

Army's 'Swap Shops' Backfire In Berlin

TO combat the thriving market in Berlin, the U. S. Army has set up a "swap shop"—officially the Barter Exchange—where Germans and GIs can swap property. Every transaction is on a strictly barter basis, with no money handled. Each person has the value of his trade goods fixed by an expert, who assigns him a number of "trading points." GIs bring in mostly cigars and merchandise sent to them from home; Germans offer household goods for the cigars, but rush right out to the black market and trade them for food and clothing.

'Midland Air Base' Declared Surplus By War Department

The War Department announced Monday afternoon that only the Midland Municipal Airport is affected by the order.

A telegram from Washington Monday morning brought news that the "Midland Air Base" has been "declared surplus to the needs of the War Department"

with exception of a small area.

The telegram to Bill Collins, manager of the Chamber of Commerce, from Mrs. Kate George, secretary to Congressman R. E. Thomason, said:

"War Department announces today that Midland Air Base has been declared surplus to needs of War Department with exception of small area that will be required for reserve and transit flying."

Wildcats Will Be Dug In Andrews, Winkler, Howard

By JAMES C. WATSON
Oil Editor

Applications were filed with the Railroad Commission Monday to drill wildcats in West Andrews, Central-East Winkler and Central-North Howard counties.

Mid-Continent Petroleum Corporation No. 1 A. T. Culbertson is the West Andrews exploration. It is to go to around 9,350 feet to test the Devonian and is slated to start shortly.

The location is 660 feet from south and west lines of north half of section 10, block A-47, psl survey, and 15 miles west of Andrews.

Southwest of Production

That puts it approximately three and one-half miles south and two and one-quarter miles west of near-south Devonian producers on the southwest side of the Fulton field.

Magnolia Petroleum Company and Stanolind Oil & Gas Company have close in acreage to the drillsite.

Santa Fe Petroleum Company of Dallas, which Clarence L. Northworthy, Jr., is listed as president, has filed application for its No. 1 Wheeler, to be 660 feet from north and west lines of northwest quarter of section 21, block B-6, psl survey, in East-Central Winkler County.

The application states that the project is to drill to 10,500 feet, starting not later than September 24. That would indicate that the Ellenburger will be the objective.

On Magnolia Acreage

This location is on acreage shown by the maps to be owned by Magnolia Petroleum Company. It is understood that Magnolia has agreed to a farmout to Santa Fe, on the tract, on certain conditions.

Magnolia has other interests in the area, as do Amerasia Petroleum Corporation, Sun Oil Company, Stanolind and Humble Oil & Refining Company.

The wildcat is about eight miles west of the Wheeler field and seven and one-half miles southeast of the Keystone-Ellenburger pool.

North of Big Spring

Santa Fe Petroleum Company is also to drill No. 1 M. T. Christian in Central-North Howard County to 4,500 feet, starting not later than September 24.

It is to be 660 feet from south and west lines of west half of section 48, block 31, T-2-N, and is about eight miles north and slightly east of Big Spring. Cities Service Oil Company and Stanolind are shown by the plat filed with the drilling application to have adjacent leases.

Second Well Flows

Superior Oil Company No. 4-B-12 University, 1,980 feet from north and 660 feet from east lines of section 16, block 12, University survey, due west stepout from the discovery for production from the Tubb-Perman in the Block 12 field, in North-Southwest Andrews County, and the second test in that area to reach the pay, treated with 2,000 gallons and with 6,000 gallons of acid at

US Court Upholds County Unit Vote System In Georgia

ATLANTA—(AP)—A three-judge federal court upheld Monday Georgia's county unit vote system of deciding Democratic primary elections and refused to invalidate nomination of Eugene Talmadge to a fourth term as governor.

The tribunal dismissed a suit of an Emory University professor and an Atlanta woman civic leader which sought to have the unit system declared void and the nomination of Talmadge cancelled.

The judges said it was their unanimous opinion that "an interlocutory injunction should be denied."

The opinion said "these unit votes also appear in the Electoral College in choosing a president, so that there have been presidents who did not receive a majority of the popular vote."

In the July 17 Democratic primary, Talmadge won the nomination under the unit vote system although he trailed James V. Carmichael, backed by Gov. Ellis Arnall, by about 14,000 votes in the statewide popular vote total.

Under the unit vote system, each county is allocated a designated number of unit votes—from two to six. The candidate receiving the most popular votes in a county received its unit votes.

RETIRED MISSISSIPPI JUSTICE SUCCEUMBS

FAYETTE, MISS.—(AP)—Judge Jeff Truly, retired justice of the Mississippi Supreme Court, died at his home here Sunday after a long illness.

Funeral services were held Sunday.

LATE NEWS FLASHES

CHICAGO—(AP)—Cattle flooded into union stockyards Monday in the largest regular receipts since 1924. Values were lower all over the price charts, and buyers could not begin to handle the available beef animals. Bids were as much as \$4.00 a hundred pounds below the previous session's trade.

DALLAS—(AP)—The Texas Election Bureau, in a noon report Monday from 253 out of the state's 254 counties, 148 complete, said it had counted 1,041,014 votes and that all leading candidates consolidated their initial leads. Beauford Jester's total was 684,899 to Homer Rainey's 356,115 in the governor's race.

DALLAS—(AP)—Cooler weather and scattered thundershowers are predicted for most of Texas Tuesday following a topsy-turvy weekend that found Beville sweltering under a sultry 107 degrees, cool weather and rain in the Panhandle and East Texas and a hurricane threatening the lower Rio Grande Valley.

British Raid Saboteur Village

5,000 Tommies Swoop Down On Seaport Village In Effort To Catch Persons Who Blasted Ship

HAIFA—(P)—More than 5,000 British soldiers Monday swooped on the little Jewish village of Sedot Yam, near the old Roman seaport site of Caesarea, and began an inch-by-inch search for munitions, saboteurs and illegal immigrants.

Machinegun emplacements dotted the rocky hillsides overlooking the village as troops made a pre-dawn move in an effort, the military announcement said, to apprehend the persons who blasted the British ship, Empire Rival, in Haifa Harbor a week ago.

Brig. R. H. Anderson, commanding the Second Brigade of the First Infantry Division, told newsmen that "there was no doubt" the village was a pivotal point in the successful landing of 180 illegal immigrants last week. He indicated that further perpetrators of the Haifa sabotage may have operated from the same area.

The village's 200 residents were taken from their homes and herded into a temporary enclosure nearby for questioning while troops made a house to house search. Approximately 40 persons were detained for questioning.

Suggests Shotgun

In dismissing a marital relations dispute in San Antonio, Judge Robt. W. Terrell advised Col. John E. Guillet to divorce his wife or "get a 14-gauge shotgun and handle matters for yourself." The Army officer had been seeking an injunction to restrain a San Antonio man from continuing relations with the officer's wife.

Benefit Party For Midland Hospital

An evening of entertainment awaits Midland citizens Tuesday beginning at 7 p. m., at a mammoth Midland Memorial Hospital Benefit Party to be held in Lackey Stadium.

The citizenship is expected to turn out in mass for the event, which is sponsored by the Federated Women's Clubs of the city.

Games attractive to all are planned. Activities get underway with a jitterbug contest. There will be attractions all over the stadium for young and old.

Grammer-Murphy is offering many attractions to patrons at the party.

Proceeds of the party will go 100 per cent to the hospital. More than 300 clubwomen have participated in staging the event.

Chamber Of Commerce Will Act As Stakeholder In Paving Plan

Plans for a paving project in which property owners will pay all costs of paving, curb and gutter, and contract directly with a contractor who will operate under specifications of the City of Midland were outlined at a meeting of the Chamber of Commerce members Monday noon in the Scharbauer Hotel. Directors of the Chamber of Commerce, at a special meeting following the luncheon, agreed that their organization would be willing to serve as stakeholder in the program at no cost to the organization.

Mayor Fred Hogan outlined the city's proposal and said no city or federal funds are available for the project. For this reason, he said, the city could not pay costs of the paving, advertise for bids or otherwise become involved in the financing. He said the city would provide necessary engineering and arrange water and sewer lines on streets to be paved. It also will provide the necessary specifications for the paving, and all paving must meet these requirements as the city must maintain it once it is installed.

He explained that all property owners in a block must sign agreements to pave before the work could be undertaken and expressed the hope that 25 or more blocks may be paved soon.

He said paving for a 40-foot street probably would cost about \$5 per front foot and that some agency would have to serve as stakeholder as the city could not become involved in the financing of the paving.

A suggestion was made that the Midland Chamber of Commerce undertake this assignment and the directors agreed to do it. Payment of money for the paving will be authorized by the city's engineer after specifications are met.

The paving program was promoted by the Midland JayCees and A. A. (Posty) Jones, president of the organization, said it had no funds,

Requests On-Spot Inquiry Into Ability Of Axis Nations To Pay

Molotov Asserts Payments Sought From Italy, Romania, Finland, And Hungary Are 'Lenient'

PARIS—(P)—An Australian delegate to the peace conference Monday proposed that Russia be called upon to "justify her reparations demands, and asked that a special "on the spot investigation" be made of the ability of former European enemy nations to pay the Soviet's \$900,000,000 demands.

E. Ronald Walker made the proposal to the economic commission for the Balkans after the Italian commission had approved two more paragraphs of the preamble of the Italian draft treaty.

Soviet Foreign Minister V. M. Molotov responded:

"Australia has not had her fields, cities and industries devastated."

He described Russia as "lenient" in asking for \$300,000,000 from Romania when "billions of dollars of damage has been done." Molotov pointed out that Russia had increased the time allotted for payment from six to eight years.

Russia has asked reparations from Romania, Finland, Hungary and Italy. The United States, Great Britain and France did not include reparations demands of any set figure in the draft treaties that the foreign secretaries conference prepared for the peace party.

The Italian commission to date has passed on approximately 1.3 per cent of the entire document. No progress whatever has been made on any of the other four treaties.

Nearly three and a half hours were consumed in debate before 18 words of a Netherlands amendment and seven words of an Australian amendment were adopted by the Italian commission and the fourth and fifth paragraphs of the treaty finally approved. There are more than 55,000 words in the five treaties.

The Netherlands amendment, adopted after revision, had the effect of giving to Italy greater recognition for her part in the war against Germany.

A concerted campaign by Russia and her satellites against countries separating the Soviet bloc from the Mediterranean seemed in the opinion of some observers here, to be taking shape Monday.

In general, Western countries have opposed the Russian bloc in every move against Greece, Turkey, and Italy. U. S. Secretary of State James F. Byrnes has been one of the principal defenders of British-occupied Greece; Britain, France and the United States have opposed granting large sections of Venezia Giulia to Yugoslavia; and Britain, France and the United States have gone on record as against Russian control of the Dardanelles.

Told Off

As the U. S. delivered its 48-hour ultimatum to Yugoslavia demanding release of American airmen shot down, Secretary of State Byrnes, in Paris, got Yugoslav Vice Premier Edward Kardelj, above, on the phone and, reports say, "talked frankly."

Quick UN Action On Charge Against Greece Is Assured

NEW YORK—(P)—An early hearing by the United Nations Security Council of the charge by the Soviet Ukraine that the Greek government is a threat to the peace of the Balkans appeared assured Monday.

Acting swiftly in answer to the Ukraine's request for speed, the United Nations secretary and Dr. Cesar Lange of Poland, president of the Security Council, put the new case on the council's agenda for Wednesday, immediately after consideration of applications by nine nations for admission to the United Nations.

It was believed that the Greek case would be heard late in the week.

The case materialized Saturday when Dmitri Manuilsky, foreign minister of the Ukrainian Soviet Socialist Republic, sent from Paris to Trygve Lie, secretary-general of the UN, a complaint charging the Greek government with:

1. Numerous border incidents on the Greek-Albanian frontier "which are being provoked by the Greek armed units with the connivance and encouragement of the Greek authorities";
2. Persecution of national minorities in Macedonia, Thrace and Epirus.

Five Men Charged In Cisco Shooting

EASTLAND—(P)—Five persons are being held in county jail here charged with assault with intent to kill in connection with the shooting last Wednesday night of H. O. Woodard at his Cisco home.

The men charged are Pinky Archer, Shorty Archer, A. J. Maxwell, Jimmie Newsom and Silas Clay. Justice of the Peace Henry Stubbsfield has set their bonds at \$1,500 each.

Sheriff John Hart of Eastland County said that Woodard's 14-year-old daughter was married last week to Pedro Tapio, 22, and that the couple had resided in the Woodard's Cisco home.

On Wednesday night, the sheriff said, a group of men called on Tapio and told him and his bride to leave the area. The next night, a group of men with masks approached the house and exchanged shots with Tapio who fired from an upstairs window.

During the shooting, Woodard was shot in the hip, Hart said. He is recovering.

Body Of Colin Kelly Found In Philippines

WASHINGTON—(P)—The long buried body of an unknown soldier was positively identified in the Philippines as that of Capt. Colin P. Kelly, Jr., outstanding American air hero of the opening days of World War II.

The War Department said in announcing this Sunday that the body had lain unidentified since three days after Pearl Harbor, when Kelly and a companion met death in the crash of their bomber while returning from a raid on Japanese warships.

Now buried in military cemetery No. 1 at Manila, his remains may be brought back to the United States if desired by his surviving kin.

Fortress Makes Fateful Run From Vienna To Udine

By The Associated Press

A Flying Fortress with machine-guns loaded and uncovered took over Monday the fateful Vienna-Udine run, on which Yugoslav fighters wrecked two unarmed C-47 U. S. Army transports this month.

Four flag-draped coffins bearing victims of the August 19 plane incident were taken from the Julian Alps at Ljubljana with Yugoslav soldiers paying honor. The bodies of the American fliers were taken from a tiny grave near the spot where their plane was shot down. The fate of the fifth occupant of the plane was not known. His body may be under the burned wreckage.

Russian and Yugoslav newspapers and radios cried out that the United States was conducting a planned campaign against Yugoslavia.

Lt. Gen. Sir William D. Morgan, supreme allied commander in the Mediterranean Theater, declared that the Belgrade radio had made an "irresponsible or malicious" assertion in saying Allied aircraft still flew over that country. He said the "most stringent precautions" had been taken.

The Flying Fortress, the type used in dropping much of the \$32,000,000 gifts of American lend-lease food and material to Yugoslavia during the German occupation, was the first American aircraft to fly the Vienna-Udine route since the transports were downed. The pilot said he avoided Yugoslav territory, carried no passengers, and that he had been ordered to make the return flight.

Commander Danilio Cortese, Lt. Gen. Danilo Lekic, commander of the Fourth Yugoslav Army in whose territory both American planes were attacked, organized the cortege for the bodies of the men killed by his fliers.

Th Moscow radio declared the United States was "attempting to put pressure on Yugoslavia" by a display of military might, including the aircraft carrier Franklin D. Roosevelt. The broadcast, heard in London, said the incident over the two don, (Continued on Page 2)

McReynolds, New Deal Opponent On U. S. Bench, Dies

WASHINGTON—(P)—James Clark McReynolds, who topped all his Supreme Court colleagues in dissenting to New Deal laws, is dead.

The 84-year-old retired associate justice died at Walter Reed Army Hospital Saturday night. He had been ill a year.

The body will be taken to Elkton, Ky., for funeral services Thursday.

McReynolds stepped down from the court on Feb. 1, 1941, after 26 years on the bench—the last eight of them marked by fiery denunciations of legislation pushed through Congress by the Roosevelt Administration.

A Democrat himself—he served as attorney general under Woodrow Wilson—McReynolds nevertheless voted against every major New Deal measure and nearly all minor ones that reached the high court.

His death leaves only two members of the court which President Roosevelt said was made up of "nine old men" living in "horse and buggy days." They are Chief Justice Charles Evans Hughes and Associate Justice Owen J. Roberts, both retired.

Big Spring Girl Drowns

LLANO—(P)—Imogene Hines, 10, of Big Spring, drowned Sunday at the fork of the Llano and Colorado rivers 18 miles east of here. She was the daughter of Mr. and Mrs. Gene Hines, Big Spring, who were visiting relatives.

Several children were in swimming when the child stepped into a deep hole.

Jester Says He Will Name Own Successor To Rail Commission

DALLAS—(P)—Beauford Jester, newly-elected Democratic candidate for governor, said in a telephone conversation from Corsicana that he would name his own successor to the railroad commission.

Jester said he had a great deal of "unfinished work" on the railroad commission, and would remain in active service until he is inaugurated governor.

If he resigned now, his successor would be named by Gov. Coke Stevenson.

Jester said that his "pet project" was getting all companies to cut back on flaring of Texas wells. He said much definite progress had been made, and he wanted to stay on and see that further steps are taken.

Jester explained that he believed major industry should correct flaring, otherwise, he said, the state would have to take legal steps. It was also possible the federal government might intervene.

Legion To Install Officers Tuesday; Rhoden Is Adjutant

New officers of the Woods W. Lynch Post of the American Legion here will be installed at a ceremony at 8 p. m. Tuesday in the Scharbauer Hotel. M. J. Benefield of Odessa, a past state commander of the legion, will be the installing officer. J. F. Friberg, a World War I veteran, who will be installed commander of the post, announced the appointment of Floyd O. Rhoden as adjutant and finance officer. Rhoden will succeed Friberg, who advances from adjutant to commander.

B. A. Nunley, 16th District Legion commander, and Waldo Carson, contact representative of the Veterans Administration, both of Odessa, also will attend the installation ceremony. Tom Sealy will become first vice commander of the post, Leonard Miller second vice commander, and Phil Yeckel third vice commander. Other new officers are the Rev. Fred McPherson, chaplain; Clifford C. Keith, service officer; Ed Vahrenkamp, child welfare chairman; and Shine Shelton, sergeant-at-arms. Miss Merle Scott was reelected historian.

Operator is now treating the upper pay section with acid, preparatory to testing that formation. Sinclair Prairie Oil Company No. 1-160 University, 660 feet from north and west lines of section 41, block 13, University, and a flanker to wells which have shown production from the Clear Fork and Wolfcamp of the Permian and from the Devonian, on the south side of the Fullerton field, was to drill ahead from 8,300 feet, in basal Permian, after a one hour and 30 minute drillstem test at 8,240-8,300 feet, in the lower Permian section.

Outpost Shows Oil
Gas showed at surface in five minutes and oil started spraying in 28 minutes. In the last 45 minutes of the test the drill pipe flowed 35 barrels of pipe line oil into tanks. The prospector is to drill ahead to test the Devonian.

Ballard and Cody No. 1 Talley, in southwest corner of labor 17, league 233, State Capital Lands survey, about one mile northeast of the Levelland field, and approximately the same distance northwest of the town of Levelland in Central Hockley County, bottomed up at 4,845 feet, in lime.

It is understood that casing had been set at about 4,802 feet and that the open hole, which had some indications of production, is to be tested.

McKee Shows Production
Humble Oil & Refining Company No. 4 J. E. Parker, 1,980 feet from south and east lines of section 23, block A-41, psi survey, and on the east side of the Martin-Ellenburger field, in Central-Southwest Andrews County, ran a 45 minute drill-stem test in the McKee-Simpson at 8,650-8,385 feet. Gas and drilling mud showed at the surface in 42 minutes and oil started flowing through the drill pipe in 47 minutes. It unloaded oil for three minutes before the tool was closed and it continued to unload all the way out of the hole with the tester. Operator estimated that the total recovery of oil during the test was 114 barrels of oil in 45 minutes. The project is to drill ahead to the Ellenburger.

It is said that Oregon obtained its name from oyerun-gen, a Shoshone word meaning "place of plenty" or from wau-re-gan, Algonquin for "beautiful water."

Justice Department Approves War Surplus Gifts For Education

WASHINGTON—(AP)—The Justice Department in an opinion Monday approved the gift of surplus property by the War Assets Administration to non-profit educational institutions. The ruling was prepared by Acting Attorney General J. Howard McGrath following a request by Robert M. Littlejohn, war assets administrator. McGrath also said that newly-formed non-profit institutions were eligible to receive gifts of surplus property under the Surplus Property Act.

The WAA halted last Thursday the proposed transfer of 53 surplus camps and war plants to educational institutions, pending a Congressional inquiry into such "gifts." WAA's stop order came after the committee questioned the "sale" at 100 per cent discount—of the \$407,000 Thunderbird Airfield in Arizona to the newly organized, non-profit American Institute for Foreign Trade.

The institute was founded by a group of 15 Phoenix business and professional leaders and two former Army officers.

Borba, official organ of the Communist Party in Yugoslavia, said the campaign against Yugoslavia had been "invented" and had reached such proportions" it has forced the Paris peace conference into the shadows." Glas, another Yugoslav paper, printed the headline, "Campaign Of Lies And Slander" over an article on the incidents.

The Moscow paper Pravda lauded Yugoslavia as a country with enough "nerve to stand up to its legal rights," and said the United States press "as if under a leader's baton, raised a frenzied campaign against Yugoslavia."

The federal government now holds leases on both fields and the city, with hundreds of acres of land and an investment of thousands of dollars in the fields and their equipment, receives only \$1 per year rental for each.

Both are listed among the finer airports of the Southwest. Both have large runways, adequate drainage, latest and most modern lighting and other up-to-date equipment.

What their future was Monday, no official here could say. In a telephone call Monday afternoon, Mrs. George said she believed the War Department had reference to the Midland Army Air Field but that she would have to check to be sure.

Producers Reminded Of Subsidy Payments

Midland County farmers and ranchers were reminded Monday by the ACA office of the county that this is the last week to make applications for dairy production subsidy payments. The deadline for application of payments for April, May and June is August 30. Applications for subsidy payments for beef and sheep production also can be made.

Wed In Church Rites**

Miss Nelda Joyce Vaughan, daughter of Mr. and Mrs. C. E. Vaughan, became the bride of Thomas D. Nix, son of Mr. and Mrs. Thomas Nix, in a ceremony solemnized at 6 p. m. Sunday in the First Methodist Church.

The Rev. Howard H. Hollowell directed the vows for the double-ring ceremony as the bridal couple stood at the altar decorated with baskets of white gladioli.

Attired in an aqua suit, the bride wore a pink blouse, black accessories and a corsage of pink carnations.

Miss Wilma Dee Vaughan attended her sister as maid of honor. She wore a pink crepe dress with brown accessories and a white carnation corsage.

The bridegroom's brother, Douglas Nix, served as best man.

Mrs. Nix attended Midland schools and is employed at the Scharbauer Hotel Cigar Stand. The bridegroom attended Paris Junior College and received his release from the U. S. Marine Corps after serving in the South Pacific. He was awarded the Marine Corps Distinguished Flying Cross. He is in business with his father in Nix Trading Post.

Java Girl Marries Texan

(NEA Photo)

Climaxing a four-year courtship begun in far away Java in 1942, pretty Inge Raupp from Java and Lt. Robt. E. L. Michie of Lubbock, Texas, were finally reunited and married at Austin. Lieutenant Michie was assigned to the 19th Bomb Group in Java and met Miss Raupp at a dance there. They were separated shortly afterwards when he was captured by the Japanese, and did not see each other until Miss Raupp sailed for America in June.

Kelton Home Is Scene For Farewell Party Honoring Miss Akins

Misses Clara Belle Kelton and Ruby Gilbert entertained with a farewell party at the Kelton home, 704 North Main, honoring Miss Corinne Akins. The honoree was the recipient of many lovely gifts.

Miss Akins, who has been director of the First Baptist Training Union the past several years, is leaving Friday to visit her parents in Imperial, Texas. She will enter Southwest Baptist Theological Seminary in Fort Worth September 9. A chicken supper was served on quartet tables on the back lawn. Decorations carried out a yellow and white color scheme. The cake was topped with the inscription "Good Luck, Corinne," and the yellow napkins bore the name of the honoree.

Guests were Misses Faye Shelburne, Martha June Preston, Euzela Comer, Nellie Clark, Gwen Simpson, Evelyn Wild, Barbara Brown, Ruth Elaine West, Wilda Drake, Helen House, Alma Ruth Streeter, Dorothy Raines, Lurline Ponder and the honoree.

Miss Akins was presented a set of luggage at the First Baptist Training Union picnic supper Friday at Cloverdale Park.

Honeymoon Couple Now Prefers Tin Cans

CHICAGO—(AP)—Rex Allen, a radio singer, didn't want a lot of tin cans clattering when he and his bride, Bonnie Linder, a radio actress, took off on their honeymoon.

So he hid his car behind the broadcasting station.

After the ceremony Sunday in the studio, the newlyweds stole down to the car to find a window smashed and their luggage stolen. Wedding guests supplied them with clothing for their trip to the Wisconsin Dells.

Allen decided he had been too fussy about tin cans. His wife agreed.

Secret Code Mark Guards Furs From Loss

By EPSIE KINARD
NEA Staff Writer
NEW YORK—(NEA)—A new system of "fingerprinting" pelts at the time of purchase will avert the feminine fetids resulting from mistaken identities in the cloakroom and considerably reduce the risk of loss of fur coats by theft or storage mix-ups.

The new system of code-marking a fur garment and registering the individual purchaser's code-mark along with a description of the coat and the home address of its owner is a service which many furriers and stores selling furs are inaugurating. The central bureau of registration is the International Registry of Newark, N. J., where a master file is kept and a microfilm record is made for the added protection of the customer.

Her protection is a personal code-mark indelibly stamped on the insides of skins at strategic spots. The markings, good for the lifetime of a fur, which is an estimated ten years, won't fade, blur, wear off or yield to the scrapings of a wicked thief's knife.

The owner of the registered fur receives a fur identification certificate from the store when she buys her coat. Stores offering the service will also issue a transfer of title to a new purchaser, if Mrs. A decides to buy Mrs. B's registered fur coat.

An attractive label, which states that the fur is registered, is sewed into the lining of the coat at a spot of high visibility—under the arm. When the coat falls off its owner's shoulders onto a chair, this label is a "hands-off" warning to thieves, and is an unassailable arbitrator in the case of cloakroom squabbles or storage mixups.

The registration, through a central bureau which the label signifies, simplifies the recovery efforts in tracing a coat by police, insurance

Label sewed under the arm on the lining of this fur coat proclaims to would-be thieves that the fur is registered with an international agency and can be traced through individual code mark stamped on pelts.

company, express or delivery service or repair shop.

The fee, which some stores pay and add to the price of a fur coat, is nationally fixed and nominal. Owners of furs purchased before this service was inaugurated may have their used garments registered with stores offering the service.

WHAT WIFE CAN HAVE HER SAY IN JUST 30 SECONDS?

CHICAGO—(AP)—Lt. Carl Reilly was forced to amend his order setting a 30-second time limit on telephone calls between state policemen on duty and their wives.

The wives objected when Reilly, with romantic sympathy for unwed members of his force, allowed one minute for conversations with new girl friends; two minutes to sweethearts, and two and one-half minutes to fiancées.

So now wives get 45 seconds.

Job For The Big Brother

In the past two months six major outrages have been committed by the Yugoslavian forces of Marshal Tito. On June 19 and again on June 30 Yugoslav patrols entered the Allied occupation zone of Venezia Giulia, in the Trieste area, on the latter occasion surrounding a British patrol with the explanation that they were acting on orders. On July 12 Yugoslavs crossed the boundary of the American sector of Venezia Giulia and twice fired without provocation upon investigating U. S. troops; on July 13 American soldiers discovered that Yugoslavs had again penetrated the area and had set up a machine-gun post near the scene of the previous day's trouble. On August 9 and on August 19 American transport planes were attacked by Yugoslavian aircraft.

Thus Yugoslavia—a small country of small resources which could not hope to match herself against the might of the United States or Great Britain—amazes a war-weary world by seeming to ask for more trouble.

Why? The answer seems patently obvious. Marshal Tito and his little nation move in the Soviet orbit of Eastern Europe. They, like other little rulers and other little nations, depend upon Russia for diplomatic and, if need be, military backing.

The presumption Yugoslavia displays is by no means her own exclusive property. The Romanian representative at the Paris peace conferences arises to laud the USSR for the "moderation" of the war reparations she asks—and to announce that Romania, beaten Axis satellite, will not pay the "excessive" reparations demanded by the Western Allies. The Bulgarian representative at Paris takes the floor for a scathing assault on Greece and demands that Bulgaria, Hitlerian ally, be given territory belonging to Greece, Hitlerian victim.

Nor is Yugoslavia alone in the apparent disregard of self-interest she exhibits. Small nation Poland repeatedly votes at Paris against giving small nations a greater say in the formation of the peace treaties—voting with large nation Russia.

Yugoslavia's unwarranted boldness seems much like that of the little boy so familiar in every American neighborhood. He can't fight a lick himself—but he seeks, nevertheless, to impose his will on stronger playmates by threatening to send his big brother after them if they oppose him. In so doing, he disregards the fact that big brother himself might not relish a scrap.

The big brother in this case, of course, is Russia. And now that the United States and Great Britain have with official communications "laid down the law" to Yugoslavia in no uncertain terms, it would be wise indeed for big Marshal Stalin to take little Marshal Tito aside and just as definitely explain the facts of life to him.

The New Bomber

The giant Consolidated bomber, XB-36, was planned for possible use against Germany in the event that Britain should be defeated. It has been completed in the age of the atomic bomb. And, now that it has negotiated its first test flight successfully, some are probably wondering of what use it can be.

Is the 30-ton bomb capacity of this giant ship, which dwarfs the mighty B-29, necessary today? And if the weapon of the future is to be—God forbid—a self-propelled missile with an atomic warhead which will rocket to its destination a hundred miles above the earth, why do we need a new super-bomber anyway?

These are speculative questions which require an authoritative military reply. The layman's answer to the first is obscured by the fact that the size of the bombs used at Hiroshima, Nagasaki and Bikini is a closely guarded secret. It is known, however, that though the explosive charge of an atomic bomb may be relatively small, a great deal of complicated machinery is necessary to detonate it.

It was also revealed in a story from Bikini that the B-29 was the only one of our aircraft capable of carrying the present atomic bomb. So the XB-36 might be envisioned as the carrier of a bigger atomic explosive.

As for the rocket of the future, its practical development may be so far away as to require more transportation. So perhaps the XB-36 is a logical component of our defense plans of the immediate future. And the fear which the atomic bomb inspires and the fervent prayers that it may never again be used in combat cannot cancel out the need and desirability of trying to maintain a modern and realistic national defense.

Bad Times A-Comin'

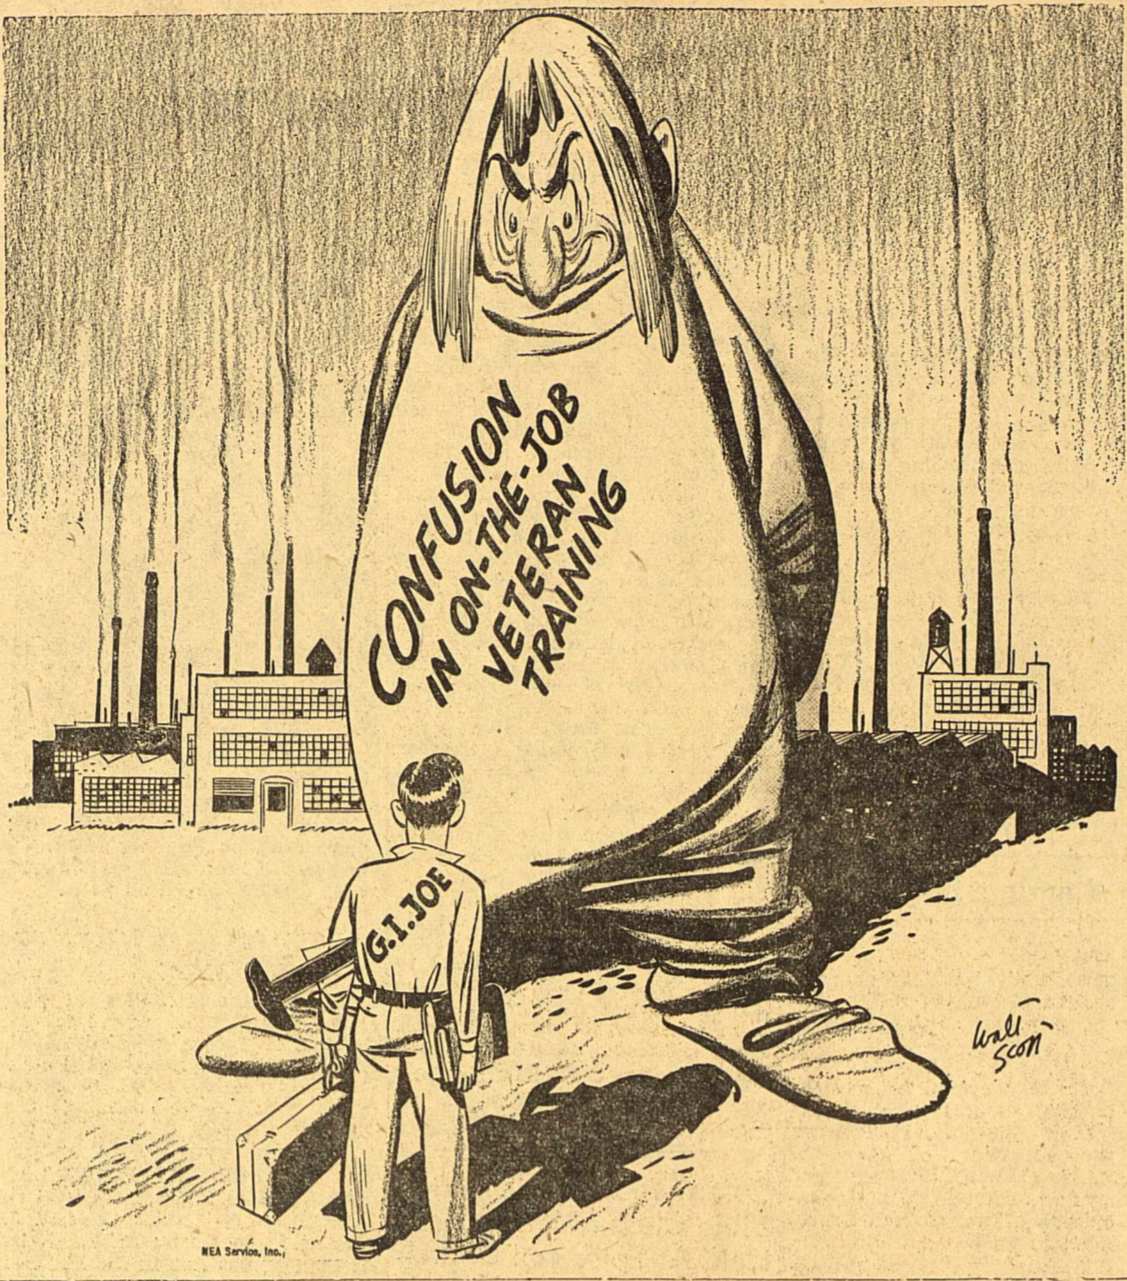

Secretary of Commerce Henry Wallace is again promising us that we are heading for a big boom and bust. Others are saying it, too, and perhaps it will come to pass. What interests us, however, is Wallace's reasoning.

We seem to recall that last fall Wallace was prophesying a boom and bust if the country didn't follow his blueprint for 60,000,000 jobs, and that the Commerce Department was predicting something like 8,500,000 unemployed by Spring if the boss's words weren't heeded.

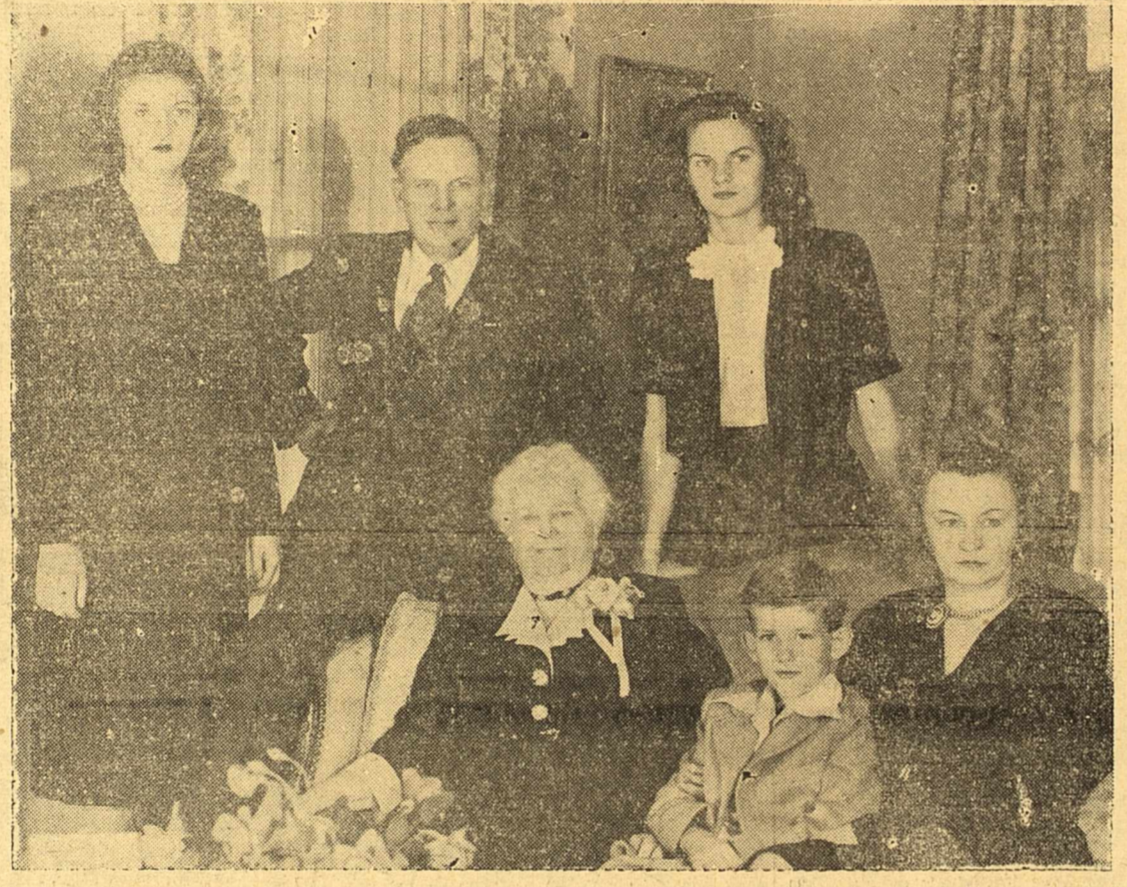

Well, the 60,000,000 jobs are very close to being a reality, and the unemployment figures never approached the Commerce Department prediction. All this was accomplished without sticking by the letter of the Wallace directions.

Now Wallace says the 60,000,000 jobs are unstable, unnatural and inflationary. He looks for dire times ahead. Maybe so, maybe so. But it does sometimes seem that Wallace is unable to see or enjoy any ray of economic sunlight unless it originates with his own particular sun.

Standing, left to right, are Barbara, University of Texas student; Beauford Jester, Democratic nominee for governor; and Joan, student in Corsicana High School. Seated, are Lt. Gov. George T. Jester, who served four years under Gov. Chas. A. Culbertson; Beauford, Jr., and Mrs. Beauford Jester.

Bentley And Thomas Win In Monahans

MONAHANS—In the only two major run-offs in Ward County, Commissioner George Bentley won re-nomination over L. R. Snelson, III, by a vote of 257 to 184 in Precinct 3, Grandfalls and Royalty, and Commissioner Ted Thomas defeated Otis Ferguson by 157 to 86 in Precinct 4, Pyote. Voting over the county was light with approximately 60 per cent of the July 27 vote being cast.

In Precinct 1, Burdow, Sid Cowan defeated Wilsom Avary 60 to 45 for justice of the peace and in Precinct 2, Monahans.

R. R. Browning defeated G. W. White for justice of the peace in Precinct 3 by 212 to 193 and Allen Tipton won over Fred Kugle by 241 to 156 for public weigher.

Earl Murphy defeated A. E. Cooper for justice of the peace in Precinct 4 by 138 to 71 and Noah Sifton was elected public weigher over C. E. Collum by 164 to 51.

Mrs. Bob Barker Dies In Fort Worth Hospital

FORT WORTH —(AP)—Funeral services were to be held here Monday for Mrs. Bob Barker, president of board of regents of Texas State College for Women and one of the state's most prominent club women.

Mrs. Barker died in a Fort Worth hospital early Sunday after an extended illness. She was the widow of the late Bob Barker, chief clerk and secretary to the House of Representatives and state senate for more than half a century, who died in January last year.

Burial will be at the state cemetery in Austin Tuesday.

Mrs. Barker was named president of the regents of TSCW in June of last year and her election climaxed two decades of active club work as legislative chairman of the Texas State Federation of Women's Clubs.

Trading In Wheat Resumes In Chicago

CHICAGO —(AP)—Trading in wheat futures was resumed on the Chicago Board of Trade Monday. Wheat for January delivery opened at 1.99 1/2, rose to \$2.01, and then fell back to the opening price. May wheat opened at \$1.96.

Dealings in wheat, normally the most actively traded grain, were suspended on June 13. Directors voted to resume trading Monday inasmuch as the grain is no longer under price ceilings.

Postwar Report Of Male Shortage Was Bunk
WASHINGTON —(AP)—Census figures showed up Monday as so much romantic sabotage those reports that the war left a scarce supply of single males. On the contrary the gals have an edge in the marriage odds. The statistics show that in the marriageable age groups there are more single men than single women. "There still are more than enough men to go around," Dr. Hope T. Eldridge, census bureau analysis expert, told a reporter. Right now she figures there are 1,500,000 or more single, eligible males.

Texas Political Candidates Seek Rest And Look To Future Problems, Work

By MAX B. SKELTON
Associated Press Staff
After seeking out voters for several months, Texas' political candidates—winners and losers—Monday were seeking seclusion and rest. The winners have definite problems ahead, including proposed legislation and changes and appointments. The losers' problems vary. Some will return to their old businesses or jobs. Others will begin new ventures.

For winners and losers alike, however, the September 10 state Democratic convention at San Antonio is high on the agenda. In Corsicana, friends of Beauford H. Jester, the gubernatorial nominee who on Saturday polled the largest run-off majority in Texas history, indicated that he may go fishing this week. The governor-elect already is giving thought to the San Antonio convention and has reaffirmed his campaign pledges of seeking party harmony. Homer P. Rainey said in Austin he wanted to rest at a location he did not want to reveal. His business and political plans for the future are uncertain, he said. Jester, who spent the weekend with his family and friends in Corsicana, meanwhile continued to pile up votes in his landslide victory that on latest returns of the Texas Election Bureau had given him 65.76 per cent of the 1,039,493 votes tabu-

lated. He has received 683,605 votes to Rainey's 355,888, with returns reported from 252 of the state's 254 counties, with 135 complete. Of the 252 counties, Jester was leading in all but Roberts, Bastrop, Travis, Loving, Zapata and Kleberg.

Other nominees include State Senator Allan Shivers of Port Arthur for lieutenant governor, J. E. McDonald for reelection as state commissioner of agriculture, and Judge Tom Beauchamp for reelection as judge of the Court of Criminal Appeals.

Congressional Winners
Six congressmen, including two veteran representatives seeking re-nomination and four freshmen, hold apparent victories based on latest returns.

They are:
5th District—J. Frank Wilson, Dallas attorney, who will succeed veteran Rep. Hatton W. Summers, who did not ask reelection.
6th District—Col. Clin Teague, war hero from College Station who will replace Luther A. Johnson of Corsicana who resigned recently to become a judge of the Federal Court of Tax Appeals.
9th District—Rep. Joseph J. Mansfield, 85-year-old representative, oldest member of Congress, who won a hard fought battle for re-nomination to his sixteenth term.

12th District—Wingate Lucas, Grapevine attorney and war veteran who will succeed another veteran congressman who did not file for reelection, Rep. Fritz Lanham of Fort Worth.

15th District—Rep. Milton H. West of Brownsville, who went to Washington when John Nance Garner became vice president, holds a slim 790 vote lead on the basis of complete unofficial returns.

17th District—Carter Burleson of Anson, former secretary to Rep. Sam Russell of Stephenville, who did not seek reelection.

In state legislative races, an early survey indicates that Texans in the July and August primaries selected 94 new members of the Senate and House of Representatives. Before he can take office next January, Jester must make another race. He must meet Eugene Nolte of San Antonio, the Republican nominee in the general election November 5.

This is considered a mere formality in that the greatest number of votes ever received by a Republican gubernatorial nominee in Texas was 317,807 polled by Orville Bullington of Wichita Falls in 1932 when he was defeated by Mrs. Miriam A. Ferguson.

Two years ago B. J. Peasley received 100,287, while four years ago C. K. McDowell polled only 9,204.

CONTINENTAL AIR LINES

orders a fleet of 15 new Convair-240's!

CONTINENTAL AIR LINES, with its network of air routes in the heart of the West is the fourth major airline to order a fleet of America's most modern twin-engine airliner—the luxurious Convair-240.

This airline selected the Convair-240 to fill its need for an entirely new type of transport plane which would offer speed and advanced comfort features, such as complete air conditioning, to the air-traveling public on this airline's routes.

It was only natural that in its search for such an airliner, Continental should turn to Consolidated Vultee—the company which designed and built such famed war planes as the Liberator bomber, the Catalina, and the Coronado—the company which operated a vast transpacific airline service for the Air Transport Command during the war.

The new Convair-240 airliner will be in service by mid-'47. It will carry 40 passengers at 300 miles per hour, plus—with a new high standard in air-travel comfort and convenience. Below, for example, you'll find ten of the many reasons why your first flight in the new Convair-240 will be an experience you'll want to repeat over and over again!

CONSOLIDATED VULTEE AIRCRAFT CORPORATION

San Diego, California • Downey, California • Wayne, Michigan (Stinson Division) • Fort Worth, Texas • Nashville, Tennessee

10 reasons why you'll enjoy flying in the Convair-240

- 1. Air-conditioned comfort!** Even in desert heat—on the ground as well as in flight—the Convair-240 is completely air-conditioned. Cool, refrigerated air, with controlled humidity—and radiant-heat heating—insure your comfort whether it's 120 in the shade or below zero!
- 2. 40 Passengers—at 300 M.P.H., plus!** Two Pratt & Whitney engines—of the same type used on the Liberator bomber, but even more powerful—enable the Convair-240 to cruise at 300 miles per hour and better. It can take off and climb, fully loaded, on one engine.
- 3. Auxiliary jet exhaust thrust—for added speed!** The Convair-240 is the first commercial transport plane to utilize the principle of auxiliary jet exhaust propulsion for added power and speed.
- 4. Reversible-pitch propellers for smoother landings!** In addition to conventional hydraulic wheel brakes and wing flaps, the Convair-240 has reversible-pitch propellers, which enable

the plane to come to a full stop on the runway in a much shorter distance.

5. "Low level" flight comfort at high altitudes! Gone are the annoyance and discomfort caused by abrupt altitude changes. Because of the automatically controlled system of air pressure in the Convair-240's cabin, you never have to swallow to get rid of that "funny feeling" in your ears—never feel fatigued at high altitudes.

6. Heated wings prevent icing! The Convair-240 uses the anti-icing safety system developed by Consolidated Vultee for combat pilots during the war. Wing edges are heated—entire wing surface is warm—ice and snow melt on contact.

7. Lands level! The Convair-240 lands level, and is still level when it comes to a stop. Aground or aloft, a walk down the aisle is an easy stroll—less effort to pop your hats and

handbags in and out of the overhead racks too! (Tricycle landing gear is fully retracted in flight.)

8. Why pilots say, "Thanks for thinking of us!" The cockpit of the Convair-240 is "pilot-designed." Full visibility—for added safety in taxiing, on the take-off, in flight, and for landing—is just one of many reasons why pilots have given this airliner such an enthusiastic O.K.!

9. New high-efficiency wing! Born of Consolidated Vultee's wartime experience in designing combat planes, the Convair-240 airfoil is an incredibly efficient high-speed wing, but with characteristics which permit lower speeds for safe landings and take-offs.

10. You relax in easy-chair comfort! A newly designed type of reclining seat gives you all the leg room you want. In the Convair-240 there's no bumping your knees against the seat ahead. Just settle back and stretch out in comfort!

DEVIL'S LAUGHTER

By Alice M. Laverick Copyright, 1946, NEA SERVICE, INC.

THE STORY: I, Cecelia Hart, was only 17 when I came to Innisfail that eventful summer to help out Cousin Ellen, who was the Fitzgeralds' housekeeper. Lovely Charlotte Brent captured my heart immediately, but autocratic old Honora Fitzgerald, who ruled the household from a sick bed, frightened me. I was terribly homesick until Professor Mark told me I could read any of his books that I wanted.

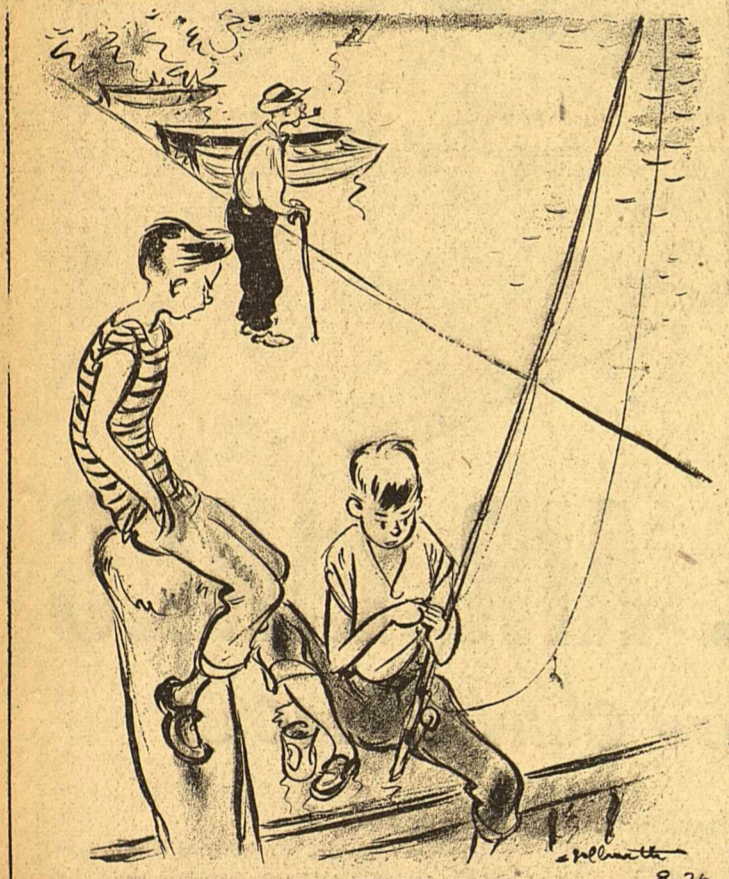

VII
SNUG in bed, with a light summer rain pattering on the roof, I opened up the treasures I had found after Mark left me alone in the library. "Under the Lilacs," which I had read only three or four times, and "The Man in Lower Ten" and "Graustark," which I discovered tucked cozily in between "An Introduction to Philosophy" and "The Lives of the Saints" on one of the lower shelves.

With that inborn capacity of the Irish for being at one moment in the depths of a despairing pit and the next to be riding high on a rainbow, I now completely forgot my troubles in the delightfully romantic adventures of a princess in disguise. I was barely conscious of the fact that somewhere in the house there was music, beautiful music. It made a soothing background to my reading, though I hardly realized it existed.

Cousin Ellen, coming up to bed later, ordered me to put away my books and say my prayers. "Did you hear Father Burke playing the piano?" she said. "Glory be to Heaven, how that man can play! Himself asked him to play the 'Ave Maria' and sure 'twould bring tears to the eyes of a stone itself to hear him." When Cousin Ellen's emotions were aroused, her brogue was apt to become very pronounced. She sounded now like a greenhorn just off the boat.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY America's Card Authority

Less than 20 years ago national bridge tournaments were unheard of. Today tournament bridge is increasing in popularity by leaps and bounds and the American Contract Bridge League is already planning an international tournament in 1948. Few authors have attempted to write about tournament or duplicate bridge. However, there are some very interesting comparisons between rubber and duplicate play. Today's hand is an example.

At rubber bridge South should allow West to play the hand at two hearts. He cannot expect to make a game when North is unable to bid.

I FELT oddly excited, myself, and somehow it seemed fitting that Colin Fitzgerald should return against a background of wind and thunder. I said breathlessly, "Won't you let me take your things?" But he hadn't heard me. He had left me and gone into the living room, though after a few quick glances around the room, he was back, and the hall came alive again. A flash of lightning made his olive skin look bronze and his eyes and hair very dark, and I saw that he had a thin line of a black mustache.

"Beware of a black Irishman!" How often had I heard my mother say that. (All her people were sandy.) I had always tried to do my mother's bidding, but today I looked up into Colin Fitzgerald's dark eyes and I fell in love with him instantly. Thin and freckled and gauche I was, and young for my age, but I knew in that instant that never again would I meet such a magnetic man as this black Irishman.

"Where is everyone, Cecelia?" he said. "How is my mother?" And at this, old Honora herself heard his voice and screamed. Was that her Colin, she wanted to know. It was her Colin, she knew it was her Colin, and he was to come up and see her. "At once, at once, do you hear?" Colin took the stairs three at a time and I heard her glad cry when his voice calling her endearing names over and over.

payments shall be credited to the Veteran's Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, in like manner as shall be provided for the sale of lands purchased with the proceeds from the sales of the bonds provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however, that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veteran's Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

USE MATCHED BUSINESS STATIONERY

To Our Customers:
 Many of our successful local companies find it good practice to follow our suggested ideas in using their own letterhead design in other correspondence forms which are not — strictly speaking — letterheads.
 Forms such as invoices, statements, quotations, orders and the like. Matched with their familiar letterhead, they become supplementary envoys representing these companies to their customers everywhere.
 We are equipped to present for your approval a complete matched set of business stationery designed especially for you. Let us show you.

Ferriss Wins 23rd Game For Red Sox; Brooks And Cards Split Doubleheader

By JOE REICHLER
Associated Press Sports Writer
Dave (Boo) Ferriss, the Boston Red Sox' sophomore pitching wizard, not only is the major league's biggest winner Monday, but appears on his way to establishing a modern record for most games won by a

pitcher in his first two seasons in the big leagues.
Ferriss, whose 23rd mound triumph Sunday helped the American League leaders sweep a double header from the Cleveland Indians and increase their margin over the second place New York Yankees to 14 games, already has registered 44 victories in his first two years, only three shy of the record of 47 set by Grover Cleveland Alexander with the Philadelphia Phillies in 1911-12.

Wes Ferrell of Cleveland holds Boo Ferriss the American League mark of 46 set in 1929-30.

Ferriss outdueled Red Embree of the Indians 2-1, aided by Bobby Doer who smashed two home runs. In sweeping the twin bill at Boston, the Sox wiped out any mathematical pennant chances of the Chicago White Sox and St. Louis.

The Brooklyn Dodgers and St. Louis Cardinals, after a seven hour battle in St. Louis, ended up all even in their double header. As a result they remained tied for first place in the torrid National League pennant race. The Brooks came from behind to eke out a 3-2 victory in the opener, but the Cards climbed all over six Brooklyn pitchers to win the wild and woolly nightcap 14-8.

The New York Yankees became the first club ever to reach the two million mark in attendance Sunday, but their joy was chilled by Hal Newhouse and Hank Greenberg, who collaborated to give the Detroit Tigers a 7-2 victory at the Yankee Stadium.

Leo Possehl, former Illinois University and semi-pro righthander from Chicago, made a successful major league pitching debut against the Cincinnati Reds, who divided a double header with the Phillies in Cincinnati. After Joe Beggs had blanked the Phils 7-0 in the opener, the 20-year-old Possehl won a 4-1 hurling duel with Harry Gumbert in the nightcap. Trailing 1-0, Possehl was taken out for a pinch hitter in the eighth, when the Phils came up with four runs to win.

Cubs Down Giants
Hank Borowy pitched and batted the Chicago Cubs to a 3-2 victory over the New York Giants in Chicago. The former Fordham hurler allowed seven hits and scored the winning run in the ninth after his leadoff triple.

The Boston Braves made it 12 out of 15 from the Pirates by taking two games in Pittsburgh 7-5 and 10-5. Washington rallied for two runs to tie the score in the ninth inning, then pushed across the winning run in the 12th on Sherry Robertson's triple and Pinch Hitter Early Wynn's single to defeat the St. Louis Browns in Washington 5-4. After Ed Lopat pitched the Chicago White Sox to a 4-2 victory over the Philadelphia Athletics, his 10th triumph of the season, the Mackmen, behind Phil Marchildon, came back to win the second game 6-5.

WACO DONS REMAIN IN NATIONAL TOURNEY
WICHITA, KAN.—(AP)—The Waco Dons defeated Fort Smith, Ark., 8-0, here Sunday to remain among the undefeated in the National Semi-Pro Baseball tournament.

As the tournament enters the fourth round, other undefeated teams include St. Joseph Autos of Michigan and the Carmichael, Calif., team.

City Championship Softball Series Will Open At 8:30 Wednesday Night

The Reporter-Telegram from the Blue division and the Oil Scouts from the Red loop will open the Midland city championship softball series at 8:30 p. m. Wednesday at Barney Grafa diamond on South Main Street.

This is for the title. This is the payoff. This is the last of softball in the city this summer.
The two division-winning clubs will vie in a two-out-of-three series. The second game is slated at 8:30 p. m. Thursday and the third at the same time Friday. If necessary games will be carried next week.
Admission will be charged. Midland Junior Chamber of Commerce members will collect the fan fees.

Hogan Comes From Behind To Win PGA Tourney

PORTLAND, ORE.—(AP)—Golf's greatest money winner of the year—135-pound Ben Hogan of Hershey, Pa.—was \$3,500 richer Monday after his blazing comeback in defeating Ed "Porky" Oliver of Wilmington, Del., Sunday to win the 1946 national Professional Golf championship, 6 and 4.

The purse boosted Hogan's winnings in ten tournaments this year to \$33,377, some \$12,000 more than collected by the dethroned PGA Champion Byron Nelson.

Hogan put together his worst and best rounds of the tourney Sunday to eliminate Oliver.

In the morning, Little Ben was three down after Oliver fired an eagle-3 and two birdies on the second nine. Ben, who had been consistently around 68 all week, zoomed over par for the first time with a 73, while Oliver had a two-under-par 70.

The little golfing machine, on the final nine, won four of the five holes as Oliver's game wilted before Hogan's onslaught. Ben's three birds in the last five holes put him eight under par for the round.

The match ended at the 32nd after Hogan pitched 115 yards with an 8-iron to within three feet of the pin. After Oliver barely missed his 10-footer he walked across the green with hand outstretched to greet the new champion.

Peppy Blount Will Divide Time Between Sports, Legislature

BIG SPRING.—(AP)—When R. E. (Peppy) Blount takes time out from playing football at the University of Texas this fall and glances up in the stands he will probably remark: "My, my; look at all the constituents who turned out today."
Blount won the Democratic nomination as representative to the state legislature in the 91st District last Saturday, complete returns from the six counties showed Monday.

The former Air Forces pilot, who won the Distinguished Flying Cross for action in the Pacific in the recent war, rolled up 6,336 votes to 5,525 for the incumbent, Cecil H. Barnes, in the run-off primary.

Blount says he may be a little late reporting for football training at the University of Texas early next month but he not only plans to continue on the gridiron but to play basketball next winter.

Since the legislature, located only a few blocks from the university in Austin, doesn't open its session until January Peppy doesn't anticipate his law-making duties will conflict with playing end on the Longhorn football team. During basketball season, however, he might miss a game or two because of committee meetings or late sessions.

Blount last fall became known as the "chutch man" of Texas drive to the Southwest Conference championship. He caught the pass that beat Southern Methodist when Texas' fortunes were low after a defeat at the hands of Rice and he caught a touchdown pass to clinch victory over Texas A&M on Thanksgiving Day when the conference title was in the balance.

The district Blount will represent in the legislature is made up of Glasscock, Howard, Irion, Reagan, Sterling and Tom Green counties with a combined population of 66,849.

Vet Tennis Stars Upset Favorites At Brookline

BROOKLINE, MASS.—(AP)—Ex-servicemen Don McNeill and Frank Guernsey not only surprised the U. S. Davis Cup selectors but also themselves by getting into Monday's national doubles tennis championship match at Longwood.

Sunday they upset Jack Kramer and Ted Schroeder, 7-5, 6-3, 6-2, who were rated above Champions Bill Talbert and Grandnar Mulloy.

FORMER RICE PLAYER WINS VET GOLF TITLE
TEMPLE.—(AP)—Gordon Pierce of Houston won the first annual state veterans golf championship here Sunday by defeating Joe Moore, Jr., of San Antonio, one-up in an extra three holes.

Pierce, former Rice Institute golf captain and Southwest Conference champion and Moore, ex-state junior amateur champion, had finished the regulation 18 holes knotted at a two-under-par 64.

Carriers Drop Game To Kennedy Nine, 11 To 6

The Reporter-Telegram carriers dropped a softball game Sunday to Jimmy Kennedy's nine, 11 to 6.
The carriers got off to a fast start with three runs and held this for three innings but the Kennedy boys caught up and forged ahead.

Sammy Koen pitched for the winners. Kennedy and Devore hit homers. Billy Merriman tossed for the losers. Etheredge, Stevens, Foster, Merriman, Stringer, Brooks, Drummond and Friday sparked the R-T newsboys.
