

DIPHTHERIA EPIDEMIC FEARED ON TROOP CARRIER AT SEA

Anti-Toxin Flown To Ship

BOSTON—(AP)—With one dead, others stricken and a diphtheria epidemic feared, the Coast Guard Wednesday rushed antitoxin by air to the troop ship Colby Victory, several hundred miles off Argentina, Newfoundland, and en route to Bremerhaven, Germany.

An air-sea rescue plane bearing medical supplies from New York landed at Salem, Mass., took aboard additional antitoxin and flew on to the lend-

lease air base at Argentina. There the supplies will be transferred to another plane and flown to the ship.

The Coast Guard estimated the supplies would reach the Colby Victory Wednesday evening. The War Shipping Administration, for which the ship is operated by the U. S. Lines as general agent, said the ship carried 1,009 replacement troops. It also said that the Army had control of medical facilities aboard.

SO&G CG Unitex Failed To Get DST At 8,002-27 Feet

By JAMES C. WATSON
Oil Editor

Stanolind Oil & Gas Company No. 1-GG University, Northeast Crockett County possible Ellenburger without discovery attempted a drillstem test at 8,002-27 feet.

The tool was in the hole one hour and 30 minutes. Gas showed at surface in six minutes. No gauge on it was reported.

When the drill pipe was pulled out only recovery was a small amount of drilling mud, with no appreciable shows of oil or gas.

Informed sources reveal that the tester probably failed to function properly.

To Core Ahead

Operator planned to take two more cores and then try another test. The core at 8,017-27 feet was lime with signs of porosity and oil stains.

Tentative top of the Ellenburger has been called at 7,975 feet with elevation of 2,586 feet on the derick floor.

Globe Oil & Refining Company No. 1 Henderson, Schleicher County prospector, which drilled to 5,701 feet and had considerable gas, and which was temporarily abandoned several months ago, has been re-entered and operator was to perforate between 5,602-96 feet, in the Strawn section of the Pennsylvania, and test for oil.

That zone was not investigated thoroughly when the exploration was drilled. Operator has gone back in it on account of the recent discovery of flowing oil made by Cooper Gas Company No. 1-A Kov, in the adjacent area.

Failed To Get Test

Cities Service Oil Company No. 1 Parker, West-Central Ector County wildcat, plugged back from total depth of 12,529 feet to 12,485.5 feet, in the top of the Ellenburger.

The casing was perforated with 18 shots at 12,482.5-12,485.5 feet. A drillstem test was attempted on that section. There was a blow of air for 57 minutes and then the pecker failed. When the drill pipe was pulled out 150 feet of the original 1,000-foot water blanket was recovered. It was slightly gas cut.

The tester and some other instruments did not come out and operator is now in the hole to mill out the junk and drill up the stuck packer.

A Dry One in Dawson

Clayton Oil Company of Delaware No. 1 J. H. Robinson, 440 feet from south and west lines of section 37, block 34, TP survey, T-5-N, and an outpost to production in the Spraberry field, in Southeast Dawson County, has been abandoned and will be plugged on total depth of 3,959 feet, in lime.

It developed sulphur water. There were only slight signs of oil and gas in the section which carried the water.

Clayton Drilling Company No. 1 Roots, Central Pecos County wildcat, about six miles east of Fort Stockton, had drilled out cement in 7-inch casing, which had been set at 2,703 feet, with 30 sacks, over total depth of 2,801 feet, in lime.

The hole had been conditioned and operator was swabbing, to test shows of oil and gas in the uncased section of the project.

Sumray Oil Corporation No. 2 Robinson, old shallow producer in the Rotan field, in North Fisher County, which had been deepened from 3,537 feet, had abandoned efforts to recover twisted off drill pipe, which was stuck at 5,875-6,035 feet.

Operator is now running 7-inch casing to about 5,260 feet, and will test light shows of oil in a Palo Pinto lime zone, below that level.

Ralph Lowe No. 1 Sealy-Smith, discovery for flowing production from two sections of the middle Permian in West-Southeast Winkler County, about two and one-half miles west of the North Monahan field, was making hole under 5,285 feet in lime.

Clark Takes DST

Shell Oil Company, Inc. No. 1 Clark, North Glasscock County wildcat, about eight miles north of Groven City, was reported to be bottomed at 9,215 feet in an unidentified lime, and was preparing to take a drillstem test.

Shell No. 1 Pinson, West Andrews County wildcat, about one mile southwest of the same company's No. 1 Nelson, Ellenburger discovery, had penetrated below 10,260 feet in Simpson, middle Ordovician shale, and was drilling ahead.

Weather

Partly cloudy and continued warm Thursday. Maximum temperature Tuesday was 103 degrees, minimum 74.

British Propose To Divide Palestine Into Four Provinces

Parliament Told Plan Depends On Cooperation Of U. S.—Fast Action Is Deemed Necessary

LONDON—(AP)—The British government announced Wednesday that Anglo-American experts proposed to split Palestine into four areas and leave to a Jewish province itself the problem of deciding how many of Europe's homeless Jews might migrate to the Holy Land.

"But the implementation of the experts' plan as a whole depends upon United States cooperation," said acting Prime Minister Herbert Morrison and Dominions Secretary Lord Addison in simultaneous announcements in the House of Commons and Lords.

"We had hoped before the debate to receive from President Truman his acceptance," they said, "but we understand that he has decided to discuss it in detail with the U. S. expert delegation, which is returning to Washington for that purpose."

Britain accepted the four-area proposal for troubled, strife-torn Palestine "as a basis for negotiation," they said.

If United States assistance in carrying out the plan is not forthcoming "we shall have to reconsider the position, particularly as regards the economic and financial implications," both declared, adding pointedly:

"The situation in Palestine will not brook delay."

The four areas, it was announced, would include an Arab province and a Jewish province and each "would have the power to limit the number and determine the qualification of persons who might wish to take up permanent residence in their territories."

In addition to the Jewish and Arab provinces, said Lord Addison, dominions secretary, the Joint Commission of experts proposed to establish a District of Jerusalem and a District of Begeeb.

The latter section is a piece of desert land lying in Southern Palestine in which Jewish migration was permitted under the 1946 Palestine land transfer regulations.

Addison opened a Palestine debate held simultaneously in both houses of Parliament.

He also announced that the British government had dissociated itself from a bitter anti-fraternization letter written by Lt. Gen. Sir Evelyn Barker to the British troops under his command in Palestine.

Heirens contends He doesn't remember

CHICAGO—(AP)—The state Wednesday began rounding out for trial its murder cases against William Heirens after the surprise collapse of an elaborately staged defense plan to have the youth confess three killings in hope of escaping the electric chair.

His attorneys had arranged Tuesday's abortive "confession conference" with the state with the aim of winning leniency in return for circumventing a prolonged and costly jury trial, but Heirens' only answer was, "I don't remember."

Tuesday night while Heirens tossed restlessly on his jail cell bunk and read from the Book of Exodus, which contains the Ten Commandments, police experts were checking a new find to determine if it might provide a clue to the killing and dismemberment of Suzanne Degnan January 7.

This was a knife which an elevated track workers reported findings along an embankment a few days after the killing. It was turned in to police Tuesday night.

The foreign office announced that it had cabled Mexican Ambassador Alfonso Rosenzweig y Diaz in Paris requesting that he seek "clarification" of this point.

SOUTHERN PACIFIC HEAD DIES IN LOS ANGELES
LOS ANGELES—(AP)—Paul Shoup, 72, who rose from ticket clerk to head the Southern Pacific Railroad by "going through doors," as he once phrased it, died Tuesday night of a heart ailment and kidney complications, after eight days' illness.

STERLINGS GIVE HOME FOR BOYS WORK
HOUSTON—(AP)—Former Governor and Mrs. Ross Sterling have announced that they have given their three-story \$1,000,000 home on Galveston Bay to the Optimist Clubs of Houston as a boys home.

The three Houston Optimist Clubs have announced a drive to raise \$500,000 for a development fund for the home.

WASHINGTON—(AP)—The Justice Department disclosed Wednesday that it is investigating Ku Klux Klan activities in seven states to determine whether federal laws are being violated.

The investigation is being made under the direction of the department's Civil Rights Section in New York, Michigan, Tennessee, Florida, California, Mississippi and Georgia.

WASHINGTON—(AP)—The Senate declined Wednesday to limit debate on the Anti-Poll Tax Bill. The decision was generally interpreted as killing the legislation for this session.

TIENTSIN—(AP)—The pro-government Min-kuo (Republican) Daily News said Wednesday that approximately 40,000 Chinese Communist troops are concentrated in Eastern Hopei Province, preparing to assault the port city of Chinwangtao where U. S. Marines are stationed. The report lacked substantiation from any other source.

Ambassador

James C. Dunn, Assistant Secretary of State for Political Affairs, has been nominated by President Truman to be the new U. S. Ambassador to Italy.

Freed Yanks Say Soviets Grilled Them As Spies

BERLIN—(AP)—Capt. Harold Cobin and Lt. George Wyatt, American officers who were released Tuesday night by the Russians, said Wednesday they had been detained in the Soviet occupation zone for 27 days on the allegation they were spies.

The two, who vanished July 4 on an unauthorized trip into the Soviet zone, said they had been held for most of the 27 days at the Russian headquarters in Potsdam.

Cobin and Wyatt, who related their experiences at a press conference in the presence of U. S. Army staff and intelligence officers, said the Russians had treated them well but had questioned them almost daily and at great length in an attempt to ascertain whether they were secret agents.

At one time they were officially charged with being spies, and signed statements denying the charges, they said.

Maj. Gen. Walter A. Keating, American commander in Berlin, said emphatically that the release of the two officers did not involve any exchange of detainees.

In that respect their case differed from that of an American warrant officer and his wife who were freed by Soviet officials in return for the release by U. S. Army authorities of three Russians picked up in the American zone on suspicion of espionage.

Mrs. Mary Cobin, awakened Tuesday night and informed that her husband was being returned, exclaimed: "It's the best news of my life. I'm going to have a big party for Harold when I see him. You know we haven't seen each other in two and a half years."

Mrs. Cobin arrived in Berlin with other American dependents after her husband had been missing for a week. She had maintained a fearful vigil since.

OPA Raises Ceilings On Farm Machinery

WASHINGTON—(AP)—OPA Wednesday authorized an average six per cent increase in retail ceilings for all farm machinery and replacement parts.

In the case of farm machinery, retailers were required to absorb half of this while on replacement parts they had to absorb the full 10 per cent increase.

The 10 per cent price boost previously granted to manufacturers and wholesalers distributors remains unchanged under Wednesday's action.

Mexico Seeks Part In Peace Conference

MEXICO CITY—(AP)—The Mexican government insisted Wednesday that failure to include Mexico in the Paris peace conference constituted a violation of the United Nations declaration against concluding separate peace treaties with the enemy.

The foreign office announced that it had cabled Mexican Ambassador Alfonso Rosenzweig y Diaz in Paris requesting that he seek "clarification" of this point.

SOUTHERN PACIFIC HEAD DIES IN LOS ANGELES
LOS ANGELES—(AP)—Paul Shoup, 72, who rose from ticket clerk to head the Southern Pacific Railroad by "going through doors," as he once phrased it, died Tuesday night of a heart ailment and kidney complications, after eight days' illness.

STERLINGS GIVE HOME FOR BOYS WORK
HOUSTON—(AP)—Former Governor and Mrs. Ross Sterling have announced that they have given their three-story \$1,000,000 home on Galveston Bay to the Optimist Clubs of Houston as a boys home.

The three Houston Optimist Clubs have announced a drive to raise \$500,000 for a development fund for the home.

Russia Favored In Treaty Proposals

Molotov Seeks End Of Spain's Franco Regime

Russia Also Requests Two-Thirds Vote Rule

PARIS—(AP)—Soviet Foreign Minister V. M. Molotov, in a speech to the Paris peace conference Wednesday, called upon "democratic countries" of the world to put an end to the Franco regime of Spain.

The Soviet foreign minister spoke after an appearance before the conference Rules Committee at which he fought to establish a two-thirds majority voting rule for the conference of 21 nations, because, he said, "if all decisions were by simple majority the USSR would be sure to find itself always in the minority."

He found qualified support in his fight in U. S. Secretary of State Byrnes, who, an American informant said, will propose Thursday that a two-thirds majority vote be necessary for approval of essential and substantial matters.

Making his first public official conference pronouncement, the Soviet foreign minister told a meeting of the Rules Committee, "this (a simple majority) naturally would place the Anglo-Saxons at an advantage because it would form a block of from 12 to 13 votes."

Molotov expressed fear that adoption of a simple majority rule would play the West against Eastern Europe.

Newspaper reporters of many countries sitting in for the first time in history as peace conference observers, were in attendance as the committee plunged quickly into the troublesome question on which Molotov voiced his support of a Yugoslav proposal for a two-thirds voting rule. Sixty-seven newsmen from 26 countries were present.

Olson Says Jails Will Be Filled If Law On Contractors Enforced

WASHINGTON—(AP)—Paul A. Olson, former secretary to the Coffee (D-Wash.), told the Senate War Investigating Committee Wednesday that "the jails of America are going to be filled" if the Justice Department enforces a law barring government contractors from making campaign contributions.

"I warn you, you are treading on very delicate grounds," he told Senator Ferguson (R-Mich.) in an exchange of the law, specifically at point how it affected a \$2,500 check which Coffee received in 1941 from a Tacoma, Wash., defense contractor.

The six-year-old statute carries a penalty of \$5,000 fine or imprisonment up to five years for violation.

Olson maintained that there is nothing in the law barring the interpretation of the law, specifically at point how it affected a personal contribution from his personal funds—a contention with which Ferguson sharply disagreed.

Olson said that Eivind Anderson, the Tacoma contractor who sent the \$2,500 check, tried to blackmail him into withdrawing last January from the race for mayor of Tacoma.

Olson testified that Anderson had told him that unless he withdrew from the primary race in which the contractor was also entered, Anderson "would use the check to injure me in some way in the March election."

Anderson has testified that the check was in payment for services he expected to receive from Coffee and Olson in connection with a defense contract. Coffee told the committee Tuesday he received the money as a "campaign gift."

Former Citizen Is Killed In Wreck

Floyd Brown of Carlsbad, N. M., former Texas Highway employe at Midland, was killed Tuesday in an auto-truck collision near Waurika, Okla., friends here were informed.

Ten persons were injured in the accident.

Two children of Mr. and Mrs. Russell Riddle of Odessa, who were riding in Brown's car, were not expected to live. A third child was hurt but not seriously.

Mr. and Mrs. Riddle were injured as was Mrs. Brown.

Brown visited in Midland Monday with the Lee J. Harrison family, obtained a house, and planned to move here.

Jews Flee Polish Terror

Bringing continuing stories of anti-Semitic oppression in Poland, thousands of Jews are fleeing that country into Czechoslovakia. Above, under the eye of a Czech security policeman, refugee Jews line up to register at Nachod, Czechoslovakia, on the Polish border. Cared for by the Czech government and American Jewish welfare groups, they will entrain for U. S. occupational zones in Austria and Germany.

Senator Hits Military Officers 'Easy In Morals, Careless On Job'

WASHINGTON—(AP)—Senator Mitchell (D-Wash.) demanded Wednesday in a speech prepared for Senate delivery that "appropriate punitive measures" be taken against military officers "who are easy in morals and careless in administration."

In this speech, Mitchell questioned both the "technical competence" and "moral caliber" of one officer in the Chemical Warfare Service. He added that the Senate War Investigating Committee intends to look further into the affairs of that service.

Stating that one officer had failed to find out why some 4.2 chemical mortar shells were defective, Mitchell observed that "he found time to go to fancy parties, even as American boys spilled blood because somebody fell down on the job back home."

"The military departments of government have an immediate obligation to put their houses in order," Mitchell continued.

"They must take appropriate punitive measures against officers who are easy in morals and careless in administration."

Mitchell declared that a civilian worker in Chemical Warfare Service "should not be permitted to remain one hour longer in the employ of the government in the face of all the evidence which brands him as an unfaithful public servant."

Atomic Group To Discuss Red Plan Against Weapon

NEW YORK—(AP)—Delegates to the United Nations Atomic Energy Commission were called into session Wednesday to reopen discussion of Soviet Russia's proposal to outlaw the production and use of atomic weapons immediately.

As they prepared to meet in closed sessions of Committee No. 2 Wednesday afternoon several delegates were reported ready to question Soviet Representative Andrei A. Gromyko at length on how he proposed to prevent illegal manufacture of atomic weapons.

In his plan, as outlined last week, the Soviet delegate touched only briefly on the question of controls.

The only control system he mentioned was a suggestion that each country adopt legislation providing for punishment of persons who violated the terms of the proposed international convention. No provisions were recommended for punishment of governments which themselves produced atomic weapons in violation of the convention.

The delegates from the United States, the Netherlands and Brazil indicated they wanted to hear more details of what Russia had in mind. At the same time, they all made it clear that they favored a much stronger control plan than that suggested by Gromyko in his declaration.

Three Officials At Texarkana Indicted

TEXARKANA—(AP)—Three Texarkana aldermen have been indicted on charges of accepting bribes and D. H. Lee has been indicted on a charge of giving a bribe, it was revealed here Tuesday.

Those indicted were Aldermen Albert McWilliams, Harry L. Everett and Lee Talley, and a property owner, Lee.

Mayor W. N. Harkness, who first made the accusation against the aldermen and who said he had accepted \$1,000 to expose the case, was not indicted.

Drafts Leave Reds Dominant In East Europe

Soviet Would Get Land And Billion Dollars

PARIS—(AP)—Russia emerged Wednesday as the principal beneficiary of proposed peace treaties which would strip Italy, Finland and beaten Germany's Balkan satellites of their military power, redraw their frontiers and charge them at least a billion dollars in reparations.

The treaty drafts presented to the 21-nation peace conference Tuesday night by the Big Four agreed upon substantial territorial increases for the Soviet Union, upon payment of \$900,000,000 in reparations to Russia and left Russia's domination of Eastern Europe intact.

In certain disputed sections of the treaty drafts, however, it seemed apparent that the Western powers intend to try to whittle down some of the Russian gains in the East.

The United States and Britain want the vital Danube River opened to trade on a basis of complete equality, while Russia wants nothing said in any of the treaties about freedom of navigation on the Danube. The three Western members of the Big Four also want "most favored nation" status for all Allied nations in commercial dealings with the five defeated nations, while Russia would exempt all fields closed to private enterprise and would make exceptions for neighboring states.

No Bombers Allowed
Under the proposed treaties—which would end the state of war in Europe except for Germany and which would offer the five nations concerned an opportunity to enter the United Nations—none of the defeated countries would be allowed any bombing planes or submarines and would be required to guarantee fundamental human rights and to bar Fascist activity.

The military machines of all would be reduced to a vestige of power, and the treaty drafts directed the five beaten countries to cooperate for the purpose of insuring against any German rearmament in the future. The atom bomb was not mentioned in the treaty drafts.

The proposed treaties—286 pages in length—offered a peace to Italy, Romania, Bulgaria, Finland and Hungary which was mild in tone and largely so in demands, except for reparations and upon Italy's empire and real estate.

The drafts offered little vital change in the troubled status quo—except for withdrawal of Russian occupation troops from the Balkans and British-American forces from Italy.

Russia Gets Reparations
Russia alone of the major powers would win reparations—\$1000,000,000 from Italy, \$300,000,000 each from Finland and Romania and \$200,000,000 from Hungary. To the United States has entered some unpublished reservations, represented by a half-page scissored out of the treaty draft. Bulgaria's reparations have not been settled and the Italian figure is a partial one. Hungary would be required to pay another \$100,000,000 to Yugoslavia and Czechoslovakia.

On the other side of the financial ledger, the Russians objected to clauses granting United Nations citizens full compensation for losses incurred in defeated countries and proposed instead that compensation be limited to a third of the losses.

The Soviet Union also objected to having assets of defeated nations (Continued on Page 2)

FBI Nabs Fugitive From Oklahoma Jail

MARLIN—(AP)—FBI Special Agent M. W. Acers announced Wednesday that Edward Thomas Freeman, 43, Asher, Okla., wanted on charges of violation of the National Stolen Property Act and the Federal Escape Act, had been arrested here.

Freeman and his brother, Dewey Harold Freeman, were arrested in April last year and were held under \$50,000 bond at Muskogee, Okla. Last September, they sawed their way out of the Muskogee jail.

Dewey was captured in Fort Worth last week.

Acers said the men were charged with taking \$50,000 from a resident of Alexandria, La.

**Come To Dinner—
You Bring The Bread**

LONDON — (AP) — This discreet notice to patrons appears in a popular Soho restaurant: "In viewing the new rationing orders, commencing July 22, customers wishing to have bread with their meal are advised to bring their own with them. Otherwise we shall be obliged to cut out one course if we supply bread ourselves." Regulations provide that a meal may not exceed three courses — soup, fish or meat and sweet. If bread is served, another course must be foregone.

**Omdoa Grants Siam
\$15,000,000 Credit**

NEW DELHI — (AP) — Closer relations between India and Siam in the political, economic and cultural fields are expected as a sequel to the grant of a long-term credit of \$15,000,000 by the former country. The Siamese government says it expects a "new era of increasing community of interest to be the main springboard of a more assured maintenance of peace and friendship between nations in this part of the world."

Russians---

(Continued from Page 1) in United Nations countries and Germany subject to seizure to meet U. S., French and British claims, and asked that such assets be restored to the beaten countries.

Territorial Clauses

Territorial clauses in the five drafts also held advantage for Russia. In the case of Italy, five small border slices would go to France, Eastern Venezia Giulia would go to Yugoslavia, the Dodecanese Islands to Greece, the African colonies would meet some undecided fate and the Port of Trieste would be internationalized under United Nations supervision.

The starting point for the territorial changes for Italy—as well as for Hungary—was the border line of Jan. 1, 1938—before Munich—while for Romania, Bulgaria and Finland the changes were based on the frontiers of Jan. 1, 1911, while the German-Soviet pact was still in force.

This meant Allied confirmation of Romania's 1940 cession of Bessarabia to Russia—a cession which was withdrawn after Germany's invasion of Russia—as well as of Lower Dobruja to Bulgaria and Finland's cessions to Russia in 1939, to which now is added the ice-free Arctic sea outlet of Petsamo Province. Hungary is required to recognize the Subcarpathian Ukrainians as Soviet territory.

Constellation Returns To Plant

Clipper America, a transatlantic Constellation, whose forced landing near Windham, Conn., was one of the mishaps that led to the removal of Constellations from airline service, takes off on three engines for a flight back to the Lockheed plant in California. The takeoff was made from an emergency strip near Windham. (NEA Telephoto)

**Government Has Eyes
On Chloe's Old Hangout**

SUFFOLK, VA.—(AP)—A reexamination of the Dismal Swamp is to be made to determine its possibilities as a national forest. The swamp of hundreds of thousands of acres on the Virginia-North Carolina border is little changed, except by lumbering, since the days when George Washington first surveyed it. Although it is near the sites of the first English colonies, deer, bear and other game abound in the swamp.

blind Vet Marries Nurse

Lt. Robert J. Hardart, of Pelham, N. Y., son of Mrs. A. H. Hardart of the restaurant firm, with his bride, the former Jean Kramer. They met while he was a patient at Valley Forge General Hospital where Miss Kramer was a nurse. The couple were married at Bryn Mawr, Pa. In 1938 it was disclosed that Hardart was to be the victim of a kidnaping which did not materialize. (NEA Telephoto)

**Anthony Eden Still
Leader In Style**

AP Newsfeatures LONDON—Publishing a picture of Anthony Eden strolling in Whitehall, Tailor and Cutter, the British tailors' bible, said he had lost none of the style which brought him the title of "the best dressed politician in the world."

Editors of the weekly magazine conceded that Ernest Bevin, who succeeded Eden as foreign secretary, might be his equal as a statesman, but added that as fashion leaders "we are obliged to place Mr. Bevin a very poor second."

But even the impeccable Eden, in black homburg and chalk-striped lounge suit, did not satisfy the editors.

"His jacket seems to 'drag' somewhat at the buttonholes," they wrote, "but whether this is due to the fact that he is walking, has too much in his pockets or has put on a little weight since he was measured is difficult to say. Nevertheless, the general effect is pleasing."

**Porcelain Kilns In
China Electrified**

NANCHANG—(AP)—The Chinese porcelain producing center of Ching-te Chen, in Northern Kiangsi, is to be equipped with electrically heated kilns. The improvement is a part of the provincial government's plan to rehabilitate China's battered ceramics and pottery industry.

GONE UP IN PRICE!

NOT EVERYTHING,
MRS. HOMEMAKER.
YOUR ELECTRIC SERVICE
COSTS YOU STILL LESS
NOW THAN BEFORE
THE WAR!

● Reddy Kilowatt is right — there is at least one item of household expense that is lower in price now than ever before — your electric service.

Various estimates have been made by expert economists as to just how much living costs have increased during the past few years. Some of these estimates run as high as 40% or more — substantial increases, to say the least.

Under present-day conditions, it is refreshing to note that your dependable electric service has actually DECREASED in cost — your low electric rates are down, lower than ever.

MAKE FULL USE OF YOUR ELECTRIC SERVICE — THE BIGGEST BARGAIN IN YOUR HOME

● Your new, low electric rates mean that you can operate your electrical appliances at still lower cost, right at a time when the cost of living is going up.

TEXAS ELECTRIC SERVICE COMPANY

R. L. MILLER, Manager

THANKS, FRIENDS!

I wish to express my sincere appreciation for your LOYALTY and SUPPORT in my race for State Representative.

The fact that I was victorious in 12 of 13 counties, receiving 12,109 votes against 6,791, indicated the confidence you have in me.

Your problems will be my problems, no matter how small or how large. Please feel free at any time to write or visit me, for I will be considerate of every one's opinion or constructive criticism.

Sincerely,

GEORGE W. ELLIOT

Reviews Of Mission Study Books Featured At WMU Circle Meets

Reviews of mission study books were presented at meetings of the First Baptist WMU circles held Monday at homes of the members. Mrs. Frank Monroe reviewed "Episodes of Home Missions" by James Barton at a meeting of the Mary Martha Circle held at the home of Mrs. Raymond Leggett, 203 Ridgela Drive.

The session was called to order by Mrs. Leggett who conducted the business period. Mrs. J. S. Griffith presented the devotional. Refreshments were served by the hostess to Mmes. J. G. White, M. D. Cox, H. S. Collins, C. V. Wrenn, O. L. Stalcup, Stafford Helms, Raymond Greene, Griffith, L. V. Basson, and Monroe.

Highlight of the program presented at the Lockett Circle was a round table discussion on tithing. Mrs. James White was hostess for the occasion at her home, 617 West Texas.

The devotional was presented by Mrs. Fred Wycoff and Mrs. Arnold Scharbauer led the closing prayer. Mrs. White served refreshments to Mmes. Carl Hyde, Gerald Fuller, Wycoff, and Scharbauer.

Mrs. R. T. Goins was hostess to members of the Annie Barron Circle. After the meeting was called to order by Mrs. S. M. Erskine, a devotional was given by Mrs. Goins. Concluding the program was a review of the book "History of South American Missions" by Mrs. Erskine.

The hostess served refreshments to Mmes. Jim Schroeder, B. C. Girdley, W. B. Preston, W. H. Spaulding, Erskine, T. O. Midkiff, and E. Jones.

Lead Study
Mrs. A. E. Houck and Mrs. John Godwin taught the book "Early Missions in South America" at a meeting of the Rebekah Circle held at the home of Mrs. O. R. Phillips, 404 South Colorado. The opening prayer was offered by Mrs. Phillips.

Refreshments were served to Mmes. S. H. Spears, A. B. Clements, Godwin, D. Davis, and Houck.

A devotional was given by Mrs. R. Chanslor at a meeting of the Mary Elizabeth Truly Circle held at the home of Mrs. George G. Johnson, 1610 West Texas.

Mrs. Johnson gave a review of "Early History of Missions in South America."

The hostess served refreshments to Mmes. J. D. Hatch, Jr., George W. Morgan, Thurman Pylant, and M. Bagwell.

Members of the Lottie Moon Circle met at the home of Mrs. L. B. Newsome, 412 West Missouri, for a study program.

The business session was conducted by the Mrs. J. E. McCain after which Mrs. J. R. Cussman reviewed "Early History of Missions in South America."

Present were Mmes. O. W. Sanders, C. G. Murray, Cussman, Billy Gilbert, Mae Ward, McCain, A. M. Moore, J. M. White, and Newsome.

Boy Scout Council Adopts Budget At Meeting In Midland

The Buffalo Trail Council, Boy Scouts of America, has adopted a budget of \$42,000 for the fiscal year October, 1946, to October, 1947. This action was taken at a meeting recently in Midland of the executive board of the council. The budget received the unanimous support of the board.

The \$42,000 represents an increase of approximately 20 per cent over last year's budget and the increase is to care for the expanded program and the ever increasing number of boys served in the Cubbing, Scouting and Senior Scouting programs.

The executive board also voted to hold a finance campaign beginning not later than September 15 and closing October 15.

At present the council is serving the largest membership in its history with 4,632 boys and leaders. A total of 1,621 new boy members have enrolled since January 1.

The Council Finance Committee is composed of the following: C. R. Simmons of Sweetwater, Roy Carter, Kermit, W. H. Shelley, Colorado City, M. D. Ivey, Rotan, J. E. Blakey, Snyder, W. O. Shafer, Odessa, Frank Myers, Pecos, Glenn Ratliff, Monahans, Elmo Wasson, Big Spring, and C. H. Shepherd of Midland.

R. M. Simmons of Sweetwater is council treasurer and Guy Brenne-man of Midland is president.

Marines Report Only Three Killed In Ambush

PEIPING—(AP)—The Peiping Marine Garrison Headquarters announced officially Wednesday that three Marines had been killed and 12 wounded in the ambushing of a truck convoy by Chinese Monday. Four were wounded seriously, eight slightly.

Earlier, unofficial reports had indicated four killed and 19 wounded in the four-hour battle with Chinese Communists.

James E. Fraser's famous status depicting the end of the trail is located in Golden State Park, San Francisco.

Welcome Extended Rodeo Boosters

Big Spring rodeo goodwill boosters were given a warm and royal welcome to Midland Wednesday.

The boosters were met at the city limits by members of the Wranglers Club of the Midland Chamber of Commerce and a police escort of two motorcycles and a squad car under direction of Chief Jack Elington.

The Wranglers, official greeters to Midland, were dressed in cowboy regalia.

Big Spring visitors were escorted to the Scharbauer Hotel, where they were guests of the Midland Lions Club at a luncheon.

The rodeo is scheduled August 7-10.

Chicago's 25-story Merchandise Mart, with its more than four million square feet of floor space, is the world's largest commercial building.

Justice Black Stays Execution Of Medley

WASHINGTON — (AP) — Justice Hugo Black of the Supreme Court has granted a stay of execution to Joseph D. Medley, who was scheduled to die in the electric chair here Friday for murder.

Black's action was based on a petition asking the court to review its previous refusal to rule on Medley's case.

The stay will be effective at least until next October, since the court does not meet until then.

Medley was condemned for the killing of Mrs. Nancy Boyer in her fashionable apartment here two years ago. He escaped from the death house last April 3, but was captured shortly afterward as he hid in a sewer pipe.

There are five zones of climate on the earth—torrid, north temperate, south temperate, north frigid and south frigid zones.

Coming Events

FRIDAY
Progressive Study Club picnic at 7 p. m. in Cloverdale Park. All members are urged to attend.

SATURDAY
Children's story hour, 10:30 a. m. at the library.

District MYF meeting at First Methodist Church. Registration starts at 4 p. m.

Chicago's postoffice building, with 2,309,000 square feet of floor space, is the largest in the world.

Hiroshima Will Commemorate Dead

HIROSHIMA —(AP)— Citizens of this atomized city are planning a three-day program commemorating the estimated 100,000 killed on Aug. 6, 1945, when the first atomic bomb was dropped.

The program, beginning on August 5, also will feature a "citizens' peace and reconstruction rally." There will be folk dances.

On the precise anniversary of the bomb—8:15 a. m., August 6—sirens throughout the city will sound the call for a minute of silent prayer.

Average population of the United States is 41 persons to the square mile.

Scientific Bogeymen

The House Rules Committee has received warning that
 "the peace and security of the United States is definitely
 in danger" from the activities of certain scientific socie-
 ties. This dire alarm was raised by Ernie Adamson,
 chief counsel of the House Un-American Activities Com-
 mittee. It was passed on to the public by Rep. J. Parnell
 Thomas, another committee member.

The report which carried this warning was a master-
 piece of innuendo. Its source was the testimony of Army
 security officers at Oak Ridge, Tenn., officers of the sci-
 entific societies, and others. Its purpose was to stall con-
 gressional action toward putting atomic energy under
 civilian control. Its overtones were ominous, as they
 doubtless were intended to be.

But when you put the accusations down in print, they
 look considerably less dire. Scientific and engineering
 personnel, separated from government service on the
 atom bomb project, have organized small groups in vari-
 ous cities which "continue to co-operate with scientific
 societies whose headquarters are located inside the reser-
 vations at Oak Ridge," it is charged.

It is further charged that the Oak Ridge societies are
 made up of "young men who are classified as scientific
 researchers and engineers," and that their purpose is to
 create "some form of world government" and support in-
 ternational civilian control of manufacture of atomic ma-
 terials.

Also it is charged that these young men are opposed to
 Army supervision of Oak Ridge, that they have com-
 municated with persons outside the United States and
 that they intend to keep on doing so.

One is evidently supposed to read between the lines
 and discover that the accused are conspiring in their vari-
 ous scientific cells to give away atomic bomb secrets to
 Russia. But the evidence presented is scarcely capable
 of filling one with immediate terror as to the country's
 peace and security.

The formation of scientific societies and the exchange
 of scientific information are old and honored customs,
 and envisioned in the future international development of
 atomic resources.

"Some form of world government" is advocated by a
 good many wise and distinguished persons, including
 former Supreme Court Justice Owen Roberts.

The treasonable notion of international civilian con-
 trol of atomic research and industry is backed by, among
 others, the President of the United States.

Objection to Army supervision is neither now nor
 criminal. And if communicating with persons outside this
 country is wrong in the eyes of congressional investiga-
 tors, then several million Americans had better start
 quaking in their boots.

One wonders what Adamson, Thomas and Rep. John
 S. Wood, the Un-American Activities Committee chair-
 man, favor doing with the men who helped work the
 atomic miracle. Would they keep these men incommuni-
 cado at Oak Ridge? Do they think that the government
 has no concern with keeping atomic secrets and guarding
 our security, and that the whole burden must fall upon
 the doughty witch-hunters of the Wood-Rankin Commit-
 tee?

The whole thing would be laughable if it were not
 an insult to the accused. Fortunately, it is not likely that
 these porous hints of treason will frighten many of the
 investigators' colleagues into supporting the weakening
 and generally unpopular fight for military control of
 atomic energy.

Long-Range Price Control?

Certain CIO executives seem to have appointed them-
 selves guardians of the public welfare. As soon as price
 controls were lifted they sprang into action, on the ap-
 parent assumption that nobody would ever think of re-
 fusing to buy steak and butter at 95 cents a pound.

Since they have assumed this paternal responsibility,
 and since they exert a considerable influence in Wash-
 ington, it might be interesting to have these executives'
 explanation of the CIO's ultimate hopes and aims re-
 garding price control. As of now, their stand is a little
 confusing.

Last week, Philip Murray, CIO president, outlined to
 a congressional committee some proposals for a "progres-
 sive labor policy for the future." Among them he men-
 tioned passage of adequate price control legislation, adop-
 tion of the minimum wage bill, and expanded social secu-
 rity legislation.

The confusing thing about that statement is the in-
 clusion of price control in a "future" policy along with
 two bills which deal with permanent and continuing mat-
 ters. It has been generally assumed that price controls
 were a temporary war and postwar measure, imposed for
 reasons too apparent and familiar to need repeating now,
 and that they would be lifted when production and sup-
 ply were at a safe level of abundance.

The need of price control is temporary. But profit
 control can be permanent. We had some samples of
 profit control under OPA, and they contributed heavily to
 needless scarcities and black markets. Permanent
 price-and-profit fixing by government would be revolu-
 tionary and, to anyone sold on our present economic sys-
 tem, unpopular and dangerous.

It's strange how people with less sense than you
 have seem to get along much better.

Just a Warning

Townsend Plan Comes Before Congress Again

WASHINGTON —(AP)— The de-
 pression-born Townsend plan came
 before Congress in new form Tues-
 day but still with little chance of
 enactment.

Democratic Senators Pepper
 (Fla.), Downey (Calif.) and Taylor
 (Idaho) proposed a three per cent
 gross federal income tax to pay
 old age pensions to everyone who
 reaches the age of 60.

They put forth their plan as an
 amendment to legislation making
 broad changes in the social security
 system and freezing payroll taxes
 at the present rate of one per cent
 on employer and employee.

The House already has passed the
 freeze proposal and some expansion
 of coverage, but the Senate
 Finance Committee broadened that
 bill to put federal contributions for
 old age assistance, aid to the blind
 and help for dependent children on
 a sliding scale. Instead of the cur-
 rent dollar-for-dollar matching
 provision, the Senate bill would put
 a top of two federal dollars for
 each one put up by the state.

Pepper Wants Amendment
 While he and his co-sponsors,
 evidently had little hope the Sen-
 ate would accept the plan, Pepper
 said he thinks a majority will in-
 sist upon retaining the amendment
 drafted by the finance committee
 as well as all the House provisions.

Among other things, these would:
 1. Extend survivors insurance
 protection for three years and
 without charge to families of
 World War II veterans.

2. Extend unemployment com-
 pensation benefits to 200,000 mar-
 time workers and,
 3. Increase from \$20 to \$25 a
 month the maximum federal con-
 tribution to needy aged persons,
 the blind and to dependent chil-
 dren.

36 SUITS AGAINST LUMBER BLACK MARKET FILED

DALLAS —(AP)— Thirty-six civil
 suits totaling approximately \$400,-
 000 in treble damages for alleged
 black market sales of lumber by
 dealers doing business in this six-
 state OPA region have been filed
 here.

Shell Meets Increase In Price Of Crude Oil

Shell Oil Company, Inc., Tuesday
 announced it was meeting the 25-
 cent increase in crude oil prices,
 effective as of 7 a. m. July 25.

Shell announced a schedule for
 West Texas and New Mexico, ex-
 cluding Ellenburger production, of
 \$1.05 per barrel for 20 gravity and
 below, with a 2-cent differential up-
 ward for each degree of gravity to
 \$1.47 for 40 gravity and above.

For the Ordovician crude of the
 Wheeler, Monahans, TXL and Bed-
 ford pools, the schedule is \$1.18 per
 barrel of 20 gravity and below with
 a 2-cent differential upward to
 \$1.60 for 40 gravity and above.

Yates deep and Taylor-Link were
 posted at a flat price of \$1.30 per
 barrel.

Most expressive of the family's joy at being together again is the face of Judy Lambert, 8, (center) held closely in her mother's arms. After a week's separation from her family, whom she left "on an impulse", Mrs. Emily Lambert called her pastor husband, Rev. John P. Lambert, (right) Bonner Springs, Kan., from Oklahoma City, Okla. He met her there and both flew back to Kansas City where they were met by daughters, Judy and Joan, 19, (left) and more than 100 members of the minister's congregation.

CPA Says More Than Higher Prices Needed To Boost Production

WASHINGTON—(P)—CPA Boss John D. Small cautioned Wednesday against consumer hopes that impending price boosts might quickly fill shelves and showrooms with shiny new goods.

Noting that the OPA Revival Act requires higher prices for many items, the civilian production administrator said this alone "cannot be expected to bring a flood of new goods into the market."

Civilian production this month probably has equaled the biggest month in history, December, 1941, the CPA chief reported, and topped by 3 per cent the record for June, highest month since V-J Day.

The July estimate is tentative, Small told reporters in explaining his June production report issued Tuesday night, but it is clear, he added, that national output is "approaching the peak."

The report showed better-than-previous production in June of washing machines, vacuum cleaners, irons, table-model radios and gas ranges, as well as substantial gains in refrigerators and electric ranges.

The June showing in output and employment, the production summary said, "should make a record volume of goods available to consumers during the rest of 1946."

But it also strengthened CPA's suspicion that a serious manpower shortage is due in the closing months of the year. This, Small said, "may be an important limiting factor in production."

Child Injured By Passing Automobile

(NEA Telephoto)

Harry Dodd, Chicago, carries 4-year-old John Lewis seconds after the car which Dodd was driving struck the tiny child. John darted away from his mother into the path of Dodd's car receiving a fractured leg and head injuries.

Laney Wins In Arkansas Race

LITTLE ROCK—(P)—Gov. Ben Laney won his second two-year term in Tuesday's Arkansas Democratic preferential primary at which the only other two statewide races involving more than two candidates also were decided without necessity of a runoff.

Other winners were 30-year-old Nathan Gordon, Morrilton attorney and holder of the Navy's Congressional Medal of Honor who was nominated lieutenant governor, and J. Oscar Humphrey, veteran incumbent state auditor.

J. M. Malone of Lonoke, Laney's most active opponent, conceded defeat shortly before midnight.

Gordon, making his first bid for political office, outstripped one of the state's best known political figures, Roy Milum of Harrison, dean of the State Senate. Humphrey tripled the combined vote of his opposition. Gordon will succeed Lt. Gov. J. L. (Bex) Shaver of Wynne who did not seek re-election.

Sparkman Leads For Alabama Senate Post

BIRMINGHAM, ALA.—(P)—The son of an Alabama tenant farmer, Rep. John Sparkman of Huntsville, was close to a clear majority over four opponents Wednesday in unofficial returns from the Democratic primary to choose a successor to the late Senator John H. Bankhead.

Sparkman was leading in 45 of the 67 counties.

The Huntsville congressman, now serving as Democratic whip in the House, ran with organized labor support, including that of the CIO-PAC, but that fact was not a major issue in the race. His greatest majorities came from counties with little union strength.

PRAIRIE LEE DEMONSTRATION CLUB HAS MEETING TUESDAY

Personal grooming was the demonstration given by Mrs. Nettie Messick at a meeting of the Prairie Lee Home Demonstration Club Tuesday at the home of Mrs. J. L. Easley.

Ten members were present.

Cotton

NEW YORK—(P)—Cotton futures at noon Wednesday were \$2.50 to \$4.35 a bale higher, October 32.48, December 32.56, March 32.29.

Three Firms Face Anti-Trust Trial

WASHINGTON—(P)—Attorney General Tom Clark announced Wednesday the filing of three civil actions charging that three American and one foreign producer of anti-friction bearings have violated the anti-trust laws.

Clark said separate suits alleging that cartel agreements had been made to control world markets in bearings, were filed in Federal Court at Cleveland, Ohio, against these American companies and what he called "their foreign conspirators".

The Timken Roller Bearing Company of Canton, Ohio; SKF Industries, Inc., of Philadelphia and Aktiebolaget Svenska Kullagerfabriken of Gothenburg, Sweden; and Norma-Hoffman Bearing Corporation, of Stamford, Conn.

Clark said in a statement that the complaints charge that "the cartel restrictions have had the effect of preventing the American producers from supplying, seeking and acquiring foreign markets with the consequence of reducing American bearing production and American employment of labor."

TR Field Consultant Visits Midland Unit

Mrs. Emily W. Boyd of Austin, field consultant of the State Tuberculosis Association, was in Midland Tuesday conferring with members of the Midland County Tuberculosis Association.

Mrs. Boyd said she was impressed with the Midland setup and program.

Clothing Prices To Rise As OPA Agrees To Textile Ceilings

By MARVIN L. ARROWSMITH
WASHINGTON—(P)—Cotton clothing prices headed up still further Wednesday as OPA agreed to raise textile ceilings an average of about 16 per cent.

This increase on fabric, the minimum required under the new price control law, is expected to boost cotton garment costs at least 10 per cent, an OPA official told a reporter privately.

Other OPA officials have estimated that clothing increases may range from 15 to 20 per cent, on top of price hikes for some apparel granted earlier this week.

Also in prospect, according to those who know but who may not be identified, are these other increases:

1. A price boost of one to two cents a can in price ceilings on corn, peas and tomatoes.
2. A possible cent a loaf hike for bread, with proportionate increases for other bakery products.
3. A jump of eight to 10 cents a pound for coffee.
4. Higher ceilings on several kinds of breakfast cereals.

On coffee and the three canned vegetables, preliminary decisions already have been made against restoring the subsidies which were suspended July 1 when price controls lapsed.

Without subsidies, OPA is required to grant compensating price increases to producers and suppliers, who can pass them on to consumers.

No decision has been made on whether to revive the flour subsidy, which had held down retail bread prices one cent a loaf. An OPA official said that if the subsidy is restored, bread ceilings "will not be raised."

Meanwhile, OPA has postponed until after August 20 further consideration of whether ceilings should be eliminated on bread and bakery products.

CAMP HOOD CAPTAIN TAKES OWN LIFE

TEMPLE—(P)—A Camp Hood Army inquiry board reported Tuesday that Capt. Kenneth Burke, field artillery officer at the camp, met death at his own hands.

Burke was found dead of gunshot wounds in the head Saturday night at his Camp Hood quarters.

President Signs Bill Aiding Vets Get Land

WASHINGTON—(P)—President Truman Tuesday signed legislation providing for the liquidation of federal rural rehabilitation projects through sales of the land to veterans and to present occupants.

The land will be sold during the next three years in "economic farm units" of not more than 640 acres. Preferential treatment is provided for present occupants who have contracted to buy the land or to whom previous commitments for sales have been made.

FOR GIRLS ONLY...

Looking for a job? Good pay? Pleasant working conditions? A chance to get ahead? Here it is!

The telephone company needs more operators. Starting rates in Midland are now \$26 for a 40-hour week, and, by the end of the first year, you can be making as much as \$32 a week at this interesting job for girls.

Supervisors' jobs are filled by experienced operators, so there are real opportunities for girls in Midland.

If you would like to find out more about it, drop in with your questions at the office of the Chief Operator, Telephone Building.

SOUTHWESTERN BELL TELEPHONE COMPANY

Will Hold Benefit

A benefit dance for the American Red Cross by Latin-Americans will be held at 8 p. m. Saturday in the City-County Auditorium.

Daughter Of Mine

By R. Louise Emery

Copyright, 1946, NEA SERVICE, INC.

THE STORY: Cecily's wedding is over at last. But never will I forget the cruel thing I did to her. And Della, Cecily's mother, will never forgive me. I have adored Cecily since she was a baby—kept on adoring her even after I married Robert and my daughter Corinna was born. Long ago, too, I knew that Della was raising Cecily to be an insupportable snob, and that she was jealous of my love for her.

One day when Cecily was ten and Corinna eight, the two little girls were practicing dance steps together. Corinna tripped and Cecily stepped on her. It was more than I could stand. Della refused to do anything so I took Cecily across my knee and spanked her.

Della's face when she discovered who had comprised half the adult audience. However, although she still was not taking the town newspaper she found one in the beauty parlor, read the advance notice of the Festival and saw the error of her ways. Patrons of the playground were the town's elite, among them the Ralstons, and they all attended the annual Festivals religiously as their civic duty. They brought their children, too, many of whom were regular habitués of the recreation center, as Della would have discovered if she had ever taken the trouble to investigate.

BECAUSE of the news item Cecily and Corinna were introduced together the evening of the gala affair before an audience that packed the big gymnasium. Corinna's welcome was assured because of Robert and her previous performances around town. Cecily could not but share in the opening applause that greeted Corinna, but the crescendo was in tribute to her as she followed Corinna onto the stage. Even at 10 Cecily had that quality which quickens imagination. But Corinna managed to hold her own, I saw, relieved. She had warmth where Cecily had mystery; Corinna was the earthy and familiar while Cecily's very remoteness challenged and teased. I doubt that anyone who ever saw Cecily quite forgot her. I'm sure that thousands of people have suddenly and inexplicably recalled her face and wondered why of all faces seen in their crowded daily lives, hers should achieve a sort of immortality within the subconscious.

No one who saw her that night has ever forgotten her, I know, and because of her they remember Corinna—two little girls smiling breathlessly behind the colored footlights, their young faces bright with excitement, their slim child

I SAW Della standing still, quietly staring at me. She was pale but she let me hold Cecily until my very fingertips were saturated with the feel of her small, warm body. At last I whispered to Cecily to run and wash her face and find me a dry handkerchief.

"She'll probably be sick to-night," Della commented when Cecily had left the room, but that was all she ever said about my explosion.

The rehearsals were astonishingly pleasant after that and Della made no obvious efforts to get rid of me while they were going on.

She was eager for Cecily to appear before one of the town's major clubs so that the paper would have to call of its own accord and give Cecily a write-up that Myrtle Ralston might conceivably see. I didn't think that Mrs. Ralston would be impressed, but Della was convinced that an inch of newspaper was as vital to every one as it was to her.

Unfortunately the first call that came after the children had perfected their act was to the Marlin Playground Annual Festival.

Della turned up her nose at it. "I don't spend a fortune on costumes so that Cecily could dance in front of those blackamoors," I didn't argue. Corinna could dance alone—and I wanted to see

"I don't spend a fortune on costumes so that Cecily could dance in front of those blackamoors," I didn't argue. Corinna could dance alone—and I wanted to see

"I don't spend a fortune on costumes so that Cecily could dance in front of those blackamoors," I didn't argue. Corinna could dance alone—and I wanted to see

"I don't spend a fortune on costumes so that Cecily could dance in front of those blackamoors," I didn't argue. Corinna could dance alone—and I wanted to see

"I don't spend a fortune on costumes so that Cecily could dance in front of those blackamoors," I didn't argue. Corinna could dance alone—and I wanted to see

bodies sparkling in brief, skin-tight panties and bras of gold sequins. Over these they wore fitted redingotes of white starched net, made with puffs of sleeves and short, full ruffled skirts.

Although we used recordings for practice, Della had hired a popular pianist from the city to play for their public appearance. I was to pay half the cost of that. I felt Robert's hand gripping mine tightly as I leaned against him in the crowd. On his face was a pride so loving and tender, so completely oblivious to what those fragile costumes had cost him that my heart ached with its guilt. Oh, I've paid my ounce of flesh for every moment of Cecily I bought during these past years—robbing those whom I also loved, and suffering because they could not have what I took from them to give to Cecily.

DELLA stood near me, squinting at Cecily, completely absorbed in her. We had no business being out in the crowd, since we were needed for costume changes backstage, but we simply could not forego seeing our small artists make their debut together. At least it was the two of them that I saw. Della was interested only in Cecily.

I nudged Della when it was time to head backstage. She turned absent and almost bumped into Myrtle Ralston, standing with her arm about the shoulders of her 12-year-old son. The boy's lips were parted as he stared toward the stage. It was evident that he, too, had come under Cecily's witchery.

Della paused a precious instant to take them in with vindictive eyes and then she threw me a glance of triumph which I did not fully understand for several years. You would have thought Pavlova or Isadore Duncan had wandered onto the stage the way the audience stormed and shouted for encores after the girls had finished their numbers. Even Corinna, accustomed to applause, was round-eyed and a little frightened by the clamor. Della's color was high. Gratification stuck out all over her. The tension within me relaxed.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority

Probably the strongest group of rubber bridge players in the country play at the Cavendish Club in New York. Any day three or four Life Masters will be found in a rubber game there, and you can always look for some thrills when you pull up a chair to kibitz. Here is a hand that came up in a game the other night.

Declarer won the opening diamond lead in dummy with the king and cashed the ace of hearts. When the six-spot fell from the South hand, East was warned that the trumps were breaking four-one. The

Opening—♦ 9. 31

opening lead of the nine of diamonds also was a marked singleton, as South certainly had to have the king and queen of clubs to justify an opening bid.

Declarer led a small club from dummy and played the ten-spot from his own hand. South won and came back with a small club, but declarer safely took the finesse of the jack and was able to discard one of his losing spades on the ace of clubs.

The average player does not pay sufficient attention to the small spot cards. Why did the play of the six-spot mark South with a singleton heart? Because it naturally would be South's lowest heart, and while he might have held the queen, declarer was warned that the missing hearts might be bunched in the North hand.

Firemen Extinguish Two Fires In City

Midland firemen answered two alarms Tuesday afternoon. They extinguished a car which was on fire on Wall Street and they put out a trash fire in the residential district.

Man Found Slashed To Death, Wife Wounded

WEIMAR (AP)—A Honey Creek man was found slashed to death and his wife critically wounded Tuesday at their home in Honey Creek, 12 miles south of here.

Mrs. Ben Housted ran to a neighbor's house after her 30-year-old husband had been fatally wounded by throat slashes. Mrs. Housted then returned home and neighbors found her a few minutes later in a critical condition, her throat slashed.

She was taken to a Schulenberg hospital.

The American widgeon is a species of duck.

36th Marriage License For July Is Issued

Two marriage licenses issued Tuesday at the county clerk's office brought the July total to 36, which made the month the third highest in the year.

Receiving licenses were: Bobby Gene Howard and Betty Sue Renfro, Joe Harwell and Nannette Tanner.

FOR SALE — 3 room house bath and floor furnace. Immediate possession. 806 South Loraine.

Long-Shot Pitcher Hurls Dodgers To 2-1 Victory Over Cards In Opener

By JACK HAND
Associated Press Sports Writer
Leo Durocher's Brooklyn are riding high Wednesday. Bouncing along on a 3 1/2-game lead with Howie Pollet, the best St. Louis Cardinal hurler, out of the way. When Lippy Leo's dandies dumped Pollet in Tuesday night's series opener, 2-1, they struck a mighty blow in defense of their World Series aspirations.

Eddie Dyer needed a clean sweep of the three-game set at Ebbets Field to snatch first place from the precocious Dodgers but now the best he can do is cut the margin to 1 1/2 games by Thursday night.

Rube Melton, Durocher's long shot starting choice, got home with his first win of the season although he needed bullpen help from dependable Hank Behrman in the ninth.

The faithful turned out 31,446 strong to up the Ebbets Field attendance chart to 1,022,400, the sixth time the million mark has been reached in the club's history.

Chicago lost ground in the race by bowing to the New York Giants, 3-2, on Pinch Hitter Goody Rosen's

single with the bases loaded in the ninth. It was the fourth time the Ottmen had topped the Cubs in 16 meetings. Junior Thompson taking the decision over Bib Chipman, another reliever.

Schoolboy Rowe chalked up his 11th triumph for the Phillies over Cincinnati, 8-4, with Andy Seminick's bat booming for four hits including a three-run homer.

A scheduled Pittsburgh-Boston night game was postponed because of rain.

Interest in the American League turned to the second place battle between the New York Yankees and Detroit Tigers as the Boston Red Sox increased their lead to 12 1/2 games by blanking Cleveland, 4-0.

The largest crowd of the Cleveland season, 56,060 watched Dave Ferriss rack up No. 17 on a three-hit verdict over Steve Gromek.

Virgil Trucks fanned 13 Yanks in earning his 12th success, 6-5, to the delight of a twilight throng of 39,831. The Bengals now are only one game behind the Yanks.

Jeff Heath's home run blast with two mates on gave St. Louis a 6-3 edge over Washington in 11 innings and a victory for Stan Perens over Marino Pieretti in a free-hitting contest.

Philadelphia chased Frank Pa-pish with a six-run seventh inning to down the White Sox, 9-2.

Three More Tilts To Be Unreeled At Odessa Tourney

ODESSA—Two Odessa entries and a Crane club came through in the district softball tournament Tuesday night. They were: Morrison Brothers, Moore Brothers and the Crane All-Stars.

Morrison spanked Midland Oil Scouts, 11 to 0; Moore Brothers beat the Kermit All-Stars, 8 to 6; and Crane downed Pecos, 8 to 3.

In the Moore Brothers-Kermit game it looked as if Kermit would win until Moore Brothers rallied for four runs in the sixth frame to erase a 6-4 deficit. Moore bunted three men to base. Then Kermit twice got a bad break trying to cut off a runner at third base.

Wednesday night's tilts are: Midland JayCees vs. Gabrel's at 6:30 p. m.; McCamey vs. Wink All-Stars at 7:50 p. m.; and a second-round game between Moore Brothers and the Stanton All-Stars at 9:15 p. m.

Clean-Up Hitter

Rocky Graziano waggles admonishing finger at those ribbing him for hanging out his training togs, assures them it will be Tony Zale who will be all washed up following midweek eight-championship battle at Yankee Stadium.

Louis-Mauriello Bout May Go To Detroit

NEW YORK—(AP)—Promoter Mike Jacobs, who has come up with three world championship boxing bouts in the Yankee Stadium in September, has been asked to transfer the heavyweight title fight between Joe Louis and Tami Mauriello to Detroit.

Detroit fans haven't seen Louis in a title fight since he stopped big Abe Simon in 13 rounds at the Olympia, March 21, 1941, in his 15th successful defense of the crown. Jacobs said Hetteche painted such a rosy picture that he assured the commissioner he would consider the move, although it would require asking the New York American League baseball club for a release from the contract already signed.

12 CITIES POST ENTRIES IN STATE BOXING TOURNEY

FORT WORTH—(AP)—Twelve cities Wednesday were represented among entries for the TAAF state boxing tournament here August 14-16. They are Brownwood, Dallas, San Angelo, Fort Worth, El Paso, Plainview, Port Arthur, Austin, Tyler, Waco, Abilene and Brownfield. Entries close August 10.

Scouts Bow Out Of District Tourney As Morrison Brothers Win, 11 To 0

ODESSA—Midland's Oil Scouts bowed out of the district softball tournament here Tuesday night as the Morrison Brothers club of Odessa shut out the Midland aggregation, 11 to 0.

The Scouts did not look like the good ball club they usually are. For one thing, they couldn't hit and a couple of bad breaks gave them the jitters.

An error and a hit gave Morrison a score in the second inning. Then a sacrifice brought in another.

In the third inning two hits, one a freak homerun, gave the Odessans another tally. Then in the fourth all heck exploded on the Scouts as Morrison scored six runs. A bunt and then a hit scored two runs. Another hit brought in two more runs and then two bingles brought in two more.

In the sixth the Morrison bats got another homerun to deep center out by the pumphouse and it produced two runs.

The game was called at the end of the sixth for time.

The Scouts waited until the sixth to get a hit—a neat unt by McKinney. The Scouts loaded the bases but the Odessans retired the side.

After the player representatives met with Presidents Ford Frick of the National and Will Harridge of the American and their respective committees next Monday, the majors will hear the committee's recommendations in a special joint meeting to be held "sometime before Labor Day."

For the most part the players appeared disposed to put their trust in direct negotiations with the owners and made no direct move toward unionization. Most baseball men agreed that the majors probably would go along with the requests.

Both player groups spent considerable time on the pension problem. The National heard reports on plans calling for benefits that ranged from \$50 to \$120 per month.

It was a City League contest and boosted Wilson's standing to the 500 mark.

Texas Electric hit two homers but they came with the sacks empty.

Wilson's Trims Texas Electric

Texas Electric opened up with a bang, a smashing home run by Corder, first man up, but Wilson's 66 won the ball game Tuesday night, 24 to 5.

Baseball Players Present Reform Plans To Moguls

NEW YORK—(AP)—Baseball moguls are mulling over player requests for a minimum wage, pension fund and extensive contract reforms Wednesday in one of the most revolutionary steps in modern diamond history.

Asked by the magnates to give their views on the controversial player-owner problems that ordinarily are decided solely by the franchise operators, the athletes drew up a reform program to be presented to the majors' policy committee next Monday.

National League players, meeting in New York, were more specific, outlining a \$5,500 minimum wage scale, a pension fund and a 60-day severance pay stipulation as the most important recommendations of a five-point platform.

Grievance Committee Sought

An eight-point American League program drawn up in Chicago was highlighted by a request for fulfillment of player contracts to the letter, and formation of a permanent "grievance" committee as well as an undetermined minimum and pension fund.

After the player representatives met with Presidents Ford Frick of the National and Will Harridge of the American and their respective committees next Monday, the majors will hear the committee's recommendations in a special joint meeting to be held "sometime before Labor Day."

For the most part the players appeared disposed to put their trust in direct negotiations with the owners and made no direct move toward unionization. Most baseball men agreed that the majors probably would go along with the requests.

Jester Rejects Debate With Rainey, Plans Broadcast Thursday

DALLAS—(AP)—Beauford Jester Tuesday night rejected a proposal of Homer P. Rainey that the two gubernatorial runoff opponents meet in a series of debates on campaign issues.

Jester, who led Rainey in last Saturday's primary, made his rejection shortly before leaving for Houston after two days of conferences with Dallas advisers and supporters.

He announced also that he will open his runoff campaign Thursday night with a radio broadcast at 8:30 p.m. from San Antonio over a large network of stations.

Rainey opens his campaign Friday with a rally at Woodridge Park, Austin, and a half hour broadcast over the Texas Quality Network.

In a telegram to Rainey at Austin, Jester said, "Because my plans for the runoff were set and arranged some time ago, I must decline your invitation to debate this campaign."

By telephone, the Corsicana railroad commissioner told The Associated Press, "When you have a fellow out, there's no use getting him back in the ball game."

At the same time he announced his reply to the former University of Texas president, Jester issued a prepared statement to Dallas newspapers and press services.

"Results of the voting in Texas Saturday indicate clearly the people of Texas have little interest for my opponent's program of government with which he would replace our Texas way of doing things in a democratic manner," the statement read.

Fashion Winner

For her outstanding contribution to American fashion leadership, Clara Potter, above, designer of casual clothes, has been named No. 1 winner of the City-sponsored American Fashion Critics Award for 1945. Second and third winners are Omar Kiam, designer of suits and dresses, and Vincent Montano, designer of suits and coats.
