

Truman Requests Inquiry Into U. S. Wage Price Policy

President Reportedly Considers Dissolution

WASHINGTON—(AP)—The Office of War Mobilization and Reconversion said Wednesday its advisory board has been asked by President Truman to examine the government's wage price policy.

There was a difference of opinion whether the study involved the future of the Wage Stabilization Board.

An OWMR official said "there is no thought of scrapping WSB." But an advisory board member told reporters privately he believed the President wanted guidance on whether the board should be dissolved and, if so, what type of stabilization machinery should take its place.

The official spokesman said the study is "all very informal" and in line with the custom of the advisory board constantly to study all matters pertaining to reconversion.

Truman spoke personally to a meeting of the advisory body Tuesday, as he often does. The board, headed by Dr. George W. Taylor, former chairman of the War Labor Board, meets every two weeks. Taylor was selected to head a subcommittee which will study the wage-price program.

The WSB aroused the anger of labor leaders when it refused to approve the full extent of wage increases for merchant seamen that were agreed upon by the seamen and their employers.

Last week Reconversion Director Steelman by-passed the WSB to grant AFL seamen higher wages.

SO&GC 1 Kayser Shows About 75 Per Cent Water

By JAMES C. WATSON
Oil Editor

Stanford Oil & Gas Company No. 1 Kayser, Central Ector County wildcat, which had indicated a possible discovery from the Ellenburger at 13,490-570 feet, had flowed 104 barrels of oil and 219 barrels of water in 36 hours of testing.

At last report the project was making between nine and ten barrels of fluid per hour, flowing, with about 75 per cent of it water. Informal sources revealed that the water was both salty and sulphur.

The wildcat is 660 feet from south and west lines of section 34, block 43, TP survey, T-2-S, about six miles west and south of Odessa, and approximately one and one-half miles west of the South Cowden field, where the production is from the upper Permian. Testing was continuing.

Wildcat Completed

Nolen and Byram, (formerly B. H. Nolen), No. 1 T. J. Riley, slightly more than one mile north of nearest oil production in the Cedar Lake field, in Northeast Gaines County, about 400 feet from south and east lines of section 11, block H, D&W survey, had reported official completion of 126.42 barrels of oil per day, pumping.

The pay at 4,743-4,815 feet, had been treated with 5,000 gallons of acid. The oil produced on the potential test was cut with two per cent water.

Pacific Western Oil Company, Skelly's No. 1 Cowden, on north-west side of the proven area for production from the Devonian, in the Dollar Hide field in extreme Southwest Ector County, and 660 feet from south and west lines of section 4, block A-55, psi survey, was coming ahead from 7,529 feet, in dolomite.

Core Slight Shows

A core at 7,511-29 feet recovered 17 feet of dolomite, with scattered, very slight porosity and bleeding a small amount of oil. Operator has not officially reported identity of the formation.

Placid Oil Company and Gulf Oil Corporation No. 2 Thornberry, West-Central Andrews County wildcat, in southeast quarter of section 3, block A-42, psi survey, was to drill ahead after a drillstem test at 6,884-7,008 feet, in the Tubb section of the Permian.

The tool was open one hour. There was a good blow of air during the test. Recovery was 4,770 feet of sulphur water. No shows of oil or gas were reported.

Some geologists say this exploration is 64 feet high on the top of the Tubb to the same point in the same operators' No. 1 Thornberry, to the west, which is pumping a small amount of oil and considerable water from the Ellenburger.

Not Verified

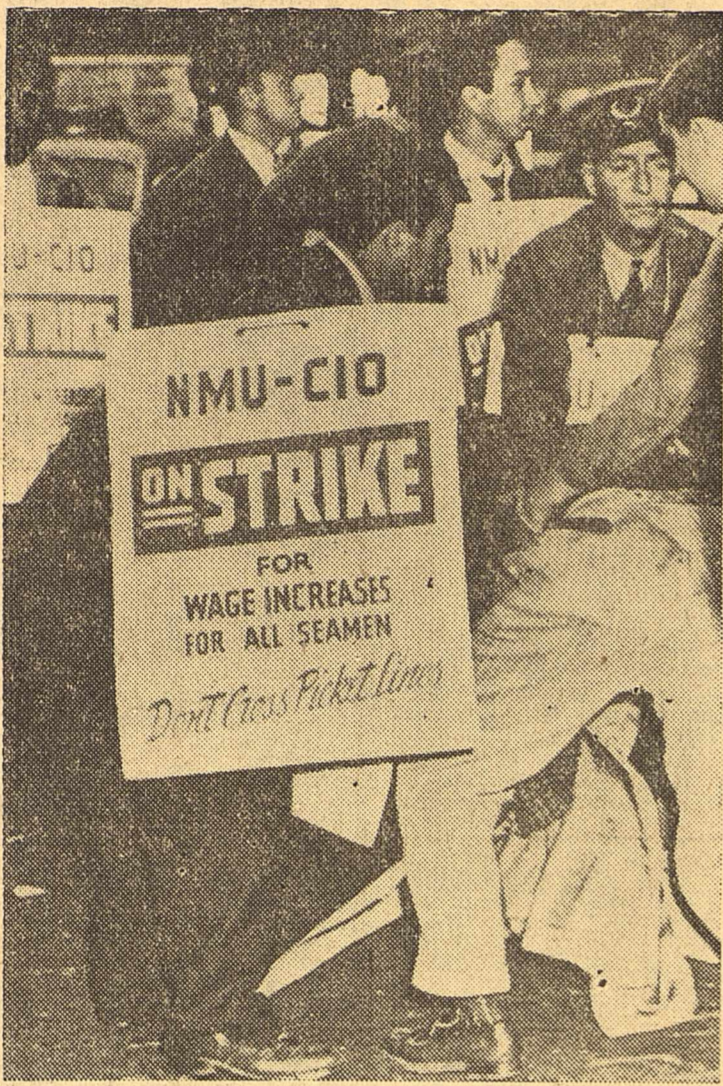

The same correlation makes No. 2 Thornberry 39 feet high to No. 1 Thornberry on the top of the Yates; 11 feet low on the top of the lime, and 31 feet high on the top of the San Angelo.

Those calculations have not been confirmed by operators.

Takes Block in Fisher

J. W. McMullen, Midland operator, has leased a solid block of approximately 4,500 acres in West-Central Fisher County, on a 10-year commercial lease basis. The block is approximately seven miles west of Roby. About 2,700 acres of it was taken from J. C. Stribling, Jr., and the other acreage is from (Continued on Page 2)

George H. Quarterman Elected Episcopal Bishop For District

PHILADELPHIA—(AP)—Three clergymen from 20 nominees were named Wednesday by the Protestant Episcopal Church in the U. S. A., to fill vacant bishoprics in the church's missionary dioceses of Utah, Eastern Oregon and North Texas.

The clergymen were elected by the House of Bishops meeting Tuesday during the church's 55th triennial convention here. Their names were sent to the House of Deputies for concurrence which was not given until Wednesday's session.

Chosen were:

For North Texas—The Rev. George H. Quarterman of Amarillo, Texas, to fill a vacancy created a year ago by the retirement due to illness of Bishop Cecil Seaman.

For Utah—The Rev. Stephen C. Clark, Jr., Pasadena, Calif., to succeed Bishop Arthur W. Moulton, who submitted his resignation to this convention having reached the retirement age.

For Eastern Oregon—The Rev. Lane W. Barton, East Orange, N. J., filling a vacancy created a year ago by transfer of Bishop William P. Remington to the post of suffragan bishop of Pennsylvania.

The bishops-elect will be consecrated at dates to be fixed later in their respective dioceses.

Midland Man Injured In Airplane Crash

Lowrey Wallace Anderson of Midland, one of the operators of Skyhaven Airport, was seriously injured in the crash of an airplane at Portland, Indiana, Wednesday, Midland police were notified.

Portland officers said Anderson received multiple injuries and his plane was demolished.

Mrs. Wallace and Dave Kellogg, partner of Wallace at Skyhaven, are reported to be flying to the Indiana city.

U. S. To Ask UN To Probe Greek Border Incidents

Army On Border Fears Invasion

LAKE SUCCESS, N. Y.—(AP)—The United States has drafted a far-reaching proposal that the United Nations Security Council name a fact-finding committee to study border incidents along the entire northern Greek frontier, including the areas adjacent to Albania, Yugoslavia and Bulgaria, it was learned authoritatively Wednesday.

The United States plan, in the form of a suggestion and not a formal motion, was due to go before the council Wednesday afternoon when delegates resume the long debate on the Soviet Ukraine's complaint against Greece and Great Britain.

It was understood that Delegate Herschel V. Johnson's plan would call for a small committee of the council to undertake the study and report as soon as possible. The committee also would be asked to study Ukraine charges that the Greek government was persecuting minorities, insofar as such a situation might provoke border clashes.

Such action by Johnson would in effect keep the Greek case on the agenda and at the same time provide a broad inquiry into border incidents in an effort to determine how they were being provoked. Greece and Albania have accused each other of touching off the clashes.

Rumors Of Invasion

ATHENS—(AP)—A spokesman for the Ministry of Defense said Tuesday that reports and rumors that Greece was threatened by invasion were part of a "war of nerves."

Information compiled by the intelligence service of the high command, the spokesman said, has revealed nothing to indicate that Greece is facing imminent attack.

A qualified Allied source had said Tuesday night that he had received information that an invasion "may be expected within two days." The source of this information was not divulged.

American correspondents at Athens reported the Greek army along the northern frontier was jittery and fearful of an invasion. The correspondents said Greek commanders reported they were outnumbered and lacked equipment.

An authoritative informant said the Greek government was preparing to present charges to the United Nations that armed leftist bands operating in northern Greece were being supplied by northern neighbors of Greece. Three countries border Greece on the north, Albania, Yugoslavia and Bulgaria.

Porter Urges Return Of Dairy Ceilings

WASHINGTON—(AP)—OPA Chief Paul Porter Wednesday urged the Decontrol board to restore price ceilings on all dairy products, saying such action "is essential to the stabilization program."

Porter sent a report on retail and wholesale prices and supplies of milk, butter, cheese and other dairy products to the board as it met to decide the future of dairy products now free from ceiling.

The figures show, Porter told the board, that dairy product prices are now generally above the level of former June 30 ceilings plus subsidies.

He added that the prices of cheese, butter and other manufactured products "indicate a trend which if continued, will in a very short time lead to a general high price level and dangerously above the level of former ceilings plus subsidy."

A decision on reconrol of dairy products is not expected Wednesday and may be delayed several days.

U. S. Jet Unofficially Sets New World Record

MUROC, CALIF.—(AP)—The Army's latest jet plane has set a new American speed record and unofficially has bettered the world mark held by a British plane.

An announcement said a Republic XP-84 thunderjet had been timed officially at 611 miles an hour and unofficially at 619. Further efforts will be made, the Army said, to beat officially the mark of 616 miles an hour established early this month by a British twin-jet meteor.

The U. S. plane was flown by Capt. Martin L. Smith of Wright Field, 26-year-old South Pacific combat veteran.

President May Ask Wallace To Resign

Chief Executive Confers With Top Advisors Before Calling Commerce Chief To Meeting

By JOHN M. HIGHTOWER

WASHINGTON—(AP)—President Truman went into a round of conferences with State Department officials Wednesday in advance of an expected foreign policy showdown with Henry A. Wallace during the afternoon.

The President was reported by top Administration sources to have decided to tell Secretary Wallace that he must quit talking about American foreign policy or get out of the job.

Undersecretary of State Will Clayton, who tried to head off Wallace's "be-more-gentle-with-Russia" speech of last Thursday, was scheduled to see the President twice before the secretary of commerce arrived at the White House.

Bernard Baruch, Administration adviser on atomic policy, was on the White House calling list with Clayton at noon. Earlier, Clayton and Assistant Secretary of State Donald Russell had a 15-minute session with Truman.

Press Secretary Charles G. Ross told reporters he did not know whether either or both of the conferences dealt with the Wallace situation.

Wallace was due at the White House at mid-afternoon.

Less than 24 hours earlier he made public—without Truman's approval—a letter he wrote the Chief Executive last July urging that this country agree to "reasonable Russian guarantees of security" even at the risk of "appeasement" cries.

"We have little time to lose," Wallace said in calling for a "shift in some of our thinking about international matters."

The letter, which Truman simply acknowledged and passed on to Secretary of State Byrnes, proposed a long list of moves Wallace said would destroy A-Bombs.

Among them was a definite treaty pledge for the eventual destruction of America's store of atomic bombs and a reassessment of this country's military as well as foreign policies to avert what Wallace described as the danger of a third world war.

The President specifically "disapproved" release of the letter for general publication on the grounds that its approval might be misconstrued as applying to its contents as well.

But his decision—reversing an earlier one by White House Press Secretary Charles G. Ross—came too late. Copies had been distributed among reporters at the Commerce Department after it had been learned that a columnist was about to make the document public.

Thus it broke into print as the week-old cabinet drama moved toward Wednesday afternoon's climax act in Truman's office.

Whether Wallace would choose to keep his position in silence or get out and fight for the foreign policy he believes America should have was his own secret for the moment. But at least some of those close to him expressed belief he would elect to get out rather than be gagged.

Swiftly, these other details were learned from top Administration officials:

1. Wallace, already at work on his scheduled September 24 speech at Providence, R. I., hoped Tuesday night to have it ready to take to the conference with the President. His plan to seek Presidential approval of this address evidently was made without knowledge of (Continued on Page 2)

2. The columnist added, despite an earlier denial by Presidential Secretary Charles G. Ross, that when the letter reached the White House "six carbon copies were made for the perusal of various advisers."

The exchange was precipitated when Wallace's office released the letter generally—over Truman's opposition—Tuesday with its preface: "In view of the fact that a copy of Secretary Wallace's letter of July 23, 1946, to the President was filed from the files and is in the hands of a newspaper columnist, the Secretary of Commerce is today releasing this copy of the letter."

Porter promptly threatened Wallace with a libel suit.

W. P. Thornton, 91, Retired Grocer, Dies

W. P. Thornton, 91, retired grocer, died early Wednesday at his residence, 105 East New Jersey Street, following a long illness.

Born in South Carolina, Thornton came to Midland in 1927 and started the South Main Grocery, located across from the old South Ward School.

Funeral services will be held Thursday at 2 p. m. in Abilene at the Kiker-Warren Funeral Home. The body will be transported there by Ellis Funeral Home of Midland.

Survivors include: his widow; a daughter, Mrs. R. C. Reynolds of Midland; and a son, George Thornton of Mexia.

New Bishop Urges Righteous Peace

PHILADELPHIA—(AP)—The Rt. Rev. Henry Knox Sherrill, newly elected presiding bishop of the Protestant Episcopal Church in the U. S. A., said "unless a peace of righteousness is reached soon" the catastrophe that befell Europe "can take place here."

The 55-year-old former Army chaplain who presently heads the Diocese of Massachusetts, told reporters Tuesday at the church's 55th triennial general convention, "the necessity for Christian unity is imperative."

"How can we expect nations to cooperate unless the world's churches cooperate," he asked.

Midland Restaurant Men Await Official Notice On Rollback

Midland restaurant owners and operators Wednesday for official notification that prices on meat meals would be reverted back to April 4-10 level by OPA.

The Midland County price control office had not been notified Wednesday morning to inform restaurant owners and operators of the price reversion.

It was the general opinion of operators here that the price rollback would be a hardship.

The Midland operators were waiting for the notification before acting of commenting.

Senator Andrews Of Florida Dies

WASHINGTON—(AP)—Sen. Charles O. Andrews (D-Fla.) died Wednesday of a heart attack at the Naval Hospital.

Andrews had gone to the hospital last week for a physical checkup. His home was in Orlando.

A former justice of the Florida State Supreme Court, he was elected to the Senate in 1936 and re-elected in 1940.

The senator, who was 69, did not seek renomination this year but had planned to remain in Washington until the 80th Congress convened in January.

Survivors include his widow, Mrs. Margaret Andrews, and three sons.

Union Official Expects Spread Over S'West

Bus Strike Called At Beaumont, Port Arthur

By The Associated Press

Houston telephone workers walking off the job to attend a continuous meeting Wednesday in a dispute over seniority, brought the number of major strikes in Texas to two, while a transportation strike and an electrical strike loomed.

Already on strike at Texas ports were members of the National Maritime Union (CIO).

Printers struck at midnight Tuesday at the Enterprise Company in Beaumont, publisher of the Beaumont Enterprise and Evening Journal. The newspaper was published from engravings Wednesday afternoon as a four-page paper.

D. L. McCowen, president of the Southwest Telephone Workers Union, predicted in St. Louis, Mo., that the dispute would spread throughout the Southwest.

The walkout was to protest the action of the company in promoting two employees, while, according to the union, three employees with greater seniority were equally capable of holding the jobs.

Telephone company executives manned the switchboards for emergency calls. The walkout greatly curtailed long distance and interzone calls. Dial telephone service was not interrupted.

The maritime union, striking for pay raises equal to those recently approved for AFL maritime workers, had tied up several Texas ports. At Houston, AFL longshoremen and seamen were refusing to cross NMU picket lines.

The NMU strike at Galveston has caused financial losses of \$12,500 daily. E. H. Thornton, general manager of Galveston wharves, estimated. At Sugarland, the Imperial Sugar Refinery closed down because of the sugar shortage, mainly caused by the seamen's strike.

Employees of the Beaumont and Port Arthur city bus lines have curbed a strike for shortly after midnight Wednesday night following breaking off of negotiations over wages and working conditions. The union is the Amalgamated Association of Street and Electric Motor Employees of America. About 150 employees will be affected. The union is asking an increase in pay from 83 cents an hour to \$1.10 and other benefits.

Utility Strike Scheduled

Southeast Texas and Western Louisiana faced a strike scheduled for October 12 the Gulf States Electric Service Employees Association, an independent union of employees of the Gulf States Utilities Company.

The company serves an area extending from Waxahatchee to Baton Rouge, La. Headquarters are at Beaumont.

Union officials said a strike notice under the Smith-Connally Act had been filed and that the executive committee would meet Sunday to determine if a strike vote would be taken. About 1,200 of the 1,500 company employees would be affected.

The union is asking wage increases equal to prevailing wages for similar work in other industries. Roy S. Nelson, company president, said increases of 10 cents an hour had been offered.

The phone workers met behind closed doors. Reporters and photographers were asked to leave before it was opened at about 9:30.

Union leaders said that no formal action was taken during the first session.

Gainesville Man Killed In Tavern Shooting

GAINESVILLE—(AP)—Lee McCorkle, about 40, died early Wednesday in a hospital here of a bullet wound in the chest suffered seven hours earlier at a tavern eight miles north of Gainesville in Love County, Okla.

Sheriff Orrin Wester of Love County placed a 33-year-old Gainesville man in jail. McCorkle refused to tell Chief of Police Lewis Theobald of Gainesville the name of the person who shot him.

Evangelist Talks At Lions Club Luncheon

The Rev. Ray Johnson, a former chaplain, who is conducting a revival at the First Methodist Church, told Midland Lions at the weekly luncheon meeting Wednesday at the Scharbauer Hotel that "war takes the best, it blisters, bruises and it kills. It substitutes unrealities for realities and pile for patriotism". Johnson was introduced by J. M. McDonald, program chairman. New members inducted Wednesday into the Lions Club were Horace Busby, Burl Self and Ted Kruger.

It was announced the Lions will entertain Midland school faculty members at a picnic at Cloverdale Park at 6 p. m. Monday. This is an annual affair. Earnest Neill announced donkey baseball games between Lions and JayCees to be played as a double-header Thursday and Friday nights of next week.

Snow Falls On Peaks In Colorado Rockies

DENVER —(P)— Snow blanketed the mountain peaks Wednesday as winter began closing in on the Rockies. Along the mountain ranges of Colorado, Wyoming and Montana the U. S. Weather Bureau reported heavy snow was reported above 7,000 feet elevation. Light snow also was falling at many lower points. Temperatures dropped below freezing at some points in the mountain region Tuesday night. A low of 17 was reported at Big Piney, Wyo., 28 at Lewistown, Mont., and 29 at Cut Bank and West Yellowstone, Mont.

Wallace—

(Continued from Page 1) Truman's decision for a showdown on his cabinet status. 2. The President is deeply concerned about the effect abroad of Wallace's foreign policy declarations, fearful lest other governments might begin to act on the assumption that this government is split over its relations with Russia. 3. Through Undersecretary of State Clayton, who conferred with him late Tuesday, Truman has sent a message to Byrnes at Paris thanking him for his forbearance and understanding throughout the Wallace controversy. Byrnes has maintained strict silence. 4. Truman's stated approval—later withdrawn—of Wallace's New York speech last Thursday which touched off the uproar is being explained by some of his aides as having been given after hearing only a disjointed reading of the text. Because of frequent interruptions to handle other business, these aides say, he did not discover the explosive nature of the address.

Ripple Of Activity Stirs Waterfronts

By The Associated Press
A ripple of activity stirred the nation's waterfronts Wednesday, due to release of AFL-manned ships and foreign vessels from CIO picket lines, but the bulk of America's maritime fleet still was anchored fast by the 14-day-old seamen's strike. The situation in New York—the nation's No. 1 port—was typical. The U. S. Maritime Commission said 422 ships were in port. Longshoremen were at work on 82. Of these, 22 were American and the others of foreign registry.

Eight HD Agents End Two-Day Session Here

The project was drilling out cement at 9,712 feet, at last report. S. B. Roberts, No. 1 King, Sutton County wildcat, 11 miles northeast of Sonora, was making hole below 4,600 feet in Strawn lime. The section at 4,561-68 feet had shown 1,000,000 cubic feet of gas per day. The zone at 4,575-85 feet, had tested for about the same amount of gas and that horizon also carried a slight show of oil.

A Sample Problem

In one of the most interesting—though perhaps not the most newsworthy—paragraphs in his Stuttgart speech, Secretary of State Byrnes said: "The American people want peace. They have long since ceased talk of a hard or soft peace for Germany. This has never been the real issue. What we want is a lasting peace."

It does indeed seem a long time since the general debate on "what kind of peace for Germany" was at its height. Actually it is not much more than 500 days ago, but those days have been filled with developments which make that argument seem hopelessly remote.

In that remote day, however, the issue of a hard or soft peace for Germany was a very real one. The quality of the peace terms promised to be a determining factor in the question of whether peace was to be lasting.

The debate was academic, to be sure. Some excellent minds engaged in it, but unfortunately they belong for the most part to men and women outside the realm of professional politics. The argument was based on the assumption that one of the principal jobs of peace would be to render the aggressor nations powerless to make war, and that the job would enlist the same united effort that marked the victorious military collaboration of the Allies.

Time will tell whether the issue of a hard or soft peace was real, vital and fateful. And the answer may not be long in coming. But one thing is certain: right or wrong, real or illusory, the victorious nations cannot join that issue again.

Germany already is a potential pawn or partner, at least. Such a situation is certainly not "in the interest of world peace," as Byrnes said. But it is a real and apparently unchangeable situation, nevertheless. And it makes the future of Germany a grave and explosive problem.

In an even broader sense the problem of Germany is a sample and synthesis of the problem confronting all mankind. It has been argued that the Germans are perhaps the most progressive people in Europe. Their science and industry are vital to European economy. Therefore, a pastoralization of the Germans would be a crippling blow to the whole continent. Yet the Germans are also the most belligerent of Europeans.

How, then, are their science and industry to be promoted, while their aggressiveness is being curbed? How are they to be permitted to grow strong in order to produce for the general material good, and yet be prevented from using their strength and productivity as bait and barter for military alliances looking toward more aggression?

These questions can be asked of all mankind. The human race is progressive, scientific and industrious. It cannot be pastoralized. Yet the human race is also belligerent. Today it would seem that man's progress is toward both ultimate human achievement and ultimate human destruction.

The problem of Germany is a sort of pilot-plant test of the whole world's future. And Germany's problem must be solved successfully before the larger problem can be approached with any degree of hope.

Lesson In Justice

The sad, ironic fate of Bertram M. Campbell of New York should not escape the attention of the American boy or indeed of all Americans in their role of potential witnesses and jurors.

Campbell gained national attention last year through the confession of a forger, for whose crime Campbell had served more than three years in prison plus a lengthy period of parole. The Campbell conviction was the outcome of overzealous prosecution and the too willing inclination of well-meaning but eager witnesses to identify the first suspect shown them.

The Campbell family, needless to say, suffered both from poverty and shame. Campbell's health was affected by his term in prison. Eventually special legislation was passed in New York state to permit him to recover something for false imprisonment and his loss of earnings. The award amounted to \$133,142, and the state seemed to have made handsome amends for the miscarriage of justice.

But Bertram Campbell lived only 82 days after this award was made, 82 days in which to enjoy comfort and vindication after nearly 10 years of the anguish and disgrace which were the lot of a falsely imprisoned man.

The lesson of this case is obvious, as is the lesson in most other cases of miscarried justice. It is simply that even the most patent guilt merits the full consideration of protective justice, lest another such unhappy incident as this take place.

Again we hear talk of simplifying the income tax report. Next thing you know all we'll have to do will be to write down our income, deduct our expenses, and send in the balance.

One man's idea of humor is often another man's idea of a broken friendship.

An optimist is a fellow who keeps on going to dull parties for fear he will miss something.

If you would keep your friends, don't give them away.

Hearing Is Completed On Plans Of Permian Basin Express Company

A hearing was completed here Tuesday afternoon by an examiner for the Railroad Commission of Texas on the application of the Permian Basin Express Company of Midland for a common carrier motor carrier certificate to transport newspapers and packages in the Permian Basin area.

The company was designed to provide needed additional transportation service in the area. It proposes to operate trucks on regular schedules serving the following points: Midland, Stanton, Tarzan, Lenora, Klondike, Patricia, Lamesa, Seminole, Andrews, Goldsmith, TXL, Kermit, Wink, Pyote, Pecos, Barstow, Wickert, Monahans, Penwell, Odessa, Crane, Royalty, Grandfalls, McCamey, Rankin, and other communities between the points.

A charter recently was obtained by the company and it is ready to start service if the Railroad Commission grants necessary permits.

The only opposition voiced to the plan came from the Texas & Pacific Motor Transport and the Railway Express Company.

James N. Allison heads the company and Ed H. Faussett is its manager. Robert M. Turpin and Irl L. Dyer are attorneys for the Permian Basin Express Company.

Witnesses from Midland, Stanton, Patricia, Lamesa, Seminole, Andrews, Kermit, Pecos, Monahans, Odessa, Crane and McCamey told of the need for the service and urged the granting of the permit.

Marshal Tito Arrests Yugoslav Archbishop

BELGRADE—(AP)—Premier Marshal Tito's government announced Wednesday the arrest of Archbishop Alojzije Stepinac on a charge of "crimes against the people" and made provision for trying him with 18 prisoners already before a court.

Stepinac heads the Roman Catholic Church in Yugoslavia. The government said he was arrested in Zagreb.

The public prosecutor obtained a seven-day postponement in the trial of the 18—who include 12 priests—on charges of war crimes and collaboration in order to prepare an indictment against Stepinac so he could be placed in the dock with them.

The main defendant in the trial is Col. Eric Lisak, who was chief of the Security Police of Gen. Draja Mihailovic, recently executed.

Lisak is charged with organizing terrorists Ustachi bands under the name of "Crusaders."

The archbishop's arrest was believed to have resulted from testimony allegedly linking the archbishop with the Ustachi. The government did not announce details.

Texarkana Re-Elects Mayor Who Resigned

TEXARKANA —(P)—W. N. (Bill) Harkness Wednesday apparently had been re-elected as mayor of Texarkana, following Tuesday's special city election called to fill vacancies caused when Harkness and three aldermen resigned recently.

Harkness ran on a "clean-up" campaign and late Tuesday night held 865 of the 2,850 votes cast.

H. F. DeFee, mayor pro tem, announced the City Council will meet Wednesday night to canvass the returns and declare winners, who will take office immediately.

Harkness and the aldermen resigned after a Bowie County grand jury indicted the aldermen who had been charged variously with bribery, accepting a bribe or consent to accept a bribe.

Aldermen apparently elected in Tuesday's voting were Luther McClure, paint dealer; Clyde L. Bane, automobile dealer; and Bruce Cunningham, lumberman.

ELECTED PRESIDENT OF CYF

Patricia Ann Bray, daughter of Mr. and Mrs. H. L. Bray, was elected president of the Christian Youth Fellowship and pianist of the Senior Sunday School Class of the First Christian Church in Midland, Miss Bray is a sophomore in Midland High School and vice-president of her home room.

The Force that Holds Up the Rainbow Natural Bridge..

OIL PLATES Your Engine!

ONE of America's wonders is the tremendous Rainbow Natural Bridge in Utah. Weighing millions of tons, it's held up by the mighty forces of attraction that exist between molecules of stone.

By ceaseless study of the molecular attraction between liquids and solids, Conoco engineers are able to bring motorists new and better oils. For example, under laws of molecular attraction, a special ingredient in Conoco Nth motor oil is attracted to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

Because molecular attraction holds Conoco OIL-PLATING up where it belongs

. . . prevents it from all draining down to the crankcase, even overnight . . . you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now . . . at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Co.

DEVIL'S LAUGHTER

XXVII

OH, I had been kissed before. It was part of growing up and losing one's freckles, acquiring a complexion and replacing bones with curves. There had been a few undramatic skirmishes after high school hops with half-grown or over-grown youths who pressed clumsy kisses on my reluctant lips, provoking no singing in my heart, no feeling of ecstasy. Only boring anti-climax.

But this was different. This was Colin Fitzgerald.

"I'm not the first man to fall in love with his nurse," he had said. And I could bear witness to that, also. There had been that middle-aged widower whom I had nursed when I was still but a probationer, who had asked me to share his home and his three children with him.

I had been kissed before. But this was Colin Fitzgerald and I held it to my heart for a long moment and defied anything else to enter.

And then the ghosts came. The ghost of Beatrice Harrington, the ghost of Charlotte Brent, for surely, though Charlotte lived, she yet was dead.

And slowly and wearily I rose to my feet and began to pack for my return to the hospital. I left early the next day.

And I did not see Colin again before I went.

The epidemic was worse even than I had feared and I was kept busy indeed. Which was what I both needed and wanted. So that it was three weeks before I returned again to Innisfail.

It was then that I heard from Ellen that Colin Fitzgerald had gone away again. "He had this elegant chance," Ellen said vaguely. "I don't know—something to do with horses, it was. And Mark

gave him some money, Mark seemed to think it was a fine chance for him. He's gone to Louisiana, I think it is."

I stood by the kitchen window looking out at the scattered scraggy maples in the back yard over the river. By contrast with the splendid trees at the front of the house, they were poor specimens indeed. So must I be, I thought bitterly, when taken in consideration with those two lovely ladies whom Colin had once admired. I was young and green—as green as the first little blade of grass in the spring. He had been amusing himself. Else why had I not heard from him after I returned to the hospital?

"Come and have your tea, Celia," said Ellen, recalling me to the present, the drab and dull present.

I turned from the window and came over to the table and sat down. But when I lifted the cup, my hand was trembling.

SOMETIMES, looking back on the next few years of my life, I smile a little sadly, remembering how, at the age when most girls are thinking only of clothes and dates and dancing, I was throwing my whole self into my work at the hospital.

To be sure, I was making quite a reputation for myself there at Saint Gregory's. So much so that when the new wing was opened up, I was appointed head of the whole surgical floor, something of a triumph for one so young.

Yet I remember, too, my surprise and chagrin that Father Gene was not more impressed by this signal honor given me. Though I should not have been surprised, for he had often urged me not to take myself so seriously. "You're too young," he would say. "Get out and play more. Go

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority

In the world championship Masters pair event this year there was unquestionably the strongest field in the history of the game. Every member of the first four pairs was a Life Master. Charles J. Solomon and Sidney Sidor of Philadelphia had a comfortable lead of 35 1/2 points over the second place pair, Miss Ruth Sherman and Lee Hazen of New York. Seven points behind them were Morrie Elis and Walter von Zedwitz of New York, while George Rapee and A. M. Barnes of New York finished fourth.

In today's hand Sidor found himself playing a hopeless contract until he gave his opponents an opportunity to make a mistake. West

He let abruptly at this, leaving me staring after him, somewhat puzzled. Until it suddenly dawned on me that Father Gene was disturbed, thinking that I might be in love with another woman's husband.

Naturally, he could not suspect that Colin Fitzgerald was the man who dimmed all others in my poor foolish heart.

Pollet Wins 20th Game For Cardinals As St. Louis Defeats Chicago, 10-2

By RALPH RODEN
Associated Press Sports Writer
They used to call Carl Hubbell the "meal ticket" of the Giants when the great New York lefthander was winning pennants for Bill Terry about a decade ago. Wednesday the experts are pinning the same tag on Howie Pollet, the hungry-looking portside of St. Louis who will have to receive a good chunk of glory if the Cardinals go on to win their ninth National League flag.

Pollet hurled his 20th win of the season Tuesday as the Cards hammered the New York Giants 10-2 to protect their two game first place margin over the Brooklyn Dodgers, who downed the Chicago Cubs 4-2.

Thus, the slim portside became the first hurler in the league to win 20 games, and also the first lefthander in the loop to reach the select mark since Hubbell and Melton of the Giants performed the feat in 1937.

Enos "Country" Slaughter supplied most of the batting power as Pollet coasted to his 13th win (against two defeats) over the Giants during his career. The North Carolina belter batted in five runs on a homer and single.

The Red Birds, who invade Boston Wednesday night for a two game series with the Braves which will terminate their final Eastern trip of the year, have ten games left to play, while the Dodgers, playing host to the Pittsburgh Pirates in a three-game set starting with a doubleheader Wednesday, have 12 games left. If St. Louis wins six of its remaining games, the Dodgers will have to cop nine of theirs to tie the cards for the flag.

Brooklyn wasted little time sewing up its 4-2 victory over Chicago. It scored three runs in the first inning, two of them in Dixie Walker's two-base hit.

In the only other scheduled National League game, the red hot Boston Braves scored their fifth straight win by trouncing the Cincinnati Reds 8-2.

The Detroit Tigers won the only game scheduled in the American League, defeating the Washington Senators 6-4.

TEXAS PICKED AS ROSE BOWL PROSPECT

AUSTIN—(P)—Coach Dana X. Bible of the Texas Longhorns is a lot more interested in beating Missouri Saturday than he is in Longhorn-Rose Bowl talk at this time of year. Bible had no comment Wednesday on a Saturday Evening Post article predicting the University of Texas will meet Southern California in the Rose Bowl in 1947.

Dallas Beats Cats In First Game Of Texas Playoff

By The Associated Press
Dallas' Rebels have placed their home run bats into use again to gain an advantage over their arch rivals and neighbors, the Fort Worth Cats, in the final series of the Texas League championship playoff.

The Rebels, who won two games of their semi-finals series with San Antonio through use of these same bats, took a 7-3 win from Fort Worth Tuesday night as Left Fielder Hal Hirshon and First Baseman Bob Moyer connected for four-baggers that accounted for five of the Dallas scores.

John Van Cuyk, who two weeks ago held the Rebels to two hits, was the victim of the Dallas assault, while Tom Pullig, who chalked up only nine games against six defeats in the regular campaign, was the winning moundsman. Van Cuyk is the league's leading strike-out artist.

In the second game Wednesday night, at Fort Worth, Eddie Chandler, who won 20 games over the regular route, will take the mound for the Cats. Manager Al Vincent is undecided as to the Dallas starter, but has indicated it might be H.K. Perry, Bob Gillespie or Walter Wilson.

Dallas took a three-run lead in the second inning, which Moyer, home run leader for the circuit, led off with a round trip connection. Two more runs were added on three hits and an error.

The Rebel's clincher came in the fifth, when Hirshon, with the bases loaded, sent a mighty drive over the left field fence. After that, an ex-Paratrooper, coasted until the ninth when the Cats nipped him for their final score.

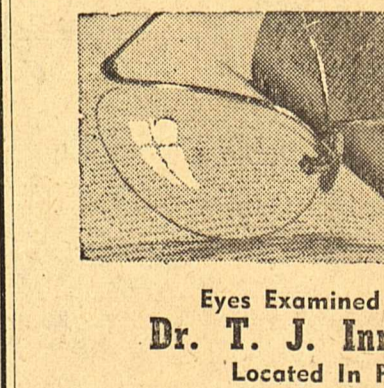

A double by Monty Basgall, second baseman, scored two tallies for fourth in the second, while the ninth inning score resulted from a triple by Pinch Hitter John Corridan and a long fly by Boris Woyt, center fielder.

Bulldog Line Gets Charging Practice

Coach Barnes Milam made a charging line out of his first-line forwards in Tuesday afternoon's practice.

He took Jimmy Edwards, R. A. Whitson, Morris Howell, Howard Mickey, Royce Higgs, the center, guards and tackles, and put them to charging in every conceivable manner. They charged from a one, four, five, and six man line. They submarined, looped to the right, looped to the left, cross-blocked, and charged, charged, charged.

They were sent charging in to "kill" the passer. Then they were made to protect a passer.

Meanwhile Coaches Earl Glasie and Jack Mashburn had the ends and backs working on pass defense and offense. They were studying a defense for Brownfield's fast-backs passing attack.

The second team wouldn't let the first squad go very far on the offense. Artie Leftwich, Joe Birdwell and Dewie Kirby were plenty tough on the defense. They tied into Dunny Goode, Bobby Cole, Barney Hightower and Bobby Drake with a vengeance.

The Bulldogs worked long and hard Tuesday. The B Bulldogs had a long session and so did the Blue Bulldogs.

The varsity Bulldogs leave by bus for Brownfield about noon Friday.

Easi Texas 7th Game Switched To Neutral City For 'Protection'

By The Associated Press
Henderson and Greenville will meet Wednesday night at Texarkana in the seventh and deciding game of their semi-final round of the East Texas League playoff.

That is the latest word from League President J. Walter Morris, who Tuesday ruled that the game, originally scheduled for Tuesday night at Henderson, would be postponed and played at neutral Texarkana.

Morris ordered the transfer after witnessing the sixth game of the series, which Henderson won, 6-5, to knot the games count, three and three.

There was inadequate police protection at the game and I decided it would be best for the teams involved to meet in Texarkana for the deciding game," Morris said.

Although declining to be quoted, a Henderson baseball official told newsmen Tuesday night that a protest had been lodged with Judge William G. Braham, president of the National Association of Professional Baseball Leagues.

At Durham, N. C., Braham's headquarters, a representative of Braham said that no request had been received to intervene in the East Texas League dispute.

Officials Group Has Rule, Signal Study

The Midland Coaches and Officials Association discussed the problems of officiating a ball game at a meeting Tuesday night at the high school.

Officials studied signals used or missed in Friday games and generally rulings.

President Pat Kniffel presided. Eleven members were present.

Also the officials took up questions usually asked by the Southwestern Conference Officials Association on its examinations.

The organization meets each Tuesday.

J. W. Thompson Leaves Tech, Goes To Tulane

NEW ORLEANS, LA. — (P) — J. W. Thompson, who scored 169 points in 12 games with Odessa, Texas, high school last season, has reported to the Tulane University Green Wave football practice camp.

Coach Henry Brinka says the 185-pounder "should strengthen us considerably at fullback." He described the 18-year old Texan as having plenty of speed and as being an outstanding runner.

He started the season at Texas Tech.

All Except Tami Admit Louis Will Win Wednesday

By GAYLE TALBOT
NEW YORK —(P)— Joe Louis makes the 23rd defense of his heavyweight title Wednesday at Yankee Stadium with Tami Mauriello of the Bronx being served up as the sacrificial goat.

There appears to be little doubt in anybody's mind, except possibly Mauriello's that Louis will retain his crown by a knockout, but some 30,000 are expected to be drawn to the big ball yard on the chance of seeing a lot of fight while it lasts.

In the latter respect, Tami has something of a tradition to uphold. He is a barkeep, and so was Tony Galento, who for a brief time one night gave Louis a humdinger of a fight and bounced him off the floor once before being beaten into hamburger by Joe's fists.

Tami is supposed to be of the Galento breed. He knows only to move forward and slug it out. While this ordinarily is considered an admirable trait in a prizefighter, it cannot be recommended as a method of fighting Joe Louis.

The odds-makers are almost positive Tami will get it early. They are offering even money that Louis knocks him out inside five rounds, and 9 to 1—and even greater—that the champ wins. They have gotten very little action on either count.

While Mauriello does not appear to stack up as a serious threat to Joe's title, he boasts a much better record than a majority of those who have tried to fight the big negro.

Tami has knocked out some pretty good men. He has won 12 straight since 1944, and in his most recent bout whipped Bruce Woodcock, the British heavyweight champ, in five rounds. Woodcock knocked out Gus Lesnevich in a non-title bout in London Tuesday night.

He is only 23, weighs close to 200, and is tough and confident. Also, he has trained for this one strenuously and earnestly.

So, of course, is Louis. The big negro doesn't ordinarily say much, and he has surprised the boys with his outright assertions that Tami should be easy to hit and that it shouldn't last long.

Midlander Plays Football In ETO

Jimmy Watson, tall, big and rugged Paratrooper in Germany, is getting in some football.

Jimmy, former all-district end at Midland High and Texas University star, is coaching and playing with the Red Devils, football team of the 508th Parachute Infantry Regiment, an occupational unit in the European theater.

The Devils have a tough schedule in the theater and the Army football circuit is always rough.

Watson is one of three coaches of the Devils. He tutors the line. The head coach is Lieutenant Leeth. Backfield mentors are Captain Hodges and Sergeant Lamb.

Promising men listed on the Devil roster include: Jug Girard of Wisconsin, Bob Shafford of the pro Giants, Paul Giroud of Tulsa, and Watson.

The Devils started with a squad of 160 men, which has been pruned to the best 60.

Pampa Beats Lubbock In Series Opener

By The Associated Press
Pampa's Oilers are out in front the final round of the West Texas-New Mexico League playoff.

The Oilers scored two runs in eighth inning to break a 5-5 tie Tuesday night and defeat the Lubbock Oilers, 7-5, in the opening game of the series, at Pampa.

The Hubbers, who finished in fourth place in the regular season standings, took an early lead with three runs in the opening inning and an eight inning home run by Frank McAlexander, with Manager Mack Miller on base.

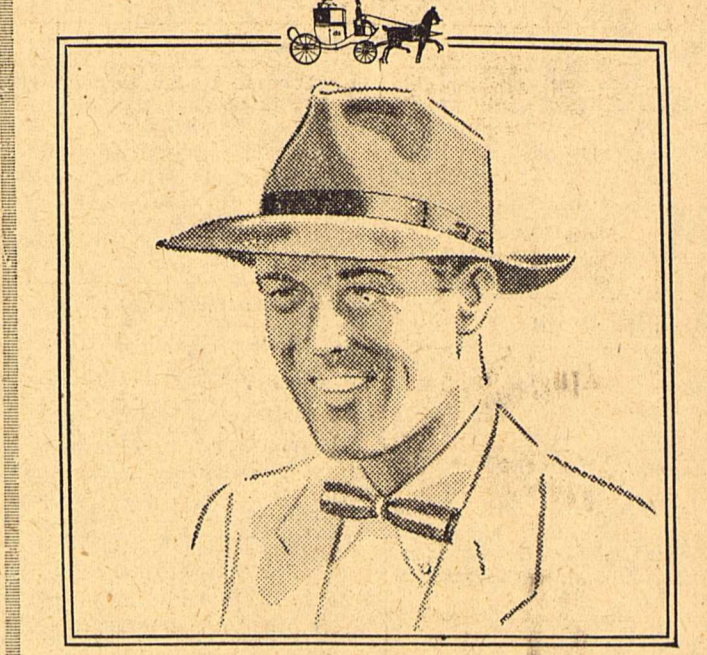

Knotted the count after the Pampa club had gone into the lead in the sixth.

Pampa's winning scores resulted by singles by Pitcher Joe Isaacs and Shortstop Earl Harriman and a double by Second Baseman R. O. Orey.

Warren Hacker, who won 20 games and lost 4 in the regular campaign, has been tabbed as the Oilers' hurler for the second game. He is expected to face Paul Hinrichs of the Hubbers.

Nearly half of the British civilian deaths due to air raids occurred in London.

Texan Among Fliers Killed At Kermit

LAKE CHARLES, LA.—(P)—Lake Charles Army Air Field officials have released the names of the five men killed in the explosion and crash of an A-26 Army plane near Kermit, Texas, Sunday night.

They were Lt. D. W. Paese, Davis, W. Va.; Lt. J. P. Spataro, Slippery Rock, Penn.; M/Sgt. E. Byrd, Harlingen, Texas; M/Sgt. F. W. French, Tulsa, Okla.; and S/Sgt. P. J. Chrisikos, Brooklyn, N. Y.

The plane was en route from Lake Charles to Biggs Field at El Paso, Texas.

TEXAN WINS FIGHT

SAN ANTONIO —(P)—Ben Johnson, 175-pound San Antonian, won his 15th consecutive fight here Tuesday night, knocking out Mexico's heavyweight champion, Lalaro Ramirez, 187, from Juarez, in the sixth round.
