Connally Cites Need For Big-Three Talks

Lewis Demands Pay Hike For Miners

Chief Expected To Ask Royalty On Coal Mined

By The Associated Press
John L. Lewis met with the nation's soft coal operators Tuesday to present his wage increase demands for 400,000 United Mine Workers.

The UMW chief presented his notice of intention to terminate the present agreement April 1 but did not disclose his demands immediately.

He nominated Ezra Van Horn, Cleveland, chairman of the Bituminous Operators Negotiating Committee to be permanent chairman of the National Bituminous Wage Conference.

Charles O'Neill, the operators' chairman in the actual negotiations, nominated UMW Secretary-Treasurer Thomas Kennedy for conference secretary. O'Neill also nominated several other UMW officials and representatives of the operators for conference posts.

Before the conference opened, Lewis held a last minute session with the union's policy committee to go over the miners' demands.

Wound Unionize Supervisors
The operators were inclined to believe that with whatever else Lewis would ask, he would demand a shorter work week, more pay to make up the loss in take-home pay earnings, the unionization of supervisory workers, and a "participation" royalty on each ton of coal mined.

Last year he asked for a 10-cent-per-ton royalty which would have netted the United Mine Workers \$57,500,000.

While only the bituminous industry is involved in negotiations beginning Tuesday, the anthracite contract is timed to expire a month later. That industry usually follows the pattern of soft coal. Lewis has prepared for a strike of 400,000 bituminous coal miners April 1, if necessary.

The administration's new wage policy came in for considerable discussion by the Lewis forces in formulating their demands—but few expected the mine leader to be deterred by the policy if it offers too many obstructions to what he seeks.

Landlord Association Seeks Rental Increase

WASHINGTON—(AP)—Congress, allergic to election-year hot potatoes, juggled a request Tuesday for a mandatory 15 per cent hike in the general rent level of residential property throughout the nation.

The recommendation was presented to the House Banking Committee by representatives of rental property owners who argued that such a boost is essential in justice to the property owners.

The rent increase was recommended by George M. Englar of Baltimore, president of the National Apartment Owners Association, and Arthur D. Koppel, vice chairman of the Metropolitan Fair Rent Committee of New York.

They contended OPA has conducted a propaganda campaign, arousing tenants against owners and inciting class hatred.

Weather

Scattered showers with increasing winds Tuesday afternoon. Possible wind velocity to 35 miles per hour Tuesday afternoon. Colder and clear Wednesday.

General Walker Will Command Postwar Texas National Guard

AUSTIN—(AP)—Maj. Gen. Fred L. Walker, who commanded the 36th Division during its hard fighting in Italy, has accepted command of the postwar Texas National Guard.

Gov. Coke Stevenson announced Walker's acceptance of the enlarged command, which will include not only the 36th Division but practically all of the 49th Armored Division, an Air Corps fighter wing, an anti-aircraft brigade, and other combat units.

The Texas National Guard as reactivated will include a personnel of 29,321, the largest in history.

Stevenson at the same time said that the State Guard would not be de-activated until the reorganization of the National Guard was complete, and that it was hoped the State Guard personnel would in many instances constitute the nucleus of local National Guard units.

Mass Transfers Planned
He was of the opinion that mass transfers of men from one set-up to the other could be effected.

Stevenson tendered the post to General Walker at the 36th Division's reunion in Brownwood last January. Walker accepted Tuesday after a long conference with government on the reorganization plan.

He will take over the command on April 20. Meanwhile he will go to Washington for detailed conferences with the War Department.

Quick Reorganization Needed
Stevenson said that communications from the War Department to him have stressed the urgency of quick reorganization and reactivation of National Guard units.

Among details yet to be worked out are designation of commanding officers for the 36th Division and the 49th Armored, and the extent to which Texas will have control of units of the 49th to be stationed in New Mexico.

Under the reorganization, all of the 49th except Combat Command B, will be stationed in Texas. That unit will be in New Mexico. Combat Command B will consist of 3,471 men, and the balance of the 49th will include 5,264 men.

U. S. Denies Violation Of Bulgaria Agreement
WASHINGTON—(AP)—The United States Monday night flatly denied Russia's charge that it violated an agreement in trying to broaden the leftist regime in Bulgaria.

Replying personally to a Russian note of last week, Secretary of State Byrnes expressed "surprise" at the Russian objections.

The dispute stems out of a Big Three foreign ministers agreement at Moscow last December that the United States and Britain would recognize Bulgaria if the government were broadened to include two members who would "really represent" the opposition.

Purses Stolen From Nurses At Hospital
Two nurses at the Western Clinic Hospital Monday reported to city police the theft of their purses from a clothes room at the hospital.

The purses contained approximately \$30.

The purses were recovered Tuesday, found by a citizen north of the hospital, but they had been emptied of money. Papers were left intact.

Police Chief Resigns To Become Trash Hauler
PALESTINE—(AP)—Palestine Chief of Police Earl G. Tomkins has resigned to become city trash hauler.

The police veteran of 23 years service explained to the City Council that the trash hauling job would make him more money.

Weather
Scattered showers with increasing winds Tuesday afternoon. Possible wind velocity to 35 miles per hour Tuesday afternoon. Colder and clear Wednesday.

ORGANIZATION NOT TO NAME CHAMPIONSHIPS HENCEFORTH

Roy Parks Named Vice-President Of Rodeo Association

Roy Parks, widely known Midland County rancher, Monday was named second vice-president of the National Rodeo Association at its eighth annual session in Fort Worth. Parks served as a director of the organization the past year.

Roy F. Evans of Dodge City, Kan., was elected president. Other officers are Clyde E. Byrd of Little Rock, Ark., first vice-president, and C. A. Studer, Canadian, Texas, secretary-treasurer.

Active Rodeo Booster
Parks is a former president and a present director of Midland Rodeo, Inc., and has been active in boosting rodeo and livestock events.

The rodeo association members voted Monday to abolish their point-system award for rodeo championships and, in the future, to act primarily as a clearing-house for rodeos, setting up dates and places for the 50 rodeos now members of the organization. The association will turn over to the

Rodeo Cowboys Association the six trophies it has been awarding annually in championship contests. It will continue to make an annual all-around championship cowboy award.

New Directors Named
Four directors were re-elected and four new directors appointed in the Monday business meeting.

Directors re-elected are Allan Finch of Dalhart, Floyd B. Rigdon of Carlsbad, N. M., Lynn Beutler of Elk City, Okla., and A. B. Harper of Fort Smith, Ark. Newly-appointed directors are Ralph R. Wolf of Waco, Hal Cooper of Woodward, Okla., W. E. McKinney of Corsicana, and J. C. Howe of Sidney, Iowa.

The association concluded its session with presentation of prizes to six championship cowboys Monday night.

George Glass was among the Midland Countians in Fort Worth over the weekend to attend the Fat Stock Show and National Rodeo Association meetings.

Cop to Tokyo
Martin E. Joyce, Chicago police sergeant, has been appointed special investigator for the International Prosecution Section of the War Crimes Office in Tokyo.

County May Keep Old Brands Books
Midland County may not join other counties of Texas in sending its old brand records books to the State Historical Association for binding and placing in the state archives.

Members of the Commissioners Court, in an unofficial discussion on the association's invitation to the county to include its records in the collection, displayed a unanimous feeling of opposition to the proposal. Their reaction was that the records books have a more historical value to Midland County than they would have to the state in general.

The two volumes contain all the registered livestock brands of the county from 1884 to Oct. 1, 1943, when all brands were required to be re-registered. Approximately 2,000 such marks are contained in the following pages.

First brand recorded following the organization of the county in 1884 was the Circle O of J. T. Hester, which was filed July 17, 1885.

The current brands recording book contains 153 registrations, headed by the Running W of the famed King Ranch at Kingsville, Texas.

Soviets To Leave Manchuria

By SPENCER MOOSA
CHUNG KING—(AP)—

Russian troops evacuating Mukden have insufficient transportation facilities to move directly to Soviet territory, consequently must make stopovers at Changchun, the Soviet chief of staff officially informed Chinese officials Tuesday.

A growing Chinese government force was reported in control of Mukden as the retiring Russians yielded barracks and factories of that Manchurian industrial center. The Chinese government meantime prepared to dispatch troops

Official Soviet Paper Hits Churchill

Nation Asked To Eat Less Fats, Wheat To Save Famine Victims

WASHINGTON—(AP)—The best fed nation in the world heard a plea Tuesday to cut its food consumption by 40 per cent in wheat and 20 per cent in fats to help save a half-billion famine victims overseas.

The appeal of President Truman's Famine Emergency Committee said such a mighty, volunteer effort on the part of Americans was needed for the next 120 days to tide the hungry abroad over "a terrible four months until the next harvest."

The committee offered almost two-score suggestions on how the public could cooperate in the food-conservation campaign. They ranged from a 10 per cent cut in the weight of bakers' bread to toasting sandwiches and open-faced pies.

The appeal to America to respond to "a great human cry" for salvation was issued by the famine committee Monday night. "The world

faces a gigantic emergency of famine among 500,000,000 people due to war exhaustion of agriculture and drought," the statement said.

Three Hopeful Developments
Three hopeful developments in the general food outlook, and one adverse one had been reported a short time earlier.

Top encouraging factor was the Agriculture Department's report that prospects continue to point to a near-record crop of winter wheat in this country, with a yield of 751,000,000 bushels indicated.

The department also reported a record of 187,000,000 boxes in citrus fruit production was expected this season. But on the gloomy side, it asserted that no "end of the period of world scarcity of sugar" was indicated. It said the shortage may continue into 1947.

Meanwhile, 18 member nations of the United Maritime Board were getting ready to put into action a shipping agreement aimed at speeding the transport of food and other commodities to needy overseas areas. The pact, announced by the State Department, pledges the countries to meet UNRRA shipping agreements.

Doesn't Affect America
Tarie said "all the sinister action with which he (Churchill) reproached the Soviet Union violates only the interests of England and not of America."

The writer, a 70-year-old Soviet historian who has much prestige in the Soviet Union, insinuated that the British Labor government is behind Churchill by declaring that Churchill and Foreign Secretary Ernest Bevin were encouraging Russia's southern neighbors where, he said, there is a "bad impasse."

Saying Churchill's mission to the United States was no mystery, Tarie asserted: "Churchill called upon the United States to conclude, without losing a single minute, a very close military alliance with Britain counterweighting the Soviet Union."

Chamber Of Commerce Plans Membership Meetings Monthly
Directors of the Midland Chamber of Commerce, at their regular meeting Monday night in Hotel Scharbauer, approved a proposal for general membership meetings possibly once a month to which all members would be asked to bring suggestions and ideas.

James N. Allison, who suggested the plan, urged that the Chamber of Commerce be kept closer to its members so each may have a voice in affairs of the organization. He pointed out that during the war years, the number of members carrying on activities was necessarily limited and suggested that all members have a voice in the organization.

Allison suggested that if possible a luncheon be scheduled each month and all members notified in time for them to make plans to be there and offer ideas and suggestions.

Boosters Named
C. C. Harper, president of the Chamber of Commerce, appointed James L. Daugherty, John B. Mills and J. E. (Bob) Hill a committee to arrange for a group of Midland boosters to attend the Glasscock County Livestock Show Friday.

A proposal for a football game between Sul Ross State College and New Mexico Military Institute in Midland Saturday night, October 19, was discussed. Inquiries have been made by the colleges to determine if Midland would like to have the game. A committee, headed by Clint Dunagan, was named to investigate possibilities of staging the game in Midland.

Dr. John B. Thomas, president of the Midland Memorial Foundation, reported that its financial campaign was making slow progress but said the goal would be reached.

The regular monthly financial report of the Chamber of Commerce was presented by John P. Butler, treasurer. He said 12 new members were enlisted in January and 11 in February.

Bishop Indicted In Manila For Treason
MANILA—(AP)—A Catholic bishop of Manila was among hundreds of Filipinos accused of treason in People's Court Tuesday as special prosecutors rushing to meet a March 15 deadline brought 15 indictments to more than 3,400.

Cesar Maria Guerrero, auxiliary bishop, was accused of placing his imprimatur on a seditious Japanese-sponsored magazine, of urging intermarriages with Japanese and of praying for Nipponese victory.

Two Escape Jail At Colorado City By Picking Door Lock
COLORADO CITY—(AP)—Sheriff J. N. Narrell of Mitchell County said Tuesday that Doyle James and L. T. Crawford, both of Lubbock, escaped from the county jail here Sunday afternoon by picking the lock to the main door.

Both James and Crawford, the sheriff said, were awaiting trial on charges of theft of penny weighing machines and their contents here January 1. They were indicted by the Mitchell County grand jury on February 18.

Two At Abilene — Eight Texans Are Listed As Nazis In Party's Records
WASHINGTON—(AP)—A Senate Military Affairs Subcommittee has made public names of 643 persons listed by the Nazis as fellow party members living in the United States on Dec. 31, 1942.

The subcommittee, headed by Senator Harley M. Kilgore (D-Va.), has been investigating war mobilization.

The list was compiled by the War Department from official German documents and files. Maj. Gen. John H. Hildring, director of the Civil Affairs Division of the War Department, told the subcommittee that it represents only a small fraction of the Nazi Party membership outside Germany.

He said in his testimony that the card files were discovered in the American zone of occupation by the U. S. Army, photographed and sent here on microfilm.

Because the original records were made by Germans and not by the Army he declared "the War Department cannot vouch for their accuracy."

(Editor's note: addresses may be incomplete or erroneous due to illegibility of original cards and no check is possible.)

The membership included the following with Texas addresses:

Carl August Albrecht, businessman, 3710 Holland, Dallas; Gunter Kellner, carpenter, Houston; Hans Kippenberg, businessman, 1905 Cotton Exchange, Dallas; Gunter Langkem, clerk, Abilene; Heinrich Molsen, businessman, P. O. Box 2115, Dallas; Carl A. Sonnen, businessman, P. O. Box 115, Abilene; Gertrud Stubbe, housewife, 698 Edinburg, Houston; Heinrich Tholken, broker, P. O. Box 115, Dallas.

Two Are Unopposed In City Election
Filing deadline for two places on the Midland City Council closed Monday.

Unopposed are Robert I. Dickey for re-election to Councilman, place four, and Stanley M. Erskine, for place five.

Erskine will replace Paul McHargue, incumbent, who did not seek re-election. He had served three terms.

The date of the election is April 2.

On the council, not subject to election this year, are Fred Hogan, John P. Butler and Frank Stubben.

Hogan is acting mayor for A. N. Hendrickson, who is on leave of absence.

Texan Asks Armed Forces To Oppose Political Maneuvers

WASHINGTON—(AP)—Senator Connally (D-Texas) called Tuesday for a new Big Three meeting to discuss "in language clear and plain and if need be, blunt, issues he said otherwise may blaze into world friction."

The chairman of the Senate Foreign Relations Committee sounded an optimistic note on future relations with Russia—provided they are based on such plain speaking.

But he told his colleagues in a prepared address that Russia must understand that while she has the unchallenged right to maintain any form of government she wants, "these rights do not extend beyond her boundaries."

Connally called for maintenance by this country of "an adequate army, a superior navy and a superlative air force."

These, he said, would back up American determination not only to resist aggression by arms, but to "oppose aggression by economic or political pressure or maneuver."

Pinning his hopes on the United Nations, the Texas Senator said that so long as Russia, Great Britain and the United States "remain loyal to the obligations of the Charter and adjust differences as they arise, there will be peace."

But, he added, "those who want peace must not commit acts that tend to provoke war."

Says Soviet Not For War
Expressing the belief that the Soviet Union does not want war, Connally said he believes mutual understanding and cooperation with Russia "are not insuperable."

"Russia can have peace by supporting and cooperating with the United Nations," he declared. "Her responsibility is great because her power is great."

Connally's speech, which he said he discussed briefly in advance with Secretary of State Byrnes, carried on the newly-instated policy of plain-speaking about Russo-American relations to which Byrnes and Senator Vandenberg (R-Mich.) recently lent their voices.

It is time, the Texan said, for a new meeting between President Truman, Prime Minister Attlee and Generalissimo Stalin.

He said the Big Five foreign ministers ought to meet frequently, too.

"In frank conversations face to face—in candid explanations, eye to eye—in language clear and plain and, if need be, blunt, many questions will be solved."

Silurian Showed Sulphur Water In SW Ector Wildcat

By JAMES C. WATSON,
Oil Editor

Phillips Petroleum Company, et al., No. 1 Ector, Southwest Ector County wildcat, one mile east of Judkins, which is about 500 feet high on top of the Silurian, to the Texas Company No. 29 Connell, to the west, developed sulphur water in a drillstem test at 7,707-37 feet.

The test was open one hour. Recovery was 6,879 feet of sulphur water, with no shows of oil or gas. Operators were preparing to resume drilling.

SW Ector Wildcat
Despite the fact that the Silurian has proven disappointing, this wildcat is still much in the spotlight, as its current high position structurally might lead to it also being high on the Ellenburger.

The Atlantic Refining Company No. 1-Q University, East-Central Crane County exploration, in southeast quarter of section 22, block 31, University survey, one and one quarter miles north and one mile east of discovery for Devonian and Ellenburger production in the "Block 31" field, is being abandoned for the second time.

Second Abandonment
This is the old Gulf Oil Corporation No. 1-F University, which drilled to 10,659 feet, but failed to get oil, and was abandoned several years ago, after being dry in that formation.

Atlantic acquired the lease and had attempted to clean the old hole out to at least test the Devonian. The cleanout reached 10,659 feet, but was not able to get below that point—on account of such a good job having been done on junking the old hole in the original plugging operation.

Atlantic's lease on this particular tract is of considerable duration and it is not expected that a new exploration will be undertaken on it during the immediate future.

Section Jumbled
The Texas Company No. 1-F Fraser, Northwest Ector County prospector, to the Ellenburger, in southeast quarter of section 29, block 45, T-1-N survey, T-1-N, about two miles north of the closest lower

(Continued on Page 4)

LATE NEWS FLASHES

PARIS—(AP)—The French cabinet Tuesday approved a new note to the United States and England in support of its contention that the Franco government of Spain is a threat to peace and should be so considered by the United Nations Security Council.

WASHINGTON—(AP)—Former President Herbert Hoover said Tuesday supplies of cereal now available to avert starvation in war-torn countries are eight million to nine million tons short of minimum needs.

SAVANNAH—(AP)—Russia and other Bretton Woods signatories who have been dilatory about entering the World Bank and Fund may be granted only six months in which to join the global lending and currency stabilization agencies, Secretary of the Treasury Fred M. Vinson, chairman of the boards of governors of the twin institutions, predicted Tuesday.

WASHINGTON—(AP)—The House Tuesday passed and sent to the Senate a bill authorizing the Navy to use approximately 100 warships for the atomic bomb tests in mid-Pacific this spring.

Second Chance

Girl Scouting in the United States is 34 years old today. It has already had a wholesome, lasting influence on one generation of girls, and is well along in its objective of helping a second generation grow up to be better citizens and happier homemakers.

Girl Scouting started just before World War I and many of the generation which it helped to train gave distinguished service in World War II. The Girl Scouts themselves point out, however, that the biggest job is still ahead.

Lord Baden-Powell, who originated the Scouting idea for boys and girls, and Juliette Low, who brought Girl Scouting to this country, believed that Scouting could and should be a great world force for friendship and understanding among the youth of all nations. Girl Scouting made great gains in membership during World Wars I and II. It also made great gains in the intervening years when it was able to put greater stress on the arts of peace, international gatherings, and camping as a training school for democratic living.

Since V-J Day the Girl Scouts of the United States have further developed their program of world friendship by setting up an International Division at headquarters which will work closely with the World Association of Girl Guides and Girl Scouts. The division also administers the Juliette Low World Friendship Fund which is used to promote world friendship.

The Girl Scout organization of Midland is made possible by the men and women who freely give their time and energy to help the next generation learn to do a better job. If enough young people could be reached by such youth movements, the prospects of a Third World War might be more remote.

There are more than a million Girl Scouts in the United States but there are still many million girls of Scout age who are not served by this or any comparable youth organization. This second generation crowds the waiting lists of the Girl Scouts. Not enough of their elders have volunteered the time and energy needed to find leaders, sponsors and meeting places for them.

The children of the world are the future of the world. Scouting's second generation may well be civilization's second—or last—chance.

Opinion Gratis

Swedish stone quarries are said still to be working on a granite victory monument for Adolf Hitler, ordered in 1940, on which \$500,000 of the contract price remains unpaid. They have engaged a prominent international lawyer to advise their chances of collecting this bill.

We are not a prominent international lawyer, nor are we clairvoyant. We cannot legally charge for an opinion. So we give it free. We suggest that where Hitler is even Swedish granite would melt before der fuhrer could pass judgment on the workmanship.

They would not expect him to pay unless he liked the job, would they?

HD Delegates To Attend Meeting

Delegates to a district home demonstration agent meeting in Big Spring April 16 from Midland County were elected at a meeting Saturday of the Home Demonstration Council.

Delegates are Mrs. I. J. Howard, Mrs. O. R. Phillips, and Mrs. H. O. Allen, and alternates are Mrs. J. D. Bartlett and Mrs. Robert Hord. Mrs. S. L. Alexander will lead singing at the meeting.

A proposed trip to the Fat Stock Show was cancelled.

Dahlia bulbs were distributed to the ladies at the Saturday meeting. A film was shown and talk made by Elliott Adams of San Angelo, district supervisor of social security. He discussed the position of farm people under the program.

Present at the meeting were: Mmes. Howard, B. L. Mason, Phillips, Jim Baker, L. H. Moncrief, A. D. L. Price, Guy White, A. B. Cramer, R. L. McCormick, A. P. Jordan, F. D. Reven, Ray Long, Hord, Preston West, J. E. Wallace, R. E. Cain, Allen and Bartlett.

C. Of C. Will Raise Funds For Stock Show

The Midland Chamber of Commerce will start a campaign immediately among business and professional men of the city to obtain \$500 to finance the annual Four County 4-H Club and FFA Livestock Show here March 19.

O. C. Harper named Stanley Erskine chairman of the group to handle the campaign. He heads the retailers committee of the organization.

JayCee Directors To Meet Tuesday

Directors of the Midland Junior Chamber of Commerce will meet at 7:30 p. m. Tuesday at Clint Duna-gan's office on Missouri Street.

Texas Oil Production Drops 291,800 Barrels

TULSA, OKLA.—(P)—Daily average crude oil production slid downward 320,160 barrels to 4,389,310 in the week ending March 9, the Oil and Gas Journal reported Tuesday.

Texas led the losers' list with a 291,800-drop to 1,817,450 and Kansas declined 12,400 to 244,650. Oklahoma 7,900 to 381,550, Illinois 7,000 to 207,500, California 11,900 to 835,750 and New Mexico 3,300 to 95,100. The Eastern area gained 5,450 to 66,750 and Arkansas 350 to 77,350.

The Rocky Mountain area of Colorado, Montana and Wyoming came up an even 1,000 barrels to 135,770.

Mississippi's production was 55,300 barrels compared with 55,150 barrels the previous week.

Mrs. Gladys Tolbert Retires From State Textbook Committee

AUSTIN—(AP)—Textbook Advisory Committee members, previously forbidden to confer with publishers' representatives except at their meeting in Austin, now are free to hold such conferences at any time at their own discretion.

The state board of education lifted its "gag rule" at a meeting Monday.

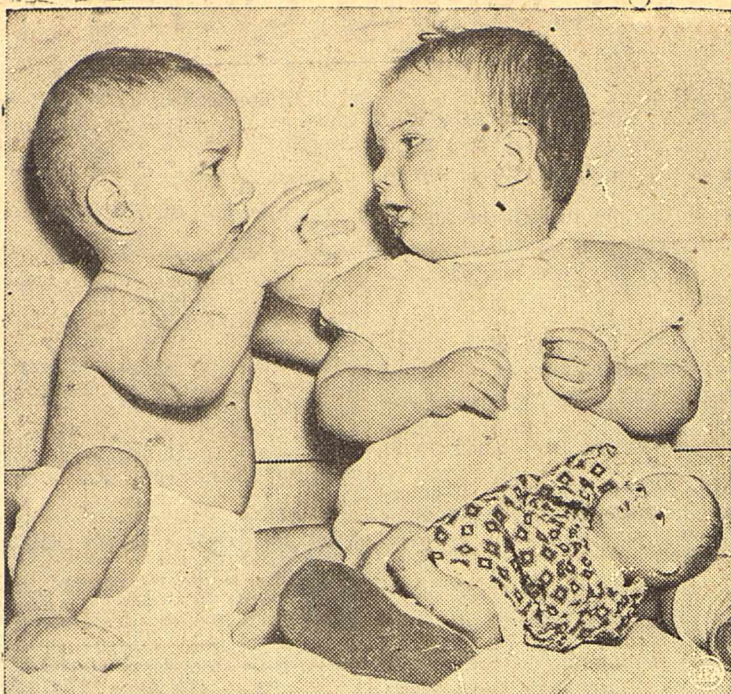

The Textbook Committee for the ensuing year is composed of Charles H. Dent of Dallas, Oscar Miller of San Antonio, Jake Water of Houston, Harmon King of Palestine, Thomas Pierce of Denton, J. B. Bright of Cleburne, Miss Maude Isaacks of El Paso and Mrs. A. D. Mathis of Galveston.

Retiring members are Mrs. Gladys Tolbert of Midland, G. H. Brown of Valley Mills, and Miss Johnnie Price of Palestine.

The board authorized establishment of junior colleges at Athens and Angleton, subject to local elections.

The burrowing owl is the only land bird which nests underground.

Hypnotic Eye, Junior Size

With a penetrating gaze and mystic maneuvering of the hand, little Chester Dziedzinski seems to be putting the old 'hammy' on his playmate, Sharon Wietrzykowski, as the 11-month-old youngsters await attention at one of Chicago's infant welfare stations.

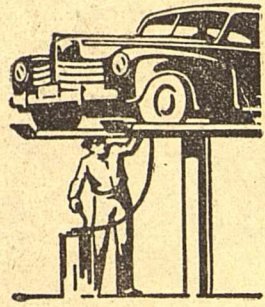

The expression "between the devil and the deep blue sea" originated in 1637 when a Scottish regiment was trapped between the ocean and Swedish artillery fire.

Former MAAF Officer Is Visiting Midland

Capt. Robert Wistrand, former public relations officer at Midland Army Air Field, is visiting in Midland.

Wistrand is on terminal leave from the Army Air Forces, having returned to the states from the Pacific Theater.

He was an enlisted man at MAAF and later returned as a commissioned officer in charge of public relations.

Silurian

Continued from page 1

Ordovician production in the TXL field, had re-cemented casing at 3,644 feet, with 1,000 additional sacks.

This project is in the top of the Grayburg, at present. No definite markers have been picked since top of anhydrite was called at 1,410 feet, on an elevation of 3,329 feet.

The section is pretty well jumbled and the points are said to be slightly indefinite, in the present horizons.

Texasco No. 1-E Fraser, in northwest corner of section 9, block 45, TP survey, T-1-S, on northeast side of Ellenburger production in the TXL area, had reached 8,464 feet, and was drilling ahead in the Fusselman-Silurian.

Veretto Tested Again

Stanford Oil & Gas Company No. 1 Veretto, in central Hockley County wildcat discovery, in northwest corner of labor 7, league 72, Val Verde County School Land survey, two miles west of Leveland, flowed 330 barrels of oil, plus 45 barrels of water, in 2 1/2 hours, after re-treating with 6,000 gallons of acid. Total depth is 4,853 feet in lime. Testing continues.

Seaboard Oil Company of Delaware No. 2 Spraberry, second well to be completed in the Spraberry field, in Southeast Dawson County, about 11 miles southeast of Lamona, and in southeast corner of section 38, block 34, TP survey, T-5-N, reported official completion potential of 30.80 barrels of 32.3 gravity oil, plus 1.72 barrels of water, on a 24-hour pumping test.

The pay at 3,720-3,900 feet had been shot with 274 quarts of nitroglycerin.

Another Started

Superior Oil Company No. 1 Coopwood, West-Central Andrews County wildcat to 8,500 feet, in northeast corner of section 4, block A-47, psl survey, cemented 13 1/2-inch surface casing at 291 feet, and was preparing to drill out plug and start making hole.

Humble Oil & Refining Company No. 1 Doss, in southwest corner of section 1, block A-24, psl survey, one mile north of closest production on east side of the Doss field, in South Gaines County, was preparing to treat the zone at 6,465-75 feet, with acid.

Tests on the horizon between 6,040 feet and 6,210 feet had yielded water, with very slight shows of oil and gas.

Still Squeezing

Humble No. 1 Crespi, East Midland County wildcat is still having trouble in eliminating cavities and porous zones above the total depth at 9,900 feet in shale and lime.

Latest activity was squeezing 300 sacks of cement behind the casing above a retainer at 6,415 feet.

If, and when, circulation can be re-established, operator will drill ahead. The discovery well of the Midland field, one mile east and about one quarter of a mile south, completed from 10,370-390 feet, in the Pennsylvanian.

Auto Workers Blast OPA's Plan For New Car Price Increases

WASHINGTON—(AP)—A CIO-United Auto Workers official blasted Tuesday at OPA's plans for new car price increases, saying this means "a bulge in the price line but an explosion."

"If OPA," said Donald Montgomery, UAW consumer counsel, "plans to give price increases to the auto industry, then they'll be dishing them out by the bucket."

Montgomery made these statements in a report after OPA announced that higher prices are on the way for Chrysler, Ford and Hudson cars. These companies applied for increases to offset pay boosts.

Milk, butter and gasoline also are on the list of items on which pressure is being applied to OPA for higher prices.

Until the new car prices are announced for the three firms, they and their dealers must continue to sell cars at current ceilings.

An OPA official who asked to remain anonymous estimated that the price hike for manufacturers probably will not exceed three per cent (or \$45 on a \$1,500 model), and he predicted that dealers might be required to absorb part of it.

Montgomery said that "of all industries, the auto industry is least entitled to price increases."

He said OPA apparently was ignoring a provision of the policy which requires OPA to take into account an industry's prospects for increased production and lower costs.

In normal times, British farmers are able to produce 40 per cent of the food needed for the nation.

Gulls Adopt Mass Picketing Technique

The life of a wild duck isn't all luxury—winter in the sunny south and summer in the north woods. There's the matter of survival that's a constant worry—dodging hunters and fighting off scavengers. This hapless flock encountered a flight of gulls on Lake Michigan off Chicago's Loop district. The gulls snatched fish from the poor ducks' bills and crowded them so that they couldn't get off the water. But they made a striking picture.

Texan

(Continued from Page One)

tions which might otherwise result in serious international friction could be adjusted," he declared.

Nations Must Stay United

Asserting that enemies of democracy will attempt to drive "wedges of suspicion and distrust into the ranks of the United Nations," Connolly said its members must not act individually but must pull together for peace.

"We fought the war together—we must maintain the peace together," he declared. "It is complained that Russia, not in a single and isolated instance, but in a number of situations in distant parts of the earth, has revealed a pattern of conduct which is disgusting and disturbing to international good will and harmony."

"Of course, no nation has a right by the exertion of tremendous economic or political pressure to subordinate other nations to its will."

"The United States will remain true to its treaty obligations. The United States will remain true to its commitments under the Charter of the United States, expected all other members of the United Nations organization to respect and perform every duty and obligation which they have assumed."

Urging that all nations await the settlement in forthcoming peace treaties of boundaries, reparations and the status of governments, Connolly expressed hope "that Russia will not permit her new found power to blind her to the necessity of recognizing and respecting the rights of other nations."

Soviet Government Her Business

"Russia has a right to any form of government which it sanctions," he said. "It has the right to adopt its own system without the interference or intervention of any foreign nation. These rights do not extend beyond her boundaries."

As for the United States, Connolly said "let us say to Russia, we want your friendship. We want to cooperate. We shared your comradeship in the bloody chapters of the most tremendous war in all times. We want your comradeship in the peace. Our countries have been traditional friends. Let that traditional friendship be cemented and strengthened and buttressed by mutual labors in behalf of world peace."

Reviewing the results of the London UNO meeting which he attended as a delegate, Connolly said he felt that the work of the General Assembly and the Security Council demonstrated that "the Charter remains the best hope of mankind."

He called Mrs. Franklin D. Roosevelt "one of the outstanding personalities" at the conference, adding that he is convinced that future American delegations should include at least one woman.

Bradley Seeks More Hospital Personnel

WASHINGTON—(AP)—General Omar N. Bradley Tuesday asked Congress to liberalize provisions for employment of retired officers so the Veterans Administration can fill its need for men trained in managing hospitals and offices.

Testifying before the House Military Committee, Bradley noted that those retired for age or length of service and entitled to \$2,500 a year retirement pay could not be taken on by his agency. He advocated a pending bill which he said would permit them to accept.

They would not draw retired pay in an administration job paying \$3,000 or more, he explained. He expects to hire "a limited number," if the bill passes.

Midland Lumbermen To Attend Odessa Meeting

Several Midland men plan to attend a meeting of Permian Basin lumbermen at the Ector County courthouse in Odessa at 7:15 p. m. Wednesday. Price problems of this area will be discussed at the meeting, which will be conducted by a representative of the Fort Worth district Office of Price Control.

Sni-A-Bar Control Is Named Shorthorn Champion At Show

FORT WORTH—(AP)—Grand champion Shorthorn bull of the 1946 Southwestern Exposition and Fat Stock Show here is Sni-A-Bar Control, exhibited by Sni-A-Bar Farms of Grain Valley, Mo.

The animal was picked by Judge William Anderson of West Liberty, Iowa, Tuesday in Will Rogers Memorial Coliseum.

Prior to winning the grand championship, Sni-A-Bar Control was picked junior champion Shorthorn bull and, to gain the top award, defeated M. F. Goldfinder, shown by Maryvale Farm of Grandview, Mo. The latter animal had won the senior champion Shorthorn bull award.

Lady Diamond H. 60th, shown by W. H. Hammon of Wichita Falls, was picked the best two-year-old Hereford heifer calved between May 1 and Aug. 31, 1945, to open the judging of the heaviest run of cattle of the show.

Results of Monday night's rodeo included:

Bareback bronc riding: Larry Finley, El Paso, second.
Saddle bronc riding: Ernie Barnett, Leakey, Texas, and Larry Finley, El Paso, split second and third.

Brahma bull riders: Harvey Taylor, Canadian, Texas, first; Bill Barton, Abilene, third.
Calf roping: Toots Mansfield, Big Spring, 23.6.

Sergeant Bob Eidson Returns From Pacific

S/Sgt. Bob Eidson, son of Mr. and Mrs. B. E. Eidson of Midland, has arrived safely in the United States coming from the Pacific Theater.

Eidson notified his parents Tuesday he had landed at San Francisco.

He has been in service since August. He will come to Midland to visit his parents immediately.

Routine Business Is Transacted By Court

Routine reports and business were taken up in the monthly meeting of Midland County commissioners Monday afternoon.

A discussion concerning needed improvements to the courthouse building was held, and the commissioners plan to investigate further the possibilities of repairing the roof and other parts of the building.

Subscribers Read Ads, And Correct 'Em, Too

Thank you!

The Reporter - Telegram has "proof readers" all over Midland it seems. That pleases us. It proves what we tell the advertisers—we are reading the paper.

We (not us) are glad we got a letter pointing out that in Hurley's Sandwich Shop ad we had used "us" for "we" and that the pronoun was grammatically incorrect.

Well, the Hurley boys said they were getting up early so "us" workers could get to our jobs on time; said they wanted the paper to use the "us" instead of "we"; thought it would attract more attention.

It did.

Jury Finds Attacker Of Girl To Be Insane

STINNETT—(AP)—A 12-man petit jury, in a lengthy session here Tuesday, found Bill Trent, 28, charged with attempted rape of a seven-year-old Berger girl, to be insane.

Trent will be committed to a state hospital for the insane on an order of County Judge Norman Coffee.

Two Berger physicians testified that the accused man's action in the past could be termed those of a man of unsound mind.

The court was presided over by Judge Jack Allen of the 84th Judicial District.

Texarkana Mayor Enters Race For Governor

TEXARKANA—(AP)—William V. Brown, who leaves office in April after serving as mayor of Texarkana for 12 years, has announced as a candidate for governor of Texas.

Affiliated with the Texas Regulars, Brown said he would answer the Democratic Party's questionnaire regarding party regularity.

GIVEN 20-YEAR SENTENCE

PARIS—(AP)—A 20-year prison term at hard labor faces Jacques Chevalier, 63-year-old former minister of education in the Vichy regime, who was convicted and sentenced Monday night by the French high court of justice after a trial on collaboration charges.

George Putnam Elected Chairman Of Theater Board Of Governors

George Putnam was elected chairman of the board of governors for the Community Theater at a board meeting Monday evening at the Civic Auditorium.

A budget for the year was approved and other business was discussed by the group.

Present were George Putnam, Henry Murphy, J. S. Noland, H. S. Forgeson, Frank Stubbeman and Mrs. W. A. Waldschmidt and Mrs. John P. Butler, board of governors, and Ronald K. DeFord, president; Chester Shepard, vice-president; Mrs. Fred Fromhold, treasurer; and Mrs. V. W. Rogers, secretary.

Twenty-three registered for the Workshop Theater Monday evening at auditorium.

Rehearsals will begin at 7:30 p. m. Tuesday on the production "George Washington Slept Here" under the direction of Art Cole.

All persons interested in working on the stage set for the play are asked to meet Tuesday at the auditorium where work will be in progress on the set. John DeFord will have charge of the settings.

Trace Of Rain Falls In Midland Monday

A trace of rain fell Monday afternoon in Midland.

The rain shower stopped the blowing of sand but winds remained strong.

Scattered showers were forecast for Tuesday afternoon. The sky was overcast.

Stock Show Trip To Fort Worth Cancelled

A trip to the Fort Worth Fat Stock Show by Midland County home demonstration clubwomen, scheduled Tuesday, was cancelled.

The women had planned to go by chartered bus.

Livestock

FORT WORTH—(AP)—Cattle 1-500, calves 400; active and fully steady, some cows a little higher. Beef cattle in small supply. Few common, and medium slaughter steers and yearlings 12.00-14.50. The Heart To Find

by Hazel Heidergott

Copyright Macrae-Smith Co. Distributed by NEA SERVICE, INC.

THE STORY: The house is finished. Colin is expected back next week and Ann confesses to Mrs. Christmas that she is worried what he will think of it. Ann goes to the house for the first time, makes certain every detail has been carried out. It is everything she has always wanted for herself. Colin comes in unexpectedly and finds her there.

VIII
TOGETHER they toured the house, Colin expressing unqualified approval of everything. Viewing the bedroom, his eyes were quizzical, but he made no comment, and Ann's carefully prepared defenses were never uttered. There seemed no point in them, when he didn't say anything. Back in the living room, he sat down at the piano, and struck a few notes.

"The piano frightened me," Ann confessed. "I don't know anything about them, and Mrs. Christmas told me you were awfully fussy. So I just had to do the best I could, and I had it tuned this morning. Is it all right?" she concluded anxiously.

He began to play, softly. "Very much all right," he assured her. "I couldn't have done better myself."

She curled up in a big chair, and listened. He played beautifully, with a sure, light touch. Ann, not musical herself, loved music that was well done.

As they walked back to the big house together, Ann asked him about his book. "I'll be out next month," he said. "I'm feeling particularly let down at the moment. I'll be away until I start on something else, I suppose. I don't know when I'll be back, but I hope you'll like it, Ann."

"When will I see it?" she asked. "When it comes out. You can wait till then," he said, laughing at her. "Ann made a little face at him. 'My one chance to read a book in manuscript, and you won't let me do it,' she protested.

Midland Obtains District Meeting

The next meeting of District 2 of the Retail Merchants and Association of Credit Executives of Texas will be held in Midland. Date of the meeting has not been set. Midland offered its bid at a recent meeting in Big Spring. Mr. and Mrs. Ed Prichard and Mr. and

KIMBLE COUNTY VOTES TO RETAIN BEER SALE

SAN ANGELO —(AP)— Unofficial but incomplete returns that Kimble County has voted 3 to 1 in favor of retaining the sale of beer.

Mrs. George Park attended the Big Spring parley and invited the meeting to Midland.

District 2 extends from Fort Worth west to El Paso.

THIS CURIOUS WORLD

By William Ferguson

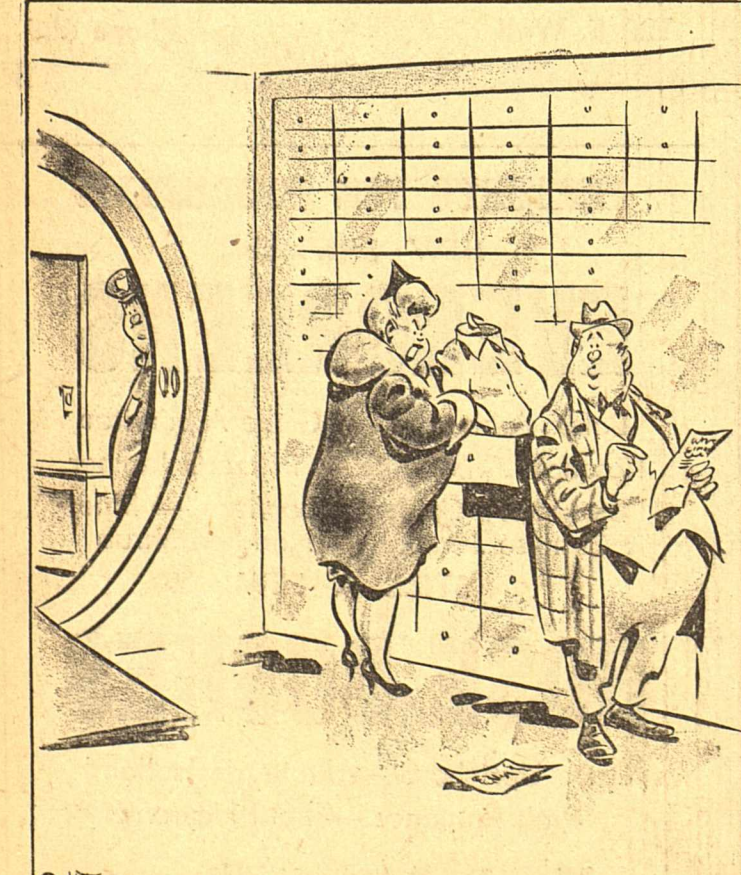

THE CONTINENTAL DIVIDE
CONTRARY TO POPULAR OPINION, IS NOT A LINE DRAWN THROUGH THE HIGHEST PEAKS OF THE ROCKY MOUNTAINS, BUT A LINE DIVIDING THE RIVERS THAT DRAIN INTO THE ATLANTIC FROM THOSE THAT DRAIN INTO THE PACIFIC

ANSWER: North central Arizona.

CARNIVAL

By DICK TURNER

"I wish you'd stop dumping your old securities in here, Edgar! Look how you've mussed your white shirt!"

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority

Jack Kushner of Springfield, Mass., just sent me a couple of interesting hands. Many of you will remember that Jack Kushner and Ed Tierney developed the TNT system of bidding a few years ago.

In today's hand it certainly looked as if East had a pretty sound double and could defeat the contract. In the play, West won the first trick with the ace of hearts and shifted to the nine of diamonds.

"I'm sorry, Colin," Ann said. She didn't know what had shown on her face, but she had felt a momentary, unaccountable terror. She looked at the clock, then, and sighed a little. "I suppose I'd better go home," she suggested.

"Must you?" he said perfunctorily, getting to his feet. "I'll drive you in, of course."

"It seems a shame to make you," she protested a little. "But I suppose it's the only way of getting me home so you can still have the use of your car. It's such a nice car, Colin. I've loved driving it. . . . I must go say goodby to Mrs. Christmas first—I'll only be a minute."

When Ann rejoined Colin there were tears in her eyes. She took his arm as they went down the steps together, and in the car she sat close beside him. After a while his right hand left the wheel, and held hers. They didn't talk very much, and when he had stopped the car beside her house, Ann turned her head and impulsively kissed his cheek. "You're such a very swell person, Colin Drake—one of the very nicest people in the world." Then she fled into the house.

(To Be Continued)

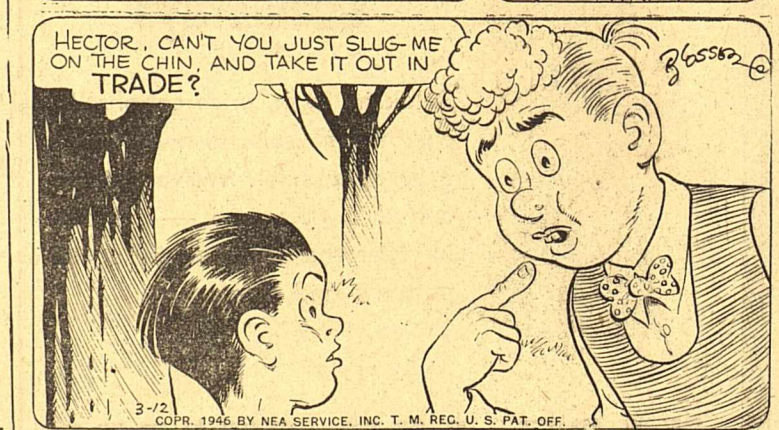

Landlords Must Wait Six Months To Evict

DALLAS —(AP)— A six-months waiting period will be required before landlords can evict tenants from their dwellings, the regional office of the Office of Price Administration has ruled. The present waiting period varies from 45 to 90 days.

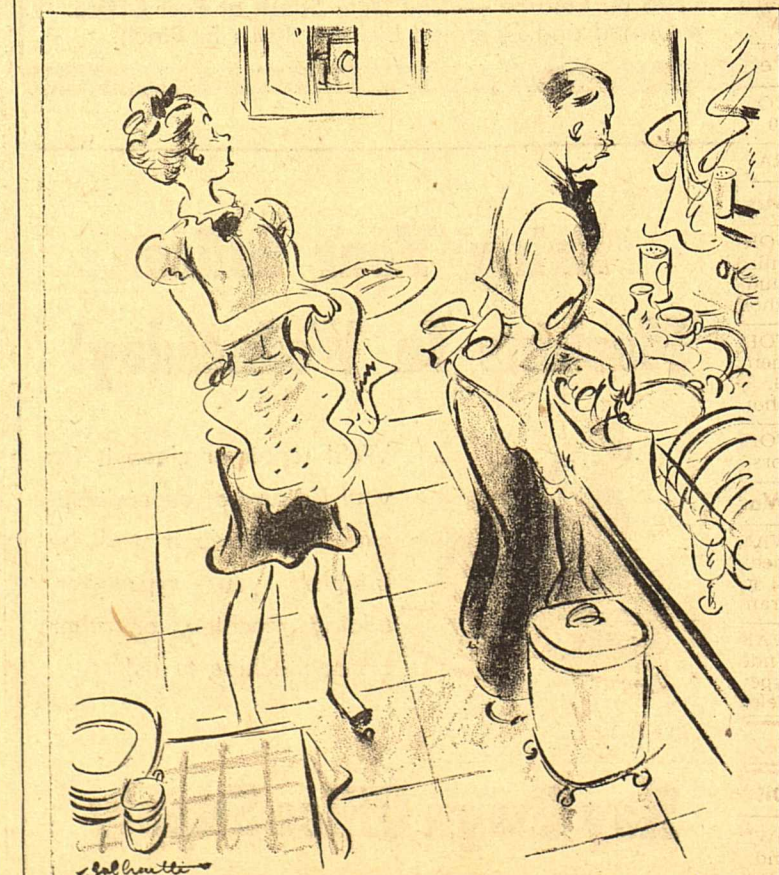

Russell Stephens, regional OPA rent executive, said that the new order "is in accordance with the policy of the national office."

Public Notices
TAKE NOTICE
Folks, when your appetite is lagging and worn to a frazzle, climb right in the old buggy just as you are and drive out to Longhorn Ranch on the Garden City Highway. Here you will find not only prime grain fed beef raised right here on the ranch, but something you will find no where else in this country. Real old Virginia Ham, sugar cured, with all its scrumptious goodness and temptatin flavor. Nothing fancy, mind you. Just good wholesome food served in the dining room of our ranch home.

Mexican League Offers To Exchange Pact For Big League Treatment

MEXICO CITY —(AP)—Mexican League President Jorge Pasquel said Tuesday he would accept U. S. Commissioner A. B. (Happy) Chandler's proposal for a U. S.-Cuba-Mexico baseball pact provided his circuit gets big league treatment.

Commenting on Chandler's suggestion, made in Havana Sunday, Pasquel said, "if they want to make an agreement giving us treatment like the really big league we are, we're ready to enter into it. Otherwise we are ready to give them a terrific fight they never expected to have."

Pasquel asserted there is \$50,000 cash in advance awaiting Bob Feller, Cleveland's ace pitcher if the Van Meter, Iowa, strikeout wizard, signs a three-year contract to play here.

"Even Feller doesn't know yet about that part of our offer to him," the Mexican League prey said. Feller previously had turned down an offer to hurl in the Mexican League at a salary of \$100,000 a year for the next three years.

In Havana, Bernardo Pasquel, peppery Mexican magnate and brother of Jorge, took a more uncompromising attitude, and announced:

"If the U. S. baseball officials want a baseball war, they will have it."

Bernado, who with his four brothers backs the Mexican League with a banking, ranching and trading fortune of some \$80,000,000, said "Mexico is out to destroy the United States' monopoly on baseball."

A Couple of Old Heads

Connie Mack discusses 1946 baseball prospects with Bob Feller at Iowa farm boy's baseball school at Tampa's Cuscaden Park.

Baylor Baseball Team To Play McMurry Nine

WACO—(AP)—Coach Jim Crow's Baylor University baseballers went through a long batting drill Tuesday in an effort to sharpen their batting eyes for the coming weekend invasion of McMurry College of Abilene.

The Bruins will play the West Texas club in a doubleheader Friday and Saturday.

Baylor will be returning to the baseball wars after a layoff since 1942.

Longhorns Not To Serve T Next Fall

AUSTIN—(AP)—All this talk about the T formation blossoming in the University of Texas spring football camp apparently is just talk.

Blair Cherry, assistant coach who will succeed Dana X. Bible as coach after next season, says he does not think the T will be studied during spring training. Next fall, he said, "we might try out the T formation a little bit with the third string."

There has been considerable speculation that Texas might make alternate use of the T and the single wingback next fall as Cherry prepares to take over. Cherry is an exponent of the T formation but Bible has relied chiefly on the single wingback pattern.

Texas Golden Glover To Fight In New York

HOUSTON—(AP)—Gilbert Garcia, Texas Golden Glove middleweight who was eliminated in the semifinals of the tournament of champions in Chicago last week, has accepted an invitation to join the Chicago team for the intercity match with New York, March 25.

Garcia, who announced his acceptance Monday night, said he would leave for Chicago Wednesday and work out there for several days before going to New York.

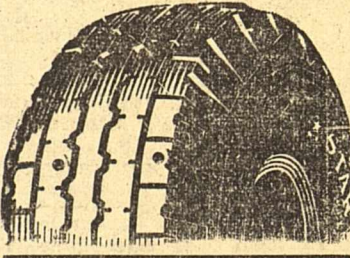

Lee Grant (Cotton) Gunther of Dallas, the Texas Golden Glove welterweight champion and runner-up in the tournament of champions, declined an invitation to join the Chicago team. He said he was passing up the invitation to return to his studies at Southern Methodist University.

39 Suggestions Made By Committee To Save Food For Hungry Nations

WASHINGTON —(AP)—The 39 ways suggested by President Truman's Famine Emergency Committee by which Americans can save food for the hungry abroad include:

For hotels, restaurants, dining cars, institutions, and other public eating places:

1. Discontinue during the emergency abroad the use of toast as a garniture with meat, poultry, egg and other entrees.
2. Discontinue the practice of placing baskets of rolls and bread on dining room tables. A single roll or slice of bread should be served with the entree, and later as requested.
3. Eliminate the custom of trimming toast and sandwich crust.
4. Substitute open sandwiches for many closed or two-bread slice sandwiches in hotels.
5. Use potatoes in place of certain wheat and rice garnitures.
6. Use single crust or open pies in place of two-crust pies whenever practicable.
7. Serve corn and buckwheat cakes in place of wheat cakes where possible.
8. Serve oatmeal bread, cakes and cookies as alternates for products made from wheat.
9. The size of rolls and the thickness of toast and bread should be reduced. Bread size could be reduced by not filling the pans as deeply as at present.
10. Substitute fruits and other desserts for pastries and cakes whenever practicable.
11. Limit the number of crackers in individual packages or served with soups, cheeses, and so forth.
12. Eliminate three-layer cakes.
13. Wherever possible induce customers to order only what is needed. Whenever side dishes are included in a meal, the customer should request those side dishes and salads which he will eat.
14. Use bottled dressings instead of oil dressings on salads wherever possible.
15. Use alternates for wheat cereal wherever possible.
16. Encourage re-use of food fats and grease salvage.
17. Develop methods for saving and use of bread ends, many of which are wasted at the present time.
18. Carry back all economies to employees' meals. Employees should cooperate to the same extent customers are asked to cooperate.
19. Boil or broil rather than fry fish so as to save fats.
20. Eliminate serving of extra dressing or salads already prepared with oil or dressing.

Recommendations for the baking industry:

1. Reduce by at least 10 per cent

Directors Of Chamber Of Commerce Agree To Study Youths' Program

Acting Mayor Fred T. Hogan Monday night requested the Midland Chamber of Commerce to take an active interest in developing a youth program for Midland, pointing out that needs of the boys and girls are being overlooked in the rapid development of the city.

Hogan asserted that Midland boys and girls lack proper recreation and entertainment facilities.

He told of property destruction, vandalism and the failure of parents to cooperate with authorities in properly directing activities for the boys and girls.

"It isn't juvenile delinquency—it is just a youth problem," Hogan said. "It is not unique in Midland. Every city has a problem and it is up to citizens to cooperate and work for its solution."

Suggests Recreation Program

"The best cure, I believe, is recreation," he continued. "It is up to us to keep the boys and girls busy. But organization is needed to work out proper programs and arrange recreation. We should get every service club, every youth agency, and every group to cooperate."

After a discussion of the situation by directors of the Chamber of Commerce, C. C. Harper, president, appointed R. L. Wood chairman of a committee to make a study of the situation and prepare recommendations. Other members of the committee are Stanley Erskine and W. L. Kerr.

At the opening of the meeting, Harper welcomed the new members of the board of directors—Clint Dunagan, John B. Mills, Paul Howell, Henry Murphy, James L. Daugherty and Stanley Erskine.
