-in-chief elected was Mary Jane Clark. Ann Persons associate editor, Dorothy Cunningham, assistant editor, Roberta McMillan art editor, Mary Brown, under classman editor, Jean Wolfe, club editor, O. W. Hefner sports editor, Katherine Massingill business manager, Jane Wolfe, assistant business manager, C. A. Giesecke circulation manager, and Ray D. Brown faculty advisor.

The entire pages will be typed and drawn on cardboard and photographed. These pictures will be sent to an engraving company and pages will be printed from the photographs.

Armistice Day Out-of-town Visitors

Those who spent Armistice Day out of town are: Daisy French and Katherine Massingill spent the day in Stephenville.

Jane and Jean Wolfe attended the Gatesville and Hamilton football game at Gatesville.

Mr. Grimland, Mr. Brown, and some of the football boys attended the Dublin and Comanche game at Dublin.

Mary Jane Clark spent the day in Stephenville with Helen Gamble and attended the Tarleton-Weatherford game.

Who's Who in the Junior Class

This week we are going to interview every Junior in the class. Mamye Wright is a Junior and has been in Hico for the past several years.

Babe Horton is a Junior and has gone to school in Hico since the sixth grade. His favorite sport is football and track. His favorite food is just anything but spinach.

His favorite actor is Clark Gable. She is a girl that anyone can get along with and is a friend to everyone.

Babe Horton is a Junior and has gone to school in Hico since the sixth grade. His favorite sport is football and track. His favorite food is just anything but spinach.

Invitations Slected For Commencement

After much deliberation, the class with the aid of a committee consisting of Ann Persons, Jean Wolfe, Mary Jane Clark, Q. W. Hefner, and C. A. Giesecke, who brought four invitations before the class to choose from, chose invitations Wednesday for the seniors, being graduated this spring.

Invitations were selected from Staffords, a company that has served the school in various ways during the past years. The selection was an engraved French-fold.

Girls Sport News

The Fairy girls went to Carlton last Friday night with the intention of winning.

We kept that spirit too. The Pottsville girls met us there, got their ears beat down and went right back home.

The girls started off ahead and the Pottsville girls never caught up during the game even though they did get pretty close at times. The final scores were Pottsville 16 and Fairy 19. Oh, Boy!!!

Everyone seemed to enjoy the game. We plan to go to Hasse next Saturday, November 20, to a tournament.

Boys Sport News.

Another victory was won by the Fairy Tigers Friday night, November 12. We played Pottsville in Carlton's gym and defeated them 35 to 12. It was a very good game and all the boys enjoyed it very much.

Our team has been entered into a tournament at Hasse November 19 and 20. We are going with the intention of winning.

Freshmen." or "The Three F. Club" for short.

We elected the following officers: President—Quata Burden. Vice-President—Daiwin Hoover. Secretary—Norma Ruth Burden.

Program Committee: Mary Burney, Wynne Arrant, Jack Anderson, Reporter—Oleta Blakley.

Wonder Why—Norma Ruth does not like Gene? Oleta lost her bet Friday night? Quata and Jean went to Carlton Friday night (couldn't be the boys).

7th Grade News

Monday morning we elected new officers for our English club. They are: Joylette Abel, president; Morris Russell, vice president; Ray Arrant, secretary; Joylette Abel and Juanita Simpson are program committee for next time.

Those who paid on our new ball were: Peggy Ruth Allison, Russell Jaggars, Joylette Abel, Wilma Jean Mason, Norma Ruth McGlothlin, Mary Alice Jackson, Elsie Lee Parks, Dortha Jameson, Dorothy Duncan, Imogene Jameson, Charlene Richardson, Connie Mae Robinson, and Onita Shepherd.

Some of the girls in English class wrote letters to Portsmouth, England. Five have received replies to their letters.

Third and Fourth.

For their drawing work this week the third grade are making figures for a Pilgrim sand table for Thanksgiving. The fourth grade "Good Manners" Club had a good meeting Friday. The girls of the class had the program. The boys will give the program this week.

First And Second Grade.

The First and Second Grades have completed a unit on toys. They enjoyed reading about toys and making many interesting things. Several of the children made clever toys at home and

brought them to school. Cameron Smith and Terry Thompson made trains out of match boxes. Tommie Joe Blakley made a parachute and Loyd Akin made a tractor out of a pool which will really run. Several boats were made but Vera Lee Davis and Joyce Sheppard made the best ones.

The children are going to decorate the room this week for Thanksgiving. They will make posters of Thanksgiving and paste turkeys on the windows. They are planning a Thanksgiving scene for the sand table.

Senior Ideas Expressed by Current Songs.

Braxton—"I still suit me." Geraldine—"Can I forget you." Robert—"Who's Been Here Since I Been Gone?" Lucille—"Pardon us, we're in love."

J. N.—"Oh, how I miss you tonight." Osborn—"Take Me Back to My Boots and Saddle." Juanita—"I've got my love to keep me warm."

Dorothy—"Baby, Won't You Please Come Home?" Andrew—"Whistlin' in the Dark." Wynelle—"The Moon Got in My Eyes."

Tommie—"The Lady Who Couldn't Be Kissed." Carroll—"Stop, You're Breaking My Heart."

Crockett—"My Blue Eyed Blond." Nonsense. Milton: I wonder what has become of the old-fashioned mother who spanked her son for smoking cigarettes?

Carl: Oh, she's the grandmother.

er who spans her grandson for swiping her cigarettes. Joe: You shouldn't pound your head against the floor. Do you want to injure it? James Dudley: Don't be silly; this floor is concrete. Braxton: Hey! Carroll, Ya got ya shoes on wrong, ya got the right one on the left foot. Carroll: My gosh, they been that way for 17 years. I thot I was club-footed.

Major fraternal organizations are planning special days and events at the 1939 Golden Gate International Exposition.

Sentinels of Health

Don't Neglect Them!

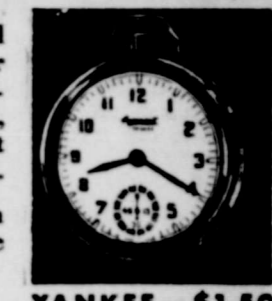

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of waste material. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to ensue.

DOANS PILLS

GIVE AN Ingersoll

There's an Ingersoll for every member of the family — watches for pocket, wrist or handbag at prices from \$1.25. You can buy them at stores right here in town.

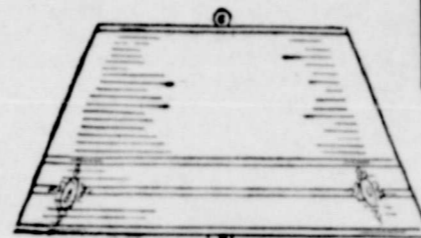

RIST-ARCH—\$3.95

YANKEE—\$1.50

I.E.S. Better Sight LAMPS

... are bringing relief from eyestrain to millions

Give 3 to 5 Times As Much Useful Light... Without Glare

HERE is the first lamp ever designed expressly for safe seeing. Every lighting feature of it was specified by the Illuminating Engineering Society. In over 2,000,000 homes it is giving relief to over-worked eyes.

The translucent glass bowl enclosing the bulb softens the light and prevents glare. Opening at top throws some of light to ceiling for general room illumination. Wide shade spreads light evenly over a broad area. Special white shade lining reflects more light than most shades. You actually get from 3 to 5 times more light than from ordinary lamps; yet the difference in operating cost is only a cent or two an evening.

Your sewing will go faster and you'll get more enjoyment from your reading with an I. E. S. Better Sight lamp. Select one today from our extensive stocks. Lounge lamps, \$6.95. Floor lamps, \$9.95 up. Table study lamps, \$4.95.

Ask for FREE TRIAL (No obligation)

You are invited to try an I. E. S. Better Sight Lamp in your own home. See for yourself how it rests your eyes... how much easier it is to read, sew or study in its bright, yet glareless, light. Then if you decide to keep it you may purchase it on easy terms: small sum down and the balance in easy monthly payments.
