Foreign Ministers Suspend Formal Meetings

Move Made To Speed Progress; Yugoslavia Is Awarded Islands

PARIS—(AP)—Formal sessions of the foreign ministers conference were suspended indefinitely Thursday and the four ministers decided to hold only daily informal meetings in the future, qualified American sources said.

French Foreign Minister Georges Bidault expressed dissatisfaction at the progress of the council in writing Europe's peace treaties and was supported in this view by U. S. Secretary of State James F. Byrnes, an American informant said.

The Frenchman then proposed and the council decided that in the future the four ministers would meet informally at Luxembourg Palace in the office of the chief of the delegation who normally would preside over formal sessions.

The first such informal meeting was scheduled for 4 p. m. Thursday in Byrnes' office.

The American spokesman said no formal sessions had been scheduled for the future.

There was no hint of a breakdown in the negotiations. The ministers felt they could get along more swiftly in informal meetings, the procedure that was adopted during their Moscow conference last December when a similar situation arose, the American source said.

Italy Loses Dalmatian Islands
PARIS—(AP)—Foreign ministers of the four Allied powers were reported by British sources to have agreed Thursday to award Yugoslavia a string of Dalmatian Islands along the Eastern Adriatic Coast.

Wide West Texas Area Girl Scout Leaders Convene

By TANNER LAINE
Girl Scout leaders from 13 West Texas counties extending from Abilene east to Pecos west, Lamesa north to Sterling City south, gathered in Midland Thursday for the Third Annual Council and Leader Representatives Roundup, held at the Methodist Church Educational Building.

In true western style the reports from various cities were given by penning in corals miniature white-face cattle, one for each of seven phases of Scout work. Cities not being able to report and get seven white-face cattle in their corral were given a "lariat" to bring the strays next year.

Midland's Senior Girl Scouts, directed by Mrs. J. J. Black and Mrs. John H. DeFord, were hostess girls. They were dressed in neat, Senior Scout uniforms of Kelly green. They had smart overseas caps and wore the senior girls pin.

These girls pinned identification cards on visiting and Midland attendants.

Bill Collyns, manager of the Midland Chamber of Commerce, welcomed the visitors to Midland. "Our growing city is glad to welcome a growing youth organization, the Girl Scouts," he said.

James Ferguson of Sweetwater, area president of Girl Scouts, responded.

A vote will be taken at sessions Thursday to divide the area. Both Abilene and Pecos sectors want to include Midland.

Mrs. S. P. Hazlip of Midland is vice president of the area. Officers were to be elected for next year at an afternoon session.

Mary Miller, area Girl Scout field worker for West Texas, was at the party.

Some cities and counties represented at the morning opening meeting were: Midland, Taylor County, Snyder, Lamesa, Stanton, Big Spring, Roscoe, Sweetwater, Pecos, Rotan, Garden City, and Sterling City.

Afternoon sessions opened at 2 p. m.

Wrangler Club Formed As C-C Round-Up Punchers

"Rounding up the strays" will be the prime objective of Midland's newest western-type organization—the Wranglers' Club—which will function as a division of the Midland Chamber of Commerce.

Clint Dunagan, a vice-president of the Chamber of Commerce, has been named chairman of the group of "cowhands" by O. C. Harper, Chamber president.

Other members of the club, as announced Thursday by Dunagan, are L. T. Boynton, Paul Davis, James L. Daugherty, H. Winston Hull, C. E. (Bul) Bissell, Fred Fromhold, Chester Shepard, Tom Sealy, Pat Ruckman, Al Boring, Henry Murphy, T. R. Wilson, R. J. (Doc) Graham, J. H. (Buck) Green, and T. Paul Barron.

Meet Tuesday
The Wranglers will meet at a 7:30 a. m. breakfast in the Scharbauer Hotel Tuesday to perfect organization of the club, Dunagan said. Regular monthly breakfasts will be scheduled.

The Wranglers' Club will replace the membership committee of the Chamber of Commerce and will operate on a year-round basis. The big annual membership campaigns of the Chamber will be abolished under the new set-up.

The real objectives of the new club and its members will be to develop additional manpower and leadership and to create a sense of individual civic responsibility, as well as to obtain new members for the Chamber of Commerce. The club also will serve as a greeter organization to welcome new business and professional men to the city.

Fun Is Stressed
Fun and fellowship will be stressed at the meetings of the "cowboys," and special programs will be presented regularly.

The Wranglers will compete against each other on a point basis system, with the high point man each month to be declared Midland's "Top Wrangler of the Month." Points will be awarded for new members, dues increases, collections, and attendance. Citizens of Midland will have the opportunity of witnessing a typical West Texas "roundup" each month during the remainder of the year.

"Saddle up, podner, and join in the spring work," the Wranglers urge.

Officer Cracks Down On Love Making By GIs On Streets Of Berlin
BERLIN—(AP)—GIs with romantic inclinations towards German girls must henceforth refrain from love-making on the streets of Berlin, according to an edict by Maj. Gen. Walter B. Keating, new commander of the American garrison here.

Keating, in a blunt order to all officers of the U. S. Berlin district, demanded that they lead their troops back to a more "austere" way of life—a way which, he made clear, precludes all public demonstrations of romance.

"We can't control what happens behind closed doors," said Keating, "but we can control what happens in public, and we shall."

The new commander also let it be known that he favored fewer parties in the Berlin garrison, and a heavier accent on proper military dress.

Suspects Arrested In Sub Post Office Robbery At Abilene
ABILENE—(AP)—A U. S. Post Office substation in a local drug store was burglarized Wednesday night of an estimated \$1,000 in money and an undetermined number of stamps.

Abilene police were notified Thursday morning that Sheriff Fred Mason of Lampasas, Texas, arrested a man there in connection with the burglary. The sheriff reported that the suspect was carrying more than \$500 in bills and change in his socks, billfold and pockets. He said he found 40 to 50 stamp books in a handbag.

A man, identified as a brother of the Lampasas suspect, was arrested by Abilene officers Thursday morning for investigation.

MINOR COLLISION REPORTED
City police reported a minor collision Wednesday at the Main and Illinois streets intersection. They said there were no injuries and only slight damage to vehicles.

Drivers were W. A. Schaffer and Lieutenant Chivers, both of Midland.

NUERNBERG — (AP) — Hjalmar Schacht told the international military tribunal Thursday that Britain and France at the Munich conference in 1938 "handed Hitler on a silver platter more concessions than he ever expected to get" and thereby dealt a blow to anti-Nazis in Germany.

United Nations To Study Spanish Regime

Paul Hasluck, left, former Australian history professor and newspaperman, promised a "practical and forceful" investigation of Franco Spain after he had been named head of the United Nations five-man commission to study the Russian-Polish charge against the Spanish regime. Hasluck discusses the assignment with U. S. United Nations Delegate Edward R. Stettinius, Jr., right, in New York City.

Arabs Issue Semi-Ultimatum To Britain On Jew Entry Proposal

JERUSALEM—(AP)—An Arab higher committee official said Thursday the committee had delivered to Britain a letter the "next thing to an ultimatum," rejecting the Anglo-American Palestine recommendations and declaring Arabs will now "prepare all means for defense in order to resume the national struggle."

Ahmed Shukairy, director of the Arab office, told reporters the letter meant that an Arab uprising, similar to those of 1936-1939, was threatened.

Shukairy read to reporters the letter which the committee had dispatched through the British high commissioner in Palestine to the British cabinet.

"Dr. Izzat Tannous (the higher committee secretary) and myself presented the letter in a formal two-minute meeting with the high commissioner's secretary," he said. "In our view, if Britain implements the report of the Anglo-American inquiry committee, those two minutes will pass into history as historical seconds."

Terminating the letter as the next thing to an ultimatum, Shukairy said the national struggle mentioned in the letter referred to the 1936-1939 uprisings which ended when the British White Paper of 1939 limited Jewish immigration.

The British-American commission report in effect would terminate the White Paper in favor of the immigration of at least 100,000 Jews.

The Arab committee took other steps to combat what it called a "catastrophe" to Arab nations. It named an emergency committee to study plans for a possible civil disobedience strike, and urged other Arab countries to unite in a protest strike Friday.

U. S. Shys From Intervention
WASHINGTON—(AP)—The United States shied away Thursday from the prospect of direct intervention in Palestine, apparently counting on the United Nations to assume future responsibility for the troublesome Holy Land problem.

Although Congressional opinion overwhelmingly favored the proposed migration of 100,000 Jews there, it was plain the lawmakers were against this country's joining Britain in the thankless job of maintaining peace between Arab and Jew.

With Britain unwilling to continue alone after the immigration recommendations of the Anglo-American Palestine committee, the UN appeared the only agency capable of stepping into the picture effectively.

White House Secretary Charles G. Ross told reporters he was unable to say what President Truman's reaction was to a British proposal that the United States help administer the Holy Land.

Reaction from other quarters to the Anglo-American committee's report, Ross said, was "generally favorable."

TEXARKANA —(AP)—

Ranger Capt. M. T. Gonzallaus said here Thursday that the man being questioned in Corpus Christi in connection with the slaying of two teen-age youths here, apparently is not involved in the case in any way, and may be released shortly.

"Everything the man tells us is being checked and double-checked, and everything he has told us thus far has been found to be true," Captain Gonzallaus said.

"He has answered all our questions without hesitancy. We are convinced that thus far the man has told the truth, and if all of his story is found to be true, we can no longer hold him as a suspect."

He said the man was not a resident of the Texarkana area, but is a Texan.

He said every effort is being made to find the slayer of Betty Jo Booker and Paul Martin, and that the investigation would continue.

Ranger Grills Suspect
CORPUS CHRISTI—(AP)—Texas Ranger Joe Thompson, here to question a man held in the Texarkana slaying of two teen-agers, said he would question the man until the suspect's alibi is proven or disproven.

Thompson questioned the man four hours Wednesday night and said there were no developments in the case. He said he would report his findings to Ranger Capt. M. T. Gonzallaus, who is in charge of the investigation at Texarkana.

Thompson stopped at Richmond, Texas, to inspect a car left there by the 30-year-old suspect.

Argo's Reeves Wildcat Has Good Oil And Gas Shows In Deep Lime

By JAMES C. WATSON
Oil Editor
Argo Oil Corporation No. 1 Mrs. Dora Roberts, wildcat in Southeast Reeves County, about 13 miles northeast of Balmorhea is indicating the possible discovery of a new oil producing area.

Located 1,980 feet from south and east lines of section 294, block 13, H&GN survey, this exploration ran an eight-hour drillstem test at 10,703-723 feet in a lime section, on which operator representatives say age is undetermined.

Sweet gas of about 500,000 cubic feet per day came to surface in seven minutes after tool was opened. The gas blow gradually diminished to less than 250,000 cubic feet per day at the end of the test period.

Operator pulled eight empty stands of drill pipe and then found light-gravity oil cut with gas and recovered approximately 7,000 feet of oil and about 3,000 feet of oil cut, about 25 per cent with drilling mud.

Fill-Up Estimate
The clean oil recovered was said to have tested 44.4 gravity.

Some observers estimated, on the basis of the amount of fluid in the drill pipe, that there was an oil fill up during the test of between five and six barrels per hour, that calculating has not been confirmed by operator representatives.

It is understood that another drillstem test may be taken to the current bottom. Some sources report that the 26 feet of pay so far penetrated may be given an acid injection. In other quarters it was stated that owner likely would run casing and make definite production tests without drilling deeper.

Some geologists think the formation showing the oil and gas is lower Permian. Others think it might be Pennsylvanian.

In Northwest Ector
Humble Oil & Refining Company has filed application with the Railroad Commission to drill No. 1 R. B. Cowden, et al, as a 8,500-foot exploration in extreme Northwest Ector County. It will be slightly less than one mile south of Stanolind Oil & Gas Company No. 1 Grisham-Hunter, discovery for flowing production from the Devonian in the North Goldsmith field and is to be 660 feet from west and 1,980 feet from south lines of section 3, block 45, TP survey, T-1-N. Drilling will start at once.

Dynamite Set Off Thursday

FORT WORTH —(AP)—Texas Rangers Thursday were asked to aid in policing the strike area at the Consolidated-Vultee Aircraft Corporation after a series of explosions, presumably from dynamite, which have occurred the past few days.

District Attorney Al Clyde and Sheriff Dusty Rhodes requested the Rangers, and Col. Homer Garrison of the Department of Public Safety at Austin said they would be sent here immediately.

An explosive charge placed at the base of a pole early Thursday morning blasted out of service 19 of the 21 telephone circuits serving the strike-troubled Consolidated-Vultee Aircraft Corporation.

It was the second consecutive day that explosives and resultant damage have played a leading role in the strike picture. Wednesday dynamite explosions occurred at the home of persons who have continued to work at the plant and another was threatened with bombing by a telephone caller.

Dynamite Odor Remains
Deputy Sheriffs Casey and Prater, who are investigating the Thursday occurrence, said the odor of dynamite was evident around the damaged telephone company property.

Southwestern Bell Telephone Company officials estimated that the damage would require several hours to repair.

Meanwhile the regional office of the NLRB here reported that it had found both the AFL Machinists and the Federation of Independent Texas Unions have a substantial membership at the plant and will continue to process a petition by the Fitu for an election to determine the proper collective bargaining agent for the plant employees.

The AFL machinists have charged that the Fitu is dominated by the company and also that the company has refused to bargain collectively.

Jarvis Gives Himself Up To Officers In Poole Murder Case
DALLAS —(AP)—Dave Franklin Jarvis, charged with murder in the slaying Tuesday of Ivan J. Poole, 43, ex-convict, was taken to Fort Worth late Wednesday night after he was surrendered to Deputy Sheriff Bill Decker here.

Decker said Jarvis was surrendered to himself and Sheriff Dusty Rhodes of Fort Worth by his attorney, Noah Roark.

The deputy took Jarvis to Fort Worth immediately. The murder charge is filed there.

He said a 1942-model automobile belonging to Poole had been recovered and had blood stains on it. Poole was shot to death early Tuesday near Arlington.

The charges against Jarvis were filed after blood-stained clothing bearing laundry marks were found in a creek near Hensley Field.

Poole's bullet-riddled body was found by a resident near Arlington after he was awakened by screeching brakes, gun shots and calls for help.

Tom Sealy, Midland attorney and former lieutenant colonel in the Army Air Forces who served in Germany at the war crimes trials, was guest speaker at the Odessa Lions Club luncheon Thursday.

Accompanying Sealy were Frank Stubbeman, deputy district governor of Lions, and Bill Collyns.

Farmers and ranchers of Midland County, who planted winter cover crops last fall have until May 15 to certify that practice at the AAA office in the courthouse.

Noble, an ex-serviceman, was intramural editor of the Texan in 1941-42, was associate editor of the Texas Ranger, campus humor magazine, in 1942-43, and since returning to the University, has written a column in the Texan entitled "Noble Words."

Agricultural Men Find Hog Situation Is Very Upsetting

Two Midland County agricultural men were upset over a hog Wednesday.
George Glass, rancher, and County Agent Vernon Young were returning in Glass' plane late Tuesday from the Texas Flying Farmers' convention at College Station when they encountered bad weather. They decided to land at Llano where their map showed there was a small field. Glass found the field, but it was covered with high weeds. The plane came in for a landing, hit an object and overturned, leaving the two men hanging by their safety straps. After wriggling free and forcing open a door, the two crawled out to see what had struck. It was a hog.
Both men escaped serious injury; the hog didn't. It was killed.

The "Irish" potato, a product of South America, reached North America via Europe.

Britain Has Egyptian Headaches

Egypt is a sovereign state, but Britain has special privileges, including right to maintain military forces, for defense of Suez Canal, and joint administration of the Anglo-Egyptian Sudan. Egyptians claim troops are unnecessary in peacetime.

Anglo-Egyptian treaty negotiations in Cairo may produce a UN test case of Britain's ability to hold her own against Russian and Arabian pressure. Egyptians demand withdrawal of British troops. present under previous treaty. Concessions British may make could be seized upon by Russia and the Arab League as basis for further inroads on England's Middle East position. If British put heavy forces in Palestine and Trans-Jordan, Russians and Arabs may argue foreign troops are as objectionable there as in Egypt.

Butane Dealers Conduct Safety Meetings Here

Approximately 70 butane dealers, their employes, and other persons employed in collateral work in this area attended a safe practices meeting of the Texas Butane Dealers Association here Wednesday night and Thursday morning. The session, fifth in a series being conducted throughout the state, was held in the district courtroom of the courthouse.
The session was divided into two principal classifications, the demonstration of properties and characteristics of flammable gases, and an insurance clinic. Sessions were held at 7 p. m. Wednesday and from 8:30 until 11 a. m. Thursday.
G. M. Kintz of Dallas, supervising engineer for the U. S. Bureau of Mines, was in charge of the gases demonstration. He was assisted by H. F. Brown of Dallas. Reproductions of principal gas accidents in this area for the last five years and discussions on causes and prevention methods featured this part of the program. Small scale explosions were set off during the demonstrations.
The insurance clinic was conducted by Henry Herndon, safety engineer of the Texas Employers Insurance Association of Dallas; Robert A. Hicks of Dallas, underwriter for the Keystone Mutual Casualty Insurance Company, and A. W. Penn of Austin, director of the bond division of the Texas Insurance Commission.
W. E. Fraley of Abilene, president of the association, presided at the meetings. William J. Lawson of Austin, executive secretary, was in charge of arrangements.
The association held a similar meeting at Lubbock Tuesday night and Wednesday, and will conduct the sixth in the series at Abilene Thursday night and Friday.

Flapper's Bobs Are Revived

(Coiffures from Helena Rubenstein)

By ALICIA HART
NEA Staff Writer

The bobs, bangs and ear puffs of the 1920s—remember?—are back in style. But with a difference. What today's short bobs have that their "It-Girl" antecedents lacked are good foundations put in with better permanents, artistic shaping and skillful setting.

Pictures above are three 1946 revivals of the flapper's favorite bobs.

If you don't believe these are an improvement, just ask your mom.

The flat-topped "wing" coiffure, left, is 1920's shingled bob brought up to date with scissors that taper and trim the back into a point. The "It-Girl" antecedents lacked are good foundations put in with better permanents, artistic shaping and skillful setting.

Typical of the 1920's Joan of Arc bob with squared-off bangs is the

1946 revival, shown center. What spells the difference, says the stylist who improved this one, is skillful shaping and setting to curve hair at the sides like upside-down question marks.

The "cap" with the French look, right, is the fringed hair-do of the 20's. But replacing the frizz are soft all-around scallops which a hairdresser achieves by barely

Leg Care To Keep Nylons Snagless

EVERLYN KEYES: Keeps legs smooth.

By ALICIA HART
NEA Staff Writer

After you've stood in queues or begged a sales clerk for that pair of glamor-glam nylons and borne them triumphantly home, don't turn them into what looks like service-weight stockings by wearing them over neglected stubble.

What's more to be feared are snags from a neglected crop which

can cause runs and put you back in the stocking line that forms at the left.

So what to do? Leg-lovely Hollywood stars use a razor, a depilatory wax or cream to erase stubby growth before it has a chance to blur skin or snag hard-to-get nylons.

Slickest technique for dabbing on and ripping off wax, says Evelyn Keyes, star of "Renegades," is to allow time for the melted wax to cool after you heat it and to spoon it on against the grain of the hair.

Evenly spreads the stuff in patches about two inches square, each of which is about one-quarter inch thick. She is careful, she says, to pile up a blob on each patch for easy handling when she's ready to rip and to keep wax from hardening and breaking when she strips it.

Those girls who use a cream depilatory precaution you to follow the maker's instructions, especially by about thickness of application and how long to leave on the stuff.

Present were Mmes. W. E. Anguish, Ralph Barron, E. H. Barron, John P. Butler, Douglas, Fred H. Fuhrman, Hodge, Charles Klapproth, R. D. Scruggs, J. E. Beakey, T. R. Parker and Wilmer Stowe.

Rations Cut Slightly For Occupation Troops

FRANKFURT — (AP) — Rations for American occupation troops in Europe will be reduced by 300 calories a day beginning May 5, U. S. Army headquarters has announced.

Unofficial estimates placed the present soldier's ration at 3,600 calories daily.

The reduction means a daily caloric cut equivalent to two milk chocolate bars, it was said. To make the reduction, mess halls will serve less sugar, bread, flour, cereals, noodles, lard and bacon.

The present ration for displaced personnel in the theater is 2,000 calories daily. For German civilians the ration is 1,175.

635,013,559,600-to-1 Shot Wins

The odds against it were about 635,013,559,600 to 1, say the experts, but a perfect bridge hand was dealt at St. John, N. B., recently. William E. McKenney, national authority and NEA Service bridge editor, declared that in his 20 years' association with the game, he had never before known a perfect hand verified, as was this one, by several witnesses. Pictured above are the hands and the foursome that played them. Left to right are Mrs. J. Reginald Freeman, Mrs. Joseph A. Gray, Mrs. Carl A. Robbins, and Mrs. James T. Turnbull. Mrs. Freeman, the dealer, opened with a grand slam in clubs. Mrs. Gray bid a grand slam in hearts. Mrs. Robbins ended it all with a seven-spade bid, she and her partner collecting 1860 points. Mrs. Turnbull held 13 diamonds, but didn't get a chance to bid. The prize—a pair of nylons.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how bulky fat and help regain slender, quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcenate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If your very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

Enlistments Curtailed

Congress has passed a series of exceedingly generous bills which make the American enlisted man unquestionably the best-paid, best-clothed, best-housed, and best-cared-for soldier in history. Government officials have pleaded for volunteers on the basis of national need and of personal advantage. The press and the radio have skillfully beaten the drum for enlistments. Unsettled and uncomfortable conditions in civilian America have provided a very real incentive. Yet enlistments have not come, and are not now coming, in anything approaching the required proportion.

There must, of course, be a reason. The current Lichfield, England, Army court-martial revelation perhaps provides a good idea as to just what that reason is. It gives flesh-and-blood reality to the "caste system" which former enlisted men repeatedly cite as the cause for their nauseous reaction to all things military.

An Army captain has resigned as assistant prosecutor of the Lichfield trial, charging that the case has been "flagrantly mishandled" in an apparently deliberate attempt to acquit high-ranking officers while convicting enlisted men and junior officers.

The case itself is most interesting—and enlightening. The defendants stand accused of participating in a concerted policy of brutally mistreating American prisoners confined at the Lichfield Reinforcement Depot.

This story is neither new nor puzzling to discharged soldiers. Rightly or wrongly, they emerged from wartime service with an impression that extra-legal protection is a cherished privilege of officers. And, having seen rough treatment of GI prisoners the accepted practice at many Army posts, they feel that the Lichfield guardhouse procedure probably was in no sense revolutionary.

Here is a revelation, and a practice, which may well be brought to the attention not only of Gen. Dwight D. Eisenhower, but also of the vigorously publicized board of former officers and enlisted men now concerning itself with suggestions for "democratization" of the Army.

For the United States does desperately need a large Army at present. It can reasonably expect its youth to sacrifice personal comfort and convenience—yes, even personal safety—in order to implement the national gains so recently purchased, with blood and tears, on the battlefields of the world.

But it cannot expect young men brought up in the American heritage of equality before the law and of protection for the rights of even the most hardened criminal voluntarily to surrender that heritage by enlisting in a military organization which guarantees them neither.

O Tempora

Prof. C. Herman Pritchett's most recent analysis of Supreme Court decisions brings the rather startling revelation that even that august body is not impervious to time and inner change.

Specifically, Professor Pritchett informs us that Justice Felix Frankfurter is now one of a conservative minority of three on the highest tribunal. That's right—a conservative minority.

Fire Music

A learned musicologist has advanced the theory that it was a bagpipe, and not a fiddle, that Nero played while Rome was burning. Here, perhaps, we have the classic ancestor of our modern fire siren.

From where I sit... by Joe Marsh

Willie Lives in an "Almost" Home

Willie Wells is one of many G.I.'s stationed overseas to keep the Peace. Not to forget them, let me describe a snapshot that he sent.

It's the inside of a house where Willie's quartered... except the boys have fixed it up as much as possible to look like a typical American home. They've hung up pictures of their families, cultivated a stray puppy for a house pet.

And the snapshot shows Willie and his buddies sitting by their hearth, drinking friendly American beer and reading the home-

town paper. "Almost like being back in Clover Corners," says the caption.

From where I sit, that "almost" packs a lot of meaning. Thousands of our boys are still overseas, trying to make their quarters home-like, even to the pet dog and the friendly glass of beer. Let's not forget to write them often—remind them that home is waiting—and it's not an "almost" home either.

Japanese People Shocked By News Of May Day Plot

TOKYO —(P)— News of a frustrated assassination plot against General MacArthur Tuesday shocked the Japanese.

Their first reaction was two-fold: A feeling that their country had lost face; fears that repercussions might be felt in every household.

The government officially apologized. Katsuo Okazaki, representing foreign minister Shigeru Yoshida, visited MacArthur's office two hours after Allied headquarters announced discovery of the plot.

Okazaki expressed "deep regret and concern" and said his government was "greatly embarrassed." He asked if there was anything his government could do.

Earlier, Premier Shidehara, Yoshida and Home Minister Chuzo Mitsuhi conferred. Japanese reporters speculated that they discussed tighter precautions than previously were planned for the May Day demonstrations.

Many Japanese immediately asked, "Will this create more anti-Japanese feeling in America?" They linked this with fear that adverse American reaction might complicate efforts to obtain food and might mean a longer, harsher occupation.

They also expressed regret that the incident might mar the occupation and change the attitude of MacArthur, whom the Japanese generally respect.

Some expressed suspicion over the obvious link with May Day and opined that the plotters might be ardent Rightists who were seeking to discredit the Communists or to place the blame on them.

The plot may affect the present unsettled political situation. The Japanese generally will hold Premier Shidehara's government responsible.

QUALIFYING BEGINS IN TEXAS GOLF TOURNAMENT

DALLAS —(P)— Golfers teed off here Wednesday in the qualifying rounds of the Texas Golf Association championship tournament, the first held after a four-year idleness because of the war.

The golfers are pursuing the crown held by Ray Kenny of Dallas, who won it in 1942 as a 17-year-old. Kenny, a war veteran, is back to defend his title. A field of about 140 is participating.

Ways To Save Bread, Food Fats And Oils

WASHINGTON —(P)— Set an extra place at the dinner table. Imagine a starving man is your guest. Will you feed him? He is waiting in the famine countries of the world for your answer.

There are ways to help him, as simple as setting a table, as direct as if you served his plate yourself. He needs bread and wheat products, food fats and oils.

Here are ways you can save them: Serve only one slice of bread to each person at dinner. Make the crusty heel a prized piece. Watch that toaster. Burned bread feeds nobody.

Use dry bread in bread puddings, or in baked fruit scallops, made of bread and canned or fresh fruit. Dry bread makes good toast, not only plain but French, cinnamon, hot-milk, cheese, jelly and melba.

Keep bread, wrapped in moisture-proof paper, in the icebox or bread box. Don't trim off or discard sandwich crusts.

To save fats, bake, broil or stew meat, poultry, fish, instead of frying. Serve fresh fruits for desserts in place of pastry or cake.

Use saved fats for gravy, sauces, flavoring of soups and vegetables. A teaspoon of fat, saved each day by every man, woman and school child, will mean a total saving of a million pounds of fat a day.

HILLSBORO—(P)—The "Texas Mother" of 1946 is Mrs. Ella Stevens Watson, 70, of Hillsboro, a native Texan and mother of six children who devotes her time to making Texas a better place in which to live.

She was selected Wednesday night by the American Mothers Committee of the Golden Rule Foundation in New York.

Mrs. Watson is a native of Covington, Hill County, the daughter of the late Mr. and Mrs. John A. Stevens. Her parents moved to Texas from North Carolina in 1850. She still owns some of the original property bought by her father.

She married Robert Lee Watson in 1893. He died in 1912.

Mrs. Watson reared and educated six children, but found time to aid in various civic projects and activities.

For six years, she was a member of the State Democratic Committee. She is a member of the Daughters of the American Revolution, United Daughters of the Confederacy, past president of city and county federated women's clubs, and a member of the Texas Woman's Press Association.

Last year she won a prize for writing the best historical play, and some years ago won a trip to the World's Fair in New York for her work in soliciting funds for the needy.

Her hobby is Texas and Hill County history.

Her children are John A. Stevens Watson, Bremerton, Wash., a veteran of 27 years in the Navy, now retired; Mrs. Mary Lou Hubbard, of Union Town, Pa.; Mrs. J. H. Morgan Mayes, San Francisco, Calif.; Mrs. Edwin Wilkerson, Fort Worth; Mrs. F. O. B. Johnson, Oklahoma City; and Maj. Weldon Watson, Austin, personnel director of the State Welfare Department.

Preliminaries Of State Track Meet Held In Austin

AUSTIN—(AP)—Some of the nation's best times, heights and distances challenged Thursday as more than 300 Texas schoolboy track and field competitors moved into preliminaries of the annual state meet.

Only the mile run was excepted from preliminaries Thursday morning and with semi-finals in the dashes and hurdles Thursday afternoon the field will be cut to approximately 175 for Friday's finals, with Woodrow Wilson's seven-man team from Dallas the general choice to win the thirty-fifth annual meet.

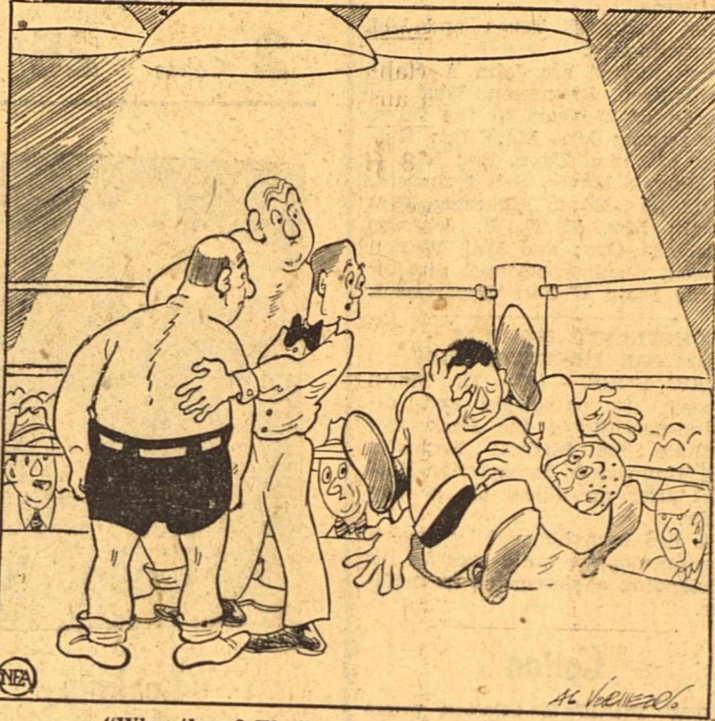

Record-smashing, absent from the scene last year, is expected to return with most of it in the field events. The only running event that appears likely to produce a new mark is the mile with slender, blond Don Sparks of Fort Worth Tech in the lead role. Sparks already has bettered the record by two seconds with a time of 4:29.2.

Randall Clay, Pampa's all-around athlete, defends his discus-throw championship with a promise of a new record. He has beaten the present standard of 155 feet 7 inches by more than three feet this season. Vern McGrew of Lamar (Houston) appears a good bet to smash the high jump mark of 6 feet 3 1/4 inches. He went an inch and three-quarters over that height in the Texas Relays.

Lamar, with its fine sprint relay team conceded 16 points and with McGrew not only due to win the high jump but to place high in the hurdles, is considered the major opposition for the Woodrow Wilson squad, with Paschal (Fort Worth), Austin High, Austin (Houston), Thomas Jefferson (San Antonio), Beaumont, El Paso, Jeff Davis (Houston) and Corpus Christi as strong threats.

Woodrow Wilson will be seeking its third state title in 15 years and if it wins will become the second school to take three championships in the history of the Texas Inter-scholastic League. Electra is the only one to turn the trick thus far.

Crawford Hotel Bops Grammer-Murphy By 42-11 Decision

By TANNER LAINE
 Murder, absolute murder at the plate, won Crawford Hotel a city softball victory over Grammer - Murphy Wednesday night, 27 to 8 at the end of four full innings, and 42 to 11 in seven innings. According to league rules, the game ended officially when Crawford got a 15-run lead in the fourth inning, but the girls played out the seven frames before the largest crowd of the year at Barney Grafia Park.

The Hotel club girls hit the ball all over the diamond in the first two innings, getting 12 runs in each. They eased off to three in the fourth, then tabulated 15 in the fifth. The Hotel Club lassies collected hits, with Beasley and Rhodes getting two homers each. Martin also tabbed a four-bagger, and just about everybody got safe bingles. Grammer-Murphy showed need of experience but had a lot of try. Angel, Presley, Ware and Fletcher got a couple of hits each. The G-M team scored every inning but the first.

For Crawford it was hit and run and do it again. Score by innings: Crawford Hotel 12x12x30x15-42 Grammer-Murphy 320 330-11 Crawford team: Baze, Wood, Beasley, Martin, Harris, Glendenning, Gunter, Locklin, Rhodes. Grammer-Murphy: Holster, Robey, Chancellor, Robey, Angel, Presley, Bryson, Ware, Stanley, Gay, Richards, Fletcher.

Pierce Pitches One-Hit Game As Gabrel's Defeat Reporter, 2 To 1

ODESSA—A. T. Pierce, Midland Reporter-Telegram pitcher, pitched one-hit ball against the Gabrel's Sporting Goods softball club here Wednesday night, but the Odessans won the inter-city game, 2 to 1, when Dick McKnight, Midland third baseman, overthrew second in a hurried attempt to make a double play.

The ball sailed over Second Sacker Keith Morrow's head and went into deep right field as Everett, who had walked to first, and Gatling, who tapped the ball to the third baseman, romped around the bases

for two scores which iced the game. Midland scored in the first inning and held, the Odessa Sportsmen scoreless until the miscue in the last half of the fifth inning. George Messier, Midland shortstop and first man up, scored The Reporter-Telegram's run in the first inning on a sacrifice bunt by Pierce. Messier got a walk to first. McKnight sent him to third on a sacrifice bunt down the first base line, and Pierce brought him home on an identical play.

The game, witnessed by several hundred Odessa rooters and several carloads of Reporter-Telegram backers, featured hard-fought pitcher's duel between Pierce and Everett, Odessa hurler, backed by strong fielding. Pierce whiffed five, walked two, and allowed one hit, while the Odessa pitcher fanned ten, walked five, and allowed three Midland hits.

With both pitchers fogging them in fast, pop-ups to the infield and catcher accounted for most of the outs.

Jones, Messier, and Charley Forest collected hits for the press gang. Jones binged over first base in the first inning. Messier beat out a bunt to the sack in the second frame, and Forest hit a Texas League in short right field in the fourth inning.

Odessa's hit came in the fifth inning when Skelton, the catcher, hit a bingle to short left field.

Midland lost out on an excellent scoring opportunity in the fourth period when three men loaded the bases without an out. Forest got on first with a hit. Everett walked J. A. Norman, sending Forest to second. Messier got a walk, loading the bases. The Odessa hurler whiffed McKnight for the first out. Pierce bunted and Forest was forced out at home. Jones smacked a hopper to the second baseman and was thrown out at first, ending the scoring threat.

Playing outstanding defensive ball for the Midland club was Ed Stevens, center fielder, who pulled three long high flies out of the air despite a strong wind. In a neat cover-up job he held a runner on second after the Midland catcher had overthrown second.

Score by innings:
 Midland 100 000 0-1
 Odessa 000 020 x-2
 Midland players: Messier, McKnight, Stevens, Jones, Yarborough, Morrow, Pierce, Forest, Norman and Orson.

Odessa: Doty, Skelton, Wady, Wright, Pierce, Harmon, Bond, Everett, and Gatling.

In a game played in Midland last week the Sporting Goods team also won by a one-point margin, 5 to 4. Another home and home series is planned between the two clubs.

Dark Jungle Mentioned As Possible Threat To Lord Boswell In Derby

LOUISVILLE, KY. —(P)—The "Knock-Down-The-Favorite" Club moved in for its annual Kentucky Derby delirium Thursday and decided that if Lord Boswell is going to lose, it might very well be something like Dark Jungle who would do it, simply because no one knows much about him except he can run.

Now, the KDTF fraternity was just as dizzy, at the moment, as anyone else in this derby-daffy city which is bulging at the seams. The withdrawal of the popular in Earnest Wednesday, on top of the previous elimination of Mist O'Gold, figured to make Saturday's scramble easier for Lord B, what with two of his classic challengers scratched and the expected muddy track threatening others.

The one to beat is, of course, the sturdy, stretch-running Lord Boswell from the barn of Cosmetics Queen Mrs. Elizabeth Graham. But there are any number of experts—self-styled and otherwise—who point out that the son of Boswell, after being on vacation since last November, came back with a tough mile-and-an-eighth in the Blue Grass Stakes last Thursday, and followed it right up with another rough mile drill over Churchill Downs' goey going Wednesday.

What's more, they say, he'll have a tougher time finding room to run through 16 other horses than he did in sailing past a comparative handful in the Blue Grass.

Philadelphians Pin Hopes On Two Pre-War Players

By JOE REICHLER
 Associated Press Sports Writer
 Philadelphia's faithful followers, long familiar with the dreary darkness of the dungeon, were pinning their hopes Thursday on a pair of proven pre-war professionals to make them "see the light."

The long-suffering souls of the City of Brotherly Love, who have seen their two favorites—the Athletics and Phillies—finish in the big league basements 16 times in the last 11 years, feel that if anyone can drag these perennial paties out of the quagmire it is Samuel Blake Chapman and Frank Andrew McCormick.

Chapman, back in the A's outfield after serving four years in the Naval Air Corps, has been the big gun of the Mackmen so-called attack. His ninth inning home run Wednesday, which gave the A's a 3-2 victory over the St. Louis Browns, was his fourth in 14 games this season and his third in the last three playing days.

He has picked up 84 points in less than a week and now owns a creditable 296 batting mark with 10 runs batted in. In his final year before changing to Uncle Sam's uniform, the 30-year-old slugger cracked out 25 homers and drove in 106 runs on a .322 batting average.

McCormick, purchased for around \$40,000 from the Cincinnati Reds during the winter, has played brilliantly at first base for the Phils despite a bothersome back. He made only one hit Wednesday, but that was his second home run of the campaign and aided in the Phils'

third win in a dozen games this year, an 8-0 shutout over the Pittsburgh Pirates. In a dozen games, the Bronx-born Irishman has 15 bingles in 45 times at bat for a neat .333 batting mark.

The American League leading Boston Red Sox, off to their finest start in years, virtually skinned the Detroit Tigers alive with a 13-1 shellacking.

Led by Charlie (Red) Ruffing, who registered his 26th mound triumph in his 21st season, the New York Yankees rebounded from Tuesday's hitless performance against Bobby Feller and Cleveland to scalp four Indian hurlers for nine hits and a 6-3 victory.

Brooklyn's Dodgers climbed back into a first place National League tie with St. Louis' Cardinals by stopping the Chicago Cubs 5-1.

Rain caused the postponement of the scheduled Chicago-Washington American League contest as well as the New York Giants-Cardinals and Boston Braves-Reds tilts in the National loop.

Where Singing In Streets Is Crime
RIO DE JANEIRO —(AP)— Press reports from Ararua, in the Brazilian state of Ceara, say that a recent court ruling there branded singing in the streets a crime. The same ruling, it is reported, declared that playing volley ball in the street is legal.

UN Housing Development Near Flushing Planned

Strike Of Wharf Police Settled At Galveston
GALVESTON —(AP)— Striking employees of the Galveston wharves resumed work here Wednesday after a four-day strike was settled Tuesday night with leaders of unions not involved acting as mediators. Striking were 57 wharf police. Their action had tied up practically all wharf business, since members of other unions and other workers refused to cross the picket lines. Labor organization representatives, headed by B. A. Gritta, president of the Galveston Labor Council, met with the strikers and then with the board of trustees of Galveston wharves. All differences were ironed out, officials said.

\$1,500 Bonds Set For Own-Child Kidnapers
BEAUMONT —(AP)— Bond of \$1,500 each has been agreed on for Mr. and Mrs. Lyle V. Hungerford, charged with kidnaping their own three-year-old child, their attorney, R. Lee Davis, has announced.

The Hungerfords are charged with kidnaping their daughter, Barbara Ann, after having left the child with Mr. and Mrs. Charles C. Baker of Orange. The Hungerfords claim that the father did not sign a waiver for the Bakers to adopt the child, and that the mother signed civil habeas corpus proceedings to regain custody of the child for the Hungerfords.

Cold cuts transformed into hot main dish.

By GAYNOR MADDOX
NEA Staff Writer
When steaks, chops, and other fresh meats are scarce, use cold cuts for hot dishes. You'll be surprised how good they can be.

Scalloped Potatoes with Ham Sausage

Six medium-sized potatoes, thinly sliced, 1 to 2 onions, thinly sliced, 1/2 lb. minced ham sausage, cut into cubes, salt, pepper, 1/8 teaspoon caraway seeds, 1 cup hot milk, 2 tablespoons margarine.

Scrub raw potatoes, pare, and slice. Skin and slice the onions. Cut ham sausage into cubes. Arrange in alternating layers in a baking dish, seasoning each layer with salt, pepper, and a few caraway seeds.

Pour hot milk over the top, then add hot water sufficient to rise just below surface of the top. Sprinkle crumbs over top.

Bake in moderate oven (350 degrees F.) at least one hour, until potatoes are tender.

Bologna Creole
One or 2-lb. piece of bologna sausage.

Sauce: Three or four fresh tomatoes, 1/4 cup water, 1/2 teaspoon garlic salt, 1 bay leaf, crushed, dash red pepper, 1/8 teaspoon thyme and basil, mixed, 2 tablespoons fortified margarine, 1 onion, finely minced, 1 tablespoon lemon juice or wine.

With vegetables: One-quarter lb. mushroom caps, 1 tablespoon fortified margarine, 6 small cold boiled potatoes, a few green peas or green beans—optional.

Remove skin from the piece of bologna, but do not slice. Turn out side down on a baking dish. Pierce with fork, here and there, to permit sauce to penetrate the meat.

In separate saucepan, simmer together the sauce ingredients until slightly thickened. Pour over crown of meat.

Bake in moderate oven 20 minutes. Sauté the mushrooms in tablespoon of margarine. Arrange around meat, along with potatoes, peeled, peas and/or beans.

Continue baking another 15 to 20 minutes until well heated, then garnish with watercress.

Chambermaid 47 Years Takes Guests To Task

EUGENE, ORE. —(AP)— Little Mrs. Emma Talbot, retiring after 47 years as a chambermaid, says hotel guests have degenerated amazingly during the last half-century. They shine shoes on towels and carry off half the hotel equipment, complained the 77-year-old woman, "and every year they are getting dirtier."

So the 4 foot 4 1/2 inch tall woman, who figures she's made 300,000 beds, decided never to make another bed for profit.

But "Little Emma," as hotel residents call her, wasn't ready to quit working at only 77. She's opening a clothing alteration shop. Cleaner work.

The mariner's compass was introduced in Europe during the 12th century.

U. S. Correspondents 'Arrested' By Reds

CHANGCHUN —(AP)— Five American correspondents have been detained here by the Communists under so-called "protective" house arrest since their capture with the fatal of this Manchurian capital April 16.

The correspondents have protested repeatedly that they are being held under armed guard, but without effect.

Once, on a single occasion only, they were permitted to take a walk under guard through the city. Two of their cameras were seized.

They are adequately lodged and are able to buy food.

They request that official steps be taken to secure their release and their safe return to Mukden.

(Sino-American truce headquarters reported at Peiping Wednesday that Chinese said "technical problems" were delaying plans to fly out the correspondents. The statement was not amplified.)

The correspondents are George I. Weller, Chicago Daily News; Henry Lieberman, New York Times; Charlotte Ebener, International News Service; Reynolds Packard, United Press; and Tom Masterson, Associated Press.

Safeway Head Reports On Company's Business

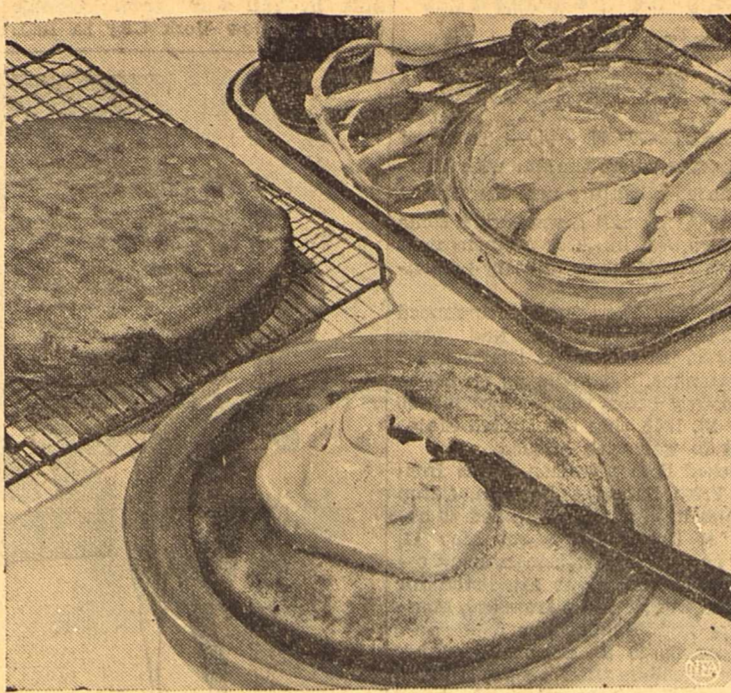

Expressing a confidence in the food industry for 1946 and succeeding years, tempered only by any unpredictable general unrest, labor difficulties or other causes beyond the control of the management, William A. Warren, president of Safeway Stores, Inc., in the company's annual statement for 1945, reviewed the happenings during Safeway's 20th consecutive year of common and preferred stock dividend payments and discussed plans and prospects for 1946.

The year 1945 resulted in total sales of \$664,771,549.03 through 2,452 grocery stores. Net income for the year amounted to \$5,082,514.19 as compared with \$5,202,598.25 in 1944. Dividend requirements on the average amount of preferred stock outstanding during the year were earned 4.89 times. Regular dividends of \$1,039,615.00 were paid on the

New Flour Makes Superb Cake

Cardamon layer cake with pastel frosting.

By GAYNOR MADDOX
Special cake flours are out for the time being. Fats and sugar are scarce.

But here's a recipe that solves that problem handsomely, using the new 80 per cent extraction flour. Cardamon Layer Cake with Pastel Frosting

Two cardamon capsules, 2 cups enriched flour, 3 teaspoons baking powder, 1/4 teaspoon salt, 1/2 cup fortified margarine, 3/4 cup sugar, 1/4 cup light corn syrup or light (delicately flavored) molasses, 2 eggs, separated, approximately 1 cup milk.

Remove the little black seeds from the cardamon capsules, then crush these seeds slightly (the easiest way to do this is to put the seeds between a bit of muslin or the edge of a clean tea towel and crush them with the broad handle of a knife).

Add to flour, baking powder, salt and sift together. Cream margarine, add sugar gradually, and add corn syrup. Beat well.

Add egg yolks one at a time, and beat until puffy with air. Then fold in quickly the sifted dry ingredients, alternately with the milk, about 1/3 of each at a time. Fold in the stiffly beaten egg whites last.

Grease and line with paper two 9-inch layer cake pans. Divide batter between the two pans. Bake in quick oven (375 degrees F.) 20 to 25 minutes. Cool and put together with pastel frosting or simply put the two layers together with a generous spread of tart jelly; then sprinkle top lightly with powdered or confectioners' sugar.

New Grass Greens At Club Ready In June

Grass is coming up in good shape on three recently-remodeled greens at the Midland Country Club, and the three greens probably will be reopened for playing about the middle of June, Gaythor Nowell, club pro, said Thursday.

Players have been using temporary greens while numbers 6, 7 and 9 have been under repair.

The annual Midland Invitation Tourney will probably be held late in June or early in July, after the new greens have been restored to play, Nowell said.

Smear No Man Would Mind

TROY, PA.—(P)—It pays to travel in Bradford county, says Dr. Francis B. Haas, Pennsylvania superintendent of public instruction. After an address before a Troy school group, he was presented with a sack of buckwheat flour, a gallon of maple syrup and (there comes the punch line)—one pound of butter.

Travel Difficulties

SYDNEY, AUSTRALIA — (P) — Alexander Solomon of Gulgambone, the first full-blooded aboriginal appointed to the New South Wales Aborigines' Welfare Board, resigned after three months and went back to the bush. He said he lost too much money traveling to Sydney for board meetings—375 miles each way.

Europeans' Daily Meals Sink Below Nutrition Level

Map above, prepared from government figures, shows sharp contrast in the food-energy consumed by Europeans before the war and the inadequate supply now available to them without outside help. Only three nations—Denmark, Sweden and Czechoslovakia—have domestic food supplies capable of providing the 1500 calories per day per person considered as minimum for maintaining health. At least five would face starvation without outside help. Meanwhile, Americans have 110 more calories per day per person than they did in prewar days.

Army To Demonstrate Infantry Weapons In Five Mexican Towns

WASHINGTON — (P) — South of the border where the war with Mexico flared a century ago, the United States Army will demonstrate some of its newest infantry weapons next month for Mexican military personnel.

The War Department announced that the arrangements had been made at the request of the Mexican government, but made no reference to history books which show it was May 13, 1846, that the United States went to war with Mexico.

Picked demonstration teams from the Fifth Infantry Division, Camp Campbell, Ky., are scheduled to arrive at the border about May 11, and be met by a Mexican army escort. Demonstrations are listed for Mexico City, Puebla, Irapuato, Monterrey and Guadalajara.

Weapons to be demonstrated include recoilless rifles, rocket launchers and flame throwers of types which were perfected only toward the close of World War II.

POW Red Caps

LONDON — (P) — German prisoners-of-war will be used as porters, cleaners and other non-technical jobs on British railways to relieve the manpower shortage.

Sealy Describes Nazi Collapse To Students

Tom Sealy, Midland attorney, made a talk in the high school assembly Tuesday morning on Germany and the cause of its collapse.

Sealy, who served as an Army officer for three and one-half years, emphasized that propaganda was the cause of Germany's downfall. He declared that an educated, thinking public is essential to a strong America. He said that the United States must maintain the world's best Army, Navy and Air Force to support the United Nations and to be prepared for any wars which may be fought in the future.

Sealy, who was a colonel in the War Crimes Section of the occupation army, described the terrible living conditions and lack of food in Germany today. He told of atrocities committed by the Nazis during the war and of the war crime trials being held now. Sealy pictured Herman Goering as a fat "no-good" living in a cubicle about four feet by ten, watched every thirty seconds of the day.

Pappy 'Reckons' He Could Win Race For Governor, Hasn't Decided To Run

WASHINGTON — (P) — Senator W. Lee O'Daniel of Texas "reckoned" he wouldn't have much trouble winning the governorship of Texas because "most of my old friends would still stick by me and a lot of New Dealers who spent so much money trying to defeat me when I came to the Senate, would back me in order to get me out of Washington."

But, says the senator, "I haven't made up my mind yet about running, because I haven't figured out yet where I can do the most good fighting this New Deal crowd."

O'Daniel has two more years to go on his Senate term. He could run for governor, and if defeated, retain his Senate seat. The former governor discussed the race, the OPA, the British loan and pipelines during a discussion with Garfield Crawford, former Texas newspaperman who puts out the W. Lee O'Daniel News here, and Karl Crowley, Fort Worth and Arlington attorney and former Postoffice Department solicitor.

He is preparing to leave for Texas to address a meeting of grain and feed merchants in Galveston May 4. He Opposes OPA. When the Senate takes up the OPA extension act he will vote for any and all kinds of crippling amendments, then vote against the bill on final passage, he said. If the British loan comes up for a vote before he gets back he will be "paired" against it with some senator who is in favor of it. The senator said he had just filed a brief with the Federal Power Commission protesting an application for authorization to use the "Big Inch" and "Little Big Inch" pipe lines from Texas to the East for transporting natural gas. The application was filed by "Big Inch Gas, Inc., of New York and Wilmington, Del." He said the fuel should be kept in Texas for attracting business enterprises.

Returning from Texas to Washington, O'Daniel plans to stop in Huntington, W. Va., to appear on a Town Hall of the air radio network program May 9. He said he and Fulton Lewis, Jr., would argue against OPA controls, with Former Price Administrator Leon Henderson and another individual taking the opposing side.

Spring Flight

By WILLIAM MAIER

THE STORY: Ken Newkirk, who deals in antiques as well as insurance, tells Agnes her dining room set is worth \$300 or \$400 but wants an expert to see it before making an offer. Debby says if so much money is involved they'd better deal with someone they can trust. Ellie is livid at the insult to his friend and forces Debby to apologize.

IF anything, the doctor said the next morning, the row seemed to have done Ellie good. He'd better stay in bed today, he said, but tomorrow he could probably get up for a while.

In the afternoon Bart brought the barber out from the village, and you'd never have known Ellie for the same man after he'd had a shave and his hair trimmed up and combed. Bart had brought a lot of ice cream too, and Ellie liked that. He sat up in bed eating it and joking with Bart while Agnes and Debby and Joel were eating theirs in the dining room, and his voice was still husky but not wheezy the way it had been.

And suddenly he called out, "Hi there, Joel," and caught Debby sort of off her guard and she had to run out to the kitchen to keep Joel from seeing the tears in her eyes. That was all there was to it, practically, just "Hi there, Joel." Joel did say, "Hi, Ellie, how you feeling?" and Ellie answered, "Fine, how's yourself?" and that was all there was to it, but Debby knew it was for her, and it was just the same as if Ellie had brought her a dozen roses.

But later, when she took Joel in to see him, she could tell in a minute that Ellie still didn't like him. He had looked first at her and then at Joel, and she could tell it right away from the way he looked at him.

IN the summer Bull had killed 10 decoy ducks belonging to Leander Platt. John Qualey, the

ing on the line much as he had been, but there was something different about it, and she knew he had stopped romping and now he was hunting. And she liked the way he looked: his head high and working from side to side, sort of sampling the wind, and his tail waving away boldly. For all his funny looks, she thought, he looked like a bird dog. He was hunting now, and there was no reason why she shouldn't let him off the leash.

She pulled him in and untied the knot.

Bull started out at a run, and Debby watched him anxiously. As he got about 70 yards away he slowed down to a trot, looking over his shoulder, and then it gradually dawned on him that Debby no longer had hold of the other end of the line, and he started to run again.

"Bull," she called sharply.

But Bull had his nose pointed straight out across the valley, and now he was galloping.

"Bull!"

He was already across the valley and halfway up the other side.

"Bull!" He didn't so much as turn his head.

"Bull, Bull, Bull." Her voice was a loud, plaintive wail, and as she called Bull was disappearing over the hill.

"Let's spread out," said Bart. "Maybe he'll swing around one side or the other. Joel, you go over to that mill and move along that way, and I'll go over this way. You keep right along here in the middle, Debby."

He had gone only about 50 yards when he stopped and called, "There's a dog," he said, pointing, "but it isn't Bull."

Debby couldn't see, and she ran over beside him. As she got there, he pointed again, and she looked and saw the dog. And right away she knew the dog, a small black and white setter, and she was so scared she was almost sick to her stomach.

"That's John Qualey's dog," she said. She wiped her hand across her forehead and stared at Joel. "We got to find Bull quick. Get hold of that rope and hold on to it."

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority

Special one-session Master Point games are conducted at all major tournaments of the American Contract Bridge League. At the recent Eastern States Championships, one of these games was won by Mrs. J. Daub and Mrs. George Bergman of New York.

In a three no trump contract at rubber bridge, one might be a little careless about overtricks, but in duplicate every possible trick must be played for.

To start with Mrs. Daub (North) had nine top tricks in today's hand, but as soon as the heart finesse held and the suit broke, she knew that she had ten tricks. Nevertheless, she continued to play her cards carefully.

She ran off the heart suit and led the king of diamonds. East won and returned a diamond. This forced West to discard another spade. Now all Mrs. Daub had to do was to give West a spade trick and she was able to make 11 tricks or five no trumps for top score on the board.

Coeds Contend War Improved Veterans as Love Makers

LIBERTY, MO. —(P)— Coeds at William Jewell College think war has made veterans better lovers.

William Turnage, veteran and associate editor of the college newspaper, grew tired of "loose talk about veterans coming back to date coeds after dating girls all over the world."

So he and five other veterans conducted a campus poll among girls from 20 states among the college's 513 students about the 174 ex-service men on the campus.

Sixty-six coeds said men were better lovers now than before the war; 31 thought not and 23 still are undecided.

Twenty-six of the coeds voted that overseas experience had added refinement to the veterans' technique of lovemaking while 71 thought it had added power. Twenty-three couldn't make up their minds.

It was a close call on whether veterans were more gentlemanly. Sixty-one said yes, 50 no and nine wouldn't say. But 46 said the veterans expressed a preference for American girls while five said they had been told by veterans that they liked foreign girls better. Twenty-nine refused to answer.

The Navy and Army were almost equally popular with the coeds with the Merchant Marines and the Marines running a poor third. Fifty held out for the Navy; 48 for the Army and one each for the Merchant Mariners and Marines.

Some of the coeds elaborated on veterans' lovemaking. One said they "appreciate women more now"; another "they are smoother but they have lost some of their delicacy," and a third, "they are more direct."

Price Controls Dropped On Most Berry Products

WASHINGTON —(P)— Price controls were suspended indefinitely Wednesday on all canned, frozen and preserved berries and berry products except cranberries.

OPA acted with the approval of Stabilization Director Chester Bowles, after the Department of Agriculture reported that 1946 crop of berries would be 35 to 40 per cent larger than last year's, thus relieving the supply shortage.

Texas Artist Is Paid \$25,000 For 'Churchill'

NEW YORK —(P)—The portrait of Winston Churchill, recently painted by Douglas Chandor of Weatherford, Texas, artist, has been purchased for \$25,000 by Bernard Baruch, the artist said. Chandor said that the price was believed to be the highest ever paid in this part of the country for a contemporary portrait. The portrait is a study to be incorporated in Chandor's group painting of the "Big Three" at Yalta, originally commissioned by the late President Roosevelt and recommissioned by President Truman.

Children Need Nutritious Food

Make every week Child Health Week for your youngster.

By GAYNOR MADDOX
NEA Staff Writer
Children's food must be simple, yet it must have a high nutrition value. A quart of milk every day is required for optimum growth, as well as an egg at least four times a week, and fruits and vegetables, both cooked and raw, daily. Butter or fortified margarine supplies the important Vitamin A, which is necessary to help fight disease, especially the common cold. Eggs a la Goldenrod (To serve 4)
One cup cream sauce, 1 tablespoon fortified margarine, 1 teaspoon minced parsley, 1/8 teaspoon onion salt, 4 slices hot toast, 4 eggs, hard-cooked.
Mix together the margarine, the parsley (very finely minced), and the onion salt. Spread on the hot toast. Arrange toast on serving dishes.
Over the toast, slice the hard-cooked eggs, saving out the yolk of half an egg. Pour the cream sauce over the eggs.
Garnish plate with watercress. Serve with curls of celery and matchstick pieces of carrot.

hot milk, salt and pepper to taste. Melt the margarine, add the flour, and mix to a smooth paste. Add the hot milk and stir over hot water or a low heat until creamy. Season to taste with salt and pepper.
Molasses Milk Shake
One cup cold milk, 1 tablespoon molasses, 1 teaspoon cocoa, 1/8 teaspoon salt, a shake of nutmeg.
Mix a little of the milk with the cocoa, slowly, to make a smooth mixture. Add remaining milk and ingredients.
Pour into mason jar, supplied with a rubber ring. Cover tightly and shake until frothy. Serve at once.
(Mixture may also be beaten in a deep bowl with a rotary egg-beater.)

Jars And Caps For Canning Available

One commendable result of wartime food shortages is that more women have learned the simple art of home canning and its many advantages. Surveys made by a leading manufacturer of fruit jars show that most new and old home canners plan to maintain their volume of food preservation. The National Garden Institute will continue to urge home canning in order to alleviate any imminent food shortages. Supplies of jars and caps will be plentiful. The porcelain-lined zinc cap for Mason jars, favorite of home canners for generations, is back, and so are wide-mouth Mason jars. Jars will be available in all types and sizes. Home canning authorities advise housewives to follow carefully instructions packed in each carton of canning supplies in order to insure canning success.

Synthetic Detergents Boons To Housewives

Synthetic detergents, which wash as effectively in hard water as in rain water, are revolutionizing time-honored concepts of household washing and cleaning. A "sudsy" bath for the family car, scrubbing with cold water, home washing of woollens without fear of shrinkage, and no more rings around the bathtub are new experiences made possible by the detergents which look like soap, act like soap, but aren't soap. A chemical development which provides a neutral washing agent—as against the alkaline characteristics of soap—the detergents are said to be a special boon to housewives in the 80 per cent of the country where water is hard.
