

OPA Grants Milk And Butter Price Hike

Butter Up 11 Cents, Milk Half Cent

WASHINGTON (AP)—OPA Friday raised milk prices one cent a quart in many sections of the nation. All of Texas is included but 42 counties which had been granted a half-cent increase earlier in the year. The increase is effective immediately.

(In those 42 Texas counties, which includes Midland County, the price increase is one-half cent a quart or 20 cents per hundred-weight.)

The boost is the first of a series for dairy products which Stabilization Director Chester Bowles calculates will add \$250,000,000 annually to housewives' food bills.

Bowles directed the price hikes last week, saying they were necessary because of the higher prices farmers are paying for dairy feed and because of "apparent congressional determination to slash food subsidies."

In addition to the milk price hike, Bowles authorized increases of about 11 cents a pound for butter, and about six cents for cheddar cheese. OPA expects to put these into effect next week.

Bowles has predicted further "sharp" rises for dairy products if Congress finally slashes funds for food subsidies.

In carrying out Bowles' instructions, the OPA also ordered these other price hikes in the area affected:

Other Milk Increases

For coffee cream and all other cream containing at least 16 per cent butter fat, one cent a half pint; skim milk, buttermilk, chocolate milk and other flavored drinks, one-half cent a quart; "half and half" cream and half milk—one-half cent a half pint in sales of two bottles.

In single bottle sales for all these items, in cases where ceilings figure out at a half cent per bottle, prices may be rounded to next highest cent, OPA said.

For producers, the increase amounts to 40 cents per hundred-weight of milk, 10 1/2 cents per quart of butter fat, or four cents per gallon.

Areas not included in the 40-cent per hundred-weight increase granted to producers and the one cent a quart increase at retail are:

1. Federal marketing areas where milk prices are under jurisdiction of the Agriculture Department, OPA said that in some of them increases already have been put into effect.
2. The agency added that in the others "they will be made as soon as prices which may be paid to producers are adjusted to higher levels."
3. Neighboring areas where OPA bases price ceilings on those existing in federal marketing areas. Prices will go up in those areas where the Agriculture Department boosts ceiling there.
4. In Texas, producers in the following counties plus the city of El Paso will receive the 20-cent increase per 100 pounds, while the increase at retail will be one-half a quart (the full increase applies in the rest of the state): Oldham, Potter, Carson, Deaf Smith, Randall, Dickens, Garza, Borden, Howard, Midland, Hutchinson, Armstrong, Donley, Farmer, Castro, Swisher, Yoakum, Kent, Scotty, Dawson, Martin, Mitchell, Glasscock, Gray, Briscoe, Bailey, Lamb, Hale, Floyd, Terry, Gaines, Andrews, Winkler, Sterling, Motley, Cochran, Hockley, Lubbock, Crosby, Lynn, Ector and Ward.

(NEA Telephoto) While the people of Cincinnati, Ohio, develop a great thirst for beer, brought on by a four-day-old strike of brewery workers, pickets line up to receive a handout of free "suds" at one of the strike bound breweries. None of the pickets said "No" to this good will gesture.

Western Ranges Wither In Sun While Floods Hit East Texas

By The Associated Press

While torrential rains, lashing storms and flooded rivers have formed a sea of troubles for East Texas, West Texas is a dismal region of parched wheat fields, burning ranges and thinning livestock. The situation in the west is becoming more serious day by day.

A line curving from Wichita County, on the Red River, in the north to Webb County on the Rio Grande roughly divides Texas into vast areas of floods and drought.

The outlook of farmers and ranchers of the high plains, western plateau and trans-Pecos areas has grown steadily gloomier as days and weeks of clear skies have stretched into months. Only a few northern and eastern counties of the Panhandle have received effective rainfall.

East Texas cotton farmers shake their heads over flooded fields growing up in grass and weeds and watch the steady infestation of insects. Corn fields need sunshine and cultivation. Harvesting of onions is retarded; tomatoes and potatoes are damaged. Pastures are waterlogged; grass is sappy.

The approximate line dividing Texas into regions of too much and too little rain, is east of the one-hundredth meridian. Beginning at Wichita County it curves in a southeasterly direction, touching Wichita, Jack and Parker counties, then runs to the southwest through Hood, Erath, Hamilton, Coryell, Lampasas, Burnet, Blanco, Kendall, Bexar, Medina, Frio, LaSalle and Webb counties.

Little Rain In West

Weather bureau records reveal vast stretches of West Texas, teased for months by meager, spotted showers. During the months of April and May, Abilene was relatively fortunate with 3.69 inches. San Angelo recorded 2.18 inches. Big Spring received only .69 of an inch; El Paso, .44; Lamesa .99. The fall at Amarillo was 1.42; at Lubbock, 1.39; at Plainview, 1.60.

Spot surveys Friday reflect the conditions.

"Area agricultural prospects dismal with acute drought on eve of (Continued on Page 2)

Leaders of China's Armies To Take Final Crack At Making Peace

By HAROLD MILKS

NANKING (AP)—Guns of China's fighting factions were ordered silenced at noon Friday, and top Communist leaders already are en route to party headquarters at Yenan seeking guidance for the vital negotiations during the 15-day truce.

Making the trip in an American military plane, Communist Gen. Chou En-Lai and Communist minister of Information Li Ting-Yi will consult with No. 1 Communist Mao Tse-Tung at Yenan and return to the Nanking conference table Friday.

Generalissimo Chiang Kai-Shek's truce order, freezing half a million men on both sides in their present military positions on the Manchurian plains, was endorsed heartily by the Communists. But his concurrent plea for greater power for U. S. General Marshall, the mediator, drew quick opposition.

Only three hours before the truce was to become effective, the government's Central News Agency reportedly reported two further national advances in the north: the Government's 91st Division, it said, captured Shuangshan, 75 miles west of Changchun, June 4; and other units of the 71st Army crossed the Sungari River, below Harbin, June 5.

Most observers in Nanking agree that the new truce represents China's last chance to end her 18 years of fighting. If the two factions cannot submerge their differences now, with Marshall as mediator, they are unlikely to have another such opportunity.

Vets Likely Will Receive Furlough Pay

WASHINGTON (AP)—The House, with manifest enthusiasm, Friday called up legislation to pay some 15,000,000 past and present service men an average of \$250 each to cover furlough time missed in uniform.

Its backers, led by Rep. Dwight L. Rogers (D-Fla.) and Robert L. Sikes (D-Fla.), predicted its passage without opposition after a few hours of debate and said the chances for early Senate approval "look good."

The only amendment in sight was a non-controversial one intended to simplify payment methods. In preliminary form it would permit enlisted men entitled to terminal furlough money to claim it by mail, or collect it in cash at local Army or Navy offices.

Here's what the legislation will do if it becomes law:

1. Entitle enlisted personnel to a cash payment for furlough time not used up in service. Payment would be made at the time of discharge for those still in uniform, or immediately for those already back in civies. It applies to personnel who have served at any time since Sept. 8, 1939.
2. Compute furlough time on the basis of two and one-half days for each month of service, with a limit of 120 days that may be accrued. However, furlough time used up while in service would first have to be deducted.
3. Authorize the secretaries of the War and Navy Departments to make the payments "on the basis of sworn statements" by the applicants. This provision, military committee members said privately, probably will result in numerous claims "for the maximum of 120 days a year."
4. Direct payments to next of kin in cases of men who have died.
5. Exempt the payments from taxes and from all claims of creditors.
6. Prohibit the payment of cash in lieu of furlough time for all personnel, both officers and enlisted men, in future wars or national emergencies.

Gen. Vandenberg Will Head U. S. Intelligence

WASHINGTON (AP)—President Truman Friday appointed Lt. Gen. Hoyt S. Vandenberg director of central intelligence for the government.

This is the agency created by Presidential directive last January to coordinate all foreign intelligence activities of the government. It operates under a policy-making board composed of the secretaries of state, war and navy, and Fleet Adm. William D. Leahy, chief of staff to the President.

Vandenberg, 47-year-old assistant chief of staff G2, War Department general staff, succeeds Rear Adm. Sydney W. Sowers, who resigns to return to his private business interests at St. Louis.

Allies To Take Part In Britain's Victory Celebration Saturday

LONDON (AP)—Millions of visitors jammed the English capital Friday for Saturday's victory celebration, expected to be the greatest show this nation has seen since the coronation of King George VI and Queen Elizabeth in May, 1937.

As flags bedecked the ancient streets, softening the scars of war, authorities prepared to handle 10,000,000 or more people in London from long before dawn until far after midnight as masses continued to pour in from all parts of the kingdom, freed from their normal routine by the long Whitsuntide holiday.

At a cost of approximately \$620,000, the government has devised a spectacular entertainment in official token of the Allied triumph, 13 months after the victory in Europe.

The victory will be commemorated especially by the day's first major event—a parade of marching columns and mechanized forces, led by the royal family in a state landau, escorted by cavalry.

Three Allied countries will not participate in the parade—Russia, Yugoslavia and Poland. It was announced Thursday night that the Polish government had notified Britain that a Polish contingent would not be in the march. A week ago the Poles, accepting a British invitation, had said their army, air force and navy would be represented. Reasons for the reversal of decision, it was said, would be set forth in a note to be delivered to the British soon.

The greatest disappointment for Britons is the absence of General Eisenhower, who advised Prime Minister Attlee that pressure of work in the United States prevented him from accepting the government's invitation to attend. The American Army, Navy and Marine Corps will be represented, however.

Moreel Nominated Four-Star Admiral

WASHINGTON (AP)—President Truman Friday nominated Vice-Adm. Ben Moreel, government operator of the coal mines, for promotion to the rank of four-star admiral.

Moreel, who has active charge of the soft coal mines under Interior Secretary Krug, is a civil engineer in the Navy.

Ship Owners Agree To Make Offers To Three CIO Unions

WASHINGTON (AP)—West Coast ship owners agreed Friday to make an offer to three of the maritime unions threatening an all-coast shipping strike June 15. This development coincided with:

1. A White House cabinet meeting at which the strike situation was considered. Attorney General Tom Clark said Reconversion Director John W. Snyder termed the outlook "pretty bad."
2. A council of war by top men of the big CIO National Maritime Union. Its leaders from 40 ports assembled to talk strategy.
3. The unions to which the West Coast operator proposals will go are the cooks and stewards, marine firemen, and engineers. An hour-long discussion at the Labor Department resulted in agreement to tender the offer at 3 p. m.
4. In addition, a meeting was arranged for the first time in more than a week between Harry Bridges, president of the CIO-International Longshoremen and Warehousemen's Union, and Frank P. Poisie, president of the Waterfront Employers' Association of the Pacific.
5. The Labor Department, in programming the maritime discussions aimed at heading off the June 15 walkout by members of six CIO maritime unions and one independent union, had delayed resumption of talks between those two.
6. Filter Back to Ships

AFL seamen filtered back to their ships still talking of expanding their simple tie-up into a full-dress walkout.

They possess a \$1,000,000 strike chest, the support of six other unions allied in the Committee for Maritime Unity (CMU)—and the signs were ominous.

In New York members of the AFL Seafarers International Union and its chief affiliate, the Sailors Union of the Pacific, voted to conduct a strike poll at once. They denounced the CIO-dominated CMU as "Communist-dominated."

In most cities the men returned to work, but in San Francisco, Los Angeles and Seattle, for instance, they decided to hold daily meetings and accompanying work stoppages until employers open wage talks.

At the AFL seamen's headquarters in San Francisco, President Harry Lundeberg said his men, "hot to strike," want immediate negotiations with their employers. The employers' spokesmen are in Washington, standing by for the CMU and conciliation conferences.

Returns to Ship in Gulf

Operations returned to normal in Texas Gulf ports Friday after brief work stoppage Thursday by American Federation of Labor seamen.

However, there was no assurance as to how long the seamen would work.

During the walkout period Thursday, dockside conferences were held by members of the Seafarers' International Union and the Sailors' Union of the Pacific, both AFL. At the meetings the seamen voted to start negotiations with shipowners for higher wages, better working conditions and a shorter work week.

Then they voted to return to their ships—as long as negotiations progressed.

Unnamed Council May Handle U. S. Economic Policies

By MARVIN L. ARROWSMITH

WASHINGTON (AP)—The job of shaping the government's economic policy appears destined Friday for handling by a still unnamed three-man council, with President Truman himself assuming a bigger role.

This prospect, pointed up by officials familiar with Administration planning, was termed a "logical development" of Reconversion Director John W. Snyder's nomination to be secretary of the treasury.

In choosing Snyder to succeed Fred M. Vinson, who becomes chief justice of the United States, Truman said the office of War Mobilization and Reconversion headed by Snyder will be terminated—not immediately but gradually.

Officials who asked anonymity said this pushes to the forefront of economic planning the three-man council recently set up by Congress under a bill to promote employment and production. Appointments to this council will be made by the President, who told his news conference Thursday he still has not been able to find the right man to head it up.

Hearing Set On Shell's Discovery At Andrews

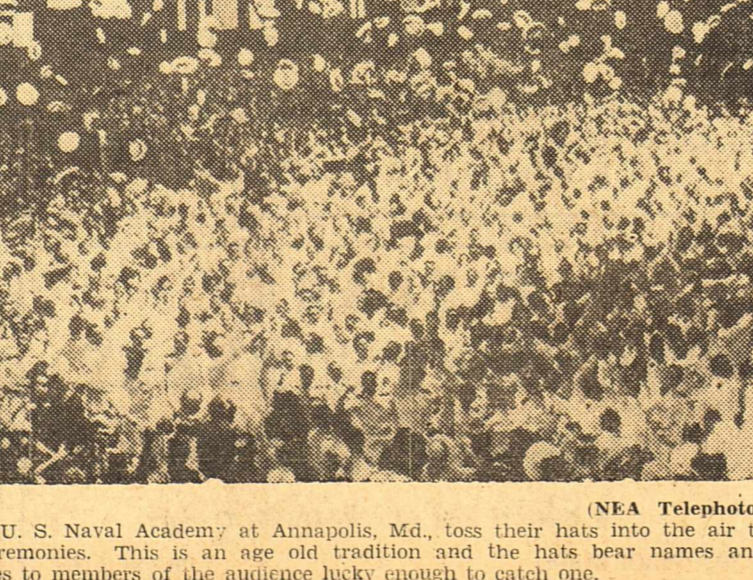

AUSTIN (AP)—The Railroad Commission Friday gave notice of the following hearing:

July 5: Application of the Shell Oil Company, Inc., for a discovery allowable for its A. Nelson Well No. 1, Andrews County.

Weather

Continued fair and warm Saturday.

Annopolis Midshipmen Graduate

(NEA Telephoto) Graduating midshipmen at the U. S. Naval Academy at Annapolis, Md., toss their hats into the air to mark the end of graduating ceremonies. This is an age old tradition and the hats bear names and occasional notes to members of the audience lucky enough to catch one.

Vinson Appointed Chief Justice Of US Snyder Named As Secretary Of Treasury

WASHINGTON (AP)—President Truman's choice of Fred M. Vinson for chief justice of the United States and of John W. Snyder for secretary of the treasury prompted predictions Friday of speedy Senate approval.

"There will be no difficulty," Senator Johnson (D-Colo.) told reporters. Others echoed that forecast.

The same word went out for the advancement of John L. Sullivan from assistant to undersecretary of the Navy, also announced by Truman in a single breath at his news conference late Thursday.

Vinson's and Snyder's selections for two of the highest posts in the land came in for considerable criticism, however, from Republicans and from pro-labor, New Deal Democrats. But none indicated a disposition to fight confirmation. All three nominees must receive Senate approval before they can take office.

Privately, some New Dealers said they would have preferred to see what they described as a "more liberal" man nominated as chief justice. They count Vinson as pretty much a "middle-of-the-roader" in political philosophy, although some old line Democrats look on him as inclined to the left of center.

As for Snyder, the New Dealers are openly at odds with him. They ascribe chiefly to his influence as reconversion director the former White House attitude toward organized labor in recent weeks.

GOPs Are Disappointed

Few Republicans had anything critical to say of the nominees themselves, but they were patently disappointed that the President did not nominate a member of their party to the Supreme Court.

For years, it was more or less a tradition that the bench should be kept in "political balance." During President Roosevelt's tenure of office, however, the division came down to seven Democrats and two Republicans.

With confirmation of Vinson, it will be eight Democrats and one Republican. Vinson was named to succeed the late Chief Justice Harlan F. Stone, Republican.

Vinson is Truman's second selection for the post. When Justice Owen J. Roberts retired last year the President reached into Republican ranks and tapped Senator Harold H. Burton of Ohio.

One of the louder Washington whispers as to why the President went outside the court for a chief justice mentions deep-seated conflict among the justices over legal philosophy. There have been published reports that Truman seriously considered elevating Associate Justice Robert H. Jackson and Hugo Black but was concerned that naming either might add to existing tensions.

In such a situation, one of Vinson's tasks would be to promote Administrative harmony.

Rankin Highway Paving Project Work Completed

Paving of the highway from Midland to Rankin was completed Thursday except for a seven-mile stretch on the Rankin end which was not included in the original specifications. It was announced Friday. About 53 miles of paving are included in the project.

Money for paving the remaining seven miles has been appropriated and contract for the work is expected to be let this month, it was learned.

Work on black-topping the route, which gives a direct southernly connection to Highway 67 from Midland and which will save many miles of travel for motorists going to Fort Stockton, McCamey and other cities on the south, was started June 30, 1943. The commissioners courts of Midland and Upton counties furnished all machinery and caliche needed for the work, and the State Highway Department built the road and laid the blacktop.

The highway committee of the Midland Chamber of Commerce worked toward obtaining approval of the project for a number of years before it was started.

Parking Meters Are In Effect —Ellington

Enforcement of a parking meter ordinance now in effect in Midland, Chief Jack Ellington reminded citizens Friday.

"City court has been mindful of the difficulties in switching over to use of meters and has tempered justice with reason. We are urging citizens to enter into the spirit of progress here and remember parking meters now are in use," Ellington said.

"It is only rumor that the meters are not in effect until Monday. They are in use now and it is a violation not to observe this," Ellington added.

TXL-Ellenburger Field Extended Two Miles North

By JAMES C. WATSON
Oil Editor

Flowing production from the Ellenburger was developed Thursday in West Ector County, two miles north of nearest proven area for that formation on the north side of the TXL field.

The Texas Company No. 1-F Frasier, 1,982 feet from south and 660 feet from west lines of section 39, block 40, TP survey, T-1-N, took a one hour and 55-minute drillstem test at 9,733-9,800 feet, in the Ellenburger, entered at about 9,750 feet, on an elevation of 3,329 feet.

Gas came to surface in five minutes; drilling mud showed in 20 minutes; cut mud developed at top of hole in 22 minutes, and the drill pipe flowed clean oil in 31 minutes.

Flowed 66 BOPH

It flowed 66 barrels of oil in one hour, with a cut of two-tenths of one per cent drilling mud—no formation water was reported.

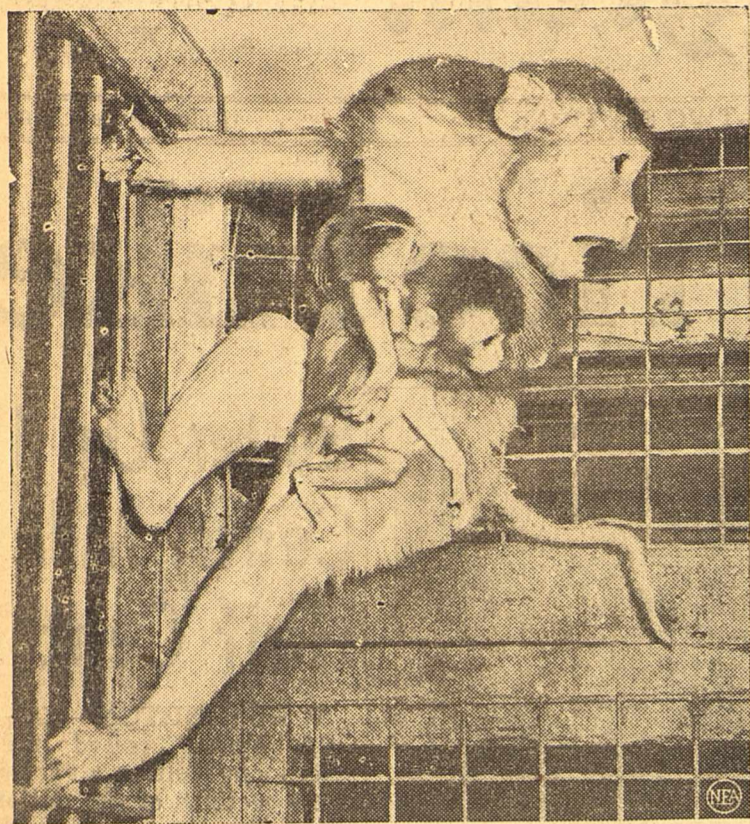

Gravity of the oil was 41.1 degrees. Gas-oil ratio was 1,100-1.

Operator plans to set casing at current bottom, and then drill a little deeper before starting to complete the discovery.

Argo Oil Corporation No. 1 Roberts, Southeast Reeves County wildcat, 25 miles southeast of Pecos, and in section 294, block 13, H&GN survey, was drilling up a truck

'The Happy Journey' To Be Presented By Junior Workshop

'The Happy Journey,' a one-act play to be presented by the Community Theater, Inc., June 17 and 18 at the City-County Auditorium, was written by Thornton Wilder, a well-known American novelist and dramatist, and has won Pulitzer prizes in both fields.

At the age of nine, Wilder went to China where his father was the American Consul-General at Hong Kong and Shanghai. Later he returned to the states to complete his college education at Berkeley, Calif., and Yale.

His 'Bridge of San Luis Rey' won the Pulitzer Prize for American novels in 1927. 'Our Town,' Wilder's first full-length drama to reach the stage, proved one of the outstanding successes in 1938 in New York and won a Pulitzer Prize for the author.

In recent years Wilder has become interested in acting and has taken part in plays produced by little theaters during the summer months.

'The Happy Journey,' which will be staged and produced by the Junior Workshop, has as its cast Patsy Bray, Sarah Lew Link, Frances Puffit, Bill Hamilton, Lew Hoey, and Bob Short.

West Needs Rain--

Continued from page 1 safe deadline for cotton planting," a report from Big Spring says. "Rainfall for year less than half normal. Approximately 2,800 head of cattle were moved to market here during the past week as ranchers reduce stocking on parched ranges except for spots touched by scattered showers."

From Plainview: "Drouth cutting wheat yield in Hale County. Cotton on both dry land and irrigated and is dying. Hot winds last week damaged irrigated wheat."

Amarillo says: "Livestock men report cattle are coming to market here from powder-dry range lands in a trickle now but the movement will increase if rains fail to revive grass in the next few weeks. Ranchers are selling fat cattle and thinning down herds to prolong use of grass still existent. Many pastures have the appearance of mid-winter. Beneficial rains last week to the northern and eastern tier of Panhandle counties will make possible plantings of row crops. Elsewhere, the rains fell only in spotted areas, leaving much feed crop cultivation in doubt. This situation complicates already bad prospects for feeding cattle next fall."

San Angelo Needs Rain

From San Angelo: "Reports from county agents in 15 counties in this area show all needing rain badly. Farmers in most cases are awaiting rain to begin planting; those planting early find their crops suffering a great deal and may have to replant. Cattle and sheep are suffering shrinkage in this immediate area. Many ranchmen are heavily culling herds and flocks; others are shipping their stock out where they can find pasturage. Livestock going through auction rings here are easily identified from drouth areas. May, with less than one-third inch of rain, was the third driest May in 42 years. Some stock farmers are finding it necessary to haul water for livestock and domestic use."

Lubbock reports: "There has been no general rain in this county and area since mid-January. Only small and widely separated localities have had sufficient planting moisture and other localities received teasing showers." In Lubbock County most of approximately 100,000 acres planted to cotton was destroyed by recent high winds and a dust storm which covered small plants. On most of this, replanting is not yet possible for lack of moisture and lateness of the season. Irrigated crops, only a small portion of the total acreage, are holding up well. Many farmers are planting to grain sorghums and other row crops. County Agent Jason Gordon reports heavy culling of livestock."

Midland Needs Rain "No general rain since January but ranchers say cattle not being hurt too much. A recent, scattered two to three inch rain greatly helped parched ranges. Have seen drier years."

Pampa says: "Dry, hot winds are having a good effect on wheat as first load of season was described as too green and containing too much moisture. However, wind may have damaging effect on row crops as it is erasing effect of moisture received here last Sunday."

From Abilene: "Crops in good condition but moisture deficiency of 2.31 inches since Jan. 1 threatens conditions in the normal dry summer period. May rains totalled 3.14 inches, near normal, but heavy rains and hail damaged crops in counties adjacent to Taylor."

Borger reports: Rains the past two weeks on the North Plains will offset wheat losses of hail storms earlier in May. Don Dilley, business man and wheat farm owner near Gruver says. Other farmers near here report their farms will yield more wheat than last year's crop. Hutchinson County's average wheat crop yields nine bushels per acre but with late moisture recorded the fields are expected to exceed this mark.

The drouth holds sway, too, in New Mexico. On May 31, Portales ministers asked the 8,000 residents of the bone-dry community to pray for rain. Since then, light, scattered showers have been received.

Pence Transfers From MAAF To California

Lt. and Mrs. G. A. Pence, Midland citizens for several months, left Thursday enroute to San Francisco, where he will be stationed.

They will visit in Litchfield Park, Ariz., on the way to California. Lieutenant Pence has been stationed at Midland Army Air Field.

Victims Identified In Chicago Hotel Fire

Chief of Police John Pendergast, extreme right, and Coroner Al Brodie examine bodies of the victims from the LaSalle Hotel fire in an emergency morgue established in nearby Chicago City Hall. At least 200 were injured and 58 were dead in the worst hotel fire in Chicago's history.

Fish Nabs Seal

When young Harry Fish, Jr., of Oakland, Calif., went fishing for abalone in Bolinas Bay recently, he came home with a startling catch—the 75-pound seal pup with which he's pictured above. The seal now does its swimming in the Fish family bathtub.

NAA Will Hold Dinner Meeting

Don V. SeEVERS, manager of the National Aeronautic Association in the Southwest, will be principal speaker at a dinner meeting of the Midland chapter at 7:30 p. m. Tuesday in the Crystal Ballroom of the Scharbauer Hotel.

M. T. Smith, president of the Midland NAA chapter, also announced Fred Lindall, of San Angelo, president of the Texas State Council of NAA, probably would attend the meeting here.

Midland members and their guests will attend.

JayCees Announce Inaugural Banquet

Announcement was made Friday at the weekly Junior Chamber of Commerce luncheon meeting that an inaugural banquet for new officers and directors would be held Friday evening, June 21.

This event will be a ladies night meeting with tickets going on sale Monday. It will be held at 8 p. m. in the Crystal Ballroom of the Scharbauer Hotel.

A membership contest between Bill Neely's "Blue Jays" and Tanner Lane's "Red Cees" will end at the banquet.

C. B. Breedlove of the State Health Department, who is conducting a food handlers school in Midland, commended the JayCees for their sponsorship of the school.

He said Midland's school was one of the four largest in the state. Graham Smoot, JayCee and senior sanitarian of the Midland health setup, introduced Breedlove. Henry Littlejohn was appointed program chairman for next week's JayCee luncheon.

Wrestling is the most universal and primitive of all sports.

Defends Tojo

Capt. John W. Guider, USNR, above, former Washington, D. C., attorney, has been selected by wartime premier Hideki Tojo to defend him in the Japanese war criminal trials in Tokyo.

Labor Legislation Bill Sent To Rules Committee

WASHINGTON—(P)—The House Friday handed its Rules Committee the job of recommending what action to take on President Truman's emergency strike control bill.

No immediate action is expected by the rules group, although a plan is being studied to ask its members to wrap the emergency measure and the controversial case labor disputes bill into one legislative package.

Hicks Faces Trial In Death Of Texan

SAYRE, OKLA.—(P)—Harold Albert Hicks, 36, has been bound over to district court on a murder charge in connection with the slaying of Arthur Clyde Sanders, 49, Lubbock, Texas, whose body was found hidden in a culvert near here.

Thursday Hicks, of Lawton, Okla., waived preliminary hearing. Sanders was a construction worker. He recently had worked in Abilene, Texas, and was on his way to Canyon, Texas, to take a job.

Father And Daughter Die In Plane Crash

AUSTIN—(P)—Emmett A. Dreyer and his daughter, Patricia Ann, 16, were killed Thursday in an airplane crash two and a half miles east of the municipal airport.

State police reported the plane was a privately-owned trainer, and that Dreyer and his daughter were the only occupants.

Livestock

FORT WORTH—(P)—Cattle 800; calves 200; slow, steady. Beef cattle scarce. Few butcher cows 9.00-11.00, good and choice slaughter calves 15.00-16.50, common and medium calves 11.00-14.50; few medium and good stocker calves and yearlings 13.00-15.00.

COURT IS IN SESSION

The 70th District Court of Midland was in session Friday morning. A contested divorce case was being heard.

In Fiji, the human head is sacred and it is an insult to reach above it.

Ellenburger---

(Continued from Page 1) packer rubber, after taking a four-hour drillstem test at 11,097-205 feet.

Slight Shows A 3,000-foot water blanket was used. Recovery was the water blanket, 3,480 feet of drilling fluid, and 210 feet of gas cut drilling fluid with a trace of oil in the bottom. The hole is to be deepened as soon as the packer is removed.

Argo. No. 1-E Jones, in northwest corner of east half of section 2, block A-6, psi survey, and three-quarters of a mile due east of the discovery for flowing production from the Devonian, in the Jones Ranch field, in Northwest Gaines County, took a four-hour drillstem test at 11,265-297 feet.

There was no blow of air, and recovery was the 2,000-foot water blanket and 60 feet of drilling mud, with no shows of oil or gas. The project is to drill ahead.

Champlin Refining Company No. 1 University, on southeast side of the "Block 31," field, in East-Central Crane County, was to drill ahead, following a drillstem test at 3,235-3,339 feet, in the Devonian.

More Traces The tool was open one hour and 20 minutes. Recovery was 180 feet of gas cut drilling mud, with a rain-bow of oil.

The Plymouth Oil Company No. 1 Slaughter, South-Central Garza County wildcat to 4,500 feet, in section 32, block 2, T&NO survey, had reached 2,075 feet, in anhydrite, and was drilling ahead.

American Liberty Oil Company No. 1 Connell-Moore, southwest Kent County wildcat, one mile northwest of discovery for Ellenburger production in the Polar field, had reached 2,785 feet, in lime, and was continuing. Top of the San Andres was reported by some geologists at 1,540 feet. It is in southeast corner of section 56, block 5, H&G survey.

Humble Oil & Refining Company No. 1 Moore in northwest corner of section 45, block 5, H&G survey, and one half mile west of the Polar discovery, had progressed under 5,880 feet, in black shale, and was drilling ahead.

In Martin Area Humble No. 3 Parker, 1,980 feet from north and west lines of section 23, block A-41, psi survey, and a flanker to production from the Ellenburger, in the Martin field, in Central Southwest Andrews County, had reached 8,755 feet, in lime, and was to take an electrical log survey.

Humble No. 1 Crespi, East Midland County wildcat, had re-acidized with 2,000 gallons through perforations at 11,420-450 feet, and at 11,470-540 feet, and was swabbing to test. No recovery from the swabbing had been reported.

IS RADIO SPEAKER Deibert Downing of Midland will speak on a youth radio program at Big Spring, June 11.

Heart Attack Fatal To Former Local Woman

Word has been received here of the death of Mrs. Fred Carmichael of Lubbock and formerly of this city. Mr. Carmichael was a public accountant while they made their home in Midland.

Mrs. Carmichael died suddenly Thursday after suffering a heart attack at her home in Lubbock, 2206 30th Street. Funeral arrangements are pending and will be made upon the arrival of relatives from California.

Operation Restores Angelo Youth's Sight

DALLAS—(P)—An operation performed here Friday on Lonnie Hudson, 15, of San Angelo, in an effort to restore the sight of his left eye was termed successful by the physician in charge, Lonnie's mother, Mrs. Mabel Hudson, said.

Earlier this week Lonnie was credited with saving the life of Mickey Webb, 8, when he rescued him from the Concho River at San Angelo. Lonnie broke his ankle when he jumped into the river. He lost the use of his eye a year ago while riding through brush country.

Mexican Board Claims Islands Off California

MEXICO CITY—(P)—The International League of Mexicans Abroad asked President Avila Camacho Friday to demand sovereignty over Santa Catalina and eight other islands off the coast of California.

The league claimed the islands, most of them occupied by the United States, were legally Mexican territory. Originally possessions of the Spanish crown, the league contended, they were recognized as Mexican holdings after the War of Independence, and were not included in territory ceded to the United States after the war of 1848.

Sunday: 9:45 a. m.: Sunday School. 11:00 a. m.: Morning lesson-sermon. "God the Only Cause and Creator." The Golden Text is: "The Lord is the true God, he is the living God, and an everlasting king: . . . He hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heavens by his discretion" (Jeremiah 10:10, 12). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "In the beginning God created the heaven and the earth" (Genesis 1:1). The Lesson-Sermon also includes the following passage from the Christian Science textbook: "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "All that is made is the work of God, and all is good" (page 521).

It is believed that copper was first used about 3500 BC by the Egyptians.

BUSINESS MEETING IS SCHEDULED FOR GIRL SCOUT COUNCIL

Final meeting for the Girl Scout Council until the fall season will be held 8 p. m. Monday in the educational building of the First Presbyterian Church. The 12-month program for Girl Scouts begins in September.

Miss Mary Miller, area executive, will be present for the session. Included in the business for the evening will be reports on the newly formed Girl Scout Permian Basin Area. This branch was formed out of the West Texas Area, and includes organizations from Pecos to Midland.

Telegrams Flood President's Desk

WASHINGTON —(P)— President Truman is getting about 3,000 telegrams a day for and against the labor disputes bill. There are a great many letters also, Presidential Secretary Charles G. Ross said in telling reporters Friday of the unprecedented flood of messages.

A White House count showed the President has received 35,327 telegrams on the question of labor policy since he first announced his determination to use the Army to operate the railroads in the event the strikers refused to return to their posts. Ross said he could not estimate how many were urging the President to veto and how many wanted him to sign the bill. Truman is still considering the measure, he said, adding that he could not say what action the President would take.

VISIT IN MIDLAND

Not Much Of A Swap

Philip Murray, CIO president, recently announced that the CIO is opposed to Communists who work the Communist line as a block within the organization. At about the same time, the Ku Klux Klan put on an old-time display of white nightshirts and burning crosses in Atlanta, Ga. It is probably more than coincidence that both these interesting events occurred at about the time the CIO and AFL were starting their organizational drives in the South.

It is unfortunate that Murray postponed his declaration against the Communists so long. Some CIO unions have been dominated for years by Communists or Communist sympathizers who have pulled the membership back and forth in response to shifts of Moscow policy. There has been no forthright official disapproval of such practices until now.

Naturally, the AFL capitalized on this situation as it started its organizing campaign below the Mason-Dixon line. It served to present the senior organization of unions as a conservative labor group to a conservative section of the country. Incidentally, it may also have come in handy to take people's attention away from the AFL's John L. Lewis, who at the time was not America's No. 1 pinup boy.

That this didn't do the CIO's chances in the South any particular good is strictly the CIO's worry. But the stimulus it gave to smoldering Klan sentiment didn't do the country any good, which is more important. A chance to "save the South from the Communists" was a made-to-order opportunity for the Klan's remnants to arise from a grave of shame and public condemnation with a minimum of embarrassment.

Anyone acquainted with the Klan's history in the years following World War I will hesitate to believe that an anti-Communist crusade would stop there, or that another political stranglehold on the South and Middle West is not again the ultimate goal.

It is to be hoped that experience and common sense, bolstered by the law where law is applicable, will throttle this Ku Klux Klan revival in its infancy. It is equally to be hoped that Murray, now that he has declared against Communist domination of organized American workers, will give his policy a vigilant and continuing enforcement.

With this declaration, Murray has taken on the obligation to allay any suspicion by the public that his belated discovery of Communist influence in his midst was a matter of expediency. It would be a sorry thing indeed if the CIO's southern campaign should have revived the old evil of klanism without destroying the more recent evil of Communism masquerading as unionism.

No Deals

A rumor of "deals" between Great Britain and Russia at the foreign ministers' conference in Paris has been officially denied in Washington and London. The denial is welcome, for, in the light of the conference's lack of accomplishment, it was not hard to believe the rumor that Britain was to get a free hand in Italy in return for continuing Russia's free hand in the Balkans.

Eight months of antagonism, climaxed by more failure in Paris, might have led to a discouragement in which the powers drifted back into the easy, familiar, and fatal "sphere of influence" arrangements. That they did not reflects credit upon Secretary of States Byrnes. His efforts, notably his proposal of a 25-year disarmament arrangement for Germany, show that he is still thinking in terms of one world.

The alternative of two worlds, with Russia dominating one and America and Britain the other, would inevitably breed war. The longer that alternative is avoided, the less likelihood there is that it will be resorted to.

Russia may continue to be difficult, Russia, in the face of Communist defeats in European elections, may still try to keep her troops in eastern Europe. But Russia cannot hope to win in the long run by postponing peace treaties with her former enemies indefinitely, nor has she anything to gain by provoking an Anglo-American coalition against her. So hope persists.

Something To Beef About

Sen. Robert LaFollette, having led his Progressive Party back into the Republican fold, was snubbed at the first opportunity by the Wisconsin Republican convention, which endorsed another candidate for LaFollette's Senate seat.

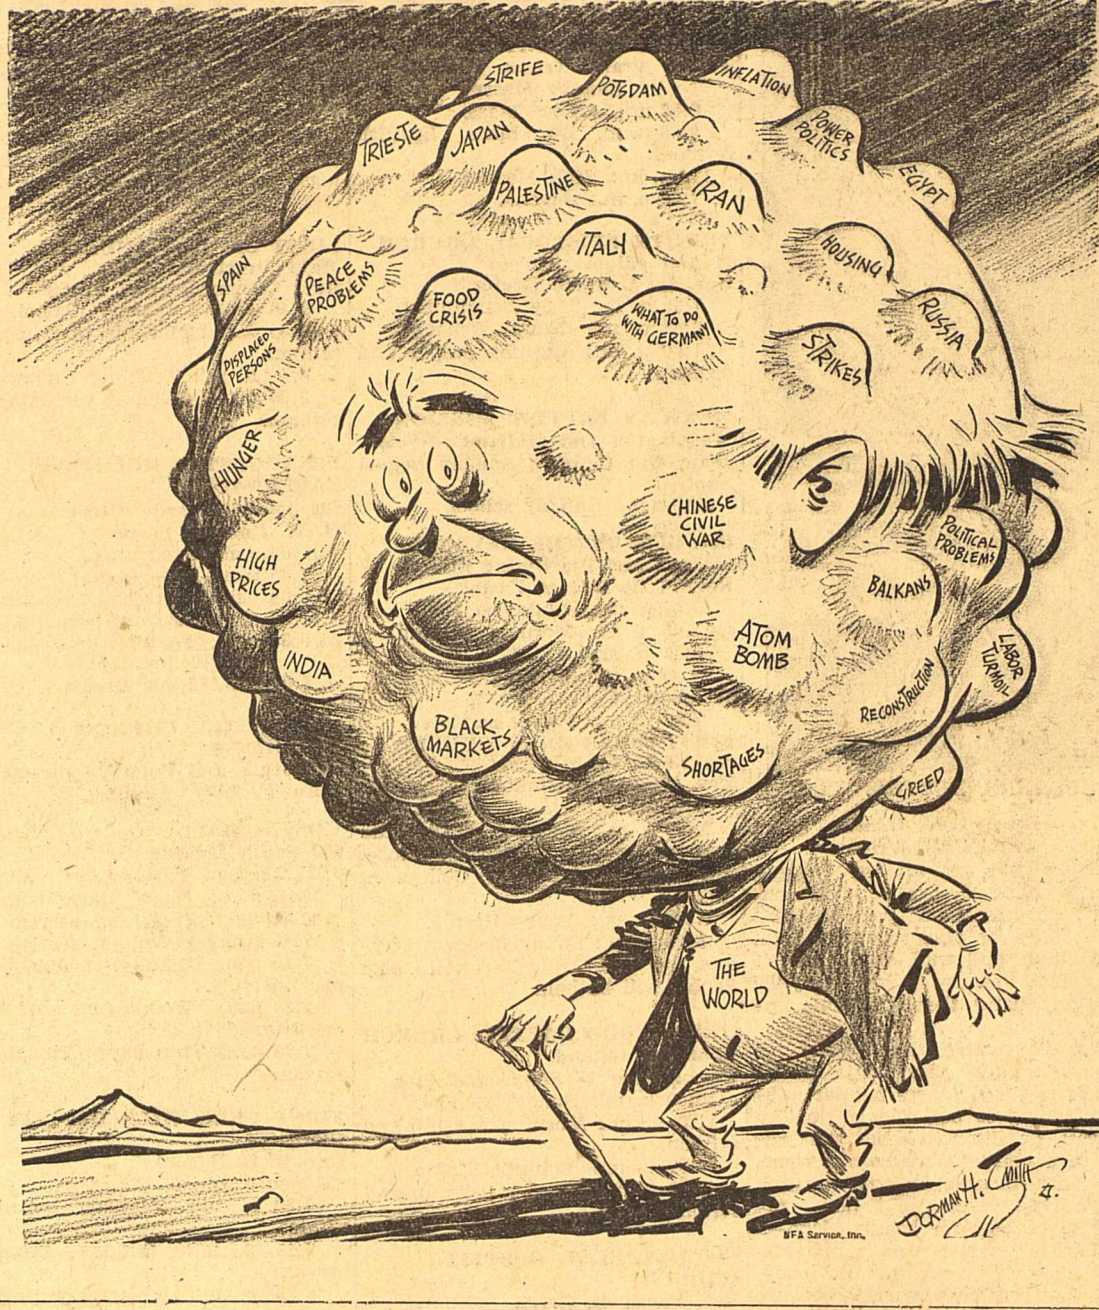

This lack of a fatted calf for the prodigal is one meat shortage that the GOP can't blame on the OPA.

Now It's Official

The new silk stockings, due on the market soon, will have to sell for \$2.50 or \$3 a pair, says a spokesman for the hosiery industry, because the War Assets Corporation sold silk to manufacturers at \$11.75 a pound, though it had cost the government only \$3.03 a pound.

Well, if the black market can't be stamped out, it's nice to have a government agency in on it. That makes it practically unanimous, as well as adding a certain respectable tone to the whole flourishing business.

JOB

Pittsburgh Pirates May Stage First Strike In Baseball History Friday

PITTSBURGH—(AP)—Pittsburgh, longtime center of strikes in steel and coal, Friday night may become the scene of the first union baseball strike in the nation's history. The members of the Pittsburgh Pirate team, newly-organized unit of the American Baseball Guild, declare they will not take the field against the New York Giants for their game Friday night unless the Bue management consents to an NLRB bargaining election.

Their spokesman, Robert Murphy, labor relations director for the guild, scoffed at assertions by Club President William Benswanger that the game would be played as scheduled. "I think we can get enough players right on the team to play," declared Sewell, first member of the team publicly to identify himself as a non-member of the American Baseball Guild, which has called the strike.

"I don't know who they may try to bring in from their farm clubs," continued the guild official. "If they try to use the Hollywood team—I heard that one—I can tell you now they won't play. I know those boys. If they try to bring players from the Albany club—well, we have some members up there, too."

The guild Thursday night received assurance of support from a big-sized section of Pittsburgh's labor.

Small Lots Sale To Be Held Next Week At Midland Field

Another small lot sale will be held at Midland Army Air Field next week. The salvage warehouse, building T-625, will be open daily from 9 a.m. to 12 noon and from 1 p.m. to 4 p.m., Monday through Saturday noon. The sale will be conducted in the same manner as previous small lot sales at the field. Included in lots offered for sale are power units, wood desks, chairs, filing cabinets, transfer cases, medical supplies, lamps, ropes, and numerous other items.

The public is invited to inspect the lots and to place bids. Military personnel and civilian employees of the War Department are not permitted to bid.

New Trial Overruled For Ennis Brakeman

CORSICANA—(AP)—Motion for a new trial has been overruled in the case of J. C. Larue, Ennis brakeman, convicted of murder without malice in the death of his father-in-law, March 17.

Notice of appeal to the Court of Criminal Appeals was given. Larue was convicted May 22 and sentenced to three years in the penitentiary.

Certificates Are Awarded To 100 Food Handlers

Certificates entitling them to receive city foodhandlers' licenses were awarded to approximately 100 employees of Midland eating and drinking establishments at the close of the morning session Friday of a foodhandlers short course at the City Auditorium.

Similar certificates were to be awarded to about 150 persons at the afternoon session, which will conclude the week-long school conducted by the State Department of Public Health under sponsorship of the Junior Chamber of Commerce. The course has been given through the cooperation of the City-County Health Unit and the City of Midland.

C. B. Breedlove of the State Health Department, instructor for the short course, spoke on personal hygiene and its relation to prevention of diseases in food establishments at the morning session. A film, "Hashing in to Food Handling," and slides illustrating correct and incorrect practices of handling food utensils were shown.

Make-up classes for those persons who were unable to attend the required number of sessions will be held within the next two weeks. M. Graham Smoot, acting director of the City-County Health Unit, said. By attending these classes the foodhandlers will become eligible for the certificates.

American Women Win British Tennis Meet

MANCHESTER, ENGLAND—(AP)—Margaret Osborne of San Francisco won the women's singles title Friday in the Northern Lawn Tennis Tournament, beating Louise Brough, Beverly Hills, her Wimbledon Cup teammate, 6-1, 6-3, in the final.

The two Americans teamed up to win the women's doubles title, 6-1, 6-2, from Joan Ingram and Jean Quertier of England. Jack Harper of Australia defeated Derek Barton, British Davis Cup player, 6-4, 6-1, in the men's singles final.

Swedish Runner To Try At U. S. Records

COMPTON, CALIF.—(AP)—The Swedish swiftly, Lennart Strand, making his American bow, is expected to pace an attack on the records Friday night at the Compton Invitational Track and Field Meet.

Strand, aiming at Les MacMillen's 3:51.4 in the 1,500 meters, will be supported by Ralph Tate, Oklahoma A&M hurdler; USC's Wilbur (Moose) Thompson, hefty shotputter; and Willie Steele, San Diego State broad jumper, in the onslaught on the Compton marks.

Alligator Thrown Into Pound After Biting Neighbor, Fighting Official

New Republic

Cochin, China, shown in black on map above, has been formed as an autonomous republic within the federation of Indo-China and the French Union. France's Cochin Commission has said that the new republic must decide by popular referendum whether or not it will join the Viet Nam, or Annamese, republic recognized by the French in March.

HOUSTON—(AP)—A 3-foot alligator languished in the city's animal pokey here, throwing an 8-day hitch "for observation" and doubtless snarling to himself, in alligator: "They can't do this to me!"

"They can't either; not under the law. City Attorney Lewis Cutrer admits it.

"There ain't no law of man or beast," said the city attorney—to indulge in some fairly loose quoting—"that permits the city to jug an alligator."

The Saurian (that's an alligator) was arrested by Chief Poundsmen Kenzie Poston after he (the Saurian) had nipped Mrs. E. O. Ostendorf, 41, on the left ankle.

Mrs. Ostendorf complained, naturally, and Poundsmen Poston, who would just as soon handle a mad alligator as a mad dog, took charge of the beast.

"We'll hold him eight days and if he doesn't develop rabies I guess we'll turn him over to the zoo," Poston said.

But Cutrer pointed out that the alligator belongs to a neighbor of Mrs. Ostendorf's, that the neighbor had him on a wire leash, and that Poundsmen Poston had no legal right to confiscate the neighbor's property.

Furthermore, Dr. Austin E. Hill, city health officer, scoffed at the idea of the alligator being mad. "Angry, yes," he conceded. "Mad, no. Alligators don't have rabies."

But Poundsmen Poston's prisoner was still in the pokey.

Philadelphia's .333 Rookie Hitter Paces Phils To 9-3 Win Over Reds

By JOE REICHLER
Associated Press Sports Writer

Delmer Ennis, rookie Philadelphia Phillie, outfielder, who was saved from the minors by the GI Bill of Rights, has become one of the most prized chatters in baseball today.

The 20-year-old flycatcher—he reaches his majority Saturday—whose organized baseball experience is limited to one year with Trenton in the Class C Interstate League in 1943, took the big jump from the Navy to the Phillies and made good from the start.

Reporting in April, Ennis was slated for another year or two in the minors. The GI bill, however, provided that no returned service man could be sent to the minors without first being offered to other major league clubs. When Ennis

was placed on the waiver block, five clubs immediately put in a bid for him, and Manager Ben Chapman hurriedly withdrew the feelers.

The home-spun Philadelphia youngster appeared in his first major league lineup April 30, acquired his first hit in his initial time at bat, and since then has gone through 33 games failing to hit safely in but six of them. He's currently hitting a cool .333 to rank fifth in the league.

Ennis bashed out four blows Thursday to pace the Phils to a 9-3 triumph over the Cincinnati Reds for the Quakers sixth triumph in their last eight games.

Dodgers Down Guided Pirates

The high-flying Brooklyn Dodgers increased their National League lead to four and half games when they outslugged the guild minded Pittsburgh Pirates 13-8 as the St. Louis Cardinals were beaten by the Boston Braves 9-5.

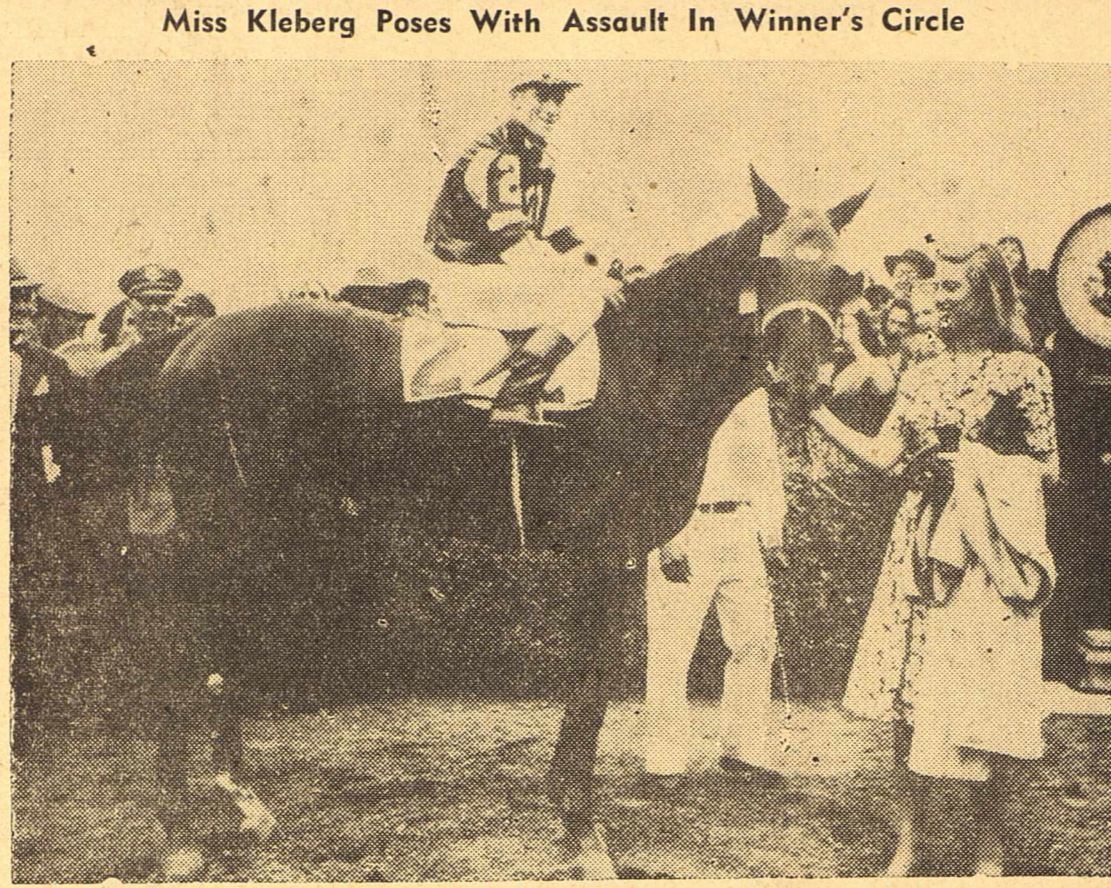

The Boston Red Sox maintained their six and a half game American League advantage over the New York Yankees when they edged out the St. Louis Browns 5-4 on the strength of Ted Williams' 10th homer of the year with one man on.

The New York Yankees made it three in a row over the Chicago White Sox when Red Ruffing, the 42-year-old veteran, pitched the Yankees to a 4-0 triumph for his 26th win of his 21-year-old big league career. Manager Bill Dickey, who was celebrating his 39th birthday, knocked in two runs.

A pinch hit home run with the bases full by Frank Secory in the 12th inning gave the Chicago Cubs a 10-6 victory over the New York Giants.

Sid Hudson hurled the Washington Senators to a 4-0 shutout win over the Cleveland Indians.

Detroit and the Philadelphia Athletics were not scheduled.

Assault, product of the King Ranch in Texas, with jockey Warren Mehrtens, stands in the winner's circle once again, this time at Belmont Park after he had won the \$100,000 Belmont Stakes. At his head is Miss Helenita Kleberg, daughter of the owner.

Jaycees Defeat Burl's, 11 To 1

Ted Thompson's terrors, the Jaycees, started like a house afire Thursday night and won a 11-1 softball game from Burl's One-Stop.

The Little Chamber of Commerce nine garnered six runs in the first inning and picked up the other scores along. Henderson, Jaycee pitcher, limited Burl's to one hit.

Watts knocked a homer for the Jaycees in the first inning. Henderson got a triple and two bingles in four trips. Rowland banged a double.

Dummy Goode, first baseman, got the only hit for Burl's. The service station team scored in the fifth inning when Henderson had an attack of wildness and walked three men in a row and Cole sacrificed, scoring Sevier, second baseman.

Burl's executed a double play in the third inning.

Score by innings: 000 10 0-1
Jaycees 610 202 x-11

BOWLING

Honolulu Oilers are acting up again in the summer city bowling league. Wednesday night the Oilers bowled 2,400 for high team series in matches at Plamor Palace.

Tot's Gulf Service clings to the league lead. The Tot outfit bowled high team game Wednesday with 858. Schneider of Honolulu keggered high individual series with 584 and he also had high game with 221.

Midland Hardware Withdraws From Softball League

Midland Hardware, one of the better teams of the Jaycee city softball league, withdrew from the league Thursday.

In a letter to officials, J. L. Tidwell, manager, said: "This is to certify that the Midland Hardware Softball team is withdrawing from the league with no hard feelings to any one. But conditions beyond our control are causing our withdrawal. We are releasing our players to play with any one they please without a protest from us."

Director Willard Ope accepted the withdrawal with regret.

There was a scramble by the other teams of both Red and Blue circuits to obtain some of the Hardware players.

The Hardware team ranked third in the Blue circuit at the time of withdrawal, having won four games and lost three for a 571 percentage.

Whether the team will be replaced by another club is a matter of conjecture. Several team managers have voiced the desire to leave the league with a shortage of teams so that the open dates may be used for exhibition games, preferably with out-of-the-city teams. However, with a vote of two-thirds of the league directors another team may be added to fill the vacancy in the circuit.

Connie Mack Angry Denies He'll Retire

PHILADELPHIA—(AP)—An angry Connie Mack denies reports that the Philadelphia Athletics are going to have another manager in his lifetime.

The rumors had it that the 83-year-old Mack, only manager of the A's ever had, would step aside in a few days and turn the club over to Coach Al Simmons for the rest of the season and eventually to either Joe McCarthy or Jimmy Dykes.

"I'm going to be here for many years to come," Mack asserted heatedly Thursday in an interview. "Neither McCarthy nor Dykes is coming here.

"Look at it this way. It wouldn't make any difference who was manager of this ball club right now. But we'll have a good club before long and we'll have a great one again. And I'll manage that club."

Willie Pep Favored Over Bartolo Friday

NEW YORK—(AP)—Wee Willie Pep and bouncing Sal Bartolo tangle in Madison Square Garden Friday night for the world featherweight championship in a 15-round fight. This is Pep's 101st fight. In that string, he has lost only one—back a few years to Sammy Angott. Wee Willie is favored to waltz in with the decision again.

Conn Hits Training Peak For Louis Fight

GREENWOOD LAKE, N. J.—(AP)—With his heavyweight title fight against Joe Louis still two weeks away, Challenger Billy Conn has hit his training peak but expects to keep right on working until the day before the battle.

Conn boxed six more rounds here Thursday, running his training total to 223 frames, but Manager John Ray sent out a call for fresh spar mates, indicating he doesn't plan to let the challenger relax.

Qualifying To End At Lubbock Friday

LUBBOCK—(AP)—Qualifying for the National PGA will end Friday with the second 36 holes of competition in the Texas PGA championship tournament here.

Friday's scores will also mark the halfway mark in 72-hole qualification for the Texas PGA.

In the opening round Thursday, only one pro bettered par over the Lubbock Country Club course. Shorty Hornbuckle, Odessa, shot a 70 to come one under par.

Close behind with par 71 cards were Raymond Gafford, Fort Worth; Jimmy Gamewell, Hobbs, N. M.; and Elroy Martin, Houston.

In third place were Sam Schneider, Houston; Tony Butler, Orange; and Todd Houch, Little Rock, with scores of 72.

Jimmy Whitcher, Abilene; Tod Menefee, San Antonio; C. W. Hogan, Dallas, and Herb Schroeder, Lubbock, tied for fourth with 73s.

Reporter Beats Elder, 11-3

Playing peppery ball, The Reporter-Telegram Thursday night vanquished Elder Chevrolet, 11 to 3, as softball in the Jaycee City League resumed after a layoff of one week.

The Reporter had a fat inning in the second when it scored seven runs. The newsmen had tallied two in the first. Two more were added in the fifth.

Jones R. McKnight and Pierce hit homers for the R-T. Just about everybody got a poke or so at the pellet.

Goodlett, Elder third baseman, got a hit off Pierce in the third. Then Hughes, center fielder, nicked him for a homer in the fourth.

Elder scored one run each in the fourth, sixth and seventh innings. Pierce whiffed 12 Chevvies.

Bardwell, left gardener, made a spectacular catch of Pierce's long fly in the second inning but the ball was out of the playing field.

Score by innings:
Elder 000 101 1-3
Reporter 270 020 x-11

THE ONE IN SIX ?

Will this be the one in six . . . the one American marriage in every six which ends in divorce?

There is no reason why it should be! No unrelenting destiny dictates that one in every six marriages *must* end in divorce. Men and women dictate that . . . by choosing foolishly . . . by living selfishly . . . by starving love and nursing bitterness.

It could be one in a hundred—or none in ten thousand! For the foundations of happy marriage are the simple foundations of Christian living: love, understanding, sympathy, sacrifice, loyalty, courage, faith. And in our free land those riches can become the possession of every child and man and woman who will seek them where they can be found.

In the Church which invokes God's blessing on marriage is taught the religious truth which guides us to happiness and to God. Our children need the worship, the instruction, the encouragement of the Church. Husbands and wives need them too!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday.

General Duty Nurse

By **LUCY AGNES HANCOCK**

Copyright by Lucy Agnes Hancock Distributed by NEA SERVICE, INC.

THE STORY: Sally Maynard, popular nurse at Linton Memorial Hospital, overhears Norma Holden accuse her of being an "apple polisher." Norma makes a play for intern Jim Hallock but he appears uninterested. On the other hand, he puts himself out to be nice to Sally. Margaret Adams guesses Norma is in love with Hallock and warns her that internes never marry nurses.

ONE o'clock on a calm spring night and the great gray pile famous throughout the County as Linton Memorial Hospital seemed to slumber. Lights were dim and except for the occasional quick step of night nurse, doctor or intern—the sudden cough of a patient or querulous demand for attention, everything was still. Sally Maynard softly closed the door of 214 and slipped into the vacant chair beside Dora Bronson, the floor nurse. She sighed and brushed a stray lock of hair from her forehead.

"Tired?" the girl at the desk asked, sympathetically.

"Not more than usual, I suppose," Sally replied. "But I'm certainly glad 214 is leaving in the morning. It isn't often I'm eager to see the last of a patient; but Mrs. Telford has run me ragged for three solid weeks. There have been times when I longed to inform her what she needed was a maid, not a nurse. Honestly, Dora, that woman never had anything the matter with her and to think she dares take up much needed space here and the services of two of our overworked nurses!"

"Sure. But she's on the Board, remember. Sunderlin's scared to death of her. That's why you got the job—the model nurse and all that." It was said quite without malice and Sally merely grinned and sighed again.

The elevator whirred to a stop. Bess Hamilton, laden with a

acknowledge that it isn't good for man to be alone.

"The Devil himself can quote Scripture," the nurse cried indignantly. "I have no patience with you."

A light flashed on the board. "I'll go," the floor nurse offered. "Probably 196 smelled the coffee and is going to demand some. Well, he isn't going to get it—not this time he isn't."

"GOOD gosh!" applauded Doctor Hallock and turned to Sally. "Somehow I never get a chance to talk to you any more, Sally," he complained. "Are you actually avoiding me—purposely?"

Sally shook her head. "Of course not. Why should I? I'm busy and—well, I'm not particularly keen about breaking rules and—oh—use your head, Doctor Hallock. You know you shouldn't be here. You know how Miss Sunderlin feels about you internes and the nurses being on friendly terms."

"Gosh, Sally!" the young man answered, "I'm no wolf; but I am human and I crave female companionship occasionally. Sunderlin's an old sorpuss—a frustrated old maid."

Sally shook her head. "I don't think so, Doctor," she denied. "I'm sure she feels it the safest method. Think what would happen if some nurse should take your attentions seriously. Not that I suppose for a minute that any of our girls would; but one can never be sure and, you know, you do have a certain—well—sort of seductive way with you." Her grin was disarming and he flushed as he got to his feet.

"Nuts!" he exclaimed shortly and turned to leave just as Dora Bronson came into the corridor from room 196. "You can save your sarcasm, Miss Maynard," he went on angrily, then bent over her for a moment to whisper tensely: "You do hate me, don't you?"

Sally was startled. "Don't be silly," she said sharply. "Of course I don't!" and was vaguely troubled at his soft but triumphant chuckle as she sprinted down the dim corridor to the stairs.

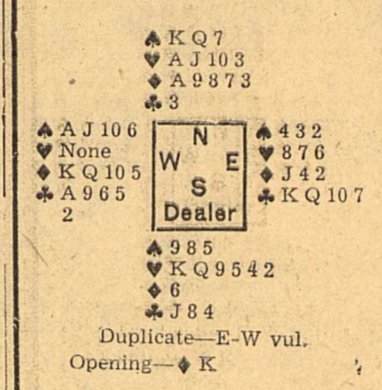

(To Be Continued)

McKENNEY ON BRIDGE

By **WILLIAM E. MCKENNEY**
America's Card Authority

With 44 of the country's greatest players assembled to participate in a world championship event, one would expect only the best of bridge. But experts are human also.

Today's hand from the Masters Individual tournament was bid in various ways, and therefore I have shown no bidding. Three players with the South hand arrived at a five-heart contract, which was doubled and redoubled, and all three of

the experts went down, each finding a different line of play to that end.

The correct procedure is to win the first diamond in dummy with the ace, ruff a diamond in declarer's hand, then lead a spade.

If West ducks, dummy wins with the queen and leads another diamond ruff. Now declarer knows that the diamond suit is going to break. He can pick up the hearts, winning the last in his own hand, and then lead a spade.

West will have to go in and cash his ace of clubs in order to hold the declarer to five-odd.

ROOM FOR RELIGION

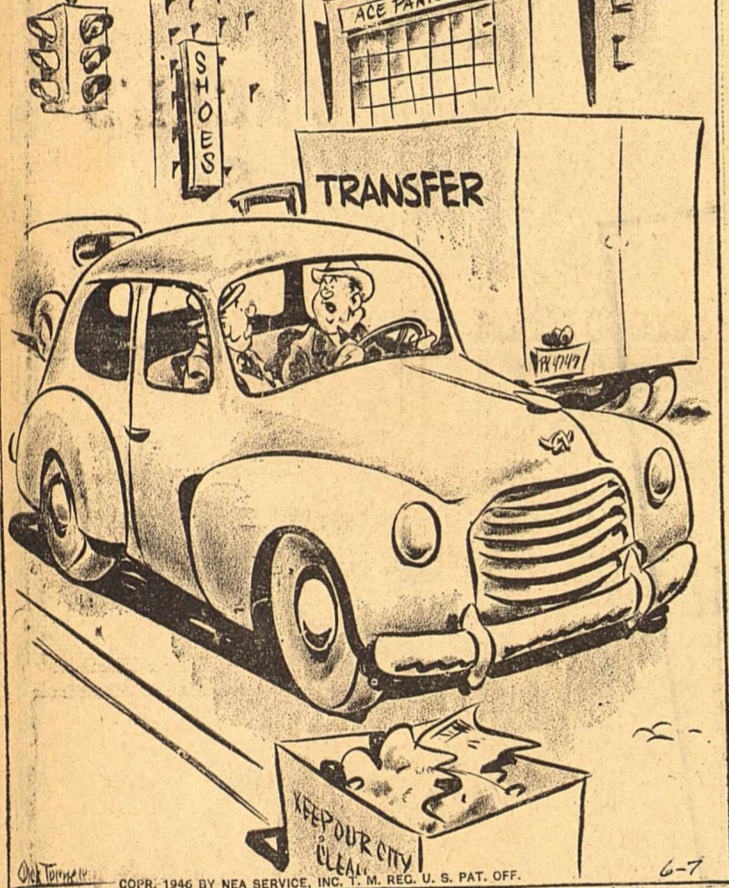

There are 10,000 villages in the United States without churches, 30,000 without resident pastors, and 30,400,000 children under 12 who are receiving no religious instruction.

CONVICT-SUITED BUG

The assassin bug wears a suit of convict stripes. There are about 2,000 species in this family, most of which feed on the bodies of other insects.

Proposed New Borden Distribution Plant

The Borden Company recently purchased a tract of land at the old ball park on West Highway 80 and has announced plans to build a modern distribution plant as soon as materials become available. The building will be similar in design and construction to the building pictured above, one of the company's Louisiana plants.

Borden Company To Erect Modern Distributing Plant In Midland Soon

The Borden Company has purchased a tract of land from the City of Midland at the intersection of West Wall and Missouri Streets and plans to build a modern distribution plant as soon as materials become available. The site is part of the old ball park area.

Pearson Elected Head Of Kermit Lions Club

KERMIT. Fred Pearson, who has served as secretary-treasurer of the club, has been named president of the Kermit Lions Club for the coming year. He succeeds Rev. Fulton Moore.

Other officers elected include the Rev. Strauss Atkinson, pastor of the First Baptist Church, first vice president; Clyde Boone, second vice president; W. C. Hancock, third vice president; Joe Morris, Lion tamer; Roy Carter, re-elected tail twister; and W. D. Cameron, secretary-treasurer.

The lot has a 300-foot frontage, and depths of 310 feet on one side and 370 on the other.

The new plant will be a building of which Midland may well be proud. Manager H. B. Schauer said. New equipment will be installed in the distribution plant. "Our desire and intentions are to work toward the end of building more dairy production in this county," Schauer said, in speaking of the observance of June as National Dairy Month. He pointed out that greater recognition should be accorded the dairymen because they produce basic foods important to the preservation of public health. The present Borden Company

JUNE IS DAIRY MONTH

Emblematic of peace in a peace loving nation, and quietly reminding that dairying is America's greatest industry, the poster pictured above has been chosen as the symbol of June DAIRY MONTH for 1946. It's a familiar scene, as American as the Stars and Stripes. A herd of cows, peacefully grazing over green fields, cows that never heard the roar of hostile guns, that never saw the ravages of war. Such a scene, somehow, symbolizes the American love of peace, home, and good eating.

City's Summer Recreation Program For Boys Attracts Youths Of All Ages

By TANNER LAINE
A good game of ball is guiding the summer recreation program in Midland.

Two groups of boys played in Midland Wednesday. One was a gang in a back alley. The other was a supervised group at the high school.

Ages 5 to 16 Years
Boys from ages 5 to 16 are taking part in the program conducted daily by Barnes Milam and Earl Glassie.

"Take any morning or afternoon, here it is," Johnny Wayne Farris, 10, checking in, saying to Coach Milam: "Please keep this money for me while I play."

The coach will. Craig Duncan, a youngster, rushing up to get his basket, puts his clothes in it, and whirls away to the basket ball court.

Little Danny Parrott, age 5, coming with his big brother to the gym and being allowed to play. He fairly beamed at the supervisor, proudly saying: "Lookie, I

threw the ball and it went up and around".

Five years old mind you, and playing with some of the others.

Jimmy Strickland, 11, of 510 South Fort Worth Street, dashing along with Jimmy Harrison, 11, of 800 North Big Spring Street, to tumble on the mats while Coach Glassie gives them pointers.

This is good stuff for boys. **Play Is Supervised**
This is supervised play and it's free and it's not regimented. It is clean and wholesome and it makes men.

The coaches are on the job from 9 to 11 a. m. and from 3:30 to 5:30 p. m. Night classes in the gym for boys who work will be arranged two nights weekly if desired by the boys.

Don Drummond carries a paper route in the afternoon. But he was on hand to play at the morning session.

George Friday has to work afternoons but he got in 30 minutes of basket ball before going to work. They are all sizes and ages. They group themselves into age groups and teams. There's one about to lose his britches but he's playing and happy. There's another doing a somersault on the mat and grinning like a clown.

Mother Brought Him
There's one, whose mother brought him by the gym and will

come after him two hours later. He's happy. He's a boy and he's got a ball in his hand.

It is all designed to help the youngsters. To give them something to do.

The youngsters check in by card to the supervisors. They take a shower and check out when play is over. The coaches know where the lads are at all times. They watch 'em like hawks but don't boss 'em. They instruct them and help 'em. They teach good sportsmanship and clean language.

Basket ball, ping pong and tumbling are popular now. Later it may be softball, tennis, and bicycle races.

The coaches have notes on the back of the check cards. Larry is going on a vacation in July. Jimmy will have his tonsils out in August. Bobby can't come to play mornings but will be there afternoons. It is all businesslike.

They corner the coach all over town. "Hey Mr. Milam, can I come over there and play?"

"Yes," he says, "it's open to every boy in Midland."

Boys Taking Part
Here are some of the boys taking part. There will be more and more: Burl Timmons, James Stringer, Loren Roberts, Jerry Lee Green, John Blackman, Bobby Jim Brown, Voyt (Corky) Moss, Snooky Roberts, Thomas White, Patrick Anderson, Robert Parrott, Richard Burke, Jack Anderson, Charles Sutton, Earl Chapman, Yates Brown, Robert Breneman, Mike Milam, Jerry Rousey, Vernon Mitchell, Bobby Rousey, Dave An-

gus, Charles Crutes, Charles Chambers, Robert Burke, Billy Brown, Haskell Dunn, Gerald Brunson, and

L. D. Whigham, Jerry Webb, Alvin Vaughn, R. O. Storey, John Steinberger, Clyde Smith, Jimmy Lineberger, Don Johnson, Larry Friday, Sammy Parker, Roland O'Donnell, Joe Williams, Gaylon Strickland, Felix Sommers, Stan Coker, James Cox, Russell Cox, Giffert Alstrin, Bill Aldrich, Harry Harrison, Doyle Brook, and Ronald Allison.

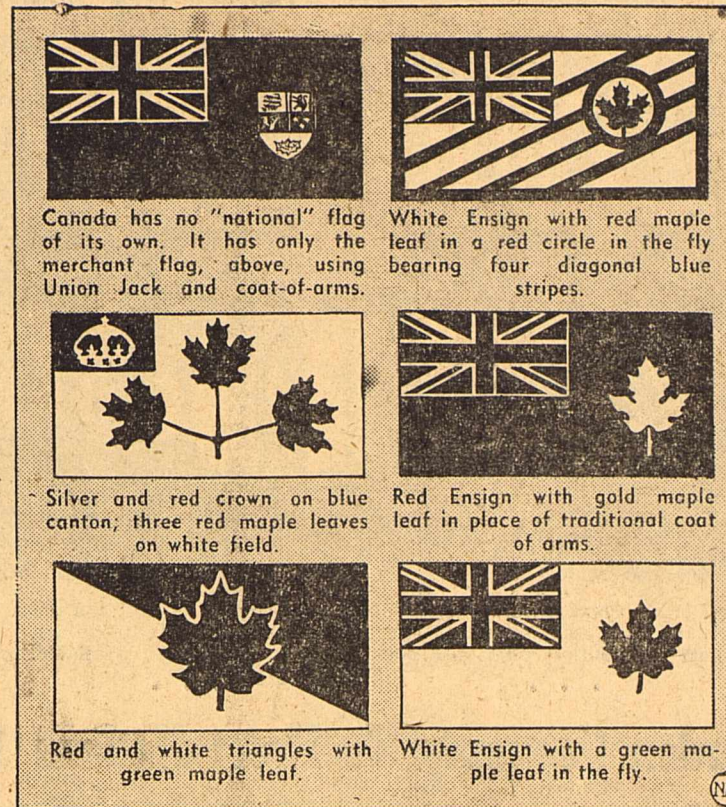

Others join daily and many more will enroll when Vacation Bible Schools are over.

Ford Plans To Build \$50,000,000 Center

DEARBORN, MICH. — Henry Ford, II, president of the Ford Motor Company, has announced that the company plans to start construction, as soon as regulations permit, on a new research and engineering center in Dearborn which will be one of the largest developments of its kind in industry.

The project will take eight years to complete, and will require an estimated total cost in construction and equipment of \$50,000,000. It will be located on a 500-acre tract west of Dearborn Inn, and will comprise a primary group of eight buildings. It will bring into close geographical relationship all research, development and engineering activities of the company's Ford, Mercury and Lincoln divisions. These eight buildings will be grouped around an artificial lake 800 feet long and 350 feet wide. The buildings will be of modern design featuring steel and concrete construction and limestone facings throughout.

Finalists in Canada's Flag Derby

Canada has no "national" flag of its own. It has only the merchant flag, above, using Union Jack and coat-of-arms.

White Ensign with red maple leaf in a red circle in the fly bearing four diagonal blue stripes.

Silver and red crown on blue canton; three red maple leaves on white field.

Red Ensign with gold maple leaf in place of traditional coat of arms.

Red and white triangles with green maple leaf.

White Ensign with a green maple leaf in the fly.

Canada, like other members of the British commonwealth of nations, has no national flag of its own, and uses the British Union Jack as its official banner. Canadians have long wanted their own flag, and a 36-man Parliamentary committee has been examining new designs for many months. The 2500 ideas submitted have been winnowed down to five of those pictured above. (The sixth is Canada's present merchant flag, used on ships.) From these five designs the committee will soon make a final choice. During the war the Canadian Active Service Forces adopted and flew a distinctive battle banner which many thought would become the national flag. Apparently it is out of the running.

The original tailor shop of President Andrew Jackson is housed in a brick museum in Greenville, Tenn.

William Blount, one of the first two senators from Tennessee, was the first federal official to be impeached. He was charged in 1797 with plotting to aid Great Britain in seizing Florida and the Louisiana Territory. The impeachment case was dropped after he was expelled from the Senate.

"I've got a job!"

● A brand new telephone operator... that's me. Just started today.

Like it? Yes, indeed...especially one thing...everybody is so friendly. I felt at home right away. It's a nice clean place to work, too; pleasant surroundings, and the switchboard is really fascinating. I'm going to enjoy working for the telephone company.

And here's a tip, if you're looking for a job. More operators are needed right now. Experience isn't necessary because you learn as you go along.

The chief operator at the telephone office will be glad to tell you all about it. Why not see her?
