Five Killed As Plane Hits Skyscraper

Texan Among Victims In N.Y. City

NEW YORK—(AP)—An Army transport plane, lost in dense fog as it groped for Newark Air Base, smashed into the world's fourth tallest building amid the towers of the New York financial district Monday night and hurled four Army officers and a WAO lieutenant to instantaneous death.

The plane, a twin-engine Beechcraft C-45, sped out of a 400-foot overcast and struck the 58th floor of the 71-story 937-foot high bank of the Manhattan Company on Wall Street. The plane disintegrated in a blinding flash and showers of flaming debris fell to the pavement.

"There was nothing but flame," John Gunther, a Chase National Bank guard, who was an eyewitness, said. "It showered down like a rain of fire."

Another witness said "the flames seemed to pour down from floor to floor."

Occupants of the building, estimated at the time by police as between 500 and 2,000, were not injured. Five persons were struck by flaming particles in the street below.

A five-man Army investigating board, ordered formed an hour after the crash, began an examination of the tragedy Tuesday. The board visited the scene, made technical inspections and interviewed witnesses.

Army officials said the plane was on a navigational training flight from Beaumont, Texas, to Newark. The War Department listed the dead as:

Maj. Mansel R. Campbell, 27, the pilot, Pontiac, Mich. His wife, Edna, lives at Ewart, Mich. The couple has one child, Ross Edward, 6.

North Pecos Area Gets Wildcat To 2,000-Foot Level

By JAMES C. WATSON
Oil Editor

R. B. Rawlins of Monahans, has filed application with the Railroad Commission to drill No. 1 H. Cordz, in North Pecos County, as a 2,000-foot wildcat.

Location is 330 feet from south and 900 feet from east lines of section 101, block 8, H&GN survey, and approximately nine miles northwest of Imperial. Drilling will be with cable tools, starting at once.

Humble Oil & Refining Company No. 1 Crespi, East Midland County wildcat, nine miles southeast of Midland, ran a 20-minute drillstem test at 11,541-620 feet in limestone. Another Test On Crespi.

There was a blow of air for a part of the period. Recovery was 15 feet of hot-mud level, with no shows of oil or gas. Operator reported that a 5-inch liner was to be set. Point at which it was to be placed had not been revealed.

Humble No. 1 E. P. Cowden, Southwest Andrews County prospector, on the southeast side of the Dollar Hide field, which had apparently missed the Devonian pay of that area, and had been drilling through Mississippian lime and shale, after going through a considerable section of Pennsylvanian, was making hole under 9,660 feet in lime and shale, and was understood to still be in the Mississippian.

Rumors that it had gone out of that formation, and into Ellenburger had not been confirmed. Roberts Repairing.

Argo Oil Corporation No. 1 Roberts, Southeast Reeves County possible lower Permian discovery, about 25 miles south and slightly east of Pecos, was bottomed at 10,853 feet, in lime and shale, making repairs.

A core at 11,840-853 feet, recovered 11 1/2 feet of shale. No indications of oil or gas were reported by operator from that specimen.

Magnolia Petroleum Company No. 1-B Cowden, three quarters of a mile north and one-half mile east of the discovery well in the Dollar Hide field, in Southwest Andrews, had reached 7,837 feet in Devonian lime and chert, and was drilling ahead.

Retary rig is being moved to Ray Albaugh No. 1 D. L. Sutton, South— (Continued on Page 2)

MAAF Hero To Wed

Capt. Louis Zamperini, war hero who trained at Midland Army Air Field, greets his fiancée, Cynthia Applewhite of Miami Beach, Fla., on her arrival at Burbank, Calif., airport. They plan to marry late this summer. Zamperini is well known in Midland. On one occasion he saved the lives of his crew with first aid work and at another time was taken prisoner of war after floating for a long time in the Pacific after his plane was forced down. He was a famous miller in track at the University of Southern California.

Commission Sets Record Proration

AUSTIN—(AP)—The Railroad Commission Tuesday issued a statewide proration order calculated to result in daily production of 2,293,092 barrels of crude in Texas during June, the highest production Texas has ever been granted, even during peak war years.

Under the June order, the average daily allowable will be 2,425,013 barrels daily, but estimated underproduction of 544 per cent should reduce the estimated daily flow of crude oil to 2,138,504 barrels.

In highest previous allowable ever set by the commission was in July, 1945, when 2,270,000 barrels were granted to meet high wartime demands.

June's calculated production represents an increase of 243,092 barrels daily over the United States Bureau of Mines estimate of crude oil demand in Texas.

The production pattern for June includes 26 general producing days in Texas except in East Texas which has been reduced to 21 producing days and in the Panhandle which remains exempt.

Increased allowables over last month's 2,261,902 barrels permissive daily production will come from increasing permitted production in fields of commission district 2, 3, 4, 5, 6 and 8 to their current maximum efficient rates, the commission said.

New Soviet Occupation Troops Enter Germany

PRAGUE—(AP)—An official announcement Tuesday said that Russian troops bound for Germany had begun moving across Czechoslovakia for the south in connection with "the reorganization of Russian occupation forces in Germany."

The announcement indicated that the movement would continue through May 26, date of the Czechoslovakian general elections.

The main body of Russian forces was withdrawn from Czechoslovakia early this year.

LATE NEWS FLASHES

NEW YORK—(AP)—Hopes of effecting an early settlement of the vexing problem of Iran, scheduled for consideration by the United Nations Security Council Wednesday, faded Tuesday following a new Iranian charge that "Soviet interference in the internal affairs of Iran has not ceased."

WASHINGTON—(AP)—New reports circulated Tuesday that the government is set to take over the soft coal mines in an effort to keep them operating.

TABRIZ—(AP)—The government of self-proclaimed autonomous Azerbaijan lifted martial law after one day Tuesday with the announcement that "conditions no longer justify the measure as peaceful methods prevail."

Progress Reported In Rail And Mine Strikes

By The Associated Press
Government labor specialists worked against time Tuesday to find a formula for keeping the mines working and the railroads running after the expiration of two week periods in both disputes this week.

Both the carriers and railroad brotherhoods reported progress in their peace talks with John R. Steelman, White House labor advisor, but a union official said privately that preparations for a strike Thursday were going ahead. Deep silence surrounded the activities of the soft coal operators and United Mine Workers whose

GOVERNMENT SEIZES COAL MINES

WASHINGTON—(AP)—President Truman Tuesday directed Secretary of the Interior J. A. Krug to seize soft coal mines now operating under a two-week truce which expires Saturday.

Two weeks truce will expire Saturday.

One top labor authority said privately that John L. Lewis has not given clear cut assurance that the miners would stay on the job if the government seized the mines. At an unheralded meeting with President Truman Sunday, Lewis

was reported to have referred to the UMW policy committee a decision on union strategy in event of federal seizure.

The UMW chief refused to discuss the situation, however, and Charles O'Neill, spokesman for the soft coal operators, declined to confirm or deny his participation in Sunday's White House conference.

Wranglers Round Up New Members, Hull Is Honored

By The Associated Press
Two victims of poliomyelitis were hospitalized at Lubbock in West Texas Tuesday as the southern part of the state continued its fight against an epidemic of the disease.

A Lubbock physician said the two patients had contacted the illness "elsewhere."

The victims were Marion Nevitt, 13, daughter of Mr. and Mrs. J. S. Nevitt, whose condition was described as very serious, and Robbie Webb, 4, son of Mr. and Mrs. A. O. Webb, whose legs were paralyzed.

A McAllen school teacher, Mrs. Robert Bell, was taken to a San Antonio hospital Tuesday for treatment of what her physician diagnosed as a mild case of polio.

John Gregory, McAllen superintendent of schools, Tuesday morning closed the school in which she had been teaching. Other schools will finish their terms Wednesday.

New reports of polio and encephalitis cases were received Monday from the South Texas area as clean-up campaigns continued precautionary efforts.

Three suspect cases and one positive case of polio were reported Monday at San Antonio. A six-year-old boy, a suspect since Saturday, was listed as the latest case.

Georgia Mae Kubala, 12, of Columbus, Texas, was brought to a Houston hospital for treatment as a polio victim.

San Angelo Man Stricken
Tommy Montis, 20, ex-serviceman employed at San Angelo, was stricken Monday with a disease the examining physician described as "Poliomyelitis or malaria."

The 19-month-old son of Mr. and Mrs. Lopus Villanueva died Sunday at Corpus Christi of polio.

It was the eighth death in Texas of the disease since May 1. Schools remained closed at San Antonio and Corpus Christi.

Iran Orders Troops To Avoid Skirmishes

LONDON—(AP)—Premier Ahmed Qavam broadcast strict orders to Iranian troops Tuesday "not to go further from their positions" along the Azerbaijan border, where some clashes have occurred.

The broadcast said the premier had established a commission to prevent further clashes and had announced some persons accused of causing the clashes would be court-martialed.

His message on the Tehran radio came some time after the Tabriz radio, mouthpiece of the self-declared autonomous province bordering Russia, prevailed for the bloody civil strife prevailed for the second day.

"Rumors about a state of war are untrue," the Tehran radio of the Qavam government said in English and Russian language broadcasts. It asserted that Qavam was trying "to solve the conflict in a friendly manner" and said persons outside Iran were magnifying the skirmishes "in order to influence public opinion."

Navy To Dispose Of Four Texas Fields
WASHINGTON—(AP)—The Navy expects to reduce the number of its continental air installations to 80 by September 1, and of this total only 32 will be at full operating capacity.

Vice Admiral Arthur W. Radford said Tuesday the Navy and Marine stations to be disposed of, with the total Navy investment in each, include:

Byrnes Hits Reds For Blocking Peace Conference On Europe

WASHINGTON—(AP)—Secretary of State Byrnes gave Russia its choice Tuesday: Stop blocking a European peace conference this summer, else the United States will walk out of the dragging Big Four treaty talks and carry the whole matter before the United Nations.

By JOHN M. HIGHTOWER
WASHINGTON—(AP)—Secretary of State Byrnes gave Russia its choice Tuesday: Stop blocking a European peace conference this summer, else the United States will walk out of the dragging Big Four treaty talks and carry the whole matter before the United Nations.

Proclaiming an American "offensive for peace," Byrnes left no doubt in his radio address to the nation Monday night that it would be carried out even at the expense of the basic postwar ideal that the great victor nations should act in unison to fashion the future.

The cabinet officer made it perfectly plain that he held Russia responsible for the disappointing outcome of the foreign ministers conference which recessed in Paris last Thursday until June 15.

His formal report on that convulse listed a half dozen outstanding issues with Moscow on which he indicated the United States would not compromise.

From the aggressive but confident tone of his speech, however, it was apparent—and officials confirmed this—that Byrnes is counting on Moscow conferences between Soviet Foreign Minister Molotov and Premier Stalin during the recess to reverse or modify the Russian position on these questions.

On the one looming biggest in his estimate—the making of peace treaties so that the nations of Europe can begin to "live and breathe" again, Byrnes declared he was confident that there would be a peace conference of the European nations and other interested powers this summer.

Recalling that at Paris Molotov blocked such a proposal, Byrnes said this power "must not be left to any one nation."

Man Jailed After Attempt To Rape Texarkana Child

TEXARKANA—(AP)—Homer Lee King, 20, of Hooks, Texas, is being held somewhere Tuesday in an undisclosed jail on charges of assault with intent to commit rape in connection with the attempted assault here Monday of a five-year-old Texarkana girl.

Sheriff W. H. (Bill) Presley arrested the man shortly after the attack was reported to officers. King was immediately spirited by officers into unknown custody.

Officers said the girl's attacker released her for fear her cries would attract a group of negro laborers working nearby.

The charge was filed against King after he was questioned by Texas Ranger Captain M. T. Gonzales and District Attorney Weldon Glass. They said he made a verbal statement.

However, officers cautioned against connecting the attempted assault in any way with Texarkana's five unsolved slayings.

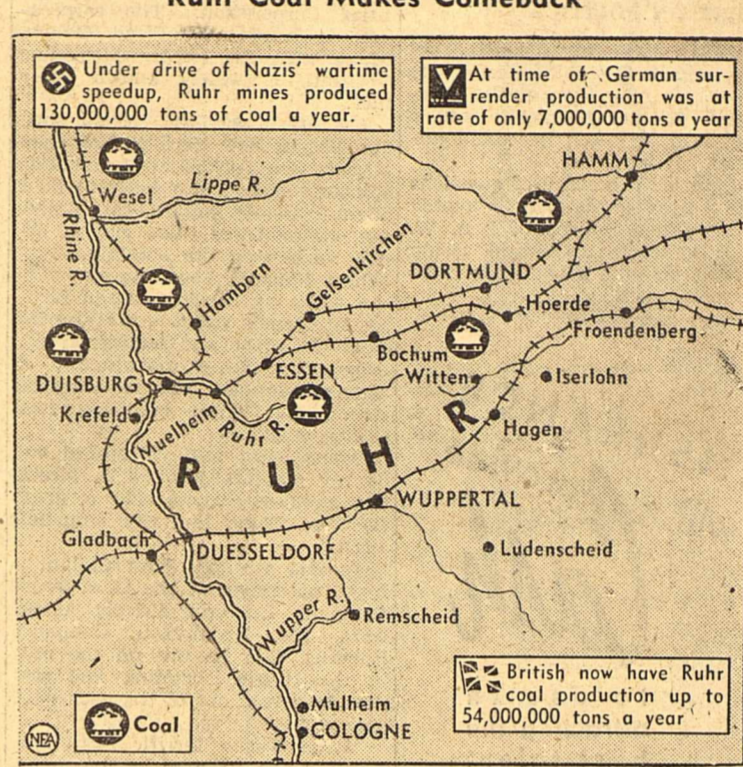

Officers said earlier this week there were no developments in the hunt for Texarkana's phantom slayer.

O'DANIEL TO BROADCAST POLITICAL PLANS TUESDAY

DALLAS—(AP)—Senator W. Lee O'Daniel will make known his intentions as to the governor's race in a radio broadcast Tuesday from Fort Worth.

The speech will be broadcast over the Texas Quality Network from 9 to 9:30 p. m.

Ruhr Coal Makes Comeback

Ruhr Valley coal, key to the economic health of Germany, France, the Low Countries, Scandinavia and Italy, is coming out of the mines again—in surprisingly large amounts—under an all-out production drive by Great Britain, which controls this vital area. Despite the apparent utter destruction of Ruhr industry during the war, collieries are working again and the mines are giving up their "black gold." Output is now at the rate of 54,000,000 tons a year—almost half of Hitler's best wartime production. Mining is done by Germans under British direction, through the North German Coal Company. Because war blocked off newcomers, the average age of the 256,000 miners is 44 years. British seek youthful recruits, aiming at 360,000 labor force.

Negro Woman Is Indicted For Murder

A 70th District Grand Jury Monday returned three indictments, one each for murder, assault to murder, and burglary.

Lillie Mae Pate, negro, is charged with the fatal stabbing of Edgar Pate on May 8.

Dave Briggs, negro, is charged with assault to murder Fred Lewis on May 5.

Levi Little and Henry Jackson were charged in one bill with the burglary of the W. Y. Penn residence on or about April 3.

Divorce proceedings were underway in the court Tuesday. Three were granted Monday.

Police Get Tip On Phantom Suspect

OKLAHOMA CITY—(AP)—A man who bought a bus ticket for Texarkana, Texas, where a "phantom killer" is believed to have slain five persons recently, and then disappeared, was sought by police here Tuesday.

Earl McCutcheon, Union Bus station ticket agent, said the man left the station after he called police.

McCutcheon said he called officers when the man said he was interested in catching a bus that would put into Texarkana during night hours.

City And School Officials Warn Action To Be Taken On Pranksters

City and school officials joined Tuesday in an appeal for parents to restrict the activities of their children at night, and at the same time warned student pranksters who have been painting slogans and signs on municipal and private property that such actions might lead to serious consequences.

Parents are urged to keep their children from forming into gangs which have been defacing sidewalks and buildings late at night. Other activities of the student groups have included playing "ditchum" by forcing pedestrians off street areas, shooting fireworks, and speeding through the residential areas.

The pranksters were warned that persons affected by their activities may take action on their own to stop the vandalistic acts. One private home was painted Monday night.

The officials, in making their appeal, cited a recent case in Fort Worth where several students were shot while carrying out similar pranks.

The police department has received numerous complaints from citizens regarding the students and school officials have warned them of the possible consequences, but the reports continue to be received.

Officials of both bodies said Tuesday if the pranks continue corrective measures will be taken.

SS Troops Are Object Of Search

VILSHOFEN, GERMANY—(P)—Four thousand American troops, striking by surprise at dawn Tuesday, raided a Hungarian River fleet suspected of smuggling SS fugitives, ammunition and black market supplies along the Danube River in Southeastern Germany.

Vilshofen is on the Danube 12 miles northwest of Passau, which is on the Austrian-German border. Nearly 400 boats, including many former units of the Hungarian navy, were boarded and searched by heavily armed U. S. constabulary troops.

Hundreds of the boats' occupants were removed for investigation by U. S. Army counter-intelligence agents. The report said that many machineguns and other weapons, radio transmitters and receivers, quantities of U. S. Army food, clothing and other contraband were found.

No armed resistance was encountered. The only shots fired were by American troopers at three German river patrol boats cooperating in the raid, which were improperly marked and slow in heeding commands to halt. One German patrolman was wounded.

The raids covered a 45-mile stretch of the Danube from the Austrian border to Degendorf.

At least 30 of the vessels seized—including 12 gunboats—were part of the Hungarian navy and fought alongside the Nazis against the Russians, Army officials said.

Aboard them were believed to be several hundred ex-enemy sailors and high ranking officials of the Hungarian navy who fled from the Black Sea up the Danube ahead of Soviet forces near the end of the war and found sanctuary in the American occupation zone. There they remained comparatively unmolested for a year.

Counter-intelligence agents declined to explain the long delay in moving against the Hungarian navy, but one officer suggested it had been necessary to keep the original crews aboard the ships to maintain them.

Reporters were invited to witness the elaborately secret operation, but several of its mysteries remained officially shrouded for hours after the raid began.

At midday there was no indication as to whether any hunted SS troopers actually had been discovered or whether the raiders had found Adm. Trunkwalter, whom U. S. agents described as the present commander of the remnants of Hungary's navy.

Rains, Windstorms, Hail Strike Again

By The Associated Press
Windstorms, accompanied by hail and rain, struck Texas again Monday following a weekend storm period in which tornadoes struck East and Central Texas causing death, injury and much property damage.

One more death was added to the tornado toll Monday night. Mrs. J. L. Howard, 77, of the Stoneburg community, died of injuries received in a tornado there Saturday night. Her husband, 85, was killed instantly in the storm.

A tornado-like wind, reaching 75 miles per hour, hospitalized eight persons in Laredo Monday afternoon and injured at least five more in Nuevo Laredo. Scores were treated for first aid at their homes.

The storm damaged five planes at the Laredo and Nuevo Laredo airports, demolished a baseball park, and damaged homes, buildings and signs on both sides of the Rio Grande River.

A freak windstorm with rain struck Corpus Christi Monday afternoon, lasting only a few minutes. Telephone and power services were interrupted in several sections of the city but no extensive damage done.

STEVENSON REMAINS SILENT ON POLITICS

AUSTIN—(AP)—Gov. Coke R. Stevenson again Tuesday resisted efforts to pin him down on the question of whether he would seek a third term, or when he would announce his intentions.

Another witness, John Callan, a night watchman at the U. S. Trust Company Building directly across from the Manhattan Company Building, said he was on the roof of the 10-story building and saw the plane roar out of the gathering darkness.

There was a terrific flash and a loud crash, followed by the sound of an explosion," he said. "The shock shook the U. S. Trust Building and I grabbed hold of a girder to keep from being knocked down. Fire started in the wreckage of the plane almost immediately."

The Bank of the Manhattan Trust Company, was intended originally to be the tallest building in the world. Nestling in its shadow are the New York Stock Exchange, the Morgan Bank Building and the Sub-Treasury. Taller buildings are the Empire State, the Chrysler and the Cities Service.

Sharing a party-line telephone! If you're sharing a telephone party line, you're helping someone else here have telephone service now. Otherwise he'd likely be waiting his turn for service.

Party-line service is one way of stretching the telephone system here—to serve as many people as possible now instead of asking some to wait until we've had time to put in the wires and cables and switching equipment needed to serve everybody who is waiting.

It's a big job—catching up with four years of backed-up demand. But we're hard at it. As soon as possible, we'll bring service to everybody who is waiting for it. And, after that, we expect to be able to furnish one-family telephone service to those who want it.

Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

Actress Diana Barrymore has fled suit for divorce in Las Vegas, Nev., against actor Bramwell Fletcher, pictured with her above. She denied planning to remarry soon.

Mrs. L. G. Byerley Concludes Six Years Of Active P-TA Work

As her last duty as vice president of the State Parent-Teacher Association, Mrs. L. G. Byerley of Midland taught a school of instruction for officers and members of Big Spring P-TA units Friday in that city.

Mrs. Byerley gave a devotional at the council session which opened the meeting. She spoke to the women on how the family is responsible for the future, and urged more earnest, thoughtful prayer.

She began her school of instruction by reminding the women that the P-TA is non-sectarian, non-partisan, and non-commercial, and that it was those three points that made the organization obtain and keep more than 4,000,000 members.

In instructing the actual running of the units she gave as the basis for good work programs, publications and publicity and, in addition, reminded that all the good done must be followed by observance of the by-laws which should guide the officers to better work. She emphasized the importance of all of the seven divisions into which the executive board is divided and stated that all are important in achieving the end which the P-TA desires.

Mrs. Byerley pointed out that parliamentary law is an attribute of culture, and its use brings about the recognition of the rights of others. She stated that the three Cs of parliamentary procedure are Christianity, common sense and courtesy, and that those three should be observed constantly.

Mrs. Byerley recently resigned as vice president of the State P-TA. From May 1940 to May 1946, Mrs. Byerley has served in the following capacities: Two years as vice president of District Six; three years as sixth state vice president and director of home service; and one and one-half years as third vice president and director of extension.

BLUE RIBBON AWARDS PRESENTED TO AREA MEDICAL AUXILIARY

Two blue ribbons were awarded to the area Women's Auxiliary Association at the meeting last week in Galveston of the Women's Auxiliary to the State Medical Association. Midlanders attending the session were Mrs. A. J. Cooper and Mrs. Waldo Leggett.

The ribbons were for the greatest percentage of new members in group two with from 25 to 50 members and for a generous contribution to the library fund of the state auxiliary in memory of Dr. W. E. Ryan. Counties represented in the area auxiliary are Ector, Midland, Martin, Howard, Andrews and Glasscock.

These awards were sent to Mrs. James H. Chapple, retiring president.

At the state convention Mrs. Cooper was installed as council president for District Two of the state.

At a session Thursday in Big Spring new officers of the area auxiliary were installed. Among the officers are Mrs. J. E. Hogan of Big Spring, president; Mrs. J. M. Woodall, of Big Spring, secretary-treasurer; and Mrs. M. S. Dickerson of Midland, fourth vice-president.

Midland women present for the installation service were Mmes. C. S. Britt, Harry A. Briggs, James H. Chapple, W. G. Whitehouse, Tom C. Bobo and A. J. Cooper.

Russian Parable

This is a retelling of the wryly humorous story about
Byrnes, Molotov, and their brief discourse on drinkin'
liquor at an American reception in Paris. We are re-
peating it because we believe it is an excellent digest of
present practices in international relations.

It is really a two-part story. In the first, Byrnes,
who had given Molotov some whisky, asked him why he
didn't drink it, and added the remark that vodka was
much stronger. No, said Molotov, vodka wasn't.

Then Byrnes pointed out that Molotov had made him
drink three vodkas the night before. Whereupon the
Russian minister, without comment, took one small sip of
the whisky.

The second part concerned Byrnes's joking sugges-
tion that the foreign ministers should meet every night at
3 o'clock, after a cocktail party beginning at 6:30. Then,
he remarked, they might agree on things. Molotov gave
the suggestion careful and serious consideration. Then
he answered, "Yes, but we should have the conference at
9 o'clock."

Whether that story is true in every incident, it is
true in spirit. No one who followed the troubled course
of the Paris conference can doubt it. In fact, we think
it belongs among the instructive tales of some modern
Aesop as a prime example of Russian diplomatic tech-
nique. It might be called "Compromise Over Cocktails,
or, The Parable of the Three Hookers of Vodka."

If it isn't belaboring the point, Byrnes's three vodkas
are typical of many American gestures of good will
toward Russia. Molotov's initial refusal to make a similar
gesture is also typical, painfully so. And we do not think
it impossible that Molotov may have reasoned along these
lines:

Byrnes's insistence that he drink the whisky was
simply another example of the western powers' trying to
impose their will on Russia and disregard Russia's legiti-
mate interests. Wasn't it clear that he didn't want the
whisky?

Of course, he'd drink it rather than cause an inter-
national incident. But that remark about vodka's being
stronger was ridiculous—just another attempt to belittle
Russian institutions and the Russian way of life.

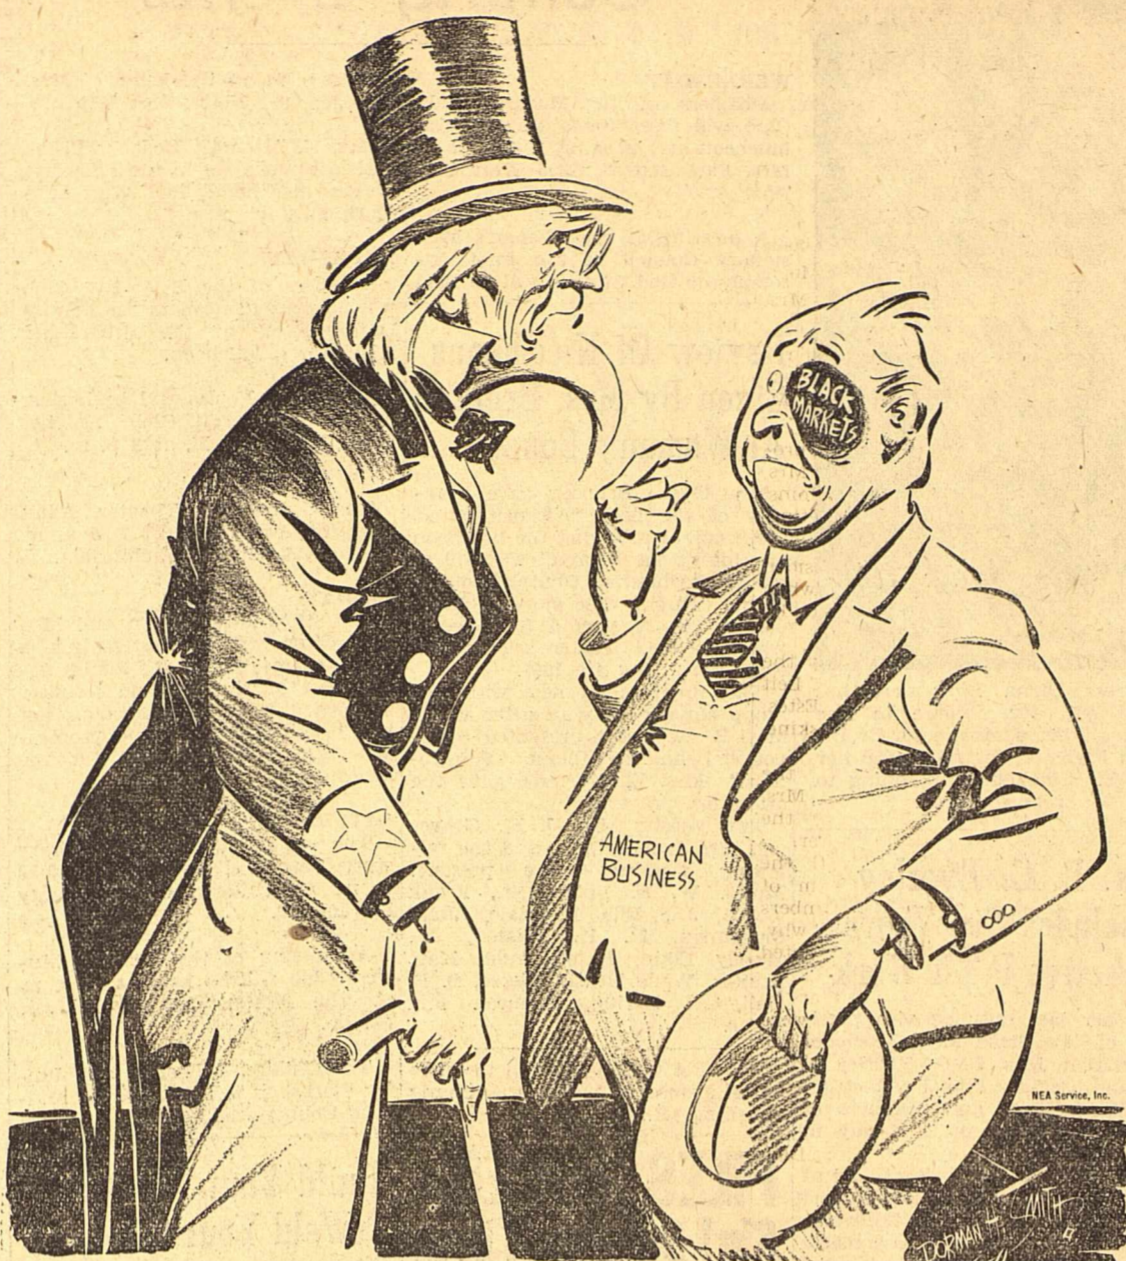

What about Byrnes's three vodkas? Well, Molotov
might have reasoned that he liked vodka, Russia liked
vodka, and therefore vodka was good. Hence Byrnes
should accept it gladly. Whisky? That was a different
matter entirely.

And as for that facetious suggestion about post-
cocktail conferences, Molotov could make jokes, too.
But even in joking a Russian must be careful lest he be-
come thoughtless and create the wrong impression.

It was all right to agree with Byrnes in principle.
Russia was always glad to agree in principle to someone
else's suggestion if it accorded with Russian wishes. At
the same time, the "yes—but" technique should be re-
membered. Never fall in wholeheartedly with another's
suggestion. Make a counter-proposal. Do it Russia's
way and make it look like Russia's decision, even if
you're only talking in jest.

Such a line of reasoning seems typical of Russian
startegy in many more serious matters. And the remark-
able thing is that Molotov did not consult with Moscow
before replying to Byrnes's pleasantries. Russian diplo-
mats' minds just seem to work that way.

World Champion Cowboy To Enter Midland Rodeo

Bill Linderman of Red Lodge, Mont., world champion cowboy last year, has wired John Dublin, member of the rodeo committee, that he will attend the twelfth annual Midland World Championship Rodeo May 30-June 2.

Linderman also was world champion bronc rider last year, and in addition is a bulldogger, calf roper and bareback rider.

His brother, Bud Linderman, is the leading contestant for the crown of champion cowboy this year, second in the bareback riding race, and fourth in bronc riding.

NAA Members Invited To Event

The Midland chapter of the National Aeronautic Association has been invited by the San Angelo unit to a breakfast at Mathis Field near there at 11 a. m. Sunday.

Midlanders are asked to fly down for the event and to participate in an airplane hunt which will be conducted in the afternoon from North Concho Field. A \$50 prize is offered to the winner of the hunt.

M. D. Bryant, president of the San Angelo chapter, extended the invitation. M. T. Smith, Midland's president, said several association members will go from here.

C-82 Packets Act As Mother Ships To P-80s In Cross-Nation Tour

Fairchild C-82 Packets are accompanying a flight of 25 Lockheed P-80 Shooting Stars which are now barnstorming the country in a demonstration of airpower mobility and are due to land at Midland Army Air Field Sunday.

"Project Comet," as this operation is known, will stop at several points and at each stop over there will be a public demonstration of the ease with which supplies, crews and equipment can be transferred from the Packets to the fighter unit.

The C-82s which are assigned to the Third Air Force (Troop Carrier Command) at Greenville, S. C., are capable of carrying a pay load of nine tons and with their cargo capacity of 2,916 cubic feet are ideally suited to the task of acting as a mother ship in future operations of Tactical Air Power.

Designed for the Army, this versatile plane is fitted out to carry 36 stretchers. As a paratroop transport it will carry 48 fully equipped troopers dropping them in two sticks through jump doors in the rear of the fuselage.

Poppy Day To Be Observed Saturday With Legion Auxiliary In Charge

Poppy Day will be observed in Midland and throughout the United States Saturday, Mrs. Kenton Boone, president of the Midland unit of the American Legion Auxiliary, announced Tuesday.

Memorial poppies to be worn in honor of the dead of both world wars will be distributed on the streets throughout the day by volunteer workers from the auxiliary and cooperating organizations. Contributions received in exchange for the flowers will be used in relief and rehabilitation work for disabled veterans, their families and families of the dead.

Extensive preparations for Poppy Day in Midland are being made by the Legion Auxiliary under the direction of Mrs. Iva Noyes, chairman of the poppy committee. She said volunteer workers are being organized into teams and assigned to locations in the downtown area. The poppies have been ordered from a veterans hospital.

Odessa Band Is Official Rodeo Musical Group
 The Odessa High School band, directed by Robert L. Maddox, has been named the official band for the 1946 Midland Rodeo, it was announced Tuesday. The musical organization will appear in the opening day parade and will play a 15-minute performance at each session of the rodeo.
 The Odessa Junior High School band also will take part in the parade.
 The Odessa High School band placed in first division in both concert and marching in the recent Kermit band clinic, and members won 25 first division places.

Postal Workers Get \$400 Yearly Increase
 WASHINGTON —(AP)— President Truman signed into law Tuesday a bill giving nearly all postal workers a \$400 yearly pay increase.
 Those who don't get the \$400 boost are fourth class postmasters, who receive a 20 per cent raise, and part-time workers, who receive a gain of 20 cents hourly.
 All the increases are retroactive to Jan. 1, 1946. Approximately 400,000 workers come under the measure. The total cost was estimated at approximately \$160,000,000 yearly.
 Postal workers received a \$400 yearly increase July 1, 1945. Supporters of the newly-signed legislation said, however, that it was required to make up for added living costs and a reduction since last July in the number of hours worked by most employes.

Six Circles Of Baptist WMU Meet Monday For Stewardship Programs
 The six circles of the First Baptist WMU met Monday afternoon at the homes of members for mission study lessons.
 Mrs. Frank Monroe presented a review of the mission study book at a meeting of the Lottie Moon Circle held at the home of Mrs. May Ward.
 After a short business session refreshments were served by the hostess to Mmes. L. B. Newson, A. M. Moore and Monroe.
 The Annie Barron Circle program opened with a prayer by Mrs. J. M. White, Sr. Mrs. R. F. Goins, who was hostess for the meeting, also gave the devotional.
 Mrs. E. N. Stracener presided during the business period when current topics were presented by members.
 Refreshments were served by the hostess to Mmes. B. C. Girdley, Leif Cison, W. B. Preston, Bennie Estes, W. H. Spaulding, S. M. Erskine, White, and Stracener.
 Opening the program of the Lockett Circle was a prayer by Mrs. S. L. Alexander. Hostess for the occasion was Mrs. R. O. Walker.
 Mrs. Ralph Day conducted the devotional which was in form of discussions given by the members on their favorite songs and why. The stewardship lesson was directed by Mrs. Clint Dunagan.
 Following the closing prayer by Mrs. Walker, refreshments were served to one visitor, Mrs. Marie Randolph, and Mmes. Arnold Scharbauer, Lula Wycoff, Rosa Hawkins, B. F. Davidson, W. T. Hagler, Glenn Roberts, D. E. Jinnerson, G. G. Hazel, Dunagan, Day, Alexander and Walker.
 Rebecca Circle
 Mrs. Troy Eiland was hostess for a meeting of the Rebecca Circle at her home. After the opening prayer by Mrs. O. R. Phillips, the mission study lesson was presented by Mrs. H. B. Spears and Mrs. Charles Roberts.
 The closing prayer was offered by Mrs. Phillips.
 Refreshments were served by Mrs. Eiland to Mmes. A. Clements, Cecil Craft, John Godwin, A. E. Houck, R. D. Feemster, Phillips, Robertsoy and Spears.
 Mrs. Vernon Yearby discussed plans for training negroes and reviewed work of a negro educator at the Mary Martha Circle meeting. Hostess for the occasion was Mrs. H. S. Collings.
 Mrs. M. D. Cox led the opening prayer and Mrs. Raymond Leggett was in charge of the business period at which time announcement was made of the Youth Camp to be held in Big Spring June 24-28.
 The hostess served refreshments to Mmes. F. G. White, O. L. Stalcup, B. A. Walston, Cox, Leggett and Yearby.
 A prayer by Mrs. John Dunagan opened the meeting of the Mary Elizabeth Truly Circle which was held at the home of Mrs. Thurman Pylant.
 Mrs. J. D. Hatch reviewed the stewardship book and the program was closed by the group repeating the Lord's Prayer in unison.
 Refreshments were served to one visitor, Mrs. Johnston, and the following members: Mmes. George Woodward, George Morgan, Marshall Bagwell, J. D. Hatch, Dunagan, and Pylant.

'Now Casting' Sign Is Up For Community Theatre, Incorporated
 The "Now Casting" sign is up at the City-County Auditorium where Community Theatre, Inc., will hold tryouts at 8 p. m. Wednesday for its third production of the season—a night of three one-act plays.
 "Suppressed Desires," by Susan Glaspell, will ring up the curtain on the night of one-act-ers. This play is an amusing satire that pokes plenty of fun at psycho-analysis, and provides ample laughter for its audiences.
 The characters are Henrietta Brewster who is very much wrapped up in a study of the subconscious and suppressed desires; Stephen Brewster, her architect husband, and the protesting subject of her psychoanalysis; and Mabel, her sister, who isn't sure what psycho-analysis means, but finds out.
 "Suppressed Desires" is a fast moving one-act play in two scenes, and is accepted as one of the top short plays written by an American.
 The Irish who have made such a rich contribution to the literature of the theater provide the second in the series of one-act plays, "Riders to the Sea." John M. Synge, the author, is recognized as one of the foremost playwrights of recent times, and this tragedy stands among the most famous in the one act group.
 "Riders To The Sea"
 The scene of "Riders to the Sea" is a cottage kitchen on an island off the west coast of Ireland. Characters include Maurya, an old woman; Cathleen, her daughter; Nora, a younger daughter; Bartley, the last of her six sons; and several men and women of the small Irish fishing village.
 In line with the Community Theater's policy of developing a large acting group, entirely new casts will be used in these plays. Everyone is invited to attend these tryouts in the City-County Auditorium, and especially people who

Mrs. J. P. Carson Jr. Directs Program For First Methodist WSCS
 A program on "Building of Peace for Tomorrow" was presented under the direction of Mrs. J. P. Carson, Jr., at a meeting of the First Methodist WSCS Monday afternoon in the Scharbauer Educational Building.
 The program opened with the group singing "America the Beautiful." Mrs. Frank Prothro gave the devotional and Mrs. Hugh Dunagan gave a talk using as her subject "Children and the Peace." A play, "A Visit to Africa" was presented by two junior girls, Shirley Pulliam and De Neva Merrill.
 Mrs. George P. Bradbury, president, was in charge of the business session. She announced that the WSCS would meet Tuesday to pack boxes of clothing to be sent to the Philippines. Some of the clothing was made at an all-day meeting Wednesday. This project is sponsored by the United Council of Church Women.
 Life memberships were presented to Mmes. Bradbury, W. A. Black and C. E. Shepard.
 Nine members of the Bell Bennett Circle were present; five, Laura Haygood; six, Winnie Prothro; and eight, Mary Scharbauer.
 After the closing prayer by Mrs. S. H. Hudkins, refreshments were served by the Mary Scharbauer Circle to Mmes. Joe V. Birdwell, Sam Preston, John A. Sewell, Roy McKee, Shepard, M. I. Wyatt, W. F. Prothro, A. C. Moore, S. R. Hagler, Stella Barber, J. L. Barber, Hugh Dunagan, Carson, J. A. Andrews, Velma Smith, H. M. Reynolds, Hudkins, H. M. Reigle, Black, Mary Lou Snodgrass, J. F. Friberg, Iva M. Noyes, Ivy Ponder, J. L. Tidwell, C. P. Wilson, Bradbury, N. G. Oates, J. P. Thorne, Otis Ligon and Misses Shirley Pulliam and De Neva Merrill.

Do you know how GOOD a cup of Coffee can be?
At the Start—Middle—End—or any old time of day—

The first heartwarming sip or two—sort of makes you relax—and maybe even grin across the table at him or her—and wink—a knowing wink—that puts the hectic old world right back in its place—
 Then perhaps—though Emily Post forbids—your elbows might just happen to creep up on the table and you take the cup in both hands and drink a deep, satisfying drink as though you were partaking of a rare nectar straight from Paradise—then you're ready to laugh right into the face of trouble—or the boss—
 And the Ah-h-h—that comes at the end is a wonderful thing indeed—Yes, it makes up for everything if the meal has been meager—and it glorifies everything if you have been a guest at a banquet.

A wonderful thing indeed—a cup of really good coffee—And there are many people who feel about Folger's Coffee with just the reverence and affection here expressed.
 For Folger's Coffee is a flavor inspiration—a thing apart—that captures the exotic, vigorous qualities of special Mountain Grown coffees—in a uniquely individual way—
 If you love coffee—
 If you feel a glow and an understanding reaction to this way of thinking about coffee—then you should try Folger's Coffee and see if it won't give you immeasurably greater enjoyment—every day of your life!

Mountain Grown!
 Folger's Coffee is a unique blend of Mountain Grown coffees, selected for intensity and individuality of flavor.
 Mountain Grown because in the mountains of the Tropical Americas, Nature combines all of the known elements for growing superlative coffees... namely: brilliant sunshine (tempered by altitude which keeps a year-round evenness of temperature)... abundant rainfall... and amazingly fertile volcanic ash soil.
 The Folger Flavor—is a happy combination of these flavorful coffees, artfully blended with a know-how that is the result of 96 years of patience, integrity, and skill.
 In the great over-all area where Folger's Coffee is sold—it is the largest selling individual brand... the acknowledged public choice... the overwhelming favorite.

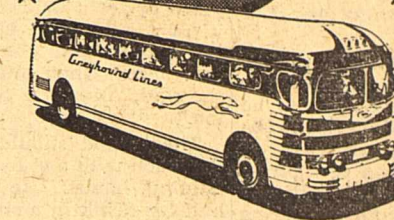

Folger's Coffee is so rich in flavor you are urged to try using 1/4 less coffee per cup than with lesser flavored brands.

A GOOD BUY EXCELLENT FARM AND CATTLE RANCH

A real value is offered in this 1151 acre ranch of good pasture land. None of this land has been cultivated but 500 to 600 acres are very suitable for cotton, corn, and other crops. Plenty of water supplied by artesian well.

Sheep and stock pens, dipping vats. Women wire fence all around, also cross fenced. Camp house is only improvement.

There is reserved an undivided 1/4 non-participating interest in the minerals.

Located eight miles south of Whitney, north of Waco, just 5 miles south and east of dam site on Brazos River. East end lays along a good graded road three and half miles off pavement.

Don't fail to check this excellent buy.

Jaycees Take Over League Sponsorship

By TANNER LAINE
The Midland Junior Chamber of Commerce Monday night took over the city softball league, lock, stock and barrel, with all debits and credits of the organization upon a nod of approval from directors of the league.

JayCees point blank asked for the management and executive control of the league and the managers or representatives of each team agreed. Play will continue under rules previously drafted by the directors.

Barnes Milam, "Czar" of the league, resigned. The JayCees will name a new czar and their sports committee will assist him.

JayCee sponsorship started Monday night. The new management will furnish umpires, take collections, furnish balls, official scorers, and otherwise supervise the play of the league.

The secretary-treasurer of the league will be asked to give a financial report to the JayCees and hereafter they will handle all cash and records.

An appreciation vote of thanks was tendered to Lou Frazen, Red Petty and Milam for their work in getting the league underway.

As the situation was the JayCees initiated the league but failed to take over the management or supervise any activity.

A czar will be empowered to schedule intersessional games with out-of-town teams on a fair distribution plan among the various teams.

The league voted Jess Barber of Midland Hardware had been banned from only one game and could continue playing.

Bill Neely, vice president of the JayCees, presided at the session. His sports committee is composed of Ernest Neill, L. H. Schlichting, Rusty Gifford, Ted Thompson and Tanner Laine. They were present.

Official Schedule
Here is the official schedule for the continuation of the second round of play in the Red and Blue circuits:

Cubs Beat Braves, 6-4, To Continue Winning Streak

By JACK HAND
Associated Press Sports Writer
Chicago's neglected National League champs, ignored in the early rush to hop on the St. Louis bandwagon, have tipped into the race and now are within two games of first place.

Phil Cavarretta, the defending batting king, and Andy Paiko, an all-star centerfielder, are two big reasons for Chicago's climb. Cavarretta has started to thump the ball at his customary pace and Paiko, who was benched for weak hitting earlier in the season, has hit a sizzling .415 over the last 10 games.

Bill Jurges, signed as a part time coach after being cut loose by the Boston Braves, has played an important part at shortstop and third base. Signs that Harry Lawrey and Bill Nicholson were starting to hit also were encouraging.

Passau Was Star
Claude Passau was the most important factor in Monday night's 6-4 triumph in Boston. The 27-year-oldster belted a two-run homer that kayoted Moe Cooper in the second inning. He also added a double to the Bruins' 11-hit attack, but Bob Chipman had to come in to help in the ninth after three straight hits had loaded the bases.

Brooklyn closed in on the Cardinals, slicing their lead to a half-game, by downing Cincinnati, 4-3, before 27,376 customers at Ebbets Field.

The four other clubs in the National, and Boston, Philadelphia, Detroit and St. Louis in the American zone were not scheduled.

Washington continued to sizzle through the west, trimming Chicago 10-2, for its eighth triumph in its last 10 games.

Cleveland won the day's most dramatic contest, 403, from New York, on Ken Keltner's ninth inning home run off reliever Bill Zuber. Nick Etten and Bill Diekey had tied the score with successive round trippers in the Yankee half of the frame.

Pat Hargrove of El Paso, candidate for election to the post of congressman of the 16th District of Texas, was in Midland Monday evening and Tuesday morning on his fourth campaign swing around the district.
