Archbishop Spellman Has Audience With Pope

(Radiophoto by NEA) Archbishop Francis J. Spellman, left, of New York City leaves the Vatican Palace after a special audience with Pope Pius. He is accompanied by Monsignor Edward J. Quinn of Cincinnati, Ohio, right.

O. C. Harper Elected C. Of C. President

O. C. Harper, prominent independent oil operator, was elected president of the Midland Chamber of Commerce at its annual banquet and membership meeting Friday night in the Scharbauer Hotel Crystal Ballroom. He was advanced from executive vice president to head of the organization by the unanimous vote of its directors.

George W. Glass, retiring president, was elected first vice president. Fred Hogan, acting mayor, was re-elected second vice president, and Clint Dunagan, a leader of Midland JayCeers, was elected third vice president. Dunagan is a past state president of the JayCeers.

John P. Butler was re-elected treasurer of the Chamber of Commerce. Thirty directors were elected to the Chamber of Commerce. New directors include James L. Daugherty, Dunagan, Stanley M. Erskine, Paul Howell, John B. Mills and Henry Murphy.

Directors re-elected include James N. Allison, R. M. Barron, Butler, H. S. Collins, H. F. Fox, Fred Fromhold, Glass, D. H. Griffith, Harper, J. E. "Eddy" Hill, Hogan, John Hughes, John W. House, W. L. Kerr, Paul McHargue, J. C. Miles, R. L. Miller, Roy Parks, R. D. Scruggs, J. C. Smith, O. W. Stice, Dr. John B. Thomas, M. C. Ulmer and R. L. Wood.

Five Essentials List
"Cities are what men make them," James E. Gheen, of New York City, one of the nation's best known Chamber of Commerce speakers, told the annual meeting. "Business is cheaper than idleness."

He listed five things which a chamber of commerce must have:

1. An active working membership.
2. An adequate financial income.
3. A definite and comprehensive program of work.
4. A committee system of organization.
5. A competent, trained executive.

"As your chamber of commerce is—so is your city," he told the meeting. "Combine your forces to investigate, enunciate, and stimulate. A chamber of commerce is a community at work. Organization is the art of getting men and women to respond like thoroughbreds."

After advocating simplified government, Gheen suggested only three questions should be necessary on an income tax return—"How much did you make? How much is left? How come?"

The chamber of commerce idea is proved by years of organization work, he continued.

Citizens Are On Trial
"You are on trial to prove you can maintain a chamber of commerce. Have a big idea. People are interested in you just about as much as you are interested in them. A great community must have a

POPE CITES WORLD FRATERNITY THROUGH CHRISTIANITY

Cardinals Await Ceremonies

VATICAN CITY — (AP)—Pope Pius XII cited Saturday as an example of "a unity and fraternity" for a war-shattered world the papal consistories opening Monday to create 32 new cardinals from 19 countries in six continents.

Addressing the new Spanish ambassador to the Holy See, Pablo de Chaurrua y Dotres, Marques de Ayacuena, who presented his credentials, the Pontiff said:

"The beginning of your new and honorable mission takes place at a moment in which high prelates from all parts of the world gather in the center of Christianity, offering to a world which slowly recovers from the bitter consequences

of war the edifying spectacle of a unity and fraternity that has its foundation in God our Lord."

The Pope said that by "the loving disposition of Divine Providence" Spain had been "spared the horrors of a world war."

Vatican officials, meanwhile, said they had no knowledge of a report saying the Vatican had announced that Cardinal - designate Josef Mindszenty, Archbishop of St. Ignace, last of the prelates expected for the consistories, had been refused permission by the Russians to leave Hungary.

Isn't Heard From
Gabriele Agor, former Hungarian minister at the Holy See, said a telegram was received from Mindszenty saying he would arrive on

Big Push Planned In Hospital Drive

Contributions and pledges to the Midland Memorial Hospital stood at \$70,493.50 Saturday afternoon, and campaign workers were optimistic a program of hard work this week would push the red arrow of the drive's thermometer higher and higher.

Committees canvassing the city in a far-reaching program have not all reported, and at least one is estimated to have an amount sufficient to push the total past the \$100,000 mark.

Funeral Rites For Mrs. J. W. Taylor Scheduled Sunday

A pioneer West Texan and Midland citizen for 25 years, Mrs. J. Wiley Taylor, 71, died at 11:40 a. m. Friday at her home in Big Lake and funeral services are scheduled there at 2:30 p. m. Sunday.

The Rev. W. I. Taylor will officiate at the ceremony to be held at the First Baptist Church. Burial will follow at Big Lake under direction of Harris-Luckett Funeral Home of McCombs.

Mrs. Taylor died following an illness of many months. Her condition had been critical for some time.

She was the wife of a former Midland postmaster who also served as sheriff and tax assessor here.

The Taylors came to Midland in 1899 and lived here until 1925 when they moved to Best. He was postmaster at Best for four years and then became County Judge of Reagan County. She became postmistress and served two years.

Married 50 Years
The Taylors observed their 50th wedding anniversary in 1945.

She was a member of the First Baptist Church.

Mrs. Taylor had lived in Big Lake 13 years and Reagan County 20 years.

Survivors include: the widow, J. Wiley Taylor, three daughters, Mrs. Ellis Cowden of Midland, Mrs. Ted McCrackin of Trout, La., and Mrs. Ross Clark of Abilene; one son, J. Wiley Taylor Jr., of Center, Texas; three brothers, Travis Skipper of Dallas, Jim of Hachita, New Mexico, and E. W. of Corpus Christi; two sisters, Mrs. D. C. Underwood of Biola, Texas, and Mrs. Aline Sheppard of Fort Worth; five grandchildren and three great-grandchildren.

Former Citizen Gives
One former citizen, proud of Midland in this great endeavor, made a contribution Saturday while visiting in the city.

Many questions have been asked of campaign workers which they immediately could not answer in full. For that reason the entire by-laws of the Midland Memorial Foundation are published Sunday in the newspaper.

The campaign has not bogged down. It is undergoing planned and expected reconstruction, renewal of programs and normal reactions. Many contributors after learning full details of the hospital's proposed operations, have increased contributions.

This week more and more Midland citizens will have the opportunity to answer the plea of humanity and civic pride in Midland. Midland is not looking back. Give today, don't delay.

Weather
Fair and warmer Sunday. Minimum temperature Saturday was 32 degrees, climbing to 56 degrees in one hour. Temperature Saturday afternoon was 64 degrees and rising.

Yanks Ignore Fraternization Protests

GM Strike Settlement Expected

By The Associated Press
The nation's reconversion drive, sparked by a higher national wage-price policy and swift collapse of the paralyzing steel strike, took the green light Saturday.

Less than 24 hours after the striking CIO Steelworkers reached agreement with the U. S. Steel Corporation, these were the developments:

1.—The nation's second and third largest steel companies—the Bethlehem Steel Company and Republic Steel Corporation—joined the back to work movement along with several other producers by reaching settlements with the striking CIO Steelworkers.

Other signers included the Crucible Steel Company of America and the Aluminum Company of America.

Murray said he expected agreements would be reached before Sunday night with Wheeling, Inland, Youngstown, National, Pittsburgh, Sharon, and Allegheny-Ludlum.

On this basis, he said, "over 90 per cent of the employees now on strike in basic steel" would be available for work in the reopening mills no later than Sunday evening.

GM Strike End Looms
3.—Special Federal Mediator James F. Dewey, commenting on renewed negotiations in the 88-day old General Motors strike at Detroit, said agreement may be reached "at any time."

John C. Collet, said the steel settlement and the administration's new wage-price policy indicated the country was "over the hump" of its major industrial troubles and that a "splendid opportunity" existed for attainment of full production.

With promulgation of the new wage-price policy, administration leaders watched hopefully for possible breaks in other major disputes, such as the strike of 175,000 electrical workers.

The vast majority of the 1,430,000 strike idle in the country, including 750,000 steelworkers, are off the job because of demands for higher wages.

Agreements "Four In"
Following the U. S. Steel agreement, CIO negotiators got together with management representatives in a half dozen major cities. Lee Pressman, CIO general council, said reports of agreements or pending agreements were "pouring in" at CIO headquarters.

Republic, the nation's third largest steel producer, signed on the same basis as U. S. Steel—an 18 1/2 cents hourly wage boost. Aluminum settled for 19 cents an hour, but didn't grant a retroactive increase to January 1, as provided in the U. S. Steel and Republic settlements.

Bethlehem's agreement, covering 75,000 workers, also duplicated the U. S. Steel pattern.

Republic employs 38,700 and Aluminum, 14,000. U. S. Steel's agreement covered about 130,000 of the 750,000 on strike.

A number of small independent steel companies also signed agreements Saturday, based on the U. S. Steel pattern.

U. S. Steel is set to resume operations officially at 12:01 a. m. Monday, although corporation spokesmen said some workers showed up Saturday to get the plants ready.

(Continued on Page 8)

Mrs. Red Davidson Is Killed In Auto Wreck

Mrs. J. C. Davidson, well-known in Midland and wife of C. J. (Red) Davidson, West Texas oil operator, was instantly killed in an automobile accident five miles east of Graford, Texas, Friday night.

Mrs. W. L. Brown, wife of W. L. Brown, assistant to the head of the land department of the Fort Worth division of the Gulf Oil Corporation, was critically injured. She was in a serious condition in a Fort Worth hospital Saturday.

Funeral services for Mrs. Davidson are scheduled at 2 p. m. Monday afternoon at the University Christian Church in Fort Worth.

Brown formerly was with Gulf at Midland.

Mrs. Brown had not regained consciousness Saturday morning in the Fort Worth hospital, where she was brought after receiving emergency treatment in Mineral Wells. She suffered a skull fracture and two broken legs.

Enroute To Possum Dam
The women were enroute to Possum Kingdom Dam, where they were to meet Brown and his young son, who were riding in a car ahead of them.

Gulf officials here were notified Brown discovered the wrecked automobile containing the two women after he had become concerned over their not following his car closely.

Red Davidson and his late wife and the Browns are well known in Midland. The Browns lived here from 1926 to 1945.

Davidson operates in the Midland area and is head of the Cascade Petroleum Corporation and Davidson Drilling Company.

He was in Abilene when the wreck occurred and was notified of the accident. It was believed at first he was in Midland when it occurred.

No Formal Greetings On Ike's Return Home
ABILENE, KAS. —(P)—Panfare was missing Saturday as General Dwight D. Eisenhower, Army chief of staff, slipped quietly into his home town—his second stop here in less than a year—to visit his 83-year-old mother, Mrs. Ida Eisenhower.

Armless Marine Honor Medal Winner Weds
VALLEJO, CALIF. —(P)—Marine Sergeant William G. Harrell, 33, Congressional Medal of Honor man who lost both arms at Iwo Jima, was married Saturday to pretty brown haired LaRene Anderson, 18, of Vallejo.

Harrell grinned broadly as he slipped the ring on the girl's finger by means of "hooks" he has in place of hands.

Navy Chaplain James Butler performed the ceremony at the Mare Island Naval Base Chapel.

FORMER MAAF CORPORAL WRITES WIFE OF ALASKAN LINER TRAGEDY

GI Husband Of Midland Woman Is Rescued Off Liner Yukon

Expected home any day now is Cpl. William C. Vos, whose wife, Mrs. Lillian Vos, lives on Route 1, Midland.

And mightily happy both he and she will be.

You see, Corporal Vos was rescued off the liner Yukon, which recently was broken apart by gigantic waves while grounded on the Alaskan shore during a blizzard.

Was Stationed At MAAF
Vos is from Muskegon, Mich., but he is going to settle down in Midland. He was in the Army three years and formerly was stationed at Midland Army Air Field before going to Anchorage, Alaska.

He was enroute home to Midland via the Yukon when it broke apart in a gale and survivors rescued.

His wife is the former Miss Lillian Harris, daughter of Mr. and Mrs. P. H. Harris of Midland. A daughter of Corporal and Mrs. Vos is Camelia Lamoine, two months and three weeks old.

Writes Wife Of Experience
Vos wrote his wife an account of the disaster at sea.

"I am now a happy and thankful to be able to write to you again," he said in the letter dated February 6, three days after the liner was caught in the North Pacific storm. "Things have really happened in the last three days. It was 4:20 a. m. when we hit aground on the rocks and everything started happening at once—I was never so scared in all my life. I feel pretty

good now only just a little dizzy. We are in a gymnasium somewhere and I don't know how we got here. I was X-rayed today but nothing is wrong. I've lost some filling from my teeth and others are loose. GIs helped save women and babies.

"The waves were tremendous. Fin-

Man Is Pulled Aboard Yukon From Sea

This NEA photo shows one of two men being pulled from the icy waters onto the Yukon. The first-hand letter-account of the tragedy says two men pulled out of the waters were frozen to death, an angle not brought out in news stories immediately after the rescue.

ally after seven hours of beating, the liner broke half in two. Thirteen men were washed overboard but were washed ashore and kept from freezing to death. The shore line was steep as a mountain and almost straight up. The entire boat was full of water and the stern was resting on the bottom of the ocean. Some of the fellows had dog pets in their compartments. They were drowned.

"We huddled together on the high decks for 36 hours. To hear little babies and women cry was almost more than we could bear. I know two boys are dead. Because we pulled them from the water, frozen to death. There were lots of broken legs and arms.

"Well, here is how I was rescued from the Yukon. The Air Force came to our rescue. They dropped life rafts, dry blankets, sleeping bags and other things. A life raft floated near us and five of us jumped overboard and climbed in until a coast guard boat picked us up. Honest, it was the Air Force that saved us.

"I could go on for hours but will save it until I get home."

Housing Crisis

Big objective of new Housing Expediter Wilson W. Wyatt, Jr., is to "Build as many houses as possible, as fast as possible, to rent for as low a price as possible."
"It isn't going to be done," he says, "by business as usual, building as usual, or labor as usual."
"What is not generally appreciated," Wyatt declared on his first appearance before the House Banking Committee, which is considering new housing legislation, "is that this housing shortage did not come up over night."

Today's housing shortage began back in the 20s, when more new families came into being than new houses to shelter them, Wyatt points out. In 1925 and '26, building prices reached their peak. They got so high people practically stopped building houses.

"There can be a recurrence of that situation," says Wyatt, "so people shouldn't be frightened out of housing today."

All through the depression 30s with from 8,000,000 to 10,000,000 people unemployed, there was little new housing built. Over a million families lived doubled-up with relatives.

In 1940 there were a million marriages, but only 700,000 new housing units. The 300,000 unit shortage was typical of the past 20-year period.

In five years of war, during which the population increased 8,000,000, little new permanent housing was built. People had the money to pay for it, but the materials weren't available. So they continued to live doubled-up or in government-built temporary housing.

Today 5,000,000 discharged veterans have been piled in, and by the end of 1946 it will be 10,000,000. Housing authorities estimate a minimum shortage of two and a half million houses by the end of 1946, 3,000,000 by the end of 1947, then 600,000 more every year after that.

It is to clean up this mess that Expediter Wyatt is bringing forth his new program to get housing construction started again. He will have four major approaches.

First will be to get materials flowing so that a house won't have to be stopped once it's started. Increased production of substitutes and new materials will be encouraged. Mass production techniques learned during the war will have to be used.

Second will be the labor problem. Apprentice training will have to begin immediately.

Third, every available bit of shelter will have to be used. Temporary war housing will have to be used. Where remote from urban centers, transportation lines will have to be extended to them.

Fourth, every community will have to work out a local program of its own.

Coast Guard Drives Toward 12,000 Goal

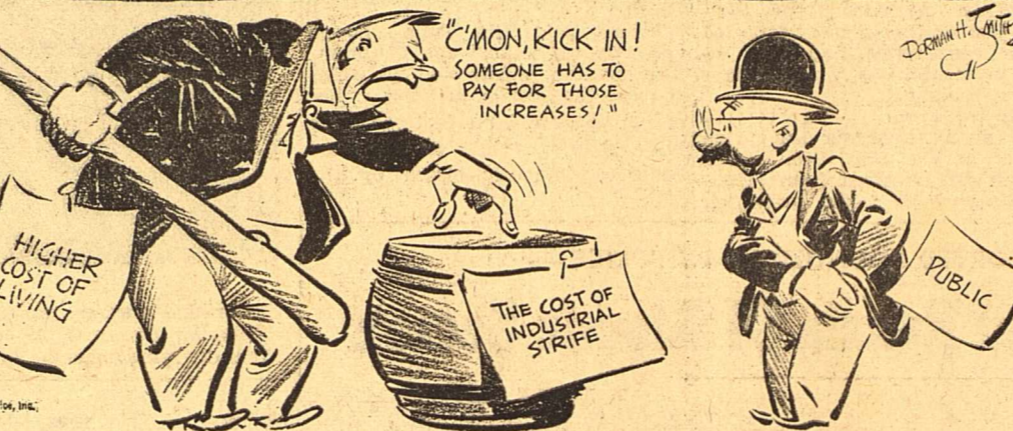

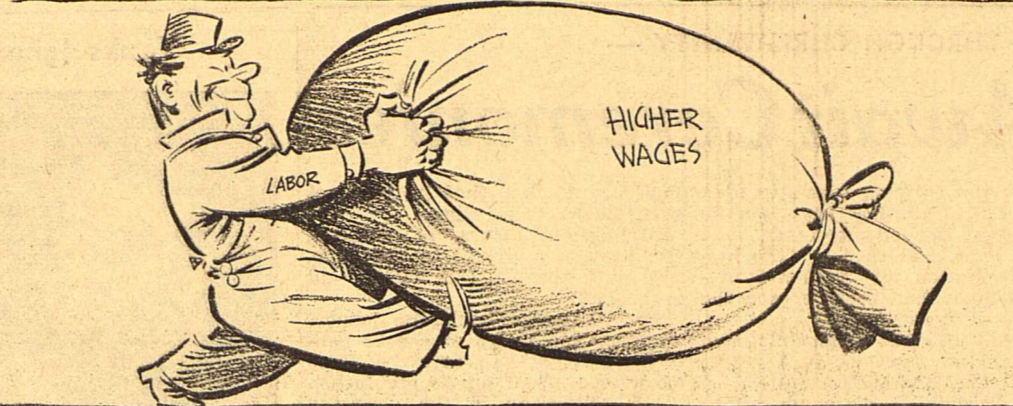

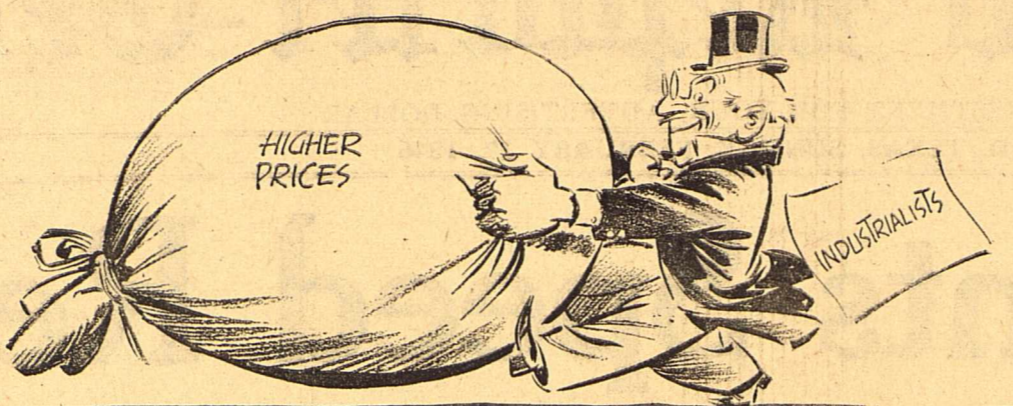

DALLAS—The nation-wide campaign to enlist 12,000 men in the United States Coast Guard is steadily moving toward that goal, "but many men are needed before it will be reached," Cmdr. W. J. Conley, Eighth Naval District Coast Guard procurement officer, said Saturday.

Young men between the ages of 17 and 25 with no previous military experience and discharges between 17 and 30, inclusive, who join now will be eligible for technical training at Coast Guard schools.

Enlistees may train to be radio-men, aviation machinist's mates, parachute riggers, pharmacist's mates, and many others. As apprentice seamen at the start, enlistees will earn \$50 cash plus the basic living expenses of food, quarters, and uniforms—equivalent of a civilian income of \$40 a week.

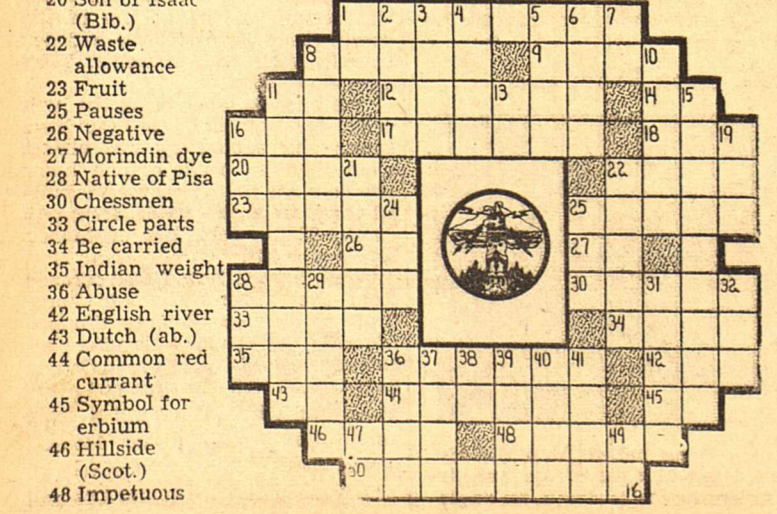

All interested men are urged to write or visit the Dallas office in the postoffice building, and learn the advantages of enlisting in the Coast Guard.

JayCees To Hold Night Meeting

The Midland Junior Chamber of Commerce will hold a night meeting Friday at the Log Cabin Inn, entertaining visiting San Angelo goodwill trippers.

The event will be staged. The San Angeloans will spend a night in Midland while on tour of West Texas booming the coming livestock show there.

JayCee directors Friday voted to recommend to the membership that the organization hold weekly meetings replacing a plan of meeting twice monthly.

It also will be offered to the membership a proposal to increase the dues of the JayCees from \$5 to \$8 per year.

Ted Thompson reported the March of Dimes campaign in Midland raised \$881.45 with \$600 net profit.

Midland JayCees will buy a fat calf at the annual Midland 4-H Club Calf Show and then sell it to raise money for the organization.

A brief is being prepared for entry in the national organization's "A" award contest. It will submit Midland's achievements entitling this city's club to the award.

158,000 Veterans Live In FHA Houses

WASHINGTON—More than 158,000 veterans' and service men's families are living in public housing administered by the Federal Housing Authority, Commissioner Philip M. Klutznick revealed in a report submitted to National Housing Administrator Wilson W. Wyatt Saturday.

Occupancy estimates as of January 31, the date covered by the report, show that veterans and service men or their families account for nearly 30 per cent of the 544,500 occupied public dwelling units.

Since V-J Day the number of veterans moving into public war housing has increased rapidly, FHA figures show. In August, 1945, the final month of the war, veterans' families accounted for only one out of every 18 families moving in. By November the proportion had jumped to nearly one out of every three. Almost three-quarters of the families moving in during November were those of either veterans or service men.

Bulldogs Break Even With Collegians As 'B' Team Wins

By TANNER LAINE

It's a long way to Tipperary. And it's a long way to go from one end of the basketball court to the other and then miss the basket! Midland went to the basket a lot of times Friday night at the high gym but couldn't sink 'em and Sul Ross College beat the Bulldogs, 30 to 23.

Freshman Star

YOUNG - TCU FORWARD

Bob Young, 6-2 1/2 freshman basketball player for TCU, is the ball-rustler for Coach Hub McQuillan's Horned Frogs this season. Young is the hard working ball hawk who feeds the boys who score the points, and hence often fails to get proper credit for his work.

But the "B" Bulldogs played a different tune. They liked the Sul Ross "B" to a merry song of 38 to 7. The varsity Bulldogs had the Lobos on the ropes at the finish and may have finished them off but for old Father Time. The collegians tired and when they did, Midland crept up strongly on them. However, Midland missed many a shot. They plunked at the basket ball in multiple numbers but it seemed to shrink.

It was 8-6 Sul Ross at the first quarter. At the half the scoreboard read 17 Lobos, 13 Bulldogs. Going into the fourth, SR led 25 to 15. In the last stanza the Midlanders fired up and made a battle of it.

A mister Johnny Prude at forward was high pointer. He maneuvered some 20 points for Sul Ross. MHS's mister Jimmy Edwards, a guard, compiled 9 points. Co-Bulldog Waylon Livingston made 8 buckets.

The box score:

Country Club To Cross Niblicks With Odessans

Midland Country Club will send a men's golfing team to Odessa Sunday for club matches with Odessa Country Club.

Tee-off time is 1:30 p. m. and the Odessa club's 18 holes will be toured.

Midland's team is composed of Bill Zylstra, Bill Parker, Jimmy Smith, V. P. Neissel, Jim Elder, Johnny Culler, Paul McHargue, Stanley Erskine, Henry Bray, Jim White, Elliott Miller, Lloyd Mackey, Fred Hogan and Bob White.

The head man of the 14-unit team will be Zylstra, who recently beat Joe Kirkwood in a special match over the Midland Country Club.

In return for Sunday's match Odessa will send its 14-man team here soon.

CHICAGO BEARS SIGN FORMER SMU STUDENT
CHICAGO —(P)— The Chicago Bears Saturday announced signing of William Orville (Bull) Johnson, former Southern Methodist University guard and blocking back, for the 1946 National Football League season. The Bears will use 208-pound Johnson at guard.

DOWN SPORTSLANE

TANNER LAINE

The little boy clutched his mother and brokenly said: "Mom, we broke a window playing ball."

The "tragedy" which has befallen all little boys for years, befell this little Midland boy Saturday.

We didn't wait for the mother's justice. From experience we knew she would probably take him by the ear and march him around to see the house owner and make arrangements to pay for the glass.

Or maybe she was a mother who thought a little boy's broken window talk wasn't too important in lieu of bridge games and parties.

Whatever the sentence, a little boy and his boy friends broke a window playing ball.

Wonder if the owner chased them? Wonder if he or she didn't grin and wait for the "culprit" to come and explain. And then might laugh it off to the cost of boyhood.

We hope the youngster slept good last night and worried not one bit. Many little boys have broken windows playing ball.

Thank God, they still play ball and there are windows to break. We saw the windows of England gone but not from little boys' home runs.

BOWLING

This week's results in the women's city bowling league follow:

Bulldogs To Enter 3-AA Tourney Friday

The Midland High Bulldogs, not very lucky in the basketball season, will journey Abilene way Friday for the 3-AA official tournament.

Winner of the tourney is the 3-AA champion. Pre-tournament scores are not considered. It is the winner take the title at the 3-AA meet.

Abilene is heavily favored to repeat as district champs. The Eagles are a hot five. Odessa is expected to furnish the chief opposition.

Midland plays Odessa the first round.

Muriel Lemley Wins Blind Bogey Tourney
Playing a blind bogey tourney over the weekend on Ladies Day at the Midland Country Club, Muriel Lemley won first with Nora Dean Hogan second.

Holes 3, 4 and 8 on the club's course were counted.

Pottery making is one of the oldest forms of human industry.

Ector And Winkler Wildcats Take DSTs On Possible New Pay Zones

By JAMES C. WATSON
Oil Editor

Wildcats in Northwest Ector County and in Central Winkler County were taking drillstem tests Saturday on horizons which might develop new sources of petroleum production for West Texas.

Stanolind Oil & Gas Company No. 1 Williamson, in northeast corner of section 5, block 45, TP survey, T-1-N, in extreme Northwest Ector, was reported to have drilled to approximately 10,220 feet, after encountering top of Ellenburger at 10,198 feet, on an elevation of 3,302 feet.

Operator had gone in the hole Saturday to run a drillstem test to check for possible oil production.

Had Slight Shows
Texas Pacific Coal & Oil Company No. 1 Brown & Altman, at center of southwest quarter of southwest quarter of section 25, block B-5, psi survey, Central Winkler County wildcat, six miles south of Kermit, had drilled to 6,102 feet, in dolomite, and was taking a drillstem test on slight shows of oil in streaks from around 6,000 feet to total depth.

This project has practically proven for the discovery of commercial production in the Holt-Permian section between 4,760-4,826 feet. Operator is expected to make thorough production tests on that formation shortly.

R. R. Herrell, et al, No. 1 Burton-Lingo, West Winkler County prospector, in section 27, block 27, psi survey, about nine miles west of Kermit, topped Delaware black lime at 5,084 feet, on an elevation of 2,383 feet, and was drilling ahead below 5,106 feet.

Operator expects top of the Delaware sand by the time 5,050 feet is reached. That formation carries oil in some areas of the Permian Basin.

Sun Oil Company No. 2 Wheeler, located on the southeast side of the Wheeler-Ellenburger field, in East Winkler County, and 660 feet from south and east lines of lease in section 13, block B-7, psi survey, one-quarter of a mile from production, found top of Ellenburger at 10,592 feet, on an elevation of 3,096 feet.

Will Run Casing
Operator was running 5 1/2-inch casing to the bottom before drilling ahead to test the lower Ordovician pay section. This project has already shown for production in the Permian Basin.

9,474 feet in lime and shale, in the Leonard formation and was continuing.

Humble Oil & Refining Company No. 1 Crespi, East Midland County prospector, in northwest quarter of section 19, block 38, TP survey, T-2-S, nine miles southeast of Midland, and one mile west and slightly north of the only producing oil and gas well in Midland County, had penetrated below 9,392 feet, in shale and lime, and was drilling ahead to around 12,000 feet.

Magnolia Petroleum Company No. 1 Parks, West Midland County wildcat, in section 10, M. Daugherty survey, had reached 3,343 feet, in anhydrite and was continuing to its contract depth of 7,500 feet.

Down For Repairs
Phillips No. 1 Elaineore, South-Central Pecos County wildcat, in section 53, block D, GC&SF survey, was temporarily shut down on a bottom of 12,096 feet, in lime, making rig repairs.

The Atlantic Refining Company No. 1-L University, located in northeast corner of southeast quarter of section 28, block 31, University survey, one mile due north of the discovery well for production from both the Devonian and from the Ellenburger, in the "Block 31" field in East-Central Crane County, was testing for production, on perforations in the casing at 8,820-8,950 feet, in the Devonian.

That zone had shown 5,600 feet of oil and gas out drilling mud during a two-hour drillstem test. The full producing ability of the formation will not be determined until all the mud is out of the hole.

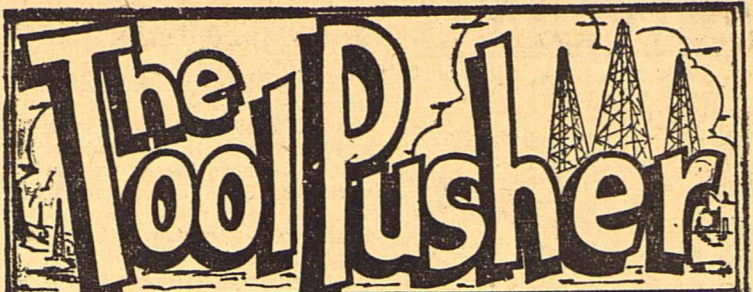

Atlantic No. 1-G University, in northeast corner of northwest quarter of section 39, block 31, University survey, one-half mile east and one-half mile south of the "Block 31" field discovery, had progressed below 9,760 feet, in lime, and was continuing. It is to drill to around 10,500 feet to explore the Ellenburger. It has already tested for production in the Devonian.

Crane Wildcat Digs
S. W. Richardson No. 1 Dawson, Southeast Crane County prospector in west corner of section 2, A. L. Brigance survey, certificate 139, had penetrated past 7,125 feet, in an unidentified lime, and was continuing.

Gulf Oil Corporation No. 1-E White, et al, East Pecos County wildcat, in northwest corner of section 15, block Z, TC survey, was making hole under 7,906 feet, in lime.

Stanolind and Westbrook-Thompson No. 35-A Hendrick, West-Central Winkler exploration, in section 33, block 26, psi survey, four miles west of Kermit, was drilling ahead below 8,770 feet, in an unidentified lime.

Placid Oil Company (H. L. Hunt) and Gulf No. 1 Thornberry, Central-West Andrews County wildcat in section 5, block A-42, psi survey, had progressed below 8,794 feet in Pennsylvanian lime.

By JAMES C. WATSON, Oil Editor

RAILWAY MAN WILL SPEAK FOR GEOLOGISTS

E. P. Weatherby, of Dallas, signal engineer for Texas & Pacific Railway, will speak at the Tuesday luncheon of the Midland Geological Society, in the Crystal Ballroom of Hotel Scharbauer.

He will discuss current trends in railroad operations and will feature a description of the working of centralized traffic control by railroads. That development is said to be revolutionizing train handling.

Weatherby has been employed by the T&P since 1904 and has been signal engineer since 1907.

Karl A. Myrdal, MGS program chairman, says the program will be of much interest.

SCOTT OF ILLINOIS WILL LECTURE TO WTGS
Dr. Harold W. Scott, of Urbana, Ill., associate professor of geology at the University of Illinois, will speak for the West Texas Geological Society, at 7:30 o'clock, February 25, in the District Courtroom of the Midland Courthouse.

His subject will be "Upper Paleozoic History of the Rocky Mountains and the Adjacent Great Plains."

The upper Paleozoic in Wyoming and Montana are important oil producing zones. Many fields have been developed in the Madison, Amsden, Tensleep, and Embarras formations. Yet, in spite of their economic importance, their wide geographic distribution, and their great thickness, it is only in recent years that they have received much intensive study.

During the years 1934-37, Scott was geologist in charge of a field party studying petroleum and stratigraphic problems in Montana as a member of the Montana Bureau of Mines and Geology. During the Summers of 1938, 1939, 1944, and 1945, he was field geologist for two major oil companies. He has done consulting and research work in micropaleontology and stratigraphy on the geology of Montana and Wyoming. He named and recognized the Big Snowy geosyncline and Big Snowy series of sediments. Scott's story of the geology of this region will be illustrated with kodachrome slides.

This is another in the series of lectures sponsored by the Distinguished Lecture Committee of the American Association of Petroleum

HERD AND REDFERN ARE NOW ASSOCIATED

J. Harvey Herd, recently released from the U. S. Army Air Forces as captain, after serving with the 15th Air Force in Italy, and in other war theaters, as a photography officer, is now associated with John J. Redfern, Jr., Midland independent oil operator.

Prior to going into military service Herd was with Standard Oil Company of Texas and worked in both the land and the geological departments.

The new partnership will carry on a general independent oil leasing, trading and development business.

GROUND IS NEW HEAD SO&G LANDMAN
W. H. Ground is the new district landman for Stanolind Oil & Gas Company for West Texas and Southeast New Mexico. He succeeds L. G. Yarborough, who resigned.

Ground comes from Tyler, where he has been Stanolind district landman. He was in the company's Midland office for a considerable time prior to 1941. He will move his family here soon.

Yarborough, who was employed by Stanolind a number of years, and who held the district land job for almost two years, is to continue to live and headquarter in Midland, and will be an independent oil operator.

BRENNAND ENDS 20 YEARS WITH STANOTEX
Robert S. Brennand, Jr., has resigned as Permian Basin district landman for Standard Oil Company of Texas. The company has not named his successor.

Brennand reveals that he plans to continue to live in Midland. He has not announced details of his plans for future activities.

He has been with Standard of Texas, and its affiliates, in West Texas, for approximately 20 years. During that time he has been stationed in Midland, Abilene and Colorado City.

Northeast Side Of Brunson Area Gets 2 Explorations To Test Ellenburger

HOBBS, N. M.—The Brunson field, in East Lea County, near Eunice, is to have two new Ellenburger explorations, on the outside of the proven producing area for deep oil.

Both projects are on northeast side of the district and are to drill to around 8,100 feet, starting immediately.

Repollo Oil Company, (Sinclair Prairie) No. 1 Brunson, 330 feet from south and 2,310 feet from east lines of section 4-22s-37e, is one-half mile east and one-quarter of a mile north of closest Ellenburger production, in the Brunson region. It is one location north of a producer from that zone.

Magnolia Petroleum No. 1 Argo-Brunson, located 589 feet from east and 731 feet from north lines of section 9-22s-37e, is the second new deep project for the Brunson field. It is one location east of a producer from the lower Ordovician formation.

West Roberts Stepout
J. C. Watson Drilling No. 2 Trimble, 1,990 feet from north and 660 feet from east lines of section 11-17s-32e, is to be a 4,200-foot prospector for pay in lime, on the outside of the West Roberts field, in West-Central Lea County.

Humble Oil & Refining Company No. 1-B Federal-Leonard, extreme Southeast Lea County Ellenburger prospector to 12,000 feet, and in northwest quarter of section 12-26s-37e, one-half mile north of the discovery well for lower Ordovician production in the Dublin field, had reached 9,476 feet, in lime and shale.

In Skaggs District
Continental Oil Company No. 4-B-23 Skaggs, in southeast quarter of section 23-26s-37e, and an outpost to Pennsylvanian production in the Skaggs Deep field, in East Lea, had reached 7,476 feet in lime, and was drilling ahead.

Taylor-Powell-Walbrich No. 1 Page, South-Central Lea wildcat, in section 26-25s-34e, was drilling ahead under 4,565 feet, in lime.

Union Oil Company of California No. 1-A McMillen, South Otero County exploration in section 9-25s-31e, had progressed below 2,867 feet, in lime, and was continuing.

Chaves Project Dry
DeKalb Agricultural Association, Inc., No. 2 White, East-Central Chaves County wildcat, in 20-10s-28e, about 25 miles east and slightly north of Roswell, had drilled to 3,955 feet, and has been abandoned and will probably be plugged.

It was decided that it would be unsatisfactory to try to go ahead in the crooked hole.

Conoco No. 1 Mullis, Southeast Chaves County prospector, in section 21-15s-29e, had penetrated below 5,501 feet, in lower Permian lime, and was continuing.

Several Slight Shows
Grayburg Oil Company No. 10-A Keeley, Eddy County exploration in section 24-17s-29e, had progressed past 3,209 feet, in lime. It had encountered slight shows of oil in lime at 2,660-2,700 feet; at 2,839-61 feet, at 2,919-39 feet, and at 3,052-75 feet.

Martin Yates, et al, No. 1 Kaiser, in section 29-18s-27e, was drilling ahead below 2,287 feet, in lime.

Harvey E. Yates No. 1 Yates-Steale, in section 32-18s-30e, was drilling ahead below 3,809 feet, in lime.

Harris G. Eastham, Jr., of Midland, No. 2 Colglazier, section 21-20s-30e, outpost to production in the Barber field, in Central Eddy County, has been plugged and abandoned on total depth of 1,758 feet, in lime, with a hole full of sulphur water. It had no indications of oil production.

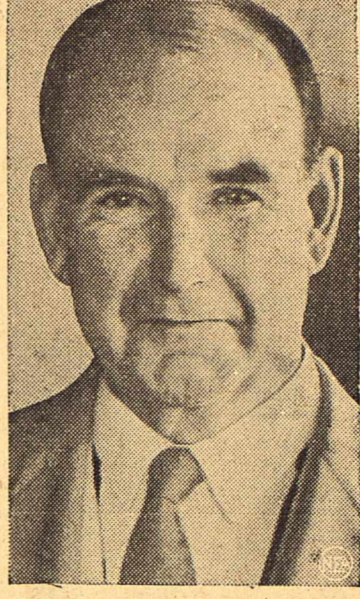

Roosevelt Projects Drilling
W. J. Peterman No. 2 Taylor, 1,781 feet from south and 1,320 feet from west lines of section 22-2s-30e, in Northwest Roosevelt County, had drilled past 1,108 feet in redbeds, on its way to its destination of 1,600 feet.

Southern Union Gas No. 1 Federal-Lucas, in section 5-2n-30e, in the panhandle sector of Northwest Roosevelt, had reached 6,010 feet in anhydrite, and redbeds, and was continuing, at last report.

Three Veterans File Discharge Papers
Discharge papers of returned service men of Midland filed Saturday at the county clerk's office included those of Edward J. Pierce, William C. Upham and Owen W. Myers.

Pierce was a first lieutenant with the Corps of Engineers. He won two battle campaign ribbons in the Pacific.

To Honor Truman

Hamilton Holt, above, president of Rollins College, Winter Park, Fla., will be host to President Truman during the chief executive's Florida vacation when Rollins College will award to Mr. Truman an honorary degree of Doctor of Humanities.

Questions, Answers For Returned Vets

Q—Why is the pension of some veterans reduced while in a Veterans Administration Hospital and others are not?
A—A veteran who does not have dependents will have his pension reduced while a patient in a Veterans Administration Hospital. If he has a service-connected disability his pension may be reduced to \$20 per month; pension in an identical or lesser amount will not be disturbed. If he has a non-service-connected disability, to \$8 per month. Those who have dependents will not have their pension reduced.

Q—How many Veterans Administration Hospitals are there in Texas, and where are they located?
A—There are at present four Veterans Administration Hospitals in Texas. General Hospitals are located at Dallas and Amarillo, a hospital for tubercular patients is located at Legion and a hospital for the treatment of nervous and mental cases is located in Waco. In addition beds are available by contract in the Brooks Convalescent Center at Fort Sam Houston, the Naval Hospital at Corpus Christi, and the Marine Hospital at Galveston.

Q—May the wife, widow, child or other dependent of a veteran be granted hospital treatment in a Veterans Administration Hospital by reason of the relationship of such person to the veteran?
A—No. Admission to a Veterans Administration Hospital, based on the service of a person in the armed forces, may be granted only to the person who served.

Q—What is the amount of burial allowance that may be payable in the event of the death of an eligible veteran and to whom is it paid?
A—The amount of burial allowance payable may not exceed \$100 and it is payable to the person or persons who bore the expense of burial.

For further information pertaining to rights and benefits, veterans or their dependents are urged to consult with one or both of the following: Merritt F. Hines, county service officer, 3rd floor Midland County Courthouse, or J. Waldo Carson, Veterans Administration, 108 County Courthouse, Odessa.

Public Invited To Legion Dance

The American Legion of Midland promises the public a good time at its benefit dance at the Log Cabin Inn Monday evening.

The dance begins at 8 p. m. and goes to midnight. Full facilities of the Log Cabin Inn are available to attendants at the dance.

Tickets are on sale by Legionnaires and at the Chamber of Commerce. Proceeds of the affair benefit the Legion's building fund.

Smith Resigns As U. S. District Attorney

WASHINGTON—(AP)—Resignation of William R. Smith, Jr., of San Antonio as U. S. attorney for the Western District of Texas was accepted Saturday by President Truman.

The resignation, effective as of last January 17, was because of "personal" reasons, Smith said in his letter.

The custom of veiling Moslem women goes back to pre-Islamic days when bands of Bedouins roamed the cities and towns.

Cotton

NEW YORK—(AP)—The Cotton futures market, after reaching the highest levels in the past 22 years and rising to gains of almost \$1 a bale, was subjected to heavy weekend profit taking which left closing values 25 cents a bale lower to 30 higher.

Dr. Harold W. Scott, of Urbana, Ill., associate professor of geology at the University of Illinois, will speak for the West Texas Geological Society, at 7:30 o'clock, February 25, in the District Courtroom of the Midland Courthouse.

His subject will be "Upper Paleozoic History of the Rocky Mountains and the Adjacent Great Plains."

The upper Paleozoic in Wyoming and Montana are important oil producing zones. Many fields have been developed in the Madison, Amsden, Tensleep, and Embarras formations. Yet, in spite of their economic importance, their wide geographic distribution, and their great thickness, it is only in recent years that they have received much intensive study.

Ickes Scores Truman On Integrity, Lists 'Untruths'

WASHINGTON —(AP)— Harold L. Ickes declared Saturday night President Truman had contradicted himself in news conference references to the Edwin W. Pauley nomination and one of the President's statements "is not true."

He added that "I would dare to dispute the integrity of the President on any occasion that my country's welfare demanded it."

Striking back at Truman's statement Friday—made in answer to a news conference question—that the former secretary of interior would not dare to question his integrity, Ickes said the President's "own record, made in his last two press conferences, constituted clear proof of the weight that should be given to his utterances."

"A week ago Thursday," Ickes said in a statement, "after I had testified before the Senate Naval Committee on Pauley's nomination for undersecretary of the Navy, he told his press conference that I had not consulted him before my appearance with respect to Pauley. 'Friday,' the statement continued, 'he acknowledged under ques-

Gigantic Machine To Build Concrete House In Day Is Announced

WASHINGTON —(AP)— Development of a gigantic machine which will turn out a complete, two-bedroom, low-cost concrete house in 24 hours was announced Saturday by Carl L. Estes, Longview, Texas, publisher.

Estes said the apparatus, to be manufactured in Texas soon, looks like an enormous hen laying an egg. It maneuvers on 12-foot high pneumatic tired wheels to the desired building site. It then turns out the new home, ready for occupancy save for the installations of window panes and finishing touches. It has an 18 by 11 1/2 foot living room.

Declaring the machine will help meet a Presidential request for 2,700,000 housing units, Estes said it had been developed after years of research by R. G. Letourneau, Peoria, Ill., manufacturer.

The cost of the machine and of the house are expected to be announced February 25 at Longview, where the machine will have its initial showing.

The exhibit will be in connection with ceremonies dedicating the new Letourneau Technical Institute of Texas, a reconverted \$7,000,000 Army general hospital recently declared surplus.

Hereford Bull Sells For Record \$7,000

SAN ANTONIO —(P)— A new record price for South Texas Hereford bulls was established Saturday afternoon at the Essar Ranch sale when A. C. Jones paid \$7,000 for Royal Essar 14th, sired by T. Royal Rupert 60th, and also paid \$5,750 for another bull.

Japan Fights To Stem Runaway Inflation

TOKYO —(P)— Premier Kijuro Shidehara appealed to the Japanese people Saturday to back the government wholeheartedly in a series of drastic measures aimed at halting the country's runaway inflation and throttling the rampant black market. Only thus, he said, could "impending catastrophe" be averted.

Texas Steel Company Meets Union Demands

HOUSTON—(P)— Sheffield Steel Company of Texas at Houston announced Saturday it would meet the steel workers' union demands for an 18 1/2 cent hourly wage increase.

Henry Wallace Says He Won't Oppose Truman

DES MOINES, IA.—(P)— Henry A. Wallace will not oppose Harry Truman for the Presidency of the United States, the Secretary of Commerce told a news conference Saturday night. Wallace also said he was "not going to resign," then laughingly asked reporters, "Now, are you through asking me embarrassing questions?"

tioning that he had told me 'to be kind to him' (Pauley). There is no way these two statements can be reconciled. One of them is not true."

Refutes Truman on FDR

The former cabinet member also said he did not believe, as President Truman said at Friday's news conference, that President Roosevelt had intended to appoint Pauley for the Navy undersecretaryship.

"The fact is," Ickes declared, "that President Roosevelt did not appoint Pauley to the Navy department."

Ickes declared that "the one great regret" he has in the present controversy "is what I regard as the President's lack of adherence to the strict truth."

"After all, the President of the United States is neither an absolute monarch nor a descendant of a putative sun goddess."

"The White House offers no immunity not vouchsafed to ordinary men. Above all others, the President should speak the truth, the whole truth and nothing but the truth."

Ickes' resignation this week came as a result of the President's statement at a news conference that the then cabinet member might easily have been mistaken about what Pauley told him at the conference where campaign contributions were discussed.

Strikes --

(Continued from Page 1)
Union leaders predicted virtually all the 750,000 strikers would be back on the job by the middle of the week.

Meanwhile, an off note to the day's chorus of labor harmony was sounded in an announcement by the CIO International Union of Mine, Mill and Smelter Workers that February 25 had been set for a strike of 7,000 members in 18 plants of the American Smelting and Refining Company. The union is demanding a 30 per cent wage boost and bargaining on a national, rather than local, basis.

Here Are The By-Laws Of The Midland Memorial Foundation

Midland, Texas

ARTICLE I. Purposes and Scope of the Business.

Section 1. **Purpose.** The MIDLAND MEMORIAL FOUNDATION is a non-profit corporation organized exclusively for charitable and benevolent purposes. The foundation shall carry on the benevolent and charitable undertakings authorized by the Charter and shall maintain, support and operate a general hospital in Midland County, Texas, for the purpose of—

1. Administering to the sick, injured, infirm, and afflicted of all creeds and races,
2. Preventing disease and promoting health,
3. Advancing research in scientific medicine,
4. Educating physicians, nurses and other hospital personnel.

The Foundation shall be maintained and operated for the benefit of the public. No member, trustee, officer, share holder, contributor or individual shall ever receive from the Foundation any special benefit or privilege and no distribution of dividends, profits or property of the Foundation shall ever be made to any member, trustee, share holder, contributor or individual.

The Foundation shall not engage in carrying on propaganda, or otherwise attempting, to influence legislation.

The Foundation shall co-operate with, or receive the co-operation of, any group or agency, public or private, in accomplishing the foregoing purposes.

2. **Principal Place of Business.** The principal place of business shall be in Midland County, Texas.

ARTICLE II. Declaration of Trust.

201. **Donations and Contributions.** The trustees may accept for and on behalf of the Foundation, any gift, donation or contribution which, in the opinion of the Trustees, will further the purposes of the Foundation. Title to all property and funds so given, donated or contributed, and the increase, income and proceeds thereof, shall be vested in the Foundation and be held, managed, invested, reinvested, disbursed and expended by the Foundation in the manner which it determines will best accomplish its benevolent and charitable purposes.

The Foundation may nevertheless receive and administer as Trustee any fund, endowment or trust established or created for any purpose not inconsistent with the purposes of the Foundation, subject to such terms, conditions, and powers as may have been imposed by the creator of the fund, endowment or trust.

202. **Fees for Service.** The Foundation may receive and charge for services and accommodations rendered by it such reasonable fees as may be necessary, together with the funds and property contributed to it, to enable the Foundation to carry on the benevolent and charitable undertakings authorized by the charter. The trustees shall prescribe from time to time a schedule of such fees and shall specify the conditions and circumstances under which such fees shall be applicable to any service or accommodation rendered.

203. **Use of Funds.** The Foundation shall be maintained, supported and operated with funds, property and services contributed to the Foundation, or made available to the Foundation through any fund, endowment or trust, and fees which may be collected for services and accommodations rendered. Unless otherwise limited by the terms upon which the Foundation is to administer as trustees any special fund, endowment or trust, the Foundation shall have full power and authority to convey, invest or expend or otherwise use any property or funds acquired by it from any source to carry on the work of the Foundation and the Foundation shall acquire, by purchase or otherwise, such property, buildings, equipment and facilities as it may deem necessary in connection therewith and shall employ or otherwise secure the services of such persons as it may deem necessary in connection therewith.

The Foundation shall determine the extent of the facilities and services which it may make available to the public in carrying out the declared purposes of the foundation within the limits of the funds and property available to it. The Foundation shall use the funds available to it solely for such purposes and shall at all times provide the maximum facilities and services which the funds will permit; provided, however, that the foundation shall create or maintain such reserves and make such investments as it determines are appropriate to provide for the continuation of, as well as the expansion and improvement of, the facilities and services of

the Foundation and in meeting increased needs of the area served or extraordinary demands upon it in time of emergency or distress and to replace or restore existing facilities or add new facilities or services.

No part of the funds or property of the Foundation, or the increase, proceeds, revenue or profits therefrom, shall ever be used to declare or pay any dividends and no part thereof shall ever inure to the benefit of or be distributed to any member, trustee, share holder, contributor or individual.

ARTICLE III. Share Holders.

301. **Number and Qualifications.** There shall be twenty-five (25) share holders. The share holders shall be the original subscribers to the Foundation, and their successors.

302. **Resignation of Share Holders and Vacancies.** Whenever any share holder resigns, dies or is otherwise unable to serve as a share holder, the remaining share holders shall elect by majority vote a successor to fill the vacancy so created and any share holder so elected shall have all the rights, privileges and responsibilities of an original subscriber to the Foundation.

303. **Share Certificates.** The Foundation shall issue to each original subscriber and each successor a share certificate as evidence that the original subscribers, and their successors are share holders of the Foundation with the rights, privileges and responsibilities thereof. No share certificate so issued shall ever be transferable by the holder thereof. Whenever a share holder has been succeeded in office or shall resign, die or otherwise be unable to serve as a share holder, the share certificate issued by the Foundation to such a share holder shall be cancelled by the Foundation and shall thereafter have no force and effect.

304. **Duties of Share Holders.** The share holders shall elect or appoint the Board of Trustees and, on their own motion or at the suggestion of the Board of Trustees, shall have authority to amend the by-laws of the Foundation and to authorize the Board of Trustees to engage in any and all benevolent and charitable undertakings authorized by the charter and not otherwise provided for herein.

305. **Share Holders' Regular Meetings.** Regular meetings of the share holders shall be held on the second Tuesday of April, August and December of each year at such hour and such place as they may determine. No notice to them of such regular meetings shall be required, and it shall be the duty of each share holder to attend the same without notice.

306. **Share Holders Special Meetings.** Special meetings of the share holders may be called by the Board of Trustees or by the Chairman of the share holders upon one week's notice, or such special meetings may be held at any time by unanimous consent of the share holders.

307. **Conduct of Meetings.** A majority of the share holders shall constitute a quorum and a majority of a quorum shall decide any question. The share holders shall choose annually from among their number a Chairman and also a Vice-chairman. The Chairman shall preside at all share holders meetings and, in his absence or inability to act, the Vice-chairman shall preside. The share holders shall choose from among their number a Secretary who shall keep the records and minutes of all share holders meetings.

ARTICLE IV. Board of Trustees.

401. **Number and Qualifications.** The Board of Trustees shall consist of eleven (11) trustees elected or appointed by the share holders. Each trustee shall possess such qualifications as the share holders shall determine.

402. **Term of Office.** The trustees who are appointees for the first year shall serve as trustees for one year and the first trustees appointed to succeed them in office shall be appointed for terms of office as follows: two (2) trustees to serve for one (1) year, three (3) trustees to serve for two (2) years, three (3) trustees to serve for three (3) years and three (3) trustees to serve for four (4) years from the second Tuesday in April, 1946, the term of each such trustee to be designated by the share holders at the time of appointment. Successor trustees shall be appointed thereafter after each year to take the place of those trustees whose terms of office have expired and each successor trustee shall be appointed for a term of four years. The

term of office of each trustee shall begin on the second Tuesday of April, or the date on which he qualifies, and he shall continue to serve until his successor shall have been chosen and qualified. A trustee may serve for as many terms as the share holders determine.

403. **Resignation of Trustees and Vacancies.** Whenever any trustee resigns, dies or is otherwise unable to serve as a trustee, the remaining trustees shall appoint a successor to fill the vacancy so created and any trustee so appointed shall have all the rights, privileges and responsibilities of a trustee duly elected or chosen by the share certificate holders.

Any trustee chosen to fill a vacancy shall be appointed only for the unexpired term of the trustee whom he shall succeed or until the next regular April meeting of the share holders, whichever is sooner.

404. **Compensation.** Each trustee shall serve without compensation.

405. **Duties.** The Board of Trustees and each member thereof shall have and exercise the powers necessary to perform all duties imposed by law and that usually pertain to the duties of directors of corporations and the business and property of the Foundation shall be managed and controlled by the Board of Trustees. The share holders shall not participate in the management of the Foundation except as otherwise specifically specified herein.

ARTICLE V. Officers.

501. **Manner of Selection.** The Board of Trustees shall elect and select all officers of the Foundation and shall have power to remove any person so chosen to fill any office. Officers of the Foundation shall be chosen annually following the regular April meeting of the share holders, unless a vacancy shall occur sooner.

502. **President.** There shall be an office of President and the President shall preside at all of the trustee's meetings. The President shall be elected from among the trustees. The President may act for and represent the Foundation in all matters and perform all duties imposed by law and that usually pertain to the office of President of a corporation.

503. **Vice-President.** There shall be an office of Vice-President and the Vice-President shall, in the absence or inability of the President, perform the duties of the President. The Vice-President shall be elected from among the trustees.

504. **Treasurer.** There shall be the office of Treasurer and the Treasurer shall have the custody of all monies and securities of the Foundation. He shall cause regular books to be kept and shall cause all monies of the Foundation to be deposited in such depositories as shall be selected by the Board of Trustees. The Board of Trustees shall prescribe, by resolution or otherwise, the manner in which the monies of the Foundation shall be disbursed.

505. **Secretary.** There shall be the office of Secretary and the Secretary shall have custody of the records of the Foundation and of its seal and shall perform the duties that usually pertain to the office of secretary of a corporation.

506. **Superintendent.** There shall be the office of Superintendent and the Superintendent shall be the executive officer of the Foundation and shall have direct supervision and management of the business of the Foundation in accordance with the policies and plans formulated, by resolutions or otherwise, by the Board of Trustees. The Superintendent shall also serve as Secretary of the Foundation, if so designated and appointed by the Board of Trustees. He shall have power to purchase, hire, contract, and arrange for materials and facilities and personnel to accomplish the purposes of the Foundation. He shall represent and act for the Foundation and the Board of Trustees in carrying out the purposes of the Foundation. He shall report from time to time to the Board of Trustees concerning progress and needs and shall be charged with the responsibility of recommending plans for operation of the Foundation. He shall attend the meetings of the Board of Trustees, even though he shall not be a trustee, for the purpose of being able to execute its policies or plans.

507. **Duties.** The officers of the Foundation shall have and exercise the powers and duties specified herein and that may be delegated to them by the Board of Trustees and that usually pertain to the office or that may be required by law.

508. **Medical Staff.** There shall be a medical staff, composed of regular physicians, which shall be organized in such a manner as to secure the best possible results. The member of the medical staff attending any patient shall have full authority in all matters of professional care, subject only to such general policies of the Foundation as may be promulgated with the concurrence of the Board of Trustees or the Superintendent. It shall be the duty of the medical staff to periodically and systematically review the work of the Foundation and thereby recommend and assist in the formulation of plans for the operation, expansion and improvement of the Foundation. The medical staff shall meet from time to time with the Board of Trustees, or a special committee thereof, for the purpose of considering, and enabling the Board of Trustees to formulate, plans which will increase the efficiency and service of the Foundation.

The medical staff shall adopt by-laws and rules and regulations, with the concurrence of the Board of Trustees under which the medical staff shall be organized and which shall govern it in its relation to the Foundation.

509. **Technical and Maintenance Staffs.** There shall be such nurses, technicians, and other employees as the Board of Trustees may determine are necessary to carry on the work, educational programs and maintenance of the Foundation.

510. **Compensation of Officers and Employees.** The officers, employees, and members of the various staffs of the Foundation, other than the President, Vice-President, and Treasurer, shall receive as compensation for their services the salaries individually determined for them by the Board of Trustees. The President, Vice-President and Treasurer shall serve without compensation, as in the case of other trustees.

ARTICLE VI. Trustee's Meetings.

601. **Trustee's Regular Meetings.** Regular meetings of the Board of Trustees shall be held at such time and place as the Trustees may determine. No notice to them of such regular meetings shall be required, and it shall be the duty of each trustee to attend same without notice.

602. **Trustee's Special Meetings.** Special meetings of the Board of Trustees may be called by the President upon one day's notice, or such meetings may be held at any time by the unanimous consent of the trustees.

603. **Quorum.** A majority of the Board of Trustees shall constitute a quorum and a majority of the quorum shall decide any question.

604. **Committees.** In order to facilitate the work of the Board of Trustees, special and standing committees may be created by the Board of Trustees. Each committee so created shall have and exercise, with reference to the matters or duties delegated to it, the powers and authority of the Board of Trustees in reference thereto. The President shall appoint the members of each committee and shall designate one member thereof as chairman. The members of each committee shall be chosen from among the trustees. The President shall be a member ex officio of each committee.

ARTICLE VII. General.

701. **Amendment of By-laws.** These by-laws shall be in force and effect unless and until amended or superseded by the adoption of new by-laws. Amendments may be proposed, considered and adopted without prior notice at any regular meeting of the share holders and likewise at any special meeting of the share holders, if the notice thereof contains the general nature or effect of the amendment.

702. **Transfer of Interest in Real Property.** Contracts to sell or lease, conveyances and leases of any real property owned by the corporation, contracts to assign and assignments of any leasehold interest owned by the corporation shall be made only when sealed with the corporate seal of the corporation, signed by the President, or, in his absence or inability to act, the Vice-President, and attested by the Secretary and when authorized by the Board of Trustees or when ratified and adopted by the Board of Trustees.

703. **Fiscal Year.** The fiscal year of the corporation shall begin on the first day of April of each year and end with the last day of March of the following year.

News Stories Are Free; Here's One About Sgt. Quick

By TANNER LAINE
 Money doesn't buy news stories in The Reporter-Telegram.
 A money order for \$2 is in the mails being returned to a friend of WAC Sgt. Jo Gregston Quick, who inclosed the money order with a sketch of Jo's career in the Women's Army Corps to this newspaper. A note said more money would be sent if needed for a news story.
 Well, miss friend of Jo's, here's your news story, but writing about returned service folk is a pleasure, and certainly there's no charge.

Friends in Midland Saturday learned of the recent discharge from the Women's Army Corps of Sgt. Jo Gregston Quick, who spent three years and five months in service.

Sergeant Quick's Army career took her by plane to many bases including a trip to Alaska for the aircraft warning service.

Entering service in 1942 the WAC took basic training at Fort Des Moines, Iowa, and then was sent to Syracuse University. Here she spent four months. Later she was assigned to recruiting for the Second Service Command.

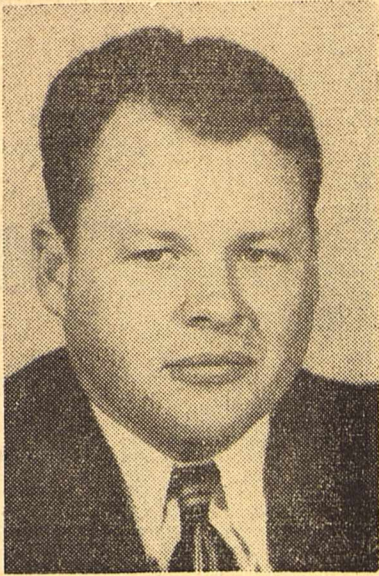

Then Sergeant Quick was assigned to the Army Air Forces and got to fly a lot of places, which is much more than many in the Air Corps get to do.

WAC Sergeant Quick liked the Army very much. But like millions of others, she was pleased to return to civilian life. (Writer's note: she can say that again.)

Sergeant Quick won the Women's Army Corps service ribbon, the Good Conduct Medal, the Alaskan Campaign Ribbon, Victory Ribbon and American Theater Ribbon. She holds several special certificates of service.

Sergeant Quick attended high school at Bloomburg, Texas. She is visiting her mother, Mrs. Endsley of Texarkana and then will go to Washington for a position with the Metropolitan Police Department at Washington, D. C.

JayCee Will Fly To Panama Parley

Taylor Cole

Taylor Cole of Midland, chairman of the International Relations Committee of the United States Junior Chamber of Commerce and a national vice president, will leave Monday to fly to Panama City to attend the first International Jay-Cee meeting.

The parley opens February 26, and lasts to March 2.

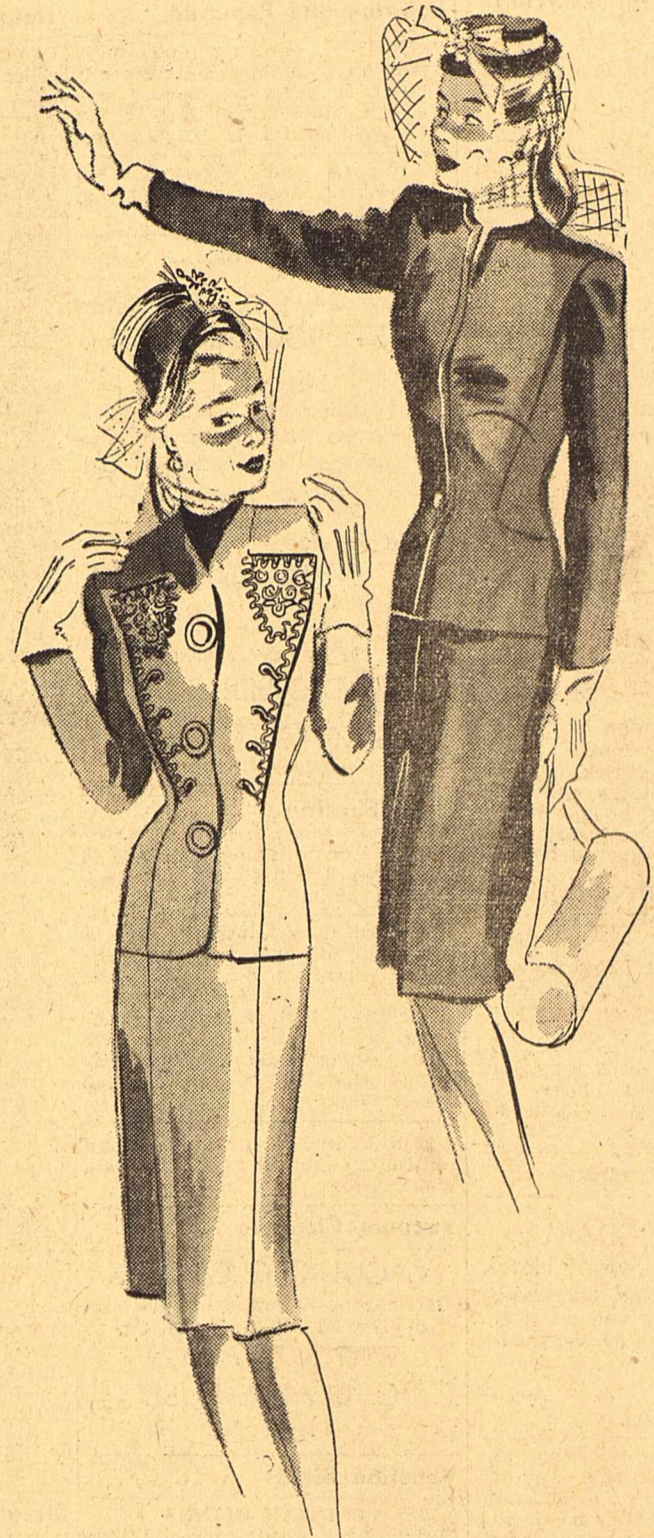

Cole named the American committee which will leave Miami by plane February 23.

Representatives from many foreign nations will attend.

A Store Full Of Beautiful New Fashions For

Spring

The glories of spring unfold themselves in resplendent fashions. The very joy in our hearts is reflected in the brightest and gayest styles we've seen in many a spring. Suits, dresses, coats and hats designed with an eye toward a softer femininity—the curvaceous look stars for the new season. Billowy and gentle these lovely wearables suggest roundness in the right places—smartness—grace. For a lovelier spring—for a lovelier you—choose your new-season wardrobe here.

Harper -

(Continued from Page One)
 it that everything that needs to be done in Midland is done. People live in Midland because they like it here. Don't build walls to prevent people from coming here to spend their money. Learn the psychology of the people you wish to attract to Midland. Don't build walls to prevent your products from being shipped out. We can't prosper trading with each other.

"Provide opportunities for the boys and girls of your community," he urged. "If you don't, you lose them. Keep aglow the spirit of enterprise. Try to build the ideal city. Your goal must not be less. Ideal citizens make the ideal city and I'm wondering if the oil men appreciate what has been done here to build a city."

Gheen also cautioned citizens to save their money so they will be in a position to take advantage of opportunities when they arise.

He was introduced by William L. Kerr.

Reports Are Presented
 John W. House was toastmaster at the banquet at which the annual report of the organization for 1945 and the suggested program of work for 1946 were presented.

At the opening of the banquet, the singing of America was led by R. H. (Rusty) Gifford, and the Rev. Clyde Lindsley asked the invocation. Piano selections by Roy DeWolfe were presented during the dinner. Mrs. Lloyd Turner, accompanied by Miss Marian Newton, sang two selections, and Miss Becky Bird presented three dance numbers.

Bill Collyns, manager of the Chamber of Commerce, praised the members of the organization for carrying on its work during the war and predicted 1946 will be the most important year in its history.

The cornea of a cat's eye has a curved area two-thirds greater than a man's cornea, and for this reason can see farther to the side than a man can.

Monroe To Attend Meeting In Kansas

Frank Monroe, superintendent of Midland schools, Monday will go to Kansas City, Mo., to attend the annual meeting of the American Association of School Administrators.

Monroe, a member of the state teacher's association, is finance chairman of Texas School Administrators and on the state parent-teacher board.

A Vital Message To Men Who Feel Old

Why not regain the vim and vitality you once enjoyed?

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is a simple method that may change your whole outlook on life. Just ask your druggist for CASELLA stimulating tablets. Take as directed on label. Don't feel old and worn out at 40, 50 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try CASELLA tablets and regain the verve and zest of a much younger man? There is nothing harmful in these tablets. They contain Celery seed, Thiamin Chloride, Passion Flower, Iron. Ask your doctor or druggist about this formula.

Midland Drug and all other druggists.

SECTION TWO

Betrothal Of Miss Emily Jane Lamar To William John Sanders Of Pasadena Announced At Lovely Tea Saturday At Preston Home

The betrothal of Miss Emily Jane Lamar, daughter of Mr. and Mrs. P. F. Bridgewater, and granddaughter of Mr. and Mrs. Sam R. Preston, of Midland, to William John Sanders of Pasadena, Calif., was announced at a lovely tea Saturday afternoon at the home of Miss Lamar's grandmother, Mrs. Preston, at 405 North Loraine.

As the guests arrived they were greeted by Mrs. Preston, Mrs. Bridgewater and Miss Lamar.

Entertaining rooms were attractively decorated with floral arrangements of red and white carnations and sweet peas in keeping with a Valentine motif.

Centering the dining room table was an arrangement of red and white carnations. Completing the decorations were silver appointments. The inscription "Bill and Jane, March 2" on paper napkins revealed the date of the approaching marriage.

Tea was poured by Meses. Allen Tolbert, Robert S. Dewey Roy Kinsey and V. C. Maley. Assisting in serving were Meses. J. R. Martin, Sr., J. R. Martin, Jr., W. B. Preston, John Mathews and Meses Charlotte Kinsey, Ann Tolbert and Jo Ann Proctor.

Miss Sara Lew Link presided at the bride's book.

Guest List
 Guests were Meses. Frank Aldrich, E. F. Alstrin, Warren D. Anderson, Don Davis, DeLo Douglas, J. M. Flanagan, Gordon Gray, Frank Hawk, Hugh Carrigan, L. G. Lewis, L. C. Proctor, Foy Proctor, L. B. Pemberton, McKenna, W. B. Collins, Leonard Stewart, Addison Wadley, J. M. Haygood, J. T. Baker, Carl Barabard, Earl Chapman, Wallace

Mrs. W. G. Atway Is Leader For Lesson Study

Mrs. W. G. Atway conducted the lesson study from Matthew 11 at a meeting of the Belmont Bible Class Friday afternoon at the Scharbauer Educational Building of the First Methodist Church.

Prayers during the afternoon were offered by Mrs. H. E. Skipper and Mrs. George Phillips.

Present were Meses. Phillips, W. P. Collins, Skipper, J. B. Wright, W. M. Craft and Graham.

Interested Crowd Hears Mrs. Avery Review 'Anatomy'

A large and enthusiastic audience heard Mrs. Sherwood Avery review "The Anatomy of Peace," written by Emory Hayes, at the Midland High School Auditorium Friday evening.

Following the review Mrs. Avery conducted a lengthy and stimulating discussion of vital points of the book and problems of securing a real world peace.

Mrs. Avery, one of the most outstanding and best known book reviewers in the Southwest, was brought to Midland by the local League of Women Voters. The national organization is a non-partisan unit with headquarters in Washington.

The league's basic purpose is to increase intelligent citizen participation in government through direct contact with government in town, country, state and nation; to study vital issues, currently selected for special attention; and to bring informed public opinion to the attention of public administrators and legislators. The defense of democracy is the concern of the National League of Women Voters, and to fortify free government in the United States requires persistent, intelligent work on the part of citizens. To promote such action has continued to be the purpose for 20 years of the League of Women Voters.

Membership in the organization is open to all women of voting age who are interested in promoting good government.

The Midland League entertained with a dinner party at the Scharbauer Coffee Shop before the review honoring Mrs. Avery. Present were Meses. George Putnam, V. W. Rogers, E. T. Corbett, L. C. Mills, John J. Redfern, Jr., Bernard A. Ray, Harold S. Forgeron, Susie G. Noble, J. D. McClure, Leland J. Davison, E. H. Davidson, W. A. Waldschmidt, Miss Marie Spencer and Miss Louise Fillman.

Masons And Wives To Have Meeting And Supper Monday Night

Masonic Lodge No. 623 of Midland will have an open meeting for all Masons and their wives at the Masonic Hall at 7:30 p. m. Monday. A short musical program has been arranged. The Rev. Howard H. Hollowell, pastor of the First Methodist Church, will make the principal talk, after which an oyster supper will be served.

Lee C. Thomas, worshipful master, Jim Maedgen, senior warden, and Sherwood O'Neal, junior warden, will be in charge.

The program was arranged by Roy McKee and L. C. Stephenson. Supper arrangements were made by Ed Darnell, A. L. Barr, Mr. Zimmerman of Stanton, and B. W. Stevens.

On the serving committee are Rusty Gifford, chairman; L. W. Sandusky, Homer Eggleston, J. B. McCoy, Clyde Chandler, Spurgeon Howell, Eddie Edwards, Bobbie Bell, A. A. Jones, and Earl Ray.

Monta Jo Glass, daughter of Mr. and Mrs. George W. Glass, is recovering in a Lubbock hospital from an emergency appendectomy.

Banner Bright Teen-Age Styles

SHORT-SLEEVED, BELTED, TWO-TONED WOOLS WIN CAMPUS POPULARITY POLLS

By EPSIE KINARD
 NEA Staff Writer

NEW YORK—If it's woolen, brightly colored, and cinched in by a string-tied belt, it's more than a teen-ager's dress—it's her way of life.

It's her standby wear Fall, Winter and next Spring, both on campuses and off, in town and in the country.

Because teen-agers are drawn to color like the needle to the north,

colors that are bright and mixed attract 'em. Playing second fiddle to all of this color is young, casual and utterly simple styling—sometimes so simple it takes its cue from the chemise or the night-gown.

A case of simplicity is the gathered-in style, shown center, which is called the "nightgown dress." The big appeal of this Judy-and-Jill design is color—a pale neutral tone of wool jersey highlighted by tuchsia stripes—which takes to

simple styling like a hook to an eye.

The surplice top dress, left, of wool-mixed cashmere, owes its excitement to a color surprise—one shoulder of green and a matching belt—posed against a slim column of lemon yellow.

The party dress, right, combines two shades of green wool to make the shoulder-broadening yoke style, which offers as other blandishments for teen-age figures a torso-molding bodice and a flared skirt. Highlighting dark green wool is the lighter green yoke which has novelty interest embroidered in wool and felt horsepocket motifs.

Extensive Plans Made For Spring Style Show Scheduled For March 7

Spring is in the air and one sure sign is the extensive plans being made by the Woman's Auxiliary of the Trinity Episcopal Church for a style show on March 7 at the Yucca Theater.

Attractive and experienced models will show clothing to be found in the ready-to-wear stores of Midland. Children's clothing as well as women's apparel will be shown. In addition to the spring styles to be on review, a film will be shown.

Mrs. Jack Bliss and Mrs. W. T. Hoey are general chairmen in charge of arrangements for the show.

Others serving on committees are as follows: Mrs. Lloyd Edwards, Mrs. C. A. McAdams, models; Mrs. E. F. Alstrin, Mrs. William L. Kerr, Mrs. W. A. Schaeffer, souvenir program; Mrs. Dave Henderson, Mrs. Paul Kolm, Mrs. J. P. Ruckman, Mrs. R. R. Rhodes, tickets; Mrs. James N. Allison, Mrs. D. R. Carter, Mrs. Robert Roark, Mrs. Ellis Scobey, Mrs. Taylor Cole, Mrs. C. W. Morgan, Lou Hoey, publicity; Mrs. John P. Butler, Mrs. W. A. Yeager, ushers; Mrs. Preston Lea, Mrs. Harvey Herd, music; Art Cole, master of ceremonies; Mrs. John Shipley, Mrs. I. E. Daniels, stage setting; Mrs. Hal Peck, treasurer.

ILL IN EL PASO HOSPITAL

Miss Ann Cleveland, who is ill in the Southwest General Hospital in El Paso is reported to be resting well. Mrs. Reese Cleveland is with her daughter.

Elected President Of Ladies Association

Mrs. Bob Franklin was elected president of the Ladies Association of the Midland Country Club at a luncheon meeting Friday at the club. Hostesses were Mrs. C. W. Chancellor and Mrs. H. S. Forgeron.

In the games of golf played during the morning Mrs. C. D. Lemley won first prize and the second award was presented to Mrs. Fred Hogan. The door prize was won by Mrs. L. F. Shiplet. Games of bridge were enjoyed during the afternoon.

The luncheon tables were attractively decorated with silver bowls containing white narcissus and African daisies and green tapers in silver holders.

A lovely gift was presented to Mrs. Johnny Coulter, retiring president.

Present were Meses. Harry Adams, L. H. Anderson, Payton Anderson, Frank Ashby, Joe Benkey, James H. Chapple, Faye Cowden, Chancellor Glenn Crays, D. R. Carter, Coulter, Frank Downey, D. R. Dickson, Forgeron, Franklin, F. L. Hawk, Foy Proctor, J. P. Gibbins, William L. Kerr, L. F. Liberty, L. G. Lewis, W. D. Lane, Lemley, V. C. Maley, Holt, McWorkman, Leif Olson, Robert Roark, Ed Pritchard, Shiplet, W. I. West, B. R. Scharbarum, George Stentz, Hogan, Ted Lowe, William Catclpole, Prentis Brown, Roy Mear and three new members, Mrs. G. E. Sweeney, Mrs. Winston Hall and Mrs. J. D. McClure.

Guests were Meses. Henry Murphy, C. S. Britt, J. F. Sirdean, George Doyle and E. H. Davidson.

Mrs. Franklin and Mrs. J. P. Gibbons will be hostesses for the meeting, next Friday. Golf will begin at 9:30 a. m. and progressive bridge will be played during the afternoon.

New Books Are Added To Reading Lists At Midland Library

The following books have recently been added to the Midland County Library shelves:

Fiction: Pearl Buck, Portrait of a Marriage; Albrand, Remembered Anger; Coles, The Fifth Man; Pety, The Street; Howell, Who Likes the Dark?; Crane, The Shocking Pink Hat; and Smith, Skin and Bones.

Non-fiction: Reves, Anatomy of Peace; Gould, Farmer Takes a Wife; O'Connor, Hunting in the Southwest; Gore, 101 Ways To Be Your Own Boss; Chaucer, Canterbury Tales in Modern English; Fulson-Miller, Triumph Over Pain; Webb, Strategy in Handling People; Shannon, Economic History of the United States; Le Gallienne, Romance of Perfume; Field, Bernard Baruch, Park Bench Statesman; Sugrue, There Is a River; Blanding, Pilots Ball Out; and Van Emden, Sure Enough, How Come?

In the past few months the library has received many useful gifts of books and magazines. The following is a partial list of donors: Mr. and Mrs. W. T. Schneider, Mrs. C. C. Galbraith, Mr. McDaniel, Miss Lula Mae Elkin, Mrs. Sam Preston, Mrs. E. R. Osborn, Mrs. J. B. Livingston, Mrs. Susie Noble, Mrs. John W. Elliott, Mrs. James R. Day, and Mrs. A. L. Barr.

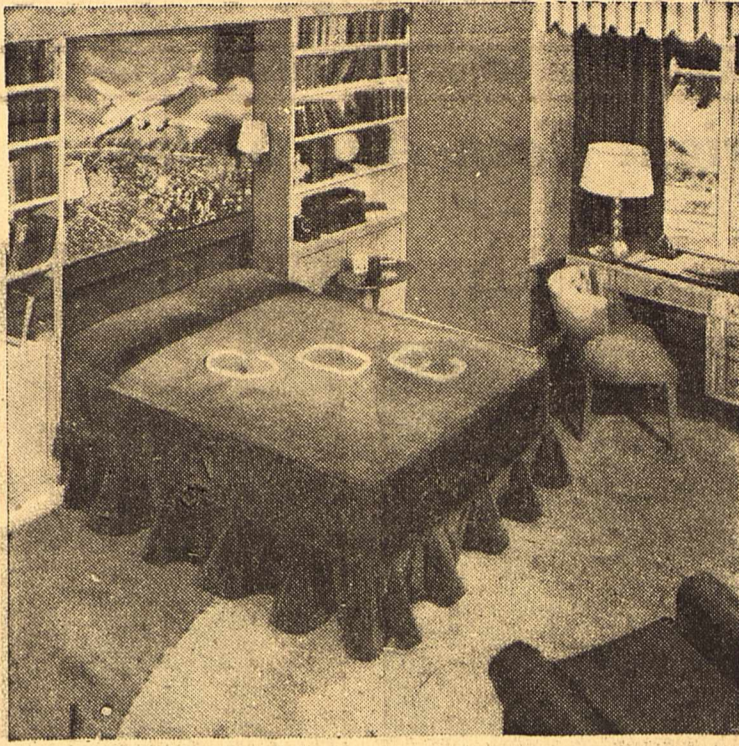

North Elementary School Program Is Directed By Miss Robbins

A program was presented under the direction of Miss Lela Robbins at the North Elementary School assembly Tuesday at the school.

After a poem, "Greetings," was given by Suzanne Hood, "A Song for February" was given by Dana Bearden. George Ann Bennett, Fredda Black, Billy Roy Carpenter, Lorane Carlson, Bill Dillard, H. C. Feemster, Harold Green, Sidney Green, Lockie Sue Griswold, Margie Gunter, Howard Harris, Suzanne Hood, Sylvia Kroenlein, Frank Locklar, Frank Midkiff, Patricia Murphy, Phyllis Murphy, Danny Page Michael Patton, Beulah Pittman, Sammy Pyatt, Edna Read, Gary Roberson, Honanna Sewell, Carol Ann Stewart, Aretta Steen, David Stubbeman, Judith Taylor, Betty Jean Turnbow and Robert Turpin.

Concluding the program were the following selections: "February Thoughts," Patty Murphy, Margie Gunter, Lorane Carlson, Joanna Stewart, Lincoln Acoustic, Billy Roy Carpenter, H. C. Feemster, Sidney Green, Gary Roberson, Bill Dillard, Frank Midkiff and Robert Turpin; piano solo, George Ann Bennett; Valentine song, Beulah Pittman and Danny Page; poem, "Father's Valentine," David Stubbeman; piano number, Fredda Black, and poem, "Goodbye," Lockie Sue Griswold.

G. I. DREAM COME TRUE

Nothing left to be desired—the perfect description for this bedroom which was designed especially for the returning veteran. A comfortable bed, a desk, an easy chair and plenty of shelf and cabinet space for his favorite possessions are his dream come true. The long deferred luxury of comfort and privacy is waiting for him in this dark red and gray room.

FRED SMOOT WILL TALK AT GARDEN ADDITION CLUB

Fred Smoot, acting director of the Midland County Health Unit, will give a talk on "Education in Regard to Venereal Disease Control" at a meeting of the Garden Addition Club at 2 p. m. Tuesday at the home of Mrs. R. A. Jordan on Route One.

Announces Assignments In OPA Rent Control

James W. Kelly of Midland, rent director of the OPA for this area, reported Tom S. Moon had been appointed rent control officer at Odessa.

Miss Ann Morton, inspector-examiner, will be assigned to Midland.

METHODIST B & PW CLASS ENTERTAINED AT VALENTINE PARTY

Members of the Business and Professional Women's Class of the First Methodist Church were entertained at a Valentine dinner Educational Building.

Centering the table was a giant white candle in a large red heart Friday evening in the Scharbauer and from which extended ribbon streamers with fortunes for each member.

Games and a sing-song were directed by Miss Ida Louise Fetterly. Present were Mmes. Elsie Magee, Nellie Feeler, Marie Coleman, Joe Pickard, Sue Buffington, Ima Harris, Pawnee Martin and Misses T. K. White, Renelle Kinard, Mary Louise Yee, Alice Fleming, Tommy Smith, Fetterly, Laura Self and Theresa Klapproth.

Runaway Chicago Youth Is Picked Up Here

City police over the weekend picked up a runaway boy from Chicago.

His mother, Mrs. Hazel Frost, was notified.

MAAF Newspaper Signs 'Thirty'

Airscoop, newspaper at Midland Army Air Field, published its farewell edition Saturday.

In saying thirty, the publication which is more than a year old, paid tribute to the cooperation of The Reporter-Telegram, which printed the paper.

The newspaper said it was ceasing publication because of the rapid exodus of personnel at the air base, which is reverting to a reduced activity stage after February 22.

Recently the Airscoop has been a tabloid size paper and carried many special features of interest to the GI readers.

Many staff members are receiving discharges.

February Marriage Licenses Booming

January was a record month in the history of Midland for marriage license sales by County Clerk Susie G. Noble and February is going as well.

Mrs. Noble said 22 licenses had been issued to date in February.

Federation Of Women's Clubs Will Meet

The home of Mrs. L. G. Mackey, 1510 West Indiana, will be the scene for a meeting of the City-County Federation of Women's Club at 3:30 p. m. Thursday with members of the Woman's Wednesday Club serving as hostesses. The meeting was originally scheduled to be held at the home of Mrs. George Glass.

Musical entertainment is on the program for the afternoon.

Were Stomach Ulcer Pains Napoleon's Waterloo?

The great Napoleon who conquered nations was himself a victim of alternating pains. Those who are distressed with stomach or ulcer-pains, indigestion, gas pains, heart-burning, burning sensation, bloating and other conditions caused by excess acid should try Udisa. Get a 25c box of Udisa Tablets from your druggist. First dose must continue or return box to us and get DOUBLE YOUR MONEY BACK. Midland Drug and drug stores everywhere.

Only Milgrim would dare take a modest Breton and make a towering shiny masterpiece of it! But you'll agree it's a perfect suit accompaniment—a most exciting hat by Milgrim!

GRAMMER-MURPHEY Women's Wear

MANICURE IN HASTE IS REPENTED LATER

MISS PALLOTA Gives handy tips.

By ALICIA HART NEA Staff Writer

To be "groomed to the fingertips" should be the year-round resolution for all of us. Hours of time spent on coiffure and makeup will be wasted if the picture is spoiled by grubby hands. A hasty coat of nail polish is not enough. Beautiful hands like those of Frances Pallotta, lovely Thornton model, are a result of daily care.

Daily care should include application of cuticle softener and nail cream to ward off painful hangnails. Finger and palm callouses will soon disappear if you soak hands in warm water, apply soap to the hardened skin and rub gently with a pumice stone. Keep hand lotion near the wash basin, and use it as often as you bathe your hands.

The time for a manicure, incidentally, is not 10 minutes before the party, but a day ahead. A durable, professional-looking manicure takes time. It means gently pushing back the cuticle and smoothing

rough spots, shaping nails, coating fingers with oil or lanolin and soaking them in soapy water. After they are rinsed and dried, you are ready for adhesion and polish. But all your effort will be misspent if polish isn't given a good 15 minutes to dry. If you're the nervous type, sit down with a book and time will pass quickly.

Billie Jean Chandler Becomes Bride Of Kenneth Clopton

Announcement has been made here of the recent marriage in the Presbyterian Community Church in Pacific Beach, Calif., of Miss Billie Jean Chandler, daughter of Mr. and Mrs. W. T. Chandler of Midland, and Kenneth D. Clopton, son of Mr. and Mrs. D. P. Clopton of Pacific Beach.

Rites for the double ring ceremony were read by the Rev. H. W. van Delinder, pastor, before the beautifully appointed church altar. The bride wore a blue gaberdine two-piece suit with white accessories and carried a white prayer book topped with a white orchid. She was given in marriage by her cousin, Dewey N. Dale, USMC.

Mrs. Dale, who attended the bride as matron of honor, was attired in a fuchsia dress.

Norman S. Buchmiller served his cousin as best man.

Following the ceremony a reception was held at the bride's aunt, Mrs. C. V. Dale. Decorating the refreshment table was a three-tiered wedding cake and floral arrangements.

Mr. and Mrs. Clopton will make their home in Pacific Beach.

Capt. Robert Walker Receives Release From U. S. Army Air Forces

Capt. Robert Walker has returned to Midland after receiving an honorable discharge from the U. S. Army Air Forces. He has been in the service four years and served seven months as a bombardier in the Asiatic-Pacific Theater of War. He was awarded the Air Medal, Presidential Citation and four battle stars.

He will make his home in Midland where his wife and young son, Robert Craig, have been living while he was overseas. He is the son of Mr. and Mrs. J. T. Walker, also of Midland.

TWO BETTER THAN ONE

Two light garments are better for winter than one heavy garment. The two garments build up an insulated layer of air to protect the body.

TAKES TIME TO THINK

A human infant's brain does not begin to function normally until two months after birth, according to an eminent doctor of the University of Chicago.

Coming Events

Dan Topping—And Friend

Rarely photographed together, Dan Topping, millionaire sportsman, and Kay Sutton Weaver, former screen star, are pictured at a New York night club. They met while he was stationed at Honolulu with the Marines. Topping did not contest the divorce suit brought by Sonja Henie, skating star who married him in 1940.

Sevier Piano Pupils Presented In Recital

Pupils from the piano class of Mrs. G. J. Sevier were presented in a recital Thursday evening at the home of Mr. and Mrs. W. W. West, 711 West Storey.

The Valentine idea was carried out in the refreshments.

First part on the program included the following selections: "Heigh! Ho! March" (Rolfe) and "Dance of the Wooden Shoes" (MacGregor), Lois Nell West; "Minuet" (Bach) and "In the Hall of the Mountain King" (Greig-adapted by King), Patricia Morgan; "Minuet in G" (Bethoven) and "The Cascade in the Mountain" (Koehler), Virginia Kroenlein; "Pickaninny March" (Chambers) and "Hungarian Rhapsody No. 2" (Liszt-adapted by Thompson), Mary Jane Miller; "Dorothy" (Smith) and "Rustic Chapel" (Rolfe), Peggy Simmons; "Restless Brook" (Williams) and "Jolly Darkies" (Bechter), Diane Anderson.

The remainder of the entertainment was: "Amourette Opus 47" (Heller) and "Bells at Twilight" (Rolfe), Sue Meriwether; "L'Avalanche" (Heller) and "Fire Dance" (Eckstein), Jo Dean Downing; "Petite Russian Rhapsody" (adapted by Thompson) and "Valse Espagnole" (Paldi), Marion Sevier; "You" (Cuban Folk Song) and "Hungarian Dance No. 5" (Brahms), Sue Johnson; "Trio" (Renard), Betty Jean Meriwether; "Melody of Love" (Engelmann) and "What A Friend We Have In Jesus" (Converse), Jimmie Green.

Blasts Argentina

Describing the Argentine government as an "enemy regime" that is preparing for war, Rep. Helen Gahagan Douglas, Democrat, of California, demanded in a speech before the House that the South American nation be expelled from the United Nations Organization.

A Cardinal Point

ST. LOUIS—(P)—John Cardinal-designate Glennon, 83, preparing to fly to Rome for the papal consistory, took his first airplane ride recently in a private ship. It was also the first air trip for Father Lodes, a friend.

One of the party remarked it was quite an honor for Father Lodes to go up for the first time with his Eminence.

The Cardinal interrupted: "It will be an even greater honor for me to come down with him."

BOOK REVIEW IS FEATURED AT MEET

A review of the book "Brazil, An Interpretation" by Gilberto Freyre, was presented by Mrs. Nelson Puett at a meeting of the Fine Arts Club Wednesday afternoon at the home of Mrs. Fred Fuhrman, 705 West Storey.

Mrs. Tom C. Bobo gave a biographical sketch on Oswaldo Aranha following the review.

Mrs. L. G. Byerley, president, was in charge of the business period at which time the group voted to contribute \$50 to the Midland County Memorial Hospital campaign. Announcement was made that the club will be hostess for the City-County Federation of Women's Clubs April 18.

The next meeting will be held at the home of Mrs. E. H. Barron. A review on "Call To Witness," a deep emotional chronicle of living in Poland under the German and Russian conquerors will be given by Mrs. B. R. Scharbarum.

Present were Mmes. E. H. Barron, T. Paul Barron, Bobo, Byerley, Selman J. Lones, J. D. McClure, Puett, Scharbarum, George Kidd, Fred Fuhrman, Foy Proctor, E. H. Ellison, Alden Donnelly, Richards, Miss Lydie Watson and one guest, Mrs. Henry Murphy.

LIGHTNING SPARES INDIANS

North Carolina's Cherokee Indians firmly believe their deity, Thunder, was strictly an Indian god. According to their claim, no Indian has ever been killed by lightning.

Sardines were named after the island of Sardinia.

The superstition that a broken mirror brings bad luck came from the fact that a shadow or reflection once was considered part of the soul.

WE'RE LOOKING INTO YOUR FUTURE--

We Find A Home In

GRAFALAND

At this time, due to government regulations, construction of larger homes is being curtailed. However, we believe it will not be long before these restrictions will be removed. When that time comes you will be wise if you will have already selected your homesite. Lots will not get cheaper, you may be assured of that. It stands to reason that they will be much higher because the demand will be greater. Too, choice locations may be gone. So you have all to gain and absolutely nothing to lose by choosing your homesite NOW . . . in GRAFALAND.

CHOOSE YOUR LOT NOW AND BE PREPARED WHEN RESTRICTIONS ARE LIFTED

GRAFALAND SECOND SECTION

IS BEING SURVEYED FOR HOMES
FROM \$4,000.00 TO \$7,500.00

The second section of GRAFALAND, which is a continuation of section one, is now being surveyed for homes costing from \$4,000 to \$7,500. This second section will be just as attractively platted as section one, with irregularly spaced lots for added beauty in landscaping, and many other desirable features that will go to make this the most desirable location in Midland for a home in this price range.

THESE WILL BE READY FOR MARKET
WITHIN 30 TO 60 DAYS!

AN INVITATION TO FUTURE PLANNERS

These are the days to look ahead—to plan—how and where you will build your future HOME. In planning a home you want all the advantages possible that might add to your family's happiness and contentment . . . You'll find the ultimate in GRAFALAND. We'll be glad to assist you in systematically making your plans well in advance, so that when building restrictions are lifted and you are ready to start family life in your new home, you may proceed with minimum delay.

GRAFALAND SECOND SECTION

WILL BE MADE UP OF HOMES IN
KEEPING WITH THOSE IN ELMWOOD
AND RIDGLEA.

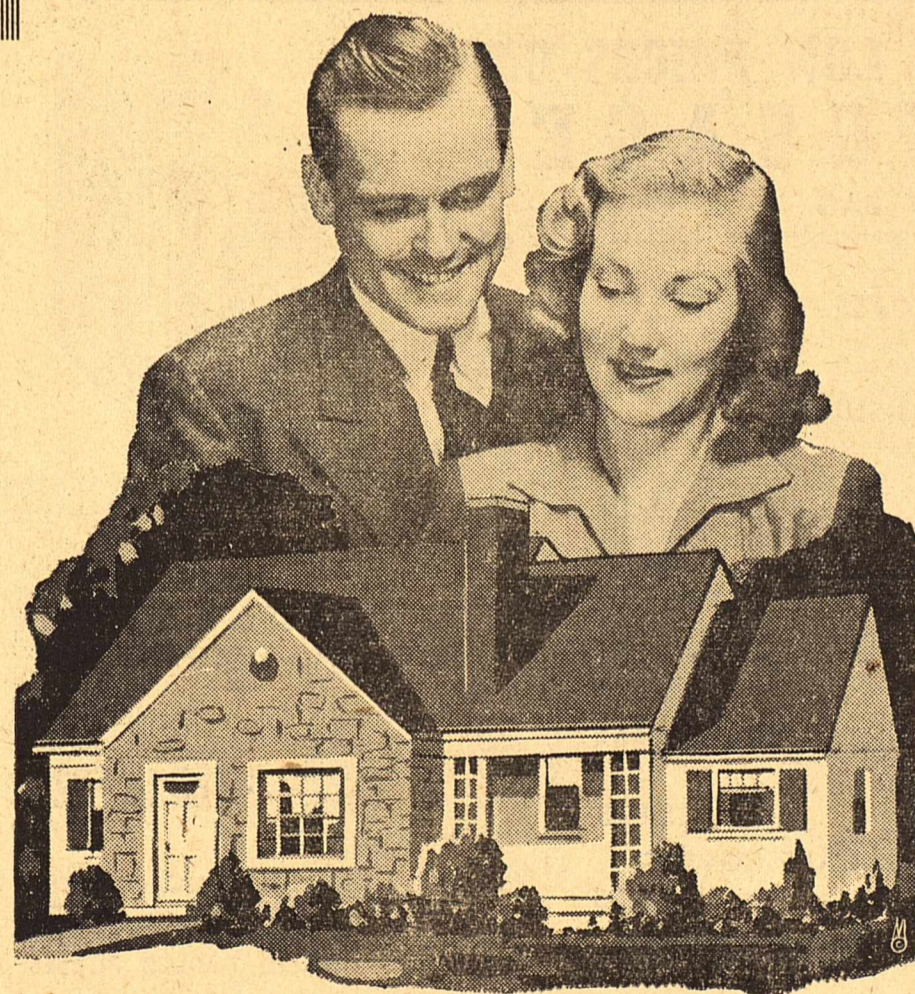

Homes in keeping with those in Elmwood and Ridglea will be built in the second addition and with terms of \$500 and \$1,500 as down payment. Due to the unusual contours in this addition your lot can be beautifully landscaped. This is truly the addition that you have been looking for in which to establish your own home.

KEEP THIS ADDITION IN MIND IN
SELECTING YOUR HOMESITE!

GRAFALAND PLANS FOR YOUR CHILDREN —

Located only five blocks west of the Junior High School on Illinois Street, GRAFALAND provides for your children. You want your children to achieve their maturity in such an environment that all the days of their lives will be pleasantly tinged with the remembrance of a substantial home life during their childhood. A home in GRAFALAND provides this with its clean friendly environment.

PLANS HAVE ALREADY BEEN DRAWN
OR ARE NOW BEING DRAWN FOR OVER
55 BEAUTIFUL HOMES TO BE
CONSTRUCTED IN GRAFALAND THIS YEAR
IF MATERIALS ARE AVAILABLE

GRAFALAND PROVIDES UNPARALLELED ADVANTAGES!

It is not an overstatement of fact that we assure you Grafaland is the best engineered, most carefully planned, finest residential section between Ft. Worth and El Paso. Situated on the higher ground immediately west of the Episcopal Church, it is five blocks west of the Junior High School on Illinois Street.

It is literally a case of choosing your neighbors, of planning and landscaping your home under the most favorable conditions, of being free from many undesirable contingencies—due to the large scope of restrictions permanently provided — for the sole purpose of making each and every lot in Grafaland not just a piece of land, but the ideal site for a substantial, comfortable American home where life can be lived to its fullest.

Ten New Members Elected To National Honor Society

Ten new members were elected to the National Honor Society by the faculty Tuesday. New senior members are La Juan Dunlap and Sharon Cornelius, and the junior members are Alma Faye Cowden, Elizabeth Ann Cowden, Nadine Clements, Margaret Dougherty, Lois Dee Eiland, Donna Mae Kelley, Bill Hamilton, and Evelyn Wemple. Virginia Dunagan and Audie Merrell, who were elected in the Fall, will be initiated with the new members.

Parties Planned, Book Reviewed, And Reports Given During Clubs

The Homemaking Club at its meeting Wednesday made plans for a party to be given for the Future Farmers in the near future. During the program the girls played truth or consequence and sang songs.

Typing Club
 Dorothy Harrison and Patsy Cline were recognized at the Typing Club meeting Wednesday as winners of 30-word certificates. Mildred Brinson and Pat Flannigan were appointed as entertainment committee for the next club meeting.

Refreshments of hot cocoa and cookies were served.

New Stamp Club

The Stamp Club was called to order by Duane Fritz, president. Reports were given by Duane Fritz, W. L. Thompson, and Jerry McDonald. Jerry's report was on the new Franklin D. Roosevelt five-cent stamp.

After the reports, members spent the time in exchanging stamps.

Balsa Bugs

The Balsa Bugs Club, formerly the Model Airplane Club, elected Gordon Reigle as the new reporter. Robert Sutton, the former reporter, resigned. Under the direction of Wendell Jackson, president, and Charles Sims, treasurer, the plans for the model airplane contest are being completed.

Science Club

Shirley Brunson, president, read a letter from the Odessa High School Science Club asking if the Midland Club would be interested in sending a representative to a Science Fair in Odessa to be held later in the year. The club voted to write for further information before deciding.

Experiments were shown by Robert Roripaugh, Shirley Brunson, and Miss Margaret Stuart, sponsor. Miss Stuart showed how to set a cloth on fire and yet not burn it. Previous to the club meeting, the experiment had been tried using Robert Roripaugh's handkerchief for the cloth. Unfortunately the experiment didn't work. Robert was minus one handkerchief.

Book Review Given

Main event of the Junior Geologist Club was a review of the book, "The Autobiography of Earth," by Sam Ellison. The book gives estimates on the age of the earth and the theory of its formation in addition to many facts concerning the earth and its elements.

Ellison will continue his review at the club's next meeting. Charles Spivey, president, introduced the speaker.

Radio Speech Class To Give Tuesday's Assembly Program

The radio speech class, under the direction of Miss Verna Harris, will present the assembly program Tuesday at 11:35.

The program is to be a cross section of a regular day's program over any station.

Every type program, from morning exercises to soap operas and sown programs, will be presented Tuesday.

Those participating in the program will be Becky Bird, Barbara Brown, Marlene Buckland, Dorothy Butler, Mary Nell Casselman, Joan Chapman, Sharon Cornelius, Margaret Dougherty, Virginia Dunagan, La Juan Dunlap, William Hoey, Dorothy Holt, Edwina Hood, Louetta McManus, Howard Mickey, Frances Puett, Bobby Statton, Pat Ruckman, Bonnie Robertson, Dorothy Wolcott.

Personals

Monta Jo Glass is in Lubbock General Hospital undergoing an appendectomy.

Billie Jones, Doris Denton, and Barbara Brown sang "With a Song in my Heart" over the Memorial Hospital broadcast at 8:30 p. m. Wednesday.

Ben Oliff, Burton Stringer, Morris Howell, and Jimmy Armstrong entered the Golden Gloves Tournament in Big Spring last Friday and Saturday.

Ruth Hall, Genora Brown, and Anna Joyce Streeter sang over the Memorial Hospital broadcast Friday night.

F. C. Gambill cut a gash in the palm of his hand on a water faucet while attending the State Band Convention in Waco.

Marjorie Murray entertained with a slumber party in her home after the Midland-Lamesa basket ball game last Friday.

Joy Webb entertained friends with a party at the home of Kathryn Morrow Friday night.

Ann Cleveland is receiving medical treatment in El Paso.

Dorothy Faye Holt is entertaining four guests from Fort Worth this weekend.

Genora Brown is spending the weekend in San Angelo with her cousin.

Edith Collings, Nadene Clements, Evelyn Easley, and Anna Joyce Streeter are leaving Thursday for a short visit at Oklahoma Baptist University in Shawnee.

Miss Minnie Jackson spent Saturday in Big Spring.

Dorothy Walcott, Bobby Statton, William Hoey, Sharon Cornelius and Marlene Buckland, members of the Radio Speech class, presented a skit, in behalf of the Memorial Hospital Fund, over KCRS Friday night. The script was written by Dorothy Walcott and Frances Puett.

Happy Birthday To

Feb. 17—Lady Kidwell.
 Feb. 18—Mary Frances Phillips, Jack Kemp, and Jerry McDonald.
 Feb. 19—Donald Drolepman.
 Feb. 20—Joe Bridwell.
 Feb. 21—Harold Barber.
 Feb. 23—Eugene Hejl and Donna Manning.

FFA Banquet Is To Be Held Next Saturday

The Annual Future Farmers of America Banquet will be held in the Hotel Scharbauer Ballroom at 8 p. m. next Saturday.

The program for the banquet will consist of the opening ceremony for local officers; the invocation by Harlan Howell, principal; introduction of the guests by Kelly Lewellen, toastmaster; musical numbers by the Senior Girls Trio, and the introduction of the speaker by Wilbur Dunk, vice-president of the Texas F. F. A.

The speaker will be Gerald Sauls of Richardson, Texas, president of the Texas F. F. A. The vice-president is a state officer elected from Area 21 in which Midland is located. Both Gerald Saul and Wilbur Dunk hold the Lone Star Farmer's Degree. W. E. Williams, area advisor, will also attend the banquet.

Found, An Inventor In Freshman Class Using Alarm Clocks

Every school has one and Midland High School is no exception. We mean an inventor. It is not another Ben Franklin or Thomas A. Edison but just plain Bobby Davis.

This freshman contriver has found real use for old alarm clocks which have been donated to him by people appreciating his genius.

Some of his inventions include small cars made from balsawood with alarm clock motors. One of these foot-long autos has traveled the halls of the high school.

Bobby has fashioned numerous small boats to sail in a tank. Paddles are fitted to the clock hands enabling the boat to travel while keeping afloat.

Many a model airplane has been flown with a motor made from what remained of a broken alarm clock. Tiny trains with clock insides have felt the masters touch and who would have thought of a sand-paper machine on pulleys from alarms.

Perhaps the most useful and promising of Bobby's clever inventions is his "Mouse-Alarm." It is a combination mousetrap and alarm. This contraption rings when a mouse has been trapped.

Shirley Brunson Takes Orders For Senior Invitations

All last week one member of the Senior Class looked popular even if she didn't feel so. Never have so many people flocked around one person. This was Shirley Brunson, who was taking orders for graduation invitations.

"There were 3,883 paper invitations and 105 leather ones ordered. That was the most work I have ever done," Shirley said.

Bond Stamp Report

For the second week of February, 58 per cent of the students of Midland High School are participating in the bond and stamp campaign, an increase of 17 per cent over the previous week.

The room numbers, teachers, and percentage of students buying bonds and stamps are: Lowe, 305, 54 per cent; Farnham, 309, 22; Harris, 101, 8; Magee, 107, 20; Klapproth, 206, 20; Howard, 307, 65; Craig, 202, 6; Carden, 304, 95; Weaver, 310, 91; Phillips, 102, 100; Hine, 207, 89; Stuart, 306, 41; Jackson, 204, 74; Moore, 109, 54; and Miley, 205, 56.

Library Plans For New Reading Lists

Miss Betty Crouch, high school librarian, has announced her plans to formulate reading lists for all four classes. These lists will contain names of the books which each class could read and be able to report upon. It will be the first time in three years that the library has offered this information.

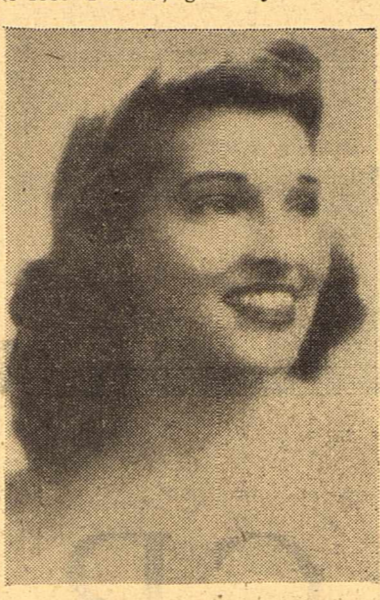

Plans have been made to begin checking out magazines in the near future, Miss Crouch said.

Who's Who - Barbara

Barbara (sh. June) Cowden or better known as B. J. is a tall (5-foot 1-inch), green-eyed senior

Barbara Cowden

who is the senior class editor for the Catoico this year as well as a majorette in the band. A well-traveled young lady, she was born in Dallas on March 22, 1929, and since then lived in Corpus Christi, San Antonio, and San Jose, Calif., before finally moving to our fair city.

If you don't take English, chemistry, journalism, and typing, then you aren't in any of Barbara's classes. With no favorite teacher she likes her literature and chemistry classes best. Her list of favorites runs like this: Sport clothes in maroon and white, strawberry shortcake, "It's Been a Long, Long Time," and football games. Paul Hendrick takes her breath, and she probably giggles at Red Skelton because that is her favorite radio program.

She spends her left-over time in the movies and Sub-Deb Club. Her ambition is to learn to ride a horse and she plans to attend Hockaday next year and major in business administration.

Barbara's hobby is writing to an A&M'er.

Shirley Brunson Takes Orders For Senior Invitations

All last week one member of the Senior Class looked popular even if she didn't feel so. Never have so many people flocked around one person. This was Shirley Brunson, who was taking orders for graduation invitations.

"There were 3,883 paper invitations and 105 leather ones ordered. That was the most work I have ever done," Shirley said.

Small Talk

MONDAY
 You that fog in front of us is dear old M. H. S. And they say we aren't derived from monkeys, when I distinctly saw someone slide down a certain second floor banister. For shame!

TUESDAY
 Fifteen cents will tell you who fixed the books on the second floor so they would fall out of the lockers.

WEDNESDAY
 Did you see those nicotine fiends coming out of chemistry? (Then the iodine wore off.)
 Typing Club has refreshments, why can't we?

THURSDAY
 What? Diaries in English? I have enough trouble keeping up with mine at home!

FRIDAY
 Few casualties were reported from the Senior class meeting when they tried to decide who the fall guy was to be during graduation ceremonies. What? We play a college in basket ball? Hubba! Hubba!

Pondering, Counting, And Writing Themes

The senior sits there—pondering. He looks at the piece of paper in front of him and examines it, top to bottom. Next he feverishly counts each word—one by one. Then he scribbles a few sentences. The senior sits there—pondering. He looks at the piece of paper—

This vicious circle is becoming a daily routine to the senior grammar students. They have written themes on every subject from "Windows" to "Courtesy." Any student with an available idea for a theme is urged to get in touch with some senior—you don't know how much you'll be appreciated!

14 Typing Students Receive Certificates

Mary Martha Sivalls received her 40-word typing certificate and 10 students received 30-word typing certificates, Mrs. Grace Hine, teacher, announced Tuesday.

To receive a 30-word or 40-word typing certificate, students must type for 10 minutes with less than five errors.

Students receiving 30-word certificates were Wilma Vaughn, Van Cummings, Alma Faye Cowden, Peggy Lands, Catherine Lee McDonough, Jimmie Greene, Kathryn Chisholm, Robert Roripaugh, Elizabeth Rolling, and Anne Cleveland

Cagers Defeat Monahans Loboos In Close Game

The Midland Cagers won over the Monahans Loboos Wednesday night on the home court, 24 to 21. The "A" team trailed 13 to 9 at the half, but the Bulldogs rallied during the final half. Wilbur Yeager was the Midland high point man with 7 points. He tied Hansen of the Loboos who also scored 7 points.

The "B" string, in their last game of the season, walked away with the game, winning 40 to 22. The score at the half was 29 to 11 in MHS's favor. The "B" team also won at Monahans when they played there January 29. Jack Cox was high point man with 4 points. The Loboos' high point man was Cuchi with 9 points.

Brones Win
 In Odessa, Tuesday night, the Bronchos won all three basket ball games from the Midland cagers. Odessa won the "C" game, 17 to 13. For the Bronchos Wisenhour was high point man with 11 points. Harris carried 8 points for Midland. Midland lost the "B" game 24 to 18. Odessa's high point man was Patterson with 11 points. Jack Cox tied Patterson with 11 points. Odessa took the "A" game, 37 to 11. Bill Moorman for the Bronchos had 10 points to his credit. Bob Cole was high point man for Midland with 4 points.

Pepsi-Cola Contest Held February 15 For Five Students

The Pepsi-Cola Scholarship Test was given Friday to the five students who were elected by the seniors as the most likely to succeed.

Two winners from each state will receive scholarships. The winners will be selected on the basis of school record, recommendation, and financial need. Honorable mention certificates will be given to high ranking students who do not win a scholarship. The winners will be announced by April 2.

Jeanette Barrett, Doris Denton, Virginia Dunagan, Stella Shattuck, and Wilbur Yeager took the test.

Who's Who - George

George "Red" Washington blessed this world on Feb. 22, 1732, in the town of Bridges Creek, Va.

George's pet peeve is people who oppress small colonies. A favorite pastime is eating, and he is reported to have invented apple pie.

George was U. S. President from April, 1789 to 1797, being the first to hold this office.

If George isn't fighting some battle, you'll find him riding his horse or with Martha, his best girl. By the way, George has a birthday this coming Friday. He will be 214 years old. It's a good thing that ghosts don't get birthday licks. George might be tempted to tell a lie to get out of that whipping!

Navy Adds Original Touch To Old Play

"The Navy has landed—right in the middle of Macbeth."
 Yes, that's exactly what happened. Four ex-Navy men came into the senior literature class, during the fourth act of Macbeth. These were Ivan Hall, Tom Tisdale, Carl Ward, and J. W. Leftwich.

It is said that variety is the spice of life. Anyway, Miss Carden's third period class (mostly female) certainly enjoyed that "flavoring up" of Macbeth.

Australians generally regard Captain James Cook, an English Navy officer who discovered the Pacific shores of Australia in 1770, as their Columbus.

The Hospital That We Build

When I was very young, my mother became seriously ill and had to be rushed to a hospital in another town. This would not have happened had we had ample facilities here.

To me, getting my mother to a hospital was the most important thing in the world.

I shudder to think that occurrences like this are happening every day to us and to the people around us.

The Midland Memorial Hospital would mean I would never have to take the chance my mother took and that by my contributing, even a small bit, many more lives would be saved.

These are only a few reasons I want to contribute so we may have an adequate hospital. I know you can think of many more reasons why you want to contribute and make the hospital possible.

Calendar Of Coming Events

Tuesday—Assembly, 11:15.
 Thursday—A Cappella will sing at the Rotary Club luncheon. Andrews Girls' Volleyball vs Midland, here.
 Friday—District Basket Ball Tournament at Abilene. Midland plays Odessa in the first game.
 Saturday—F. F. A. banquet at the Scharbauer, 8 p. m.

All School Play Is Scheduled March 8

March 8 has been selected as the date of the all-school play, "New Fires," the director, Miss Verna Harris, announced. It will be presented in the High School auditorium at 8 o'clock.

Thirteen students are in the cast. Students directors are Barbara Brown and Dorothy Faye Holt.

Directors Named For New Building Corporation Here

Stockholders in the corporation which will build a large \$750,000 office building here soon met at breakfast in the Scharbauer Hotel Saturday morning and formally organized The Midland Building Corporation with a capital stock of \$600,000.

Members of the steering committee were named directors of the corporation and include Robert L. Wood, Ralph Lowe, G. E. Hall, O. C. Harper, Harry Adams, Guy Mabee, John W. House, Robert M. Turpin and M. C. Ulmer. They will elect officers of the corporation.

Wood, who is chairman for the steering committee, said a location for the new building probably would be announced within a week. The building will have approximately 50,000 square feet of floor space.

An application for a charter will be filed immediately.

Midshipman Noyes Returns To Midland

Jack Noyes, son of Mrs. Iva Noyes of Midland, has returned to the city, having resigned as a midshipman at the U. S. Naval Academy at Annapolis.

Noyes probably will attend a Texas college.

He was a football star at Midland High School before entering the academy. Noyes also served in the regular Navy and saw overseas action.

In the fourth class at the academy, Noyes played on the freshman plebe football team.

The Australian aborigines are believed to be one of the oldest living species of man.

Steady Building Reported In City

Permits for a \$175,000 office building and a \$15,000 residence spurred building reports to \$217,600 in Midland for February.

A. B. Cole, Jr., received the permit to build a five-story and basement office building at 400 North Loraine Street. It will be brick, concrete, tile, steel and glass. A one-story storage space will be connected with the 41-by-120 feet, 41 by 55 feet, building. A storage addition will be 52 by 88 feet.

H. C. Cheshire obtained a permit to build a ranch-style lumber and stucco dwelling at 209 West Broadway Street. The cost will be \$15,000. Size of the residence will be 1,664 square feet, located in the Grafaland Addition.

Other February permits included: J. B. Lupton, frame residence on North Loraine Street, 20 by 30 feet, garage attached, cost \$3,000; Gordon Holcomb, frame residence at 2109 Holloway Street, garage in addition, size 26 by 30, cost \$4,500; Burt Stringer, five-room frame dwelling at 1001 West Washington Street, cost \$2,500; remodel store front at 110 1/2 South Main Street, cost \$500; and others previously reported.

State Motor Vehicle Division Warns Owners To Obtain Texas Title

AUSTIN—The Motor Vehicle Division of the Texas Highway Department Saturday urged all Texas motor vehicle owners to see that the titles for vehicles to be registered in 1946 are in order. The law provides that before a vehicle may be registered, the owner must present to the tax collector the prior year's registration receipt and must have a title.

Many people do not understand the importance and value of the Title Act, and do not realize that the Certificate of Title Act was passed to improve the validity of titles on motor vehicles thereby making such title comparable to an abstract on real estate.

Motor vehicle owners who have acquired used vehicles, and who have received assigned titles from the previous owners, are urged to apply at once for their titles in order that the transactions may be recorded and the new owners shown on the title records of the department. Motor vehicle owners are also urged to register their equipment by purchasing the 1946 license plates as soon as possible. It is a common practice throughout the state for owners to wait until the last week in March, thereby creating congested conditions and long lines of applicants in the various tax collector's offices. The county tax collectors are experiencing difficulty in obtaining temporary help, and you will be helping them and yourselves by obtaining 1946 license plates during February or in the first part of March and not waiting until the last day or days.

Approve Conservation Applications, Plans

Seven soil conservation plans and 19 applications for assistance were approved by the supervisors of the Martin-Howard Conservation District at their regular meeting in February, Herd Midkiff, district supervisor, announced Saturday.

The plans approved included the farms of M. W. Whitmire and D. Branch. Applications approved were on the farms of G. W. Damron, J. T. Deavenport, and Sherwood O'Neal.

The farm plans are a part of a cooperative agreement between the supervisors and the farmers for the application of a complete program of soil and water conservation practices on their land, Midkiff said. Assistance in applying these practices will be furnished by the Soil Conservation Service.

Lines for contour cultivation were run last week on the farms of W. D. Rayburn, A. L. Ware, and Gerhard Synatschik. Rayburn reports that plowing his field on the contour takes less power and fuel than on straight rows. Synatschik has farmed contour rows for several years and states that in addition to saving oil and water plowing on due management, has helped keep his land from blowing.

MRS. KEMP'S ROOM GIVES PROGRAM AT NORTH ELEMENTARY

Pupils of Mrs. Marivena Kemp's room had charge of the program presented at North Elementary School assembly Thursday. Opening the program was a Valentine song by Gerry Geisler and Patsy Linebarger, and readings by Helen Golladay and Sara Cameron.

A song was given by the following pupils in Miss Vinnie Heizer's room: E. P. Birkhead, Paul Brooks, Marshall Chase, Charles Cogburn, Don Davis, Tommy Dunham, Thomas Glen, Jr., Rip Griffith, Harry Hinkle, Donald W. Lea, David Lunt, Allen McCree, Dwight McDonald, Allen Russell, James Sartain, Don Tex Smith, Greylan Tuggle, Loran Wilson.

Also: Michael Kelly, Pat Anderson, Richard Alkire, Eddie Tekell, Jackie Hudkins, Bobby Hales, Wanda Bradshaw, Beverly Bumpass, Ruth Dickinson, Sarita Gattis, Sharon Herrell, Joan Hounshell, Theresa Jones, Kay Little, Lillie Mayfield, Sharon McAdams, Glenda Morris, Mary Row, Barbara Tom, Lois West and Helen Zant.

The remainder of the program included: Reading, Paul Cole; piano solo, Philip Roberts; playlet, "The Prettiest Valentine" Jan Scott, Peggy O'Neal, Margaret Arledge, Lynette Howell and Lillian Brown; the origin of Valentine, James Claiborne, and readings, Barbara Lee Jones, Linda Ann Skelton and Lurline Floyd.

Music was printed for the first time in 1465.

New Air Link By Continental Will Connect Midland Area With Tulsa

March 5 has been set as the definite date for the inauguration of service by Continental Air Lines over the recently certificated new air route linking Tulsa, Okla., with El Paso, Texas, via Oklahoma City, Wichita Falls, Lubbock, Midland, Hobbs and Carlsbad. It was announced by J. C. Carlson, station manager.

Midland will become a stopping point in the new setup. A crew change will be made here. New equipment is being installed to make the Midland stop a terminal relay point for communications.

One flight of the new link will fly from Tulsa to Midland and stop. Next day it will return. It comes to Midland by way of Okla-

home City, Wichita Falls, and Lubbock.

Connecting flights will come here from San Antonio in the morning for the return to Tulsa and also a flight from Hobbs and Carlsbad will connect here for that return.

This is a daily service.

The date for inauguration of the new service had previously been announced as February 15, but due to a shortage of parts necessary for conversion of the aircraft to be assigned to this route, there has been a delay of approximately two weeks. Strikes throughout the country in various industries have been the contributing factor to this delay.

With the exception of the aircraft which are presently in process of conversion in Continental Air Lines shops at Denver, all facilities for operation of the new route have either been installed or are nearing completion. Pilot familiarization flights over the new route will be conducted starting February 18.

Establishment of the new route will provide northeast-southwest air transportation for the first time between Lubbock, Wichita Falls, Big Spring and Midland, as well as Hobbs and Carlsbad, N. M. It will link these cities in the heart of one of the world's richest oil-producing regions with the headquarters of many principal oil companies located in Tulsa and Oklahoma City.

Two daily round trips will be operated between various cities on the route starting March 5 carrying passengers, air mail, air express and air freight.

The new air passenger service will make possible exceptional savings in travel time. The trip by air between Lubbock and Wichita Falls will require only 65 minutes. Flying time between Tulsa and Lubbock will be two hours and 45 minutes.

Continental planes will fly between Lubbock and Hobbs in 40 minutes.

FORT WORTH —(P)—Cattle—compared close last week: most classes strong to 25 and more higher; week's tops: beef steers and yearlings 16.75, cows 13.00, killing calves 15.50, stocker calves 14.50; week's bulks: good beef steers and yearlings 15.00-16.25, medium 13.00-14.50, low grades scarce; good cows 12.00-13.00; common and medium grades 9.00-11.75; good and choice fat calves 13.00-15.00; common and medium calves 10.00-12.75, culls 8.50-9.50; medium and good stocker calves and yearlings 12.00-13.50; stocker cows up to 11.50.

Hogs—compared week ago; all classes fully steady; good and choice 160 pounds and up 14.65; 140-155 pounds 13.00-14.50; sows 13.90; pigs 11.50 down.

Sheep—compared close last week: strong to 25 higher, spots 50 up; week's tops: woolled lambs 14.00, shorn lambs 13.25, woolled yearlings 12.00, two-year-olds 10.00; ewes 7.50, feeder lambs 15.00; week's bulks: medium and good woolled lambs 12.00-14.00, medium shorn lambs 11.50-12.50, medium and good woolled yearlings 11.00-12.00, good and choice ewes 7.00-8.00.

The outstanding feature of Australian weather is the long hours of sunshine. Official records show that even on the days classed "rainy" the sun shines for some hours and no city gets less than an average of about six hours sun a day.

Wants Out

Guilty of espionage charges in Oct., 1943, Countess Grafin Marianna von Moltke, 48, above, has asked federal court officers to release her on a writ of habeas corpus. "Self-confessed member of a wartime spy ring in Detroit, the countess has served two years of a four-year sentence.

Electronic Machine Can Calculate 1000 Times Faster Than Any Other

By FRANK CAREY PHILADELPHIA —(P)—By combining a centuries-old gadget with the latest in electronics, the Army has come up with a 30-ton monster it calls "the world's fastest calculating machine."

Although designed for war, the machine holds possibilities of better living in peace.

More accurate weather forecasting, improved industrial products and general advances in science and engineering may be made possible, the Army's Ordnance Department said in unveiling the mathematical robot described at 1,000 times faster than any other calculating machine ever built.

Known as the "ENIAC"—for "electronic numerical integrator and computer"—this mechanical Einstein was designed and constructed for the Army by scientists of the University of Pennsylvania's Moore School of Electrical Engineering. It was formally dedicated Friday night.

Military and university engineers said the contraption, which virtu-

ally fills a large-size room, can solve in hours problems that "would take years" on any other machine.

For example, they said, it can compute in one second the sum of a five-digit number added to itself 5,000 times. The ENIAC also subtracts, divides, multiplies, extracts square roots, and does complex equations.

First Lot Of New Business Block Sold

First sale of a lot to be cut from the recently-purchased old North Ward School block by three Midlanders was to William C. Upham and Fred E. Arnett. The sale was reported Saturday.

Consideration was \$4,500.

The block on which stands the old landmark school building was purchased from the Midland Independent School District for \$45,000 by J. P. Carson, Ray Upham and G. W. Breneman.

Old North Ward School Will Be Demolished But Not Its Memories

Midland's Old Timers Learned Readin', Ritin' And 'Rithmetic In School Paid For In One Day

By TANNER LAINE

This is a true story. This is the story of a youngster grown up. This is a story of West Texas and its gentry becoming a man, a woman.

The Old North Ward School building is going. It has touched the lives of many in Midland. Its reward is its very going—a tribute to progress of "the biggest little city in the world." This is as surely as if its very hallowed bricks were paving the highway of—

forward Midland! We said it was a story. It is. And so:

Once upon a time back in 1893, when Midland was a youngster and the cowboys single-footed their ponies over prairie lands which covered treasures of oil of which they didn't know and were just as happy, Midland needed a school.

Mind you, mister, they were as progressive then as they are now. This was the land of the big hats and big hearts. You couldn't beat them, pardner, no one ever did.

Or will. In one day, just 24 hours, the thousands of dollars necessary to build Midland a school was raised. The cowboys dug down in their Levi's, the widow contributed her mite, the few merchants here then kicked in.

The far-visions men and women who have built Midland so well, got the job done. Many of them are gone now and their sons and daughters and grandsons and granddaughters are here. But a tribute is due these fine people, such as: J. H. Barron, O. B. Holt, Sr., Tom Waddell, C. A. Taylor, Frank and Bill Cowden, Lige Estes, Reeves Barron, John Draper, Bill Daugherty, Tom Holcomb, D. C. McCormick, Frank McCormick, J. W. Driver, T. B. Wadley, Judge J. H. Knowles, Reverend Nixon, E. R. Bryan, W. M. Bryant, J. H. Mims, Mrs. N. C. Vest, the Wolcotts, and many, many more.

They built the school. It was an impressive structure then. The bricks were hauled from far away. Unheard of rains stymied the construction for days. Water had to be bailed out of the foundation ditches.

Finally proud and spick and spanking new stood the new red schoolhouse. In trooped the boys and girls in knee pants and gingham dresses, maybe a bonnet or two. Out whipped a jack knife or two. We don't say any initials were carved but typically scarring this old building's wood are some time-tested scratches as if boys didn't always do it.

But first another tribute. This is to the building committee of the school. On the cornerstone, which firmly sits today are the names of W. E. Connel, J. T. Pemberton, J. H. Barron, E. J. Mumford, the

building committee if you please. And when the old school goes as it soon will, Midlanders will remember the ceremony of the cornerstone laying when builders Bruce and Russell in the year 1893 turned over the building to Midland.

Mollie McCormick, Mrs. Clarence Scharbauer, Mrs. J. H. Barron, Addison Wadley, Mrs. S. W. Estes, and a host of others will remember that ceremony.

They were here then. They are here now. Old Professor Bell rapped the school to attention. Walter Cowden, say your ABC's. Clarence Scharbauer, cipher that essay. And you, Mollie McCormick, don't you pass that note to girl friend Estes.

Addison Wadley, you behave, and cut tying knots in that girl's pig-tails. Harry Tolbert, go stand in the corner until that licorice is gone. And you, Cowden boys, stay after school and I'll teach you lesson one and two.

Now Professor Bell warned the students to be conservative with our drinking water. You know it has to be carried all the way from the courthouse, he would say. High school students didn't have to be told to stay away from the kids in the lower grades, it was their building too.

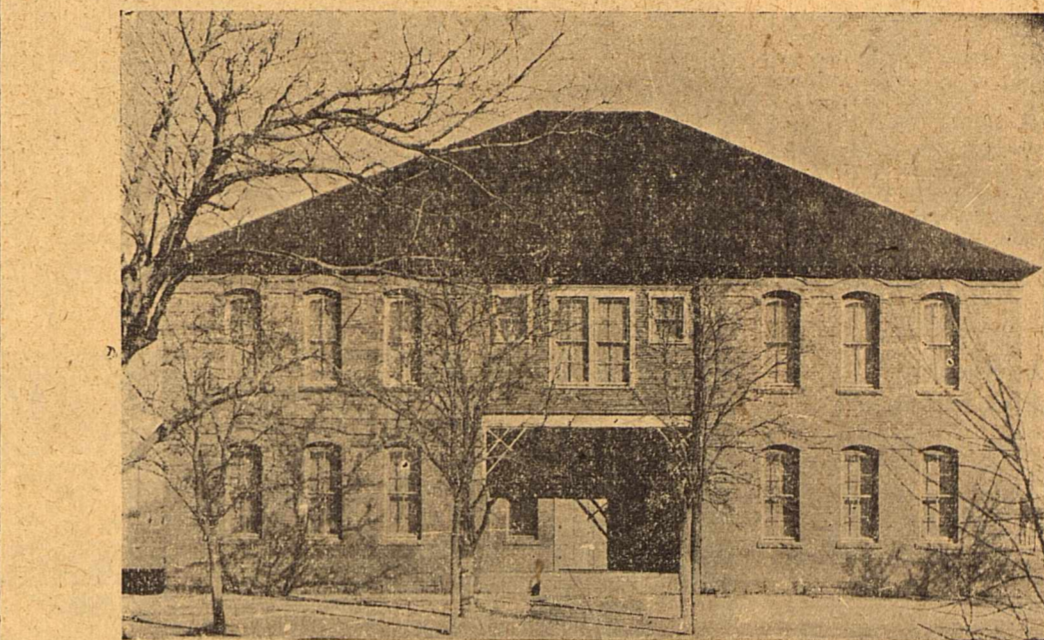

When you hear the bell in the morning, come to school, children, he would admonish. Now you Holt children, I'm going to tell you that that you were two minutes late this morning, he'd say.

And the students grew up and the school grew older.

Two full generations of Midlanders have tried to wear out its steps and desks. It still stands. Later along came Newell Ellis, Ralph Barron, T. Paul Barron, Helga Roundtree, Judge Charles Klapproth, Wood Taylor, Joe and Norma Youngblood, Lois Patterson, Mamie Stokes, Leona McCormick, Ira Driver, Mrs. E. H. Peyton, John Dublin, Ben Dublin, Ola Haynes, Fanny Bess Taylor, Cordelia Taylor, Lum Daugherty, Theresa Klapproth, Mrs. Ed Whittaker, Percy Mims, Ruth Scharbauer, Barbara Waddell Wall, Mable Glass, Gladys Cowden, O. B. Holt, Jr., Mrs. O. B. Holt.

And many more (many of them living in Midland now): Mrs. Joe Youngblood, Judge E. H. Barron, Elma Graves, Anna Mae Klapproth, Judge Charles Klapproth, Lotta Williams, Mrs. Luther Tidwell, Leonard Pemberton, Bascom Terry, Dr. L. B. Pemberton, Mrs. Jess Barber, Foy Proctor, Mrs. L. B. Pemberton, Mrs. Stacy Allen, Mrs. Raynee Carroll, Mrs. Susie G. Noble, Mrs. R. V. Lawrence, J. Y. Francis, Mrs. Charles Klapproth, Mrs. Lois Talum, Mrs. W. Bryant, Mrs. L. A. Arrington, Mrs. Essie Stafford, Dick Graves.

More and more: Golden Donovan, Holt Jowell, Wade Heath, Mrs. Ben Golladay, Mrs. George Armstrong, Mildred Ethridge, Mrs. Johnny Doyle, Jim Flanigan, Harry Roberts, Ray Moran, Blance Moran

Property on which stands this historic old Midland landmark was sold for \$45,000 and the building will be razed to make way for business lots.

Committee May Change Its Mind About Judge Now Wanting Pension

WASHINGTON—(AP)—The House Judiciary Committee may change its mind about Albert W. Johnson, the former Pennsylvania jurist who changed his mind about a pension. Chairman Summers (D-Texas) called the committee into session and told a reporter the group would probably "do some talking" about Johnson's sudden decision to claim his \$10,000 a year full pay pension. The 73-year-old Lewisburg, Pa., ex-judge renounced his rights to the money last July while under investigation by the Congressional committee.

Johnson repudiated this waiver last week, a day or so after the committee issued a report describing him as having been an "evil, wicked and mendacious judge" who sold rulings from the bench "for all the traffic would bear."

The committee noted in its report it was not recommending his impeachment because Johnson was no longer on the bench and drew no pension.

Now, however, Chairman Kefauver (D-Tenn.) of the subcommittee assigned to make an investigation of Johnson's conduct, believes Johnson's subsequent formal demand for the pension "puts a new light on the situation."

However, Henry P. Chandler, who administers the Judicial Retirement Act as director of the administrative office of the United States courts, said in an interview he would not heed Johnson's demand for the pension unless and until he is instructed to do so by the courts.

One sea mile equals about 2,000 yards.

(NEA Telephoto)

Secretary of Agriculture Clinton P. Anderson samples a piece of the new "grey" bread made of 80 per cent flour according to the recent order by President Truman. The new order for processing wheat is designed to raise the percentage of yield from wheat, thus increasing our output of flour for the starving people of the world. Secretary Anderson, after sampling this bread in his Washington, D. C., office, said, "Delicious."

Coyote Skin Game Is Not For Navajo

GALLUP, N. M.—(AP)—A Marine Corps major shot a coyote near here recently and thereby learned a bit of Navajo Indian religion.

The major searched all over town, with no success, to find an Indian to skin the animal so he could keep the hide as a trophy. He finally learned that the Navajo holds the coyote in such extreme contempt that he will have nothing to do with the animal, dead or alive.

The major finally got one of the town butchers to do the job.

Fair To City Firemen, Reporter Reaps Repast

KOKOMO, IND.—(AP)—City firemen cooked and served a dinner in the central fire station to show their appreciation of nearly 20 years of "fair treatment" by Maurice C. Tull, veteran Kokomo Tribune city hall reporter.

Some 200 firemen, policemen and city officials heard former Indiana Gov. Henry F. Schriener praise the public service of newspapers, as exemplified in "the man on the beat."

Kilgore Has 500 Oil Wells In City But, Strangely, Is Spick And Span

By JACK RUTLEDGE
Associated Press Staff

Everyone knows the vast East Texas oil field has 24,000 wells, and the little city of Kilgore has over 500 within its city limits.

That's like saying a battle is horrible. You can't visualize either until you've been there.

Kilgore is fantastic. Derricks bristle all over town like quills on a porcupine's back. But that's meaningless, too. Few have seen porcupines.

Close your eyes and picture your own town. Take your home first. If you were in Kilgore, you'd have a derrick in the front yard, another in the backyard. You'd have your washline tied to your back porch and the derrick.

If you ran a service station, you'd be selling gasoline out front—and pumping oil from a well in the little back lot.

The bank, itself, is surrounded by derricks. So is the hospital. So is the fire department. So is your old man.

Town Like Hairbrush

Group 500 wells within the confines of a small city and you've got something like a hairbrush, with little stores and homes wedged in between the bristles.

When we first hit town, we were awed by it all. Further, we were afraid to light a cigarette for fear of sending the whole works up in a disastrous blaze.

But residents of Kilgore take it all for granted. They smoke, and build fires, and move around quite casually. Once they had a big oil well fire in midtown. That was just before the war. But the very efficient fire department put it out promptly.

Kilgore is as different from an average town as one can imagine. Cowboys in Stetson hats ride motorcycles around the city streets. Women in slacks and mink coats stroll among the downtown derricks. The music store has radio-phonographs on display. A tobacco-chewing old man in well-worn

Chickens Came Home To Roost (Horse Farm)

PULASKI, TENN. —(AP)—The 69-stall barn at the old Milky Way farm near here, which once housed some of the country's top thoroughbred horses, now is the home of 20,000 chickens.

Albert Noe, Jr., bought the famous 2,700-acre farm last year from the late Mrs. Ethel Mars and decided to solve the meat shortage by raising chickens for use in his five hotels.

He processes 300 per day at the farm, now named the Albert Noe Farm.

He doesn't confine his farm program to chicken-raising, however. He has a few Tennessee walking horses and has poured several thousand dollars into a dairy and beef cattle herd.

Makes A Blanket Of Shoulder Insignia

MARION, ILL. —(AP)—Miss Helen Elliott, who made a pillow top of World War II service shoulder insignia collected as a hobby, has reaped a harvest of "patches" since word of her curious pastime got around.

Returning soldiers have ripped off their divisional insignia and presented them to her on the spot. Two patches came from Japan.

Now she has made a blanket of patches. Miss Elliott said she may present it to a veterans' organization.

clothes is pointed out as a millionaire. The theater has horse-shoes inlaid in the cement out front—shoes from the horses of all major cowboy stars. Chickens cluck and peck under a derrick on the main drag. Everywhere is an air of friendliness and quiet, confident optimism. And, strangely enough, the place is spick and span despite the oil wells.

Ardmore Digs Out Of Tornado

(NEA Photos)
Tornado-swept Ardmore, Okla., was able to care for her own disaster problems and outside help will not be necessary. The tornado roared without warning into the eastern half of town, striking first at the end of the business district and then ripping in to the residential area. Top photo shows the wreckage of a business building which was once a plumbing shop and insurance agency while the lower photo shows what was left of a dwelling after the blow. Luckily the people in this dwelling were not injured in any way.

Pickens To Head North Texas Oil Association

WICHITA FALLS —(AP)—J. Pickens Coleman, independent oil operator here since 1919 and one of five Texans on the wartime Oil Advisory Committee of OPA, will head the North Texas Oil and Gas Association beginning next month.

He will succeed E. G. Kadane, March 2 at the association's annual banquet meeting here.

Other officers whose election has been announced by the board of directors are E. B. Clark, vice-president, and Fred Sehmman, re-elected executive vice-president.

New board members are W. V. Coffey, Bowie; Henry Craig, Olney; T. Leo Moore, Electra; George L. Shanor, Vernon; Boyd Street, Graham, and Ralph T. Zook, Bradford, Pa.

Governor's Machine Runs On Kerosene

RICHMOND, VA. —(AP)—Gov. William M. Tuck of Virginia can testify that kerosene is a satisfactory substitute motor fuel, in an emergency.

Twenty miles from Richmond, the gubernatorial automobile ran out of gasoline and the nearest service station had none. The governor settled for a gallon of kerosene, which enabled the car to reach another station and fill up with gas.

First Aid Aide Is First With First Aid

CUMBERLAND, MD. —(AP)—H. Lee Silcox, Red Cross first aid chairman, happened along just in time. Silcox was waiting for an ambulance to go on a call when a woman walked out of a nearby doctor's office and fainted.

He stepped up, caught her, put her into the ambulance and took her home.

Born To Trouble

JOHANNESBURG —(AP)—An expectant mother living near Harpismith started for a maternid home in an automobile. The car stuck in the mud. Her husband hurried her back to the farmhouse and telephoned a doctor. The doctor's car stuck in the mud. So the husband served as midwife himself—following telephoned instructions from a nurse. When the doctor finally came, the mother had borne an eight-pound boy.

"Murder!" They Cried By DOROTHY STALEY

I FELT very weary. "You better pull yourself together, Dru, and go downstairs and take that telephone over. This affair isn't going to be a secret very long, and somebody will have to sit there and be patient and tactful. Besides, the district attorney wants to see all of us at noon. She came and laid her cheek on my hair. "Sorry, Nana. I'll take over now." I knew I could depend on her, so I left and went to Miss Jenny's room. She was very white, but she and Betsy were sitting there knitting very steadily. I thought of the knitting women of France and shuddered. The law was crying "Murder!" Did that mean that someone of us... I brushed the thought angrily aside. There was some logical explanation of Phillipa's death. Or did it lie in something supernatural, as Dru had said? Had we all, hating Phillipa, wishing her out of our lives, combined in a force that had swept her illogically toward the cliff's edge and death? "Something has to be done about Phillipa." That was the thought uppermost in each heart. Those who hadn't voiced it had thought it. We each of us had murder in our hearts, yet we weren't the kind of people who murdered. We were all assembled in the library by three minutes of 12 when Jeffrey Hazlett came in with a young man stenographer and another man whom he stationed at our telephone. Mr. Willson had had the desk pulled into the center of the floor for Jeffrey and we sat in a semi-circle in front of it, exactly like so many children in a schoolroom. Zern and Straub were not around. I couldn't understand that, and I think Jeffrey was a little puzzled too by their lateness.

his forehead again. "No? Is this? 'And there was Miss Betsy with the heavy poker in her hand, screaming at Mrs. Fletcher to get out. I was that surprised!' Betsy raised her chin and met Zern's eyes levelly. "That," she said, "is quite true."

AT that point the man at the telephone called Straub, and Dru took advantage of the interruption to say in a cool, even voice, "I think you can leave Mr. Fletcher Willson out of your calculations, Mr. Zern. He was with me last night." Zern said, "Is this a confession, Miss Ellis?" Dru can hold her head up as proudly as Betsy, with just a hint of arrogance and a bit of contempt for creatures like Zern. "Of what?" she asked. "Murder—or an indiscretion." "Dru, Dru," I thought, "I can appreciate your wanting to shield Fletcher, but you aren't making things any better." But Zern wasn't flustered. "Neither," she answered Zern, in such a tone that he began to look uncomfortable, and then relieved when Straub interrupted from the doorway of the morning-room. "You'll have to lay that hold-up theory of yours on the table, chief. The car's been found." Straub's voice had the triumphant note in it that comes only when you have proved yourself to be right. "With an empty gas tank, but with the windows closed and the whole car locked." Jeffrey spoke quietly, "Where are the keys?" Straub shook his head, "We got to find the keys yet. Probably in the rock garden somewhere. We'll have to make a more thorough search there yet." "Where was the car?" Jeffrey asked. Straub pulled his choicest rabbit from his hat. "Right near home. Over on Church Road, near a quarter mile from the old Barclay place." Betsy's fingers closed convulsively around mine. (To Be Continued)

In Memoriam

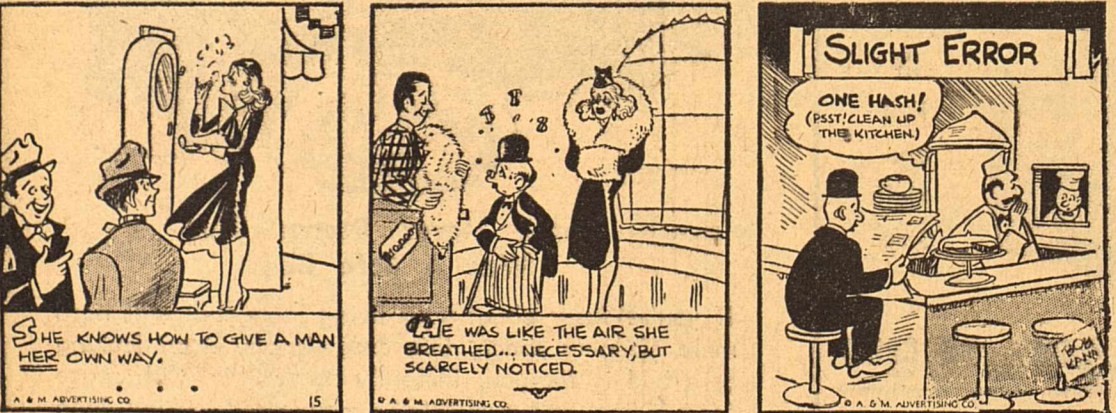

Scores of friends who prayed for 3-year-old smiling Charlie Hale, above, who recently lost his five-month fight against cancer, have started a Charles Hale 3rd Fund to help other children battle the dread disease. Funds will be used to enlarge children's ward at Memorial Cancer Center in New York, where Charlie was a patient.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY America's Card Authority Running through my collection of hands, I found this one which had been given to me by our late friend Bill Huske. Bill commented that perhaps Mrs. Julius Daub of New York, who played the hand, was a little optimistic in her jump to three no trump, but she gave it nice delivery on the play. The opening lead was won with the ace of clubs and Mrs. Daub immediately led the jack of diamonds. North won with the queen

British Girl Eats Bananas While Bound For Odessa

(NEA Photo)

T. Casper, a radio announcer, questions Mrs. Ruby Hunnicutt about her impressions of America, especially Texas, while her 12-year-old daughter by a former marriage delights herself by eating bananas. Maureen, 12 years old, hadn't see a banana in six years and when the good people of Marshall, Texas, came on the train with all kinds of fruit, including bananas, she just couldn't believe her eyes. Maureen and Mrs. Ruby Hunnicutt are on their way to join John A. Hunnicutt of Odessa, Texas, who has just re-enlisted in the Army as a sergeant. Mrs. Hunnicutt is from Colchester, England.

Red Cross Knitter Is Sock Success

WESTFORD, MASS. —(P)— Mrs. Jennie M. Kendrick, 85, has set a knitting record for the Lowell Red Cross. Since March of 1940, she has knitted for service men 3,400 Afghan squares, 650 pairs of socks, 12 knee bands and uncounted scarves and shawlrettes. Born in Nashua, New Brunswick, Mrs. Kendrick learned to knit when she was nine years old. She still does all her own house work. Mrs. Kendrick performed the same service for the Red Cross in World War I. "But I didn't keep count then," she said.

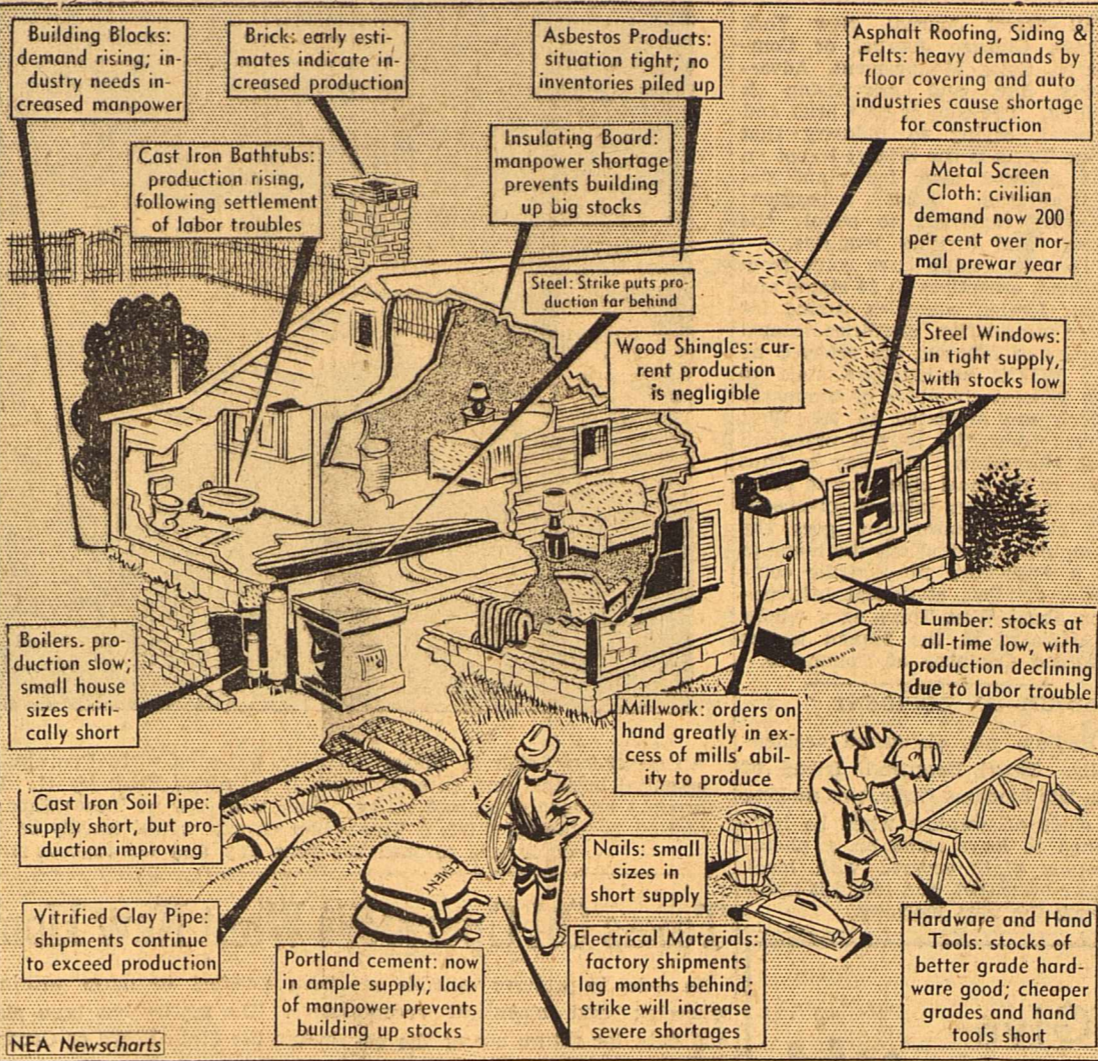

Adding Injury To Insult

SALISBURY, MD. —(P)— When Maryland state police advised Avery W. Hall that his stolen automobile had been located in Folkstone, Ga., the Salisbury businessman doubted that he'd go south to claim it. The machine was abandoned on a railroad track, and a train cut it virtually in half.

His Nose Knows

LARAMIE, WYO. —(P)— A bus driver, observing a rural custom of dropping passengers near their destinations, regardless of scheduled halts, parked right at the door of the city jail with two passengers, who were fined \$17 each for drunkenness and disturbance.

To Build a House, FIRST Catch Your Materials

Of the many factors delaying the building boom that should be sweeping the country, shortage of materials is the worst. Sketch above shows approximate current status of various essential building materials, based on facts gathered by the Department of Commerce. Some of the items which seemed slated for improved production will now be slowed up as effects of the steel strike are felt by processors.

In Symphony At 13

SALT LAKE CITY —(P)— Utah music critics believe they have one of the youngest "long hair" performers in the country. Leon Burnett, 13, plays in the oboe section of the Utah state symphony.

Durable Dome

MISSOULA, MONT. —(P)— Sheriff R. D. MacLean says that certainly was a hard-headed fellow he arrested for automobile theft. The prisoner charged a heavy oak door in the jail office room, using his head for a battering ram. The door was smashed off its hinges, his noggin undamaged.

Greeks Seek Sale Of Tobacco Crop

ATHENS —(P)— Greece's rich tobacco, which represents nearly 50 per cent of her normal exports, for the past three years has been lying idle in warehouses seeking markets. Before the war Greece exported over 60,000 tons of tobacco annually—45,000 tons to Central Europe and 15,000 tons to America and Britain. Virtually the entire 1944 crop, 18,000 tons, and the entire 1945 crop of 25,000 tons are in warehouses here. U. S. tobacco agents negotiating for the stored tobacco are handicapped by foreign exchange regulations and the lack of shipping.

Wrecker Will Do Something Constructive

NASHVILLE, TENN. —(P)— The housing shortage has turned Charles H. Burke, building wrecker who advertises "Burke wrecks another one," to thinking along constructive lines. He took out a building permit to erect an eight-room, \$16,000 residence.

Sydney is the largest city in Australia, with 1,310,530 population. Much of the central area of Australia is unproductive, because of lack of water.

'Sno' Joke: Pansies Are Bloomin' Tough

BRAZIL, IND. —(P)— If recent snows were too much for you, you can't even qualify as a pansy. Miss Mabel Kidwell strolled through her garden and found a crop of pansy blooms had blossomed out where heavy snow had lain only a few days before.

West Texas' Story Placed Before Major Industrialists

ABILENE—The West Texas story, what the region served by the West Texas Chamber of Commerce has to offer in postwar industrial and other business opportunities, is going to thousands of outside investors around the nation.

The regional chamber of commerce is soliciting off both in display advertisements in newspapers and magazines of national circulation and in a pamphlet, just off the press, designed to support and implement the advertising. This 12-page document bears the caption, over a 2-color map of the

area: "West Texas Invites Industry. Facts About the 132-County Area of the Nation's Greatest State, Long and Truly Known as the Raw Materials Capital of the World."

Since last fall the WTCC has been taking display space in a few carefully selected media in the East and North. That phase of the industrial advertising campaign authorized by affiliates in the chamber's 1945 referendum convention now is being expanded with ads running or contracted in Time magazine, Nation's Business, the

Wall Street Journal, New York Times, Chicago Journal of Commerce, Sales Management, Advertising Age, and Advertising & Selling. The copy is kept brief and general, saying to industry that West Texas is the brightest spot on the postwar map for plant decentralization and expansion; avowing eagerness to supply the proof; and inviting inquiries.

To date, replies have come from business executives in 34 states and three foreign countries, asking for more information. Inquiries deemed worthy of followup are referred by the WTCC headquarters staff to the 58 local chambers of commerce which are affiliated in the West Texas Industrial Bureau organized last November. The way is thus open to the local chambers to make their own sales talks to prospects.

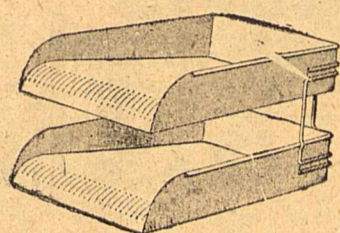

To every inquirer also goes the pamphlet rounding out the message in a 4,000-word story giving complete, detailed, statistical information about West Texas as a whole.

Affiliated in the bureau is the Midland Chamber of Commerce.

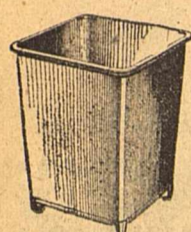

RADIUM—AN ACCIDENT

Radium was discovered accidentally. Henri Becquerel, friend of the late Madame Curie, was making a study of uranium when he happened to leave some on a photographic plate covered with black paper overnight, and found it light-struck the next morning.

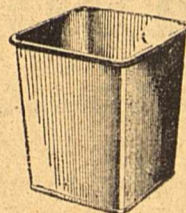

BACK AGAIN! STEEL

DESK TRAYS . . . Smartly modern and graceful in styling, these thoroughly practical steel desk trays hold papers at a convenient slant so they may be picked up readily without digging or fumbling. Rubber feet on bottom keep desk top free from scratches. Trays may be stacked to any desired number of decks by means of easily attached metal supports which have satin chrome finish.

WASTE BASKETS made of heavy gauge steel with welded joints, these sturdy waste baskets will give long and economical service. Their large capacity makes them exceptionally useful in home and office. Available with or without legs. Rounded corners have rubber bumpers for extra protection of clothing and furniture.

Fuel Shortage Grim For New York City

(NEA Telephoto) An emergency order by Mayor O'Dwyer, imposing virtual paralysis on life of the big city, closed all non-essential business and entertainment at midnight February 11. The order is a result of a fuel shortage brought on by the tugboat strike. Here is a view of Times Square, less than an hour after the proclamation became effective, a time when crowds would usually be jamming both sides of the street. The order was revoked the next day and the tugboat strike ended Wednesday night.

Texas Oil Operators Want New Home For Records

In order to preserve valuable engineering and statistical records and data for future use of the petroleum industry in developing more efficient methods of producing oil and gas and of properly conserving these resources, a campaign is being started by Texas oil operators, under the leadership of V. E. Cottingham of Midland, widely-known oil operator and petroleum engineer, to have the State Board of Control provide adequate office and filing space in Austin for the Oil and Gas Division of the Railroad Commission of Texas.

Cottingham served four years as chief petroleum engineer and director of production of the division, before leaving state employment in 1939 to come to Midland to operate an oil field engineering service.

He has sent letters to a large list of oil companies and oil operators asking them to have representatives in Austin February 19 to attend a meeting concerning the matter. The session will be held immediately after adjournment of the statewide oil and gas proration hearing.

There has been agitation in the oil industry for several years for the state's petroleum regulatory body to be given adequate office space and sufficient room in fire-proof and dustproof quarters for all of its important records to be properly filed, indexed and preserved, and for the work of the division to be properly dispatched.

Housed in Old Residence

The Oil and Gas Division of the Railroad Commission has been housed since June, 1937, in an old residence in Austin, which is in poor state of repair. The building—formerly used as a funeral home—has not been sufficient to provide proper space for working and for the many records and statistics which have been stored in shacks, attics and basements.

Recently the property was sold and the Railroad Commission has

been notified to move within 30 days. The matter has been placed before the State Board of Control—with a request from the commission that the oil and gas division be given adequate accommodations in the Tribune Building, recently purchased by the state to provide offices for various state departments.

Cottingham, and many other oil operators, are backing that request for space for the oil and gas regulatory organization in the Tribune Building.

They point out that the oil industry is producing large amounts of taxes for the general fund, for the public school fund, and the highway fund of Texas, through the gross production tax on production.

In addition, the oil producers pay a special regulatory tax of 2/16 of one cent for each barrel of oil produced. That special tax is supposed to be used by the Oil and Gas Division to finance the regulatory program.

Funds Are Transferred

Records of the commission show the regulatory tax grossed \$1,302,681.54 for the fiscal year of Sept. 1, 1943, to Aug. 31, 1944, with total expenditures for regulation purposes of \$449,322.61, and leaving a balance of \$853,358.93 which was transferred June 20, 1945, to the General Revenue fund of the state.

For the fiscal year beginning Sept. 1, 1944, and ending Aug. 31, 1945, total receipts from the regulatory tax were \$1,478,657.95 with a total expenditure of \$480,216.72. On June 20, 1945, \$146,681.07 was transferred from the 1944-45 regulatory fund to the General Revenue Fund.

That amount, plus the \$853,358.93 balance from the previous year made a total of \$1,000,000 which was transferred, and said to have been used to purchase the Tribune building for the state and for the building of other buildings.

Cottingham and his supporters among the oil operators of the state assert that since an amount of more than enough to pay for the Tribune Building was transferred from the regulatory fund to the general fund, from only two years of the collection of the tax from

the industry, the Oil and Gas Division is entitled to quarters in the modern structure.

The basic reason for the oil industry being so anxious for the records of the Oil and Gas Division being properly and permanently housed and cared for is that those records are valuable sources of information for making engineering studies; for preparing programs for re-pressuring of oil fields and for a variety of other important activities connected with the full utilization and conservation of the oil and gas resources of the state—and in that way providing to the general fund, the public school fund and the highway fund of Texas, the fullest possible amount of revenue from the oil and gas industry.
