Air Corps Nursery Set Up By Goodfellow Wives

WASHINGTON—(AP)—An "air corps nursery" was advanced by the Army Air Forces Thursday as one answer when there is a shortage of baby sitters. Army wives at the AAF Training Command at Goodfellow Field, San Angelo, Texas, have set up such a nursery on a cooperative basis so as to get an evening or afternoon off. For a fee of 15 cents an hour, 675 children were parked there in April.

Doris Lovelace And Ben Cowling Jr. Will Marry In Kermit Rites

KERMIT—Mr. and Mrs. W. B. Lovelace announced the approaching marriage of their daughter, Doris, to Ben Cowling, Jr., son of Mr. and Mrs. Ben Cowling, Sr., of Hamilton, at a party given recently at the Lovelace home.

The marriage will be solemnized in a garden wedding June 1. Announcement of the forthcoming rites was made on tiny scrolls placed on the refreshment plates. Games of progressive hearts were played during the evening with high score prize going to Mrs. Red Ray and second high to Mrs. Harve Mayfield.

Attractive salad plates were served to Mmes. Ray, Mayfield, Kenneth Burrows, Elie E. Lam, Emory Spangler, Fulton Moore, Clyde Barton, Walter Flensy, Russell Lilly, Eula Lott, Jack R. Alexander of Duncan, Okla.

Mrs. Clifford Hogue Named Honoree Of Tea And Shower

Mrs. Clifford Hogue was named honoree of a tea at the home of Mrs. John Dunagan, 1904 West Wall, Tuesday afternoon. Hostesses were Mmes. Dunagan, H. S. Collins, Dewey Pope, W. D. Anderson and T. E. Neely.

Mrs. Dunagan greeted the guests as they arrived and presented them to the honoree. The hostesses and the honoree wore corsages of sweet-peas.

The dining table was attractive with its maderia cloth and centerpiece of white and pink sweet-peas flanked with tapers. A color scheme of pink and white was also carried out in the refreshments.

RANCH HOUSE SCENE FOR DINNER PARTY HONORING ANN WEST

Mr. and Mrs. W. R. West entertained with a dinner party at the Ranch House Tuesday evening honoring their daughter, Ann, who is a member of the Midland High School graduating class.

Spring blossoms were featured in the floral arrangement decorating the table. Guests were senior girls and their escorts. They were Becky Bird and John Larsh, Phyllis Chancellor and Buddy Anguish, Grace Baker and Fred Prickett, and Ann West and Pat Corrigan.

GIVE NATURE A LIFT

Mr., Mrs. C. R. Herring To Vacation In Oklahoma

Sgt. and Mrs. C. R. Herring and son, Garry, are leaving for a month's vacation to Shawnee, Okla., before going to Porto Rico where Sergeant Herring will serve with the U. S. Army Air Forces. He was stationed at Midland Army Air Field and both he and Mrs. Herring were active in scout activities in Midland. Mrs. Herring worked in hospital supplies at MAAF and more recently the Kiddies Toggery.

Coming Events

FRIDAY

Mrs. Holt McWorkman and Mrs. Leif Olson will be hostess for a luncheon meeting of the Ladies Association of the Midland Country Club at 1 p. m. at the club. Golf will begin at 9 a. m. and progressive bridge is scheduled for the afternoon.

SATURDAY

The Midland County Library story hour will be held at 10:30 a. m. All children of the county are invited.

A meeting of the Moment Musical Club will be held at 11 a. m. at the Watson School of Music Studio.

The Children's Theater and Junior Workshop will meet at the Midland County Auditorium.

RETURN FROM LUBBOCK

Mrs. James N. Allison and Mrs. Keith Morrow have returned home after visiting relatives in Lubbock.

HOME ON LEAVE

Clarence Scharbauer, Jr., stationed in the Navy in California, is home on leave and plans to attend the annual Midland Rodeo next weekend.

Do FALSE TEETH

Rock, Slide or Slip? PASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No sunny gooey, pasty taste or feeling. PASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get PASTEETH at any drug store.

MEN! GET PEP..

Do you want to feel young again? Why feel old at 40, 60 or more? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Casella tablets. Many men are obtaining remarkable results with this amazing formula.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barentrate (formerly called Barel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

AGENT GIVES METHOD OF REMOVING SPOTS FROM FURNITURE

White spots on varnished furniture may be caused by water, hot dishes, or alcohol. Mrs. Nettie B. Messick, county home demonstration agent, reported Thursday.

If the spots are slight, they may be removed by rubbing with camphorated oil or oil of peppermint. Another method recommended by the agent is washing the marred furniture with a mixture of one quart of warm water, three tablespoonfuls of boiled linseed oil, and one tablespoonful of turpentine. After applying the mixture, it should be dried with a soft dry cloth and then rubbed with furniture polish.

Mrs. Messick stated that an abrasive may be needed as well as oil for more severe white spots. A mixture that may be used is salt and salad oil. To do this dip the finger in oil, then in salt and rub. Repeat until the spot disappears then dry and polish.

A paste made of powdered pumice and linseed oil is another method by which severe white spots may be removed. This paste can be applied either by the finger or soft cloth and rubbed until the spot disappears.

If the surface is removed by too much rubbing, this area may need another coat of varnish. After drying, rub the new coat of varnish down with pumice stone and oil until it matches the rest of the finish, the agent stated.

Texas Electric Show Of '46 Opening Tuesday To Preview Modern Aids

The Texas Electric Show of '46 will open at 4 p. m. Tuesday with 30 of the nation's leading electrical appliance manufacturers displaying miracles of the new electrical age.

Hail During Week Damages Most Crops

AUSTIN —(AP)— Weather conditions the past week were distinctly unfavorable for the best progress of growing crops and for necessary field work, the United States Department of Agriculture reported Thursday in its weekly crop and weather bulletin.

Widespread hail damage affected nearly all crops and fruits, USDA said. High winds and heavy rains added to the damage and delayed small grain harvest.

Drought conditions on the high plains were reported not greatly improved by light showers. Field work was at a standstill over many areas of the state.

The week was most unfavorable for cotton, except in South Texas, USDA noted. Considerable acreage still remained to be seeded in the northwest where rains have seriously retarded farming operations.

Most of the seeded acreage was reported lost as a result of flooded fields and severe local hailstorms, with growers fearing some difficulty in securing seed for replanting.

Southern counties reported generally favorable growing conditions, with adequate moisture and slight crop damage, the bulletin said.

attract thousands of spectators throughout this area. It will be open both Tuesday and Wednesday from 4 to 10 p. m. Admission is free. An official of the Texas Electric Service Company, which is sponsoring the show, said, "There has been a lot of talk about electrical living and now we are ready to show what all the talk has been about."

In listing the "miracle workers" to be displayed, the spokesman said that everything new from electric irons to complete electric kitchens would be seen at the show.

New radios, automatic washers, electric tumble dryers, automatic dish washers with built-in heat drying units, portable roller irons and a dozen other items that soon will be available through Midland appliance, department and home furnishing stores, will be shown.

The sponsors said the Texas Electric Show of '46 is more complete in gadgets of advanced design than those displayed at national trade shows earlier in the year.

Farmers and ranchers will be interested in the demonstrations of feed grinders, milkers, chicken brooders, ensilage cutters and water pumps in the agricultural part of the show, which was arranged with the assistance of the Texas A&M College agricultural engineering department and manufacturers of electrical farming equipment. This exhibit will be in a large tent adjacent to the school.

The movie is not devoted entirely to the educational features, however. An entertaining motion picture, produced in technicolor by Walt Disney, and entitled "The Dawn of Better Living," will be shown in the school auditorium.

The movie animates refrigerators, toasters, coffee makers, laundry equipment and other electrical apparatus. Other short movies will be shown from 4 to 10 p. m. including the newly completed Reddy Kilo-watt movie cartoon, "Reddy Made Magic."

Manufacturers who will have displays at the show are: Hotpoint, Kelvinator, Norge, Easy Washer, Zenith, Frigidaire, Westinghouse, General Electric, Proctor Electric, Sunbeam, Estate Range, Maytag, Philco, Whirlpool, Crosley, Ironrite, Eureka, Stromberg-Carlson, Olympic radio, Colonial-Premier lamps, Magis Aire, Square D, Speed Queen Washers, Toastmaster, Thor Washers, Coolerator, Emerson Radio, Domestic Sewing Machine Company, Better Light Better Sight Bureau, Premier, Rayley Electric, American Beauty, Bendix Washer, Cory, Adequate Wiring Bureau, Wichita Engineering Company, Bendix Radio, Waverly Tool Company and the Farm and Ranch exhibits.

AAF To Start Training U. S. Reserves In July WASHINGTON —(AP)— Wartime airmen from the University of Texas were told Thursday that the Army Air Forces would start training reserve pilots and ground crews in July at 40 bases. Gen. Carl Spaatz, AAF commander, said training would be started progressively at 90 more bases before mid-1947. Each reservist will be given 15 days annual active duty in addition to brief periods of training throughout the year, he said. AAF plans call for ground and flight training for 50,000 reserve officers and 120,000 enlisted reservists. The University of Texas students made the trip to seek information on the reserve plans.

Five Killed As Plane Hits N. Y. Skyscraper

(NEA Telephoto) An Army C-45, twin-motored plane, bound for Newark, N. J., from Beaumont, Texas, crashed into the 72-story Bank of Manhattan Building in New York City, Monday night, killing the five occupants of the plane who were identified as, Maj. Mansel R. Campbell, 27, the pilot, Pontiac, Mich.; Capt. Tom L. Hall, 29, Austin, Texas; Lt. Robert L. Stevenson, Bronx, N. Y.; Lt. Angelo A. Ross, 28, Whitehall, N. Y.; and WAC Lt. Mary E. Bond, Newton, Pa. Speeding through fog and a 400-foot ceiling the plane crashed into the 58th floor of the structure, exploding as it hit and tearing a 15-foot hole in the wall. Left, black arrow, shows where the plane hit the building at the 58th floor, while lower white arrow shows where part of the wreckage fell to the 12th floor. One motor and wing fell to the street. Right, is the office where the fuselage of the plane entered and where the five bodies were extricated from the wreckage.

94 Junior High Students Receive Diplomas Friday

Ninety-four students of the John M. Cowden Junior High School will receive diplomas of graduation from the eighth grade at ceremonies at 10 a. m. Friday in the High School Auditorium.

The Rev. Howard H. Hollowell, pastor of the First Methodist Church, will be principal speaker for the graduation program. Daniel Bond Dickerson will give the valedictory for the class, and John Prentice Arledge will give the salutatory address.

The Rev. Clyde Lindsley, pastor of the First Christian Church, will pronounce the invocation, and the benediction will be said by the Rev. Fred McPherson, pastor of the Calvary Baptist Church. The junior girls trio will sing "Back of the Clouds" and a high school group will sing "Steel Away." Buster Brown will present a piano solo.

James C. Choat is outstanding boy of the graduating class and Mary Lou Price is outstanding girl. Candidates Listed

- Candidates for diplomas are: Dorothy Adams, Helen Joy Adams, Harland Lloyd Allen, Max Allen, John Prentice Arledge, Jessie N. Armstrong, Jr., Frank Charles Ashby, Jr., Arnold Baker, Wanda Lavon Baxter, James Alfred Baze, Jack Bourke, Conrad Kent Brooks, Louis Edward Brooks, Peggy Maurine Brunson, Billy E. Bryan, Gloria Defayne Bryson, Ethel Eudai, Johnson Camden Chancellor, Helen Dorothy Cartwright, Dessie Casbeer, Betty Jean Carter, James E. Choat, Donald Earl Clark. Lillian Marie Culp, James Ed Dickinson, Delma Dodson, Rita Dunlap, James Ira Elledge, Henry Floyd, Dolores Franklin, Alfred Franks, Thomas J. Friday, Billie Ruth Gaines, Peggie Jo Glaspie.

Washington, D. C. (AP)— Defense of Carl Sofge, Richland Springs stock farmer charged with murder in connection with the slaying of his brother, Clem, 43, in Eldorado last October 22, was scheduled to begin Thursday. The state rested Wednesday night. Jack Ratliff, insurance salesman and mail carrier at Eldorado, who quoted Carl as telling him in a conversation three years ago that "Clem threatened to kill me." Mrs. Sally Sofge, mother of Clem and Carl, also testified for the state, saying she had asked Carl to sign papers needed in clearing the title so her husband's \$50,000 estate could be sold but that he refused, saying "Mother, I am doing it to protect you." Mrs. Sofge said she replied "That is not the reason."

Sofge To Open Defense In Trial At Ballinger

The state rested Wednesday night. Jack Ratliff, insurance salesman and mail carrier at Eldorado, who quoted Carl as telling him in a conversation three years ago that "Clem threatened to kill me." Navy Loses Money On California Development

WASHINGTON—(AP)—The Navy lost \$505,937 on a \$13,000,000 investment in the development of the Elk Hills, Calif., petroleum reserve, a report to Congress has shown.

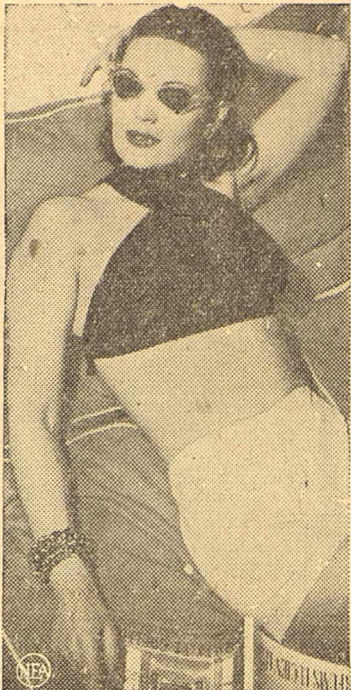

The Navy stopped withdrawing oil from the reserve for its own account at the end of the war in August, 1945.

Had it continued to the end of last year, as authorized by Congress, the field would have showed a profit of \$5,000,000, said Commodore W. G. Greenman, director of Naval petroleum reserves, in a report to the House Naval Appropriations subcommittee.

The reserve was developed jointly by the Navy and the Standard Oil Company of California under a unit contract.

Expenses chargeable to the Navy were \$13,094,714, and the Navy receipts from the sale of oil, gas and gasoline were \$12,588,777 up to Aug.

Tinted Lenses

(Columbia Star Glasses Photo)
Wear sun glasses only when eyes are exposed to direct light or reflected glare.

By ALICIA HART
NEA Staff Writer

The sunglasses that you perch on your nose this summer will have plenty of specs-appeal, thanks to the capers cut by postwar plastics to make fancy frames that harmonize with your duds.

That's all very fine, but do give a thought to the lenses. They have a more businesslike job to do in preventing eye fatigue and discomforts caused by direct glare or reflected sunlight.

For that purpose you need lenses which have the absorptive power to halt harmful rays, yet admit light that you need for seeing. For these, a green tint is usually the first choice of oculists. Green was during the war, and still is, the choice of color of the Army and Navy. But rumors—up in the favor of many eye experts are "smoke" and "purple smoke" tints for lenses.

For lenses to qualify as safe anti-glare shields, they must be unflawed; free of air bubbles, seeds, color streaks or scratches.

As useful as sunglasses are, they shouldn't be worn any more than necessary. They are needed when eyes are exposed to direct light, as in sun bathing, or reflected light from concrete highways, white pavements, parade grounds, ploughed fields, water or sand. They aren't necessary—so please take 'em off—when you sit in the shade, go indoors or roam around on a cloudy day.

Student Workers Need Social Security Card

School children, working during vacation, must obtain a social security account card before entering employment, Elliott W. Adams, manager of the San Angelo Social Security Board office, which serves Midland, said Thursday.

"Not only is it important that the worker secure a card," Adams continued, "but he must give his employer the number on the card in order to make certain that the worker gets credit for all wages received while employed."

WARSAW—(AP)—Officials of the Ministry of Education estimated the Germans destroyed school textbooks valued at 15,000,000,000 zlotys during occupation of Poland.

Plans Complete For Annual Sale Of Poppies Here

Organization of the corps of volunteers who will distribute memorial poppies here on Poppy Day, Saturday, has been completed, Mrs. Iva Noyes, poppy chairman of the Midland unit of the American Legion Auxiliary, has announced.

The corps is composed of members of the auxiliary, both senior and junior, and young school girls. Carrying baskets of poppies, made by disabled veterans of both world wars at Legion, Texas, they will be on the streets early on the morning of Poppy Day and will continue to offer the flowers, to be worn in honor of the war dead, throughout the day.

Serving with Mrs. Noyes in charge of the various sections of the corps will be Dorothy Fay Holt, as chairman of the teams.

In return for the poppies, the Poppy Day workers will receive contributions to the American Legion Auxiliary's welfare and rehabilitation funds. The money will be used to aid disabled veterans of both wars and to assist families of the veterans found in need. The bulk of the money will remain in Midland to be expended in the work of the Legion post and auxiliary unit.

The disabled veterans who make the poppies are the only persons receiving any pay in the auxiliary's poppy program, Mrs. Noyes explained. All of the women distributing the poppies donate their services for the day, and every penny of the money contributed goes for the benefit of the disabled men and needy families of veterans.

The Midland corps will be part of a nation-wide army of more than 100,000 unpaid volunteers who will distribute the little red flowers of remembrance throughout the country on Poppy Day.

HONESTY'S BEST POLICY

HELENA, MONT.—(AP)—The Independent-Record carried this want ad: "Slightly irresponsible veteran and wife would rent slick furnished apartment, with bedroom, living room, kitchenette, bath and sun deck; not more than 50 a month. In good old days never lived over six weeks in one place; now would promise to stay two months if conditions OK and no loud radios in neighborhood."

A nautical mile is 6,080.2 feet; a land mile is 5,280 feet.

Visit New Orleans

City of charm and Enchantment

Gay, captivating New Orleans is one of America's most interesting cities. Its colorful history dates back to 1718 when it was founded as a French colony by Bienville. Internationally famous for its excellent food, New Orleans is equally famous for its French Quarter with its lace-like iron balconies and distinct atmosphere of Old France. This delightful, fascinating city will capture your interest and your heart. Plan now to visit New Orleans—and to thoroughly enjoy your whole trip, go via Texas and Pacific. You will travel comfortably, safely and quickly. You will arrive refreshed and ready to enjoy every minute of your visit.

For information about schedules, call your Texas and Pacific office or the railroad station.

Tinted Lenses

(Columbia Sun Glasses Photo) Wear sun glasses only when eyes are exposed to direct light or reflected glare.

By ALICIA HART NEA Staff Writer The sunglasses that you perch on your nose this summer will have plenty of specs-appeal, thanks to the capers cut by postwar plastics to make fancy frames that harmonize with your duds.

For that purpose you need lenses which have the absorptive power to halt harmful rays, yet admit light that you need for seeing. For these, a green tint is usually the first choice of ophthalmologists.

Student Workers Need Social Security Card

School children, working during vacation, must obtain a social security account card before entering employment, Elliott W. Adams, manager of the San Angelo Social Security Board office, which serves Midland, said Thursday.

WARSAW—(P)—Officials of the Ministry of Education estimated the Germans destroyed school textbooks valued at 15,000,000,000 zlotys during occupation of Poland.

Plans Complete For Annual Sale Of Poppies Here

Organization of the corps of volunteers who will distribute memorial poppies here on Poppy Day, Saturday, has been completed, Mrs. Iva Noyes, poppy chairman of the Midland unit of the American Legion Auxiliary, has announced.

The Midland corps will be part of a nation-wide army of more than 100,000 unpaid volunteers who will distribute the little red flowers of remembrance throughout the country on Poppy Day.

THERE OUGHT TO BE A LAW, HE WAS SAYING

SAN FRANCISCO—(AP)—A labor union official (CIO) was telling the fact-finding board of Pacific Gas and Electric Company, at a hotel the other day, about the rising cost of living.

The board interrupted to order two pitchers of ice water—for which it paid room service \$1.50 plus a 50-cent tip.

"There!" said the speaker. "See what I mean?"

Invasion Of South Looks Like Three-Way War: Union Vs. Union And Labor Vs. Employers

By S. BURTON HEATH
GREENVILLE, S. C. (NEA)—Dixie's large and growing textile industry may prove the major battlefield in the CIO-AFL invasion of the South—not only as between the two rival labor groups, but also as between labor unionism as a whole and the Southland's embattled but resisting employers.

There are more than a million textile workers, including allied trades, in the country, almost equally divided between North and South. The South has a small edge and is gaining. It seems generally agreed that between 80 and 85 per cent of the Northern workers are organized, but only about 20 per cent of the Southern.

This would suggest that there are some 400,000 potential dues-payers below the Mason-Dixon line. Of those already organized, the CIO Textile Workers Union is believed to have about four-fifths and the AFL United Textile Workers the rest. But the U. T. W. has no idea of concealing the permanency of this inferiority. It intends to fight for the large majority who still are out of the labor fold.

In this clash of organizational efforts, Greenville is almost certain to be a prime objective of both groups, and employers here are quite certain to resist both. This is rated as one of the South's big cotton centers. It also has proven, since NRA days, the toughest shell for unionism to crack.

There are 30 mills here in the textile and allied trades, of which 19 are large. In 12 years of effort, labor has obtained a contract with only one, covering approximately 2,000 of Greenville County's 20,000 textile workers.

Avoided Unionization
Except for one incident, Greenville has avoided unionization without violence and, after the beginning, by sheer finesse rather than by show of force.

The general textile strike called on Labor Day, 1934, shut down mills all around. Every plant in Spartanburg was closed. Every one in Greenville stayed open. Between five and six hundred Spartanburgers came over to rectify the situation.

At every mill they were met by National Guardsmen, who had moved their state headquarters temporarily to the Poinsett Hotel, and were told that they could not enter and that no disorder would be tolerated. They went home peaceably.

Shots fired from inside a single mill killed demonstrators, but even that did not create rioting or reprisal.

At the beginning of World War II, when prices began to rise, local mills voluntarily increased wages. During the war three elections were held. The CIO won contractual rights in the Woodside Mills but lost, by about two-to-one votes, in the almost equally big Brandon and Duncan Mills.

When the CIO recently demanded a 15 per cent pay boost the operators agreed that they could not comply and remain in business. From Charlotte, N. C., Emil Rieve, head of the I. T. W. U., announced that he was returning to New York and would call a general textile strike unless the 15 per cent

was granted. Within a few days, one employers' spokesman says, every mill had given the raise.

This sequence was cited by a veteran labor leader as illustration of the "smooth technique" by which, he said, Greenville area employers have convinced most workers that they would be foolish to spend money on union dues, because they can get just as much without.

Hard Going
"The CIO can not duck Greenville," he said. "They must try to unionize here. And they are going to find the going hard. There will be no nightsticks and no terrorism. They will just find most workers as disinterested as the employers will be reluctant."

The U. S. Labor Department describes textile work as one of the nation's poorest paid, particularly in the South. A Bureau of Labor Statistics sampling last December indicated that the average textile wage in the North was 85 cents an hour, in the South 69 cents. Secretary Lewis B. Schwelienbach says a survey last summer showed about half a million textile workers re-

ceiving under: 65 cents an hour, and another 200,000 getting under 75 cents an hour.

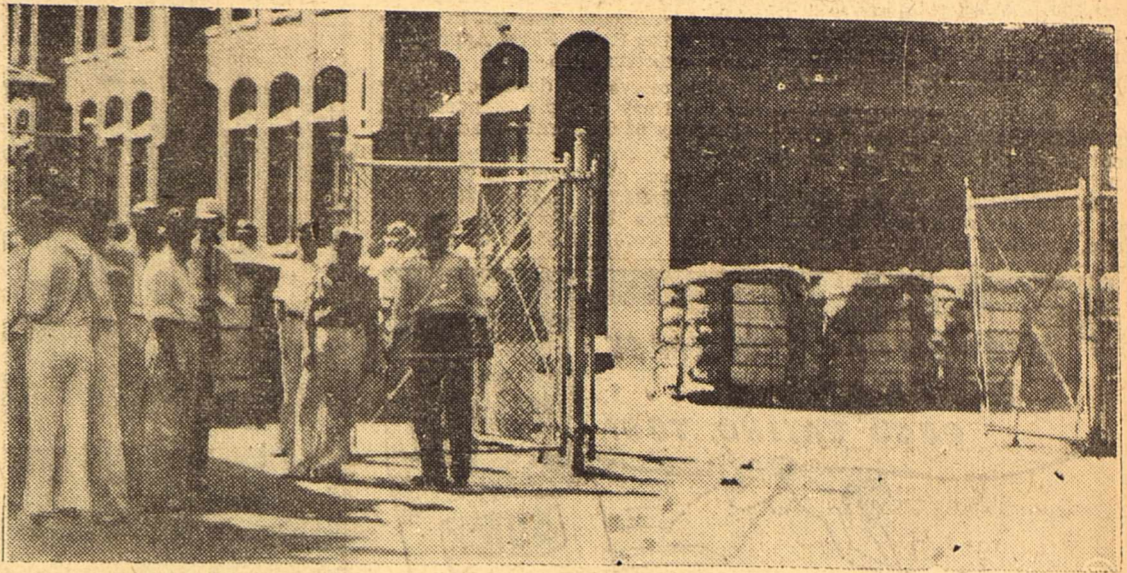

The CIO's goal is understood to be a minimum wage of 65 cents an hour, by contract, regardless of the fate of the wage-and-hour law amendment pending in Congress.

The AFL's goal, as stated by Southern Director George Googe, is "the highest wages we can get." Unlike some sections of the country, down here the AFL is regarded as being at least as aggressive as the CIO in essential labor unionism, and almost "lily pure," in the words of one observer, in freedom from political radicalism.

The three-sided conflict now about to begin ought to be worth watching.

FOOD DEBT PAID

BERN—(AP)—Food valued at \$698,000 has been turned over by the American Army to Swiss authorities in compensation for food consumed by the American furloughees during their stay in Switzerland.

This was the lull before the storm in 1934 in the South's textile industry as guards stand at the gate of a mill in Linsdale, Ga., barricaded with cotton bales against expected labor troubles. A new storm looms this summer.

Big Spring Livestock Auction Sale June 4

BIG SPRING—Tuesday, June 4, is the date set for the opening sale of the West Texas Livestock Auction Company in its new plant west of the Big Spring Cotton Oil Mill, in the northwest part of the city. Commemorating the old frontier days in West Texas and as an added attraction a herd of buffalo will be the first through the sales ring. These will be followed by the cattle, some 2,000 being expected at this time.

The West Texas Livestock Auction Company was formed recently as a mutual partnership by Joan T. Masters, Homer McKinley, Marion Edwards, Cecil Leatherwood, and Dewey Martin.

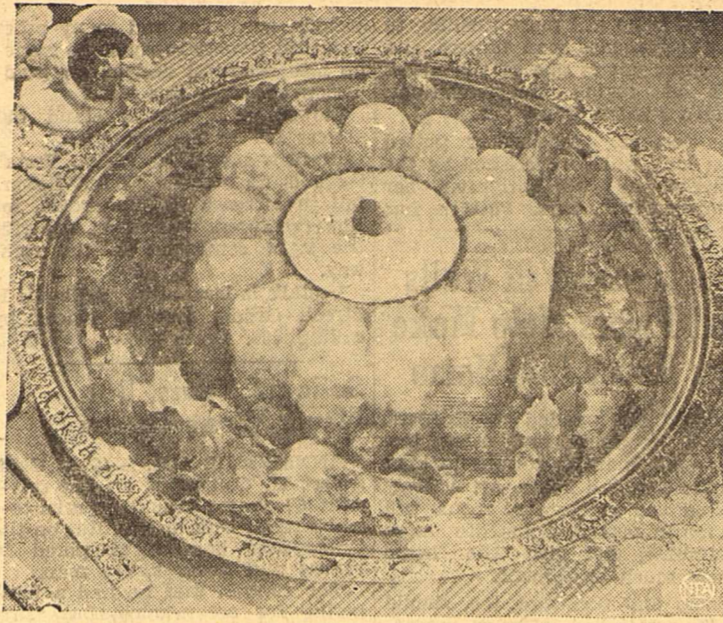

The new sales ring will be initiated by I. B. Cauble, well-known Hereford breeder of West Texas, who has arranged to hold a registered bull sale on Friday, May 31, beginning at 1 p. m. Some 40 or 50 prize Hereford bulls will be offered.

RABBIT CHASES HOUND ACROSS BASEBALL FIELD

AUBURN, N. Y.—(P)—An Auburn-Watertown Border Baseball League game wasn't delayed long when a frightened beagle lunged across the diamond.

Twelve hundred fans sat goggle-eyed as they watched the hound being chased by a rabbit, also frightened.

New Salad Uses Little Sugar

For the bridal buffet—pineapple and cucumber salad

By GAYNOR MADDOX
NEA Staff Writer

For the bridal buffet, or for any other buffet where delicacy of flavor, beauty of appearance, and no strain on sugar are important, here's a fine new suggestion.

Pineapple and Cucumber Salad

(Serves 6)

One envelope plain unflavored gelatin, 1/4 cup cold water, 1/4 cup hot water, 2 tablespoons sugar, 2 tablespoons cider vinegar, 2/3 cup pineapple syrup, 2 tablespoons lemon juice, 1/4 teaspoon salt, 1 cup crushed pineapple pieces, 1 cup chopped cucumber.

Soften gelatin in cold water and dissolve in hot water. Add sugar, vinegar, pineapple syrup, lemon juice, and salt, and stir until dissolved. Cool, and, when nearly set, stir in pineapple and cucumber. Turn into mold that has been rinsed in cold water and chill.

When firm, unmold on salad greens and garnish with mayonnaise that has been mixed with an equal amount of whipped cream. Sprinkle with chopped candied cherries or fresh strawberries.

Corn en Casserole

(Serves 6)

Two tablespoons chopped green pepper, 3 tablespoons finely chopped onion, 3 tablespoons butter or other fat, 2 tablespoons flour, 1 teaspoon salt, 1/8 teaspoon pepper, 1/4 teaspoon paprika, 1/4 teaspoon dry mustard, 1 1/4 cups milk, 1 1/2 cups 40 per cent bran flakes or 2 cups corn flakes, 2 cups canned whole kernel corn, drained, 1 egg, well beaten.

Place green pepper, onion, and 2 tablespoons butter or other fat in saucepan and cook gently until tender. Add flour and seasonings and stir until smooth. Add milk and cook until thickened, stirring constantly. Crush 3/4 cup of the flakes; add with corn and egg to creamed mixture.

Turn into greased 1 1/2 quart

casserole or 6 greased custard cups. Melt remaining 1 tablespoon butter or other fat and four over rice, and mixing 3/4 cup flakes. Toss lightly

Stories Behind Each Red Poppy

There is a story behind every one of the little red poppies which the citizens of Midland will wear in honor of the war dead Saturday, Poppy Day.

Each poppy is different and has its own story, explained Mrs. Kenton Boone, president of the Midland unit of the American Legion Auxiliary, which is completing preparations for observance of Poppy Day here.

The poppies have been received at American Legion headquarters here from the Veterans Hospital at Legton, Texas, where they were made by disabled veterans of both world wars.

"As they are made by hand, no two of the flowers are exactly alike," she said. "Some come from the hands of men who were hurt 28 years ago in the battles of World War I. Others have been shaped by young veterans, injured in Europe or in the Pacific in the second conflict, who made poppies

his year for the first time.

"Making the poppies has two important benefits for the disabled veterans," Mrs. Boone said. "First, it enables them to earn money. The American Legion Auxiliary aids them for every poppy they make. To actually earn some money again is an encouraging experience for these men, after long months of helplessness. Most of them send

Big Four Accentuate the Negative in Treaty Talks

More "didn'ts" than "dids" came out of the Big Four foreign ministers' Paris parley to draft peace treaties for the Axis satellites as shown on the map above. In addition to disagreements indicated, the conferees failed to decide on Italian reparations, disposition of former Italian colonies, fate of the Italian fleet, and continued occupation of Italy.

Girl Graduates Will Appreciate Flowers

There is no gift more thrilling to the girl graduate than flowers, and the floral gift is one of the nicest ways of saying congratulations, Vestal's Florists point out.

orchids, gardenias and many other beautiful flowers ready to be made-up into beautiful designs for graduation exercises this week.

Redecorating Of Walls And Floors Help Make Any House Into Home

Dingy and faded wallpapers, spotted woodwork and other fixtures can do much toward making a home simply a house. Attractively painted and redecored rooms will go far in making home life more pleasurable, and give the home owners much enjoyment.

Floors and furniture, too, should not be overlooked in home redecorating. Their appearance can mean a great difference in the general appearance of the rooms.

The Higginbotham-Bartlett Company at 211 West Missouri can aid in brightening both the interiors and the exteriors of houses, and the company's employees are ready to assist home owners with their redecorating plans.

This widely-known firm offers a complete line of Sherwin-Williams paints, varnishes and finishes in the brightest colors. It also has a stock of new and attractive designs in wallpaper which persons planning to repaper rooms should be sure to see.

Sails 67 Years, But Never Went To Sea

ANNAPOLIS, MD. (AP)—Capt. Albert H. Cantler is an old salt—with 67 years' sailing experience—who's never been to sea. But on the Chesapeake bay he skipped 20 vessels and never lost a man.

The captain said he had a hand-icapping for ocean-going, but "first time I signed up I took sick before the ship sailed." A second time the skipper signed another hand in his place.

Both vessels were lost at sea, so he swore he wouldn't tempt fate a third time.

The captain at 83 is now retired and lives with his wife at Browns-wood.

Burl's Standard Station Offers Super Service

Burl's One-Stop Standard Super Service stays open all night every night, but that is only one of the services which make this modern station a truly "one-stop" station. Motorists have learned to rely upon the expert and courteous service found at Burl's, and they know that most of their everyday motoring needs are to be found at the station located at 601 West Wall Street.

In addition to Standard gas and oil, Burl's offers expert motor maintenance work by competent mechanics, a wheel-balancing service using modern radar-operated equipment, and many other services to place cars in excellent operating condition and to keep them that way.

The station has a good line of auto accessories, and has many parts to improve the operation of cars. Included are Champion spark plugs, Exide and Atlas batteries, fan belts and light bulbs.

Its personnel gives expert polishing and waxing service, in addition to washing and greasing, and offers fast battery charging.

Burl H. Self, owner, invites Midland motorists to drive in at any time of the day or night for a truly super service.

the eight and six of diamonds, showing out. Declarer led the jack of spades from dummy and let it ride.

WEST WON THIS TRICK WITH THE ACE—not the queen!—and led-back the third diamond.

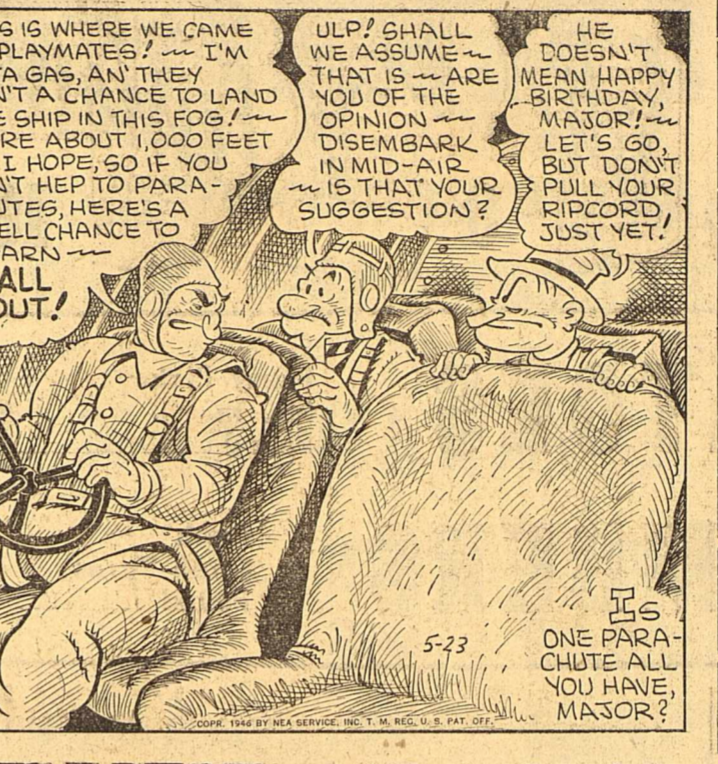

Declarer reasoned that it would be useless to trump the diamond with the ten of spades because East would over-trump it.

East trumped with the three of spades and led back another spade.

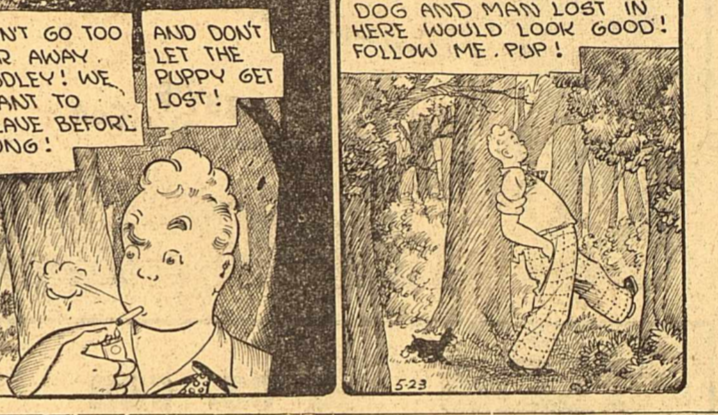

CHAMPLAIN'S MEMORIAL The memorial shaft to Samuel Champlain is a lighthouse. It is located at Crown Point, N. Y., and is used to save the lives of those who sail the water of the lake discovered by Champlain.

Guests Enjoy Fudge Sauce

Weekend hospitality—ice cream with fudge sauce.

By GAYNOR MADDOX
NEA Staff Writer
The long Memorial Day weekend will bring friends and sociality. Have jars of fudge or chocolate sauce on hand to serve on ice cream or chilled puddings. It will make your entertaining easier and more appreciated.

Fudge Sundae Sauce
(Makes 1 3/4 cups sauce)
One-half cup breakfast cocoa,

1/2 cup sugar, dash of salt, 1 cup corn syrup, 1 cup hot water, 2 tablespoons butter or fortified margarine.

Mix together cocoa, sugar, and salt in saucepan. Add syrup and water gradually, stirring until smooth. Bring to a boil over low heat, stirring constantly. Continue boiling, without stirring, 12 to 15 minutes, or until mixture thickens (220 degrees F.) and small amount forms a jellied mass in cold water. Remove from heat. Add butter or margarine.

Serve hot or cold over ice cream, cake, pudding, or other dessert.

Chocolate Sundae Sauce

(Makes 1 cup sauce)

Two and one-half squares unsweetened chocolate, 1/2 cup water,

3/4 cup sugar, dash of salt. Add chocolate to water in small saucepan, bring to a boil, and cook gently 4 minutes, stirring constantly. Add sugar and salt, and boil 4 minutes longer, stirring constantly. Serve hot or cold on ice cream, puddings, or cake.

This sauce may be kept in an air-tight container in refrigerator and used as a syrup base for hot chocolate drinks.

In place of ice cream, you can use prepared vanilla puddings. Add an egg with the milk when making. Pour into sherbet glasses and decorate with nuts. Serve chilled with chocolate sauce.

Navy May Build Up

WASHINGTON—(AP)—The Navy plans to spend \$4,000,000 next year on facilities for berthing approximately 2,200 ships of the inactive fleet.

Rear Admiral J. J. Manning, chief of the Navy's Bureau of Yards and Docks, says the appropriation is necessary because original berthing projects "were not broad enough to provide all of the necessary facilities."

In testimony before a House Appropriations subcommittee, Manning gave a breakdown of the proposed expenditures including: Green Cove Springs Naval Station, Orange, Texas, \$820,000.

Manning also gave a breakdown of proposed berthing of inactive ships, with the number of vessels and aggregate fully loaded tonnage at each area including: Orange (Texas) Naval Station, 137, 342,500.

Issues Suggestions On Prevention Of Poliomyelitis

Midland citizens have been asked to cooperate in a city-wide drive to combat the spread of communicable disease by cleaning up and spraying their premises to prevent the breeding of flies, mosquitoes and rats. The campaign is sponsored by the Junior Chamber

of Commerce with the cooperation and backing of the City of Midland, the City-County Health Unit, and other civic groups.

M. Graham-Smoot, acting director of the health unit, has issued the following suggestions and information concerning the control and prevention of poliomyelitis which has been reported in widespread sections of the state.

Until recently it was generally believed that this infection is transmitted by means of discharges from the respiratory tract. It is now believed that poliomyelitis may be another of the several gastrointestinal infections. Therefore, control measures must include clean-up campaigns and improvements in sanitation.

Strict sanitary measures must be observed in all communities. Stringent efforts should be made to eliminate the house-fly and to destroy its breeding places. All mosquitoes and mosquito breeding places must be eliminated at once. Every effort should be made to institute approved garbage collection systems immediately. Safe water supplies must be assured. Where adequate municipal sewage disposal

systems are not in operation, it is vitally important to promote and maintain sanitary septic tanks and outdoor privies.

All swimming pools should, under rigid supervision, maintain those standards approved by the Texas State Department of Health. This necessarily includes maintenance of proper chlorine level. Where such standards are not maintained, those pools should be closed immediately.

Wash All Vegetables
All raw foods and vegetables should be washed thoroughly before use and protected from flies, filth and insects. All eating and food handling establishments should adhere strictly to the state law concerning the sterilization of dishes and utensils. Those restaurants with insufficient personnel to maintain approved sanitation should close one or two hours a day so that employees can assist in maintaining cleanliness and high sanitary standards.

Every effort should be made to obtain approved milk. Rats and mice should be eliminated. Maintain in the home the same sanitary standards that are necessary in

Navy's Oil Reserve In Alaska May Be Developed Into Major Oil Basin

WASHINGTON—(AP)—The Navy's No. 4 oil reserve in Alaska has "all the essentials required of a major oil basin" and should be developed to augment the nation's petroleum supply, Navy oil experts believe.

Navy Department witnesses, appearing before the House Committee during hearings on the 1947 fiscal year appropriation bill, urged continuation of exploratory work and declared that there are "excellent prospects" of finding oil in commercial quantities in the reserve.

The Navy spokesman said a well at Uniat Mountain, now sunk to approximately 1,900 feet, will be bored to 6,000 feet during the coming summer. They said arrangements will be made to continue exploratory work the year around.

Commodore W. G. Greenman, director of Naval petroleum reserves, said it will require \$9,600,000 to carry on the work for the next three years. He explained that the program will be carried out by the

community life. Particular attention should be paid to personal hygiene. Excreta from cases and contacts should be handled and disinfected with the same scrupulous care as in typhoid fever or bacillary dysentery.

Over-exertion in children should be avoided. Children should not visit homes where there is illness. Polio cases should be quarantined for 14 days and adults who work in food establishments should be particularly instructed in personal hygiene. It is advisable to reduce to a minimum all human contacts, especially in children during an outbreak of this disease. It is not advocated that schools, churches, and theaters be closed.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiffness in the neck and back. When suspicious symptoms appear, a physician should be called immediately.

Hoover Curtice & Ruby Company of New York, because Navy personnel who carried on the work during the war had been withdrawn.

Lt. Commander W. T. Foran, told the committee he had studied the reserve closely and was convinced oil would be found in paying quantity.

"We have all the essentials required of a major oil basin," Foran said. "We have more positive evidence and assurance of success than for any undeveloped oil basin

I have seen. I have studied several South American basins, our mid-continent, the Middle East and numerous Rocky Mountain basins."

Alexander Chapman, vice president of Hoover, Curtice & Ruby, said he knew of no undeveloped, unexplored area that offers a greater promise of finding oil.

Lieut. Commander R. J. Bardley, told the committee oil from the re-

serve could be laid down in California at a cost of 38 to 54 cents a barrel.

The officials told the committee the Navy plans to sink additional wells in other sections of the Alaskan reserve and said the well underway already had passed through several layers of oil sands which indicated commercial deposits would be found.
