

# Truman Throws Weight Behind Merger

## Maritime Unions Mar Brief Labor Peace With Plans For Fall Strike

## 25,000 Bushels Of Relief Wheat Destroyed By Fire At Hereford

HEREFORD — (AP) — Twenty-five thousand bushels of wheat were lost Saturday when fire destroyed two elevators of the Fraser Miller Company plant at Hereford. The loss was estimated at \$195,000. The grain destroyed was destined for United Nations relief.

Starting in the elevator cupola about 11 p. m. Friday, the blaze raged three hours before being brought under control by fire fighters from four towns and a nearby Army post.

Hereford pumping units were unable to combat the blaze in the 105-foot towers because of insufficient water pressure. Exploding grain dust and falling sheets of white hot metal spread the flames rapidly.

The four-story mill plant, which was near the burning elevators, was saved. The plant is owned by Alton Fraser. There were no injuries reported.

### Outlines Atom Policy

(NEA Telephoto) Bernard Baruch, U. S. representative and newly named chairman of the United Nations Atomic Energy Commission, outlined the U. S. policy for control of atomic weapons as he spoke before the first meeting of the commission in New York City. Plans called for placing all "dangerous" atomic activities under a global agency backed by ironclad enforcement powers.

## Molotov Changes Stand On Austria Agenda Question

PARIS — (AP) — Soviet Foreign Minister V. M. Molotov agreed Saturday to add Austria to the foreign ministers conference agenda, then insisted that the Italian political situation be watched to prevent a resurgence of Fascism into full scale civil war, American and British informants said.

In a sudden and surprising concession, Molotov reversed Soviet policy as expressed throughout sessions last month and consented to study Austria at "a problem."

Molotov objected to confining the Austrian question to the American-sponsored draft treaty which Washington had circulated among the other powers—France, Russia and Britain.

He maintained that recent events in Italy reflected an attempt by monarchists and fascists to overthrow the republic, and cited the declaration of Moscow in 1943 to justify Allied intervention in Italian affairs to prevent a rebirth of fascism, American informants said.

In 1943 the foreign ministers of Britain, the United States and Russia issued a declaration on Italy saying that fascism must be destroyed and the Italians given an opportunity to have representative government.

### Backers Of Disputed Bill Call Off Battle

WASHINGTON — (AP) — Backers of the vetoed Case Labor Disputes Bill reported Saturday that they have called off their fight to revive the controversial measure until probably next year.

They said they will work instead for passage of a modified version of President Truman's emergency strike control legislation, which would give him power to take over essential strike-bound industries.

## Canada Convicts Communist MP Of Aiding Spies

MONTREAL — (AP) — Fred Rose, only Communist member of the Canadian Parliament, was convicted Saturday night on a charge of conspiring to communicate wartime secrets to Russia through a Moscow-directed espionage network.

The jury deliberated only 31 minutes before reaching a verdict in the three-week-old case.

The court will sentence Rose next Thursday. He is liable to a maximum prison term of seven years.

The member of the House of Commons also is scheduled to stand trial next September on four counts of violating the official secrets act in connection with the espionage case. Each count of violating the official secrets act also carries a maximum sentence of seven years in prison.

The conspiracy charge accused Rose, among other things, of receiving from Dr. Raymond Boyer, a Canadian scientist, the secret formula for the super-explosive, RDX. Boyer also is under indictment as a co-conspirator.

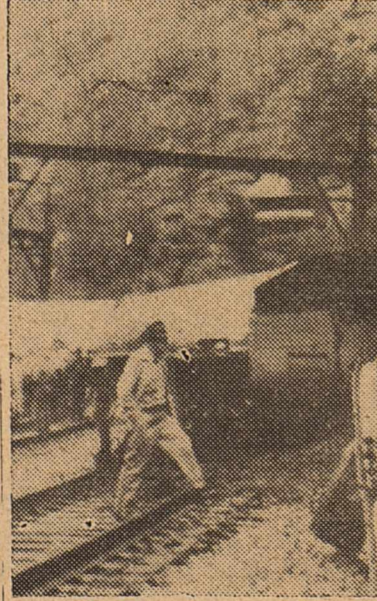

The star prosecution witness during the trial was Igor Gouzenko, former code clerk in the Soviet embassy in Ottawa. Gouzenko removed information from the embassy which he turned over to Canadian officials and which resulted in discovery of the espionage ring.

### Man Questioned In Slaying In London

LONDON — (AP) — Scotland Yard detectives questioned a man picked up at Brighton in tracking clues Saturday to the mysterious slaying of attractive Miss Elizabeth MacLindon, 40, former royal housekeeper to King George VI of Greece.

Her body, with a bullet wound in the neck, was found Friday night in a fashionable London house which she was preparing for the king's sister, Princess Catherine.

### Fast Passenger Train Overturns

(NEA Telephoto) A buckled rail was believed responsible for this train wreck at Powhatan, Va. The Norfolk and Western's crack steam-liner, "The Powhatan Arrow", overturned on this curve, killing the engineer and fireman and injuring a number of other persons. The train was on its eastbound run from Cincinnati to Norfolk when the tragedy occurred.

## Committee Calls Big Fund And World Meetings

WASHINGTON — (AP) — The CIO-supported Committee for Maritime Unity, with one dock strike just averted, announced Saturday night plans for a \$2,000,000 "strike fund" and for world-wide meetings in preparation for new contract negotiations September 30.

The nation's maritime union workers on dock and ship began a back-to-work movement Saturday at some points, but thousands remained idle as union memberships voted on ratification of the last minute settlement reached in Washington in the wage dispute that had stalled vital shipping.

Settlement of the dispute was announced just before the midnight deadline Friday night—but not in time to avert the scheduled walkout of the seven-union committee for maritime unity.

Conferences Called

The CMU, headed by Harry Bridges and Joseph Curran as co-chairmen, disclosed plans for "joint conferences with the maritime unions of other nations" during the summer preparatory to a new maritime crisis next fall.

This indication of future labor front difficulties came as peace was just returning to the nation's waterfronts. The Labor Department was viewing the strike outlook, with Friday night's maritime dispute settlement as background, as the best in months.

Louis Goldblatt, CMU secretary, announced that the CMU executive committee had voted on the heels of the settlement—to build a \$2,000,000 strike fund.

Before the CMU made its omnibus announcement of future plans the capital had looked at the labor situation with fresh optimism.

"It looks better now than it has for some time—very much better," said Howard T. Colvin, associate director of the U. S. conciliation service. "There are not over a dozen strikes in the entire country of sufficient national importance to cause any excitement at all."

Yet the threat of a new avalanche of strikes—and a renewal in September of the just-averted maritime crisis—clouded the labor horizon.

Want More If OPA Goes

Union leaders have warned of a new race for higher wages if price controls are abandoned or if OPA's powers are clipped to the extent that living costs take a sudden upward jump.

Bridges and Curran, co-chairmen of the CIO-dominated Committee for Maritime Unity, made known CMU plans for joint efforts next fall to boost wages for Bridges' West Coast dock workers.

They said they were disappointed in the 22-cent-an-hour pay boost Bridges' CIO Longshoremen's Union won in frantic Labor Department negotiations which cancelled plans for a complete, all-coast maritime walkout late Friday night.

There wasn't a single strike of any description still going on a nationwide scale, but several of lesser scope still defied settlement.

## Officer Convicted In GI Beatings

BAD NAUHEIM, GERMANY — (AP) — A military court Saturday convicted Lt. Grancille convicted of permitting "unauthorized punishment," including beatings with clubs, on American soldier prisoners at Lichfield, England, fined him \$250 and administered a reprimand.

The tall blond 27-year-old lieutenant from Oklahoma City, Okla., the first officer to be convicted in the Lichfield trials, flushed as the verdict was announced by Col. Mastin G. White, Tyler, Texas, court president.

But the former Oklahoma University student's relief became increasingly obvious as he heard the court strike out one after another of the original counts against him. He had been accused of authorizing and permitting cruel and unusual punishment, including beatings of 38 specifically named prisoners.

The court modified radically the original charge, eliminating all reference to "cruel or unusual punishment, and clearing him personally of aiding in any improper punishment.

The court held him guilty of "wrongfully and unlawfully performing his duties as a prison officer in that he authorized imposition of unauthorized punishment, which punishment consisted of striking prisoners with clubs, forcing them to stand with nose and toes against the wall for protracted periods and requiring them to endure silent mess."

## Woman Found Murdered In Blazing Home

LANGHORNE, PA. — (AP) — Mrs. Peggy Shetland, 48-year-old club-woman, was found slain Saturday in her blazing suburban home, Anthony Russo, chief of Bucks County detectives, reported.

She was the wife of Walter A. Shetland, rubber company executive at Trenton, N. J., Russo said.

He reported a "teen-age youth was arrested several hours later and held without charge in connection with the crime.

The detective quoted the youth as giving this version of what Russo described as "one of the most brutal crimes in Bucks County history."

The assailant entered the Shetland home where Mrs. Shetland was alone. He grappled with her and she picked up a stove poker. He grabbed the poker, knocked her unconscious and took her outside to the lawn where he attempted to attack her and beat her severely.

The assailant then carried Mrs. Shetland to the rear of her home and threw her body down a stairway to the basement.

Russo said the slayer set fire to the home, using kerosene to start two blazes.

## Two Persons Killed In Odessa Car Crash

ODESSA — (AP) — In an automobile crash here Friday two persons were killed and four were injured.

The dead were D. R. Hall, 50, and A. W. Jordan, 51. Injured were J. M. Foster, Earl Davidson, J. B. Carroll and A. C. Williams. All were from Odessa.

## Durham Seeks Office Of Constable Here

William C. Durham, a resident of Midland seven years and of West Texas 15 years, has announced his candidacy for the office of constable of Precinct 1.

Durham was honorably discharged from the U. S. Navy in October last year. He is 31 years of age, married, with three children. He formerly was a member of the Midland Police Department as a motorcycle officer and patrolman.

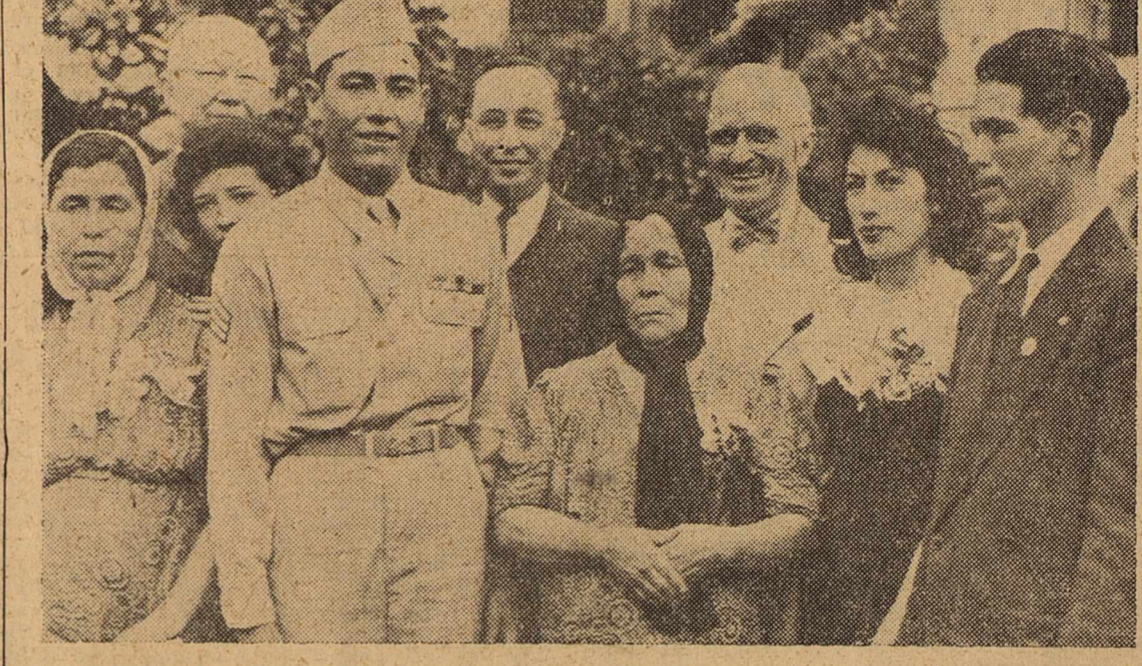

He has been employed by Dunagan Sales for several years as a salesman.

Durham said: "I realize the duties and responsibilities of the office I seek and if elected will do my utmost to fill them. I appreciate the friendship of Midland people and will do my best to merit this and their respect and confidence."

## Tropical Storm Off Galveston Reported

NEW ORLEANS — (AP) — The small tropical storm in the Gulf of Mexico was located Saturday night by the weather bureau as centered 125 miles east of Galveston. The bureau's advisory said that the disturbance, described as weak, was attended by winds up to 35 miles per hour in squalls over a small area to the north and east of the center. It was moving west north-westward about 12 miles per hour, the bureau said.

## Texas Sergeant Receives Medal Of Honor

(NEA Telephoto) The Ruiz family of Barstow turned out en masse for the Medal of Honor presentation to Sgt. Alejandro Ruiz at the White House in Washington. Shown with President Truman outside the White House are: left to right: front row, Mrs. Anita R. Valesquez, mother of the sergeant; Sergeant Ruiz, wearing the Medal of Honor; Mrs. Selva Gonzales, grandmother of the sergeant; his bride, Eliza Ruiz; and his cousin, Marcus Leon. Back row, left to right: Representative Ewing R. Thomson of El Paso; the sergeant's sister, Lucia; Representative Antonio M. Fernandez of New Mexico; and President Truman.

## Sizzling Weather Strikes Midwest; Texas Feels Heat

By The Associated Press

Southern and central plains states baked Saturday under a new heat wave, the U. S. Weather Bureau reported Saturday night, with a forecast of more of the same. The heat centered on Kansas and Nebraska, with a maximum reading of 110 degrees at Phillipsburg, Kan.

While cloudy skies and showers shielded many adjacent states, temperatures soared to 108 at Ellis and Concordia, Kas., Lincoln, Grand Island and Burwell, Neb.

The blanket of heat spread into Oklahoma, where temperatures ranged from 95 to Guymon's 100; into Eastern Colorado, South Dakota and Missouri.

Saturday was a sizzler with a sunshine surplus.

Quanah, in North Texas, reported 102 degrees, Denison registered 100 and Clarendon 99.

The only rainfall was a trace at Houston.

Some of the temperatures included: Abilene, 97; Amarillo, 98; Austin, 94; Big Spring, 98; Brownsville, 93; Dallas, 98; Houston, 96; San Antonio, 94; Fort Worth, 94; Sulphur Springs, 95; Tyler, 95; Waco, 96; Brady, 94; Corpus Christi, 90; Laredo, 95; Del Rio, 94; Galveston, 93; Fort Arthur, 92; Wichita Falls, 98, and Lufkin, 95.

## End To Ku Klux Klan In Georgia Planned

ATLANTA — (AP) — The State of Georgia, where the modern Ku Klux Klan was born in 1916, aims to break the national organization of the hooded order in a suit to be filed next week, State Attorney General Eugene Cook said Saturday.

Declaring at a press conference that Atlanta was the "national headquarters of the Ku Klux Klan," Cook said that the organization operated nationally under its Georgia charter.

It is this charter the state will seek to revoke in a civil court suit. One of the grounds for revoking the charter, Cook said the state would contend, is "unlawful assemblies" of the organization.

## Hike In Butter Price To Be Effective Monday

WASHINGTON — (AP) — An OPA official said Saturday night that retail price increases of 11 cents a pound for butter and six cents a pound for cheddar cheese will become effective Monday.

OPA will make a formal announcement then, said this official, who withheld use of his name.

The higher prices were authorized May 29 by Stabilization Director Chester Bowles.

### Weather

Continued warm weather Sunday.

## American Fliers Denied Right To Defend Mihailovic

BELGRADE — (AP) — A defense request that American aviators be permitted to testify for Gen. Draja Mihailovic was refused by the military court Saturday after the bearded Chetnik leader himself declared he did not agree "in principle" with such a move.

Mihailovic also repudiated his testimony Friday admitting collaboration. He said he was exhausted when he answered "yes" to questions put to him by the prosecutor the day before.

In an oral decision denying the request to summon the American witnesses, the court president asserted that men who were in Yugoslavia only a short time would not be as valuable as witnesses as those who knew the situation thoroughly.

Defense Attorney Jovan Djonovic had proposed that the court summon as witnesses Capt. Walter Mansfield of New York, a member of the U. S. military mission attached to Chetnik headquarters; Mike Merkur and J. K. Levin, air-men rescued by the Chetniks; and W. L. Rogers, president of the committee for the defense of Mihailovic. Mansfield was the first U. S. officer parachuted into Yugoslavia.

## Political Activity Centers Around Constable Race As Filing Is Ended

Political interest in Midland County was focused Saturday on the office of constable of precinct one, as the deadline for filing of candidacies for county and precinct offices was reached at midnight. The Democratic primary will be held July 27.

One announced candidate withdrew from the race for the precinct office held by Constable Bill Morelan, who did not file for reelection, and two persons announced their candidacies. W. W. Merritt said Saturday he was withdrawing his name from the list, and expressed his thanks for the interest shown in his race.

William C. Durham announced his candidacy for the office Friday, and W. H. Wesson filed his name with County Democratic Chairman J. M. DeArmond Saturday.

Justice of the Peace B. C. Girdler filed for reelection with the committee chairman Saturday.

Nettve C. Romer is unopposed in her race for reelection as district clerk, and Sheriff Ed Darnell has no opposition. Other candidates for reelection who do not have opposition are Joe Mims, county attorney; J. H. Fine, tax assessor-collector; Frank Midkiff, county commissioner of precinct 3; and A. G. Bohannon, commissioner of precinct 4.

## LATE NEWS FLASHES

MADRID — (AP) — Authorized Spanish sources said Saturday night that negotiations were under way to reopen the French frontier, closed on French initiative since March 1, except for the month of April.

PARIS — (AP) — The minister of the interior said Saturday night in a communique that apparently an international traffic in arms crossing France had been uncovered with the finding of 40 tons of guns and ammunition in a chateau near Bordeaux.

CLEVELAND — (AP) — Alexander F. Whitney, president of the Brotherhood of Railroad Trainmen, said Saturday night he had employed an investigator to dig into what he termed "Pendergast politics" in Missouri for ammunition to use against President Truman in opposing him for re-election.

## Army-Navy Cabinet Head Requested

WASHINGTON — (AP) — President Truman asked Congress Saturday to merge the armed forces under a single cabinet officer and give the Air Forces more responsibility than the Navy wanted that branch to have.

The President, deciding a disagreement between the secretaries of War and Navy over the unification details, ruled generally in favor of the Army position on three points they told him they could not resolve. He went most of the way with the Navy on the fourth major point in dispute.

Along with the letter to military and naval committee chairmen of the House and Senate setting forth the President's plan for the merger, the White House made public a letter to Secretaries Patterson and Forrestal advising them that the disagreements are "herewith decided."

Truman told the Congressional leaders that the two secretaries, together with Gen. Dwight D. Eisenhower, Army chief of staff, and Admiral Chester W. Nimitz, Chief of Naval Operations, had "assured me that they will support such a plan" as the one he offered.

Army Victory

Also made public was the report of the cabinet members, made May 31, which set out their agreement on eight of the 12 points in Truman's proposal to Congress, and their varying positions on the other four.

The President's ruling for a single department under one cabinet head was strictly an Army victory.

"Only if there is this unity of structure, headed by an individual with power of decision," the War Department view said, "can we achieve action where there is now inaction, concerted policy where there is now disjointed policy, and economy of manpower, resources and money where there is now waste of them all."

The Navy said it recognized the need for greater integration but that it favored unification "in a less drastic and extreme form." It said a single department would "involve sacrifices of sound administrative autonomy and essential service morale."

The President came closer to Army desires than the Navy's ideas also in his decision favoring three coordinate branches in that department—one of them for air—and each having a non-cabinet secretary.

Only on the question of the status of the Marine Corps, did the President take the Navy's advice in preference to the Army's.

Marine Corps Retained

Under the President's ruling, Air Force personnel would operate land based planes for Naval reconnaissance, anti-submarine warfare, and protection of shipping. The Navy would keep its own carrier, ship and water based craft, Marine Corps planes, and some others.

Truman held, much in line with Navy contentions, that the Corps should conduct limited land operations in seizing or defending advanced bases and prosecuting a naval campaign. It would be "maintained as a constituent part of the Naval service."

The President told the two secretaries that "there is no desire or intention to affect adversely the integrity of any of the services."

"It is my hope that the Congress will pass legislation as soon as possible effecting a unification based upon these 12 principles," the President said.

As a concession to Navy objections, the new program drops the recommendation Truman made for a single military chief of staff in his message last December 18.

## Merritt Withdraws From Constable Race

W. W. Merritt Saturday withdrew his name from the list of candidates for constable of precinct one. He had filed his candidacy a short time ago.

Merritt said that his action was taken after great consideration, and that he wished to thank the voters of the county for their support and encouragement in his campaign.

"I appreciate very much the interest shown in my candidacy," he added.

## Texas Have Purchased Fifth Of Bond Quota

DALLAS — (AP) — Texas already has bought one-fifth of its \$33,000,000 quota in Series E bonds in the U. S. Treasury's savings bonds drive.

With the campaign only nine days old, sales through June 14 were reported at \$6,429,123.75, a total of \$9,206,226 in all U. S. savings bonds, according to the Treasury's figures.

### Inaugural Banquet For JayCees Is Scheduled Friday Evening At 8

Several state JayCee officials are expected to be present at the inaugural dinner to be held at 8 p. m. Friday evening in the Crystal Ballroom of the Scharbauer Hotel when incoming officers and directors of the Midland Junion Cham-

ber of Commerce will be installed.

The event will be a "ladies night" occasion and 200 persons are expected to be present.

Incoming leaders include A. A. (Poesty) Jones, president; Bill Neely, first vice-president; Tanner Laine, second vice-president; Ted Thompson, secretary-treasurer.

New directors for a two-year term are Ernest Neill, Dr. Henry Schlichting, Frank Woods, Lester Gifford, Clyde Garrison, Newnie Ellis and Murray Pasken.

Holdover directors are Tad Crane, Graham Smoot, L. W. Sandusky, and Harlan Howell.

The retiring president, Hubert Hopper, becomes a member of the board of directors automatically.

Results of a membership contest between Neely's "Blue Jays" and Laine's "Red Cees," conducted the past two months, will be announced at the dinner. The losing side will entertain the winners with a barbecue soon.

### Will Model Rodeo Setup Of Midland

Attesting the national recognition accorded to the plant owned by Midland Fair, Inc., which presents the annual Midland World Championship Rodeo, is a letter to the Chamber of Commerce from the Douglas, Ariz., Rodeo Association asking for plans and specifications of Midland's setup.

The letter says the Douglas association is preparing to build a permanent rodeo field and stadium and desires to model it after Midland's because in its opinion the plant at Midland, from the standpoint of ease of operation and entertainment presentation, is superior to any in the country.

Other cities also have appealed to Midland Fair, Inc., for plans by which to construct rodeo setups like the one here.

### SCOOTER IS STOLEN

A motor scooter, parked by Louis Raines in front of a theater in Midland Friday night, was stolen. Police were asked to search for the vehicle.

### Stir Of Departure Activities Mark Deactivation At MAAF

A hub-bub of military personnel moving their personal gear and exchanging farewell greetings marked the official closing of the Midland Army Air Field Saturday as the former world's largest bombardier school went on a temporary inactive status. About 75 of the post's 220 officers and enlisted men departed for other assignments Saturday morning, and 60 others will leave within a short time.

Col. Robert W. Warren, commanding officer since April 15, will join the exodus Monday when he will go to Adams Field, Little Rock, Ark., for duty in connection with the advancement of the Organized Reserve Corps of the Army.

Col. Norman B. Olsen is expected to arrive soon from Randolph Field to assume command of the base. The Midland Army Air Field now is under the jurisdiction of Goodfellow Field, San Angelo.

Within a few days only one enlisted man will remain at the field, with about 30 officers being retained for an indefinite period to aid with the inactivation work and about 50 others remaining to operate the various functions of the field. Approximately 50 civilian personnel will remain here for an indefinite period. The enlisted man will be assigned to recruiting duties.

The classification of "temporary inactive status" will enable the field to be reactivated within 30 days, it was reported.

"I have thoroughly enjoyed my stay in West Texas," Colonel Warren said Saturday. "I want to express my thanks and appreciation to the people of this area who have cooperated with the personnel here during the operation of the field."

Colonel Warren was assigned to the base for a few days in February, then was re-assigned to Randolph Field. He is a 1928 graduate of West Point, and during the war was with the 8th Air Force in England, in command of the 96th Bomb Group of B-17 bombers. Before going overseas he was stationed at the Big Spring field for a year.

### Dysentery Cases Increasing Here

Bacillary dysentery, termed a serious health menace, climbed last week, reports of the City-County Health Unit indicated Saturday. Nine cases were reported during the week, as compared to four the previous week and one two weeks ago.

The incidence of measles, which had shown a decline last week over the preceding week, again was rising. The unit reported 32 cases this week as compared to 28 last week and 75 the preceding week.

Eight cases of chicken pox, seven more than two weeks ago, also were reported. Three influenza cases also were recorded last week.

### Special Classes For Foodhandlers Slated

Employees of Midland eating and drinking establishments who were unable to attend the recent foodhandlers school here are urged to attend special classes to be conducted in the City-County Health Unit Tuesday. Persons who missed sessions of the recent school and did not qualify for a certificate are especially urged to attend.

Persons completing the classes will become eligible for a foodhandlers license as required by city ordinances.

M. Graham Smoot, acting director of the health unit, has announced that the special classes will be held Tuesday of each week. Morning sessions open at 9:30 a. m. and afternoon classes at 2:30 p. m.

### Sul Ross Offering Livestock Courses

ALPINE—Outstanding courses in livestock and range management are being offered through the animal husbandry and biology departments of Sul Ross State College, A. J. Bierschwale, head of the animal husbandry department at the college, reports.

Bierschwale will be instructor in some of the courses of range livestock management with other instructors being Dr. Omer E. Sperry, head of the biology department, and W. E. Williams, who will devote part time to one or more courses.

Members of the Soil Conservation Service, Marfa, have agreed to give assistance in several courses by discussing practices in conservation of water, soil and range vegetation which have proven best for this section of the state, Bierschwale says.

### Noble Is Honored With Award At TU

Receiving its annual award suspended during wartime, Sigma Delta Chi, honorary journalism fraternity at Texas University, recently named William G. Noble, son of Mrs. Susie Noble of Midland, outstanding graduating journalist of the year.

Noble, editor-elect of The Daily Texan, student newspaper, was presented a gold key.

When he assumes editing duties in July, Noble also will begin work on a master's degree in government. He served as night editor on the Texan during the past year and associate editor of the Texas Ranger before he went into military service with the Air Corps.

### 171 Divorce Cases On Court Docket

The 70th District Court moves to Odessa Monday, where 171 divorce cases are on the docket.

Officials are Judge Cecil Collins, Attorney Martell McDonald, and Reporter Boone.

### Nurses' Aides Class To Be Started Monday

A class for nurses' aides will be started at the Western Clinic Hospital at 2:45 p. m. Monday, it was announced Saturday. Classes will be held daily Monday through Friday of each week, with Mrs. Ralph Day, R. N., as instructor.

Persons interested in working full or part time or as "extra" nurses are invited to attend.

Mrs. Day formerly was an instructor in nursing art in the U. S. Cadet Nursing Corps at Georgia Baptist Hospital, Atlanta.

### Fathers In Army, 21-Month Men Are To Return To US

WASHINGTON —(P)—The War Department announced Saturday night that it had ordered the return from overseas of non-volunteer enlisted fathers and men with 21 months or more service.

The department also said it had authorized commanders in this country to discharge as surplus non-volunteer enlisted men with over 21 months service.

The dual action was taken, the department declared in a statement, prior to final decision of congress on the Selective Service Act, in order not to interrupt the flow of men for discharge and to fill returning troop ships which now run on regular schedules.

The greater part of the non-volunteer fathers will be brought back to the United States by August 31, the department estimated.

It said that the approximate number of non-volunteer enlisted fathers totals 133,000, situated as follows: 77,000 in Pacific areas, 28,000 in the zone of the interior, 18,000 in the European theater of operations and 10,000 in other overseas theaters.

A ban on inducting fathers is included in the compromise extension of selective service now pending before a House-Senate conference committee. The legislation also includes a provision that the service of any inductee shall be limited to 18 months.

The department had previously advised Congress that if selective service was extended and replacements authorized, it could arrange to bring home the fathers, and others with comparatively long periods of service.

# It's Playoff Week In Softball League As Torrid Half Ends

It's playoff week in the JayCees City Softball league and "inter-sectional" week for the girls league.

Tuesday night the fireworks began in the best-two-out-of-three playoff series as the two top-place winners in both Red and Blue circuits start battling to see which will be declared winners for the first half of league play and thus qualify for the last-of-the-season Shaughnessy. The second contests will be held Thursday and the third, if necessary, are set for Friday.

The MAAF nine definitely was in with the bunting in the Red family with the playoff contestant to be the Oil Scouts who beat Equitable Life in the second game of a second-place playoff Saturday night 13 to 7. The Scouts won the first game Thursday, 12 to 4.

In the Blue circuit it will be The Reporter-Telegram against O'Neal's 66, each team having won eight games and lost two in first half competition.

Monday night brings two exhibition games: Mackey Motors vs. Texas Electric and the JayCees vs. the Odessa All-Stars.

**Odessa To Invade**  
In the girls league, Durrell and Grammer-Murphy will play at 7 p. m. Wednesday. Then at 8:30 p. m. a combination team from Crawford Hotel and Midland Drug will swap hits and runs with an invading Odessa club. Odessa recently beat Crawford Hotel in a game at Odessa. The home girls hope to revenge their loss on the return engagement.

Reviewing the week: R-T beat O'Neal's 5 to 1. JayCees nudged City Bus 14 to 10. Oil Scouts edged Burl's One-Stop 6 to 5. Texas Electric bumped Elder 20 to 14. Crawford Hotel beat Grammer-Murphy 27 to 18. Midland Drug outlasted Durrell Insurance 23 to 14. The Oil Scouts downed Equitable Life 12 to 4. And The Reporter squeezed a win from MAAF 5 to 4.

Playoff games this week will be described over the Dunagan Sales sound system. First game time each night is 7 p. m. and second game at 9 p. m.

## American Girl Tennis Stars Sweep Tourney

WIMBLEDON, ENGLAND—(AP)—Four good-looking American girls, completed a clean sweep of the Wightman Cup matches with Britain Saturday as the series was resumed after a six-year wartime recess.

It was the first time since the inaugural year, 1923, that seven matches, five singles and two doubles. This 1946 combination won every match in straight sets, and allowed the Britons to carry only one of the 14 sets to deuce.

With powerful serves and smash-volleys Pauline Betz of Los Angeles, Margaret Osborne of San Francisco, Louise Brough of Beverly Hills and Doris Hart of Miami completely overwhelmed the British girls.

The honor of winning the deciding match went to Miss Brough. She won at 8-6, 6-3 over Joan Curry, who thus earned the slim consolation of being the only British player to carry a set to deuce.

## Chicago White Sox Hand Red Sox Third Straight Loss, 7-6

CHICAGO—(AP)—Dave (Boo) Ferriss suffered his first pitching defeat in 11 starts Saturday as the Chicago White Sox beat Boston's Red Sox 7-6, for the Red Sox's third straight setback and their longest losing streak of the season.

The White Sox, blasting Ferriss from the mound with four runs in the third inning, benefitted from some able relief work by Bill Dietrich in the ninth to grab their fifth straight win.

The Red Sox drove Starter Joe Haynes from the mound during a 13-hit attack which included Bobby Doerr's eighth homer, and chased Ralph Hamner to the showers in the ninth to pick up their sixth marker.

Dietrich, however, came in with one out and proceeded to smother the Bostonians without further damage to save the triumph for Haynes.

Ted Williams paced Boston's ineffective attack with three-for-four, including two singles and a double.

The score: R H E  
Boston.....100 200 021—6 13 2  
Chicago.....104 200 008—7 10 2

Ferriss, Dreisewerd, Dobson, Klingner and Wagner; Haynes, Hamner, Dietrich and Tresh.

"Son, grip your bat firmly, keep your eyes on the ball, and step into your hit," says Coach Barnes Milam to "Sonny" Procter as Stan (Chubby) Coker squats to catch. Learning to play softball the right way is only one of many activities of the boys summer recreation program now in progress at the high school under supervision of Milam and Coach Earl Glassie. More than 155 boys are taking part. School age boys have morning and afternoon sessions daily and include ping-pong, basketball, relays, tumbling, boxing and other sports on their agenda. L. D. Whigham and a couple of other lads are looking through the screen backstop as Milam coaches Procter.

## Attendance At Major League Games May Double Old Record

By JOE REICHLER  
Associated Press Sports Writer  
The pre-season prediction that baseball was in for its biggest year financially has been borne out with the disclosure that with only one-third of the season gone, exactly 6,298,060 fans—more than twice last year's attendance at this corresponding date—have paid their way into the 16 major league ball parks.

Not only is a new attendance mark for the year a virtual certainty, but if the fans continue to flock to the games at the same rate, last year's record breaking attendance of 10,951,502 may even be doubled.

As the majors took a one-day "vacation" while the inter-sectional rivals prepared to clash for the fourth time, the Yankees' amazing home total of 1,113,849 for 34 home games was much the best. Never before has any team hit the million mark at this early date. In all of their 77 home tilts last year, the Yanks attracted only 881,835 fans.

Already the Bronx Bombers are within 175,573 of the all-time American League high which they set in 1920 with 43 games remaining, they are reasonably certain to surpass the major league mark of 1,485,166 by the Chicago Cubs of 1929. Four times this season the Yanks topped 60,000 with their 68-193 of May 12 their high water mark. In four contests under the lights, they drew 230,587.

The American League leading Boston Red Sox, with Teddy Williams and Dave (Boo) Ferriss as their main attractions, rank second to the Yankees at the gate with 621,600 in 34 games. This total already tops the Red Sox entire home attendance last year when they drew 603,794 for 77 home engagements.

The Oil Scouts won the sugar game of their playoff with Equitable Life Insurance Saturday night, 13 to 7, to nab second honors in the Red league and go into the first half Shaughnessy against MAAF.

Last Thursday the Scouts banged Equitable, 12 to 4, in the first game of a two-out-of-three playoff.

Equitable had a brief lead in the Saturday night fracas. The insurance team tallied three runs in the second inning. The Scouts were scoreless until late hit when they began to click. Gayle hit two homers for the Scouts.

The score: R H E  
Oil Scouts.....001 504 3—13  
Equitable.....030 021 1—7

MEXICO AGENTS ON EMERGENCY DUTY  
MEXICO CITY—(AP)—Seventy federal agents, and all of the Federal District's patrolmen and traffic cops have been ordered on emergency duty by Federal District Governor Javier Rojo Gomez to protect Presidential Candidate Ezequiel Padilla during the democratic party's "March of Democracy" Sunday.

PHILADELPHIA—(AP)—The fighting Philadelphia Phillies continued their efforts to get out of the National League cellar Saturday night by taking a 3 to 1 victory over the Pittsburgh Pirates. Jim Russell scored the only Pirate run with a homer over the right-field fence in the eighth.

The score: R H E  
Pittsburgh.....000 000 010—9 1  
Philadelphia.....000 101 108—3 8 1  
Strincevitch, Lanning and Camelli; Rowe, Judd, Mauney and Semnick.

Browns Rally In Ninth  
ST. LOUIS—(AP)—The St. Louis Browns scored four runs in the last half of the ninth inning to beat the New York Yankees, 6 to 3, Saturday night.

The score: R H E  
New York.....011 000 001—3 10 2  
St. Louis.....000 110 004—6 6 2  
Ruffing, Murphy and Robinson, Niarhos; Galehouse, Kramer and Helf, Schultz.

PHILADELPHIA—(AP)—The Cleveland Indians defeated the Philadelphia Athletics 4 to 1 Saturday, evening the current series.

The score: R H E  
Philadelphia.....000 000 100—1 8 1  
Cleveland.....020 000 114—8 0  
Marchildon and Rosar; Black, Krakauskas and Hayes.

NEW YORK—(AP)—Barney Baruch came out to Aqueduct Saturday and got acquainted with racing's version of the atomic bomb, Assault, who galloped home by five lengths to win the Dwyer Stakes and become the turf's greatest money winner in a single year.

America's elder statesmen watched Assault pound home five lengths in front of E. P. Taylor's Canadian campaigner, Windfields, with Mrs. Elizabeth Graham's Lord Boswell third.

The triple-crown boss of the Derby, Preakness and Belmont picked up \$40,700 for the mile and a quarter meander. This not only skyrocketed him into fifth place on racing's money list, with a two-season bankroll of \$361,470, but also made him the greatest breadwinner for one season that the turf has ever seen.

The sizzling son of Bold Venture now has a bank account of \$344,220 for his 1946 season. This wiped from the books the \$308,275 one-year high Gallant Fox piled up in 1930.

## JayCees Brand No-Hitter On Big Spring 9

With Clay Henderson, lanky JayCee pitcher, tossing a no-hit game, Ted Thompson's Junior Chamber of Commerce softball club beat Big Spring Hardware, 6 to 1, Friday night in an "inter-sectional" set-to-played at City Park there.

Two errors cost the Terrers the run against them but they hit profusely on their own account, knocking seven bingles. Big Spring could not touch Henderson, who had his "dipsy doodle ball" in rare form.

Boostered with some Midland Hardware exes and a sprinkling of other new talent plus the old faithfuls, the JayCees were a hot team Friday night.

A Midland girls all-star softball team beat Stanton, 33 to 17, in the Martin County capital Friday night.

It was revenge for Midland for a defeat pinned on Midland Drug recently.

The hometown lassies hit the ball mightily and knocked out Stanton's pitcher in the early stages and kept pitching. Beasley hurled for the Midlanders.

The team of Downing, manager, Richey, coach, and Adams, Brooks, Hart, Bennett, Reeves, Rhodes, Beasley, Lee and Losklin, was picked from the Midland Drug and Crawford Hotel teams of the girls league.

NEW YORK—(AP)—Barney Baruch came out to Aqueduct Saturday and got acquainted with racing's version of the atomic bomb, Assault, who galloped home by five lengths to win the Dwyer Stakes and become the turf's greatest money winner in a single year.

America's elder statesmen watched Assault pound home five lengths in front of E. P. Taylor's Canadian campaigner, Windfields, with Mrs. Elizabeth Graham's Lord Boswell third.

The triple-crown boss of the Derby, Preakness and Belmont picked up \$40,700 for the mile and a quarter meander. This not only skyrocketed him into fifth place on racing's money list, with a two-season bankroll of \$361,470, but also made him the greatest breadwinner for one season that the turf has ever seen.

The sizzling son of Bold Venture now has a bank account of \$344,220 for his 1946 season. This wiped from the books the \$308,275 one-year high Gallant Fox piled up in 1930.

With some half dozen more sugary spots still in front of him this season Owner Robert J. Kleberg, Jr.'s lanky filly appears on the way to zipping right along up the money winning list until he's stepping on Whirlaway's tail at the head of the parade.

There wasn't a thing around Saturday to get him excited. The crowd of 39,036 backed him down to \$2.80 for \$2 in the muel—and he should have been 1 to 10, the way he won it.

Carrying 126 pounds, he just ambled along nearly ten lengths back of the leaders through the first nine-sixteenths of a mile under Jockey Warren Mehrtens' nicely judged ride. Then the Brooklyn booper gave him the word.

After Lord Boswell, it was Cable, War Watch and Be Courageous in that order.

As usual, Assault's time didn't break any stopwatch as he clicked off the distance in 2:06 4/5.

Caddy's Kicking Ball Costs Nelson US Open

CLEVELAND—(AP)—A penalty shot charged against him when his caddy accidentally kicked the ball on the 13th fairway during the third round cost Byron Nelson the United States Open golf championship Saturday and sent him into a three-way playoff with Vic Ghezzi and Lloyd Mangrum for the first postwar title.

The three tournament veterans wound up the 72-hole medal play test with totals of 284—four under par—for the Canterbury Golf Club's exacting 6,926-yard layout. They will play off at 18 holes Sunday.

The incident that cost Nelson the championship resulted from a charging gallery—part of Saturday's estimated 12,000 spectators—that carried Nelson's caddy, Eddie Martin, with it as the fans rushed to get in position to see Byron play his third shot. Martin accidentally kicked the ball and Nelson immediately referred the matter to a USGA rules official.

The official said the accident called for a penalty of one stroke. Nelson played the hole in par 5, but the score went into the records as a one-under-par six.

"It certainly wasn't the boy's fault," said Nelson after the morning round which he shot in 69. "It was an unfortunate incident and it hadn't happened I think the tournament would be over right now."

Cleveland Defeats Athletics, 4 To 1

CLEVELAND—(AP)—The Cleveland Indians defeated the Philadelphia Athletics 4 to 1 Saturday, evening the current series.

Marchildon and Rosar; Black, Krakauskas and Hayes.

## \$3,000,000 Gate Foreseen As Conn Fights Louis For Crown Wednesday

DOWN  
SPORTSLANE  
TANNER LAINE

The hot summer sun beams down on the broad backs of husky Midland High Bulldog gridders, who are working with pick and shovel in the oilfields around McCamey these days.

When two weeks of removing old pipe and laying new are completed at McCamey, the boys are going to Kansas and do some more of the same.

They will return to Midland in late summer—bronzed, healthy, heavier, and rarin' to go.

This may be Midland's answer to 3-AA next year on the condition of its youngsters.

Some of the boys working hard are: Bob Cole, Burton Stringer, Jimmy Edwards, Lawrence King, Royce Higgs, John Scrogins, Richard Moore, Buddy Norton, Ben O'Leary, Jack Hamilton, and Bill Little.

When the boys go to Kansas they will be joined by three more boushies—Jack Kidwell, Charles Moncrief, and Morris Howell.

Coach Milam and Coach Glassie are grinning like mules eating cactus over this conditioning.

The little Rousey brothers, Bobby and Jerry, of the boys recreation program at the high school are quite some boxing mitt slingers. If no other little boys box with them, they make it a family affair and the younger rips into the older with that good old family feuding that is a joy to lo and behold. It's all in fun and all supervised.

ROUNDING UP THE STRAYS WITH SOFTBALL SLANTS. . . . New JayCee softball suits are coming. . . . They are royal blue with gold trim and a "J" on the caps.

The kindness of loud-speaking the softball league playoffs, coming up this week. . . . Ever see the nice oil derrick emblem on the Oil Scouts suits? . . . Midland Drug gals play in fancy sailor-like caps.

The problem of drinking water at the games has been brought up but the JayCees kinda think you boys can bring your own H-2-O.

Opp, the Cop, the director himself, broke into a lineup Friday night, playing this base and getting a hit and being accused of heckling the ump (not confirmed).

No, H. E. Littlejohn, you cannot be a judge at the JayCee bathing revue to be held at Pagoda. . . . They call Clay Henderson's ball, with which he tamed Big Spring without a hit, the "dipsy doodler".

And it's a thing to beware of here at home, too, boys. . . . Saying so long and thanks fellows for good sportsmanship and good softballing to Reynolds and some of the MAAF gang, who are leaving us. . . . ATC may be the answer to the holes left in the MAAF entry. . . . Fans, don't forget the little "Chambers" at the playoff duties Fritz Kinnican, it's good to see you back. . . . Beg pardon, Donk Roberts, for crediting Walton with a homerun you knocked. . . . It was a solid lick "Jackson" ROBERTS.

WASHINGTON—(AP)—With their 1945 world championship flag floating for the first time in center field at Briggs Stadium, the Detroit Tigers tightened their hold on third place Saturday by nosing out the Washington Senators 3 to 1 for their fifth straight victory. Hal Newhouse, scoring his eleventh victory, bested Emil (Dutch) Leonard in a tight pitching battle.

The score: R H E  
Washington.....000 001 000—1 6 2  
Detroit.....000 020 018—3 5 1  
Leonard and Guerra; Newhouse and Tebbetts.

ERTS. Higginbotham - Bartlett rates an assist for the nice scoreboard at the softball diamond. . . . Strictly straying and skipping to my Lou.

NEW YORK—(AP)—The New York Giants trampled the St. Louis Cardinals, 11 to 5, Saturday for their fourth straight victory over the Redbirds.

The score: R H E

Two Northeast Andrews Wildcats Get Water In Pre-Permian Formations; Both Will Be Abandoned And Plugged

By JAMES C. WATSON, Oil Editor

Two Northwest Andrews County wildcats, both of which had been closely watched, are being plugged and abandoned, after checking and testing unfavorably.

Humble Oil & Refining Company No. 1 J. O. Sims, in section 24, block A-29, psi survey, about six miles east and slightly north of Eunice, N. M., ran a drillstem test in the Ellenburger at 10,724-765 feet. Top of that formation has not been reported.

The tester was open one hour and 57 minutes. Recovery was 100 feet of drilling mud and 900 feet of salt water. No shows of oil or gas were developed. The project is to be plugged immediately.

Northwest of Discovery Humble No. 1 J. G. Gaines, also in Northwest Andrews, four miles northwest of Shell Oil Company, Inc., No. 1 Nelson—recently completed as a flowing discovery from the Ellenburger, over a total depth of 10,606 feet—has also been tagged for abandonment at once.

It ran a drillstem test in the Devonian at 8,500-55 feet, for one hour and 45 minutes. Recovery was 200 feet of drilling mud and 2,439 feet of sulphur water. No shows of petroleum were found.

Operator has not reported top of the Devonian, but has revealed that it was structurally low.

Skelly Oil Company No. 1-A Texas (University), in southeast quarter of section 3, block 11, University survey, and on the south side of the Martin multi-pay field, in Central Southwest Andrews, was to drill ahead, after a two-hour drillstem test in the Wichita-Albany zone of the Permian at 6,550-6,926 feet.

There was a fair blow of gas throughout the test. Recovery was 120 feet of drilling mud; 120 feet of heavily oil and gas cut drilling mud, and 60 feet of oil cut mud, showing slight signs of sulphur.

In the west extension to the Means field, in North Andrews, Snowden Oil & Gas Company, Ltd., No. 2 Gardner, has been completed for a 24-hour flowing potential of 1,364 barrels of 34-gravity oil, with gas-oil ratio of 250-1.

The pay at 4,435-4,537 feet, had been treated with a total of 6,000 gallons of acid. In the upper Oriskany.

Stanold Oil & Gas Company No. 1-EE University, on northwest side of the Fullerton 8500 field, in Northwest Andrews, reported a 24-hour potential of 250-76 barrels of 41-gravity oil, flowing, from the Devonian between 8,518-60 feet, where a total of 14,000 gallons of acid had been injected.

It is 660 feet from south and east lines of northeast quarter of section 19, block 13, University survey.

Stanold Oil & Gas Company No. 1 King estate, is a new exploration to 4,500 feet, in the Furman field, in Central Andrews. It will be 660 feet from south and east lines of section 1, block A-42, psi survey. Drilling with combination tools will start by June 20.

E. E. Fogelson and Cosden Petroleum Corporation No. 1-D-C University, slated Ellenburger wildcat in the Penwell area of Southwest Ector County, and in northwest quarter of section 1, block 35, University survey, had progressed below 5,315 feet, in the Tubb-Permian lime and was going ahead. Top of the section had been tentatively called at 5,120 feet, on an elevation of 2,910 feet.

No Shows In Section No shows of oil or gas have been logged in that formation. The project had a small amount of free oil, and some oil and gas cut drilling mud in a drillstem test in the Gloria.

Stanold Oil & Gas Company No. 1 Kayser, West-Central Ector County, deep wildcat, in section 34, block 43, TP survey, T-2-S, ran a drillstem test at 11,897-12,067 feet, in the top of the Silurian.

The tool was open 75 minutes. There was a fair blow of air for a part of the period, which died at the end of 58 minutes. At last report operator was trying to loosen a stuck packer.

When the tester is pulled out of the hole, operator is scheduled to make more hole.

Humble No. 1 Crespi, East Midland County wildcat, nine miles southeast of Midland, and in northwest quarter of section 19, block 33, TP survey, T-2-S, flowed 60 barrels of fluid in latest 24 hours reported.

Of that recovery 75 per cent was water and 25 per cent, or about 15 barrels, was new oil. Operator was continuing to flow the project to try to cleanout and increase oil yield.

So far it has failed to indicate that it could produce oil in commercial quantities.

Schleicher Discovery Cooper Gas Company No. 1-A Koy, Central Schleicher County discovery for flowing oil production from the Strawn-Pennsylvanian, on north side of the Page gas field, about eight miles east of Eldorado, was testing on section at 5,350-

Operator was due to treat that zone with 3,000 gallons of acid. It was supposed to produce mostly gas. The lower horizon of this well had tested for approximately 100 barrels of oil per hour, flowing, after acid.

The exploration is in southeast quarter of section 38, block 1, GH&SA survey.

Skelly Oil Company No. 1 Huddleston, Southeast Fisher County wildcat, in section 11, block 19, TP survey, about three miles west of the Noodle Creek field, was bottomed at 2,634 feet, in the Noodle Creek lime, and was shut-down to make machinery repairs.

As soon as the rig is in condition, a drillstem test on shows of porosity and stains above the current total depth, will be run.

Still Hunting Devonian Hunt Oil Company, and others, No. 1 E. R. Hill, Southeast Winkler County wildcat, about eight miles southeast of Kermit, and in southeast quarter of section 9, block B-11, psi survey, which was originally started to drill to around 8,000 feet to test the Devonian, and which apparently had not found that formation, at 8,264 feet, in shale and lime is to be carried deeper, according to announcements Saturday.

Operators did not report how much deeper the project will be carried, but it is understood from unofficial sources that it likely will go to at least another 500 feet, in the hope that it will find the Devonian by the time that level is reached.

Stanold Oil & Gas Company and Westbrock-Thompson, West-Central Winkler deep wildcat, in section 33, block 26, psi survey, four miles west of Kermit, was drilling ahead past 12,009 feet in lime. Operators have not revealed the age of the current formation.

Gaylord H. Chizum, et al, No. 1 University, Northwest Ward County exploration to 5,500 feet, to explore the Delaware, in section 27, block 18, University survey, 14 miles northwest of Pyote, had progressed under 4,976 feet, in lime and anhydrite, and was going ahead.

Cities Service Oil Company No. 1 Parker, West-Central Ector County wildcat, in section 20, block 44, TP survey, T-2-S, was drilling ahead past 8,891 feet, in the upper Oriskany.

In Crane County Humble No. 1 B-G H. Cowden, in section 14, block X, CCSD&RGNG survey, in East Crane County, was making hole below 9,322 feet, in an unidentified lime.

Humble No. 2 G. H. Cowden, in section 20, block X, CCSD&RGNG survey, and also in East Crane, had reached 8,680 feet, in lime and chert, and was continuing.

Humble No. 1 Harris, Southeast Craven County prospector, in section 114, block 6, H&TC survey, was drilling past 7,910 feet, in black shale, possibly Mississippian.

Placid Oil Company and Gulf Oil Corporation No. 1 Thornberry, Central-West Andrews County exploration, in section 5, block A-42, psi survey, had progressed below 11,824 feet, in shale and lime, in the Simpson, middle Ordovician.

Getting Away Down Mid-Continent Petroleum Corporation No. 7-11 University, Northwest Andrews County Ellenburger prospector, in section 29, block 13, University, and a flanker to a discovery for production from the deep pay, on the south side of the Fullerton area, had reached 10,450 feet, in lime and shale, and was going ahead to around 11,000 feet.

Humble No. 1 E. F. Cowden, 1,980 feet from west and 660 feet from north lines of northwest quarter of section 13, block A-55, psi survey, and one-half mile east, and about the same distance south of the initial producer from the Devonian, in the Dollar Hide field, in extreme Southwest Andrews, had penetrated below 9,970 feet, in Mississippian lime and shale, and was going ahead. It is extremely low, structurally.

Former Army And Navy Men Are Discharged One Army and one Navy veteran filed discharge papers at the county clerk's office Saturday.

They were: Coy E. Knight, former sergeant in the Army as an ammunition non-commissioned officer; and Clifton Monroe Ledbetter, former electrician's mate second class, who served in the Pacific on board the USS Protector.

### New VFW Post Is Named For Two Brothers

Two brothers who lost their lives while in service were memorialized by a group of former service men Thursday night when the recently organized Midland post of the Veterans of Foreign Wars was named for them.

Members voted to identify Post 4149 as the "Harris Brothers Post," in memory of Temple and Weldon Harris. Temple Harris was killed in an airplane crash in the United States and Weldon Harris was killed by enemy action in Austria.

Pat McMullan was named commander of the new organization, and Robert E. Lee was elected first vice commander. C. M. Edwards was elected second vice commander and Thomas R. Sealy was named post advocate. Other officers elected are Clint C. Creech, surgeon; Lige Midkiff, chaplain; and Oliver Haag, quartermaster. Trustees are E. M. Watkins, elected to a three-year term; L. H. Miller, two years; and Gene Worsham, one year.

Appointive officers are Bill Kelly, adjutant; S. W. Flournoy, O. D.; J. F. Friberg, patriotic officer; Thurston Ruple, historian; Tanner Laine, service officer; Ernest Boyd, legislative officer; John D. Henderson, sergeant major; Eugene B. Cecil, quartermaster sergeant; Howard Moore, guard; Minter King and Claude E. Lewis, color bearers; and Leo T. Keegan, bugler.

Organization of the post was completed at the meeting, attended by Ollie Smith of Levelland, state VFW organizer.

Meetings will be held the first and third Thursdays of each month. Next meetings will be held at 8 p.m. Thursday.

### The Readers Say: Manchuria Strife Diminishing As Truce Is Signed

To The Editor:

Two weeks ago I moved into a new neighborhood. I had built a new house and had moved into it with my son and daughter who had not been with me for some time.

One of the first to greet us was a brown nondescript dog. He was a ferocious looking creature and seemed to be a mixture of chow, airedale and perhaps a few other breeds. My thought was, what a terrible looking beast, what a terrible disposition he must have. But taking what (as I thought) was a desperate chance, I said, "Hi, pal, come here," which he did gladly with tail wagging. It was a case of love at first sight. Each morning as I awoke I would see his friendly form outside the bedroom door waiting to greet me. He was just as friendly with the kids and I never even heard him bark or growl at any living thing during the two weeks that I knew and loved him. I do not know who owned him or if he even had an owner. He would leave and be gone for several hours but he was always there at morning and evening to greet me.

This morning as I walked to the office I saw his dead body lying in the street a couple of blocks from my house. . . . He was the victim to one of the fiends in human form who periodically put out poison to decrease the dog population.

No doubt there are too many . . . unowned or uncared for dogs at large; but we have a dog catcher paid for his work and he should take those dogs and unless some one calls for them within a reasonable length of time, dispose of them in a humane and civilized manner.

Poisoning is hellish and fiendish and has robbed me of one I loved and who loved me.

I hereby invoke a curse on this poisoner. . . .

AL TRAUBER.

### Manchuria Strife Diminishing As Truce Is Signed

NANKING — (AP) — Diminishing strife in Manchuria and further relaxation of tension in strategic Tsingtao were reported Saturday as Communists here announced the signing of a new truce-implementation agreement described as a "step toward a permanent cease-fire" in the northeast.

Communist headquarters said the new pact concerned establishment of the advance section of executive (Sino-American truce) headquarters in Changchun, Manchurian capital, and the assignment of field (truce) terms in various areas of the vast northeast territory. It was signed, the Communist spokesman said, by U. S. General Marshall, Communist Negotiator Chou En-Lai and Government Representative Gen. Hsu Yung-Chang.

"We still have many obstacles and problems before final agreement," the spokesman said, "but the document can be regarded as a concrete step toward a permanent cease-fire in Manchuria." He added that the agreement concerned only Manchuria, and that fighting elsewhere in China was "another matter on which we are working."

Meanwhile, Associated Press Correspondent Tom Masterson, in a dispatch from Peiping, reported Generalissimo Chiang Kai-Shek's Manchurian field commander as saying that serious clashes between government forces and Communists there had ceased.

### New Paint Firm Opens Saturday

A new Midland business, The Simmons-Hall Company, held its formal opening Saturday in a new building location at 206 South Main Street.

The company handles paints, wallpaper, mirrors and pictures. Personnel of the firm includes Mr. and Mrs. James O. Simmons Jr. and Mr. and Mrs. John R. Hall Jr., who came to Midland from Lubbock. Simmons served in the Army Air Forces and Hall in the Sea Bees during the war.

The interior of the store is attractively decorated.

### Morelan Not Seeking Reelection To Office

Constable E. C. (Bill) Morelan announced Saturday he is not seeking reelection. He did not announce his future plans.

Morelan has been constable of Precinct One three and a half years, and was with the city police department for three years prior to being elected to that office.

### Solon Calls Bronze Doughboy 'Sissy'

COLUMBUS, OHIO — (AP) — Rep. John Vorys, Columbus Republican, called the bronze doughboy guarding the west portal of Ohio's capital a "sissy" Saturday, 16 years after the unveiling, and the sculptor said the congressman was "full of baloney."

In a letter to Democratic Governor Frank J. Lausche recommending melting down the statue to "make something useful out of something that is worse than useless," Vorys said:

"He gives the wrong impression daily to thousands who pass by. That flat-chested, spindle-shanked sissy, with his hand on his hip as if he were going to say, 'Oh, my gracious,' does not look like any World War I soldier that I ever saw."

### Woodworker Is Charged With Atrocious Assault

ATLANTIC CITY, N. J. — (AP) — A 39-year-old woodworker, who Police Captain Edward Webb said styled a chastity belt, similar to those used in medieval days, to keep his wife from "running around," was free on \$1,000 bail Saturday.

City Recorder Albert Shahadi released William Truax after a preliminary hearing on a charge of atrocious assault and battery. He was to be given a further hearing Monday.

### T&P Freight Train Derailed At Marshall

MARSHALL — (AP) — Nineteen freight cars, with a cargo of cattle and vegetables, overturned two miles west of Marshall early Saturday when the Texas and Pacific freight train No. 56 was derailed.

H. B. Burden of Mineola, Texas, the conductor, was treated for a slight head cut. A number of cattle were killed.

### Army Couple Held In Gem Theft Deny Guilt

WASHINGTON — (AP) — An Army colonel and his WAC wife, held in the Kronberg Castle jewels case, asserted Saturday that they had admitted nothing "which they considered criminal" and demanded that the War Department release them or state its charges, "if any."

### WOMAN FEARED KIDNAPED IS REPORTED IN TEXAS

SAN BERNADINO, CALIF. — (AP) — Dist. Atty. Jerome D. Kavanaugh said Saturday he had received a telegram from her father stating that Mrs. Mary Jennings, reported by her husband to have been kidnaped by two motorists near Upland, Calif., May 27, is in Gilmer, Texas, with her husband, Richard. The telegram was from Paul Stewart at Gladewater, Texas.

### BANKHEAD SUCCESSOR NAMED BY GOVERNOR

MONTGOMERY, ALA. — (AP) — Gov. Chauncey Sparks appointed State Highway Director George R. (Robin) Swift Saturday to the Senate seat vacated by the death of Senator Bankhead (D-Ala.) and Reps. John Sparkman and Frank W. Boykin announced their candidacies in a special Democratic primary to be held probably in August.

### ABILENE BOY DROWNS

ABILENE — (AP) — Troy Hilley, 9-year-old son of Mrs. Martha Hilley of Abilene, was drowned in a swimming pool here Saturday afternoon. It was the second drowning in the pool within a week.

### TWO KILLED BY CAR

AUSTIN — (AP) — Mrs. Maxima Vanquez, 39, and her six-year-old son, Benito Vanquez Jr., were killed instantly at Elgin Saturday when a car ran off the highway and crushed them while they walked along the side of the road.

### HALE HEADS POSTMEAN

FORT WORTH — (AP) — Edd Hale, Houston, was elected president of the Texas Federation of Post Office Clerks at a two-day convention which closed here Saturday.

### CONGRATULATIONS TO

Mr. and Mrs. J. W. Gregston on the birth Thursday of a son, David Wayne, six pounds and nine ounces.

### ODZARKA WATER CO. WELCOMES

new arrivals. Phone J11 and a bottle of ODZARKA will be delivered to you free. Adv.

### Mines Bureau Forecasts Cut In July Oil Demand

AUSTIN — (AP) — The United States Bureau of Mines forecast of July demand for Texas crude oil is 2,110,000 barrels daily, Railroad Commission Chairman Olin Culberson announced Saturday.

The figure is 60,000 barrels daily above the bureau's June forecast and 302,000 barrels daily under the current allowable production set up by the Railroad Commission for Texas this month.

R. R. Sayers, bureau director, wired the forecast here prior to the commission's statewide oil hearing called for next Tuesday. Additional evidence will be heard at that time on which the commission will base its proration order for July.

The commission also announced its decision to require electrical logs only on discovery wells and dual completion wells, thus eliminating necessity for most engineers and others to attend a hearing set for June 19 on the problem.

### Rotary Engineering Company Gets Charter

The Rotary Engineering Company of Midland was granted a domestic charter by the secretary of the state Saturday. Incorporators were listed as Richard E. Gile, Jack E. Bliss and Olin R. Prather, and capital stock was \$3,000.

The company has been operating here about two years, with offices in the Butler Building.

### FORMER TEXAS SUPREME COURT JUDGE DIES

PORT LAVACA — (AP) — R. H. Hamilton, former Texas Supreme Court judge and former Baylor law professor, died at his home here Saturday.

Judge Hamilton had been engaged in private law practice since returning to Port Lavaca in 1935, shortly after the death of his wife.

### Houston Leads Texas In Building Permits

By The Associated Press

Houston issued building permits this week for \$975,034, more than double its total last week, to take the lead in Texas cities surveyed.

Dallas, Fort Worth and San Antonio figures dropped, but the total for the four cities showed a slight increase, \$1,243, over last week's permits.

Biggest slide of the week was at Fort Worth, where only \$163,280 in construction was approved, a drop of \$441,960 since last week.

Totals for the four Texas cities:

|             |           |           |
|-------------|-----------|-----------|
| Houston     | \$974,034 | \$377,903 |
| Dallas      | 557,323   | 689,909   |
| San Antonio | 445,409   | 465,751   |
| Fort Worth  | 163,280   | 605,240   |

### BONHAM COUPLE DIES

BONHAM — (AP) — Mr. and Mrs. Sidney Stanton Huff, 79 and 77, died here Saturday morning after long illnesses. Both were natives of Tennessee but residents of Texas for 50 years. Funeral services will be held Sunday.

### THANK YOU

I am not a candidate for the office of Constable in the coming July 27th primary. And I want to thank you for support in the past.

### Legion Auxiliary Is Entertained At Social

WINK — Members of the Rex Baird Post No. 136 of the American Legion Auxiliary enjoyed an ice cream supper Thursday at the home of C. D. Hubbard.

Forty-two, dominoes, and other games were enjoyed during the evening.

Mr. and Mrs. Charles T. Helms and son, Charles Ogle, Mr. and Mrs. R. F. Macken and children, Barbara Anna, and Helen, Mrs. and Mrs. J. B. Estabrook and children, Riley and Sara, Mr. and Mrs. Frank Mullican and three sons, Mr. and Mrs. Clifford B. Key, Mr. and Mrs. C. V. Kipping and children, Mr. and Mrs. L. J. Wolf and children of Seagraves, Mr. and Mrs. C. D. Hubbard, and Arthur Kelly.

### Midland Lions Will Attend State And District Convention At Big Spring

Midland will send a large delegation to a State and District 2-T Legion convention opening in Big Spring Sunday.

The Midland Club will present a model luncheon at noon Monday at which John Redfern will preside. The Rev. Clyde Lindsley will make the principal speech. The Philharmonic Hill Billy band, composed of Lula Belle Ellington, John Biggs, Roy De Wolfe, Yates Brown and Ted Thompson will play musical numbers and Bill Collyns will make announcements.

Although the bulk of Midland's contingent will depart for Big Spring at 10 a. m. Monday from the Chamber of Commerce office, some delegates will go Sunday.

The convention proper opens with registration at the headquarters Hotel Settles Sunday afternoon. Scheduled for the afternoon are golf games, with church services in the evening. A special service will be held at the East Fourth Baptist Church with the Rev. Fred Rogers, pastor of the Alpine Presbyterian Church, as guest minister.

Sessions At Auditorium

First convention function of the dual parley is scheduled at 9 a. m. Monday when Jack Y. Smith, host president, will call the convention to order. Big Spring servicemen will form a color guard for the occasion. The address of welcome will be by District Judge Cecil Collings; and C. A. Crayer of Borger, deputy district governor, will respond. Convention singing will be led by Bill Dawes and precedes the introduction of District Governor Charles H. Dean of Plainview.

The speaker for the morning session is H. Roy Keaton, assistant general secretary for Lions International and former state secretary.

The El Paso club will present an entertainment and give a report on rules, credentials, the constitution and by-laws.

During the noon hour Midland and Odessa clubs present model luncheons. Brownfield will present its candidacy of Frank Jordan for district governor after the luncheon.

**Midland On Program**

The afternoon session begins at 2 p. m. in the city auditorium. Midland has been asked to present entertainment for this session, interspersing committee and convention business.

An election will be held to select the district governor who will be announced at a banquet in his honor at 7:30 p. m. Monday at the Settles.

Herb C. Petry, international director from Carrizo Springs, will deliver the banquet address. This will be followed by 10 p. m. by the governor's ball.

The state session begins at 10 a. m. Tuesday in the auditorium.

During the noon hour, members of the Big Spring auxiliary will entertain visiting Lionsesses at a luncheon at 12:30 a. m. in the Crawford Hotel.

State reports will be made in the 2 p. m. session. Climaxing the convention will be a barbecue at City Park at 6:30 p. m., followed by an international night event at 8:30 p. m. when Francisco Doria y Paz, international director from Mexico City will speak.

Five hundred persons are expected at the three-day event.

### WINK VISITORS ARE NAMED HONOREES OF MORNING COFFEE

WINK — Mrs. Floyd Gehr and Mrs. T. V. McGammon entertained with a coffee Friday morning honoring Mr. Gehr's sister, Mrs. H. J. Freeland of Seattle, Wash., and Mrs. Lee Johnson of Wink.

Guests were Mmes. W. Powers, V. Moore, L. Henson, A. Dubose, Jesse Gage, F. Couwers, J. A. Spears, D. A. McClathery, Hugh Soiser, J. A. Bailey, J. W. Bradberry, J. A. Scoggins, Melvin Don, S. C. Hanke, Bill Norris, Bryan Henderson, Cody Fondren, Paul Biggs, J. E. Bucy, R. A. Leck, R. B. Leck, Fred Keene, C. P. Laughlin, Roy Priebe, O. O. Whitten, Joe Best, R. D. Monkress, Mayne Norris and Misses Donella Bucy and Eleanor Brown.

### Wink News Notes

Sgt. and Mrs. V. Sears and Warrant Officer and Mrs. Joe Feisch left Sunday for a vacation trip to Denver, Colo., and other points of interest in Colorado.

The Wink swimming pool opened Saturday for the summer season. The hours are from 2 to 5 p. m.

Mr. and Mrs. Sam Stroder of Lion Oil Camp are visiting in Corsicana.

C. V. McCathey, Clarence Peck, and G. W. Borgers have returned from a fishing trip to Devils River.

John Monroe, manager of the Rig Theater for the past three years, has been transferred to Cuero. Mrs. Monroe and sons will join their husband and father at a later date.

E. L. Fessmore of Ardmore, Okla., is the new manager of the Rig Theater.

Mrs. S. J. Talton and Mrs. S. C. Cowen of Hobbs, N. M., left Saturday for a trip to Long Beach, Calif. They will visit in Arizona and New Mexico enroute to California.

The Rev. and Mrs. George Dettlerline and son, Robert, left Sunday for Memphis, Tenn., where Mr. Dettlerline and son will visit relatives in Mulkeytown, Ill. The Rev. Edward Dettlerline and John S. Dettlerline of Clovis, N. M., will have charge of the services during the absence of the regular pastor.

Mr. and Mrs. Lee Johnson and son, Robert, left for Phillips where they will make their home. They were named honorees of a number of entertainments before leaving.

### Cotton

NEW YORK — (AP) — The cotton market closed Saturday 40 to 80 cents a bale higher after showing gains of as much as \$1.10 a bale, July 29-14, October 29-35, and December 29-52.

### MISS MORGAN JOINS STAFF OF HOSPITAL

Miss Peggy Morgan, R.N. of Colorado City, is a new member of the nurses staff at Western Clinic Hospital. Miss Morgan is a graduate of Hendrix Memorial Hospital and was honorably discharged from the Army last month.

## Theatrical Entertainment For Summer Months To Open With Presentation Of One-Act Plays In Newly Decorated City-County Auditorium

Official opening of theatrical entertainment for the summer months will be the three one-act plays to be presented by the Community Theatre, Inc., Monday and Tuesday at the City-County Auditorium. Curtain time has been set for 8:20 p. m.

Casts were carefully selected for "Riders to the Sea" by John M. Synge, "Suppressed Desires" by Susan Gaspell, and "The Happy Journey" by Thornton Wilder. The last of the three plays will be presented by the Junior Workshop.

### Concert-Lecture Group Begins Campaign For Seasonal Memberships

The membership campaign for the Midland Concert-Lecture Association is now underway and all entertainments will be presented on a closed membership policy.

Because of the time limit set on the drive, the committee is asking all those who are not visited and are interested in becoming affiliated with this entertainment association to send their dues, preferably by check, to Roy McKee, treasurer, at 114 1/2 South Main.

Membership for the year will be \$10 and will entitle the holder to two admissions for each program. Cancelled checks will serve as receipts until the tickets arrive. Tickets will be issued by Mrs. Emma Manceel at The Book Stall or will be mailed to those who prefer this method of receiving their season membership tickets.

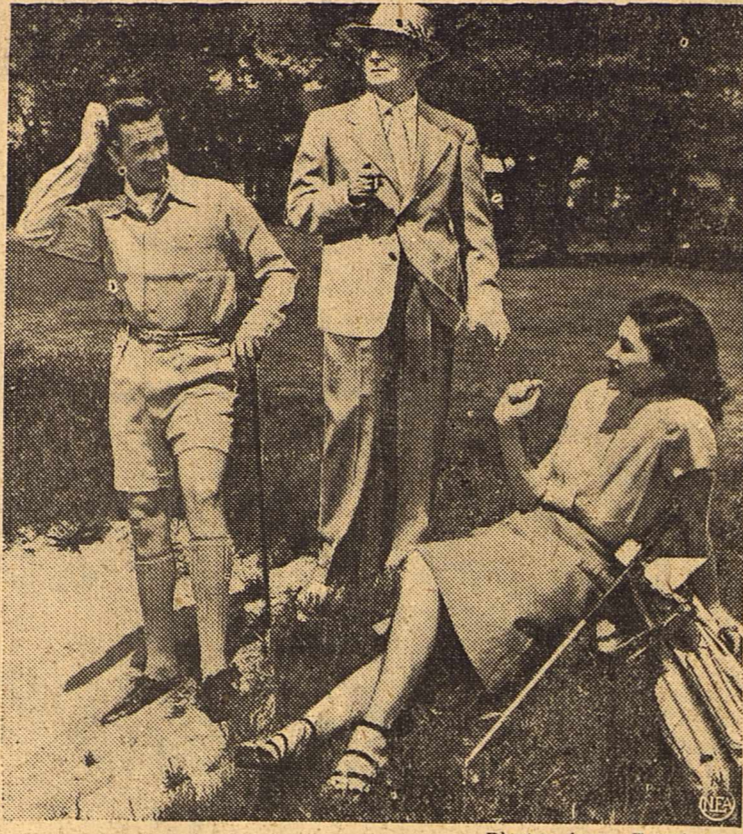

No single admissions will be sold on the entertainments to be brought to Midland in this series. Only dual memberships will be sold and will admit two persons to each performance. This policy is followed in these associations throughout the state.

The number of attractions to be brought to Midland will depend on the total membership. It has been planned to arrange programs in order that they will conflict as little as possible with other outstanding programs in this city.

These entertainments will begin in the fall and continue through the winter.

**VISITS IN ANSON**  
Mrs. R. O. Smith is visiting her mother in Anson, Texas. She expects to be gone a week.

## MEN'S SPORTSWEAR IS RAINBOW HUED

Bright plumage promised for men's summer sportswear. Will include such coolly comfortable and washable outfits as the wheat-colored walking shorts and blue shirt ensemble, left. The gentleman at right is ready for summer heat in a washable suit with a lapel jacket of London tan and Indian copper-colored slacks. The girl wears a blue-and-white costume.

**By EPSIE KINARD**  
NEA Staff Writer  
NEW YORK—Ready to clothe the despairing male whose last recourse was the barrel are 100,000 units of summer sportswear apparel, made from fabrics of the eye-stopping colors in which the gals ordinarily preen.

Thanks to a friendly collaboration between a maker of women's fine washable cottons and rayons and a manufacturer of men's sporty duds, thousands of yards of fabrics were re-channelled earlier in the season to relieve the gents' clothing shortages for summer.

What's more, these walking shorts, shirts, slacks, street suits, jackets, ties and hatbands which will help solve man's dilemma, are out to bring the bright-plumaged male back into the fashion picture and

to make any vet forget the years he spent in khaki or navy blue. Dye-dipped for that purpose are 12 bright and pastel colors, many as high in visibility as a cockatoo's feathers.

Able to take all of this splendor—and tubings, too—are two washable, fast-colored, crease-resistant fabrics. One is spun rayon. The fabric represents the first development in spun rayon which does not have to be dry cleaned. The other fabric used is a mixture of

spun rayon and cotton. Both fabrics lend themselves to impeccable tailoring and Beau Brummel styling.

One of the newest styles in pants are walking-length shorts, which vets back from the tropics are said to prefer to plus-fours for pushing a golf ball around. Shirts designed for wear with shorts or slacks have long or short sleeves. All have two-buttoned pockets, convertible collars and straight hems which allow shirttails to be worn inside or out.

Well-tailored and crease-resistant slacks boast front pleats and waistlines cut high at the back. Natty trousers team with regulation lapel jackets, fastened with two buttons, to make suits for street wear or to be used as evening "informals".

Taking their style cues from Bermuda are collarless sports jackets in bright or neutral shades and ties—some with Puggaree hat bands to match—in colors that could make a sparrow look like a parakeet.

## Public Invited To Attend Open House At Junior Canteen

Big plans are being made for the open house to be held by the new Junior Canteen from 7 to 10 p. m. Friday at the canteen. The public is invited to attend this entertainment and inspect the canteen.

Members of the organization will serve as host and hostesses for the occasion and usher the guests through the building and explain the program being carried out under the direction of the new director, Miss Sonia Post.

Ping pong tournaments are in session every other week. Preliminaries are played on Monday nights and the finals are held on Thursday nights. During the past week Donald Hankett was the winner of the matches. The next tournament will be held on the week of June 24.

Canteen members are reminded to don their old clothes Tuesday morning as that day has been set for cleaning and painting in preparation for the open house. Supplies needed are paint brushes, hoes, soap and rags.

Booths have been placed in the back room of the canteen and the teen-agers are taking advantage of their new recreational home.

## Adele Brooks Is Winner In Approach Contest At Ladies Association

Adele Brooks was winner in the approach contest in the games of golf played Friday morning at the Midland Country Club preceding the luncheon meeting of the Ladies Association. Mrs. Arch Clevenger had low score for the nine holes.

Others playing golf were Meses. L. F. Shiple, Fred Hogan, and Payton Anderson. Hostesses for the luncheon were Mrs. W. I. West and Mrs. Irby Dyer. Small figurines containing arrangements of daisies and asters were used lengthwise on the luncheon table and were interspersed with garlands of small yellow flowers and greenery. Bouquets of asters, daisies, gladioli, and baby breath were placed at the end and center of the table.

The door prize was won by Mrs. B. R. Schabarum. Announcement was made that Mrs. Y. D. McMurry and Mrs. Ral. Lowe will be hostesses for the luncheon next Friday. Golf will be played at 9 a. m. and beginning a schedule for the summer, foursome bridge will be played.

Games of bridge were played during the afternoon.

Members present were Meses. L. A. Absher, Anderson, Frank Ashby, Dyer, Clevenger, Roy Douglas, Leland Davison, D. R. Dickson, Bob Franklin, James H. Chapple, Frank Johnson, E. F. Mears, N. A. Lan-

## Self Expression And Imagination Is Stressed In Children's Workshop

The City-County Auditorium is humming with activity shortly after 10:30 a. m. each Wednesday with about 40 children, ranging in age from six to nine years old, taking part. This is group one of the Children's Workshop of the Community Theatre, Inc.

Until recently the Children's Workshop was one unit, but the groups have been divided into organizations according to age for the purpose of selecting programs of interest to that age.

Mrs. E. H. Barron is head of this group, and Mrs. Gilard Kargl directs the activities with the help of Mrs. Harland Soper. At the beginning of the Wednesday period, a colorful story is read to the children and afterwards various members volunteer to enact the part they liked best. By doing this self expression is being

developed as they are encouraged to portray the role just as they see it. Those who do not appear in the play make up the audience. For the first several meetings, some children showed a tendency to be bashful, shy or self-conscious about appearing before the others. They soon were eager to make their selections as to the character they

## Hear The Latest Beauty News!

Misses Christine Sanders and Wilda Snyder have just returned to our Toiletries Department from Helena Rubenstein's School of Beauty, conducted last week in Fort Worth, where they learned Madame Rubenstein's newest scientific discoveries to help care for your skin and the latest fashion make-up. You are invited to come in for the excellent advice they will be happy to give you without charge—the same advice that's given in Helena Rubenstein's famous salons.

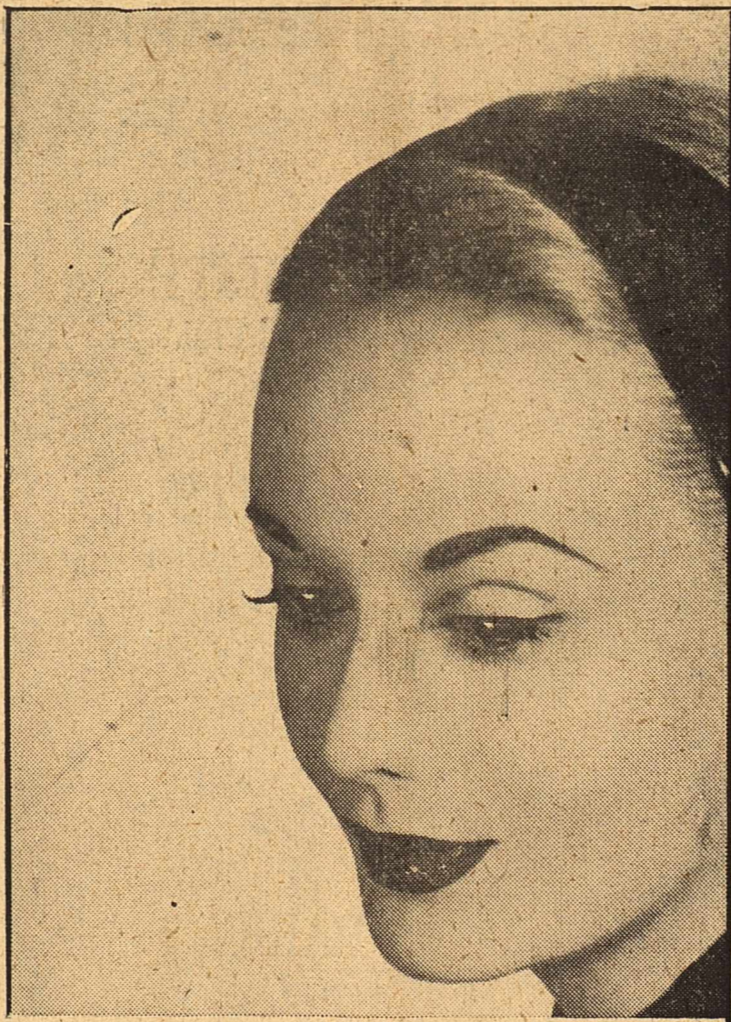

**Triumph Over Time**

**Helena Rubinstein**  
ESTROGENIC HORMONE PREPARATIONS

Such a glorious feeling, this high-hearted disregard for time! This new-found assurance born when you discover the amazing Helena Rubinstein Estrogenic Hormone Cream and Oil. These ingenious preparations contain natural estrogenic hormones, the equivalent of a substance abundant in youth, but unfortunately decreasing with the years. The skin absorbs them to help retard the appearance of aging. Who can possibly measure the gratitude of women over thirty who have learned this beautiful, modern way to protect their skins against the ravages of time!

**Slow Growth FOR STRENGTH**

IN A WORLD gone slightly "hay-wire," this is no time to start cutting down the sturdy oaks of experience, wisdom, understanding, courage and constancy of purpose.

Medical and Scientific men and women have spent many long years building strength into the structures safeguarding health services.

Education and qualification of Physicians is closely checked; stringent examinations must be passed before a Doctor is allowed to serve the public.

Hospitals are supervised, and graded according to services they are equipped to render. Every new medical idea, every new drug, every new appliance is tested for public protection, by various groups within the American Medical Association.

VOLUNTARY Plans for pre-paying Medical and Hospital costs have the approval of Medical and Hospital Associations, after years of careful testing. These plans are NOW available to some 100,000-000 workers all over America. Ask your Doctor.

### Mrs. J. Howard Hodge To Attend General Federation Convention

Mrs. J. Howard Hodge of Midland, member of the state executive committee, will be among the Texas women to attend the General Federation of Women's Clubs Convention opening in Chicago Monday.

The group headed by Mrs. Florence Johnson Scott of Rio Grande City, state president, and four members of the state executive committee. These were Mrs. Hodge, Mrs. Howard Gibson, Waxahachie, first and second vice presidents; Mrs. Rueben Jackson, Dallas, and Miss Ethel Foster, Sterling City.

Mrs. Volney W. Taylor, Brownsville, Texas, candidate to be formally presented at the convention; and Mrs. Joseph M. Perkins, Eastland, both members of the board of directors of the national organization, preceded the delegation of 40-odd women, representing large city clubs, small community organizations, and a group of delegates-at-large.

The following accredited delegates in addition to those already enumerated are: Mmes. O. B. Jackson, Plainview; Sam Seay, Amarillo; R. S. McCracken, Marfa; T. M. West, San Antonio; Ralph Jackson, San Antonio; Vaughn Bailey, Agua Dulce; O. T. Provine, Wolfe City; Laura Kinkaid, Wolfe City; H. B. Gillette, Houston; O. O. Ballard, Houston; L. E. Faires, Houston; W. E. Whitfield, Edna; Sam Taylor, Tyler; Walter Knight, Tyler; Jay Hubbard, Port Lavaca; John J. Perry, Sweetwater; W. E. Cantrell, Lometa; J. H. Hessler, Beaumont; Roy Rountree, Houston; Mrs. George Ripley, Dallas; J. P. Botcheler, Eden.

Also, Miss Mae Murphy, Lubbock; and Mmes. W. T. McAlpin, Gilmer; S. C. Still, Gilmer; J. C. Maxon, Rankin; A. R. Montgomery, Harlingen; L. J. Black, Beaumont; J. M. Gober, Beaumont; Sam Rennick, El Paso; Lee J. Taylor, Dallas; William Willingham, Dallas; W. H. Barker, San Antonio; Claude B. Hudspeh, San Antonio; Willis Kille, San Antonio; A. J. House, Yoakum; and Miss Margaret Berry, Galveston.

All sessions of the convention will be held in the Stevens Hotel, Monday through Saturday. This is the first convention since 1944.

### Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pains of stomach ulcers disappear almost immediately. Also recommended for gas pains, indigestion, heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of LURIN from their druggist. LURIN contains this new discovery in its purest form. Easy to take. Just mix two teaspoons in a half glass of milk. Costs but little. Must satisfy or money refunded.

Lurin for sale by Midland Drug Co. and drug stores everywhere.

### Glamour Trick Revived

MISS THREAT: Scents jewels. By ALICIA HART NEA Staff Writer

Eighteenth century glamor trick bowing to a modern encore is that one of tucking a bit of perfume-soaked cotton under the mounting of a jeweled clip or brooch. Guess who's been thumbing through the old beauty books? Clever models, who miss no tricks. One who goes in for this chichi and insists that it makes perfume application more subtle is glamorous Betty Threat. She comes through with a practical suggestion, however, on how to get the most out of the perfume.

To make her perfume pledge do double duty, Betty says she tucks it—brooch and all—into her handkerchief case when she takes off the jewelry.

### 4-H Club Girls Enter Contests

Midland County 4-H Club girls will compete for county, state and national honors in dressmaking and food preparation, it was announced Saturday.

Winner of the county contest will be awarded a medal. Girls will make dresses and model them. The county winner will enter the state contest at College Station and the winner there goes to the National 4-H Congress meeting in Chicago in December.

Clothing maker entries include Nadine Manning, Janice Manning, Dorothy Evelyn Matteson, Lanelle Howard and Lavena Brooks. Food preparation entrants are Julia Edith Mickiff and Charlene Gregory.

During the oil industry's 87-year history, additions to the nation's proved reserves have usually run ahead of production.

### Teen-Agers To Appear In Community Theatre Play, 'Happy Journey'

Members of the Junior Workshop of the Community Theatre, Inc., will appear in the play "Happy Journey", by Thornton Wilder, to be presented in a group of three one-act plays Monday and Tuesday at the City-County Auditorium.

Bob Short, son of Mr. and Mrs. Lester Short, will portray the role of Arthur. His first experience at acting was when he was in elementary school. He can tell about many interesting facts as far as animals, fossils, snakes and insects are concerned. Bob is also interested in rocks and minerals and would like to become a geologist.

A sophomore in Midland High School, Patsy Bray, will play the part of Caroline. Her hobby is collecting antique after-dinner

plates and her favorite sport is swimming. Although Patsy has many outside activities, she does not neglect her piano practice. She is the daughter of Mr. and Mrs. H. L. Bray.

The part of Beulah will be played by Frances Puett, who admits her main interest is dramatics. Included in her school studies are public speaking, dramatics, and radio speech. Frances has worked with stage crews, but this is her first acting part. She is the daughter of Mr. and Mrs. Nelson Puett. Plays Part of Ma.

Sarah Lew Link, daughter of Mr. and Mrs. L. C. Link, is devoting the majority of her time these days to studying her part in "Happy Journey", the role of Ma.

### Mary Fern Bray Named Warden Of University Unit Of Mu Phi Epsilon

Word has been received here that Mary Fern Bray of Midland has been elected warden of Mu Phi Epsilon at the University of Texas, and will serve on the executive board of that organization.

Miss Bray was recently appointed by the student body president to serve as chairman of the music committee of Texas Union.

She will arrive in Midland June 20 to spend two weeks with her parents, Mr. and Mrs. H. L. Bray, before enrolling for the summer term at the university.

architecture and Rice Institute in Houston is his choice of universities. He is the son of Mr. and Mrs. R. C. Spivey.

### Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barconate (formerly called Barcon Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

### DEMONSTRATION ON PICKLE CANNING IS GIVEN AT CLUB MEET

A demonstration on canning pickles was given by Mrs. Nettie B. Messick, county home demonstration agent, at a meeting of the West Side Home Demonstration Club Thursday afternoon at the home of Mrs. E. E. Reigle, 613 West Storey.

Mrs. Messick recommended the use of four per cent acetic acid in the vinegar to make the pickles firm.

Mrs. L. H. Moncrief spoke on the subject "How and Why Do You Punish Your Child". Members responded to roll call with favorite Bible quotations.

The hostess served refreshments to Mmes. L. C. Mills, Moncrief, George Jones, L. J. Rains, Edna Calhoun, and two visitors, Mrs. R. G. Brown and Mrs. W. H. Clinkscapes.

### Mrs. Mary L. Kelly And Don Hetherington Of San Diego Marry

The marriage of Mrs. Mary L. Kelly of Midland and Odessa and Don Hetherington of San Diego was solemnized Thursday at the First Presbyterian Church.

Vows for the single ring ceremony were read by the Rev. Hubert Hopper, pastor, in the presence of relatives and close friends.

Attired in a teal blue crepe suit, the bride wore brown accessories and a shoulder corsage of calla lilies.

Mrs. Leland Foster attended the bride as matron of honor. She wore an aqua print dress with a black overblouse. Her accessories were black and completing her attire was a corsage of gardenias.

Mr. and Mrs. Hetherington will make their home in San Diego, where he is a salesman with Curtis Publishing Company.

Mrs. Hetherington is the daughter of Mrs. Virginia Mayfield of Odessa. The bridegroom is the son of Mr. and Mrs. Leland Hetherington of San Diego. He recently received his release from the service after serving 30 months as a pilot in the U. S. Army Air Forces. His overseas service was in the South Pacific.

### PARTY IN NEW YORK TO ATTEND BOXING CLASSIC

Mr. and Mrs. Riley Coats and Mr. and Mrs. Tobie Foster of Midland and Sheldon Carter of Lubbock left Friday for a 10-day vacation trip to New York City. While there they will attend the Louis Conn world championship classic.

### Self Expression -

(Continued from Page 1)  
 would like to portray. They have been made to feel at ease and overcome inclinations to watch instead of acting.

One of the chief aims of the workshop is to preserve the native imagination of the children and with this idea in mind the directors have selected as a motto "Personality Building Laboratory". They have set as their goal to round out the personalities of the children as in many instances selfishness and other traits are displayed in the acting of the group.

This has become a wonderful outlet for children because it has been found that dramatics include a wide field of art, such as light, speech, color and many other interesting phases of training.

Medium of Narration  
 These children at the story telling level have a chance to see themselves in the medium of narration and are able to visualize themselves in acting, getting it first by narration, the basis of the class.

Found to be one of the favorite stories among the children is "The Boy Who Cried Wolf". Many other popular stories make up the library for the workshop.

Tentative plans are being made for this group to present a play in the near future for the parents with the play to be on the child's level, not the adult's. Again their originality will be displayed in their costumes.

The seven arts, architecture (stage sets), painting, sculpture, drama, literature, music, and dancing, are stressed in these weekly workshops.

Children taking part in these activities are Edward Black, Jr., Diana David, Bill Dillard, Lillian Jo Fabian, John Clayton, Galle, Richard Carl Gibson, Lockie Sue Griswold, Eddie Halfast, Sue McWorkman, Carlton Maley, Danny Page, Sammy Derryl Pyeatt, Eleanor Wheeler, Dana Young, Susan Alstrin, James H. Barron, Gwendolyn Campbell, Phyllis Clark, Walter Eenton Dunagan, Nancy Forman, Dian Graves, Rosa Ellen Hallard, Joseph Hills, Lu Wertha Hiett, Alice Hilsweck, Ramona Hynd, Sylvia Kroenlein, Larry Manning, Mary Patricia Murphy, Jane R. Neill, Jim Paul Patton, Jane Park, J. Michael Patton, Gail Peters, Diane Perkins, Jere Ann Price, John Putnam, Jean Paul Scott, E. Haven Woods, Jr., Rusty Howard, David Klapproth, and David Duffield.

### Miss Sonya Little To Attend Art Institute

Miss Sonya Little will leave Sunday for Chicago where she will enter the Chicago Institute of Art. She was awarded a scholarship in the art institute five years ago.

Some of her work has been exhibited at the Chicago Institute.

Miss Little has done figures in oil and still life in water colors and pastello of many picturesque subjects of the West.

Many Midland persons are sharing their talents in the directing of activities for these youngsters. One of these is Mrs. Kargl, who worked with a number of groups of this age as well as older ones.

Mrs. Kargl has her masters degree in art education from Peabody in Nashville, Tenn. She also studied at Chicago Art Institute and Philadelphia Academy of Fine Arts, and spent two summers studying art in Europe.

In 1935 she was in a study group which took along its own library for a tour of Southern Italy and continuing on through Scotland. The group stayed in Europe for five and one-half months. Several years later Mrs. Kargl returned to Europe to continue her study of art.

In San Antonio last year, Mrs. Kargl worked in a school on a voluntary basis, assisting in the training program carrying out educational and recreational activities for children of working mothers. The school was opened before school hours and remained in session throughout the day. Several thousand children of both preschool and school age were enrolled in the unit which operated under city supervision in cooperation with the city recreational department.

The Atitd spider "lives high." It is found on Mount Everest at an altitude of 22,000 feet.

### Marriage Vows Read For Jean Martin And John J. Bardgette

Miss Jean Martin, daughter of Mr. and Mrs. A. F. Martin, Texarkana, became the bride of John J. Bardgette, son of Mrs. Jean Bardgette, Galveston, in a ceremony performed June 8 in the First Presbyterian Church of Galveston by Dr. Will R. Johnston.

The bride was given in marriage by her father. She wore a seafam green dressmakers suit with white accessories and a gladioli corsage.

Miss Jane Lyster, the bride's only attendant, wore a pastel shade frock. Her shoulder corsage was of white carnations.

Capt. Leroy LaCoume served the bridegroom as best man.

Mrs. Bardgette graduated from the state of Texas was an independent republic for nearly a decade after winning independence from Mexico.

Midland High School in 1943 and his honorable discharge from the U. S. Army and served in the Pacific Theater of Operation. He is a senior student in the Architectural Engineer School at Texas A&M. They will make their home at 1811 Avenue N<sup>1/2</sup> in Galveston.

**LADIES! TAKE A LOOK!** Mr. Simmons and Mr. Hall, just back from the armed forces, have opened their new progressive store at 206 South Main. They're really swell people and know just how to give you the best service. They had a grand formal opening Saturday and are "ready to go" Monday!

Just browsing around the Simmons-Hall Co. I saw the most beautiful selection of pictures for your home decorators, and artists! . . . real live art supplies at last! They have hard to get Chrome bath fixtures and unusual Ivy bowis . . . and this is only a few of the things they carry in addition to a complete line of paints, varnishes, and wallpaper.

**UNUSUAL AND UNIQUE** in the field of pottery are Desert Hue California Originals. The Gift Shop at West Texas Office Supply carries a nice selection of many unusual pieces that go so well as summer dish accessories. They're frosted glass with delicate flower designs of Hibiscus, Red Poppy and Iris moulded in the glass. The frosted glass tones the colors to delicate tints of yellow, blue, reds and greens. Included are: Oval centerpieces, square plates, single and double candlestick holders, lily bowls, crimp bowls, and handled plates.

**ANOTHER NEW AND GRAND** service has been added to King's Drive-In. Ordering by Phone! How perfect for entertaining a party when your refreshments can be delivered right to your door. Hot weather won't harry a hostess when King's is there to help. Delicious barbecue, drinks, ice cream, sandwiches, fried chicken, French fries or shoestring potatoes. King's deliver at 11:00 a. m. and 5:30 p. m. Get your orders in fifteen or thirty minutes ahead of time so you won't be disappointed!

**KCRS BIG NEWS** for you radio fans who bemoan the fact that your favorites are off for the summer

KCRS brings you Radio's biggest show, Walgreen's Great Anniversary celebration. It's one full hour of entertainment. Listen for it and you'll hear your favorite radio headliners! The big show begins at 8:00 o'clock Tuesday night. Bob Hope heads the show surrounded by such favorites as Frank Morgan, The Andrews Sisters, Ginny Simms, Dennis Day, Rochester, Vera Vague, Eddie Duchin, Harry Von Zell, and Ray Noble! Who Could ask for more!

**FURNITURE MAKES NEWS,** especially hard-to-get metal, comfortably designed, adjustable office furniture. Ray Gwyn's shipment included some generous sized telephone tables finished in oak and walnut with shelf below (room for things always falling off telephone tables)! Nice for home, too. Draftsman stools have smart tan leather upholstery. Also cashier and filing stools, office ash trays, and a variety of typing tables. One is a honey for the busy typist . . . light wood top, metal runners to keep the typewriter in place and extendable from both ends for plenty of room!

**FOR VETS ONLY!**  
Are you hunting for a home? It's a full time job nowadays but Ted Thompson Agency is at your service.

Ted says according to Government regulation you service men will get the first material available . . . but there are some things you must do first. (1) Choose your building site, (2) secure 3 blueprints, plans and specification (3) submit the applications for appraisal by a Midland County approved appraiser and (4) See Ted Thompson for a quick, easy loan. If you have any home problems just call 823 or see Ted at 113 Wilkinson Bldg.

**THE HEAT'S ON!**  
And so it's doubly important to keep that cool, well-groomed look all through the summer . . . and so easy if you let the Fashion Cleaners keep your clothes spotless and in the best of repair.

Mr. A. B. McCain, owner, first opened the Fashion Cleaners at 412 West Texas in 1937 and will soon open No. 2 cleaning plant at 510 South Main Street. That's proof enough of the fine quality cleaning service he has offered. There's a staff of some 40 courteous employees at your service and whether it's cleaning, dyeing, cold storage, or any type of Stop at the Fashion Cleaners and have it done right.

**TOO HOT TO BAKE?**  
You bet it is . . . but that doesn't stop hearty appetites from wanting those delicious butter rolls with meals. Blackwell's Bakery can supply you with all you need. Drop down from 10 to 12:30 Sunday mornings and get some if you've forgotten. It's a life saver.

Sugar is precious so satisfy that sweet tooth at Blackwell's. They have French pastry, delicious jelly stick, chocolate brownies, cupcakes with frosting, and all kinds of good things to eat.

**PATENT LEATHER WAS NEVER LIKE THIS!**  
It's a Genuine Vinyl plastic patent bag at Wilson's. It's shining black, more durable, won't crack or peel. Youthful smart lines make it "Fashion perfect" for your summer and winter "Best Dress". Swing it over your shoulder and carry everything you need . . . for it's one of the roomiest I've seen! Three open compartments, two zipper compartments, and a good sized coin purse. The flap is lined with kid, and the purse itself with gay Roman Stripes. This is really pre-war plus . . . thanks to science!

**FIT MAKES THE FASHION** . . . clothes fit to your personality and fit to your figure.

I dropped in to see Mrs. Francis, Midland's exclusive dressmaker at 305 E. Illinois, give a fitting. It didn't take long for she's a skillful designer and knows every detail of tailoring handsome dresses. For the older lady I saw a beautiful, simply designed, sky blue linen, and for a young lady a tailored deliciously feminine printed chiffon. Each design speaks good taste and her workmanship can't be duplicated! See for yourself.

**THE COOLEST SPOT IN TOWN?**  
Just ask any vegetable . . . It's the Morris System Food Store's walk-in box where the finest fruits and vegetables are kept crisp and fresh just for you. Mr. Calvin, your produce man, keeps close tab on the wide selection of fine things to eat in this convenient air-cooled room. Speaking of a cold fresh fruit cocktail or a crisp cool vegetable salad doesn't sound bad . . . and it isn't, when your fruits and vegetables enjoy the summer at 55 degrees.

**IT'S HARD TO DESCRIBE** . . . these modern and unusual salt and pepper shakers! Clear Lucite (about an inch square, cut about three-fourth inch thick) is spaced up and down a round metal tube which holds the salt and pepper. They're really square shaped but because of the transparent lucite they give a round impression too! Curious? They're at Midland Hardware and come in ruby red, amber, turquoise blue, and royal blue. Your choice of sizes too. They have style and just add that touch to make a table look pert and perfect.

**ATTENTION CAR CONSCIOUS MOTORISTS!**  
Have you started thinking about that vacation trip yet? . . . or is your car in need of a little first class care and attention to put it back in A-1 condition? In that case, drive in to Pope's Texaco station just across from King's and let them give that "weary buggy" some good Sky Chief or Fire Chief gasoline, a Mar-fak lubrication, polishing, change of oil, etc. . . . keep like the way they keep their station so clean, and the cheerful service you always receive. Drive in often.

**A "MUST"** to complement your important vacation wardrobe is the stylish and brazen new all-wool white casual jacket. Simple tailoring make these perfect for dress or sport! Drop in at the Mary Anne Shoppe and examine the fine quality of material, the smart cut-away or "butterfly sleeve", the extended shoulder . . . how comfortable for the mountains, how smart for California, and if like me, you're vacationing in the back yard hammock . . . how perfect for an evening in Midland! You'll always need that important white summer jacket.

**IT'S DAD'S DAY** so why not give Dad a real treat . . . take him out to Colin's Cafe on South Main for dinner, and foot the bill! It's big and roomy inside with plenty of space for all the family. Settle down at one of the tables and enjoy the friendly atmosphere and good service that John Colin's Cafe specializes in. There's nothing Dad would like more than a good, man-sized dinner of good plain delicious cooking . . . and Colin's can give it to him. You're always welcome there, come often.

**THINKING OF BUTANE TANKS AND GAS?** The Jones Butane Service will supply you for they have a large supply of butane tanks and will handle appliances as soon as they are available.

The Jones Butane Service is located on the Rankin Highway south of town and by calling 1495-J-2 you will receive fast service day and night. You regular users know you never have to worry about running out, for A. W. Jones and T. D. Jones, Jr., know just when to service your tank. Play safe, let this reliable service serve you.

**IT'S SUMMER TIME! IT'S SWIMMIN' TIME!**  
From the tiny tots to the old floaters, it's wonder-swimmin' pool is open. Kiddies Toggery has ming suits . . . just like good elastic at the waist, beach prints and good in sizes two to six.

And I couldn't help telling you about the precious little pinafores with embroidery trim and bonnets to match for the "little flappers." Come in pink, blue and white.

**COOL, CALM AND COLLECTED** is not as easy as it sounds when you're trying to look your best. You're all ready to go . . . but a walk outside will give the wind and sun a chance to do its dirty work. Dilemma? Not at all. Don't take a chance . . . on spilling that bandbox look. Take a Checker! Just Phone 70 or 211 and in just a jiffy you'll have a clean, comfortable cab to take you swiftly and safely to your destination. And if it's packages and suitcases you're worrying about . . . just leave them to your courteous driver. Simple!

**THERE'S BEER FOR BOWLERS ONLY** at Plamor Palace due to the shortage, but they hope it won't be long before they can serve you all.

So bowlers, why not come on down and bring the family, bowl a few games, and relax in the comfortable seats. It's air conditioned and just the way to have a grand time in the heat. Plamor's alleys and equipment are the finest in West Texas and Everybody can play. It's a fascinating game of skill. If you're just leading try between noon and four. There's always someone to help you. Get up a party this afternoon and come on down for a swell afternoon's sport.

You Can Be In . . .

**Gorgeous Shape!**

When you slip into that one-piece bathing suit and look and feel beautiful . . .

When you wear figure flattering sports wear as shown in glamorous fashions and be pleased with the effect . . . then you're in fine shape!

If you need a little slimming and shaping — then you need the STAUFFER SYSTEM. Soothing treatments will do all the work, while you indulge in complete relaxation!

**Message From Babyland** we babies have to keep parents informed nowadays. For instance, so often we're left out when it comes to the pretty jewelry. If only parents would drop into VOSAT-KO'S and see the wonderful sterling silver cups, curved handled spoons, and spoon and fork sets. They have lockets, crosses and identification bracelets. Sparkling rings of all descriptions, and just my size too. And brushing and combing would almost be a pleasure with those pretty comb and brush sets.

**Man In Hurry Thinks One-Hour Parking Is Big Waste Of Time**

A negro man didn't think so much of the one-hour parking meters recently installed here until he had the situation explained to him one day last week.

A city policeman was stopped by the man, who explained he had parked, put in his nickel, and departed on business which required only 20 minutes of his time.

His problem, he said, was that he was in a hurry and he wanted

**Thirteen Marriage Licenses Are Issued**

Three marriage licenses were issued Friday bringing total issuances in June to 13, Susie G. Nobie, county clerk, announced Saturday.

Receiving licenses Friday were: Wade H. Ellison and Leona O'Dell Hargrove; William Cody Rogers and Barbara Ruth Armstrong; Sherman Ray North and Ila Merle Franks.

to know if he could leave before his metered hour was up.

The policeman assured him he could.

**MIDLANDERS MAKE CONTRIBUTIONS TO CANTEN TAG DAY**

Junior Canteen members Saturday expressed thanks to Midlanders who contributed to their organization on Tag Day Friday. Miss Sonia Post, director, reported that sufficient funds were raised to take care of the canteen expenses about one month.

Those making a canvass of the business district were Bobby Pletcher, Jo Ann Montgomery, Marilyn Miller, Mary Ann Goddard, Genora Brown, Berneal Pemberton, Herman Hankla, Florence Larsh, Dorothy Faye Holt, Wanda Jo Hankla, Nancy Gray, Buster Brown, Roy Mann, Bill Kerr, and Jack Warren.

Any persons not visited by the canvassing committee Friday and who desire to make contributions are asked to call the canteen, 190 and one of the members will call for the donation.

Officers of the board of directors and members of the canteen have expressed their appreciation for the generous contributions made by the people of Midland.

**Mrs. A. B. Coxie Gives Talk On Inward Adorning**

A talk on "Inward Adorning" from Peter 1-3 was presented by Mrs. A. B. Coxie on the Woman's Missionary Council of the First Assembly of God program Wednesday afternoon. Hostess for the occasion was Mrs. Isaac Johnson, 605 Fort Worth.

The meeting opened with the group singing hymns after which the activity report was given. Members told of various religious experiences under the direction of Mrs. Pleas Richters.

During the business session announcement was made that Mrs. W. M. Harmon, 306 East New York Avenue, will be hostess for the meeting next Wednesday.

Present were Mmes. Ray Watson, Johnson, Emily Shultz, Ruby Ridling, Rob Richters, Iva Rotan, Gilder Davis, Ella Smith, Orpha Tedder, Coxie, Bessie Rotan, Grace Rhoads, and Pleas Richters.

**MIDLANDERS RETURN FROM BEAUTY SCHOOL**

Christine Sanders and Wilda Snyder have returned from Fort Worth where they attended a Helena Rubinstein School of Beauty. They are both employed by Midland Drug Company.

**Miss Damie Young And A. H. Anderson Marry In Ceremony Friday**

In a candlelight ceremony solemnized Friday evening at the home of Miss Agnes Fitzsimmons, 1201 West Wall, Miss Damie Young of Midland and formerly of Menard, became the bride of Axel Harold (Swede) Anderson.

The Rev. Vernon Yearby, pastor of the First Baptist Church, directed the vows for the single-ring ceremony as the bridal couple stood before the mantle decorated with attractive arrangements of spring flowers. Only close friends of the couple were present for the wedding.

Attired in a navy blue crepe dress, the bride wore white accessories and a shoulder corsage of shell pink and white carnations from which fell short streamers of love knots.

Miss Fitzsimmons was the bride's only attendant. She wore a sheer bemberg print and a corsage of shell pink carnations.

Serving the bridegroom as best man was Chris Samples. Following the ceremony a wed-

**MIDLAND RED CROSS CHAPTER WILL ELECT NEW OFFICERS**

New officers of the Midland chapter of the American Red Cross will be elected at a meeting to be held at 8 p. m. June 27 in the Red Cross office in the city hall.

All members are urged to be present.

A dinner was held at the Ranch House.

The bridal couple will take a wedding trip to Little Falls, Minn., where they will spend a month in the lake area and also visit relatives. They will return to Midland to make their home.

Mrs. Anderson has been employed at the American Beauty Shop for the past four months. She recently received her release from the European Theater of Operations as a mess sergeant.

A former resident of Little Falls, Minn., Mr. Anderson has been with the Humble Oil & Refining Company for the past 20 years. He has been with the company in Midland for 10 years.

**Business Firms Urged To Sponsor Entries In Bathing Beauty Contest**

The beauties of Midland will be revealed in a bathing beauty revue at Pagoda Pool Saturday under sponsorship of the Junior Chamber of Commerce.

Midland business firms and individuals are being urged to sponsor entries in the contest to select "Miss Midland" to represent the city at other events of this nature, including the "Miss Texas" pageant at Port Arthur in August. The Midland representative will have all expenses paid to the Port Arthur contest, which will select a Texas sponsor for the "Miss America Pageant" at Atlantic City in September. She also will represent the city at the Fort Stockton bathing beauty revue next month.

Entry fee is \$5, and entries may be made to Dr. Henry Schlichting, Jr., Rusty Gifford, Poosty Jones or Ernest Nell of the Junior Chamber of Commerce committee.

Girls desiring to enter the contest are urged to contact a member of the committee, which will contact sponsors.

Contest rules have been announced as follows:

1. Entrant must be resident of Midland.
2. Must be single and never have been married.
3. Be between the ages of 18 and 28.
4. Be of good character, possess poise, personality, intelligence and charm.
5. Possess talent.

(NEA Photo) Mrs. Jack Hamilton of Fort Worth is spending the summer in front of her electric fan with a piece of cold watermelon to keep her company. She had never eaten watermelon before coming to Fort Worth and likes it very much, but says she could do with a little less of the Texas heat. The hottest she ever saw her London, England, home was 82 degrees, which was less than she has already seen since coming to Fort Worth.

## Final Action On OPA Will Effect All Citizens, Pocketbooks, Living Costs

By JAMES MARLOW  
WASHINGTON—(AP)—What happens to OPA in the next two weeks will affect you, your pocketbook and your cost of living.

Here's the story.

The House and Senate have voted to continue OPA.

In doing so both houses would strip OPA of many price controls, leaving it only a ghost of itself.

If the action of Congress becomes law—this is not certain yet—prices

are going to start climbing, some almost immediately.

No one seriously denies that throwing off OPA controls will bring higher prices. Higher prices mean inflation.

Congress' thinking—or hope—in paving the way for higher prices was this:

Higher prices will mean better profits for business. With better profits, business will produce the goods the country needs.

Then, when plenty of goods reach the market, prices will start coming down.

The main point is: How high will the prices (inflation) go, how long will they stay up, when will they start coming down, how far down will they come?

There's this: If prices get out of hand, the government no longer can attempt to hold wages down. Labor will start demanding higher pay if prices go screwy.

Will Prices Ever Come Down?

And there's this: If wages go up, the cost of production will have to go up. Then, will wages and prices

## New City Water Tank Nearing Completion

The city's new 3,200,000 gallon water storage tank west of the city is nearing completion, and is expected to be in operation within a few weeks. The top for the structure has been put in place, and the electrical device to resist the forming of rust has yet to be installed.

After the installation has been completed, the tank will be disinfected, and the water will be allowed to fill the huge structure.

MIDLAND, TEXAS, SUNDAY, JUNE 16, 1946

SECTION THREE

## New Arterial Water Main In Midland Is Subject For Article In Magazine

The City of Midland and its recently-installed 18,000 feet of 16-inch pipe for an arterial water main traversing the city from the east to the west are subjects of an article in the U. S. Pipe, house organ of the U. S. Pipe & Foundry Company. It is entitled "Feeder Main Installed Across City to Reinforce Distribution System."

In describing the new line, in-

## 35 Conservation Plans Approved By Soil District

Thirty-five complete soil and water conservation plans were made a part of cooperative agreements signed by farmers, ranchers, and supervisors of the Martin-Howard special meeting last week.

Among the farmers and ranchers who became district cooperators were James A. Warren, Robert Y. Yarborough, Sherwood O'Neal, Bill Conner, Mrs. Ellen Ray, R. B. Dickerson, G. M. Kinsey, W. O. Hays, R. G. Lewis, A. C. Tienert, J. D. Wood, H. R. Solomon, S. R. Preston, J. M. King, Sr., and Aldridge Estes.

Applications for assistance in making soil and water conservation plans were also approved. The supervisors also elected L. H. Thomas of Big Spring chairman of the board and Herd Midkiff of Midland vice-chairman.

These plans were developed by the farmers and ranchers assisted by the Soil Conservation Service, and were based on conservation surveys which show the kind of soil, how much top soil has been washed or blown away, how steep the lands is, the condition of the range or pasture land and how the land is being used. This type of information is important in determining what conservation measures are necessary.

Cooperators with the district have found that small grain, used as a cover crop to prevent blowing, made a good profit in the way of winter grazing. Alfred Tom grazed 100 acres of oats with 54 calves from April to June and found the calves gained on an average of 200 pounds each, making him a profit of \$20 per acre after all expenses were deducted.

Terry Elkin, who has about 50 acres of small grain, is harvesting an average of 12-14 bushels of grain per acre in spite of the spring drought. He plans to plant his entire farm in small grain next fall as it proved very beneficial in preventing blowing, in addition to furnishing grazing.

## SHEEP SUBSIDY PAYMENTS WILL EXPIRE ON JUNE 30

Sheep subsidy payments expire June 30, the Midland County ACA office has announced. Any sheep sold for food consumption are not eligible under subsidy payment plans if receipts show the date of the sales on or after June 30.

stalled last winter, the article says, in part:

"The improvements under construction were necessary because of the growth of the community and the need for greater volumes of water in almost every section of the city for fire protection as well as domestic consumption. The water works distribution system of the City of Midland grew in length and extent as the city grew, rather than in diameter with the result that the larger part of the city was served with water mains too small in diameter to furnish water for ordinary domestic use, particularly at time of peak demand during the summer season.

"The City of Midland is built upon terrain which is underlain by a thick layer of hard caliche which is encountered from one to three feet below the surface and extends to a depth of 20 to 30 feet. Excavation is, therefore, difficult and expensive, but was accomplished on this job by the use of a trenching machine which had been completely rebuilt and greatly strengthened in order to handle this type of material."

"The line runs from an existing 16-inch line from the booster station east of the city to the new reservoir on the west.

"The line," the article continues, "will operate under pressure ranging from 30 to 90 pounds per square inch. As the pipe was installed, sections of the line between gate valves, varying from 1,000 to 1,500 feet in length were subjected to a hydro-static test of 200 pounds per square inch before backfilling. These tests revealed an unusually tight line.

"The water works distribution system (of the city) consists of approximately 35 miles of water main varying in size from two inches to ten inches in diameter, with the exception of the new construction which is 16 inches in diameter. Recently, however, the city has installed a considerable footage of 12-inch diameter main to supplement the 16-inch diameter main installed under this contract.

"The oldest cast iron pipe in the system was installed about 1912. The water works system has approximately 3,000 services and consumption varies from 700,000 gallons per day in the winter to a maximum of almost 4,000,000 gallons per day in the summer.

"The Midland water, sewer, street, garbage and other public services are all under the direct supervision of A. B. Cole, an employee of long standing in the city and a very capable public servant."

The article, written by Ashley G. Classen of Ashley G. Classen & Associates, El Paso consulting engineers, also gave a description of the city's appearance and business importance.

## Four Veterans File Discharge Papers

Four veterans of military service filed discharge papers Friday at the county clerk's office.

They include:

Herman Harvey Mason, former private first class in the U. S. Marines, who was twice wounded in Pacific area action.

Clarence J. Kerth, former AAF master sergeant, who was an airplane technician.

John Paul Cresson, former U. S. Navy coxswain, who won five Stars in Pacific action.

David Googins, Jr., Navy, who was a storekeeper third class in the Pacific theater of war.

## U. S. May Train Troops For Chinese Armies

WASHINGTON—(AP)—The United States is ready to help train a Chinese army of possibly 1,000,000 men, provided Congress gives its okay.

The training would include both Central Government and Communist troops, in a ratio of five to one.

The exact number of men still is uncertain, but Gen. George C. Marshall, special ambassador to China, has approved a program developed by the State, War and Navy departments calling for an "effective small army" of 60 divisions.

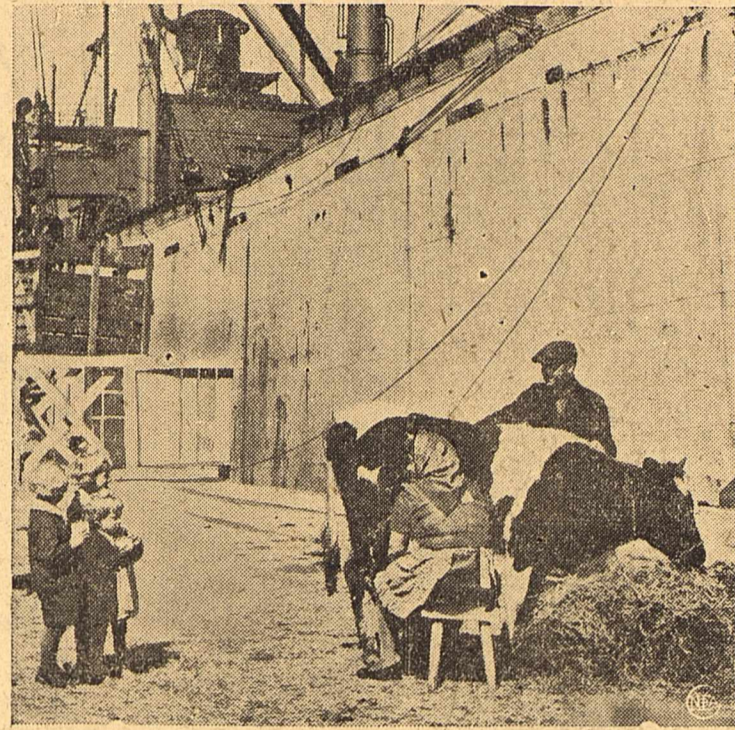

That description came from officials who said the objective is three-fold:

1. To enable China to maintain her internal security.
2. To help preserve peace in Asia and.
3. To cooperate in whatever way is necessary with United Nations peace forces.

Secretary of State Byrnes sent acting Senate President McKellar (D-Tenn) a request for the necessary legislation before he left Thursday for the Big Four foreign ministers meeting in Paris.

The first paper mill in the United States was started in Philadelphia in 1690.

## Empty Mugs and Hungry Mouths

Holding empty mugs, three youngsters at Gdansk, Poland, wistfully watch a townswoman milk a cow, just taken off the UNRRA livestock ship in background. Each will receive a mugful from the first pail. UNRRA cows are frequently milked as soon as the ships dock.

## Payments For Dairy Production Subsidies Will Start On July 1

Dairy production payments for the months of April, May and June will begin July 1, the Midland County ACA office has announced. Compliance reports may be submitted beginning on that date through August 31.

Rate of payments for subsidies during April is 70 cents per hundredweight of whole milk and 17 cents per pound for butterfat. May and June rates are 55 cents per hundredweight for whole milk and 15 cents per pound for butterfat.

No law ever has been passed to designate how the stars of the American flag shall be arranged, but by common practice they form six rows of eight stars each.

## JayCees Bid For National Honors With Two Programs

The Midland Junior Chamber of Commerce made two bids for national honors this week, entering two programs for adjudgment at the national convention of the United States Junior Chamber of Commerce to be held in Milwaukee, Wis., the last week in June.

These programs, based on accomplishments here and declared winners in a state contest, ask for

public health and for Christmas activities.

Last year Midland won a national award in Christmas activities. The JayCees have won three consecutive state contests in this program and have won permanent possession of a trophy.

The public health entry, a new submission this year, was outstanding enough to win the state contest and become eligible for national competition.

Concise briefs accompanying the entries show what the JayCees did to win state honors and aspire to national awards:

### "Toward Greater Faith"

- Christmas activities: "The Junior Chamber of Commerce of Midland used the theme 'Toward Greater Faith.' It conducted the following events (with program chairmen named): 1. worship services (Hubert Hopper); reading Christmas stories on Christmas Eve to family groups; attending church; newspaper articles by various ministers to encourage church attendance; 2. Santa Claus parade with floats (Delbert Downing); 3. caroling (Raymond Hall); 4. JayCee membership party (Ted Thompson); 5. welcome home dinner for returned service folk (Bill Collyns); 6. radio program (J. M. McDonald); 7. visitation of shut-ins and presenting flowers (Vernon Yearby); 8. citywide service club luncheon (Toward A Greater Faith (Joe Mims); 9. Christmas giving (Good-fellow Fund) (Clint Dungan); 10. distribution of toys to children (Jack Mashburn); 11. White Christmas program, school and church (Harlan Howell); 12. Christmas display decorations (Clayde Garrison); 13. children's Christmas party (Al Boring); 14. welcome of service men returning to Midland (Poosty Jones); publicity (Tanner Laine).
- "JayCee initiative was directed at bringing its all-inclusive Christmas program to touch the life of every person in the city. This was certainly accomplished by the 15 different projects of the 'Toward A Greater Faith' project. When its far-reaching program was concluded, from the youngest to the oldest,

## Plan To Re-Zone Front Street On Council Docket

A proposal to rezone as an extension of the business district a portion of the West End Addition lying north of North Front Street and south of the alley between Washington Avenue and North Front Street, from B Street on the east to O Street on the west, will be heard by the City Council at 3:30 p. m. Wednesday at the City Hall.

All persons interested in the matter have been extended an invitation to attend the public hearing to be held on the proposal.

Routine business matters are expected to comprise the remainder of the docket for the council session.

## Steelman Appointed Reconversion Head

WASHINGTON—(AP)—President Truman has appointed John R. Steelman director of the office of war mobilization and reconversion. Steelman, a special assistant to the President, will succeed John W. Snyder, who has been nominated for secretary of the treasury.

The President said that Steelman not only would take over Snyder's old job but that he would also continue in his present capacity as labor advisor to the President, at the request of Secretary of Labor Schwelienbach.

## Lovemakers In London's Hyde Park At It Again With Sanction Of Police

By HELEN CAMP  
 AP Newsfeatures  
 LONDON—The Hyde Park love-makers are at it again. As the summer sun warms the earth, the miles of grass stretches are dotted with entwined, entangled and thoroughly ardent couples—a little less numerous this year because there are fewer service men—but no more inhibited.

There are, of course, the hand-in-hand strollers and the park-bench-sitters. And then there are the lyers-in-grass and the hiders-behind-trees. They don't wait for darkness, because darkness comes late in English summertime, and they don't look for privacy.

Children climb over sprawled couples, who may be anywhere from under 14 to 40-plus, and mothers unconcernedly wheel baby carriages around them. Lovemaking in British parks is not high school romancing or college campus petting. It's what in the United States would send newspaper editorials screaming through the presses and hordes of women's organizations stomping through the streets.

But anti-petting campaigns on American campuses find no companionate passion in England. "Our officers look at it with a very broad view," a veteran city policeman said. "I was a young man myself once."

He added that certain moral societies were "very very keen" on doing something about "street importuning" and public houses but so far as lovemaking was concerned, "If I was a young man I should interpret that as being a bit of a spoilsport."

Only if a police officer believes couples are guilty of disorderly conduct or causing a public obstruction would they be even reprimanded, he said.

As to what constitutes disorderly conduct: "Well, you know . . . when it's so awkward they should be in a hotel room."

Even if the city should decide to do something about park petting, he said, it wouldn't have the staff to maintain any sort of "proper patrol."

Parks are solemnly closed at dusk by locking the gates—a purely symbolic gesture, since during the war all railings were removed for scrap. Theoretically anyone who steps over the curb that used to hold the railings is trespassing, because a parliamentary act of 1872 forbids "unauthorized persons" to enter or remain in the park after closing time, but park attendants say "we don't attempt to keep people out. We are just complying with regulations."

Moral welfare societies conduct intermittent campaigns against (a) public houses (b) unmarried mothers (c) love scenes in films (d) nudity on the stage and (e) laxity of sex morals in general, but rarely do they touch on anything

as specific as petting in parks. In 1944 a campaign against immorality on the 600-acre Church of England estate at Paddington was answered by the Bishop of London, Dr. Fisher, at a London diocesan conference: "Pass the recommendations, by all means, but don't expect too much from them."

In 1942 a brief "parks scandal" flared up with a threat, particularly in Birmingham, of replacement of park railings to stop "damaging and immorality." Complaints that lovemakers were ruining flowerbeds and shrubbery brought a suggestion of voluntary park policemen but volunteers were few.

More recently housewife "vigilantes" in several East Suffolk towns conducted a "save-the-girls-from-themselves" drive in which middle-aged women patrolled the towns on weekends, followed couples down country lanes, listened in bars for careless talk—and were termed "busybodies" and "a form of gesticapo" by city council members. Another campaign tried briefly to have Field Marshal Montgomery, who had done so well against the Germans in Africa, appointed "minister of sex morals" for Britain. More successful was a campaign against the "sleeping racket" in Derbyshire when farmers were accused of charging ninepence (17 cents) to one shilling (20 cents) nightly for barn beds with most "guests" 14-to-17-year-olds of both sexes.

### CATCHER IN HOT ARGUMENT, PROTECTOR CATCHES FIRE

IOLA, KAN. —(AP)— Things got flaming hot for Catcher Dave Dennis during an argument at the plate in a Kansas-Oklahoma-Missouri baseball league game.

At the height of a dispute between his battery mate and Umpire George Carney, fans saw the Miami, Okla., backstop start shaking sparks from his chest protector, and then quickly throw the protector aside as flames burst forth.

Source of the fire was believed to be a carelessly thrown cigarette which had lodged in the protector while lying on the ground between innings.

### AT LEAST THIS THIEF HAD TO WORK FOR BOAT

RACINE, WIS. —(AP)— Someone stole A. J. Niemiec's new rowboat the hard way.

Sheriff Robert Matheson said that Niemiec, of Milwaukee, had chained his 14-foot boat to a medium-sized hickory tree on the shore of Norton's Lake after a weekend fishing trip.

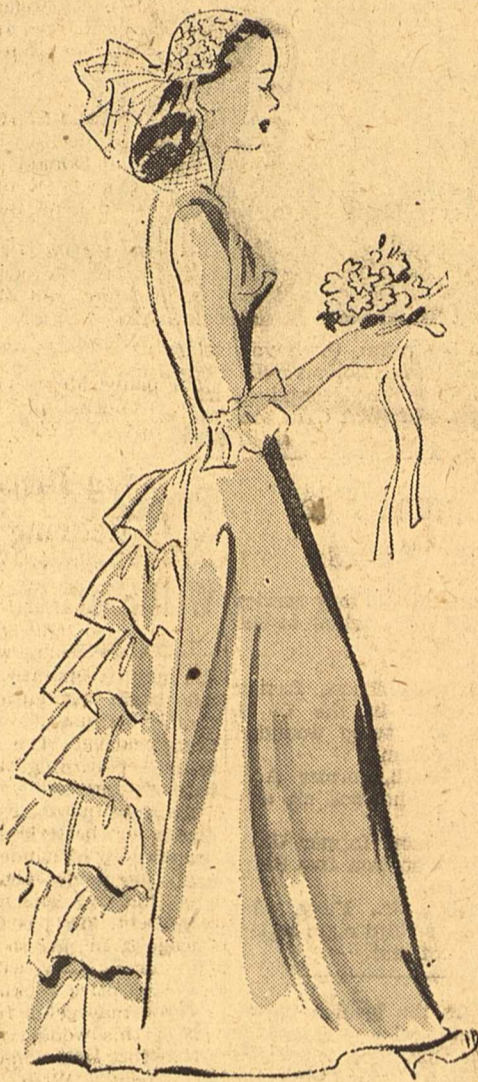

He returned later and found the tree chopped down and the boat gone.

The first quarter-year production of bathtubs in the United States for 1946 exceeded output for a like period of 1945 by about 60 per cent.

HERE IS AN INTERESTING

# MESSAGE TO

*The June Bride*

A MESSAGE, IN FACT, TO ALL THE BRIDES OF ALL THE JUNES, PAST, PRESENT AND FUTURE — AND EVERY BRIDE WITH JUNE IN HER HEART.

— And Here Is The Message:

THAT PART OF YOUR DREAMS FOR HAPPINESS CALLED "A HOME" CAN BE PERFECTLY FULFILLED IN "A HOME IN GRAFALAND"

## HERE'S WHAT WE MEAN:

You don't need to be told that a home has a personality. A home, the kind of home you want to live in, is certainly always something more than a structure on a piece of land.

A home is the plans of glad hearts; a home is like a drop of water in the river of the neighborhood, the city, the region and a glorious nation. A home has joy in it; as years go by there are sorrows in it too; there is always hope in it, and faith in the future with love of the present.

A home is the sovereign symbol of civilization.

Therefore, you want to plan well. Therefore, you want to be absolutely certain that the place where the years will come and go gracefully, where dreams will spring into reality, will have a physical fitness to fill these finest dreams of your desires.

Such a location for such a home is Grafaland.

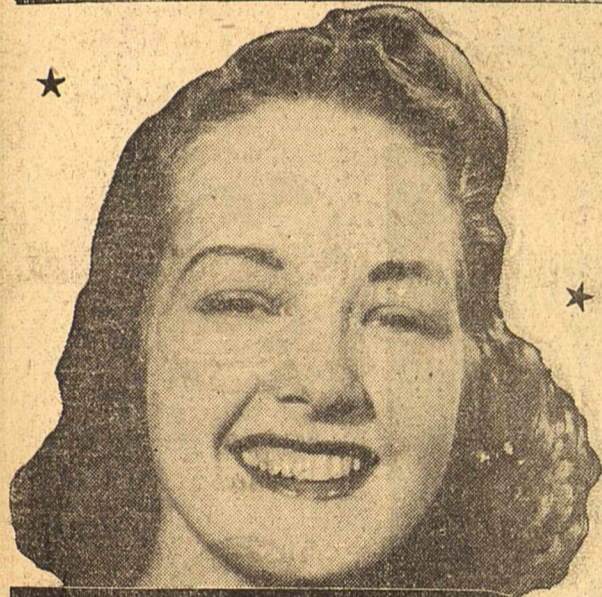

PLANS HAVE ALREADY BEEN DRAWN OR ARE BEING DRAWN FOR OVER 65 BEAUTIFUL HOMES TO BE CONSTRUCTED IN GRAFALAND THIS YEAR IF MATERIALS ARE AVAILABLE.

Join Those Who Have Selected Homesites In Grafaland: See —

# Water Lilies Lend Exotic Note To Your Backyard Pool

By HENRY L. PREE  
Written for NEA Service

The home gardener, who is fortunate enough to have a lily pool in his back yard, whether it be large or small, will find it to be one of the most attractive parts of his garden and with less effort than any other section. It is not necessary to weed or cultivate and any of the few pests which attack water lilies are easily controlled.

Water lilies are very easy to grow. Under natural conditions the roots are in rich soil in shallow water of a marsh or pond and exposed to full sunshine. These conditions are easily reproduced in the home garden. Hardy and tropical water lilies may be planted in water a foot deep, allowing six inches of water over six inches of soil. Artificial pools need not be more than 24 inches deep. Twenty inches makes a satisfactory depth. It is best to provide a separate container for each water lily, or lotus.

Tropical water lilies do not grow well in temperatures below 65 degrees, and should indoor plants be shifted to colder water they are likely to stop growing for the rest of the summer. Lilies do best when the water is 70 degrees and warmer. The container should hold at least a bushel of soil, composed of three parts of good top soil and one part old manure. Muck from swamps, soil from woods, peat moss and sand should not be used in the soil. In the absence of manure thoroughly mix a half pound of a 4-12-4 fertilizer with the topsoil.

Tropical lilies are much larger, more fragrant and much more showy than the hardy ones. Unfortunately, in the north, they cannot be carried over the winter out of

## Lilies Help Make Yards Distinctive

Beautiful, restful-looking water lilies are easy to grow in a backyard lily pool.

doors and it is difficult to carry them over indoors unless one has a small greenhouse or an ideal sun porch.

A space four to five feet in diameter should be the minimum for each plant as it is always more pleasing to be able to see some of the water. The purchase of potted lilies and lotus plants is advised since the roots and tubers are tender. Care must be taken in planting

so that the crown is not injured. All soils in the containers or in the pool should be covered with an inch of sand to prevent any particles from the soil floating into the water and discoloring it. The water need not be changed during the growing season, since lilies resent any sudden change in temperature. If the pool is supplied with oxygenating plants and well stocked with snails and fish, the water will keep clean.

Given full sun, and enough food, the water maintained at the proper depth, these lilies will raise their large blossoms a foot or more above the water and flower profusely.

Similar in cultivation are the night bloomers. If you have room for them do plant a couple. They bloom from 7 in the evening until 9 in the morning while the day bloomers start to bloom about 8 and go through until 6 in the evening. A floodlight installed to shine on the night bloomers will double your enjoyment of them.

For the gardener who wants the best I suggest Alice Tricker, a white day bloomer; Col. Lindbergh, with enormous blue flowers, a day bloomer; Gen. Pershing, the finest pink day bloomer; St. Louis, the first yellow tropical lily, day bloomer; and Missouri, a night blooming variety with glorious white flowers 12 inches across.

### FARM AND RANCH NEWS —

## Items Of Interest About Persons Residing Or Known In This Region

Mr. and Mrs. Donald Hutt of Fort Worth are in Midland for a few days' visit. The Hutt's formerly ranched south of Midland. Hutt reports the recent heavy rains in the Fort Worth area did considerable damage to the oat crop.

Midland County has received a renewal certificate from the Texas Livestock Sanitary Commission stating the county is again in a modified accredited area for tuberculosis. More than 1500 cattle were tested for tuberculosis in the county recently.

Many old timers will regret to hear of the recent death of J. F. Berry of Garden City. Berry moved from Burnett County to Glasscock County in 1906 and continued in the ranching business until his death last week. He is survived by a son, Clyde, of Garden City, and two daughters, Mrs. Sam Cox of Tarzan and Mrs. V. L. McWhirter of Garden City.

An unusual volume of cattle and sheep has moved from dry ranges during the last week or 10 days. Reports from a wide area in West Texas indicate that unless these dry areas get rain soon, an even larger volume of livestock will be moving out.

Dr. I. B. Boughton, veterinarian with the Texas Experiment Station at Sonora, was in this area last week looking over range conditions and checking on the livestock disease situation. Boughton said the experiment station is working on pink eye in sheep and cattle but has nothing definite to report at this time. The so-called hard yellow liver in sheep which has shown up in the years gone past is still receiving the attention of the experiment station. It has been checked on every possible reason which might cause this disease.

A. J. Cunningham and his brother, Phelps, from Garden City, were in Midland this week on business.

Tentative plans for a commercial fat cattle show are being drawn up for discussion by the Midland Livestock Show committee, according to County Judge E. H. Barron, president of the committee. This show would be an open-to-the-world affair, and the fat cattle shown would be strictly commercially fed. Cattle shown would not be dressed up in any way, and judging would be on a market classification.

Twenty Midland County 4-H club boys are planning to attend the district 4-H club encampment June 27, 28 and 29 in San Angelo.

Folks from Garden City attending the Thursday auction sale included W. A. Bigby, Bud Hanson, Hugh Crouch, Alley B. Cook, Loyd Hardy, V. L. McWhirter, and Charlie Cox. They report ranges in that country are pretty dry. Some ranchers are reducing their stocking rate due to the dry weather.

Sam Cox and his son, Bob, of Tarzan, were at the Thursday's livestock sale. Bob showed two calves in the recent livestock show here. He has some registered Hereford cattle which he purchased with proceeds from the sale of his 4-H club calves. Sam says the ranges in the Tarzan area are very dry and that there has been very little farm land planted to date.

Mr. and Mrs. Calvin Holcomb and son, Billie, are visiting the Sherwood O'Neals. Calvin is the county agent of Mills County with headquarters at Goldthwaite. Calvin was in Midland County back in 1940 and 1941 on dairy herd improvement work. He reports good rains in the Goldthwaite section.

Consignors to the Midland livestock auction sale Thursday included Jimmie Deakins, Pecos; Jim Cooker, Pecos; Roy McDonald, Fort Stockton; Joe E. Kelly, Monahans; J. A. Bigby, Garden City; Claude Edwards, Stanton; Ed Garrett, Brownfield; Vernon Hightower, Big Spring; Wilson Barr, Rankin; C. P. Coker, Crane; Bill McKandless, Odessa; Howard Reed, Big Spring; W. E. Putty, Odessa; H. S. Harrell, Andrews; T. N. Eiland, Pyote; Oliver Nichols, Knott; Edwards Bros., Stanton; M. E. Clark, Pecos; S. I. Cauble, Big Spring; Gilbert Hogg, Monahans; S. Hernandez, Lenora; Oso Pool, Odessa; J. T. Yates, Monahans; McKnight Bros., Odessa; J. C. Lingle, Odessa; Charlie Martin, Stanton; and Brown and Tolivero, Pecos.

Prices were steady with common stockers bringing 9.40 to 12.00. Stockers brought 13.50 to 14.50; canner cows from 5.75 to 7.00; cutter cows from 7.50 to 9.00; butcher cows from 9.40 to 11.50; and choice fat cows from 12.00 to 14.90. The J. E. Kelly Dairy of Monahans consigned its entire herd to the sale. McKnight Bros. of Odessa topped the fat cow market with a price of 14.90.

Planting of crop land in Midland County has been about 75 per cent completed at this time. The eastern part of the county continues in a dry spot, not yet having enough moisture to plant on.

About 45 processes, requiring six weeks, are necessary to finish goat and kid skins from stiff hides into shoes, bags, belts, etc.

## Sunshine Special To Be Through Train To Eastern Points July 7

The Sunshine Special will begin daily operation as a through passenger train July 7 between Texas points and New York, Philadelphia and Washington over the Texas & Pacific, Missouri Pacific and Pennsylvania railroads, W. G. Vollmer, T&P president, has announced.

Plans are being discussed with other Eastern lines for the operation of through sleeping cars between the East and the Southwest. The westbound Sunshine Special will leave the Pennsylvania station, New York, at 9 p. m. for Dallas and intermediate points. The eastbound will depart from El Paso at 9 p. m. for the Eastern cities.

The westbound train arrives at Midland at 12:50 a. m., and the eastbound is scheduled at 7:05 a. m.

**RIGGS DISCHARGED**  
T/5 Elton A. Riggs of Midland has been discharged from the Army at the Fort Sam Houston discharge center.

**RECEIVE MARRIAGE LICENSES**  
Marriage licenses were issued Thursday to Donald W. Hetherington and Mary L. Kelly; Thomas M. Frizzelle and Lena Belle Ponder.

**VISITOR FROM CLEBURNE**  
Mrs. F. H. Stewart of Cleburne is visiting Mr. and Mrs. C. E. McCain. Mrs. McCain is a daughter of Mrs. Stewart.

The planet Mercury makes a complete revolution of the sun in 88 days.

## Amazing Discovery In A Hearing Aid

A big improvement has been made in a hearing aid now welcomed by thousands. This new unit aid is so light in weight you'll hardly know you're wearing it. Requires no separate battery pack, battery case or garment. Made so you can adjust it yourself to suit your hearing. The tone is clear and powerful. Remarkable new "X-Cell" retains full power up to 50 hours continuous use. Eliminates alternating batteries two or three times a day. Includes many other improvements for your comfort and better hearing. The makers of Bel-tone, Dept. 7902, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement they will gladly send free descriptive booklet and explain how you may get a full demonstration of this wonderful hearing device in your own home without risking a penny. Write them today.—Adv.

# Army To Test At Ohio Field New Rocket Plane Thought Capable Of Flying 1,500 Miles An Hour

By DOUGLAS LARSEN  
NEA Staff Correspondent

WRIGHT FIELD, OHIO—When test pilot Jack Woolams climbs into the Army Air Force's first super-sonic plane, the Bell Aircraft XS-1, and attempts to fly 1,500 miles per hour, he will be protected by almost every safety device known to aviation.

If the plane becomes disabled he will be automatically hurled away from it along with part of the cabin. At the proper altitude his parachute will automatically open. All the pilot has to do is squeeze a trigger, setting off a chain of small explosions which do the rest. The parachute is opened by a barometer fastened to the rip cord; the change in air pressure during the rapid

fall causes the barometer to trip the release.

To avoid injury from shock of an opening chute, a new type of parachute has been developed. It has very flexible cords holding the man using it and it is made out of many ribbons of silk which don't open with such a snap.

These items and other revolutionary advances in aviation were revealed to the public for the first time at the Army Air Force Materiel Center here.

Jack Woolams, 29, father of three children, is the chief test pilot for Bell Aircraft Corporation. It is planned that he will make the attempt to fly the XS-1 faster than sound, scheduled soon.

The cockpit will be pressurized

and the pilot will breathe pure oxygen. He will wear a pressure suit and probably a gold-fish-bowl pressure helmet.

**Design Secret**

The XS-1 will be powered with a rocket motor when it makes the historic attempt to fly faster than sound. For security reasons the Air Force is keeping secret most of the details of its design. No pictures of it are being permitted for public display. A clue to its design, however, is given in the unofficial nickname for it. Among the men who are working on the XS-1 it is known as the "Flying Swordfish."

Woolams has tested it in glides. At 13,000 feet and an air speed of 350 miles per hour, its ultra-thin wing and tail surfaces and its clean design handled beautifully, showing no vibration or noise; he says it is "solid as a rock."

It is not a military aircraft, the Army claims. It will be more of a flying laboratory to probe the mystery of speed faster than sound. Here is the Air Force description of one of the basic problems involved in supersonic speeds which, it is hoped, the XS-1 will solve:

"At speeds below the speed of sound, the air flows smoothly over and under the control surfaces of an aircraft in much the same pattern as slowly moving water around a bridge pillar in midstream. But, as the aircraft approaches the speed of sound the air-flow pattern begins to resemble the pattern of swiftly moving water around the bridge pillar. It piles up in front, becomes extremely turbulent and instead of flowing smoothly around the aircraft, begins to batter it to pieces."

"Scientists working with a conventionally designed model in a conventional wind tunnel found that when the speed approaches that of sound the air reaction blocked the tunnel and no amount of power could force air around the model and through the tunnel. They also discovered that the turbulent air erratically increased, decreased, or even reversed normal lifts and pressures on the wing and control surfaces."

**Will Fly High**

Because drag at a given speed decreases as altitude increases, the XS-1 will be flown extremely high. It is probable that altitudes around 60,000 feet, where drag is about one-fourteenth as much as at sea level, will be used for the tests.

But if the plane reaches an altitude of 80,000 feet, the outside temperature will be 67 degrees below zero. The pilot, however, will not need any cabin heat. Friction of the plane through the air will cause all the heat necessary at supersonic speed.

In the first test the XS-1 will only be pushed to supersonic speed for a few minutes.

## Gang Warfare Promises More Crime

In the heyday of the gory, gory gangster wars of the twenties in Chicago, the St. Valentine's Day massacre, pictured above, was the goriest of all. The current outburst of underworld wars, thus far less sanguinary, is highlighted by a fabulous policy king named Jones.

## Chicago Underworld Takes Up Sides Again In Windy City Crime Boom

By JOHN SHEA  
NEA Staff Correspondent

CHICAGO — Chicago's underworld is choosing up sides again. Outbursts of gangster warfare in the past few months, although small-time by the old Capone standards, promise great blood-lettings to come. Meanwhile, Chicago police continue to be fine politicians.

Ed Jones, unbelievable negro policy syndicate king, once again dines faintly from a glass-topped table in his white-and-silver dining room, having been recently ransomed for \$100,000.

A bookmaker who switched from one information service to another rests in peace.

Hyman (Loud Mouth) Levin missed the lovely early spring here. He was confined to his apartment two months while private detectives waited outside with a subpoena requesting that Hyman testify in a suit charging him with syndicate control of the "blue" scratch sheet. After 67 days, Hyman's confinement was ended by a court order throwing the scratch sheet into public

sale; the private detectives cost the city \$9,648.

**Other Skirmishes**

There have been many other minor skirmishes. The city has also witnessed an unusually heavy run of crimes of which the Degnan child's murder is the worst. These latter of course are not necessarily part of the old-time inter-gang warfare.

If all of this sounds vaguely familiar to the ancients who remember the roaring twenties, it is not surprising.

Chicago's highly competitive newspapers have been having a high time of it in the news columns with these underworld outbursts. But they are generally agreed in their editorial columns that there is only one reason the gangs dare to operate as openly as they are currently doing. That reason is politics, or more specifically politics in the police department.

Ed Jones was kidnaped so openly a police car was able to pursue the abductors until outdistanced. He was released on a busy street in mid-afternoon, yet the police did not chase the car. The Commission cites among others these factual proofs:

1. A rookie patrolman with connections told his lieutenant what beat he should get—and got it.
2. A captain tried to clean up his district—and received orders to take a vacation with pay one month before elections.
3. A "troublesome" captain raided a gambling place he had been ordered to let operate—and was "busted."

**Charge Exams Rigged**

The commission charges further that civil service examinations are rigged to make possible elimination of police candidates who are merely capable and honest.

Chicago is a rich field for today's racketeers. There is more money in the south side negro section than ever before. Here the numbers game gets almost universal play and Ed Jones has recently been forced to install fancy coin counting and sorting machines to handle the take.

The payoff to Ed Jones is considerable. In 1940 the federal government, charging him with income tax evasion, listed his 1933-1938 gross income at \$1,696,175. Of course business is better these days.

Chicago has 28 main wheel owners or operators, who in turn have some 300 stations for taking of bets by "writers." About 1,500 "wildcat" wheels operate from time to time.

There have been 3,000 policy arrests in recent years but few of the major operators have been molested.

The policy game is such a closed corporation in the negro belt that only three white men have ever been able to invade it and hold their places.

### \$100,000 WORTH OF JEWELS FOUND IN YMCA ATTIC

ORANGE, N. J.—(AP)—Electricians installing wiring in the attic of the Orange YMCA came upon a cache of stolen jewelry which Essex County Prosecutor's Detective Lt. Leon Sklarey said was worth "more than \$100,000" in their store settings.

### CARS COLLIDE IN CITY

City police Friday reported an automobile collision at 600 West Wall Street in which there were no injuries.

They said drivers were Stanley Millican of San Angelo and John O. Henry of San Antonio.

## Jesse Parrish Helped Drive Cattle North, Then Became T&P Engineer

By CLAYTON HICKERSON  
Associated Press Staff

His friends all call him "The Kid," but he has a lot of offspring who will be saying "happy Father's Day" to him Sunday.

"The Kid" is 77-year-old Jesse Parrish of Terrell, Texas.

He'll enjoy Father's Day, just like he enjoys everything else in life.

But he's happiest when he watches the trains of the Texas and Pacific Railroad speed by his large white house on the outskirts of town.

Klux Klan was rampant, the old railroader spared no words in his criticism of the organization.

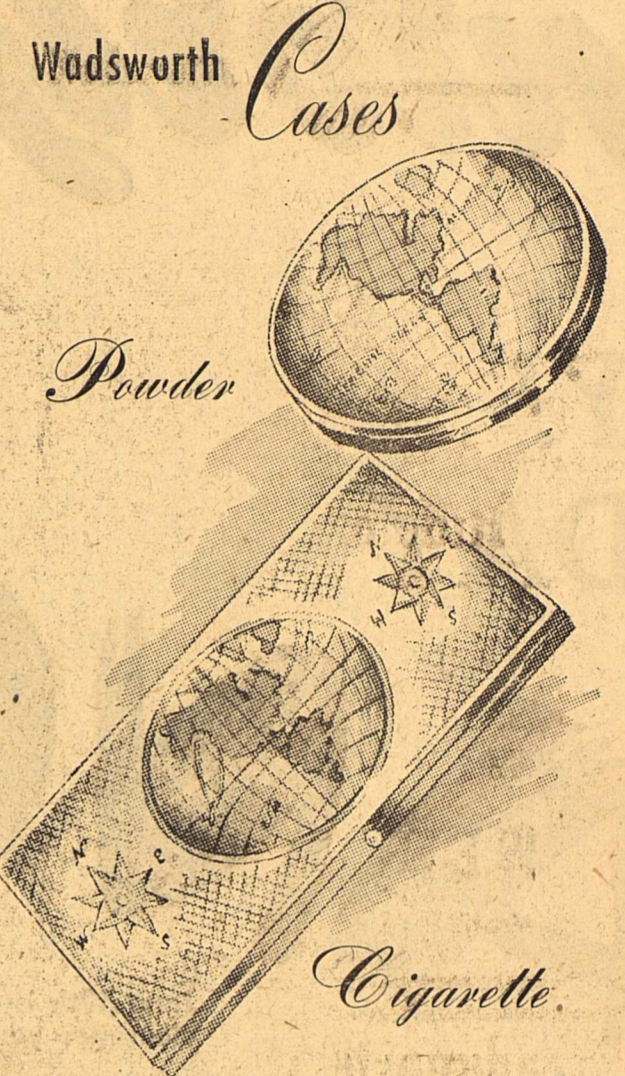

When a Klansman brought him warning, the hooded member was told in strong terms just where Jesse Eugene Parrish lived and about the shotgun at the door. He was never molested.

The Kid was, and is, quite a guy. He's my granpop.

Read the Classics.

Riders for the Pony Express were expected to cover 75 miles in one day.

**FRIENDS LAUGHED SO HE CALLED SAME FISH AGAIN**  
 VIRGINIA, MINN. —(AP)— When Harold Lakosky's friends laughed when he tried to tell about the big one that got away, he went on another fishing trip in Hoodoo Lake. He came back with a better story. He had caught the one that had fooled him the first time, a 20-pound northern pike. To prove it, he exhibited the fish from whose jaw his original hook, leader and sinker still dangled.

**PICKS POLICE TO WIN**  
 BALTIMORE —(AP)— Police Lieutenant Alexander Emerson and his vice squad made a raid and arrested two men on a charge of bookmaking. While gathering evidence, Emerson stationed Patrolman Cornelius Trenkamp at the telephone. The phone rang, and when Trenkamp said "hello," the party on the other end seemed to sense something was amiss. "I'll take \$50 on Emerson to win," the caller said.

**JayCeers —**

*(Continued from page 1)*  
 every citizen of Midland had a merrier Christmas because of the action of the Junior Chamber of Commerce. "At its first peacetime Christmas since World War II, Midland's citizenry was brought home the true meaning of the season by the concentrated program of the active JayCeers. It was the hope and aim they could blend the community into realization that even though the war was over, civic problems were not. In fact they were multiplied by the return of many service men and women. In this, the JayCeers succeeded. They got the wholehearted cooperation of townspeople and many heretofore neglected persons were given Christmas. It touched the populace in a wide scope and magnitude. Work Summarized

"Summary of results: Judging a project by the spirit of cooperation and participation it produces, the program of the 1946 Christmas was good. Especially outstanding was the welcome luncheon for returning service men. Church attendance was stimulated. Reading of Christmas stories on Christmas Eve by family groups was a home-knitter. JayCeers brought Santa Claus to Midland. A JayCee was Saint Nick and 10,000 shining eyes of children saw him. He tossed them thousands of pieces of candy. He left them happy and contented. They had seen him. Caroling was appreciated by the shut-ins and the giving of flowers was a heartfelt good project. Giving of food and fruit at Christmas brought joy to many. Toys distributed to children made it a merry Christmas to them. A White Christmas program brought in many useful gifts to be distributed to needy ones. Decorations brightened the downtown and residential districts and helped the Christmas spirit. Display decorations were festive and spiritive. The children's Christmas party was enjoyed by hundreds."

General plan and procedure of the public health program: "Midland, Texas, was rapidly outgrowing its first pair of municipal long pants. Accompanying the atomic growth of our city was the immediate need for establishment of a long range public health program with emphasis on environment sanitation.

"Our objectives were: 1. obtain whole-hearted cooperation of all agencies; 2. encourage legislation by city for regulations and enforcement; 3. carry on activity campaigns in specific fields of public health; 4. set up a continuing program of health education by all media. "Our lines of attack: 1. citywide cleanup campaign; 2. war on flies; 3. cancer fund raising; 4. house-to-house sanitary survey; 5. preparation and presentation to city council of ordinance on sewage control; 6. inspection and scoring survey of alleys; 7. rodent extermination campaign; 8. distribution of rodent poisons for use in city and rural; 9. raise funds on infantile paralysis campaign, March of Dimes; 10. secure for adoption by city council the United States Public Health Service's recommended standard food ordinance; 11. secure for adoption ordinance for food handling,

**30,000 in Nylon Line At Pittsburgh**

(NEA Telephone)  
 A crowd of about 30,000 gathered in Pittsburgh, Pa., when a department store, advertised a "night sale of nylons for business girls." Only 13,600 pairs of hose were offered and by the time they went on sale the line stretched for 18 blocks. Police said 12 persons fainted and four were taken to the hospital.

**Congress —**

*(Continued from Page 1)*  
 ever come down to where they are now? But even with OPA still in control, as it is now, living costs have gone up. With the kind of OPA Congress has decided upon, prices will go up, but faster. But, the Congressional action is not final and it's possible OPA will squeeze through with a whole skin. The House and Senate bills for continuing OPA are similar, but not identical. In some respects they are quite different. A joint committee of both houses will get together to try to work out a final bill upon which both houses can agree. That agreed-upon bill will go to President Truman for him to sign into law or to veto. If it's like the present House and Senate bills, he'll probably veto it and send it back to Congress. All this will have to happen in the next two weeks for, unless a law is passed to extend it, OPA automatically dies June 30. No one wants to kill off OPA altogether but by the time a veto reached Congress, the date would be pretty close to June 30. So with June 30 staring it in the face the legislators might pass a simple resolution continuing OPA. Such a resolution would say OPA was to be continued, pretty much as it is now, for perhaps another six months, or nine months. With that kind of lease on life, drafted it. They enacted it. By petition, survey and by work, a public health program in Midland, Texas, directly resulted from JayCee activity. Our results were scored and checked by the press and by the citizens. We succeeded."

**licensing: 12. arrange a food handlers' school, training course.**

"All of this was done. We fired both barrels. We went to work—house to house and person to person. We besieged the city council. We saw our program benefit the whole community. Saw it get results. We saw JayCeers ranging over city and county in their efforts. We had conferences with council members and civic leaders and organizations of service-minded folk. We saw the fly put in his place—dead. We saw tops go on garbage cans. We saw our city campaign carried to the rural sectors. We saw Midland become public-health minded. "A better place in which to live and rear our families was Midland after our campaign. Truly this was the objective and the personal pride of every JayCee. When the city council acted on many of our plans with legislation as we had urged, this focused public opinion on our good. This helped the name of The Junior Chamber of Commerce. "Summary of results: Participation! Legislation! Results! Better health conditions in our growing city. A citywide cleanup campaign was waged. War on flies was declared and carried out. And won. Funds for cancer relief were raised. A house-to-house sanitary survey was made. The mayor and the city police joined and helped us. Ordinances, up-to-date and all-inclusive, were enacted word for word by the city government. Alleys in the city were surveyed and scored. Rodents were exterminated by the thousands until the city became "rat-killing conscious." We did distribute the poison to do this. And followed up to see it done. We did raise funds for infantile paralysis relief through the March of Dimes. Thanks to us the city council was given a food ordinance with teeth in it. We

OPA would continue to lift price controls as it saw fit. Under the House and Senate bills OPA would have to throw off numerous controls, whether it wanted to or not, starting July 1.

**TRUMAN VETOES PROMOTION FOR EX-POW SERVICE MEN**

WASHINGTON —(AP)— President Truman has vetoed legislation calling for promotion of Navy, Marine Corps and Coast Guard personnel who had been prisoners of war. He told Congress in a message that the measure was "neither necessary nor in the national interest."

**NO WONDER IT WAS HOT. SOMEONE FIRED FURNACE**

PITTSBURGH —(AP)— While the mercury soared toward 90 degrees in the city's first 1946 heatwave, a policeman in a Central Station mopped his brow and gasped. "Whew, it's like a furnace in here. I can't stand it." He wasn't kidding someone had fired the furnace full blast.

**Two simple steps in Improving the LOOKS ...boosting VITALITY!**

1—Promote the flow of VITAL DIGESTIVE JUICES in the stomach  
 2—Energize your body with RICH, RED BLOOD!

GETTING VALUE out of the food you eat is YOUR No. 1 HEALTH PROBLEM whether you eat 500 or 2,000 pounds yearly. To do this, medical science says, you must have an adequate supply of natural stomach DIGESTIVE JUICES, and RICH, RED-BLOOD must be present. SSS Tonic may help you get both if this is your trouble, without organic complication or focal infection, as these two important results enable you to make use of the food as Nature intended. Thus you get fresh vitality... pep... do your work better... become animated... more attractive! SSS Tonic has helped millions... you can start today... at drug stores in 10 and 20 oz. sizes. © S.S.S. Co.

# Skyhaven Airport Is Bustling Place With Three Services In Operation

An enterprising Midland business is unique in one way at least—it invites and seeks competition. The Skyhaven Airport, located on East Highway 80, is a bustling spot, indicative of the great interest of Midland and West Texas in aviation. The CAA - approved field houses the West Texas Flying Service, a charter and instruction concern; the Anderson Aviation, dealers in Stinson and Republic aircraft; and Sheldon Aircraft Sales, dealer for Luscomb planes. The airport invites competition. Owner Wallace Anderson says. Persons

having dealerships for aircraft are offered space at the port. Eleven planes, including several private aircraft, are housed at the field, and a new unit of ten T-hangars is under construction. The airport, CAA-designated in January, has underground storage for 9,000 gallons of gasoline.

Flying instruction is provided by the West Texas Flying Service, with Dave Kellogg, chief pilot, and Dwight Fleming in charge. The air agency is approved for primary training by the Department of Commerce, and is working for commercial instruction approval. All CAA requirements for commercial instruction are being met as rapidly as possible, and night flying lights for the runways have been ordered and are expected to arrive soon. Approval by the CAA means that the facilities and equipment of the agency and the curriculum offered have been inspected and passed.

**May Instruct GIs**  
Upon granting of the commercial instruction approval, the service will be in line to offer training under the GI Bill of Rights. About 20 persons now are receiving flying instruction at the airport, and a new 1946 Cub Cruiser is available for the lessons. A BT-13 is being prepared for licensing for use in the instruction program, and a Stinson Voyager 150 is expected to arrive within the next few weeks for use in the program. Other planes operated by the agency include a Cub Cruiser and a Cub Coupe.

The West Texas Flying Service also offers charter service anywhere in the United States, Canada, Alaska and Mexico. It is bonded and will take care of necessary passport requirements for trips out of the country. A large amount of charter work is contracted by the agency. Two twin-engine Cessnas are operated for this purpose.

One of the most completely equipped civilian shops in West Texas does complete overhauling and rebuilding of planes. Ted Gilmore, formerly in charge of the line for Delta Aircraft at Fort Worth, is in charge of the shop, which has three other experienced mechanics.

Two new Cub "duster" planes have been ordered and are expected to arrive soon. They will be used to dust crops in the Pecos and Rio Grande valleys.

### CASH-INS OF BONDS EXCEED PURCHASES

WASHINGTON —(P)—Cash-ins of the Series E Savings Bonds—the former "War Bond"—have outstripped new purchases by \$486,930,000 this year, Treasury figures have disclosed.

MIDLAND, TEXAS, SUNDAY, JUNE 16, 1946

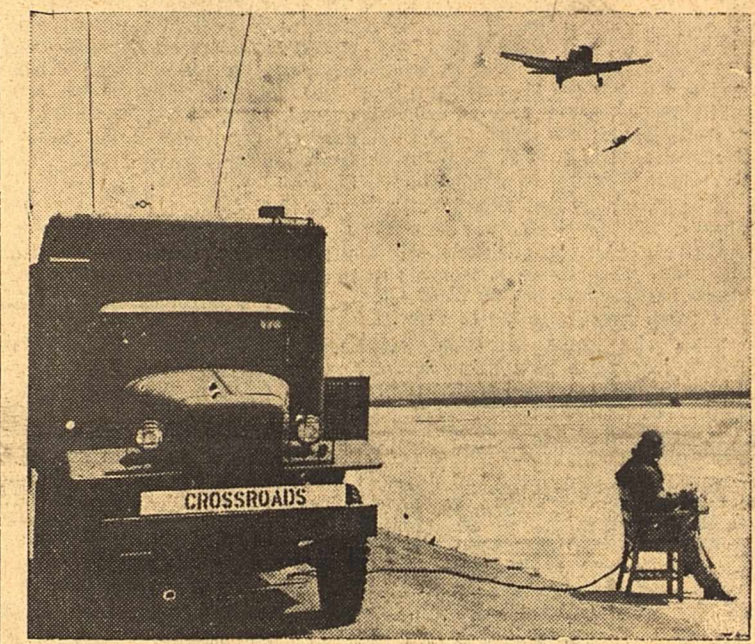

SECTION FOUR

## Pilotless Drone Planes Rehearse For 'Operation Crossroads' Role

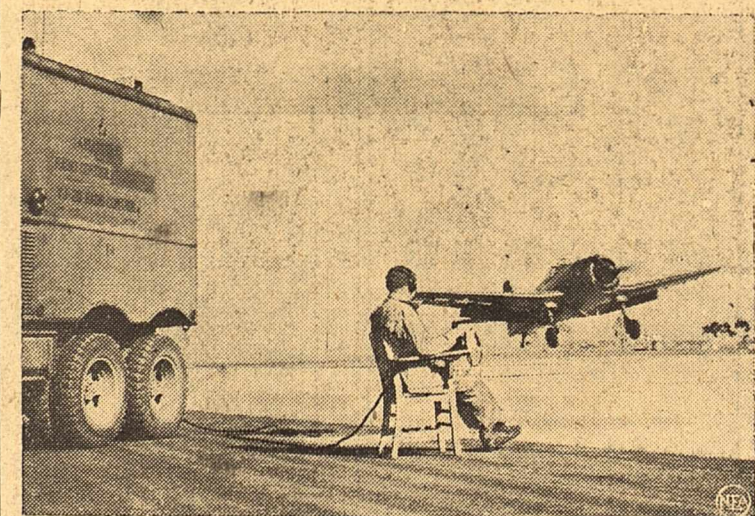

Stubby Navy Hellcat fighter planes, with no one aboard, are taking off, zooming in flashing flight and landing in realistic practice for their important role when the atomic bomb is dropped at Bikini Atoll in July. Four of these "drone" planes, each with two control planes, will be catapulted from the carrier Shangri-La. They will gather air samples and other scientific data unobtainable by other means. Drones will be controlled, first from the carrier's deck, then from a "mother plane" in the air and finally by a ground control officer on Roi Island, where they will land. Photos below show drones in rehearsal at the naval base, San Diego, Calif.

Hellcat drone in lead is controlled by "queen" or mother Hellcat directly behind it. Second control plane stands by in case of failure in first one.

Mother plane (background) turns away after releasing control of drone to ground operator, who will bring it in for landing.

Pilotless drone plane makes a perfect three-point landing after having been brought in by ground operator's remote-control radio.

## Howards Receive Antique German Clock From Son

Mr. and Mrs. Joe Howard of Midland have received an unusual gift from their son, Joe Roy, who is stationed in Berlin. It is an antique clock which he persuaded a German family to part with for a large sum of American money.

The clock was an heirloom and had been in the family for generations. Made by the Unghans clock-makers, one of the best factories in Germany, it is a pendulum clock with hour and half hour strikes or chimes. The case, made of high grade wood presumably from the well-known Black Forest, is hand finished.

Unlike "Grandfather's Clock," it did not stand "ninety years on the floor" but hung on the wall of a home in Berlin. At the time the Kaiser was dreaming of extending his powers on the European continent the clock hung on the wall in the house in Berlin and quietly ticked away the hours. When Hitler's war machines rumbled across Europe leaving death and destruction in their wake and "supermen" goose-stepped on conquered soil the ancient time-piece filled the rooms of the German home with its soft "tick-tock" and its musical chimes told the hour. Today it hangs in the home of Mr. and Mrs. Howard, 311 North D Street in Midland and in the same measured tones ticks away the time.

## U. S. Becomes Aussies' Best Wool Customer

CANBERRA —(P)—The United States has replaced Britain as Australia's best wool customer.

In the first nine months of the current financial year from July 1 to March 31, United States bought 924,625 bales, worth 18,251,000 pounds (Australian) \$59,640,000, according to official figures released in Canberra. (The Australian pound is valued at \$3.23 1/4 U. S.) Britain's purchases in the same period were 694,886 bales worth 15,416,000 pounds (\$50,620,000).

**VET OFFICES TO DALLAS**

## Area Rent Office Is Offering Aid To Vets

Veterans returning to the Midland rental area who own houses that they wish to occupy or who are tenants are urged to bring their housing problems to the area rent office, Jim Kelly, area rent director, said Saturday.

"The Office of Price Administration, which administers rent control in crowded areas throughout the country, is assisting veterans in solving many of their difficult housing problems," Kelly said. "We are striving at the local office to help veterans in this area in every way possible."

"Veterans, who have owned the houses which they now wish to occupy since before August 1, 1941, effective date of rent control in this area, need only notify the tenant and our office and prove that they owned the housing unit on that date and that they served in

the armed forces. Other landlords are required to show that they have an immediate compelling necessity to occupy the house or, if unable to do so, may petition for a certificate of eviction. When a certificate is granted, it will be conditioned by a waiting period that may be up to six months.

"Similarly, veterans who have bought homes since August 1, 1944, may have the waiting period reduced by the area rent director if they wish to occupy the house themselves and are without adequate housing at the present time. Naturally veterans are urged to give tenants as much time as possible to find other suitable living accommodations.

"Veterans who are tenants also have the full protection, of course, of OPA from inflationary rents and unwarranted evictions."

## MacArthur Aide

Maj.-Gen. Edward M. Almond, above, has been appointed chief of staff to Gen. Douglas MacArthur. He is former commander of 92d Infantry Division.

## Yes, But He'd Read Of Recent Hotel Fires

KANSAS CITY —(P)—Dense, black smoke enveloped the 14-story Kansas City Club. A man, baggage in hand, crawled out of a 13th floor window and began scrambling down a fire escape as 400 or 500 spectators on the ground below yelled at him.

The more they yelled the faster he came until he reached the second floor level where their shouts must have become intelligible. For he stopped, gazed despairingly at the steps rising endlessly above him and began his return trip.

They had been trying to tell him the source of the fire—burning tar paper protecting a freshly-laid sidewalk.

### Army Enlistments In May Show Big Increase

Lt. Gen. John K. Cannon, commanding general of the AAF Training Command with headquarters at Parkside Field, has reported that during the month of May, training command enlistments had shown a large increase over previous months. General Cannon's announcement came at a time when the Army-wide recruiting program reached its lowest enlistment level.

General Cannon said the training command enlisted more than 3,133 men during the month, an increase of 80.13 per cent over the previous month and an increase of 27.7 per cent over the month of March.

He said the training command's total enlistment from V-J Day through May had totaled 36,000 men and this figure does not include recruitments made by the command for other branches of the service.

The skin of the human abdomen has twice the elasticity of skin on the back.

### Automotive Industry Celebrates Golden Jubilee

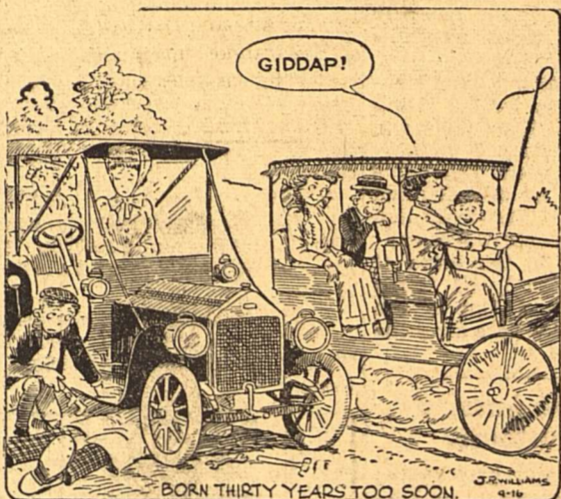

Riding high—a 1900 station wagon.

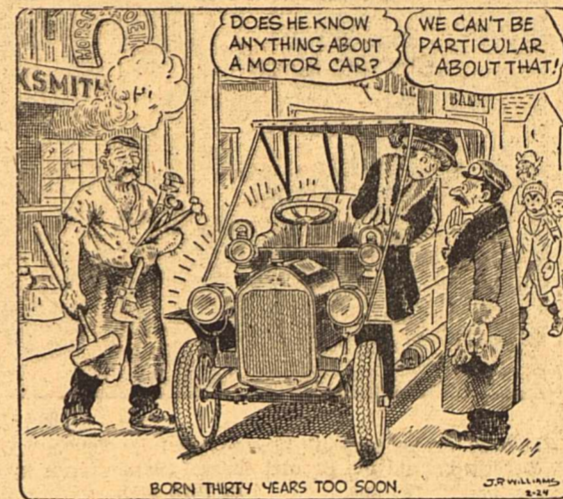

"Col. Wayne passed the endurance test without turning a hair."

1947 model—streamlined efficiency.

Fifty years ago, when the "horseless carriage" was born, there opened a new field for jokesters and comic cartoonists. Today, in its Golden Jubilee year, the automotive industry is a \$4,000,000,000 business, and the "gas buggy" is a luxurious, efficient, time-saving machine. The cartoon at top right is a typical example of 1916 automobile humor, by T. S. Sullivant in "Life," long-defunct comic magazine. Cartoons below are by J. R. Williams, NEA "Out Our Way" cartoonist. Golden Jubilee celebrations in Detroit May 29-June 9 brought out many autos of ancient vintage, and motor pioneers who have lived to laugh back at the old-time jokesters.

### Frozen Dinners, Gravy And All, Is Latest In Airline Food Service

WASHINGTON—(AP)—The post-war dinner—ready-made from plate to gravy—is on the way. The meal of the future looks like a boon to brides, bachelors and the little woman whose husband calls up with "just three extra" for supper.

The harried housewife, it seems, can simply drop by the grocery, toss some steak dinners in the car (when steak comes back, that is) and make for home. In 15 minutes or a half-hour, it's on the table.

They're frozen dinners, latest thing on trans-Atlantic airliners and now being perfected for plain, ordinary people. They were first served aboard naval air transports during the war.

Dinner—meat, vegetable and potato—will come in a pulpwood plate, made along blue plate special lines and sporting a plastic finish. It's been cooked and frozen—to a chilly 20 degrees below zero. All it needs now is just 30 minutes in the oven.

A trick, which had experimenters puzzled for six years, was how to make all three ingredients come out even. Sometimes, it seems, the string beans would frizzle while the steak was just beginning to thaw.

With the kinks smoothed out, frozen meals are now being served to passengers on transoceanic flights of Pan-American Airways.

### Anesthetic For Horses Developed By Army

CHICAGO—(AP)—A new anesthetic for horses which removed virtually all the danger of injury in veterinary surgery has been developed by Army veterinarians at Fort Riley, Kan., the Journal of the American Veterinary Medical Association has reported.

In instances where the new formula has been used, the Journal said, it was noted that the "excitement" stage which had been present in animals heretofore was either negligible or absent, thus reducing danger of injury both to the animal and attendants.

Animals which normally were vicious and nervous lapsed quietly into comas without the usual accompanying periods of floundering and thrashing about, the Journal added.

The new formula, the Journal said, consists merely of the addition of pento barbital sodium to the solution already commonly used as an anesthetic for horses—a solution based on chloral hydrate and magnesium sulphate. The ingredients were placed in distilled water and injected into the jugular vein.

The story of Robinson Crusoe was based on the actual adventures of Alexander Selkirk, who spent four years on an island off the coast of Chile.

Many think there will be a rise in clothing prices if OPA is nullified July 1. If so—

**Why Not BUY NOW And Beat The Price Rise?**

**20,355 ALIENS SENT BACK ACROSS BORDER**  
HIDALGO —(P)— Since January 1, 1946, a total of 20,355 aliens have been sent back to Mexico through the border port here under the voluntary deportation plan.  
Chief Immigration Inspector Allan Skinner said 3,474 persons were processed back to Mexico during May. Most of the aliens were apprehended by the U. S. Border Patrol.

**690 COURT CASES GOING BACK TO 1919 DISMISSED**  
LAREDO —(P)— District Attorney James Kazen has obtained dismissal of 690 cases on the docket of district court here because of insufficient evidence. Some of the cases had been on file since 1919. The latest of those dismissed were filed in 1940. Judge R. D. Wright signed the dismissal order.

**HE WASN'T HURT, EXCEPT FOR TWO BROKEN BONES**  
CHICAGO —(P)— William Taylor, 50, was knocked down by a passing car but told the driver he wasn't hurt.  
The driver disagreed. He took him to Grant Hospital where an X-ray showed a broken ankle and a broken leg bone.  
The driver was Dr. Frank L. Andrews, resident physician of the hospital.

### Italian Queen Arrives In Portugal

(NEA Radiophoto)

Queen Marie Jose of Italy, foreground, and her four children and attendants are escorted to refuge with friends upon their arrival in Lisbon, Portugal. The queen and her children had fled Rome after King Umberto was defeated in the elections which favored the Republic. Umberto remained in Rome to contest the election which has become the center of riots between monarchists and Republicans.

### American Red Cross Gets 10,000 Letters Praising U. S. Aid

By VIRGINIA VAN DER VEER  
WASHINGTON —(P)— The letters come in every language, every size, every kind of scrawl. They all say thank-you.

There are 10,000 of them at Red Cross national headquarters here, written in the last four weeks by the little people of Europe to the people of America.

Every ship which takes American relief supplies to the continent comes back with cartons of letters—earnest, pathetic thanks for a cake of soap, a child's shirt, a chocolate bar.

Many writers carefully copy the address from a label in the shirt or on the package. Their letters come to "American Red Cross, Not To Be Sold, U. S. A." or "Red Cross, Children's Size Two, Washington, D. C."

U. S. requirements for hardwood flooring in 1946 are estimated at 1,093 million board feet.

Now and then an envelope contains a picture.

Each letter tells a story. One is from a Dutch girl, freed from a German concentration camp to make her way home. Back in Holland, she came to a Red Cross distribution center.

"I'll never forget the words," she wrote. "Girl, what do you want, what do you need?"

From Vienna, a nun writes for the school children of her convent "to render many, many thanks" for American bread, butter, milk and lard. Her letters begins "Patrons, Benefactors, Friends."

Two Dutch boys, 9 and 12, told of their family's excitement over a package from America. Each member, they said, guessed what was inside.

"The girls guessed chocolate, a doll, sweeties, stockings, a new dress. We guessed tobacco, cigarettes, a fountain pen. But Mummy said soap was what she wanted

most of all—and that's what it was. "You cannot imagine what that means for us—our first after liberation."

## No Dining Room?

O. K., Try This SNACK BAR!

### ... NEW FREEDOM Kitchen Design

Got one of those charming new houses with no dining room and smaller-than-average kitchen? If so, the picture above should interest you. It's one of the New Freedom Gas Kitchen designs, and it shows a really practical way of making the minimum in space give the maximum in comfort and convenience. It's the "Snack Bar" with plenty of room to seat four persons... comfortably. Later on maybe you're planning one of those cute little dinette sets for the living room, but in the meantime, the Snack Bar's the thing. Compare the small amount of space occupied by the efficient Snack Bar with

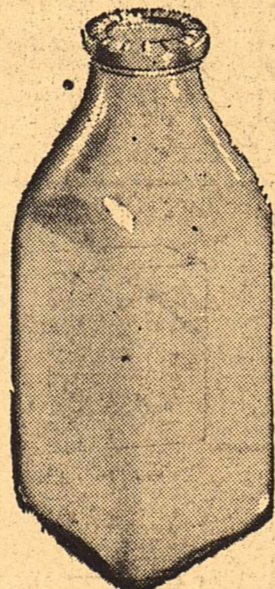

that taken by the usual kitchen table and four chairs. Obviously it's less than half the space. And it does away with "chair scraping" (science of marring walls and woodwork). Then, too, there's no easier way of fixing that after-school snack for the kiddies. Yes, if your kitchen's small, the Snack Bar's the thing. You can have New Freedom in your kitchen regardless of size.

# General Duty Nurse

By **LUCY AGNES HANCOCK**

Copyright by Lucy Agnes Hancock Distributed by NEA SERVICE, INC.

**THE STORY:** Glamorous Angela Hutchinson brings her maid, Prunella, to the hospital for treatment. She cold-bloodedly describes the woman's symptoms in Prunella's hearing, says she's to be notified in case of death, then departs. Dr. Hancock says there's nothing seriously wrong with Prunella, that she is probably pretending illness to punish her "chiefs" for something.

XII

SALLY had been transferred to K. She never quite knew how it had happened. She had been hoping for a change from night work and welcomed the idea of ward duty, especially K which was one of the women's wards and extremely easy. K was given over mostly to minor and convalescent cases. She had forgotten about Prunella Brown until upon walking the length of the long ward she felt the unhappy gaze of a pair of black eyes watching her. There was pleading and a touch of misery in their velvet depths that went straight to Sally's heart. She paused beside the bed and said:

"I remember you, Prunella. You're Mrs. Hutchinson's cook. I was in Receiving a week ago when she brought you here. How are you feeling this morning?"

"Not so good, Miss—not so good," the woman muttered, her voice a singsong moan. "Is Miss Angela come to see me or is she phone to know is I worse or is I dead?"

Sally smiled. "I wouldn't know that, Prunella. But you're not worse and you certainly are far from dead. You wouldn't be in this ward if you were either one or the other. You're going to be all right. But tell me just what troubles you? Where do you feel bad?"

The woman closed her eyes for a moment and her face puckered as if she were about to cry. She clasped both hands over her heart and moaned: "Here—right here. I hurt, an' they's a big lump in

be moved and I'll come for her myself."

"It's better that she remain right here at present, Mr. Hutchinson," Sally told him. "Her blood pressure is still much too high and we are keeping her on a diet."

"Good heavens!" he exclaimed in horror. "That's punishment! Why, Prunella eats all the time—" "I can believe that," Sally said.

SALLY went back to Prunella and was surprised to see the change in her appearance. She was humming softly to herself, her hands moving in time to the music. She grinned broadly when she saw the nurse.

"Ain' Massa Johnny th' nices' man you ever see, Miss? I jes' love that man. He goin' make ever'thin' all right. Miss' Angela goin' come roum' an' they'll be jes' like a pair o' turtle doves."

Later the resident stopped her as she was busy at the other end of the ward. "What happened to our fat lady in the last bed?" he asked. "She has certainly recovered rapidly. Do you use magic in your nursing, Maynard? Her pressure is nearly normal this morning and P.T.R. entirely so."

"She's had a call, Doctor," Sally told him. "The poor soul was lonesome and unhappy. She felt everyone had deserted her. After Massa Johnny came she perked right up. All's right with her world. It's certainly wonderful what a little love and attention can do for some people, isn't it?"

"Love therapy is very potent, Maynard," the resident agreed. "It very often works where everything else fails. It certainly has in her case. As far as I can see there is no reason for her remaining here much longer. Why not get in touch with her people and have them take her home?"

"Fine!" Sally said. "Mr. Hutchinson promised to come for her any time she could leave. I'll get in touch with him at once. Prunella will be happy to go. She doesn't like dieting."

The doctor smiled. "So she said. Well, we can use the space she has so amply filled."

Today's hand was played in one of the knockout rounds of the Vanderbilt Cup Tournament for the national knockout team-of-four championship.

When the queen of hearts held the first trick, East led the seven of hearts. Declarer won in dummy with the nine-spot and led the jack of clubs. Naturally West did not cover. North went up with the king and came back with the eight of clubs, and when East showed out, there was nothing for declarer to do but cash the ace.

Here is the correct play, which may not work but is worth trying. After winning the second heart with the nine-spot, lead the spade from dummy. When West puts in the ten-spot, win with the queen and lead the eight of clubs, overtaking in dummy with the nine.

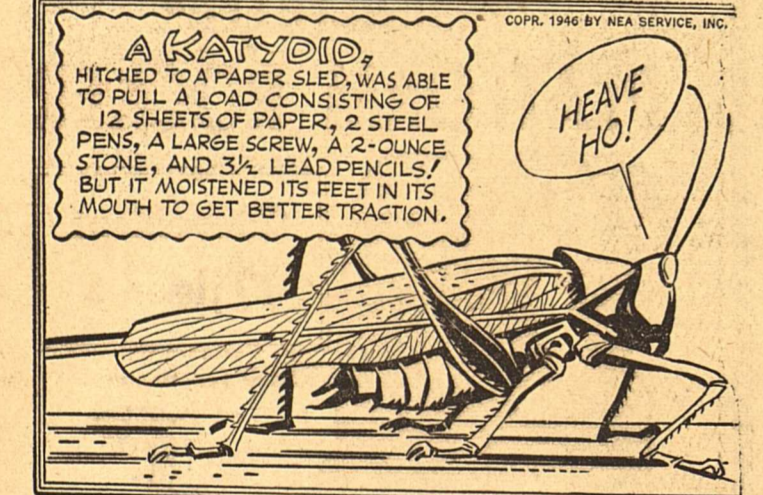

It is true that a keen West player should not win this trick with the queen, but if he does, declarer will get in with a spade or diamond, then lead the king of clubs and overtake with the ace, and the whole club suit will be good.

## Pop Of Safety Valve Chases Thieves Away

CHICAGO—(AP)—Two gunmen invaded Sam Cohn's tailor shop and after forcing him into a washroom started looting the establishment.

They didn't stay long, however, Cohn told police because pentup steam began pouring from a safety valve on a pressing machine, apparently frightening the bandits.

"It was a fine whoosh and whistle," Cohn told police, "but it came too late. The bandits had taken \$135 and two suits before the valve popped."
