Soviets Reported On Iran Border

Official Tehran Source Says Soviet Mountain Troops Near Nation—Soviet Denies Charge

TEHRAN —(P)—An official foreign source who requested anonymity said Saturday that cabled reports from the northern frontier indicated the Russians had massed between 15 and 25 divisions—possibly as many as 115,000 men—along the Araxes River boundary between Iran and Soviet Russia.

This official, who said the reports came from "qualified observers," described the troops as "typical Red Army mountain units" and added they were deployed for 38 miles east of Dzhulfa, border city 80 miles north of Tabriz.

(The official Soviet news agency Tass said Friday it had been authorized to deny similar reports, attributed to Hussein Ala, Iranian ambassador to the United States.)

(Ala said in Washington Tuesday that he had received some reports that the Russians had concentrated troops in the Caucasus north of Iran, but that his information did not indicate their purpose. He added that they might be used to counter British pressure against Iran in the south, or to bring pressure on Turkey in view of Russia's proposals for a hand in direct control and defense of the Dardanelles.)

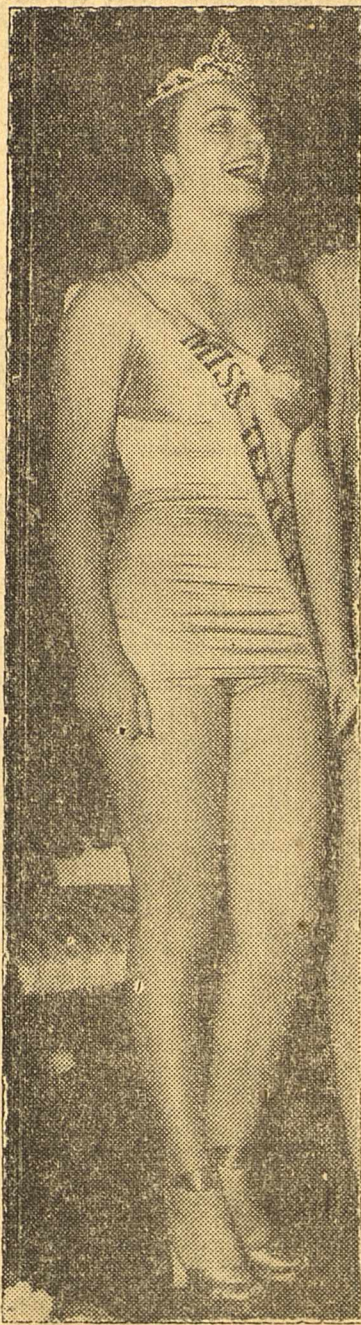

(Ala said the British had brought in mechanized Indian troops at Basra, Iraq, on the Iranian border near the British-operated oil fields, creating a serious situation involving Britain, Iraq and Iran.)

The foreign informant estimated the average strength of the Red Army divisions at 5,000 men each with "mechanized divisions probably slightly smaller."

Deployment of the Russian troops east of Dzhulfa would place them near the head of rail and highway lines into Azerbaijan Province, which the Russians evacuated last May.

The American military attaché, Col. William T. Sexton, and three aides left here last week for Tabriz en route to the northern frontier. They were arrested by Azerbaijan Democrats in Tabriz last June 19 and later released.

Lovely De'Anne

NEA Photo

She's the 1946 model of Miss Texas, D'Anne Wisener, 21, of University Park, Dallas, won the title in the state-wide beauty contest held at Fort Arthur by the Junior Chamber of Commerce. Here, she wears the crown bestowed by Gen. Jonathan Wainwright who officiated at the coronation ceremonies. For those interested in vital statistics, Miss Wisener's weight is 129 pounds, judiciously distributed; waist, 23 1/2 inches; hips and bust, 35 inches.

Death Toll Reaches 270 As Rioting Continues In Calcutta

1,600 Injured In Fighting Which Started When Moslems Protested British Independence Plan

CALCUTTA —(P)—Rioting Moslems and Hindus fought a pitched battle in Central Calcutta Saturday night and casualties mounted steadily from two days of bloody clashes.

Reuters said the toll was estimated at 270 killed and 1,600 injured. Other reports said more than 2,000 had been hurt.

British army units, some using armored cars, helped hard-pressed police attempting to restore order.

Gunfire sounded in the streets. Many victims were stabbed. Some shops were burned and others looted. Time and again police opened fire to break up angry crowds of Hindus and Moslems.

The rioting started Friday during the Moslem League's observance of a "direct action day" in protest against British proposals for Indian independence. Rioting and street clashes continued through the night, abating somewhat by early morning, and then burst out anew Saturday night.

The governor of Bengal, Sir Frederick Burrows, in a broadcast urged persons to keep off the streets and declared it was "discreditable that, on the eve of self-government, the largest city in India should become a victim of mob rule."

Crowds roaming the streets Friday night defied a strict 9 p. m. to 4 a. m. curfew.

Heavily armed, steel-helmeted British troops, called in to support the harassed police, patrolled the streets in trucks and jeeps, their vehicles covered with wire mesh to fend off the missiles of the mobs.

Police published a stern order prohibiting the assembly of five or more persons who carried dangerous weapons. But Indians roaming the center of the city defied the order, arming themselves with heavy sticks and clubs. Looting of shops continued unabated.

Some sources said it would be a week before the trouble subsided fully.

Losses About Even
No one could say whether the Hindus or the Moslems sustained greater losses.

One police officer, who had been on duty 30 hours without rest, said authorities were hard-pressed to cope with the removal of the bodies because the continued rioting kept patrols constantly on the move.

Transportation was at a standstill. The Sikhs, who monopolize the taxi business in Calcutta, cruised about the city with carloads of fellow Sikhs, and no cabs were available for anyone else.

Few offices and business establishments were able to open Saturday, however, because Indian help failed to report for work.

WASHINGTON —(P)—The Agriculture Department said Saturday prices on milk, butter, cheese and other dairy products are likely to advance above present levels in the fall and winter unless ceilings are re-established.

Prices normally increase during this period, reflecting a seasonal decline in production.

The price Decontrol Board created by the present Price Control Act has authority to re-establish ceilings on dairy products. Such ceilings expired July 1 when the old price control law expired. Government subsidies to dairymen also expired at that time.

The department said the expiration of dairy ceilings was followed by increases in prices of fluid milk and dairy products.

Toll May Reach Eight As Tornado Hits Minnesota

Officers Search For Trio Who Escaped From Stephenville Jail

Suspects In Auto Theft And Burglary Case Overpower Deputy Sheriff To Gain Freedom

STEPHENVILLE —(P)—All county and city peace officers and the State Highway Patrol from this district, reinforced by Mineral Wells officers, were searching the highways and the Bosque River bottoms Saturday night for three fugitives who escaped from the Erath County jail here early Saturday.

Two of the men were seen by Wesley Hancock, Erath County farmer, one mile south of Stephenville about 10 a. m. in the brush of the Bosque River.

George Shirey, 23, charged with auto theft, is thought to have left the company of his two companions, who were being held in the jail in connection with the burglary of two service stations at Dublin two weeks ago.

The three gained their freedom by overpowering Deputy Sheriff Will H. Young and locking him in their cell when he came to feed them Saturday morning. Young was slightly injured in the attack but is now directing the search.

The escapees are all thought to be on foot and unarmed.

200 Join In Scuffle As Negroes Enter White Section Of N. J. Cafe

SWEDESBORO, N. J. —(P)—Two hundred negroes and white persons scuffled in a restaurant Saturday night, and New Jersey State Police were called in to assist local authorities as restless groups of men gathered on the streets.

The groups were quiet but appeared to be "waiting for something to happen," the state police said.

The disturbance started in Andro's Restaurant, a spokesman said, after negroes had entered a section of the restaurant normally reserved for white patrons.

Scores of patrons scuffled in the eating house, and news of the dispute brought a crowd of men and women to the street in front, the spokesman said.

A Swedesboro policeman, attempting to quiet the crowd, had his pistol taken from him. State police said they were attempting to locate the missing weapon.

Authorities in Swedesboro, a small town in the heart of the South Jersey farm area, sent an appeal to the state police barracks at nearby Woodstown, where three troopers were dispatched to the scene.

The Woodstown barracks notified its headquarters at Hammonton and the state police headquarters at Trenton, and a detail of ten troopers under Lt. Thomas Cunningham was sent to augment the state police already there.

Meanwhile, the sheriff's office in Gloucester County had closed all taverns, tap rooms and other places of amusement in the municipality. Col. Charles H. Schoeffel, superintendent of state police, said so far there had been no serious violence and that the troopers in Swedesboro were there "to assist local authorities at their request."

Truck Jumps Into Air
"The truck went out of control, jackknifed into the air from its own weight and momentum, rolled over, snapping a telephone pole in its path, and landed upside down against the wall of a service station."

Gasoline, pouring from various openings in the big tank, burst into flame, believed set off either from a friction spark or from electric current.

The station and an adjoining cafe were completely destroyed, along with the truck. Flames shot 100 to 200 feet into the air, and heat was so intense that firemen could not approach the blaze for some time.

The tank did not explode, but the escaping fluid coursed down gutters for more than a block on both sides of the main business street. The heat broke or cracked most of the windows in business buildings, and left seared building fronts. Even the City Hall for a time was in danger, but was damaged only slightly. Pavement along the street cracked and was left bumpy from the intense heat.

Funeral services for Wisdom were held in Lubbock Sunday.

Two Killed As Glider And Airplane Collide
ELMIRA, N. Y. —(P)—Two persons were killed Saturday when the glider in which they were riding and a light airplane collided over Chemung County airport before 300 horrified spectators who were watching demonstrations held in connection with the 13th annual National Soaring contest.

The dead were identified by air port officials as:
Lt. Cmdr. Stanley C. Fierstein, 28, of Houston, Texas, stationed at the Naval Aircraft Modification Unit, Johnsville, Pa., pilot of the glider.

Lt. G. E. Linder, age and address not immediately available.

Workmen Start Excavation For Office Building
Workmen Saturday started excavating for the basement of the new Main Building at Colorado and Wall streets. The seven-story office building will be erected at a cost of approximately \$850,000, officials of the building company said.

R. L. Wood is president of the company and J. W. Bateman has the contract for the excavation. A Civilian Production Administration permit for the structure has been obtained and it requires that work start before August 20. The breaking of the ground, after the removal of the Weaver Service Station from that location, fulfilled the requirement.

The company hopes to have the building ready for tenants in the summer of 1947.

Detail plans for the structure are expected to be ready by September 10. Wyatt C. Hedrick of Fort Worth is the architect.

Brownwood Youths Steal Explosives From Bowie
BROWNWOOD —(P)—Police continued a search here Saturday for more than \$500 worth of explosives believed taken from the military munition dump at Camp Bowie by a group of teen-age boys.

Quantities of smoke bombs, demolition fuses, flares, dynamite caps, and mine busters have been recovered.

Seventeen teen-age boys have been cited to appear in Police Court Wednesday at which time military authorities will decide whether to file federal charges.

Connally Leaves For Paris Conference

Senator Tom Connally (D-Texas), with Mrs. Connally sailed from New York to Europe on August 16 in answer to a summons from Secretary of State James Byrnes.

In a press interview aboard the Queen Mary just before sailing, Senator Connally stated that Russia "has maintained an unreasonable position" in the Paris Peace conference.

Five Known Dead, Many Are Injured

Rescue Workers Rush To Crushed Cabins

MANKATO, MINN. —(P)—At least five persons were killed and more than 50 injured Saturday night when a tornado demolished a 22-cabin tourist camp in the scenic Minnesota River Valley three miles southwest of Mankato.

Possibility the death list might reach at least eight was expressed by Sheriff Frank Cords of Blue Earth County, who said it was reported to him that three more dead, all of them children, had been brought in from the storm area.

St. Joseph's Hospital reported it had treated 32 injured and the community's other hospital, Immanuel, had "over 20 injured."

Both hospitals said operating rooms were filled and that injured were lying or standing in corridors waiting for surgical treatment.

The known dead were:
Ronald J. Wirig, about 40, of Mankato.

Gerald Nurte of Bancroft, Iowa.
Sidney Casper of Mankato.
Donald Nelson of Butterfield, Minn.

An unidentified woman, about 42. The tourist camp's registration ledger was lost in the storm, but it was believed about 40 persons were registered at the place.

Striking at 6:45 p. m., CST, the twister swept through the small cabins, three miles south of Mankato, reducing most of them to timbers. Twenty-five automobiles belonging to cabin registrants were hurled onto Omaha Railroad tracks nearby.

Every available vehicle was pressed into service to take injured to Immanuel and St. John's hospitals in Mankato.

A bread truck, its racks empty, hauled seven injured to Mankato. Jerib Wohlford who lives on the outskirts of Mankato, said he took five small children in his car to a hospital.

Hearse, trucks and taxis were dispatched to the storm area to transport additional injured.

Donald Wold, ambulance driver, and brother of Ed Wold who reported the known dead, after making a trip to carry injured, said he hadn't seen "anything like this since I fought the Germans in France. Wold, a recently returned war veteran said "people were lying everywhere. The whole place is wrecker. Trees were stripped down to their trunks."

Championship Roping In Midland Will Be Labor Day Attraction

One of West Texas' top Labor Day attractions will be the annual world-championship calf roping contests in Midland Monday, September 2.

Toots Mansfield of Rankin, five-times world champion calf roping, will meet Homer Pettigrew of Grady, N. M., world champion steer wrestler for three years and runner up in 1945, in the feature calf roping event of the holiday card.

The two champions will rope 12 calves each for a purse of \$2,000. To Rope Steers

An added attraction will be a special matched roping between Jim Epsy of Fort Davis and Howard Westfall of Sheffield, two of the world's best-known steer ropers. The contest will be for a purse of \$1,000.

A jack-pot calf roping open to all cowboys is expected to attract calf ropers from a wide area of West Texas and New Mexico.

The roping attraction will be produced by the rodeo committee of Midland Fair, Inc., and will get underway at 2 p. m., Labor Day, at the Midland Fair Grounds.

Leonard Proctor is president of Midland Fair, Inc., and John Dublin is chairman of the rodeo committee. J. Homer Epley is secretary-treasurer.

Attendance at the annual Labor Day celebration is expected to exceed 7,500 persons.

FARMER KILLED IN FALL FROM WINDMILL

BIG SPRING —(P)—Albert Jones, 46, tenant farmer, died in a local hospital Friday night of injuries suffered Friday when he fell from the tower of a windmill 14 miles south of here.

Weather

Continued warm weather Sunday.

WAGO TIRE FACTORY OPENS AS WORK AGREEMENT MADE

WAGO—(P)—The General Tire & Rubber Company reopened its tire factory here Saturday following approval by the international office of the United Rubber Workers (U. R. W.), Akron, Ohio, of a back-to-work agreement reached here Friday by the company and Local 312 of the U. R. W.

Small And Wyatt Clash Building Material Use

WASHINGTON—(P)—Production Boss John D. Small, in response to a new demand for deep cuts in non-housing construction, has offered to Housing Chief Wilson Wyatt full control over the bulk of such building.

The tangle between the two big claimants for scarce building materials has been amicably enough, high officials revealed, but Saturday night stands at an impasse.

Wyatt, feeling that school, commercial and other building is draining materials away from veterans' homes, requested Small by letter to cut it down further. If this is not done, he said, he would issue a directive making a cut mandatory.

Small replied that the obvious answer to Wyatt's dissatisfaction is for Wyatt to take full authority. Small would retain control only over industrial construction, in line with his conversion responsibility as head of the Civilian Production Administration.

Maritime Leaders Head For Meeting With Ship Firms

DETROIT—(P)—Top leaders of the CIO National Maritime Union headed toward New York and Chicago Saturday night for "important" new negotiations with two companies in the Great Lakes shipping strike.

At the same time the union extended its picketing in additional lake ports and said its three-day-old walkout was hampering movement of "an increasing number" of an estimated 400 American-flag vessels on the lakes.

The NUM said "about 100" ships were strikebound in ports from Buffalo to Duluth and Chicago.

The strike began Thursday in a dispute centering around an NMU demand for a 40-hour week as opposed to the present 56 hours.

Joseph Curran, NMU president, arranged to leave for New York to resume negotiations Monday with Bethlehem Transportation Corporation, operators of 12 ore carriers.

Two of his chief assistants, Vice President Jack Lawrenson and John Rogan, co-chairman of the strike committee, headed for Chicago and fresh talks with the Standard Oil Company of Indiana, operators of six tankers.

The Port of Toledo, Ohio, has been "closed down," the NMU announced, following an earlier claim that the Port of Detroit was "entirely tied up with the exception of an excursion boat or two."

Communists Claim 8,000 Government Troops Wiped Out

NANKING—(P)—The Communist radio at Yenan said Saturday that 8,000 Chinese Government troops had been wiped out in fierce fighting along the east-west Lunghai Railway in the Kiangsu, Anhwei and Honan provincial border area some 300 miles northwest of Nanking.

Many of the casualties were among the crack American-equipped 18th Division, the Communist report said.

It declared the Communist forces now held more than 100 miles of the Lunghai Railway after capturing Lowang, a dozen miles east of the Honan provincial capital of Kaifeng, and Huangkow, 34 miles west of Hsuechow.

Government dispatches two days previously acknowledged loss of some towns along that railway to the Communists but the government accounts were much more reserved than Saturday's unconfirmed Communist claims.

The Communist radio also reported without government confirmation that fierce fighting was raging along the railway that runs southwest from Communist-besieged Tatung to the Yellow River.

Lost Battalion Celebrates First Year Of Freedom

WICHITA FALLS—(P)—Tall, tanned Texans crowded this sun-baked Northwest Texas city Saturday celebrating their first year of freedom from Japanese captivity.

Back-slapping war buddies—150 of them—filled two hotel lobbies and overflowed into street corners recalling last August 17 (Burma Time) the day about 300 surviving members of the lost battalion of the 36th Division and survivors of the cruiser Houston were freed by their Japanese captors from Moulmein Prison Camp in Burma.

Saturday was their day in Wichita Falls. There was a barbecue luncheon in one of the city's parks, a business meeting, an all-day "open house" for tale swapping and finally a banquet and dance Saturday night.

Their stories recalled the sweat and toil forced labor groups of the 131st Field Artillery expended to build a railroad for the Japs through the jungles of Burma into Thailand.

Maj. J. B. Heinan, Jr., of Dallas was elected president of the organization.

Other new officers are Will M. Biffle of Myra, first vice president; Luther G. Prunty of Jacksboro, second vice president; Marvin Snelling of Abilene, secretary-treasurer.

Alaska's 1945 fur crop totaled 223,200 pelts.

May Restore Meat And Milk Ceilings

WASHINGTON—(P)—OPA Administrator Paul Porter said Saturday night that June 30 ceilings will be restored on most meat if the Decontrol Board authorized re-establishment of ceilings and payment of adequate subsidies.

Tentative plans, Porter told a reporter, are to roll milk prices back from the present levels if ceilings and full subsidies are restored, but to fix prices one cent a quart above June 30 ceilings.

Porter emphasized that these preliminary agreements between OPA and the Agriculture Department are entirely contingent upon

the forthcoming decision of the Decontrol Board. The board will announce Tuesday whether ceilings will be restored on meats, dairy products, grain and other items after August 20. It also will announce whether subsidies will be paid again on these commodities and—if so—at what rates. "Even though Congress has cut subsidies," Porter said, "OPA and the Agriculture Department have decided there still will be enough money to pay the June 30 subsidy on beef and pork and probably on veal."

State Department Says Oil Shortage Likely In 20 Years

WASHINGTON—(P)—The State Department told the nation Saturday night that it faces an oil shortage in 20 years and that the best foreign source of petroleum is the strife ridden Middle East.

Uncertainty over the future of Palestine is even now holding up construction of a pipeline across Saudi Arabia in that area.

In one of the frankest discussions of the relationships between oil, war and foreign policy, the department joined through two of its ranking officials with an officer of the Army-Navy Petroleum Board to broadcast in NBC's University of the Air a lengthy discussion of the interest presently involved in oil here and abroad.

Remarks prepared for broadcast brought out these principal points:

1. An official prediction that the country faces such a drop in domestic oil production that it will have to import about half its requirements by 1965, barring sensational developments in other fields, and the disclosure that the government is considering further conservation of oil reserves within this country.

2. A statement that American control of 42 per cent of the known reserves in the Middle East, largest in the world, is "extremely important" to the United States both because of future import needs and the present "strategic" importance of this oil.

3. The declaration that oil is and "will continue to be a point of friction and conflict" among the nations until they get together on controls which the State Department suggests may be set up under the United Nations.

4. The disclosure that the two oil companies which have the exclusive developments rights in Saudi Arabia—Standard Oil of California and The Texas Company—however obtained transit rights through Lebanon for a pipeline to carry oil across Arabia to the Mediterranean but that the companies hesitate to start building until the Palestine situation is cleared up because of the possibility of a pipeline terminal at Haifa.

No Violence Suspected In Death At Dallas

DALLAS—(P)—Justice of the Peace W. L. Sterrett said late Saturday that the death of Edward Leslie Wilson, 37, baseball scout for the St. Louis Cardinals, was "apparently not due to violence."

Wilson, whose nude, blood-streaked body was found by a maid in his fourth-floor room of a small hotel here Saturday, was at first believed to have been the victim of a beating.

Sterrett said he based his opinion on the results of an autopsy conducted by Dr. Charles T. Ashworth, chief pathologist at Parkland Hospital, and Dr. Morton Mason, chief toxicologist at the hospital.

The justice of the peace said the doctors reported that no marks of violence capable of causing death were found on the body.

Both medical examiners reported they found evidence of drinking, Sterrett stated. He said he would withhold his official verdict until Monday to allow Detective Chief Will Fritz to complete an investigation.

Three Are Questioned
Fritz said three persons taken into custody at the hotel would be held for further questioning but that there was no evidence to indicate they had any knowledge of the cause of Wilson's death.

One of them, a porter, said he took some ice to Wilson's room at 3:10 a. m. and found him staggering about the room with blood on his face and body, Fritz stated. The porter said Wilson told him he had fallen and cut himself. The two other persons held were a 33-year-old man who Fritz said had been arrested many times before by Dallas police, and a 30-year-old woman, both guests of the hotel.

Vernon Oneal of the Oneal Funeral Home said he had been authorized by Sam Breadon, president of the St. Louis Cardinals, to hold funeral services and burial in Dallas. His home address was given as Fayetteville, Ark.

Davenport, Iowa, had the highest suicide rate of any city in the United States during 1932 and 1933.

Jester Criticizes Hand Bills Given Out By Students

CORPUS CHRISTI—(P)—Beauford Jester, candidate for governor Saturday night sharply criticized his opponent's campaign workers who he said distributed what he called "scurrilous smearsheets" while he was speaking at a rally here Saturday night.

Jester interrupted his speech when he saw newspaper-sized anti-Jester handbills being passed in the crowd. He warned that "the opposition is at work."

"You may soon have a sample of the scurrilous literature," he told his listeners, adding: "I think you ought to compliment these people who are passing them. I think that if you've got a button you ought to put it on them. I think the color should be yellow."

The candidate who carried Nueces County in the first Democratic primary over his opponent Homer Rainey, spoke on a concrete peninsula jutting out into Corpus Christi Bay from the city's bayfront. An old-fashioned free barbecue was given in his honor preceding the speech. Three thousand pounds of barbecue were consumed.

One of the distributors of the handbills told reporters that an automobile full of University of Texas students had driven from Austin to distribute them.

Jester held one of the handbills in his hand. "Is that the kind of a campaign you would expect of a man who paved the way to run for governor with a series of radio programs entitled 'Religion In Life? It wasn't religion in life after all which that man was giving but instead was a guise to work his way into the governor's office."

PLAINVIEW—(P)—The trial of Dr. W. R. Newton, Cameron physician charged with assault with intent to murder, was set Saturday for October 28 in 64th District Court here.

It was to be the second trial in Hale County for the physician in connection with an assault upon Dr. Roy Hunt of Littlefield on May 21, 1942. He was first tried in Lamb County, convicted and sentenced to seven years. The Court of Criminal Appeals reversed and remanded the case. Later the case was transferred to Hale County on a change of venue.

Joan of Arc was born at Domremy, France, about 125 miles southwest of Paris.

Hopes Dim For End Of Construction Dispute

HOUSTON—(P)—Hopes for a settlement of the construction dispute here were dimmed Saturday, when the AFL Building Trades Council issued a statement charging the general contractors with breaking off negotiations.

The union statement was released by D. W. Maxwell, secretary, and expressed the hope that the Associated General Contractors "will resume negotiations in the near future."

It also urged material dealers, who closed their business after the dispute stopped construction of about \$50,000,000 in commercial building, and hampered construction of homes, reopen so that "not only homes for veterans, but also homes and apartments for other citizens of Houston," may be built.

Thirty-Six Credit Certificates Granted To Midland Citizens

Thirty-six Midland merchants and credit grantors received certificates from the Division of Extension, University of Texas, when Plasco G. Moore, instructor, closed a credit school here Friday night. The course was under the auspices of the Retail Merchants Association.

Scores of persons attended the school, but all did not qualify for the certificates. Attendance at four of the five nights the school was conducted was one of the requirements.

Merchants and credit personnel who attended the 10-hour streamlined course were high in their praise of the program.

S. M. Vaughn of the Barrow Furniture Company said, "We as merchants need more of this training in credit procedure to cooperate to the fullest extent with each other. The largest credit business the nation has ever known is just over the horizon."

"We believe this course has been a big help in taking credit applications and extending credit to our customers," Paul Brooks of the Brooks Grocery & Market said.

Mills Praises Course
"Our entire credit personnel has received benefits from this course and we believe it will do a lot to promote community cooperation," John B. Mills, manager of the Midland Hardware & Furniture Company, asserted.

Among those who received certificates were:

John B. Mills, S. S. Farson, Laverne Key, W. M. Hester, Larry Wiles, Cecil Moss, S. M. Vaughan, William McCutchen, Lucile Westerman, Ruth Lord, Mae Baumgartner, Raymond Greene, Jessie L. Baker, Caroline Keisling, W. C. Wilcox, N. B. Beauchamp, Ora Mae Simpson, Ray P. Simpson, Florence Harrison, George Park, Russell L. Langford, T. E. Allen, Joe S. Hullman, Henry Orson, A. C. Caswell, W. E. Nance, J. H. Brock, Paul Brooks, Goodrich Hejl, Roy A. Miller, Martin G. Browne, Victor Horn, Quay Hamblett, Agnes Park.

No Laws Violated In Athen, Tenn., Election

WASHINGTON—(AP)—A Justice Department official said Saturday that the department's investigation of the Athens, Tenn., election riots on August 1 and 2 failed to disclose any violation of federal laws.

The disturbance centered around a six-hour election night gun battle involving a bi-partisan group of veterans and sheriff's deputies. The battle followed a bitter campaign waged by the veterans for public office in opposition to Democratic organization candidates.

Livestock

FORT WORTH—(AP)—Cattle—compared week ago; medium to choice steers and yearlings firm; cutter and common grades weak to lower; beef cows fully 50 off, spots 1.00 lower, canners and cutters 25-50 lower; bulls steady to weak; slaughter calves steady to 50 lower; stocker and feeder cattle and calves about steady. Week's tops: mature steers 17.50, yearlings 18.50, cows 13.00, bulls 12.50, fat calves 15.00, stocker yearlings and calves 15.25. Beef cows 9.50-12.00; fat calves 10.50-14.00; stocker and feeder calves, yearlings and steers 11.00-14.00.

Hogs compared week ago: Butcher hogs and sows 4.00 lower; pigs 1.00 lower; week's tops: barrows and gilts 22.50, sows 19.50, pigs 18.00; closing tops: barrows and gilts 20.00.

Sheep—compared close last week: generally 50-1.00 lower; week's tops spring lambs 17.50, yearlings 13.00, ewes 6.50, feeder lambs 13.50; closing bulks: medium and good spring lambs 14.00-16.00.

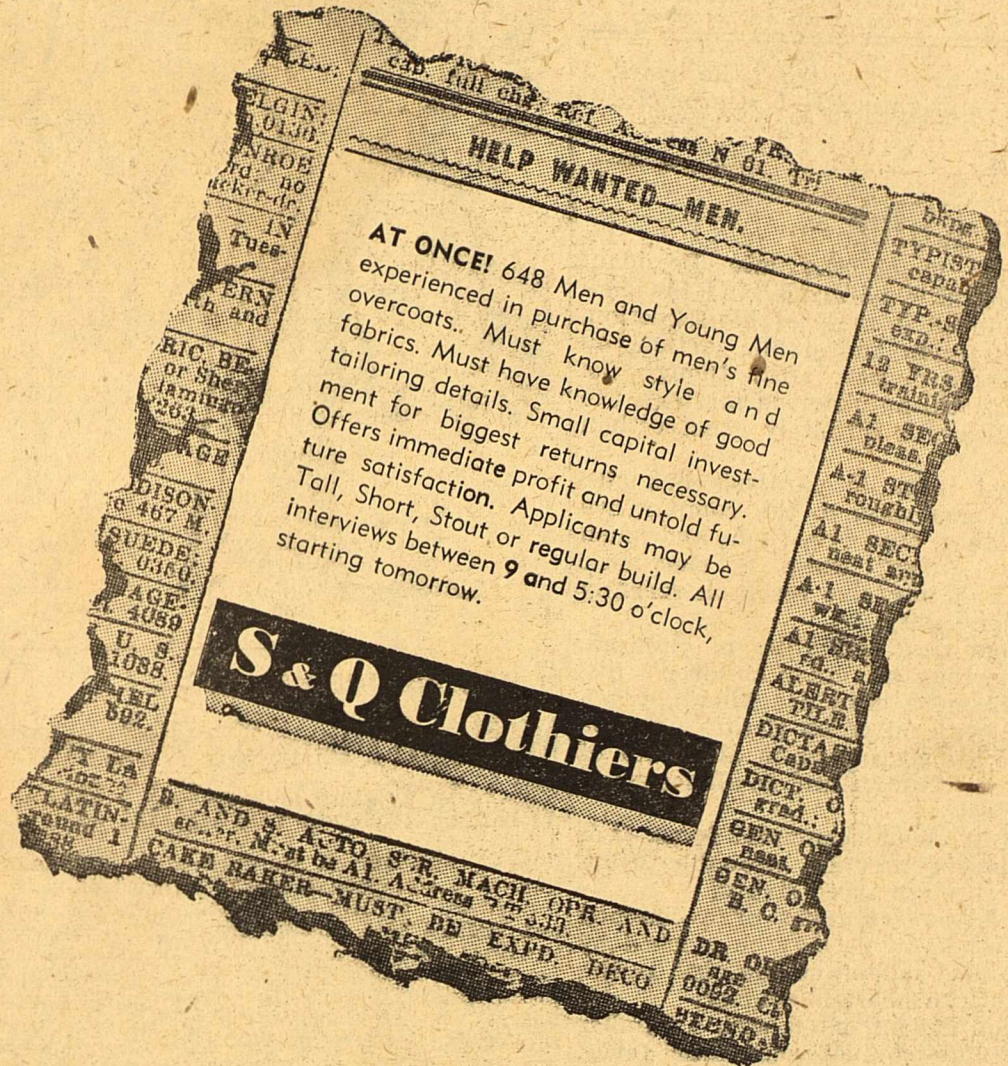

Rail Strike Postponed By Trainmen Union

WASHINGTON—(AP)—The national mediation board said Saturday President A. F. Whitney of the railway trainmen has authorized an indefinite postponement of a strike of 8,000 Southern Pacific employees scheduled for 6 p. m. August 21.

Fighting Another Killer

The courageous fight which the late President Roosevelt made against infantile paralysis, and the eminent career which he achieved in spite of his affliction, served to focus public attention and public action on that disease to a remarkable degree. And though the prevention of the disease is still an unsolved mystery, the relief available to its sufferers is infinitely greater than it was a decade ago.

The campaign against infantile paralysis has also called attention, in an inverse way, to the comparative lack of public interest in other, equally serious, and much more prevalent diseases. Among these is rheumatic fever, which is the object of intensive research recently begun at John Hopkins University.

Rheumatic fever is our deadliest killer of children. It takes more young lives than all other children's diseases combined—20 times more than are killed by poliomyelitis. It strikes 90 per cent of its victims between the ages of 5 and 7. The disease occurs in all strata of society, in all sections of the country, and at all seasons.

Not too much is known about rheumatic fever. It is thought to be "set off" by an infection, probably streptococci. It usually goes through three stages.

The first may exhibit the symptoms of a common cold. The second, some weeks later, may be marked by fever and swollen and painful joints and muscles. In the third stage, involvement of the heart is evident.

The medical profession is confronted with a number of problems in its efforts to combat rheumatic fever. There is an immediate need to improve and increase its early recognition, for it is difficult of diagnosis. There is immediate need of a much longer period of rest and supervised care for patients. And, of course, there is the ultimate need to minimize its damaging effects and, hopefully, to find and nullify its cause.

A splendid but little-known pioneering job has been done by the St. Francis Sanatorium at Roslyn, Long Island. This is apparently the only hospital in the country which has devoted itself to clinical research of the disease and to providing the prolonged bed-rest which is vitally necessary if the patient is to survive into an adult life of restricted activity, which is the best he can hope for.

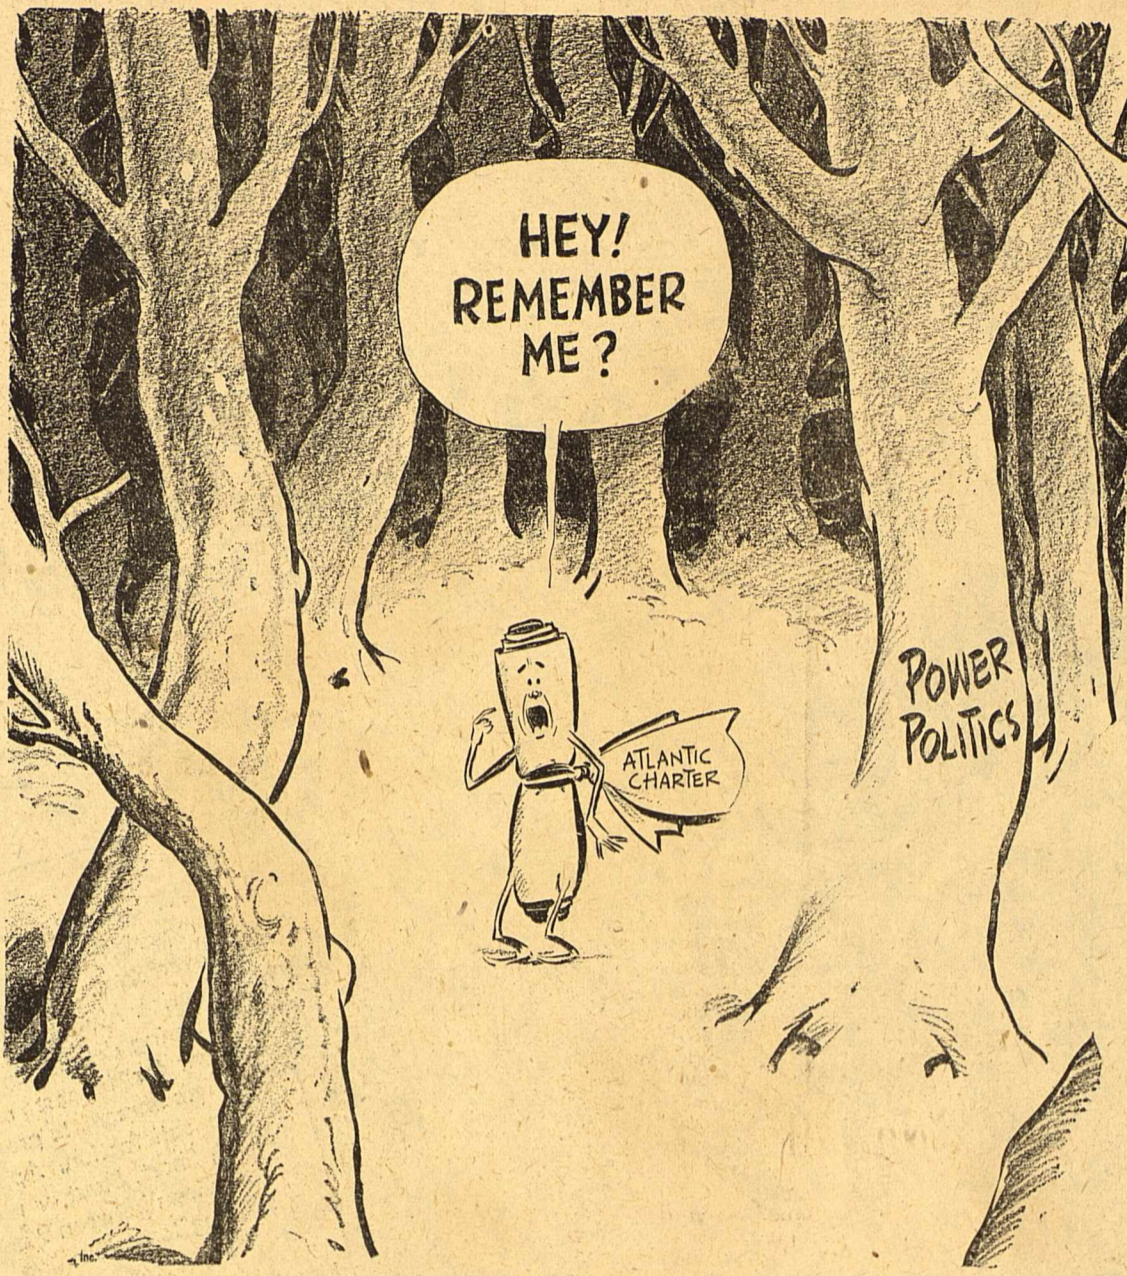

Now that Johns Hopkins has added its facilities to those already engaged in the fight against this widespread and deadly affliction, it is to be hoped that, when and if a concerted national campaign is organized, the public will respond with the same will and generosity that has aided medical science so notably in its battle against another childhood scourge.

Lost Opportunity

Because of the \$5,000 pay hike which Congress voted itself, Senator Bilbo of Mississippi says he doesn't need the extra money which he would have received if he had accepted a movie offer to play the unsuccessful election opponent of Senator Claghorn.

In general, we approve the congressional reorganization act which included the pay raise. But we do feel that a tour of duty in Hollywood might have been good for the senator. He'd have found that after the director yells "Cut!" and the cameras stop, there's no sense in filibustering.

A Voice Crying In The Wilderness

PLANES DUE WEDNESDAY —

Midland Plans To Welcome 'Airmada' Which Has Overnight Stop In City

Mayor Fred Hogan, representative of the Midland Chamber of Commerce's aviation committee, and Midland NAA chapter representatives will greet a flight of the Lower Rio Grande Valley's "Air Queen Airmada" when the contingent lands at Midland Municipal Airport at 6:30 p. m. Wednesday.

Grace Lutherans To Build New Church

The Grace Lutheran Church of Midland will build a new brick church building at the corner of Wall and J Streets at a cost of approximately \$15,000.

The church will be 29 by 75 feet and will contain an auditorium and pastor's study. The style will be similar to that of the Episcopal Church here.

The national salute to the American flag consists of one shot for each star therein.

Congressman Says New Law Hurts College Vets

HOUSTON — (AP) — Rep. Albert Thomas (D-Texas) declared here Saturday that unless the Veterans Administration can find a way to adjust "inequities" in on-the-job training subsistence ceilings as they affect college trainees, a special session of Congress should be called to "do something about it."

Thomas said he talked to veterans studying at the University of Houston, where officials report that approximately 500 students will be forced to drop their plans for studying because of the new law.

President Truman signed into law August 9 the measure limiting government subsistence payments plus wages for trainees under the program to \$200 for married men, \$175 for single veterans.

Dr. R. O. Jonas, veterans counselor on the staff of the university, said the students with children were hit hardest by the ruling.

Channing Pollock, Dramatist, Dies

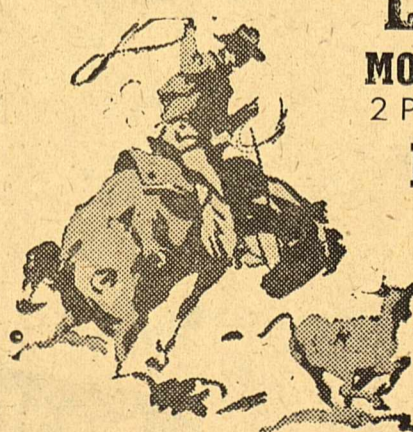

NEW YORK — (AP) — Channing Pollock, author and dramatist, died of a cerebral hemorrhage at his summer home in Shoreham, Long Island, Saturday at the age of 66.

Janice Roberson Gets New 'Fuzzy' Like One Poisoned By 'Phantom'

"Fuzzy," a little white Spitz dog belonging to Joe Roberson's little daughter, Janice, was killed by a phantom dog-killer who scoured the city a few weeks ago.

The story has a happy ending because now there is a new "Fuzzy." The Spitz is the identical likeness of the original "Fuzzy."

The little Roberson girl adored the first pet however, and it was exactly as old as she, eight years.

The Robersons were sitting on the porch of their home at Carizzo and Tennessee streets in the cool of a summer twilight and dusk when the killer poisoned their first dog.

Roberson and the others saw the car drive by slowly several times. Then "Fuzzy" began to have fits and died.

But Roberson gave chase. He got as close to the phantom dog-killer as anybody in Midland did. But he was chasing the car while bare-footed and it out-distanced him.

"Just would like that dog-killer to know we have a new pet just like 'Fuzzy' and I'm wearing shoes now," Roberson said.

CIO Publishes Voting Record Of Congressmen

WASHINGTON — (AP) — The CIO published Saturday as "a weapon in the coming battle of ballots" the voting records of all members of Congress "on 12 issues of major importance to the American people."

Calling the compilation of how congressmen voted a "guide" for citizens in determining how they will cast their ballots, the CIO and its political action committee said in their joint publication that they were not setting up a blacklist or a list of endorsed candidates.

The Senate report included: Texas (Democrats): Connally 0-5; O'Daniel 1-1.

The House report included: Thomason 7-5.

Swiss Passengers Bumped From Plane For Clarks

NEW YORK — (AP) — The departure for Paris of U. S. Attorney General Tom C. Clark and his wife was delayed more than an hour Saturday as government agents removed two passengers carrying Swiss passports from the Trans-World Airlines plane at LaGuardia Field.

The two passengers were identified by TWA as Paul A. DeQuervain, 33-year-old Swiss engineer, and Alice S. DeQuervain, 29, both of Zurich, Switzerland.

Clark said his trip abroad was a combination of business and pleasure. He said he would look into treason cases, and a Justice Department investigation into U. S. property bought by Germans before and during the war and held in the name of neutrals.

The attorney general said he and his wife also would visit their son, Marine Cpl. Ramsey Clark, in Paris.

Rainey Charges His Opponent Is 'Getting Nervous'

WICHITA FALLS — (AP) — Dr. Homer P. Rainey said Saturday night that his opponent in the gubernatorial run-off was "getting nervous," and that "he has two organizations, the visible and invisible, handling his campaign."

The candidate devoted more than half of a radio speech prepared for delivery at 8 p. m. over the Texas State Network to an outline of what he said were campaign methods used against him.

"My opponent is not the only one who is getting nervous," he said. "The big boys, who are furnishing the money for the campaign against Homer Rainey are also getting nervous."

"They have had their smear artists at work, and I'm expecting a deluge of special editions and yellow sheets and pamphlets to descend upon you this final week."

Rainey said that if Beauford H. Jester, his opponent, "does one-half the things he has promised, you will wind up with a general sales tax on the poor."

He reiterated that the opposition to him stemmed from the "great oil and gas and other corporations," whose taxes he wants to raise.

Rainey said that Jester's "nominal" campaign manager in Corsicana had issued instructions to district and county campaign managers urging them to "have your telephone squad during the last 10 days before election telephone all large employers, urging them to insist that their employees vote."

"All he thinks he has to do is to get the boss to tell the employees how to vote, and the ball game will be over," Rainey said. "That's their idea of democracy."

Without naming anyone, Rainey said that Jester's "nominal" campaign manager was a lawyer from Harlingen.

Looking for a job? Good pay? Pleasant working conditions? A chance to get ahead? Here it is!

The telephone company needs more operators. Starting rates in Midland are now \$26 for a 40-hour week, and, by the end of the first year, you can be making as much as \$32 a week at this interesting job for girls.

Supervisors' jobs are filled by experienced operators, so there are real opportunities for girls in Midland.

If you would like to find out more about it, drop in with your questions at the office of the Chief Operator, Telephone Building.

SOUTHWESTERN BELL TELEPHONE COMPANY

Playoff Games In Softball Leagues Open Monday Night

Playoff games to determine the Red and Blue circuit champions, who will meet in the city championship series, are scheduled to begin Monday evening.

It will cost fans two-bits for adults and a dime for the youngsters to witness the playoff contests.

Coaches, Officials Association Plans Rules Clinic Here

The Midland Coaches and Officials Association will bring Ab Curtis, well-known Southwest official and rules authority, to the city for a one-day rules interpretation clinic September 8.

The clinic will be open to coaches and officials of a wide West Texas area. Invitations are being mailed to coaches and officials of Odessa, Big Spring, Sweetwater, Lamesa, Abilene, San Angelo, 3-AA, and Pecos, Monahans, Crane, Rankin, Big Lake, Barstow, Fort Stockton, Sterling City, Garden City, Colorado City, Coahoma and Ackerly, Lubbock and El Paso coaches and officials and others also are welcome.

The clinic will be held at the Scharbauer Hotel and will include lectures by Curtis and a luncheon. Curtis annually referees many Southwest Conference games and he has officiated many bowl tilts, including Rose Bowl and Cotton Bowl games.

DOWN SPORTSLANE

TANNER LAINE
There's a visitor in Midland, the likes of which we wish Midland had about 40. He is James Mott, a tailback of the fighting Lufkin Panthers.

Young Mott is visiting his sister, Mrs. Bo Mitchell, here. His brother-in-law is Bo, who once played at Lufkin as a mean lineman.

This Mott lad weighs 177 pounds and is rangy, tough kid and looks good and ready for his fourth season with the Panthers.

He was all-district last year when Lufkin won its district and lost to Marshall in the bi-district. He was on the team which advanced to the state semi-finals the year before, and he lettered the season before that.

He is a versatile runner, line-backer and punter. He got off some fine booms for Lufkin last two seasons. Some of his best booms traveled 75 to 90 yards and his all-season average in 1945 was more than 40 yards.

Season football tickets, which were on sale at the Chamber of Commerce, have been moved to the high school, after 509 had been sold. A new sale will open September 1.

M. C. Hale, the big back all the colleges want, is back in town after Navy service. Hale was "a-going thing" out there for the Bulldogs a season or so back. He has not indicated his choice of higher learning.

Some more Bulldog Boosters have come in. They include: Frank Monroe, A. A. (Poosty) Jones, Henry D. Mumfey, Lawrence Liberty, Fred Hogan, George G. Slantz, G. E. Mershon, Ernest Neill, Lester Short, James N. Allison, Delbert Downing, Ted Thompson. Are there others? There should be

more. A quota of 500 has been set.

ROUNDUP UP THE STRAYS
A Reporter player left a glove at the diamond Friday night. Will the finder please notify this column.

Dopey Crow and Jimmy Walker, Oil Scouts, got bids to play in the state softball tournament with Monahans Coca-Cola.

For the information of a sport scribe who did an article on Wink, Wink was once the scourge of all West Texas and never could be headed. Midland beat Wink in 1939 by the handy score of 26 to 12.

They like Milton Rathbone, the San Angeloan, at Texas Tech.

M. J. Crow of McCamey is a Techster.

Those who saw Thompson of Odessa in the North-West game at the coaching school say he was good defensively but ill offensively.

On yes, and Burns McKinney, Scout, could have played in the state tourney of softball with Monahans.

There will be a battle of wits and a scramble for talent by teams getting in the softball championship finals.

Rosters can be looked to in... Dell Taylor, Midland athlete, was named for Bill Morgan, Texas Tech coach.

All strays roped.

Carriers Seek Revenge In Sunday Ball Game
Seeking revenge for a previous defeat, The Reporter-Telegram carriers softball team will play Sammy Koen's nine at 2 p. m. Sunday on the South Main diamond.

The probably starting lineup for the carriers includes Bill Merrillman, Leroy Colver, Alfred Reeves, David Hall, Delbert Sheburne, Wiley Etheredge, Rudy Foster, Don Drummond and Jasper Friday.

That Old Feelin'

Ty Cobb, left, and Honus Wagner got feel of bat again when they met in Chicago, as rival managers of East-West-All-American juvenile stars in game at Wrigley Field. Note huge hands of Flying Dutchman gripping bat. Georgia Peach adds expert touch.

Midland Country Club Experienced Growth, Improvement Under Nowell

By TANNER LAINE
Midland Country Club will not soon forget Gaither Nowell, its pro, who is leaving September 1, because, among other things, under Nowell the club experienced enormous growth and installed most of its fine equipment and layout.

In his eight years at the MCC, Nowell did much to make the installation one of the best in West Texas. He came here from Spring Lake Country Club at Waco and had served as a professional at Bryan and Paris.

Nowell advocated and got grass greens for the golf course, which, under his direction, was greatly improved in layout and landscaping. The fairways were kept in good condition.

While Nowell was in charge, the club developed its own water system, a new swimming pool was built, and the membership increased from 50 faithfuls to 350 playing and paying patrons.

Successful open, invitation tournaments were held each year except 1946, when repairs and improvements to the course made tournaments impossible.

With the establishment of two air bases at Midland, thousands of Army personnel sought recreation at the club. They were cordially received and invited to play on the course and join the club.

Successful open, invitation tournaments were held each year except 1946, when repairs and improvements to the course made tournaments impossible.

Williams Knocks 32nd Homerun As Red Sox Beat N.Y.

BOSTON—(AP)—Boston's league-leading Red Sox continued their march toward the American League pennant Saturday by beating the second place New York Yankees, 7-4. The clubs now are separated by 14 games.

The victory was the 21st and ninth in a row, for Delta Dave Ferriss, who had the New Yorkers well under control until the ninth when they rallied for three runs.

Ted Williams drove out his 32nd home run, a long sock that traveled fully 400 feet into the right field bleachers, tied picked on a three and nothing pitch from Tiny Bonham in the third inning.

Bobby Doer also banged out a circuit wallop in the opening inning for the first two Boston runs.

The score: R H E
New York 010 000 003-4 7 3
Boston 202 002 01x-7 9 1

Bonham, Queen and Niarhos; Ferriss and Wagner.

Thompson To Play In Texas-Oklahoma Tilt

WICHITA FALLS—(AP)—All-star football squads of 22 players each were named by Texas and Oklahoma Saturday to meet in the ninth annual Oil Bowl classic August 30.

The Texas all-stars, selected from the senior stars who completed their schoolboy eligibility last season, will be coached by Homer Norton of Texas A&M, and C. R. Pattison of Wichita Falls High School.

Coach Jim Lookabaugh of Oklahoma A&M, and Olen Williams of Central High, Oklahoma City, will tutor the Sooners. The coaches and squads will report August 25 to start practice.

The Texas squad includes from District 3: Norman Daulton, 215, Abilene, and J. W. Thompson, 185, Odessa.

A's Win Second Game After Nats Take First

PHILADELPHIA—(AP)—Sparked by Sam Chapman's 16th home run Saturday, the Philadelphia Athletics staged a five-run rally in the eighth inning to win a 7 to 3 decision from the Washington Senators in the second game of a twin bill Saturday. The Senators took the first game, 12 to 7.

The score: R H E
Washington 005 001 231-12 17 2
Philadelphia 040 002 020-7 16 2

Newson, Masterson and Erley; Harris, Savage, Christopher, Fagan, and Desautels.

Second game: R H E
Washington 200 000 010-3 4 1
Philadelphia 040 001 020-7 16 2

Scarborough, Wade, Hudson and Evans; Marchildon, Savage and Rosar.

AAU Disqualifies Swim Star Over Glass of Beer

SHAKAMAK STATE PARK, IND.—(AP)—Joyce McCrae, holder of six American breast-stroke and free-style swimming records, tangled with the Amateur Athletic Union Saturday over the matter of a glass of beer and ended up as a spectator at the National AAU women's swimming and diving championships.

Her mates of Crystal Plunge, San Francisco, immediately took the team leadership away from Multnomah Club of Portland, Ore.

Charles Sava, Crystal Plunge coach, said he withdrew his breast-stroke star from further competition in the meet at AAU officials' request after they received a report she drank a glass of beer in tavern-restaurant Friday night in nearby Jacksonville.

All-American Soap Box Derby Scheduled Sunday
AKRON, OHIO—(AP)—Twelve-year-old John Lakso of Buffalo, N. Y., lost his vision of first prize in the 1946 All-American Soap Box Derby Saturday as the National Derby inspection committee disqualified his racer for the running of the "world's greatest amateur racing event" Sunday.

Louise Suggs Wins Western Tournament

CLEVELAND—(AP)—Another golf great from the golfing state—Georgia—carried on an illustrious tradition Saturday when 22-year-old Louise Suggs marked up her seventh major tournament triumph of the season by annexing the 46th annual Women's Western Amateur Championship.

Displaying startling consistency, the little brunette swinger from Lithia Springs turned back the challenge of 19-year-old Mary McMillin, who had rocketed into the finals with a pair of startling upset wins over defending champion Phyllis Otto and Mrs. Mildred (Babe Dirlikov) Zaharias.

A combination of over-powering golf and cracking nerves was too much for the Little Green Bay, Wis., stenographer as Miss Suggs breezed through to an 11 to 10 triumph.

The Georgia miss streaked through the 18-hole morning round with a one-under-par 75 for an eight up advantage and was even par 35 for the eight holes of the afternoon tussle.

Cincinnati Reds Beat Cards, 8-3

ST. LOUIS—(AP)—The Cincinnati Reds lashed out five runs in the first inning Saturday night and stayed ahead to down the St. Louis Cardinals 8 to 3 and push the second place Redbirds two and one-half games behind the rained out Brooklyn Dodgers.

The score: R H E
Cincinnati 500 010 002-8 14 0
St. Louis 000 011 010-3 9 1

Walters, Gumpert and Mueller; Brazle, Barrett, Schmidt, Drist, Dickson and Garagiola.

First JayCee Prexy Visits In Midland

The growth in membership of the Midland Junior Chamber of Commerce amazed William (Bill) Holmes, an organizer and first president, when he learned of the present JayCee strength while visiting in Midland Saturday.

Holmes is enroute to Tyler with his wife and two children after vacationing in Taos, N. M. They spent Saturday night in Midland.

When Holmes was first president of Midland JayCees in 1939 it had a membership of 30 or 40. With a total of 170, the club is now the largest service club in the city.

Holmes left Midland in 1941. He was released in March, 1946, from active duty with the U. S. Navy. He was a commander and fleet personnel officer on Admiral Nimitz' staff in the Pacific. He saw several Midlanders in the Pacific theater and remembers Jimmie Smith and "Mad Steele."

Holmes is a Humble Oil and Refining Company employee. He was in the personnel department here and does similar work at Tyler in the East Texas field.

McHargue And Friends Make Stop At Dallas

DALLAS—(AP)—Three University of Texas undergraduates who said they had been campaigning against Homer P. Rainey, candidate for governor, all summer, stopped in Dallas Saturday before a final week of touring.

Ben Haden and Bob Bradley of Houston and Jim McHargue of Midland said they had traveled 4,500 miles with stops at 77 towns. They are members of the Campus Anti-Rainey for Governor Club at the university, they said.

Fame Of Calf Roping Event Spreads To SC

All the way from Aiken, South Carolina, came a letter to the Midland Chamber of Commerce Saturday asking for information about the World Championship Calf Roping scheduled here Labor Day.

The writer explained he would fly here for the event and wanted room accommodations.

Members Of Junior Canteen To Be Feeted With Character Party

Members of the Junior Canteen are looking forward with much anticipation to the Character Party to be held at 8 p. m. Saturday at the canteen.

Teen-agers will dress as their favorite characters of fiction, comic strip, radio, or imagination. Prizes for the best costumes will be awarded by five canteen members who will serve as judges.

Another feature of the entertainment will be an amateur show and those interested in having a part are asked to register by 5 p. m. Saturday. Also on the program will be dancing and a hamburger fry.

Registration for the table tennis singles tournament has been set for 5 p. m. Monday, August 19. Winners in the doubles the past week were F. B. Hale and Lloyd Dunagan.

A "Goldbug" tournament will take the place of the regular bingo party on Wednesday night. The game will begin at 8 p. m.

Girls of the canteen are assisting the Federation of Women's Clubs in selling tickets for the bingo party daily in the Scharbauer and Crawford hotels. Volunteers are needed to help in this project and those interested are asked to report at the canteen office for assignments.

Student Nurse Risks Life To Save Patient

FORT WORTH—(AP)—A 20-year-old student nurse, Mrs. Kathryn Flowers Housley, crawled out on a seventh-story ledge of the Harris Memorial Methodist Hospital here Friday night to lead a woman patient to safety.

Attendants said she took two full steps out on a foot-wide ledge outside a seventh-story window to rescue the patient who had crawled there. The patient had been dependent over her ill health, they said.

"I wasn't scared then," Mrs. Housley said later, "but when I got us both back inside, I nearly passed out."

The Facts About The Tire Situation

TIRE SITUATION FOR 1946:
45,000,000 Replacement Tires needed as of January 1, 1946.
30,000,000 Will wear out in the following 12 months.
20,000,000 Required for new cars.

95,000,000 Tire demand this year.
Largest production before the war (1941) 61,540,000.
80,000,000 Estimated production this year.

15,000,000 Shortage.
This 15,000,000 shortage must be supplied by retreading tires now on customers' cars.

RETREADING IS NOT A WAR BABY:
Firestone has been retreading tires for 25 years. Retreads developed as a means of reducing tire cost per mile on mileage accounts, cab accounts, and large fleets.

SAFETY OF RETREADING:
During the War, Army and Navy retreaded tires on all types of equipment including large airplane tires (56") on our largest bombers which cost \$250,000 each. Commercial Airlines using retreads. Buses, Trucking Fleets, Taxi Cabs, all using retreads. Army continuing retreading and setting up their own Retread Shops.

RETREADING IS ECONOMICALLY SOUND:
Cord body represents 70% of tire cost. Why throw away this 70% when tread is worn smooth. You have obtained only 30% of your investment. Passenger retreads at \$7 cost less than half the price of a new tire and offer comparable mileage.

ALL RETREADS ARE NOT ALIKE:
Firestone Factory Method Retreading has been developed over 25 years experience in reconditioning tires. Firestone Shop Manual gives factory specifications to all Firestone Retread Shops and Firestone Dealer Retread Shops. Firestone employs five engineers and four chemists solely to test and develop improved methods of retreading your tires. Firestone is the largest retreading organization in the world.

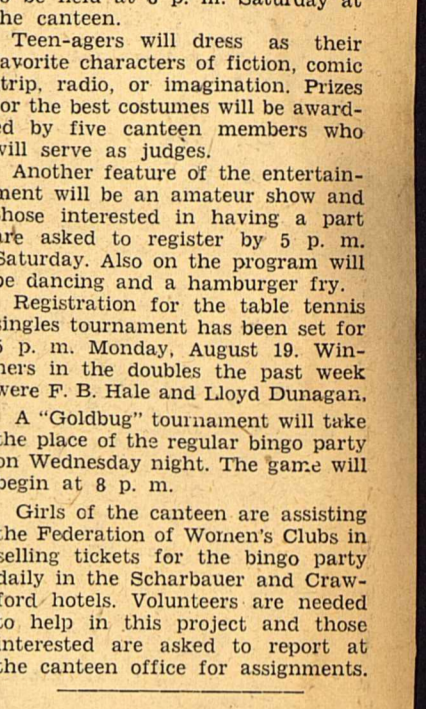

INSPECTION STANDARDS:
Are designed to insure retreading of tires which will justify the customer's investment and additional mileage. Dyna-balance buffing provides finished retreads which comply with the balance specifications of new tires. Firestone supplies up to 50% more camblock assuring the customer of more mileage and longer tire life. Firestone applies camblock to retreaded tires of the same high quality used on first line Firestone new tires. Firestone is the only company that furnishes their first line new tire tread design on their retreaded products, assuring the customer of more non-skid protection, better braking power and longer tire life.

That Old Feelin'

Ty Cobb, left, and Honus Wagner got feel of bat again when they met in Chicago, as rival managers of East-West-All-American juvenile stars in game at Wrigley Field. Note huge hands of Flying Dutchman gripping bat. Georgia Peach adds expert touch.

Midland Country Club Experienced Growth, Improvement Under Nowell

By TANNER LAINE
Midland Country Club will not soon forget Gaither Nowell, its pro, who is leaving September 1, because, among other things, under Nowell the club experienced enormous growth and installed most of its fine equipment and layout.

In his eight years at the MCC, Nowell did much to make the installation one of the best in West Texas. He came here from Spring Lake Country Club at Waco and had served as a professional at Bryan and Paris.

Nowell advocated and got grass greens for the golf course, which, under his direction, was greatly improved in layout and landscaping. The fairways were kept in good condition.

While Nowell was in charge, the club developed its own water system, a new swimming pool was built, and the membership increased from 50 faithfuls to 350 playing and paying patrons.

Successful open, invitation tournaments were held each year except 1946, when repairs and improvements to the course made tournaments impossible.

With the establishment of two air bases at Midland, thousands of Army personnel sought recreation at the club. They were cordially received and invited to play on the course and join the club.

Successful open, invitation tournaments were held each year except 1946, when repairs and improvements to the course made tournaments impossible.

Ex-Kermit Coach To Assist At Sul Ross

ALPINE—(AP)—Jack Perryman, former Texas Christian University athlete, was named assistant football coach of Sul Ross State College here Saturday.

The new coach has coached teams at Comyn, Monday, Kermit, and was principal of the Fabens High School.

Abilene Trapshooter Places At Ohio Meet

VANDALIA, OHIO—(AP)—Dr. I. S. Lilly, veteran Stanton, Mich., shooter, won the only event that went to decision Saturday in preliminary to the Grand American Trapshoot tournament which opens here Monday and continues through Saturday. The Michigan man cracked 50 out of 50 from the 20-yard mark to take the handicap event.

Those following Lilly in the handicap with 49s included Hart Shoemaker, Abilene, Texas, with the 21.

Kermit And Seagraves Vie In League Playoff

KERMIT—The second of the two-out-of-three Shaughnessy play-off in the Oil Belt League gets underway here at Lipham Field at 2 p. m. Sunday, with the Kermit Oilers lining for both wins in the double-header with a strong Seagraves nine. Since Kermit lost in the first play-off game last Sunday to Seagraves, with a 7 to 6 count, the Oilers must win both of the coming games to stay in the running.

Meantime, Levelland and Sundown are having a showdown in that area for similar honors. Winner of that series will meet the winner of the Kermit-Seagraves tilt, in a two-out-of-three session, for championship of the Oil Belt League.

Kermit And Wink Lions To Play Benefit Series

KERMIT—Members of Kermit and Wink Lions Clubs have scheduled a series of three softball games. All proceeds to be divided between the two clubs for benevolent purposes. Games are to be played here on Lipham Field, beginning at 8 p. m. Thursday. Other games will be played the following Saturday and Monday nights.

Only members of the two opposing Lions clubs will be eligible to play, and the old time rivalry between Wink and this city is again coming into play as both teams start a hard work-out for the series.

Walk Gives Cubs Win Over Pittsburgh, 2-1

CHICAGO—(AP)—Edson Bahr, young Pittsburgh Pirates' right hander, walked home the winning run here Saturday as the Chicago Cubs edged the National League eighth placers, 2-1. The loss ended the Pirates' six game winning streak.

The score: R H E
Pittsburgh 000 000 100-1 5 3
Chicago 000 000 101-2 7 1

Bahr and Lopez; Schmitz and Livingston, Scheffing.

Odessa Gulf Wins First Contest But Loses To Grapette

HOUSTON—(AP)—Two Dallas teams, Butane Equipment Company and Champay, moved into the quarter-finals along with Fort Worth Grapette and San Antonio B-1 Bottlers Saturday in the annual Texas Amateur Softball Association championship tournament here.

They play their next tests Sunday afternoon. Dallas Butane meets Houston Slush Pump Repair Company and Alamo Burkhardt's Fruit Company. Dallas Champay meets the victor between Lake Jackson and Houston Caporina Grocery.

Fort Worth Grapette plays San Antonio B-1.

Champay was forced to go nine innings to best Texas City Cash & McGar, 2-0, while the B-1 Bottlers, blanked Texas City Pan-American Refinery, 9-0, in a game which went five innings by mutual agreement at Regan Field.

Dallas Butane shared Wichita Falls Gore in a 3-2, eight-inning thriller and Grapette trimmed Odessa Gulf Oilers, 4-0.

Odessa, which won a 16-inning, 2-1

TED SAYS:

ATTENTION HOME OWNERS!

Have you stopped to figure the cost to you if your home, auto, furniture and other valuables are under insured? There is a high price tag on your valuables today, yet this greatly increased value can be lost to you overnight if fire comes and finds you under insured. The value of your home, auto, furniture, rugs, clothing and other valuables are almost certain to be from 30% to 50% more today than in 1939. This increase in value may represent thousands of dollars of your assets that you are in danger of losing if fire should strike and destroy your home and other belongings. This is an urgent appeal to act in your own interest. Protect these increased values of yours. A telephone call to us today may save you thousands of dollars because we place insurance on your property in the worlds largest and most reliable stock insurance companies.

Mr. PROPERTY OWNER, there is a high price tag on your property today. If you do not need it, sell it! Give someone a chance to own a home who needs it. There are hundreds of returned servicemen contacting this office every week requesting homes to buy and these servicemen can buy a home that is anything like reasonably priced under their GI Bill of Rights. So I urge you to list your property today for quick sale.

Now if you are not one of the more fortunate ones to own a home and want to buy a home whether it is for cash or terms, through the GI Bill of Rights, FHA or a conventional loan with terms from 5 to 25 years check the following listed property:

Perfectly located brick home on West Texas Avenue. 3 large bedrooms, two complete baths, newly papered and painted inside, wood burning fire place. Beautifully landscaped with double garage. A three room furnished apartment on rear. 60x140 ft. lot. This house can be bought for less than it can be built. House only 6 years old. Seen by appointment only.

New three bedroom stucco house, garage attached, beautiful textured walls, large furnace, plenty of cabinet and closet space. Perfectly located in West End. Possession

Miscellaneous 39 Houses For Sale 65

FOR SALE: One pump jack, one Symplex jack. Mrs. Bill Skeen, 309 South Marlenfield. Phone 1645.

FOR SALE: Airplane, BT-13, all metal, excellent condition, 75 hours on engine since major overhaul. Two way radio, new tires, NC license. Price \$1,600.00. Call 1170-R.

REAL ESTATE

Houses For Sale 65

800 WEST Louisiana by owner. \$15,700.00 Buy today move in tomorrow. Call 2377.

FOR SALE: Nice 3-room house to be moved. Mrs. J. R. Nichols, Phone 159, Stanton, Texas.

3 room house and lot, 745 N. Dallas.

We have the following places for sale at prices in line with present market values:

707 S. Big Spring
1000 S. Big Spring
502 S. Weatherford
906 W. Florida

Quick possession can be had and terms arranged. Call us for prices and appointment.

Sparks, Barron & Ervin
Tel. 79 First Natl. Bank Bldg.

A GOOD BUY

Story and half frame, 7 rooms and 2 baths, 75x140 corner lot. Located near Junior High. This place is priced for quick sale and owner can give possession in few days. For appointment call W. R. Upham.

Sparks, Barron & Ervin
Tel. 79 First Natl. Bank Bldg.

2 1/2 acres good land and small house near new hospital site priced for quick sale. This place is worth more than price asked.

Several choice 2 acre suburban tracts just outside city limits.

20 acres unusually good land three miles northwest of town. Shallow water and electricity.

We have several good lots on W. Washington Street, also several nice lots on South side.

Ideal site near schools for apartment house.

Call W. R. UPHAM
Sparks, Barron & Ervin
Tel. 79 First Natl. Bank Bldg.

Two room house for sale, 208 E. N. York. Call 2206-J after 6 p.m.

Burnside Realty Co.

Practically new, 5 room house, hardwood floors, on one lot, with option to buy lot next to it, corner lot, N. Main.

4 room house and bath—either furnished or unfurnished. South side—small down payment.

We have some business opportunities, houses with acreage, small houses—call by and talk your needs over with us.

STATE FARM INSURANCE COMPANIES

Humble To Drill 6,500-Foot Wildcat In Northeast Curry County Area

HOBBS, N. M.—For the second week in succession Curry county has been the only New Mexico county to have a wildcat reported for immediate drilling.

The new prospector for that area is to be Humble Oil & Refining Company No. 1 Northcut, located 660 feet from south and 1,980 feet from west lines of section 32-28-37E. It is to dig to around 6,500 feet, with rotary, and will spud soon.

It is in the extreme northeast corner of the county, in a strictly wildcat country, and about 40 miles north of Clovis.

Garland Oil Company is to make an effort to extend the limits of the Drinkard field in East-Central Lea County to the northwest, at its No. 1 D. C. Hardy.

That exploration is 1,980 feet from north and 660 feet from east lines of section 29-21S-37E. It is an old shallow producer in the Penrose-Skelley field and will be deepened from its old total depth of 3,900 feet, to around 6,500 feet to explore the Clear Fork section, which is the pay formation in the Drinkard field wells to the south and east. Operations are to start at once.

Starting To Deepen

Sun Oil Company has started preliminary work on deepening No. 1-B McKinley, old shallow producer on the north side of the Hobbs field, in East Lea county.

It is to be carried down from 4,200 feet to where it has been a small pumper since March, 1938, to around 8,000 feet, and possibly deeper. It is understood that arrangements have been made to drill the exploration to the Ellenburger, if that formation can be reached in the No. 1-B McKinley.

It is at center of southwest quarter of southwest quarter of northeast quarter of section 20-18S-38E. Operator is now testing the casing in the hole to be sure water is starting to current depth, before starting to make new hole.

Tide Water Associated Oil Company No. 2 Clifton, 660 feet from south and 810 feet from west lines of section 4-22S-37E, and about one half mile northwest of nearest completed producer from the Ellenburger on the northwest side of the Brunson field adjacent to Eunice, in East-Central Lea County, has been officially finished for a 24-hour flowing potential of 264 barrels of 36.9 gravity oil from perforated section at 8,010-35 feet. The completion test was through 5/8-inch choke. Gas-oil ratio was 870-1.

Tide Water No. 1 Brunson, 660 feet from south and 810 feet from east lines of section 4-22S-37E, and about three quarters of a mile east of the new Ellenburger well tested at 6,439-16,549 feet, and flowed an average of 8.6 barrels of oil per hour, for a period of ten hours. Gas-oil ratio was 1,000-1. This project is slated to drill to around 8,000 feet to explore the Ellenburger.

Another Ellenburger Well

Repollo Oil Company (Sinclair Prairie) No. 5 Brunson, 1,980 feet from north and east lines of section 4-22S-37E, was bottomed at 7,846 feet, and was preparing to complete as an Ellenburger producer, through perforations in the casing which had been cemented on bottom. It had flowed 486 barrels of oil in 14 hours on a preliminary test.

Repollo No. 1 Simmons, wildcat, located in southeast quarter of section 25-21S-37E, and about two miles northeast of Eunice, had reached 8,750 feet, in an unidentified lime and was shut down for orders.

Continental Oil Company, et al., No. 1-A-35 Lockhart, on the northeast side of the proven area in the north extension to the Drinkard field, in the Eunice area, 660 feet from north and west lines of section 35-21S-37E, is testing prior to completion.

Two Zones Tested

The section at 6,540-50 feet, had been treated with 1,000 gallons of acid and flowed at the rate of 22 barrels of oil per hour, with no water, through casing perforations.

A retainer was set at 6,535 feet and pipe was perforated at 6,505-30 feet. A 1,000-gallon acid shot was injected. In a four hour test that zone produced 40 barrels of oil.

Drilling Ahead In Chaves

Mid-Continent Petroleum Corporation No. 1 Owen, three quarters of a mile south of the nearest producer from the Clear Fork-Markley, on the southwest side of the north extension to the Drinkard field, in East-Central Lea County, completed for a 24-hour initial production of 91 barrels of oil from section at 6,500-54 feet, flowing through a three-quarter inch tubing choke. It is at center of northwest quarter of northwest quarter of section 3-22S-37E.

Amerade Petroleum Corporation No. 1 Hare, 660 feet from south and west lines of section 33-21S-37E, and on the northwest side of the Drinkard field, was bottomed at 6,581 feet, in lime, drilling out cement in production string of casing, so that tests can be run and the well completed.

In a test at 6,491-6,562 feet, the project flowed for one hour and made 11 barrels of distillate.

Another test was taken on the interval from 6,514 to the then total depth of 6,562 feet. It flowed 100 barrels of oil in one hour through the drill pipe.

Union Sets Pipe

Union Oil Company of California No. 1 McMillen, South-Central Otero County wildcat, in section 9-25S-13E, was bottomed at 5,215 feet, in an unidentified lime.

A string of 5 1/2-inch casing had been set at 5,042 feet, with 100 sacks of cement, in an effort to dry up a hole full of water which had been giving trouble.

Operator hopes that the casing will eliminate the water, and if it does will drill ahead. So far as has been reported no shows of oil or gas in any quantity has been logged by the explorations.

Magnolia Petroleum Company, et al., No. 1 Black Hills unit, Southwest Chaves County wildcat to 2,000 feet, in section 31-17S-20E, and about 25 miles west of Artesia, was making hole below 2,008 feet, in lime and anhydrite of the middle Permian.

Texas Daily Crude Allowable For September Slashed 41,946 Barrels

AUSTIN —(P)— Permissive production of crude oil in Texas for September was slashed 41,946 barrels daily Friday by the Railroad Commission.

The September allowable order was calculated to result in production of 2,102,476 barrels of crude oil daily.

The reduction was effected by cutting the number of producing days for the state as a whole from the 26 days permitted in August to 24 in September, and by reducing the producing days in West Texas (District 8) from August's 22 to 21.

The commission set the net daily allowable production based on 24 producing days for a 30-day month at 2,242,641 barrels. Deducting from this, the estimated under-production of 6.25 per cent, it arrived at the figure of 2,102,476 barrels daily of crude which may be produced in September.

This compared with 2,120,000 barrels daily which was the U. S. Bureau of Mines forecast of market demand for Texas crude.

The commission anticipated output of 175,073 barrels daily of natural gasoline and distillates, which added to the crude figure, could result in production of 2,277,540 next month.

There were no changes in basic field allowables.

Hearing September 13

The next statewide hearing will be held on September 13.

Independent refiners in the Gulf Coast area had asked the commission at the prorated hearing Friday for an increase, or at least, for no cut in allowable production in September. They had also sought a 60 to 90-day order so as to be able to make certain of contract commitments.

Sinclair Prairie had also asked for an increase in East Texas, saying the field could operate efficiently on a 24-day basis. The commission's September order did result in an increase of 10,203 barrels daily for the East Texas field, but all others took a cut.

The net allowable by districts as of August 10, compared with the September allowables:

1. Southwest Texas, 21,663, 21,449, down 214.

2. Southwest Texas, 168,415, 161,375, down 7,040.

3. Gulf Coast, 526,125, 504,782, down 21,343.

4. Southwest Texas, 239,771, 321,077, down 8,306.

5. East Central Texas, 46,037, 44,432, down 1,605.

6. East Texas (outside), 112,917, 109,950, down 2,967.

7. East Texas (proper), 320,574, 330,777, up 10,203.

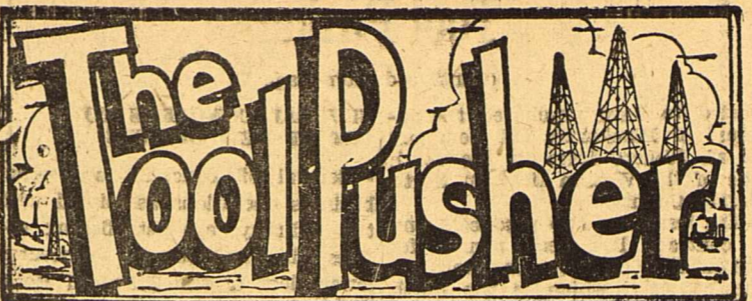

8. West Central Texas, 38,318, 37,553, down 765.

9. West Central Texas, 30,692, 29,811, down 881.

10. West Texas, 525,768, 520,434, down 5,334.

11. North Texas, 156,281, 153,024, down 3,257.

12. Panhandle, 98,026, 97,977, down 49.

By JAMES C. WATSON, Oil Editor

HOEY IS NEW PLYMOUTH DISTRICT GEOLOGIST

W. T. (Bill) Hoey is the new district geologist in the Permian Basin for The Plymouth Oil Company. He went on his new job on August 15. In the Plymouth organization he will work with W. D. (Bill) Lane, general superintendent for the company in this area.

Hoey has been liaison geologist in the Stanolind Oil & Gas Company district office for several months. He has been associated with various oil companies in this area for the past eight years.

He started doing geological work for the West-Central and North Texas areas in 1925.

FLOODS HAD VISITORS

Roy Blackbird, vice president of Crane Packing Company at Houston, Mrs. Blackbird and their son, Jimmie, were guests of Mr. and Mrs. Lee Flood last week. During the time the Blackbirds and Floods had a reunion with Mr. and Mrs. Howard Markley and family of Odessa. The friendship of the three families goes back many years, when they all lived in the same town in another oil area. Markley is manager of gasoline plants in the Permian Basin for Phillips Petroleum Company.

TWO NEW EMPLOYEES AT SUNRAY OFFICE

Fred Lillibrige is a new geologist in the Midland district office of Sunray Oil Corporation. He came from Wichita, Kan., where he had been on the staff of Transwestern Oil Company, which was recently merged with Sunray. He plans to move his family here as soon as he can secure living quarters.

Miss Sue Cornelius, formerly of Seymour, as another new employee in the Sunray's office, which is under the supervision of E. A. (Ed) McCullough, district manager. She is a secretary-stenographer.

MAHAFFEY TO BE NEW SOAGG DIVISION LANDMAN

George Mahaffey is to be the new division landman for Stanolind Oil & Gas Company at Fort Worth, starting September 1, according to informed sources. He will take the place which will be vacated by J. Gay McMillan, who resigned to move back to Midland and go in business as an independent, in partnership with W. Dave Henderson, who is giving up the job as district geologist in the Permian Basin for Phillips Petroleum Company.

BIG ATTENDANCE DUE FOR AIME MEETING

A record attendance is expected for the dinner meeting of the Permian Basin chapter of AIME at 6:30 p. m. Tuesday, at the Log Cabin Inn, in Midland.

Jackson M. Barton, of the Magnolia Petroleum Company geological department will be in charge of the program, which will feature a discussion of Pre-Permian geology in West Texas and Southeast New Mexico.

A presentation will include an explanation of the recently prepared Pre-Permian columnar section, worked out by the West Texas Geological Society. It will be augmented by informal chalk talks depicting probable correlations based on Pre-Permian developments in West Texas.

Reservations should be made in advance with S. V. McCollum, in the production department of Continental Oil Company in Midland.

NEW MEXICO SCOUTS TO HAVE BARBECUE MONDAY

The New Mexico Oil Scouts Association will stage its annual barbecue and party at the Artesia City Park, starting at 7 p. m. Monday.

Those affairs have been big events in the past, and W. Carroll Mitchell, association president, says the upcoming one will be as good as the best.

He has extended an invitation to all who are interested in New Mexico oil, to attend.

SNOWDEN CO. PARTY WILL INSPECT BASIN PROPERTIES

H. W. Snowden of Dallas, extensive oil operator in this territory, is to arrive in Midland early Sunday morning with three of his associates from Boston, Mass., for an inspection of the Snowden operations in West Texas and New Mexico.

The Boston visitors will be Carl Stohn, Frank Herberg and A. W. Smith.

They will be accompanied by the Permian Basin tour by Taylor Cole and John Darden, Midland operators, and by West Texas representatives of Snowden Oil & Gas Company, Ltd. The party is traveling in the concern's private airplane.

SHIFTS MADE IN JOBS AT HUMBLE PIPE LINE

H. E. Hensley, who has been division civil engineer in Midland for Humble Pipe Line Company, has been promoted to assistant district superintendent at Odessa. His place in the division organization is being taken by A. H. Barr.

Humble Gets Oil Flow From Silurian In Keystone Flanker; Shell To Drill 6,500-Foot Wildcat In Edwards County

By JAMES C. WATSON Oil Editor

The possible development of commercial production from the Silurian on the northwest side of the Keystone field in North Winkler County, and the staking of a location for a 6,500-foot wildcat in Northeast Edwards County were the highlights of the West Texas petroleum activity Saturday.

Humble Oil & Refining Company No. 1-E J. B. Walton, at center of southeast quarter of northwest quarter of section 20, block 77, psl survey, and one-quarter of a mile west of closest Ellenburger producer on the northeast side of the Keystone field, flowed 306 barrels of fluid—mostly oil—in five hours of testing in the Silurian at 8,247-8,550 feet through casing perforations.

The prospective new discovery was still flowing to cleanout and test late Saturday.

The perforated interval had been treated with 1,500 gallons of acid. The swab was pulled three times and the well kicked off. It flowed for seven hours to pits and was then put on test.

Cut Decreasing

At the start of the five-hour testing period the oil had a shakeout of 24 per cent water. During the last hour on which a report was made, the petroleum contained only 12 per cent water.

Definite origin of the water had not been determined. If it is found to be bottomhole water operator can plug off and still have considerable saturated section left open—if the water does not extend too high in the formation.

Gas-oil ratio, during the five-hour test was around 1,040-1.

This is the best show for production from the Silurian which has been reported from any development in the North Winkler County district, and is one of the best Silurian showings ever made in the Permian Basin.

Humble drilled No. 1-E Walton to 11,156 feet in shale and lime. It was still in Simpson at that point. It was extra low to nearby Ellenburger producers and apparently operator's representatives did not figure it had a chance in the deep pay, even if they drilled on down and located that horizon.

This exploration has some promising shows for production in the Devonian, the section above the formation now being investigated. It has not yet been determined whether those signs will be tested.

Northeast Of Rocksprings

Shell Oil Company, Inc., No. 1 J. H. Brown, to be eight miles northeast of Rocksprings, and in Northeast Edwards County, is slated to start drilling to around 6,500 feet, with rotary, not later than August 22.

It will be 1,985 feet from south and 1,980 feet from east lines of section 9, LI&AA survey, Certificate 14. Shell drilled a test in that same general area about one year ago—which was completed as a dry hole.

Humble No. 4-B McCutchen, on southeast side of the proven area for production from the Ellenburger, in the Keystone field in North Winkler County, completed for a 24-hour flowing potential of 1,578 barrels of 42.3 gravity oil, natural, with no water.

The potential test was taken through a one-half inch tubing choke. Gas-oil ratio was 1,277-1. The oil came through 1,332 perforations

in the casing between 9,706 feet and 10,036 feet, in the Ellenburger. Total depth is at 10,045 feet. It is 1,980 feet from south and east lines of section 15, block B-2, psl survey.

The Texas Company No. 1-G Fraser, one-half mile north of the closest well on the north side of the Wheeler field, in East Winkler County, and in southeast quarter of section 9, block 46, TP survey, T-1-S, was bottomed at 8,950 feet, in lime, and was to take a drillstem test. The section is supposed to be Devonian. That formation has shown slight signs of oil and gas on previous investigations.

Ward Prospect Swabs

Roy Golston, et al., No. 1 Moody estate, Southeast Ward County wildcat, in east quarter of section 32, block 34, H&TC survey, about nine and one-half miles northwest of Grand Falls, drilled out cement in 7-inch casing, which had been set at 2,475 feet, and had swabbed the open hole to the total depth at 2,535 feet. Recovery had been a small show of oil and drilling fluid.

Swabbing was continuing. Operator likely will drill about ten feet deeper, after determining the full value of the shows of oil and gas in the 2,475-2,535 foot horizon.

Shell No. 1 Clark, North-Central Glasscock County wildcat, in southwest quarter of section 5, block 32, TP survey, T-4-S, and eight miles north of Garden City, had reached 9,950 feet, in lime, unofficially reported to be Ellenburger, and was understood to be taking a drillstem test.

The section at 9,835-55 feet had tested for salt water, with slight shows of gas. No information has been released on description of the formation between 9,835 feet and the current total depth.

Humble No. 1-B G. H. Cowden, East Crane County wildcat, in section 14, block X, C&S&R&G&N&G survey, is preparing to plug and abandon.

It drilled to total depth of 10,192 feet, in the Ellenburger and developed sulphur water.

The project was then plugged back, and several upper formations were tested—but none of them showed more than slight indications of oil and gas, with water.

Shows Oil And Water

Cooper Gas Company No. 2-A Koy, 1,980 feet from south and west lines of section 38, block L, GH&SA survey, in Schleicher County, and a stepout from the discovery for good flowing oil production from the Strawn-Pennsylvanian, in the Page gas area, developed oil with water, in swabbing perforated interval at 5,634-64 feet.

These perforations are to be squeezed off and a higher horizon will be perforated and tested.

Humble No. 1 Turner, East Midland County wildcat, in northwest quarter of section 37, W. T. Holcombe survey, T-2-S, and about 12 miles southeast of Midland, had reached 5,230 feet in middle Permian lime, and was drilling ahead.

Humble No. 2 E. P. Cowden, 660 feet from north and 1,980 feet from east lines of section 15, block B-2, psl survey, was bottomed at 8,247-8,550 feet through casing perforations in the Silurian at 8,247-8,550 feet through casing perforations.

Humble

(Continued from page 7)

feet from west lines of section 7, block A-55, ps1 survey, and on the north side of the proven area for production from the Devonian, in the Dollar Hide field, of extreme Southwest Andrews County, had penetrated below 4,770 feet in lime, and was going ahead to test the Devonian.

Unofficial sources reveal that the project checked high on the top of the current lime horizon. No official report on the point has been released.

Details Not Reported

Shell No. 1 Pinson, West Andrews County exploration, in northwest quarter of section 13, block A-40, ps1 survey, and one mile southwest of the discovery for Ellenburger production in the Nelson field, was reported to be coring below 10,718 feet, in the top of the Ellenburger.

Informed observers reveal that a drillstem test to 10,718 feet, showed oil and water. Details of the investigation had not been officially reported.

Phillips Petroleum Company No. 1-G TXL, Ellenburger wildcat in West Ector County between the TXL field, in that county, and the Wheeler field in East Winkler County, had reached 10,128 feet in shale and was drilling ahead. It is in southwest corner of section 11, block 46, TP survey, T-1-S, and is expected to go to at least 10,500 feet to try to develop production in the lower Ordovician horizon.

Stanolind Oil & Gas Company No. 1 Kayser, in southwest corner of section 34, block 43, TP survey, T-2-S, about six miles west of Odessa, in Central Ector, had progressed below 13,298 feet, in middle Ordovician lime.

Swabbed After Acid

Phillips No. 1 Wayman (Scharbauer), in southeast quarter of section 12, block A, ps1 survey, lower Permian prospector, on the northeast side of the Goldsmith field, in Northwest Ector County, was bottomed at 6,287 feet, in lime and was swabbing to test after treating the section above total depth with 500 gallons of acid. A slight show of gas had been developed, but at last report no new oil had been recovered.

Stanolind No. 1-JJ University, in southeast corner of southeast quarter of section 44, block 13,

University survey, and one location north of a recent new discovery in Central-West Andrews County, about three miles south of the closest production on the southeast side of the Fullerton field, was swabbing to clean out and test after treating the section at 6,815-7,130 feet, with 7,000 gallons of acid. That horizon had shown signs of good production when tested natural.

Stanolind No. 1-YY University, Northeast Crockett County prospector, in southwest corner of section 12, block 39, University, Northeast Crockett County prospector, in southwest corner of section 12, block 39, University survey, and about 12 miles southeast of the Barnhart field, had drilled below 8,283 feet, in Ellenburger dolomite, and was continuing.

No. Ellenburger Shows Warren Petroleum Corporation and T. F. Morrow No. 2 Russell, Menard County exploration in northeast quarter of section 18, S. Wallick survey, and one quarter of a mile west of the same operators' discovery for production from the Canyon sand at 2,281-2,397 feet, had drilled to 4,579 feet, in the Ellenburger.

It is understood that no signs of production were developed in that formation. Informed sources reveal that casing is to be set at 3,850 feet to allow making tests of shows in sections above that level.

Argo Oil Corporation No. 1 Roberts, Southeast Reeves County wildcat, in southeast quarter of section 294, block 13, H&GN survey, and 13 miles northeast of Balmorhea, had reached 13,078 feet in an unidentified shale, and was shutdown for orders. This project had some good shows of oil between about 10,950 feet and about 11,205 feet, in streaks.

It is expected, that when operator decides to stop drilling those shows will be thoroughly tested.

E. E. Fogelson and Osdon Petroleum Corporation No. 1-D-C University, Ellenburger wildcat in Southwest Ector County, in northwest quarter of section 1, block 35, University survey, and in the shallow Penwell field, had reached 9,283 feet, in lime and shale, and was thought to be in the lower Simpson.

Tool Pusher -

(Continued from page 7)

ported to have purchased the interest of Blackstock Oil Company in an 80-acre lease in the south side of the Wasson field, in North Gaines County.

The lease has two producers and a contract has been signed for the drilling of two more wells on the property, which is the north half of the southwest quarter of section 50, block AX, Blackstock had a one-half interest in the lease. The other half is owned by York & Harper of Midland. Consideration is understood to have been \$75,000 cash. The deal was handled by Taylor Cole and John Darden of Midland.

FRANKLINS GO TO ARTESIA

Mr. and Mrs. Bob Franklin are moving to Artesia, N. M. Bob is developing some leases in Eddy County and expects to return to Midland when that work is completed.

SEVERAL CONCERNS TO SET UP NEW OFFICES

Several oil concerns, and other business operations associated with the industry, are establishing offices in the recently renovated lower floor of the Crawford Hotel Building.

BRAHANEY BUYS HOME

Frank Brahaney, independent oil operator and rotary drilling contractor, is reported to have purchased a home in Midland, and is expected to move his family here from Abilene.

SECTION TWO

Marriage Rites For Miss Clarissa Mann And Donald L. R. McDougale Of McCamey Will Be Read Sunday At Midland Presbyterian Church

In a ceremony at 5 p. m. Sunday in the First Presbyterian Church, Miss Clarissa Mann, daughter of the Rev. and Mrs. W. R. Mann, will become the bride of Donald L. R. McDougale, son of Mrs. H. E. McClure of McCamey.

Mr. Mann will read the vows for the double ring ceremony as the bridal couple stands before the altar decorated with baskets of gladioli.

Gloria Fredregill Becomes Bride Of L. C. Bangert, Jr.

Miss Gloria Frances Fredregill, daughter of Mr. and Mrs. C. O. Fredregill of Silver City, N. M., and formerly of Midland, became the bride of Lawrence C. Bangert, Jr., son of Mr. and Mrs. Lawrence C. Bangert, Sr., also of Silver City, in rites solemnized August 11.

Vows for the double-ring ceremony were read in the Silver City First Presbyterian Church with the Rev. H. L. Geddes, pastor, officiating.

The bride was given in marriage by her father. She was attired in a summer frock of white ripplecloth. She wore a white hat and a corsage of carnations. For "something old and something borrowed," she wore a medical ring which was given to the bridegroom by his father. The ring was worn by the father and bridegroom in the two world wars.

Miss Edna May Mosley who attended the bride as maid of honor wore a pink crepe dress with black accessories.

Serving the bridegroom as best man was his brother, Thomas Bangert.

Immediately following the ceremony, the bridal couple left for a wedding trip to California.

The bride was reared in Midland and went to Silver City in January, 1946, with her parents. Before her marriage she was employed by the J. C. Penney Company in that city.

After graduation from the high school in Nutley, N. J., the bridegroom attended the University of Vermont where he was a pre-med student. He enlisted in the U. S. Army Air Forces and trained as a B-29 pilot at Blytheville, Ark., where he received his commission. He went to Silver City after his release from service last October and now is attending New Mexico State Teachers College.

Mr. and Mrs. Bangert will make their home at Cottage San while he continues his education.

ENROLL NOW WATSON SCHOOL OF MUSIC

— Lydie G. Watson — Ned Watson —
Teacher's Diplomas from Galloway College, Searcy, Ark.; Landon's Conservatory, Dallas, Texas; American Conservatory, Chicago, Ill.

210 W. OHIO PHONE 88

Fragile Laces Frost Cool Black Sheers

Eye-catching inserts of lace and net add lively touches to midsummer's little black dress. Black costume suit, left, frilled with net and lace, has matching insert curving around the waist of the jacket and calling attention to the pout-folds draped in back. Self-fabric appliques on the black crepe sheath, center, are rimmed with black net; black chiffon apron is applied to match. Right, flesh marquisette yoke on this black crepe, is banded with black velvet ribbon.

Tawasi Club Honors Miss Edie Bryan With Luncheon Saturday

Members of the Tawasi Club entertained with a luncheon Saturday in the Blue Room of the Scharbauer Hotel honoring Miss Edie Bryan.

A centerpiece of seasonal flowers carrying out a color scheme of blue and yellow decorated the luncheon table. The honoree presented a white gladioli corsage and a lovely gift.

Miss Bryan will become the bride of George Decker of Midland in a ceremony to be solemnized August 24.

Those present were Misses Holly Smith, Sue Miles, Jean Richards, Dorothy Hamilton, Billye Starling, Lois Lynch, Kitty Gene Ellis, Janie Johnson, Ruth Simmons, Aileen Maxwell, Deana Gray, Maisie Coon, Edie Bryan, Dorothy Bracewell of Houston, Mrs. Gerald Graham and Mrs. Russell Holster.

GOES TO NORTH AFRICA

Lt. James Preston, son of Mr. and Mrs. R. B. Preston of Midland, has returned to his station at Wiesbaden, Germany, after making a plane trip to North Africa.

RETURN TO TENNESSEE

Mrs. Helen Dawkins and Mrs. Icy Bell Lee left Friday for their home in Memphis, Tenn., after visiting their sister, Mrs. J. M. Hughes, and niece, Mrs. H. S. Merrell.

VACATION IN CALIFORNIA

Mr. and Mrs. Herman Heath and family are spending a two-week vacation in California.

Summer Shows For Community Theater To End With Musical Revue

Winding up the summer entertainment season for the Community Theater, Inc., will be the presentation of a musical revue "Get With It" August 29 and 30 in the City-County Auditorium.

Top-notch shows are becoming traditional to the theater under the direction of Art Cole. The first performance of the year was "George Washington Slept Here," a gracious and humorous comedy and psychological murder drama. A night of three one-act plays, "Riders to the Sea," a tragedy, and "Happy Journey," a humorous contribution of the Junior Workshop, was third on the list of shows. The fourth successful production was the Broadway comedy hit, "Junior Miss," a fast-moving play of teenagers.

"Get With It" will carry on the past tradition of good entertainment, and will include in its cast many whose performances in earlier productions have been outstanding. Roy DeWolfe of The DeWolfe School of Music is in charge of the musical arrangements.

Midland Girl Wins Second In Contest

SAN ANGELO—Miss Gwen Horn of Midland won second prize in a "Miss West Texas" contest held here Friday night.

Miss Horn recently was the winner of the Monahans V-J Day bathing beauty contest.

The Midland beauty was runner-up to Mrs. Doris Burselson of Lamesa in the contest held here.

The event was held in the Municipal Auditorium before 1,800 persons.

Isabel Morehouse Will Be Wed To Robert E. Rapier

The approaching marriage of Miss Isabel Morehouse, daughter of Mr. and Mrs. J. A. Morehouse of Midland, and Robert Edward Rapier of Waco and son of the late Leo Rapier of Dallas, was revealed at a coke party given Saturday afternoon at the W. P. Knight home, 1201 West Missouri.

Hostesses for the entertainment were Misses Belva Jo Knight and Patsy Butcher. Assisting in entertaining was Mrs. W. P. Knight.

An attractive centerpiece of shasta daisies and blue cornflowers decorated the dining table. Adding to the setting were miniature flags in individual cakes bearing the inscription "Isabel and Bob, August 29." Names of the betrothed couple were on the napkins which carried out the color scheme of blue and white.

On the guest list were Misses Norma Jean Stice, Margaret Mims, Martha Jane Preston, Bobbie Jean Gibbins, Glenna Graham, Alberta Smith, Billie Walker, Otelia Flynt, Jimmie Kendrick and Mrs. J. A. Morehouse.

The wedding rites will be solemnized at St. George's Catholic Church. Miss Morehouse has selected as her only attendant Miss Johann Seyler of Muenster, Texas, and Miss Gladys Wilde of the same city will sing.

Hubert Beizer of Lindsey, Texas, will be best man.

Miss Morehouse is a graduate of Midland High School and attended Texas State College for Women in Denton before enrolling at Texas Technological College in Lubbock where she now is a student. She is a member of the Numan and Gargoyle clubs at Tech.

The bridegroom received his honorable discharge from the Army Engineer Corps as a captain. He served overseas two years. He is a student in the architectural school at Texas Technological College.

Arkansas Guests Honored At Supper In Kermit

KERMIT—Mrs. Clyde Bone entertained recently with a birthday supper honoring her sister, Mrs. Pearl Trowbridge, and daughter, Jeardana, of Fayetteville, Ark., who have been visiting her the past week.

After supper was served on the lawn, home movies were shown. Out of town guests were Mr. and Mrs. Joe Havener and Mr. and Mrs. John Havener and baby of Lovington, N. M., Mr. and Mrs. R. C. Priebe, Helen Priebe, William Priebe of Wink, and Jay Ragan Teague of Natchez, Miss.

Will Give Recital

Miss Mary Catherine Graham, daughter of Mr. and Mrs. W. T. Graham, will be presented in a piano recital by the DeWolfe Music Studio at 7:15 p. m. Tuesday in the First Christian Church. She will be assisted by her sister, Miss Glenna Graham, violinist. The public is invited to attend.

Oates Home Is Scene For Coke Party Honoring Miss Guffey

Honoring Miss Frances Guffey, bride-elect of Howard J. Atwater of Raton, N. M., Mrs. Noel G. Oates and Miss Carolyn Oates entertained with a coke party and "personal" shower between the hours of 9:30 to 11 a. m. Saturday at their home, 610 North Main.

As the guests arrived they were greeted by the honoree, Mrs. Oates and Miss Oates. Miss Joyce Melancon presided at the bride's book. Gifts were displayed in the bedroom where bouquets of multi-colored zinnias added a decorative note.

The refreshment table was centered with a large bowl of coleslaw buried in crushed ice. Appointments in fiesta pottery completed the table setting.

The guests list included Misses Robbie Elder, Alice Fleming, Beth Prothro, Lois Terry, Frances Umberson, Chich Brewer, Elinor Hedrick, Alberta Smith, Jean Richards, Lois Lynch, Jean Butler, Betty Penn of Big Spring and Billie Henderson of Odessa, and Mmes. Charles Redder, Bob Sheetz, Hugh T. Bliss, Lloyd Turner, V. W. Brown, Rex O. Eddy, J. J. Carter, Lige Midkiff, E. V. Guffey, H. J. Blythe, and Jack McCall.

ENTERTAINING STORY TOLD AT CHILDREN'S HOUR SATURDAY

Mrs. Paul Klatt told the story "Patrick Was His Name" by Esther Erann, at the Children's Story Hour Saturday morning on the courthouse lawn.

Those present were Rhea Collins, Judy Orson, Tommy Stewart, Phyllis Pryor, Wahida Bradshaw, Mae Whitson, Jerry Stewart, Wynell Richman, Leon Richman, Janie Weathersley, Bubba Weathersley, Lu Wertha Heit, Ada Jane Meissner, Bobby McIntyre, and Beth Welch.

All children of Midland County are invited to the story hour which will be held at 10:30 a. m. next Saturday under the direction of the Midland County Library.

JACQUELINE THEIS TO RECEIVE DEGREE AT BELTON COLLEGE

Miss Jacqueline Theis, daughter of Mr. and Mrs. Anton Theis, 601 West Kansas, Midland, is a candidate for the bachelor of music degree with a major in music education at Mary Hardin-Baylor College in Belton August 19.

Miss Theis, who has completed the requirements for the degree in three years and is one of the youngest graduates, has been elected to teach public school music at Ozona next session.

HOUSTON VISITOR

Miss Dorothy Bracewell of Houston and formerly of this city is visiting friends in Midland.

Back to School

New, Fall CHILDREN'S COATS

Here are the coats all little girls love. They're brightly colored, warm as Florida sunshine and styled just like big sister's. Mother will approve, too, when she looks at these values. Come in today, with your daughter for her new fall and winter coat.

Sizes 7 years to 16 years.
1260 TO 2100

"the object of your affections"

COMBED YARN GINGHAM PLAID
A *Geley & Lord* FABRIC

This gad-about plaid two-piece does "suit" duty. White caps of foamy eyelet embroidery curve the flange shoulders and cascade to the plastic buttons centered with mother-of-pearl. Darts mold the jacket and make you a "pinch-waist." Add the stride-pleated skirt and you have a combination that conspires to flatter your figure. This lettuce-crisp gingham will become the backbone of your wardrobe; team it with other skirts and jackets.

Sizes: 10-20.
In a variety of colors

Mrs. J. M. Long Named Honoree Of Shower At Claiborne Home

Mrs. J. M. Long, the former Oma Payne of Paducah, Texas, was named honoree of a miscellaneous shower Thursday afternoon at the home of Mrs. Stanley Claiborne, 808 North Lorraine, with Mrs. H. M. Webb serving as co-hostess. The Long home was destroyed by fire several weeks ago.

Entertaining rooms were decorated with arrangements of red and white gladioli and pink and blue asters.

The crystal punch bowl was encircled with clusters of grapes and on the opposite end of the table were trays with pink and white cookies.

Mrs. Webb presided at the refreshment table and Miss Carolyn Claiborne was in charge of the guest register.

Those attending the entertainment were Meses. H. H. Hays, Cecil Hall, O. R. Phillips, H. B. Spears, C. E. Garrison, W. L. Thomson, Edgar Galle, B. F. Hall, Lela Thompe, J. M. Koen, R. Leggett, Roy Pierce, A. E. Houck, R. D. Feemster, M. D. Cox, J. M. Cox, M. F. Summar, Ted Thompson, E. D. Richardson, J. B. McCoy, E. Jones, and Misses Mae-delee Roberts, Lorine Jones and Florine Jones.

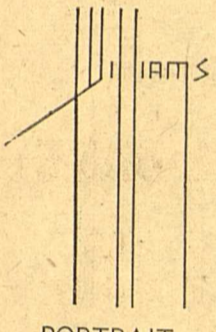

Sending gifts were Meses. A. E. Cameron, Lane, L. Sparks, J. R. Doyle, H. H. Hess, James Hall, Allen D. Hall, Tom Hale, J. B. Cal-oniss of Wink, and Miss Sue Gould.

Riddles were known to the ancient Egyptians.

Schedules For 4-H And HD Clubs Are Announced

Members of the 4-H Girls Clubs of Midland County will study personal grooming at meetings to be held during September. One of the highlights of the programs will be hair styles becoming to various shaped faces.

The following schedule has been made: Warfield 4-H Club at 2:30 p. m. September 2 in the assembly room of the courthouse; Valley View, September 4, with the meet-

ing place and hour to be announced later; Cloverdale, 2:30 p. m. Sep-tember 9, in the assembly room of the courthouse; and Prairie Lee, 2:30 p. m. September 10, with the meeting place to be announced at a later date.

Mrs. Nettie B. Messick, county home demonstration agent, will give demonstrations on making slip covers at meetings of home demon-stration clubs during September.

The schedule will open with the Garden Addition Club which will meet at 2:30 p. m. September 3 at the home of Mrs. Charles Stryons, 1901 West Washington.

Other meetings are Cotton Flat with the time and place to be an-nounced later; Valley View Club, 2 p. m. September 6; Warfield Club, 2 p. m. September 11 at the home of Mrs. O. O. Reid in the Warfield Community; Westside Club, 2:30 p. m. September 12 in the home of Mrs. Ellis Scobey, 807 Cuthbert; Home Demonstration Council, 2:30 p. m. September 13 in the assembly room of the courthouse; Eastside Club, 2:30 p. m. September 19; and Prairie Lee Club, 2 p. m. Septem-ber 17 in the home of Mrs. M. G. McConal.

S. W. OSBORN HOME SCENE FOR SHOWER AND LUNCHEON

The home of Mr. and Mrs. S. W. Osborn, 1110 South Big Spring, was the scene for a luncheon and "pink and blue" shower Wednesday hon-oring Mrs. Herman Nazworth. Hostesses were Mrs. Boyd A. North and Mrs. P. L. Posey.

A color scheme of pink and blue was carried out in the decorations and the individual cakes served on the luncheon plates.

Various games were enjoyed dur-ing the afternoon.

Guests were Meses. Archie Booth, Nancy Tisdale, Hazel Lester, Louis Stewart, Ima Faye Porter, Marjorie Griffith, Raymond Griffith, J. D. Wood, Dolores North, Betty Angel, Lindall Lemons, J. R. Morgan, Paulard, Hall, Osborn, John S. King, Trisa Ramsey, L. L. Nichols, Frank Satterfield, Wilma Wright, and Misses Nancy Booth and Jean Booth.

Clarissa Mann Is Named Honoree Of Shower

Mrs. J. B. Sanders was hostess for a bridal shower in honor of Miss Clarissa Mann, bride-elect of Don-ald L. R. McDougle of McCamey, Wednesday afternoon at the home of the honoree's parents, the Rev. and Mrs. W. R. Mann, 406 North Marientfield.

The guests were greeted by the honoree and her mother and direct-ed to the bride's book.

A color scheme of yellow and blue was carried out in the floral arrangements and the napkins on which was inscribed "Don and Ris-sie."

Mrs. W. E. Hankla presided at the punch bowl and assisting in serv-ing were Mrs. G. E. Jones and Mrs. Anna Belle Walker.

A large array of gifts in a yellow and blue basket and drawn in to the living room by Juanita Jones and Judy Walker were presented to the honoree.

Incidental piano and violin selec-tions during the afternoon were presented by Miss Lydie Watson and Ned Watson.

The invitation list of approxi-mately 50 included Mrs. R. B. Fields

Mata Hari's real name was Margaret Gertrude Zeller.

MEN! GET PEP..
Do you want to feel young again? Why feel old at 40, 50 or more? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Casella tablets. Many men are obtaining remarkable results with this amazing formula.

WANT FOUR CHILDREN ALL AT ONCE?

Want a family all at once? Want a little blonde, blue-eyed girl two years old, her baby sister, and two older brothers?
The child welfare department of Midland has four children to place in adoption. The girls are one and two years old, the boys three and five.
Applications will be taken from 8 to 10 a. m. Monday at the welfare office, second floor of the courthouse, on the one day only.
The children come from a neighboring county. All must be taken together.

Professional Rodeo Performers Appeared In Midland Rodeo

Mitzi Lucas, left, is on her white horse and Rosemary Colborn, right, rides a Palomino mare

Professional rodeo performers, Rosemary Colborn and Mitzi Lucas, coeds who will enroll again at John Tarleton Agricultural College when the fall semester opens September 2, appeared in the Midland rodeo and the Pan Pacific Auditorium Show in Los Angeles this summer and will ride in the rodeo in Dublin, September 12-18.
Both are veteran performers, having been in the 1943 and 1944 Madison Square Garden Rodeos in New York, the Fort Worth Fat Stock Shows, the Boston Garden Rodeo, and the Frontier Days Rodeo in Cheyenne, Wyo.
In the above picture Mitzi, left, is mounted on a white horse named Skosh Kolla which means "white horse" in India. Rosemary, right, rides a palomino mare called Suzy.
Mitzi is the daughter of the world famous cowgirl, Tad Lucas of Fort Worth. She was trained as a trick rider by her mother while she was still very young. She began trick riding professionally at the age of six when she substituted for her mother in a rodeo in Minneapolis, Minn. Her mother had been injured in the show and in order to keep her contract, Mitzi went on in her place. Since then, Mitzi has ridden in

practically every major rodeo in the United States.
Rosemary is the daughter of Everett E. Colborn, owner and manager of the World Championship Rodeo at Dublin. She learned to ride almost before she learned to walk and grew up on a ranch in Idaho, learning to handle horses and cattle. Her family moved to Texas when ranching became hard in Idaho and her father became a rodeo producer. He now owns, in partnership with Gene Autry, the largest string of rodeo stock in the world, with headquarters on the Lightning C Ranch at Dublin and the Flying A Ranch at Gene Autry, Okla. Rosemary began riding in rodeos as soon as she was old enough and has followed her father's rodeo outfit from coast to coast.
Mitzi and Rosemary attended John Tarleton last year, where Mitzi majored in art and Rosemary in journalism.

Absentee Voting In Primary Continues
In two days of absentee balloting for the August 24 primary, Midland County residents cast 22 votes in person. Twenty-eight ballots were mailed to citizens requesting them.
Absentee voting opened Friday and will continue through Tuesday in person and Wednesday by mail.

Discharge Papers Filed By Four Veterans

Four Midland veterans filed service discharge papers Saturday at the county clerk's office.
They were:
Dave Lewis Kisner, former sergeant in the U. S. Marines, who took part in the Guadalcanal, Saipan and Marianas campaigns.
Rodney Dale Baker, who was a machinist mate third class in the U. S. Navy.
Fred R. Hall, former technician fifth grade in the Army, who served in the Pacific. He won two Bronze Stars and was in the Army of Occupation of Japan.
James O. Thurman, who was a former private in the U. S. Army.

WINK NEWS NOTES

WINK—Mr. and Mrs. C. T. Helms are on a three-week vacation trip to Oklahoma and Kansas. They will visit with their daughter, Zelma, in Garden City, Kan. They were accompanied by Mr. Helms' sister and her husband to Oklahoma.

Mr. and Mrs. L. O. Spear of Stanlind Oil Corporation are the parents of a baby girl born in the Robinson and McClure Clinic in Kermit August 13.

Mrs. J. V. Ogle and son, Hal, have returned from a two-month vacation and visit with Mrs. Ogle's parents, Mr. and Mrs. Currethers of Sanderson.

J. A. Blackburn and sons, James and Bobby, have returned from a fishing trip to Northern New Mexico.

Mr. and Mrs. J. N. Owen entertained with a rehearsal dinner for their son, Roy, and his bride.

Miss Donella Bucy, Saturday evening, August 10.

The dinner was served from a lace-covered table centered with an arrangement of red verbenas and white candles in crystal holders. Guests were Mr. and Mrs. Troy Warren, Mr. and Mrs. Joe McDonald, and Mr. and Mrs. James McDonald of Brownwood, Mr. and Mrs. John Lillard, Sr., and Mr. and Mrs. John Lillard, Jr., of Dallas, Mrs. S. E. Owen, grandmother of the groom, and Mrs. Warren McDonald of San Saba, Miss Marilyn Holle of Austin, Mrs. Frank McDaniel of Pecos and Miss Sara Estabrook, the bride and groom, and Mr. and Mrs. J. N. Owen.

The bride presented her attendants with novelty ear screws, and the groom gave his best man and ushers white shirts and neckties.

Mr. and Mrs. Leldon F. Jones, Jr., are the parents of a baby girl born August 11 at the Robinson and McClure Clinic in Kermit.

Gilbert Downing is at home after a ten-day stay in the Kermit hospital where he underwent a tonsillectomy. Gilbert is a junior in Wink High School and a stalwart grid star.

Eddie Eddins, son of Mr. and Mrs. L. B. Eddins, and David Lipscomb, son of Mr. and Mrs. R. A. Lipscomb, were in the Wilson Clinic at Odessa for a tonsillectomy last week.

Mr. and Mrs. W. E. Cass had as their guests for breakfast Saturday morning their grandson, John Morgan Burrows. John Morgan was on a flight from Odessa where he will receive his private pilot license before returning to Kemper Military Institute this fall.

Mr. and Mrs. S. C. Hanks of Humble Oil & Refining Company have returned from a vacation in Dallas, Fort Worth and Oklahoma.

Mrs. F. V. McGannon of Humble Pipeline Company is in a Lubbock hospital where she underwent surgery Monday. Her condition is satisfactory.

Mr. and Mrs. R. C. Priebe and daughters left last week for an extended vacation trip to California. They will visit their son, Marvin Priebe in Berkeley and relatives and friends in Los Angeles.

Mrs. F. Tensley has as her guest her mother, Mrs. L. Hollenshear of Haynesville, and her sister, Mrs. J. C. Smith of Homer, La.

J. A. Scogins and sons, Bobby and John Travis, have returned from a two-week visit with relatives and friends in Jacksonville, Texas.

Mrs. D. A. McClatchy and sons, Gene and Billy, have returned from Lubbock where they made arrangements for Billy to enter Texas Tech this fall.

Mr. and Mrs. N. R. Fley of Sudan are the guests of their daughter, Mrs. Charles Brown.

Father A. G. Edwards of Monahans have moved to Wink and will conduct mass at the Sacred Heart Chapel at 7:30 a. m. daily.

Miss Dorothy Roberson has returned to her home in Lubbock after a visit with Mr. and Mrs. Walter Seals.

Shopping Views and News by Barbara

NEWS FOR CLOCKWATCHERS—

Exceptional! Thrilling! I'd need a dictionary of words to describe the famous Barr clocks at VOSATKO'S. The numeral clock is beautifully polished dark wood, easy to look at and read, modern electric beauty with a lifetime service guarantee. Especially smart for office. The other outstanding Barr clock is the unusually attractive, exceptionally accurate polished brass clock with swinging pendulum on a base of fine natural grained walnut and enclosed in a glass dome. This amazing clock is just the right size for office and home, runs one year on three tiny tri-cell batteries. Before you choose, see these clocks from the Barr family of fine gifts.

COMPLETE DU BARRY LINE FEATURED—

From the Du Barry Success School in New York direct to you come the facts about your beauty care. At CAMERON'S and HOTEL DRUG the famous Du Barry Success-O-Plan, a beauty plan for you, is presented. Dry skin, oily skin, and teen-age skin are all discussed separately and in detail. Exercises, posture, make-up to fit your face, make-up for the color of your clothes, skin care, and make-up plans for you are all discussed. Drop in soon and discuss the famous Du Barry line of cosmetics with experienced cosmeticians. A complete line is carried in either store.

HAND IN HAND WITH SUMMER—

Paper goes hand in hand with summer. By paper I mean those "wash saving" paper napkins, coasters, guest towels and place mats. If you feel a little "worn down" by the heat then check on these for sure. The Gift Department of the MIDLAND HARDWARE has sets of brightly designed place mats and napkins, and sets of beautifully designed guest towels such as the white and silver rose with rich green leaves on white. To make any party a success keep a stock of coasters and napkins with crazy toasts such as "To the town gossip," "She was vaccinated with a victrola needle." For all party needs, shop here.

COOL PLAY CLOTHES POPULAR—

It's an effort to keep looking chic and cool when the heat nearly scorches. But there is a way... wear refreshing looking and cool summer play clothes. There is a honey I saw at WILSON'S! This two-piece play dress has a blouse of white cotton, square neck with a wide full ruffle around it, edged in white eyelet. The sleeves are cut away, which gives you grand "air-conditioning." The skirt is full, gathered on a band at the waist and has a pocket on one side. A perfect finish for summer.

FROM NURSERY TO COLLEGE—

Each shipment brings something new and amazing to the KIDDIES TOGGERY. One new arrival is the perfectly beautiful shirred plastic diaper bag. This beautiful bag is decorated with little pink felt lambs, has pink felt shoulder straps. Closed with a zipper, it is lined with blue rubberized plastic. And the very latest in laundry bags is the doll bag. The wide skirts and trousers of the doll are gathered with a drawstring at the waist, when loosened clothes are dropped in. The college gals are really going after these to brighten college rooms.

LEARN BOWLING RIGHT—

Ladies, it's too hot to be running around in the sun so may I suggest a healthful, relaxing sport complete with air conditioned comfort? That's right, Bowling! If you've never bowled before—don't give it a worried thought. Just contact Mr. Jones ("Jonesy") at the PLAMOR PALACE, preferably between 1 and 4 in the afternoon, and learn the fine points of this thrilling game. He'll teach you how to hold and handle the ball and the important footwork that makes a good bowler. "Jonesy" loves his bowling and he's a grand teacher. Try it soon!

WASH IN AIR CONDITIONED COMFORT—

Air conditioned washday comfort. Yes, it's really true! At ROBINSON'S WASHATERIA at 505 South Baird there is everything to make your washday fast, easy, and definitely painless! The new clean building is air conditioned, hot and cold soft water are worth shouting about as well as the Maytag machines, steam if you prefer, starch and soap supplied if needed. And don't forget Robinson's wet wash and fluff dry. Especially for you working people, they're open till 8 Thursday night, 8 to 6 on weekdays. Remember Robinson's on washday and call 86 if you need further information.

TENDER, JUICY CLUB STEAKS—

Sunday is a special food day at COLIN'S CAFE and this Sunday means something extra special because John Colin has been able to obtain some very special nice, tender, juicy club steak! And as you know it's tops for delicious eating! But just in case you'd like a summer favorite, chicken, they're having good southern fried chicken, and on the special 50¢ dinner you'll get roast brown turkey. For those who like quality foods Colin's means something special because John Colin never forgets "quality first" and fair prices. To everyone who eats out, Colin's is a friend.

FALL FASHIONS IN WINTER WOOLS—

Winter wools are arriving at the MARY ANN SHOPPE and for the lovely lassies going off to college they're knockouts. For that special date dress consider a striking purple wool with inlays of light fuchsia. Or the outstanding black on gold wool combination. And for smart class ensembles, the beautifully feminine all wool skirts are charmers. For school or not, you'll love the good looking tailored tweed suits that spell smartness. Start your winter wardrobe off right by a smart choice of back to school clothes at Mary Ann.

MIRRORS ADD CHARM TO HOME—

Charm for your home comes easy with mirrors, versatile and stylish mirrors wherever they're needed. Your wallpaper and paint store, SIMMONS-HALL CO., has received a shipment of attractive low priced mirrors and you'll really receive quality in an economy purchase there! First, the all essential door mirror, full 48", then the "Venetian Circle," a 20-inch diameter mirror so perfect for mantels and buffets. There's the practical bathroom mirror and last, the square buffet mirror charmingly framed and decorated with graceful gold scroll. As a gift or for your own home the mirror is an essential in modern decorating.

AMAZING BENDIX PHANTOM DIAL RADIO—

With all the modern inventions and advancements you may be wondering what the radio is coming to... and once you see the Bendix magic dial radio at the MIDLAND TIRE CO. you'll wonder where it's gone! At first glance you see a beautiful mahogany end table, a drop leaf on either end and supposedly two small drawers in the center with two brass knobs on each. But presto, by turning these knobs an invisible radio dial appears on the wood and you have this amazing 6 tube Bendix radio. It's versatile, beautiful! A wonderful furniture addition to your home. There is one ready for delivery now at Midland Tire.

COMPLIMENT YOUR FALL WARDROBE—

Even the most prized fall wardrobes won't make you glamorous unless you have that attractive slender figure underneath. And the relaxation that comes from the effortless STAUFFER SYSTEM passive exercises is a wonderful experience. Warm days tax your precious energy to the utmost and leave you jumpy, nervous and worn out. Then ladies, you should try the Stauffer System. The rhythmic, moving tables massage tired muscles, and encourages the body to form the healthful beauty habits that are the basis of figure beauty. Correct posture, relaxed nerves and a slender youthful figure is the woman's claim to beauty. Call 2204 for your free complimentary treatment at 409 1/2 West Illinois.

EXA HUDSPETH, A COLLEGE GAL FAVORITE—

Top honors go to Exa Hudspeth, the grand all around operator at NOBLITT-PARSON BEAUTY SALON who specializes in college coiffures. She really is wonderful when it comes to those popular long fluffy bobs and short pert hairstyles the college crowd adores. And do they love it! It is this a college year for you then have her shape, style and permanent wave your hair so that you'll be ready with the very smartest hair style and feel "right" for every exciting college occasion where good grooming is so important.

BE SURE WHEN INSURING—

Philosophy tells us civilized man is distinguished from the savage mainly by forethought and true forethought only arises when a man does something towards which no impulse urges him but because his reason tells him he will profit by it at some future date. Thus insuring for the future is an inherent characteristic of a wise man. ROY MCKEE, your friendly Franklin Life Agent, at 114 1/2 South Main, can help you choose the wisest policy. Consult him without obligation on all your insurance needs; Life, education, retirement, fire, automobile, hospitalization, casualty, accident, marine and tornado.

WHO WANTS TO BE BOTHERED?—

The hot sun is beaming down and you're dreading that trip down town to do some shopping, well don't worry with driving in traffic in this heat, of getting a parking space and feeding the meter. Simply call 70 or 211 and let a CHECKER CAB transport you quickly to your destination. The cabs are clean and the drivers always courteous. If you have packages, they gladly help. You can always depend on Checker Cab... don't take a chance, take a Checker!

MIDLAND STUDIO OPEN FOR KODAK WORK—

THE MIDLAND STUDIO is open now for Kodak work in their new location on North Colorado across from Western Clinic. Mr. and Mrs. Rubin are planning a formal opening as soon as they're really settled so be watching. When you go through the new Midland Studio you'll be seeing the latest, most up-to-date studio in this part of the country. The newest equipment to enable maximum production yet personal attention is being used, and every effort will be made to give you the best and latest in framing work, portraiture, kodak work, cameras and camera supplies. In the meantime, keep bringing your films!

Advanced Air Corps Unit Assigned to Texas Tech

LUBBOCK —(P)— Texas Technological College has been selected as the site of an advanced unit of the Air Corps, beginning September 1, President W. M. Whyburn has been notified by the War Department.

The unit, one of 99 being set up at schools with ROTC work, was requested by President Whyburn. The War Department has indicated it will assign three veteran Air Corps officers at Tech.

GREAT DIFFERENCE

If the surface of the ocean were lowered 600 feet, North America and Asia would be joined by a neck of land 1,500 miles wide. Iceland and England would be a part of continental Europe, and New Guinea would join Australia.

FOOTPRINT GIVES HEIGHT
Hunters can tell almost the exact height of an elephant by the size of its track; the shoulder height is double the circumference of the forefoot.

Health Survey Made In Negro Section

A sanitary survey was completed last week in the negro section, including residential areas just outside the city limits. It was announced by Dr. John R. Turner, director of the Midland City-County Health Unit.

The public health committee of the Negro Chamber of Commerce of which Collier McKenzie is chairman, met with M. Graham Smoot, senior sanitarian of the City-County Health Unit, to organize plans for the survey. Smoot conducted a pre-survey meeting with the group and other interested individuals.

An early fall city-wide clean-up campaign, sponsored by the Midland Junior Chamber of Commerce, is planned and the negro committee has promised 100 per cent cooperation in its section of the city.

Approximately four hundred premises (residential and commercial) were included in the survey. The most apparent need in the area is the elimination of unsanitary toilets.

Need Sewerage Extension
The city has made several extensions of the sewerage system in this area in the past year and the survey showed many premises reached by the system were not connected. It is required by city ordinance that connections be made where available. The laying of additional lines in the area is planned.

Fresh Eggs Can Be Frozen Successfully, County Agent Reveals

Fresh eggs, now seasonally abundant, can be frozen successfully for future use if a few simple steps are followed in preparation and packaging, Mrs. Nettie B. Messick, county home demonstration agent, explained.

Use fresh clean eggs. Break them into a clean bowl and beat or churn them thoroughly until the yolks are broken and well mixed with the whites. Beating prevents gummies of the yolk during storage. However, be careful not to whip in air. Whites may be separated from the yolks and packaged without churning, but the yolks should be slightly beaten.

If eggs are to be used for cakes or sweets, add one teaspoon of sugar, corn syrup, or honey for each cup. If they are to be used for scrambled eggs or salad dressing, add one teaspoon salt for each cup.

Plain tin is the most desirable container for eggs. Air-tight and leak proof paper cartons also may be used. Freeze in small amounts so that they can be used soon after thawing.

One good way to have small amounts of frozen eggs is to use a refrigerator tray. Put about three tablespoons of the egg mixture in each cube section. Quick freeze, then wrap each cube in cellophane. Several wrapped cubes may be packaged in one carton or bag. Small paper cups may be used as molds instead of the ice cube tray. After wrapping and freezing, store at 0 degrees Fahrenheit.

When using: One tablespoon yolks equals one egg yolk, one and one-half tablespoon whites equals white from one egg.

Ily Pratt will entertain Midland Rotarians at a watermelon party at his home, 911 West Kansas Ave., Tuesday evening.
All Rotarians are invited to attend.

VARNISH PRICES UP

WASHINGTON—(AP)—Prices for varnish are going up, OPA has announced, as a result of sharply higher costs for shellac.
OPA said the increase in varnish ceilings will vary according to the amount and cost of shellac used.

Job-Training Program Aiding Half Million Vets Endangered By Unscrupulous Concerns

By ROWLAND EVANS, JR.
WASHINGTON—(AP)—General Bradley, administrator of veterans' affairs, is worried about the on-the-job training program afforded veterans of World War II by the GI Bill of Rights. It provides for a government subsistence allowance payable to any veteran who participates in a job-training situation.
The only stipulation is that the job the veteran takes can lead within a reasonable time to a better job.

Almost any company or individual employer can be approved to give on-the-job training. The approval is not given by the Veterans Administration (VA), but by the state in which the company is located.

The subsistence allowance paid by the government amounts to \$85 or \$90 a month, depending upon dependents—payable for a maximum of four years.

At no point during the training may the veteran's salary plus the subsistence allowance exceed the pay of a fully-trained worker. As the veteran's salary increases, the subsistence allowance is cut.

General Bradley said in a recent speech that the on-the-job training program "threatened to become a national scandal."

outfit seeking approval unless it can show that a workable training program has been set up. But actually many so-called "training programs" are neither programs nor do they give training. One veteran training to be an auto mechanic, spent months cleaning up around the auto shop, washing windows and doing similar odd jobs. He never got near an automobile, much less a motor.

Bill Smith left a \$150 a month job to go into the Army. After his discharge three years later he returned to his old job.

Meanwhile his employer got himself approved to give on-the-job training. He persuaded Bill to sign up for four years of job training.

Bill soon discovered his employer was paying him only \$60 a month.

His employer told him the GI Bill subsistence allowance of \$90 a month (Bill had a wife) plus \$60 a month wages would total \$150 a month, which was what Bill was making when he went to the war.

Most employers no doubt are using the program honestly, but what Bill's employer did is what hundreds are doing. Such employers are using the veterans as cheap labor. In effect, GI Bill job-training program is subsidizing these employers.

An official of the Retraining and Reemployment Administration said some employers get veterans to sign up for on-the-job training and then split with the veteran the \$85 or \$90 government subsistence allowance.

Vets Use Illegally
But in other cases some veterans are making unscrupulous use of the program. Not concerned with long-range comprehensive training, they sign up just for the added income.

Why does the Veterans Administration tolerate this situation? It

has to, the way the law is written. The GI bill states that "no department, agency or office of the United States... shall exercise any supervision or control over any state educational agency, or state apprenticeship agency, or any educational or training institution" in carrying out the provisions of the job-training program.

It's a case of divided authority. States approve and (supposedly) supervise training outfits while VA pays the subsistence allowance. States complain they haven't the funds to exercise needed supervision. VA complains the law prohibits its doing any supervising, although it does have the authority to investigate training programs.

Just before going home Congress sent legislation to the President which may go far toward solving the difficulty and the President put his signature on the bill.

Law To Air Supervision
The law allots enough funds to VA to reimburse state and local agencies for expenses incurred in the supervision.

The same law will prohibit any veteran job-trainee from making more than \$175 a month (if single) or \$200 a month (if he has dependents), over his subsistence allowance.

Half million veterans taking training on the job represent 40 per cent of all veterans enrolled under the GI Bill's educational provisions.

Many of the half-million job trainees are throwing away educational privileges over which the four-year maximum period of GI schooling could represent \$9,500 worth of free education. They're throwing away this education because they're using up their allotted time in on-the-job training programs which neither give training nor lead to better jobs.

Many tangible and worth-while benefits can accrue to the veteran who signs up for job training. Undoubtedly a great part of the half million vets now in job-training programs are getting out of the program what the law intended.

But the existence of low practices is unquestionably a factor in scaring away from the job-training program many honest employers who otherwise would be only too glad to put it into effect.

Volunteers Haul Garbage In Tulsa

Tulsa University students, most of them veterans, are shown loading garbage on a Tulsa city garbage truck. The students and other volunteers are helping the city during a strike of municipal garbage collectors.

It's Naval Service Every Time Say Three In Wemple Family

By TANNER LAINE
The neighbors are likely to hear "em singing 'Bell Bottom Trousers'" any time at the Wemples.
That home at 504 North Loraine Street is a hotbed of Navy ex-servicemen.

Take dad, Fred Wemple, Sr.—he was in the Navy in the first World War.

Fred William (Ted) Wemple, Jr., is just back home after Navy service. He served in the Pacific theater as a seaman first class and was on the USS Chouire in radar. Ted had a couple of years of it.

Allen Wemple, a seaman first class, was in Navy blue three years. He served in two oceans, Atlantic and Pacific, more than a year in each one.

Fred expects to return to college as his attendance was interrupted by a little matter of World War II. Allen is helping his dad out at the store here in Midland.

And the dad, that ex-gob of World War I, well he is mighty proud of them both. But it's two against one if dad ever gets too deep in the subject, "now we did it this way in the first one."

Wemple has some daughters. How they ever escaped getting into the Waves is more than he can see.

At the turn of the 20th century, total motor vehicle production in the United States was 4,192 cars.

HOUSE GROUP EXPECTED TO ARRIVE IN TOKYO

TOKYO—(AP)—Six members of the United States House Military Affairs Committee are expected here about August 23 for a seven-day round of conferences with chiefs of various sections at General MacArthur's headquarters.

Good Roads Leader To Address Rotarians

Tom Eplen of Abilene, president of the Texas Good Roads Association, will address Midland Rotarians at their meeting Thursday noon in the Scharbauer Hotel. He is a past president of the Abilene Rotary Club and has headed the road organization three years.

Conner's Cafeteria To Serve Midlanders; Grand Opening Monday

Conner's Cafeteria will open Monday at Wall and Loraine Streets to provide fine foods for Midlanders and visitors in the city.

Owners of the new business are Bill Conner and Ellis Conner, brothers. They have lived in Midland seventeen years and have been identified with the food business since coming to this city.

Lunch will be served from 11 a.m. to 2 p.m., and dinner from 5 p.m. until 8 p.m., every day except Sunday.

Modern Equipment
The most modern cafeteria equipment has been installed in the building, which has been redecorated throughout. It is the largest cafeteria in this area and one of the finest in the Southwest.

All food will be arranged for selection and quick service. Bakery equipment has been installed to provide pastry, rolls and bread.

Ellis Conner will have charge of the preparation of foods and Bill Conner will see that guests are properly served and treated with courtesy. The cafeteria is air cooled.

Delegates To Convention

Three Midland County home demonstration clubwomen who were delegates to the Texas Home Demonstration Association convention just completed in Amarillo are (left to right) Mrs. J. Z. Parker, Mrs. Jim Baker and Mrs. I. J. Howard. These women were elected to attend the party by their fellow club members. They left Midland for the convention last Tuesday and were expected to return Sunday.

Rain Urgently Needed Over Most Of State

AUSTIN (AP)—Rain is urgently needed for all growing crops, pastures and ranges over most of Texas, the United States Department of Agriculture said Saturday.

The USDA's crop and weather bulletin for the week supplements the range and livestock conditions as of August 1, which noted a general need for moisture for range feeds.

There was further deterioration of late-planted crops during the week as weather conditions continued unfavorable. While harvest of all crops made good progress, preparation of land and planting of late-planted crops was retarded.

In southeast counties subsoil moisture was still adequate, but showers were needed.

"In all other areas, and particularly in the northwest, surface moisture was depleted, subsoil reserves were very low and rains were urgently needed for all growing crops, pastures and grains," the USDA report said.

Late planted cotton in the northwest was holding up "fairly well" under continued adverse weather conditions, but most early cotton was suffering from lack of moisture. In North Central Texas, the crop was still in good condition, but beginning to need rain. Cotton was still blooming and fruiting rapidly, but increased shedding of squares resulted from the hot, dry

weather. In East Texas, cotton was in good condition and maturing rapidly, except for the late-planted crop. In the Trans-Pecos area, the cotton crop was in very good condition.

Midland Ex-GI's Are Learning To Fly With Vet Administration Paying Costs

By TANNER LAINE
It is the air age now and Midland veterans are taking advantage of the educational program of the Veterans Administration to learn to fly—or fly better.

Any day you can see a Piper take off from Skyhaven Airport, wiggle a little after becoming airborne, and then level off on a flight. Later you see the Cub landing.

Ten-to-one this is a veteran student as he flies under the instruction of Dave Kellogg or Dwight Fleming, instructors and members of the West Texas Flying Service.

"What's the deal?" you may ask the ex-soldier.

He'll tell you about the Veterans Administration's plan of building up a potentially strong air force in case Uncle Sam needs them again. The VA foots the bill.

All it costs the ex-GI is the cost of his physical examination. The cost is nominal, Jackson, nominal, compared with the return of being able to earn the wings of a private pilot, commercial pilot, instructor or multi-engine pilot.

For the vet who always wanted to fly an airplane, this is his chance. He will get \$2.10 credit for every day he was in service up to a maximum of \$3,000 to apply on the course. He will get this good, free flight instruction in brand new 1946 Pipers. Skyhaven has three new ones and will get two more. Advanced work gets the vet a seat in a larger plane. Instrument work seats him in a Stinson 150. For twin-engine work there are Cessna's.

Midland Port Approved

Skyhaven is an approved instruction field, qualified and certified by the administration to be able to teach flying. It is approved for all types of instruction except instrument and that is expected soon.

Some of the boys, back from

service, are on the ball and are flying, or will pretty soon now. They include: A. A. Baumann, Malcolm Brenneman, Herman Bolton, Richard Colvin, D. C. Colvin, H. D. Clayton, Martin Engquist, R. D. Fitting, A. J. Green, D. E. Gabbert, E. T. Gilmore, C. R. Hemingway, R. J. Howard, David Holster, Oliver Haag, W. A. Harrison, Chester Jones, Vern Kling, John F. Mitchell, William Priebe, Charles Ranne, I. B. Ridgeway, T. R. Ruple, T. T. Ruple, Orval Schardt, J. W. Skinner, J. C. Skinner, James Word and T. K. Wallis.

Ground school instruction is pending, as is instrument rating. As one fledgling flier said: "It's the bird and Uncle Sam's administration pays the berries."

Scoter ducks live on a diet of shellfish. They swallow oysters whole, and have no difficulty digesting the hard calcareous shell.

Mrs. Hessie Harmon, 22, jovially hugs her husband, William K. Harmon, 37, who is being held at the Memphis, Tenn., Penal Farm to work out a \$51 fine on a disorderly conduct charge. His sentence was the outgrowth of a free-for-all fight involving him, Hessie, and Harmon's first wife, Mrs. Pauline Harmon, mother of five children, who claims Harmon is still her husband. Hessie, claiming her marriage to Harmon is legal, has offered to sell her body to science "to raise funds to free my loved one from jail."

Rural Crime Increases 85 Percent In Texas

AUSTIN —(AP)— Rural crime in Texas jumped slightly more than 85 per cent for the first six months of 1946 as compared with the same period of 1944, Homer Garrison, director of the Department of Public Safety, reported Saturday. Texas crime has had an overall increase of 54.54 per cent in the past two and a half years, his report showed. Garrison said that law enforcement is "holding its own" in the crime war. Cities recorded a 41.98 per cent hike in criminal offenses for the past two and a half years. Burglary was mounting more rapidly than any other type crime. It was up 67.99 per cent for all jurisdiction. Convictions, as indicated by the number of convicted felons in the penitentiary system, have increased only 31.3 per cent since the first of 1944.

Man Scribbles Proposal On Romantic \$2 Bill

WILKES-BARRE, PA. —(AP)— Marriage License Clerk Al Pascoe tells the story of the romantic two dollar bill he received as part of a \$3 license fee. Across the face of the bill was written: "Eve dearest—I love you. Will you marry me? Sid." And below was the answer: "Sid dear—I will in due time. Eve."

OPA GRANTS PRICE HIKE FOR TRUCK TRAILERS

WASHINGTON —(AP)— OPA has authorized an increase of 8.6 per cent in price ceilings on truck trailers. The increase, which became effective Saturday, was granted to offset higher wage and materials costs. Dealers may pass on the full amount of the increase to customers.

Connally Recommends Arnold For Collector
WASHINGTON—(AP)—Senator Tom Connally has recommended to President Truman the appointment of Herbert Arnold, 42, of Greenville, Texas, to be collector of internal revenue for Northern Texas. He would succeed the late W. A. Thomas, under whom Arnold served as chief office deputy at Dallas. Since Thomas' death he has been acting commissioner.

Texan Named To Naval Command At Norfolk
WASHINGTON—(AP)—The Navy Department has announced the appointment of Capt. William V. Hamilton of Palestine, Texas, as commanding officer of the Naval Administrative Command at the Armed Forces Staff College at Norfolk, Va. The command will administer Naval property and personnel other than students and faculty at the college.

Dirt, Squirt And Quirt

— FARM, DAIRY AND RANCH NEWS —

Joe B. Calverley of Garden City was in Midland last week on business. The weed killer, 2, 4-D, can cause trouble if users don't follow instructions. Most common trouble is killing flowers and plants bordering lawns sprayed with the chemical, caused by the wind blowing mist on the plants. The spray should be used on a calm day.

The Department of Agriculture has announced a new ear tick killer (Stock 1229) as a result of experiments carried on at the Menard, Texas, experiment station. This new product has given excellent results and is expected to be on the market soon.

A Texas cotton crop of 1,900,000 bales of 500 pound gross weight is forecast by the crop reporting board based upon progress reports as of August 1. Although slightly above the short crop of 1,794,000 bales produced in 1945, production this year would be smaller than any other year since 1889. Average production of cotton in Texas during the 10-year period (1934-44) amounts to 3,137,000 bales. This short crop will explain the shortage of cotton seed meal and cake.

The directors of the Monahans Livestock Show met at Monahans last week and adopted plans for the 1947 show. The president of the show association is S. W. Estes Jr. of Monahans with John Mogford of Monahans as executive secretary. John Wilson of Pyote was named head of the registered Hereford cattle division, Bluford Thornton of Wickett will head the horse division and Mrs. C. B. Neal will be in charge of the registered Jersey division. This show is a four-county affair (Ward, Reeves, Loving and Winkler) for the club boys and is an open to the world affair on the adult classes. Fern

Tatum of Monahans is handling the finances. George Glass of Midland, one of the directors, attended the meeting. Since V-J Day a little over a year ago, the return of World War II veterans and temporary workers in war industries to farms has brought about important changes in the nation's farm population. By last June, roughly one million veterans were on farms, in addition to returned industrial workers.

The 1946 corn crop has been estimated at 3.5 billion bushels. The 93 million acres of corn planted this year is about equal to last year's planting, but prospects of smaller abandonment and higher yields point to a bigger crop. Near-record production is still the prospect for oats. Production this year is forecast at nearly 1.5 billion bushels, 30 per cent above the 10-year average.

John Mogford, county agent of Ward County, says that the water districts are drilling several wells in that area to supplement the inadequate water supply from the Red Bluff project. Alfalfa growers in that section are harvesting seed now, Mogford says.

The Texas wool clip for 1946 is estimated at 76,830,000 pounds by the Crop Reporting Board. This is about three per cent or 2,321,000 pounds less than the 1945 Texas wool clip. Fleece weights at 7.9 pounds per animal was 1 pound heavier than in 1945, but was the same as the 10-year 1935-44 average. The board also estimates the 1946 Texas lamb crop at 4,240,000 lambs which is seven per cent below last year's record crop of 5,284,000 lambs, but 13 per cent more than the 10-year average.

C. B. Senter, agricultural agent for the T&P, was in Midland last week. Senter has been studying agricultural problems on his tour.

Several complaints about poultry losses have been heard the last few weeks. Most common trouble has been that chickens just were not doing well. The biggest cause for this condition is wormy poultry. Most poultry flocks in this area get their drinking water from dirt tanks, a good breeding place for worms, and as a consequence are weakened from the worm infestation. Flocks which have been wormed have shown a marked improvement. For as little as one-half cent each, chickens can be wormed and many times that amount of money will be saved in feed bills alone.

The local livestock sale had a run of around 500 head last week. Prices were steady to lower than a week ago. Cows with calves brought around 85.00, while bulls brought from 7.00 to 12.00, butcher yearlings up to 14.70 while fat calves brought from 5.50 to 8.00. Out of town sellers included: Paul Kennedy, Stanton; Joe Williams, Goldsmith; W. T. Wilson, Andrews; George Clark, Crane; J. G. Smith, Stanton; C. T. Carmes, Monahans; A. R. Elkins, Monahans; B. L. Meeks, Odessa; Mose Allen, Colorado City; W. M. McKinney, Andrews; Daniels & Wade, Garden City; Tobe Morton, Wink; L. M. Estes, Lamesa; Tom Keener, Goldsmith, and D. Roberts, Iraan.

Plans for a fall fair to be held in Midland sometime during the month of September are being made.

Second Release Of School Warrants Made

AUSTIN—(AP)—Release of warrants representing a second supplemental \$3 per capita apportionment on 1,493,938 scholastics has been announced by Dr. L. A. Woods, state superintendent of public instruction.

This completes payment of the original \$30 per capita apportionment, and the \$6 supplemental per capita authorized by the State Board of Education. The supplemental appropriation must be applied to the 1946-47 school year.

Mrs. Nettie Kessner, home demonstration agent of Midland County, was a delegate at the Texas Home Demonstration Association convention in Amarillo last week, representing District 6. There are 12 districts in Texas.

Nimitz in Joking Letter Says Pig 311 Too Much Publicized

HARLINGEN—(AP)—Fleet Admiral Chester W. Nimitz said in a letter to Texas Air Day officials that Pig 311, who has been hogging headlines for being a survivor of the first atom bomb, actually was "far from the big boom" and didn't deserve such publicity.

The letter also carried Admiral Nimitz' own drawing of Pig 311.

Texas' first Air Day celebration, which is expected to attract a possible 6,000 private planes here September 7, had invited Pig 311 to be present. The invitation was sent to Texas-born Admiral Nimitz.

In a reply addressed to John Van Dronkhitea, an official directing the Air Day, Admiral Nimitz did a bit of "ghost writing" for Pig 311. He answered as if the letter came from the pig, and then drew his interpretation of Pig 311 as a signature.

"Regret to inform you that there was a slight error in the publicity I received relative to the long swim in Bikini Lagoon," he wrote. "When you learn that I was actually on board a transport far from the big boom, I fear you will want to retract your cordial invitation. . . I am really tired of all this publicity and want to go home to mother."

Admiral Nimitz suggested the use of a "ringer" and added, "if all you want is a pig, use one bred in Texas—he might not be able to swim, but would no doubt be in better shape to enjoy the festivities of Air Day in Texas."

Van Dronkhitea had asked if Pig 311 were a male or female. A postscript said "I am probably an it."

The letter was initialed "C. W. N."

Veterans' Insurance Made More Flexible

AUSTIN—(AP)—Four new provisions have made veterans' insurance more flexible, the adjutant general's department has reported. Immediately effective are the following changes in national service life insurance: 1. A lump sum settlement may be selected by the insured. 2. Restrictions on the designation of beneficiaries is removed. 3. Twenty-year endowment policies are available upon conversion, or endowments payable at ages 60 or 65. 4. Total disability income of \$5 per month per thousand is available on payment of extra premium. Persons wishing to make any of these changes may address notices to the Veterans Administration, Washington, D. C.

Texas-Louisiana Feud Over Tidelands Looms

BATON ROUGE, LA. — (AP) — Louisiana is more than a million dollars richer through bonuses paid by prospective drillers on lands offshore, but the state may have to defend in court its right to part of the lands.

Bonuses totaling \$1,795,130 and annual rentals totaling half that amount have been received on leases awarded by the State Mineral Board.

Two bids, however, were on tidelands which the State of Texas claims, and Bascom Giles, Texas commissioner of the General Land Office, told the board his state would be forced to take court action if Louisiana leased the disputed lands.

Bellarius, famous general of the later Roman Empire, smeared hogs with oil, ignited them, and drove the blazing porkers into the ranks of the enemy.

EVEN AT 60 M.P.H NEW TIRE OUTWEARS PREWAR TIRES
Now You Can Order These Tires for Your Car
Here is your answer to "Will today's tire stand up under a long grind at high speed?" In a test of the new B.F. Goodrich tire, test cars were driven steadily at sixty miles per hour, hour after hour, averaging over a thousand miles a day in all kinds of weather. Side by side on the wheels of these cars were prewar tires and the new B.F. Goodrich tire.
Tires were shifted from wheel to wheel so that both took the same beating. The new B.F. Goodrich Silvertowns outran the prewar tires — showed less wear — were good for thousands of extra miles.
We are receiving regular shipments of these new B.F. Goodrich Silvertown tires. See us today.

Daughter Of Mine

By R. Louise Emery

Copyright, 1946, NEA SERVICE, INC.

XXIV
 "ROBERT, forgive me!" I pleaded. The words were inadequate. So was anything that I might try to do to recompense him for the long deception I had practiced.

"Why don't you take Corinna away?" I asked at last.
 "You don't want Cecily to know?"
 I looked back down the interminable, disconsolate years. "I've always wanted her to know. It's her right—and mine. She belongs to me. But Corinna—" I felt the tears stinging my eyelids. "Corinna has never been anything but kind to any one—she hasn't done anything to deserve such disillusionment. Take her away, Robert, so that she'll never guess."

Robert put out a strong hand and lifted mine from the doorknob. "But Corinna has already guessed," he told me. "Months ago."
 "It was as if he had struck me. The breath went rasping out of my lungs. I walked over to the desk and sat down.
 "What does she think of me?" I whispered.
 "Do you want it in Corinna's own words?"
 "Please," I tutted to meet another blow.

"She said..." Robert's voice was lower than its wont, not quite as steady. "She said, 'Daddy, now I see why mother has always made things so wonderful for me at home. She didn't want me to take the beating that she's had to take all these years.'"
 I raised my head, unbelieving. "Is that all?"
 "That's the substance of it."
 "But didn't she—hate me?"
 "Why should she?"
 I laughed at the irony of that. "You should know the answer. How did you feel when you finally realized what you'd married? A

silly fool who couldn't keep out of trouble in the first place and then couldn't accept the consequences of her weakness? Robert, how did you feel?"

"Well," Robert confessed, "that was so long ago that I hardly remember. But—"
 "So long ago?" I gasped.
 He pulled me to my feet and into the solace of his arms. "Mavis, let's not make a great thing of this. I've always known—even before we were married. I could not have loved you as I did and been so blind as not to see."

"But you never even hinted—"
 "Did you want me to know?"
 "No," I sobbed.
 "Mental privacy was your right. Perhaps I should have intruded on it—I don't know. I couldn't. Neither could Corinna, although she spoke to me about it. But things are different now—it's going to be clear to Cecily one of these days."

I asked, "Robert, haven't you ever condemned me for cheating you all these years? I've held you back from better jobs—more money and prestige—"
 "I must have forgotten whom I had married, but Robert is always himself. 'Why, I've never thought I was cheated,' he said. 'Why on earth should I? I've enjoyed every minute of the playground work. I've sent kids like Carl out as ambassadors at large for their race. I've got Val to show as one of my accomplishments. The youngsters like me and that's all the prestige I ever needed.'"
 "Robert," I choked, "I don't think any woman in the world ever had as much as I've had!"

WE kissed. Only lovers who have been married a long time can kiss like that—with such passionate tenderness and the knowledge that there have been already so many blessed moments taken from life's allotment that those from the

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
 America's Card Authority

Bridge is not a game in which there is just one correct way to play every hand. It is a battle of wits and you must be ready to take advantage of situations as they come up, gathering inferences as you go along from bids, doubles and play.

While waiting for the recent Adirondack Tournament to get underway, some of the boys played a little rubber bridge, and today's hand came up.

West probably could have defeated the hand with a different opening, but I am giving it to you just as it was played.

The first trick was won in dummy with the king of clubs. Declarer

♠ 9 6 3	♥ A Q J 7 4	♦ 9 7 3	♣ K 9
♠ K Q 10 5	♥ K 9 2	♦ A Q J 6	♣ J 5
♠ A J 8 7 4	♥ 8 6 3	♦ K 2	♣ A 10 3
♠ 2	♥ 10 5	♦ 10 8 5 4	♣ Q 8 7 6 4
♠ 2	♥ 2	♦ 2	♣ 2

Declarer

Rubber—Neither vul

South	West	North	East

Opening—♠ J 17

knew that the spades were bunched against him.

He led the nine of clubs and finessed the ten-spot, a play which I do not believe was necessary. Next he led the three of hearts and finessed the jack, led a small spade back and went up with the ace. The queen of hearts was finessed and the ace of hearts cashed, dropping West's king. Another heart was led on which South discarded the deuce of diamonds.

Now all West could take was three spade tricks and the ace of diamonds.

Without the double it is doubtful that declarer would have made the contract, as he would not have played all of the spades in the West hand. However, West could not be criticized for doubling.

TROOPS ARE HEALTHY

YOKOHAMA—(AP)—U. S. troops in Japan become healthier as the occupation progresses. Eighth Army hospital commanders and surgeons reported that there has been a general decrease in disease and hospitalizations.

**Where Corn Grows Tall
Among Nebraska Planes**

BEATRICE, NEB.—(P)—City Hall "farmers" here are hoping for a good corn crop. It will help pay for improvements at the municipal airport.

While city fathers were arguing over how to get the money, Mayor Verner Morris suggested waiting to see "what kind of corn crop the city has on the airport land."

Seventy acres of the field are planted and at today's high grain prices the crop will go a long way toward paying for the improvements, the mayor declared.

Bats are among the most ancient of mammals.

**Nameless Street Proves
Plenty Troublesome**

LONGVIEW —(P)— C. L. McClaskey of Leland Equipment Company ran into an aggravating situation when he erected a store building on a nameless street.

The building inspector wanted the address. The telephone company needed it. Customers tried to locate it.

In desperation, McClaskey appealed to the city commission, which had overlooked naming the street. The commission was in an obliging mood. It's Leland Street now.

Probe His Profit

"They're welcome to investigate to their hearts' content," said Andrew J. Higgins, "miracle man" of landing craft and PT boat production when he learned that his wartime profits would be probed by a federal jury.

**National Magazine Has
Picture Of Midlanders**

A picture of Midland Lions Club members is shown in the August issue of The Loin, magazine of the national organization.

The picture shows a group of Lions standing by an automobile on occasion of a benefit event held at the courthouse to help the Midland Memorial Hospital fund.

In the picture are: John Biggs, president of the club, John J. Redfern, past president, Jim Daugherty, Roy Tuggle, Harry Murray, Sr., John Scrogin, Frank Stubbs, Ray Gwyn, William Kimbell, Frank Monroe, Harry Rhodes.

The project raised \$6,500 for the Midland Memorial Hospital.

JUST ZIP IT OPEN!

BROWNSVILLE — (P) — The ladies, bless 'em!

You've noticed how women dig around in their purses trying to find something? Well, Doc Osborn of Brownsville says there is a new kind of handbag that eliminates all that.

The bag has a zipper on the bottom, Doc says. The women stand in the middle of a room, zip open the bag, and everything falls out on the floor. Then all they have to do is pick up what they want.

**Texas Captain Who
Killed Nearly 200
Germans Reenlists**

SAN ANTONIO —(P)—Anything a Texan does should not surprise you, even if his Army history reads like a Hollywood movie script.

Tall, heavy-set Master Sgt. James W. Farmer of Corsicana looks like a Texan. And if, among other things, he single-handedly killed or captured 200 enemy troops and destroyed 25 enemy vehicles in Germany during the war—well, what else would you expect from a Texan?

Sergeant Farmer entered the Army 11 years ago at the age of 17. He is now stationed at the Brooke Army Medical Center.

Before he became a soldier, he used to ride the range near Corsicana. That made him just right for the cavalry. After the outbreak of the war, he was commissioned a second lieutenant and went overseas with the First Cavalry Division. He was a captain when he reenlisted last March as a master sergeant.

In the Battle of the Bulge, Sergeant Farmer was executive officer of Troop C, 38th Cavalry, reconnaissance squadron. His unit, cut off from the rest of his outfit, from Dec. 16 to 19, 1944, held positions at Monchau, Belgium, without losing ground, and received the Distinguished Unit Citation.

After the action, he was made commanding officer of the unit. He was wounded twice.

He received the Distinguished Service Cross for destroying 25 enemy vehicles single-handedly and killing or capturing 200 enemy troops on March 7 and 8, 1945, near Altkahn, Germany.

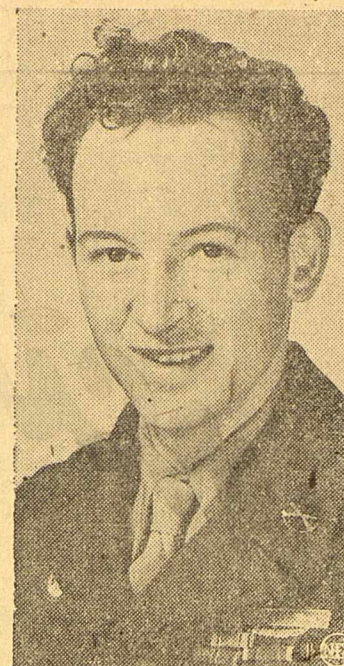

As a first lieutenant, he was executive officer of Troop C, 38th Cavalry reconnaissance squadron. Armed only with a carbine, he single-handedly surprised and forced the surrender of more than 150 enemy soldiers attempting to cross a railroad bridge. Pushing forward with his mechanized reconnaissance, he was almost blown from his vehicle by the concussion of an anti-tank rocket.

However, he placed effective machinegun fire, killing four members of a machinegun crew. Despite tremendous odds, he personally led a dismounted attack upon another enemy force which resulted in their elimination. In the absence of artillery support, Lieutenant Farmer gained and secured all his assigned objectives and at the same time destroyed approximately 25 vehicles and killed or captured more than 200 enemy troops.

Besides the Distinguished Service Cross and the Purple Heart with an Oak Leaf Cluster, he wears the Bronze Star Medal, the ETO Ribbon with five battle stars, French Croix De Guerre with one battle star, and the Army of Occupation Ribbon. He was overseas two years.

He and Mrs. Farmer have two children, Carolyn, 4, and James W. Jr., 3. They reside at North Nueces Street, San Antonio.

Jailed in Germany

Ex-Sgt. Ralph K. Betz, above, of Willoughby, Ohio, found jobs so scarce and prices so high in the U. S. that he stowed away on a Europe-bound troopship, managed to hitch-hike to Mannheim, Germany, where he sought a civilian job. After being shunted around by various military agencies pending investigation, he was finally jailed at Bad Nauheim for failure to report to the provost-marshal. Betz says he has never seen any formal charges against him and has not been able to get a lawyer.

**Wheat Harvesters
Like Comic Books**

ALLIANCE, NEBR.—(P)—The vast army of wheat harvesters moving north through Alliance swept magazine dealers' shelves bare of pulp magazine "funnies."

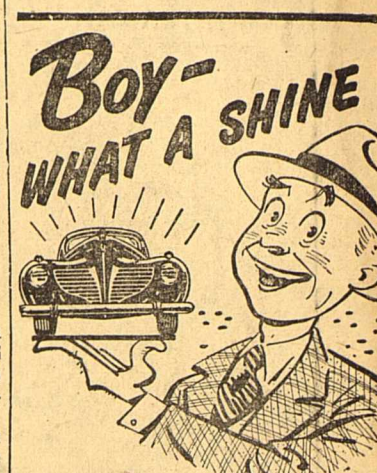

"Four or five will come in at a time," one dealer said, "and they will buy a half dozen different varieties. They will trade among themselves and practically wear the books out before they toss them away."

**London Blitzed Areas
Now Are Playgrounds**

LONDON —(P)— Some London areas where German bombs turned whole rows of houses into debris have been cleared and transformed into playgrounds.

Mothers working a 30-hour week teach their youngsters at a charge of 20 cents a day. The children play from early morning until sunset with swings, see-saws, rocking horses and rag dolls — still not easy to get in post-war Britain.

Tantalum, an inert, heavy metal is unaffected by most acids, melts only at 2900 C., and is as hard as steel.

**Neighbors Give House
To Homeless Widow**

CHERRY VALLEY, ILL.—(P)—Mrs. Rupert Baxter, a widow with six children, was notified she would have to move from the house she rented because it had been sold. She had no place to go.

Word of her plight spread swiftly through this village of 600 population. Citizens contributed \$2,000, bought a lot and barn and converted the property into a neat five-room residence for her.

**Would You Be In The Dog House, If Your
House Burned Tonight?**

If you would wake up to the fact that you are carrying about 40% enough INSURANCE.

Please come in and let us check your policies without obligation to YOU.

Do not forget that we make all kind of LOANS, including F.H.A., INSURANCE and LOCAL.

We will be glad to explain G. I. Loans.

**Lion Is Goat In
Drama At Zoo**

JOHANNESBURG, SOUTH AFRICA —(P)—A mountain goat at the Johannesburg Zoo leaped a wall into the lion enclosure. Satan, a maneless lion, began to stalk the goat. But Satan in captivity had lost his native agility.

The goat was too quick for him but dashing about in panic, fell from the perpendicular rock face separating the lions from the public. Injured, the goat was carried back to its own quarters, while Satan lashed his tail in chagrin.

Greyhound News Stand
In The Greyhound Terminal

IN JULY, 1945, WE SERVICED 256 CARS THROUGH OUR SHOP.

IN JULY, 1946, CUSTOMER CARS THROUGH OUR SERVICE DEPARTMENT TOALED 684, AN INCREASE IN EXCESS OF 167%.

BUSINESS FIRMS, DEPENDING ON THEIR EQUIPMENT IN THE OPERATION OF THEIR BUSINESS, ACCOUNTED FOR A CONSIDERABLE PROPORTION OF THIS BUT ALSO MANY MORE INDIVIDUAL OWNERS DEPEND ON US TO KEEP THEIR CARS RUNNING PROPERLY. WE APPRECIATE THIS OPPORTUNITY TO BE OF SERVICE.

IN TURN WE HAVE PROVIDED ADDITIONAL EXPERIENCED PERSONNEL AND UP-TO-DATE EQUIPMENT BECAUSE WE DESIRE TO FURNISH THE BEST FORD, MERCURY AND LINCOLN SERVICE IN WEST TEXAS. WE WILL CONTINUE THIS POLICY.

Our new body and paint department will be glad to furnish estimates on any job.

YOU'LL HAVE

all the hot water
you want

IN YOUR
NEW FREEDOM GAS KITCHEN

In the laundry— at last, you'll be able to get the most out of one of the new "do-everything" washing machines. For your automatic GAS water heater provides the abundant hot water... and quick replacement of supply... every automatic clothes washer requires.

In the kitchen—dish washing will be a cinch! Thanks to an automatic GAS water heater you will now have all the hot water you need... yes! even enough to run a modern, automatic dish washer.

That's not all! Your New Freedom GAS Kitchen boasts two other indispensable time and work savers... an automatically controlled cooking marvel, the new GAS range built to CP standards... and a roomy, economical and silent new GAS refrigerator.

AIR-COOLED

It's 20 Degrees Cooler At Conner's Cafeteria

**Most Modern Cafeteria Equipment
Available . . . All New . . .**

. . . . MENU

Our menu includes a large selection of fine foods, including Fresh Fruits, Vegetables, Salads, Desserts, and a wide assortment of the best of Meats.

Pastries, Bread and Rolls from our own ovens.

We have purchased the most modern cafeteria equipment that is available to aid in giving you the finest cafeteria service possible. There is ample seating capacity without crowding, allowing easy access to any table at any time. All food will be arranged for easy selection and quick service, thus allowing persons with limited time to select their food quickly and find a table waiting.

You'll appreciate the fact that you may select only the dishes you like, in the quantities that you wish, thus cutting your food costs to the minimum at all times.

Ellis Conner will be in charge of preparing the food, giving his personal supervision to the preparation of all food. Bill Conner will see that you are properly served and courteously treated.

Though cafeteria service is new to Midland it is not new to many Midland residents and many who have learned of our plans have greeted the news of our opening with enthusiasm. We extend a cordial invitation to each of you to try our food and our service . . . we believe you will like both.
