Tito Charges American Planes Continue To Fly Over Territory

BELGRADE—(P)—A high diplomatic source said Monday that Premier Marshal Tito had protested during a conference with U. S. Ambassador Richard C. Patterson Sunday that American planes "continuing to violate Yugoslav sovereignty."

During the conference Tito was understood to have told Patterson that the Yugoslav government would present a formal note of protest.

Earlier a diplomatic informant reported that the U. S. embassy had received a formal note Sunday from Tito which "roughly meets" American demands in connection with the death of five American fliers whose plane was shot down by Yugoslav fighters August 19 for allegedly flying over Yugoslav territory.

Texas Highway Death Toll Reaches Seven

By The Associated Press
Texas' highway accident death toll climbed to seven Monday for the Labor Day weekend with Tarrant County accounting for four of the fatalities.

Harrison B. Sanders, 34, of Fort Worth died Monday of injuries suffered in an automobile-gasoline truck collision 10 miles northwest of Fort Worth early Sunday.

Mrs. Sanders, 34, and J. T. Raynes of Fort Worth, riding in the same car with the Sanders, were killed.

Miss Trula Mae Young, 20, of Fort Worth was injured fatally when an automobile overturned near Mansfield.

Fifteen others were injured in Tarrant County, three of them seriously.

Other holiday traffic deaths: Manley H. Handy, Jr., of Eastland received fatal injuries Saturday when he fell from a truck at Olden, near Eastland.

James Lee, 21, of Clarksville was killed when his car collided with a parked truck near there Saturday.

Friday night, Clifford O. Brown, 27, of Marshall was killed when an empty propane truck in which he was riding ran into a ditch and burned near Longview.

HUNT IS NAMED DEPUTY REGIONAL SUPERINTENDENT

SAN ANGELO—(P)—Anthony Hunt of Abilene has been appointed deputy state school superintendent for the West Texas area extending from Runnels County to El Paso. He succeeds Claude Mullins, who has resigned to become superintendent of schools at Hallettsville.

Man Flies All Way From Aiken, S. C., To See Big Roping

A man who came all the way from Aiken, S. C., to see "some real calf roping" was in Midland Monday to watch the champions do it.

He is R. H. Kneece, a businessman, who flew here for the attraction.

Kneece, who vacations each year in the West, heard about the Midland roping. He was told by those who know, it was the best. So he decided to come and see.

Several months ago Kneece wrote the Midland Chamber of Commerce for reservation. He was given a courtesy ticket to the big show.

Monday he was the most interested man in the Scharbauer lobby as he watched the cowboys and cattlemen.

Kneece is a lumberman but he is raising some cattle. He has bought some breeding stock from the TIO Ranch at Eaton, N. M. He subscribes to cattlemen's magazines and some West Texas newspapers.

His home town is a winter sport center and has one of the finest trotting and practice tracks in the South. The derby winner trained there last winter.

"Midland is a right nice little West Texas city and you have the real ranchers and stockmen," Kneece commented. "This is my first trip here but I hope not my last. I like it here."

LATE NEWS FLASHES

NANKING—(AP)—The Chinese government offensive against China's Communist troops reportedly swept on in the north today, while the Communists told the United States: "stop trying to mediate with one hand while helping government armies with the other."

WASHINGTON—(AP)—The government reported officially on "Communism In Action" Monday and declared that millions of Russian workers "are employed under police discipline" and that "leisure time use in the Soviet Union is strictly controlled by the Communist Party."

NEW YORK—(AP)—As the Labor Day Weekend entered its third and final day, violent deaths had taken 151 lives, including a traffic accident toll of 119. California had 17 fatalities, including 16 traffic deaths, more than any other state. New York state had 12 deaths, Texas 7.

MacArthur Says Japan On Track To Democracy

TOKYO—(P)—Allied leadership in Japan "must adhere unerringly to the course now charted," stating off "regimentation under the extreme, radical Left," General MacArthur asserted in a public statement Monday.

The goal of true Democracy rather than Radicalism is great, he said, for Japan may prove "either a powerful bulwark for peace or a dangerous springboard for war."

The question of which political concept will prevail, he added, "profoundly affects the destiny of all men and the future course of all civilization."

The strongly-worded statement was a rare expression of his known concern, which heretofore has been voiced principally by his representatives on the Allied Four-Power Council for Japan.

As a result of one year of occupation, plus the living example of the Americans who came to occupy the beaten nation, "the falseness of (Japan's) former teachings, the failure of their former leadership, and the tragedy of their past faith were infallibly demonstrated... idolry for their feudalist masters and warrior caste was transformed into hatred and contempt, and the hatred and contempt once felt for their (Allied) foe gave way to honor and respect."

This changed spirit "represents, above all else, the most significant gain... in furtherance of a durable peace," he said.

200 Injured; Police Arrest 500 Fighters

Hindus Swing Clubs As Moslems Hoist Flags

BOMBAY—(P)—Riots spread to new areas of Bombay, Monday with at least 60 dead by early afternoon in fighting between Hindus and Moslems.

Sporadic assaults continued. Police fired when crowds stoned their reinforcements moving into troubled areas. A 24-hour curfew was imposed for two days and at least 500 arrests were made.

Fresh Gurka and Sikh troops went on patrol. Of the 200 or so injured, 22 were in critical condition.

An official announcement said that approximately 500 persons had been rounded up prior to noon and declared the drive was continuing and would be "intensified during the day."

Many of those injured in the rioting, which apparently was sparked by bitter Moslem-Hindu differences intensified by the Indian political situation, were reported in serious condition.

While many persons, stranded by a curfew suspending public transportation, slept on the floors of railway stations, the rioters faced the threat of a recently announced government edict that the costs of communal disorders would be assessed against the taxpayers of the community found responsible for starting the disturbance. The city is still under a state of emergency. Eve of Inauguration.

The outburst which broke out on the eve of Monday's inauguration of the first all-Indian government headed by the Congress Party president, Pandit Jawaharlal Nehru, coincided with the first appearance of black flags, which the Moslem League ordered Moslems to fly Monday in protest against the predominantly Hindu government in which the League refused to participate.

During the Bombay riots, angry mobs formed almost simultaneously in 20 or more places while hawkers swarmed through the city, selling black-flag buttons. Resentment was intense when the vendors appeared in the Hindu sections.

During the height of the disorders, shops were damaged, street cars burned and Hindu temple invaded. Rioters battered in the heads of injured who lay bleeding in the streets.

SEVEN TAKE OATH

NEW DELHI—(P)—Seven members of India's first popular government, led by Pandit Jawaharlal Nehru, Congress Party leader, took oaths of office before Viceroy Lord Wavell Monday to the accompaniment of scattered disorders and demonstrations by the Moslem League, which has sworn to make it impossible for the new ministry to function.

All but one of the members were wearing the khadder (white homespun) popularized by Gandhi as they swore allegiance to the king of England, to faithfully discharge their duties and to keep official secrets.

Greece Votes To Restore Exiled King To Throne By Big Majority

George II Fled When Germans Overran Nation In 1943—Leftwing Wanted To Keep Republic

ATHENS—(P)—The Interior Ministry announced Monday that incomplete but conclusive returns from Sunday's plebiscite showed that the Greek electorate had voted approximately three to one to recall King George II from exile and restore him to the throne.

While giving no comprehensive figures, the announcement declared that "the final total for restoration of the monarchy would

"not be less than 75 per cent of the votes cast in the stormy election, which cost 18 lives in the 36 hours ending at midnight Sunday."

Approximately 40 persons were listed as having met violent deaths in political disorders during the final week of the campaign.

A partial vote tabulation by the Interior Ministry did not wholly bear out its prediction of a three to one majority, although the king held a commanding margin. With 25 per cent of the vote counted, the tally was given as 209,636 for the king and 132,805 for the republic—less than two to one for the monarchy.

For the 59-year-old monarch the victory announced by the Interior Ministry spelled his second recall from exile since he first ascended the throne in 1923. Ousted by the establishment of a republic in 1924 following a military coup, George regained his crown in 1935 when he won an overwhelming majority in a plebiscite.

He fled the country in 1943 when it was over-run by the Germans and set up a government-in-exile in Cairo.

There was no immediate reaction from the Left wing leaders to indicate whether they would cooperate in a government headed by King George, whom they have accused of planning to set up a dictatorship and suppress individual freedom.

American Labor, Stronger Than Ever, Praised For War Work On Official V-J Day Anniversary

WASHINGTON—(P)—Labor unions on this day dedicated to all who toil are stronger than ever before in American history.

Behind them is the unprecedented labor-management warfare of the first 12 months of peace. Ahead is uncertainty.

Here is the broad picture this Labor Day:

Union strength—Now probably about 15,000,000 dues-paying members, more than ever before. The AFL says its membership recently topped 7,000,000. The CIO says its gains have more than offset the big losses that occurred when war production collapsed and that its membership is above 6,000,000. Labor Department officials say other

unions—independents—probably have around 2,000,000.

Strikes—Few right now, but another flurry widely predicted for this Fall and Winter. Large CIO unions plan to make now wage demands in October unless price rises are checked. The government is suffering new wage-price headaches.

Labor-management conference—Will there be one this Fall? The CIO wants it. The AFL doesn't. Most officials doubt that President Truman will call a full-dress conference such as the one last Fall.

Reconversion—President Truman, in a Labor Day statement, said "the largest part" of reconversion has been accomplished with "much of the credit" due the workers.

Military Draft Goes Back Into Action

WASHINGTON —(AP)— The wartime draft ground back into action Monday on this first anniversary of V-J Day.

The end of the two-month draft holiday—ordered by the Army because voluntary enlistments were running far ahead of predictions—brought a call for 25,000 men this month.

Official forecasts mentioned a top figure of 185,000 as the number that may have to be supplied before the extended draft act expires March 31.

The Navy—with a waiting list of volunteers—is taking no men via the draft. The Army intends to level off at 1,070,000 men next July 1. A year ago Monday it had 8,950,000 under arms.

Italian Says Trieste Is Threat To Peace

PARIS —(AP)— Italian Vice-Premier Ivanoe Bonomi told delegates to the Paris peace conference Monday that creation of a free territory of Trieste would be a "permanent threat to the peace" between Italy and Yugoslavia.

Bonomi told a meeting of the Italian Political and Territorial Commission studying "Big Four" recommendations in the Venezia Giulia dispute that "Italy cannot conceal her deep grief" at plans to make Trieste an autonomous free territory.

What's your score in this Money quiz?

Q. Will money make the mare go?
A. Yes, sir! Of course it doesn't mean putting your hay-burner on a diet of dollar bills. But this old saying *does* emphasize the fact that an income of hard, cold cash is necessary for the existence of any individual, any family, any business. Every dollar you put into Savings Bonds now, assures you an income—in hard, cold cash—later on, when you may want or need it most!

Q. Are a fool and his money soon parted?
A. They usually are! But fortunately you and millions of other Americans are no fools. You've learned that the Payroll Savings Plan is the *safest and surest* way of piling up dollars for your future. That's why wise Americans keep on buying Bonds through the Payroll Plan—why they keep all the Bonds they buy!

Q. Does it take money to make money?
A. It sure helps! And just about the best way to put your money to work is in U. S. Savings Bonds, where the \$75 you invest today will come back as \$100 in 10 years. So, if you want your money to make more money—if you ever expect to have enough to buy a home, or to travel, or to quit work for good—put every dollar you can spare into U. S. Savings Bonds!

Newest Wool Styles in School Togs

Slated for dormitory success are these warm woolen loafers styled to spice a schoolgirl's clothes closet. The brown and white tattersall checked overalls, left, designed by Emily Wilkens, are shown with ruffy white blouse. Right, Claire McCardell's coveralls in red, white and blue fleck flannel have new long, full shorts. Navy blue flannel hood covers neck. Ballerina boots, Mackey-designed, are also navy.

By EPSIE KINARD
NEA Staff Writer

NEW YORK—(NEA)—Although warmth is the big idea behind the growing group of after-ski fashions, style takes over these woolen loafers and turns them into sophisticated items that are apt to be the stars of back-to-school wardrobes.

If the school girl or her stay-at-home sister wants to take her well-earned ease in slacks, there are some unique nifties making arant bids this season for wardrobe space. Sauciest are 1947's gaiter-legged slacks, which either cover the upper part of the foot with cuffs or stop at the ankle where they button snugly.

Designer Joset Walker authors these. Combined with her night-shirt tops—some of these button at collar and mansleeved cuffs with silver tinkle bells—gaiter slacks and loose shirttail blouse make a team for a girl to write home about.

Overalls, saved from a Huck

Fin look by a ruffled blouse, are teen-age loafers slated for a big winter ahead. Designer Emily Wilkens puts a big top on her city-slicker overalls which have shoulder straps that cross in the back to keep a shirttail in. Favorites in these are tattersall checked and new colors are brown and white.

Woolen culottes boasting the bifurcated freedom of shorts and the look of graceful skirts are also

billed for the campus circuit for fall and winter. These are loafers with another name—bowling togs—that go into the alleys in style.

New long, full shorts pretend to be nothing else but make one-piece overall-type after-ski suits in softly striped woollens. One of these suave coveralls of red, white and blue flecked flannel, Claire McCardell-designed for the New England Shoe and Leather Association's fall revue, stepped out with ballerina boots made for the suit. Designed by Mackey, these after-ski shoes are a significant footnote added to fall fashions.

Saucy stars of a collegienne's wardrobe are Joset Walker's gaiter-legged black wool slacks teamed with royal blue wool shirt. Silver bells tinkle under the collar and fasten the cuffs.

Good Posture, Nightly Care Lift Sagging Chin

By ALICIA HART
NEA Staff Writer

Contour slips under the chin can be corrected by carrying your head well and by buckling down seriously to a routine of nightly throat care.

But needed first is a realignment of posture that holds a chin line at a clean-cut right angle with the column of the neck. Even babies who don't hold that line have double chins.

Holding yourself erect by pushing up your head you can even imagine that there's a tack at the crown which you want to push into the ceiling — is a matter of conscious control in the first stages of posture-discipline. But in no time at all, you will find yourself automatically holding your head high when you walk, sit or stand.

As for the care of the skin, the firming job depends upon a nightly spanking of the throat and chin which is all but punitive. To smack, use either the back of the hands or a wad of cotton, squeezed into lead water to make a spatula-shaped padder.

Before the spanking is administered, clean and soften the skin. The softening cream, chosen for end-of-summer use, should be a rich, dry skin emollient. Some experts insist that a skin gets better lubrication from a homogenized cream — one with essential ingredients broken up into fine particles for better penetration.

In my case, the spanking of a

Midland Golfer Loses In Quarter-Finals

BIG SPRING—(AP)—Two golfers from Lubbock and one each from Big Spring and Hobbs, N. M., meet here Monday in the semi-final round of the 15th annual Big Spring Invitational golf tournament.

Chick Trout and Raymond Marshall, both of Lubbock, will meet in the first bracket and Obie Bristow of Big Spring and E. C. Nix of Hobbs in the second.

Tournament medalist and favorite Iverson Martin of Fort Worth was eliminated by Trout in the second round Sunday, 2 and 1. Marshall edged Jimmy Smith of Midland 2-up.

Bristow went into the semi-final by ousting Billy Morris of Fort Worth one-up, while Nix, a former champion, won over Billy Haefie, also of Fort Worth, one-up.

871 Texas Schools Open Grid Practice

By The Associated Press

More than 20,000 schoolboys of Texas open the football grid Monday as 871 squads swing into the Interscholastic League's twenty-seventh annual campaign.

It's the official opening of training with first games scheduled less than two weeks hence.

In the Class AA division, which battles through to a state championship, better than 30 schools will play first games starting September 11.

Top games on the opening weekend schedule include Electra at Pampa, Graham at Denton, Odessa at Lubbock, Abilene at Breckenridge, Denison at San Angelo, Kilgore at Paris, Lufkin at Tyler, Cisco at Cleburne, Palestine at Longview, Jeff Davis (Houston) at Port Arthur and Brownsville at Corpus Christi.

There also will be several inter-sectional games headlined by a clash between Marshall, one of the state's highly-rated elevens, with Fair Park of Shreveport.

Congratulations To

From One War To Another

The nation pauses, on this Labor Day, 1946, to pay just tribute to the industrial workers to whom the United States—and the world—owe so much. There is a record of magnificent achievement down through the years, and surely no group of our citizens more richly merits the proud title of "Americans" or the signal honor of a special holiday.

It seems particularly appropriate that Labor Day should fall this year on the first anniversary of V-J Day. For without the incredible attainments of industrial America during the six years of world-wide bloodshed which followed Adolf Hitler's assault on Poland, we would not now be celebrating the triumph of democracy and justice over the legions of blackness and hatred.

To say this is to express no lack of appreciation for the valor and sacrifices of the service men who carried the fight to the enemy and destroyed him. It is simply to state a truth which our fighting-men themselves are the first to concede. The victorious soldier has always delegated a large measure of his glory to "the man behind the man behind the gun."

That this Labor Day coincides with the first anniversary of V-J Day is appropriate also because that fact should serve as a reminder that the United States is today in the midst of another, and perhaps equally grim, war. The battles of this war are not so bloody as were those of World War II, but they are little less important.

This is the war in inflation. It, too, is a war of production; it, too, must be won in our factories by our industrial workers. It, too, requires miracles of strength, of stamina, of skill.

In this war, as in the last, the United States has lost the first battles. This is understandable—almost inevitable.

Labor, having forced itself to work at full capacity for seemingly endless years, had reached the limit of human endurance when the Axis surrender came. The workers wanted a rest and perhaps extended vacations. They wanted higher wages than those with which they had been contented in prewar days.

And so they struck. Strikes brought them higher wages, all right; but with the pay increases came something far less desirable—rising prices. And postwar production, utterly unable even under normal circumstances to meet the tremendous pent-up demand, was disastrously paralyzed by the strikes, with the result that prices rose still higher.

Thus inflation came. But it is not yet too late for all-out production to head off that inflation. Anyone who thinks it is simply doesn't know the American worker and his tools.

So, on this Sept. 2, 1946, even as we salute his past accomplishments, the nation issues still another call to arms to a real miracle man—the American laborer.

Essential Purchases

The British government has begun to spend some of its \$300,000,000 credit from America in this country, says a new story, for "essential purchases" such as dried eggs, cotton, motion picture films, wheat and other food items.

There is something for the scoffer at the cinema to ponder. Among the stark necessities for a hungry, threadbare nation, even ahead of such stark necessities as shelter and the tools of industry, stands the motion picture film.

The story does not state whether the film is the finished Hollywood product or the raw material for British movies. Nor does it matter particularly. What is important is that the British government, aware of its citizens' utter weariness of austerity living, has recognized the need of entertainment and escape in large doses.

The building materials and machine tools can come later, when America has filled her own needs and has a surplus to sell. Meanwhile Britain will make bricks without straw. But her people, ill-housed, ill-clothed, ill-fed though they may be, will have their quota of hours for absorption in the inconsequential romancing, music, color and jokes of our average movie fare.

It may not make good common sense. But we'll bet that there will be a minimum of complaint from the British citizenry who know as well as we the sad effect that all work and no play has upon Jack.

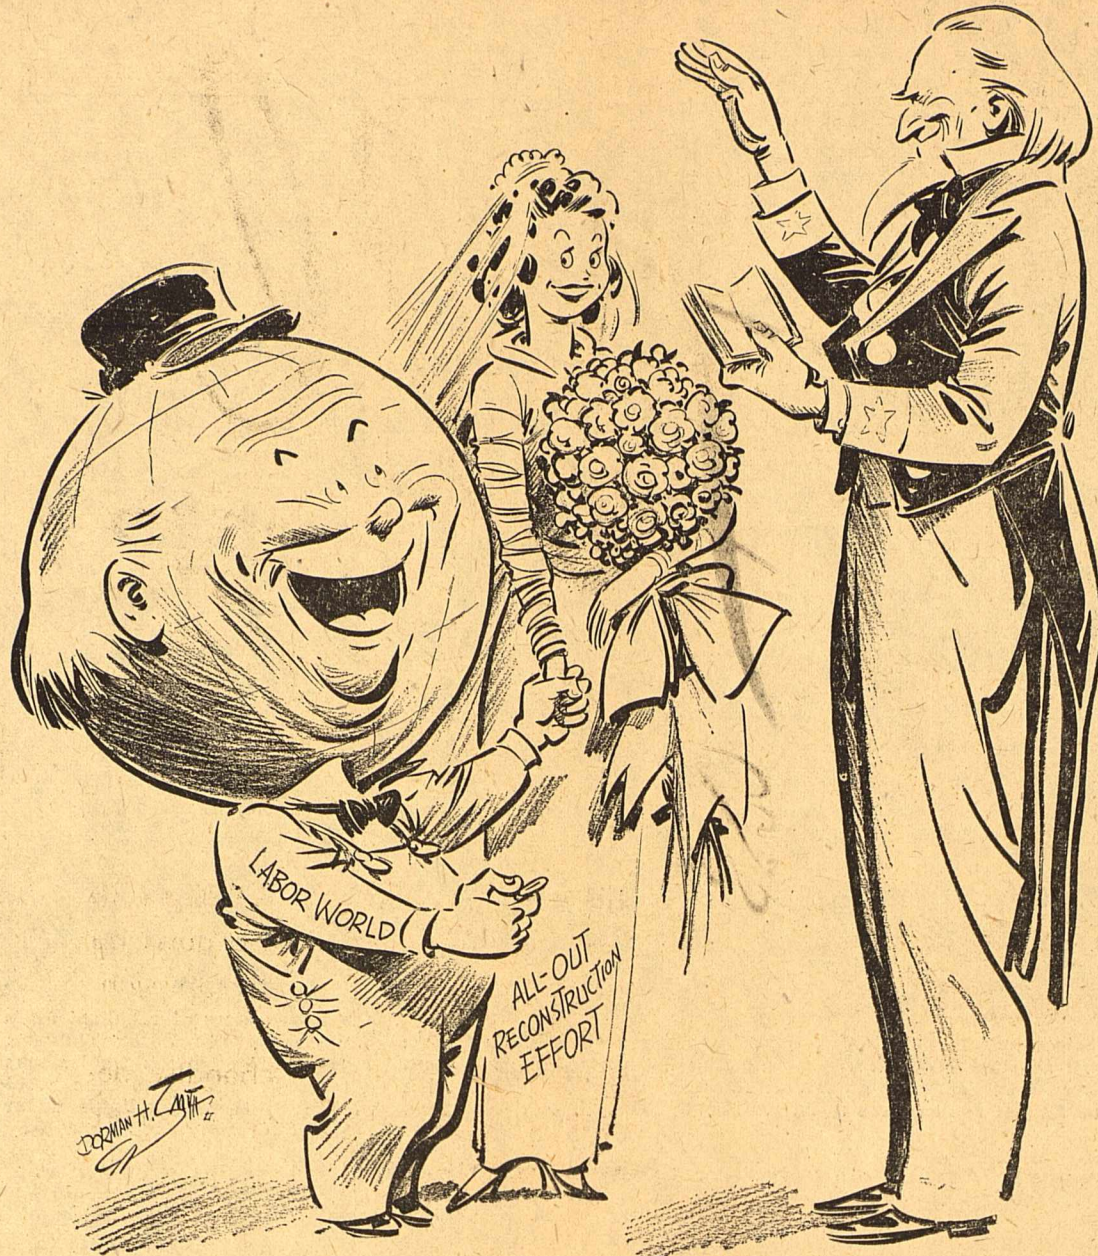

If a father uses slang these days, his wife says he's setting a bad example. If he doesn't, his kids think he's a back number.

Most Ceiling Tags Lifted From More Fruits, Vegetables

WASHINGTON —(AP)— Tuesday's grocery shoppers will find OPA ceiling tags gone from more canned goods, many fresh fruits and vegetables and from all frozen fruit.

The Agriculture Department yanked those products beyond OPA's control by omitting them from its first list of "agricultural commodities in short supply" which went into effect at 12:01 a. m. Sunday.

Live beef cattle, hogs and dressed lamb went back under OPA ceilings and slaughter controls at the same moment, with prices about 10 per cent higher than the ceilings which lapsed on June 30. Retail ceilings on meat will re-appear one week from Monday.

The food products decontrolled by the Agriculture Department's action may not be placed under ceilings again this month.

Products not listed as in short supply and therefore price-free, include:

Fresh fruits—Peaches, apples, grapefruit, lemons and tangerines.
Fresh vegetables—Snapbeans, cantaloupes, carrots, lettuce, onions, spinach, sweet potatoes and tomatoes.
Canned goods—Apricots, plums, prunes, peas, lima beans, asparagus, and mixed vegetables.
Frozen foods—All fruits; and lima beans, corn, green peas and asparagus.

Other products—Cranberries, concord grape products, hay, peanuts and peanut products (except oil and meal), other nuts, hops, popcorn, broomcorn, gum resin, beeswax, peppermint and spearmint oil, dried apples and other apply products except canned apples, apple butter and apple sauce.

The Agriculture Department declined to let OPA see its list before the late Saturday announcement with the result that wool and tobacco—two items which already were out from under ceilings—were listed among those being "removed from price control."

Ceiling Off Tobacco
By mentioning tobacco, however, Secretary of Agriculture Clinton P. Anderson registered his view that this product needs no ceiling control. Congress left the final decision up to the Decontrol Board, along with one on whether ceilings should be re-applied to eggs and poultry.

These were not mentioned in the list of "short supply" items. All products on that list are eligible for continued or restored price control, although some of them, like wheat, corn and dairy products are not under ceilings now. Again the Decontrol Board has the last say.

The listing of wheat and corn, despite expected bumper crops, will serve to keep bread and bakery products under ceilings because the Agriculture Department ruled that any product containing 20 per cent

GOP Lines Up Leaders To Drum Up Votes

WASHINGTON —(AP)— Republican strategists lined up their top 1948 Presidential prospects Monday to drum up votes in this year's congressional campaign.

Thus if President Truman climbs on the stump to plug for reelection of Democrats to Congress—and he has said he might—the country may get a preview of the next Presidential race two years from now.

The G. O. P. strategy was outlined by Rep. Clarence Brown of Ohio, director of the party's campaign to wrench control of Senate and House from the Democrats in the November 5 election.

Brown said that "all the men who are frequently being mentioned for the Republican choice for president in 1948" have volunteered as speakers.

He said they include Gov. Thomas Dewey of New York, 1944 Presidential candidate; former Governor John Bricker of Ohio, 1944 vice Presidential nominee; Senator Robert Taft of Ohio; former Governor Harold Stassen of Minnesota, Governor Earl Warren of California, and "other prominent party leaders."

Brown said no specific program has been worked out but that they "will be called upon when and where they can best aid in electing a Republican Congress."

DEVIL'S LAUGHTER

By Alice M. Laverick

Copyright, 1946, NEA SERVICE, INC.

THE STORY: Colin brings home a noisy crowd of friends. Despite her illness, old Mrs. Fitzgerald is delighted there's a party going on. But Mark makes no attempt to conceal his disapproval.

XIII
THERE was a bridge game about to start in the library. I found cards and helped with the chairs and table, served sandwiches and poured cocktails, while the players frankly discussed the Fitzgeralds, paying no attention to me, naturally.

"What do you think of Beatrice's Irishman?" someone wanted to know.
"Oh, I think he's cute," said another.
"Cute? He's magnificent. Now I can understand why she waited for him. Cut for deal, Midge."

"You know, I never believed there was such a person." One of the men was speaking now. "I thought he was a myth. Do they really come from Ireland, Diane? Quaint, isn't it?"

Diane said it was fantastic and added that it reminded her of the time Anne fell in love with the Italian waiter.

Midge said it wasn't the same at all. "This Fitzgerald is a gentleman," she said. "He's just got back from Europe, you know. And Beatrice is in Seventh Heaven—or haven't you noticed? She hasn't even looked at anyone else since he went."

The first man looked disconsolately at his cards. "And who," he said, "is that hateful little man with the beautiful glitter in his eye who wishes we'd all crawl back under our various rocks and never come out again?"

"Oh, you must mean the brother," Midge said. "I did sense a certain coldness in his greeting, now that you speak of it."
"Coldness? I'm firmly convinced that the man intends to put poison in our drinks. And speaking of drinks, I want another martini."

I took the empty shaker and left, passing through the living room on my way.

THE music was still going on, only now Beatrice Harrington was at the piano instead of Colin. My first impression of Beatrice was that she was all brown. Her skin was a creamy tan, her hair like brown satin, and her riding clothes were brown, too. I expected her to have brown eyes, but they were gray. Dark gray and the dearest, gentlest eyes I have ever seen.

She played the piano with skill and you could see she had been well trained. She was also most obliging about playing anything that was asked for. There was a circle around her, singing, and there were three or four couples dancing around the room and out through the French doors onto the terrace. I saw then that Colin was dancing, catching a glimpse of him as I went through the hall door.

When I reached the kitchen, Cousin Ellen wanted to know where in the world I had been. She couldn't imagine what kept me, it wasn't possible that even I would sit in the library and read while there was a party going on and plenty of sandwiches still to make.

She then went on to tell me that herself had made a great to-do and the nurse had called Cousin Ellen up to see if she could do anything with her. The old lady took a notion that she was going to get up and she told the nurse to get out her pearl dog collar and her black velvet dress. Between them they had finally got her settled down again but the nurse had given her notice and Cousin Ellen was exhausted.

Feeling very guilty, I stayed in the kitchen making sandwiches and opening bottles of pickles and olives while Ellen had a "little

I have seen many dancers since then, and the waltz has always been a favorite of mine. I still think there is no lovelier dance. And I still think that I never saw it more beautifully danced by two more graceful people than Charlotte Brent and Colin Fitzgerald there in that room at Innsfail on that June day, with the late afternoon sun shining on their two black heads, as they glided and whirled to the perfect rhythm of Beatrice Harrington's playing.

I stood in the doorway, unable to move, unable to take my eyes off them. There were two other couples on the floor, but I hardly saw them. And then I was aware that other people were watching Colin and Charlotte, too, that much of the chatter had died down, that many were watching silently, others murmuring to each other. And somehow I was aware, also, that neither Colin nor Charlotte realized that they were the center of attention, that they were carried away by the spirit of the dance. Or was it with each other?

And then the other two couples stopped and there was no one on the floor except those two, dancing in silence except for the music, the lovely waltz being played over and over, played unflatteringly by Beatrice Harrington's firm, creamy brown fingers.

When he played today's hand, I could see Mark, standing quietly, watching them with an unreadable expression in his eyes. His expression did not change and not once did he take his eyes off Miss Charlotte. And when, all in a moment and without warning, her step faltered, the color drained from her cheeks and she swayed, it was Mark who stepped over and lifted her in his arms and carried her from the room past the crowd suddenly stricken silent.

Texan Flies Jet 566 MPH But Finishes Fifth
CLEVELAND, OHIO.—(AP)—Lt. Walter J. McAuley, 29, of Vernon, Texas, averaged 566.617 miles an hour in two runs over a measured 1.500 straightaway course in the Army Air Forces P-80 jet propelled fighter Sunday during the National Air Races.

McAuley placed fifth in a flight led by Lt. William J. Reilly of San Francisco with an average of 578.36 miles an hour.

Too many players use slam conventions when the information they obtain will be of no value to them and may help the opponents to defeat the contract.

'Fastest Trolley Car' Launches Jet Planes

"Close-up shows world's fastest 'trolley car' and the way it pulls plane by means of launching bride of steel cable."

"Although 'track' is about quarter of a mile long, plane can be airborne after run of only 340 feet. Normal run is about 2000 feet."

"Photo, taken at one-thousandth of a second, shows jet-propelled plane just leaving ground four seconds after launching signal."

Latest war secret to be revealed is the "electropull," a 226-mile-an-hour "trolley car" that solved the problem of launching jet-propelled and robot planes and heavy bombers from ships or small land fields without the initial slamming shock of conventional catapults. Pictures, taken at Naval Air Test Center, Patuxent River, Md., show how electropull operates. The plane is hitched by a steel cable bride, to a small car, which speeds down the electrified "tracks." When flying speed is attained, the car stops suddenly, the bride is released and the plane catapulted into the air. In test picture, a jet-propelled fighter was launched at 116 miles per hour in four seconds. Aeronautical engineers see many peace-time possibilities for electropull's use on commercial airports, mid-ocean seaplanes and small mid-city airfields.

Brooks Win Two As Cardinals Split Pair With Pirates

By JOE REICHLER
Associated Press Sports Writer
The Chicago White Sox seems to have discovered Bob Feller's weakness—Clark Griffith's 28-year-old pitching son-in-law, Joe Haynes.
The tall, loose-limbed righthander has won only five games this season, and four of them have been against Cleveland, three over Feller.
In Chicago Sunday Feller went after his 23rd win. Instead Bob went down to his 11th defeat as Haynes pitched the White Sox to a seven-hit 4-1 victory which enabled the Sox to tie the Indians for fifth place. Feller struck out six to increase his season output to 290 in 299 innings.
The Brooklyn Dodgers narrowed St. Louis' National League lead to 1 1/2 games by sweeping a double header from the New York Giants 3-1 and 2-1 as the Cardinals were being held to a split by the Pirates in Pittsburgh.
The Cardinals had to go 10 innings to win the first game from the Pirates, 7-6. Lefty Fritz Ostermuller outpitched Harry Brecheen 2-1 in the second game.
Chicago Downs Reds
The never-say-die Chicago Cubs advanced to within seven and a half games of the top by defeating the Cincinnati Reds twice 6-2 and 9-8. Johnny Sain gained his 16th victory, his fifth over Philadelphia and his third shutout as the Boston Braves whipped the Phillies twice 8-0 and 4-2.
The American League leading Boston Red Sox again had to come from behind to defeat the Philadelphia Athletics 4-3 in 10 innings.
Spud Chandler, aided by four double plays, subdued the Washington Senators with five hits for his 17th triumph in pitching the New York Yankees to a 7-2 victory in the Capital City.
The Detroit Tigers' final appearance of the season in St. Louis was cut short by a heavy downpour which forced the postponement of the game with the Browns in the third inning.

Parker And Mulloy Contend For Berth On Davis Cup Team

FOREST HILLS, N. Y.—(P)—Although it isn't listed on the official program, one of the principal contests in the Men's National Tennis Championships is a no-quarter battle between Frankie Parker, the defending champion, and Gardnar Mulloy of Miami, Fla., for a singles berth on the American Davis Cup team.
The American squad is pretty certain to go to Australia this winter in quest of the big cup which has been held by the Aussies since 1939. The Swedish pair of Lennart Bergelin and Torsten Johansson is not given much chance of beating this country in the inter-zone final starting here September 13.
The one thing that appeared certain about the men's championships as they went into the third round Monday was that the 1946 titleholder would be an American. Yvon Petra of France, who was considered the principal foreign threat, went out Sunday before the inspired stroking of Budge Patty of Los Angeles.
Patty pitched into the rangy Parisian and never gave his befuddled rival a respite. The final count was 6-4, 9-7, 6-4.

8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 2, 1946

Bulldogs Open Fall Drills; Will Workout Twice Daily

Half-a-dozen or more Midland High Bulldogs trotted onto the practice field Monday morning to open the fall football drills.
Another workout was scheduled in the afternoon. Two per day will be unrec'd this week.
Coach Barnes Milam greeted his charges with the promise they would have plenty of work.
The lettermen were among the fairly husky group of youngsters. Last year the Bulldogs won one 3-AA fracas and tied another. This year with new coaching, more weight and experience, the outlook is brighter.

Waco Dons Lose In Semi-Final Round

WICHITA, KAN.—(P)—The Carmichael, Calif., Firemen, came from behind to defeat the Waco Dons, 9-4, here Sunday night to enter the finals of the national semi-pro baseball tournament.
The Dons held a 3-2 advantage until the Firemen pushed across four runs in the sixth.

Third Series Game Will Be Played At 8:30 P.M. Tuesday

The Reporter-Telegram, with a two-wins-already advantage, and the Oil Scouts will play the third city softball championship series game at 8:30 p. m. Tuesday.
Provided the Reporter can win this one it will be with the crown. If the Scouts win, the series will go until one team wins three-out-of-five.
Last Thursday the Reporter won the first game, 3 to 0, and Friday they came from behind to triumph, 5 to 4.
It will be a shoot-the-works affair out there Tuesday night with the Scouts throwing in all their magic to win and keep in the swim. The Reporter, mighty anxious to end it up, will shuffle out its best.

Thompson To Play At Texas Tech

LUBBOCK.—(P)—Eighty-two war veterans are among the 142 candidates for the Texas Tech Red Raider football team that began early season practice here Monday morning.
Also included are 25 Tech lettermen and 10 lettermen from other colleges.
Coach Dell Morgan reported the following among the men who checked in Sunday for a "get-together" session prior to the opening of workouts:
Hubert Bechtel of Lubbock, two year All-America end at the University of Texas; Roger Smith, Rising Star, back who was on the All-America service team in 1943; J. W. Thompson, Odessa, who was an All-State high school back last fall; Leete Jackson, fullback, 1939-40 All-State player from Lubbock; Dwight Hoskins, Amarillo fullback, 1942 All-State man; Ted Moss, Amarillo, 1940 All-State guard; and Cecil Sumpter, Hollis, Okla., 1943 Oklahoma All-State guard.

Berg Beats Texan To Win Woman's Open

SPOKANE, WASH.—(P)—Patty Berg, Minneapolis professional, stroked her way to a 5 and 4 victory over Betty Jameson of San Antonio Sunday to win \$5,600 in Victory Bonds.
The occasion was the 36-hole final match of the \$19,700 Women's National Open golf tournament.
Both Patty and Betty were already assured of \$3,100 for having disposed of their amateur semi-finals opponents Saturday. Patty beat Spokane's Betty Jean Butler, 3 and 2, and Betty was never ahead until she won the 36th hole to defeat Dot Kietly, Long Beach, Calif., 1-up.

Hogan Holds One-Stroke Lead In California Open

LOS ANGELES.—(P)—Golf, it seems after three rounds of the \$15,000 Golden State Open tourney, is a little man's game.
As a pruned field of 60 shoemakers teed off Monday on the final round of the 72-hole test at California Country Club, 135-pound Ben Hogan, PGA king from Hershey, Pa., held a precarious one-stroke lead—205 to 206—over Jack Gage, surprising San Bernardino, Calif., pro who scales all of 125 pounds. They were the two smallest players entered in the original field of 144.
Gage isn't the only one breathing down Belton' Benny's neck. U. S. Open Winner Lloyd Mangrum, Chicago and Los Angeles, came up with a 68 on his third trip to tie with Herman Kelsner, Akron, Ohio, at 207, a stroke back of Gage in the third slot.
Jimmy Demaret, Houston, also hit a round to match his gaudy apparel, settling for a 68 after a half-dozen near-miss putts to pull in at 208. Herman Barron, White Plains, N. Y., veteran, skidded with a 72 to 209, followed by Chick Herbert, Detroit, 210.

Houston Slush Pump Wins Regional Meet

FORT WORTH.—(P)—Houston Slush Pump and Tulsa Atlas Electric will represent the Southwest region of the American Softball Association in the men and women's division at the national tournament, starting next week at Cleveland, Ohio.
Slush Pump won the regional championship here Sunday by defeating Fort Worth's Grapette team 6-2, while the Oklahoma girls team won over Globe Aircraft's Globettes, 4-2 and 4-0, for the feminine title.
The Tulsa team earlier in the day had won a 4-3 victory over the Bell Cleaners of Dallas, Texas ASA titlists.
Grapette eliminated Ardmore Seven-Up Bottling Company, 1-0, before losing to Slush Pump in the finals. Tommy Reynolds, Ardmore pitcher, lost his first game in 23 starts.

Open Football Practice
By The Associated Press
Close to 800 huskies, many of them returning to football after several years of end runs and line plunges against their country's foes on foreign fields, hit the practice field Monday—the start of the long, rugged grind in the southwest conference.
Two-a-day sessions were scheduled for the first two weeks of the training routine. First games are three weeks away.
Texas A&M expected 150 to have suited out at the end of the first day. Southern Methodist looked for 140. Baylor anticipated 125, Texas Christian 125 or more, Arkansas and Texas 90 each, and Rice 80.
Windsor chairs were among the first illustrated items advertised in early newspapers.
