Court upholds retail zone

CANDY FOR SERVICEMEN in Vietnam and other overseas posts was mailed from Dimmitt Friday. Here, Mrs. Nell Ingram of the Bethel Home Demonstration Club gets a

hand from Norris and Morris Cole, unloading 52 boxes at the Dimmitt Post Office for shipment to 26 Castro County men stationed overseas, including 15 in Vietnam.

GOING OUT—Assistant Postmaster Bill Sava (left) and Postmaster John Wood weigh and stamp the first shipment of candy for the county's servicemen Friday. They'll repeat this act next week when candy for those stationed inside the US is

shipped. In all, 99 boxes will be mailed to 73 servicemen throughout the world. The Candy Project netted 297 pounds of homemade candy, 72 pounds of canned peanuts and 74 packages of hard candy.

The 64th District Court Tuesday upheld a city ordinance rezoning a residential strip of West Bedford Street for restricted business use.

HOWEVER, the court struck down a portion of the ordinance that prohibited future construction of new homes in the zone. The contested area was the Bedford Street frontage from Fourth to Sixth Streets, which the city rezoned as a zone D retail district last Feb. 22.

Lynn Polson, whose home is in the rezoned area, was seeking to have the new city ordinance nullified.

IN A SUIT filed Oct. 5, Polson charged that the city had failed to give proper legal notice of public hearings before adopting Ordinance 288, that the ordinance was "unreasonable and arbitrary" because it prohibited the building of new homes in the zone, and that the city's action impaired his use and enjoyment of his property.

After a day-long hearing on the issue Tuesday, District Judge John T. Boyd ruled that the city had given adequate public notice before its hearings and adoption of the ordinance, and that the city commission's rezoning action "was a reasonable use of city power."

Although Judge Boyd denied Polson's request to nullify the ordinance and the new zone it created, he struck the portion that prohibited new homes in the contested area in the future.

IN HANDING down his decision, Judge Boyd said, "The case resolved itself to four basic points:

"First, whether or not there was adequate notice given.

"Second, whether or not the changing of the zone to a retail zone was a reasonable exercise of the city's power.

"Third, whether the prohibition of the use of this zone under the new ordinance for residential property was valid.

"Fourth, assuming the prohibition of residential use was invalid, whether or not it would invalidate only that portion of the ordinance, or invalidate the entire ordinance."

POINT BY point, he ruled that the city had given adequate public notice as legally required, that the city was within its rights to rezone the area, that the new-home prohibition was not valid, but that striking this prohibition from the ordinance would not invalidate the rest of the ordinance's provisions.

Witnesses in Tuesday's all-day hearing included Polson and several of his neighbors, members of the city zoning commission, city officials and consultants.

Judge Boyd's ruling removed the cloud over a new store being built on the corner of Fifth and Bedford—where the old First Baptist Church sanctuary previously stood—and opened the way for further business development of the contested zone. At least one other chain-store operation is reported to be looking at property in the rezoned area.

THE ORDINANCE was altered by the District Court ruling now allows the construction of new homes and retail stores and shops in general, including banks, theaters, offices, pressing and dry cleaning establishments and retail service stations.

Cats, Bobbies unbeaten

Dimmitt's Bobcats and Bobbies continued unbeaten Tuesday night with lopsided victories over Dalhart.

COACH Kenneth Cleveland's rebuilding Bobcats rang up an 83-52 win over the visiting Wolves, while Coach Bob Askey's Bobbies stretched their season mark to 5-0 with an easy 50-2 victory.

Meanwhile, the DHS B-Boys downed their North Plains guests 48-33 to remain undefeated. Bill Gregory sank 12 points for the B-Cats while Johnny Raper and Terry Powell posted nine each.

Senior guard Danny Ebeling hit a career high of 30 points to lead the Bobcats past the Wolves in a bout that mixed the ballet of midcourt bandy with a little firehouse bucketball. Kenny Ringo rang up 12

points, Felton Isaacs struck for 10 and five other teammates got into the scoring column as Cleveland operated his bench-relay.

THE BOBCATS jumped to a 21-8 lead in the first quarter and held a 36-19 advantage at intermission. By the end of the third it was 55-35, and in the fourth the Cats put together their biggest quarter to date—a 26-point outburst—to win going away, 83-52.

In the girls' game, Nancy Tisdale burned the nets for 25 points—including 11 for 11 at the free-throw line—to lead the Bobbies to a 50-25 rout. Terrie Newton added 10 points for the hostesses.

The Bobbies built a comfortable 14-4 margin in the first quarter, led 22-13 at the powder break and had a 36-19 edge going into the final frame.

Ann Lust led the Bobbie guards by collecting six rebounds and making eight steals while committing only one foul. Patti Jackson grabbed six rebounds and stole once, while Sarita White rebounded three.

TUESDAY night's victories

Hereford DAR cites Miss Sims

Kimberly Sims, Dimmitt High School senior, has been named "Good Citizen" by Los Ciboleros Chapter, Daughters of the American Revolution, in Hereford. This is the first time that the award has been made by the Hereford chapter in Dimmitt.

MISS SIMS is the daughter of Mr. and Mrs. Weldon Sims of the Arney Community. She and her mother were guests at the November meeting of the DAR chapter in Hereford. She received a gold pin and certificate from Mrs. Trent Downing, Good Citizen committee member.

The winner of the annual award is chosen by members of the faculty, and must show outstanding dependability, service leadership and patriotism.

Joan Grady, daughter of Mr. and Mrs. J. N. Grady, won the award at Hereford High School.

DHS Bobcat Band marches away with 'superior' contest rating

Dimmitt High School's Bobcat Band marched its way to another Division I rating in the University Interscholastic League's regional marching contest last Wednesday in Lubbock's Jones Stadium.

FOR Director Ralph Smith, it was the 19th superior rating in Marching in the past 20 years. By earning its Division I rating, the Bobcat Band is now one of five Class AA bands in Region 16 eligible for a UIL sweepstakes award this year, depending on the outcome of concert performances next spring. The superior ratings in marching last week were Abernathy, Littlefield, Post and Frenship. Sixteen AA bands competed in the regional "march-in" on Texas Tech's artificial turf.

Judges were high in their praise of DHS's fur-hatted regally dressed band. "SOUNDS flawless," said Don Craig of Dumas High School. "An outstanding job and an outstanding director, as I'm sure you are aware. It takes pride in your effort, too—you sure show it."

Commented Clyde Wilson of Midland High School: "A beautiful band on the field. Some movement while at attention. Band gets a good sound, especially low. Alignment is almost perfect. This band does a fine job on basics. A job well done and congratulations to a fine band and director."

"A very uniform group," said Don Eiring of Snyder High School. "This band marches very well—also plays well. Fine band, fine teaching."

came on the heels of a Friday night sweep over Adrian on the local court.

The Bobcats routed Adrian 68-32 as Ebeling sank 20, Ringo 17 and Isaacs 10. The Bobcats scored 12 points in the first period, 20 in the second, 21 in the third and 15 in the fourth while holding their guests to 6, 10, 6 and 10.

In the girls' bout, Tisdale unleashed a 27-point barrage to break open a close game and lead the Bobbies to a 51-43 win over their spunky visitors. Terrie Newton added 11.

The game was nip-and-tuck in the first half, with the Bobbies leading 10-9 after the initial frame and Adrian ahead by 21-20 at halftime. But in the second half the Bobbies started pulling away, building a 38-33 lead by the end of the third and stretching it to a 51-43 decision by the buzzer.

WHITE LED the Bobbies' guards and Lust also turned in a typical good game on the defensive end of the court.

In Friday night's prelim, Dimmitt's B-Boys smothered their Adrian visitors 68-10 behind the 20-point scoring of Bill Gregory.

Friday night the Bobcats, Bobbies and B-Cats will travel to Muleshoe for games at 5, 6:30 and 8 and Tuesday night they'll host Tullia in three games with the same starting times.

Should've used another purse!

A Hereford man and woman were arrested in a Dimmitt grocery store last Thursday after the woman allegedly tried to pay her bill out of the store-checker's stolen purse.

CHARGED with theft over \$50 were Eddie B. Collins, 23, and Mary Louise Stidum, 22, both of Hereford. They were arrested at Taylor & Sons Grocery by sheriff's officers, and were charged with stealing the clerk's purse in the store two weeks ago. The Dimmitt victim reportedly recognized her own stolen coin purse when Miss Stidum took it out to pay a bill at the checking counter.

Miss Stidum posted \$1,000 bond Saturday and was released pending Grand Jury action, but Collins was still in Castro County Jail at mid-week under \$1,500 bond.

Kiwanis tree lot to open Saturday

The time has come, the Kiwanis Club says to think of Christmas trees—of Scotch pines fresh from Canada, and a whiff of mountain breeze. . . .

THE TREES are now on their way here from the Canadian forests, and Kiwanians and their junior counterparts—the Dimmitt High School Key Club—hope to start their annual Christmas tree sale Saturday.

Their tree lot will be the same place as last year—301 S. Broadway, on the south side of G. L. Willis' office. All profits of the tree sale will go to finance community service projects of the Kiwanis Club and Key Club.

Operation Christmas Greeting

It's time to sign up

It's time to sign up for "Operation Christmas Greeting," the local Christmas card project that benefits the community while saving you and the post office the time and trouble of mailing individual cards.

IF YOU want to take part in the community Christmas card project, leave your name and contribution with any teller at the First State Bank of Dimmitt. This year's deadline for signing up is Dec. 16.

To make your donation, compute the amount you would normally spend for Christmas cards and mailing costs to local friends, and give that amount.

You may contribute in either of two ways. You may make your check payable to your favorite organization or community project and label the check for the Community Christmas Card. Or you may simply make your check payable to "Operation Christmas Greeting."

CONTRIBUTIONS to the "Operation Christmas Greeting" fund at the bank will be administered by the Plains Memorial Hospital Auxiliary, to buy special equipment for the local hospital.

When you make your contribution, instruct the teller how you want your family's name listed on the community Christmas card, a multi-color cover page of the Dec. 23 issue of the Castro County News. The community card will be a col-

lective Christmas greeting to your friends in the county, with appropriate artwork and message.

★ THE RECORD of "Operation Christmas Greeting" is an impressive one. In the past, the project has yielded more than \$10,000 to benefit Plains Memorial Hospital and the Dimmitt Cemetery Association.

Last year's community card netted more than \$1,200, which the Hospital Auxiliary used to buy special equipment and fixtures for Plains Memorial.

Year before last, the project yielded more than \$1,400, which was used to get the Dimmitt Cemetery Association out of a financial bind and continue the perpetual care program at Castro Memorial Gardens. The Cemetery Association has received the project's proceeds three or four times since the community card was started in 1957.

THE TIERRA Blanca Medical Society Auxiliary started the project here to buy equipment for the hospital. In 1964 the Plains Memorial Hospital Auxiliary was formed and the doctors' wives turned the Christmas project over to the new volunteer group to administer.

Since then, Plains Memorial has received almost \$8,000 worth of specialized equipment. During this time, the local hospital has also been expanded through

a bond election until it stands today as one of the most modern, best-equipped community hospitals in the state.

AS THE "Operation Christmas Greeting" fund builds up, the Pink Ladies add their own money to it—money which they earn through their gift shop, Holiday Bazaar, TV rentals to patients, dues and memorial fund. All these sources have provided a whopping \$17,015.15 since 1964, according to Mrs. R. E. Wilson, Hospital Auxiliary president.

Before buying hospital equipment, the "Pink Ladies" consult with the administrator and local physicians, then get hospital board approval for the purchase.

Hospital Auxiliary purchases—about half of them with "Christmas Greeting" money—have included such things as equipment for the LVN school, furniture for the prayer room, power and dryer machines for central supply, a nebulizer machine, a Bilirubin Light for the nursery, anesthetic machine, gift shop, Phonotel for transmitting EKG readings to specialists, Flamma photometer, physical therapy machine, TV sets, nursing scholarships, landscaping, isotope for the nursery, hospital cart, tables, chairs, electric razor, emergency room light, flag pole and flag, portable cabinet and microscope.

Make your life have the right...

on others

EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE. The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

SURE BEATS K-RATIONS!—Mrs. Reta Welch, chairman of the Castro County Candy Project, shows the typical box of candy which 73 of the county's servicemen will receive from home this Christmas. The box contains three pounds of home-made candy, a pound can of peanuts and a 10-oz. bag of commercial hard-candy made with Dimmitt corn syrup. Ninety-nine of these boxes were packed. Since the number of boxes exceeded the number of servicemen's addresses turned in, 15 men in Vietnam and 11 at other overseas posts will receive two boxes each. The overseas candy was shipped Friday, and boxes for servicemen stationed in the US will be shipped next week.

Welches begin Holy Land tour

By MRS. JACK RISTER
Mr. and Mrs. James Welch, Rhonda and Mark spent the weekend in New York with Sharon. Monday they flew on to the Holy Land for a church group tour. Reta will have a lot to tell us when she gets back.

★
GUESTS IN the Moss Howell home last week were Mr. and Mrs. Lyndon Smith and children of Lubbock, Mr. and Mrs. Ralph Yerby of Easter and Mr. and Mrs. George Bagwell.

Mr. and Mrs. Ray Peck and Mr. and Mrs. Raymond Hayes of Jola, Kan., Mr. and Mrs. John Lust of La Harpe, Kan., were here for the 50th wedding anniversary of their cousins, Mr. and Mrs. Vern Lust. They also visited with the Earl Lusters and Mrs. Leona Stiles and other relatives while here.

Mrs. Lois Branson of Alhambra, Calif., is here visiting her sisters and brothers-in-law. She was here for the Vern Lusters' stay until after the Thanksgiving holidays.

Robert Boozer and Kyle Bagwell were in a recital at the Dwight Joiner home Sunday.

★
THE BETHEL 4-H Club Awards Banquet was held Saturday night in the community building. A barbecue supper was served with barbecued beef, potato salad, beans and cherry cobbler. Mr. and Mrs. Charles Hotel and boys and Mrs. Max Keating and daughter of Dimmitt were guests. Mrs. Nell Ingram gave out the awards. Hostesses were Pat Bagley and Sue Hodgnet.

Mr. and Mrs. Goldman Dyer and Mr. and Mrs. Charles Wales attended the final Texas Tech home football game recently.

Mr. and Mrs. Charles Wales were supper guests of the Donald Wrights recently.

Mr. and Mrs. Charles Wales attended a bridge party recently in the home of the Bill Danneviks.

★
MR. AND MRS. Henry King and children of Lubbock visited his brother and family, the

Charles Kings, over the weekend.

Mrs. Richard Alsop of Lubbock is spending a few days with her folks, the Charles Kings.

Some unwanted rains were received last week—1.03 inches in two days. There is still some grain in the fields. Another pretty week and it would have all been out.

Mr. and Mrs. Claude Moore visited one night last week with the Jack Risters.

★
THE BETHEL Home Demonstration Club called off their meeting last Wednesday because of muddy roads. Their next meeting will be Dec. 1 at 2 p.m. That will be our Christmas party. Don't forget to bring a gift for Girlstown. We are to help at the Murray Snyder farm sale Dec. 2. Anyone that can help, call Nell Ingram at 647-4488.

Mrs. Mae Lawhon of Lazbudie spent Tuesday and Wednesday of last week with her son and family, the James Welches.

The ladies who helped with the candy project were Nell Ingram, Mrs. C. C. Graef, Sandra Bagwell, Carolyn Sides and Mrs. Jim Bagwell.

Grain Sorghum CHAFF

By WES ANTHONY
If you think I have been quoting you a bunch of enormous figures (I haven't), just read this:

THIS YEAR our county raised 6,400 acres of sugar beets. At an estimated yield of 23½ tons per acre, we would have 150,400 tons of beets, or 300 million pounds. If these beets average 14½ percent sugar content, we will have about 45 million pounds of sugar, or around five pounds of sugar for each man, woman and child in our Lone Star State.

Now listen to this: Our county raised one-third of the entire crop of sugar beets of our state. We might have some sugar for the urban people of the East. This is a lot of sugar, isn't it?

● **On the Go**

MR. AND MRS. Louie Allen have returned from a very eventful trip with their daughter and son-in-law Mr. and Mrs. Robert Almond of Holmdel, N.J. They also visited Mr. and Mrs. Ron Botkin and family at Wilton, Conn.

Swifts fashion storybook finish

By PAT ACKER
With just 15 seconds left in the 1971 football season, quarterback Gordon Wilhelm lofted a 26-yard touchdown pass to Randy Schilling to give the Nazareth Swifts a thrilling 20-19 victory over Matador Friday night.

IT WAS a see-saw game all the way before it ended with a bang for Nazareth in the closing seconds.

The Swifts' game-winning pass capped an exciting fourth quarter that saw three touchdowns scored, two of them in the last 2½ minutes of play.

After being stopped twice by dramatic goal-line stands, the Swifts finally put the first points on the board in the second frame on a nine-yard sprint by Wilhelm.

The Matadors, trailing 6-0 at halftime, came roaring back in the third and struck for two touchdowns to put the Swifts at a 13-6 disadvantage, setting the stage for the fourth-quarter fireworks.

AFTER receiving the opening kickoff from the visiting Matadors, the Swifts started a slow, tooth-and-toenail drive toward the goal line. But the Matadors threw up a goal-line defense to stop the Swifts on fourth down just a yard shy of the end zone. The Matadors were unable to

move the ball, but punted themselves out of trouble. Punting from the end zone, the visitors boomed a 65-yarder into Swift territory.

Nazareth drove goalward again, but again the Matadors stopped the Swifts on a crucial fourth down—this time one the 7-yard line. The first quarter ended in a scoreless tie with Matador owning the football.

THIS TREND continued in the second quarter until, with just a minute remaining in the half, Wilhelm raced nine yards for the initial touchdown on a quarterback keeper. The point-after try failed and the score stood at 6-0, Nazareth, at intermission.

The Matadors received the second half kickoff, fumbled the ball away on the 45-yard-line, but held and forced the Swifts to punt.

Then in eight plays the Matadors drove 80 yards for their first touchdown, capping the drive with a 20-yard scoring pass. Matador added the extra-point kick to go ahead, 7-6, and put a new complexion on the game.

SUDDENLY the Swifts found themselves on the defensive. After kicking off, the Matadors forced their hosts to punt again then in four plays they were on the Nazareth doorstep once more. On the fifth play of the

sudden drive the Matadors punched across their second TD and led, 13-6, after the point-after attempt failed.

The Swifts regrouped after the kickoff and started driving goalward. The end of the third quarter found Nazareth camping on Matador's 5-yard line.

Two plays deep in the fourth, Wilhelm ran the final steps for Nazareth's second TD. Neil Dobmeier added a two-point conversion and the Swifts led once again, 14-13.

THE TEAMS spent nearly 10 minutes in a defensive standstill, then disaster struck for the Swifts. With 2½ minutes left in the game, Matador intercepted a Nazareth pass, and two plays later the Swifts found themselves five points behind, 19-14.

With less than two minutes remaining, the Swifts started a desperate drive across midfield that took them to a third down on Matador's 26-yard line with just 30 seconds showing on the clock.

The next play proved to be the one that saved it all. Wilhelm went back to pass, found Schilling open, and the Swift end gathered in the aerial, broke a tackle and raced the remaining distance to score the winning touchdown. It was the only pass completion by the Swifts all night.

THE MATADORS ran the kickoff back to midfield and threw a desperation pass, but the Swifts picked it off in mid-air to seal the exciting victory. The win gave the Swifts a 3-2 record in district play and a respectable 5-4-1 mark for the 1971 season.

District switches to basketball after Wildcats' bi-district loss

The last basketball suits have been issued and the last group of footballs in District 3-AA have been stashed away, to gather dust until next summer.

THE DISTRICT, after a fierce struggle in determining champions, lost its playoff representative last Friday night, so now all eight schools are engrossed in the gymnasium sport where a couple of football's lower-division schools are expected to battle for the title. Morton and defending champion Dimmitt are the top choices for the basketball laurels.

Littlefield, which tied Floydada for the football crown and got the playoff ticket, was stunned by Roosevelt 27-7 in bi-district Friday night, ending the football year for the district. Roosevelt, representing District 4-AA will now play Childress in Plainview Friday night in the regional round.

The opportunist Eagles from Roosevelt took advantage of two Littlefield mistakes, a fumble and a stray pass, to get their first two scores. And when on offense, Littlefield's all-state runningback candidate, Ralph Funk, drew defenders like a magnet attracts nails. Funk gained 149 yards for the game ("There's no way in the world

to stop a guy like that," commented Roosevelt Coach Houston Powell after the game), but he was able to pick up only about 50 in the first half.

A FLMBLE recovery at the 13 put Roosevelt in position to score its first TD and an interception triggered the second TD march. The Eagles scored once each in the third and fourth quarters and had all their points before Littlefield managed to score.

The Wildcats' scoring drive measured 75 yards, with Funk picking up 54 yards, including the last one. Littlefield stayed with a ground game, which had carried it to the playoffs, in the drive.

The touchdown was Funk's 26th of the season as he wound up his schoolboy career with 156 points for the year.

Roosevelt wingback David Vasquez scored twice for the winners, and quarterbacks Don Jackson and Ricky Hightower scored on one-yard sneaks for the other touchdowns.

"WHAT really helped was being able to take advantage of their mistakes," commented Houston after the game, "and getting two quick touchdowns. You are never going to stop Funk; he's too good of a back.

VA recipients' paperwork eases

Nearly a million checks mailed in November by the Veterans Administration carried a welcome reminder to the recipients that they were relieved of some paperwork.

JACK COKER, V.A. regional director, explained that PL 91-588, enacted last December, allows the VA administrator to exempt from filing annual income questionnaires (IQ) those pensioners 72 years old and older who have been on the rolls during two consecutive years.

These pensioners include veterans, widows, and parents receiving dependency and indemnity compensation (DIC) payments from VA.

VA usually mails the IQ's to pensioners with their Nov. checks officials said, but this year about half of the pensioners received notices that they wouldn't have to file IQ's.

However, it was stressed that even though they won't have to file IQ's, these 72 year old pensioners still must continue to report changes in income to VA.

I just knew at any moment he was going to break a long one on us."

The loss for Littlefield was only the third of the year, as the Wildcats closed out their first year under Coach Jerry Blakely with a 7-3-1 record.

Low-cost transfusions--shipping fever solution?

Low-cost blood transfusions for cattle may soon help solve the problem of shipping fever.

TEXAS TECH University Veterinarian W. H. Wohler Jr. foresees the use of blood transfusions and infusions to combat the problem, one which has been estimated to cost West Texas cattlemen more than \$27 million a year.

Dr. Wohler and his Texas Tech associates are working toward improved instruments and processes which will lead to economic collection, treatment, storage and use of the whole blood and blood plasma. This, in turn, could result in transfusions costing as little as one dollar per head. "Considerable progress" has already been made.

"It's one of the most exciting things I have been involved with in a 20-year career in veterinary medicine and livestock production," Dr. Wohler said.

SHIPPING fever is a problem "to some degree with nearly all groups of cattle that are transported and at nearly all places where cattle are received. Numerous vaccines have been developed to prevent shipping fever and some, if used properly and at the proper time, are of great value. Antibiotics and sulfa drugs are of inestimable value in reducing loss, but none of these has completely eliminated or controlled the problem," the Texas Tech veterinarian said.

The degree of sickness and amount of loss are related to the amount of stress to which the cattle are subjected. On that basis, Dr. Wohler has directed efforts to attempt to

scientifically relate the amount of stress as measured by biologic methods to sickness and loss and further to study all the facets of stress in cattle in order to determine how to compensate the animal for the "physiologic derangement" induced.

Work in this area has been supported by Texas Tech University and by private sources and it has been conducted on the Tech campus, at origin locations, and at local area feedlots.

DR. WOHLER and his research associates at Texas Tech have found that stress, in physiological sense, among other things, produces a blood protein deficit. Such a deficit causes an animal to be vulnerable to infections like shipping fever. He suggests that in the case of shipping fever, cattlemen might improve their batting average if they treated the underlying cause as well as attempting to combat the infectious organisms (some of which are not susceptible to antibiotics or sulfa drugs).

Once the animal's proper protein level is restored the animal has a much better chance of combating the disease itself.

The veterinarian believes that among the most effective and most economical preventive procedures and treatments now available are blood injections and blood transfusions.

"TRANSFUSIONS for livestock are not new," he said. "They have been used in veterinary medicine almost as long as in human medicine."

In the case of feeder cattle the cost of collecting, processing and administering the blood has been prohibitive in the past; but a new simple technique devised by Dr. Wohler allows for economical, sanitary collection of the blood at the packing plant from cattle which have been through the feedlot and are immune to common feedlot disease. This blood is of particular value because of its chemical and antibody content.

Work is currently in progress to devise methods of treating cattle at a rate upwards of 100 head per hour. The one dollar

cost would compare with about \$5 per half-pint for serum now used against Shipping Fever.

"Furthermore, since the protein is denatured in the serum commercially available by processing techniques, it lacks the utility of whole blood," he said. The advantage would be that the economy would allow the use of doses large enough to be of value as replacement therapy as well as providing needed antibodies to fight disease-producing viruses and bacteria.

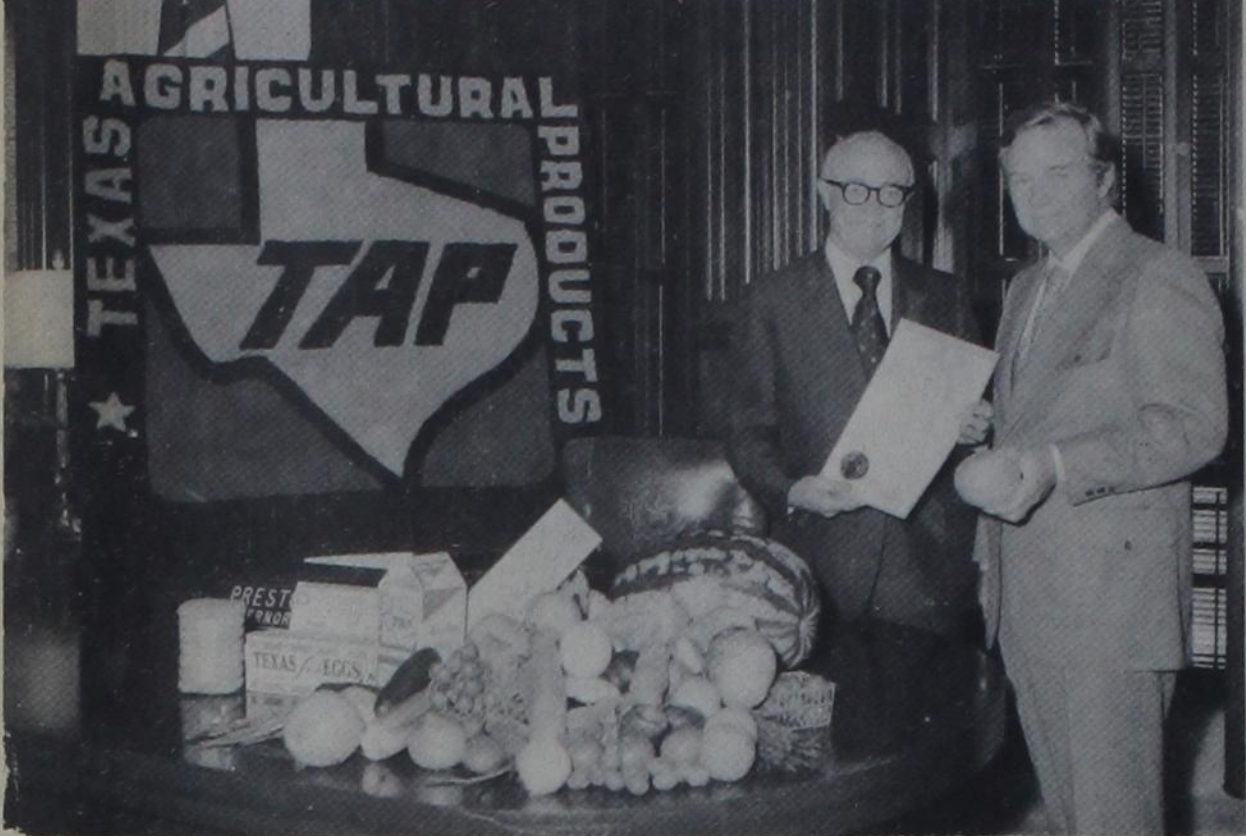

The treatment will not replace other lines of treatment, but rather support and augment them to increase efficiency and reduce costs of production. He said whole blood can be placed into the veins of cattle or injected under the skin with good results.

Shipping fever, by any standard, is the most troublesome health factor that cattlemen face. It occurs year-round, but is especially hard to handle in the fall.

DR. WOHLER stated other areas of care of newly arrived cattle are also being studied at Texas Tech. "While there is much to be done yet, it is encouraging that information is being accumulated and there are definite signs of progress. Texas Tech is very proud to be moving ahead in this area of much needed research."

Dr. Wohler who received his veterinary medicine degree in 1951 from the University of Missouri, joined the Texas Tech faculty in 1970 after 13 years of practicing veterinary medicine, ranching and cattle feeding in the Fort Worth area. He was resident veterinarian for three years for a large Angus herd in Missouri.

He is an associate professor of animal science and university veterinarian at Texas Tech.

GOV. PRESTON SMITH AND AGRICULTURE COMMISSIONER JOHN WHITE ... Designating special observance for November, December

Let's hear it for Texas agricultural products!

To call public attention to the quality, economy and availability of Texas Agricultural Products, Gov. Preston Smith has designated November and December as "Texas Agricultural Products Months."

THE GOVERNOR'S designation also marks the beginning of the fourth year of the Texas

Department of Agriculture's (TAP) program which Commissioner John C. White initiated in 1968.

"The goal of the TAP program," the governor reminded Texans, "is improving and expanding the market for Texas-grown food and fibers, including beef, pork, turkey, dairy products, forestry, fruits, vegetables, pecans, peanuts, poultry eggs, rice, honey, cotton wool

and mohair."

In promoting Texas agricultural products the Texas Department of Agriculture uses billboards, newspapers, radio and television, individual mailings and visits of department personnel to the more than 15,000 food stores in Texas.

GOV. SMITH urged Texas retailers to exhibit Texas agricultural products and Texas consumers to look for and buy them, especially during the TAP months of November and December.

PRUSSIC ACID POISONING

Farmers and ranchers should be cautious when turning livestock out to graze on hybrid sorghum-sudan pastures, says Dr. James Armstrong, Extension veterinarian. Prussic acid poisoning, caused by hydrogen cyanide in the plants, occurs when livestock graze pastures that have been recently damaged by frost or when pastures perk up and begin fast growth after a drouthy period. Hay that is improperly cured can also present prussic acid poisoning problems for a short time. Nitrate poisoning may occur during the late fall on winter pastures when there is a lot of cloudy weather.

CHECK TAX SITUATION

Farmers and ranchers should take a look at their tax situation and make certain management decisions before the end of the year, advises James I. Mallet, Extension economist. If your taxable income for the year is above that anticipated for 1972, then you may want to delay any additional sales until 1972. Also, you may want to purchase certain supplies and machinery. If your income is down this year, then you will want to delay all possible purchases and payments until after Jan. 1.

Nelsons attend UTA conference

Mr. and Mrs. Don Nelson were in Arlington Saturday and Sunday for a meeting of the Chancellor's Committee of Editors for the University of Texas System.

THE COMMITTEE studied the journalism facilities, curriculum and student publications at UT-Arlington, hearing testimony from students, faculty and administrators. Saturday evening the editors met with Dr. Charles M. LeMaistre, UT System chancellor; Dr. Frank Harrison, UT-Arlington president; State Sen. Don Kennard of Fort Worth; and UT-Arlington faculty members to discuss the present scope and future potential of journalism education and student publications at TU-Arlington.

The editors will submit a report of their findings and recommendations to the December meeting of the UT board of Regents.

The statewide committee of editors performed the same function at UT-Austin earlier this year, and will conduct hearings at UT-El Paso early in 1972.

FOLLOWING recommendations of the editors' committee, the UT Board of Regents recently restructured the student publications governing body at UT-Austin changing it from a corporation to a student-controlled university board underscoring the right of a free press on the university campus.

V.F.W. NEWS

By GERALD BROADSTREET
Greetings Comrades,

I'm sorry I didn't have a column last week but I have been sick for over a week. The sickness hit me the day before the district convention and I didn't get to go. I sure hated that I had to miss it; those who attended said Littlefield sure did go all out to put on a good convention.

AS YOU know, last Saturday night was the Ladies Auxiliary's shrimp and oyster supper and dance. I can't begin to tell you what a fine feast it was. Fresh shrimp and oysters are hard to beat.

Florence Leinen, president of the Auxiliary, wishes to thank all of those who attended and made the event the tremendous success it was. A special thanks to all those who helped prepare and serve the food.

I'll have to admit we here at Dimmitt have a fine ladies' auxiliary. They are always there working with us and promoting the VFW and helping us make it the family type organization we want it to be.

OUR 1972 membership is steadily climbing. We have quite a few new members. Please try to pay your dues early—the longer you wait the harder they are to pay. If you are eligible and want to join, you can get an application from Harold Broadstreet, post custodian, at the post home after 4:30 p.m.

Harold reports that business has been pretty good considering that a lot of people have been staying in the fields a little late and getting the crops in.

Thanksgiving is here and we do have much to be thankful for. If you'll stop a minute and count your blessings and the things we enjoy here in America, we are definitely in debt to the Almighty.

Our next regular meeting will be Monday, Dec. 6. Mark it on your calendar and be there.

Remember "Game Night" on Wednesday. Get there early and get a good seat!

THE GOODNEIGHBOR Club will meet Dec. 10 in the home of Mrs. Paul Brooks for the annual Christmas party.

MRS. J. B. Allensworth is in Doctors Hospital in Plainview, where she had major surgery. Mrs. I. S. Scott is in Central Plains Hospital in Plainview, having had back surgery.

Little Shawn Chance, son of Mr. and Mrs. Steve Chance of Dimmitt, has been seriously ill in Plains Memorial Hospital. He is the grandson of Levi Benight of Hart and Mrs. Dorothy Chance of Dimmitt.

MRS. LUCILE MYERS is to host the Golden Ones Friday for a covered dish luncheon, weather permitting. Weather has been bad the last two months that meetings were called off.

DONNA KAY WELTY, 15-year-old daughter of Mr. and Mrs. Leonard H. Welty of Hart, is an active member of the Castro County Candy Strippers and works at Plains Memorial Hospital in Dimmitt. She has been a member the past seven months and has more than 60 hours of volunteer service.

The purpose of Candy Strippers is to learn the possibilities of a nursing career.

The Candy Strippers help keep the hospital lobby neat, water the flowers for patients and the hospital, read, walk and serve food to patients. The Candy Strippers may increase their duties by helping at the Mental Health-Mental Retardation Center.

Miss Welty was chosen to attend the annual Texas Candy Strippers Convention and workshop in Canyon in August.

She recently attended a workshop in preparation for the annual Auxiliary Bazaar.

THE CITY of Hart had received 2.11 inches of moisture as of noon Monday for month of November. Total for the year to date is 19.08 inches.

Letter to the Editor

Students' dress-code proposals went down the drain, grad says

Dear Editor: As a graduate of Dimmitt High School, I have been following the controversy over the dress code very closely. In the Castro County News of Nov. 11, there are several points in the article, "Hair Code Remains in Force," that need further explanation. SINCE I was a senior representative to the Student Council, I was involved in the formulation of the dress code. Several statements in the article do not agree with the facts of the matter. Or, rather, do not disclose the whole truth.

The statement by a board member that "in January 1971 the Student Senate approached the board with a proposed dress code" is only partially true. Actually, a dress code had already been written by the administration during the summer of 1970. One week before this dress code was to be submitted to board action, the Student Council was asked for its recommendations. During the ensuing week, a dress code was written by the Student Council which was much more liberal than the Administration's version. However, the day before the Student Council proposal was to be presented the school board held a special meeting and adopted the administration's version of the dress code.

Thus, the dress code was adopted before the Student Council even had a chance to present its proposals. Only after the dress code had been adopted did the Student Council approach the board with recommended changes. In addition, before the student Council recommendations were presented to the board, most of the pro-

posals which disagreed with the already adopted dress code were vetoed by the administration.

THEREFORE, even though 90 percent of the Student Council's suggestions were approved by the board, it does not mean that those suggestions were representative of the students' opinions. The suggestions concerning the dress code which were attributed to the Student Council were actually little more than rewordings of the original dress code.

It is therefore erroneous to say that "the students themselves drew up the basic dress code originally." It is unfair to attempt to place the blame for the present fiasco on the Student Council. The dress code was written and adopted by the administration and school board without regard to the opinions of the students or their parents.

I am glad that some parents have decided to do something about the situation. They obviously are more concerned with the education their children receive than with the length of their hair. It is ironic that parents would have to petition the school board to return its attention to education. Speaking from my own experience, I can say that unless the school board drops its role as moral policeman, the quality of education at Dimmitt High School will continue to decline.

Prepare your Christmas flowers early

Now is the time to begin preparing Christmas cactus and poinsettia plants for holiday blooming, advises Everett Janne, Extension landscape horticulturist. Both plants should get plenty of sunlight during the day but also need long, cool nights. At least 12 hours of continuous darkness are required to start the flowering process. The poinsettia should be kept out of drafts and away from sudden temperature chan-

ges. The soil in the planter should always be moist. Diluted fertilizer solutions should be applied regularly.

National Bible Week should concern us all

By SEN. JOHN TOWER A recent news item from Kenya reported the theft of a case from a house during the night—a case which the thieves later abandoned when they found it contained 160 copies of the Bible. It had been sent to a post office worker from the United States for free distribution in public places. The headline accompanying the article read, "The Word Wasn't What They Wanted."

SOMETHING like that might be said of the modern world insofar as it has turned away from God: the Word is not what we want. The annual observance of National Bible Week serves to recall us as a people to the moral and spiritual foundations of our society as those foundations are revealed in the Word of God which is the Bible. That Word is truly one of judgment—judgment tempered by mercy, to be sure, but there is always a sense in which it is unwelcome. Some prefer not to hear and to heed the clear call of repentance and conversion of life which runs like a golden thread through the pages of the Old and New Testaments "Jerusalem, Jerusalem, return unto the Lord thy God."

In these troubled and difficult days for America it often seems that we might well echo that headline: "The Word Wasn't What They Wanted." And yet, apart from the teaching enshrined in the Bible, we will find neither security nor peace. THE BIBLE IS, as it were, a kind of basic training in life.

For Christians the Bible is the greatest book in the world, and for this reason: in the Bible, as in no other book, God speaks to man, makes himself known, does something to us and for us, and tells us how we are expected to live. We share the Old Testament with two of the other great religions of the World, Judaism and Islam.

The New Testament is distinctively Christian, and in its pages the pattern of a perfect life, lived in utter obedience and service, is set forth. For Christians, the crowning fulfillment of Scripture is the Word made flesh, the spirit, the mind and the character of Jesus Christ.

National Bible Week is a call to each of us, individually and in families as well as in our churches and synagogues, to turn to the Word of God and, above all, to hearken. For many the Bible is little more than a heavy bookend, a dust-gatherer more often praised than read. And yet its message is of such power that it is able to transform the lives of men and nations.

THE BIBLE has always been associated with man's struggle for freedom, dignity and justice. The historian J. R. Green cited the impact of the great King James Translation, the familiar Authorized Version, upon the minds and hearts of those Englishmen who fought valiantly in the 17th century to preserve and extend the blessings of liberty. Their faith is a part of our American heritage. In the words of Sir Walter Scott:

"Within that awful volume lies The mystery of mysteries! Happiest they of human race, To whom God has granted grace To read, to fear, to hope, to pray, To lift the latch, and force the way."

Modern scholarship has immensely enlarged our knowledge and understanding of the historical background in which the Bible came into being. The result has been a new ecumenical spirit among divided Christian communities, centering in the recovery of the Word as the founder of Christian life and thought.

WHATEVER the future may hold, we may be certain that the Bible will maintain its special place, enduring vitality, and perennial relevance. The American poet John Greenleaf Whittier has spoken for every age in these lines:

"We search the world for truth; we cull The good, the pure, the beautiful, From all old flower-fields of the soul; And, weary seekers of the best, We come back laden from our

quest, To find that all the sages said Is in the Book our Mothers read."

The Tradition of Freedom... Our Cherished Legacy

Freedom is a tradition in our great nation. From the earliest beginnings, the courage of our Pilgrim forefathers made it possible. The will and faith of our people have kept it alive. It will remain ours with vigilance and dedication. So—the past, the present and the future are inextricably woven together. Through freedom. Today we give thanks for this precious legacy. We remember and cherish our tradition. We pray that freedom will become the inalienable right of all nations.

Big crowd enjoys turkey dinner

By Mrs. Florance Albracht
The turkey dinner served Sunday by the Christian Mothers Society in the community hall was enjoyed by a large crowd of parishioners and many friends from surrounding communities. It was good to see many old friends and also the new ones. Hope you enjoyed the dinner. More than 760 were served.

SISTER Gertrude Trager came from Mt. Angel, Ore., for an official visitation to the Benedictine Nuns here and in Amarillo.

The nuns are affiliated with the St. Gertrude Congregation of Nuns.

THE SCHACHERS relatives enjoyed a family reunion Sunday evening in the community hall. Over 200 of the relatives enjoyed supper and the social afterwards. Special guest was a cousin, Sister Acquians Schacher of Cottonwood, Idaho. She is presently at Covington, La., with the Benedictine Sisters. George Schacher Sr. and family moved here from Nebraska

In 1917. They have over 200 descendants living here and nearby communities.

THE KNIGHTS of Columbus held a memorial service Tuesday evening, beginning with mass at 7:30 p.m. followed by memorial services in the community hall.

The service was in memory of all departed Knights who were members of the Nazareth Court.

MOTHER Columba and Sisters Gregory Joseph, Roberta and Rachel of Fort Smith, Ark., are here planning to spend Thanksgiving with the Benedictine nuns, friends and families.

Sisters Gregory and Joseph are retired. They spent many years here teaching. Sister Roberta will visit her sister and family, the Charles Bradocks and Father Fred Hylant at Plainview. Sister Rachel will visit her parents and family at Happy. Her dad was seriously injured in a car wreck two months ago and is slowly improving.

MRS. LUCY LEINEN flew to California to visit her son and his wife, the Jimmy Leinens.

Sister Jeanne Heiman is here visiting her families. She is teaching at Lake Village, Ark.

Nazareth's Swifts won their last conference game with Matador here, 20-19. The winning touchdown came in the last minute of play. Now, on to basketball!

Brr-r-r! The weather Monday morning was cold and rainy. A few farmers were able to do a little harvesting since the rains a week ago. Let's pray that the Good Lord will bless us with sunshine so we can finish harvesting in 1971.

Terry Huseman, son of the Robert Husemans has been in Northwest Texas Hospital in Amarillo, and not in the Canyon Hospital as I reported in last week's news. He was transferred to Amarillo and put under the care of specialists in very serious condition. He has recovered enough to be able to come home and recuperate, so he will be in condition to have

surgery in a few weeks.

EVERYONE is invited to come to the Thanksgiving dance tonight (Thursday). Music will be by Tommy Hancock's Band.

The Bayard Keys of Plainview and the Ronnie Hoeltings of Amarillo spent Sunday with the Frank Hoeltings and enjoyed the dinner at the hall.

The Ed Venhaus family of Amarillo and the Donald Dettens of Claude spent Sunday with the Al Hoeltings and were treated to the turkey dinner at the hall.

Mrs. Gertie Acker treated her children and grandchildren to the turkey dinner at the hall. Ms. Louise Schulte also treated her children and grandchildren to the dinner.

WHAT SPICES are considered "sweet?" Allspice, cardamom, cinnamon, cloves, coriander, ginger, nutmeg and mace, according to Extension foods specialists. **FILLERS**

State Sen. Wayne Connally
... Enters 1972 Democratic primary

W. Connally becomes candidate for lieutenant governor's post

State Senator Wayne W. Connally of Floresville announced his candidacy Friday for the office of lieutenant governor of Texas in the 1972 Democratic Party primary.

AT A PRESS conference in the state capitol, Sen. Connally said, "In the past several months I have received considerable urging from supporters in all sections of the state to run for lieutenant governor."

"I have made a total commitment to seek this office only after extensive travel around the state and also after careful consideration of the duties and responsibilities of the lieutenant governor."

Sen. Connally, who has served in the Texas Legislature for the past seven years, is presently in his second term in the Texas Senate, representing the 21st Senatorial District in South Texas. He was first elected to that office in 1966 when he successfully ran for the seat previously held by Congressman Abraham "Chick" Kazen of Laredo.

PRIOR TO his election to the Senate, Sen. Connally served one term in the House of Representatives. He represented the 58th District which includes the counties of Karnes, Wilson, Atascosa, McMullen, Frio and La Salle.

Sen. Connally, born March 19, 1923, at Floresville, is one of seven children of Mr. and Mrs. J. B. Connally.

The candidate named one of his four brothers, Merrill Connally of Floresville, as his campaign chairman. Merrill Connally is a former Wilson County judge and served as campaign manager of John Connally's successful races for governor in the 1960's.

Merrill Connally has opened state campaign headquarters in Floresville.

COMPOSTING FIGHTS POLLUTION

Rather than burning leaves this fall and polluting the air, use them for a compost pile, suggests Everett Janne, Extension landscape horticulturist. This will provide a good source of organic matter for potted plants, for topdressing the lawn, and for building up the soil in flower beds and shrub borders. To make a compost pile, alternate layers of vegetable matter and garden soil. Each layer of vegetable matter should be watered thoroughly and sprinkled with a commercial fertilizer.

FEAST AND MAKE MERRY ON Thanksgiving

...and let us **GIVE THANKS**

The traditional Thanksgiving turkey, carved by father and served in bountiful abundance with all the trimmings to all the family, is just one of the many high points of Thanksgiving Day.

Traditional, too, is the thoughtful pause to remember and to be especially grateful for the many blessings that increase day by day. We join with you and yours in offering a fervent "thank you" for the privilege of this day.

Latvian refugee tells of life under Communist rule

By TEENY BOWDEN
Rev. Charles W. Singer, founder and general secretary of the International Refugee Mission, Inc., an evangelistic missionary movement for refugees and immigrants in Europe and elsewhere, spoke to the Sunnyside Baptist Church last Wednesday night.
HE WAS born and reared in Latvia, and now makes his home in Los Angeles. He still has a brother and sister in Latvia, and they communicate, but still have to be very careful of what they say, he said.
He spent 10 years under Nazi and Communist rule, in the army, in prisoner of war camps, and 4 1/2 years in a refugee camp.
Singer came to America 22 years ago to get out from under the Communist rule.
When he was turned out of the state (Lutheran) church for joining a Baptist church as a young man, he was also turned out of his home by his parents.
His father-in-law was a well-to-do merchant in Latvia when the Communists took over his business, leaving him a pauper.
In church services, he said, when he would stand up to pray, even the Communist spies would shed tears as he would cry out, "But they cannot take you away from me, God."
There are now 56,000 Latvians

in America because of the Communist takeover of their homeland, Singer explained. The work he does now is to get monthly support for pastors behind the Iron Curtain, send the gospel on tapes in the Latvian language where they are broadcast twice a week from Lisbon, Portugal to behind the Iron Curtain, and many other needed things.
He and his wife will be able to make a missionary speaking tour of Europe in 1972 because of the support he has received from his trip to Texas and Oklahoma, he said.

The view from your library

By MARY EDNA HENDRIX
This is the time of year to stop and count your blessings. The library has had a good year, and I hope you have. I would like to share a poem with you that I read in the book, "The Harvest Feast"—stories of Thanksgiving, yesterday and today—compiled by Wilhelmina Harper.

MASSASOIT AND HIS MEN
By ANNETTE WYNNE
Massasoit and his men
Loved that first Thanksgiving Day.

"Look, he is talking to the Great Spirit."
They said, when the governor began to pray.
The women had baked for days and days.
And there were things to eat.
That were brand-new to Indians.
And they thought it all a treat.
Oh, there were games and races

And singing loud and hearty,
And the Indians liked the Pilgrims well.
At that first Thanksgiving party.
PUMPKINS AND TURKEYS
From the Childcraft Book
Do you know why you eat turkey and pumpkin pie on Thanksgiving Day?

A long time ago, people called the Pilgrims came to America. After their first harvest, they were so thankful to have a new land and enough food to eat, that they planned a special day for giving thanks to God. To celebrate, they had a big dinner of the food that they found in their new land.

For part of their dinner they served turkey, for dessert the Pilgrim mothers made a pudding out of pumpkins. Those puddings were the first Thanksgiving Day pumpkin "pies."
Today, you eat turkey and pumpkin pie on Thanksgiving Day just as the Pilgrims did many years ago.

MRS. DANNY PATRICK DORMAN

Margaret Swindle, Danny Dorman wed

Double-ring wedding vows were read at 6 p.m. Saturday in the First United Methodist Church of Hart by Miss Margaret Leigh Swindle and Danny Patrick Dorman.

REV. FRED BROWN of Lubbock, former Hart pastor, officiated at the ceremony.

Parents of the couple are Mr. and Mrs. Bill Swindle of Hart and Mr. and Mrs. George "Bus" Dorman of Wheeler.

Mrs. Leon Sanders of Dimmitt performed traditional organ music.

Providing a decorative setting for the marriage, the church was decked with arrangements of bronze, gold and white spider mums.

THE BRIDE, given in marriage by her father, wore a floor length white velvet gown with Empire waistline, Bishop sleeves encrusted with pearls and coming to a point over the hands. Her train was attached at the shoulders, and her elbow length veil of silk illusion was secured by a bow and pearls. The headpiece was designed by the bride and fashioned by her mother. The bride carried a bouquet of bronze spider mums held with narrow white vel et ribbon.

Eva Bramlett of Plainview was maid of honor. She wore a floor length gown of gold satin, with puff sleeves fashioned after the bride's gown, but with a self-fabric band at the waistline, with bow and long streamers in back, also designed by the bride and fashioned by her mother. Miss Bramlett carried a bouquet similar to the bride's.

Don Trimble of Brisco served as best man. Guests were seated by Jim Swindle of Hart, brother of the bride, and Tommy Newkirk of Amarillo.

A RECEPTION was held in

fellowship hall of the church, with Janette Brandt of Umbarger registering the guests. Judy and Marian Battenhurst of Umbarger served from a table that was covered with a white net cloth over gold and centered with a three tiered cake decorated with yellow roses, white wedding bells and tiny white doves, made by the bride's mother and Mrs. W. C. Malone.

After a short wedding strip, the newlyweds are at home in Wheeler.

For traveling, the bride chose a navy and red double-knit dress with matching accessories.

THE BRIDE is a 1969 graduate of Hart High school and has attended West Texas State University. She is currently employed by the Western Life Insurance Co. in Amarillo.

The groom is a graduate of Wheeler High School and a 1971 graduate of West Texas State University, where he earned a bachelor of science degree in agriculture. He is self-employed.

Texas is the leading state in the production of cotton, grain sorghum, beef cattle, sheep and wool, goats and mohair. Each producer supplies himself and 46 others with food and fiber needs. The consumer is blessed with high quality food products on which he spends only 16.5 percent of his disposable income.

THE TEXAS Public Employees Association will seek a 10.2 percent pay raise for state workers in a special legislative session next year.

PILGRIMS LANDING AT PLYMOUTH ROCK, DEC. 21, 1620

351 Years Ago, the Pilgrims set foot on Plymouth Rock - and a new way of life began. On board the Mayflower, the little band of Pilgrims signed a compact, agreeing to form a local government for the new town of Plymouth, Massachusetts, and to abide by its laws. In the Mayflower Compact, we see the early flowering of democracy in America. As we observe Thanksgiving Day - yet another legacy from our Pilgrim forefathers - we can indeed be thankful for our proud heritage, for our American way of life, for freedom and its blessings. Let us then be humbly grateful, and let us reaffirm our faith in freedom, with our determination to preserve and cherish it, forevermore.

Newlyweds home in Amarillo

Miss Janice Kay Mooney became the bride of C. Gerald Davis at 4 p.m. Nov. 13 in a formal double-ring ceremony in the First Baptist Church of Dimmitt. Officiating was Dr. Winfred Moore, pastor of the First Baptist Church of Amarillo.

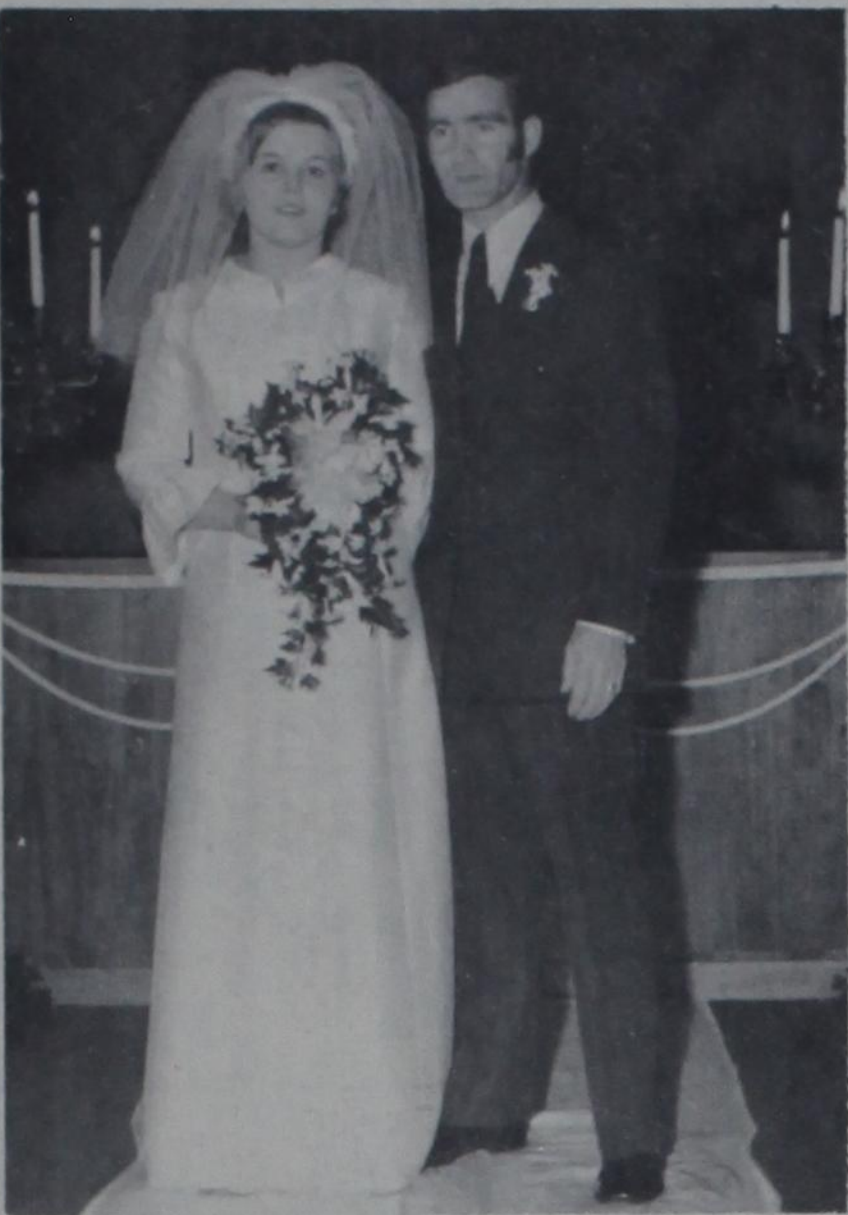

THE BRIDE is the daughter of Mr. and Mrs. Bob D. Mooney of Dimmitt. Davis is the son of Mr. and Mrs. W. Ray Davis of Dumas.

Mrs. Gary L. Moore and Jane Ann Mooney, both of Dimmitt, sisters of the bride served as matron of honor and bridesmaid. The matron of honor wore a baby blue dress of pesante' fashioned along princess lines with navy scalloped braid trimming the short sleeves, hemline and accenting side seams front and back. The bridesmaid wore an identically styled dress of navy pesante' with baby blue scalloped braid trim. Their headpieces were twisted satin headbands matching the color of trim on their dresses. They carried nosegays of gold-bronze mums backed and tufted with gold satin streamers. They wore gold bracelets which were a gift from the bride.

The bride, given in marriage by her father, wore a formal gown of candlelight pesante' designed along Princess lines with trumpet sleeves and slashed Bateau neckline. The center of the gown carried an inset, flanked by Swiss braid, with self-covered buttons from neckline to hemline. The veil was elbow-length illusion falling from a tufted satin headband. She had two pennies in her shoe minted the years she and groom were born. She wore the traditional blue garter; something old was a wedding ring belonging to a great aunt of the bride; and something new were pearl and gold earrings, a gift from the groom. Her bouquet was trailing ivy and stephanotis centered by orchids.

THE CHURCH altar was marked by two baskets of white gladioli, green palm and lemon trees. White satin roping draped the front of the white-satin-covered altar, which was flanked by spiral candelabras bearing white tapers entwined with greenery. The bridal path was marked by white satin bows.

Jim Davis of Anderson, Calif., brother of the groom, was best man. Groomsman was Larry Ruth of Amarillo, nephew of the groom. Ushers were Gary L. Moore of Dimmitt brother-in-law of the bride; Ronnie Turner of Denison, brother-in-law of the groom; and Jack

Kidder of Amarillo. Mrs. James Horton played traditional wedding music and accompanied Mrs. Truman Touchstone, who sang "All Our Life," and Mrs. Darrell Rankin of Amarillo, who sang "It Seems I've Always Loved You." They also sang a duet, "Whither Thou Goest."

WEDDING guests were registered by Mrs. Ronnie Turner, sister of the groom.

A reception was held in fellowship hall of the church following the ceremony. The serving table was covered with an Irish linen cloth which had belonged to the bride's great grandmother. Centering the table were two gold candlesticks with white candles, and the bridal attendant's nosegays at the base.

A three-tiered wedding cake was topped with wedding bells. On either side of the rings caught up in satin ribbons. On either side of the wedding cake were cakes resembling two baby grand pianos trimmed with gold, one bearing

the name "Janice" and the other the name "Gerald." A point of interest in the room was a three-tiered fountain banked with greenery, with artificial flowers floating in the tiers.

THE CAKE was served by Mrs. Jack Kidder of Amarillo and the punch by Susie Mooney, sister of the bride. Also in the houseparty were Mrs. M. A. Tidwell, Mrs. Dan Heard, Mrs. Charles King, Mrs. V. C. Hopkins, Mrs. Harold Stephens and Mrs. Ivor Bagwell.

For a wedding trip to Colorado and New Mexico, the bride wore a navy and white suit with navy shell, accented by navy accessories and an orchid corsage.

The bride is a 1969 graduate of Dimmitt High School, and attended West Texas State University and an Amarillo business college. She is now employed by Farmland Industries, Inc.

Holidays are a delicious season

By IRENE KEATING
I hope each of you has a nice Thanksgiving holiday. Now it sure won't be long till Christmas. All of you will be busy baking goodies for the holidays. This is part of the holiday fun for each of us. We all need to watch our diets to keep from gaining a few pounds.

EACH YEAR people ask for recipes for good holiday foods. We have a good publication "Christmas Time at Home" that is available for 50 cents if any of you want to get it. Here are several of the recipes from it that are requested most often.

MARTHA WASHINGTON CHOCOLATES

Melt 1/4 pound butter or oleo, add 1 can Eagle Brand milk 2 pounds powdered sugar 1 quart pecans, chopped fine 1 can coconut
Mix all together, roll into desired shapes. Dip in chocolate mix. Chocolate Mix for dipping: 2 packages semi-sweet chocolate chips, 6 ounce packages 1 bar (1/4 lb.) paraffin. Melt together over hot water. Stick toothpick in fondant and dip in chocolate mix. Set on waxed paper to cool.

DIVINITY CANDY

1/2 cups sugar 1/2 cup light corn syrup 1/2 cup cold water 2 egg whites 1 teaspoon vanilla 1 teaspoon flavoring 1/4 teaspoon salt
Cook sugar, water and syrup together. Beat egg whites until stiff.

When syrup reaches soft ball stage, pour about half of it over the beaten egg whites, pour in a small stream. Continue cooking the remainder of the syrup until it reaches the crack stage then pour in a fine stream into the egg-syrup mixture. Add flavoring and fruit or nuts to suit taste. When cool enough to hold its shape, drop by spoonfuls onto greased paper. NOTE: For variety a package of Jello may be added to the beaten eggs for a fruit flavored divinity.

APRICOT COCONUT BALLS

1 1/2 cups dried apricots, ground

is now employed by IBM Corporation. The newlyweds are now at home at 950 Buena Vista in Amarillo.

2 cups shredded coconut Two-thirds cup Eagle Brand Condensed milk Confectioners sugar Combine apricots and coconut. Add Eagle Brand and blend well. Shape into small balls and roll in confectioners sugar. Let stand until firm.

CREAMY FUDGE

2 cups sugar Two-thirds cup evaporated milk 12 regular marshmallows 1 teaspoon vanilla 1/2 cup butter or oleo Few grains of salt 1 cup (6 oz. pkg.) of Semi-sweet chocolate pieces 1 cup nuts, cut up
Mix in a heavy saucepan sugar, milk, marshmallows, oleo and salt. Stir constantly while cooking over medium heat to a boil and let boil 5 minutes. Take off heat. Stir in, until completely melted, the chocolate, nuts and vanilla. Spread in a buttered pan. Cool. Cut in 2 1/2 dozen pieces.

DATE-NUT FONDANT

Two-thirds cup Eagle Brand milk 1 teaspoon vanilla 4 cups sifted confectioners sugar 1 cup chopped nuts 1/2 cup chopped pitted dates
Combine milk and vanilla. Gradually add confectioners sugar and mix until smooth and creamy. Add chopped nuts and dates. Blend into milk mixture. Press into a square shallow pan 8x8x2. Chill until firm. Cut into 1 inch squares. This recipe makes about 1 1/2 pounds.

Mrs. Stringfield is shower honoree

Mrs. Russell Stringfield, a recent bride, was the honoree at a tea and shower Saturday afternoon in the home of Mrs. Bob DuLaney.

IN the receiving line with the honoree were her mother Mrs. Mary Sandefer of Canyon and the groom's aunt, Ms. Billy Hackleman of Dimmitt.

Mrs. Mamie Birdwell and Mrs. Don Hargrove served spiced tea, coffee and white cake from a table covered with a lace-trimmed green Nylon cloth. The centerpiece was made up of gold mums. At the guest book was Carolyn Sloan.

Reception to honor Carliles

Mr. and Mrs. Horace Carlile will observe their 50th wedding anniversary Sunday with a reception from 2 to 5 p.m. in their home 710 W. Bedford St.

HOSTING the reception will be Mrs. Carlile's nephew, Jack Patton, and his family.

Mr. Carlile and the former Ceal Patton were married Nov. 27, 1921, at Rotan. At the time Mr. Carlile was an agent and telegraph operator for MKT Railroad. In 1933 he went into the portable skating-rink business, and they lived all over the state as they brought the popular pastime to the public.

In 1946 they sold their skating-rink business and moved to Dimmitt, purchasing the old Rio Theater on East Bedford Street. In 1950 they built the Carlile Theater, which is still in business on South Broadway.

The Carliles bought their home on West Bedford Street in 1946 and rented seven apartments in the house and one behind it.
