Scrubbing Away Atom Bomb's Effects

A scrub-brush detail aboard the USS Pensacola, one of the Bikini atom bomb test "guinea pig" ships, washes away residual radio-activity from the wooden deck.

Extensive Area Highway Program Is Outlined At C. Of C. Board Meeting

An extensive highway development campaign for Midland was outlined Monday night at a meeting of directors of the Midland Chamber of Commerce in Hotel Scharbauer and received their approval and pledge of support in obtaining necessary funds to finance it.

Fred Wemple, chairman of the highway committee of the organization, outlined the program and said \$30,000 may be needed to obtain necessary right-of-way and fencing of proposed highways out of Midland County, which would connect Midland with its trade territory.

Wemple discussed the value of highways and declared Midland's system inadequate. He said his committee agreed that the first project should be the construction of a paved road north through the Mabee oil field and on to Patricia and Lamesa. Second he said was the completion of Highway No. 158 both east and west. Westward it would connect from the Andrews cutoff to the Kermit-Wink sector, and eastward it will eventually connect to Robert Lee.

Third on the committee's program is construction of a highway from Midland to Crane, fourth a highway to Big Lake, and fifth, an interpass over the T&P Railroad in Midland.

More Highway Plans
Plans for construction of a highway from Andrews to Big Spring again were detailed and the Chamber of Commerce directors agreed that the road north from Midland should intersect this highway. Dawson County has perfected plans to pave a road from Lamesa to Patricia. The proposed road from Midland to Lamesa via Patricia would save eight or nine miles in travel between the two cities, Wemple explained. He said the committee is working now to obtain right-of-way across Martin County and predicted that some will be donated.

M. C. Ulmer also discussed the highway plan and the proposed financing of it over a three-year period.

Midland County's three-year farm-to-market road program was outlined by County Judge E. H. Barron who said Midland County's commissioners are anxious to cooperate in the road program. Barron and Ulmer are members of the highway committee.

Finance Visit Planned
The motion to endorse the highway program was made by Paul McHargue, and O. C. Harper, president of the Chamber of Commerce, after the unanimous vote, said a finance committee will be appointed to obtain the money.

Stanley Eskine, chairman of the retailers committee, told of its approval of plans to expand the Midland County Livestock Show and for financing it by retailers. He also related the action of retailers opposing proposals to revive the OPA.

Harper outlined plans for financing the Junior Canteen and said Tom Sloan has been named finance officer. Clint Dungan, foreman of the Wranglers Club, said 30 new members of the Chamber of Commerce were obtained during June and that annual funds of the organization were increased \$716. The organization now has 461 members.

Skelly Will Plug Three Wildcats In SW Andrews Area

Skelly Oil Company has filed applications with the Railroad Commission for permission to plug and abandon three wildcats in Block 11, University of Texas Lands, on the south side of the Martin multi-patch area in Central-Southwest Andrews County.

Skelly 1-2 University, 677 feet from north and 2,833 feet from east lines of section 10, block 11, University.

Garza Wildcat Shows Some Oil In Bailing
Reports from North Ordance, Inc., No. 1 Walker, South-Central Garza County wildcat, received in Midland at noon Tuesday, indicated that the project was bailing some oil.

This wildcat tested last week for shows, natural, from open hole at 2,410-75 feet. It then treated with 8,000 gallons of acid, and after recovering the load and residue from the injection, showed only slight signs of oil—and it was understood to be making some formation water.

Operator started in with the drill pipe Monday, to deepen. Fluid was being coming up the hole and Tuesday the exploration was being bailed, and was showing some oil, operator representatives reported.

versity survey, drilled to total depth of 9,212 feet in the Simpson, middle Ordovician.

It encountered no indications of production in that formation, which was structurally low. Operator plugged back to 7,507 feet, and tested extensively in the Wichita-Albany section of the Permian, above that point.

Some Slight Shows
No commercial production was developed. Some oil was recovered in testing, but water came along also. It is to be abandoned at once.

Skelly 1-A Texas, 660 feet from south and 1,980 feet from east lines of section 3, block 11, University survey, bottomed out at 6,875 feet, in the Wichita-Albany section of the Permian. It had some signs of oil and gas on cores and in drill-stem tests—but not enough for a well. It also had signs of water in some sections.

South Oil Discovery
Gulf Oil Company No. 96-D Keystone Cattle Company, 680 feet from north and west lines of section 13, block B-2, psi survey, is to drill to around 8,150 feet, to test for pay in the Devonian, in North-Central Winkler County.

It is one quarter of a mile south of Stanolind Oil & Gas Company No. 1 Mack Taylor, first oil well to be completed in the Keystone district from the Devonian.

The Gulf exploration puts steps out on the south, west and north sides of the No. 1 Mack Taylor.

Honolulu Oil Corporation and Devonian Oil Company No. 4 Pay- (Continued on Page 2)

City Of Midland Asks Return Of Municipal Airport

The City of Midland has asked the Army Air Forces to return Midland Municipal Airport to the city. Mayor Fred Hogan told Chamber of Commerce directors at their regular meeting Monday night in Hotel Scharbauer.

The mayor outlined Midland's airport situation and said the Army had agreed to joint operation of the port but that with the Army setting costs, the city would be unable to foot half the bills. Estimates of costs between the Army and the city differed widely, the mayor pointed out. Such a program would be much to expensive, Hogan asserted.

In view of the failure of these negotiations, he said the city recently asked the Army to release the airport to the city. No reply from the Army has been received. In the telegram, the city requested the Army to continue to use the field and in the future to purchase gasoline and oil from the city.

Protest to CAL
John W. House, chairman of the aeronautics committee, said he had heard Continental Air Lines plans to abandon its daily flight from Midland to Tulsa via Hobbs, Lubbock, Wichita Falls and Oklahoma City, and the Chamber of Commerce directors authorized the filing of a protest immediately with Robert Six of Denver, president of Continental Air Lines.

House also discussed proposed applications of airlines before the Civil Aeronautics Board which concern Midland and said no action is expected from the CAB before fall.

Bill Collins, Chamber of Commerce manager, reported that W. T. Pratt had suggested the Chamber of Commerce take the lead in providing a suitable memorial for World War II veterans in Midland and that all other organizations participate in the program. Several proposed memorials were discussed.

James N. Allison reported that the 1946 West Texas Chamber of Commerce membership campaign would be closed within a few days and predicted Midland would soar to the top of its quota.

A. A. "Bootsy" Jones, new Jay-Coe president, was introduced at the meeting.

Government May Halt Famine Relief Buying

WASHINGTON—(AP)—Unless price controls over meat are reestablished, the government may suspend its famine relief buying until fall when livestock marketings normally are greater.

This possibility was disclosed Tuesday by an aide of Secretary of Agriculture Clinton P. Anderson who said the administration does not want to bid against American consumers. The official said privately the government feared such buying would boost meat prices far above present levels.

LATE NEWS FLASHES

BAD NAUHEIM, GERMANY — (AP) — Lt. Leonard W. Ennis was convicted, fined \$350 and reprimanded Tuesday by a court martial for permitting guards to strike soldier prisoners with their hands and clubs at the U. S. Army guardhouse at Lichfield, England.

LONDON — (AP) — Two thousand dock workers struck at Southampton Tuesday, and soldiers started unloading cargoes of tomatoes from the Channel Islands. The strikers demanded two unloading gangs per ship instead of one.

BRUSSELS — (AP) — The Belgian government of Premier Achille Van Acker resigned Tuesday after a stormy debate in the senate on the attitude of the ministry of justice toward economic collaborators.

Revised OPA Bill May Exclude Meat Controls

Patterson To Be Called In Munitions Case

Committee Seeks Facts On Award Of 'E' Flag To Firm

WASHINGTON—(AP)—Army contract renegotiators testified Tuesday they trimmed the war profits of an Illinois munitions maker in 1943 from 26.4 to 9.3 per cent partly by refusing to okay big Washington entertainment bills, boosted rent fees and claims for "abandoned" machinery.

George H. Knutson, member of the War Department price adjustment board, told the Senate investigating committee, that the adjusted profits, before taxes, for the Erie Basin Metal Products Company were cut from \$1,776,000 to \$506,000 on that year's negotiable business.

The Erie Basin Company is one of a group of war corporations built up during war years by Murray and Henry Garson, Y. J. Weiss and A. B. Gellman who have been accused by Chairman Mead (D-NY) of "war profiteering." The investigation has disclosed their efforts had powerful Washington support.

The Army renegotiators were called as witnesses as the committee delayed until Tuesday afternoon an appearance by Secretary of War Patterson.

The members plan to seek an explanation from Patterson on how and why the Illinois combine won more than \$78,000,000 in war contracts. They also want to know why one of its plants got the Army-Navy "E" award over objections of the Chicago ordinance office.

Knutson said that renegotiators found, in examining the contracts of five of the corporations alone, among them Erie Basin, a total of \$3,520,000 in "excessive profits" on negotiable business amounting to approximately \$24,000,000.

Nall Reported To Have Confessed Odessa Slaying

ODESSA—(AP)—Sheriff Hugh Ratliff has reported that John Lyndall, 28, has signed a written statement admitting that he shot and killed Glen T. Thornton here July 3.

He told officers, at first that he had been in Galveston the night of the shooting, and had not been in Odessa. He is being held without bond awaiting grand jury action on a charge of murder.

Ratliff said Nall signed the statement in Austin Saturday night while they were in the capitol having a gun and mud found on Nall's car tested by the Department of Safety.

Ratliff said Nall admitted that he had driven to Odessa to attempt a reconciliation with his former wife, who had married Thornton.

Ratliff said Nall's statement told this story.

Nall had driven to Odessa to attempt a reconciliation. He slipped into the Thornton home early in the morning. He said seeing Thornton and his wife together was "more than he could stand" and returned to his car and obtained a .22 caliber pistol.

Thornton was shot in the head. Nall then said Mrs. Thornton screamed. She was struck with the barrel of a pistol. Later she was beaten unconscious when she tried to use a telephone.

Nall's statement said he got in his car and drove to Houston, where he was arrested late Friday while having his car washed.

London Homicide Wave Continues To Spread

LONDON—(AP)—Scotland Yard admitted Tuesday for recruits to combat one of Great Britain's heaviest homicide waves as the number of unsolved deaths in recent months was boosted to 21 by the finding of two more bodies.

One of the newly discovered bodies was that of a woman—believed to be Miss Doreen Margaret Marshall, 21, a former WREN, of Middlesex. The death was listed tentatively as a homicide, thus boosting the number of feminine victims to seven in the last four weeks. The several have been either unusually attractive women or young girls.

More Hot Weather In Prospect Wednesday

By The Associated Press
Texas weather is as hot as you know-what and the weather bureau says there will be more like it Wednesday.

Hundred degree temperatures were a dime a dozen. Highest was Henrietta with 106. There were no lows worth mentioning.

Older scorers were reported in Childress, with 104 degrees, Eastland 102, Seymour 105, Enclinal 101, Haskell 102, Memphis 103, Uvalde 101, Quanah 101, Spur 101, and Clarendon and Carlizo Springs 100.

Deadlock Broken On Questions Of Peace Conference

PARIS—(AP)—The Foreign Ministers Council, turning to the German question after finally breaking a four-day deadlock on the calling of a 21-nation peace conference, anxiously awaited Tuesday a promised "important declaration" of Russia's policy toward the Reich.

The log-jam ended Monday night with the adoption of a French compromise providing that only a few suggested rules of procedure be sent out with invitation to the peace conference, scheduled to open July 29 in Luxembourg Palace.

This was considered a victory for the United States and Britain, which had opposed Russian demands that the invitations be accompanied by mandatory rules of procedure.

Under the compromise, France was authorized to send out invitations Tuesday to the nations which will draft peace treaties with Italy, Hungary, Romania, Bulgaria and Finland.

The suggested rules of procedure will be drafted Tuesday by the deputy ministers and are slated to be ratified by the ministers during the day. The ministers then are scheduled to ratify their final agreements on Italian reparations, thus clearing the slate for discussion of the German question.

Hirohito Knew About Manchurian Plans Of Japs, Tribunal Told

TOKYO—(AP)—Emperor Hirohito was in silent attendance at a 1931 privy council meeting during which it was decided to "pacify and occupy" Manchuria, the international military tribunal heard Tuesday.

The prosecution in the trial of former Premier Hideki Tojo and 26 other accused war plotters disclosed this in reading prison interrogations of ex-General Sadao Araki, one-time war minister and now one of the defendants.

Emperor Hirohito knew about the occupation plan, Araki answered when asked if the monarch had approved the scheme. Araki said he himself decided soon after becoming war minister that the four North China provinces (Manchuria) should be occupied by Japanese troops.

Jewish Leader Seeks Jerusalem Partitioning

JERUSALEM—(AP)—Dr. Chaim Weizmann, Jewish Agency and World Zionist president, said Tuesday that partition of Palestine into separate Jewish and Arab states "must not be rejected as a possible solution" of the Palestine problem.

The elderly, nearly blind Weizmann, said: "Had the mandatory government (Britain) proceeded immediately to implement the positive recommendations of the (British-American committee) inquiry report, despite some of its objectionable features, peace and quiet would have reigned in this country."

Asked what he meant by "objectionable features," Weizmann mentioned recommendation No. three in the report which held that the final state should be neither Jewish nor Arab.

Father And Daughter Uninjured In Crash

Buddy Walker and his small daughter of Midland were shaken but not seriously injured when the car in which they were riding struck a light pole near the Steak House Monday evening.

An ambulance call was made but the persons were not injured enough to require hospitalization, city police said.

Weather
Fair and warm, not much change in temperature Wednesday.

Conflicts Due As Nations Bid For UN Places

Five Countries Ask Security Council For Memberships

NEW YORK—(AP)—A potential source of conflict in the United Nations Security Council appeared to be taking shape Tuesday as pending applications for membership in the United Nations were swelled to five by receipt of a petition from the kingdom of Transjordan.

Some new applicants have deep partisan interest in issues which the council may be called upon to consider in the near future, and it seemed possible that this fact might provoke differences over the question of their admissibility.

In addition to Transjordan, nations thus far seeking membership are Albania, Siam, the Mongolian People's Republic (Outer Mongolia) and Afghanistan.

Albania Issue Up
One conflict looms between Russia and the Western Powers over Albania, which has the nominal sponsorship of Yugoslavia and the behind-the-scenes support of the Soviet Union.

Britain has taken the lead in opposing Albania, refusing to recognize the regime of Premier Enver Hoxha, which is intimately tied up with the Yugoslav organization of Marshal Tito in the Russian sphere of influence.

France is expected to oppose the application of the Bankok government, at least until border difficulties between Indo-China and Siam are settled.

Thye Leading In Minnesota Race For Senate Post

By The Associated Press
Gov. Edward J. Thye and his political mentor, Harold E. Stassen, were far ahead Tuesday in their fight to unseat Senator Henrik Shipstead of Minnesota.

Thye's wide margin in the race for the Republican Senate nomination indicated he had:

1. Dashed the fifth term hopes of Shipstead, outspoken disbeliever in the United Nations and such international dealings as the proposed \$3,750,000,000 loan to Britain.

2. Strengthened Stassen's hand in his quest for the 1948 Republican presidential nomination on a personal platform of all-out international cooperation.

Returns from Monday's primary also apparently gave the Republican nomination for governor to a Stassen choice, Luther W. Youngdahl, who left the state supreme court to run against Hjalmar Petersen, former Farmer-Labor governor.

Returns from 1,554 of 3,706 precincts gave Shipstead 65,690; Thye 140,153.

In Minnesota's Democratic-Farmer-Labor primary Dr. Theodore Jorgenson, St. Olaf College professor, led Frank Ryan, Minneapolis attorney, for the senatorial nomination. Harold Barker, weekly newspaper publisher, was high in a three-man race for the nomination for governor.

Housing Agency Offers New Plan

WASHINGTON—(AP)—The National Housing Agency Tuesday unveiled its guaranteed market plan—a program designed to step up veterans housing construction through increased production of new type building materials and prefabricated homes.

Authorized by Congress in the Veterans Emergency Housing Act, the plan provides for the government to underwrite producers against loss in marketing their products.

It is the second part of a program to build 2,700,000 new dwellings by 1948. The first step allows premium payments on materials production under a \$400,000,000 subsidies fund.

Leading In Vote

MIGUEL ALEMAN

Aleman Leading Race In Mexico

MEXICO CITY—(AP)—Miguel Aleman, candidate of the government-supported Institutional Revolutionary Party (PRI), built up a substantial lead Tuesday over Ezequiel Padilla on the basis of incomplete unofficial returns from Sunday's presidential election.

These figures showed Aleman leading by 24,022 to 10,898 in the state of Tamaulipas, and by 13,558 to 11,613 in the Federal District, which include Mexico City. Two other presidential candidates—Generals J. Agustin Castro and Enrique Calderon—were not considered in the running.

Official returns are expected to be announced Thursday.

Americans 12, Nationals 0

BOSTON—(AP)—The American League team won its ninth of 13 Major League All-Star games here Tuesday by defeating the National League team 12 to 0 before a record crowd.

Ted Williams got two homers, two singles, and a walk to score four runs and knock in five others. Charley Keller also got a homer.

National	000 000 000	0	3	1
American	201 030 24x	12	13	0

Passau, Higbe, Blackwell, Sewell, and Cooper, Mast; Feller, Newhouser, Kramer, and Hayes, Rosar, Wagner.

FIRST INNING
Nationals: Schoendienst grounded out to Vernon. Musial safe at first when Pesky picked up his grounder and threw low to Vernon. Hopp beat out a hit down the third base line. Musial holding up at second. Walker went out Doerr to Vernon, both runners advancing. Kurovski struck out, swinging. No runs, one hit, one error, two left.

SECOND INNING
Nationals: Mize popped out to Pesky. Walked Cooper hit. Marion and Passau struck out out. No runs, one hit, no errors, one left.

THIRD INNING
Nationals: Schoendienst flied out to Williams. Musial popped to Doerr. Hopp flied to DiMaggio. No runs, no hits, no errors, none left.

FOURTH INNING
Nationals: Hal Newhouser went in to pitch for the American Leaguers. Rosar was catching and Spence was in center field. Walker went out, Vernon to Newhouser. Kurovski struck out. Frank McCormick batted for Mize and flied out to Spence. No runs, no hits, no errors, none left.

FIFTH INNING
Nationals: Stephens went in at short for the Americans, Gordon was on second, York at first and Sternweiss at third, a complete new infield. Masi went out, Stephens to work. Marion flied to Keller. Higbe struck out. No runs, no hits, no errors, none left.

SIXTH INNING
Nationals: Stirmweiss struck out. Rosar singled. Newhouser singled and took second on Hopp's throw in. Spence was passed. Stephens doubled scoring Rosar and Newhouser. Williams singled, scoring Spence and sending Stephens to third. Ewell Blackwell relieved Higbe for the Nationals. Keller rapped to McCormick, and Stephens was run down. Masi to Kurovski. Williams and Keller advanced on a wild pitch. Marion threw out Gordon. Three runs, four hits, no errors, two left.

SEVENTH INNING
Nationals: Gustine, batting for Schoendienst, struck out. Del Ennis, batting for Musial, whiffed. Peanuts Lowery batting for Hopp, singled. Walker fouled to Rosar. No runs, one hit, no errors, one left.

EIGHTH INNING
Nationals: Marion struck out. Lamanno batted for Blackwell and went out, Gordon to York. Gustine (Continued on Page 4)

Aleman Pledges Closer Cooperation With U.S.

LAREDO —(AP)— Mexico's Miguel Aleman, leader in that country's Sunday presidential elections, has pledged an aggressive program of industrial and agricultural efforts in Mexico and promised greater cooperation with the United States and other nations of the new world.

Continued from page 1
ton, et al, 440 feet from west and 2,350 feet from south lines of section 1.21. TT survey, is a new prospector for pay in lime above 3,000 feet, on the northwest side of the PHD field, in Northwest Garza County.

Northwest Stepout
It is approximately 1,750 feet west and about 950 feet north of the same owners' No. 3 Payton, recently completed for a potential of 138 barrels of oil per day, and which itself was a northwest extender of the field.

Humble Oil & Refining Company No. 1 E. P. Cowden, in northwest quarter of section 13, block A-55, pp1 survey, and on southeast side of the Dollar Hide field, in Southwest Andrews County, was making hole below 10,657 feet, in Devonian lime, after a drillstem test at 10,317-650 feet.

No Shows Developed
The tester was open one hour and ten minutes. There was a slight blow of air during the period. Recovery was 60 feet of drilling mud, with no shows of oil or gas.

Fullerton Oil Company No. 342-A Wilson, second well on the west side of the Fullerton field, in Northwest Andrews County to prove production from the Ellenburger, was drilling out cement on 5 1/2-inch casing set at 9,783 feet, with 1,000 casing, over total depth of 9,890 feet.

When the hole is in condition operator will acidize the open hole and test, and then drill ahead to locate the water table for the formation.

Tested For 18 BOPH
A drillstem test was run for two hours and 30 minutes on the bottom section of the hole, at 9,781-3,890 feet. The drill pipe filled-up with oil at an estimated rate of 18 barrels per hour.

The top zone of the Ellenburger, entered at about 9,760 feet, had previously been tested and had shown for good oil production, natural.

E. E. Fogelson and Cosden Petroleum Corporation No. 1-D-C University, Southwest Ector County wildcat, was making hole below 7,415 feet, in lime, called Devonian, by some geologists, and Silurian by others.

Tester Failed
A drillstem test was attempted at 7,314-93 feet. The tool did not open and there was no test. Operator may try another test when the bottom gets around 7,445 feet.

Stanolind Oil & Gas Company No. 1 Kayser, Central Ector County deep wildcat, had reached 12,501 feet in lime, and was going ahead. Operator representatives had not officially confirmed reports that the project entered the Silurian at 12,410 feet.

Howard Hughes' Condition Said To Be Improved

LOS ANGELES —(AP)— Howard Hughes' fabulous luck held good Tuesday. The 41-year-old producer of "Hell's Angels" and "The Outlaw" is reported to be "holding his own."

The degree of shock and the extent of injury to Hughes' left lung, severely battered when his plane was crushed in the crash, were the physicians' main concern.

The 41-year-old producer of "Hell's Angels" and "The Outlaw" crashed his XP-11 photo-reconnaissance plane, reportedly the fastest long-range craft yet built, into three houses and a garage in Beverly Hills. He smashed his way out of the plastic-covered cockpit in time to escape death in the flames which destroyed the craft, and remained conscious long enough to announce himself at the hospital.

Auto Thief Re-Enacts Slaying Of Veteran

PHOENIXVILLE, PA. —(AP)— Handcuffed to a state trooper, Allen W. Black, 28, paroled automobile thief, was taken from the Norris-town jail Tuesday to re-enact the killing of Joseph Wicen, 32, carpenter and veteran of two years fighting in Europe.

Police Chief Fred K. MacInnis said Black had signed a confession that he had waited at a traffic light for the first lone motorist, stepped into Wicen's car, and shot him on a lonely road while Wicen pleaded: "Don't shoot me! Don't shoot me!"

The body was found in Lehigh County in a garbage dump behind church in Tretelstown, four miles west of Allentown, where MacInnis said Black led officers Monday night and said: "There he is."

Livestock

FORT WORTH —(AP)— Cattle 5,500; calves 2,500; steady; good slaughter steers and yearlings 16.00-17.00; common and medium 11.50-15.50; medium and good fat cows 10.50-15.00; good and choice fat calves 15.00-16.50; yearlings and steers 12.00-15.50; replacement cows 3.00-10.50.

Community Theater Constitution Is Accepted Monday

The membership of the Midland Community Theater, Inc. accepted its charter, by-laws and constitution at a reading Monday evening at the City-County Auditorium.

The organization now is a constituted, non-profit corporation under the laws of the State of Texas.

Its purpose is "to conduct a community drama and recreational organization without profit to any member; dedicated to the study, practice and production of dramatic, painting, music and other fine arts, for educational, recreational, civic and benevolent purposes in the public interest of Midland."

The corporation will not have issue capital stock. It will be maintained, supported and operated by annual and other subscription made to it by the public, by the sale of advertising and by admission fees for productions, off-club and discussed ways of discovering talent in Midland. A card-index will be made of all memberships and teams for personal conference will be appointed.

Reports Made
A financial report of the corporation for its first four months was given by Mrs. Fred Fromhold, treasurer, and Art Cole, director. The organization is fully budgeted and the accounting is available to the public, they said.

Following the regular membership meeting Monday, the board of governors met under the direction of George Putnam, president.

Mrs. Marie Wall, talent scout and recruiter, met with the membership following the regular session and discussed ways of discovering talent in Midland. A card-index will be made of all memberships and teams for personal conference will be appointed.

Army Reports Japs Reviving Slavery

TOKYO —(AP)— Supreme Headquarters' investigators declared Tuesday they had uncovered evidence of a revival of slavery through contract labor in Japan.

A spokesman said women and girls in large numbers were being put under two or three year labor contracts by their parents, who receive their wages.

General MacArthur issued a directive last October 4 which prohibited the practice. A Japanese ordinance followed suit on May 17.

The spokesman said labor recruiting agents were working with business leaders of reviving Japanese industries in reestablishing the system.

THOMPSON AND MOTHER OF BABIES ARE MARRIED

Commissioner Court Approves New Deputy

The Midland County Commissioners Court Monday approved routine bills and reports and the annual settlement report of the tax collector.

They also approved the appointment of Nelda Ruth Norton as deputy in the tax collector's office.

British Take Action On Guatemalan Claim

GUATEMALA —(AP)— The foreign ministry said Tuesday it had accepted in principle a British suggestion that Guatemala's claim to British Honduras be submitted to the international court of justice but was awaiting assurance that Britain would accept "without restrictions a decision based on all features of the question."

Monday President Juan Jose Arevalo declared that Guatemala would break relations with Britain unless a satisfactory settlement of the matter was reached. Guatemala's claim to British Honduras, a crown colony about the size of Massachusetts, are based on treaties dating back to 1670 when Spain conceded British sovereignty.

Mufti Will Refrain From Political Work

JERUSALEM —(AP)— Egypt has given qualified assurance that the mufti of Jerusalem, Haj Amin El Hussein, will be restrained from political activity, the foreign office disclosed Tuesday.

Absentee Ballots Are Coming In At Fair Rate

Absentee ballots of Midland voters were coming into the county clerk's office at a fair rate, it was reported Tuesday.

Three persons voted absentee in person Monday and 48 ballots were mailed. Three persons voted in person Tuesday and three ballots were sent out.

OIL ON SCHOOL GROUND TO PAY FOR BUILDING

LAUREL, MISS. —(AP)— An oil well on the school ground will pay for a new \$127,000 consolidated school to be built immediately in Heidelberg, which until oil was discovered there two years ago was just another small town.

Fifty Persons Attend Foodhandlers School

Fifty persons were enrolled Tuesday morning for a foodhandlers' short course at the City-County Auditorium, M. Graham Smoot, acting director of the City-County Health Unit, reported. Smoot is conducting the three-day school.

Persons planning to enroll for the classes are urged to do so Wednesday. The classes will be held from 8:30 to 10 a. m. Wednesday and Thursday, and make-up sessions will be arranged later for those who were unable to attend all three classes. Housewives are urged to attend the school, which is planned to aid employees of eating and drinking establishments to obtain licenses as required by city ordinance.

Subject of the session Monday was how the spread of disease may be prevented, with emphasis on bacteriology in its relation to food sanitation.

MEET TUESDAY NIGHT

Directors of the Midland Junior Chamber of Commerce will meet at 7 p. m. Tuesday in the office of Bill Neely in the Petroleum Building.

Pacific Vet Files Discharge Papers

William A. Faubion, former seaman first class of the U. S. Navy, Tuesday filed discharge papers at the county clerk's office. He is a veteran of the Pacific and served on the U.S.S. Puget Sound.

VERTREES FILES PAPERS

The honorable discharge papers of Ralph William Vertrees of Midland were filed Tuesday at the county clerk's office. He was a seaman first class in the Navy.

SHIPSTEAD ADMITS DEFEAT

MINNEAPOLIS —(AP)— Senator Henrik Shipstead Tuesday admitted his defeat for renomination in Monday's Minnesota primary election, and said that he was sending his congratulations to Gov. Edward J. Thye.

JAVA BEGINS EXPORTS

BATAVIA — The first finished products exported from Java since the war, a shipment of office furniture, left here recently for Malacca in Malaya.

MIDLAND COUPLES ARE WED MONDAY IN DOUBLE CEREMONY

In a double wedding ceremony read by the justice of peace in his office in the Stanton courthouse Monday afternoon Miss Lois Blanton became the bride of Wayne Meyers and Miss Winnie Hartman was married to Dayton Swails. Both of the brides are formerly of Brownwood and are now employed at the Southwestern Bell Telephone Company in Midland. The bridegrooms are employed at Municipal Airport No. 2. Accompanying the bridal couples to Stanton were Hubert Danley and Eddie Gilmore of Midland.

VISIT IN LYNCH HOME

Mr. and Mrs. Edgar Chapman and daughter, Ann Lynn, of Mount Pleasant, Mich., visited Monday and Tuesday in the home of Mr. and Mrs. A. E. Lynch, 1306 West Missouri, en route to San Antonio.

PILES Hurt Like Sin! But Now I Grin

Thousands change groans to grins. Use a doctor's formula to relieve discomfort of piles. Sent druggists by noted Thornton & Minor Clinic. Surprising QUICK palliative relief of pain, itch, irritation. Tends to soften, shrink swelling. Use doctor's way. 2¢ tube. Thornton & Minor's Rectal Ointment or Rectal Suppositories today. Follow label directions. At all good drug stores everywhere—in Midland, at Cameron's Central Pharmacy.

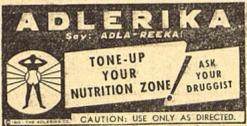

Officers To Be Named At Meet Of Concert-Lecture Association

Officers for the newly organized Midland Concert-Lecture Association will be elected at a meeting to be held at 8 p. m. Wednesday in the county courtroom of the courthouse.

P. D. Moore is chairman of the nominating committee and serving with him are Mrs. George Putnam and Frank Ashby.

Another feature of the business session will be the selection of programs for the fall and winter months.

All members are urged to attend.

We Will Move You Pick Up, Delivery

Painted Legs Have Silky Sheen

MARY ANDERSON: Cornstarch rubdown,

BY ALICIA HART
NEA Staff Writer

To put a silken sheen on leg make-up which you want to pass off as nylons, powder down your paint job with talc or cornstarch. Apply the stuff sparingly with the palms of your hands, and rub until you whip up a shine and float off the powder.

Make-up expert Perc Westmore has taught Hollywood lovelies this

application of leg art. From Mary Anderson, one of his glamor gamin pupils, comes this and still another tip on his famed technique.

That is to use a sponge with a fine cell structure, which is considered best for coating a pair of pins with a thin film of uniform color. To make sure that your sponge does its job, Mary says dip it in water, squeeze dry, and fill sparingly by placing the sponge over the mouth of the bottle of liquid make-up.

With your applicator "loaded," the trick of coating a leg perfectly, according to Mary, is to use long, smooth strokes from knees to toes, and to stop everything while make-up dries. Then powder down, as instructed above.

Members Of Star Club Honor Mrs. Mary Wyatt On 85th Birthday

Members of the Star Club and their husbands attended a lawn party Monday evening at the home of Mrs. John Ficke, 602 North Pecos, to celebrate the 85th birthday of Mrs. Mary L. Wyatt.

A color scheme of blue and white was carried out in the decorations and refreshments. A large white birthday cake topped with 85 blue candles was presented the honoree as the group sang "Happy Birthday."

Games of forty-two were enjoyed during the evening. High score prize was won by Mrs. John Luccous. Campbell and low score award went to Mrs. Ellen Reising. The traveling prize was won by Mrs. Jim Luccous. They in turn presented the prizes to the honoree along with a gift from the club.

Present were Messrs. and Meses. J. Wayne Campbell, Sherwood O'Neal, John Cuvelier, Fred Wycoff, John Luccous and Meses. John Ficke, Leo Baldrige, Mary L. Wyatt, Ellen Reising, L. C. Stephenson, Bernard Collins, and Elmer Dillard.

VIRGINIA DUNAGAN ENTERTAINS WITH WATERMELON SUPPER

Miss Virginia Dunagan entertained with a watermelon supper at her home, 1901 West Wall, Saturday evening honoring a group of Hardin-Simmons University students and other friends.

Guests were Barbara Brown, Billie Jean Jones, Shirley Brunson, LaJuan Dunlap, Joan Chapman, Mary Nell Casselman, Rue Copeland, LeRoy Hall, and Bill Hall, Bill Furrh, Gerald Martin, and Ted Smith, students of Hardin-Simmons University in Abilene.

RETURN FROM DUNCAN

Mr. and Mrs. Paul Leist have returned from Duncan, Okla., where they visited in the home of her brother, Dan Greene, and Mrs. Greene, formerly of Midland. Also visiting in the Greene home was Mrs. Olive Greene, mother of Mrs. Leist and Mr. Greene.

Candidates Jump Into Final Laps With Enthusiasm

By GARTH JONES
Associated Press Staff

If Texas candidates for governor haven't attracted the attention of every eligible voter in the state by July 27, it won't be because they didn't try.

Beauford H. Jester has added a touch of glamor to his campaign. The latest, and one of his most enthusiastic campaigners, is his attractive 21-year-old daughter, Barbara. She joined his campaign party Monday as he started working the East Texas oil field and into Marshall.

John Lee Smith says if Homer P. Rainey can prove that Smith is having any part in a whispering campaign against Rainey, he will withdraw from the governor's race. Smith says he didn't whisper when he "charged the good doctor with socialistic and communistic tendencies."

Rainey Goes Western

Rainey's note of color as he began his swing through the West Texas cattle country was a new cowboy hat. Heretofore, Rainey has campaigned in a battered straw hat.

In a speech prepared for voters of Brownsville Tuesday morning, Grover Sellers pledged his support to all measures designed to aid citrus growers, farmers and ranchers.

Jerry Sadler told voters in Hallettsville that the protest against limitation of time for political talks by radio stations was a byplay intended to divert voters from serious consideration of the real problems in Texas.

CAA Inspector To Be In Midland Wednesday

R. H. Wisener, CAA inspector, will be at the Midland Commercial Airport Wednesday, R. A. Plunk said Tuesday.

Wisener will give written and flight tests, and applicants are asked to bring their forms 5 or log books. Rated Army pilots may obtain ratings from the inspector.

To Our Customers:
A Statement of Price Policy on PURINA CHOWS

It is true that our prices on Purina Chows have increased since the end of OPA ceilings on July 1 . . .

BUT . . .

. . . These new higher prices are due entirely to the increase in the cost of feed ingredients. All ingredients have risen sharply . . . some as much as \$37.50 a ton.

. . . This increase in the price of Purina Chows is not as large as the increase in ingredient costs. New prices reflect only a part of the out-of-pocket increase to Purina.

. . . The new prices on Purina Chows do not include a single cent per bag or per ton more profit for Purina. The profit margins on Purina Chows have never been up to the full amount allowed under OPA and will not be raised now to margins previously permitted.

WE ARE PROUD TO FOLLOW PURINA'S POLICY

As authorized Purina dealers we are pledging ourselves to follow the manufacturer's lead. We know that our first responsibility is to our customers—we want to keep feed prices down as much as possible. We are not increasing our margins—we will not be short-sighted and take advantage of the present situation at your expense.

True, feed prices will go up or down as prices of ingredients vary—but we promise as always to do our best to supply all the Purina Chows we can get at the best price possible.

Glamor And Politics

One minor sideshow of the forthcoming off year elections which we shall watch with mild interest is the performance of movie, stage and radio stars in the political arena.

Probably there is no good reason why it shouldn't be. After all, these popular stars felt duty bound to give of their time and talents in bond drives and USO tours for the good cause of victory.

A lot of actors and crooners don't have to work 45 hours a week for 50 weeks in the year in order to get rich. They have leisure and means to stomp for their favorites, or even run for office if they want to.

Now, the top people in show business aren't all intelligent or dumb or childlike or vain. They vary about as much as a numerically equal group in any other line of business.

The headliners whose faces are known to millions find themselves objects of curiosity when they venture upon the street. They are pointed at, stared at, accosted with giggling, embarrassed remarks and requests for autographs.

All this tends to focus everybody's attention, including the star's upon the star. Adulation may sometimes annoy a player, but it can scarcely fail to flatter him.

Perhaps the star is eager to turn this importance to constructive social ends. But he is insulated from the public and its real wants and needs.

It will be interesting, anyway, to see whether more and more leading citizens of Hollywood and Broadway choose to get down in the arena and tarnish their glamor among the politicians, or whether they will return to the old and more professionally prudent course of letting the public believe that they are enchanted creatures from another world.

There may be a white shirt shortage, but there's no shortage of stuffed shirts.

Why Not Give Him A Chance Someday, Boys?

Thomas Hendrick, Wealthy Oil Man And Philanthropist, Dies In Abilene

ABILENE.—(P)—Thomas Gould Hendrick, 84, wealthy West Texas oil man, rancher and philanthropist who began his career as a 16-year-old stage coach driver, will be buried here Tuesday on the grounds of the Hendrick Home for Children, which he and his wife built and endowed.

Hendrick died here Monday night at his home. He suffered a heart attack nine days ago. One of a family of 10 children, Hendrick left home when he was 16 years old to become a driver on a stage coach between San Antonio and Eagle Pass.

Owned Ranch Near Odessa. He sold his first ranch and operated a livery stable in El Paso. Later he bought another ranch in the San Andres Mountains of New Mexico. In 1897 he bought a 22,000-acre ranch near Odessa, Texas.

In 1917 he bought a 36,000-acre ranch in Winkler County, upon which the first major oil production in the Permian Basin was developed. In December, 1928, the ranch was sold in fee with about 100 producing wells to the American Maracabo Oil Company at a price reported as \$2,500,000 or more.

The Hendricks moved to Abilene in 1933. At his death he owned the 45,000-acre River Ranch north of here and a 30,000-acre ranch near Marfa, Texas.

Many Contributions. In addition to the \$350,000 home for homeless and dependent children, Mr. and Mrs. Hendrick made numerous contributions to church and school groups. In 1935 the couple gave \$100,000 for an addition to the West Texas Baptist Sanitarium, later named Hendrick Memorial Hospital in their honor.

Baseball -

walked. Ennis struck out. No runs, no hits, no errors, one left.

Americans: Rip Sewell went in to pitch for the Nats. Stirrweiss singled. Wagner flied out. Kramer singled, sending Stirrweiss to third. Chapman flied out to Lowery. Stirrweiss scoring after the catch. Stephens singled. Williams hit a home run scoring Kramer and Stephens. Keller fouled out to Masi. Four runs, four hits, no errors, none left.

NINTH INNING. Nationals: Lowery went out to York. Stephens threw out Slaughter. Vernon batted for Kurovski and fouled out. No runs, no hits, no errors, none left.

Congratulations To. Mr. and Mrs. Wright E. Cowden on the birth Sunday in the Western Clinic Hospital of a son weighing seven pounds and three ounces.

CRUDE OIL PRODUCTION CONTINUES TO DECLINE. TULSA, OKLA.—(P)—Daily average crude oil production continued to slide downward in the week ending July 6, leveling off at 4,919,120 barrels, a decline of 21,670. The Oil and Gas Journal reported Tuesday.

Texas slipped back 16,200 barrels to 2,227,550, California 8,500 to 878,250, Kansas 5,500 to 254,750, Oklahoma 2,750 to 383,350.

Louisiana increased 5,600 to 389,800, Illinois 5,000 to 211,350, Arkansas 900 to 78,800, New Mexico 550 to 98,150 and the eastern area 500 to 67,500.

Mississippi's production was 63,300 barrels compared with 63,500 the previous week.

Russians Refuse Information On 'Lost' Americans

BERLIN.—(P)—The U. S. Army provost marshal's office announced Tuesday that it had thus far been unable to obtain from the Russians any information concerning the whereabouts of four Americans who disappeared into the Soviet occupation zone last week.

American officials earlier had expressed a belief they were "getting the run-around" from the Russians, who were thought to have arrested the four for illegal entry into the Soviet zone.

The missing quartet was identified by U. S. Army headquarters Tuesday morning as: Warrant Officer Samuel L. Harrison, San Antonio, Texas, and his wife, Helen.

Capt. Harold Cobin, Newark, N. J. He is connected with the office of the American military government in Berlin.

Second Lt. George E. Wyatt of the 252nd Engineer Combat Battalion, Oklahoma City. The Harrisons were last heard from on July 1 when, together with a German woman, they departed in an American jeep, supposedly to visit a pet shop in the Russian zone to buy a dog.

Wyatt and Cobin were reported to have boarded a train July 4 for a destination somewhere north of Berlin.

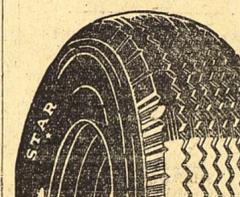

Woman Tells Police Purse Is Snatched

Callie Mae York, negro woman, reported to city police Monday evening her purse had been snatched by a white youth at a Midland hotel.

She said the purse contained a \$100 check, approximately \$68 in money and a watch.

President Approves Compromise Plan On Terminal Leave Pay

WASHINGTON.—(P)—Senator Edwin C. Johnson (D-Colo.) said Tuesday President Truman has approved a compromise plan for payment in bonds and cash of \$2,750,000,000 in terminal pay to an estimated 14,000,000 veterans who served in the ranks during the recent war.

The Colorado senator said the Budget Bureau, which speaks for the President, had recommended that veterans receive cash for all payments of less than \$50 and five-year bonds in \$25 denominations for all greater amounts.

"The plan is intended to avoid inflationary effects of making a huge cash payment at once," Johnson said. "I think Congress will approve it before it quits."

Residents Urged Not To Water Lawns Friday

Midland water users were asked Tuesday by A. B. Cole, city water superintendent, not to water lawns or use excessive amounts of water in other ways Friday and Saturday night. The department is planning to fill the large reservoir in the west part of the city during the day and night.

Cole said the new reservoir will be filled and the water sterilized and that it is necessary to maintain a residual of five parts per million for 72 hours.

After the tank is filled the water will be turned back into the lines. The city has two new wells in operation, Cole said, and hopes to have one more available soon.

Cole asked that citizens not waste water at any time.

The new tank in the west part of the city was painted a bright silver color this week.

Blandy Says Nevada Would Have Sunk If Drop Had Been Right

ABOARD USS MT. MCKINLEY (AP)—Vice-Adm. W. H. P. Blandy, boss of the atomic test operation, said Tuesday he believed the target ship Nevada would have been sunk or totally disabled if the bomb had exploded at the point intended.

He reiterated that the missile dropped July 1 burst at the height desired and described the bomb as "tremendously powerful" in the damage it wrought.

What happened to the destroyer Anderson—listed as "unaccounted for" directly after the explosion and later added to the roll of vessels sunk—was cleared up by the report of an air observer and pictures which showed her afire, ammunition blowing up and settling fast.

First Baptist WMU Circles Meet For Bible Study

Circles of the First Baptist WMU met Monday at the home of members for study programs.

Mrs. Mae Ward opened the meeting of the Lottie Moon Circle with a prayer. Hostess for the session was Frank Monroe.

Following the Bible lesson conducted by Mrs. Monroe, Mrs. J. E. McCain offered a prayer.

Refreshments were served by the hostess to Mmes. Gerry Roberts, Billy Gilbert, C. G. Murray, L. B. Newsom, A. M. Moore, Ward, and McCain.

Mrs. W. B. Preston was hostess to members of the Annie Barron Circle at her home. Mrs. E. N. Stracener presided during the business session and urged the group to participate in the Foreign Relief Drive.

After the devotion by Mrs. W. G. Spaulding, Mrs. R. F. Goins directed the Bible lesson on "The Lord's Supper," and was assisted by Mmes. J. F. Schroeder, W. B. Preston, B. C. Girdley, and William Pomeroy, Jr.

Present were Mmes. Leif Olson, S. M. Erskine, Goins, Stracener, Pomeroy, Spaulding, Girdley, and Preston.

Bible Lesson Given
Mrs. J. S. Collins presented the Bible lesson at a meeting of the Mary Martha Circle held at the home of Mrs. R. E. Colvin. The opening prayer was led by Mrs. J. P. McEldowney.

Inspirations of the Bible were given by Mrs. O. L. Stalcup and Mrs. F. G. White led the closing prayer.

Present were Mmes. R. E. Green, Richard Hinkle, S. G. Helms, White, McEldowney, Collins, Stalcup, and Colvin.

Members of the Mary Elizabeth Truly Circle met at the home of Mrs. R. O. Walker. The program was opened with a prayer by Mrs. John Dunagan after which Mrs. Chanslor led the Bible lesson.

At the conclusion of the business session, the meeting was closed with a prayer given by Mrs. Thurman Pylant.

The hostess served refreshments to Mmes. J. D. Hatch, George Morgan, Pylant, and Dunagan.

Lockett Circle Program
A Bible lesson was presented by Mrs. R. O. Walker at a meeting of the Lockett Circle held at the home of Mrs. Arnold Scharbauer. Prayers during the afternoon were given by Mrs. Walker and Mrs. Ralph Day.

During the business session members contributed to a love offering, \$103.37, for the Foreign Relief Drive.

One new member, Mrs. Carl Hyde, and the following were present: Mmes. Fred Wycoff, Otilie Philler, W. T. Hagler, E. J. Roberts, D. E. Jimeron, Walker, Day, and Scharbauer.

A meeting of the Rebekah Circle was held at the home of Mrs. A. E. Houck. All members participated in the Bible lesson for the afternoon.

Those present were Mmes. O. R. Phillips, W. H. Hall, John Godwin, R. D. Feemster, Frank Taylor, Charles Robinson, Cecil Craft, and Houck.

It's The BEST For You
It's undeniable that prescription medicine is the best for you when you are ill. And when you bring your doctor's prescription to CAMERON'S you have every assurance that the best of everything will go into the medicine—the best quality drugs and the best efforts of a highly trained and experienced pharmacist. Public knowledge of this fact is responsible for the thousands of prescriptions that have been entrusted to our care.

HOMER RAINEY HITS TEXAS REGULARS IN ANNOUNCEMENT FOR GOVERNOR

Dr. Homer P. Rainey

(Text of Dr. Homer Price Rainey's announcement for the Democratic nomination for Governor of Texas delivered over Texas State Network and affiliated stations on May 23, 1946.)
My Fellow Texans:
I have purchased this radio time today to tell you of my political plans.

I have decided to become a candidate for the Democratic nomination for Governor.

It is my duty to tell you why I made that decision.

This has been the most difficult decision of my life. Education—Christian education—moral education—democratic education—education by instinct, by training, by experience, I am an educator.

I have never had any political ambitions. I would much have preferred to stay in the field of education.

As a native Texan, born and brought up in her rural communities, educated in her public schools and one of her Christian colleges, I have always had a deep interest in the welfare of the people of Texas.

When I became president of the University of Texas, it was my ambition to make that University serve all the people—to tackle the great fundamental problems facing Texas—to find the answer to the difficulties which keep us from having the high standard of living to which our people are entitled.

When I tried to direct the efforts of the University toward that task, I soon found that there were selfish and powerful interests opposing me. And these interests were quick to let me know that they didn't want that type of University in Texas.

I had to make a choice—a choice to knuckle under, to abandon my dreams that our University could help Texas people to develop a better state, or to stand and fight.

I chose to stand and fight. The result you all know—I was fired.

Then I had to make another choice. I could tuck my tail like a whipped dog and sneak off from my native state to take another job, or I could stand and fight and take the issues to the people of this state.

I chose to stand and fight. Again, in recent months, I had to make the third choice. A choice as to whether I would enter politics as a candidate for governor.

I have made that decision, and I have great confidence that the people of Texas will give me their overwhelming support.

I want to tell you why I have made this decision.

I have become a candidate because we need a free government for free Texans.

We need a government run by real Democrats for the benefit of all the people. Too long our state government has been run by Texas Regulars and their fellow-travelers—all posing as democrats, but actually as reactionary as any Republicans in our national life.

These men—the eager servants of powerful vested interests—have had full sway in our State Capital too long.

It is the same fight which James Stephen Hogg had to wage fifty years ago. With fearless courage, with the undying loyalty of the plain people of Texas, he unshackled Texas in the 1890's and we had good government for many years.

But monopoly is never defeated. It has come back in new and more powerful forms.

Today the people of Texas, who rose up in revolt behind the leadership of James Stephen Hogg, are ready once again to throw off these economic chains.

The people are on the march. They have a strong will, tempered only by tolerance in their hearts, to protect their heritage against further encroachments by selfish and self-seeking special interests.

It is my hope, my wish, my prayer that I may be able to contribute some of the leadership necessary for this great people's movement. That is why I have offered myself as a candidate for governor.

Wide Executive Experience
As a native Texan and as president of our great University, I have had a rare opportunity to study the many problems of Texas farmers, Texas businessmen, Texas teachers, Texas workers, and Texas consumers.

As a college and university president, I have had many years of executive experience—experience in working with hundreds of people and administering millions of dollars. I know that I can put that executive experience to good use in the Governor's office.

There is another problem so pressing that I must speak of it today.

Industrial Peace Demanded
The next Governor of Texas must lead the way to a program for industrial peace.

We need production—we need houses and shirts and automobiles and coal and butter and bread.

We cannot have that production until we find a formula for industrial peace.

Under a system of free enterprise, which guarantees free labor and free management, we have amazed ourselves and the world by our ability to produce. As free Americans, we want to continue that system.

But freedom must be accompanied by responsibility. Free management must do justice to free labor in the form of decent wages and hours, security, and fair conditions of work. And free labor, when treated justly, must keep its contracts, must work with full efficiency, must purge its own house of racketeers, and must stay on the job so that we can have full production.

Neither management nor labor has the right to paralyze our productive machine.

What Can A Governor Do?
What can a governor do to promote industrial peace?

In the first place, he must be scrupulously fair to management, labor, and above all, the consuming public.

If he is prejudiced in behalf of either management or labor, if he is the puppet of either, he cannot serve as the public's referee.

powers of the Governor's office to curb them.

And above all, I will take the lead in bringing to the council table all interested parties—management, labor, farmers, housewives, consumers, and legislators. Together, between us, with the tolerant but determined spirit of a free and aggressive people, we will find a formula for industrial peace in Texas. And when we find such a formula, Texas will furnish real leadership to the rest of the nation which now is torn by industrial strife.

Will Discuss Issues and Programs
During the course of the campaign, I shall outline in detail the constructive program upon which I will seek the Governor's office.

The people of Texas are entitled to know where I stand upon the major issues of the hour, and I shall tell you.

I shall discuss issues and programs during this campaign. For my part, I shall see that the people are spared the mudslinging and dirty campaigning which so often has plagued this state.

And I believe that my opponents will do likewise. Those opponents include high state officials and former state officials. I know they see the seriousness of our Texas problems, and that they will want to win or lose upon the basis of honest programs, honestly submitted. If a man is worthy of being governor, he should conduct himself as a statesman and a gentleman before election, as well as afterward.

I have tried to outline to you the reasons why I am entering this Governor's race.

We must unshackle Texas from the powerful economic forces that today control our politics, our industrial life, and threaten our educational system.

Asks Better Standard of Living
We must demand for Texas a better standard of living with all the things that make for better living—good schools, a first-class health program, a decent welfare program, farm-to-market roads, and a host of other things.

We must demand that Texas people derive greater benefits from our great natural resources which today are being drained away for the enrichment of out-of-state owners in the North and East.

Not an Easy Battle
Do not think that this will be an easy battle.

Progress always comes hard. No man can offer a progressive program without arousing the anger of many people—

people who fear any change or progress.

people who now enjoy special privileges.

people who fear they will have to help foot the bill for better schools, better roads, better hospitals, and a better welfare program.

These same fearful people have always fought progress. They all fought Jefferson. They fought Andrew Jackson. They fought James Stephen Hogg. They fought another college professor, named Woodrow Wilson. And you all remember how they fought Franklin Roosevelt.

Homer Rainey cannot win this battle alone.

We can win only if every man, woman and child who wants a better Texas will put his shoulder to the wheel. I have no political machine, no slush fund, no army of state employees to help me. All I want, and all I need, is the energy, the devotion and the confidence of the plain people of Texas.

I invite all freedom-loving Texans to join me today. Write to me now—today—and tell me how you can help. Let me know where you are and what I can count on you to do. Just address me—Homer Rainey, Austin, Texas.

Asks Help From People
I need your help in another way. It takes money for radio time, for literature, for stamps.

To any who may assist me in any way, I have nothing to promise you except that, God willing, I shall lead this state into the progress and the prosperity which it so richly deserves.

Come and meet with me when I come to your area on this crusade to unshackle Texas.

... He never saw us before but he OK'd our credit with a smile!

It could have been embarrassing — trying to charge our purchases in a store where we were unknown, where we had never dealt before.

The merchants and professional people of the community have access to the records of the Credit Bureau. They can learn quickly and easily whether you are "Prompt Pay," "Slow" or "A Poor Risk." If you want the convenience, the satisfaction and the prestige of a good credit record, you can enjoy these advantages by buying only what you know you can pay for—and paying for it promptly on the date it is due.

But you can buy almost anything you want on credit, anywhere, any time, if your credit record is good.

Retail merchants, physicians, dentists, druggists, fuel dealers—almost any business or profession serving the public—gladly grant reasonable credit to responsible people. And the only way to establish yourself as a responsible, trustworthy person is to pay your bills promptly—when they are due.

General Duty Nurse

By **LUCY AGNES HANCOCK**

Copyright by Lucy Agnes Hancock Distributed by NEA SERVICE, INC.

DOCTOR CHANNING recuperated rapidly and Sally found him amusing and helpful. So many patients, especially men, became testy and difficult as they improved. Not so the patient in 327. Sally wrote letters for him on the portable machine his sister brought to the hospital and even read the proof of several chapters of his new book. He still continued to send most of his floral offerings to his neighbor across the hall, and Sally brought back to him reports of her gratitude and her progress. Miss Newell was now sitting up for a few minutes each day. She proved to be an attractive, middle-aged woman—a former high school teacher with a delightful voice. She used to sing, very softly, quaint little tunes that entranced her nurses, and Sally. She had written prim little notes of thanks to Doctor Channing upon receipt of his flowers, and the doctor urged his sister to stop in and visit her. Much against her will, Miss Kate did so and the two became friends.

The first day Doctor Channing was able to use a wheel chair, he was a happy man. It was late May and the weather delightful with doors and windows wide. Sally steered the chair into the corridor and pointed it toward the elevator intending to go to the roof. Doctor Channing was eager to see the spot which the staff praised so extravagantly and then, too, he had become bored being confined to his room. Linton stood on a hill—the highest spot in town—and from the roof a panorama of great beauty spread out—the town itself in its fertile valley surrounded by lakes, forests, winding roads and

They drank their tea and nibbled at the small, sweet cakes Kitty passed and it wasn't until Sally heard the startled voice of Mrs. Cantwell from the door of 327 that the little party broke up.

DOCTOR CHANNING grew red and flustered and Sally hushed him gently and closed the door into the hall. Kitty giggled and Miss Newell smiled. They heard the quick tapping of Mrs. Cantwell's high heels as she hurried away down the corridor and Sally whispered:

"Want to risk the roof, Doctor? Or shall we stay here? I imagine she will rouse the hospital fearing you have been kidnapped."

"Will she be allowed on the roof?" he asked and Sally saw that he was really concerned. She was amused. To her it all seemed very silly.

"I don't imagine it would make much difference to her whether she is allowed up there or not. If she wanted to go to the roof she would just go there. Anyway, I think you have been up long enough. I'll take you back to your room and settle you in bed."

"It's your turn to come across the hall next time, Miss Newell," the doctor said as Sally wheeled him out. "Make it soon—I get lonesome."

Doctor Channing was barely back in bed when they heard people approaching. It sounded like an army and Sally looked up from the fresh sheet of paper she had inserted into the typewriter to see not only Mrs. Cantwell, but the Chief, himself, with Miss Sunderlin, Doctor Willoughby and the senior interne who was grinning broadly. Miss Kate Channing followed a few paces behind. She came into the room, her face showing surprise and something like bewilderment as she watched Mrs. Cantwell trying to explain her distress at finding Doctor Channing's room empty.

"I'm sure of it," she kept saying. "I couldn't have been mistaken. It was this room, I tell you, and no one was here—it was completely empty."

(To Be Continued)

McKENNEY ON BRIDGE

By **WILLIAM E. MCKENNEY**
America's Card Authority

Generally speaking in any good pair event you can select 10 of the pairs in advance and probably eight of them will finish in the first 10 places. It has to be assumed, therefore, that it would not be too difficult to pick the winners of a pair event, but it is almost impossible to select the winner of the world championship Masters Individual before the start of the contest.

Virtually every player in the field has an even chance to win, and in the history of the event no one has won it twice. Of course we all try to pick the winner and this

♠ 82	♥ 10 6	♦ A K Q 6 3 2	♣ 9 8 4

year I managed to do it. During the course of the first session I told Robert McPherran that I figured he was this year's Individual champion.

Most players would class McPherran's bidding on today's hand as tricky and risky. In the tournament the majority of the South players opened the bidding with a forcing two-heart bid, and in almost every case West took a good sacrifice at six spades, which was down only 500 points. Six hearts was made, as the losing clubs were discarded on the good diamonds. A diamond shift by West might have defeated McPherran.

McPherran's reasoning was that with his own free distribution, his one-heart bid would not be passed. When North bid four diamonds over three spades, McPherran felt that he must have the ace of diamonds. He knew that if he progressed slowly with the bidding, West in all likelihood would take a sacrifice; but if he plunged in six hearts, East and West would probably think they had a chance to defeat the contract.

JayCees Luck 9-7 Win When MAAF 'Snafus'

The JayCees were lucky, lucky, lucky, and MAAF blew plumb up in the last inning of their city league softball tilt Monday night. The Jakes won 9 to 7.

With the win Ted Thompson's Terrors climbed up in a tie for the Red circuit league lead with the Army. Both have won two and lost one.

Up to the last inning Monday night it was all Army. The MAAF's had hit every hole in the JayCee defense and had a lead, 5 to 2, going into the last frame. Bill Zurivitz had let the Jakes have only one hit.

Then the gremlins hit Oliver's men and they snafued themselves out of a ball game.

A comedy of MAAF errors and hits by Barber and Taylor brought in seven runs for the Thompsons.

With only three hits then the JayCees got nine runs. That is just about the story in itself.

The Army got a couple of runs in the first. One was a home run by Dunlap. They were scoreless in the second and got one in the third and two in the fourth with hits by Plummer and Zurivitz. Scoreless in the fifth and sixth, the Air Corps fellows got two runs in the last inning.

On the JayCee ledger they got one run in the third with Henderson's hit helping. They got another in the fifth unearned, went scoreless in the sixth and then exploded in the last inning.

The first Michigan state fish hatchery was built in 1873.

Dallas Defeats Fort Worth Cats

By The Associated Press
Third-place Dallas hung a 6-3 defeat on loop-leading Fort Worth Monday night as the rival teams staged the last battle of their six-game Texas League series.

The win gave the Rebels an even break in the series and for the season. Both teams now boast eight games won in their intercity contests.

Around the loop, Oklahoma City hit Tulsa 13-2, San Antonio won 4-2 over Beaumont, and Shreveport edged out a 1-0 win from Houston. Hank Oana was the winner over Eddie Chandler in the Dallas-Fort Worth battle, giving him 15-6 for the season. The loss was Chandler's second of the year, both to Dallas, against 13 victories.

There are about 142 carats to the ounce.

Listlessly, R-T Wrestles Mackey For League Lead

In a rather listless go, The Reporter-Telegram wrestled the Blue League lead away from Mackey Monday night, whipping the Macks, 13 to 8.

The win put Bo Mitchell's Pressmen out in front of the Blue family, where they roosted the first half just completed. The R-T has won two and lost none.

Reporter power was evident all the time but it was not overwhelming. The Ink Spotters got one run in the first by J. McKnight's hit. Without hits the added three in the second, went scoreless in the third and got three in the fourth by way of freak home runs by J. McKnight, D. McKnight and Whitworth. Scoreless in the fifth the Mitchellmen got two in the sixth with D. McKnight (homer), Pierce, Crson, Brown and Yarbrough.

Mackey reluctantly bowed to the Reporter. The Macks got two runs in the third with no hits and were scoreless in the first, second, fourth and fifth. In the sixth they woke up and got four tallies with Casey Jones' hit, helping. A hit by Nix in the seventh helped along two runs.

Lanham, second base, played a good game for Mackey and prevented several Reporter extra base smashes with his fine stops.

Commission Holds Brown's Purse After Bout In Cleveland

CLEVELAND—(AP)—A lump on the head—a big one—was all that old Mose Brown of Pittsburgh had to show Tuesday for 10 rounds of fisticuffing Monday night with Tommy Yarosz of Monaca, Pa.

The lump came from a head-bumping episode in the second frame, providing the top action of the event. After it was all over, except for the booring of departing fans, the boxing commission held up 30-year-old Mose's end of the purse for what it called an "unsatisfactory performance."

The commission scheduled a hearing for Tuesday to determine whether Brown, winner of his previous seven scraps by knockouts, should be paid. Indications were that he might get his money, as Referee Jackie Davis reported he "thought Mose was doing his best."

The engagement, top event of five 10-rounders, was slow and uninteresting all the way. Brown failed to land an effective punch, while Yarosz, brother of former middleweight champion Ted Yarsz, spent most of the evening flicking his left in Brown's face of his previous seven scraps by knockouts, should be paid. Indications were that he might get his money, as Referee Jackie Davis reported he "thought Mose was doing his best."

Police Checking Murder Statement

HOUSTON—(AP)—Houston police are investigating a 36-year-old man who said he had once killed a man in Los Angeles and at another time killed a man on a ranch in New Mexico.

The man was found Monday, his left arm badly lashed, in his room. Houston hospital attendants said he was in a serious condition from loss of blood.

His wife told officers in a written statement that her husband once told her of a fight with two brothers on a New Mexico ranch after an argument over a dog.

Police said the wounded man gave no details other than to say that he killed the men.

Record Crowd On Hand For All-Star Tilt

(Late Scores Page One)

BOSTON—(AP)—An underdog but hopeful National League team took the field Tuesday against a highly favored American League as a record crowd of 33,000 fans paid upwards of \$105,000—the previous high was \$98,692 in 1935—for reserved seats in Fenway Park, home of the powerful Boston Red Sox, for the 13th inter-league classic which found the Americans 3 to 1 betting choices.

Bobby Feller, the Cleveland Indians' sizzling strikeout pitcher, and the Chicago Cubs' veteran right-hander, Claude Passeau, were slated to pitch the first three innings.

Manager Steve O'Neill of the world champion Detroit Tigers and leader of the American Leaguers, planned to use his twirling star, Hal Newhouser, and then Spurgeon (Spud) Chandler of the New York Yankees for the final three innings.

O'Neill's reserve mound staff included Mickey Harris and Dave Ferriss of the Red Sox, and Jack Kramer of the St. Louis Browns.

Manager Charlie Grimm of the Chicago Cubs and the National Leaguers, kept the Americans in the dark about who would follow Passeau, but the consensus was that Rip Sewell of Pittsburgh and Howie Pollet of St. Louis would get the call.

Also, he had Brooklyn's Kirby Higbe, Boston's Mort Cooper, Cincinnati's Ewell Blackwell, and Chicago's Johnny Schmitz.

The announced starting lineups for the game:

National League
Al Schoendienst, St. Louis, 2b (.311)
Del Ennis, Philadelphia, lf (.303)
Johnny Hopp, Boston, cf (.363)
Dixie Walker, Brooklyn, rf (.368)
George Kurovski, St. Louis, 3b (.297)

American League
Dom Dimaggio, Boston, cf (.349)
Johnny Pesky, Boston, ss (.299)
Ted Williams, Boston, lf (.347)
Charlie Keller, New York, rf (.329)
Bobby Doerr, Boston, 2b (.305)
Mickey Vernon, Washington, 1b (.304)

Ken Keltner, Cleveland, 3b (.226)
Frank Hayes, Cleveland, c (.260)
Bob Feller, Cleveland, p (15-5)
Umpires: Bill Summers, Ed Rommel, Larry Goetz and Dusty Bogges.

Wife Just Axing For Trouble, Judge Told

PHOENIX, ARIZ.—(AP)—Maricopa County Superior Court Judge Dudley W. Windes asked a man seeking divorce from his wife on the grounds of physical cruelty for the details.

"Well, your honor," the man replied, "Five times she hit me in the head with an axe. If that keeps up someone is going to get hurt."

The divorce was granted.
