

Soldiers Held In Texas Kidnaping

Clarence Krummert, 19, center, of Pittsburgh, Pa., (NEA Telephoto) and Ruth Teague, 18, of Sulphur Springs, Texas, who were forced to drive from Texarkana, Texas, to Richmond, Va., were captured by State Troopers after a wild chase near Richmond. The youthful service men, who admitted they were AWOL from Camp Hood, Texas, are shown with a police court bailiff leaving the Richmond Courthouse after being charged with armed robbery, auto theft and kidnaping.

Midland Schools To Open 1946-47 Term Monday

Midland Public Schools will open the 1946-47 term Monday morning with a record enrollment expected. Students will go to their respective schools where classes are scheduled to begin at 8:30 a. m. A general faculty meeting was held Saturday when final preparations were made for the opening of school. The faculty for all schools is complete. Enrollment of new students will take up most of Monday at all schools. Most of the students enrolled in a pre-school registration. The record enrollment is expected to total around 3,222 students, the census figure for this year. This will tax the school plants, and until two new elementary schools are completed, some students will go to school only part time each day. Six bus lines will bring students in from the community areas.

Texas Firm Starts Mass Production Of New Type Homes

DALLAS —(P)—A Texas company has started mass production of a new type government-approved home which will sell for less than \$4,000 and which can be erected by unskilled workers in less than one week. The first house was sold this week. The company said it could produce 250,000 homes within the next nine months. This figure will be increased later if the demand justifies. The company said all would be sold to veterans until their needs are satisfied. The homes are called apartment-style FHA loans may be obtained. They come in one and two bedroom sizes. The one bedroom house will sell for about \$3,250 installed, complete with electric wiring, fixtures and plumbing. The down payment will run from \$300 to \$400, and monthly payments would be between \$30 and \$35. It has 533 square feet of floor area. The two bedroom house will sell for around \$3,700 or less. Down payment would run from \$500 to \$800, monthly installments from \$35 to \$45. It contains 800 square feet of floor space. Bert J. Mitchell, designer of the apartment-style and president of the General Housing Company, makers of the units, said five unskilled workers and two carpenters could erect the larger home in six hours.

All Escape When Theater Burns At Monahans Saturday

MONAHANS—All patrons were conducted to safety here Saturday afternoon when fire originating in the second floor of the Palace Theater burned out. John Scott, Jr., operator, suffered minor burns from the blaze. The Palace Theater was operated by Griffith Theaters. The building, owned by Oscar Korn, was constructed in 1930.

HOOPER ADVOCATES HALTING FOOD SHIPMENTS TO SLAVS

CHICAGO —(P)—Former President Herbert Hoover said Saturday that "food supplies to Yugoslavia should be stopped immediately because directly or indirectly they are being used to feed Tito's army."

LATE NEWS FLASHES

SAN FRANCISCO—(AP)—The CIO-led Pacific Coast Committee for Maritime Unity Saturday night telegraphed President Truman a demand that he put an end to the current maritime tie-up brought on by an AFL strike, by instructing the Wage Stabilization Board to reverse the decision denying the increase agreed upon by the employers and the AFL.

LONDON—(AP)—British statesmen and leaders of the Arab world gathered in London Saturday for an attempt at settling the age-old Palestine problem at conferences in which neither Jews nor Arabs from Palestine will be represented.

NEW DELHI—(AP)—Making his first broadcast as head of India's new interim government, Pandit Jawaharlal Nehru declared Saturday that the new India would be entirely free—"not merely a satellite of another nation"—and would participate in international conferences "with our own policy."

Yugoslavia Rejects Boundary Proposed By Foreign Ministers

PARIS —(P)—Yugoslavia served notice on the peace conference Saturday night she would refuse to sign a treaty with Italy if the delegates approved the Italo-Yugoslavia boundary recommended by the Foreign Ministers Council, and the conference ended its sixth week embroiled in bitter territorial disputes.

McMinn Vet Sheriff Pledges To Halt Acts Terrorizing Officials

ATHENS —(P)—Knox Henry, McMinn County sheriff and member of a veterans' slate that took over county affairs in an August uprising, declared Saturday he would use the "full power of my office" to halt terrorizing of city officials. Sheriff Henry said the organization of ex-GI's would not condone acts of violence which led to resignation of the mayor and board of aldermen of the city. He said veterans were not involved in a reign of terror against the aldermen "as far as we have been able to find out." City Recorder Herman Lee Moses, World War II veteran, left with administration of this battle-scarred city's affairs after the resignation of Mayor Paul Walker and the aldermen, said the city would be in a financial jam unless new officials were named soon. Affairs of the city were turned over to the recorder by the mayor and four aldermen after a fusillade of shots was fired into the home of Alderman Hugh Riggs about 1 a. m. Thursday from a speeding car.

AFL Maps Plans To Organize White Collar Workers In Southwest

DALLAS —(P)—Organization of "white collar" workers of Texas and Oklahoma will be mapped at the Southwest labor conference of the American Federation of Labor here September 17-18. William J. Harris, president of the Dallas Central Labor Council, said Saturday. He said 1,500 representatives from Texas, plus leaders of the Oklahoma State Federation, will attend. Harris identified "white collar" workers as office workers, salesmen, city employees, retail clerks and others. He estimated there were 404,095 in this classification in the two states. Plans also will be made to organize an estimated 50,000 sawmill workers, 20,000 chemical workers, and 90,000 oil workers, Harris said. In a statement, Harris added that following the conference, organizers will be named and a Texas organizing committee set up. In a short space of time 300 new unions have been chartered, applications are pending before the National Labor Relations Board for an additional 300 certifications and more than 150,000 new members were enrolled. The appeal for organization by white collar workers has been the outstanding feature of the campaign to date," he said.

AFL Ridicules Seamen Threat To Call General Labor Strike

ATHENS —(P)—Drastic emergency measures were reimposed over a wide area of Greece Saturday to meet what Acting Premier Stylianos Gonatas said was a rising tide of leftist violence which was "not exclusively an internal matter." Friction between Greece and Yugoslavia intensified as the government weighed a protest against the downing of a Greek military plane, and Greek political leaders protested Yugoslav declarations at the Paris peace conference concerning Macedonia. The Yugoslav delegate at the peace conference Friday said it was "time to settle this question of the liberty of the Macedonian people. The people until now have found their liberty only in the popular republic of Macedonia within the Macedonian Yugoslav Federation."

LEFTISTS CAUSE TIDE OF VIOLENCE —

Athens Imposes Emergency Action After Yugoslavs Shoot Down Greek Warplane

ATHENS —(P)—Drastic emergency measures were reimposed over a wide area of Greece Saturday to meet what Acting Premier Stylianos Gonatas said was a rising tide of leftist violence which was "not exclusively an internal matter." Friction between Greece and Yugoslavia intensified as the government weighed a protest against the downing of a Greek military plane, and Greek political leaders protested Yugoslav declarations at the Paris peace conference concerning Macedonia. The Yugoslav delegate at the peace conference Friday said it was "time to settle this question of the liberty of the Macedonian people. The people until now have found their liberty only in the popular republic of Macedonia within the Macedonian Yugoslav Federation."

Greek leaders apparently interpreted this as a Yugoslav claim to that part of Macedonia which was given to Greece after World War I. Emergency Power Reinstated. Gonatas announced the cabinet's decision to reinvoke drastic emergency measures, including the establishment of military courts empowered to impose the death penalty to meet violence which he said had increased since last Sunday's plebiscite recalling King George II to the Greek throne. The Greek government meanwhile considered protesting to Yugoslav Premier Marshal Tito over the downing of a Greek military plane across the Yugoslav frontier. The official Yugoslav news agency Tanjug said two other Greek planes attempted to destroy the craft "in order to obliterate evidence of violation of Yugoslav territory," and were repelled. (In London an Exchange Telegraph dispatch from Athens said the pilot of the downed Spitfire, Lt. George Tangalakis, once risked his life for Tito during the war and held the Yugoslav Military Cross. It said that in 1944 Tangalakis flew into Yugoslavia and picked up Tito, who was endangered. Yugoslavia said the pilot was interned.) Deputy Chief of Staff Petzopoulos conferred for 45 minutes with the Yugoslav military attache Saturday and later quoted the Yugoslav official as saying there was no doubt the Greek pilot had "lost his bearings."

Poland Protests U.S. Proposal To Give Reich Land

WARSAW —(P)—Leaders of all pro-government political parties here called a mass meeting in the vast Roma Auditorium here for Sunday to protest the Stuttgart statement of U. S. Secretary of State Byrnes in which the American government rejected the idea that Germany's eastern borders were fixed permanently on the Oder river. Byrnes' statement provoked a hornet's nest of comment from government circles and the government bloc of political parties. Poland, which is steadily expelling Germans from its territory and resettling 4,000,000 Poles in its western sections, is constantly tightening her grip on lands formerly occupied by Germany and which the government is determined shall never again pass into German hands. Most of the nation's press declared Saturday that Poland, backed by Russia, intends to maintain its Oder borders and would not even consider discussion of possible changes. Marshal Rola Zymerski declared recently that Poland's armies always would guard those frontiers.

California Entry Wins 'Miss America' Award

ATLANTIC CITY, N. J. —(P)—Twenty-one-year-old Marilyn Buford, wearing the ribbon of "Miss California," Saturday night was chosen as "Miss America" of 1946. Rebecca Jane "Becky" McCall, "Miss Arkansas," was second in competition for the beauty diadem, followed by other runners up in this order: Janey Miller, "Miss Atlanta"; Marguerite Eileen McClelland, "Miss Louisiana"; and Arnelia Carol Osmart, "Miss Utah." "Miss America" a blue-eyed brunette from Los Angeles, Calif., and a dramatic student at the University of California at Los Angeles, received the crown of her beauty title from Dr. Guy E. Snavely of Washington, D. C., executive director of the Association of American Colleges. She promenade slowly down the runway, which stretched 116 feet among the 20,000 spectators.

Police Grill Suspect In Houston Slaying

VAN BUREN, ARK. —(P)—A 22-year-old South Carolina man is being questioned here in connection with two murders—one in Oklahoma and another in Texas—Police Chief Vol Russell reported Saturday night. No formal charge had been placed against the man who Chief Russell said had admitted robberies in several states, including Georgia, Florida, South Carolina, Oklahoma and Texas. He probably will be released to Texas authorities for car theft or to South Carolina officers who have warrants out for his arrest on robbery charges, the police chief said. Two sheriff's deputies from Houston are in Van Buren questioning the prisoner in connection with the slaying July 20 on the Houston-Beaumont highway of Roy Jones, and the fatal shooting August 30 of Jerry St. Clair, Tulsa, Okla., police officer. The young man admitted being in the area at the time of Jones' slaying but has denied any connection with the murders, Chief Russell said.

OPA To Use 2,500 Agents In Drive On 'Big Shot' Meat Black Marketeers

WASHINGTON —(P)—OPA's enforcement crew, training for a tough Winter campaign to crack black markets, laid plans Saturday to use squealing small violators to trap the big shots. George Moncharch, deputy OPA administrator in charge of enforcement, said a corner butcher caught peddling black market meat will get off easy if he tells where he got it. "I will be perfectly satisfied," he said, "if not one retailer whom we catch in a serious violation goes to jail—because it will mean we have got from his story of what caused his situation." But for the big operators, he promised, it will be a "rugged" winter and spring. The "screams" expected from all over the country aren't going to stop the drive, he said. The crusade against a black market in meat is intended to keep housewives from paying even more than the \$600,000,000 a year already added to their annual meat bills. The \$600,000,000 is the difference, estimated by OPA, between the cost of meat on June 30, when price controls lapsed, and the higher ceilings which go into effect next Tuesday. The new ceiling prices will mean that retail meat prices will average 3 3/4 cents a pound higher. Meat probably will be scarce after the revised ceilings apply. Deputy OPA Administrator Geoffrey Baker said, in an address Saturday: "We may as well face the fact that there is not enough meat for everybody to get all he wants of every kind. And the fact that we've already eaten part of the supply that would be coming in during the next few months aggravates the situation." Earl W. Clark, regional administrator for OPA in Chicago, said there that OPA Administrator Paul Porter got assurances of cooperation from leading meat packers in making meat price controls work. Backed by a sizeable chunk of the \$100,000,000 Congress gave OPA to continue its work, Moncharch is recruiting and training upwards of 6,000 agents. Around 2,500 will concentrate on meat. With more than 2,000 retail outlets to watch, Moncharch said his black market battlers will not operate like a local police force and check individual complaints. "We tried that years ago and it just about killed up," Moncharch said. Complaints will be sorted by OPA and drives organized to hit at "higher levels," he said.

Texan Leads Search For Strafed, Bombed Truce Team In China

PEIPING —(P)—An American rescue mission of four planes flew into Jehol Province Saturday in search of survivors of a cease-fire team which was reported bombed and strafed by Chinese government planes two days ago. These Chinese Communists, source of the attack report, said three American members were wounded. Present whereabouts of the survivors is unknown here but they were reported to have reached Weichang, 80 miles north of Chengteh. The team was headed by Col. J. H. Rustemeyer of Leavenworth, Kas., Col. John M. Ferguson of Wichita Falls, Texas, led the rescue mission. While lack of communications prevented obtaining confirmation of the attack, an informed source at the American branch of the so-called Truce Executive Headquarters in Peiping said that the Chinese government air force "all along has been a thorn in our side." This source predicted that a strong American protest would be made to Generalissimo Chiang Kai-Shek. "Theoretically the air force should obey agreements made by this tripartite government," the source said, "but actually it never has." On numerous occasions, he said, the warring Communist and Government armies had agreed to local truces, only to have the government air force attack the Communists just as the terms were being obeyed on the ground.

Explosions Rip U. S. Ship In Manila Bay

MANILA —(P)—A series of explosions followed by fire, ripped through the afterpart of the United States Line cargo vessel Star Knot Sunday morning as it lay anchored in Manila Bay, awaiting discharge of cargo. The crew abandoned the ship but reboarded her after the explosions ceased. Firecraft were still pouring chemicals into the afterhold hours later. Capt. Thomas Dorso said the explosion were caused by some 300 cylinders of acetylene and oxygen in a refrigeration hold.

Weather

Some clouds but generally fair weather Sunday. Not much change in temperature. Minimum temperature Saturday was 72 degrees.

U. S. Navy Building Battleship And Cruiser Armed With Robot Rockets Instead Of Guns

WASHINGTON —(P)—The United States, racing to maintain its naval supremacy already is building the world's first atomic age capital ships armed with main batteries of robot rockets instead of guns. The Navy disclosed this Saturday night in a somewhat terse announcement that the 45,000-ton Battleship Kentucky and the 27,000-ton Battlecruiser Hawaii would be "guided missile warships."

Survives Crash

The sole survivor of a Trans-Luxury Airliner crash near Elko, Nev., is Peter Link, 2-year-old, from Brooklyn, N. Y. The tiny lad is doing fine in an Elko hospital. The airliner was en route from Brooklyn to the West Coast and crashed while attempting to land at Elko, Nev. The boy was found about 100 feet from the wreckage, crying and dazed.

Pittsburgh Power Firm Employees To Walkout Tuesday

PITTSBURGH —(P)—A strike of power company employees in Pittsburgh and its heavily industrialized environs Saturday night was called to begin at 12:01 a. m. Tuesday unless a settlement of a wage dispute is negotiated by that time. Such a strike might affect 1,500,000 persons in an 817 square mile area including scores of small industrial communities adjacent to this steel center which receive their electric power supply from the Duquesne Light Company. George L. Mueller, president of an independent union of the company's workers, set the time for the strike Saturday night in a radio broadcast. He said the "two and one-half day delay" in commencement of the strike would give the people ample opportunity to prepare for "this emergency, caused by the mismanagement of the Duquesne Light Company." The union—the Independent Association of Employees of Duquesne Light and Associated Companies, seeks a master contract covering nine groups of employees, a 20 per cent wage increase and profit sharing among other demands.

Explosions Rip U. S. Ship In Manila Bay

MANILA —(P)—A series of explosions followed by fire, ripped through the afterpart of the United States Line cargo vessel Star Knot Sunday morning as it lay anchored in Manila Bay, awaiting discharge of cargo. The crew abandoned the ship but reboarded her after the explosions ceased. Firecraft were still pouring chemicals into the afterhold hours later. Capt. Thomas Dorso said the explosion were caused by some 300 cylinders of acetylene and oxygen in a refrigeration hold. The AFL boss, however, already had given a negative answer to Hannah, who telephoned him from Cleveland Thursday night.

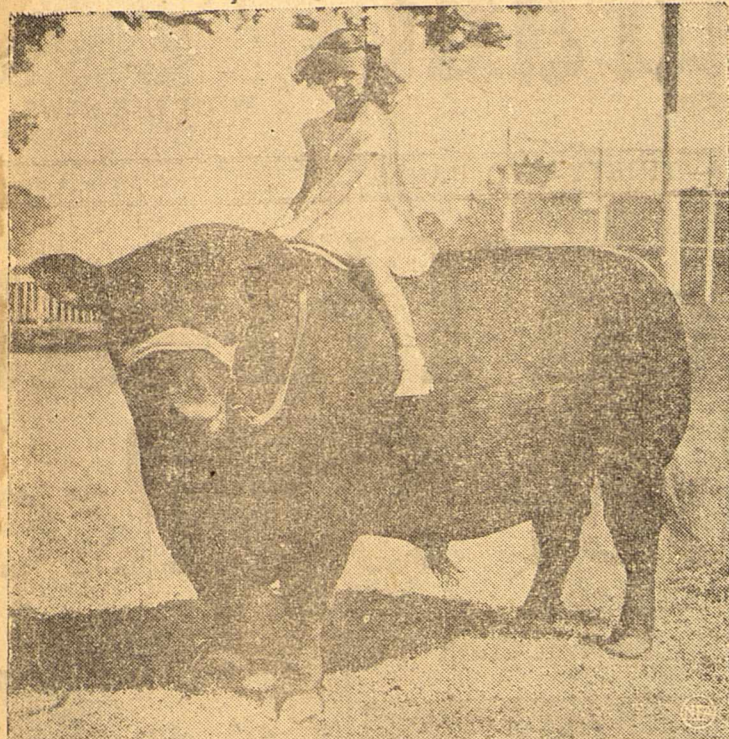

NY Port Agent Defies U. S. To Move Any Ship

LaGuardia Appeals For UNRRA Relief Shipments
By The Associated Press
A spokesman for the American Federation of Labor Saturday night termed "ridiculous" an AFL maritime leader's threat to seek a general strike, as the greatest shipping shutdown in American history slowed the industrial pulse of the nation. The general strike threat came from Paul Hall, New York port agent of the Seafarers International Union (AFL). Hall declared that if the government attempted to move any of the hundreds of strike bound ships in U. S. ports "we will call on all organized labor to come out with us." Philip Pearl of the American Federation of Labor headquarters, said that reports of a general strike threat to back up the maritime strike are "ridiculous" and have "no basis in fact." Pearl, in charge of the information section of the AFL, said he had been assured that the government did not contemplate using troops to man ships. William Green, head of the AFL, who previously expressed support for the seamen, was not available for comment immediately, but the CIO's Philip Murray told a reporter in Chicago "I wouldn't have any comment on a thing like that." In Washington an official in close touch with the situation said there had been discussions of what steps the government could take to supply U. S. troops abroad, in the event of a prolonged strike. UNRRA Director F. H. LaGuardia was in New York to appeal personally to strike leaders to free 125 ships with 250,000 tons of relief cargo for Europe and Asia. But Joseph P. Ryan, head of the International Longshoremen's Association (ILA), said the former New York mayor knew the futility of such a move. The third-day of the strike of 90,000 members of the ITO and the Sailors Union of the Pacific—joined by an estimated 400,000 allied shipworkers' dock hands and CIO seamen—found confusion spreading inland from the nation's hushed seaports. The Association of American Railroad said between 5,000 and 20,000 loaded freight cars were tied up because of the strike. This added to the shortage of rolling equipment desperately needed to move the grain harvest, already piling up on the ground in some of the western areas. The industrial East—doubly punished by a strike of more than 35,000 AFL truck drivers in New York, New Jersey, Virginia and Maryland—was hit by a third walkout of workers particularly vital to 7 1/2 million New Yorkers. Union tugboat crews quit work in the vast New York harbor Saturday on orders of Capt. William Bradley, president of Local 133 of the Marine Division International Longshoremen's Association (ILA), in sympathy with the AFL seamen. Harry Lundberg, head of AFL seamen in the West, said he was permitting his men to continue work on troopships and relief vessels. Secretary of Labor Schwellenbach's personal emissary, Philip Hannah, reached San Francisco to beseech Lundberg for a truce in the paralyzing walkout. The AFL boss, however, already had given a negative answer to Hannah, who telephoned him from Cleveland Thursday night.

Williams To Be Tried In Midland

The second trial of Earl Hamilton Williams, 48, charged with murder in connection with the death of his wife, Beulah, on a Glasscock County ranch on July 6, will be held in Midland on October 14. Judge Cecil Collins announced the transfer Friday after the trial at Garden City last week ended in a hung jury. Judge Collins declared a mistrial after the jury foreman reported a deadlock at 2 p. m. Friday. The jury received the case at 5 p. m. Thursday. The jury reportedly stood at six for acquittal and six for conviction when it stopped deliberations. Forty witnesses gave testimony in the three-day proceedings which opened Tuesday. The Williams case was the second trial for murder to be tried in the 33-year history of Glasscock County.

Husky—And Expensive—Pet

Six-year-old Lois Ann Krout, of Towson, Md., has made a special pet of "Millionaire Blackcap," a \$25,000 Aberdeen-Angus bull entered in the National Angus Show at Baltimore, Md.

Midland Delegation Will Attend State's Democratic Convention

Tom Seal, chairman, will head a Midland County delegation to the State Democratic Convention scheduled in San Antonio Tuesday.

C. C. Harper, one delegate, is certain to attend and Fred Wemple, another delegate, also plans to go. Delegates elected from the county to attend the state session include: Fealy, Ken Regan, vice-chairman, Wemple, John Quaid, W. A. Yeager, John P. Butler, Harper, R. W. Hamilton, J. P. Gibbins, Fred Hogan, Harry Adams, C. S. Longcope, Ralph Barron, James Smith, J. M. DeArmond, J. W. McMillen, Jaul McHargue, R. L. Woods, J. S. Noiland, George Abell, Don Davis, R. M. Turpin, T. D. Kimbrough, and M. C. Ulmer.

The Midland delegation was instructed at a meeting of the County Democratic Convention to "vote for and seek the restoration of the rights of the Democratic Party to prescribe the qualifications of its own members."

The delegation also is charged to vote as a unit on matters of the State Executive Committee.

Building Permits Are Nearing Two Millions

Midland building permits are edging toward \$2,000,000.

Last week permits totaled \$21,650 to bring the 1946 figure to \$1,847,670.

Permits issued went to: B. L. Chandler, \$800, to move dwelling to 808 East Texas Street; Calvin Young, \$2,250, to move dwelling out of city; L. S. Johnson, \$3,000, to build public tile-stucco dwelling, 25 by 34 feet, at 1001 South Baird Street; L. F. Logsdon, \$3,000, to build four-room frame and stucco dwelling, 24 by 26 feet, at 1003 South Baird Street; G. M. Graham, \$7,500, to build lumber and brick dwelling, 28 by 42 feet, at 1202 West Kansas Street; I. P. Evans, \$6,500, to build brick veneer, 28 by 56 feet, at 1207 West Louisiana Street; and C. H. Davis, \$1,000, to build two-car garage, 30 by 24 feet, at 722 West Kansas Street.

Fishermen who search for angle worms at night should use a red light. Ordinary light causes them to retreat into their burrows.

25 Injured in Trolley Crash

Twenty-five persons were treated for injuries in Oakland, Calif., when a San Francisco-Oakland bridge train crashed into a trolley in downtown Oakland. The street car was almost broken in half when the heavy six-car electric train struck it broadside.

(NEA Telephoto)

Rumors Link Greek Prince and Princess Elizabeth of England

LONDON — Rumors of a romance between Princess Elizabeth and Prince Philip of Greece spread across the realm Saturday night despite official denials, and Britons began sizing up the handsome young royal naval officer as a potential prince consort for Britain's next queen.

Court circles said the prince was one of Elizabeth's "circle of friends," and now a guest of the royal family at Balmoral Castle in Scotland. But they denied that he and the 20-year-old heiress presumptive were engaged to marry.

A flood of rumors was started by the Long Star's report of an impending announcement of engagement. But Sir Alan Lascelles, private secretary to the king, issued a statement declaring:

"Princess Elizabeth is not engaged to be married. The report published is incorrect."

The Star, saying the engagement would be announced to the nation at a "time considered suitable by the king and his advisers," added that "until then Buckingham Palace will continue officially to 'know nothing' of the romance."

Prince Philip, a cousin of the Greek King George II, is 25 and a British Royal Navy lieutenant.

Beef Ceilings Hikes Average Eight Cents, Pork Seven, in Texas

DALLAS —(P)—The Dallas regional CPA office announced Saturday meat retail ceiling price increases averaging eight cents a pound for beef and seven to eight cents a pound for pork in Texas, Oklahoma, Kansas and Western Missouri.

The ceilings will take effect Tuesday. New ceilings will raise lamb prices an average of 10 cents a pound and mutton about four cents. Veal cuts and sausages go back to June 30 prices but lard prices are increased 5 1/2 cents a pound.

New ceilings in the region are (grade AA listed first, grade A last):

Beef—Porterhouse steak 56 and 52 cents; round steak 48 and 45 cents; rib roasts (10-inch) 35 and 33 cents.

Lamb—Loin chops 72 and 68

Food, Drink Operators Are Urged To Meeting

A meeting of operators and managers of eating and drinking establishments in Midland will be held with officials of the Midland City-County Health Unit at 9:30 a. m. Wednesday at the City-County Auditorium.

The meeting is important to the health and sanitation of the city, health unit representatives said, and owners and operators of cafes and other food and drink establishments are urged to attend.

Cents; shoulder chops 49 and 46 cents.

Pork—Canadian bacon 82 cents; sliced bacon 43 cents.

The new ceilings on fresh meat will go into effect Tuesday instead of Monday as originally planned. Ceilings on canned meat, lard and shortening will become effective Monday.

Not all cuts of beef were increased in price and most of the increase was in the two top grades.

Psychologist Says Army Did Make Best Use Of Bright GIs

PHILADELPHIA —(P)—Dr. Thomas W. Harrell, University of Illinois psychologist, Saturday offered "circumstantial evidence completely contrary to popular conceptions that the Army kicked bright people around and placed them in routine jobs."

Saying that the Army Air Forces had made a survey of the general intelligence of Air Forces enlisted men doing military jobs which had a definite civilian counterpart, he declared the results were compared with a survey of men who were definitely known to be following the same occupation in military life which they had followed in civilian life.

He told the American Psychological Association that the latter group was thus considered as a "civilian" representation, whereas the former was considered as a "military" representation in the respective jobs.

It was found that the test average of the "civilian" group in the Army's general classification test—which includes arithmetic reasoning, word knowledge, and so forth—was at least five points greater than that of the "military" group.

"I would say the Air Forces did a damned good job in making good use of the intelligence that was available," Harrell added.

Poorest grades, he said, were achieved by "airplane handlers" who "were men who pushed the airplanes around."

The diamond was used in the ancient world as an antidote for poison.

Illinois Pastor Bans Kissing At Weddings

BATAVIA, ILL.—(P)—There'll be no more kissing at a Batavia church during weddings, the pastor ordered Saturday, because it causes "giggles and guffaws."

Instead, he recommended, the bride and groom should hold hands.

"Kissing in public is never in good taste," said the Rev. Walter Schlie of Immanuel Evangelical Lutheran Church in a statement to the congregation.

General kissing of the bride was forbidden in the church, but the pastor's order okayed kissing of the bride by the best man and members of the newlyweds' immediate families in the church vestibule.

Deafened People May Now Hear Clearly

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music, and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 3578, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home—without risking a penny. Write Beltone today.—Adv.

Temporary relief for symptoms of bronchial **ASTHMA** and HAY FEVER. **ASTHMA NEBRIN**. Nebulizer and solution comes in flexible case. CAUTION: Use only as directed. AT YOUR DRUGGIST!

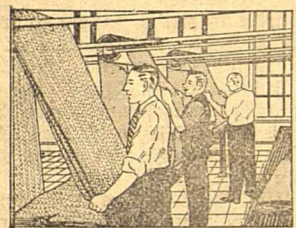

Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pains of stomach ulcers disappear almost immediately. Also recommended for gas pains, indigestion, heartburn due to hyper-acidity. Sufferers may now try this at home by obtaining a bottle of LURIN from their druggist. LURIN contains this new discovery in its purest form. Easy to take. Just mix two teaspoons in a half glass of milk. Costs but little. Must satisfy or money refunded. Lurin for sale by Midland Drug Co. and drug stores everywhere.

After Completing Refresher Course in SMU Music School **WALLACE WIMBERLY** Will Reopen **PIANO STUDIO** September 3rd Phone 1699-M For Appointment

We Wanted You To Have The Finest Clothes In The World

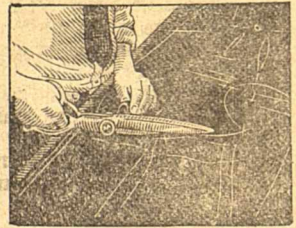

So we signed up **HICKEY FREEMAN**

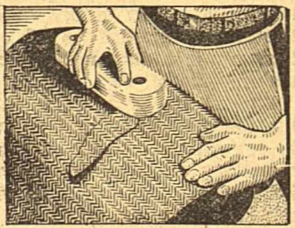

Every yard of Hickey-Freeman fabrics (and they include the finest woolsens two continents know how to weave) is carefully examined, shrunk, conditioned and then re-examined before it is permitted to enter the Hickey-Freeman shops.

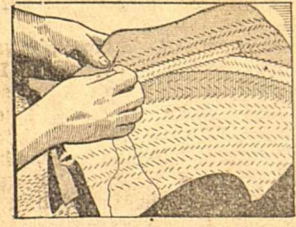

There are plenty of trick pressing machines... But these clothes never made their acquaintance! For no machine can equal the skill of a trained operator. (His teeth hold the pressing cloth...his head holds the knowledge.)

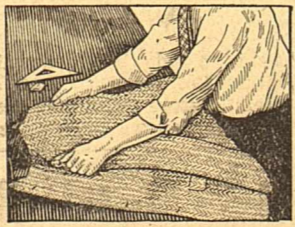

Cheaper clothes are sliced in piles a foot high by machine...but Hickey-Freeman Customized* Clothes are cut slowly, carefully, by hand. That's the way the most accurate results are secured. It's the way the fine merchant tailors operate.

"Clap" down comes the wooden clapper immediately after the pressing iron has passed over the surface of the suit. This is an old quality tailoring method...to force the steam out of the woolen fibres and keep the cloth from swelling!

Hickey-Freeman tailoring is performed in the good old-fashioned way...expertly, painstakingly by hand by skilled craftsmen. Thousands of hand stitches go into the foundation of each suit...actually counted, a specified number to the inch!

Over two hundred craftsmen took part in the tailoring of every Hickey-Freeman garment. And nearly another fifty spent their time checking up on the quality of each operation as it was performed! No wonder these clothes are so superlatively fine!

We never published a truer, more accurate statement than this; that out of all the clothing tailored in the United States... custom made garments included...there is not, to our knowledge, a single, solitary one that surpasses Hickey-Freeman Customized* Clothes for smartness, intrinsic worth and value! Come in...inspect the smart, new styles...and convince yourself.

Deep Underwater Test Of A-Bomb Postponed

WASHINGTON —(P)—The deep underwater atomic bomb test tentatively set for next Spring was indefinitely postponed Saturday by President Truman.

Whether it ever will be held was left indefinite, though the announcement laid stress on the idea that only considerations of the "near future" were involved in the decision and the White House pointed out that the order was not an actual cancellation.

Truman's statement, as the reason for the decision, said the President's military and civilian advisers have concluded that the data the new test would produce is not necessary at this time.

Officers connected with "Operation Crossroads" however, have indicated that a major factor was cost.

Besides Truman's order for a \$650,000,000 cut in this year's naval budget, they mentioned a scarcity of technically trained personnel as a big difficulty.

A civilian evaluation board headed by Senator Hatch, together with the joint chiefs of staff, the chiefs of the Army, Navy, and Air Forces and the secretaries of War and Navy recommended postponing the third Bikini experiment.

The Chinese, members of the so-called yellow race, have only five per cent more yellow in their skin than the white race.

What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As ever advances the "old stomach and the ever-changing blood" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients. Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloot and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh all out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Market Slump Partly Caused By Trend To End Spending Spree

NEW YORK — (AP) — The stock market during the past week suffered its sharpest slump since the secondary crash of 1940, on the largest single day's volume in six years, and Wall Streeters continued to ask themselves "why" without getting a definite answer.

One commission house analyst said:

"The bad break might have reflected the following circumstances: "1. Belief that post-war spending and re-stocking frenzy is nearly over.

"2. Apprehension regarding an international rupture in the near future.

"3. Growing fear that domestic and foreign political turmoil may prevent such basic underlying factors as home building, automobile manufacture, huge agricultural output and exports from taking hold in time to forestall a business decline.

"4. The congestion of new securities offerings.

"5. Renewed strikes and threats of strikes.

O'Daniel's Suit Against Waco Paper Dismissed

FORT WORTH — (AP) — A \$75,000 libel suit brought by U. S. Senator W. Lee O'Daniel against the Southern Publishing Company of Waco, publishers of the Waco Times-Herald, was dismissed Saturday by Judge Young of the 48th District Court.

Defense counsel said the matter had been "mutually adjusted to the satisfaction of all parties." The case was dismissed at the defendant's cost and with prejudice.

O'Daniel brought the suit last March, alleging a libelous article appeared in the Waco newspaper March 17, 1945.

Ward Favored To Win Amateur Golf Tourney

SPRINGFIELD, N. J. — (AP) — Baltusop Golf Club's lower course is all pretied up like an Easter bonnet for the forty-sixth annual week-long U. S. National amateur tournament Monday.

Marvin H. (Bud) Ward of Spokane, Wash., who has worn the crown since 1941, and 149 other amateurs start trudging down the fairway in threesomes Monday.

Among the competitors who will strive to dislodge Ward are such ex-champions as Johnny Goodman of Omaha, Max Marston of Philadelphia, John W. Fischer of Cincinnati and Fort Knox, Ky., Maurice McCarthy, Jr., of Cincinnati, and Robert Sweeney of London, one-time British amateur champion.

James Ukauka of Honolulu, Hawaii's best, and Henry Martell of Edmonton, recent winner of the Canadian amateur title, also are in the field.

However, Ward's strongest opposition is expected from Frank Stranahan of Toledo and Capt. Cary Middlecoff of Memphis.

Little Nations Steal Show At Armed Forces Olympics In Berlin

OLYMPIC STADIUM, BERLIN — (AP) — The "Big Four" took a back seat to the little nations of Europe Saturday as Belgium and Denmark dominated the opening preliminaries of the Armed Forces Olympics in this huge flag-decked stadium with eight nations competing.

Three European Theater army records fell.

Up to meet time, officials had assurances that Russia would be on hand with a team, but the Red Army tracksters never showed up.

While the United States team, led by record-breaking Ed Quirk of St. Louis, showed the most latent power in qualifying men for the finals, Belgium, Denmark and a one-man-track team from Luxembourg captured the crowd's attention.

Quirk broke the ETO 16 pound shot put record with a heave of 50 feet 4.2 inches. The old mark was 48 feet 8 inches.

Belgium's team was paced by Erman Kunnen, crack middle distance runner, who lopped five tenths of a second off the meet 400 meter mark to win one trial easily in 49.1 seconds.

The third record fell to tiny Luxembourg's one man team, Rene Kremer, who broke the javelin mark with a throw of 189 feet 8 inches. The old mark was 180 feet 10 three fourths inches.

36th Vets Convene To Celebrate Salerno Day

FORT WORTH — (AP) — Former wearers of the T-patch greeted buddies here Saturday as the first of an expected 2,000 members of the 36th Division association arrived for their three-day meeting.

Monday they celebrate the third anniversary of the Salerno landing made by the division in Italy.

General Jonathan Wainwright, Fourth Army commander, arrived Saturday morning and will address the convention delegates Sunday. Brig. Gen. H. Miller Ainsworth of Luling, association president, was expected at noon.

Other guests expected included Lt. Gen. Fred L. Walker, and Brig. Gen. John Dahlquist of Washington, both former commanders of the 36th.

Kidnapped Texas Girl Starts Journey Home

RICHMOND, VA. — (AP) — Miss Will Ruth Teague, 18, who told officers she was kidnapped at Texarkana, Texas, and forced to drive two soldiers to Farmville, Va., has been reunited with her sweetheart, J. P. Martin, and has been released from the Prince Edward County jail. She had been held as a material witness against her accused abductors.

FBI officials said Miss Teague had satisfied them with her account of the three-day motor trip. Police Sgt. Walter F. Morton said that Miss Teague and Martin presumably were on their way to Texas.

The accused soldiers, Frank Valentine Famular, 20, of Jersey City, N.J., and Clarence F. Kummert, 19, of Pittsburgh, Pa., are being held in the Richmond city jail pending a hearing September 10 on a charge of kidnapping two Richmond residents, William Abernethy, 21, and his sister, Ruth, 25.

Miss Teague said she escaped her captors when they momentarily left the automobile at a filling station.

British Arrest Nazi Who Blasted Bridges

HERFORD, GERMANY — (AP) — The British announced Saturday the arrest of Josef Grohe, a top ranking Nazi war criminal accused of giving orders to blow the five Rhine bridges at Cologne, one while hundreds of refugees were streaming across it to find safety behind Allied lines.

Grohe, former Reichskommissioner for Northern France and Belgium, was described by the British as being in the "topflight of Nazi officials and major war criminals," and the last Nazi gaudier still at liberty.

He was found in bed by a British intelligence officer on August 21 at Warburg, the announcement said.

Houston Presents Blind Vet Deed To New Home

HOUSTON — (AP) — The darkest days were over for the blind James T. Sanders of Houston Saturday as City Councilman Ward Farrington presented him official title to the home a grateful city built.

The house was complete except for painting before sundown on Labor Day. More than \$4,000 had been contributed by hundreds of people, scarce materials and supplemental furnishings were donated by business firms, and a contractor and workmen gave their time and skills.

Deeply moved, Sanders Saturday could say only "Thank you, sir," as Farrington handed him the piece of paper guaranteeing title to the house and lot.

Mrs. Sanders spoke for the family. "There was a time when things looked dark for us, but they don't any more. We can begin to thank you for all you have done."

Houston Boy Named A&M Cadet Colonel

COLLEGE STATION — (AP) — Edward D. Brandt, Jr., 19, Houston, has been named cadet colonel of the Texas A&M cadet corps for the 1946-47 school year.

Regimental commanders include Cadet Lt. Col. Joseph J. Putegnat, Jr., 18, Brownsville, infantry. Commanding the artillery band is Cadet Captain William S. Dixon, 18, Waco.

Red Star Says Britain Is Preparing For War

LONDON — (AP) — The Soviet army newspaper Red Star flatly accused Britain Saturday of preparing for war.

"Intensive war preparations are now afoot in the Middle East," an article broadcast by the Moscow radio said. "Construction of military installations continues in Trans-Jordan," closely allied to Britain, "and the British command has turned Palestine into a war base."

The British war office, told of the report, said "although it is necessary to keep British troops in the Middle East, their numbers and strength make any talk of preparation for war ridiculous."

Aerial Stunts Open Texas Air Day Show

HARLINGEN — (AP) — Army, Navy and Marine aerial acrobats and exhibition teams looped and twisted over the Harlingen All-Valley Airport Saturday for three hours to open the two-day "Air Day in Texas."

A formation of 29 Navy planes from Corpus Christi flew over the field spelling out "Tex" and then "AAF."

The Army exhibition team included all types of planes except the helicopter. Two P-80 jet planes flew here from San Antonio.

Sunday the Harlingen field will be dedicated formally.

Climax of Saturday's show was a speed run by a P-80 whistling across the field at 1,000 feet, indicating 550 miles per hour.

Beauford Jester, Texas gubernatorial nominee, arrived Saturday night in a twin-engine Cessna.

Man Burns To Death In Gas Truck Fire

TEXARKANA — (AP) — William W. Cooke, 28, burned to death Saturday in the flames of his gasoline truck 23 miles west of Texarkana.

Cooke was en route to Mount Pleasant to pick up a load of gasoline.

Texas State Highway patrolmen reported that Cooke's truck and a transportation company truck driven by C. G. Grimmett, of Dallas, collided. Grimmett escaped injury.

Cooke's survivors include his wife, a son and daughter, and his parents, the Rev. and Mrs. J. C. Cooke of Lockhart, Texas.

U. S. Considers Group To Study Rationing

WASHINGTON — (AP) — Formulation of a committee representing the OPA and the Department of Agriculture to consider all the aspects of whether meat, fats and edible oils might need to be rationed again is under discussion, it was learned Saturday night.

The idea has not progressed beyond the discussion stage so far, an official said. He added that there was no immediate likelihood of a return to rationing.

RED ARMY TANKS TO PARADE IN MOSCOW

LONDON — (AP) — Generalissimo Stalin issued a special order of the day honoring Soviet tankmen and tank makers, the Moscow radio reported Saturday night. He ordered a 20-salvo salute fired in all Soviet capitals Sunday, with a full dress tank division parade through Red Square in Moscow.

COLTS PLAY FORT STOCKTON

The Midland Latin-American Colts will play Fort Stockton in a baseball game here at 3:30 p. m. Sunday.

Two Winkler Discoveries Completed As Flowing Oil Producers; Levelland Field Extender Tests For 300 BOPD

By JAMES C. WATSON
Oil Editor

Official completions have been reported from two new oil discoveries in Winkler County and a one-mile northeast stepout from the Levelland field in Central Hockley County made a 24-hour flowing potential of 659.56 barrels of pipe line oil, from Silurian pay at 8,247-8,507 feet, after that section had been treated with 2,000 gallons of acid.

Corrected gravity of the petroleum was 32.8 degrees and gas-oil ratio was 602-1.

This project, located 1,980 feet from north and east lines of section 20, block 77, psi survey, was low geologically on the lower beds. It drilled to total depth of 11,156 feet in the Simpson, middle Ordovician, and then plugged back and tested the Silurian shows and now has the distinction of being the best producer so far completed from that formation in Winkler County and a discovery from the horizon.

Made 300 Barrels Of Oil
Ralph Lowe No. 1 Sealy-Smith, in West-Southeast Winkler, and about 12 miles southeast of Kermit, made a daily flowing potential of 300 barrels of oil from Holt-Permian section at 5,220-60 feet, after treating with 500 gallons of acid.

The completion test was taken through a one-half inch choke. Gas-oil ratio was 1,200-1. Located 650 feet from south and west lines of section 71, block A, G&MMB&A survey, this well is two and one-half miles west of nearest production from the Tubb zone of the Permian, at around 6,100 feet, in the North Monahans field.

It has been in course of completion for several weeks. Now that the potential test has been run, operator is putting it on regular production.

Hockley Extender Flows
Ballard and Cody No. 1 Talley, in the southwest corner of labor 17, league 773, State Capitol Land survey, one mile northwest of the Levelland field, in Central Hockley County, and about the same distance northwest of the town of Levelland, was flowing Saturday at an estimated rate of 300 barrels of oil per day, from pay section at 4,760-4,845 feet.

The project had swabbed for four barrels per hour, or approximately 100 barrels per day, after an initial acid treatment of 2,000 gallons.

It was given 8,000 gallons more acid Friday, and after most of the load and residue had been swabbed out it was shut in overnight. The well was opened Saturday morning and it kicked off and started flowing. Operator reported that it was producing at the rate of 300 barrels per day. There was a small cut of acid residue, but no formation water had developed.

Informed sources indicated that operator likely would continue flowing the well until it was thoroughly cleaned out and would then take potential test and complete it, as an extension to the Levelland field. Seaboard Cores Ahead.

Seaboard Oil Company of Delaware No. 1 Adkisson, North-Central Lubbock County wildcat, in the Monroe township, cored from 6,024 feet to 6,075 feet, through Tubb-Permian dolomite, in four cores. The specimen had thin streaks showing slight to fair porosity and from slight to good bleeding oil. Operator was coring ahead below 6,075 feet, late Saturday.

Humble To Broadcast Southwest Games

Broadcasts of Southwestern Conference football games this Fall will be brought to radio listeners for the 13th consecutive year by the Humble Oil & Refining Company, with veteran announcers Bill Michaels, Kern Tips, Charlie Jordan and Ves Box, left to right, giving the word picture. In addition, intersectional games in which conference teams will be broadcast. With scores of scrapping GIs back in college uniforms, the 1946 season promises fans the most exciting football in years. Newspapers and Humble stations will carry the games to be broadcast each week.

By JAMES C. WATSON, Oil Editor

ROWAN DRILLING COMPANY ESTABLISHES DIVISION OFFICES IN MIDLAND

—Division headquarters for Rowan Drilling Company for West Texas and New Mexico have been established in the Johnson building at 221 South Loraine Street in Midland.

—The company maintained an office in Odessa for about eight years, until recently. It has been closed.

—The Rowan operations in this area are in charge of Ira French, division superintendent. Cecil Provine is assistant superintendent. Both those men are still living in Odessa. They plan to build homes in Midland as soon as possible.

—Roy Durst, recently released from military service, is division engineer for the company in the Midland office. He also plans to build a home here.

—The Rowan organization is operated by C. L. and Arch H. Rowan, P. W. Brignace and E. O. Bueck. The company has other offices in Fort Worth and Houston.

—The concern is operating 11 rotary rigs in the Permian Basin and in addition has developed and undeveloped oil properties in the territory. It has about 200 persons on its payroll in West Texas and New Mexico.

—The Midland office supervises both the contract drilling being done by the company, and also the operation of its own properties.

ROGERS IS NEW DISTRICT GEOLOGIST FOR TEXACO
—Jesse A. Rogers is the new district geologist for The Texas Company for West Texas and New Mexico. He comes from Pampa, where he has been district geologist for the Panhandle for several years. He was on leave of absence while in military service, from which he was released early in 1946.

—Rogers succeeds the late Ben L. Plicher, who died several weeks ago from injuries received in an automobile accident. He has purchased a home in Grafaland and will move his family here shortly.

—Wendell G. Sanford, who has been assistant district geologist in the Texas Company office, has been promoted to the job vacated by Rogers at Pampa, and will move to that city soon. He has been stationed here about four years.

CONOCO OFFICES MOVED TO DUNAGAN BUILDING
—Continental Oil Company's land, geological and production offices of the Permian Basin have been moved to the new Dunagan building at 601 West Missouri Avenue.

—The move was made over the weekend and the Conoco's say they will be ready for business at the new place early Monday morning.

HARTWELL OPENS OFFICE
—M. T. Hartwell, independent oil operator and consulting geologist, has opened an office in the basement of Hotel Crawford.

PROGRESS HAS PENALTIES
—Lee (Red) Cornelius, of the Gulf Oil Corporation land department, says he is afraid that if Midland continues to grow, as it has been doing recently, that before long it is going to be dangerous to "jay-walk" in the downtown district. He figures that would be inconvenient for a lot of the citizens.

Skelly May Drill Wildcat Seven Miles East Of Lovington To 8,000 Feet

HOBBS, N. M.—Location for a wildcat which may drill to 8,000 feet in East Lea County, about seven miles east of Lovington, has been staked.

The project will be Skelly Oil Company No. 1 E. J. Yadon, and is at center of southwest quarter of northeast quarter of section 11-16s-37e. Operations are to start immediately.

The prospector is about eight miles northeast of the nearest production from the San Andres, at around 5,000 feet, on the northeast side of the Lovington field.

The Skelly wildcat will try to develop production in the San Andres. In the event it is dry in that formation, but is considered to have a favorable structural position, it will be carried on down to test through the full Permian section. Most geologists think that an 8,000-foot hole will go through the entire horizon.

The exploration is at about the center of a block of 5,000 acres Skelly owns in that region. Houston Oil Company, Gulf Oil Corporation and Forest Oil Corporation each have acreage close in to the drillsite.

No Shows in DST
Sun Oil Company No. 1-B McKinley, pre-Permian wildcat on the north side of the Hobbs field, and in northeast quarter of section 17-23s-37e, ran a one-hour drillstem test at 4,803-55 feet. Recovery was 420 feet of drilling mud, with no shows of oil or gas. It has resumed drilling.

The Pure Oil Company No. 1 Federal, Northeast DeBaca County prospector, in section 31-3n-38e, about 13 miles east of Fort Sumner, was making hole below 6,281 feet, in Pennsylvanian lime and shale.

A drillstem test was taken for one hour at 6,257-71 feet. Recovery was 30 feet of slightly gas cut mud. Another test was run for an hour at 6,160-6,271 feet. Recovery was 120 feet of slightly gas cut mud.

Cores through the zone covered by the tests showed poor porosity and no oil stains.

Scattered Wildcats
Magnolia Petroleum Company No. 1 Black Hills unit, Southwest Chaves County exploration, in section 31-17s-29e, was drilling ahead past 3,229 feet in dolomite. It is contracted to 8,000 feet, unless it encounters production at a shallower depth.

Grayburg Oil Company No. 10-A Keeley, North-Central Eddy County wildcat in section 24-17s-29e, and in the Grayburg-Jackson shallow field, was reported by unofficial sources to have progressed below 6,779 feet in an unidentified lime.

Barnsdall Oil Company No. 1 Hardy, 1,980 feet from north, and 690 feet from east lines of section 29-21s-57e, lower Permian wildcat on the northwest side of the Drinkard district of East-Central Lea County, was making hole below 5,447 feet in lime.

It ran a one-hour drillstem test at 5,176-5,215 feet, in the top of the Glorieta section. Recovery was 180 feet of oil and gas cut drilling mud, and 990 feet of sulphur water.

Gas—No Oil
Texas Pacific Coal & Oil Company No. 16-A State, 660 feet from north and east lines of section 11-23s-36e, in the undeveloped region between the Cooper-Jal and the Penrose-Skelly field, in North-Southeast Lea County, ran a drillstem test at 3,702-3,824 feet.

There was a good blow of air for a part of the period. Recovery was 90 feet of drilling mud and 405 feet of drilling mud cut with sulphur water. No signs of oil were developed.

Operator has cemented 51.2-inch casing near bottom and will complete as a gas well from a zone around 3,310-3,555 feet, where it tested for about 4,000,000 cubic feet of gas per day.

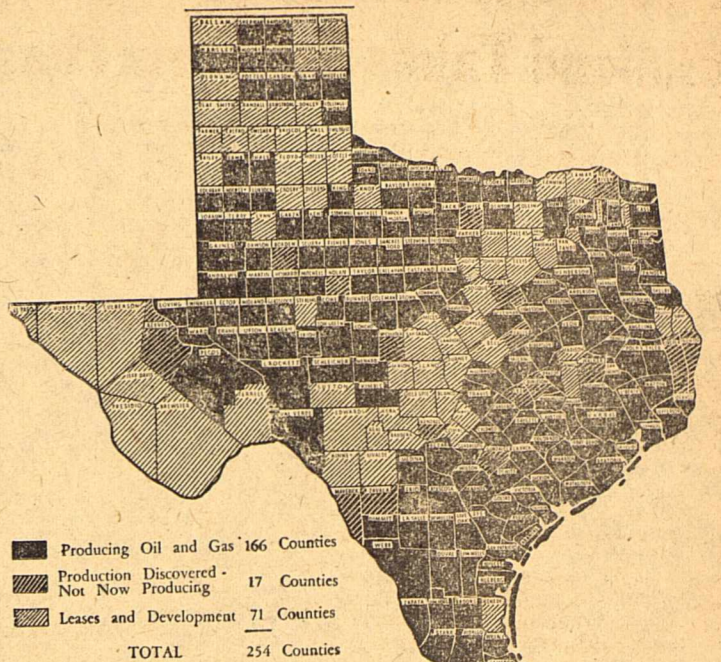

Union Oil Company of California No. 1-A McMillen, South-Central Otero County wildcat, in section 9-25s-13e, has been plugged and abandoned on a total depth of 5,215 feet in dry El Paso lime. No shows of oil or gas were encountered.

Wildcat for Grant County
Location for a 3,000-foot wildcat, 30 miles north of Deming, in Grant County, has been staked by Richard E. Moreland, of San Angelo, and associates.

The project will be in southeast quarter of section 9, range 11, township 20.

Fee name for the exploration has not been reported. It is understood that Moreland, who formerly lived at McCarney, together with C. W. Colgrove and S. W. Binker of Los Angeles, Calif., have leases on several thousand acres of land and federal lands surrounding the location. Drilling with cable tools will start soon.

Oil And Gas Produced In 166 Counties

Oil and gas development covers all of Texas, a map prepared by the Texas Mid-Continent Oil and Gas Association shows. Oil and gas are now produced in approximately 1,100 different fields in 166 counties scattered through Texas, while an additional 17 counties formerly produced. The 71 other counties are now being actively explored for oil and gas, with land under lease for drilling. Nearly 54,000,000 acres, or virtually one-third of the state's total land area, are now leased to Texas oil and gas operators. Last year their lease and royalty payments to Texas farmers, ranchers and other land-owners totaled \$215,000,000, providing a large "extra crop" for Texas agriculturalists. Since 1919 such payments have aggregated more than \$2,000,000,000, or an extra cash bonus of nearly one-seventh of the value of all Texas agricultural crops during this period, the association reported.

Cash In State Funds Climbs Million Dollars
AUSTIN—(AP)—Total cash in all state funds climbed another million dollars in August.

State Treasurer Jesse James Saturday reported the state's cash balance as of August 31 at \$115,998,551, an increase of \$1,013,044 over the previous month.

General revenue, the state's largest fund and barometer of the state's financial condition, showed a cash balance of \$34,094,395, increasing from July's \$33,400,915.

The unallocated clearance fund of \$10,289,720 was down from July's \$11,374,282.

The United States uses more rubber than all other countries of the world combined.

Livestock

FORT WORTH—(AP)—Cattle: no receipts Saturday; weekly roundup; compared close last week—slaughter steers and yearlings and beef cows strong to 50 higher; slaughter calves 50-100 higher; week's tops: 530-pound yearlings 18.00, beef cows 13.50, bulls 12.85, fat calves 16.25, stocker calves 16.50, feeder steers 16.00; week's bulks: common and medium slaughter steers and yearlings 11.50-16.00; medium and good cows 10.00-13.00; good and choice fat calves 14.00-16.00; common and medium stocker and feeder steers, yearlings and calves 14.50-16.00; common and medium 11.50-14.00; stocker cows 8.00-10.00.

Hogs—Compared last week's close: barrows and gilts 45 lower, sows 55 higher, feeder pigs 50 higher; tops: barrows, gilts and sows 16.05, feeder pigs 15.25.

Sheep—Compared week ago: Spring lambs strong, aged ewes 25-50 higher, other classes scarce; week's tops: good Spring lambs 15.50, shorn aged ewes 7.00; week's bulks: medium and good slaughter Spring lambs 14.00-15.50; good ewes 6.75-7.00, few low grade feeder lambs 12.00 down.

All the salt in the world would cover the entire United States with a layer one and one-half miles deep.

Manufacture of confections is worth \$225,000,000 a year in England. The trade supplies work for 49,350 women and 24,650 men.

Winkler County Will Operate Wink Airport
KERMIT—The future of Winkler County, so far as air transportation is concerned, was given a big boost Thursday when county commissioners, in a meeting with the board of directors of Kermit Chamber of Commerce, who sponsored the movement, and the city commission of Wink, passed a resolution whereby the county will take over the huge CAA constructed Wink airport and operate it as a county project to serve both Kermit and Wink.

Plans are underway to apply for federal funds, as allowed under the recently enacted Federal Airport Bill allowing the government to match dollar for dollar for public expenditures, to construct an administration building and other public facilities.

The airport is one of the very few Type Six ports in the Southwest. It was completed by CAA during the war at a cost of approximately \$1,000,000. Runways are from 6,000 to more than 7,000 feet in length, and are completely lighted for night flying. Also on the field are a government operated weather station, a radio beam station, control tower, a 30 by 80-foot hangar, and other improvements.

The port includes 1,000 acres of land leased from the University of Texas with a 50-year paid-up lease, and approximately 87 acres of land which were purchased by the City of Wink to lengthen runways.

One of the first steps planned is the building of a road over the most direct route from Kermit to the field. The city of Wink is to be reimbursed for what it actually has invested in the port, which amounts to approximately \$12,000. This sum includes the 50-year lease, title to the 87 acres of land, the hangar, a five-room residence, and other buildings. Tentative plans are on to call a bond issue to match federal funds for construction of an administrative building and other public facilities.

Shells To Re-Condition Sections of Pipe Line
—Certain sections of Shell Pipe Line Corporation's pipe lines between Denver City and Westbrook, and between Haskell and Wichita Falls are to be cleaned, repaired, painted, coated and rewrapped.

—This work is a part of the company's \$1,000,000 re-conditioning program on its trunk carriers and gathering lines in Texas.

WORK RESUMED AT MAGNOLIA BUILDING
—Work at Magnolia Petroleum Company's new building at West Wall and South Big Spring has been resumed. Representatives of the company think the construction can be continued until completion, without another let-up.

—Delay in getting delivery on structural steel for the frame for the building is given as the reason for the suspension of operations for several weeks.

—Present plans call for the structure to be completed with two floors above ground and a full basement.

OIL HISTORIAN WAS VISITOR IN MIDLAND
—Dr. Carl C. Rister, professor at the University of Oklahoma, who is now working on a special assignment to write a history of the oil industry in the Southwest, was in Midland Saturday collecting information for the book.

Most 3-AA Teams Open Friday, Midland Takes On Ysleta Here

Five 3-AA District teams kick the lid off the 1946 football season come Friday. At home, the Midland High Bulldogs engage the Ysleta Indians in a night go.

Major Bowling League Organized For Midland

A major bowling league was organized at a meeting of the Midland City Bowling Association Friday night. The league, which starts rolling September 18, will be composed of Trol's Gulf, Continental Airlines, Midland Tire, Burl's, Weaver's Texaco, Honolulu Oil, Permian Well, and The Reporter-Telegram.

R. H. (Rusty) Gifford was elected president of the major league and Lee Sharp, secretary-treasurer. Russell Howard is vice-president.

Maxwell Takes Lead In Odessa Tourney

ODESSA (AP)—Billy Maxwell of Abilene took the lead at the 36-hole mark of the Odessa amateur invitation golf tournament Saturday by turning in a three-under-par 69 for a two-day total of 142. Maxwell, tournament medalist, was three strokes ahead of Doug Jones, also of Abilene, who posted a 73 Saturday for a total of 145.

Southern Association Playoff Starts Tuesday

MEMPHIS, TENN. (AP)—The Southern Association's Shaughnessy playoff—the four-way scramble for \$4,500 in cash and the privilege of competing in the Dixie Series—will open Tuesday night at Atlanta and Memphis.

Mangrum, Snead Tie In Winner-Take-All Meet

CHICAGO (AP)—World ex-service-men, U. S. Open Champion Lloyd Mangrum and British Open titlist Sammy Snead, thumped identical three-under-par 69's Saturday to share the halfway lead in George S. May's unique \$10,000 "world championship" golf tournament.

Williams Knocks 35th Homer But A's Win

PHILADELPHIA (AP)—The Athletics momentarily halted the Boston Red Sox' clinching of the American League pennant with a 2 to 1 victory before about 10,000 Saturday behind the five hit pitching of Jesse Flores who registered his sixth straight. Oskar Grimes homered for the A's in the fifth and Ted Williams knocked his 35th four-bagger with no one on in the ninth.

Cincinnati Rallies In 11th To Beat Cubs, 9-5

CHICAGO (AP)—Benny Zientara's double sparked a four-run eleventh inning as the Cincinnati Reds defeated the Chicago Cubs, 9-5, Saturday before 13,431 persons.

Pigskin Preview Is Held

By TANNER LAINE
New Coach Barnes Milan hit the keynote of the 1946 "Pigskin Preview" when he said "this is your team. It belongs to Midland."

The event was a preview of the high school football team presented Saturday night at the high school stadium before a good crowd of fans. It was sponsored by the Bulldog Booster Club.

Clint Dunagan welcomed fans to the "Pigskin Preview of 1946." John Scroggin, representing the Booster Club, introduced Frank Monroe, school superintendent.

Harlan Howell, principal, took over and introduced Head Coach Barnes Milan, who presented his staff. It consists of Earl Glasie, Jack Mashburn, Aubra Noncaster, Cameron Neal and Henry Kerns.

Alma Fay Cowden, 1946 cheer leader, was presented. She said MHS would have a uniformed pep squad this year and it would like to attend all games.

Pat Kneiff, president of the Midland Coaches and Officials Association, explained 1946 rule changes. He demonstrated with Bulldog players.

It is the quality of sportsmen and big men to forget the squabbles of a playing field the minute the last ball is tossed. We sincerely believe every Oil Scout and every Reporter is a sportsman and a big man. Until proved otherwise by carrying a grudge or dying hard, win or lose, one can then say the Oil Scouts and the Reporter are among first place citizens of Midland and sportsmen.

Fine Softball Park Is Proposed By Two Individuals For Midland

One of the finest athletic parks in Texas will be Midland's if a project of two young veterans and businessmen goes through. It would offer a good recreation spot for the city.

Coaches, Officials Gather In Midland For Rules Meeting

Coaches and officials from all over West Texas were in Midland Sunday for the first annual Midland Coaches and Officials Association Rules Clinic.

Following a luncheon, the afternoon lecture was due at 2 p. m. Despite conflicts with rule meetings at San Angelo and Lubbock, the Midland party drew well from West Texas because of Curtis.

It was open to the public and sportsmen of all West Texas. Many coaches were here from 3-AA and the smaller leagues.

Steers To Stress Running Game If Layne Inducted

AUSTIN (AP)—Observers of Longhorn football had arrived at one obvious conclusion as the first week of fall practice ended Saturday.

Nearly 3,000 fans poured into Memorial Stadium Saturday to watch the Steers' first inter-squad practice of the season.

Showing most promise as a potential replacement for Layne in the aerial department is Frank Guess, 190-pound sophomore from Wharton, who played with the Longhorns as a freshman in 1942.

Best news of the week for the Longhorns was the return of Herbert Bechtel, all-American end for the past two years. Bechtel had earlier decided to play at Texas Tech, where he was a freshman in 1943.

Pirates Knock Off Mighty Cards, 9-2

ST. LOUIS (AP)—The Pittsburgh Pirates pulled a fifth inning grand slam to upstage the St. Louis Cardinals' ace left-hander Howie Pollet and defeated the Redbirds 9 to 2 Saturday night, showing St. Louis down to only a game and a half ahead of the second place Brooklyn Dodgers.

land halfback, is out for the Baylor eleven. Windell Williams is prominent in news releases from Rice institute. The big, burly boy will be a Southwest standout this season. Lawrence King, a good tackle prospect at Midland High, enlisted in the Army and is at Fort Dix, N. J.

Yanks Use Three Homers To Beat Senators, 7-4
NEW YORK (AP)—Sparked by Tom Henrich's two home runs and another by Charlie Keller, the New York Yankees Saturday defeated the Washington Senators 7-4.

Yanks Use Three Homers To Beat Senators, 7-4
NEW YORK (AP)—Sparked by Tom Henrich's two home runs and another by Charlie Keller, the New York Yankees Saturday defeated the Washington Senators 7-4.

Earning Her Letters

Pretty Maxine Justak helps hubby, Ray, 1944 captain of Northwestern football team, with law studies by typing briefs. Time saved goes to Justak more for grid practice.

Excellent Plant Of Midland Gun Club Near Completion

The public is invited to drive out and look over the plant of the Midland Gun Club on West Highway 80.

Announcement will be made soon of the opening shoot. The Midland Gun Club has 93 members and 15 more are expected soon.

Kirby Higbe Hurls One-Hitter As Brooks Beat Giants, 4 To 1

BROOKLYN (AP)—Kirby Higbe turned in a magnificent one-hitter against the New York Giants as the Brooklyn pennant contenders opened a 14-game home stand with a 4-1 victory to cut the St. Louis Cardinals' National League lead to two games. A capacity crowd of 31,177 watched the game.

Tom Brown Surprises Fans With Smashing Win In National
FOREST HILLS (AP)—There no longer was any doubt Saturday night that a new and brilliant star had shown up in the world tennis firmament—not after 15,000 peep-eyed fans had watched that slaming ex-mortar gunner from San Francisco, Tom Brown, Jr., give Gardner Mulloy of Miami an unmerciful 6-4, 6-2, 6-4 beating in the national semi-finals.

Pirates Knock Off Mighty Cards, 9-2
ST. LOUIS (AP)—The Pittsburgh Pirates pulled a fifth inning grand slam to upstage the St. Louis Cardinals' ace left-hander Howie Pollet and defeated the Redbirds 9 to 2 Saturday night, showing St. Louis down to only a game and a half ahead of the second place Brooklyn Dodgers.

WANTED!

ALL MILK BOTTLES Please! AND WE NEED THEM AT ONCE!

Yes, we are desperately in need of your empty milk bottles. There are literally THOUSANDS of empty milk bottles hiding somewhere. And they must be put into use, because, only by getting them back into service can your milk distributors maintain your normal milk supply. It is impossible to buy new bottles at this time.

So, please, comb the storage room, and the back porch, and the garage, and gather all the empty milk bottles you possibly can and return them to your grocer at once.

TED SAYS: HOME OWNERS!
Do you have enough fire insurance on your home and other valuables? For instance, if you bought your home in 1939 and got a loan of approximately \$3,500 they only required approximately \$3,500 of fire insurance. And on the present day market it is worth probably twice this much. Do you have that additional \$3,500 in case of loss by fire?
And is your furniture and clothing properly insured? Remember these items are scarce and are hard to buy if you have to replace what you have. In case of fire, Insurance is mighty nice to have.
On your automobile... if it should suddenly catch fire and burn up or someone should smash into your car and completely demolish it, you should have insurance to protect your interest.
These are just a few matters to your own interest that I am reminding you of. And I might add that if you are properly insured, regardless of what kind and type of insurance you need, we represent only the largest stock companies and we appreciate increasing your insurance or writing your new policies.

MR. PROPERTY OWNER!
Is your house for sale? Or do you know of a house for sale? If so, our agency has clients waiting for two and three bedroom houses. Call us today and list your property and forget the worries of trying to sell it yourself. Any piece of property that is sold sooner or later will pass through the hands of a real estate agent, and we are properly qualified to take care of your sale contracts and warranty deeds. This agency has loan connections with some of the largest life insurance companies in the country. They will loan money to buy homes, business property, and various needs that you might have for a loan of from \$3,000 to \$3,000,000. We promise you correct and accurate service in selling your home or getting your loan.

SPECIAL ATTENTION TO THE FOLLOWING LISTINGS
if you are interested in some nice homes, tracts or lots:
★ Large eight room brick home, two complete sets of baths, wood burning fireplace, two sets of kitchen cabinets, completely re-decorated inside, double garage, a three room furnished servants room. Beautifully landscaped 60x140 ft. lot, perfectly located on paved West Texas Street. Don't overlook this piece of property if you are interested in a real home. \$25,000 total price. Terms can be arranged.
★ Large four room and bath furnished with garage and two well landscaped lots. Immediate possession. \$6,600. Terms can be arranged.
★ A five acre tract just off Andrews Highway, perfectly located near electricity and gas. Will make a beautiful homestead for only \$900.00.
★ Forty acres on paved North Big Spring St. More than 1,300 feet facing pavement. Will make beautiful and perfectly located subdivision and can be bought worth the money.
★ Six business lots located downtown. A real buy this week for only \$12,000.

Let me remind you again if you need insurance, a loan for any purpose any size above \$3,000 if you have a home or piece of property you want to sell or if you want to buy a home or a piece of property of any description for any purpose—CALL

Insurance to meet all requirements

TED SAYS: HOME OWNERS!
Do you have enough fire insurance on your home and other valuables? For instance, if you bought your home in 1939 and got a loan of approximately \$3,500 they only required approximately \$3,500 of fire insurance. And on the present day market it is worth probably twice this much. Do you have that additional \$3,500 in case of loss by fire?
And is your furniture and clothing properly insured? Remember these items are scarce and are hard to buy if you have to replace what you have. In case of fire, Insurance is mighty nice to have.
On your automobile... if it should suddenly catch fire and burn up or someone should smash into your car and completely demolish it, you should have insurance to protect your interest.
These are just a few matters to your own interest that I am reminding you of. And I might add that if you are properly insured, regardless of what kind and type of insurance you need, we represent only the largest stock companies and we appreciate increasing your insurance or writing your new policies.

Chamber Of Commerce Directors Will Meet

The September meeting of directors of the Midland Chamber of Commerce will be held in the Private Dining Room of the Scharbauer Hotel at 8 p. m. Monday, O. C. Harper, president, said Saturday.

A report from the special resolutions committee appointed at the August meeting will be heard. Tom Sealy is chairman of the committee.

Other committee reports will be heard and several business matters will be acted upon, Harper said. He urged a full attendance of board members.

In Summer, the Washington Monument is a half inch taller than it is in Winter.

A Few Questions To Ask The

PRINTING PEDDLER

?

When the peddler selling stationery and printing supplies solicits your business there are a few very applicable questions which he should be willing to answer to your satisfaction. Among them being:

- Does he pay taxes in this community?
- Can he supply your order on short notice?
- Does he donate space in his newspaper to your local community enterprises?—or does he donate any sum to projects that require finances?
- Does he pay wages to a force of employees located in Midland—who in turn trade with you?
- Does his newspaper devote its entire space toward the betterment and upbuilding of this community?
- Does he grant you every favor that you would ordinarily ask of a local newspaper?
- Does the quality of his merchandise stand inspection?—is it on quality paper stock and the printed matter attractively arranged?
- Will he submit proof of your work before finishing and mailing it to you C.O.D.?
- Does his price include the postage and insurance charges?
- If he can answer all of the above questions in the affirmative, he is entitled to your business.

If Not — Consult Us

He Wants His Boss's Job

Albert P. Morano, executive secretary for Rep. Clare Boothe Luce, of Connecticut, with whom he's pictured above, has announced his candidacy to succeed her in Congress. Mrs. Luce has said she will not run for re-election and is expected to support his bid.

Building Permits, Utilities, School Enrollment Point To City's Growth

By TANNER LAINE
Midland is growing, growing, growing! Increased building permits, telephone connections, public school enrollment, bank deposits, postal receipts, water meter connections, gas meters, utility meters, and general population growth, prove it. One contributor is the increased activity in the oil industry in the Permian Basin of which Midland is the capital. Practically all oil companies headquartered in Midland have increased or are increasing their offices and staffs. Four new office buildings now under construction will help furnish them office accommodations. One major company is moving its entire production department from Amarillo to Midland. Another has leased eight floors of the 12-story Petroleum Building. It formerly occupied one and one-half floors. This same company reportedly is moving 195 families to Midland. Plans of other companies call for expansion when space is available. **Building Zoons** In 1940 Midland had \$814,116 in construction permits. The figure Saturday for 1946 was \$1,847,670. Telephone connections have increased from 2,683 in 1940 to 4,299 in 1946. Public school enrollment has increased from 2,237 in 1940 to a scholastic census of 3,222 for the term opening Monday. By years the school enrollment since 1940 has been: 2,320 in 1941; 2,404 in 1942; 2,530 in 1943; 2,602 in 1944; 3,006 in 1945. Bank deposits have increased from \$4,982,968.65 in 1940 to \$22,658,220.85 as of Dec. 31, 1945. Bank deposits by years since 1940 were: \$5,548,444.28 in 1941; \$8,082,569.56 in 1942; \$10,723,498.96 in 1943; \$17,505,997.63 in 1944. Postal receipts have increased from \$77,123.62 in 1940 to \$190,818.90 in 1945. By years since 1940 postal receipts were: \$88,091.17 in 1941; \$109,833.29 in 1942; \$121,151.52 in 1943; \$159,431.46 in 1944. Water meters have increased from 1,764 in 1940 to 2,630 in 1946 (July 1). Water meters by years since 1940 were: 1,878 in 1941; 1,968 in 1942; 2,065 in 1943; 2,100 in 1944; 2,578 in 1945. Gas meters have increased from 1,742 in 1940 to 2,636 in 1946 (July 1). Gas meters by years were: 1,967 in 1941; 2,100 in 1942; 2,195 in 1943; 2,366 in 1944; 2,512 in 1945. Other utility connections have increased proportionately. As for population, in 1940 Midland had 9,352 persons. Estimates of the growth are: 12,000 in 1943, 14,000 in 1945, and 17,000 in 1946. The estimates were based on increased utility connections and the calculations of directory company compiling a new City Directory.

Albania To Take Charges Against Greece To UN

LAKE SUCCESS —(AP)—Albania Saturday drafted a series of bitter charges against Greece which its representatives hopes to present personally Monday when the Security Council again takes up the Soviet Ukraine's complaint against Greece and Great Britain. Col. Tuk Jakova, Albanian minister without portfolio, has demanded a seat at the table to offer his side of the case, and this Soviet-supported move was expected to touch off another sharp debate. Persons close to Jakova said the charges would center around these points:

1. A new list of Greek-Albanian border incidents which Jakova holds are being provoked by the Greeks.
 2. Contentions that the Greeks are persecuting Albanian minorities in Chamuria in Northern Greece.
 3. A detailed rebuttal to Greek claims on Northern Epirus (Southern Albania).
- It was understood that the United States would not oppose Jakova's bid for a seat, a precedent-setting request in that a non-member of the UN never before has been granted a place at the council table. However, Great Britain contends

GOP Pins Red Label On Democrats As Campaign Tactic

WASHINGTON —(AP)—Republicans are attempting to pin a Communist label on some Democratic opponents in a crescendo of attacks indicating they hope to make this charge a major issue in the November congressional elections. Democrats generally are meeting this maneuver by calling the charge untrue and asserting the Republicans are appealing to prejudice. GOP Chairman Carroll Reece and Gov. Thomas E. Dewey of New York took the lead this week in almost simultaneous assaults on what they termed the Left-Wing connections of the regular Democratic Party. Sen. Hickenlooper (R-Iowa) told a reporter it is his judgment that the issue of American relations with Russia is beginning to loom large in the congressional campaign in the Midwest. In an editorial in the current issue of the Republican News, Reece quoted comments of the Russian trade newspaper "Trud" to support his charge that there is a "sympathetic understanding between the Moscow dictatorship and the PAC." In a radio speech attacking the Democrats' nomination of Henry Epstein for associate judge of the New York Court of Appeals, Dewey charged that the Democrats were "buying" American Labor Party support for the rest of their ticket. Paul Fitzpatrick, Democratic state chairman, fired back that Dewey's charge was false and was a "calculated appeal to prejudice."

Until the Empire State Building was completed, the Eiffel Tower was the tallest building in the world. There is no case and was expected to question the request. It was not established whether the Netherlands, which along with Great Britain would like to throw out the whole complaint, would join directly in such opposition.

Aihens City Officials Quit After Gunfire

ATHENS, TENN. —(AP)—Mayor Paul Walker and the city board of aldermen resigned Friday because "we now find the safety of ourselves and our families jeopardized by continuing the city government." Athens was the scene of the recent McMinn County election gun battle. McMinn County Sheriff Knox Henry said two shots were fired into the home of City Alderman Hugh Riggs early Thursday. He reported that the shots apparently were fired from a slow-moving automobile. The Veterans of Foreign Wars and American Legion Post of McMinn County had asked Riggs to resign after the August 1 election. The political organization of Paul Cantrell was ousted following the recent election gun battle. Veterans called Riggs a "Cantrell man."

"We fully realize that our resignation, as a group, is a drastic action, but it is our considered judgment we cannot serve the community effectively, any longer," Mayor Walker said in a prepared statement. Walker said later: "We tried sincerely to work with the G.I.'s," he commented. "But every program we'd attempt would only cause more trouble in Athens. We're just washing our hands of the whole matter."

Rover Boy

Five-year-old Jimmy Carney, of Jersey City, N. J., is probably the nation's unofficial runaway champion. He's pictured after being brought home from his 32nd wandering in the last 18 months. This time the 3½-foot, 40-pound rover rode a ferry across the Hudson river, traveled the subway many miles to the Bronx, where New York police picked him up.

SECTION TWO

Young People Of Midland Make Last Minute Plans To Complete Preparations Before Enrolling In Colleges And Universities In Many States

Young people of Midland are making last minute plans for treks across the country and to Texas cities to enroll as freshmen in various colleges and universities. They are looking forward with much anticipation to rush week while those who have completed their freshman year are making plans for continuation of studies and social activities on the campus.

Proving to be the most popular with the Midland college group are the University of Texas in Austin, Texas Tech in Lubbock, Hardin-Simmons in Abilene and Texas Christian University in Fort Worth. While the majority of young people from this city have selected Texas colleges and universities, others will go out of the state. Midland will be represented in colleges in Oklahoma, Virginia, Tennessee, Louisiana, Missouri, Mississippi, New Mexico, Maryland, Colorado, and California.

Representing Midland at the University of Texas will be Ernest Walter Anguish, Jr., Mary Rebecca Bird, John Drummond, Charles David Vertrees, Jr., Mr. and Mrs. Calvin Campbell, Elinor Hedrick, Jim McHargue, Dorothy Watson, Mary Fern Bray, Billy Noble, Elma Jean Noble, Joe Norman, Billye Jane Gernon, Ellana Eastham, Belva Jo Knight, Mr. and Mrs. Fred Forster, Jr., Jean Louis, Bobbie Jean Gibbins, Max Allen, Edwin Amerson, Margaret Ann Bissell, Paul Anderson, and Jack Rhodes. Otelia Flynt will enroll at the university in February.

Among the students at Hardin-Simmons in Abilene will be Mary Elizabeth Arnett, Nancy Jo Booth, Barbara Ann Brown, Virginia Dungan, Mary Frances Phillips, Patsy Ruth Shoemaker, Rosa Dee Spears, Garrett Arnett, Eldon Gerald Foster, Henry Scott, Robert Wheeler, Leonard Leftwich, Charlie Kelley, Leroy Hall, Bill Hall, Sylvia Holliman, and Vaughny Joy Holliday. Texas Christian University in Fort Worth is the choice of Grace

Will Make Home In Dallas

Miss Juanita Red, daughter of Mr. and Mrs. Vernon L. Red of Midland, before her marriage Saturday in Denton. Mr. and Mrs. McClure will make their home in Dallas where he will attend Southern Methodist University.

Miss Juanita Red Becomes Bride Of Robert D. McClure In Denton Rites

Before an altar banked with white gladioli, palms, and ferns, and white candles in candelabra, Miss Juanita Red, daughter of Mr. and Mrs. Vernon L. Red, Midland, became the bride of Robert D. McClure, Denton, Saturday in the Little Chapel-in-the-Woods on the campus of Texas State College for Women in Denton.

The Rev. Frank Weedon, pastor of the Denton First Baptist Church, officiated.

Given in marriage by her father, the bride wore a white gown fashioned with a chantilly lace long-sleeved blouse and mouse-ling-dress-skirt which fell into a train. She wore a fingertip veil of illusion attached to a lace coronet. Her flowers were in a bouquet arranged with a white orchid surrounded with stephanotis and tied with satin streamers.

Mrs. L. L. Clayton, Jr., Oklahoma City, attended her sister-in-law as matron of honor. She wore a dress of blue net and her bouquet was of pink asters. Miss Wanda Votaw, Oklahoma City, former classmate of the bride, attended as maid of honor. Her dress was rose net and she carried a bouquet of blue asters. Marcie McCormick, Midland, was flower girl. Her dress was fashioned after the bridal gown.

Attending the bridegroom as best man was Ed R. Crissey, Dallas. Homer C. Jones, Thoreau, N. M., was usher.

Music was furnished by Miss Mary E. Cypert, Oklahoma City, vocalist, and Miss Jean O'Brien, Denton, organist. Miss Cypert sang "A Sweet Mystery of Life" and "Because." Miss O'Brien presented "Clair de Lune" and "I Love You Truly" before the ceremony, and played "Always" during the ceremony.

Mrs. McClure was graduated from TSCW in 1945 where she was a member of Phi Kappa Phi Literary Club, Mary Schwartz Rose Club, and TSCW Dietetic Association. She has been employed as dietitian at Barnes Hospital, St. Louis, Mo. Mr. McClure is a student at Southern Methodist University, Dallas, where the couple will make their home after a wedding trip.

TEA AT HAL C. PECK HOME WILL HONOR EPISCOPAL AUXILIARY

Activities for the Woman's Auxiliary of the Trinity Episcopal Church will be resumed for the fall and winter months with the first event to be a tea from 3 to 5 p. m. Monday at the home of Mrs. Hal C. Peck.

New members of the Auxiliary will be guests of honor. Other women interested in the Episcopal Church also are invited to attend the entertainment.

VISITS IN FLORIDA

Miss Jane Butler left Thursday for Pompano, Fla., where she will visit friends before resuming her studies at Goucher in Baltimore, Md. She is the daughter of Mr. and Mrs. John P. Butler.

PAMPA VISITORS

Mr. and Mrs. Claude Campbell of Pampa are visiting with Mr. and Mrs. John Darcen.

DAR Program To Observe Signing Of Constitution

A program in observance of the signing of the Constitution of the United States September 17, 1787, will be presented at the opening meeting of the fall season for the DAR to be held in form of a luncheon at 1:30 p. m. Tuesday at the Ranch House.

John Perkins, veteran of World War I and II, will be guest speaker for the occasion.

Interesting facts will be told concerning the convention which met to frame the Constitution. George Washington was unanimously chosen as president when 55 of the 73 convention delegates convened on July 25, 1787, in Philadelphia and adjourned September 17, the day the Constitution was signed.

This convention met behind closed doors and imposed a bond of secrecy on its members as to the differences and disputes which divided them and the obligation was never violated.

The original document is on display in a specially constructed shrine in the Library of Congress, Washington, D. C.

Mrs. Erle Payne, regent of the Midland chapter, will preside during the meeting.

Officers To Serve

Officers to serve with Mrs. Payne are Mrs. Thomas Sealy, first vice-regent; Mrs. Ernest Sidwell, second vice-regent; Mrs. W. B. Neely, recording secretary; Mrs. Ben Golladay, treasurer; Mrs. E. W. Smith, chaplain; Mrs. Jack Wilkinson, historian; Mrs. Harvey Herd, registrar; and Mrs. W. N. Osborn, corresponding secretary.

Other members are Meses. George Abell, Frank Aldrich, E. F. Alstrin, E. I. Bailey, E. G. Bedford, Ben Black, R. D. Blaydes, John P. Butler, Frank Cowden, Frank T. Conner, Stanley Davis, Frank Elkin, W. H. Gilmore, George Glass, R. W. Hamilton, Hubert H. Hopper, George Kidd, Waldo Leggett, Jack Lively, Edward Mancill, John Perkins, Earl Powell, R. R. Porterfield.

George Ratliff, J. D. Robinson, Eugene Russell, Charles Sherwood, P. M. Simms, Stone, W. B. Stowe, Jim Tom, H. C. Wheeler, C. A. Bolton and N. D. Simmons.

Fall Entertainment Season For Minuet Club To Open Oct. 4

The fall entertainment season for the Minuet Club will begin with a dance to be held Friday, Oct. 4. Mrs. P. W. Anderson is president of the club and Mrs. J. H. Herd is chairman of the music committee. Serving on the board of directors are Meses. Frank Ashby, David Henderson, M. T. Hartwell, W. T. Hoey, Preston Lea, and Earl Mygdal.

BROWNWOOD VISITOR

Mrs. R. M. Frachiseur of Brownwood is spending the weekend with her daughter, Miss Paye Frachiseur.

Business And Social Meet Held By Members Of Boone Bible Class

Members of the Boone Bible Class of the First Methodist Church met for a business and social meeting Friday at the home of the class president, Mrs. Alton Brown, 1000 North Big Spring.

Reports were presented by Mrs. Barney Barnard, treasurer, and committee chairman. Announcement was made by Mrs. F. H. McGuigan, chairman of the nominating committee, that a slate of officers will be presented for election within two weeks at a regular meeting. New officers will begin their duties in October.

Committees were appointed and plans were made for a project to start at the next business session to be held October 4. A covered-dish luncheon will be served during the noon hour.

Refreshments were served by the hostess to Meses, Howard H. Hollowell, B. F. McGuigan, Joe V. Birdwell, Barney Barnard, Earl Chapman, Paul C. Smith, C. H. Shepard, R. E. Klebold, W. M. Sartain, B. W. Golladay, Eddington, and J. R. Hathaway.

EAST OVER ADDITION CLEANUP CAMPAIGN

The sanitation and civic committees of the negro chamber of commerce will meet at 7 p. m. Monday at the Carver School to complete plans for the cleanup campaign for Eastover Addition.

All persons living in this addition are asked to attend the meeting.

There are approximately 11,000-20,000 orphans and half-orphans in Europe today.

Long Bob Shows Off Lustrous Hair

A long bob shows off lustrous hair to better advantage than short-cropped locks.

By ALICIA HART

NEA Staff Writer
Don't give in to the end-of-summer temptation to cut your hair short. Stray ends or stringy locks to the contrary notwithstanding — you can always recondition these—guard long tresses from scissors.

Why? A wise New York hairdresser, who says he's seen too many customers rue their folly of cutting locks short, gives you three good reasons. To these, any girl in a shall-I-should-I argument with herself should listen.

No. 1: Sheen and color show up to best advantage in long hair.

No. 2: It requires a minimum of upkeep and lends itself gracefully to four basic arrangements: a loose and flowing bob; a page boy bob; a back bun; a topknot.

No. 3: Men like long hair.

Miss Syfrett, Shaw Marry In Kermit

KERMIT—Miss Phillis Syfrett and V. L. Shaw, Jr., were married at high noon Sunday, September 1, at the First Baptist Church with the Rev. Strauss Atkinson reading the double-ring ceremony.

Miss Arnold Week, Lubbock, sister of the bride, was bride's maid, and her husband was best man.

Immediately following the wedding a reception was held at the airport home of Drs. Cecil and Rose Robinson. White and pink featured decorations.

After the reception the couple left for a honeymoon trip to El Paso.

The bride is the daughter of Mrs. Hattie Leslie, and the bridegroom is the son of Mr. and Mrs. V. L. Shaw, both of Kermit. Both are graduates of Kermit High School. He recently received his discharge after overseas duty.

Present for the wedding reception were Mr. and Mrs. V. L. Shaw, Sr., Mr. and Mrs. Bill Owen and son of Goldsmith; Mr. and Mrs. Arnold Week and son of Lubbock; Mrs. Jimmie Cloud, Miss Evelyn Reggan, A. L. Syfrett, Lubbock; Mrs. Julia Alexander, Turlock, Calif.; Mrs. Doris Nunn Crane, and Mrs. Hattie Leslie.

VISITS ENROUTE TO PORTALES

Miss Ruth Carden visited in Midland this week enroute to Portales, N. M., where she will be a professor in the English department at Eastern New Mexico State College. Miss Carden taught English in Midland High School for several years.

Activities Set For Kermit Girl Scouts

KERMIT—A Fall program of increased activities for local Girl Scouting was started Wednesday when the executive committee of the Kermit organization met at the home of Mrs. J. M. Waddell and elected officers to fill vacancies on the executive board.

A covered dish luncheon for the board, intermediate leaders and committee women was planned for September 14. At this meeting, which will be held in the school cafeteria, general discussions and plans for the coming year will be made for intermediate Girl Scouting.

Mrs. E. G. Blundell, chairman of the nominating committee, reported the following board members who were named in Wednesday's meeting:

Mrs. W. H. McClure, vice-president; Mrs. Earl Mills, camp chairman, and Mrs. Charlie Green, publicity chairman.

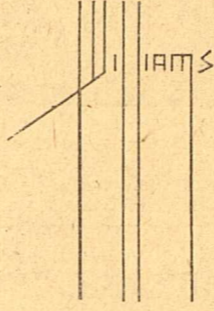

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unattractive weight and helping back altering curves and graceful slenderness. Just get from your druggist, four ounces of liquid Barconate (formerly called Barcol Concentrate). Add enough grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Kermit Schools Have Record Enrollment

KERMIT—The 1946-47 term for Kermit Schools opened in full swing Friday morning with a total enrollment of 1,105 students, according to S. M. Melton, superintendent. Of this number 238 students are in the four high school grades and 867 children are enrolled in the grammar grades.

The enrollment for opening date this year, Melton continued, is an increase over that of last year.

Work on the new building is progressing according to schedule, and plans are for it to be put into use by the first of the year.

James H. Walker Receives Presidential Citation

James H. Walker, son of Mr. and Mrs. J. T. Walker of this city, has been awarded the Presidential Citation.

This presentation was made from the office of the Chief of Naval Personnel for meritorious conduct as a member of the Naval service, and for extraordinary heroism in action against enemy forces in the Pacific area from Aug. 31, 1943, to Aug. 15, 1945.

He recently received his release from the service and is now associated with his father in the nursery business.

Campus Headlines

Headlining the college girl's wardrobe are provocative, close-fitting bonnets like those pictured above. Top, gold embroidered scarlet grosgrain ribbon around the cuff brim spices this beanie of olive green jersey. Center, stitched oxford gray flannel makes the head-hugging cloche and matching over-the-shoulder saddle bag. Below, rosy felt pillbox is trimmed with black taffeta looped high at the front.

By EPSIE KINARD
NEA Staff Writer

NEW YORK—(NEA)—The boys' return to the campuses and the college girls' sudden surge of interest in provocative hats may or may not be coincidental.

At hat shops, catering to co-eds who are planning school wardrobes, report swamping demands for flashy toppers and trick bonnets with matching bags.

The hat styles that oblige are small, head-fitting and round, which go to young heads as pill boxes, beanies and cloches created by such designers as Chanda, Betmar and Colby. In cloches, the Clara Bow influence is easily identified in hats with cuff brims, widow's peak feathers and a 1925-1927 silhouette, either self-trimmed or simply stitched.

The pulling power of these simply-styled cloches is often augmented by matching bags, usually roomy enough to tote notebook and pencils. These purses are carried by a shoulder strap. Competing with classic styles for co-eds' favor are snug little beanies spiced with color. Typical color flash is a scarlet ribbon trim embroidered with gold on the upturned cuff brim of an olive green jersey beanie.

For "date" hats, the pill box style, which lends itself gracefully to trimming, is favored. On these feathers flutter, jewels sparkle and stiff ribbon bows go high, wide and handsome.

HELP YOUR CHILD Make the Grades

No child can make good grades in school if his health is poor or if he is handicapped by poor eyesight or faulty hearing. So put the two "D's" before the three "R's" and take your child to the doctor and dentist before sending him to school this term. By doing so, you'll help him avoid "school daze" and give him a better start toward better grades. As a matter of medical fact, the finest health protection you can provide for children is to take them to your doctor and dentist regularly for thorough physical examinations.

Yes—a Quiz!
on something new and fascinating—
Golden-hued Dirilyte

- Q. What is Dirilyte?
- A. It's a wonderful new metal alloy, the color of polished gold.
- Q. How is it being used?
- A. It's being made into excitingly beautiful knives, forks, spoons and dishes that bring a dazzling new sunshine to the table.
- Q. How does it compare with silver in durability?
- A. It's harder than sterling, and very scratch-resistant.
- Q. How does it compare with plate?
- A. It's solid, not plated — with Dirilyte there's nothing to wear off!
- Q. What do stylists say about it?
- A. They're mad about it. It makes possible such dramatic new color schemes. And it harmonizes with gold-decorated china and crystal — the only flatware that does!
- Q. Can it be used in both period and modern settings?
- A. Yes! The Regal pattern, with curved handles, is lovely with period china. The Empress pattern, with straight lines, is stunning for modern tables.
- Q. Is it expensive?
- A. No. It costs no more than good plate!

Didn't we say at the start that Dirilyte is fascinating? Come and see it... discover the dazzling glory of a table set with Dirilyte... discover the beautiful color harmonies you can plan with Dirilyte and your present linens, china and crystal... and discover its amazingly moderate cost!

Schedules Announced For West And North Elementary Zones

Beginning students and those who are attending Midland schools for the first year in the west and north school zones are asked to report to the principal's office in the North Elementary School.

Students in the North Elementary School zone enrolled in local schools last year or who have registered will report to the following rooms: First grade, rooms 101, 104, 105 and 106; second grade, rooms 102, 103 and 201; third grade, rooms 202 and 204; fourth grade, rooms 203 and 206; and fifth grade, rooms 205 and 207.

The following assignments have been made for pupils living in the west school zone: first grade, rooms 101 and 104; second grade, rooms 102 and 103; third grade, rooms 202 and 204; fourth grade,

PLANS FOR COUNTY FAIR ARE MADE AT VALLEY VIEW CLUB

Plans for a county fair to be held at the fair grounds in the near future were discussed by Mrs. Nettie B. Messick, county home demonstration agent, at a meeting of the Valley View Club Friday at the community school building. Hostesses were Mrs. Jim Baker and Mrs. I. J. Howard.

Reports on the THDA meeting in Amarillo were presented by Mrs. Baker and Mrs. Howard.

Refreshments were served to Mmes. Howard, Baker, J. D. Bartlett, Carroll Mason, Preston Vest, Fred Overman, and two visitors, Mrs. Messick and Mrs. Gilbert Brunson.

Classes begin at 8:30 a. m. for the North Elementary School students and at 12:30 p. m. for the West Elementary School students.

World's present non-stop record distance in flight is held by two British single-engined RAF bombers. Set in November, 1938, it covered 7158.44 miles from Ismailia, Egypt, to Darwin, Australia.

Kermit Schools Have Record Enrollment

KERMIT—The 1946-47 term for Kermit Schools opened in full swing Friday morning with a total enrollment of 1,105 students, according to S. M. Melton, superintendent. Of this number 238 students are in the four high school grades and 867 children are enrolled in the grammar grades.

The enrollment for opening date this year, Melton continued, is an increase over that of last year.

Work on the new building is progressing according to schedule, and plans are for it to be put into use by the first of the year.

James H. Walker Receives Presidential Citation

James H. Walker, son of Mr. and Mrs. J. T. Walker of this city, has been awarded the Presidential Citation.

This presentation was made from the office of the Chief of Naval Personnel for meritorious conduct as a member of the Naval service, and for extraordinary heroism in action against enemy forces in the Pacific area from Aug. 31, 1943, to Aug. 15, 1945.

He recently received his release from the service and is now associated with his father in the nursery business.

Campus Headlines

Headlining the college girl's wardrobe are provocative, close-fitting bonnets like those pictured above. Top, gold embroidered scarlet grosgrain ribbon around the cuff brim spices this beanie of olive green jersey. Center, stitched oxford gray flannel makes the head-hugging cloche and matching over-the-shoulder saddle bag. Below, rosy felt pillbox is trimmed with black taffeta looped high at the front.

By EPSIE KINARD
NEA Staff Writer

NEW YORK—(NEA)—The boys' return to the campuses and the college girls' sudden surge of interest in provocative hats may or may not be coincidental.

At hat shops, catering to co-eds who are planning school wardrobes, report swamping demands for flashy toppers and trick bonnets with matching bags.

The hat styles that oblige are small, head-fitting and round, which go to young heads as pill boxes, beanies and cloches created by such designers as Chanda, Betmar and Colby.

In cloches, the Clara Bow influence is easily identified in hats with cuff brims, widow's peak feathers and a 1925-1927 silhouette, either self trimmed or simply stitched.

The pulling power of these simply-styled cloches is often augmented by matching bags, usually roomy enough to tote notebook and pencils. These purses are carried by a shoulder strap. Competing with classic styles for co-eds' favor

are snug little beanies spiced with color. Typical color flash is a scarlet ribbon trim embroidered with gold on the upturned cuff brim of an olive green jersey beanie.

For "date" hats, the pill box style, which lends itself gracefully to trimming, is favored. On these feathers flutter, jewels sparkle and stiff ribbon bows go high, wide and handsome.

HELP YOUR CHILD Make the Grades

No child can make good grades in school if his health is poor or if he is handicapped by poor eyesight or faulty hearing. So put the two "D's" before the three "R's" and take your child to the doctor and dentist before sending him to school this term. By doing so, you'll help him avoid "school daze" and give him a better start toward better grades. As a matter of medical fact, the finest health protection you can provide for children is to take them to your doctor and dentist regularly for thorough physical examinations.

Yes—a Quiz!

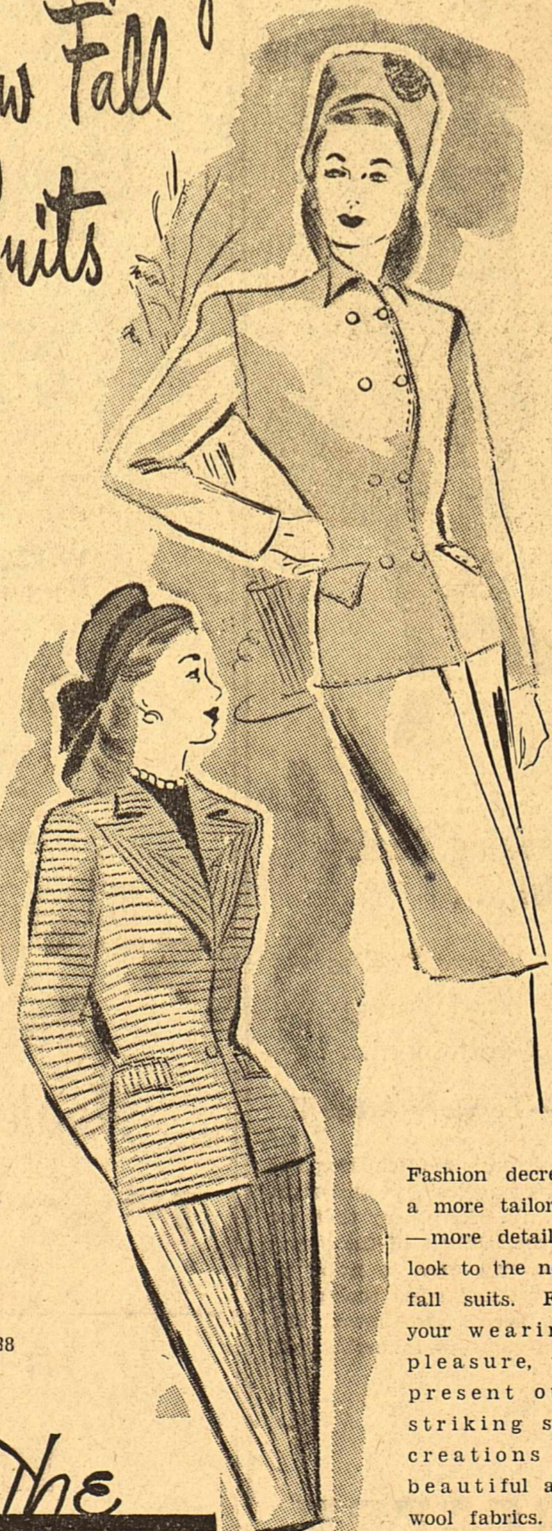

on something new and fascinating—
Golden-hued Dirilyte

- Q. What is Dirilyte?
A. It's a wonderful new metal alloy, the color of polished gold.
- Q. How is it being used?
A. It's being made into excitingly beautiful knives, forks, spoons and dishes that bring a dazzling new sunshine to the table.
- Q. How does it compare with silver in durability?
A. It's harder than sterling, and very scratch-resistant.
- Q. How does it compare with plate?
A. It's solid, not plated — with Dirilyte there's nothing to wear off!
- Q. What do stylists say about it?
A. They're mad about it. It makes possible such dramatic new color schemes. And it harmonizes with gold-decorated china and crystal — the only flatware that does!
- Q. Can it be used in both period and modern settings?
A. Yes! The Regal pattern, with curved handles, is lovely with period china. The Empress pattern, with straight lines, is stunning for modern tables.
- Q. Is it expensive?
A. No. It costs no more than good plate!

Didn't we say at the start that Dirilyte is fascinating? Come and see it... discover the dazzling glory of a table set with Dirilyte... discover the beautiful color harmonies you can plan with Dirilyte and your present linens, china and crystal... and discover its amazingly moderate cost!

News Of Wink Briefly Told

WINK—Wink Rebekas Lodge No. 44 met in regular session Tuesday in the IOOF hall with Elizabeth Herring, noble grand, presiding.

Plans were made for a covered dish picnic to be held in the City Park at 7 p. m. September 17. Rebekahs, their husbands, and families are cordially invited. A program appropriate to the occasion of the founding of the Rebekah Odd Fellowship will be given later in the fall.

Seventeen members and one visitor attended the meeting.

Mr. and Mrs. Gene Johnson have returned from a vacation trip to Fort Worth.

The Rev. George Ditterline will be in the pulpit at the First Methodist Church Sunday after a two-week meeting held in Jal, N. M.

Charles Weger has returned to Wink after having received his discharge in San Antonio September 4. Charles spent 19 months in Hawaii and Okinawa.

Mr. and Mrs. Vern V. Weger and daughter, Jo, visited friends in Wink last week. Weger, formerly superintendent of the Sinclair Prairie Oil Company here, is now located at Arp, Texas.

Mr. and Mrs. Charles Hubbard entertained with a dinner party Thursday evening in honor of Mr. and Mrs. Vern V. Weger of Arp. Those present were Mr. and Mrs. Weger and daughter, Helen Jo, Charles Weger, Mr. and Mrs. Gene Weger and daughter of Midland, Mr. and Mrs. Charles Sautler of Odessa, Miss Billie Marie Marsh,

Mrs. Lula J. Cooper, and Mary and Jim Hubbard.

Wink Public Schools opened September 3 with 500 students in attendance. A full staff of 25 teachers received the largest enrollment in several years.

Miss Verna Jo McDonzal of Goldsmith, formerly of Wink, visited friends in Wink Wednesday. Miss McDonzal will return to North Texas State Teachers College for the fall term to finish her senior year's work.

Miss Charlotte Blackburn, daughter of Mr. and Mrs. J. A. Blackburn, will leave this week for Columbia, Mo., to enter Stephens College.

Miss Betty Jane Cooke, daughter of Mr. and Mrs. L. B. Cooke, became the bride of O. B. Wagner of McCamey at the home of the minister of the First Baptist Church in Pecos Monday. Miss Cooke chose as her wedding dress a white crepe with black accessories and a white corsage.

Mr. Wagner has just returned from two years service in the Pacific. They will make their home in McCamey.

Fire of unknown origin damaged the old L. M. Prater home Friday afternoon.

Four boys from Wink left last week to enroll at Texas A&M College. Tommy McGannon returned to finish his senior year as a chemical engineer, and Bobby Hopson, Dick McGannon and Wilbur Joe Worley as freshmen.

Miss Mildred Dodson, daughter of Mr. and Mrs. J. A. Dodson became the bride of Bernard Garrett of Odessa in a ceremony performed by Judge S. A. Bailey Monday, August 26.

The couple was attended by Miss Betty Blackman and L. F. Poster. Only intimate friends and relatives were present.

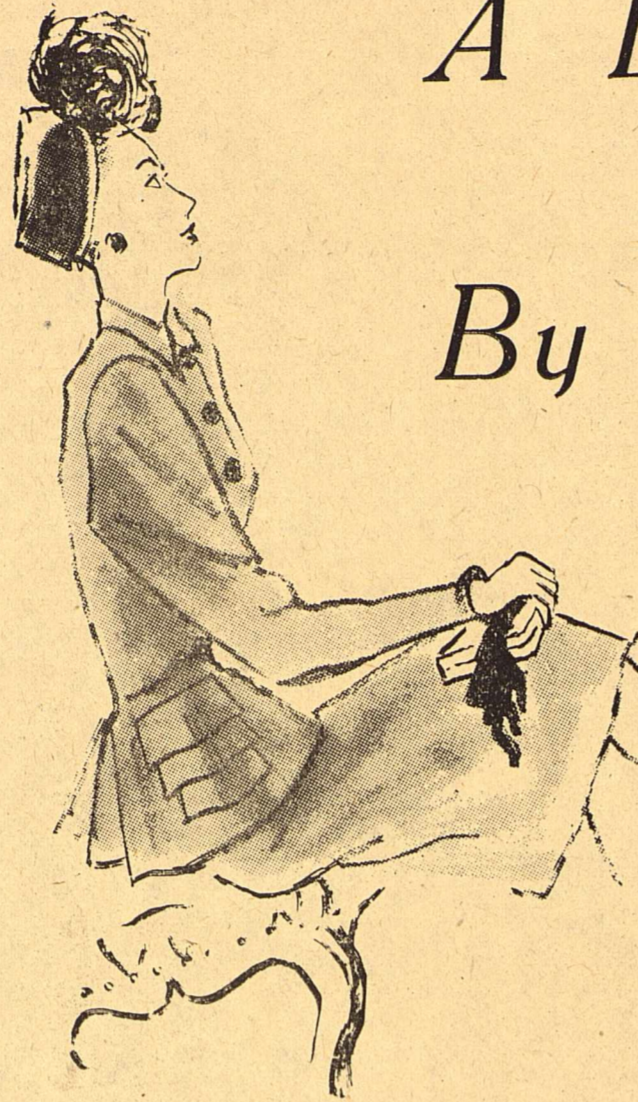

After a short wedding trip the couple will be at home in Odessa.

Gilbert Iverson is at home between terms at Texas Tech.

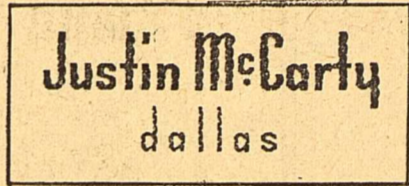

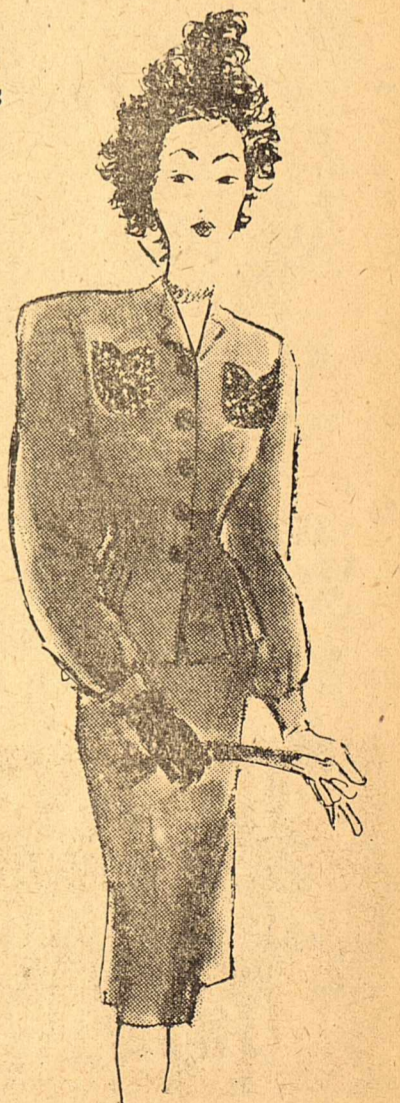

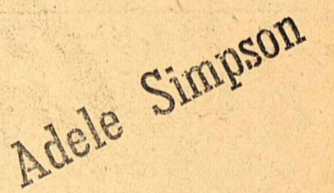

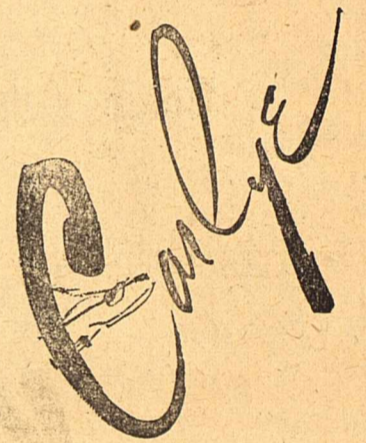

Monroe Brannon, owner of Brannon Boiler Works at Kermit, died in a hospital in Lubbock Thursday. Brannon was the husband of Marjorie Brannon of Wink.

No one has ever been able to discover where tuna fish spend the winter months. Even tagging has failed to reveal the secret.

Rental Time Is Changed On Books

Announcement has been made by the Midland County Library staff that time limits have been changed for a large group of books.

The following books have been changed from the rental shelves to the seven-day group: *Strange Fruit*, Lillian Smith; *So Well Remembered*, James Hilton; *Hangman's Hill*, F. Bell; *My Lady of Cleves*, M. C. Barnes; *Yankee Stranger*, Elswyth Bebe; *For My Great Folly*, Thomas B. Costain; *The Unsuspected*, C. Armstrong; *Vanishing Gold Truck*, H. S. Keeler; *Old Doc*, Elizabeth Seifert; *Coroner Creech*, L. Short; *The Bulwark*, T. Dreiser; *The Life Line*, P. Bottoms; *Money on the Black*, Allan MacKinnon; *Marriage of Josephine*, M. Coryn; *Three o'Clock Dinner*, J. Pickney.

Non-fiction books in the new seven-day group are *Training You to Train Your Dog*, E. Saunders; *P. S. to Pecos*, L. R. Kuykendall; *My Three Years With Eisenhower*, H. C. Butcher; *Hunting in the Southwest*, J. O'Connor; *Last Chapter*, Ernie Pyle; *Gumbo Ya-Ya*, Exxon; *Plantation Parade*, Harnett Kane; *History of Western Philosophy*; *Small Home of Tomorrow*, Nelson; *One World or None*, D. Masters.

Seven-day books transferred to the two-week shelves are *Young Doctor Merry*; *Peggy Gaddis*; *Somewhere I'll Find You*, C. H. Hoffman; *The Old Doctor*, Peggy Gaddis; *If Passion Flies*, Bowen Ingram; *Star of Sand*, Zane Grey; *Hungry Hill*, Daphne DuMaurier; *Jennifer's House*, Christine Goyan; *Turn to the Sun*, Anne Duffield; *Case of the Crooked Candle*, E. S. Gardner; *Nine Strings to Your Bow*, M. Walsh; *The Woman in the House*, Robert S. Hichens; *Meet Corliss Archer*, Frederick Hugh Herbert; *The D. A. Cooks a Goose*, E. S. Gardner; *A Ranger Rides Alone*, Amos Moore; *Case of the Sulky Girl*, E. S. Gardner; *Bullets for the Bridegroom*, David Dodge; *The Dark House*, W. Deeping; *The Amethyst Spectacle*, Mrs. Frances Crane; *Green Hazard*, Manning Coles; *I Will Be Good*, H. W. Chap-

man; *First Come First Kill*, Frances Allan; *Don't Look Behind You*, Samuel Rogers; *Died in the Wool*, Ngaio Marsh; *Seventeenth Letter*, Lorothy Disney; *The Key*, Patricia Wentworth; *Winter Wheat*, Mildred Walker; *Black Tarn*, P. W. Wilson.

Two-Week Books

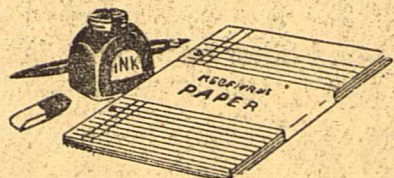

Other additions to the two-week books are *My Love Is Young*, Parsons; *Misadventures of Sherlock Holmes*, Ellery Queen; *Troopers West*, Forbes Parkhill; *The Little Secretary*, Mrs. L. P. Murphy; *Two Died at Three*, Cecil P. Gregg; *Wives of High Pasture*, Worth Hadden; *Two Names for Death*, E. P. Fenwick; *Wings of Fear*, Mrs. Mignon Eberhart; *The Murderer Is a Fox*, Ellery Queen; *The Middle Mist*, Mary Renault; *Arms and the Girl*, M. M. Marshall; *All Through the Night*, Mrs. Grace L. Lutz; *Silvertip's Search*, Max Brand; *The Upstart*, Edison Marshall; *Death Knell*, Baynard H. Kendrick; *Grande Parade*, G. B. Lancaster; *Eagles in Her Heart*, Lida Larrimore; *Keepers of the Faith*, Mrs. E. Loring; *Pearls Before Swine*, M. Allingham; *The Widow's Walk*, Yates.

Also in the two-weeks group are *Death Visits the Apple House*, A. Cunningham; *Philadelphia Murder Story*, Leslie Ford; *Green for Danger*, C. Brand; *Washington U. S. A.*, Faith Baldwin; *Fourways*, Colver; *The Building of Jaina*, De LaRoche; *You and I*, Myron Brinig; *Cry Wolf*, M. Carleton; *Jade Venus*, George Coxe; *Remembered Death*, Agatha Christie; *Try and Stop Me*, Bennett Cerf; *Bride in the Solomons*, Osa Johnson; *Papa Was a Preacher*, Aylene Porter; *Reveille for Radicals*, S. D. Allisky; *Second Carrot from the End*, M. Beard; *Enchanted Vagabonds*, Dana Lamb; and *To Hell with Fishing*, H. T. Webster.

THE OPENING OF OUR SCHOOLS

Makes Us More Grateful Than Ever To Be A Part Of This Splendid Community!

Realizing that the boys and girls of today are the men and women of tomorrow, we are indeed glad that their instruction in school is in the capable hands of such a devoted group of teachers.

We want every Midland "Bulldog," past, present and future, to know that this store is your store!

EACH SUNDAY MORNING THE STORE IS CLOSED DURING CHURCH HOURS

One of the first experimental planes to use an electric counter-rotating propeller was the XF14C. It has a turbo-supercharger and is armed with 20-mm. guns and rockets.

Ships near land may proceed with safety with the aid of new marine radar equipment through fogs so thick that lighthouse beacons cannot be seen.

Plans Are Announced For South Elementary Room Assignments

Two first grades and one second grade for students in the South Elementary School zone will be held in the Calvary Baptist Church when classes begin Monday.

Names of the first graders who have enrolled in the past week will be posted at the south entrance of the church for room assignments.

All students in the second grades are reminded to read the bulletin in front of the school building before they report to the church as one class for second graders will be held in room 101 of the school.

First grade pupils who have not registered are asked to wait in the hallway until they can be enrolled and assigned to a room.

Third grade classes will be held in rooms 201 and 202; fourth grade, rooms 203 and 204; and fifth grade, rooms 102 and 103.

Room assignments will be posted on the bulletin board.

Will Conduct Open House

Ray Gwyn Office Supply, 215 West Wall Street, is holding an open-house from 6 to 10 p. m. Monday to demonstrate new equipment.

Midland citizens are invited to visit the firm and watch a new offset press demonstration.

Young People -

W. H. Donathan To Speak At Midland Rotary Club

W. H. Donathan, district supervisor of the Texas Unemployment Compensation Commission, will be the guest speaker at the Rotary luncheon Thursday.

He will discuss some of the unemployment problems faced by ex-service men and will answer questions pertaining to the commission.

It is said that ground squirrels are potent carriers of deadly plague germs.

The acanthodian, a fish that lived on earth millions of years ago, was the first creature to have a lower jaw.

Luther Burbank developed the world-famous Burbank potato after an accidental discovery of a potato seed ball growing on a vine.

SHOPPING NEWS

By BARBARA

LET STAUFFER SYSTEM SCORE FOR YOU!

Once upon a time in Midland, when excess males thronged the community, all a girl had to do to be popular was to have a phone and be partially alive. But since the terrific man shortage (or haven't you heard?) other requirements have been added. Poise, good looks, and personality seem to be the main demands of local young manhood. If you lack specifications for a passport to popularity, come to the STAUFFER SYSTEM, 409 1/2 W. Illinois, and watch us make you the girl who seldom spends evenings with good books! Call 2204 tomorrow.

SAVE THOSE NEW FALL SHOES!

In Manhattan it's the subway, in Philly it's a bus, and in Midland—contrary to Yankee beliefs that Texans still go about on gallop'n' bronchos—it's a CHECKER CAB that gets you where you want to go in a hurry. After you spend a generous amount of that paycheck for a new pair of elegant fall shoes, you surely want to save them for special occasions. Don't tramp around on dusty streets in those new nifties, call 70 or 211. Don't take a chance, take a Checker!

WEDDING BELLS FOR YOU SOON?— GIFTS

She has a lovely white wedding dress, a string of pearls, and a prospective husband. And now Midland's bride of 1946 has the opportunity to complete that set of International Sterling Silver! Candie holders, bombon dishes in two sizes, salt and pepper shakers, and ashtrays will add the touch of splendor to your very first dinner party! Mamie McKee will be glad to show you these excellent pieces of Sterling at MIDLAND HARDWARE. If you are undecided about a gift for the bride only, don't miss the Sterling Silver heart-shaped compact.

DRESS YOUR HAIR TO SUIT YOUR HAT!

Whether your hair hat is a wisp of veiling with a bunch of pink feathers or a less-elaborate creation, you will want a striking hair style to set it off. Damie Young, nationally known hair stylist, will be delighted to shape, style, and arrange your hair beautifully. Come to NOBLITT-FARSON Beauty Salon, 111 N. Colorado, where Damie will help you perfect your appearance. You will be proud of a new hair style with which to start the winter season. Call 970 for your appointment to beauty!

HOW GOOD WAS ALI BABA?—

All Baba was a sportsman, compared to the modern thief, who takes no chances! But you needn't worry about that nor the loss of a housefull of possessions when you safeguard with a Loyalty Group Residence and Outside Theft Policy. ROY MCKEE, your friendly Franklin Insurance Agent, can advise you about that type of protection and fire insurance for your home. With materials and housing at skyrocket prices, your present policy may not meet new values. Take no chances, protect your property—now. Call 495 or go to 114 1/2 S. Main.

DON'T BE WITHOUT A THREE PIECE SUIT!

Sophistication has the spotlight and that's where you'll be in a 3-piece suit from WILSON'S. In blue and brown tweed the yoke effect across the top is set off by large gold buttons. The Dolman sleeves are ornamented at the wrists. The skirt is made in the ever popular kick-pleat style. Wide sleeves and deep pockets are features of the box style coat. To tempt your taste further is a rich brown suit with narrow white stripe. A single real button fastens at the throat and at the waist of the coat. The matching square-shouldered coat is a real charmer.

USE A NAVY FAVORITE!

You'll really be stealing a march on Old Man Winter when you install Kimsul insulation in the attic floor or sloping roof of your home. Easy to handle, this flexible blanket type insulation is chemically treated to resist fire. This marvel will keep your home warm and comfortable throughout the cold winter months. Formerly used in Quonset huts by the Navy in areas where arctic cold was something to write home about, Kimsul is now on the civilian market in Midland at SIMMONS-HALL PAINT AND WALLPAPER STORE.

NANTUCKET NATURALS AT MARY ANN SHOPPE

Designed for easy elegance are Nantucket Naturals from the MARY ANN SHOPPE. In pale yellow and cherry woods, these dresses are made with grosgrain bands down the front topped with small white buttons. Matching bands edge the sleeves. The full graceful skirts are belted with striking grosgrain. From the pages of Charm comes a chic gabardine dress for the business girl. Aquamarine in color, this creation has the important wide belt and crisp white cuffs to add to its smartness.

TAKE YOUR FAVORITE PICTURES TO COLLEGE!

Off to college soon? You'll surely want pictures of the folks to combat that inevitable touch of homesickness. MIDLAND STUDIO has a wide assortment of frames, including a durable leather folder for three 5 by 7 pictures. If you prefer something more decorative, the latest type is an 8 by 10 gold metal frame encased on one side and at the base in natural or white wood. Oval photographs in assorted sizes may be inserted in double or triple frames. For that extra special picture, select a gold or silver miniature.

HURRY TO SEE THE EXCITING NEW DIRILYTE!

If you've been wondering how to use your silverware when you have gold decorated crystal and china, VOSATKO'S has the very pleasant answer. Use Dirilyte, dramatic in a polished gold color. This new form of silverware is harder than sterling, very scratch resistant, and solid all the way through. Appropriate for the gold color scheme at your breakfast, lunch, dinner, tea, buffet supper, or bridal party, Dirilyte is now offered in two stunning patterns. Select Regal for traditional settings and Empress for modern trends. You'll be amazed at the beauty of this exciting set.

GIRL'S LEAGUE REGULATIONS TO BE SET UP!

Rules and regulations will be set up Monday evening at 7:30 when the girls meet to finish organizing their respective bowling teams at the FLAMOR PALACE, 211 West Wall. There are to be five girls on each team. Nadine Harris would like to express her appreciation and say thanks a million to all you girls who came down last week. You don't have to belong to the league to bowl, tho, and from 12:00 noon to 12:00 midnight the Flamor is open for your enjoyment.

WHAT THE CUB REPORTER FOUND OUT!

When a cub reporter is taught how to write news he is informed that 6 major factors comprise a news story. His story might be written from an outline like this:

Who? Expertly trained chefs.

What? Dinner: Tenderloin, trout, broiled halibut with lemon butter sauce, or fried chicken. Also creamed peas, new-boiled potatoes, stewed sugar corn.

Where? COLIN'S CAFE.

When? Sunday, September 8.

Why? Pleasure, Necessity.

How? Wonderfully cooked, correctly seasoned, attractively served.

Reporter's comment: "Eat at Colin's Cafe Sunday and every day."

MAKEUP MAGIC WITH QUINLAN COSMETICS!

Any lady, no matter how beautiful, is always eager to look more so. Kathleen Mary Quinlan's cosmetics are unexcelled in quality. Quinlan lipsticks, in seven rich tones, including Royal Rage and New York, are famous for their fine perfume and satiny texture. Mist of Dawn and Double Des Perles Face Powders will delight you. Her rouge lends your skin a delicate natural-looking color. For eye flattery, try shimmering shades of eye shadow and velvet-textured mascara. You will also find numerous other Quinlan beauty preparations at CAME-ROON'S and SCHARBAUER HOTEL DRUG.

INVITATION TO OPEN HOUSE!

Mrs. Ray Gwyn wishes to invite you to the open house RAY GWYN OFFICE SUPPLY is having Monday night between 7:00 and 10:00 o'clock. A demonstration of the most modern printing equipment will be given to acquaint you with the latest methods of turning out fine work. High speed production combined with faultless impressions will surprise and please you. Mrs. Gwyn will be there to welcome all women who wish to see this demonstration. Ray Gwyn Office Supply is located at 215 W. Wall; the phone number is 173.

State AAUW President Speaks At Meeting Of Midland Unit Saturday

Dr. Margaret Lee Wiley, president of the Texas State Division of American Association of University Women, gave a talk on the subject "What Is Higher Education for Women?" at the Midland AAUW meeting Saturday in the Crystal Ballroom of the Scharbauer Hotel.

A workshop on "Making AAUW Function at Home" was in progress at the morning session, and luncheon was served during the noon hour.

Decorating the luncheon tables were attractive floral arrangements presented by Mrs. J. E. Hill and Mrs. C. S. Longcope, members of the Midland Garden Club.

Out-of-town AAUW members present were Marguerite Wood, Nel Brown, Mrs. Charles Abeil and Mrs. Roy Anderson of Big Spring; Mrs. Kenneth Burrows, Winnifred Walker, Mabel E. Smith and Mrs. Clyde Barton, Kermit; Mrs. Lee Craft and Mrs. B. Sadovnick, Odessa; Dr. Wiley, Commerce, and Miss Padley of Lubbock, state treasurer.

Midland club members were Meses. Robert Clarke, Alma Thomas, Charles Henderson, Raymond Monkress, Leslie T. Brown, W. C. Fritz, Samuel Ellison, V. E. Peterson, James R. Maedgen, Thompson, Raymond Kribbs, L. C. Mills, Frank Ashby, Keith Stewart, Gilard Kargl, Arick, Ernest Stidwell, Elsie McGee, George Putnam, Lee B. Park, Hazen Woods, R. V. Hollingsworth, William Von Osinski, Jack Dolman and Misses Josephine Weaver and Theresa Klapproth.

Guests were Meses. Bill Edwards, Gene Powell, Edwin Borys, G. J. Long, Maurice Minton, Tom West, Holliman, William Boothe, R. C. Spivey, George Turner, H. A. Ireland, and Misses Neville Wren and Lida Lennel.

Kermit Lions Club Honors Teachers
KERMIT—Faculty members of Kermit school system were honor guests of Kermit Lions Club Thursday night at a barbecued dove, ribs, and frankfurter feed at the park area of the county barn. Approximately 150 persons were present, including Lions, their wives, and faculty members with their husbands or wives.

Fred Pearson, club president, introduced S. M. Melton, superintendent of Kermit schools, who in turn introduced each teacher. Tommy Thompson, program chairman, then introduced Lion Cullen Atkins, who entertained the crowd with a comedy satire address on the "subject he knew best, 'Women'". Miss Betty Fitzpatrick, Lion sweetheart, played piano music as the crowd gathered.

McMurry Postpones Opening To Sept. 16

ABILENE — McMurry College will open on September 16, instead of September 9, Dr. Harold G. Cooke, president, has announced. The need for additional time to complete housing facilities for students this fall, mainly veterans, was given as the reason for the postponement.

"By the latter date, we will have accommodations for most of our veterans who are married, and all of the single students who have made application so far.

"Nearby homes have opened their rooms to college students, and we will be able to place many of the students there, at least until the new dormitories are completed," Dr. Cooke said.

Midland Rotarians Will Entertain Big Spring

Morris Collie and Joe Erickson, Midland Rotarians, will appear on the program which the Midland club will present to the Big Spring club Tuesday.

Roy McKee will be in charge of the program. Several other Midlanders will attend the meeting in the neighboring city.

Midlanders Discharged

Four Midlanders were discharged from the Army recently at the Fort Sam Houston Personnel Center.

They were: Junior B. Fuson, former T/4; Otho C. Collins, former corporal; Nolberto C. Reyes, former S/Sgt.; and J. C. Foster, former private first class.

Unsanitary Conditions Are Found In Survey

A recent survey in Midland found a large number of unsanitary toilets were in use, the Midland City-County Health Unit reported.

For the benefit of new citizens in the city not acquainted with the city ordinances, the unit issued this statement:

"Any building in Midland used for either residential or commercial purposes must have and maintain sanitary toilet facilities. This means: 1. Connecting with city sewer system when available, 2.

Typhus Fever Case Is Reported In Midland

One case of typhus fever was reported in Midland last week, according to the City-County Health Unit.

Other communicable diseases reported were: six mumps and one strep throat.

Building of septic tank when sewer lines not available, 3. In order to get a building permit, the sewage disposal proposed must be outlined."

Citizens were urged to check disposal methods in their areas and report any unsanitary conditions.

And It's Pink, Too

Finishing up a full-wall mural of a snake-encircled pink elephant, Mike Sankey, formerly of Marshalltown, Ia., displays his idea of a decoration for inmates' confinement cells. Mike is shown in the Joe Daviess County Jail, Galena, Ill., where he is currently doing six months.

Detecting Cheaters Of Government Is Major Assignment

By CLARKE BEACH
WASHINGTON (AP)—Anybody who gets money from the government when he isn't entitled to it has to buck the General Accounting Office (GAO).

It's the biggest accounting outfit on earth. It has thousands of ways of nosing out leakages of government funds, whether through fraud or error.

Fifteen women, for instance, have learned how GAO catches up on marital wrong-doers. Each was married, or said she was, to two servicemen at the same time and drew wives' allotments from both men's pay.

Trapped By First Names
But they didn't know that GAO has a file of paid allotment checks arranged by first names. GAO figures that when a woman commits bigamy or adopts a false surname she is likely to retain her true first name. If in the "Mary" file the endorsements of two checks look alike, the cases are checked—sometimes with surprising results.

Every voucher paid by a disbursing officer of the government is reviewed by GAO's Audit Division. In the fiscal year which ended this July, 39,000,000 vouchers were checked.

GAO filed exceptions to 417,000 of the vouchers—resulting in the government's receiving refunds of \$43,400,000. The discrepancies are usually the result of error and not fraud, says E. W. Bell, chief of the division.

5,000 Busy Checking
Bell has 5,000 bookkeeping sleuths in his division, some of them at his headquarters in Washington and some at 250 field stations.

Largest field offices are in Cleveland, where 500 accountants and lawyers check on payments made under Navy contracts; and in St. Louis, where 600 more keep tab on Army transactions.

Most of the work of Bell's division is simply checking vouchers to see whether they comply with the law and with the contracts involved. The division may make a complete audit, however, when directed by Congress, as it often is, or in the case of cost-plus-fixed-fee contracts.

Still Wider Scope
It also can make an audit of "termination settlements"—the contracts which the government terminated at the end of the war before performance had been completed.

Another GAO unit, the Corporation Audit Division, headed by T. Coleman Andrews, makes commercial audits of all wholly-owned government corporations, now numbering about 95.

It has submitted to Congress audits of Federal Prison Industries, Inc., the Virgin Islands Company, the Federal Deposit Insurance Corp., Tennessee Valley Associated Cooperatives Inc., and the U. S. Spruce Production Corp.

Has No Stomach, but Still Eats

The husky meal on the tray before Leland Bowlin is just a promise of things to come. Doctors who removed his stomach completely in a rare operation in San Mateo (Calif.) Hospital, say he'll be able to eat such a meal very shortly. At present he's still on a soft-food diet.

Junior High Students Will Register Monday

Registration for all Junior High School students will take place at 8:30 a. m. Monday, and class work will start immediately thereafter.

Each student, who has been enrolled in the Midland schools, has been assigned to his advisory room and will find his name posted outside the door.

Sixth grade students will be in rooms 101, 102, 103, 104 and 105. Seventh grade students will be in rooms 106, 107, 108, 203 and 204.

Eighth grade students will be in rooms 205, 206, 207, 208 and 209. As students arrive they should go to the room of their grade and look for their name and pass directly into the room.

New students, who have already registered, should go directly into the rooms assigned to them, and new students, who have not registered, must go by the principal's office for classification.

Pals To Bitter End

HONOLULU (AP)—Randolph M. Lee hauled in his net the other day and found two large sharks caught within five feet of each other. One weighed 100 pounds, the other 300.

Try To Guess 'Em

SHUSTOKE, WARWICKSHIRE, ENG. (AP)—Church records here reveal 65 different ways of spelling this village's name.

Dirt, Squirt And Quirt

— FARM, DAIRY AND RANCH NEWS —

Plans for a Fall fair to be held in Midland are being worked on by the county home demonstration agent and the Midland County Home Demonstration Council. Tentative plans have set the affair for the later part of this month.

Midland County has ginned a total of 225 bales of cotton to date this season. This cotton has averaged being classed middling 7/8 inches. The extreme dry weather this Summer has caused a loss in staple length and the recent rains have spotted most of the crop, with some exceptions. Most farmers are paying \$1.75 cents for pulling on a field weight basis.

Last week's sale at the local livestock auction saw prices very strong with a small offering. A total of 250 head were run through the ring and bidding was good.

Recent rains have slowed down the heavy movement of livestock from the dry ranges and have at the same time caused a demand for light stuff to go on sudan and stalk fields which have suckered out after the rains.

Mr. and Mrs. C. J. Cox of Garden City were in Midland last week visiting their daughter, Carlyn.

Of interest to some of our hog growers is the recent announcement of the publication of an official Texas Swine Breeders Directory by the educational committee of the Texas Swine Breeders Association. This directory will contain a description and brief history of every breed of hog in Texas, plus a list of breeders in the state with the particular type of swine each raises. In addition the directory will have educational articles on swine breeding, selection and management, written by outstanding authorities. E. M. Regenbrecht, swine husbandryman of the Texas A&M College Extension Service, is the secretary of the association.

Goodman Bros. Open Equipment Firm

Hubert L. and Walton P. Goodman announce the opening of their new business, Goodman Bros., Inc., distributors for industrial agricultural and oil field equipment, on West Front Street.

The business firm is housed in a new Quonset prefabricated building. It will handle concrete buckets, cement charts, drag lines, asphalt mixers, bins, concrete carts, hoists, mortar mixers, bar benders, wire rope and cable, shovels, scales, power saws, mud jacks, light plants, cranes, conveyer, water pumps, and other construction equipment.

They'll keep singing its praises for years

Every so often it happens.

A car comes along that rings so many bells on so many counts that folks remember it fondly and talk about it for years thereafter.

You're looking at one of those "vintage-year" Buicks now.

Right from the start, it clicked with the stand-out, hint-of-the-future freshness of its styling.

It brought wide, appreciative grins with the smooth way its Fireball straight-eight engine delivers its eager surge of power.

It registered with the steady stride of two lively tons of roadweight, cradled on tireless coil springs all around that turn the roughest road into a pleasure cruise.

Then as people began to discover the blissfully easy way of this dream boat handles—as the miles piled up and owners found their cars getting actually better—word started to go round: "That '46 Buick—there's an automobile!"

They'll be say-

ing that for many a long year.

And while we're doing everything in our power to get you yours soon-as-possible, you'll find that when you get it is a secondary matter.

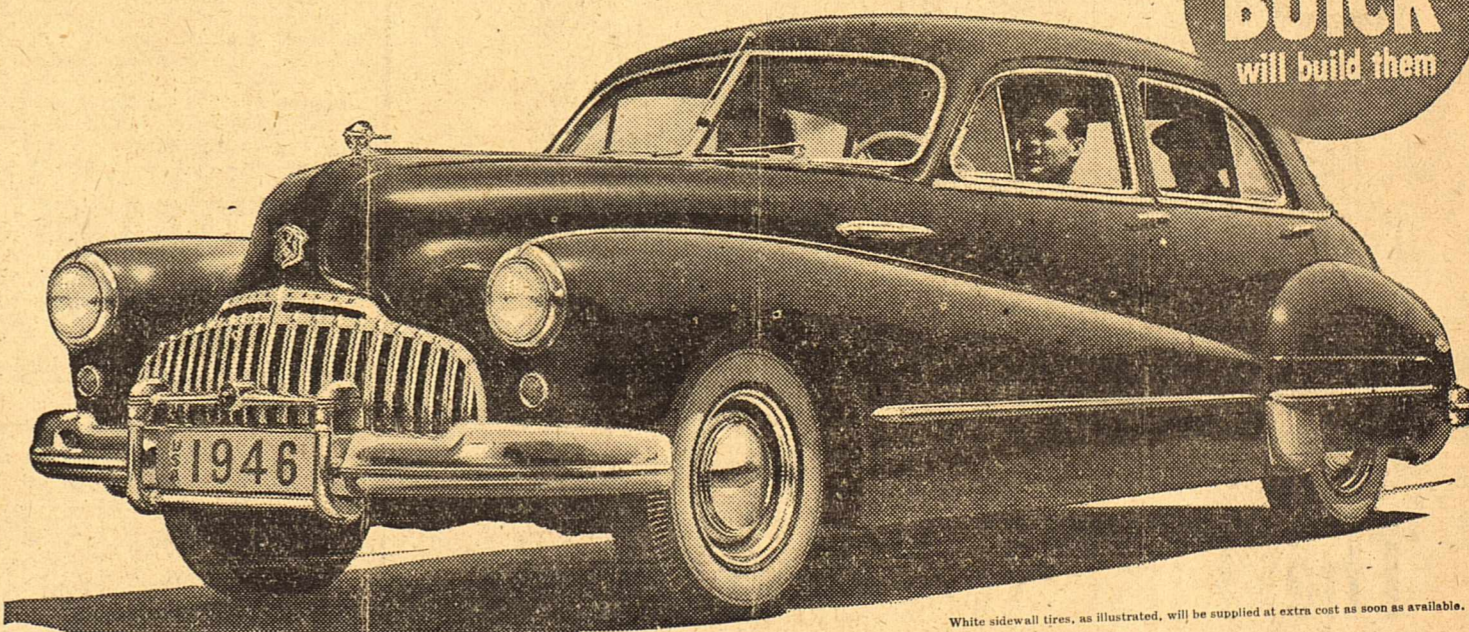

For the man who gets a '46 Buick has really got something—something certain to be a high spot in his car-owning history.

Tune in HENRY J. TAYLOR on the air twice weekly

What Other Car Has So Much That Clicks For Forty-Six!

SMARTNESS of car-length Airfoil fenders and bolt-on rear wheel shields. **POWER** of Buick Fireball valve-in-head straight-eight engine. **OIL SAVINGS** from non-scaffing Accurite cylinder bores. **FLASHING ACTION** of lightweight pistons. **STEADINESS** from full-length torque-tube drive. **GLIDING RIDE** from all-coil springing. **COMFORT** of roomy Body by Fisher. **SURE FOOTING** of Broadrim wheels. **CONTROL** through Permi-Firm steering. **CONVENIENCE** of high-leverage Step-On parking brake. **PROTECTION** of Buick-originated fender-shielding front and rear bumpers.

When better automobiles are built BUICK will build them

Take a Taxi-Drivers' word for it!

"MORE RUGGED... EXTRA SAFE!"
"For safety's sake," says Mr. R. W. Thompson, driver of Yellow Cabs, Louisville, Ky., "I want the protection of the new B.F. Goodrich Silvertown. No prewar tires I ever rode on could match them for ruggedness and traction. It's a swell feeling to know you've got that extra margin of safety."

See us for the tires that

OUTWEAR PREWAR TIRES

A taxicab is a machine to get you places...and translates miles into money. Delays are costly... That's why taxi drivers are so fussy about their tires. Before B.F. Goodrich offered the new Silvertown tire to the public, over 17 million miles of tests were run on taxi fleets, police cars, and on the B.F. Goodrich test fleet. From these tests, came proof that the new B.F. Goodrich Silvertown was a superior tire that outperformed, outran, outlasted, and outwore prewar tires—even at high speeds.

How? The tread itself was broader, flatter...covered more road surface...reduced the wear at any Listen to the new B.F. Goodrich radio quiz "Detect and Collect" with Lew Lehr at M. C. on ABC network, Saturday evening.

one point. To hold this tread, a better cord was used and by using more cords per tire, a stronger tire body was perfected.

Supplies of this new tire are still limited. However, we'll do our best to keep your car rolling until we can get new tires for you.

Rattler No Match For This Ratter

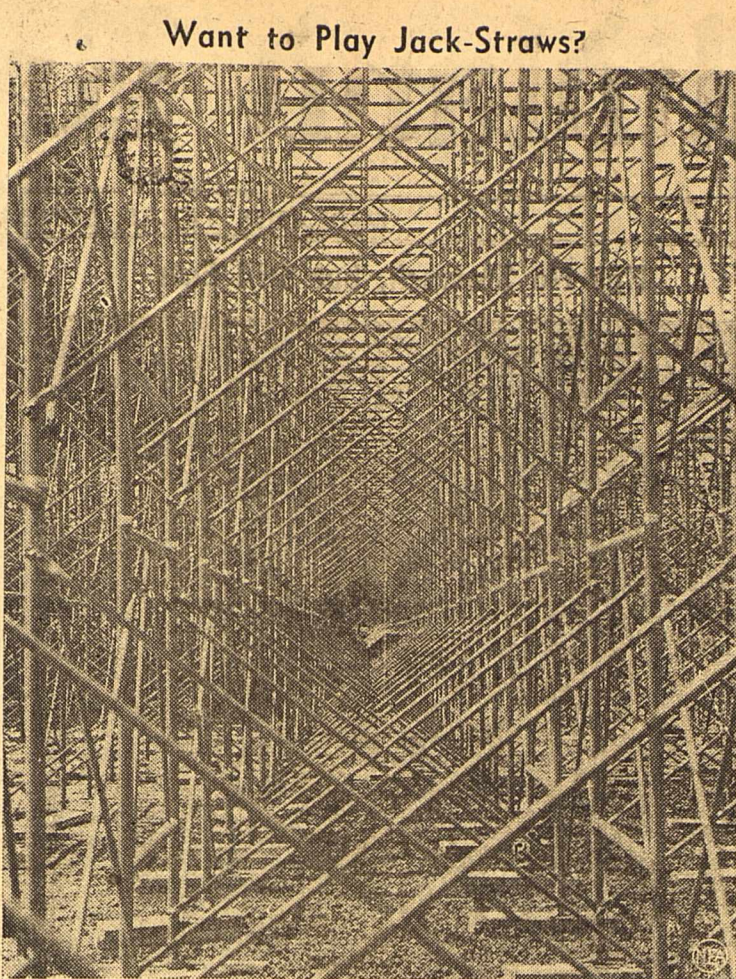

GREAT FALLS, MONT. —(P)— Mrs. B. J. Apple said her pet Persian cat was creeping through grass near her home when a three-foot rattlesnake struck at the animal but missed. The cat pounced on the snake, seizing it just behind the head, killed the reptile and dragged it proudly to her door, Mrs. Apple reported.

LOW ON BUILDING FUNDS, SCHOOL BOARD WORKS

SUDAN, TEXAS —(P)— School board members here take their jobs seriously. When funds for the football stadium construction became nearly exhausted, School Board President Harvey Messamore and six other board members pitched in and built a new nine-strand fence around the stadium. It took them three weeks.

War Bride Gets Homesick, Takes Husband Home

MORGANTOWN, W. VA. —(P)— A European war bride who's homesick is taking her husband back with her, in a reversal of the usual order. She is 17-year-old Madelaine Jacobs Falkenstine who met her husband when he strolled into her parents' bake shop in Maastricht, Holland. Husband Lawrence Falkenstine is a veteran of the Battle of the Bulge. Madelaine wants to return to Maastricht to visit her parents, Mr. and Mrs. Charles Jacobs, and her 20-year-old brother at the University of Delft. Falkenstine said he would accompany his wife and try to land a job as a civilian employe of the war department in Europe. He was honorably discharged from the army last February and Mrs. Falkenstine came to this country soon afterward.

You'd need the hook of an electric crane to play with these "jack-straws," for they are made of steel tubing. This unusual picture shows the framework supporting the grandstand at the National Air Races at Cleveland, Ohio.

Shortage Of Trained Teachers Is Basic Problem In Nation

By JAMES MARLOW
WASHINGTON —(P)— Education, being what it is, loses the headlines to things like price control and foreign affairs. But, with schools bulging from a record number of students, the shortage of trained teachers is a real problem. This summer the National Education Association called a meeting of about 300 educators—teachers and superintendents of education—at Chautauque, N. Y. They met to see what could be done to get more and better trained people to take up teaching. Then they went home with various kinds of programs to drum up interest in teaching among people now going through school. Whatever results they get won't come overnight. One of the basic problems in getting more and better teachers is better pay for teachers. Many experienced teachers left the schools during the war for higher-paying jobs and now won't return. The U. S. Office of Education gets figures on teachers' salaries from the states which, in turn, have to get them from the school districts. Because of this lag, the figures usually are a couple of years out of date when they are released. The last ones—for 1943-44—show that the average salary for grammar and high school teachers in this country was \$1,728. That's an average figure. In those years New York paid an average of \$2,726, but Mississippi, at the bottom of the list, paid its grammar and high school teachers an average of only \$790. Latest figures from the U. S. Office of Education—for 1941-42—show that in 52 state colleges the average salary of a full professor was \$4,300. Instructors averaged \$1,950. This year about 100,000 people will be teaching in the grammar and high schools on emergency certificates. Which means: for one reason or another they couldn't meet the standards set, in most cases, by State Departments of Education.

Cotton Tree Experiment Conducted At Lubbock

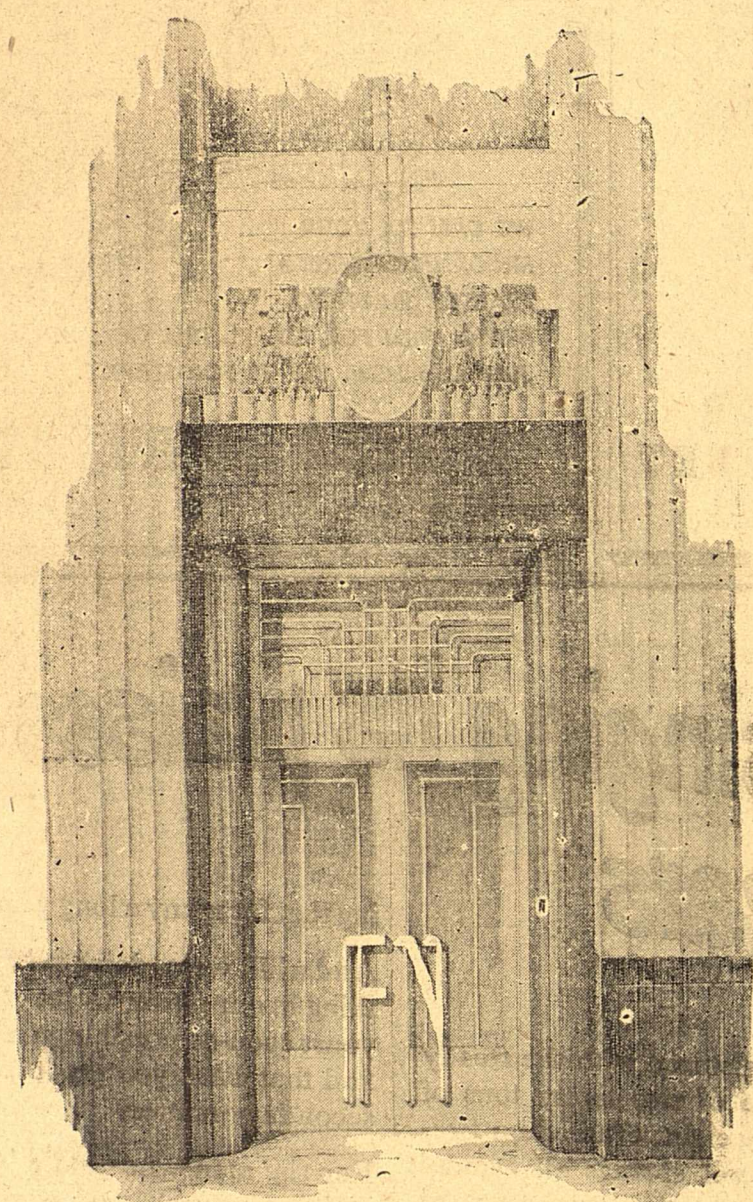

LUBBOCK —(P)— Cotton tree seed is being distributed by a Lubbock resident to West Texas farmers who are interested in experimenting in cotton tree production. It isn't likely that cotton fields will disappear from the South Plains any time soon but if experiments with the cotton trees in this area should prove successful, cotton forests may find a place in Texas agriculture. J. W. Gamel recently received a shipment of the seed from J. E. Wall, postmaster at Tampa, Fla. Wall says the trees are approximately 12 feet high at four years of age and can have squares, blooms, various sizes of green bolls and open cotton on them at the same time.

KRUEGER TO HEAD FINAL USO DRIVE IN OCTOBER

AUSTIN —(P)— Gen. Walter Krueger of San Antonio has been named by Gov. Coke R. Stevenson as regional chairman of South Texas for the final United Service Organizations drive in October. The governor praised Krueger's acceptance of the chairmanship as "typical of his life." The goal for the state next month is \$800,000.

King And Queen To Attend Revival Of Scottish Highland Gatherings

EDINBURGH —(P)— The revival of the traditional Scottish highland gatherings culminating in the Royal Braemar gathering in September, to be attended by the King and Queen, has stirred up a lively war between the sexes in the heather-clad highlands. The Braemar gathering of the clans has had a special place on the calendar ever since Queen Victoria put the seal of royal approval on this picturesque meeting in the Deeside mountains. It is not the colorful march of the kilted clansmen nor their many feats of tossing the caber or throwing the hammer that has stirred up controversy, but the dancing and piping competitions. **Predatory Females Deplored.** From his highland fastness at Oban, Atholl Robertson fired a broadside charging that highland gatherings have for too long been infested with small, predatory females, masquerading in male dress, and covered with as many medals as there are scales on a salmon—"an eyesore and a heartbreak to anyone with the interests of highland dancing at heart." Robertson, former member of Parliament, former chief of the Scottish Clans Association in London, editor of the Scots Year Book and a writer on highland customs, folk lore and legend, holds that the sole reason for the decline in "this manly art" of Scottish dancing has been the admission of women. "In the old days, he says, the dances were the prerogative of the male, and served to demonstrate the warrior's agility, endurance and lightness of foot. No woman says this authority, can perform them properly, and highland ladies in the old days had the good sense and good manners to realize that. **Another Castle Heard From.** Another round of shot came from Cakemuir Castle, Tynehead, Midlothian, fired by L. Balfour Paul, enthusiast for highland dancing and piping. Paul is of the opinion that the whole character of highland dancing can be shown only by a man in a kilt—the perky, jumping movements being out of keeping with women's movements—and he is convinced that there is danger of the great art dying out. This also applies to piping competitions, on the ground that nothing looks so ridiculous as a woman piper. If "performing mites and kilted Amazons" must be included in the programs for the sake of encouraging tourists, then, he pleads, let there be no mixed competitions and let mites and women supply their own judges and not tax the nerves and stomachs of piping judges. **MaJ. FitzRoy H. Fyers,** assistant sergeant-at-arms in the House of Commons, has weighed in in support of Paul. In mixed competitions at highland gatherings it is not uncommon for a girl to beat the male entrants, and the preponderance of girl competitors has tended to keep men out of the lists. To make matters worse, it is said that the majority of the girls hail from the lowlands. **The Gals' Retort.** Counter-blasts from the women have so far been mild. Miss Winstanley Brown, principal of the Edinburgh School for Dancing, says they have been doing it now for many years and have scored many successes. There is no reason whatever, in her view, why girls should not engage in highland dancing. When a young woman gets beyond 20, however, she does not look well in a kilt and stockings, says Miss Brown. Mrs. E. M. Mackay, secretary of the Clan Mackay Society, also thinks that highland dancing is all right for little girls, but a bit out of place for grown women.

Underwater Blast Mists Deadlier Than Airburst

WASHINGTON —(P)— The atom bomb's radium-like poison can penetrate a tightly closed ship and spread death throughout the interior. This was disclosed in an "Operation Crossroads" report dealing with the animals used in the Bikini tests. The report said that radiation sickness proved fatal to all of the 20 pigs stationed on four of the target ships used in the underwater bomb test. The pigs had been placed in the medical quarters of the vessels, which were in "buttoned up" battle condition with hatches and ports closed. Six pigs were found dead within four days, the remainder died within two weeks. The atomic depth charge, by creating a deadly radioactive mist and tossing tons of heavily contaminated water aboard the target ships, produced a far more poisonous effect than the first airburst bomb.

ALLIES PLAN TO TRY NAZI INDUSTRIALISTS
WASHINGTON —(P)— The Allied governments are working on plans for the trials of Nazi industrialists who aided the Hitler war machine, President Truman has disclosed. A decision on whether there will be an international trial will be made when current prosecutions of Nazi military men have been concluded, the President said.

Southern Arkansas has a reserve of 400,000,000 barrels of petroleum, according to estimates.

As for man, his days are as grass: as a flower of the field, so he flourisheth.—Psalms 104:15.

Some Day The Customer Will Count

An Omaha auto-dealer recently got the shock of his life. Into his show-room walked a normal-looking man who confided that he knew a fellow who wanted to buy one of the dealer's new cars. For \$10, he said, he'd give the dealer the prospective customer's name and address. Maybe the fellow isn't crazy after all. Maybe he is just making it his mission in life to remind the world that there was once a time when a potential customer with money in his pocket was an important chap. If so, he has picked out a full-time job for himself. There are plenty of folks who need reminding.

They are the ones who keep saying that business is "too good," who are annoyed with the buying public for wanting hard-to-get goods, who stopped being polite and giving service during the war and have never bothered to resume worrying about "good will." The buying public, perhaps, needs to be reminded of its own importance, too.

Buyers have been so brow-beaten, so humbled by begging, so used to being pushed around, that they have lost their spunk. The buying public doesn't talk back any more. It just takes any kind of treatment without protest.

But things were different not so long ago—and they are going to be different again. Some day the prospective customer is going to be a nice fellow to know—and that time may come sooner than we think.

Perhaps that's what the man who knew a fellow who wanted to buy a car was trying to get across.

Pre-Treaty Policy

A year ago, President Truman, Generalissimo, Stalin, Prime Minister Churchill, and Clement Attlee, after a three weeks' conference in Berlin, issued the Potsdam Communiqué.

As the first peace conferences have just convened in Paris, this is a good time for a careful look at the past year's record. It provides background for a prophecy as to what may be expected from the Paris conference and for an analysis of the relationship between the peace treaties and the Potsdam Communiqué.

The first thing to understand about the Potsdam declaration is that it is a medium-range statement of policy. It was never intended to be anything else. The agreement reached by Roosevelt, Churchill, and Stalin at Yalta was the short term policy. The final peace treaties will determine the long-range policy.

Whether or not the Potsdam Communiqué has been a success is a question historians will be arguing about for years. But much of the criticism leveled at this declaration has been based on the wrong assumption that Potsdam spelled out the Allies' permanent policy for the government of the Axis countries and their satellites.

In the main, the Potsdam principles have worked, and the four major powers—the United States, Great Britain, Russia, and France—have stuck to the communiqué's declarations of policy. But the communiqué was necessarily a somewhat loosely-drawn statement of general principles. The details of actual government of the defeated nations were left to the military government authorities.

Better World Ahead

For the first time in many long years, the American traveler today has reason to hope that a better world lies ahead. Delving deep into cobwebbed files of the distant past, the American Hotel Association recently revived a set of sound business practices long neglected, and mailed them, in pamphlet form, to its 6000 members. Reads this booklet of joyful implication: "Tomorrow, the problem will be to devise ways and means to meet competition on every side. For America faces a new era of travel and business expansion."

It then goes on to stress, on a "check list of sales made of future business lost": The smart appearance and cordial manner of the room clerk; the neatness, courtesy, and efficiency of the bellboy and elevator girl; and the friendliness of the telephone operator.

If individual hotels take the association seriously, here is what you may expect from the room clerk when next you register at a hostelry: "Your room clerk is pleased to see you; he has the attitude of expecting—not just anyone—but you. He makes you feel welcome and that both he and the hotel are there to serve you."

Please disregard that early call we left at the desk, sir—we have some postwar dreaming to do. . . .

Per Capita

We have been pondering the Department of Commerce statement that the per capita income in this country last year reached the all-time high of \$1150.

Per capita means "per head" or "for each person." So the Department of Commerce is not saying that your family, if it was average, had \$1150 last year. We are told that you had \$1150 for yourself, \$1150 for your wife, \$1150 for your son and \$1150 for your daughter.

If you weren't below average, your family of four (which isn't far from the national average) had \$4600 income last year. And a family of three, which is a bit under the national average, had \$3450.

What, then, have we been wondering, has become of that vast majority that has to live on somewhere around \$2000 a year for the whole family?

If It Was A Test He Got An Answer!

Salt Cake From Monahans Used In Making Newsprint At Lufkin Mill

By JACK RUTLEDGE
Associated Press Staff
The eyes of the nation—not just the eyes of Texas—are upon an industry at Lufkin, Texas. It's the Southland Paper Mills.

Not Iowa Brand

When folk in Mineola, Long Island, N. Y., say "Out there the tall corn grows," they don't mean Iowa, but the corn patch of their neighbor, Oscar Calen. He's pictured above with some of the 12-foot stalks he grew from seed brought from Ecuador by a friend.

Midland Boy Works On Wyoming Ranch

Bill Bissell, son of Mr. and Mrs. C. E. (Bud) Bissell of Midland, has returned from his second summer's work on the Diamond Bar Ranch at Newcastle, Wyoming.

Young Bissell, who is a high school junior and who will be out for the Bulldog football team, plucks down a cowboy job on the ranch. And receives full pay of a cowboy.

The youth plans a ranching career. He will continue working on the ranch in summers and will work one complete year on all phases of ranching there before going to an agricultural college.

Inc., and it makes newsprint (the paper newspapers are printed on) and kraft board, used to make frozen food containers, milk containers, and other items.

The Southland Paper Mill started as a gamble, and it's paying off. During these days of acute paper shortages, it's a godsend to 40 newspaper publishers in Texas, Louisiana, Arkansas and Oklahoma. Thirty Texas papers obtain about half their necessary paper from Lufkin.

Later they'll get more, because the plant is doubling its capacity. Work on a new unit started in January, and will be completed late in 1947.

One reason for the national interest is the new process being used.

Once the industry said southern pine couldn't make newsprint. Dr. Charles Herby of Savannah, Ga., proved that it could. He developed a process that uses all pine, 80 per cent mechanical pulp and 20 per cent chemical pulp. Mixed together they make good, strong newsprint.

The Lufkin plant was built and in operation in January, 1940. Its head is E. L. Kurth, Lufkin, president. E. W. Wortham is vice-president and W. L. McHale is mill manager.

The man who keeps the plant rolling 24 hours a day, three shifts, is Charles Carpenter, general superintendent, young, handsome and enthusiastic. He was trained by Dr. Herby.

All Texas Plant
It's an all-Texas plant. Most of the 600 employees, getting \$120,000 a month in salary, are Texans. A few skilled paper men had to be imported.

The timber is cut in East Texas, which has an inexhaustible supply. Water, of which 10,000,000 gallons are used daily, is from deep wells nearby. Salt cake comes from Monahans; chlorine for bleaching from Corpus Christi; lime from Houston; fuel is natural gas, from Texas and some from Louisiana. They pay the former OPA ceiling of \$9.75 per cord of wood, and a neat source of revenue has been opened to East Texans. Selective cutting insures a steady supply of timber—they just don't go in and level a forest.

Texas uses about 125,000 tons of newsprint a year (1940 figures) and the plant produces about 50,000 tons a year today. Later, with a new plant, it will be producing well over 100,000 tons annually.

Its present daily capacity is groundwood 140 tons, sulphate pulp 200 tons, bleached sulphate pulp 50 tons, and newsprint 125 tons. The process is so fast that a lumber can cut down a tree in the morning, haul it to the mill, and then read his afternoon paper on paper made from his own tree.

The wood is debarked, ground, and made into huge rolls of paper in a matter of hours. A string of boxcars waits at one end of the mill—ready to take the paper immediately to Southwest plants.

Texas, truly, is developing a new industry — watched by the entire nation.

This Little Pig Went A-Milking In Machine Age

ITHACA, N. Y.—(AP)—A miniature milking machine for use on guinea pigs is the latest addition to the dairy research laboratory at Cornell University.

Built by Prof. B. L. Herrington, the machine, patterned after the large dairy milker, is so small that all the necessary parts are linked together on a board about 18 1/2 inches.

Milk is extracted by the suction process into a "milk can," which, in the case of a guinea pig, is a small glass container.

Milking a guinea pig is a two-man job. Prof. H. H. Williams usually holds the small animal while Professor Herrington operates the equipment.

Professor Herrington's work has aroused considerable interest, and there's usually an audience on hand when "milking time" rolls around. "It's almost got to the point where I think I'll have to charge admission," he commented.

Large Numbers Of Vets Settle Down On Farms

WASHINGTON—(AP)—Judging from government loan records, war veterans are settling down on Western farms in considerable numbers.

This despite the fact that only a few acres of public land on reclamation projects will be available for homesteading this year. That means that the veterans are buying private land, rather than establishing new farms.

Veterans by the thousands are buying or expanding established farms, by means of loans from the Farm Security Administration or from private sources aided by the loan insurance feature of the GI Bill of Rights.

In the past year and a half, the FSA has made 2,100 loans for this purpose for a total of \$18,345,175. About one third of these loans have been in Western and Southwestern states.

Over approximately the same periods, the Veterans Administration has participated in 8,060 farm loans for a total of \$25,673,123, about one-fifth of which was invested in the West.

It was pointed out that these loans are restricted and that two other sources of investment—the buyer's private funds and loans by private capital—represent an additional unestimated factor.

The Farm Security Administration has made loans for purchase or enlargement of farms in Oklahoma, 136 for \$1,019,658; Texas, 330 for \$3,043,671.

In the same area and over approximately the same period the VA had participated in these loans: Texas, 753 for \$2,141,421; New Mexico, 54 for \$150,772.

Elkin also re-seeded about four acres of retired cultivated land to weeping lovegrass. Assistance was furnished by the Soil Conservation Service.

15 Texas U. Students Win Legislative Posts

AUSTIN—(P)—Fifteen of Texas' newly-elected state legislators were students at the University of Texas last year.

University officials named the following new members of the House of Representatives who took time from their studies to wage successful political campaigns:

Joe Thomas Kennington, Texarkana; Thomas Harris Sharp, Beckville; Charles A. Murphy, Houston; Lester Shackelford, Livingston; and Sidney McClain, Sherman; Wayne W. Waggoner, Fruitland; Elmer McVey, Teague; George O. Nokes Jr., Corsicana; William S. Fly, Victoria; Joe M. Kilgore, McAllen; Donald Peters, Cotulla; Britton T. Edwards, La

Distinction In Owing New Car

BALTIMORE — (P) — Nathan Goldbergh and Charles Levine, each driving a new 1946 tan and brown sedan of the same make, went to the same theater after parking on the same street.

Police awakened Goldbergh by telephone at midnight and asked him to check up on his car — Levine was worrying.

Not only were the cars the same make, color, parked nearby, etc., but both had dents on the right front fender. Goldbergh's key fitted Levine's car, and the mileage was almost the same. Levine's 3-582, Goldbergh's 3,570.

War Inevitable If Russia Insists On Major Expansion

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

In discussing the insistent question of whether we are headed for another world war because of the clash between Russia and the Western Allies, this column has ventured the view that conflict isn't inevitable if the Soviet Union has about satisfied its ambition for extending its zones of influence, but that it is inevitable if Moscow is bent on further major expansion.

Those conclusions invite two other vital questions: (1) Is there anything to indicate what is in Moscow's phynx-like mind? (2) Is Uncle Sam prepared to meet any eventuality.

I understand from an excellent source that Marshal Stalin not long ago said Russia had got about all it wanted. However, that isn't very definite, for "about" is a relative term.

We know, for instance, that Moscow wants to secure military bases on the strategic Dardanelles and to play an important role in the Middle East and the Mediterranean.

We know, too, that Russia has staked claims in Manchuria and Korea and from all the signs being bent on winning Japan over to Communism.

The week-end brought some startling light on the situation in the Far East. Saturday Russell Brines, Associated Press chief of bureau at Tokyo, gave this plain language report:

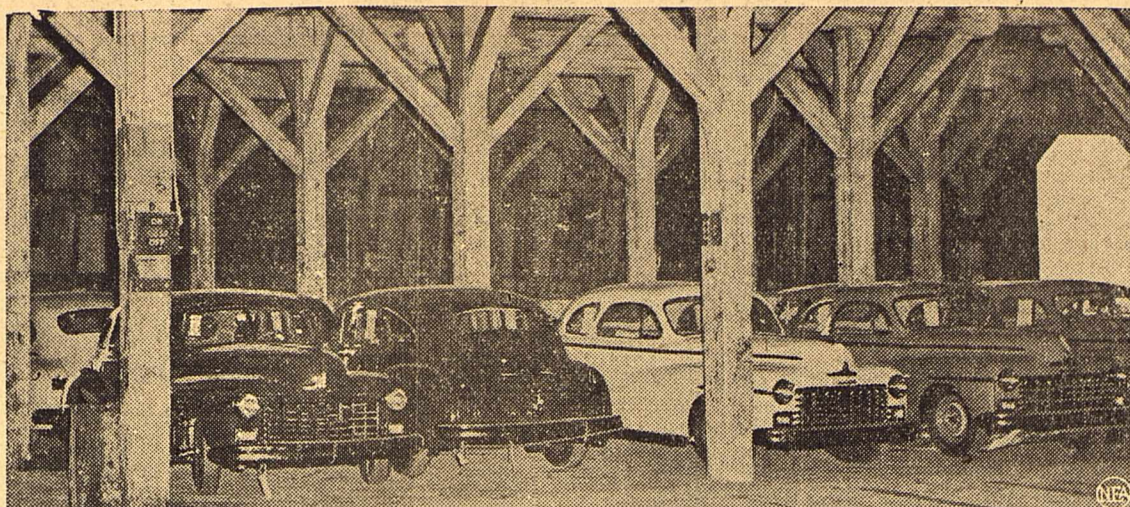

Yanks May Stay In Japan

"Although the military phase of the occupation is nearly completed, American forces may remain indefinitely in Japan to hold what is regarded here as the eastern anchor of a world-wide American line against the Soviet Union and Communism."

Sunday the six members of the Military Committee of the U. S. House of Representatives, who have been touring American bases in the Pacific, called for a strengthening of the United States position to meet the threat of Russian encroachment on American zones of control.

Then we have from General MacArthur himself the declaration — made in the course of his summary of the first year of American occupation of Japan — that the "dread uncertainty" of ideological conflict between Democracy and

Want a New Car? Go Abroad and You'll Get It

American-made, 1946 model cars are lined up on a Weehawken, N. J., pier, awaiting shipment to Newfoundland. Recent survey revealed that American manufacturers are sending thousands of their new autos to foreign markets, shipping 9,000 in June alone. Recently Nash production was halted at Milwaukee and Kenosha by what company officials said was "unprecedented refusal of employees to work on cars for export." Manufacturers say they are merely fulfilling normal export commitments.

Palestine Arabs Arm From Across Border And British Black Market

By CARTER L. DAVIDSON
JERUSALEM—(P)—Arms for the military organizations of the Arabs of Palestine are pouring into the hands of willing warriors these days from over the border, out of hiding and through the black market.

Complete evidence of all three sources of arms and ammunition for burgeoning military movements is visible openly.

Supplies now in the hands of three separate military organizations—Najada, Futuwah and Jawallah (Arabic words for Helpers, Youth and Scouts, respectively)—are not impressive.

But supply streams are deepening fast.

At present Najada's 5,000 men are about half armed. Futuwah's estimated 13,000 about a third. What arms Jawallah, the Moslem Brotherhood's military branch, possesses was not learned, but they are believed to be comparatively few.

What guns there are in the hands of the Arabs are far from the quality and quantity the Brit-

ish army has been finding in the caches of the Jewish underground. They are mostly revolvers, a few rifles and fewer machineguns. And they are less than half as efficient, some dating back to the days when the Turkish army occupied Palestine, before and during World War I.

The principal source of supply appears to be Arab tribesmen living just over the Palestine borders in Transjordan, Syria and Lebanon. Arab sources have told this writer in the past week of their own purchases in tribal villages, such places as the Jebel Druze and the towns of Trans-Jordan, where private ownership of guns without license is legal.

Many From Hiding Places

The second important source is the hiding places of guns stored by Arabs, mostly in isolated villages, after the 1936 uprising.

The third and fastest increasing source of supply is the black market to which British military officers and men stationed in Palestine contribute.

This source, a trickle two months ago, has now become a veritable source of munitions flowing to unlicensed owners at prices governed only by what the traffic will bear.

An unimpeachable source gave me an eyewitness account of deliveries last August 18 at 10:45 a. m. of 40 Thompson submachine guns to a group of Arabs in Nabulb. The delivery was arranged by a British army officer. The name, rank and unit of the officer is in my possession.

On the same date in the late afternoon another truck delivered 50 light automatic weapons to an Arab (named Issa Hamzi) in the village of Ein Karem near Jerusalem. The delivery was arranged

Hi-HyO-Elevator! Stop That Thief!

BALTIMORE—(P)—Emanuel A. Perrin didn't use a horse, automobile, radio, airplane, boat, or other accepted method to catch a criminal—he used an elevator.

Perrin was interviewing two applicants for work in his 15th floor office when one of the men grabbed \$5.25 from the counter, and ran down the stairway.

Wasting no time, Perrin rang for an elevator and made a non-stop trip to the main floor. He found a policeman in the street, and the officer started up the stairs, meeting his man head-on at the second floor landing.

EISENHOWER TO VISIT SCOTLAND IN FALL

EDINBURGH, SCOTLAND—(P)—Officials of Edinburgh University have announced that Gen. Dwight D. Eisenhower will visit Scotland shortly and will receive an honorary degree of doctor of laws at the university on October 3.

through a Palestine police officer, also known to me.

A week earlier a British sergeant sold eight revolvers to an Arab in Gaza for three pounds (\$12) each. The Arab later showed me one of the revolvers and said he had sold the others for five pounds (\$20) each to other Arabs.

Short cuts to new Kitchen Freedom!

"BUFFET KITCHEN" . . . LATEST IN A SERIES OF "NEW FREEDOM GAS KITCHEN" DESIGNS

Here are just three ways your smart-as-tomorrow Gas kitchen releases you from time-wasting mealtime drudgery.

- It cuts out cooking chores . . . Your new Gas range is so automatic it thinks for itself . . . turns on and off . . . cooks a delicious meal — all by a simple clock control! Makes every food taste better, too . . . whether it's a feather-light cake from the air-conditioned oven — a flame-roasted ham from the smokeless broiler — or a tasty stew from thrifty simmer top-burners. For nothing else brings out flavor like the flame. And nothing else equals the speed, ease and flexibility of flame-cooking on a new automatic Gas range built to CP standards!
- It cuts out marketing monotony . . . Your new economical, silent Gas refrigerator is streamlined inside and out! Arranged to store more foods (frozen foods, too!) . . . filled with constant circulated cold to keep them fresh longer. Best of all — there are no moving parts in the freezing system to wear out!
- It cuts out hot water headaches . . . Your new automatic Gas water-heater simply ends "run-cold" worries! Gives you gallons of uniformly hot water 24 hours a day . . . replaces the supply so fast there's plenty even for an automatic dishwasher and laundry. Amazingly thrifty, too! Plan for it now in your own "New Freedom Gas Kitchen"!

DEVIL'S LAUGHTER

By Alice M. Laverick Copyright, 1946, NEA SERVICE, INC.

THE STORY: Charlotte's health improves and she and Cecelia plan their long-delayed picnic. Colin Fitzgerald unexpectedly joins them, over-rides Charlotte's protests that he is not wanted. He settles both young women in the canoe, paddles them off to look for a good picnic spot. He tells Charlotte that men wander when there's nothing to keep them at home.

"It's passing strange," said Colin, "how a Queen with such glorious blue eyes and such a bewitching smile could turn away anyone from her table hungry. But perhaps she'd rather I'd feast my eyes on her."

"Oh, Colin, you idiot!" She laughed. "Here, give him a sandwich, Cecelia, and tell him to go away and let us alone."

"Ah," said Colin, "and what if the ship were to get loose from its mooring? We would all be stranded here for the rest of our lives and you would have only me to depend upon to kill deer and rabbits and fish and snakes and one thing and another."

"How very true," said Charlotte. "That is, it would be except that just up over the hill the state road runs and we could all get in the trolley and ride out to North Lynchester in about ten minutes."

He looked quite pained at this and told her she had no romance in her soul; indeed, she had an extremely mundane mind and why he bothered to stay here he did not for the life of him knew.

Then he began to sing, and after a while we joined in, and he went on to quote more poetry. He seemed to know snatches of quite a few poems but no one from beginning to end. We all got to the point, after a while, where we laughed at everything that was said, whether it was funny or not.

Eventually we noticed that the sun was getting low, and reluctantly decided that it was time to pack up and leave.

It was when we started to rise, with Colin taking our hands and helping us, that Miss Charlotte twisted her ankle. And Colin, quickly, the bit of nonsense dying on his lips, his eyes serious put his arm about her.

She straightened up just as quickly, however, and took my arm, saying she was perfectly all

right, it was nothing. And after a moment, he took the pillows and the basket and we went back to the canoe.

WE took our time coming back, drifting slowly down river, watching the sunset. We sang a little, not much, all of us so relaxed and feeling so lazy after our day in the open that we didn't want to exert ourselves even that much. Colin looked browner than ever, if possible, and Miss Charlotte's eyes sparkled and her face was slightly pink from the sun. I knew I had a sunburn, too, that would add a few freckles to the more than plenty I already had, but I did not care. It had been such fun.

Colin told us jokes, mostly Irish ones, with an excellent imitation of a brogue, and we laughed some more. He kept looking at Miss Charlotte and now and then I had that familiar feeling of being completely unnoticed.

Looking back later, I did not know whether we should be glad or sorry that we had been so gay that afternoon. For when we arrived at Inisfaul, there was a great shock awaiting us. I found Ellen in the kitchen, rocking back and forth, wild with grief. And at first I could not comprehend what she was telling me, and when I did, I was stunned.

For old lady Fitzgerald had died that afternoon.

While we sat on the mossy slope under the trees and sang and laughed and enjoyed ourselves so thoroughly, she had been lying dead there at Inisfaul.

I could not believe it. It was not possible. But it was so. In her last sleep, Honora Fitzgerald was really noble-looking. They had somehow made her look like the portrait, and with those restless eyes forever closed, her face was calm, her features stamped with grandeur. And I realized, as I gazed at her, that I had grown fond of her during those few weeks I had known her. Arrogant and opinionated she had been, to be sure, but something about her was forever to keep a place in my heart.

(To Be Continued)

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY America's Card Authority

Thousands of people who are playing party bridge today will be participating in duplicate and tournament bridge in another year or two. I believe that tournament bridge offers the finest national intellectual competition. Participants in a local duplicate game or in a world championship event are competing with every other tournament player in the country in the mad race for Master Points.

Declarer's play of the cards at duplicate bridge is often dictated by a realization of what would have happened if the opponents had been allowed to play the hand. In today's hand South's bid of four spades is a sacrifice bid based on the assumption that East and West could make four hearts.

If they could, they would score 120 points for tricks and 500 for a vulnerable game—620 points. Therefore South must go down less than 600.

West cashed three club tricks, then played the ace and a small

VIC FLINT —By MICHAEL O'MALLEY and RALPH LANF

SO THIS IS THE THING YOU'VE BEEN CONCEALING FROM ME! THAT WAS UNUSUAL OF YOU, MISTRAL!

WATCH THE GATE, MELCROFT SAYS, SO I SLIP ACROSS THE HALL AND WATCH MELCROFT AND MISTRAL IN THE POOL.

SWIM, MY DEAR SISTER! YOUR LOVING BROTHER, LASH THORN, WILL JOIN YOU!

NO, LASH!

"TWILIGHT" MELCROFT SAYS, "LASH THORN IS DEAD." WELL, LASH THORN SEEMS TO HAVE COME TO LIFE!

Customs Evaders Swell Burma Treasury

RANGOON, BURMA — (AP) — A concrete strong room has been built onto the Rangoon Customs House to hold thousands of rupees' worth of goods seized each month from persons accused of attempting to avoid paying import duties when returning to former occupied areas from war-time havens in India.

The penalty for attempted evasion is three times the amount of the duty. Most persons choose to abandon the goods, sold periodically to swell the Burma government treasury.

Precious metals spun into wire or thread to assist concealment, watches, fountain pens, lighter flints and cloth and other scarce items are found hidden in false bottoms of trunks, secret pockets and elsewhere.

What GIs Sing Around World

NEW YORK — (AP) — The musical preferences of American servicemen stationed overseas are not necessarily the same as those of the folks back home. Through the Armed Forces radio stations around the world, bandleader Kay Kyser polled the top tunes in various areas, and found the following favorites:

In Hawaii, "Making Whoopee"; Panama Canal Zone, "Poker Game"; Manila, "Don't Cry Baby"; Puerto Rico, "Doctor, Lawyer, Indian Chief"; Germany, "Oh What It Seemed To Be"; Aleutians, "Let's Wanna Get Married"; Austria, "Let It Snow"; Italy, "Symphony"; and Japan, "I Can't Begin To Tell You."

American Red Cross To Beat Hurricanes To Punch With Aid From U. S. Weather Bureau

Off to a disaster: These Red Cross workers, telling their tip from the weather bureau, will try to beat storms to the punch by getting to the scene ahead of the big blow and beginning evacuation and other relief work before the storm can take its toll.

WASHINGTON — (AP) — Let the hurricanes blow. The Red Cross and the weather bureau are ready.

This is the heart of the hurricane season. If and when a big blow strikes, the Red Cross expects to be on the scene this time, before— not after.

Weather bureau reports on all possible threats of disaster stemming from weather conditions are being fed into Red Cross centers throughout the country so that advance preparations can be made. Minute-by-minute storm reports will let the Red Cross know where to set up its shelters, where to assign extra medical and nursing personnel and where to start evacuating residents.

Will Recheck Sheriff Vote In Dallas County

DALLAS — (AP) — A recheck of the August run-off elections for sheriff and surveyor of Dallas County will begin Monday, Democratic County Chairman Arthur Stevenson has announced.

District Judge John A. Rawlins has agreed to supervise the recheck of voting machine tabulations.

Today the organization's 2300 chapter are prepared, on short notice, to house and feed 4,500,000 disaster victims in 40,000 shelters.

Here is how it will work when the need arises:

The weather bureau picks up a storm report and watches it move slowly northward towards the southern coastal region of the United States. Observers, chartmen, and forecasters will "chaperone" its course and give it elaborate advance billing.

Danger Zone Alerted

Telephone reports of the storm's progress come night and day to disaster headquarters as the storm develops. These reports are relayed to area offices in Atlanta, Ga.; Alexandria, Va.; New York City; St. Louis, Mo.; and San Francisco, Calif. Area offices in the danger zone alert all chapters which in turn start making preparations and call out relief committees.

At the same time, trained disaster personnel are rushed from area and national headquarters to

Deanna Durbin Returns To Universal Studios After Having Baby

By BOB THOMAS

HOLLYWOOD — (AP) — They've got a new studio out in Universal City, and a new Deanna Durbin, too.

The Winnipeg songbird is making "I'll Be Yours," the first picture for the new Universal-International Company. This is only fitting and proper since it is a Hollywood truism that Deanna and Frankenstein yanked Universal out of bankruptcy in the lean 30's.

"Thanks for giving me top billing," the new Deanna laughed. (Frankenstein had his option dropped; new studio policy permits no B pictures.)

Back at work, Deanna is trimmer than she was, even before the baby. And it's not only her appearance that has changed; motherhood becomes her. She seems pleased with life, and displays little temperament.

"I don't know if I'll be able to recognize the studio when all its plans are completed. It used to be like one happy little family. I knew practically everyone by his first name and telephone number," she said.

The movies lost one potential fan while the "Desert Town" was on location at Sedona, Ariz. Police halted traffic while the company used the highway for a scene.

When the cars were allowed to pass, Patrolman Eddie Reklus spotted the license number of one of them and pursued. The driver was taken into custody on suspicion of stealing horses at nearby Cottonwood.

The underground reports that Jimmy Cagney's salary for doing "13 Rue Madeleine" is one of the greatest ever paid for a movie job. Near \$300,000. . . Dick Powell fixed a radio show which would have him sing instead of being tough. He likes his new character. . . Watch for MGM to set up a recording company which will have all its leading artists on discs.

Law Locked Out

HOPKINSVILLE, KY. — (AP) — A prisoner in the jail here, apparently unimpressed with the security of the jail, took a plank and pounded the cell door until he tore up the lock. When Jailer Abner Witherspoon went to remove him for trial, he found it necessary to chisel the man out of his cell.

Annually, about 550 persons are killed in the United States by falling from windows.

Warsaw Weeps As It Buries Unknown Dead

WARSAW, POLAND — (AP) — Many cried, but they knew not for whom they wept.

Six tons of human ashes—those of hundreds who were slain and cremated in Warsaw by the Nazis during their long occupation—were scooped up by a Red Cross committee and placed in 100 plain, wooden coffins.

After a requiem service, a funeral procession formed consisting of ten trucks carrying the coffins and a large crowd of people, headed by the Rev. Col. S. Warchalowski, of the Polish army.

An honorary company of soldiers accompanied the procession to a cemetery and fired three salutes as the coffins were opened and the ashes poured into a common grave.

Many, including soldiers, cried, even though they did not know for whom they wept, for there was no way of identifying whose ashes were among those cascaded into the grave.

Love Finds Way To Change Town Name

NOTOM, UTAH — (AP) — This Wayne county community owes its name to an unsuccessful suitor, according to a popular local story. It was originally named Pleasant Creek, but because so many other Utah towns have "Pleasant" in their names, civic officials changed it to Notom.

The story is that the swain kept after a girl to marry him but her stock answer was, "No, Tom."

'Bimber' Moonshining

TORUN, POLAND — (AP) — The making of "bimber"—moonshine vodka—is an expensive business in Poland if you get caught. A tribunal fined one Polish moonshiner 200,000 zlotys and sentenced him to 14 days in jail.

Press In Hand

GIPPING, SUFFOLK, ENG. — (AP) — Newspapers are the greatest educational forces in the country "and we must walk with them hand in hand," Rev. W. G. Hargrave Thomas told a rural council meeting.

There are about 800 different kinds of trees in the United States. Approximately 30,000,000 cubic feet of natural gas were produced by Arkansas during 1944.

Report U. S. Seeks These Pacific Bases From UN

According to Sen. Warren Magnuson, of Washington, the United States will ask the UN General Assembly, at its September meeting in New York, for sole trusteeship over the vast chain of Pacific island bases shown on map above. The bases stretch over an arc of 4000 miles, covering direct air and sea lanes from Hawaii to Australia and the Orient. Area includes Caroline and Marshall groups, both Japanese-mandated; the Gilberts, a British mandate; the Marianas Islands; Manus, in the Admiralties, where the U. S. built a \$200,000,000 base, with Australia's permission.

Three government pilot plants, designed to produce gasoline from coal, are under construction in the United States.

'I Did It With My Bow And Arrow,' Says Jane Russell, Famous For Curve

By BETTY CLARKE
AP Staff Writer

If you want a beautiful figure, reach for the ceiling, girls! That's the advice of movie star Jane Russell, famous for her curves.

On a recent trip east, Jane demonstrated some of the exercises she says are responsible for her lovely figure. She also told how archery, one of her favorite sports, serves as a continuation of her figure-building exercises.

In the stretching exercises, Jane took an easy standing pose before a mirror and said:

"Before starting any of the exercises, pull the body into position. Lift the chest out of the stomach, the shoulders out of the chest, the neck out of the shoulders, and the head out of the neck. As you shed your slump, you can almost see yourself drop pounds."

Jane, in jersey and shorts, then raised herself on her toes, put her arms up and stretched as far as she could.

Next she illustrated an exercise which she says will strengthen the muscles of the upper arms and shoulders as well as those muscles above the bust that help to keep the bust-line firm. Here is how you do it:

Clasp your wrists with your hands, bend arms at elbows and hold at the height of your shoulders. Without sliding the hands away from the wrists give a quick push-jerk as if you were trying to push the skin of the arm up to the elbow.

Another exercise for strengthening the upper arms is done this way:

Draw your arms up shoulder high and bend at the elbows, with hands doubled into fists. Standing with back against the wall, beat the wall with the back of your upper arms.

For a slim waistline, Jane advises:

"Bend forward, keeping the knees straight, and then bend backwards as far as you can. These may seem like the same old bending exercises but they can do much toward making the body supple and shapely. At work or in sports, if you have to pick up something, don't squat—bend, with the knees straight. Then it becomes an exercise."

Archery is Jane's pet exercise for keeping her shoulders and bust well-rounded and firm. She believes that every muscle of the upper part of the body and arms is brought into play in archery, because you can't let your body slump for a minute.

Jane says that to develop lovely

curves a girl should be active in some outdoor sport. Jane swims, plays tennis, badminton, rides and skis and doesn't believe there is any excuse for a young girl not being interested in at least one sport.

Basic U. S. Industries, Straining To Fulfill Demands, Almost Reach Limit

WASHINGTON—(AP)—The country's basic industries, straining to catch up with ravenous public demand for goods, have nearly reached the limit of their capacity. The Civilian Production Administration in reporting this said that having attained "continuous, high level" output, steel, coal, rails and the power industry cannot push much higher in the near future.

	July	Prewar
Automobiles	220,000	312,942
Trucks	93,000	86,840
Passenger Tires	5,100,000	4,200,000
Truck and Bus Tires	1,100,000	1,000,000
Refrigerators	220,000	309,000
Washing Machines	187,000	158,000
Radios	1,329,000	1,100,000
Sewing Machines	35,000	67,000
Vacuum Cleaners	197,000	156,000
Gas Ranges	127,000	125,000
Electric Ranges	57,000	47,000
Electric Irons	502,000	380,000

The Pan-American Highway when completed will be 3250 miles of all-weather road extending from Laredo, Texas, to the canal. Prewar Canada spent about \$100,000,000 annually on highways, and in the next five years the cost will be nearly \$150,000,000 each year.

OPEN HOUSE

MONDAY, SEPTEMBER 9th

6:00 p. m. to 10:00 p. m.

This is the time that we will demonstrate the very latest, most modern printing equipment that has arrived in Midland in several years —

OUR NEW

OFFSET PRESS!

With a standard production speed of up to 7500 sheets per hour, this new press will do your important work conveniently, fast, and economically, without mistakes, delays or waste. Printing from actual photo negatives, your work is sure to be up to your specifications. See this up-to-date machine demonstrated tomorrow night!

Our FOLDING MACHINE

which does accurate folding at from 8000 to 15000 sheets per hour.

Our ADDRESSOGRAPH

that will make direct mail campaigns available to you at a reasonable cost.

All of these new additions to our printing department merely demonstrates the fact that we are always striving to give you better service and better work . . . and at no time are we content to stand on past records, but are constantly on the alert to find better methods to give you more satisfaction . . . we hope you visit us Monday night to see the demonstration.
