A Vital Message To Men Who Feel Old

Why not regain the vim and vitality you once enjoyed?

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is a simple method that may change your whole outlook on life. Just ask your druggist for CASELLA stimulating tablets. Take as directed on label. Don't feel old and worn out at 40, 60 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try CASELLA tablets and regain the verve and zest of a much younger man? There is nothing harmful in these tablets. They contain Celery seed, Thiamin Chloride, Passion Flower, Iron. Ask your doctor or druggist about this formula.

Throughout the war, The Whist Club conducted an annual rubber bridge tournament to raise funds to help the American Contrac

Goren selected today's hand from The Whist Club tournament as one of the most interesting hands of the World production of petroleum in year. It is seldom necessary to make sacrifice bid with a hand as big as East's. Goren knew that if he were on lead and could lead a club he might defeat the hand; but with his partner on lead, he felt he had to go to six spades. Of course he was right, as six diamonds could be made easily.
