Truman, CIO-PAC, Pendergast Machine Have Success In Unseating Slaughter In Missouri

By The Associated Press

President Truman and backers of his move to unseat Rep. Roger C. Slaughter came out on top Wednesday in what the Missouri Congress member had called "a fight to determine the future course of the Democratic Party."

Complete returns from the Fifth Missouri District gave Enos A. Axtell, 37 year old former Navy lieutenant, the Democratic nomination by 2,301 votes over the two-term of whom Truman had said:

"If he's right, I'm wrong."

Jerome Walsh, former OPA enforcement attorney, ran a distant third.

Axtell's November opponent will be Albert L. Reeves, Jr., ex-lieutenant colonel of the Army Engineers. He was opposed for the Republican nomination.

Slaughter was one of the few congressional incumbents defeated as voters in Missouri, Virginia, West Virginia, Kansas, New Hampshire and Arkansas chose party nominees in primaries Tuesday.

The CIO-PAC and the Pendergast political organization of Kansas City lined up with Axtell and the President. Truman had condemned the incumbent as an obstructor of administration legislative aims in the powerful House Rules Committee.

Slaughter questioned propriety of the President's intervention and asserted that the CIO-PAC, under Communist influence, hoped to dominate the Democratic Party.

The intra-party battle had much in common with one in 1938 when the late President Roosevelt took aim at Rep. John J. O'Connor, New York Democrat who was chairman of the House Rules Committee.

Roosevelt prevailed over O'Connor, but failed in attempts that year to unseat four other Congress Democrats whose voting records he disliked.

Each of three senators up for re-nomination Tuesday won handily. All Democrats, they were:

Harry F. Byrd of Virginia, whom the CIO-PAC hoped to oust; Frank P. Briggs of Missouri, endorsed by Truman; and Harley M. Kilgore of West Virginia, backed by the CIO-PAC.

New Hampshire's governor, Charles M. Dale, won Republican re-nomination by only 500 votes over U. S. Rep. Sherman Adams.

In Kansas Harry H. Woodring, former governor of the state and secretary of war early in the Roosevelt Administration, returned to political prominence as Democratic nominee for governor.

Heirens Relates And Reenacts Details Of His Three Murders

CHICAGO—(AP)—The incredible criminal career of William Heirens, 17-year-old self-confessed triple slayer with a rare dual personality, was in the records of the state's attorney's office Wednesday and the fiendish murders of Suzanne Degnan and two Chicago women were solved.

T. Green Wildcat Has No Oil In Top Of Ellenburger

After coring from 6,634 feet to 6,647 feet, in the top of the Ellenburger, and getting some signs of oil stains in portions of the cores, Bennett and Sorrells No. 1 Sanders.

FISHER WILDCAT FLOWS AT RATE OF 500 BOPD

Skelly Oil Company No. 1 Hud-dleston, Southeast Fisher County discovery for production from the Palo Pinto, between 4,325 feet and total depth at 4,405 feet, made a flow of 480.16 barrels of 40.9 gravity oil, natural, with a cut of one-tenth of one per cent sediment, in 23 hours. Gas-oil ratio was 1,000-1.

That test indicated a production of approximately 500 barrels of oil per day and operator is completing the project and putting it on production.

It is 660 feet from south and 1,675 feet from west lines of section 11, block 19, TP survey, and about three miles west of the Needle Creek field in Southwest Jones County.

Northwest Tom Green County wildcat, about eleven miles northwest of San Angelo, ran a 33-minute drillstem test at 6,633-47 feet.

Recovery was reported to have been 69 feet of drilling mud. Some witnesses to the test said there was a slight show of gas in some of the mud.

Operators were slated to make more hole and follow with another drillstem shortly. The project is 330 feet east of the northwest corner of section 186, Washington County School Land survey.

Recovery was reported to have been 7,600 feet of drilling mud, with no shows of oil or gas. It is understood that there was a leak in the tool, or the pipe, which let the mud in the drillstem. Operator was slated to core ahead a short distance and take another test.

Flowing To Cleanout Fullerton Oil Company No. 342-A Wilson, second well to find production on the west side of the Fullerton field, in Northwest Andrews County, was on a plugged-back total depth of 9,888 feet, and was flowing to cleanout and complete.

In the 40th hour of a flowing test the well is reported to have produced 42 barrels of pipe line oil. Informed observers expect it to show (Continued on Page 2)

Jap Says Soviet Failed To Deliver Peace Requests

TOKYO —(AP)— Adm. Keisuke Okada, a key figure in the surrender campaign of a year ago, said Wednesday that Soviet officials knew six months before Russia entered the Pacific war of Japan's desire to surrender but gave no indication of having transmitted "pleading" peace feelers to Russia's allies.

The former premier and elder statesmen gave his behind-the-scenes version in what he said was his first interview with a foreign correspondent since the occupation.

An official representative of the foreign office made the first peace overtures in February, 1945, during conversations with the Soviet ambassador to Japan, Okada asserted.

"Russia's part in the Pacific war had nothing to do with Japan's desire to sue for peace," said the spry 75-year-old admiral on the eve of the anniversary of surrender.

"Peace could have come many months earlier if Russia had promptly relayed Japanese requests."

Okada said that other peace overtures, which likewise remained unanswered until the Potsdam Declaration, were made through the Japanese ambassador in Moscow. The plans were to send the late Prince Fumimaro Konoye as a special emissary to further the peace attempt. Konoye, three times premier, killed himself after the surrender rather than face arrest as a war criminal suspect.

Freighter 'American Farmer' Recovered

The freighter, American Farmer, is shown adrift in the Atlantic after the vessel collided with another American freighter, about 600 miles off the coast of England recently. A British sea captain charged that an American boarding party ordered his men off the crippled freighter after the British had salvaged the ship, struck the British ensign, hoisted an American flag, and made off with the ship, reported to be a \$4,500,000 salvage prize.

Two Unmanned B-17s Fly From Hawaii To California Air Base

SAN FRANCISCO—(AP)—The historic flight of two unmanned B-17 bombers from Hilo, Hawaii, to Muroc Air Base, Calif., Wednesday was termed the forerunner of accurate, long range guided missiles armed with atomic warheads.

Brig. Gen. William L. Richardson, chief of the Army Air Force Guided Missiles Division, said the unprecedented radio-piloted flight proved the Air Force could have struck a target at 2,500 or more miles range with any conventional bomber—unmanned—and added:

"The atom bomb to us is a warhead. We fully expect some day to have larger guided missiles with atomic warheads."

Richardson did not elaborate. He did say, however, that the Air Force "has just scratched the surface in guided missiles" and "the Manhattan District hasn't told us yet what size atomic warhead would be practical for guided missiles."

Enroute from Muroc to Hamilton Field, where he confers Wednesday with Fourth Air Force officials on defenses against guided missiles, Richardson said:

"Operation Remote (the drone mission) proved we have control equipment which will operate reliably at least 15 hours, sufficiently to take any conventional heavy bomber 2,500 or more miles. That aircraft could have been loaded with 5,000 pounds of TNT or other explosive. It would not have been necessary to fly the mother up to the target. The mother could have stood off 50 miles and directed the drone in and picked out the target."

"We could have done it with B-32s or B-35s or any other bomber and with the same control equipment."

Drive Planned Against Jew Immigration

1,500 Immigrants Held Aboard Ships

LONDON—(AP)—A well-informed government quarter said Wednesday Britain might institute a full-scale blockade of the Palestine coast to end illegal immigration into the Holy Land.

The informant said the British government was planning an all-out drive to end illegal immigration of European Jews into Palestine and that the land and sea operations involved might include a blockade of the coast.

The Jewish underground radio in Palestine said the British were concentrating troops around Haifa, main immigrant entry port.

A special meeting of the cabinet was held at No. 10 Downing Street, Prime Minister Attlee's official residence, to discuss the problem of Palestine, where some 1,500 illegal immigrants—men and women—were still held aboard ships in Haifa Harbor.

They have not been permitted to leave their cramped quarters on the ships, despite unsanitary conditions, pending determination of a policy by the British government.

A five-year 75,000 immigration quota outlined in a British white paper is about exhausted, and a new policy is to be determined.

Both Foreign Secretary Ernest Bevin, attending the cabinet session after an illness which has kept him from the Paris Peace Conference, and Philip Noel-Baker, minister of state, declined to discuss the meeting. The meeting was attended by Field Marshal Lord Montgomery, chief of the imperial general staff, and representatives of all three fighting services.

U. S. Orders Search Of Leather Companies For Hidden Supplies

WASHINGTON—(AP)—The government Wednesday ordered a squad of special investigators into hide and leather producers' plants in a virtually unprecedented move to avert a shutdown of shoe production.

The agents, dispatched by the Civilian Production Administration, are on the hunt for any excessive supplies being held back in the hope of higher prices.

Reconversion Director John R. Steelman directed CPA to make the search.

He also called on the Justice Department to start a "vigorous" investigation of what he described as a reported industry "conspiracy" to withhold all hides from the market until CPA is compelled to boost or remove price ceilings on hides and leather.

The Justice Department promptly referred the matter to its anti-trust division and told reporters an investigation already was under way.

Declaring that the sale of hides had "virtually ceased" since revival of price controls, Steelman said in a statement late Tuesday:

"The shoe industry has reported that a great many plants will have to suspend operations within a week unless they can buy more leather."

Where stocks are in excess of a minimum practicable working supply, CPA will order immediate release of the over-supply.

Automobile Stolen, Station Burglarized

Grady Brown, operator of a service station on East Highway 80 in Midland, reported Wednesday to police that his automobile had been stolen and the station burglarized.

Cigarettes were taken in the burglary, according to Brown.

Higgins Surprised As U. S. Orders Inquiry Into His Industries

NEW ORLEANS—(AP)—Andrew J. Higgins, wartime builder of PT-boats and landing craft, said he was "surprised and amazed" that the United States government should accuse him of irregular business activities.

Higgins made his statement following the disclosure Tuesday that a grand jury investigation of the Higgins Industries had been ordered by the government.

The investigation became public with the filing in the office of the federal district clerk of a letter from Attorney General Tom C. Clark authorizing J. Frank Cunningham, one of his assistants, to act as a special United States attorney during the inquiry.

U. S. District Attorney Herbert W. Christenberry refused to comment on Cunningham's appointment. He has announced no probe of the Higgins interests, and no charges have been filed against the industrialist or any of his firms or associates.

Perkins Addresses Midland Lions Club

John Perkins, former Army colonel, spoke to Midland Lions at their weekly luncheon meeting Wednesday at the Scharbauer Hotel.

Perkins challenged the audience to "dedicate yourself to carry on the basic ideals of this great republic of ours."

Mrs. Ray Howard conducted a special ticket event for a bingo party August 27 sponsored by the Federated Women Clubs of Midland.

Mrs. Earl Grassie, glass, accompanied by Mrs. Holt Jowell, James Noland was program chairman.

Howard Ford, Mike Brumblow and O. L. Darden were inducted as new members.

Employment Service Drives To Weed GI 'Drones' From Payroll

AUSTIN—(AP)—The Texas Unemployment Compensation Commission Wednesday began to weed from its payrolls its "GI drones."

The Veterans Administration has directed the commission, which is serving as its Texas agent, to deny adjustment allowances to unemployed veterans unless they themselves are actively seeking employment.

Former policy had permitted veterans to draw allotments upon mere registration at a United States Employment Office.

Harry Bengt Crozier, TUCC chairman, said that the commission has failed up to now to find any instance where any appreciable number of veterans are trying to avoid going to work. He said there have been a few instances, however, in which representatives of veterans' organizations have protested because allowances have been denied men who refused job offers.

Large Number Register For Annual Camp At Cloverdale Park

A large number of home demonstration and 4-H club members registered for a two-day annual camp Tuesday at Cloverdale Park.

Mrs. A. P. Jordan was in charge of the registration.

Mrs. I. J. Howard conducted the general assembly beginning at 4 p. m. with Mrs. S. L. Alexander leading the group singing. Hair berets, purses and moccasins were made by the 4-H girls during the handicraft period. The women were engaged in crocheting rugs in the handicraft class.

Following a recreation, supper was served with the East Side, Prairie Lee, Cotton Flat, Stokes and Warfield clubs in charge.

On the program for the evening was a talk by Deltbert Downing, music by a string band and a dress revue by the 4-H Club girls.

After sleeping out Tuesday night, activities Wednesday got underway at 6 a. m. with a breakfast served by the 4-H girls. A devotional and club stunts following the breaking of camp at 10:30 a. m. A book review also was presented.

Lunch was served at the park after which the group went on an educational tour of the city before going to the theater.

Shetland Stolen But Rodney Doesn't Know

HOUSTON—(AP)—Ten-year-old Rodney Templeman, paralyzed and speechless since birth, has lost his treasured Shetland pony, King Tut, but he doesn't know it as yet.

King Tut was stolen from the family home lawn here Monday night.

Rodney's mother, Mrs. J. M. Lavandera, said she hadn't told him because "it will break his heart when he finds out."

"He loved the pony better than anything in the world," she said. "Our only hope is that it will be returned before he finds out."

Mrs. Lavandera explained that the pony was given to Rodney as a Christmas present and that the purchase price of \$150, plus \$30 for a saddle, had been a sacrifice.

"But seeing his happy face when we gave it to him was worth much more," she said.

LATE NEWS FLASHES

OTTAWA, ONT.—(AP)—Dr. David Shugar, Polish-born physicist once freed in the Soviet espionage case, was rearrested Wednesday and brought into magistrate's court on charges of conspiracy and violation of the Official Secrets Act.

OAKLAND, CALIF.—(AP)—Henry J. Kaiser, West Coast wartime shipbuilder, asserted Wednesday he was eager to have his war record investigated, as suggested by New Hampshire's Senator Styles Bridges. In turn he called for an investigation of the steel industry's war record, and threw in Jesse Jones and his Reconstruction Finance Corporation.

TOKYO —(AP)— Japanese soldiers herded hundreds of Chinese to the Yangtze River after the fall of Hankow in 1938, kicked them into the water and shot them when their heads bobbed up, A. A. Dorrance, former oil company official, testified Wednesday at Tokyo's war crimes trial.

FBI To Investigate Pre-Dawn Tampering With Senate Files

WASHINGTON—(AP)—The Senate War Investigating Committee turned over to the FBI Wednesday a year old case involving alleged pre-dawn tampering with committee files concerning the Garsson munitions combine.

An official familiar with the request to the FBI said the committee has received reports that about a year ago, when it was carrying on a preliminary inquiry into the arms-making enterprise, its office files were molested by an early-morning visitor.

The reports received by the committee indicate, this official said, that the caller gained admission to the Senate office building at 2 a. m. by giving the guards what may have been a fictitious name and stating he was going to Room 361. That is the office of Chairman Mead (D-NY).

The committee's investigation of this incident, it was reported, showed that some copies of the files concerning the Garsson case were removed from the building, copies made and the originals returned before 5 a. m.

Officials whose attention has been called to the incident were said to suspect that some persons then connected with the committee may have been involved, since there was no disarray in the files. The alleged nocturnal visit was said to have come to light only recently through a statement by an informer.

Garsson Sells Batavia Metal Products, Inc.

CHICAGO—(AP)—Batavia Metal Products, Inc., part of a Midwest munitions combine which is being investigated by a Senate committee, was sold Tuesday night to two New York industrialists.

Sidney S. Gohrman, an attorney for the firm, disclosed the sale of a bankruptcy hearing against the company before Referee Martin Ward Wednesday.

Gohrman said Dr. Henry Garsson, head of the Batavia concern, sold all Batavia stock Tuesday night to James Stein, president of Metallast Company, Inc., which produces metal and plastic products in New York and Herman Staff, head of the Diamond Production Company, also of New York, which produces industrial diamonds.

Only Tuesday the government was granted permission to join in a petition for bankruptcy against the Batavia concern which originally was filed by six creditor companies last Friday.

Where Your Tax Money Goes

NATIONAL DEFENSE
Although war is over, national defense remains largest single item of expense. Estimate for this fiscal year will be between 17 and 18 billion dollars.

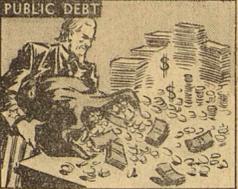

INTERNATIONAL FINANCE
Output for international financing will be between 3 and 3.6 billion dollars. Not all this will be paid out during the year and some of loans will be repaid.

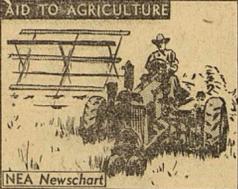

VETERANS
Veterans administration costs will come to about \$5,000,000,000, not counting terminal leave pay. Veteran expenses will be continuing expense in budget.

REGULAR DEPARTMENTS
Something over a billion dollars will be cost of government's regular departments, excluding War, Navy and Agriculture. Our departmental cost is relatively low.

PUBLIC DEBT
Interest on the public debt grew fast during war. Cost this year will be about 5 billion dollars, approximately five times 1939's total of \$941,000,000.

AID TO AGRICULTURE
Farmers' aid will cost about one and a half billions, of which some \$300,000,000 goes to Commodity Credit Corp. for financing farm subsidies.

The budget for Uncle Sam's first postwar year will be a big one, and the Newschart above shows where some of the money will go. Total outgo is expected to range between \$37,000,000,000 and \$40,000,000,000, with income something over \$38,000,000,000.

RECOVER STOLEN CAR
An automobile, reported stolen in Odessa, was recovered in Midland Wednesday. Officers here found the car and notified Odessa police.

Raymond Bynum Band Director At McMurray

Raymond Bynum, band director at Abilene High School, has accepted an appointment as director of instrumental music at McMurray College in Abilene.

Harold G. Cooke, college president, said that McMurray now would be in a position to offer a major in the field of band and instrumental music.

Under Bynum's leadership, the Abilene band won top rating four years in the national regional music contests and was West Texas official organization band at the Centennial in 1936. The band won high honors in many other contests and events while under Bynum's direction.

Cleaning Firms Are Sent Regulations

Notices were being mailed Wednesday from the Midland County Price Control Office to cleaning and pressing establishments and laundries advising them their prices are controlled by law.

The notice stated the maximum prices for their services were the same as those to which they were subjected on June 30, 1946, and may not be increased without an OPA order.

The notices were passed on to Midland establishments by the office here on order from the district office in Fort Worth.

Three Ex-Servicemen File Discharge Papers

Three veterans filed service discharge paper Wednesday at the county clerk's office.

They were: Franklin Delaney Ward, Jr., who was a seaman first class and had five months sea duty. His ship was the USS Marias.

William T. Magee, Jr., who was a corporal and was in special military schools of training.

Hubert McKinley Drake, Jr., who served in the U. S. Navy in the Pacific.

WOMAN BITTEN BY DOG

Police reported Wednesday Mrs. Verda Rister, 710 North Main Street, had been bitten by a dog. Owner of the dog was asked to place it under observation.

EARLY TRANSFUSION

Practical blood transfusions began about 1900, but as early as 1666 a case was recorded where a lamb became a blood donor, and the patient lived.

Heirens—

(Continued from Page 1)

his time since his arrest in prayer, gave this account of the Degnan girl slaying last January 7.

He saw the girl asleep when he crept into her bedroom from a ladder, squeezed her throat "until everything went limp" and then took her body to the basement of a nearby apartment building and cut it to pieces.

Then he wrote a note demanding \$20,000 ransom because he believed that the best way to "relieve the parents would be to give them hope the child was alive."

He tossed the note into the girl's room, burned his bloody rain coat in an alley and then went to a neighborhood restaurant and had breakfast of doughnuts and coffee. Then he returned to his room on the South Side, completed his home work and attended morning classes at the university.

He slugged and shot 33-year-old Miss Brown last December 10 when she started screaming as he climbed in the window from a fire escape, he said. He struck her several times with the butt of his pistol and shot her in the head when she continued to cry out.

Then, he added, he suffered a mental blackout. When he regained his senses, he saw her body draped over her bathtub. A 10-inch breadknife, taken from the woman's kitchen, was pushed through her throat.

He took her lipstick and penciled on her wall. "For heavens' sakes catch me before I kill more. I can not control myself." He wrote this message, he told State's Attorney William J. Touhy, "because of the realization of what had happened. I realized I had shot her."

Heirens said he remembered stabbing Mrs. Ross in the throat on June 3, 1945, after he entered her apartment to burglarize it, but suffered a mental blackout later and discovered he also had ransacked her apartment.

After he killed her that afternoon, he added, he went to a movie in the loop and then returned to the home of his parents for the evening meal.

"Weren't you disturbed by what you had done?" he was asked.

"No," he replied.

The youth admitted that George Numman—a character he had blamed on all the crimes charged to him—was a "concoction of my imagination." But then he added:

"To me he is real. But when you get down to other people, he is not real."

Scouts Register For Water Activity Camp

Ten Midland and two Stanton Boy Scouts had registered Wednesday for a water activities camp at Fort Stockton, which opens Monday.

At the camp the youths will be instructed in all phases of swimming and lifesaving.

Midland's representatives include: W. L. Thompson, Leon Cline, Bryant Shiplet, Billy Velvin, George Friday, Dick Harrison, Arnold Drake, Richard Clark, Maurice Cox and Frank Shepard. Stanton boys going are Neil Stovall and Leroy Gibson.

W. A. (Bill) Martin, Midland Scout executive, is director of the Fort Stockton camp.

Has Rodeo Tickets

Tickets for the Big Spring rodeo, which opened Wednesday and continues through Saturday, are on sale at the Midland Chamber of Commerce for the convenience of Midlanders desiring to attend the neighboring city's show.

Midland Tractor Co. Expects To Receive More Machines Soon

John W. Elliott of Midland Tractor Company kept the business going during the war and now S. A. Debnam and R. S. Elliott, a son, are back to help him.

"Now if we can just get the tractors," John W. Elliott said.

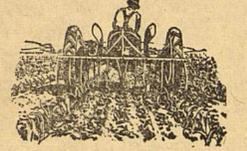

And things do look good for Midland Tractor to start getting the

new Ford Tractors for which they are agents.

Production started on Ford tractors June 24 and now 375 a day are being put out. However, a large per cent of these go overseas. But the Midland Tractor Company expects its share of the increased production, which will go to more than 500 tractor units per day at the plant after the first of the year. Recently the Midland agency got two new Ford tractors.

Meanwhile, the Midland Tractor Company is busy with water pump sales and installations and other farm and home machinery. Also, they are keeping up to date on the new tractors to be able to give excellent service as always to the machines they deliver to farmers

Midland Modern Washateria

New, up-to-date and modern is the Midland Modern Washateria at 401 South Marienfield Street. The photograph above shows the well-equipped laundry where Midlanders can "do it yourself". This is a trend in laundrying, says Joe H. Deavenport, manager. The phone number at Midland Modern Washateria is 464.

SMALLEST POSTOFFICE

The world's smallest postoffice is in the Straits of Magellan. It is a small painted cask chained to the rocks in such a way as to allow it to float freely. Passing ships send a boat to it to take letters out and put others in. It is under the protection of all navies of the world.

and ranchers of Midland County and the area.

The Midland Tractor Company backs the money-saving Ferguson System of the new Ford Tractor. And it passes along a good word to the farmers and ranchers about implements coming with the new tractors, which will make for finger tip farming.

Army Sentences Two Texans For Mail Theft

TOKYO —(P)—The U. S. Army has announced that three postal clerks have been sentenced by court martial to dishonorable discharge, forfeiture of pay allowances and one year imprisonment on mail theft charges.

It listed the men as: Pfc. Ignacio T. Reyes, Laredo, Texas; Pfc. Macedonio San Miguel, Alice, Texas; and Cpl. Clarence Sanders, Glenmary, Tenn.

Something New Has Been Added By Grady Brown—Services Airplanes

Forecasting what is to come in motor fuel service is done by a Midland service station, which may become known as one of the first to feature such service—land and air.

Grady Brown's Standard Service Station on East Highway 80 is located near the Skyhaven Airport and that is how this thing got started.

Planes dropping into Skyhaven Airport need gas and oil. Grady Brown has it. His featured brand of Standard Aviation Gasoline is well suited to the aircraft, which uses it. Also lubrication oil sold at Grady Brown's is suitable for airplanes.

So naturally the pilots and plane owners began to depend on Brown for gasoline and oil.

"This is something new and this is the coming thing in an air-minded world," Brown explains. "You bet I sell gasoline and motor oil to airplane users as well as my automobile customers. They need it too and I am in the business of motor fuel. So has begun a good business and the pilots and plane owners are well satisfied. They like the Standard products."

Brown continues to give excellent service to his automobile customers. As always he is featuring fine products for their cars along with

Antelope Season Is Authorized In October

AUSTIN—(P)—The State Game, Fish and Oyster Commission has announced plans for another antelope hunt authorized in the trans-Pecos of Texas.
