OF THREE

VOLUME LVI

HICO, TEXAS, FRIDAY, NOVEMBER 22, 1940.

NUMBER 28.

Here In HICO

Since this paper is coming out two days ahead of our regular schedule, we still have time to express our thanks prior to the Thanksgiving holiday. If the paper doesn't get out when we told our advertisers it would, we will not be seen in these parts for several days. But present indications are that the mails will be made for which we are duly thankful.

We are also thankful that Hico had the good judgment to observe the day proclaimed by the President and the governor for Thanksgiving, without all the hubbaloop that seems to have been injected into the occasion in several quarters.

If, like that fellow who ran for President and was defeated—let's see what was his name—if you just can't take it, you have our permission to go down to Hamilton and celebrate with the Leonias Thursday of next week. Many of us have been reading too much Republican literature, and like the die-hards remember the last Thursday in November as a "hallowed date." Personally, we can be thankful any time turkey is set before us, and since we don't enjoy celebrating singly, we are glad that most of our relatives decided on the dinner for the 21st.

We are thankful that we have a forgiving sister-in-law who said she could find a million turkeys in Dallas after we called her and told her that those two turkeys we had promised to bring up there could not be found in Hico. Maybe we didn't look the right place at the right time. Or maybe turkey raisers don't advertise enough. It's too late for this Thanksgiving, but offers for sale of a bird, for cash, to be delivered to us next Thanksgiving will be considered.

We are thankful for a patient and considerate set of advertisers, with whom it is a pleasure to work whether we are trying to help ourselves or them. They have shown their customary kindness by getting their copy in early, and in taking a liberal amount of space in this issue to tell their customers they appreciate their patronage.

Our correspondents and the public in general will please accept our profound thanks for having read and heeded the little note in last week's paper to the effect that the paper would be issued early this week.

Before Thanksgiving passes into history, we want to express to our newspaper friends over the country our appreciation of their neighborliness. Never have we called upon them for any favor that they didn't immediately grant. And many times they have volunteered their services or premises when they thought it might help us. To name every one in particular would be impossible. But some of them that come to mind deserve special mention.

Rufus Higgs and Wesley Clements of Stephenville are the first ones we think of when we get into some kind of a jam. They have always turned over to us anything in the Empire-Tribune office we could use.

John Sullivan and Bob Miller, operators of the Hamilton County News, on various occasions have assisted by passing on to us information that we might not have obtained otherwise, and by swapping materials and machinery at will.

The late L. O. Peck's friendship and neighborliness is being perpetuated by his successors, Mrs. Peck and her brother, Mr. Moore, as well as the entire office force. Just recently Yehudi got into our big press and tore up a roller which was replaced immediately upon call at the Herald-Record office, which happens to have the same make and style of press.

The Comanche Chief has always been a friend and neighbor, just recently providing a newspaper mat from which we sold a six-dollar advertisement.

Bob Baldrige at Clifton, like Pat Holt at Gatesville, is a little far away to be worried by our worries of a mechanical nature. But both of them would walk through hot coals for us—wouldn't you now, boys?

Francis Perry, five-year friend as owner of the Dublin Progress, had to drive way down in the Big Bend Park to do us the biggest favor we can remember. Departing from camp he left the remainder of a package of Chesterfields on the steering wheel of our car last summer after he had noticed that we had run out and had nowhere to buy any more for some time.

The gentlemen of the press are great guys. We are proud to be numbered with them, and thankful that so many of them are considered our friends.

FLOYD CAMPBELL COUNTY CHAIRMAN FOR TEXAS HIGHWAY WEEK

Floyd Campbell of Hamilton is to be chairman of the observance of Texas Highway Week, December 2 to 6, inclusive, in Hamilton County. It is announced by the Texas Good Roads Association, sponsor of the week.

Mr. Campbell has accepted appointment to head the committee to arrange and stage the Highway Week program in this county and will work out details and name committees to assist with arrangements for the event, the Associations office at Austin advises.

Texas Highway Week will be observed throughout the entire state during the designated week by proclamation of Governor W. Lee O'Daniel and the public is urged by the proclamation to take increased interest in their state highway system and its needs. Officials and civic leaders of the state, counties, cities and towns will lead in arranging public meetings and celebrations during the period. The Texas Good Roads Association and the State Highway Department are cooperating in helping plan state-wide observance.

The Governor's proclamation designating the week called upon all citizens "to take inventory of the manifold blessings brought to them by the highways of this state, to consider the progress that has been made in the past towards a completed highway system, and to give serious thought to the future highway needs of the state so that Texas will continue to grow and prosper as its system of highway transportation is extended and improved."

Motor vehicle transportation has experienced phenomenal growth in Texas during the last two decades, the proclamation said, and it pointed out that in the last fiscal year 4,758,761 motor vehicles were registered, as compared with only 434,628 in 1920.

Not only have peace time needs for more and better highways rapidly increased, but now, in view of the national defense program and the mechanization and motorization of the rapidly expanding Army, new and heavy demands will be made on the Texas highway system as a result, the proclamation declared, Texas, being one of the most important states in the national defense program on account of its extensive coastline and the long international border on the south, has 6,375 miles of highways that have been designated by proper national defense agencies as strategic military highways.

While relating that highways, as the base of motor transportation, have revolutionized trade, commerce, industry and agriculture in Texas, and have contributed immeasurably to Texas' growth and prosperity, Governor O'Daniel's proclamation also added that:

"Recent surveys by cooperating state and federal agencies have disclosed that the state highway system is far from complete and that it would require an expenditure of approximately \$385,000,000 to bring the Texas highway system to a standard regarded as modern in the light of existing traffic demands. There are 8,860 miles on the state system, only partially improved, 5,690 miles in need of reconstruction, 4,836 miles of farm-to-market roads in need of construction, and additional designations pending before the Highway Commission totalling 3,116 miles. Safety on the highways has become a problem of increasing social and economic importance." It also was added. The building safety features into the highway system has become a major item in highway needs.

The Texas Good Roads Association is urging observance of Texas Highway Week in every county, city and town possible and is busy with plans for state-wide celebration of the week. Datus E. Proper, executive vice-president of the Association, announced.

Baptists Attend Meeting

Rev. and Mrs. Alvin Swindell, A. O. Allen, and Mesdames J. M. Clonch, J. W. Dohoney, and Aubrey Smith attended the November Baptist Workers Meeting at Blue Ridge Baptist Church Monday.

They report a good attendance at the meeting, and that the December meeting will be held at Hamilton on Thursday, the 12th, the occasion being of a Sunday school nature with a program rendered by Sunday school specialists from over the State.

Shower For Fire Victims

A shower is to be given Thursday afternoon at 2 o'clock at the home of Mrs. Henry Nix, formerly the Pete Johnson house, for Mrs. S. W. Bruner and Mrs. Hester Bruner and families. Their clothes and all household furnishings were completely destroyed in the first last Friday night.

Moves Here With Sister

Mrs. J. C. Laney, formerly of Route 5, has moved to Hico and is making her home with her sister, Mrs. Em Vickrey.

Memories

TODAY IS RED CROSS DRIVE DAY IN HICO; COMMITTEE ORGANIZED

Today, Wednesday, has been designated Red Cross Drive Day in Hico by the Red Cross Roll Call committee of which E. H. Henry is local chairman, and members of the committee are making calls in the residential section throughout the day to increase local membership in the organization.

Mr. Henry and Rev. Alvin Swindell met with the six other members of the committee, Mrs. J. W. Fairley, Mrs. Harry Hudson, Mrs. Earle Harrison, Mrs. J. B. Orle, Miss Ann Persons and Miss Mamye Wright, for a breakfast Tuesday morning at the Buckhorn Cafe, after which plans were formulated for launching the membership drive in Hico.

Mr. Henry is maintaining headquarters at the First National Bank and asks that anyone who is overlooked by one of the committee members please call at the bank to make their contribution. Membership in the Red Cross is one dollar for the year, but Mr. Henry said smaller donations were also appreciated and would count toward a goal of sixty dollars set temporarily by the committee.

A benefit show at the Palace Theatre to increase funds in the treasury was presented through the courtesy of the Palace and the following merchants:

Grady Hooper, Ellington Feed Store, Buckhorn Cafe, First National Bank, Duzan Motors, Community Public Service Co., H. N. Wolfe, H. Smith, Barnes & McCullough, The Hico Florist, Corner Drug Co., J. S. Dorsey, W. E. Petty, Moon & Eubank, Midland Barber Shop, Segrest Cafe, Post Office Employees, Hoffmann's Dept. Store, Wiseman Studio, The Hico News Review, and Connally's Service Station.

"Put a Pin on Miss Hico" will be the slogan used to cover with pins the white uniform of a nurse on a Red Cross poster, which will be placed in a prominent position at the local headquarters. Donations will be indicated by pins mounted on the poster to show the status of the drive toward the sixty-dollar goal.

Two Get Beauty Licenses

Miss Mamye Louise Wright and Miss Leona Jones returned home Tuesday from Dallas for holiday visits with their parents, Mr. and Mrs. Jim D. Wright and Mr. and Mrs. J. D. Jones, after having received their licenses to practice beauty culture. The young ladies were in Austin last week taking state board examinations.

J. D. Jones, who was a business visitor in Port Worth Tuesday, met them there and brought them home.

New Pastor Arrives

Rev. and Mrs. Floyd W. Thrash and two young daughters arrived early Tuesday morning from Cross Plains and have moved into the Methodist parsonage. The Rev. Mr. Thrash is the new Methodist minister assigned to the Hico church before the close of conference at Port Worth last week.

Rev. and Mrs. J. C. Mann and children left Tuesday afternoon for their new home in Granger.

OPENING DAY OF FORT WORTH RODEO "MISS HICO" TENDERED SPECIAL GIFT

SPEAKERS INVITED TO C. OF C. MEETING AT BUCKHORN NEXT WEEK

Members of the Hico Chamber of Commerce have in store for them a number of interesting talks by visiting speakers when they assemble at the Buckhorn Cafe next Tuesday evening at 7:30. If plans being worked out now by the president, J. N. Russell, work out, Mr. Russell states that invitations have been sent, among others, to Congressman-elect Sam Russell of Stephenville and Senator-Elect Karl L. Lovelady of Meridian, both of whom have indicated their willingness to accept in case they are not unavoidably prevented from doing so by other arrangements.

Besides these visitors, Mr. Russell states that there are several items of business to be discussed and calls upon the members to make every effort to attend the banquet and the meeting to follow.

Attend Hotel Convention

Mr. and Mrs. J. N. Russell were in Beaumont last week end attending the convention of the Texas Hotel Association, sessions of which were held in that city Thursday, Friday and Saturday. A large attendance was on hand, including the president of the National Hotel Association, and representatives from many States and from Mexico.

Before returning home Mr. and Mrs. Russell also visited in Port Arthur with her brother.

Weather Report

The following report, submitted by L. L. Hudson, gives conditions locally as reported to the Chronological Service of the Weather Bureau, the convention of the Agricultural:

Total precipitation so far this year, 23.62 inches.

FOOTBALL GAME WITH IREDELL TO FOLLOW PARADE TURKEY DAY

The important date on local Thanksgiving is not turkey dinner but the scheduled gridiron battle between the Iredele and Hico football teams.

Pep squads, bands and supporters of both teams have been looking forward to the tilt ever since early last Fall, and advance reports indicate that Thursday's Turkey Day game will be hardest fought of the season.

Festivities will start early in the afternoon, with a parade beginning promptly at 1:45. Parade will form at the Roy French Garage, proceed south to the Magalia Service Station, then east to the W. E. Petty store and north on main street to the Lane residence, west one block and then to the football stadium.

The high school band will lead the parade and all the student body is expected to fall in the line of march as well as all cars that can join the parade.

Miss Nell Patterson, football queen, will kick off at 2:30 p. m. Miss Patterson was elected queen by the nineteen members of the football squad. She received ten votes to nine. Miss Joyce Latham. There will be no coronation ceremony at the game, but she will be escorted across the field to make the kick-off by Sam Abel, captain of the squad.

Team In Fine Shape

Coach Pinson's Tigers are in fine physical condition and spirits following their tough scrimmage last Friday night with Eastland High School. Most fans who braved the cold weather to watch the game agreed that it was the best of the year.

With the half ending 13-0, the Tigers returned in the third period to score, and again in the fourth, making good their try for point and giving them a 14-13 lead, which they held until the final whistle.

The game was packed with thrills—spectacular passes, trick plays and fine punting—that kept most of the fans on the market at the edge of the field throughout the second half.

Iredele is reported to have a strong team and the game is expected to be as close and exciting as any of the season.

SPARKS FROM BLAZE FRIDAY NIGHT START ANOTHER WITHIN HOUR

Within an hour after fire Friday night had destroyed a huge two-story house across from the municipal water plant, flying sparks ignited the roof of the S. A. Clark home and for a time threatened to destroy that two-story residence.

The first alarm sounded at 6:45 p. m. and sent firemen and hundreds of nearby residents to the scene. The house, owned by Mrs. Ida Tunnell of Fort Worth, was occupied by four families, the S. W. Bruner, the Hester Bruners, Mrs. E. A. Hulsey, and Mr. and Mrs. A. J. Coomer. Only the bare walls were left standing and practically all of the clothing and household goods of the four families were destroyed.

During the football game at the high school athletic field, and about an hour after the first fire had become only a smoldering mass of ashes, flying sparks had ignited the roof of the home occupied by S. A. Clark and Mrs. Nep Connolly and family. Mr. Clark, who has been ill during most of the Fall, was moved to the home of Mr. and Mrs. W. M. Marcum, and seemed to suffer no ill effects from the shock.

The second blaze was quickly extinguished and most of the damage done was by the water. Mrs. Connolly said Monday that all the house except one room would have to be repaired.

COMMUNITY SERVICE FOR THANKSGIVING AT METHODIST CHURCH

This paper will reach our subscribers in time for them to get the announcement beforehand concerning the community Thanksgiving service arranged for Wednesday night of this week at the Methodist Church at 7:30 o'clock.

The program as contemplated includes hymns by the congregation, reading of the President's Thanksgiving proclamation, a solo by Miss Thoma Rodgers, and the Thanksgiving address by Rev. Floyd Thrash, the new pastor of the Methodist Church, with Rev. Alvin Swindell serving as chairman of the meeting.

Kelly Fliers Visit

Wayne Langham of Miami, Arizona, and his friend, Bill Rogers of Waco, both flying students at Kelly Field, San Antonio, are spending the Thanksgiving holidays here with Wayne's grandparents, Mr. and Mrs. J. W. Autrey.

Daughter Born To Lovells

A daughter, Peggy Larue, was born last Wednesday night, November 13, to Mr. and Mrs. J. W. Lovell of Hico. Mrs. Lovell is the former Miss Inez Houston.

Keeping Up With Texas

Boynton Is Elected By Editors

The Texas Editorial Association Monday had elected Lon Boynton, Paris, publisher of the Lamar County Echo, as head of the association at the closing session of its twenty-ninth annual convention at Brownsville. Boynton succeeds Lewis W. Bailey of the Dallas Journal. He is a brother of G. H. Boynton, postmaster at Hamilton, and is a native of that city.

Not A Deerslayer Yet

He hasn't shot a deer yet but John J. McKay, Austin attorney, is not ready to give his hunting equipment to the Indians. McKay, who hunts with bow and arrow, returned empty-handed from a week-end jaunt to the Killam Ranch near Laredo. So did his hunting companion and law partner, N. C. Avery Jr., who used a modern rifle.

Stephenville Gas Rate Cut

A rate reduction has been granted by the Southwest Natural Gas Company here for domestic consumers, beginning with December readings. This reduction, over a period of 12 months, will amount to 10 per cent. Charles Still of Stephenville, district manager of the gas company, said, and will result in savings to domestic consumers of between \$5,000 and \$6,000 annually.

Defeated Legislator Dies

Harvey Riviere, 25, Jefferson County Representative in the Legislature who was defeated for re-election, died in a hospital at Port Arthur Sunday. He had undergone an appendectomy which was followed by heart complications.

\$30,000 To Baylor University

Baylor University virtually was assured Friday of being removed from probation by the American Association of Colleges and Secondary Schools when the Baptist General Convention of Texas voted a direct grant of \$30,000 to the University. Dr. J. Howard Williams, retiring president of the convention, said in Houston where the action was taken that the money was allocated to preserve Baylor University's national ranking, endangered because enrollment had outrun endowment. It was the first time the convention ever made such a gift to the school.

Sally Wilson, who has been a shopkeeper on board the Grace liner "Santa Clara," has traveled half a million miles between this country and South American ports. Recently she married but she thinks she may take up her ocean shopkeeping after the honeymoon is over.

PUBLIC WARNED AGAIN, ALIENS MUST REGISTER BY DECEMBER 26, 1940

Alien registration will end on December 26 and all non-citizens who have not yet registered are warned that severe penalties will follow failure to comply with this Federal law.

All aliens, 14 years of age and older, must register in person to be fingerprinted.

Alien children, under 14, must be registered by their parents or guardians.

Registration takes place at the post offices.

There is no charge of any kind connected with alien registration.

The Department of Justice warns aliens to beware of racketeers.

The Post Office Department and the Department of Justice will willingly assist the alien in every possible way.

Earl G. Harrison, Director of Alien Registration of the Department, suggests that those aliens who have not yet registered do so as soon as possible and avoid the Christmas rush at the post offices.

All aliens are also warned that, having registered, they are required to report any change in their permanent residence address within five days to the Immigration and Naturalization Service of the Department of Justice in Washington. Forms for this purpose are obtainable at all post offices.

No alien need be unprepared for the questions he will be asked. Sample registration forms which show him exactly what information he will need at registration are available in all post offices.

In Stephenville Hospital

Quata Burden was taken Saturday morning to the Stephenville Hospital where she underwent an operation for appendicitis. She was accompanied by her mother, Mrs. Mamye Burden.

Dr. H. V. Hodges performed the operation and she was reported improving nicely the first of the week.

SISSER CLIPPINGS

Thursday will be our American day for Thanksgiving. Personally I am very thankful for a home, parents, a good school, kind teachers and a country that is not in war. I am also looking forward to a turkey and all the grand trimmings.

Dorothy makes grand Queen... Football field with new addition for Senior business... Little home for week end... Home Ec. girls and teachers enjoy cleaning up after tea; wonder why Mildred, always wanting to clap at the least little thing, ask Mr. Pinson if the room might all applaud just after he had announced about the holidays... Now if Wayne only had an audience wouldn't he be good? Overheard—REA Show? IRE A Show... Coach home for week-end game... Mrs. Angell, did you manage to get up in time Saturday? Judge is really making a hit with the girls; better watch out... Here's hoping no one eats too much turkey and all the trimmings Thanksgiving and will be physically able to be back in school Monday.

PUSH-BUTTONS

My, but it was cold Friday night. Even if we did have - CLICK - Nip seems to be getting all the boys. Maybe we'd better do something - CLICK - the Seniors have the Football Queen, Nell. Her closest opponent was Joyce Latham - CLICK - out-of-town boys are O. K. aren't they, Irene? Especially - CLICK - basketball is in the air. The girls are really showing - CLICK - Owen and Odell meeting classes in football uniforms. We know you - CLICK - Margie wearing her new boots and new hat. She said she had a grand - CLICK - Billy, just what do you mean, coming to school with a note tied around your neck? I wouldn't ever do that again if I were you.

WHAT-NOTS

Comb 'um hair,
File 'um nails,
Paint 'um mug,
Catch 'um males.

SENIOR ELECTED QUEEN

Monday the football boys elected their queen for the football season. It so happened that a Senior cornered the popular vote. Nell Patterson will be crowned Thursday afternoon at the Iredell-Hico game on our field.

HOME EC II NEWS

We are placing patterns, cutting, and sewing in a very home-maker fashion. Part of us are behind the others, but we'll probably catch up soon. Margie Lea looks like a real seamstress with her tape-measure around her neck and her pin-cushion full of pins. We feel we are learning something worthwhile and that every girl should know how to sew in order to make a better home-maker.

We have thought at one time or another that we would never learn to sew, but we are making some progress already and will make more in the future.

HOME EC. UNIT III NEWS

We are coming along pretty well on our slips. We'll soon be ready for the finishing. Nearly everyone has decided on her home project by now. Some of us will begin work on them during the Thanksgiving holidays.

SENIOR NEWS

Well, once again we Seniors have been hit up about our pep. Sometimes we wonder if the other classes don't spend all their time and pep worrying about and criticizing us. After all, who in the High School has the highest grading? Who the best behavior? Who do you see out the least at night? Who do you see studying the most in our study hall? Ask a few of the teachers and see what they think about us.

All we can say is that you had better think twice before you criticize us.

JUNIOR NEWS

I just can't find one Junior to interview. They're all outside playing football, even the girls. Betty Jo had some very unexpected company. They say she's even getting pretty. That Blondex does do a little bit of good, doesn't it, Prissy Joe? Say, this Algebra II is getting a little plainer. We are doing all the good in our football games. We can hardly wait until we meet Iredell on the gridiron. What's that we hear about Willie having conferences before school with Mrs. Angell? Hot stuff, eh, Willie?

SINCE 1883
Bellard's Snow Liment has been an inexpensive aid in relieving the discomforts of Muscular Contraction that accompanies Sprains, Strains, Bruises, and Muscular Soreness from over-exertion or undue exposure. In 3c and 6c bottles.

CORNER DRUG COMPANY

SOPHOMORE NEWS

The Sophs are really glad to get the Thanksgiving holidays. Let us hope none of us eat so much that we'll be sick from it and can't come back to school next week. A bunch of us were out for the football game Friday night and were really glad to see our boys beat Eastland. It was really a tight game.

The crowning of the queen was pretty at the half. Although our candidate didn't win, the title of queen we were proud of her at the game.

We hope we beat Iredell Thanksgiving Day. It hardly seems possible that six weeks tests come around again next week.

FRESHMAN NEWS

If any readers missed our news last week, we apologize and promise to do better in the future. (Maybe we should apologize for coming back this week.)

In General Business we are now studying about banking. One day we made checks and gave them to other students. We heard that one boy tried to cash his.

Since when is 'possum hunting included in our subjects? Some people think so anyhow.

SEVENTH GRADE

The Seventy Grade had a farewell party in the gymnasium last Thursday night in honor of Sunshine Mann. The party lasted from seven to nine o'clock. The first hour and a half was spent in games and then we adjourned to the Agriculture room where a gift was presented to Sunshine before refreshments were served. We're saying goodbye to Sunshine with tears in our eyes.

Mary Nell Jones went to Carlton Sunday.

IREDELL ITEMS

By MISS SYBIL JONES, Local Correspondent

Mrs. Jordan of Meridian is visiting her son-in-law and daughter, Mr. and Mrs. Olin Brantley and children.

Mr. and Mrs. Bert Crump, Misses Myrtle and Mae Chaffin of Dallas, spent the week end with their parents, Mr. and Mrs. G. W. Chaffin.

Mr. Walter Thompson of Valley Mills spent the week end with relatives.

Luther Linch went to the Clifton hospital Thursday and had his foot lanced.

The stock of goods of the T. Mitchell store have been taken away. Iredell sure misses the store. It is hoped that some one will put in a store in the near future.

Mr. and Mrs. Noah Little of Duffan spent Sunday of last week with his parents and also visited her parents, Mr. and Mrs. Wright.

Mr. and Mrs. Frank Richards of Hamilton spent Sunday with her uncle and aunt, Mr. and Mrs. L. S. Ratliff.

Little Miss Mirlene Davis is visiting her aunt, Mrs. Weldon Young of Roscoe.

Tom Frank Priddy, the only child of Mr. and Mrs. Lee Priddy of Priddy, Texas, was seriously hurt Thursday night. He, with his agricultural teacher and some of the class were going some place. He received a head injury in the accident. He is in the Brownwood hospital. He was born here and lived here a few years. He is 16 years old. The parents have the sympathy of their friends. It is hoped that Tom Frank will recover soon. No details of the car wreck were given.

Miss Edna Blue of Waco spent

the week end and Sunday with her parents, Mr. and Mrs. J. M. Blue. Mr. and Mrs. J. G. Helm and children of Cranfill's Gap spent Monday with Mr. and Mrs. L. S. Ratliff.

Mrs. Louise Griffin left Sunday, Nov. 10, for Fort Worth where she will live with her son-in-law and daughter, Mr. and Mrs. John Kaplan. They came after her.

Mr. and Mrs. Patterson spent Saturday in Meridian. Harris Tidwell, who is in A. & M. College at College Station, spent the week end here.

Tom Conley of Dallas spent the week end here.

Lawrence Harper, who is in John Tarleton, spent the week end at home.

Frankie Ogle, who works in Austin, spent the week end with his parents, Mr. and Mrs. Brit Ogle. Miss George Ella Harris was taken to the Methodist Hospital in Oak Cliff, Dallas, a few days ago by her parents. She was operated on for trouble in her shoulder. Her host of friends are very sorry and hope that she will recover soon. Her parents went there Sunday.

Mrs. George Squires and daughter of near Sweetwater, spent the week with her mother, Mrs. Mary Squires. Mr. Squires and son came after them Thursday and all returned home Saturday. Her mother is some better.

Mrs. J. S. Goodman, Miss Tyson, and Miss Mildred Brown went to College Station to see a football game Saturday.

W. A. Pylant, some of the children, Mrs. Frances Parrish, Calvin and Sybil Pylant, spent the past week end in Dallas.

Mr. J. L. Dawson of Dallas, who has been visiting here a few weeks, returned home Sunday.

Mr. Lane, who was the station agent here for two months, returned to his home in Smithville, Friday night.

Mr. and Mrs. Bud Smith and daughter, Billie, Erma Joe Whitley, Mrs. Bryan Smith and Mr. John Dansen were in Stephenville Friday.

Miss Grace Simpson and niece, Nancy Christian, of Dallas spent the week end with her brother, H. A. Simpson.

Some of the farmers took advantage of the cold weather and butchered their hogs. The cold weather is fine to save the meat.

Rev. Paxton Smith, who was the Methodist pastor here for two years, was sent to Castleberry in the Fort Worth district. He went there and preached Sunday.

Mrs. Willie Gosdin of Fort Worth came in Sunday for a visit with her son Ballard and family.

Billy Echols who was operated on Nov. 19, returned home Sunday from the Stephenville hospital. His parents and Mr. and Mrs. Homer Gosdin went after him.

W. R. Newsom, who works in Brownwood, spent the week end with his wife.

Mr. Dick Evans, a former resident of this place, was here this week.

Mr. and Mrs. Tarver of Walnut Springs, visited her sister, Mrs. Gregory, on Sunday of last week.

Mr. and Mrs. Weaver of Sweetwater spent the week end with her mother, Mrs. Brashear, Elizabeth Woodul, who visited there two weeks, returned home.

Rev. Morphis, the new pastor,

preached here Sunday morning and night with a good crowd at both services. His sermons were fine and enjoyed by all. If all the members will stay with him, he will do well here. A pastor cannot run a church by himself; his members must help and everyone no doubt will do their part. They will live in Walnut Springs.

REDUCED PRICE ANNOUNCED FOR AMERICAN BOY

With the announcement of an enlarged and enlivened magazine, The American Boy, foremost publication for boys ten to twenty, also announces a reduction in its subscription and single copy prices. Hereafter The American Boy will sell for 19c a single copy at newsstands or for \$1.99 a year and \$2.99 for three years on a subscription basis.

In announcing a change in editorial policy, publishers of The American Boy assure subscribers that the established fiction heroes who have made the magazine so popular with young and old alike, will continue to tell of their adventures exclusively in The American Boy. Included in this group are Renfrew of the Canadian Mounted, Connie Morgan and Old Man Mattie, prospectors; Square Jaw Davis, railroad engineer; Jim Tierney, detective; Johnny Caruthers, flyer; Tod Moran, seaman; Alan Kane and Ted Dolliver, adventurers in science, and others identified exclusively with The American Boy.

However, with a larger magazine will come new fiction characters and an enlarged sports, defense and adventure program in the non-fiction field. Greater recognition will be given to outstanding boys the country over and an exceptional achievement will be rewarded with the boy's picture on the front cover. This feature was inaugurated with the November issue which carried on the front cover the picture of America's outstanding driver of high school age.

Teachers, librarians, parents, and leaders of boys' groups recommend The American Boy enthusiastically. They have found that, as a general rule, boys who read The American Boy regularly advance more rapidly than boys who do not read it. Through the leadership and sportsmanship of its fiction characters, boys are imbued with a desire to become leaders, to develop the high ideals and courage the heroes themselves display.

To subscribe for The American Boy simply send the name and address of the one who is to receive the magazine together with proper remittance (\$1.99 for one year or \$2 for three years) direct to The American Boy, 730 Second Blvd., Detroit, Michigan.

In addition to the day-to-day needs for training in first aid and life saving disaster relief and nursing, the American Red Cross has taken an important part in the national defense program. Increased responsibilities have resulted in a need for increased membership. Join today and help the Red Cross widen its service in a year when it is most needed.

CONSTABLE'S SALE THE STATE OF TEXAS, County of Hamilton.

NOTICE IS HEREBY GIVEN That by virtue of a certain execution issued out of the Honorable County Court of Hamilton County, on the 10th day of October, 1940, by J. T. Dempster, Clerk of said County Court of Hamilton County, Texas, for the sum of Four Hundred and Thirty-Three and 25/100—(\$433.25) Dollars, and costs of suit, under a judgment in favor of G. M. Carlton Bros. & Co., Inc. in a certain cause in said Court, No. 911 and styled G. M. Carlton Brothers & Company, Incorporated vs. Mrs. Corene Lackey, placed in my hands for service, I, B. F. Williams, Constable Precinct No. 3, Hamilton County, Texas, did on the 11th day of October, 1940, levy on certain Real Estate situated in Hico, Hamilton County, Texas, described as follows to-wit: A part of Block No. 35, Division No. 1 of the City of Hico, being a lot 79 feet by 129 feet, ALSO a part of Lot No. 4 in Block No. 3 of the Cox & Weaver Subdivision of the Mary Wood Survey in Hico, Texas, being a lot 290 feet by 190 feet, and ALSO a part of Block No. 1 in Block No. 11 of the Cox & Weaver subdivision of the Mary Wood Survey in Hico, Texas, being a lot 129 feet by 137 feet, and all said lands being better described by metes and bounds in original levy herein and on the deed records of Hamilton County, Texas, referred to and made a part hereof for a better description, and levied upon as the property of Mrs. Corene Lackey and that on the first Tuesday in December, 1940, the same being the 3rd day of said month at the Court House door, of HAMILTON COUNTY, in the City of Hamilton, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said judgment I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Mrs. Corene Lackey.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Hico News Review, a newspaper published in Hamilton County.

Witness my hand, this 12th day of October, 1940.

Margie Welborn thought she had all the office force intimidated to such an extent that nothing more would be said of the incident, but we get around. Attending her first really big rodeo and horse show last week at Fort Worth as Queen of Hico, Margie had the time of her life. Those who had any fears that the 14-year-old blonde might be a little inexperienced in such a jettling were moved to exclamations when they glanced around and found Margie quite at ease on Leo Carrillo's knee. From reports, both Leo and Margie seemed to be enjoying themselves.

Last week we got around to meeting Mrs. J. C. Laney, about whom we've been hearing for some time, but just never had occasion to meet. Mrs. Laney has moved into town from her place out on Route 5 because she thinks her sister, Mrs. Em Vickrey, needs somebody to take care of her through the cold winter months that are sure to catch us soon. And Mrs. Vickrey is telling friends that she is going to take care of Mrs. Laney. Now we don't know which to believe. In fact, we have just about decided to discount both stories. We've known Mrs. Vickrey a long time and we have just been talking to Mrs. Laney and we don't believe either one of them needs any looking after. Maybe it's just a conspiracy which—by the way—Mrs. Wylie McFadden has joined. We are plotting to drop around some time for a little attention our way. Somewhere in that trio there's bound to be one that makes good chocolate pies—and that's the one thing we can take care of.

It's not a rumor, but came from the young man himself. He works at a service station and says he is absolutely getting married the first of December. To Celebrate Friday

J. J. Smith and his sister, Mrs. J. M. Starley, plan to celebrate next Friday the anniversary of their arrival in Hamilton County 66 years ago. They will observe the occasion with a dinner in the presence of a few friends and relatives, and more than likely tales of former days will be told. Mr. Smith, who remembers this country as it was at that time, says that the younger generation would be amazed if they could only get his impression of how it was then, when every man had to go armed with Winchester or pistol—not so much for protection against his fellow-man as against wild animals and marauding Indians.

The family came here from Collin County, settling about eight miles below Hico, near the point of the mountain. At that time there were few white settlers in this part of the state. Of the original settlers at that time, Mr. Smith can recall only eight of the number still living here. The death of the late Mrs. George Crist took one from that number.

Mr. Smith also recalls that mail was delivered only once each week, on Wednesday, and recounts a lot of similar things that seem strange in this modern age.

TOMATOES—Lush and Red are now at their sun ripened best

declares Dorothy Greig

NEAR where I live is a famous soup kitchen. One morning at this time of year the air is filled with a sudden all-pervading fragrance. The tomato season has begun!

For weeks then, converging down every road, come thousands of trucks laden with shining red tomatoes bound for those soup kitchens. They hurry, do the trucks, urged by the desire to capture within a few scant hours the fresh perfection of the tomatoes. For these tomatoes were picked only after Mother Nature had in her fullness ripened them redly through to their very hearts, and blessed them with rich vitalizing juice.

Right now, too, ripe tomatoes abound in our markets. At no season are they finer in flavor. Let's serve them often, while we may, in salads, as a relish. Tomatoes are a truly abundant source of Vitamin C. A big glassful of tomato juice at breakfast, for instance, gives us our supply of this vitamin for the day.

Another way to enjoy the flavor and goodness of tomatoes is in cooked dishes. Here canned tomatoes, condensed tomato soup and tomato juice are particularly suited to our purpose. This ham ring contains tomato soup, is easy to make and is a beautiful blending of meat with tomato flavor.

Baked Ham Ring

1 1/2 pounds raw ham, ground
1/2 pound fresh pork, ground
1 1/2 cups soft bread crumbs
1 can condensed tomato soup
2 eggs
2 tablespoons chopped onion
1/2 teaspoon salt
1/2 teaspoon pepper

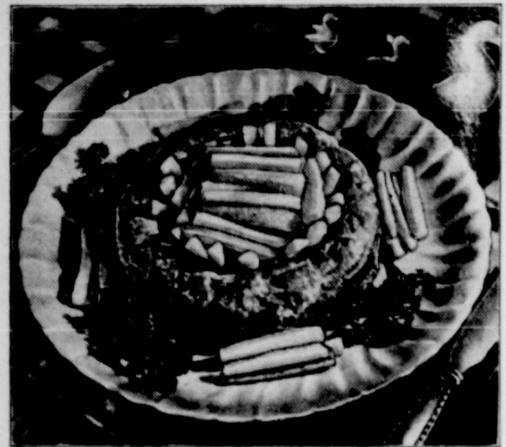

Combine all ingredients and mix well. Pack into a buttered ring mold and bake in a moderate oven (350°) for 45 minutes. Fill the center of the ring and garnish the platter with cooked carrots. Serves 8.

And here's an idea for a hot slaw that is quite unusual.

Hot Tomato Cabbage Slaw

1 1/2 cups tomato juice
1 quart shredded raw cabbage
1/2 teaspoon salt
1 tablespoon butter
2 1/2 teaspoons sugar
1 pinch pepper

Cook the shredded cabbage uncovered, in the boiling tomato juice. Add salt and turn cabbage occasionally so that it all cooks in the juice. Cook 15-20 minutes. Add salt, butter, sugar and pepper and heat thoroughly to blend the flavors. Serves 4.

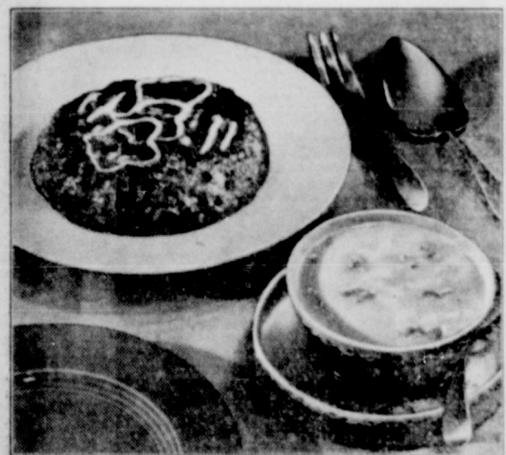

A Baked Ham Ring with a glorious tomato flavor is filled and garnished with carrots.

ANY GIRL CAN BE A GOOD COOK...

you follow the recipe and you come out right

declares Dorothy Greig

Grilled Chopped Spanish Steak with Mushroom Sauce—simple to make and delicious to eat.

GREAT GRANDMOTHER had hard going. Besides putting up with great grandfather, whooping Indians and cotton stockings, she had the recipes of her day to fret her soul.

Such blithe instructions as "take six eggs and their equal weight in sugar" or "add enough milk to make a good batter" did little to insure the success of the dish in question.

Taking the inaccuracies out of recipes and putting exactness in did more, perhaps, than any other one thing to improve cooking and cooks.

Present day recipes list precise quantities down almost to the last grain of salt. Directions are so explicit there is little excuse for failure. Follow the recipe exactly and success is yours. "Exactly", however, means just that. No straying off into little side sallies of your own, if you please. Just be a good girl and believe what you read on the printed page.

For example, when you follow the recipes here, you will have a grilled meat dish with all the juices kept in, served with a delicious mushroom sauce. And the squash will have lovely flavor.

Grilled Chopped Spanish Steak with Mushroom Sauce

1 pound beef, ground
1/2 cup condensed cream of mushroom soup
1 cup soft bread crumbs
2 tablespoons cooked green pepper
2 tablespoons chopped pimiento
1/2 teaspoon salt
1 pinch pepper

Mix together the ground beef, cream of mushroom soup (just as it comes from the can), bread crumbs, green pepper, pimiento and seasonings. Shape into a steak about 7 inches in diameter and 1/2 inch thick. Grill under the broiler 8-12 minutes. Garnish with green pepper rings. Serves 4-5.

Mushroom Sauce

1/2 cup condensed cream of mushroom soup
1/2 cup milk
1/2 teaspoon Worcestershire sauce

Empty the cream of mushroom soup into a saucepan, mix well and then add the milk and Worcestershire sauce. Serve over the "Grilled Chopped Spanish Steak."

Savory Summer Squash

1 1/2 quarts summer squash
1 can condensed consommé
1 tablespoon butter
Pinch of pepper

Peel the squash and cut each white disk-shaped squash into 6 or 8 pieces. Cook the squash in the boiling consommé for 10-20 minutes, covered. Then drain and cook down the remaining liquid until 1/4 cup remains. Add butter, pepper and cooked squash and heat well to blend the flavor. Serves 4-5.

A LUNCH with HOT FOOD helps Jack and Jill work with a will

by Dorothy Greig

"HURRY home at noon", Mother would tell us youngsters. "There'll be a good hot lunch waiting for you." Mother was a great believer in the powers of wholesome food to solve most problems of life. "No excuse for poor marks after that lunch", she'd say.

And she spoke more truly even than she knew. Food authorities tell us that children need a well balanced, nourishing meal at noon, preferably with some hot food. Only then can children be expected to study well. A good lunch renews their vitality and helps keep them alert for the afternoon's work.

The hot food may well be soup—nourishing, and easy to prepare. Or it can be a simple casserole. For instance:

*Recipe given below

Cream of Chicken Soup* Fruit Salad with Cream Cheese Sandwich Milk

Tomato Juice Casserole of Macaroni and Cheese Raisin Carrot Sticks Whole Wheat Bread Baked Apple Milk

Cream of Tomato Soup (to condensed tomato soup add an equal quantity of milk) Grilled Cheese Sandwich Celery Hearts Rice Pudding Milk

Creamed Ham and Potatoes in Mushroom Sauce* Jellied Carrot and Pineapple Salad Bread and Butter Milk

Vegetable Soup with Crackers Sliced Egg Salad on Lettuce Oatmeal Cookies Milk

Cream of Chicken Eggs* (youngsters love the hint of an (this))

1 tablespoon butter
1 tablespoon flour
1 cup milk
1 can condensed chicken soup
1/16 teaspoon grated

Home at noon to a nourishing, high vitality lunch.

Melt the butter in a saucepan and add the flour and cook until frothy. Then add milk and the chicken soup and cook until thickened. Add the grated orange rind about five minutes before serving. Serves 3-4.

Creamed Potatoes and Ham in Mushroom Sauce* 1 can condensed cream of mushroom soup 1/2 cup milk 2 cups potatoes, diced 1 cup ham, diced 1/16 teaspoon grated lemon rind Empty the cream of mushroom soup into a saucepan and stir well. Then add the milk, potatoes, ham and grated lemon rind. Heat & blend the flavors. Serves 4-5.

American Eagles

WASHINGTON, D. C. . . . An "Eagle Squadron" of thirty-four American pilots has been formed and is ready to set out for England to battle Hitler's Nazi fliers. Shown here is William E. G. Taylor, 35, a first lieutenant in the Marine Corps Reserve. He will be in active command.

So, You're Going To China!

THE young lady whom Lowell Thomas, famous radio commentator, is congratulating has just won a nation-wide essay contest and embarks shortly for a trip to Chungking, China, via the China Clipper, with a check for \$1,200 (part of the prize) tucked into her purse. The other two smiling in the rear are second and third prize winners.

It was fitting that Thomas, one of the distinguished judges of the China Essay Contest, should lead the vanguard of congratulations, dressed in the ceremonial robes of a Chinese gentleman. The awards took place at an exotic banquet in the Ford Motor pavilion at the New York World's Fair, attended by eighty men and women notable in American life including Pearl Buck, Rear Admiral H. E. Yarnell, Dr. Roy Chapman Andrews, Anna May Wong, Dr. James Rowland Angell, Contest Director Phebia Thomas Thornburg, and the sponsor—William D. Pawley, president of the Intercontinent Corporation, a long-time resident of China. Pawley holds the record for crossings on the China Clipper, chalking up 14 trips to date.

The Oriental note of the evening was carried out by the decorations (a formal Chinese garden at Autumn Festival time) to the favors and programs bound in Chinese brocade and valuable pieces of treaty silk. The winners and invited guests of the China Essay Contest were greeted by Fred L. Black, director of the Ford Exposition.

The happy top winner here is Minerva F. Desing of Collingswood, N. J., graduate student at the University of Pennsylvania. The other winners were Richard E. Carl of Edison, Ohio, graduate student at Ohio State University, who took second place with a prize of \$750; and Helen Averitt of Pasadena, California, a junior at Pasadena Junior College, who took third prize with an award of \$500.

The contest was open to all students of American colleges. Seventy percent of the accredited colleges participated. Essays came in from 45 of the 48 states.

Ford's Dobbin Honored

DOBBIN, dancing star of the gay horse opera "A Thousand Times Neigh," stage attraction in the beautiful theater of the Ford Motor pavilion at the New York World's Fair, is pictured receiving a new honor from Lorraine Sherwood, radio commentator who broadcasts for the Port of New York Authority. The medal which Miss Sherwood is affixing to his silk-like neck proclaims that Dobbin is the only horse in the world which has permission to travel under his own power in the tunnels or over the bridges operated by the Authority. So, if you should see Dobbin prancing merrily through the Holland or Lincoln vehicular tunnels which connect New York City and New Jersey points or gambling over one of the giant bridges, don't call the nearest officer. In reality, of course, Dobbin is a "two-man" horse which has been quite the hit of the World's Fair this summer. He appears twelve times daily in the elaborate stage presentation, which, together with a technicolor movie and the last word in fashion shows, comprises the Ford Playhouse daily program. By the end of the Fair on October 27, more than 1,700,000 persons will have roared at Dobbin's crazy antics, representing full capacity of the theater for the period. Ford Motor officials have estimated that more than 6,250,000 persons will have visited the exhibit by the closing date. The Ford car is a 1941 DeLuxe Tudor—wider, longer and more comfortable than preceding models.

Coed Dances in Flarechute Dress

Military influence is not exclusive with Paris coutouriers this season. Norva Gene Cate, Texas State College for Women senior from Austin, is wearing an evening gown that she made from a flarechute. A Kelly Field cadet, whose nightly work includes letting loose a flarechute, smaller than a parachute and designed to show him whether he's going to miss the city water works or hit the landing field, sent one to Miss Cate. Upon receipt of the aerial souvenir, she made this dress which might well put professional stylists to blush, and unless you're in on the secret, you'd never guess that the modish creation was first turned out at Picatinny Arsenal, September, 1939.

TRADING AT HOME

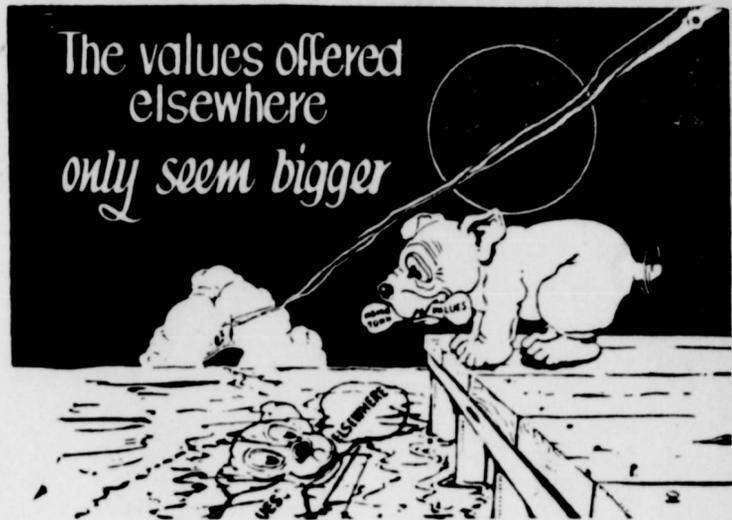

Means Serving Your Own Best Interests

When a town or city progresses and grows it is because the people change their attitudes. Since attitude is merely a viewpoint, all attitudes are subject to change. The physical structures of a town such as buildings, parks, playgrounds, are created and improved only as the people living in the community see the need and make up their minds to have them.

Co-operation, unselfishness, faith and organization are means by which these civic improvements are acquired.

A Trade-At-Home Campaign is one which helps to change the attitudes of a given community. There is nothing selfish about a program of this nature because every one in the community shares alike at the present or in the future.

The program in Hico conducted during the past few months has shown results because it has helped folks to think just a little bit more about each other and their community. It is unfortunate that many who want to cannot do more, but regardless of how small or large their contribution to such a program is—

SCHOOL NEWS

Dear Aunt Min:
 Hello, old dear, what's on your mind this morning?
 Gosh, did you see that "Reward" notice in the paper? It said, "Lost, my crocheted Reward, one penny. Return to owner at once."
 It seems, Auntie, that all of the ball girls are going to the gym right after dinner.
 Aunt Min, old dear, there is not much news this morning, so I guess I'll sign off. Love,
 SALLY LUE.
 P. S.: I forgot to ask you, do you like peanut butter and banana sandwiches?
Girls' Sport News
 The girls went to Shive Friday

evening and played Shive on a dirt court. To our dismay, we got beat. But we hope to do some good on our gym floor when we meet them Tuesday night at Fairy.

Senior News

We Seniors are all a bit lazy this morning, but all in very good spirits. We have been very busy studying our play and some of us (them) know the first two acts already.
 Why does Mrs. Dutton require us to have those old talks and say our poetry this week? We are having the talks this morning and some of them are very interesting—even if I am writing news during class.
 We Seniors are all glad the skating rink is coming here this week. We hope to sponsor it one night.

Junior News

Wonder why everyone wishes this was Thursday? We have planned to celebrate Thanksgiving on that day.
 The Juniors may not have a reporter to write their news next week, because we are going to start skating in the gym. You can guess the rest.
 Eloise Claunch spent Friday night with Mary Burney.
 Ray Arrant spent the week end in Hico.
 So long until next time.

Ninth Grade News

The Ninth Grade attended a picture show at Hamilton last Wednesday night. The show was "Boom Town." We invited the Tenth Grade to go with us. We enjoyed it a lot.

Freshman News

We are proud the skating rink is up here. Some of us know how to skate, but those that don't are going to try to learn.
 We have had thirteen experiments in Science.
 Jimmie said hello to Mrs. W. and Mrs. C. in Waco.

Seventh Grade News

We are looking forward to a big turkey on Thanksgiving. We will turn out on Wednesday evening. We are sorry to say Tillie Mae Cozby is absent.
 We are studying very hard because next week is test week.
 Wonder why—
 Nelda Joy is sad?
 Mary Frances is very happy?
 Mary Alice and Patsy Ann seem to be putting bugs in each other's ears?
 So long until next week.

Fifth and Sixth Grades

It is one more day until Thanksgiving, and we are going to get off for four days.
 In our rooms there are about seven who are going to skate this week.
 Mr. Columbus is going to pay our way to the show and skating rink this week.
 Louise Parks is going to spend the day in Axtell Sunday. She is going to see Ila Ruth.

Third and Fourth Grades

Here it is Thanksgiving, and Christmas is just around the corner. Holidays are always welcome in our room.
 Some of our pupils reported a very exciting week end. Seems that horseback riding was the main attraction.
 We don't know for sure but we heard a little gossip about a skating rink. Texie Allison thinks it might be wise for each person interested in skating to take out accident insurance. John Shipman said he thought a cushion would be more protection than an insurance policy.
 The Fourth Grade pupils are running a reading race with the Fifth Grade pupils. It is going to be a close race. We are trying hard to be better readers.

First and Second Grades

The First and Second Grade room has two new students. They are Mary Belle and Hattie Lou Dennis. We are glad to have them.

INSPECTS PRIZE-WINNING HEREFORD

KANSAS CITY, MO., Nov. 19.—Here's William Summers of Trenton, Texas' Lone Star Farmer, inspecting a prize winning Hereford heifer from the Silver Creek Farms of Fort Worth, Texas, being shown at the American Royal Livestock Show, which is held in conjunction with the National Future Farmers of America Convention this week. Three hundred Texas Future Farmers viewed prize livestock and agricultural exhibits sent here from every state in the Union.

The DOCTOR
He's the Story
 W. E. Asplingham, M.D.

CANCER CURES

Archigenes, who lived in the second century, was, perhaps, the first surgeon who operated on a patient with cancer and his description of his observations in this field are most interesting. Hippocrates, Galen, Celsus and other early medical writers recognized this disease also, and learned then, as we doctors know now, that if properly treated in its initial stages, the possibilities of saving the life of the patient were very good.
 The early Arabian surgeons, borrowing pages from Greek medicine, operated regularly on cancer patients with success, and perhaps made the greatest advance of the time in the treatment of this condition.
 When the microscope was first devised it was considered a scientific toy, and medical men paid slight attention to it in doing research work or in studying diseases. Gradually, as it was perfected, its great possibilities were seen, particularly in studying the smallest units of the living tissue of the body, namely, the cells—for the human body is nothing but an aggregation of cells.
 Then came Virchow, who discovered, with the aid of the modern microscope, that disease was merely the changed and disordered cells of the living tissues. Today no physician's equipment is complete without a modern microscope, and it serves a thousand purposes in making a diagnosis.
 If you suspect you have a foreign growth in any part of your body, do not for one minute have anything to do with the quacks who thrive on people thus troubled. These men know nothing about cancer and the most remarkable thing about the leading quack who specializes in cancer treatment is that he died of this very disease recently. The thing to do is to consult your doctor and abide by what he advises.
 Last year the majority of persons who died of cancer in the United States never went to a registered physician for assistance. Instead, they consulted quacks, took their remedies and died, when a great number of them might easily have had their lives prolonged, or been completely cured.
 One quack, for a large fee, sold each person a bit of blue glass which, "when the sun's rays shone through it on the cancer, cured the ill one." A Chinese "herb doctor" sold perfumed joss sticks for the cure of cancer and printed a testimonial from a United States Senator, in which he thanked him for curing him.
 Cancer is curable if properly diagnosed in its early stages. Twenty years ago I operated on a doctor's wife for cancer and she is today alive and well. Every doctor can give similar testimony. Deaths from cancer can be reduced materially in this country if doctors are consulted and quacks ignored.
 Soldiers do not charge on the run. In actual fighting, most charges are made at a walk.
