Lundquist won the jet division of the race with a speed of 515.85 miles an hour while Johnston was the winner in the conventionally powered plane division with a speed of 373.90 miles an hour.

Connally Asserts Conference Called To Make Peace, Not Enslave People

Military Commission Approves Articles To Prevent Italy From Making German-Type Planes

PARIS (AP)—Sen. Tom Connally (D-Texas) told the peace conference Wednesday that the Venezia Giulia area of Italy "was a fertile soil for war" and appealed to the 21 nations to "forget hatreds and prejudices".

Connally's maiden speech at the conference, asking "tolerance, patience and forbearance" in settling the stormy Trieste dispute, came during a session of the Italian Political and Territorial Commission, which was marked by conflicting claims for territory in the Trieste area of Italy at the top of the Adriatic Sea, Yugoslavia, with Russian and other Slav backing, has been demanding the territory against an adamant United States and British opposition.

7,200-Foot Wildcat Will Be Drilled In Cochran By SO&G

By JAMES C. WATSON
Oil Editor

Stanford Oil & Gas Company has filed application with the Railroad Commission to drill No. 1-C Della Slaughter Wright, in Central-East Cochran County, as a 7,200-foot wildcat, starting by September 9.

It will be 660 feet from south and west lines of labor 15, league 97, Brewer County School Land survey, and nine miles west of Whiteface. The scheduled destination is expected to take the project into the lower Permian.

Maps show that Helmerich & Payne, Inc., have an interest in the lease on which the exploration is to be drilled.

Extension Completed

Phillips Petroleum Company No. 1 Wyman, (Scharbauer), 660 feet from south and 1,300 feet from east lines of section 12, block A, 1st survey, on the northeast side of the Goldsmith field, in Northwest Ector County, and the second well in that area to find production in the Clear Fork, lower Permian, completed for a 24-hour flowing potential of 485.43 barrels of oil, with gas-oil ratio of 1.802-1, and gravity of 40.6 degrees. The production came through casing perforations at 6,110-6,280 feet, where 1,000 gallons of acid had been used. The flow on the official gauge was through a one-fourth-inch choke on tubing.

Sun Oil Company No. 1-A R. A. Wheeler, 660 feet from south and 1,900 feet from west lines of section 7, block B-7, 1st survey, and the farthest out northwest well to get production in the Devonian and in the Ellenburger in the Wheeler area of East Winkler County, completed from the Ellenburger at 10,600-640 feet, for a 24-hour flowing potential of 634.45 barrels of 42.8 gravity oil, with a shakeout of one per cent sediment.

A Lot of Acid

The pay had been treated with a total of 19,000 gallons of acid, by stages. The project has shown for flowing production from the Devonian and will be finished as a dual-completion.

The Plymouth Oil Company has filed application to drill the 29th exploration in the Block 12 area of North-Southwest Andrews County.

It will be Plymouth No. 1-B University, and is 660 feet from south and east lines of northeast quarter of section 8, block 12, University survey. It is on a farm out from Superior Oil Company, and is on the northwest side of the district. Operator plans to go to at least 7,500 feet, unless it gets commercial production at a higher level in the Tubb-Permian. Drilling is to start at once.

High on Tubb

Seaboard Oil Company of Delaware No. 1 J. D. Jenkins, North-Central Lubbock County wildcat, in northwest quarter of section 27, block D, LS&V survey, has reached 5,950 feet, in Tubb lime, entered at (Continued on Page 2)

US Hands Slavs Bill For Damages

State Department Informs Tito That Unnamed Amount Will Include Pay To Fliers' Dependents

WASHINGTON (AP)—The United States handed Yugoslavia a blank bill for damages Wednesday with a sharp notice that it expects Marshal Tito's government to pay the full amount when it is written in.

If Tito agrees, this country stands ready to write "finished" to the incidents in which two unarmed American transport planes were forced down by Yugoslav fighters at a cost of five American lives.

Should Tito refuse, the United States might have to dust off its 13-day-old threat to take the case before the United Nations Security Council.

Most American officials concerned with the matter appeared to believe Tito would agree to indemnity terms, following his recent expression of regret over the incidents and assurances that they would not recur.

But no one was willing to predict for the record the Yugoslav premier's reaction.

The notice that the United States expects damages for the loss of life and property was contained in a 3,100-word note delivered by Undersecretary of State William L. Clayton to Dr. Sergej Makiedo, Yugoslav charge d'affaires, Tuesday night. The note expressed surprise that Yugoslavia had not volunteered in advance to pay.

Beyond that, Clayton, painstakingly citing numbers, dates, places and types of aircraft, denied a series of Tito claims that American planes were flying virtually at will over Yugoslavia without permission, and thus violating that country's sovereignty.

After answering each point of the Tito indictment, the American undersecretary declared that the alleged violations of Yugoslav territory "must have been made by planes other than United States planes." He did not elaborate on that point.

Tito had claimed 278 unauthorized American flights over Yugoslavia since July 16.

Clayton, basing his figures on a check into "the whereabouts of every American military plane in Europe during the period," said there were only 47 flights anywhere near Yugoslav territory. And he could deny categorically, he said, that some of those planes crossed the Yugoslav frontier.

On the issue of payment, Clayton said he was "constrained" to advise that the United States had "confidently expected" offers of "suitable indemnification to the families and dependents of the unfortunate victims" to accompany Yugoslavia's requests.

There was no indication what Yugoslavia's terms were, or when it would be ready for delivery to Yugoslavia.

VFW Seeks Disability Aid For 1917-18 Vets

BOSTON (AP)—The Veterans of Foreign Wars 47th national encampment Wednesday adopted a resolution advocating "disability and age pensions" to World War I veterans under the same provisions governing benefits to veterans of the Spanish-American War.

Under the proposed legislation, veterans of World War I who had served 90 days or more would be entitled to these grants "irrespective of whether said disabilities were of proven service origin."

Until now, World War I veterans have been granted disability and age pensions only after proving disability occurred while in the service. The resolution said that it was difficult to prove service-origin of disability because of "lack of adequate medical records."

The average age of World War I veterans is now 54 years and many of them are afflicted with disabilities which may have originated in service and which make it difficult for said veterans to compete in the employment field or build up an insurance estate for their dependents.

Police Force Strikes At Henrvetta, Okla.

HENRYETTA, OKLA. (AP)—The police force of this city of 9,000, except the chief, who is elected—went, on strike for more money Wednesday and the mayor promptly took over as desk sergeant.

The seven striking officers said they were not unhappy over their 84-hour work week—but they did believe they should be raised from \$140 to \$155 monthly.

N. Y. Nominates Mead To Oppose Gov. Dewey

ALBANY, N. Y. (AP)—U. S. Senator James M. Mead of Buffalo, who began his career as a water boy for railroad section hands, was nominated by acclamation Wednesday as the Democratic candidate for governor.

The 60-year-old son of Irish immigrants was chosen by delegates to the Democratic State Convention to oppose Gov. Thomas E. Dewey whose election four years ago ended 20 years of Democratic rule in New York.

MPs Kill Nazi Slayer Of Harvard Professor

FRANKFURT, GERMANY (AP)—U. S. military police and constabulary troopers shot and killed the alleged German slayer of a Harvard University professor in a gun duel near Nuernberg Wednesday.

Criminal investigation agents said the killer of Dr. Edward Y. Hartshorne of Cambridge, Mass., and Haverford, Pa., who died mysteriously from a gunshot wound on the Munich-Nuernberg Highway August 26—was trapped in a woods near Nuernberg and killed as he attempted to escape.

Officers Search For Two Men And Kidnapped Girl

TEXARKANA (AP)—Officers of four states Wednesday intensified their search for two men dressed as soldiers and a young blonde girl from Sulphur Springs they kidnaped Monday night.

The girl is Ruth Teague. Miss Teague, W. S. Dossett, Ruth Burney and Conard Keith left Sulphur Springs for Texarkana Monday night in Dossett's car.

They told police here that they picked up two hitchhikers in Sulphur Springs. They were dressed in Army uniforms.

They drove to Texarkana, where Dossett called police. Officers said they found Keith unconscious in the car at that time, and placed him in jail. They said the men in uniform, and others in the party, apparently were getting along well and were traveling "under normal circumstances."

Later, however, Dossett said he had been forced to talk to officers at gunpoint, and that he had requested his friend's arrest because the soldiers made him do it.

He said after officers left, the two hitchhikers forced him and Miss Burney from the car, then took the car and kidnaped Miss Teague.

Alerts have been issued to officers in Texas, Arkansas, Oklahoma and Louisiana.

Stocks Rally Some After Record Lows

NEW YORK (AP)—Stocks rallied selectively Wednesday although many market leaders continued to post new lows for the past year or longer.

The list churned rapidly from the opening until around midday when the pace slowed. The ticker tape was late during the greater part of the forenoon. Steels recovered at the start but ultimately slipped. Assorted rails and industrials retrieved fractions to a point or so although losses of 1 to 11 were widespread near the fourth hour.

Brokers still presented a variety of excuses or reasons for Tuesday's sharpest slump in 16 years, including fears of business troubles in coming days, the recent indignation of new securities offerings, firming short-term money charges and price-wage problems.

Advances were posted for Goodrich, U. S. Rubber, Goodyear, Sears Roebuck, Electric Power & Light, Anaconda, Southern Railway, Great Northern, Baltimore & Ohio, and Allied Chemical. Casualties were Union Pacific, Hiram Walker, Standard Oil (NJ), Bethlehem, General Motors, Chrysler, Montgomery Ward, American Telephone, American Smelting, Johns-Manville, Phillips Morris, Du Pont and Union Carbide.

132 Deaths Recorded In Bombay Rioting

BOMBAY (AP)—Casualties resulting from bitter Hindu-Muslim clashes which began in Bombay Sunday soared to 132 dead and 484 wounded Wednesday following a night of sporadic violence during which police several times opened fire to disperse rioting mobs.

The disorders occurred mostly in the northern section of the city, but extended to the main business section, where mobs tried to break into stores and attempted to burn a house of worship. Streets in curfew areas were littered with rocks hurled at police patrols.

Legion Convention Opens At Galveston

GALVESTON (AP)—American Legionnaires from throughout Texas were gathered here Wednesday for the opening of the state department's first post-war convention.

Speakers on the program for the opening day of the three-day convention included Beauford H. Jensen, Democratic nominee for governor; John Stelle of Illinois, national commander of the American Legion; and Price Daniel, nominee for state attorney general.

It is estimated that more than 4,000 Legionnaires and their ladies will attend the convention, being held on the Municipal Pier.

Postmen Dislike Dogs Worse Than Rain, Snow

DETROIT (AP)—It's not snow, rain nor gloom of night that stymies the mail carrier—it's some 184 other obstacles that get in the way of these couriers on their appointed rounds.

The National Association of Letter Carriers, with 6,000 members in convention here, came up Wednesday with a list of the things that make them unhappy 184 in all.

For instance, Florida and Missouri mailmen want legislation holding dog owners responsible "for the biting of postmen."

Long Way From Home

Minden, La., police are investigating why this little boy who says his name is Gregg Gene Giddens, 5, was found in Minden in the company of two negro women and four negro men. Their story, according to police, is that the child's mother in Los Angeles is paying one of the women \$200 a month to care for the child.

Heirens Pleads Guilty In Criminal Court

CHICAGO (AP)—Seventeen-year-old William Heirens, Jekyll-Hyde personality with a "deep rooted" sexual perversion, Wednesday pleaded guilty to the murders of Suzanne Degnan, Mrs. Josephine Ross and Miss Frances Brown.

The swarthy, bushy-haired university sophomore stood quietly, showed no emotion as the clerk read the long list of 29 burglary, assault and robbery charges against him. To each he pleaded guilty.

When the clerk announced the indictment accusing him of the brutal murder of Suzanne Degnan, 6, Heirens wrung his hands, his lips quivered and he responded haltingly:

"Guilty."

Chief Justice Harold G. Ward of the Cook County Criminal Court then interrupted the proceeding to warn Heirens of his constitutional rights and the jeopardy into which such a plea placed him.

"You understand, Heirens, that in pleading guilty you are waiving a trial by jury and that having waived that trial the court may sentence you to death, or natural life imprisonment, or for any number of years not less than 14," the judge told the youth.

"Having been informed of this do you still persist in pleading guilty?" Judge Ward asked.

"Yes," Heirens replied.

The same procedure was followed with the indictments accusing him of murdering Mrs. Ross, 43-year-old widow, in her apartment on June 5, 1945, and Miss Frances Brown, 33, a former WAVE, in her apartment on Dec. 10, 1945. Suzanne Degnan was strangled in her room January 7 and her body dismembered and scattered in sewers through the neighborhood.

Wilbert Crowley, first assistant state's attorney, announced at the conclusion of arraignment proceedings that the state was ready to proceed with the hearing.

AFL Sailors Prepare To Strike Thursday

WASHINGTON (AP)—The threat of a shipping tieup on all coasts Thursday built up pressure on the Wage Stabilization Board Wednesday to alter its 12 day old "pay cut" decision affecting AFL sailors.

From within the board and outside, members were being urged to review their August 23 ruling denying 43,000 AFL seagoing unionists wage boosts in excess of the \$17.50 a month granted rival CIO unions last June 15.

John Hawk, vice president of the AFL Seafarers International Union, said in New York that from 94,000 to 100,000 AFL seamen on the Atlantic, Pacific and Gulf Coasts were ready to walk off their ships Thursday.

U. S. Opposes Great Britain On Hearing

John Bull Says All Tommies Will Not Be Removed From Balkans

LAKE SUCCESS, N. Y.—(AP)—Delegates to the United Nations Security Council received Wednesday with great interest reports that some British troops were being withdrawn from Greece but they were reluctant to comment at this stage of the Ukrainian-Greek case before the council.

An authoritative source said that the reported move meant no change in British policy in Greece, where, it was said, British troops have been stationed at the request of the Greek government to help re-establish order.

A British spokesman said that the withdrawal of some British soldiers from Greece "obviously" had been planned some time ago and had no connection with the present debate in the Security Council on charges against Greece.

The spokesman emphasized that Britain had no intention of making a sudden total withdrawal from Greece. Rather, he said, the soldiers would remain in that country until the Greek government desires to take the full responsibility for maintaining order. The Soviet Ukraine charges in behalf of Albania against Greece were set down for hearing Wednesday in the Security Council as the result of American insistence that the council must examine the merits of any case submitted to it under the UN charter provisions.

The case was certified for official debate in the afternoon after the United States Tuesday night joined Soviet Russia in a bare seven-vote affirmative majority to place it on the agenda over the bitter opposition of Great Britain and The Netherlands.

No U. S. Commitment

U. S. Delegate Herschel V. Johnson, in voting for immediate discussion, made it clear that the United States was making no commitment on the merits of the charges, which had been assailed by Britain as "wild accusations".

After a hot four-hour debate Tuesday the United States, Russia, Poland, China, France, Egypt and Mexico gave the minimum majority vote of seven out of the 11 for hearing the case. Great Britain and The Netherlands voted against it. Australia and Brazil abstained.

As the council prepared for the possibility of a long wrangle over the charges that Greece is fomenting frontier incidents with Albania and threatening the peace of the world, interested persons from the Balkans stood by to offer their testimony.

They included Greek Ambassador Vassil Dendramis, Ukrainian Foreign Minister Dimitri Manulsky, who filed the charges more than a week ago; Col. Tuk Jakova, of Albania, whose country was denied membership in the UN last week, and Evle Lulkin, acting chief of the Yugoslav delegation to the UN.

Soviet Delegate Andrei A. Gromyko told the council that the presence of British troops in Greece had deprived the Greek people of the opportunity of deciding freely on their form of government and demanded to know why it was necessary to have foreign troops in the country of a UN member at election time.

Jury Selected In Trial Of Rancher

GARDEN CITY—In an all-day session in 70th District Court Tuesday a jury was selected for the trial of Earl Hamilton Williams, 45-year-old rancher charged with murdering in connection with the fatal beating of his wife July 6 in a Northern Glasscock County ranch house.

Jurors named were J. J. Overton, J. C. Pve, Ben Shafer, D. B. Cross, A. J. Overton, S. B. Lindsey, V. M. Little, J. H. Franks, Allie B. Cook, Harry Echols, Bob Ballinger and L. S. McDowell.

Clyde E. Thomas, Sr., and George Thomas, attorneys for the defendant, indicated they would enter a plea of "not guilty" as the trial was to get underway Wednesday.

Williams was billed on a murder charge after he reported his wife had been bludgeoned to death in a "man's shack on the Roy C. Davis ranch. Later, he signed a statement arguing she was killed when they argued.

Marjorie McDonald, district attorney, will represent the state.

LATE NEWS FLASHES

NANKING (AP)—Chiang Kai-Shek's failure to state unequivocally that he would order a nation-wide truce stalled the Stuart Committee Wednesday and threatened a complete breakdown in its truce negotiations as government armies drove steadily through the Communist-dominated north.

BERLIN (AP)—Secretary of State Byrnes will fly to Berlin from Paris Thursday for a visit before delivering his major pronouncement on American policy in Germany at Stuttgart Friday.

NEW YORK (AP)—Cotton futures declined almost \$2.00 a bale Wednesday before a moderate recovery set in. The market was unsettled by easiness in securities, a generally favorable government weekly weather report, and higher private estimates on the 1946 crop.

Musicians Move To Halt Piped Music In N. Y.

NEW YORK—(AP)—Local 802 of the AFL American Federation of Musicians moved Wednesday to halt the use of "piped-in" music in New York City hotels where union musicians have struck in support of demands for increased pay.

The union announced that H. E. Houghton, president of the Musicians Corporation, which sells recorded music through a "piped-in" telephone arrangement with many of the hotels, involved in the dispute, had agreed to cut the service to the hotels within a 24-hour period starting Wednesday.

The union said it also had assurance that AFL electrical workers would not install any juke boxes in hotels on the union's unfair list. The union struck Monday in an effort to obtain wage increases averaging 25 per cent.

Molotov Still Absent From Paris Meeting

PARIS—(AP)—The Four-Power Foreign Ministers' Council met for the second time during the Paris peace conference Wednesday with Deputy Foreign Minister Andre Vishinsky representing the Russians.

Soviet Foreign Minister V. M. Molotov, who earlier was reported by a French Foreign Ministry official to have returned from Moscow, was not present.

French foreign officials said their later information was that Molotov had not returned, and Russian sources said their best information was that he would not be back until "sometime later this week."

Stanolind and Westbrook-Thompson No. 35-A Hendrick, Central-West Winkler County wildcat, about four miles west of Kermit, had apparently fished and milled out all of the junk which had held up operation to a total depth of 13,416 feet. In the top of the Ellenburger, and was making more hole. As last report the project had reached 13,446 feet, and was making a trip. **Ward Project to Complete**

In Southeast Ward County, about nine and one-half miles northwest of Grand Falls, Roy Golston, et al., No. 1 Moody estate, located in the east corner of section 32, block 34, H&TC survey, was on a plugged back total depth of 2,547 feet, in the upper Permian lime, and was preparing to complete and put on production as a discovery.

Operator reports that the project has been flowing at the rate of about three barrels of oil per hour, through a one-eighth-inch tubing choke. It is understood that all bottom hole water has been plugged off. The pay section had been shot with nitro-glycerine.

Southern Cal Already 'Rose Bowl Bound'

LOS ANGELES—(AP)—Until someone knocks 'em over on the field, there's only one place for the Southern California Trojans on the Pacific Coast Conference docket: the top.

Every other Coast school is loaded, sure; but Jeff Cravath's T-model machine is bursting at the seams with high-powered talent returned from the service. Cravath welcomed back 45 lettermen, only 16 from last year's squad, as practice began Tuesday.

Cravath's plans center around 1944 All-America Tackle John Ferraro and former All-Coast Halfback Gordon Gray. Ferraro's 250-pound hulk will spearhead a line including All-Coast Ends Jim Callahan and Don Hardy. Gray, carrying the mail from right half, is expected to spark a backfield including Mickey McCardle at quarter; Ted Tannehill, left half; and Duane Whitehead at fullback.

McCardle, All-Coaster in '42 and '43, heads a group of slick passers including Leo Riggs, 1942 frosh sensation; Keith Spaitz, a St. Mary's transfer; and Bobby Musick, two-year letterman.

How far the Trojans will go nationally depends largely on how tough a line Cravath can rig around Ferraro.

On paper, it's hard to see how the Trojans can miss making their fourth straight trip to the Rose Bowl.

Baptists Add Thousands To Missionary Budget

DALLAS—(AP)—The executive board of the Baptist General Convention of Texas has approved a \$4,000,000 budget for missionary work, an increase of \$700,000 over the current year.

R. A. Springer, convention treasurer and the board's recording secretary, said the church program calls for foreign and domestic preaching and healing and teaching efforts by the church.

Body Of New-Born Boy Found In Mail

PHILADELPHIA—(AP)—The body of a new-born boy mailed from Texas in a paper carton to a man at a non-existent address here was found Wednesday by postal employees who opened the package for routine inspection. Police said the body was wrapped in a woman's slip and the package bore three different return addresses.

When mail was first transported through the air there was no such thing as an airmail plane design. Commercial manufacturers now build ships designed especially for carrying mail.

Chile To Elect New President Wednesday

SANTIAGO, CHILE—(AP)—A half million Chilean voters will elect a new president Wednesday, with indications that the final results of the polling may be known before midnight.

Three of the four candidates were confident of victory in the race to succeed the late Juan Antonio Rios, who died June 27. The fourth, Socialist Bernardo Ibanez, voiced confidence his party would win more votes than in any previous election.

The other candidates are Dr. Eduardo Cruz Coke, 47, Conservative; Gabriel Gonzales Videla, 47, Radical and Communist Parties; Fernando Alessandri, 49, Liberal.

Investment In The Future

It is school-time in America. But more than \$2,000,000 children will not go to school at all, and over a million will receive only an underprivileged sort of education that will leave them poorly equipped to face adult life—although the United States has some of the finest schools in the world.

We like to consider our country thoroughly enlightened, and yet 3,000,000 of our adult population have never attended any school and 10,000,000 have had so little schooling that they are virtually illiterate.

Five million men out of 17,000,000 registered for the draft were rejected for reasons that might have been partially prevented by good education; 347,038 men in the first two registrations signing their names with an X because they had never learned to write.

These shocking facts are contained in the report of a recent survey by John K. Norton, of the American Council on Education and Eugene S. Lawler, and published by the National Education Association and the American Council on Education. They belie our national creed of a fair deal for all.

Chief factor involved, of course, is the difference in public school budgets. For a typical prewar school year take 1939-1940. Approximately 19,000 children had the advantage of high-quality teachers and thoroughly modern school equipment allowed by an annual expenditure of \$6000 or more per classroom unit, while 38,000—twice as many—were tossed educational scraps from a budget of less than \$100 a classroom; 1,401,605 attended classrooms that cost upwards of \$4000 a year, but 1,175,996 sat in classrooms that cost less than \$500 a year.

When you consider that these figures must include a teacher's salary for each classroom of approximately 30 children, textbooks and supplies, operation and maintenance of school buildings, etc., etc., it is not difficult to see just about where the low budget groups get off.

It has been proven that democracy itself is dependent on education, that the literacy of a people advances the health, wealth, political and social stature of a nation.

One year of World War II cost \$90,000,000,000. But since the beginnings of our country, we have not spent a total of \$90,000,000,000 on education.

Surely here is the most promising investment for the future.

Conflicting Reports

President Peron of Argentina made some frank statements to leaders of his National Revolutionary Party the other day. He said that it was necessary to form a single political party as soon as possible. And he added: "To govern is not my profession. My profession is that of a soldier, and I will die fighting."

We are more inclined to believe President Peron's estimates of his own capabilities and of his next political move than the whitewash given him by Andrew Jackson Higgins, the confident New Orleans shipbuilder, during a once-over-lightly trip to Argentina last June.

Higgins, it may be recalled, assured the Peronistas that American correspondents were in deliberate error when they called General Peron a dictator, and that American press coverage of Argentina was "controlled" and "doctored".

We hope that Higgins read the directly quoted statement of Argentina's chief executive. Or perhaps he thinks that was "doctored", too.

20 Killed In crash Of French Air Liner

PARIS—(AP)—Twenty persons were killed in the crash of a French air liner taking off from Paris for London Wednesday, bringing to 49 the total number of dead in French plane accidents in three days.

The latest crash, which killed 17 of 21 passengers and three of the crew of five, occurred at 9:15 a. m. when the Paris-London liner failed to clear a factory roof at Le Bourget.

At the same time, the line confirmed the death of 17 passengers and five crew members when another of its planes crashed just 15 1/2 hours before, 21 miles out of Copenhagen.

Three French airmen and four French civilian passengers were killed Monday when an Army plane crashed in a wood shortly after taking off from the Villacoublay Air Base in Paris, for Grenoble.

Wallace Urges Mexico To Modernize Industry

MEXICO CITY—(AP)—Secretary of Commerce Henry A. Wallace told an American Chamber of Commerce luncheon here that modernization of Mexico's textile industry would "arouse opposition in certain quarters" but that he is convinced that "its success will greatly benefit the workers and the businessmen and the consumers" of both Mexico and the United States.

He told the commerce luncheon Tuesday that "American businessmen are interested in making money, and it is my observation that most of them now realize that the only way to make money in the long run is to help other people to make money, to become more efficient and to raise their standards of living."

Texas War Dads Seek Aid For Married Vets

FORT WORTH—(AP)—Resolutions asking Congress to increase allotment ceilings for married war veterans participating in the job training program and seeking an emergency program to build veterans homes on the same basis as war plants were built during the war have been adopted by the Texas State Association of American War Dads.

The association, in the final session of a three-day convention here Tuesday, also voted to request Governor Coke Stevenson to set a "remembrance day" on a Sunday nearest to December 7, Pearl Harbor anniversary, for paying tribute to servicemen who paid the supreme sacrifice in World War II.

Other resolutions approved by the convention included:

1. Demands that the War Assets Administration grant to veterans a priority to buy surplus household or other items for personal use.
2. Petition the State Medical Association to make contracts with the Veterans Administration for out of hospital treatment of veterans who need medical care.
3. Petition Gov. Stevenson to proclaim October 6-12 as "Employment of a Disabled Veteran" week.

The resolution on job training asserted that single men receive \$175 a month and married men \$200. The group asks an increase for married men based on the number of dependents. No increase was asked for single veterans.

Dionne Quintuplets Get Baby Brother

NORTH BAY, ONT.—(AP)—The Dionne quintuplets are trying to pick a name for their new baby brother, born Tuesday night.

The 12-year-old quintuplets were excited by the new arrival, described by doctors as "a beautiful boy" weighing about eight pounds.

He was the 14th child born to Mr. and Mrs. Oliva Dionne. Thirteen, including four other boys, are living. Mrs. Dionne is 37, her husband 43.

Arkansas got its name from the Algonquin name of the Quapaw Indians.

Part Of British Troops Withdrawn From Greece

LONDON —(AP)—A British Foreign Office spokesman said Wednesday that some British troops are being withdrawn from Greece as part of a general re-grouping of British forces in the Middle East. London newspapers earlier suggested that British troops be withdrawn from Greece now that the Greek people have voted in a plebiscite to recall King George from his London exile. The British government has been committed to withdrawal of its forces as soon as the political situation became stabilized by elections. The foreign office spokesman said however that no general withdrawal was in immediate prospect and that there was "no political significance" to the present troop movements. He declined to give the number of men being moved out of Greece. The latest announced strength of British forces in the Hellenic kingdom was at least 50,000. King George II Wednesday awaited a personal invitation from Premier Tsaldaris to return to the Greek throne in Athens.

POLISH PIANIST DIES

STUDENTS CHEER —NO TEACHERS

NORWALK, CONN. —(AP)—Norwalk High School students cheered Wednesday as School Superintendent Philip A. Jakob, addressing them from the steps of the school building, told them to go home. The reason—"there are no teachers" for the opening day of the fall term. Although only nine of 236 teachers have signed contracts for the coming year, and the Norwalk Teachers Association, in a pay dispute, had announced its members would not report for duty, about 800 of the high school's 1,000 pupils showed up. The pupils cheered the "no school announcement, but many expressed concern that a protracted dispute might force them to attend classes during winter vacations or next summer to make up for time lost now.

Greek Leftists To Take Vote Protest To Court

ATHENS —(AP)—Authoritative quarters in the Leftist EAM announced Wednesday a decision to challenge in the Greek Supreme Court the validity of last Sunday's plebiscite which the government has reported resulted in an overwhelming majority for the return of King George II from exile. The challenge, it was stated, would be based on allegations of fraud, violence and falsification. The decision was disclosed as the total vote cast Sunday neared 100 per cent of the estimated total registration. The king was officially reported to have received 69 per cent of the vote with only 136 precincts left uncounted.

Robbery Loot Found In Bandit's Cork Leg

BRENHAM —(AP)—A State Highway patrolman and a Hempstead policeman got their man—after finding the loot of a Hempstead cafe robbery in a one-legged bandit suspect's cork leg. The one-legged man and a Houston friend were arrested shortly after the cafe was robbed Tuesday, but the officers were unable to find the missing money. As a final effort, the suspect was ordered to "unscrew your leg." After protesting, the man complied. The two officers found the \$50 loot. Colorado is known as the centennial state.

Mexican Orchestra Plays Despite Pickets

STOCKTON, CALIF. —(AP)—The famed Tipica Orchestra from Mexico City appeared as scheduled at the San Joaquin County Fair Wednesday night despite continued picketing of the fairground gates by AFL union members. Ed Vollman, secretary and manager of the fair, said the orchestra performed with a full complement and that the program was being carried on despite the protests of the AFL Musician's Union that the Mexican band displaced local union members.

Police Investigate Death Of Soldier

FORT WORTH —(AP)—Police Wednesday were investigating circumstances leading to the death of a soldier, identified as Pvt. John T. Varner, 29, formerly of Fort Worth, whose body was found Tuesday night on railroad tracks here by a Santa Fe freight train crew. City Detectives G. D. Haire and John Dunwoody quoted H. W. Bratton of Cleburne, conductor of the train, as saying he saw the body on the tracks but was unable to stop the train before reaching it. Investigating officers feared that the soldier may have been slain and his body placed on the tracks. District Attorney Clyde has ordered an autopsy prior to an inquest verdict. Varner's clothing possessed papers indicating that he was on orders from Fort Sam Houston, San Antonio, to Scott Field, Ill., with a delay en route for Fort Worth.

There are about 300,000 registered nurses in the United States.

To those who are awaiting delivery of their New Oldsmobiles

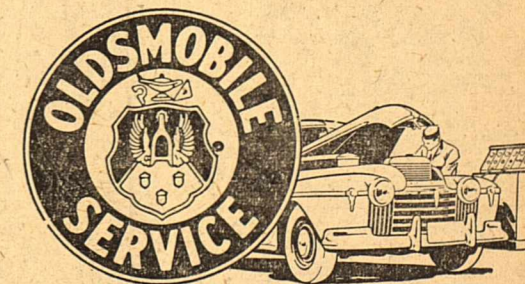

Series "70" Club Sedan. GM Hydra-Matic Drive optional at extra cost.

A Word of Appreciation... and a Suggestion, too!

We know how anxious you are to get your new Oldsmobile. And there's nothing we'd like better to do, right now, than to say to every Oldsmobile buyer: "Your car is here. Come get it!" But frankly, it just isn't possible to do that. There still aren't enough new Oldsmobiles to go around. Due to shortages in materials and unavoidable limitations on production, the output of new cars still is behind schedule. And our allotments are far below the figures that we originally anticipated.

We want to assure you, however, that everything possible is being done, both here and at the factory, to get your car in your hands promptly. And we'd like to take this occasion to thank you sincerely for the patient and considerate way in which you have borne with us during this period of waiting.

Meanwhile, we have an important suggestion: *Don't neglect the car you drive today.*

DEVIL'S LAUGHTER

By Alice M. Laverick Copyright, 1946, NEA SERVICE, INC.

THE STORY: For reasons of her own, old Mrs. Fitzgerald refuses to acknowledge Colin's friendship with Beatrice Harrington. Charlotte is disgusted with herself for falling and Mark attempts to reassure her. But it is two weeks before the doctor allows her out of bed.

FOR the next few weeks, then, we had two invalids instead of one, and I grew used to carrying trays. The doctor had advised a complete rest for Miss Charlotte and the house was comparatively quiet, even Colin seeming quite subdued. He spent much of his time at the Harringtons' and, except for Beatrice, who came once or twice, he had no guests at Innisfall.

"Ah, he's the thoughtful lad, is Colin, after all," Cousin Ellen said affectionately, actually believing what she was saying, for the moment.

Classes at the Academy now being over, Mark had only the two youths who came daily to be tutored and who seemed to be forever in the library when I went to dust it or to find a book to take to my room.

I was beginning to feel at home at Innisfall and getting slightly more proficient in my various duties, and my homelick spells were few and far between. Cousin Ellen was moved to say once that she didn't know what in creation it itself she would have done without me that summer.

Even Mrs. Fitzgerald seemed to have grown used to my plinness and lack of color. At least, during this time she made no reference to them. But if she had, I would have forgiven her. For I never entered her room without being struck all over again by the cruel contrast between the queenly lady in the picture downstairs and Honora, serene and wrinkled like an old leaf in the midst of her ruffles and lace. Only her eyes were the same, black and burning.

proceeding. It would truly seem that the two brothers never by any chance saw eye to eye with each other. There was dissension between them regarding everything, from whether or not you passed Donegan's Inn to get to McEvoy's shooting lodge on the creek back in Mayo County to who won the football game between Holy Cross and Boston College in any given year.

THERE was the controversy over who painted the picture of their mother that hung over the fireplace in the living room, Mark contending that the painting had been done by Sean Farrell, the well-known Dublin artist, while Colin declared that it was some obscure little man by the name of O'Shea. Colin distinctly remembered their father telling the story. He'd found the beggar starving to death in the garret of a house belonging to the Fitzgerald family and he'd been so taken with the fellow's work that he had hired him to paint Honora's portrait. The pity of it was that the poor fellow had been exposed to hunger and cold for so long that he had just managed to paint the one picture and had died immediately, before he'd even had time to sign it. Otherwise, he would have been heard from, because he had obviously been a man of great talent.

Mark said that never in all his life had he heard such utter rubbish, and that Colin was inventing this story as he went along. It was exceedingly strange had this been the case that his father had not told him about it, also. As for the signature, Farrell's famous "F" was easily distinguishable in the left hand corner, if you looked for it. Farrell had painted the picture and that was the end of it. They wrangled over this for some time, while their food grew cold, neither one giving in to the other in any way. In fact, I never heard one of them at any time admit that he was in the wrong. The arguments were sometimes interrupted or they led to other arguments but they were never settled.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY America's Card Authority

I have had some good laughs out of S. J. Simon's book, "Why You Lose at Bridge." He says that one of the pitfalls of the expert is the safety play, and cites a case in which an international player, a natural pessimist, played a hand to guard against five adverse trumps in one hand.

He played it beautifully, and if the five outstanding trumps had been in one hand, he would have made his contract. Unfortunately, they were divided three-two, so he went down one.

The hand shown is another of Mr. Simon's examples of an expert and a safety play. The bidding

might be different in your town, but that was the way it went in London.

Declarer won the opening lead with the ace of hearts and played a spade to the king. Everybody followed. Now he played the six of spades from dummy and East followed.

What card should declarer play? It appears, as Mr. Simon says, that South has the perfect safety play of the jack of spades. Suppose that West does win with the queen—let him have it. Regardless of what he returns, South will win, pick up the trump and spread the hand.

So Mr. Expert took the finesse and lost it. West with evil design led another heart, East trumped—result, down one. Mr. Simon points out that West had opened a heart in spite of the fact that South bid hearts. Why? He must have been long in hearts and hoped that his partner could ruff the opening lead.

The safety play on this hand would be to go right up with the ace so there would be no possibility of East getting in a ruff.

Brooklyn Defeats Phillies To Gain On Idle Cardinals

By JACK HAND
Associated Press Sports Writer
The Brooklyn Dodgers fell on their old "cousins" from Philadelphia Tuesday night to clip a half game off St. Louis' lead.
The Cardinals were idle, so the Dodgers moved to within two games of the National League lead. Each has 24 games to play.
Kirby Higbe, Manager Leo Durocher's "stopper," showed signs of wear and tear in earning his 14th victory of the season over the Phillies, 6-4.

The Phils sputtered for three in the eighth, and Hank Bedman saved the day.
For what was supposed to have been an open date in both leagues, Tuesday was a busy day with six games.

Lefty Bob Chipman shut out Pittsburgh with five hits, 210, as Chicago's Cubs continued their belated drive which probably will do no more than assure them of finishing third ahead of Boston.

Tommy Holmes was the big gun in Boston's 5-4 shade over the New York Giants, the Braves' outfielder banging a bases-loaded double during a four-run rally in the seventh that knocked out starter Dave Koslo.

Chicago and Detroit struggled for 16 innings before the White Sox managed a 4-3 verdict. The Tigers broke a 2-2 tie with a run in the first of the 16th but Chicago came back to score twice and beat Stubby Overmire who pitched to only two batters, but allowed two hits.

Cleveland climbed into a fifth-place tie with Chicago on a double win over St. Louis, 5-3 and 7-3. Lou Boudreau had to use Bobby Feller on relief to save the opener.

Scouts Trim Reporter In Forfeited Tilt, 3-2

The Oil Scouts, with "Stringbean" Pope of Odessa pitching, won the third game of the city championship softball series, 3 to 2, Tuesday night.

As played, the game was a bitter, bitter contest with both sides wailing loud and long at every decision.

It was one of the best contests played here during the season. The playing was razor-edge, and had the fans howling.

The Scouts came from behind to knot the score in the third inning and ice it in the sixth. Pope, borrowed from Gabriel's, was quite a boy. He struck out 14 Reporters and his slow curve had a lot of "oomph."

The Reporter got three hits, the

Tennis Favorites Barely Squeeze By

FOREST HILLS, N. Y. —(P)—Up to this point, the national tennis championships have proved nothing except that this country, coming out of a war, doesn't possess a great amateur player of the type that dominates the court from the moment he sheds his jumper.

The last such player was, of course, Donald Budge, who turned pro before the big conflict began.

The best of the present crop appears to be Jack Kramer, a tall, angular specimen with a blond crew haircut. The popular prediction Wednesday, as the title matches went into the fifth day, was that Kramer would meet Frankie Parker, the defending champion, in a final match next Sunday.

Kramer had everything he could do Tuesday to eliminate Edward Moylan, an unknown from Trenton, N. J., 6-4, 6-4, 6-4. Billy Talbert, another team member, was carried to 6-4, 6-4, 8-6 by one Earl Cochell of Los Angeles. Parker trimmed Harry Likas, Jr., of San Francisco, 6-0, 6-2, 6-3.

Reporter To Meet Scouts In 'Grudge' Battle

One more softball game will be played in the City League of Midland this year. It will be a "grudge battle" between the Reporter-Telegram and the Oil Scouts at 8:30 p. m. Wednesday.

This is the finale!
It will be an old arch-enemy of the Reporter, Jackie Neel, twirling for the Scouts. The Reporter will throw A. T. Pierce at him.

JayCee directors in a meeting Wednesday morning declared The Reporter-Telegram softball champions of Midland for 1946. This was done upon the concession of the Scouts that a pitcher used in the Tuesday night game was not eligible and he was used only so the Scouts could field a team capable of giving battle to the Reporter on a scale the fans wanted.

Fans are expected to turn out by the thousands to see the grand finale ball game between Midland's best.

N. Y. Boxing Commission Removes Servo's Title

NEW YORK —(P)—The New York State Athletic Commission Tuesday declared Marty Servo's welterweight championship vacant because of the nose injury which the titleholder said would make it impossible for him to defend his title against Ray Robinson in Yankee Stadium Friday night.

In taking away Servo's recognition as welterweight king, the commission declared it would open the title to a tournament among all the leading contenders.

Commission Chairman Eddie Egan pointed out that the commission would not recognize Robinson as the champion but the Harlem boxer's trainer, George Gainsford, said he would bring his charge to the commission office Friday for the weigh-in and examination for the cancelled fight "just as if nothing had happened" and then "we will claim the title."

All-American Bechtol Returns To Texas U.

LUBBOCK —(P)— Wednesday is moving day again for Hubert Bechtol.

The twice All-America end, after working out Monday with the Texas Tech Red Raiders, announced Tuesday he will return to Austin Wednesday to rejoin Coach Dana X. Bible and the University of Texas Longhorns.

Bechtol, who made the All-America teams while attending the university as a Naval reservist, ten days ago left the Bible-coached eleven after asserting he could not find living accommodations for himself, his wife and his three-week-old child in Austin.

He announced his new decision here after receiving a telephone call from an Austin friend with the information that an apartment had been obtained for him and his family.

"I've had two very successful years down there and feel I ought to go back," Bechtol said. "They have an apartment for my family and have promised me a coaching job after I get out of school."

The destructive wild bear is classified as France's No. 1 public enemy, and is fair game all the year round in that country.

Beaumont Boxer Wins Decision At Houston

HOUSTON —(P)— Johnny Dabs, 136, of Beaumont, punched out an easy ten round decision over Gene Spencer, 131, of Chicago, here Tuesday night.

DO YOU NEED A LOAN
We will appreciate your consulting us about your loans, as we can serve you with the lowest rate of interest.

INSURANCE
YOUR HOME is worth more now than a few years ago, why be woefully under-insured. It costs so little to be fully protected. Why not see us about it.
