Braves Deep Well To Save Son

(NEA Telephoto)

Mrs. S. J. Cuniff, 32-year-old Fannett, Texas, resident is shown with her two-year-old son whom she saved from death Wednesday morning when she plunged into a 20-foot well to rescue the lad from 10 feet of water. Mrs. Cuniff is an expectant mother, but this fact did not make her hesitate when she saw her son floating in the well. Both mother and son suffered no ill effects from the experience.

Italy's Premier Urges Paris Conference To Put Off Treaty

Search For Oklahoma Bandits Shifts Sharply To Texas Border

Electra Oil Field Worker Identified As One Of Robbers—Red River Bridge Guarded

ELECTRA.—(P)—The search for the men who robbed the Walters, Okla., bank of approximately \$33,000 Thursday shifted sharply to Texas Saturday, with two fast-breaking developments:

1. An Electra oil field worker was identified through his picture as one of the men involved in the robbery.
2. The Red River bridge between Texas and Oklahoma was blockaded at Denison, Bonham and Paris by heavily armed peace officers after a call from Coalgate, Okla., that the men were heading toward Texas in a green coupe. Arkansas authorities were setting up road blocks at DeQueen and Ashdown.

20 Persons Hurt As Loose Flat Car Hits Cog Railway

GORHAM, N. H.—(P)—Twenty persons were injured—two of them suffering broken backs—in a train wreck on the cog railway Saturday night 600 feet from the summit of 6,293 foot high Mount Washington, New England's highest mountain.

Mrs. Norman Fagerquist, Worcester, Mass., the most seriously injured, suffered fractures of both legs and possible internal injuries. Fifteen other persons also were hospitalized with minor injuries, and six were treated and released. Five passengers were shaken up but required no medical attention.

A spokesman for the Mount Washington Park Railway, which operates the scenic cog line, said that a flat car broke loose at the summit of the mountain and sped down the track into an up-bound passenger train. "It is believed by the management that someone either as a prank or through curiosity released both safety devices on the flat car, although it is not yet definitely known," said Railway Manager Arthur F. Pleague.

O'Daniel Backs Culver, McDonald For Judgeship

WASHINGTON.—(P)—Senator O'Daniel (D-Texas) recommended Saturday either of two men as successor to Federal Judge James C. Wilson of the Northern Texas District.

He sent to President Truman the names of Judge Frank Culver of the 17th Texas District and Judge Atwood McDonald of the Civil Appeals Court of the Second Texas District.

Woman Ferry Pilot Killed In Crash

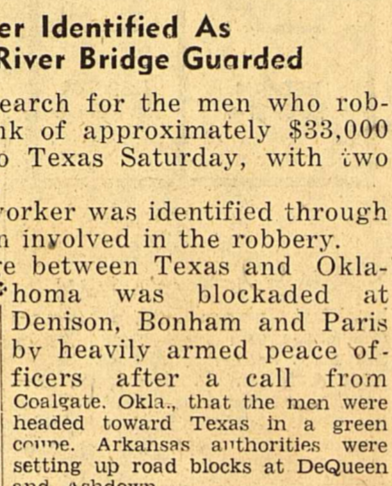

POTEAU, OKLA.—(P)—Miss Ellen Endacott, 27, Tulsa, Okla., was killed Saturday in the crash of a light airplane south of Poteau. Miss Ava Hamm, Fort Worth, Texas, was injured.

The two were ferry pilots from Cleland-Murrell Ferrying Company and were flying from Durant, Okla., to Fayetteville, Ark.

WAINWRIGHT WILL CROWN 'MISS TEXAS' AT REVIEW

PORT ARTHUR.—(P)—Gen. Jonathan Wainwright will crown "Miss Texas," to be named here in a beauty, talent and personality contest Tuesday and Wednesday.

Refuses To Comment

H. Ralph Burton, above, counsel for the House Military Affairs Committee, refused comment on charges that he personally sought draft deferment for Serge Rubinstein, New York financier, now under indictment for draft evasion. Col. Chester Goble, Ohio Selective Service director, made the accusation.

British Warships To Halt All Ships Palestine Bound

LONDON.—(P)—Britain, anxiously awaiting President Truman's verdict on the plan for a federated Palestine, served notice unofficially Saturday that her warships would intercept, search and arrest any vessels of another nation carrying illegal Jewish immigrants to the Holy Land.

An official cabinet statement on policy for Palestine was expected shortly in which the British would outline plans for a strict crackdown throughout Europe against illegal immigrants now trekking by tens of thousands across the war-torn continent toward Palestine.

The British rapidly were erecting accommodations in Cyprus, apparently for Jews taken from vessels diverted from Palestine, amid reports that the first immigrants would arrive Monday.

At 10 Downing Street, officials worked on a statement of policy which, authoritative sources said, envisioned land operations throughout Europe to end illegal immigration of Jews to the Holy Land; the sea blockade; the establishment of the Cyprus detention camp, and an appeal to sparsely populated countries to absorb as many of Europe's fugitive Jews as possible.

New Shocks Hit Caribbean Island

CIUDAD TRUJILLO, DOMINICAN REPUBLIC.—(P)—Terror gripped the population of the northern provinces of the Dominican Republic Saturday night following two new shocks Saturday in the six-day series of earthquakes and tidal waves which left 73 persons dead and 20,000 homeless.

Hunger threatened the weary inhabitants when attempts by the government to rush food to the stricken areas were hampered seriously by washouts of roads and bridges in the paths of swollen streams.

Apprehension was at its greatest near Bahia Escocesa (Scotch Bay) where the food shortage was particularly acute.

Throughout the week, earth tremors of varying intensity jarred the northern part of the island frequently.

In one of the hardest hit communities, the northern city of Bajio, a revised death toll showed that 39 persons had been killed by the tidal wave and that 139 had been injured. Previously the toll for the town had been reported at 50.

50 To 100 Negroes Injured In Alabama Race Rioting

Fist Fight Sets Off Mob Of 2,000 Whites; 10 Arrested After Officers Restore Order

ATHENS, ALA.—(P)—A fist fight between two white war veterans and a negro touched off race rioting in which between 50 and 100 negroes were estimated to have been injured, some of them knocked down and trampled, here Saturday.

County Court Judge D. L. Rosenau said old and crippled negroes were among many he saw knocked down and trampled by white mobs, estimated to have reached a total of 2,000 men at one time.

"I expect at least 50 to 100 negroes were injured," Rosenau reported. "The negroes were chased off the streets by the mobs."

He added that about 10 white men had been arrested.

The judge said a semblance of order was restored about midnight after law enforcement officers from all over Northern Alabama poured in.

The two white participants in the fight were arrested but the negro escaped.

Mayor R. H. Richardson, Jr., said he later freed the two white men after members of the mob promised to disperse.

Rosenau said, "and if we can get through the night without any more trouble, I think it will be finished."

Law enforcement officers, who converged on this North Alabama agricultural center to assist in dispersing the mobs, said a close check of the injured was impossible because many negroes left town or went into seclusion in their homes.

No charges were filed immediately against the 10 men arrested and placed in jail.

British Prepare Cyprus Detention Camp For Jews

NICOSIA, CYPRUS.—(P)—British troops set up new accommodations in a detention camp near ancient Famagusta Saturday—apparently for Jews caught trying to enter Palestine illegally—and the population of this British bastion stirred restively with rumors that the first immigrants would arrive Monday.

The reports spread like wildfire through this storied land, known in legend as "Love's Island," as the soldiers labored under a sweltering sun to erect orderly rows of bell tents augmenting the stone huts in the Carolia Detention Camp.

Cyprus political leaders deferred at length on the situation without announcing any decision on what action might be taken, but Mayor Adamos Adamandous of Famagusta declared:

"The great secrecy maintained in preparing the concentration camp must and does lead the people to suspect an attempt by the British government to weaken the Greek majority by an influx of foreigners. If this is so, Cyprus will not tolerate it."

Russia Drives To Solidify Control Of East Europe

WASHINGTON.—(P)—American officials studying current Communist moves to smash political opposition in Romania said Saturday that Russia with the aid of its local Communist leaders appeared to be making a desperate drive—concurrent with Paris peace treaty drafting—to solidify control throughout Eastern Europe.

The State Department is expected to make a formal statement of its views on the situation on Monday. Meanwhile authorities here privately described events in Romania, involving the detention of Romanian citizens employed by the American government there, as part of a general pattern by which an effort is being made to sweep away political opponents of the Red regimes before the peace treaties can become effective.

It is expected here that imposition of the peace treaties will considerably curtail Russia's actions in some areas, notably Romania, Bulgaria, and Hungary, although so long as they manage to keep Russian army forces in any of those countries they will have effective local control.

On the other side all signs here indicate that the United States intends to stand firm at every point in Eastern Europe where it can do so as a matter of upholding either previous agreements with Russia or lines of conduct which are considered here to be based on democratic principles.

LaGuardia Angered When Greeted With Beer In Prague

PRAGUE.—(P)—A stein of Pilsener beer with which UNRRA Director General Fiorello H. LaGuardia was greeted at the Prague airport Saturday may affect the whole relief program for Czechoslovakia.

La Guardia smacked his lips appreciatively as he enjoyed the first few sips. Suddenly he stopped sipping.

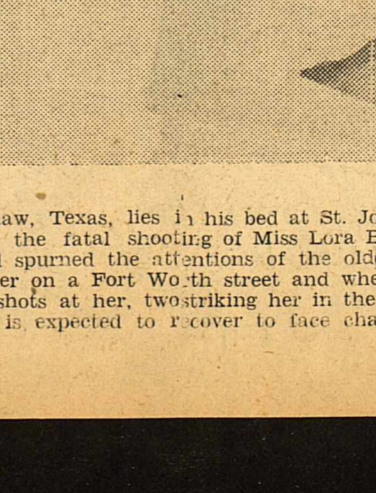

The more he thought about it all the more he became exasperated over the appearance of beer in a country urgently needing grain for food. An UNRRA publicity release quoted him as saying at headquarters:

"This country has been making a great recovery. I don't think they'll need any more grain when the director general is met at the airport with a glass of beer. Whoever planned that made a great mistake. Our people at home are ticklish about this point. I have more complaints about it than any other matter."

Weather

Some clouds and continued warm Sunday.

Spurned Suitor Slays Fort Worth Girl

(NEA Photo)

Calls Proposal 'Punitive' And Beyond Ability

Delegates Refuse To Applaud After Speech

PARIS.—(P)—Italy's premier struck out at the proposed Italian peace treaty Saturday as "punitive" and beyond his country's capacity to fulfill, and urged the peace conference to postpone for a year settlement of the Trieste and other frontier problems.

The decision to internationalize Trieste, Premier Alcide De Gasperi said, was "a bite into our very flesh."

Pleading Italy's cause before an afternoon session which received his arguments in cold silence, De Gasperi protested the deep slash in Italy's armaments, the bills for reparations, and the changes in the Italian frontier, particularly the Big Four decision on Trieste and Venezia Giulia.

He hurriedly sent a request for a delay by reference to Italian claims for damage against Germany, asking: "Is this not another proof that no final settlement in Europe can be attained before peace is made with Germany?"

There was no applause or other demonstration by the conference after De Gasperi's 41-minute speech, but as he walked back up the center aisle U. S. Secretary of State Byrnes leaned out and shook hands with him.

The conference adjourned until Monday with a decision to defer discussions on the Italian plea until then. It also took no action after a morning's debate on admission of Albania as a member. Soviet Foreign Minister V. M. Molotov again walked from the room while the Greek delegate was speaking, and the Yugoslav delegate charged that it was the policy of Greece, bitter opponent of Albania, "to foment and start war in the Balkans."

De Gasperi, urging delay on Trieste, said:

"I am well aware that peace must somehow be made, that the speech must be broken. But on the other hand if you have deferred by one year the colonial settlement for lack of a good solution, why can you not do likewise for the Julian (Trieste and Venezia Giulia) problem?"

De Gasperi described the "French line" proposed as the frontier between Italy and Yugoslavia as a "line of political expediency" which left 180,000 Italians in Yugoslavia and 59,000 Slavs on Italian soil.

He recalled that he had offered to relinquish the natural frontier on the Alps and to fall back on the line traced by President Wilson in 1919. He added that Italy approved with certain reservations the Eminent Council's proposal for an Allied committee of experts last spring.

"But the Yugoslav delegates insisted, with arguments still based on the idea of punishment, for total possession of Venezia Giulia," he said.

Rites For Midland Lady Are Sunday

Funeral services for Mrs. Dora Lamb, 72, of 503 West Florida Street, who died Friday evening at a Midland hospital, are scheduled at 2:30 p.m. Sunday at Ellis Funeral Chapel.

The Rev. F. W. Rogers, pastor of the Nazarene Church, will conduct the services. Interment will follow in Fairview Cemetery.

Mrs. Lamb was born in Corydon, Ky., and had lived here seven years. Survivors include: C. A. Lamb, the husband, of Midland; two sons, William Noakes, of Midland, and Jimmy Noakes of Kakey, Ill.

Worst Texas Drouth In 10 Years Burns Ranges, Withers Crops, Thins Stock

By WILLIAM C. BARNARD Associated Press Staff

Texas is suffering its worst drouth in 10 years, the U. S. Weather Bureau says, and the picture over the state is one of dry farms, burning ranges, withering crops and thinning livestock.

The summer will go down as one of the hottest in history with temperatures eight and nine degrees above average. Spring brought no general rains to West Texas and the Panhandle. Except in southeastern and coastal bend counties it has been an arid summer—weeks of searing sun and cloudless skies and teasing, spotted rainfall.

With poor range conditions and a critical lack of protein feeds, West Texas ranchers are culling their cattle herds and sheep flocks heavily. Many ranchmen are disposing of breeding animals. In the past nine months, San Angelo has had but two and one-half inches of rain.

High summer temperatures are threatening to curtail further the state's second shortest cotton crop in 57 years. Last year's short crop of 1,794,000 bales was the lowest since 1889. The Department of Agriculture set this year's estimate at 1,900,000 bales, but last week the department announced that in making the prediction it had not taken into consideration the possibility of a long hot spell.

All summer long, south and southwest winds have blown over the state. The winds are moving out of Northern Mexico and from the abnormal stationary high pressure area over Florida. With this hot, dry air mass over Texas there is little chance for rain-bearing thunderheads to form.

Cold fronts, capable of forming rain, move down periodically southward from the northern Rockies. These fronts reach a general line across Colorado, Northern Oklahoma and Missouri. There they are met by the south and southwest winds from Texas and this opposition causes them to slip off to the east or to disappear entirely.

Gulf Storm Is Main Hope "Texas' main hope," said a forecaster at the Dallas Weather Bureau, "is that a tropical disturbance will form in the Gulf of Mexico and break up that high pressure area over Florida. Then we would get rain, plenty of rain."

Here are reports from over the state: "Spotted showers have given only temporary relief to range and farm lands in the 26-county San Angelo area and a record drouth is fast approaching." (Continued on Page 2)

Winchester said the man arrested Saturday night had been sought since the body was found, because of an unusual circumstance that took place on July 5.

On that day, the policeman said, he arrested the same man in Denison for intoxication. The man said he had been to a fortune teller who had told him where Mrs. Kreager's body might be found. The fortune teller had written the location on a slip of paper, he told Winchester. He gave the slip of paper to Winchester. He refused to reveal the name of the fortune teller. He was held in jail overnight and released the next morning.

Winchester revealed Saturday night that the location written on the slip of paper gave the area where the body was found.

Olin Van Zandt, Grayson County attorney, was on his way from Sherman to question the man who, Winchester said, was a resident of Denison.

Mrs. Kreager had an estimated \$12,000 in cash with her at the time she disappeared. She told a relative she was going to buy a house.

Two farmers, searching for a missing cow, found her lime-covered body at the bottom of the dry well. Sherman officials said they were sure that she had been murdered and her body dumped into the well.

LATE NEWS FLASHES

BELLEVILLE, KAS.—(AP)—A posse Saturday night was searching for a gunman who shot an FBI agent at a farmhouse 20 miles southwest of here when four officers attempted to question the man about the attempted burglary of the Kackley, Kas., state bank Thursday night. Sheriff William Trask, who headed the posse, said the man opened fire as the officers approached him late Saturday, using his wife and seven children as a shield.

PARIS.—(AP)—France announced Saturday she had rejected the American proposal for a partial economic merger of German occupation zones, and offered a compromise plan for coordinating economic activities in the four areas.

NEW YORK.—(AP)—British circles said Saturday that if Britain moved troops into oil-rich Iran to protect British subjects and property such action would be in full accord with the United Nations charter. These informants said military action might be taken in self-defense under Article 51 of the charter.

Istanbul.—(P)—Russia formally has requested a revision of the Montreaux convention, an international pact governing both war and peacetime traffic through the vital Dardanelles Straits, an unofficial but reliable source said Saturday.

The request reportedly was made shortly before the Friday midnight deadline under which modifications of the pact would be made. There was no indication of the nature of the changes sought by Russia except that the Soviet Union wished an "improvement."

The report, if borne out by official announcement, means the signatories of the convention plus, possibly, the United States, will meet to take action on Russia's proposed modification.

FALKNER NAMED DEPUTY BANKING COMMISSIONER

AUSTIN.—(P)—Appointment of J. M. Falkner as deputy banking commissioner was announced Saturday by L. S. Johnson, state banking commissioner.

Falkner will succeed George S. Vann, whose resignation becomes effective August 15.

Vann resigned to accept the position of vice president of the El Paso National Bank, El Paso.

Russia Seeks Change In Dardanelles Pact

ISTANBUL.—(P)—Russia formally has requested a revision of the Montreaux convention, an international pact governing both war and peacetime traffic through the vital Dardanelles Straits, an unofficial but reliable source said Saturday.

The request reportedly was made shortly before the Friday midnight deadline under which modifications of the pact would be made. There was no indication of the nature of the changes sought by Russia except that the Soviet Union wished an "improvement."

The report, if borne out by official announcement, means the signatories of the convention plus, possibly, the United States, will meet to take action on Russia's proposed modification.

Treasury Workers CIO Organizer Says Reportedly Aided Brokers Get Rich

WASHINGTON—(AP)—The Senate War Investigating Committee has unearthed evidence indicating former Treasury employees received favors for steering to brokers lend-lease contracts on which excessive profits were made. Counsel George Meader said Saturday.

Meader told a reporter that high on the committee's list for future action are reports that gross profits ranging as high as 955 per cent had been made on contracts obtained by "desk and chair" brokers who reportedly gave weekend parties for government employees.

The committee's investigators have learned, Meader said, that two men and a woman in the lend-lease division of procurement were fired for accepting favors in contracts where the government's interest was not protected.

He said committee sleuths had run into reports that upon a couple of occasions weekend trips to a Hudson River retreat were financed by brokers for government employees and their secretaries.

The committee counsel said the \$5,000,000 total of about a score of contracts involved was relatively small. But he said the preliminary inquiry indicated the methods used were such they conceivably might provide a lead on similar practices in other government divisions.

CIO Organizer Says Opposition Is Nil

DALLAS—(AP)—Van Bittner, director of the CIO's Southern unionization campaign, said here Saturday that "we're not having much opposition . . . We can't say we won't have interference but so far it hasn't materialized."

Bittner said that in the Southern campaign since May 15, "we've won 48 of the 54 elections for bargaining representation."

He added that "we lost the others because we weren't well enough prepared. We won't be losing that many from now on because we aren't going to call for elections until we have plants organized."

Asked how long he thought the job of organizing the South would take, Bittner said:

"It might be done in ten months under perfect conditions. It might take several years. We're going to stay in there and pitch until the South is organized."

Sweetwater Gets .73 Inch Of Rain

ABILENE—(AP)—The West Texas towns of Roscoe, Buffalo Gap and Winters reported showers Saturday afternoon while Sweetwater had rainfall totalling .73 of an inch.

An estimated 25 of an inch fell at Buffalo Gap, while 25 to 50 of an inch fell in the area within a two-mile radius of Winters. Roscoe had only a dust-settling shower.

Bandit Kills Dallas Liquor Store Employee

DALLAS—(AP)—Herman Pines, 28, of Dallas, was killed Saturday night by a bandit who robbed a local liquor store, police reported.

Pines was found lying behind the cash register with a bullet hole in his chest. The drawer to the cash register was open and all currency was gone, police said.

So far as is known, investigators reported, there were no eye-witnesses to the robbery and shooting.

Texas Ranger Aids In Kreager Investigation

DALLAS—(AP)—Capt. M. T. Gonzales of the Texas Rangers said here Saturday that he had sent Ranger R. L. Badgett of Greenville to Sherman to aid in the investigation of the death of Mrs. N. O. Kreager.

The 82-year-old grandmother disappeared on June 17. Her partly decomposed body was found in a well nine miles north of Sherman on Wednesday.

DAR To Unveil Marker Honoring John Parker

GROESBECK—(AP)—Leaders of the Daughters of the American Revolution from all parts of Texas will attend the unveiling of a granite marker and bronze plaque at restored Fort Parker near here Sunday.

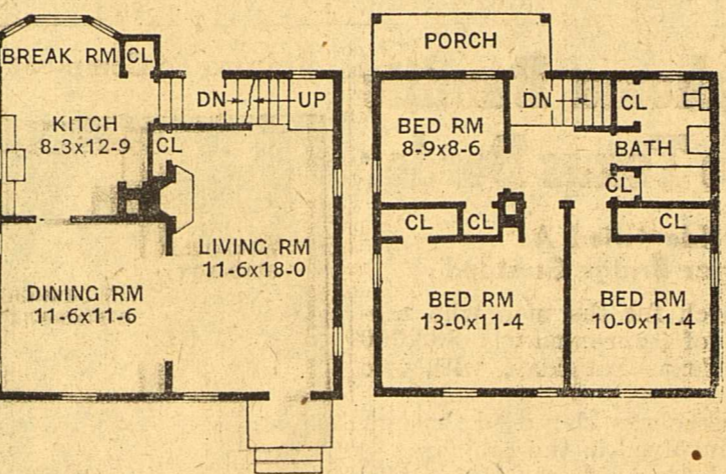

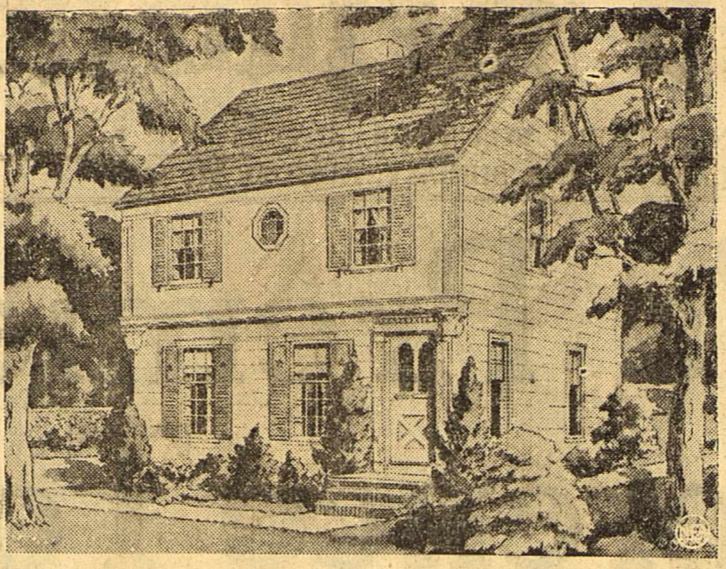

The monument was erected in memory of John Parker, soldier of the American Revolution from North Carolina, a pioneer of Texas and the founder of ill-fated Fort Parker in 1835.

Former Wichita County Judge Dies At 94

WICHITA FALLS—(AP)—Millard Fillmore Yeager, 94, former Wichita County judge and one of Wichita Falls' oldest citizens, died at the home of a son here Saturday. He had been in ill health for six years.

A graduate of the first law school class of the University of Texas in 1882, Yeager had moved here from Waco in 1887.

Suburban Type House Features Roominess

Elegance and good taste are expressed in the exterior of this two-story home. It is especially well designed for a suburban home. Exceptional roominess is attained on the first floor by the living room and dining room layout. A very attractive feature is the bay in the breakfast room which assures cheeriness and light where they are most desired and needed. The stair arrangement is a space saver. The second floor plan provides for three bedrooms and bath with ample closet room, and a good sized sun porch.

Petroleum Research Center To Open Soon

CORPUS CHRISTI—(AP)—A new \$3,000,000 petroleum research center of the Celanese Corporation of America here will begin operations within a month or six weeks, officials said Saturday.

The center is an outgrowth of Celanese's multi-million dollar chemical plant at Bishop, Texas, near here, where chemicals are produced from natural gas. It will employ some 300 workers.

Plainview Receives Two More Polio Patients

PLAINVIEW—(AP)—Two new polio cases were admitted to hospitals here Saturday, bringing the total treated here this summer to 17.

Newest patients are Shirley Peake, 11, daughter of Mr. and Mrs. W. L. Peake, and Mickey Vineyard, 11, son of Mr. and Mrs. George Vineyard. Both are from Amarillo.

KORS Manager To Receive OPA Award

A certificate of award from the Office of Price Administration signed by President Truman will be presented to J. M. McDonald, manager of KORS, at 7:30 p. m. Wednesday.

Drouth —

(Continued from Page 1)

In all sections. There is some old grass in spots but feed conditions are very poor. All surface moisture depleted. Some wells gone dry, others weakened. Auction rings getting good runs both sheep and cattle. Cattle herds and sheep flocks culled heavily.

Amarillo: "Drouth conditions in 40 Panhandle and South Plains counties growing serious and called worst in several years in spots. However, blowing of soil and immediate recurrence of the dust bowl are improbable due to modern farming practices. Feed crops suffer for moisture and a winter feed shortage is seen. Pastures are in poor to fair condition with some reports of shipping out of cattle. Spotted local showers and some instances of good rains in the last few weeks kept crops alive but they can last only a short time longer without appreciable moisture."

Port Worth: "Most sections of West Texas are dry and hot. Cotton and grain sorghum crops will be considerably under average. Some sections did not get spring planting completed due to dry weather. Ranges are dry and stock water getting scarce in some localities. Grass was good in most range areas early in the spring and livestock got a good start and are holding up well. Marketing of cattle and sheep have been in liberal numbers during recent weeks. Protein feeds hard to buy because of their scarcity. Some livestock shipments delayed due to stock car shortage."

El Paso Needs Moisture

El Paso: "Despite occasional scattered showers the El Paso area has been in need of moisture for some time. Alfalfa and cotton crops grown under irrigation are in good condition. Ranges are dry. Much water is needed to fill water tanks and aid grass. Most cattle in the El Paso area were shipped out early because of the drouth."

Wichita Falls: "A survey aided by county agents in 13 counties in the Wichita Falls area revealed almost disastrous results from drouth to range and cotton and feed crops. Reports from both Texas and Oklahoma said cotton was damaged up to 50 per cent. Temperatures staying over 106 degrees in Wichita Falls and up to 114 in the area for many days. Wichita Falls' primary water source, Lake Wichita, is very low and water is now being drawn from huge Lake Kemp."

Oklahoma Commission Sues Cities Service

OKLAHOMA CITY—(AP)—The Oklahoma Land Commission Saturday filed suit in District Court for cancellation of a land lease to the Cities Service Oil Company and asked \$91,800.40 damages.

The petition charged Cities Service had refused over a period of 15 years to give the land commission its 12 1/2 per cent of total lease output and had exercised wrongful control over the commission's one-eighth royalty.

JUDGE BLASTS GAMBLER'S HOPES FOR WEEKEND TRADE

LOS ANGELES—(AP)—A judge who labeled gambling a reprobant activity Saturday blasted hopes of Italian-born Tony Corneo Stralla to get the roulette wheels turning aboard his floating casino, the Bunker Hill, in time for the weekend trade.

Superior Judge Leslie still refused in Long Beach to grant a temporary restraining order against authorities who have tied up a fleet of water plying between shore and ship.

Temperatures Continue Hot Throughout Texas

By The Associated Press

Texas temperatures continued hot Saturday.

Dallas and Sulphur Springs recorded 103°; Fort Worth and Wichita Falls registered 102° and Sherman had 101. Even 100° were reported at San Angelo, Big Spring, Quanah, Laredo and Tyler.

SOUTH CAROLINA TO HOLD ELECTION TUESDAY

COLUMBIA, S. C.—(AP)—The South Carolina Democratic Party—restricted by its own rules to white voters and exempted by the legislature from the election laws—will hold a primary Tuesday to nominate candidates for Congress, governor, and other state and local offices.

BRITISH FIND BOMB

LONDON—(AP)—A Royal Engineers bomb disposal squad found a 110-pound unexploded German bomb Saturday in St. James Park where thousands stroll within sight of Buckingham Palace. It was the fourth bomb, dating from the days of the Blitz, found in the park.

ALL AUTOMOBILE INSURANCE IS NOT ALIKE...

choose carefully!

That's good advice — to choose your automobile insurance with care. Because upon the kind of insurance you select may depend the security of your home, your life's savings and your family's precious possessions. Yes, it pays to choose wisely.

And it pays to remember that all auto insurance is NOT alike! State Farm Mutual's is different in many ways that benefit you. Among these distinct differences are its non-assessable policies . . . its 7,000 agents in the U. S. and Canada . . . management economies . . . six month renewal policies . . . and its pioneering of such features as double-the-usual public liability and property damage insurance, liberal medical pay and 80% collision coverage.

1,250,000 policyholders can't be wrong—that's why State Farm Mutual is the world's largest auto insurance company. And you'll be right, too, by participating in State Farm's thrill-famous "More for Your Agency" insurance plan. Please call me today for complete details.

British

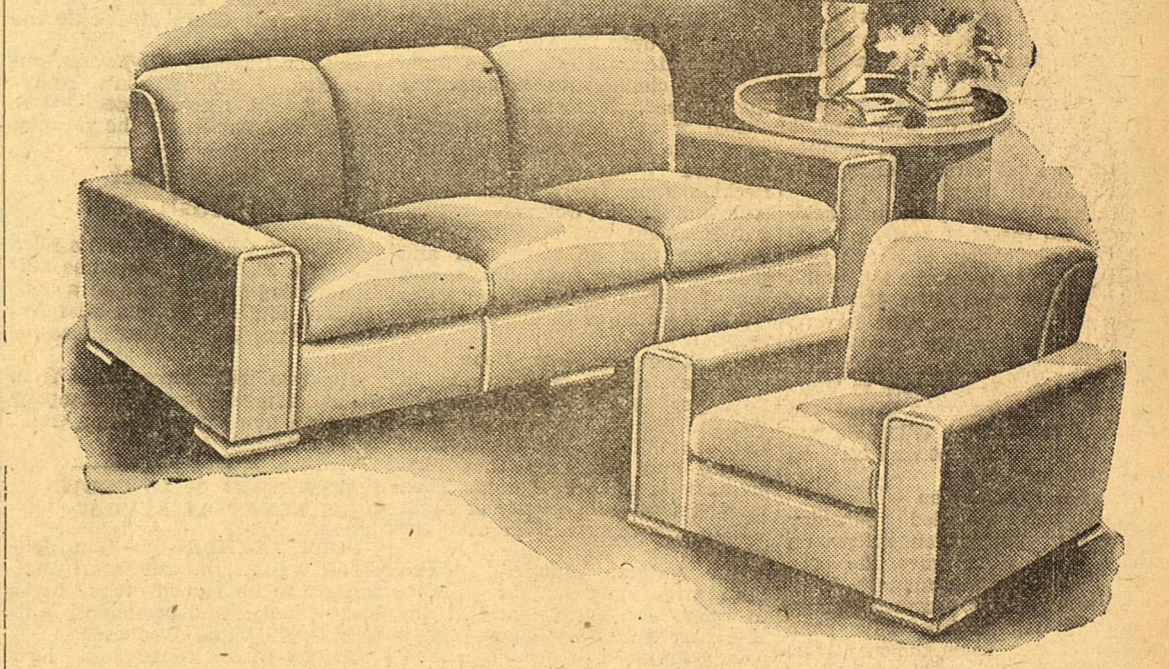

(Continued from Page 1)

was brewing for the Holy Land no matter what steps the British took. If immigration were stopped, he said, "the Jews will cause trouble," and if immigration were continued, "there will be trouble from the Arabs."

Advisors Consider Plan

WASHINGTON—(AP)—Acceptance of a British-backed plan for partition of the Holy Land, provided the zone assigned to the Jews could be enlarged and given greater autonomy, was reported being considered for acceptance by President Truman's advisors on Palestine Saturday.

There appears still to be considerable opposition to any partitioning among those who have some influence with top Administration leaders and whether the plan for accepting the partition program will get President Truman's approval was an open question.

Softball League Plays Out Regular Schedule This Week

The JayCee-sponsored City Softball League plays out its regular schedule this week with Tuesday night games completing the second-half of play except for makeup contests.

According to the decree of a team managers meeting Friday with JayCee officials, only makeup games affecting first or second place standings will be played.

There will be a two-out-of-three playoff for the championship of each league by first and second place holders for second half glory. In the event there should be second half winners other than The Reporter-Telegram and Oil Scouts, who copped the first half flags, there will be a two-out-of-three playoff to determine the overall season league representatives.

In the event the Reporter and Oil Scouts come through with flags in the second half they will go into the city championship series without the necessity of these first and second half winners contests.

The team managers voted a three-out-of-five series for the championship of Midland. JayCees will handle the arrangements and ticket sales for the championship contests. A loud speaker system will be provided, and KCRS plans to broadcast some if not all the games.

Teams emerging into the city championship series may gather talent from any club in the city to fill out a 17-man roster for the finals after Red and Blue circuit playoffs are completed, the team managers voted at the Friday meeting.

Owens Prefers U. S.

(NEA Photo)

The first request of Mickey Owen to go to the U. S. at Brownsville, Texas, was for a big dish of ice cream. Mickey, who has been playing in the Mexican League, jumped the league and is trying to get back into the Brooklyn Dodger lineup.

Two Navy Gunners Lead Skeet Shoot

INDIANAPOLIS (AP)—A couple of former Navy gunnery instructors stood solid as lighthouses Saturday in a gusty wind and blasted 100 straight targets for the lead in the all-bore individual championship of the international and national skeet tournament at Capitol City Gun Club.

With 50 targets to go Sunday in the windup of the three-day event, Gerald (Jerry) Batten, of Chicago's Lincoln Park Club, and Alex Kerr of Beverly Hills, Calif., were the only shooters with a perfect string of 200.

Lee Braun of Austin, Texas, the 20-gauge champion, dropped two birds for a 198 total. Charley Poulton of San Antonio, Texas, the fourth 100-shooter Friday, missed one saucer and made a disallowed protest that it was defective. Both Braun and Poulton, 1941 all-bore champion, have been Army gunnery instructors.

Scouts Lead Morrison 3-2, Abbreviated Game

ODESSA — The Midland Oil Scouts, champs of the Red League at home, beat Morrison Brothers of Odessa, 3 to 2, Friday night in an abbreviated curtain-raiser to the Ector League's finals game between Gulf and Gabriel's.

The Scouts were ahead in the third inning when the game had to be halted to allow the championship playoff till to begin.

SPORTS

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, AUG. 11, 1946-3

Cleveland's New Deal

Jack Price throws balls in opposite directions with same delivery, pitch while standing on head, shags flies in jeep as newest thing in Veeck's Varieties in Cleveland. President Bill passes out nylons and athletes cut up with acrobats to music of Indian-bedecded swing band. There are singers, dancers, jugglers and cowboy whip crackers with fireworks at night.

New Manager And Professional Are Engaged By Midland Country Club

Midland Country Club directors announced Saturday that Warren Cantrell, formerly at the Abilene Country Club, will be manager here effective September 1. He will be assisted by Lloyd Watkins, golf professional.

Watkins formerly was employed at the Odessa Country Club and was golf professional at Joplin, Mo., for many years.

Cantrell is a professional golfer as well but he will devote his time to management while Watkins instructs the golfers.

The new manager went to Abilene from Stamford where he was country club director. Also he has served at Big Spring.

W. E. P. P. won El Paso Open

Watkins has been assistant professional at the Odessa club since getting out of service. He won the El Paso Open tourney last year.

The new manager and his professional list a number of plans for improving the Midland Country Club. For one thing, inter-city matches are expected to be stressed.

Golf of interest to all members of country club families is promised by the two directors. Especially is Watkins interested in providing golf matches for the youngsters.

Cantrell is married and will move to Midland with his wife around September 1. Watkins also is married and has two children. He will come here at the same time.

DOWN SPORTSLANE TANNER LAINE

Some things make this writing business worth living. They more than make up for all the cuffs, curses and criticism you have to take. Some things you can write make you feel good. Make you glad you do it.

We write today for Jones. We write to thank you all for him for the swell donation made at the benefit softball game the other night when good Midland sportsmanship contributed \$127 to help "Jonesy" along with the expenses of a broken leg suffered in a ball game.

When the money was all collected it was put in Jones' lap. He had tears in his eyes and couldn't say much.

We will, for him.

Thank you, Midland fans. You were swell. Thank you Oil Scout and Reporter players for the game to get the collection. Thank you, JayCee and other collectors, who passed the hats. Thank you, Rusty, for the announcement. Thank you, Fritz, Poostey and Rusty for the gratis umping.

We're for Jones, from his heart, we write by proxy: Thank you, Midland.

Lewis Williams is a Linotype operator. Lewis is not as lucky as some of us are. For one thing he had to work the other night when the Scouts-Reporter game was played. He loves sports. He enjoys a ball game and he has followed the Reporter team all summer. Another thing, Lewis can only see a game. He can't talk it over and he can't hear the build-up.

Knowing this, when we came back to the office to write up the game we saw Lewis back in the shop at his machine. So we typed out the game and took it back to him. His smile was worth much more than the little gesture we had made. They said thanks for him. He didn't have to say a word.

Lewis didn't get to see the game but he gave five dollars to "Jonesy." Our preview writup for him is one of the things which make sportswriting worth living. It was an assist we could do, with pleasure.

ROUNDIR' UP THE STRAYS . . . Back Dewie Kirby of the Bulldogs looks good and fit and ready for football season . . . John Scrogin, letterman guard of MHS, suffered a broken foot the other day but it is expected to knit before the first game . . . We hope so . . . This is the biggest linesman we have . . . Our best wishes go to Abilene with Jim Maedgen . . . Big Jim has been a figure in Midland sports for a long time . . . Jim, incidentally, has booked two college games to officiate this fall . . . One for Tech, one for Hardin-Simmons . . . Also he has a lot of high school games to work . . . The new Midland Coaches and Officials Association will miss Jim . . . And so will Midland sports . . . Taylor, JayCee softball catcher, was an athlete at Tulsa . . . Is an all-around performer . . . Football is his first love . . . But he once got a hit off Bobby Feller . . . Playing in a service game . . . Taylor won't tell what happened in his other times at bat against Fireball Robert . . . John P. Butler, banker but baseball fan deluxe, expects to get to see the World Series when his vacation

comes handily around about that time . . . But he is not for sure how wide he will have to commute between games, Boston and St. Louis, or Boston and New York . . . Anyhow he's going to see the series . . . Three Midland softball players were invited to play with the Monarchs Cola-Cola team in the state tourney . . . Henderson, Taylor and Pierce . . . The joust is this week . . . They may do . . . Hey, we roped a stray. That's all.

North All-Stars Beat South, 20-13 At Corpus Christi

By HAROLD V. RATLIFF CORPUS CHRISTI (AP)—The North clicked on the ground and in the air with the T-formation to beat the South 20-13 Friday night in the twelfth annual All-Star football game of the Texas Coaching School.

Running its string to seven victories against four for the Southern boys in the series, the pupils of Ray Eliot, University of Illinois

CORPUS CHRISTI (AP)—Billy Svoboda of Bonham, who played fullback for the North team in the annual all-star football game of the Texas Coaching School, was released from a hospital Saturday after treatment for a concussion suffered in Friday night's game. He was hit over the eye in the third quarter of the game.

coach, thrilled a crowd of 12,000—largest in all-star game history—with a versatile attack which had them ahead most of the evening.

Statistically, the Southern squad, coached by D. X. Bible of the University of Texas, held a slight edge with 122 yards to 189 rushing and passing but it was in the air that the North won the game. A pass from Charley Jackson of Denison, one of the game's top stars, to Dick Lipscomb of Paschal which ate up 29 yards for a touchdown in the last seconds of the third period proved the winning margin.

Jackson was selected as one of the best backs of the contest by the Texas Sports Writers Association. He tied in the vote with Ed Mattson, the rugged runner from South San Antonio. James Williams of Waco, who scored one of the South touchdowns on a blocked kick, was named the outstanding lineman.

South . . . 0 6 7 0—13
North . . . 6 0 14 0—20

South scoring: touchdowns, Mattson, Williams; point after touchdown, Williams (placement).

North scoring: touchdowns, Riley, Svoboda, Lipscomb. Points after touchdown, Clay 2 (placements).

MAAF Handcuffs Equitable, 16-1

Midland Army Airfield stamped a 16 to 1 defeat on Equitable insurance in a City League softball game Friday night. The game went only three innings.

Zurivitz handcuffed the losers with only one hit.

Oliver, manager of MAAF, hit a homerun with the bases loaded. Innacito for Army tripled with the bases packed.

A's Beat Senators After Losing Opener

WASHINGTON (AP)—The Philadelphia Athletics snapped a seven-game losing streak in the second game of a double header here Saturday, defeating Washington, 8-3, after dropping the opener, 4-1.

The score: R H E Philadelphia . . . 000 00 100—1 9 2 Washington . . . 000 002 20x—4 10 0

Fowler and Rosar; Wynn and Early.

Second game: R H E Washington . . . 000 000 210—3 10 3 Philadelphia . . . 000 401 102—8 15 2

Flores and Desautels; Hudson, Masterson, Kennedy and Guerra.

Gulf and Gabriel's Play For Odessa League Title

ODESSA—Gulf made it one-up with Gabriel's here Friday night, nudging the Jackie Neel boys, 1 to 0, in a thriller, which gave each team a win in the Odessa city league playoff.

Gabriel's won the first game, 6 to 0, behind Neel. Friday night Gulf beat out two bunts for their only safe hits off Neel but won.

The final was being played Saturday night.

Pirates Beat Cubs

PITTSBURGH (AP)—The last place Pittsburgh Pirates edged the Chicago Cubs, 3 to 2, Saturday. Nick Strincevich scattered 11 hits in pitching the Pirates to victory while the winners garnered six hits from two Cub hurlers.

The score: R H E Chicago . . . 000 101 000—2 11 1 Pittsburgh . . . 100 011 00x—3 6 1

Schmitz, Kush and Livingston; Strincevich and Lopez.

Yankees Beat Boston Although Williams Hits Two Homers

NEW YORK (AP)—Ted Williams finally broke a season-long slump at the Yankee Stadium Saturday with a pair of home runs and a single but the Boston Red Sox slugger was forced to yield the hero's role to Aaron Robinson who also blasted two home runs, the second coming with two on in the 12th inning to give the New York Yankees a 7-5 victory over the American League leaders.

Williams had sent the Red Sox into the lead in the first of the 12th with his second homer of the game and his 31st of the season. The Yanks rallied after two were out in their half when Joe DiMaggio and Charlie Keller singled and rode in ahead of Robinson's 13th round tripper of the year.

A single by Williams in the second inning was his first hit in Yankee Stadium in 18 official times at bat.

The score: R H E Boston . . . 010 000 300 001—5 13 0 New York . . . 100 000 300 003—7 13 1

Hughson, E. Johnson, Driesacker and H. Wagner; Bonham, Murphy and Robinson.

West Beats East In All-American Game

CHICAGO (AP)—The West walloped the East, 10 to 4, Saturday in the All-American Boys' baseball game before 28,211 at Wrigley Field, and major league scouts obtained a good look at wild and woolly baseball as played by inspired lads from city and cross-roads.

Immortal Ty Cobb watched his Western squad take its first victory in the three-year-old series by effectively mixing 10 hits with 14 walks off five East pitchers used by Honus (Hans) Wagner.

The game had its heroes, among them outfielder Walt Poecay from Richmond, Calif., who belted four hits in five trips.

Brooklyn Easily Beats Philadelphia, 6 To 0

PHILADELPHIA (AP)—Rube Melton pitched the Brooklyn Dodgers to a 6-0 shutout victory over Philadelphia Saturday for the National League leaders' 12th win without a defeat against the Phils this season. It also was Brooklyn's 18th straight victory over the Phils at Shibe Park.

The score: R H E Brooklyn . . . 100 200 003—6 13 1 Philadelphia . . . 000 000 000—0 3 0

Melton and Edwards; Raffensberger and Seminick.

Season Football Tickets Sale To Open Monday

It is first-come, first-served for good seats in the stadium next fall as the pre-season sale of football tickets opens Monday.

The tickets go on sale at the Chamber of Commerce office in the Scharbauer Hotel.

A special clerk is expected to occupy the office to handle sales, Roy Minear, ticket chairman, said.

The sale is sponsored by the Midland Bulldog Booster Club.

The Bulldogs' 1946 schedule brings Ysleta, Plainview, San Angelo, Big Spring and Odessa to Midland. There are two open dates, and out-of-town games are scheduled with Brownfield, Austin High of El Paso, Sweetwater, Abilene and Lamesa.

The season opens here September 13 against Ysleta and closes with the annual Thanksgiving Day battle with Odessa on the Midland field.

The schedule:

Sept. 13—Ysleta (Here)
Sept. 20—Brownfield (There)
Sept. 27—Austin High (At El Paso).
Oct. 4—Plainview (Here).
Oct. 11—Sweetwater (There).
Oct. 18—Open.
Oct. 25—Abilene (There).
Nov. 1—San Angelo (Here).
Nov. 8—Big Spring (Here).
Nov. 15—Big Spring (Here).
Nov. 22—Lamesa (There).
Nov. 28—Odessa (Here).

Hogan Wins Canadian Open Golf Tourney

WINNIPEG (AP)—Ben Hogan of Hershey, Pa., shot a four under par 68 on his final round Saturday to win top money in the \$10,000 Professional Golfers Association open tournament at Nakwa Golf and Country Club. His final score for the 72 holes was 281.

Two strokes behind at the finish with 283 were Slammin' Sammy Sneed of Hot Springs, Va., and Ellsworth Vines of Chicago, former big time tennis player.

Hogan trailed Sneed by two strokes at the start of Saturday's play. The Hershey sharpshooter's 69 matched Sneed's performance of Friday.

Macks Rallies To Wreck City Bus

Mackey Motors, with a last-minute spurt, edged out City Bus, 10 to 9, in an exhibition softball game Friday night.

The Macks came to bat in the last of the seventh behind, 9-6. Thanks to six walks and two CB errors, the Macks scored four runs without a hit to win the game.

Both clubs played short-handed.

COLTS PLAY SLATON

The Midland Colts, Latin-American baseball team, will play Slaton in a game to begin at 3:30 p. m. here Sunday.

At least 19 persons at one time simultaneously claimed the title of Roman emperor.

Personal
Message
from
the
Owners**

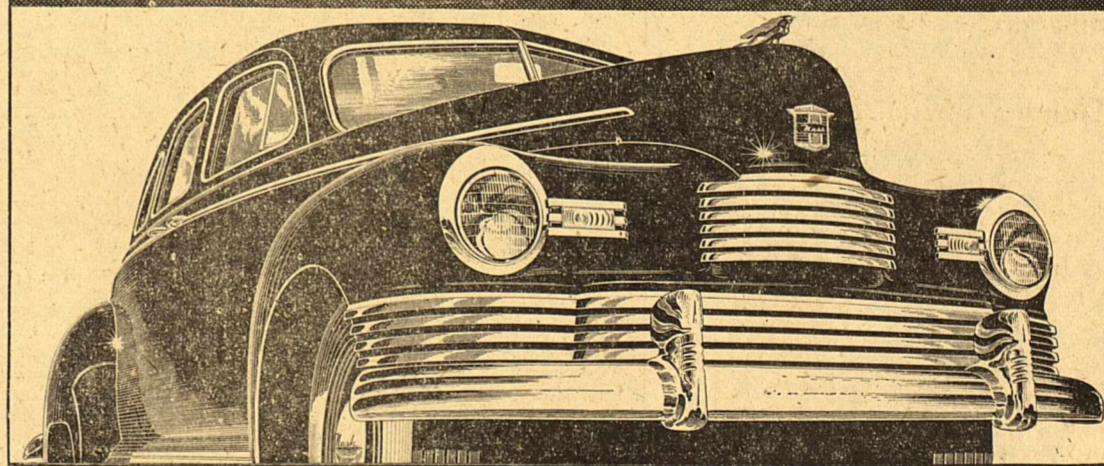

● Before making this affiliation, we went into the basic engineering of the new Nash automobiles with the utmost care . . . we examined the policy of the company—its long-range viewpoint—its method of distribution—its way of doing business.

They, in turn, have looked us over with the same sort of care. They've examined our credit rating—our service facilities—our personnel—our own qualifications to build a business with them that will be a credit to this community.

For part of the Nash program has been the building of the finest dealer organization in the country, with a nation-wide sales and service setup second to none.

Frankly, we consider our appointment as Nash representative here to be the most important step we have ever taken. For our comparison of Nash with other automobiles now in production completely convinces us that in basic engineering the new Nash "600" will become the most-sought-after car in the low-price field! With it is a new Nash Ambassador for the medium-price field. They're here now—for you to see!

Man Marries Negro For Sake Of Child

SAN FRANCISCO—(AP)—Gustav Woerner, 78, wealthy lock manufacturer, drove out of the city alone on a holiday trip Saturday after disclosing that he and Juanita Smith, 45, negro, had wed last Thursday in New Mexico after a romance that began 30 years ago.

Two San Francisco newspapers—the Examiner and The Call-Bulletin—quoted Woerner as saying the couple's 15-year-old daughter witnessed the Albuquerque ceremony. "In order to get a birth certificate for the child, I married this woman. It was the only thing I could do—it was the honorable thing to do," he was quoted as saying.

Texas Identified Among Plane Collision Victims

GREAT FALLS, MONT.—(AP)—Lt. George B. Colwell, Jr., of Luling, Texas, was identified Saturday night as one of the seven persons killed in a spectacular airplane collision and resulting fire at the North Montana state fair grounds Friday.

Part of the body of the seventh victim was found late Saturday in the ashes of a horse barn, which was set afire by one of the burning planes and which yielded three bodies Friday, after two air show planes collided in view of 20,000 fair spectators.

Mr. Merchant!

A 10-Hour Streamlined Study of Retail Credit Procedures

Conducted By

The University of Texas Industrial and Business Extension Training Bureau

Retail Training Specialist

Plasco G. Moore, Retail Training Specialist on the staff of The University of Texas, Industrial and Business Extension Training Bureau, will conduct this practical credit course. Mr. Moore has successfully conducted this course in more than twenty other Texas cities.

Who Should Enroll?

Store owners, managers, credit managers and trainees for future credit office positions should enroll in this course. The more efficient your credit department is, the stronger will be the credit structure in your city.

Enrollment Fee

An enrollment fee of \$1.50 is the only cost to the enrollee. This course is one of the many business services offered by The University of Texas Industrial and Business Extension Training Bureau.

All business men are invited to attend this school, whether you do credit business or not, or whether you are a member of the Retail Merchants Association. This is an invitation to all business men to attend.

U. S. Gives Peron Kid Glove Treatment

The head man of Argentina, Juan Domingo Peron, is currently being given the kid glove treatment by the U. S. State Department but that policy is highly controversial in North American circles here. Some elements point out that Peron, even though he holds the presidency through legal election, is the same man who was the dictatorial colonel behind the displaced Farrell regime. They say that some of his principal advisors are Spanish fascists and German Nazis and that he presents a smiling face toward the United States only to woo us into selling him guns, tanks and warships. When it comes to Peron, the smiling Argentinian shown waving in the inset above, there is no middle road. People either follow him with rabid adulation, like the banner-waving street throng in the background, or they hate him bitterly.

Candidate Withdraws In Favor Of Veteran

CORSICANA—(AP)—A run-off race for representative to Congress has been cancelled. Tom Tyson, Corsicana lawyer, withdrew in favor of his opponent, Col. Olin Teague, a veteran, in the Sixth Congressional District. Teague said Friday he still intended to make a handshaking tour of his area before going to Washington.

Midland Is On Route Of Texas Air Armada

Midland is included on the itinerary of the "most unique private plane armada in Texas history." The city will be visited by a flight of planes bearing a bevy of beautiful Lower Rio Grande Valley "Air Queens" inviting citizens to the "Air Day in Texas" celebration at Harlingen September 7 and 8.

Some 40 private Valley planes will rise from Harlingen's new airport August 21 and split into four flights, each carrying its quota of queen candidates, with each flight visiting seven to nine cities.

The planes will converge at Dallas during the second day for a mass flight.

The "Air Day in Texas" has been proclaimed by Gov. Coke Stevenson.

The 30 Texas cities which will be visited by the air armada are Dallas, Fort Worth, Houston, San Antonio, Laredo, Eagle Pass, Del Rio, El Paso, Midland, Big Spring, Wichita Falls, Alice, Kerrville, Sweetwater, Abilene, Kingsville, Sinton, Taft, Yoakum, Austin, Waco, Corpus Christi, Victoria, El Campo, Wharton, Beaumont, Lufkin, Marshall and Texarkana.

Skepticism Harasses Japanese Cabinet

TOKYO—(AP)—A multitude of problems and skepticism on the part of the people as to the government's strength and ability harassed the Japanese cabinet in June, General MacArthur reported Sunday in his monthly review of the occupation.

The topmost problem was food—both production and distribution—and the government's efforts to ease the situation failed to inspire confidence, the report said.

Allied headquarters anticipated some relief, however, would result from extension of fishing areas and an accompanying increased production of seafoods.

The difficulty of renewing the Japanese economy was another government problem.

Refuse Piles Up As Tulsa Strike Continues

TULSA, OKLA.—(AP)—Street Commissioner George Stoner Saturday night estimated by Monday nearly a 1,000,000 pounds of refuse would lie uncollected in Tulsa alleys and backyards as a result of a strike of garbage collectors and street employees.

Earlier Mayor Lee Price said a small group of street department workers reported at City Hall willing to end their part of the strike involving 245 municipal workers.

City Attorney Charles Bostick indicated the city planned further court action to prevent picketing activities.

The garbage collectors struck Thursday after a dispute with city officials over union recognition. They were joined by 110 street department employees Friday. City commissioners contended the city could not legally bargain with a labor union.

Feller Relief Pitches To Beat Browns, 5-3

ST. LOUIS—(AP)—Fireball Bob Feller, working three innings in relief as the Cleveland Indians beat the St. Louis Browns 5 to 3 Saturday night, whiffed four Brownies to run his season's strikeout total to 255, but was outdone by Brown reliever Ellis Kinder who fanned four Indians in two frames.

The score: R H E Cleveland 300 010 100-5 13 1 St. Louis 010 000 200-3 6 2 Harder, Feller and Hegan; Potter, Kinder and Mancuso.

SAN ANGELOAN IN FINALS OF WASHINGTON TOURNAMENT

WASHINGTON—(AP)—James Evert of Fort Lauderdale, Fla., fought his way into the singles finals in the Middle Atlantic tennis tournament on Kenwood Country Club courts Saturday. Sunday he will defend his title against Bernard Bartenzen of San Angelo, Texas.

Seeded Number 1, Evert defeated Barney Welsh of Rockville, Md., 6-1, 6-3, 4-6, 6-4, while Bartenzen, seeded Number 2, disposed of Davey Johnson of Washington, 6-1, 6-2, 6-1.

STRANAHAN AND WARD MEET IN WESTERN FINAL

DULUTH, MINN.—(AP)—A 12-foot putt that dropped on the 39th hole gave Frank Stranahan a one-up victory over Smiley Quick of Inglewood, Calif., ending a feud that flared up twice during the Western Amateur golf tournament Saturday.

Stranahan thus won the right to meet Marvin "Bud" Ward of Spokane, Wash., for the title. Ward defeated George Victor of Chicago, 5 and 4, in the other 36-hole semifinal match.

BABE DIDRICKSON IS FAVORED IN WESTERN

CLEVELAND—(AP)—A record field of 190 entries, topped by favorites Louise Suggs and Mrs. Babe Didrickson Zaharias, will tee off in the qualifying round of the 1946 Women's Western Amateur Golf Tournament at Suburban Chagrin Falls Monday.

The country club's long, 6,500-yard course will favor "The Babe," famous for her booming drives off the tee, but Miss Suggs has handed a defeat to the famed athlete in the past year.

TAYLOR GETS DISCHARGE

Headquarters at the personnel center of the U. S. Army at Fort Sam Houston reported Saturday that Hollis C. Taylor, Jr., of Midland, former private, has been honorably discharged from service.

Building Of New Homes Of Plastic, Aluminum Upped

WASHINGTON—(AP)—Mass production of low-cost homes from aluminum, steel, plastics and concrete received a fresh push Saturday from Housing Expediter Wilson Wyatt.

Despite a disappointing start this year on the government program for "production-line homes," aides of Wyatt said they still were shooting at a goal of 600,000 "prefab" homes for 1947.

At the same time Wyatt polished up an invitation to road builders, the airplane industry, and other large operators—facing post-war cut-backs or restrictions—to join in the factory-built homes program.

Wyatt offered these government aids to producers of "prefabs":

- Testing service by government experts to pass on new materials.
- Priority assistance on necessary materials once Wyatt's experts have given the products or plan approval.
- Guaranteed contracts that assure the producer a market.
- Assistance in obtaining surplus wartime plants and facilities.
- Loans or other necessary financing for large-scale production.

Wyatt described both metal and concrete homes as "very promising" with the former adaptable to assembly-line production used during the war and prewar periods for automobiles and airplanes.

Both avoid existing scarcities in lumber, brick and other products required few conventional building, although steel now is becoming a problem.

Bidding To Start Soon On Odessa Carbon Plant

DALLAS—(AP)—With the receipt of an appraisal of the surplus government owned carbon black plant at Odessa, a cut-off date for bids of prospective purchasers is expected to be set "in the near future," Harry L. Holliday, regional director of the Dallas office of War Assets Administration, said.

Bidding on this channel type plant, with a rated annual capacity of 41,000,000 pounds, is expected to be spirited. Among the bidders will be United Carbon Company, present lessee.

The present value of the plant was estimated at \$7,657,739 by an appraisal engineer. Cost of reproducing the plant at present costs was placed at \$8,472,612.

Stubbeman Addresses Alaska C. Of C. Meet

Frank Stubbeman, Midland attorney, recently addressed the Nome, Alaska, Chamber of Commerce at a banquet.

Mr. and Mrs. Stubbeman and their children have been traveling in Alaska by plane, train, bus, and boat. They plan a flight over the Arctic Circle in a few days.

Daniel Baker Becomes Part Of Southwestern

BROWNWOOD—(AP)—Daniel Baker College at Brownwood will operate as a college of Southwestern University beginning with the fall semester September 12, J. R. Holley, chairman of the board of trustees of Daniel Baker, announced here Saturday.

His announcement followed a meeting of the executive committee of the Southwestern University board of trustees. Negotiations have been under way 30 days.

EVERYTHING WAS ALL WRIGHT AT MARRIAGE

GREENSBORO, N. C.—(AP)—Everything was just about all Wright at the wedding here Saturday night of Thomas Henry Wright, Jr., and Miss Margaret Guest Taylor.

The Rt. Rev. Thomas Henry Wright performed the ceremony. Thomas Henry Wright, Sr., the groom's father, was best man. Thomas Henry Wright, II, son of the bishop, was junior groomsman.

Said the bride: "Everything was fine—all right, that is."

Bumper Crops To Ease Restrictions On Grain Foods

WASHINGTON—(AP)—The Agriculture Department said Saturday there was a possibility that restrictions on use of grains for food, livestock feed and industrial purposes may be eased if wheat and corn crops turn out to be at record levels now forecast.

The department said final decision will be governed in part by the world food situation after harvests are in, and particularly the need for export wheat from the United States.

The government has earmarked 250,000,000 bushels of this year's record of 1,100,000,000-bushel wheat crop for export. This country exported about 385,000,000 bushels from last year's crop.

Food Supplies To Increase

A department food report said for the remainder of 1946, seasonal increases in production will result in food supplies slightly larger than those available so far this year.

Compared with a year earlier, there may be somewhat less of some foods including chicken, sweet potatoes, but more potatoes, fresh fruit and vegetables.

The department said meat supplies for civilians will be larger than a year ago until late fall. By October, however, lower production of beef and lamb than in 1945 and possible larger exports to shortage areas abroad may bring civilian supplies below the near record high consumption level of last winter.

Supplies of fresh and frozen fish are expected to be plentiful during the rest of the year. Egg supplies are expected to be relatively large during the next five or six months. About as many turkeys will be marketed for civilians as for the 1945 holiday season, but less chicken will be available than last fall and winter.

The department said there is little prospect for a significant improvement in supplies of fats—such as butter, margarine, lard, shortening—in the coming months. Butter production is dropping seasonally and heavy exports of lard are scheduled.

Jester Pledges Effort To Raise Salaries Of Texas School Teachers

DENISON—(AP)—Beauford H. Jester, candidate for governor, in a speech prepared for delivery here Saturday night, pledged his efforts toward raising the salary of Texas school teachers to a minimum of \$2,000 annually.

"We must have higher salaries for Texas school teachers, who compose the foundation of our educational system," Jester said.

The candidate declared that Texas should pay teachers "a sufficient salary to encourage those of future generations to take up careers as teachers."

Jester said statistics showed that the total enrollment of Texas teachers' colleges is barely half of what it was five years ago, with fewer of these students preparing for teaching careers.

"When we make the profession of teaching financially attractive, we will not have any trouble getting the best to instruct our children," he said.

Jester quoted figures to show that the average salary of 46,000 Texas teachers is only \$1,785 annually. He said this average was low because of the increased apportionment. He said the average 15 years ago was \$1,078.

"This condition must be corrected," Jester said. "As your governor I will use my best efforts to raise this average to at least \$2,000 which will require an expenditure of approximately \$100,000,000 a year. Because we have the money in the state treasury now, I believe this is a must for Texas."

GI Aid Averages Nearly \$1,000 Each

WASHINGTON—(AP)—The 79th Congress provided \$12,809,802,000 for war veterans, or nearly \$1,000 for every soldier discharged since V-E Day.

Almost a third of this was included in a batch of bills which reached President Truman in the closing days of Congress, which he signed Friday and Saturday.

The largest single item was the \$2,421,000,000 to pay for the terminal pay bill.

World War II veterans received by far the greatest share of the cash and other benefits but some money went to veterans of other wars.

As the bills were being signed, Gen. Omar N. Bradley, veterans administrator, said America, in dollars and cents, has provided for its war veterans more generously than any other nation.

But he added if "scandalous conditions" are to be avoided, the time now has come to shift emphasis from quantity to quality of opportunities.

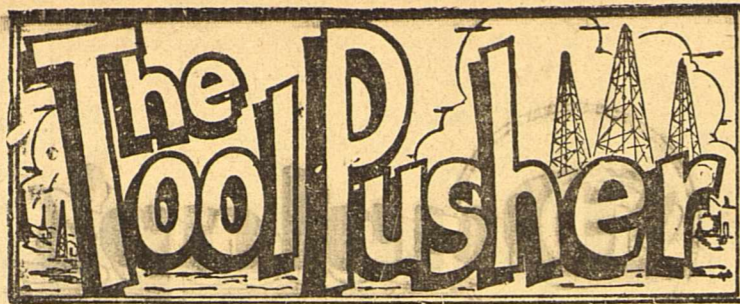

Rayburn To Rest On His Farm Near Bonham

BONHAM—(AP)—Speaker of the House Sam Rayburn said Saturday he had no definite plans for the summer but "rest."

Rayburn arrived at his farm home here late Friday from the national capital along with Rep. Eugene Worley (D-Texas) of Shamrock. Worley is visiting his wife's parents here.

Infant Twins Die Soon After Birth Saturday

Infant twin daughters of Mr. and Mrs. Jack Knight of Midland died soon after birth Saturday morning at a hospital.

By JAMES C. WATSON, Oil Editor

BARTON WILL TALK ON PRE-PERMIAN GEOLOGY AT ENGINEERS MEETING

A discussion of pre-Permian geology in West Texas and Southeast New Mexico will feature the August program of the American Institute of Mining and Metallurgical Engineers. The meeting will start at 6:30 p. m., August 20, at the Log Cabin Inn in Midland.

The program will be in charge of Jackson M. Barton, of the Midland Geological Office, Magnolia Petroleum Company. He may be assisted by other geologists.

He will present and explain the pre-Permian columnar section recently completed by the West Texas Geological Society, and follow with an informal discussion of probable correlations on pre-Permian beds underlying some of the deeper fields in West Texas.

The subject to be discussed is expected to attract a record attendance on account of the widespread interest in the deeper pays in the Permian Basin of West Texas and New Mexico.

The program will come after a dinner and entertainment session. Those who plan to attend are requested, by officials of the AIME meeting, to make reservations in advance by sending a check to the P. O. Box 431, Midland, or to call in person at his office at Continental Oil Company's production department.

TEXACO TRANSFERS COBB TO TAMPA DISTRICT

Dalton H. Cobb, scout in the Midland office of The Texas Company for about two and one-half years, has been transferred to the Tampa district, where he will scout the Texas Panhandle, Southwest Oklahoma and North New Mexico.

Tom J. Murphy, who has been doing Texaco's scouting in New Mexico and the north side of West Texas, will take over the work Cobb has been doing, in the main West Texas district.

Tom Frye, who has been with the company for some time, is to get the assignment formerly handled by Murphy.

ROBERTS IS NEW TIDE WATER SCOUT

Charles Roberts is the new scout in West Texas for Tide Water Associated Oil Company. He has been transferred here from Tyler, where he had been covering the East Texas area.

Roberts takes the place vacated last week when Harry Rhodes resigned to take a job as landman for American Trading & Production Corporation.

ANOTHER ERROR

In this report last Sunday it was stated that Miss Robbie Elder was a new stenographer in the scouting department at Magnolia Petroleum Company. That was an error. Miss Elder is the stenographer in the scouting department at Amerada Petroleum Corporation.

BROCKETT IS NEW STANOLIND SCOUT

Dick Brockett is a new scout in the Midland office of Stanolind Oil & Gas Company. He takes the work formerly handled by Paul A. Driek, who has been promoted to a geological department job.

SIGMA CHI WILL HOLD BARBEQUE AUGUST 16

The Midland chapter of Sigma Chi fraternity will hold a barbeque at the residence of Lee Flood on the Andrews Highway, in the north-west suburban section of Midland, at 6 p. m., August 16.

All members of the organization in West Texas are invited. Those planning to attend should communicate in advance with C. W. Chancellor, telephone 430, Midland.

STANOLIND HAS NEW GEOLOGICAL LABORATORY

The sample examination section of the Stanolind Oil & Gas Company's West Texas New Mexico geological department in Midland is now working in its own, new structure "Quonset." It is located in the 700 block on South Pecos Street.

The building is 20 feet by 72 feet. The outer wall of the building is of sheet steel and the inside is sheet rock. The building is insulated with four inches of rock wool and it has an extra size air-conditioning unit. The windows and doors have specially designed steel awnings.

The structure was erected for Stanolind by Abel-McHargue Lumber Company. The grounds are to be landscaped and planted.

HAYS NEW MANAGER OF CONTINENTAL SUPPLY

W. T. (Matt) Hays, the new manager of the Midland district office of Continental Supply Company.

Charles R. Pierce, recently released from military service, is the new district sales engineer. This office supervises Continental's business in the West Texas-New Mexico area.

WAHLSTROM RESIGNS FROM GULF JOB

E. A. Wahlstrom has resigned as superintendent of production for the Fort Worth district of Gulf Oil Corporation, and has been succeeded by F. E. Hatfield, who recently returned to Fort Worth from an assignment in South America.

Wahlstrom, formerly a resident of Midland, announced that he will soon open offices in Fort Worth, to operate as an independent oil man.

NEW MEN AT SHELL

New men in the Midland offices of Shell Oil Company, Inc., include

T. S. Edrington, as district geophysicist, in the exploration department, and Wallace Wilgus, as a geologist in the exploitation section of the production department.

BLACKMAN RESIGNS FROM BARNSDALL

W. E. (Bill) Blackman has resigned from the staff of Barnsdall Oil Company in Midland. He has not announced his future plans, but plans to remain here.

He was with Barnsdall as a geologist 11 years. He first started working in the Permian Basin in 1927, when he went to Carlisbad, N. M., with the old Marland Oil Company.

MAGNOLIA OFFICES STILL HAVE TELEPHONES

H. A. (Bert) Hemphill, district geologist, and John Jones, district landman, in Midland for Magnolia Petroleum Company, want their friends, customers and clients to know that they still have telephones in their offices—despite the fact that through some sort of an error, the number does not appear in the current telephone directory.

The number is still 572—and Hemphill and Jones would rather not be reminded of this matter any further.

MAEDGEN AND NOLAND TO HEAD NEW SKELLY OFFICE AT ABILENE

Skelly Oil Company is opening a district land and geological office at Abilene to handle operations of the concern in the West-Central area.

James R. Maedgen, at present assistant district landman for the Permian Basin, is to be head of the Skelly land department in the Abilene office.

C. S. (Stewart) Noland, who has been in the company's Midland geological department several years, and has been looking after operations in New Mexico for some time, is to be the Abilene district geologist.

FRENCH AND JENKINS HOSTED A PICNIC

Lloyd French of French Tool & Supply Company at Odessa, and Clark Jenkins, industrial equipment representative for Goodyear Tire & Rubber Company, were hosts for a party and picnic in the Mabree field in Southeast Andrews County last week.

Primary purpose of the gathering was to demonstrate a recently developed tank coating, which resists corrosion from the sulphur crudes of the Permian Basin.

KROENLEIN SERVICE INSTALLS DEXIGRAPIH

Mrs. Mayme Kroeinlein, operator of Kroeinlein's Geological Record Service, with offices in the Crawford Hotel, has installed a dexigraph, a recently developed duplicating machine.

The appliance makes photo copies of all sorts of legal instruments and records—and an unusual feature is that it can copy a deed or lease, and put all riders and endorsements on one sheet.

Eldon Roach is a new employee of the service. He will operate the duplicating machine.

Donald A. Elliott is another new man in the Kroeinlein organization. He is to be office manager and will do drafting, log plotting, map spotting, and other work for clients of the office.

Both Roach and Elliott are ex-service men.

SHOP FIRE AT DALLAS CAUSES \$20,000 DAMAGES

DALLAS—(AP)—Fire Saturday destroyed the main shops and storage sheds of the Illinois Wire and Manufacturing Company. Loss was estimated at \$20,000.

Geysers are found only in the United States, Iceland and New Zealand.

Livestock

FORT WORTH—(AP)—Cattle: compared week ago; slaughter steers and yearlings steady to 25 higher, medium and good beef cows weak to 50 lower, other cows fully 50 higher, slaughter calves around 100 lower, stockers weak. Week's tops: yearlings 19.00, grass steers 17.50, beef cows 14.00, fat calves 16.00, stocker yearlings 15.75, weaners: good feed steers and yearlings common and medium grades 12.00-15.50, beef cows 9.25-12.00, fat calves 11.00-15.00, yearlings and steers 10.00-14.00.

Hogs: compared with a week ago; butcher hogs 50 lower, sows 1.00 lower and stocker pigs weak to 50 lower. Week's tops: butcher hogs 25.00, sows 22.00, stocker pigs 18.00. Closing bulk: good and choice 180 pounds up 24.00, good and choice 150-175 pounds 22.25-23.75, sows 21.00.

Sheep: compared with a week ago; good spring lambs, feeder lambs and cull and common ewes steady, medium and good ewes 50-1.00 lower. Week's tops: spring lambs 17.50, yearlings 13.00, feeder lambs 14.00. Closing bulk: good spring lambs 16.00-17.00, medium springers 14.00-15.50, medium and good feeder lambs 11.50-13.50.

Texas Hall Of Fame To Get Nimitz Bust

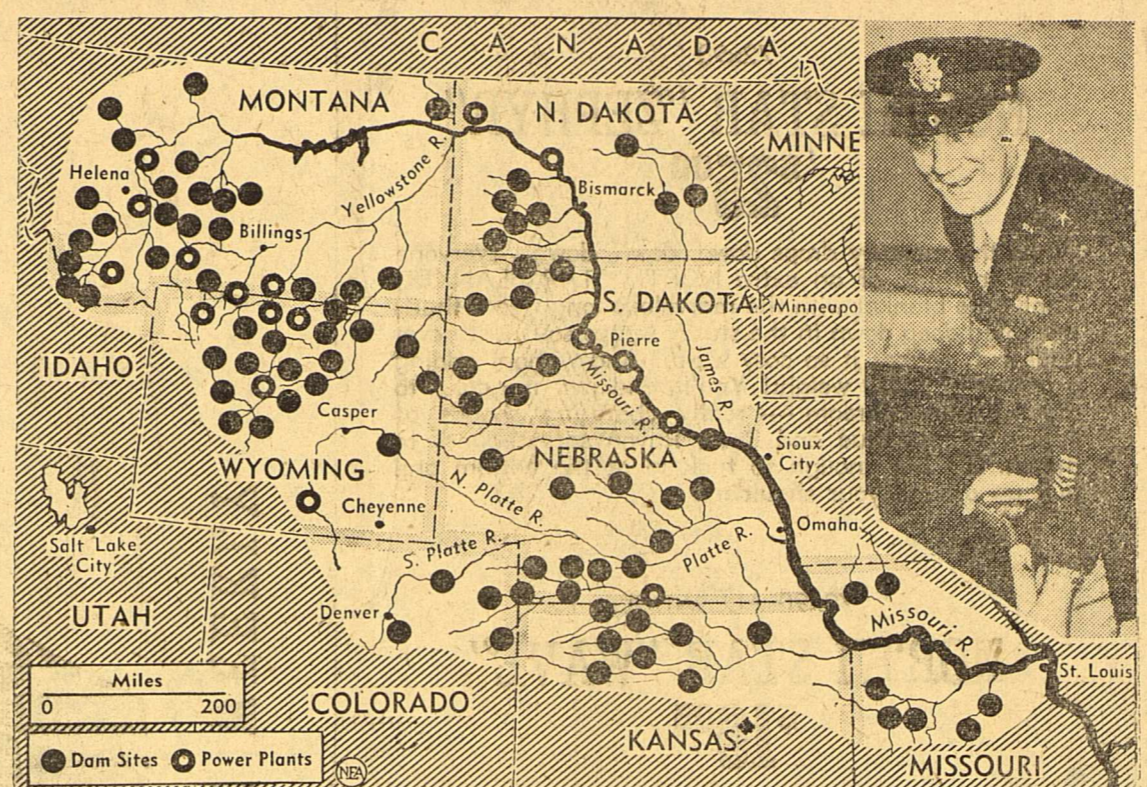

Chief of naval operations, which when completed, will be placed in the Fleet of Hall of State at the Texas State Fairgrounds, Dallas. The bust will be unveiled on Pearl Harbor Day, Dec. 7, 1946, at Dallas. Looking on are Dale and Mrs. Miller, of Dallas. Miller is past president of the Texas Society in Washington, D. C.

(NEA Telephone)

Chief of naval operations, which when completed, will be placed in the Fleet of Hall of State at the Texas State Fairgrounds, Dallas. The bust will be unveiled on Pearl Harbor Day, Dec. 7, 1946, at Dallas. Looking on are Dale and Mrs. Miller, of Dallas. Miller is past president of the Texas Society in Washington, D. C.

Project To Harness Missouri River Started

The man with the shovel is Brig. Gen. Lewis A. Park, who engineered China's famed Ledo Road. Here he's breaking ground on his dream project to make pay dirt of the Big Muddy, a project that embraces one-sixth of the nation. Scope of program to harness the Missouri and its tributaries in nine states is shown on map.

Foes Of Ceilings On Grain Gain Strength As Hearings Approach

WASHINGTON—(AP)—Foes of grain price ceilings Saturday night gained strength from official predictions of bumper crops, as they prepared to open hearings Monday morning before the Price Control Board.

The three-man board announced its schedule for hearing 43 spokesmen for industry, farm, labor and consumer groups who will come to grips Monday and Tuesday in showdown arguments.

Twenty will appear in rapid-fire order Monday on grains and feeds, 23 Tuesday on livestock, meat and their products. Arguments on cottonseed, soybeans, milk and their products will be heard Wednesday and Thursday.

The price lid is off, by act of Congress, until August 31, on all five commodity groups, which comprise 60 per cent of the foodstuffs. It is the board's job to decide by then whether price ceilings go back on.

Location For 4,500-Foot Wildcat Is Spotted In Central Curry County

HOBBS, N. M.—Location for a 4,500-foot wildcat in Central Curry County, about 20 miles northwest of Clovis, was reported Saturday.

It will be H. W. Snowden No. 1 Garrett, and will be 660 feet from north and east lines of section 26-34. Material is being moved in and drilling will start shortly.

In the Brunson area of East-Central Lea County two one-location stepouts from Ellenburger producers on the north side of the field were in process of completion as oil wells.

The Water Associated Oil Company, (Sinclair Prairie), No. 5 Brunson, 1,800 feet from south and east lines of section 4-22S-37E, was bottomed at 7,846 feet, in granite entered at about 7,845 feet.

Preparing to Test

It had drilled through a considerable section of Ellenburger lime, which had shown indications of production. Operator was preparing to run casing and start completion tests.

The Water Associated Oil Company, No. 2 Clifton, 660 feet from south and 810 feet from west lines of section 4-22S-37E, about three-quarters of a mile northwest of closest Ellenburger well on the north side of the Brunson area, was testing, through casing perforations, in the Ellenburger, between top of that formation at 8,005 feet, and total depth at 8,097 feet.

The interval at 8,015-35 feet showed an average of 11.4 barrels of oil per hour, natural, for 25 hours. At last report operator was testing another section of the formation.

Still Making Hole

Reppolo No. 1 Simmons, East Lea County wildcat, in southeast quarter of section 25-21S-37E, and about two miles northeast of Eunice, had reached 8,538 feet, and was drilling ahead in an unidentified formation.

Operator is not releasing any information on the progress of this project except drilling depths.

Coats and Foster No. 1 H. S. Record, East Lea County prospector, 1,650 feet west of closest producer on the west side of the Eunice-Monument field and 1,450 feet from north and 330 feet from east lines of section 15-2S-36E, had tested for about 30 barrels of oil per day, flowing from lime pay at 3,650-3,904 feet, which had been treated with acid, and was to be completed and put on production.

This is an old shallow dry hole to 1,301 feet, which had been taken over and deepened.

On Northeast Side

Continental Oil Company, et al, No. 1-A-35 Lockhart, 680 feet from north and west lines of section 35-21S-37E, on the northeast side of the Drinkard field, a short distance east of Eunice, in East-Central Lea, was bottomed at 6,553 feet, in the Clear Fork-Permian lime.

A string of casing had been cemented on bottom and operator was to perforate and test at 6,540-50 feet. That section had logged some indications of production.

Recently, when Humble Oil & Refining Company abandoned and plugged No. 1-B Federal-Leonard, in the Ellenburger, with a big dose of salty sulphur water, on a total depth of 12,535 feet, it was stated in this report that it was the deepest petroleum exploration ever drilled in New Mexico. It was located 1,980 feet from the north and 660 feet from west lines of section 12-26S-37E, and one-half mile north of the discovery for Ellenburger production in the Dublin field, in extreme Southeast Lea County.

Report Was Incorrect

The statement that No. 1-B Federal-Leonard had the New Mexico depth record was an error. That distinction is held by Phillips Petroleum Company No. 4 Leamex, a dry hole, completed on total depth of 13,998 feet on Sept. 7, 1945.

The Phillips wildcat was plugged 660 feet from south and west lines of section 17-17S-33E, in West-Central Lea County, and on the west side of the Maljama field.

When it suspended operations it was in Pennsylvanian lime. It had no shows of production at any point between the surface and the bottom.

Humble No. 1-B Federal-Leonard falls in second place on the New Mexico depth record and the discovery well of the Dublin field, Humble No. 1 Federal-Leonard is in third place in that list. It drilled to total depth of 11,969 feet in the Ellenburger and was completed Dec. 20, 1944, as the first Ellenburger producer for the entire state of New Mexico. It is also in section 12-26S-37E, and 660 feet from south and west lines of the section.

Another One Plugged

C. W. Chancellor No. 1 State, in West-Central Lea County, about two miles east of the Maljama field, and in southeast quarter of section 27-17S-33E, drilled to 4,793 feet, in dry, hard lime, and had been plugged and abandoned.

Slight shows of oil and gas had been logged between 5,540 feet and 4,560 feet, and considerable sulphur water developed around 4,575 feet.

Magnolia Petroleum Company, and others, No. 1 Black Hills unit, Southwest Chaves County wildcat to around 8,000 feet, about 25 miles west of Artesia and in section 31-17S-20E, was making hole below 1,830 feet, in hard lime, in the middle Permian.

This project had drilled through a porous section, above the current level of operations, and had tested in that formation, but failed to develop any signs of oil or gas.

Scattered Wildcats

Union Oil Company of California No. 1-A McMillen, South Central Otero County exploration, in section 9-25S-13E, had progressed an dger 5,198 feet, in dry lime and was going ahead.

The Pure Oil Company No. 1 Federal, Northeast DeBaca County wildcat, about 13 miles east of Fort Sumner and in section 31-3N-28E, had penetrated below 4,899 feet, in lime, and was going ahead toward its objective of 7,000 feet of production at a higher level.

Richfield Oil Corporation No. 1 Drought-Booth wildcat, in section 4-15S-6W, in McKinley County, in Northwest New Mexico, and on the southeast side of the San Juan Basin has been plugged and abandoned on total depth of 7,145 feet, in granite. It had no shows of oil or gas at any level.

Monthly NAA Meeting Will Be Held Tuesday

The August monthly meeting of the Midland chapter of the National Aeronautic Association will be held in the Private Dining Room of the Scharbauer Hotel at 8 p. m., Tuesday.

President M. T. Smith who called the meeting urged all members to be present.

Anti-Rainey Students To Speak In Midland

Three University of Texas students who have been touring Texas as three weeks campaigning against the candidacy of Homer P. Rainey, former president of the institution, for governor of Texas, will speak on the courthouse lawn in Midland at 9:30 a. m. Tuesday.

The speakers will be Bob Bradley and Ben Haden of Houston, and Jim McHargue of Midland. They will use as the subject of their program "The Students' Case Against Dr. Homer P. Rainey."

The three have covered South Texas, the Rio Grande Valley and East Texas, in their speaking tour and are now planning to visit several West Texas cities.

They also will speak on KORS at 7:30 p. m. Monday.

White Eagle Starts Gas Development Program In North-Central Andrews

White Eagle Oil Company of Tulsa has taken a farmout on two and one-half sections in the Shafter Lake area in North-Central Andrews County, from The Texas Company, and has agreed to drill five explorations on the acreage to 2,900 feet, to test the Yates lime section for gas.

Included in the deal are all of sections 5 and 7, and the north half of section 6, block 14, University survey, on the east side of the Shafter Lake gas field.

All five of the projects are to be completed by November 15. The acreage is on University of Texas Lands, contract to drill the five wells has been let to Helmerich & Payne, Inc., according to O. G. (Pete) Morgan, of Midland, West Texas representative of that concern.

White Eagle No. 1 University, located at center of northwest quarter of section 5, block 14, University survey, is to start drilling early next week. This location was originally announced last week.

White Eagle No. 2 University will be at center of southwest quarter of section 5, block 14, University survey.

White Eagle No. 3 University will be at center of northwest quarter of section 6, block 14, University survey.

White Eagle No. 4 University will be at center of northwest quarter of section 7, block 14, University survey.

White Eagle No. 5 University will be at center of southwest quarter of section 7, block 14, University survey.

minutes, before the packer failed. A small amount of gas showed at surface in four hours and 30 minutes. Recovery was the 1,150-foot water blanket, cut with gas; 120 feet of 43-gravity oil; and some drilling mud; and 180 feet of sulphur water.

It is understood that operator plans to test this project in the 12,455-470-foot zone, which is in the top of the Ellenburger, after the acid and in the event the zone fails to make commercial production, to abandon efforts to get anything from the Ellenburger.

If, and when, such is done, other formations up the hole which have indicated possibilities of production will be tested.

Still in Simpson

E. E. Fogelson and Cosden Petroleum Corporation No. 1-D-C University, Ellenburger wildcat in Southwest Ector County, and in northwest quarter of section 1, block 35, University survey, was making hole below 8,807 feet, in Simpson lime and shale.

Ray Oil Company and M. Stanolind No. 1 W. E. Connell, in southeast quarter of section 8, block B-26, psi survey, one mile north of closest production in the Sand Hills field, in Central-Northwest Crane County, was reported to be taking a drillstem test to total depth at 4,469 feet, in a lime zone.

Samples at 4,440-51 feet had some signs of oil. A core was taken at 4,451-69 feet. Recovery was 18 feet of dolomite, with streaks of shale, and with streaks of cavernous porosity which were bleeding oil and water in the bottom three feet of the core.

Magnolia Petroleum Company No. 5-D Havemeyer & Jenny, located 660 feet from south and 1,980 feet from east line of section 459, block G, CCSD&RNG survey, in the Russell area in Northwest Gaines County, was to drill ahead from 6,187 feet, in the middle Permian lime.

From Upper Pay

A drillstem test was taken at 6,060-6,167 feet, for 90 minutes, after a saturated section had been encountered at 6,078 feet.

Gas estimated at 50,000 cubic feet per day showed at surface in 12 minutes. The well did not flow during the test, but final recovery was 4,440 feet of clean oil.

This is from one of the upper pays in the Russell field. The project is to go on to around 8,000 feet to explore the lower Permian section which is productive in the area.

Shell Oil Company, Inc., No. 1 Pinson, West Andrews County Ellenburger wildcat, in northwest quarter of section 13, block A-40, psi survey, and one mile southwest of the initial producer in the Nelson field, was making second attempt to run a drillstem test in the Ellenburger at about 10,640-674 feet.

That zone was understood to have showed some oil stains—even though it was considerably low to the discovery well of the region. A report on the test had not been received late Saturday. The first effort to test the formation had failed.

Water In Ellenburger

Bennett and Sorrells No. 1 Sanders, Northwest Tom Green County wildcat, in section 188, Washington County Railway survey, and about 11 miles northwest of San Angelo, was bottomed at 6,751 feet, in Ellenburger dolomite, and was waiting for orders.

A drillstem test to that total depth developed 1,000 feet of sulphur water. It was understood that an electric log survey was to be run. The prospector entered the Ellenburger at 6,635 feet, on an elevation of 2,049 feet. It had not logged any shows of oil or gas in any formation.

Shell Oil Company, Inc., has filed application to drill No. 7-L TXL on the northwest side of the TXL-Ellenburger field, in West Ector County.

It will be 561 feet from south and 668 feet from east lines of the southeast 243.11 acres in section 41, block 45, TP survey, T-1-N, and is to start drilling to around 9,800 feet, by August 22.

Still Fishing

Stanolind Oil & Gas Company and Westbrook-Thompson Holding Corporation No. 35-A Hendrick, West-Central Winkler County wildcat, was still bottomed at 13,416 feet, in Ellenburger dolomite.

The string of stuck drill pipe had been cut at 9,233 feet, and it was understood that efforts would be renewed to get it out of the hole so that coring could be resumed.

Argo Oil Corporation No. 1 Roberts, Southeast Reeves County Wildcat, About 13 Miles Northeast Of Balmorhea, And In Section 294, Block 13, H&G Survey, Had Reached 12,952 Feet, And Was Drilling Ahead In Shale.

Stanolind No. 1 Kayser, West-Central Ector County prospector, in section 34, block 43, TP survey, T-2-S, one and one-quarter miles west of the South-Cowden field, had progressed below 13,119 feet, in lime and shale, and was drilling ahead.

Making More Hole

Shell Oil Company, Inc., No. 1 Clark, North Glasscock County exploration, eight miles north of Garden City, and in section 5, block 32, TP survey, T-4-S, had reached 9,691 feet, in an unidentified lime, and was continuing.

Argo No. 1 Mitchell, East Presidio County wildcat, in section 40, block 1, TW&NG survey, was drilled ahead past 6,620 feet in lime and shale.

Stanolind No. 1-GG University, Northeast Crockett County wildcat, in section 12, block 39, University survey, about 12 miles southeast of the Barnfield field, was reported to have drilled and was to be taking a drillstem test.

When total depth was at 8,157 feet, a one-hour drillstem test was taken. Packer seat was not reported. There was a show of gas at surface in 58 minutes. Recovery was a small amount of slightly gas cut drilling mud.

Previously a one-hour drillstem test was run at 8,084-3,117 feet. Recovery was 7,346 feet of drilling mud, with no shows of oil or gas.

Operator reported a valve cut out on the tool, and the packer apparently failed, and the test on that section was unsatisfactory.

Will Inject Acid

Cities Service Oil Company No. 1 Packer, Central-West Ector County wildcat, in northeast quarter of section 20, block 44, TP survey, T-2-S, one-half mile west of the shallow production in the Harper field, was to treat at 12,455-470 feet, with 2,000 gallons of acid, through casing perforations.

A drillstem test was run on that zone for four hours and 49

White Eagle Starts Gas Development Program In North-Central Andrews

White Eagle Oil Company of Tulsa has taken a farmout on two and one-half sections in the Shafter Lake area in North-Central Andrews County, from The Texas Company, and has agreed to drill five explorations on the acreage to 2,900 feet, to test the Yates lime section for gas.

Included in the deal are all of sections 5 and 7, and the north half of section 6, block 14, University survey, on the east side of the Shafter Lake gas field.

All five of the projects are to be completed by November 15. The acreage is on University of Texas Lands, contract to drill the five wells has been let to Helmerich & Payne, Inc., according to O. G. (Pete) Morgan, of Midland, West Texas representative of that concern.

White Eagle No. 1 University, located at center of northwest quarter of section 5, block 14, University survey, is to start drilling early next week. This location was originally announced last week.

White Eagle No. 2 University will be at center of southwest quarter of section 5, block 14, University survey.

White Eagle No. 3 University will be at center of northwest quarter of section 6, block 14, University survey.

White Eagle No. 4 University will be at center of northwest quarter of section 7, block 14, University survey.

White Eagle No. 5 University will be at center of southwest quarter of section 7, block 14, University survey.

Water In Ellenburger

Bennett and Sorrells No. 1 Sanders, Northwest Tom Green County wildcat, in section 188, Washington County Railway survey, and about 11 miles northwest of San Angelo, was bottomed at 6,751 feet, in Ellenburger dolomite, and was waiting for orders.

A drillstem test to that total depth developed 1,000 feet of sulphur water. It was understood that an electric log survey was to be run. The prospector entered the Ellenburger at 6,635 feet, on an elevation of 2,049 feet. It had not logged any shows of oil or gas in any formation.

Shell Oil Company, Inc., has filed application to drill No. 7-L TXL on the northwest side of the TXL-Ellenburger field, in West Ector County.

It will be 561 feet from south and 668 feet from east lines of the southeast 243.11 acres in section 41, block 45, TP survey, T-1-N, and is to start drilling to around 9,800 feet, by August 22.

Still Fishing

Stanolind Oil & Gas Company and Westbrook-Thompson Holding Corporation No. 35-A Hendrick, West-Central Winkler County wildcat, was still bottomed at 13,416 feet, in Ellenburger dolomite.

The string of stuck drill pipe had been cut at 9,233 feet, and it was understood that efforts would be renewed to get it out of the hole so that coring could be resumed.

Argo Oil Corporation No. 1 Roberts, Southeast Reeves County Wildcat, About 13 Miles Northeast Of Balmorhea, And In Section 294, Block 13, H&G Survey, Had Reached 12,952 Feet, And Was Drilling Ahead In Shale.

Stanolind No. 1 Kayser, West-Central Ector County prospector, in section 34, block 43, TP survey, T-2-S, one and one-quarter miles west of the South-Cowden field, had progressed below 13,119 feet, in lime and shale, and was drilling ahead.

Making More Hole

Shell Oil Company, Inc., No. 1 Clark, North Glasscock County exploration, eight miles north of Garden City, and in section 5, block 32, TP survey, T-4-S, had reached 9,691 feet, in an unidentified lime, and was continuing.

Argo No. 1 Mitchell, East Presidio County wildcat, in section 40, block 1, TW&NG survey, was drilled ahead past 6,620 feet in lime and shale.

Stanolind No. 1-GG University, Northeast Crockett County wildcat, in section 12, block 39, University survey, about 12 miles southeast of the Barnfield field, was reported to have drilled and was to be taking a drillstem test.

When total depth was at 8,157 feet, a one-hour drillstem test was taken. Packer seat was not reported. There was a show of gas at surface in 58 minutes. Recovery was a small amount of slightly gas cut drilling mud

Rainey Says USA Was Never On TU Required Reading

TYLER—(P)—Homer Rainey put himself in the political batter's box in a speech prepared for radio delivery here Saturday night and took cuts at what he described as "curves and fast balls" thrown by "hired henchmen."

He pointed to his platform as opposing Communist, said he had always opposed the admission of negroes to white schools, and had Tony Lumpkin, former director of the University's Radio House, read a testimony from Austin pastor denouncing him as a Christian layman.

Rainey then called on Lumpkin to read the findings of a special committee appointed by President T. S. Painter of the University of Texas and headed by Judge Robert W. Stayton of the university's law school.

Offering a summary of the committee's report on the Dos Passos "U. S. A." book incident, Lumpkin read four separate statements:

"The so-called book 'U. S. A.' was never on any required reading list at the University of Texas."

"U. S. A." is a volume, consisting of three separate books by the same author, John Dos Passos. The third book in this volume is called 'The Big Money.' It was this third book, 'The Big Money' that was on the required list, in one English course."

"Homer Rainey did not place this book on the required reading list. It was placed there by a committee of the Department of English."

"When complaint was made by a member of the faculty, Dr. Rainey's office immediately contacted the Department of English and the book was ordered dropped. This action was taken before the Board of Regents ever met and considered the matter at all."

Navy Airmen Not Seriously Injured

Two Navy airmen, who were injured Friday when their Helldiver plane crashed five miles south of Midland soon after taking off from Midland Municipal Airport, remained in a Midland hospital Saturday. Their condition was reported "not serious, and both doing very nicely."

Ensign R. J. O'Brien, of Bayport, Minn., the pilot, suffered a head cut and leg injury. Paul E. Gibson, of Long Island, N. Y., a gunner, received lacerations and bruises.

The plane, a Navy SB2-C, failed to gain altitude above 500 feet after leaving the airport. The craft landed here at noon for refueling. It was one of a flight of Navy planes enroute to California. The plane was badly wrecked in the crash.

Gen. Marshall Admits Prospect For Peace In China Is Gloomy

NANKING—(P)—A general peace for China appears impossible, even though all the Chinese desire it, America's two top envoys to this divided nation announced Saturday in a gloomy and unprecedented statement.

General Marshall, special Presidential emissary, and Dr. John Leighton Stuart, new U.S. ambassador, issued their statement to correspondents against a background of spreading warfare between Chinese Communists and Government troops and at a moment when U. S. Marines were battling train wreckers in North China.

Despite this open pessimism, some observers here expressed belief that General Marshall would try one last fling at peace by appealing for a coalition government before abandoning his patient eight-month effort.

It was generally believed, however, that Marshall already was convinced there was no path to peace through continued negotiations on the present level—even though he has been negotiating all along with Generalissimo Chiang Kai-Shek, head of the government, and with Gen. Chou En-Lai, Communist plenipotentiary.

Truman Signs Social Security Tax Law

WASHINGTON —(P)— Legislation forestalling an otherwise automatic increase in the old age retirement payroll tax and making several other important changes in the social security law was signed Saturday by President Truman.

The bill, which cleared Congress just before adjournment, freezes the payroll levy through 1947 at the present rate of one per cent each on employes and employers. Except for the new law, the rate would have risen to 2½ per cent each January 1.

The new law will provide an additional \$150,000,000 annually for needy aged, needy blind, and dependent children, through extra federal contributions which will furnish about \$5 more each month for 2,000,000 old people and blind persons and \$3 a month more for 772,000 dependent children.

The increases will take effect October 1.

Under another section of the bill, the families of World War II veterans will get social security survivors' protection for three years without charge.

Press Association Elects Officers

SWEETWATER —(P)—The West Texas Press Association elected N. H. Pierce, Menard publisher, president, as the group concluded its first convention in five years here Saturday.

Pierce had been acting president since the retirement of Sam Roberts of Haskell from newspaper work.

Other officers named were: George Baker of Fort Stockton, first vice-president; Sam Erasmov, Jr., of Coleman, second vice-president; Willard Jones of Hamlin, re-elected secretary; and Forest Weimhold of Levelland, Roy Craig of Stamford and James N. Allison of Midland directors.

The Hockley County Herald, published by Weimhold, received the award for the best all-around weekly newspaper of West Texas.

Luther M. Watson, publisher of the Nolan County News, received an award presented by the West Texas Chamber of Commerce for the weekly newspaper judged best in community service.

Bill Collyns, manager of the Midland Chamber of Commerce, addressed the newspapermen Saturday on "Chamber of Commerce and the Press."

72x90 NORTH STAR "ZEPHYR" \$25⁰⁰

When the mercury drops down, down, down—everyone starts to think of an extra NORTH STAR BLANKET. That's the blanket with the marvelous long fleece that's anchored deep down in the sturdy weave so it just never pulls out. Makes it so cosy warm! And without adding a pound of extra weight! You'll find just the color to match your bedroom—really charming shades of Peach, Green, Blue and Rose. Rayon satin bound, to match. It's big enough to tuck in at the bottom and pull up around your shoulders.

72x90 ALL WOOL NORTH STAR "WAVE" \$16⁹⁵

Sturdily woven of selected fleece wools, with a medium nap and luxurious draping quality. Its rich, clear, solid colors and its distinctive striped rayon ribbon binding make it stunning to look at, lovely to live with. The "WAVE" is such a value you would do well to order several now. In blue, green, rose and peach.

72x90 CHATHAM "WOOLSHIRE" \$10⁹⁵

Sleep well—and you'll look well! How true, and how easy, when you snuggle down under a Chatham "Woolshire," the blanket that gives you the double luxury of fluffy warmth and charming Spring flower color. Of 100% virgin wool, Chatham's "Woolshire" offers the perfect combination of lightness and deep-napped comfort. In wild peach, pink rose, blue stock, mint green, chrysanthemum cedar. Extra long!

72x90 CHATHAM "SUTTON" \$6³⁰

No wonder "Sutton" offers the best possible quality at its price... it's made by Chatham, manufacturers of fine blankets for almost a century! Medium-weight and serviceable, "Sutton" is made of 25% wool and 50% rayon for warmth and beauty—plus 25% cotton for extra strength. Perfect blanket for a beauty sleep, Chatham's "Sutton" gives you three and a half pounds of warmth plus the comfort of an extra six inches in length.

72x84 CANNON "B880" \$6⁴⁵

Here's the modern successor to the old-fashioned pair of blankets for under-the-spread use. A single blanket woven of selected cotton and wool, with a springy nap for warmth. Available in blue, green and rose. One all-purpose size—72x84—and the low price makes it an exceptional value. 50% wool, 50% cotton.

72x90 PEPPERELL "ABBOTSFORD" \$6⁴⁵

It looks like other blankets, of very luxurious quality. It feels like other blankets in your hands. But one night's sleep will convince you that here is an amazing new kind of blanket—25% wool, 50% rayon, 25% cotton.

72x90 PURREY BLANKETS \$7⁹⁵

Here are the warm facts about Purrey Blankets. They're constructed in an entirely new way to give you a heat-holding, deep-piled fabric for extra warmth without bulky weight! Two years' laboratory tests prove beyond the slightest doubt that the scientific combination of 88% Purrey rayon with 12% wool gives this unique warmth quality... lovely to the touch... light on the body.

ALL-WOOL MONARCH "NONPARIEL" \$15⁰⁰

It's lovely to look at and just as good as it looks. Fresh from the loom, in rich, clear, solid colors and a distinctive rayon binding for added beauty. All-wool, woven for long wear and sleeping comfort. This is one of the grandest blankets you have ever had the chance to buy.

LAY-AWAY

ONLY FIFTY CENTS DOWN—BALANCE WEEKLY

ONLY FIFTY CENTS DOWN—BALANCE WEEKLY

The largest and most varied stock of quality blankets to be found in West Texas.

LAY-AWAY ONE OF THESE BIG, WARM, BEAUTIFUL, LUXURIOUS BLANKETS AND WHEN WINTER COMES, YOU'LL HAVE SLEEPING COMFORT!

Back at last, while quantities last! The name you can pin your faith on.
SPECIAL! Kenwood "Garland" All-Wool Blankets
Only \$12⁵⁰

Size 72x90

Something to celebrate!

Tomorrow, at a special price, you can buy the exquisite Kenwood "Garland" Blanket, made especially for this event. It's a big, soft, warm blanket with a lovely leaf design on its glistening rayon satin ribbon binding. Remember, Kenwoods are woven of 100% selected wool. They're pre-shrunk; they wash perfectly. Which of these decorator colors for you? Blue, Copper, Green, Rose, Rose-Dust, or Peach.

72x90 ALL WOOL KENWOOD "FAMOUS" \$16⁵⁰

This KENWOOD is well named for it sets a high standard in blanket value. Closely woven of choice long-fibered wools, thickly and securely napped, it will provide warmth, comfort and satisfaction through years of hard wear. Its fashion-right colors and extra wide rayon satin binding make the "Famous" a beautiful as well as practical blanket. (Controlled Price).

ALL-WOOL KENWOOD "STANDARD" \$14⁵⁰

For a quarter of a century, Kenwood Blankets have covered some of America's finest beds—equally at home on the Colonial four-posters and spool beds, the 18th Century French or English styles, or the modern upholstered headboard beds.

A SENSATIONAL VALUE! 80x90 ALL-WOOL KENWOOD "ARONDAC" \$11⁵⁰

Only an expert knowledge of wool and weaving could have produced so fine a blanket, only volume production could make its price so low. Firmly woven for long wear, deeply napped for warmth and sleeping comfort, luxurious in feel and appearance, the "Arondac" will give you genuine sleeping comfort year after year. 5-inch rayon satin binding.

80x90 ALL-WOOL KENWOOD "FAMOUS" \$18⁵⁰

What should the well-dressed bed wear today? Well, more than ever, all your bedding should bear the mark of QUALITY. And that's particularly true of BLANKETS. If you're buying new blankets this year, be sure they're woven to last—to stay thick and fluffy-soft through years of use and washing. Do see our KENWOOD "FAMOUS" BLANKETS—with their long fleecy nap, their lively wool, their warmth without weight. Full 80x90 inch size. Four popular colors—Rose, Blue, Green, Peach—all with lustrous rayon satin binding.

Miss Minnie Sue Landrum Becomes Bride Of Henry Murphey, Jr., In Marriage Rites Read In St. George's Catholic Church Rectory

In a ceremony solemnized at 5 p. m. Saturday in the rectory of St. George's Catholic Church, Miss Minnie Sue Landrum, daughter of Mr. and Mrs. C. F. Landrum of Fluvanna, Texas, became the bride of Henry Murphey, Jr., son of Mr. and Mrs. Henry Murphey, Sr., of Midland.

Father Emmanuel Doronico of San Antonio read the vows for the double-ring ceremony.

Baskets of white gladioli and yellow roses intermingled with greenery were used in decorating the rectory.

Preceding the ceremony traditional wedding music was presented by Roy DeWolf, organist. The bride was given in marriage by her father. She was attired in a gray and yellow plaid suit with which she wore a yellow sheer blouse. Her accessories were black and completing her attire was a shoulder corsage of yellow roses. She wore a three-strand pearl necklace, a gift of the bridegroom, and carried a white sheer handkerchief belonging to her mother. She carried out the traditional bridal custom by wearing some-

Summer Socials For Junior Canteen To Be Concluded With Dance

Concluding a series of summer entertainments for members of the Junior Canteen will be a "character party" on August 24 at the canteen with arrangements to be made by the program committee.

Each member will dress as his favorite character or animal in a comic strip, fiction or radio program. A prize will be awarded to the boy or girl with the best costume. The entertainment for the evening will include square dancing, games, and a hamburger fry.

The regular hamburger parties that have been held on Sunday nights will be held on Thursday nights in the future.

At 8 p. m. Monday, a ping-pong tournament for doubles will be played. Those planning to enter are reminded to sign as teams before 5 p. m. Monday.

The bingo party is scheduled for 8:30 p. m. Wednesday and a square dance will be held Saturday night. The square dance held two weeks ago proved to be so popular with the canteen members, Miss Sonia Post, director, started making plans to hold another square dance. An instructor will be present to teach the group all of the steps.

GO TO RUIDOSO

Misses Leta and Lucile Scarborough and Mrs. Tom Lineberry and Sgt. Lineberry and Mrs. Myrtle Smith left Saturday for Ruidoso, N. M., where they will spend a three-week vacation.

Miss Gallagher Will Be Wed To A. H. Dimmey Jr.

Mr. and Mrs. Leo Gallagher of Midland have announced the engagement and approaching marriage of their daughter, Lorraine, to Arthur H. Dimmey, Jr., of Midland and son of Mr. and Mrs. Arthur H. Dimmey, Sr., of Houston.

The marriage will be an event of September 11 at the Gallagher home, 1210 West Indiana, with Judge G. C. Olsen of Kermit, uncle of the bride-elect, officiating.

Miss Gallagher has selected as her only attendant, her sister, Miss Shirley Gallagher. Dr. John Blum of Snyder will be the best man.

Miss Gallagher graduated from Corpus Christi High School and attended Corpus Christi Junior College. She has been employed at Sparks-Barron-Erwin Insurance Company in Midland since January.

The bridegroom-to-be attended the University of Houston and is with the Standard Oil Company of Texas in Midland.

Concert And Lecture Association Books Four Attractions

Midland Concert and Lecture Association has booked four numbers for the 1946-47 season. These include Upton Close, Apollo Boys, Choir, Ellis Arnall, governor of Georgia, and Virginia Sale. Exact dates for the appearances will be announced in the near future.

One or more additional attractions will be booked if sufficient membership is obtained to support them. Memberships are still available as the present number will not overtax the seating capacity of the Midland High School Auditorium where all attractions will be presented.

Interested persons who have failed to purchase memberships due to absence from the city or other reasons are urged to get their tickets from Roy McKee, treasurer.

Officers of the association report that it is the purpose of the organization to bring these programs to everyone who is interested.

Mrs. J. J. Bailey Will Be Hostess At Social For Wesley Bible Class

Mrs. J. J. Bailey will entertain members of the Wesley Bible Class of the First Methodist Church at 6 p. m. September 3. The meeting will be in form of a social at the Bailey home, 702 West Kansas.

Midland District Has 3,222 Scholastics

Midland Independent School District has 3,222 approved scholastics, results of a recent census showed Saturday.

Of these, 28 are high school transfers from the Prairie Lee community.

ARRIVES FROM NEW YORK
Mrs. Thelma Goluses of New York City arrived Friday for a visit with her son-in-law and daughter, Mr. and Mrs. Patsy Morano.

Marries In Corpus Christi Rites

Mrs. James A. Griswold

Marriage Vows Repeated By Miss Nelrose Horton And James A. Griswold In Impressive Rites Read In Methodist Church In Corpus Christi

In an impressive ceremony solemnized August 2, Miss Nelrose Horton, granddaughter of Mr. and Mrs. I. R. Clements, 314 Jones Avenue, Peary Place, Corpus Christi, became the bride of James A. Griswold, pharmacist's mate third class, USNR, son of Mr. and Mrs. E. H. Griswold of Midland.

Rites for the ceremony were directed by the Rev. L. L. Roloff, pastor of the Park Avenue Baptist Church, in the South Bluff Methodist Church.

Miss Betty Zimmerman, organist, played "Largo" and the traditional wedding marches. She also accompanied Miss Hattie Ann Rusk as she sang "Because" and "Close to Thee."

Mr. Clements gave his granddaughter in marriage. She wore a white satin princess styled gown

Rehearsals Will Begin Monday For Community Theater Musical Revue

Rehearsals for the musical revue which is to be produced by the Community Theater, Inc., on August 29 and 30 will begin at 7:30 p. m. Monday in the City-County Auditorium.

Original material has been submitted for the production and much of this will be used. Casting is still open to singers, dancers, and specialty artists. Anyone with these qualifications is urged to be at the auditorium Monday evening or at any rehearsal.

Midlanders who attended the musical directed by Art Cole at Midland Army Air Field the past year will recall the quality of the entertainment presented. The production will be presented by the theater will be along the same lines, featuring vocalist, original musical compositions, cleverly designed costumes, and all other properties for the making of a good show.

Robert Lee Hewgley Is Speaker For Program

Robert Lee Hewgley, pastor of the Courtney Baptist Church in Martin County, is the speaker heard on the religious program presented at 7 a. m. Tuesday and Thursday over KORS.

"Amazing Grace" is the theme song for the program and the motto is "It Does Make a Difference What You Believe."

Marriage Vows Read For Marie Stevenson And Jack W. Henshaw

Marriage vows were repeated by Miss Marie Stevenson, daughter of Mrs. A. G. Stevenson of Odessa, and Jack W. Henshaw, son of Mrs. Hilda Henshaw of Midland, August 6 at the home of Justice of Peace B. C. Girdley, who directed the vows for the double-ring ceremony.

Attired in a white eyelet dress, the bride wore white accessories and a corsage of pink carnations. She carried a white prayer book topped with pink carnations.

The bridegroom's mother served as matron of honor. She wore a white suit and a pink blouse. Her accessories were white and completing her attire was a shoulder corsage of American Beauty carnations.

Frank Emberly was the best man. After the ceremony the wedding dinner was held at the Ranch House.

Mrs. Henshaw is employed at Virtue's. The bridegroom recently received his release from the U. S. Navy after four years service. He is now a fireman at Midland Municipal Airport No. 2.

They will make their home at 463 Colorado.

Additional Dormitory Accommodations Made At Hockaday College

DALLAS — Additional dormitory accommodations for students of Hockaday Junior College are being added this summer to the 30 permanent buildings and 11 prefabricated units on the beautiful 10-acre campus of The Hockaday School to take care of the enrollment.

Founded in 1913 with 10 pupils, Hockaday has expanded to an enrollment of more than 400 girls from fourth grade through junior college, and a staff of 100. Miss Ella Hockaday, founder and president, puts the main emphasis of the school on a balance between academic excellence and physical and social well-being. The curriculum has been enlarged to include college career courses, fine arts instruction, crafts, and modern dancing.

Great stress is laid at Hockaday on personal community service. During the last year students spent over 2,000 hours in off-campus community service, raised \$2,000 for the World Student Service Fund, and carried on many welfare projects.

A stimulating course of lectures and programs brought such visitors as Cedric Foster, Hatton Sumners, the Gordon String Quartet, Mildred Dilling, General Wainwright, the Mayor of Metz, and other famous personages to the campus. These programs will be continued and expanded in the coming year.

Recently Miss Hockaday announced plans to resume the travel classes which Hockaday held from 1929 until the war emergency put an end to traveling. In the spring classes will go to Bermuda and Sun Valley; in the summer of 1947 a three month travel class to the Scandinavian countries and the United Kingdom is planned.

Hockaday will draw its 1946-47 enrollment from 15 states, Mexico, and Venezuela.

Discharged From Navy

William C. Guffey of Midland recently was honorably discharged from the U. S. Navy at Norman, Okla.

He was a storekeeper third class and served overseas 14 months.

Miss Frances Guffey Named Honoree Of Bridal Shower At Campbell Home

Honoring Miss Frances Guffey, bride-elect of Howard J. Atwater, son of Mrs. Jessie Atwater of Raton, N. M., Mrs. C. G. Campbell, Mrs. R. C. Sheetz, and Miss Elinor Hedrick entertained with a shower Friday evening at the Campbell home, 901 West Kansas.

As the guests arrived they were received by Mrs. Campbell, Mrs. Sheetz and the honoree.

Refreshments were served from the dining table attractive with a lace cloth and centerpiece of blue asters and yellow marigolds. On either side of the floral arrangement were blue tapers in crystal candelabra.

On the buffet was a bouquet of yellow gladioli, and an arrangement of white double daisies and baby's breath was used in decorating the living room. Members of the house party wore corsages of white double daisies with the exception of Miss Guffey whose corsage was of garlands.

Miss Lois Lynch presided at the crystal punch bowl the first hour and Miss Alberta Smith was in charge the second hour. Assisting in serving was Miss Carolyn Oates.

Gifts were displayed by Mrs. O. F. Hedrick and Mrs. Jack McCall and Miss Joyce Melancon presided at the bride's book.

Incidental music during the afternoon was presented by Mrs. Lige Midkiff and Mrs. Charles Reeder. The invitation list included Mrs. Ruth Haygood, Owen Cochran, T. Midkiff, Horace Newton, Hugh Bliss, John Rhogen, A. C. Moore, A. E. Stuckney, P. P. Barber, Fred Barber, S. H. Huddkins, Ann Brewson, Hunter Midkiff, Pat McMullan, Homer Nance, Leland Foster, W. B. Standefer, Harold Hensley, Marvin C. Douglas, Dona Dunagan, Edwin Ferrell, D. P. Guyton, Holt Jewell, Otis Ligon, Dick Midkiff, Dwight McDonald, Frank Midkiff, Ivy Ponder, R. E. Throckmorton, J. O. Communicable Disease Decline Is Indicated

Only four cases of communicable diseases were reported to the Midland City-County Health Unit last week as compared with 56 cases for the same week last year. Dr. John R. Turner, director, reported Saturday. The cases last week were "strep throat." In comparison, the 1945 report for the week included eight diphtheria cases, 30 dysentery, 10 influenza, six mumps, two tuberculosis. Dr. Turner pointed out that during this season persons should be particularly careful of polio, dysentery and diarrhea. The literal meaning of the word oxygen is "acid former."

The following volumes of poetry were presented to the library by Mrs. H. M. Nielsen: The Singing Heart, Houston; Horizontal Yellow, Johnson; Cavender's House, Robinson; Far Pastures, Fulmer; Singing Drums, Welshimer; Bitter Sweet Poems, McCann; The Hermit, Thurst; Millay; Book of Verse, New Yorker; Black Poppies, Fortune.

Recent additions made to the Dunbar section are The Gauntlet, Street; Junior Miss, Benson; The Book of Life volumes, one through eight; Everyday Errors in Pronunciations, Gilmartin; Anything A Horse Can Do, Gregory; Child Care Today, Schick; Ordeal, Shute; Picture Map Geography of the U. S., Quinn; The Complete Poems of Paul Laurence Dunbar, Dunbar; On Being A Real Person, Fosdick; Gigi in America, Foster; South American Zoo, Hagen; The Black Rose, Costain; Hans Brinker, Dodge; Handicraft for Outdoor Boys, Beard; A Wonderbook for Boys and Girls, Hawthorne; and Great Short Stories, Patten.

The system of type measurement in which a point equals 1/72 inch was adopted in the United States in 1878.

Hospital Drive Men Talk To Campaigners

At a breakfast meeting held Friday for Federated Women's Clubs workers, who are sponsoring a bingo party benefit for the Midland Memorial Hospital, George Abell, chairman of the hospital drive's ways and means committee, thanked the women for sponsoring the project.

Abell introduced Dr. John B. Thomas, who said: "Large donations are promised and are yet to come in. The hospital drive needs the support of women from such projects as you are now sponsoring."

Attending the meeting, held in the Blue Room of the Scharbauer Hotel, were: Mmes. Ernest Neill, Ernest Sidwell, Ann Sherwood, John B. Mills, W. H. Rhodes, Fred Fromhold, F. R. Schenck, J. Howard Hodge, Arvid A. Jones, Cecil Waldrep, John Hill DeFord, Lindley Latham, Ray Howard, W. G. Epley, H. S. Collings, George Kidd and M. S. Dickerson.

MRS. PAUL KLATT PRESENTS STORY AT CHILDREN'S HOUR

Highlight of the Children's Story Hour held on the courthouse lawn Saturday under the sponsorship of the Midland County Library was the story of "Pete, The Pelican" written by Rita Kissin and told by Mrs. Paul Klatt.

Leon Richman gave a reading entitled "Kittens That Had Never Been to School" and Lu Wertha Hiett read the poem "There Was a Little Turtle."

Children who attended the story for the first time Saturday were Don Summer, Don DeVore, Janie Weathersley, Elvin Weathersley, Jr., James Felts, Joy Beall, Billy Penn and Phyllis Pryor.

Others present were Jerry Hyatt, Mae Whitson, James Barron, Lu Wertha Hiett, Cynthia Ann Dupuy, Nan Wells, Beth Bells, Patsy Peters, Bobby McIntyre, Wynall Richman, Inez Beechman, Max Kendrick, Jr., Wanda Bradshaw and Leon Richman.

At 10:30 a. m. next Saturday, all children of the county are invited to be present for the story hour to be held on the courthouse lawn.

Coming Events

MONDAY

Circles of the First Presbyterian Church will meet at 3 p. m. as follows: Dorcas, Mrs. Bill Collins, 1900 West Texas; Esther, Mrs. J. E. Dickerson, 206 Ridgley; Ruth, Mrs. J. H. McClure, Andrews Highway; Rachel, Mrs. John M. Hills, 904 West Missouri; Rebecca, Mrs. John B. Mills, 912 West Kentucky; and Training Circle, Mrs. Ralph L. Crays, 1803 West College.

The First Methodist WSCS will meet at 3:15 p. m. in the Scharbauer Educational Building.

Circles of the First Baptist WMU will meet as follows: Lockett, Mrs. D. E. Jimerson; Rebekah, Mrs. H. B. Spears; Mary Martha, Mrs. H. S. Collings; Annie Barron, Mrs. E. Jones; Lottie Moon, Mrs. C. G. Murray.

WINK NEWS NOTES

The American Legion Auxiliary of the Rex Baird Unit No. 136 met in regular session Monday with Mrs. C. E. Kipping, president, in charge.

Plans were completed for the initiation of three new members at the next meeting. Yarn for an Afghan blanket was distributed, and Mrs. Cooper, chairman, asked each member to complete a block as soon as possible in order to have them ready to send to the hospital in early September. Sandwiches, cookies and cokes were served to 10 members and a guest.

Mr. and Mrs. Harry Thompson and Miss Ann Johnson of Silver City, N. M., are visitors in the home of Mr. and Mrs. Ike Moore.

Bert Page, Sr., has returned to work after several weeks in California.

Mr. and Mrs. G. L. Welsby are on a two weeks' vacation trip to Fort Worth and Texarkana. Mrs. Welsby is the manager of the Montgomery Ward office and while she is away Mrs. Isbell Cox of Fort Worth will have charge of the office.

Mr. and Mrs. D. D. Jones and sons are spending a two weeks' vacation at points of interest in Colorado.

Mrs. Melvin Don has been called to Haskell by the serious illness of her mother, Mrs. F. C. Scott. Mrs. Don was accompanied by her sons, Don and Dwight.

The Rebekah Lodge No. 44 met in regular session Tuesday with Mrs. Elizabeth Herring presiding. Because so many of the officers are on vacation it was decided not to have an initiation this month.

Plans were made to celebrate Founder's Day September 20 with an appropriate celebration. Ice tea and doughnuts were served to 25 members.

Mrs. Elba White, manager of Moore Bakery, spent last weekend visiting her daughter, Mrs. G. L. Harris at Crane.

Mr. and Mrs. E. L. Passmore are on a vacation trip to Kansas. Mr. Passmore is manager of the Rig Theater.

Mrs. Fronnie Hitt is visiting relatives in New Mexico and East Texas for two weeks.

B. L. Cooke, manager of Southern Union Gas Company, has returned from a two weeks' vacation to the West Coast.

Mr. and Mrs. Orval Lee Youngblood are the parents of a baby boy born at the Robinson-McClure Hospital in Kermit August 7. He has been named Phillip Ewell.

Mr. and Mrs. Joe Westbrook and son of the Lions Oil Camp have returned from a vacation trip along

the Gulf of Mexico from Houston to Jacksonville, Fla.

Mr. and Mrs. L. M. Anderson have returned from Big Spring where they took their daughter, Winnie, for a major eye operation.

Eugene Walker, son of Mr. and Mrs. Carl Walker, has arrived at home after receiving his discharge from the Navy at Norman, Okla. Eugene will enter Wink High School this fall to finish work he had not completed when he joined the Navy.

Among the Wink Masons and Eastern Star members attending the Hill Top meeting in Crane Saturday evening were Mr. and Mrs. Fred Keene, Mr. and Mrs. E. E. Brackens, Otis Parks, Mr. and Mrs. O. O. Whitten, Mrs. Retta Lee, Mr. and Mrs. O. T. Reeves, Charles and Jim Hubbard, Mr. and Mrs. J. T. Columbus, Mr. and Mrs. Howard Carr, Miss Wanda Carr, Mr. and Mrs. D. L. Allen, A. H. Horton, R. McDonald, D. Jones, and Lee Coleman.

The Rev. L. S. Kenkins of the First Baptist Church, has returned from a two weeks' revival meeting at Brownfield.

Mrs. R. F. Sasser has returned to her home in Texarkana, after a three weeks' visit with her son, Hugh, and family.

Mr. and Mrs. S. G. Hill are leaving Sunday for a two weeks' vacation trip to Fort Worth and East Texas. Mr. Hill is manager of the Southwestern Bell Telephone office in Wink.

Mr. and Mrs. Lee Coleman recently had as their guests Mr. Coleman's brother and family of Flagstaff, Ariz.

Louis Hights of Hights Department Store, is vacationing in Canada and New York City. He will stop en route home at Hot Springs, Ark.

Mrs. Weldon Mitchell of Jal, N. M., is visiting her parents, Mr. and Mrs. Dick Nobles. Mrs. Mitchell is the former Billie Marie Nobles.

Australian aborigines satisfy their sweet tooth by digging honey ants out of the ground and eating them.

Soda Water Paste Relieves Skin Burn

MISS HALE: Soothes sunburn. By ALICIA HART NEA Staff Writer
Some of the most panicky trips to the bathroom cabinet for relief

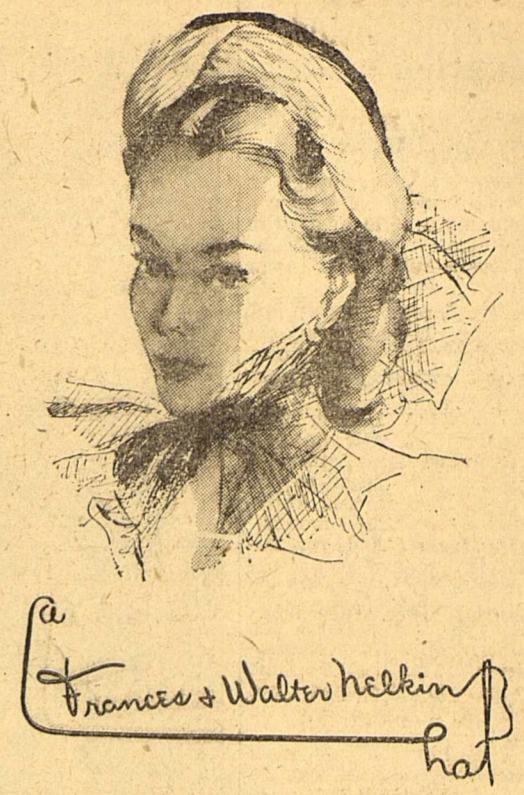

for sun-scorched skins come when a girl thinks she has become immune to a burn.

If you have to seek relief, the best remedy—because it's usually handiest—is a paste made of water and bicarbonate of soda. Or plain cooking soda, for that matter.

Using this remedy is no fun, so don't invite it by staying out too long. The treatment involves plastering your smarting skin with the paste, and keeping the application wet, all of which is pretty messy. But according to movie star Barbara Hale, who claims she has saved her skin with this remedy, it works by stopping the action of the burn.

Of course, laundry starch, used to soften your bath water, serves as a dependable demulcent for a burning skin. It leaves an invisible film that stays on, if you'll gently pat yourself dry, and continues to soothe skin and reduce irritation. There are also unguents that will calm down an angry skin.

A serious burn, which causes you to run a temperature, is something else again. That's a danger signal run up by the body which says that you've stayed out too long and exposed too great a body area to burning rays. That's the cue to see a doctor. But quick. Don't try to palliate a serious burn with simple home remedies.

Frances & Walter Helkin hat

These talented designers have shown themselves masters of the art of millinery flattery. The soft feather trimming around the little black bonnet, the filmy ties of fine veiling all make a charming young hat, one of the many smart new fall hats now being shown at Grammer-Murphey.

Chubby Girls Should Avoid Midriffs

By ALICIA HART
NEA Staff Writer

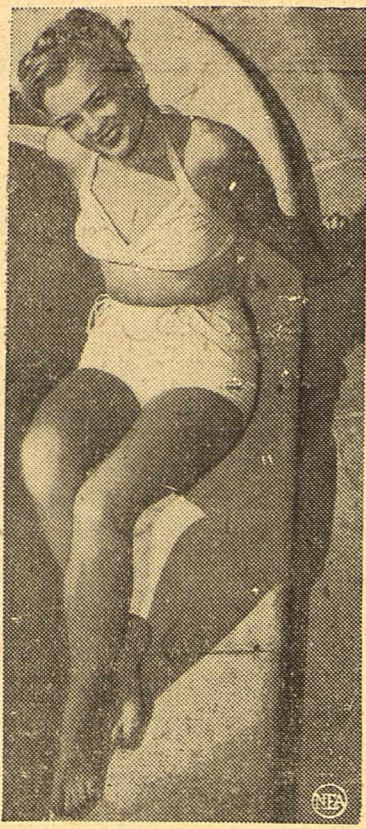

If your figure is good enough to rate a whistle from the life guard, wear as extreme a style in a swim suit as you like—as brief, skin-tight or bustle-ruffled as your tastes dictate.

But if curves aren't THAT good, a little more conservatively-cut fabric in a suit used to gloss over faults will still make your figure whistle-worthy.

So says George A. Hamid, master showman of an Atlantic City pier. This noted impresario has probably watched a bigger parade of bathing suits—good and bad—than any resort man in America.

The good bathing suit for the slightly largish woman—good because it trims her down—is one with a slim, flared skirt that comes about six inches above the knees, according to this fashion-wise observer. The best neckline for this suit is V-shaped, not squared off by a bodice top and two straps.

Two-piece bathing suits—even those conservatively-styled—are so trying to pump-waisted figures that even Mr. Hamid wonders why

Only slim-waisted bathing beauties should wear extreme swim suits.

some women who shouldn't do it persist in wearing them. He thinks, however, that a covered midriff, particularly if it's covered by a suit of dark, solid-colored fabric, can keep a spare tire a secret.

Nor do midriff-slimming or figure-trimming suits have to be black, he says. Deep blue, maroon or hunter's green is as slenderizing and can be more flattering to a woman's personal coloring.

Unless you are a Miss Venus, this observer thinks that white suits—although as beautiful on the beach as white coral and sugary-looking sand, he says—should be ruled out.

Retail Merchants Credit Course To Open On Monday

The Midland Retail Merchants Association will sponsor a five-day retail credit course beginning at 7:30 p. m. Monday in the county courtroom of the county courthouse.

The course will be taught by Plasco G. Moore, retail training specialist on the staff of the University of Texas, Industrial and Business Extension Training Bureau. Moore recently has given the course in more than 20 Texas cities. The Retail Merchants Association has arranged to sponsor the course, which will be conducted from 7:30 to 9:30 nightly, Monday through Friday, as an aid to Midland store owners, managers, credit managers and new credit employes in sound credit principles.

Topics will include credit applications, credit interviews, store credit policies, office procedures, applicant evaluation, credit letters, credit sales promotion, and collections.

AAF Buildings May Go To Big Spring College

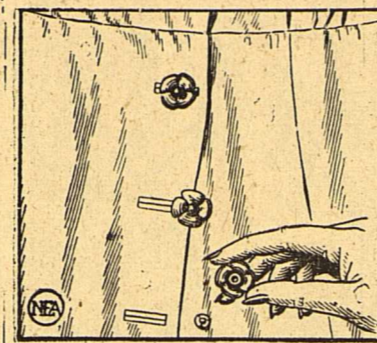

WASHINGTON—(AP)—Virtual assurance that surplus buildings at the Big Spring bombardier training base would be released to Howard County for use as a junior college was given Texans who conferred with government officials.

The matter was discussed by Rep. Mahon (D-Texas) and E. C. Dodd, president of the college, which is to open this fall if the air forces buildings are acquired, with officials of the Federal Public Housing and War Assets Administrations.

Mahon said both agencies indicated orders soon would be issued releasing the medical center buildings and other structures for use as a school. The land is owned by the city of Big Spring.

Enoc Arden was a sailor.

Snappy Trick Saves Ornamental Buttons

If you cherish those huge ornamental buttons which whoop up glamor on a dress but are a nuisance to rip off when the garment must undergo cleaning, try joining to the dress with snap fasteners that stay put.

To attach, simply sew or glue half of the snap fastener to the under side of the button and sew the other half of the snap onto the dress, suggests an International Correspondence School sewing expert. When the two halves are snapped together, the button attaches firmly to the dress but is

Hamlin And Ponder To Open Woodcraft Shop

H. H. (Bud) Hamlin and G. C. Ponder, Jr., both Midlanders, soon will begin operation of a new business to be known as West Texas Woodcraft Company, at 210 South Weatherford Street.

The firm will manufacture venetian blinds, wood awnings, cabinets of all kinds, lawn furniture, millwork, boats and other special order items made of wood. Included will be a complete venetian blind repair department and prompt delivery is promised on canvas awnings for homes and store buildings.

Hamlin is a long-time resident of Midland, having come here in 1924. For the past 12 years he has been engaged in construction and contracting business and is known as a skillful cabinet maker.

Ponder, a Navy veteran of World War II, is owner and operator of the Ponder Roofing Company.

Tags On Merchandise Should Be Attached

Wholesalers and retailers who removed price tags from pre-ticketed merchandise must see that tags are attached to pre-ticketed items with the ceiling price of June 30, 1945, the Midland County Price

Control board announced Saturday. Some sellers removed the price tags during the time there was no price control. The tags should be placed on the merchandise again to obey the law, it was pointed out.

CC Directors Will Meet Monday Night

Directors of the Midland Chamber of Commerce will hold their August meeting in the private dining room of the Scharbauer Hotel at 8 p. m. Monday, O. C. Harper, president, announced Saturday.

Several important matters are scheduled for discussion and action, and all board members are urged to attend.

Head Committees For Benefit Bingo Party

Mrs. Fred Fromhold is ticket chairman and Mrs. Ray Howard is bingo chairman for a benefit bingo party to be held at Cloverdale Park, August 27.

Proceeds will go to the Midland Memorial Hospital.

Other events besides bingo will be offered at the party. The entire city is invited.

Dunagan Sales will furnish the loud speaking equipment for the event.

Three Persons Killed In Lakehurst Plane Crash

LAKEHURST, N. J. —(AP)— An Atlantic Central Air Lines plane crashed and burned just outside the naval air station Friday, killing three persons, including the pilot, and injuring three others.

The dead: Thomas A. Carlin, Jr., the pilot, North Hills, Pa.

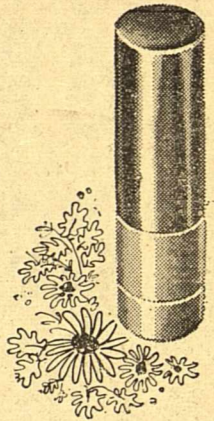

Paul Foley, 42, assistant production manager at the Bayway plant of the Phelps-Dodge Copper Products Corporation, Elizabeth, N. J.

Raymond Le Roy Kreidler, 49, superintendent of the Westinghouse Fluorescent Lamp plant at Fairmont, W. Va.

Witnesses said the twin-engined Lockheed Lodestar limped toward the runway, apparently for a landing, but overshot the field and pulled up. As the plane circled back, they said, it stalled and plummeted into a patch of scrub woodland.

School Medical Record Should Be Filled Out

Parents of Midland school children were advised Saturday by Supv. Frank Monroe that the summer roundup medical blank should be properly filled out and brought to school by the student the first day of the term.

Tired, "All-In"—Listless Feeling Brought To Halt

As Vibrant Energy is Released To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Swim For Beauty

A good swimmer helps herself to a million-dollar figure.

By ALICIA HART
NEA Staff Writer

Get into your bathing suit and stroke your way to beauty this summer. But swim regularly and in good form.

That's all it takes to build a million-dollar figure. If you're skeptical, just ask any instructor what swimming correctly and regularly does to re-proportion curves, co-ordinate body movements and make long, lithe, rubbery muscles. To gain these spectacular benefits, however, he'll tell you that

you'll need to master a stroke. A dog-paddling technique may give you your fun, but nothing more to cheer you on.

What will keep you in the water until you can cut an unrivalling trail and can take a springboard-bow are a few expert swimming lessons to teach you proficiency. Take lessons. But before you decide on the stroke that you want to master, look over the beauty benefits of each. There are four principal strokes and each has its special attractions to swimmers.

First, let's look at the backstroke. Not the showiest in terms of performance but one of the best for building a taut, high chest is this one for which you need to reach your arms aloft and move pectoral muscles with steady pull and tug. The backstroke is a good choice for the beginner, because she can partially float and partially swim, and keep her face out of the water.

Next is the side stroke, a hip-whittler which has few equals because here's your scissors exercise under water. The side stroke is a good choice, too, if you are one of those girls who simply can't bear to submerge her face.

For the breast stroke, the third up for review, you also keep your face clear of water. The principal benefits to be derived from this one is all-over muscle-stretching and a way to slim down legs and develop shoulders that's fun.

Two Army Bombers Hit In Midair And Crash

GREAT FALLS, MONT.—(AP)—Two Army attack bombers, flying in an air show, grated together Friday and crashed before an estimated 20,000 spectators at North Montana state fair, killing four crew members and two civilians.

A third plane, flying alongside the two medium bombers, was undamaged and continued on its way as one of the two damaged craft broke into flames and plummeted into a horse barn surrounded by parked automobiles. The other floundered another mile before slamming to the ground and bursting into flames.

The planes were based at the Lake Charles, La., army air base.

KANSAS VISITORS

Mrs. Fred Stockenbrand and daughter, Patty Lou, of Fort Scott, Kan., are visiting Mrs. Stockenbrand's sisters, Mrs. J. L. Greene and Mrs. Butler Hurley.

Seventy per cent of the human body is composed of water.

100-Degree Weather Prevails In Midland

At least 100-degree weather was recorded in Midland Monday through Friday last week.

Highest temperature readings by days were: Monday, 101 degrees; Tuesday, 100 degrees; Wednesday, 100 degrees; Thursday, 100 degrees; and Friday, 100 degrees.

JayCees Will Sponsor Labor Day Dance Here

The Midland Junior Chamber of Commerce will sponsor a Labor Day dance at the City-County Auditorium following the championship calf roping event.

The music will be furnished by the Texas Cardinals Orchestra. The public is invited.

Youth On Bike Uninjured In Collision With Taxi

A Midland taxi driver Friday reported to police his car and a youth on a bicycle were involved in a collision at Texas and Colorado streets. The youth was not injured and rode on before the driver could get his name.

The driver told officers the youth rode out from a behind a bus.

There's No Substitute for a Doctor's Prescription

When you're ill, there are always people who feel qualified to suggest a remedy for what they think ails you. They can usually remember when they "felt" as you do, and they'll tell you eagerly what they did about it—or repeat what someone told them to do or take. If you follow their well meant but meaningless advice, you may regret it dearly. NEVER let "Ben Told" prescribe for you. When you're ill see your doctor at once. There's no substitute for his authoritative and effective prescription. Take the medicine he prescribes until he advises you to stop. Let no one "unsell" you on your doctor's prescribed medicine.

Ward County Farmers Attend Pecos Meet

MONAHANS — Ward County ranchmen and farmers attending the SCS meeting in Pecos Monday night were John Wilson, Pyote; J. E. and W. H. Echols, Barstow; Fern Tatom, Monahans; Alva Carpenter, Grandfalls; Nolan McKein, manager of the Monahans Chamber of Commerce, Dr. Hinkley, head of the SCS work units in Monahans, and John Mogford, Ward county agent.

Fern Tatom of Monahans was appointed as assistant supervisor for Ward County and his duty will be to assist ranchmen here to sign up with the Soil Conservation Service. The Jersey cattle committee for the Monahans Livestock Show met in the county agent's office Tuesday. Mrs. C. B. Neal, Wickert, chairman, Fern Tatom, Monahans, and Arthur Elkins of Monahans,

Six Marriage Licenses Are Issued In August

Six marriage licenses have been issued to date in August, Susie G. Noble, county clerk, announced Saturday. A license was issued Friday to Charlie T. Martin and Billie Jean Pinkerton.

Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pains of stomach ulcers disappear almost immediately. Also recommended for gas pains, indigestion, heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of LURIN from their druggist. LURIN contains this new discovery in its purest form. Easy to take. Just mix two teaspoonsful in a half glass of milk. Costs but little. Must satisfy or money refunded. Lurin for sale by Midland Drug Co. and drug stores everywhere.

worked out classes and rules for the 1947 show. The information may be obtained by contacting either the county agent or a member of the committee.

Tuesday afternoon the Herford breeding cattle committee composed of Arthur Elkins, chairman, H. B. Eudaly, Grandfalls; C. A. Mitchell, Kermit; Glenn Allen, Monahans, met in the county agent's office and made final plans for their department for the 1947 show.

Livestock Show Planned
The directors of the Monahans Livestock Show will meet Friday at 2 p. m. in the county courtroom to pass upon the committee recommendations. Any one interested in making the livestock show "bigger and better" are invited to attend and bring along their ideas.

Work on the use of DDT in killing the stink bug isn't showing up well in the Barstow community on alfalfa, reports show. Results haven't been encouraging and plans are under way this week to use a newer insecticide than DDT called Sabadilla. Not too much is known at this time about this new insecticide but it holds great promises. Information is being collected from all available sources and a demonstration will begin as soon as it arrives. The latest work has been done by Orin Hill of Phoenix, Ariz., with the USDA Entomology Department there.

Work on the control of soil born diseases in Ward County as they effect gardens is under way. Several demonstrations will be set up next spring. The latest methods on soil fumigation will be used and persons with a plot that will not grow tomatoes, beans, okra, etc., may contact John Mogford, Ward county agent, if they desire the demonstration on their land. The first three plots received will be the demonstration grounds if they prove out satisfactory.

Students have been requested to go by the following schedule when registering:

- Monday, Aug. 12, seniors whose surnames begin with A through G.
- Tuesday, Aug. 13, seniors H through P.
- Wednesday, Aug. 14, seniors Q through Z.
- Junior Registration Thursday, Aug. 15, juniors, A through G.
- Friday, Aug. 16, juniors, H through P.
- Monday, Aug. 19, juniors, Q through Z.
- Sophomore Registration Tuesday, Aug. 20, sophomores, A through H.
- Wednesday, Aug. 21, sophomores, I through Z.
- Freshman Registration Thursday, Aug. 22, freshmen, A through H.
- Friday, Aug. 23, freshmen, I through Z.

OPA Orders Price Raises On Leather

WASHINGTON —(AP)— OPA has authorized immediate leather price increases—30 per cent on some kinds—and raised the possibility of higher shoe prices. The agency said the leather increases are required by the new price control law.

Officials said that despite the increases on leather, OPA is standing pat on its refusal to allow higher ceilings on raw hides.

HERSHEL KIMBRELL GETS NAVY DISCHARGE PAPERS

Midland Schools Get Surplus Properties

Midland Public Schools have obtained tools and machinery valued at \$20,000 through surplus properties. Supt. Frank Monroe announced Saturday.

The tools and machinery, formerly used at Midland Army Air Field, were donated by the govern-

ment after Monroe made a trip to Austin and Washington to arrange getting the properties.

They will be used in the farm machinery repair shop to be set up in the high school inconjunction with the vocational agriculture department.

Midland Scouts Leave Monday For Camp

The Buffalo Trail Council of Boy Scouts will open its annual Water Activities Camp at Fort Stockton Monday with approximately 150 Scouts taking part in the program. They will receive instruction in Red Cross life saving, Boy Scout life saving, swimming and other activities.

Midland Scouts will leave from the courthouse at 9 a. m.

The following Midland Scouts will attend: Bryant Shiptet, Richard Clark, L. D. Whigham, Frank Shepard, Herman Hankla, Maurice Cox, Jr., Charles Trauber, Charles Shepard, Leon Cline, Arnold Drake, Nick Harrison, George Friday, Billy Veltin and W. L. Thompson. Stanton Scouts to attend are Neil Stovall and Leroy Gibson.

Paoge Will Inspect Farm Work In Alaska

WASHINGTON — (AP)— Interior Department officials have announced that Rep. W. R. Paoge of Waco, Texas, and Rep. Cooley of North Carolina, ranking members of the House Agriculture Committee, will accompany Secretary J. A. Krug on an Alaskan inspection trip August 11-22.

The representatives will investigate agricultural possibilities of Alaska and visit the Alaskan Farm Experiment Station.

Bilbo Admits He's Member Of Ku Klux

WASHINGTON — (AP)— Sen. Theodore Bilbo (D-Miss) said on a nationwide radio broadcast Friday night, "I am a member of the Ku Klux Klan No. 41, called the Bilbo Klan No. 4, Mississippi," but added: "I attended one meeting and have not attended it since, because I was not in sympathy with some of the things in it."

Aldus Manutius of Venice invented italic type in 1501.

Shopping Views by Barbara and News

YOUR PROBLEM ANSWERED—

What to do till you can buy your car? First, be patient. You've got a wait ahead of you and the waiting list is long! Second, and most important, is finding a solution to the transportation problem. I can't get you a new car but I can assure you that when you phone 70 or 211 your transportation problem is solved by your dependable CHECKER CAB CO. Swift service by courteous drivers in clean cabs means a safe, sure solution. There's no sense taking chances with your own safety . . . take a Checker!

ROAST TURKEY DINNER—

A real taste treat for you at COLIN'S CAFE down on South Main. Tender good tasting roast turkey with dressing and all the trimmings is waiting for you. Make this Sunday a "family treat" day and go on down to John Collin's where friendly service and good food will make your day seem pleasanter. You can't be wrong when you order good roast brown turkey and you always know the price is right . . . a 50c special! Mr. Collin serves wholesome good food at reasonable prices. This is one place the customer is king.

KNOWING THE SCORE—

You really have to be on the ball to keep up with the score in bowling nowadays for kegling has come to be the No. 1 sport of the nation. It's easy to see why when you consider that bowling is a game with just a correct amount of exercise for real pleasure and fun. You get the twofold benefits in health giving reaction from exercise in moderation and the relaxation which for a few minutes, or for a few hours, enables us to forget completely the outside world. The PLAMOR PALACE is the finest in the Southwest, so be limbering up for winter bowling leagues at the Plamor.

HOTEL DRUG REOPENED—

The HOTEL DRUG is open and everyone is exclaiming how nice it looks! And why not! The new fixtures display anything you could want and there is a grand cooling drink waiting at the fountain for you. Mr. and Mrs. A. E. Cameron, Mr. and Mrs. Paul Corser, and Edna Meyers will help you to find what you need in their men's department, handsome gift department, ladies cosmetics, and prescriptions. Wanda Cox, Mildred Cox, and Frankie Drake will help you during "Coke time" at the fountain. Every magazine can be found at the convenient racks and no matter what you're needing you'll find it at the new Hotel Drug. Drop in soon.

OPENING IN NEW LOCATION SOON—

The MIDLAND STUDIO will soon be opening in its new location across from the Western Clinic, and no parking meter problems there! The sign is up, the last touches being added. It has a handsome modern front of cream plaster, glass brick, and glass display windows extended out from the face of the building. There is a curving marquee with chrome trim to give it a really different look. Another pleasing aspect is the harmonizing brown cement in front. The building is new but the same efficient, dependable, personal service will be ready inside. Keep watching.

TOY HEADQUARTERS—

Toys! Toys! Every conceivable kind of toy to please and delight the tiny tots can be seen at Josephine Ligon's KIDDIES TOGGERY. The Trudy doll is most amazing, a turn of the head and a new face appears! Three in all, she's known as the "sleepy, weepy, smiley" doll, and how little ones love her! Rag dolls dressed in gay party dresses, and dainty pinafores which can be hugged and never wear out! Bugs Bunny complete with carrot, furry animals, stockingette dolls, nursery toys and wooden toys, they're all here!

INGENIOUS FLOWERLITE AVAILABLE—

What is flowerlite? You may well ask, for it's a brand new combination flower and candle holder! Unusual centerpieces for all occasions can have that professional touch using this handy helper which combines smart decorative groupings. The frog and candle holders are combined in one single piece and attractive arrangements come naturally. The candles shed soft light above the flowers and add charm to any table. In the winter ingenious arrangements can be planned using candles, holly and evergreen. The flowerlite holder can be found at MIDLAND HARDWARE. It has an amazing adaptability, a must accessory for flower arrangers.

FORTY PER CENT ADEQUATE—

Giving your home away? It amounts to just that when you consider your insurance policy is a price tag on your home but with the increased cash value of your home and its contents you may be underselling your most valued possessions with your present insurance coverage. You wouldn't think of actually selling your home for far less than its value yet if your home burned you would find that you are carrying about 40% enough insurance. Roy McKee, your friendly insurance man at 114-A South Main St. will gladly check your policies without obligation and help you with any kind of fire insurance policy. See Roy for every insurance need.

FALL FASHIONS SHOWN—

Fall fashions are here, so let's preview a few of the good things to come. At the MARY ANN SHOPPE you'll see a brown gabardine dress which is tops in practicality as well as looks! The famous Eisenhower jacket is evident now in soft gray wool, so perfect for over dresses. Dressy dresses are really exciting, the clear rich purple draped crepe for instance, with peg top shirt and leg-o-mutton sleeves. Or take the gray tweed rayon with tiny turn back collar and bright leather belt. And if you're hunting for the perfect winter black, see the silk file, the black kid belt having two tiny buckles at each side. It's stunning.

EASIER WASHDAYS AHEAD—

Have you heard of "Father's Night"? At ROBINSON'S WASHATERIA it's Thursday night set aside for fathers . . . and especially for working people who can't wash other times. It means extra convenience for they're open till 8 p.m. Washday isn't half the problem it was without Robinson's. Hot and cold water, steam for those who prefer it, Maytag machines, and air conditioning are featured. Robinson's is located in a brand new clean building at 505 South Baird. They are open weekdays from 7 to 6 . . . and don't forget Thursday nights. Phone 86 for further information.

Ceiling On Bread Increased One Cent

The OPA increased bread ceiling prices one cent per loaf and rolls one cent per dozen last week, according to a Midland County Price Control Board report Saturday.

This is the second price increase for bread and rolls here since March 15.

The ceiling price for all bread, except rye, is 13 cents per loaf.

MEN! GET PEP..

19 Conservation Plans Approved

Nineteen conservation plans and 29 applications for assistance in planning a complete conservation program were approved by the supervisors of the Martin-Howard Soil Conservation District at its regular monthly meeting in Stanton last Tuesday.

L. H. Thomas, chairman of the board, reported. Other supervisors present were Gordon Stone, Herd Midkiff, Edmund Tom, and Frank Loveless.

Plans on the following farms were included in the group, L. A. Rodenhiser, Jesse P. Webb, L. L. Newsom, Mrs. Ora Holzgraf, T. R. Wilson, Carl W. Calhoun, and L. B. Stewart.

The conservation plans approved were prepared with each operator based on the current needs for controlling erosion and maintaining soil productivity on his particular farm or ranch. Such planning embodies good soil management on both cultivated and range land as well as mechanical treatment where applicable.

Is Major Problem

Soil management is being recognized as a major conservation problem by many farmers and ranchers throughout the Martin-Howard Soil Conservation District, reported E. J. Hughes of the Soil Conservation Service. An accumulative deficiency in humus and organic matter is making our soils less absorptive, more susceptible to wind erosion, thereby lowering the capability of production on both cultivated and range land. It is to prevent such deterioration that land owners have organized soil conservation districts and are offering the assistance of Soil Conservation Service technicians in planning corrective measures which will maintain the greatest natural resource—the soil.

Building For Week Is \$17,500; Year's Total, \$1,718,720

Building permits amounting to \$17,500 brought the 1946 total in Midland to \$1,718,720.

Permits were issued to:

Byron Gardener, \$3,000, to build a monument factory, size 20 by 82 feet, brick veneer office and asbestos siding building, to be located on West Highway 80.

Church of Christ, \$9,500, to build a recreation hall and Sunday School building, 40 by 60 feet, of lumber, at 708 West Tennessee Street.

W. A. Brazell, \$1,800, to move a dwelling, 20 by 24 feet, to 1108 West Dakota Street; W. A. Beacham, \$1,500, to move a dwelling, 14 by 28 feet, out of the city; C. W. Dodson, \$1,000, to build a garage and servants quarters, 20 by 28 feet, at rear of 1404 West Washington Street; James Nachlinger, \$700, to add bedroom to dwelling at 510 South H Street.

Midland Schools Apply For Federal Lunch Aid

Midland Public Schools have applied for participation in the federal school lunch program for the next term, Frank Monroe, superintendent, said Saturday.

The program has operated for several years on a year-to-year basis but recently was made a permanent government program. State and federal government will contribute to its support, with federal grants-in-aid being supplemented by funds and other services within the state.

Primary purposes of the program are to provide growing children with wholesome foods they need for maximum health and to create and expand markets for agricultural products.

Cotton Loan Program Information Received

The Midland County ACA office through James Boyd, executive, announced it had received information for farmers and producers on the 1946 cotton loan program.

The office reported that the average loan rate for 7/8-inch middling cotton, gross weight, will be 22.83 cents per pound, which is 92 1/2 per cent of the parity price of cotton as of August 1. The parity price on August 1 was 24.68 cents per pound. Last year the average loan rate for 7/8-inch middling cotton was 19.84 cents per pound.

The average rate for 15/16-inch middling cotton will be \$1.55 per pound above the average rate for 7/8-inch middling cotton. The loan rate will apply to the gross weight of the cotton and the average rate for 15/16-inch middling cotton, gross weight, will be 24.38 cents per pound.

Loan rates will vary according to location. The rate for 15/16-inch middling cotton, gross weight, will vary from a high of 24.94 cents per pound in the concentrated mill area of the Carolinas to 23.69 cents per pound in Arizona and California.

Location differentials for each warehouse point will be based on the freight rate to the mill area of the Carolinas, except in Eastern Tennessee, Virginia, North Carolina, South Carolina, Georgia, Florida and Alabama where a zone system will be in effect.

In dairy farm tests, spraying of cows with effective insect repellents has resulted in increased milk production.

U.S. Tops So-Called 'Full Employment' Goal

WASHINGTON — (AP) — In less than a year of peace the United States has topped the so-called "full employment" goal of 60,000,000 jobs, the Census Bureau said Saturday.

Civilian employment in July climbed to an unprecedented high of 58,130,000—a gain of 1,390,000 job holders in a single month—while the armed forces had 2,640,000 on the rolls.

Tire Production To Be Stepped Up

WASHINGTON — (AP) — Production of tires for passenger cars and motorcycles will be stepped up the last half of this year, the Civilian Production Administration announced Friday.

W. J. Sears, director of the CPA rubber division, reported that a goal of 69,150,000 tires for this year can still be attained even though only 30,842,101 were produced in the first six months.

CPA announced that tires for trucks and buses totaled 7,705,894 in the first half of this year, more than half of the year's goal of 13,860,000 units.

FIRST WITH THE NEWS

MIDLAND, TEXAS, SUNDAY, AUGUST 11, 1946

SECTION THREE

Dirt, Squirt And Quirt

— FARM, DAIRY AND RANCH NEWS —

The 4-H Club boys of Andrews County have some fine garden demonstrations. A recent visit to these demonstrations showed that these boys are doing a superior job, considering the dry season. They have planted ten varieties of vegetables in their gardens and some of the boys have been able to can a large quantity of products. Andrews County sponsored this project and is offering prizes to the winners.

H. L. Atkins, county agent of Ector County, and J. J. Willys, local feed dealer and rancher of Ector County, went up to the TO ranch in New Mexico to look for a herd bull for Willys. Willys has two club boys that have done an outstanding job in 4-H work and have good calves on feed this year.

Two Midland County 4-H Club boys have been selected to attend the 4-H Round-Up at College Station on August 28, 29 and 30. They are Weldon Free, son of Mr. and Mrs. L. Free; and Glenn Drake, son of Mr. and Mrs. V. Drake of Midland. Weldon has been in club work for the last four years and Glenn has been in for six years. 4-H Club boys and girls from all over the state will attend this round-up, which is the first in several years.

Now is the time to be thinking about fall gardens for this area. Such vegetables as Irish potatoes, cabbage, onions, green beans, mustard and turnips can be planted at this time. In planting Irish potatoes, select small potatoes about the size of a fifty-cent piece and treat them for 20 minutes with Semesan Bel or Bichloride of Mercury at the rate of half an ounce to four gallons of water. Spread the potatoes out and cover them with damp

sacks or straw. When the eyes begin to sprout, plant in wet soil about one foot apart. Cabbage and onions should be planted this month. Green beans should be of the Stringless Greenpod variety. The county agent or home demonstration agent of your county will be glad to help any of you would-be gardeners in getting your fall garden started.

George Glass, who ranches north of Midland, reports getting about an inch and a half on his ranch last week. George said that the rain covered most of the ranch and that grass was greening up.

Light rains were reported south of Andrews last week.

The local livestock auction had run of about 450 cattle last week. Butcher calves were selling up to \$15.50. Good fat cows brought from \$9.50 to \$12, butcher cows \$3 to \$9.50, canner cows \$6 to \$8, stocker yearlings good kind \$11, bulls \$9 to \$12, with no choice bulls offered, cows and calves aged with small calves kind brought \$90.50 per pair. Top hogs sold up to \$23. Most all the fat calves offered were on the light order. Out-of-town sellers included Sam and Arliss Ratliff of Garden City; W. A. Cornelius and Claude Edwards of Stanton; W. E. Putty, Cso Pool and B. C. Hendricks of Odessa; Ed Garnett of Brownfield, and Charley Martin of Lenorah.

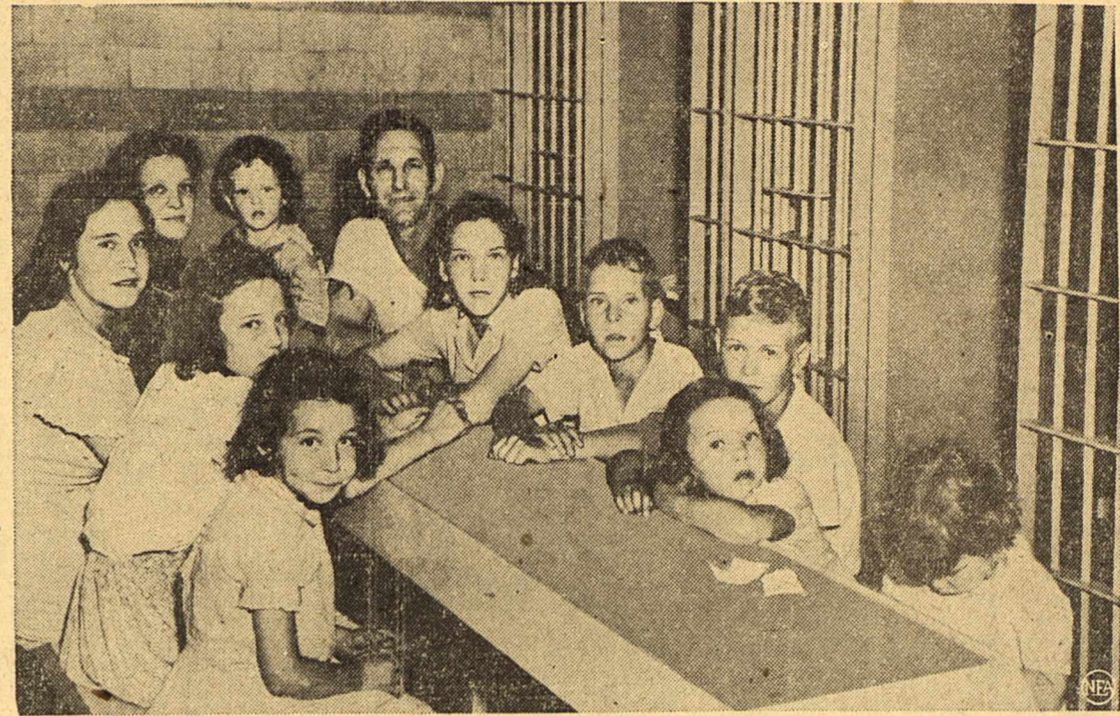

The Department of Agriculture cotton estimate as of July 15 this year was announced last week as 9,290,000 bales. This estimate is even lower than last year's. The cotton market reacted with almost a 200 point jump after the announcement but lost most of this gain during the week. Cotton may see a high run but during the Civil War cotton hit a price of \$1.90 a pound.

Jim Weathers, land examiner for the Bankers Life Insurance Company, and E. R. Slim Morrison, chief land examiner for the same company, were in Midland last week on business. Jim lives at San Angelo and Slim headquarters in San Antonio. Weathers says that most of the ranchmen in his country are selling off pretty fast now as they have had no rain in that area in quite a while. Slim has recently been over most of the Western and Midwestern states and says they are generally dry with a few spots excepted.

The Texas weekly crop and weather report reports that range grass was dry and cured over most of the state except in upper coastal and some eastern counties. The drought area, with range feeds fair to critically short on heavily stocked ranges, was expanded to include much of the western half of the state. Early harvested grain sorghum stubble fields were supplying some temporary forage, and supplemental feeding of cattle and calves was increasing. In the dry areas, cattle and sheep were shrinking, and movement to market or to more favorable areas was increasing. In

(Continued on Page 2)

'Be It Ever So Humble ...'

"Stone walls do not a prison make, nor iron bars a cage," the poet Richard Lovelace told us 300 years ago, and here's the Burnette family, of Appleton, Wis., to prove it. Stone walls and iron bars of the Outagamie County jail make a home for Mr. and Mrs. Theodore Burnette and their nine children. Evicted when their rented house was sold, they were homeless and in desperation asked the sheriff for shelter in the calaboose.

New Businesses Should File With OPA Office

All new businesses opening in Midland are urged to file application with the Midland County Price Control Board office in the courthouse to establish legal ceiling prices.

Failure to do so may result in penalties, the office announced.

The price control workers will assist establishments who have not filed. Those having filed should check with the office to determine if they are operating correctly under law of ceiling prices.

Food Prices Rise 13.8 Per Cent In Month

WASHINGTON—(AP)—The Bureau of Labor Statistics said Friday that the 13.8 per cent rise in retail food prices from June 15 to July 15 was the greatest monthly change it ever recorded.

The largest prior increase was nine per cent from March to April, 1917. This July's food prices averaged 77 per cent above August, 1939, and almost 18 per cent above August, 1945.

Dr. Ben Moore Will Address Rotarians

Dr. Ben Moore, for seven years executive secretary and instructor of Bible at Daniel Baker College, Brownwood, will address Midland Rotarians at their meeting Thursday noon in the Scharbauer Hotel. Dr. Moore is filling the pulpit at the First Presbyterian Church here during the vacation of the Rev. Hubert Hopper.

Flight Training Classes Start Soon

All veterans, men or women, who anticipate enrolling in the flight training program for veterans, which will be paid by the government, are invited to visit Harold E. Broughm or R. A. Plunk at the Midland Commercial Airport. They have information concerning the program and necessary forms.

Classes are scheduled to begin soon and veterans must have certificates of eligibility forms. Several days are required to obtain these.

Many improvements have been made at the field so that it meets CAA approval and also that of the Veterans Administration.

Any student may take the course offered to veterans at the same rate. With CAA approval, less time now is required to obtain a pilot's license than in the past. Ray E. Payne, licensed A&E mechanic, recently has joined the staff at the airport. He has had experience on light civilian airplanes as well as the heavier Army planes.

The Sydney Symphony Orchestra, with 82 musicians, is the first permanent full-time symphony orchestra in Australia.

Our Plans Call For ...

GAS

THE WONDER FLAME THAT COOLS AS WELL AS HEATS

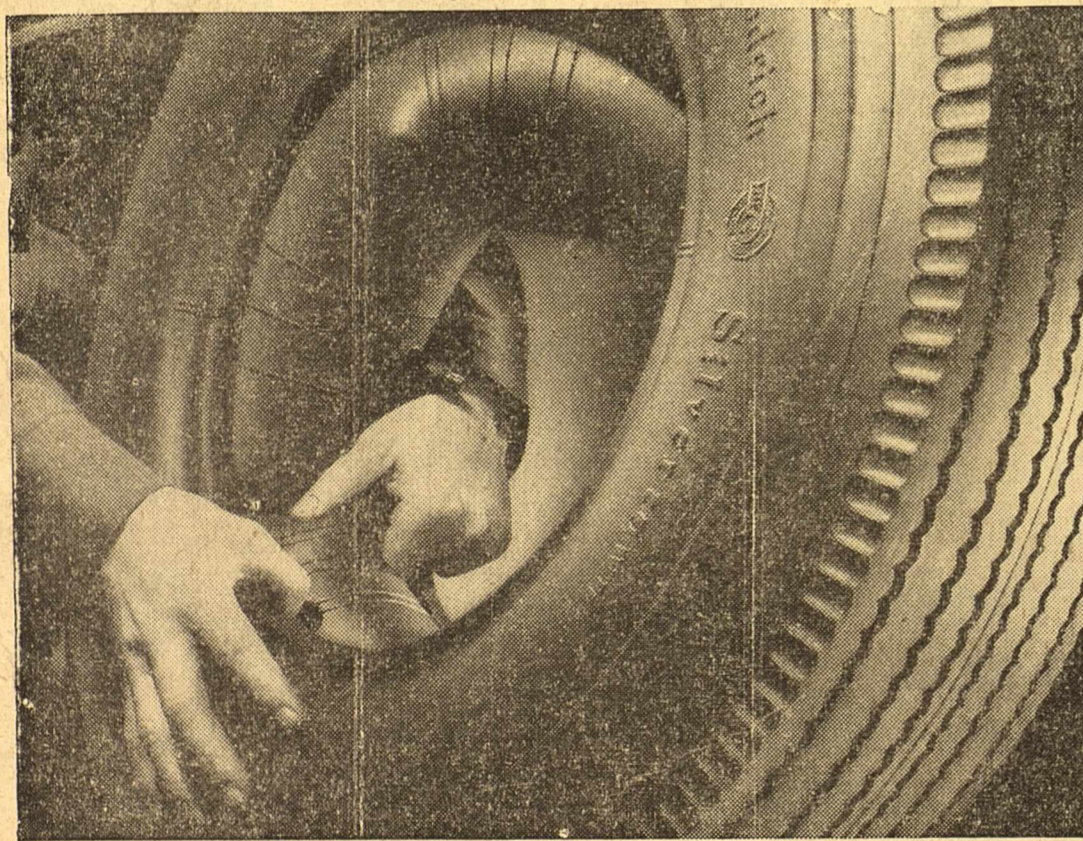

We can't afford to make any mistakes in our new home. That's why NATURAL GAS will be our main Household Servant,

You see—this low cost fuel can always be depended upon to do the Essential Jobs in the modern home—quicker cooking; comfortable, trouble-free house heating; dependable low cost refrigeration; and a plentiful supply of hot water—automatically, at lowest cost.

Yes, Natural Gas is the preferred fuel in millions of American homes. Preparation for its use should be a must in the plans for your new home.

WEST TEXAS GAS COMPANY

NOW ... a better tube to match the tire that

OUTWEARS PREWAR TIRES

Ask for the new B. F. Goodrich Silvertown tube

Ever notice how a toy balloon will shrink to half its size over night, even though the stem is tightly sealed? Scientists explain how the air works its way through the rubber, but the point is, the same thing happens in a smaller degree with most all inner tubes.

B. F. Goodrich is now making a new tube that cuts the escape of air. It holds air many times longer than prewar tubes.

Constant air pressure gives tires better mileage and lessens the chances of damage from cuts and bruises. The new B. F. Goodrich tube is tougher ... resists tearing better. If punctured, is less likely to split or be seriously injured.

For quicker delivery of both the tire that OUTWEARS PREWAR TIRES and the tube made to go with it, see us soon.

36th Division Will Invite Justice Jackson To Address Sept. Reunion

FORT WORTH—(P)—Making the theme of the reunion "Remember Salerno," the 36th Division Association's general reunion committee has called on all veterans of the division to send in their reservations as quickly as possible for

the reunion to be held here September 8-9.

The memorial service to be held here on September 9 will be the first commemorative service held by the division on American soil since the end of the war, on the anniversary of the bloody battle which marked the first landing of Allied troops on European soil in World War II. Sessions of the reunion will be in Will Rogers Auditorium and registration at Hotel Texas.

Henry Love, reservation chairman, pointed out that hotel facilities in Fort Worth still are limited and he appealed to 36th veterans to send him their reservations without delay.

Brig. Gen. Nat Perrine, retired, chairman of the distinguished guests committee, told the general reunion group that his committee was inviting both Senator Connally and Supreme Court Justice Robert H. Jackson to address the convention.

36th Captured Goering
Members of the association have expressed interest in hearing Justice Jackson because he has been conducting the trials at Nuernburg of Nazi leaders, many of whom, including former Reichsmarshal Hermann Goering, were captured by the 36th Division in Bavaria near the end of the war.

Dr. Burke Brewster, former division medical officer and chairman of the reunion entertainment committee, reported he was planning to provide a "real West Texas bar-

Farming Column

the eastern and upper coastal counties, ranges were supplying fair to very good grazing and cattle were maintaining flesh.

Sale of domestic wools were very scarce in the Boston wool market last week. Reappraisals were made on the 1943 and 1944 wools which in the handlers opinion were over-appraised. At the present time considerable confusion exists as to what the actual world value of wool is. Russia is reported to have bid about 20 per cent above present prices for the entire-forthcoming Montevideo wool clip. Another factor making determination of world values of wool difficult is the removal of all United Kingdom wools from the market until auctions take place in Australia.

James Locklar, Midland County 4-H Club boy, has reported some nice gains on his club calf. James' calf weighs more than 600 pounds, which is pretty heavy for this time of the year.

Toots Mansfield and Troy Fort are having a match roping at Leveland Sunday. The event starts at 2 p. m. Toots will rope in the Labor Day match roping here in Midland.

Several farmers are planning to plant some winter barley this fall. The few that planted last year got some good grazing this spring so several others decided to get their feet wet. Buck Franklin, who farms and dairies south of Midland, says that his barley field saved him hundreds of dollars in feed bills.

becue" for the reunion guests at noon on September 8. Special entertainment features also are planned for wives of the veterans.
Col. Andrew F. Price will be in charge of registration and Col. S. H. Johnson, of financial arrangements.

Duck Hunting Season Cut 35 Days; Daily Bag Limit Reduced To Seven

WASHINGTON—(P)—A 45-day duck hunting season—a reduction of 35 days from last year—has been announced by Secretary of Interior Krug.

The regulations for the 1946 hunting season also reduce the daily bag limit from 10 to 7, and the possession limit from 20 to 14.

Shooting hours for waterfowl, coot, rails, and gallinules will run from one-half hour before sunrise to one-half hour before sunset. This clips one-half hour from the closing end of the day.

In announcing the regulations, Krug called the duck-hunting rules the most drastic since 1938.

By way of explanation, Krug said in a statement accompanying the regulations:

"The population of most species of wild ducks has declined within the past two years from a peak of 125,350,000 in 1944 to 80,000,000 birds—a dangerous level.

"Drouth conditions in the North Central states and the prairie provinces, together with overshooting last season when more ducks were shot than were hatched and raised, are contributing factors.

"With a 36 per cent decrease in ducks coupled with a 50 per cent increase in the number of hunters from 1944 to 1946, we invite disaster if we dig deeper into our breeding stocks. American sportsmen must take a smaller portion of ducks and geese during the 1946 season so that more breeders will be left to fly north in the spring of 1947."

1946 Regulations
High points of the 1946 regulations include:

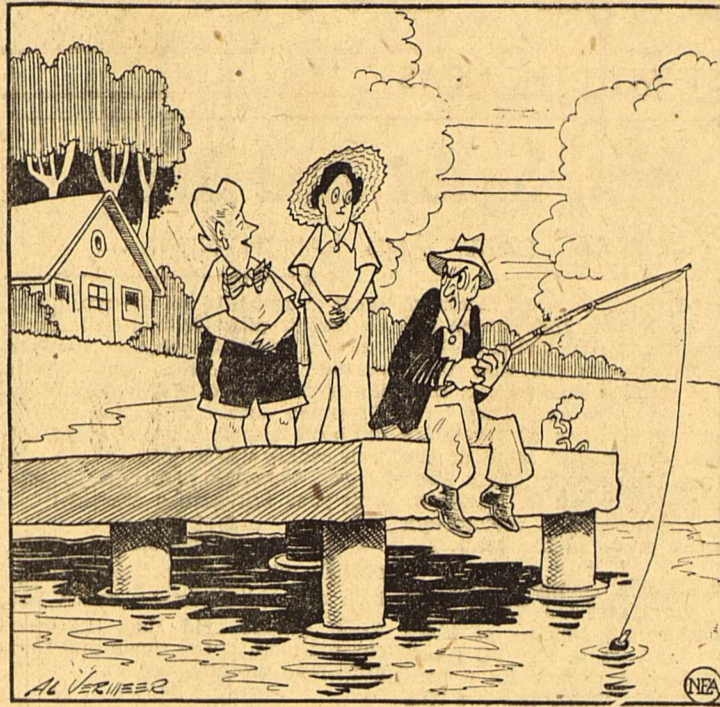

The waterfowl season runs from October 5 to November 18 in the Northern zone; from October 26 to December 9 in the intermediate zone; from November 23 to January 6 in the Southern zone.

The daily bag and possession limits for geese have been reduced to two of any kind in any combination, including brant, plus two snow geese or two blue geese, singly or in combination.

The post-season period for possession of migratory game birds remains 90 days.

The regulations prohibit the taking of waterfowl by means of bait

Drawing Cards

"Personally, I don't see much sense in fishing. Imagine waiting all day for someone you've never seen before."

or with the aid of live ducks or goose decoys.

The regulations were drafted by the Fish and Wildlife Service after consultation with state game administrators. They were approved by President Truman, as well as Secretary Krug.

The regulations follow:
Open Seasons:

The open seasons for wild ducks, geese, and brant are as follows, both dates inclusive:

Texas, on those portions of Lake Texoma in Cooke and Grayson counties, October 26 to December 9; in remainder of state, November 23 to January 6.

Woodcock—The open seasons on woodcock shall be as follows, both dates inclusive:

Arkansas and Oklahoma, December 1 to December 15.

Mourning, or turtle, dove—The open seasons on mourning, or turtle, dove shall be as follows, both dates inclusive:

Arkansas, September 16 to September 30, and December 18 to January 31.

Texas, in Val Verde, Kinney, Uvalde, Medina, Kendall, Comal

Hays, Travis, Williamson, Milam, Robertson, Leon, Houston, Cherokee, Nacogdoches, and Shelby counties, and all counties north and west thereof, September 1 to October 30; in remainder of state (but not including Cameron, Hidalgo, Starr, Zapata, Webb, Maverick, Dimmit, LaSalle, Jim Hogg, Brooks, Kinney and Willacy counties), October 20 to December 18; in these latter counties, September 13, 15 and 17, from 4 p. m. until sunset, and thereafter, October 20 to December 13, from one-half hour before sunrise to sunset.

Bag and Possession Limits

White-winged dove—The open seasons on white-winged dove shall be as follows, both dates inclusive:

Texas, in Cameron, Hidalgo, Starr, Zapata, Webb, Maverick, Kinney, Dimmit, LaSalle, Jim Hogg, Brooks, Kinney, Willacy, Val Verde, Terrell, Brewster, Presidio, Jeff Davis, Culberson, Hudspeth, and El Paso counties, September 13, 15 and 17, from 4 p. m. until sunset.

On the opening day of the season no person may possess any migra-

AMERICA SET MARRIAGE LICENSE RECORD IN JUNE
 WASHINGTON—(AP)—The Census Bureau has reported that June of this year eclipsed any month in history in the number of marriage licenses issued. There were 36,448 June licenses issued in cities of 100,000 or more, a jump of about 17 per cent over the previous peak, set in May of this year.

THANK YOU for waiting for delivery of your NEW CHEVROLET

We are doing our best to see that you get your new car as quickly as possible

Remember—Our CAR-SERVICE is your best CAR-SAVER. Keep your present car "alive" until you get delivery of your new Chevrolet by bringing it to us for skilled service now and at regular intervals.

We want to thank our customers and prospective customers for your friendly patience while awaiting your new Chevrolet.

We know it is a hardship to wait for needed transportation; but we believe you will understand that we, and Chevrolet, are as eager to deliver cars as you are to obtain them. Unfortunately, production so far this year is far under expectations. Chevrolet Motor Division sums up the situation thus:

"Even though our rate of production normally exceeds that of any other manufacturer, we have been able to build, up to July 1, only 12.4 per cent as many cars as we had built up to that date in 1941. Production is still far below normal, because of frequent shortages of essential materials and parts. Strike after strike at the plants of our suppliers has seriously impeded our progress toward full production, and the cumulative effect severely hampers every manufacturing and assembly plant. In June we were able to build only 29.2 per cent as many cars as we produced in the same month in 1941."

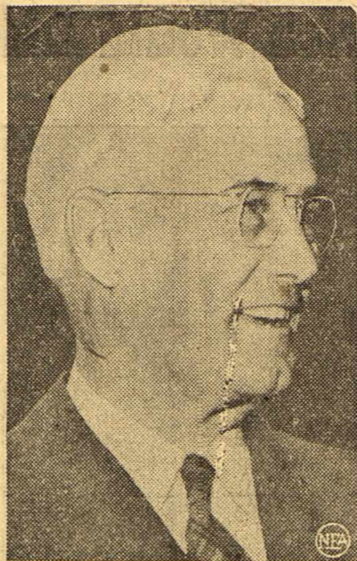

While production is restricted, so—in proportion—are shipments of cars to us. As production increases, we are assured of getting our proportionate share of the total—and as quickly as cars are received, we will speed deliveries to our customers.

Urges Relief End

Back in Washington after a 35,000-mile, 26-country, "round-the-world" trip, Sen. Hugh Butler (R., Nebraska) called for an end of government relief shipments and loans to foreign nations. He reported abundant harvests throughout Europe, widespread "confusion and distrust" and threat of revolutionary governments nearly everywhere.

greeting him with a compliment, inquired testily:

"Why aren't you wearing the new shoulder insignia?"

"Didn't know we had one," grumbled Harmon. "Been busy fighting. I'll borrow yours."

He stamped upstairs to the commander's suite, took a pair of insignia from a jacket hanging there, put them on his own shoulders, and stomped back down again.

"See anything else wrong, general?" he demanded.

Gen. Ernie Harmon Takes Patton's Place As Toughest Army Commander

By HAL BOYLE
 BAMBERG, GERMANY — (AP)—The only corporal in the Third Regiment of the French Moroccan Goums who holds a major general's rank in the American Army is Uncle Sam's chief cop overseas—Ernie ("Old Gravel Voice") Harmon.

Now in peace this chunky, squint-eyed veteran has inherited the mantle of Gen. George S. ("Old Blood and Guts") Patton, Jr., his former boss, as the toughest, roughest-talking commander in the Army.

Wanna Buy a Yacht?

Adolf Hitler's yacht, the 3600-ton "Grille," above, is for sale—price (the brokers hope), \$400,000. Brokers are Jacques Pierot, Jr., and Sons, formerly of Rotterdam, but now operating in England. The yacht is a war prize of the British Admiralty.

Army Believes Inviting Training Missions From South America Would Aid U. S. Defense

By **BOYD LEWIS**

RIO DE JANEIRO—(NEA)— In a current Broadway musical hit, Ethel Merman sings that "you can't get a man with a gun."

But in the field of inter-American relations, diplomats find that you CAN win nations with guns and it is a known fact that in every South American country which has had a military mission from another country, its political orientation has favored the country from which that mission came. That's why there is strong diplomatic support for President Truman's Hemisphere Defense bill, to be presented at the 80th Congress next year. That bill would authorize the U. S. to offer all Latin American nations U. S. military missions.

U. S. Ambassador to Brazil William D. Pawley told correspondents visiting South America by Pan-American World Airways that he believes this bill would be a tremendous influence for peace in the hemisphere and that every nation in the hemisphere would leap at the opportunity to receive a mission from the victorious veteran of World War II.

S. A. Used To Strong Army
To understand why the accreditation of a few soldiers and sailors to one of these countries should have so powerful an influence, you must understand that in practically every South American nation, the army is all-powerful. A part of this setup is that selected officers go to the United States to be trained in our staff schools. They experience our hospitality and learn our language and ways. Often they marry North American girls. Pawley likes to tell the story of a Peruvian general of his acquaintance. Peru, being an admirer of the pre-war French army, had a

U. S. Army jeeps, Brazilian-manned, line up for inspection at Brazil's School of Motor-Mechanization. Such military aid helps keep Uncle Sam in the diplomatic driver's seat.

French mission and this general had become thoroughly inculcated with the French military view.

About a year ago he accepted an opportunity to attend the U. S. Army Staff College in Washington. With his wife and son he settled down in Washington. After some months in the United States, his son began to tell his mother that the North Americans were not as bad as he had heard and that he liked his playmates. The general's wife found herself charmed by the friendly hospitality of her neighbors and finally spoke of this to her husband.

The general confessed that he, too, had been treated royally by U. S. military men and that he had completely changed his views. On his return to Peru after the staff course he told Pawley:

"For 45 years I have rapped the United States. I am now going to devote the rest of my life to undoing the harm I have done."

How Missions Would Help
Diplomats believe that establishment of U. S. military missions in Latin capitals would:

- 1. Influence nations against armaments races. By sitting in on staff meetings, our officers could induce countries to reduce their arms budgets and cut their armies to only sufficient force needed to maintain internal order. Protection against external aggression would come from joint action by all powers in defense of any nation attacked.
- 2. Money now spent on the military budget would then be available for education and sanitation.
- 3. Equipment would be standardized, with savings in maintenance and overhaul, and in the event the worst happened, all armies would be ready for immediate action.

Cooled Memory Leads To Heated Activity

BALTIMORE—(P)—Mr. and Mrs. Howard J. Kirby were attending a wedding in Havre de Grace when Mrs. Kirby remembered she had forgotten to turn off their hot water heater.

Fearing an explosion, she notified Havre de Grace police, who told Baltimore police. Officers helped a neighbor, Miss Blanche Taylor, through a basement window, but she couldn't reach the heater because a door was locked. So police called firemen, who broke a window and discovered the heater wasn't lit. "Why, that's right, I turned it off myself before we left," said Kirby, abashed.

State Sub-Committee Works On Bill To Hike Teacher Pay

FORT WORTH—(P)—A state legislative committee, meeting in joint session here with officials of the State Teachers Association, has appointed a sub-committee to draw an emergency bill supplementing the salaries of teachers in state aid schools by about \$300 during the next school term.

Senator G. C. Morris of Greenville, chairman of the new committee, said the group will meet in Austin in about two weeks. He said the committee has been assured by Gov. Coke Stevenson that the proposed legislation will be submitted if an emergency session of the legislature is called this fall.

On the committee with Morris are Senators Penrose Metcalfe of San Angelo and A. M. Aiken of Paris and Representatives Joe Humphries of Abilene and Otis Lock of Lufkin. Morris pointed out that state aid schools, whose salaries are set by law, are not permitted to use recent State Board of Education per capita appointment increases for salary boosts.

Elias Howe, credited as the inventor of the sewing machine, was born at Spencer, Mass., in 1819.
