

Germans Help Blast Siegfried Line

At the rate of 40 a day, block-houses and bunkers on the Siegfried Line—Germany's "impregnable" defense—are being blown to smithereens by demolition squads of French Army engineers, aided by German prisoners. These photos show one of the block-houses being destroyed. At the top, the initial dynamite charge goes off and, below, the massive concrete block-house rises into the air as the full force of the explosion hits it.

U.S. Helicopter Plucks Eight Crash Victims From Forest

Mystery Surrounds Death Of Blonde Heiress Of Fabulous Hope Diamond

WASHINGTON—(P)—A vague aura of mystery Saturday night surrounded the death of 24-year-old Evelyn McLean Reynolds, blonde heiress who lived under the shadow of the fabulous (and some say sinister) Hope Diamond.

Coroner A. Magruder MacDonald gave a tentative verdict of "acute congestive heart failure," but said chemical tests will be made to determine whether sleeping pills had anything to do with the wealthy young matron's death.

Detective Sgt. Louis M. Snyder, after a "routine" investigation,

said death was due to "apparent natural causes."

Mrs. Reynolds, wife of former Senator Robert R. Reynolds of North Carolina, was found unconscious in her bed late Friday at the storied McLean estate, "Friendship." Her door had to be broken in to gain entry.

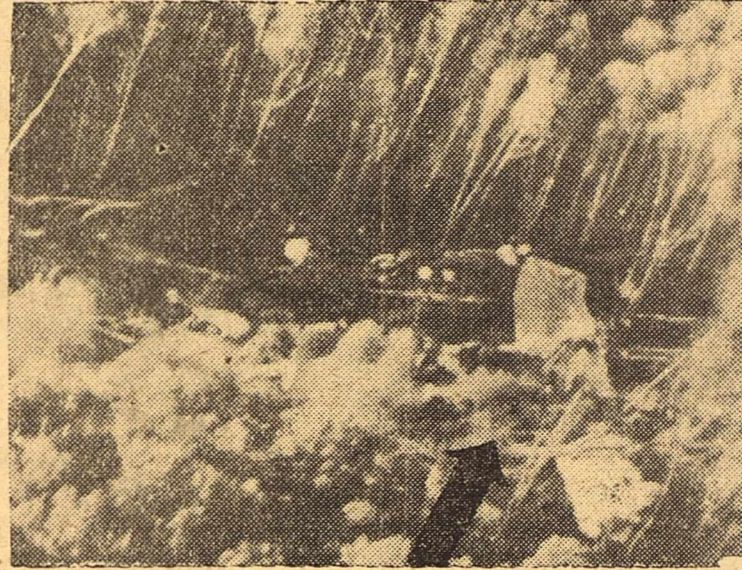

She was dressed in night clothing. Nearby stood a radio, tuned at normal volume, a bottle of sleeping medicine, and her pet dog. She was found by a physician, Dr. B. W. Leonard, who had called to treat Mrs. Reynolds' mother,

Evelyn Walsh McLean, for a knee ailment. The physician said he tried for more than an hour to resuscitate the daughter.

Dr. Leonard told police he and the butler broke into the room when Mrs. Reynolds' mother became alarmed at being unable to raise her on the interhome phone system.

Mrs. Reynolds' husband was visiting his farm at La Plata, Md., and did not learn of his wife's death until he returned several hours later.

26 Killed, 18 Survive In Newfoundland Crash

Twenty-six persons were killed in the crash of a Belgian trans-Atlantic plane which crashed Wednesday in a densely wooded area near Gander Lake, Newfoundland. Eighteen persons survived, but 14 of them were badly injured. This picture was made from a Pan-American clipper as it circled the wreckage.

Rescue Work To Continue For 10 Others

14 Of 18 Survivors In Newfoundland Hurt

GANDER AIRPORT—(P)—A U. S. Coast Guard helicopter and flying boats, shuttling back and forth over lakes and forests of northeastern Newfoundland, brought eight survivors of the Sabena airliner crash to a hospital at the Gander Air Base Saturday night before darkness fell.

Ten other survivors remain to be brought out when rescue operations are resumed at daybreak.

Capt. W. C. McConnell, commander of the Gander base Army detachment, said these were the five hospitalized Saturday night:

Jean Rocki, airline hostess and only survivor in a plane crew of seven, both legs broken, condition critical; Rudi Revil, composer and musician of New York, both hands badly burned and internal injuries; Walter Devos of Ghent, Belgium, fractured leg; Helen Ruth Henderson of New York City, head executive, and Mrs. Renee Jacquet of Courtrai, Belgium, burns about the face.

The rescue fliers also evacuated John King, 19-year-old son of the Chinese ambassador to Belgium; Mrs. Leona Tonchet of Brussels and Joseph Deschuyffeleer of Brussels. Their injuries were not immediately learned.

Darkness Halts Rescue

The last patient evacuated before darkness was Deschuyffeleer, who was flown directly to the Gander Airport in the helicopter piloted by Lt. August Kleisch of the Coast Guard.

Two Coast Guard rescue teams, with a helicopter and two PBX Catalina flying boats, began the daring rescue operation at 1:42 p. m., when Lt. Kleisch took off from Gander for a tiny plateau near the scene of the tragedy. Soon the first survivor, Miss Rocki, was whisked away in Kleisch's helicopter and taken to a Catalina which was waiting in a lake five miles away to bring her here.

Miss Rocki covered her face with a blanket as she was lifted from the plane upon arrival and placed in an ambulance for removal to the Sir Frederick Banting Memorial Hospital. Revil winced with pain as he was eased out of the craft, both hands and arms wrapped in bandages. He was wearing no trousers—just long underwear.

"Thanks for America," said Devos as he was taken out. He smiled and told attendants to "take it easy." Miss Henderson appeared to be in good spirits. The extent of her injuries was not disclosed.

Back in the emergency camp, deep in the wilderness, where the remaining survivors must spend their fourth night, morale was said to be high, what with the weather warming up and skies clearing. Conditions were said to be good for completing the rescue work Sunday.

One Helicopter Knocked Out

The big Catalina plane bearing Miss Rocki arrived here at 3:40 p. m., less than nine hours after the crashed helicopter reached this air base aboard Air Transport Command Skymasters from New York. One of the helicopters was damaged while being assembled, and couldn't be used.

Two rescue parties—a 15-man Army team and a 30-man company of Newfoundland woodsmen—had hacked a trail through the dense spruce forest and over the marshy muskeg a quarter of a mile from the scene of the crash to the plateau. Lumber had been placed at the marshy edge of the lake so that the helicopter could be set down.

The survivors, 14 of whom were severely injured, had been carted laboriously through the forest trail on litters. Behind them lay the charred wreckage of the skyliner lay the 26 bodies of their fellow passengers and crewmen who died when the big plane crashed into the forested hill.

Splints, crutches, tents and medical supplies had been dropped at the temporary rescue camp set up by the Army team, which arrived late Thursday. Plans to parachute a small power plant and floodlights were abandoned earlier as dangerous.

Diplomats Say UN Won't Prevent War

LONDON—(P)—The International Committee for the Study of European Problems Saturday predicted failure for the United Nations in avoiding war, and called for formation of a world federation of nations for preserving peace.

It declared also that "at present Russia is going too far."

"In the light of recent events, it does not seem probable that the UN will succeed—in the case of a serious conflict arising between great powers—in avoiding another war," said a 16-page report signed by 31 prominent statesmen, diplomats, educators and scientists of six European countries.

The report declared the veto power in the UN Security Council "will never be able to prevent any power from acting as it wishes."

Admitting a world federation would entail "important surrenders of national sovereignty," the committee proposed the organization of political groups committed to "world state to speed what it called "the normal evolution of the world towards unity as it has been evolving during the last 20 centuries."

The report opposed the setting up of "in the relatively near future, of a central German government, Fascism Still Alive

Speculating as to whether Russian policy is aimed at expansion or national security, the report added:

"If Russia is not aiming at expansion or at following merely a political line of action entirely independent from that of the nations of the West, there is no reason to suppose that she would not contemplate the establishment of a new common political structure which would add notably to her security."

Complaining of what it termed the failure of Allied nations to destroy Fascism and Nazism, and to purge dangerous elements from France, Belgium and Luxembourg, and to oppose the Franco government in Spain, the report declared:

"In the light of the above facts, it is clear that Nazism and Fascism have not been destroyed and that nothing leads to the assumption that they can be in the near future."

Argentina, the committee declared, is a menace to Democracy "indefinitely more serious than Spain."

Paving Program Hits Snag Here

Midland's paving program hit a snag Saturday when rumors circulated that a cheaper proposition had been heard by some citizens.

The City Council, in special session, promptly announced that no other paving proposition of any kind had been submitted to it and that no other contractor had applied for a permit to install paving here or had asked for paving specifications.

The council last month awarded a permit to the W. L. Johnson Company of San Angelo after publicizing and announcing his proposition. The action was taken in line with the Midland Junior Chamber of Commerce's paving project program and after a citizens meeting had been called.

The company was given 120 days to start work and the right to sign up at least 50 blocks of property owners for paving. It announced the work would cost \$4.09 per front foot for 30-foot streets; \$4.96 per front foot for 40-foot streets, and \$5.85 per front foot for 50-foot streets. The prices include 24-inch curb and gutter. The price, based on actual front footage owned by property owners, includes the cost of paving complete blocks.

Under the plan, the city's specifications must be followed by the contractor. Engineering costs and the expense of moving or replacing water and sewer lines will be paid by the city but all costs of the paving, curb and gutter will be paid by property owners direct to the contractor. The Chamber of Commerce was designated as stakeholder until the paving is accepted by the city's engineer.

Approximately 20 days have elapsed and the contractor was preparing to move his equipment to Midland to start work when the rumors spread, snagging the entire program.

Only One Contractor Interested

Despite all announcements by city officials, the Chamber of Commerce appeared interested in the program—the Johnson company. It was the only one to ask and obtain specifications. Under his proposal, he will pave any block in the city under the agreed price. This led to the granting of the permit by the council.

No paving can be done within the city without a permit from the City Council and all projects must meet the city's specifications. Councilmen expressed the hope that rumors would not defeat the project, and pointed out that no other contractor had shown any interest in assuming the assignment under the same terms as accepted by the Johnson company.

U. S. Naval Plane With Six Aboard Crashes In Mexico

MEXICO CITY—(P)—A U. S. Naval plane missing since Friday morning with six persons aboard is reported by the Cordoba police to have crashed near Tecamaluca, 30 miles west of there.

Captain Padilla of the Mexican Air Force, stationed at Cordoba, went in a police car to Tecamaluca.

There was no direct confirmation of the report.

The plane, a twin-motored Naval craft, attached to the U. S. embassy here, left at 9:10 a. m. Friday for Corpus Christi, intending to refuel at Vera Cruz. Nothing was heard of the plane and a Mexican air squadron has been searching all day over the mountains between here and the coast.

U. S. Naval authorities withheld names of those aboard until the matter could be reported officially. Among the six was one Mexican naval officer.

Airport officials here gave the number of the plane as 44608, the pilot's name as Cleary and co-pilot R. C. Hill.

Two U. S. Army officers and two Mexican aviation officers left Orizaba early Saturday night to investigate several reports they had received that the plane had crashed in the vicinity of Coscomatepec, which might include Tecamaluca and Agua de Oro, another place mentioned as the scene of the accident. Because they had no details, the officers said they were uncertain as to the reports but were investigating each one.

Wyche Is Unconscious And Condition Serious

Billy Wyche, Jr., young Midland cattleman, remained in a serious condition Saturday in an Odessa hospital. He was still unconscious.

A blood clot was removed from his brain a week ago by a specialist.

Wyche was found unconscious about 10 days ago by fellow ranch workers on the ranch in Ector County. His horse had thrown him.

Slayer Of Jap Civilians Escapes From Hospital

YOKOHAMA—(P)—Pvt. Joseph E. Hicswa, Jr., slayer of two Japanese civilians, escaped from a hospital in Tokyo September 17 and is still at large, the U. S. Eighth Army provost marshal announced Saturday.

Without apparent motive, Hicswa fatally slashed two Japanese men in a park last November 24 as he was awaiting transportation home. He was sentenced to death, but after pleas by his family in Wallington, N. J., and others, President Truman last May commuted his sentence to 30 years in prison.

HEADS CATHOLIC VETS

AUSTIN—(P)—Clyde Wilson of Austin was unanimously elected commander of the Texas Department of Catholic War Veterans in the closing session of their first state convention here Saturday.

Telephone Workers Return To Jobs To Await Arbitration Of Case Monday

A threatened state-wide tieup of telephone service had apparently been averted Sunday and most maritime workers were back on their jobs at Gulf ports, leaving only scattered local strikes to telephone workers at Houston and twelve other towns were called back to their switchboards and repair trucks Saturday as the Southwestern Telephone Workers Union (Ind) and the Southwestern Bell Telephone Company prepared to arbitrate their differences at St. Louis Monday.

Members of the National Maritime Union (CIO) at Texas ports voted approval of an arbitrated agreement for national industry-wide wage parity Saturday. At Houston 4,000 idled waterfront workers started back to work and at Galveston 1,500 were on their way to man and load the ships.

Printers' Strike Ends

The striking members of the International Typographical Union at Beaumont returned to their jobs on the Beaumont Enterprise and Journal Saturday afternoon, ending a four-day walkout.

The decision to return to work was reached after it was learned a representative from ITU headquarters had been assigned to come to Beaumont to enter into negotiations for a new contract and wage scale.

Both the Journal, an afternoon paper, and the Enterprise, a morning paper, have been producing abbreviated editions by a photo-engraving process. The printers returned in time to get out the Sunday Enterprise, which will have 28 pages, including several previously prepared by the photo-engraving process.

Bus Strike Continues

The strike of bus operators at Beaumont and Port Arthur is in its fourth day, with no announcement of settlement meetings.

A strike vote of Western Union employees which will affect employees in Galveston and Texas City as well as in Houston will be held within ten days, P. G. Grossholz, vice president of the Houston local, said Saturday. He said the Telephons Federal Labor Union (AFL) national had notified him that voting instructions were on the way.

U. S. Names Mediator In Western Union Case

WASHINGTON—(P)—The federal government named a special mediator Saturday to try to resolve a wage dispute between the Western Union Telegraph Company and 50,000 of its workers which might result in a strike.

Selection of the mediator, Noel Fox, by the Conciliation Service followed a breakdown 24 hours ago in negotiations between the AFL National Coordinating Board, representing three AFL unions and the communications company.

The AFL unions are asking wage increases of 16 1/2 cents an hour for all workers except messengers, with a ten cents an hour raise sought for them.

President Says Wage Board To Keep Reins

WASHINGTON—(P)—Wage stabilization will continue in the hands of the present board, President Truman said Saturday, in effect making clear that no broad revision of the wage control program is in sight.

Apparently taking cognizance of reports that a new wage stabilization set-up might be forthcoming because of a Presidential request for study of the wage stabilization question by the advisory board of the Office of War Mobilization and Reconversion, Truman said in a statement.

Board will continue to administer the wage stabilization program.

As a result of its decision in the maritime pay situation, which provoked a strike on both coasts, some critics had declared that the board had outlived its usefulness.

The board's power over pay rates consists of approving increases for the purposes of compensatory price rises.

In his statement Saturday, the President stressed that wage stabilization is only one more item being added to the list of topics for study by the advisory board of the OWMR. That group has been studying problems of government expenditures, materials shortages and the over-all anti-inflation program, Truman added.

WACO CAPTURED AT WACO

WACO—(P)—William Earl Russell of Waco, who escaped with 10 other prisoners recently from the Darrington Prison Farm, was captured here Friday night by Jimmy Barron, Jr., a private detective.

Floyd Evans, Russell's companion and Darrington escapee, was shot and captured last Thursday but Russell escaped from officers then.

DETROIT FOOTBALL STAR FACES RAPE CHARGES

DETROIT—(P)—The star half-back of the University of Detroit football team, Guy Brown, 21-year-old negro from Manhattan, Kans., was charged Saturday with the rape of a white woman August 28.

Inspector George Branton of the police homicide squad said Brown, recently named the university's "athlete of the year" in a poll by the school paper, would be questioned about another attack on a white woman September 19 as well as the recent rape-slayings of two Detroit negro women.

His arrest Friday, in connection with two alleged purse snatchings, came a few hours before the U. of D. opened its 1946 football season without him by defeating Wayne University 31-0.

Brown has repeatedly denied the rape charge and his attorney, Clarence Smith, said he would offer evidence that Brown was at his home in Manhattan at the time of the attack.

TRIESTE — (AP) — The Most Rev. Antonio Santin, Roman Catholic bishop of Trieste and Capodistria, charged Saturday that a wave of religious persecution had begun in the Yugoslav occupation zone of Venezia Giulia from which five Catholic priests fled during the past 10 days.

PEIPING — (AP) — The Chinese Communists were reported hastily evacuating Kalgan Saturday as one of three government columns reached within 30 miles of that great base in Chahar Province. Travelers said four UNRRA specialists had left by cart to join hospitals in the countryside and that the Communists had taken into protective custody a "cease-fire" team with American personnel.

DETROIT — (AP) — Settlement of a strike of 1,200 workers at the Outer Drive Plant of Briggs Manufacturing Company was announced Saturday night and management and union spokesmen said it would pave the way for an early return to work for nearly 50,000 idle auto workers.

Typhoon Whips Over Marianas, Causes Heavy Property Losses

GUAM—(P)—An erratic typhoon whipped across the Marianas Islands Saturday, heavily damaging property but causing no reported loss of life and few injuries at this big Navy and Army base.

Disrupted communications prevented a full accounting, but Rear Adm. Charles A. Pownall, commander of the Marianas, said first reports indicated no serious injuries to Naval and Marine personnel or civilians. The Army reported one man had suffered a broken back.

The 100-mile-an-hour wind had subsided somewhat by the afternoon but 15-foot breakers still lashed the shore, electric power still was off and everyone ate cold battle rations.

Pownall said he had no reports from Saipan, 150 miles north of Guam but believed it had not experienced as much damage as did Guam.

Rota, 50 miles north of Guam, was in the direct center of the storm, but Pownall said a cave there was large enough to shelter the entire population of 750 persons plus the handful of military personnel stationed there.

The main weather station at Guam was knocked out, virtually all communications lines were down and the Navy radio station was inoperable for several hours.

Navy hangars were wrecked at Harmon Field, a main base for the B-29 raids on Japan, and all Army airfields on the north side of Guam reported extensive damage.

The naval hospital was among buildings damaged. Sheet-iron sheathing of many quonset huts whirled through the air like leaves.

The newly-completed multimillion-dollar breakwater at Apra Harbor was punctured in several places but the damage was regarded as relatively minor.

FORMER U. S. SENATOR DIES IN VIRGINIA

LYNCHBURG, VA.—(P)—Miles Poindexter, 78, who represented the State of Washington in the United States Senate from 1911 to 1923 and later served as an ambassador to Peru, died Saturday at his home of Greenlee, near Natural Bridge. Death was due to natural causes.

LATE NEWS FLASHES

TRIESTE — (AP) — The Most Rev. Antonio Santin, Roman Catholic bishop of Trieste and Capodistria, charged Saturday that a wave of religious persecution had begun in the Yugoslav occupation zone of Venezia Giulia from which five Catholic priests fled during the past 10 days.

PEIPING — (AP) — The Chinese Communists were reported hastily evacuating Kalgan Saturday as one of three government columns reached within 30 miles of that great base in Chahar Province. Travelers said four UNRRA specialists had left by cart to join hospitals in the countryside and that the Communists had taken into protective custody a "cease-fire" team with American personnel.

DETROIT — (AP) — Settlement of a strike of 1,200 workers at the Outer Drive Plant of Briggs Manufacturing Company was announced Saturday night and management and union spokesmen said it would pave the way for an early return to work for nearly 50,000 idle auto workers.

Weather

Rising temperatures and warmer Sunday.

17 Are Killed As Greek Leftists Raid Village

ATHENS—(P)—The Ministry of Public Order announced Saturday that 17 persons were killed in the third attack on a Northern Larissa village in two weeks, were repelled when government forces hurled mechanized units into a four-hour pitched battle in which 17 were killed.

Press reports said the band, which the government estimated at 250 men, penetrated the border in the Mount Belles region north of Salonika and along the Yugoslav border.

Fifteen Leftists were killed while two government soldiers were killed, nine were wounded and nine captured by the band in the attack on the village of Arghyropoulis, the communists said. Full details were lacking.

Another Leftist group operating near Karditsa in Thessaly was reported surrounded by government troops and facing destruction.

In Western Macedonia, where authorities recently reported "anarchist activities" intensified, two bands attacked small villages, and in the village of Strelia killed the mayor and his entire family, reports reaching here said.

Twenty units of the British Mediterranean Fleet, including an aircraft carrier, arrived Saturday at the naval base of Naoufion in the Gulf of Argos in the first of two visits to Greek waters.

Some B-29 Crewmen Held As Slaves By Wild Tribe In China

NANKING—(P)—Unofficial but credible reports from Far Western China Saturday night indicated that some American B-29 crewmen were living in slavery under wild tribesmen near the North Burma border after being forced down two years ago.

These reports said at least three Americans had been seen recently with the "Lolo" tribes of Western Szechwan Province and that they were forced to tend herds, gather wood and do other menial tasks under abject conditions of servitude.

There are rumored to be a few missionaries scattered there, the only foreign residents who have won the tribes' confidence sufficiently to survive in freedom.

Not even Chinese officials have been able to penetrate that savage country to which the Lolos retreated many centuries ago to escape Chinese conquest.

Some B-29 Crewmen Held As Slaves By Wild Tribe In China

NANKING—(P)—Unofficial but credible reports from Far Western China Saturday night indicated that some American B-29 crewmen were living in slavery under wild tribesmen near the North Burma border after being forced down two years ago.

These reports said at least three Americans had been seen recently with the "Lolo" tribes of Western Szechwan Province and that they were forced to tend herds, gather wood and do other menial tasks under abject conditions of servitude.

There are rumored to be a few missionaries scattered there, the only foreign residents who have won the tribes' confidence sufficiently to survive in freedom.

Not even Chinese officials have been able to penetrate that savage country to which the Lolos retreated many centuries ago to escape Chinese conquest.

U. S. Names Mediator In Western Union Case

WASHINGTON—(P)—The federal government named a special mediator Saturday to try to resolve a wage dispute between the Western Union Telegraph Company and 50,000 of its workers which might result in a strike.

Selection of the mediator, Noel Fox, by the Conciliation Service followed a breakdown 24 hours ago in negotiations between the AFL National Coordinating Board, representing three AFL unions and the communications company.

The AFL unions are asking wage increases of 16 1/2 cents an hour for all workers except messengers, with a ten cents an hour raise sought for them.

Tigers Explode In 11th To Beat Indians, 5-3

CLEVELAND (AP)—The Tigers exploded five hits in the eleventh inning Saturday for a pair of runs which walloped the Cleveland Indians 5 to 3, giving Dizzy Trout his fifteenth victory of the season. The score: R H E Detroit . . . 011 010 000 02-5 9 0 Cleveland . . . 000 002 010 00-3 12 3 Trout and Tebbetts; Kuzava, Berry, Lemon and Weigel, Jordan.

MONAHANS TRIUMPHS

MONAHANS — The Monahans Green Wave, rolling almost at will, defeated the Colorado Wolves 34 to 0 here Friday night. The Wolves' defense was just a bit too weak to stop the offense the Ward County boys put forth.

Large Bulldozer for Hire

By Contractor Hour CALL JOE WILLIS - 498 Odessa

Kermit Jackets Trip Ralls Eleven, 56 To 0

KERMIT—The Kermit High Yellow Jackets beat the Ralls Jackrabbits, 56 to 0, here Friday night for the second win of the season. The visitors crossed the 50-yard stripe on only two occasions and those on penalties.

The entire Kermit squad was used in the melee. Milton Pope and J. B. Thompson of the first team shared playing honors with Lloyd Hubbard and Jimmie Brock, second string backs. Kermit beat Colorado City, 20 to 2, in the season opener.

San Angelo Loses

LUBBOCK—The Lubbock West-erners, losers here last week, 13 to 0, to the Odessa Broncs, favorites to win District 3-AA in league competition this year, won from the San Angelo Bobcats of District 3-AA here Friday night, 7 to 6.

Odessa Raps El Paso

EL PASO—The Odessa Broncs from District 3-AA, came out to District 4-AA Friday night and gave an exhibition of what might be expected in bi-district play late in the grid season by defeating the El Paso High School Club 26 to 0.

Ponies Blast Pampa

SWEETWATER—Pampa failed to offer a single scoring threat Friday night, Sweetwater having its own way in a 19-0 victory.

PECOS TRIMS STOCKTON

FORT STOCKTON—A strong Eagle squad from Pecos downed Fort Stockton, 12 to 0, in a non-conference game here Friday night. The Eagles had 10 first downs to seven for the Stockton team.

SEMINOLE BEATS McCAMEY

SEMINOLE—Seminole's Indians, threatening throughout the four periods, scored in the final six minutes here Friday night to defeat the McCamey Badgers of District 7-A, 6 to 0.

Army Reveals How Nazis Froze Prisoners

WASHINGTON (AP)—The grisly details of how Nazi experimenters froze concentration camp inmates to death seeking methods to save their airmen from the same fate were revealed Saturday in German documents released by the War Department.

In matter-of-fact language the reports told how the human guinea pigs were stripped and exposed for hours to cold winter air, or subjected to ice baths.

The experiments were classed by the Nazis as research on "the behavior of organisms at great heights."

There was no indication of possible progress in development of treatment methods. One report discussed the ice bath tests and concluded that when the body temperature dropped to 28 degrees, centigrade, the victims invariably died.

Another report nearly a year later was concerned with the open air experiments with indications that some of the subjects may have survived after temperatures were carried as low as 27 degrees.

University Of Texas Registers 16,720

AUSTIN (AP)—While student registration at the University of Texas Saturday soared to 16,720, the institution's board of regents laid plans for both long and short range housing and instructional development.

The board's action Saturday included:

Approval of appointment of more than 50 full-time and more than 50 part-time teachers, mostly instructors who will teach at freshman and sophomore levels which have experienced the greatest gain in students.

Authorization for President T. S. Fainter to sign a letter which will give the university immediate occupancy of the Austin Magnesium Plant to be used initially for laboratory space to relieve the crowded campus facilities.

WILL MANAGE BROWNS

ST. LOUIS (AP)—Herold D. (Muddy) Ruel, a native St. Louisian, Saturday signed a two-year contract to manage the St. Louis Browns, the club with which he made his professional debut as catcher back in 1915.

Pittsburgh Beats Reds In 13th Inning, 1-2

PITTSBURGH (AP)—Burgess Whitehead's run in the 13th with two out gave the Pittsburgh Pirates a hard-won 2-1 victory Saturday night over the Cincinnati Reds in a benefit game before 13,810 fans. The Score: R H E Cincinnati 000 000 010 000 0-1 7 1 Pittsburgh 000 100 000 001-2 8 0 Hetki, Heusser, Gumbert and Mueller; Hallett and Sakeld.

BAYLOR WAKES UP IN SECOND HALF TO BEAT S'WESTERN

WACO (AP)—A slumbering Baylor eleven woke up in the second half Saturday night to roll over Southwestern University 21-7 after being outplayed the first two periods by a scrapping Pirate band. But for one sustained drive the Bears found themselves on defense most of the time during the first half as their T-offense was broken up repeatedly by hard-charging Southwestern line.

Dallas Beats Cats To Win Texas Loop Title

DALLAS (AP)—The Dallas Rebels finished cleaning up the Fort Worth Cats, four games to one, by coming from behind for a 6-3 triumph Saturday night to win the Texas League playoff and enter the Dixie Series for the first time in five years. The Rebels now meet the winner of the Southern Association.

Red Sox Capitalize On Error To Beat Nats

WASHINGTON (AP)—Leon Culbertson's single in the eleventh inning and a Washington error scoring Wally Moses and Dom DiMaggio gave Boston a 7-5 victory Saturday night over the Washington Senators.

TCU And Kansas Tie

KANSAS CITY (AP)—Exchanging fumbles and pass interceptions throughout the game, the Kansas Jayhawks and Texas Christian University Horned Frogs battled to a scoreless tie in opening their 1946 football campaign Saturday night.

Russia Hits British Oil Protection In Romania

PARIS (AP)—The European peace conference hit a new snag Saturday as the Slav bloc, spearheaded by Russia, contested vigorously a proposal to give special protection in Romania to British and other foreign oil companies. After an unprecedented seven hours of debate over a parliamentary tangle, the Balkan Economic Commission decided to refer to conference authorities the question of whether a 7-7 tie vote on oil clauses proposed for the Romanian treaty was a "legitimate ballot." The American position on the oil clauses for the Romanian treaty was that special provisions for petroleum properties were not needed because such interests already were covered by general clauses on property rights of Allied nationals.

THREE CARS COLLIDE

Police reported no injuries in a three-car automobile collision Saturday night in Midland at the intersection of A and Wall Streets.

Brooklyn Defeats Boston Braves, 6-2

BOSTON (AP)—Paced by Pee Wee Reese, who accounted for four runs with a pair of triples, the Brooklyn Dodgers Saturday defeated the Boston Braves in the opener of their three-game series 6-2, to keep on the heels of the front-running St. Louis Cardinals. The score: R H E Brooklyn . . . 000 500 001-6 8 1 Boston . . . 000 001 100-2 10 0 Hatten, Branca and Edwards; Spahn, Wright, Mulligan, Lee and Masi.

Cards Maintain Lead By Nosing Out Cubs

CHICAGO (AP)—The St. Louis Cardinals maintained their one-game lead over the Brooklyn Dodgers in their stretch showdown Saturday as Mucy Dickson held the Chicago Cubs to five hits for a 2 to 1 win before 31,801 fans at Wrigley Field. The score: R H E St. Louis . . . 010 000 001-2 7 2 Chicago . . . 000 100 000-1 5 1 Dickson and Rice; Schmitz and McCulloch.

Bulldogs Win No. 2; Beat Brownfield, 19-0

By TANNER LAINE

BROWNFIELD — The smartly-coached, alert Bulldogs from Midland sparred the stubborn Brownfield Cubs briefly here Friday night then struck like lightning three times for a 19 to 0 high school football victory.

It looked as if the Midlanders were feeling out the Cubs and then bam! bam! bam! they found the keyhole.

3-AA Group Studies Guest Fans Ticket Problems At Parley

BIG SPRING—The knotty problem of visiting fans from 3-AA's various cities not getting choice seats at games away from home because the home cities had already sold up all the best seats, was discussed at a meeting of the 3-AA executive committee here Saturday.

No action was taken to correct this situation but a committee was appointed to study it.

Here is the problem: say Odessa, which with a winning team last fall, has sold all of its choice reserved seat tickets even before the season opens. Now along comes Sweetwater with a winning club and the two teams are about to meet with the championship in the balance. Sweetwater has to come to Odessa as scheduled. There are no choice reserved seats for the following fans. They have all been sold. Where does Sweetwater sit?

The same problem could apply at Midland or at any of the 3-AA locations.

May Contract Officials

The 3-AA committee also discussed the plan of contracting officials and urged the 3-AA Coaches and Officials Association to draft regulations about contracting for callers of 3-AA games.

It was voted to hold one basketball tournament to determine the 3-AA championship. It will be a single elimination tournament with time and place to be decided at the December meeting.

V. Z. Rodgers of Lamesa presided. Frank Monroe of Midland is secretary.

No action was taken on a discussion of admission prices for 3-AA games since ticket sales already have been sold for this campaign.

Eligibility lists of all 3-AA schools were certified. There was some discussion on Lamesa players, coming in from rural areas. These players had not been protested. The Lamesa school merely asked for a clarification on the players' status.

3rd Army Vet Stars As A&M Triumphs 47-0

COLLEGE STATION —(AP)— The Texas Aggies opened their grid season here Saturday by giving the North Texas State Eagles a 47 to 0 drubbing.

The Aggies had things their own way throughout and Coach Homer Norton paraded practically his whole squad out on the field, 61 players participating in the Aggies' part of the game.

Barney Welch of Stephenville, who wore the uniform of Gen. George S. Patton's Third Army team last year, made his re-entry in the Aggie lineup by plunging for two touchdowns, intercepting a pass and running 37 yards for a third, and by a brilliant display of his kicking prowess.

The Aggie forward wall was stout on defense, setting the Eagles back with a net loss of 3 yards. The Aggies gained 145 yards on the ground and 93 yards on four completions out of a dozen aerials thrown. The Eagles hit five out of 13 tries for a net gain of 71 yards. First downs were 10 to 7 in the Aggies favor and the Eagles lost 70 yards to the Eagles 15 on penalties.

Chicago White Sox Beat Browns Twice

ST. LOUIS —(AP)— The Chicago White Sox scored four runs in the first inning off Denny Galehouse and coasted to a 9 to 1 victory over the St. Louis Browns in the second game of a doubleheader Saturday after chasing across 10 markers in the last three innings to win the opener, 11 to 10.

The score: H R E Chicago 001 000 352—13 3 0 St. Louis 100 032 013—19 2 0 Grove, Maltzberger, Caldwell and Hayes, Tresh; C. Johnson, Ferent, Muncier, Shore and Martin, Schultz.

Second game: H R E Chicago 400 003 020—9 13 0 St. Louis 000 000 100—1 9 2 Lopat and Tresh; Galehouse, Ferrick, Potter and Moss.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 22, 1946—3

Layne And Ellsworth Lead Texas To Smashing Victory Over Missouri, 42-0

By BO BYERS

AUSTIN —(AP)— Capitalizing on the great passing of Bobby Layne and the burning speed of his other backfield stars, the Texas Longhorns routed the Missouri Tigers 42 to 0 before a crowd of 37,000 here Saturday.

For Texas it was almost a repeat performance of their game with the Tigers in the Cotton Bowl last New Year's Day, but for Missouri it was complete disaster. On that day Texas scored 40 points, Missouri 27.

Shortly after the initial kick-off Layne carried the Longhorns from the Texas 41-yard line to Missouri's 42 to 0 before a crowd of 37,000 here Saturday.

Midland Will Echo Shooting Sunday As Contestants Fire

West Midland will echo with the sound of shooting Sunday when more than 100 sportsmen start cracking pigeons in the first competitive shoot of the Midland Gun Club at its plant on West Highway 80.

The shoot begins at 9 a. m. and contestants compete for many attractive prizes donated by Midland merchants. A fine sleeping bag is the first prize attraction. Scores of other prizes are just as attractive.

The bag will be given to the shooter who breaks the greatest number of consecutive targets. This winner is not eligible for other prizes.

Each shooter will bang away at 50 targets under the Lewis Class System. There will be a first, second and low prize in each class. The number of classes depends on number of shooters.

Special Prizes Listed

One prize goes to the best score of the day.

A special prize is offered to the shooter over 50 years of age who does not win a prize under the Lewis System.

An occasional white target will be thrown up and the shooter cracking it will receive a cash prize. This prize does not count against a shooter for a Lewis System prize.

A few surprise targets will be thrown and breakers will be rewarded. All prizes will be awarded at 5 p. m. at the club grounds.

No shooter is eligible for more than one prize, other than the white target or surprise prizes.

'B' Bulldogs And Pups Have Games On Tap

Midland's "B" Bulldogs and Bullpups have games this week. Auba Nooncaster's B boys play Odessa there Thursday and on the same day the Pups play Big Spring here.

Louisiana Teachers Make Arkansas Hustle

PAYETTEVILLE, ARK. —(AP)— Expecting a "breather" and getting far more opposition than they had bargained for, the University of Arkansas Razorbacks had to hustle to nose out the Northwest Louisiana State Teachers College Demons, 21 to 14, in their 1946 football inaugural here Saturday.

The big, hard-fighting Demons, nearly all war veterans, fought the over confident Razorbacks to a standstill in the first half. Arkansas offense opened up in the third period and the Porkers counted three times before the Demons slipped over a pair of touchdowns on the Razorback's third string in the final stanza.

3-AA Slate Offers Thrillers Friday, All Schools Play

All seven 3-AA ball teams swing into action Friday, and what a weekend!

Midland journeys to El Paso for a contest with the Austin High Panthers Friday night.

Here is the schedule: Midland in El Paso (Austin High). San Angelo vs. Highland Park (In Cotton Bowl at Dallas). Hollis, Okla., in Odessa. Brownfield in Lamesa. Lubbock in Big Spring. Brownwood in Sweetwater. Amarillo in Abilene.

'B' Team Schedule

Here is the 'B' Bulldog football schedule for the remainder of the year:

Sept. 26—At Odessa. Oct. 3—Rankin here. Oct. 12—Big Spring here. Oct. 17—Lamesa here. Oct. 24—Odessa here. Oct. 31—At Seminole. Nov. 8—Seminole here. Nov. 14—At Lamesa.

GARDEN CITY WINS

GARDEN CITY — With Harry Calverly carrying the pigskin across the line for both tallies, Garden City's Bearcats nosed out the Courtney Eagles 12 to 6 Friday afternoon in Courtney. It was a six-man football game.

Down SPORTSLANE

TANNER LAINE

Jay Francis, the greatest broken-field runner Midland ever had, probably has carried the ball for the last time. This great back and well-deservier of many plaudits, who burned up the grass for Midland many, many times, was running with the first Tulsa lineup this Fall when an old foot injury cropped up. And Jay had to quit.

In a talk with Jay he told us: "I can't run anymore. Just can't run, that's all."

So it's the end of the football trail for one of the greatest backs in Texas grid history. But his memory will linger for many moons to come. When football players are talked about around here, local fans will always say: "Remember Jay Francis." And who doesn't?

Funny things happen on a football lawn. Here is the dope on Midland's three tries for extra points in the Brownfield game. The first kick split the uprights for an extra point. The second kick struck the left upright and bounded back on to the playing field for no goal. The third kick was blocked by two rushing Brownfielders.

What Coach Milam was trying to sell the officials late in the game was the fact a Brownfield ineligible pass receiver caught the ball, held it, and then intentionally dropped it.

Coach's point was this: if this was ruled just an incomplete pass and the ball brought back to the point of origin, why wasn't Brownfield punished for deliberately doing this to keep from losing yardage way back to where the passer was about to be downed. The back deliberately threw the pass to keep from losing this yardage. He knew he was chucking to an ineligible receiver.

Add coach's point: what, if the officials were right, is to keep Midland or anybody or everybody then from intentionally throwing to an illegal receiver every time the passer is caught back trying to get one away.

—SL—

ROUNDIN' UP THE STRAYS. Scouts from all over the 3-AA were again snooping on Midland Friday night. . . They are very concerned over this Milam stuff. . . Brownfield is a small city but it sure competes in a big league, including Amarillo. . . Never mind, Arnold Baker, for fumbling in your first high school football game. . . You've got three more years and besides it happens in the best of backfield families. . . Bill Little, up from the B Bulldogs, played a good game Friday night. . . And Barry Boone got in for a spell. . . When Midland kicks off Moncrief and Birdwell start when Midland receives Howell and Drake start. . . Jimmy Allison is out for the Mites football team at Sewanee Military. . . He's a center. . . Dunny Goode of Midland on a winning ball club can make a bid for all-state. . . And Midland should produce some all-district leads this time. . . If we keep on keeping on. . . Thirty for strays.

HAMNER IS MANAGER OF DOWELL MIDLAND STATION

Dowell Incorporated, through its West Texas-New Mexico District Manager Nathan D. Webb, has announced appointment of Clyde F. Hamner, as station manager at Midland. The station is located at Baird Street and T&P tracks.

Hamner has been with Dowell since July, 1945. Prior to this connection he had been for more than 20 years, with Phillips Petroleum Company in Oklahoma and Kansas. His last assignment with Phillips was at Great Bend, Kan., as division oil treating engineer.

Mr. and Mrs. Hamner and children reside at 510 North Main Street.

Lions Club To Fete All Faculty Members

The Midland Lions Club will entertain members of the Midland Schools faculties at a picnic at Cloverdale Park Monday.

The event gets underway at 6 p. m. and all teachers as well as Lions and their families are urged to attend.

F. W. (Fritz) Kiniken Attends Family Reunion

F. W. (Fritz) Kiniken of Midland has returned to the city after attending a family reunion in Chugwater, Wyoming. While there he hunted and fished.

Members of the family were present from all over the United States.

Drive For Funds To Finance Scout Work Planned In Midland

R. I. (Bob) Dickey of Midland is chairman of the executive committee, which will conduct a drive for Boy Scout funds in the city.

Roy Minear is chairman of the general drive.

Chester Shepard is finance chairman of the Midland Scout District. A meeting has been called Monday of finance drive leaders. Shepard and Delbert Downing will preside.

VFW Sponsors Dance Tuesday At Log Cabin

Midland citizens are invited to a dance to be held Tuesday evening at the Log Cabin Inn, sponsored by the Veterans of Foreign Wars chapter here.

Tickets are on sale in the city by VFW members and at business locations.

The dance begins at 8 p. m. and is scheduled "all" Harrison's Texans will play it.

Proceeds benefit the veterans' organization.

SPRINKLE'S CONDITION REMAINS CRITICAL

The condition of James E. Sprinkle of Midland remains critical. He has been receiving medical treatment in the Baptist Hospital in Little Rock, Ark., and will undergo an operation in the middle of the week according to word received here Saturday.

Sprinkle is managing editor of The Reporter-Telegram.

NW Andrews Test Has Small Amount Of Free Oil In DST Of Lower Permian

By JAMES C. WATSON, Oil Editor

Humble Oil & Refining Company No. 2 H. O. Sims, Northwest Andrews County wildcat, almost on the New Mexico line, and about 12 miles west of the nearest oil well in the Fullerton field, showed signs of possible production from the lower Permian in a drillstem test at 7,208-7,275 feet.

The tester was open one and three-quarter hours. Recovery was 240 feet of oil stained and gas cut drilling mud, and 360 feet of 37.7-gravity oil. That fluid was cut with 12 per cent sediment.

Operator was drilling ahead below 7,415 feet. The project is contracted to around 10,000 feet to explore the Ellenburger. It is 639 feet from north and east lines of section 25, block A-39, psi survey.

Pacific Western Oil Company, (Skelly), No. 1 E. P. Cowden, on northwest side of the Dollar Hide field, in extreme Southwest Andrews County, was due to run a drillstem test in the top of the Devonian and investigate slight indications of production that have been logged in that formation.

The Devonian was topped at 7,690 feet, on an elevation of 3,151 feet. According to some correlations that puts it 100 feet low to Humble No. 2 Cowden, one-quarter of a mile east and same distance south, which is preparing to test and complete, above total at 7,745 feet, after producing at the rate of 13 barrels of oil, per hour, natural, on a drillstem test.

The Pacific Western prospector had drilled to 7,738 feet, and was to continue to about 7,740 feet, and then run the test.

Discovery Completed

Norman and Roche, of Lockhart, Texas, No. 1 S. R. Coleman, Northwest Mitchell County wildcat discovery, formerly carried with operator as C. E. Beavers, et al, has reported official completion test gave to the Railroad Commission.

The well pumped 87 barrels of 25.3 gravity oil in 24 hours from pay at 2,560-2,770 feet, in the Clear Fork-Permian, which had been treated with 1,500 gallons of acid. No water was reported as having been recovered.

The new producer is about four miles northwest of the north side of the Westbrook field, and 2,310 feet from north and west lines of section 70, block 97, H&TC survey. Top of the Clear Fork was at 2,550 feet. Elevation is 2,222 feet.

Phillips Petroleum Company No. 1-G TXL, West Ector County exploration between the TXL and the Wheeler fields, and 660 feet from south and west lines of section 11, block 46, TP survey, T-1-S, ran a 24-hour preliminary test on the Ellenburger, from casing perforations at 10,575-600 feet.

Flows From Ellenburger

The flow was through a 1/2-inch tubing choke, natural. It made 94.66 barrels of 40.4 gravity oil, with gas-oil ratio of 2,929-1. Grind-out was reported as 1.2 per cent drilling fluid and four-tenths of one per cent sediment. After making the test, operator shut the well in for 24 hours.

The project had previously tested for flowing production from the Devonian and expectations are that it will be finished shortly as a dual completion, and an extension of the Wheeler field into Ector County.

Phillips No. 1-J TXL, 668 feet from south and east lines of section 9, block 45, TP survey, T-1-S, and one mile northeast of nearest Ellenburger production on the east side of the TXL field, in West Ector, was drilling ahead from 10,460 feet, after a drillstem test for one hour at 10,430-460 feet.

There was a blow of air throughout the period. Recovery was 3,450 feet of sulphur water. No signs of oil or gas were reported.

Operator has not officially reported identity of the formation making the water. However, it is understood that it is probably Ellenburger. If it is, the water has eliminated the possibilities of oil production from the formation in that particular sector.

35-A Drilling Deeper

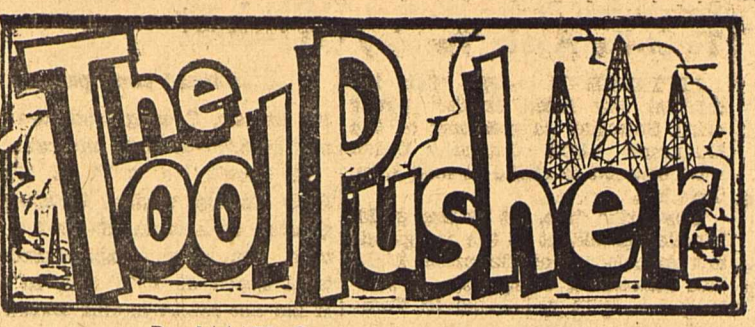

Stanolind Oil & Gas Company and Westbrook-Thompson Holding Corporation No. 35-A Hendrick, West-Central Winkler County deep wildcat, four miles west of Kermit, and in section 33, block 26, psi survey, had progressed below 13,569 feet, in Ellenburger-lime, and was drilling ahead, at last report.

Top of the Ellenburger had been found at 13,385 feet, on an elevation of 2,864 feet.

Unofficial sources report that owners of the project plan to drill to about 13,550 feet, and then run casing and make tests of slight oil signs in the top of the Ellenburger, and also in a Pennsylvania section above 9,200 feet, where it is said there was a saturated zone of about 80 feet. The foregoing has not been verified.

Stanolind No. 1 Kayser, Central Ector exploration about six miles west of Odessa, and in section 34, block 43, TP survey, T-2-S, flowed 107 barrels of oil and 207 barrels of sulphur water, in 24 hours, through a 2 1/2-inch tubing choke, during casing perforations at 13,480-570 feet, in the Ellenburger. The project was continuing to test.

May Shorten Plug

By JAMES C. WATSON, Oil Editor

BROWN WILL SPEAK AT OPENING SESSION OF TM-CO&GA MEETING

Russell B. Brown of Washington, general counsel of the Independent Petroleum Association of America, will be a featured speaker at the "Victory Meeting" of the Texas Mid-Continent Oil and Gas Association October 17 and 18 in Houston, President Fred W. Shield of the Texas Mid-Continent announced Saturday.

Brown will address the opening convention session on October 17.

SCOUT ASSOCIATION IS PLANNING A PARTY

It is understood that the Midland Oil Scouts Association is planning quite a party for September 28. Directors of the affair could not be contacted Saturday for the details. We hope to report them early in the week.

KELLY'S OPERATIONS (?) ARE MYSTERIOUS

Recently a rumor started that some big oil operator was doing a lot of leasing in Culberson County. The rumors had Sol Kelly connected with the deal.

BUNNELL IN NEW MEXICO

Sol Bunnell, recently assigned to Roswell, N. M., to do specialized scouting for Humble Oil & Refining Company, visited in the company's Midland division office during last week.

NEW GEOLOGIST IN UNIVERSITY OFFICE

John C. Myers, Jr., is a new surface geologist in the Midland office of University of Texas Lands. He was formerly an instructor in geology at the university.

FRANK THOMPSON IS NEW AIDE TO FRED FORSTER

Frank L. Thompson, who served as an infantry officer for about four years in the Pacific, has moved to Midland. He is associated with Thompson-Carr, Inc., drilling contractors and oil operators—of which concern his father, Andrew W. (Tommy) Thompson of Houston, is secretary-treasurer.

BYBEE MADE INSPECTION OF ACTIVE OIL FIELDS

Dr. Hal P. Bybee of Austin, geologist in charge of University of Texas Lands, spent several days last week in this area. While here he made an inspection of the active areas in West Texas. He was accompanied on that tour by Bertie R. Haigh and J. H. Bartley of the Midland offices of U of T Lands.

BASIN ENGINEERS TO MEET AT ODESSA SEPT. 27

In his work in the Permian Basin Chapter of the petroleum division of the American Institute of Mining & Metallurgical Engineers will meet at 6:30 O'clock September 27 at the Ector County Park at Odessa.

The program will include a paper on "Problems Encountered in Drilling in the Keystone-Allenburger Field in Winkler County," by Russell M. Lilly, of Humble Oil & Refining Company at Kermit.

LARGE ATTENDANCE DUE AT CONTRACTORS SESSION

An attendance of around 600 drilling contractors and other persons allied with that end of the oil business is expected for the annual meeting of the American Association of Oilwell Drilling Contractors in San Antonio, on October 1 and 2.

The sessions will be at the Plaza Hotel. Association representatives say arrangements have been made to house all visitors for the meeting in various San Antonio hotels.

One of the features of the program will be an address by Walter S. Hallman of Pittsburgh, Pa., on "Petroleum and the Future."

AIME MEETING TO BE AT GALVESTON OCT. 3-5

Petroleum engineers from all parts of the United States will gather at Galveston on Oct. 3-4-5, 1946, to participate in the first of two annual Fall meetings of the petroleum division, American Institute of Mining and Metallurgical Engineers.

The second Fall meeting of the division will be held in Los Angeles on October 24-25.

SHAW OPENS OFFICE

Charles A. Shaw, consulting geologist, has opened an office in the basement of the Crawford Hotel. Shaw is currently secretary of the West Texas Geological Society.

Barnsdall Is Testing Lower Permian Section In C-E Lea Area Wildcat

HOBBS, N. M.—Barnsdall Oil Company No. 1 Hardy, Central-East Lea County lower Permian wildcat, about one and one-third miles northwest of nearest production from the Drinkard-Yeso pay, at around 6,500 feet, in the area northwest of Eunice, was the center of interest for the oil industry of Southeast New Mexico at the end of the week.

It is 7,980 feet from north and 660 feet from east lines of section 29-21s-37e. At last report it had drilled to 6,550 feet, and was slated to run a drillstem test.

A drillstem test was run at 6,428-6,510 feet. Gas showed at surface in five minutes, after tester was opened. The tool was left open for approximately two hours. There was a slight blow of gas—not sufficient to gauge—for the entire period.

Recovered Gassy Mud

After the tool was closed, it was left in the hole over night. Recovery when all the drill pipe had been pulled, was 150 feet of gas cut drilling fluid. No signs of oil or water were reported.

Unofficial sources reveal that this exploration entered the Glorietta, middle Permian, at 6,120 feet, on an elevation of 3,470 feet.

According to some geologists, that puts it slightly low to the nearest Drinkard field producer on that point—but it is not considered too low to have a possible chance of producing.

It has been reported in some quarters, that in the event No. 1 Hardy is barren in the Yeso—the arrangements might be made to carry it on down to test the Ellenburger. Some geological maps give the Hardy location a good structural position of the lower beds. That is no official confirmation for the report that the project might go to the lower Ordovician.

Sun Oil Company No. 1-B McKinley, wildcat to around 8,000 feet, between Lovington and Hobbs, in East Lea County, and 2,310 feet from north and east lines of section 20-18s-37e, had progressed below 5,219 feet in hard lime of the basal Permian, and was going ahead.

Will Try To Complete

Rowan Drilling Company and Neville G. Penrose, Inc., No. 4 Walden, 660 feet from north and 2,130 feet from west lines of section 15-22s-37e, and on southeast side of the north extension to the Drinkard field, in East-Central Lea, was bottomed at 6,540 feet, in lower Permian lime.

A string of 5 1/2-inch casing had been cemented on bottom, after a considerable section of saturated lime had been drilled through. Operators will test, and try to complete, as a producer, through casing perforations.

Culbertson & Irwin, Inc., No. 1 Lynch, old shallow well, in the East Lusk area of Northwest Lea, and 660 feet from south and west lines of section 21-19s-32e, had deepened to 3,817 feet, from original total depth of 2,816 feet.

It shows no Queens red sand, and no flocs of oil in the bottom zone and has plugged back to 2,955 feet, and will test indications of possible production above that level.

The Pure Oil Company No. 1 Federal, in section 31-3n-28e, about 13 miles east and slightly north of Fort Sumner, in East DeBacca County, has been plugged and abandoned on a total depth of 6,468 feet, in granite. That formation was entered at 6,450 feet.

The prospector had only slight signs of oil and gas in a few thin streaks in the Pennsylvanian.

Magnolia Petroleum Company No. 1 Chaves Hills unit, Southwest Chaves County wildcat, in section 31-17s-20e, and about 25 miles west of Artesia, had penetrated below 4,945 feet, in dolomite. It is drilling ahead towards its contract depth of about 8,000 feet.

Another Caprock Producer

Delifer Oil Company No. 2-E State, 1,980 feet from north and 660 feet from east lines of section 11-13s-31e, and in the Chaves County side of the Caprock field, completed for a 24-hour potential of (Continued on Page 6)

13 Corporations, 16 Officials Are Convicted In A&P Conspiracy Case

By WILLARD ROBERTSON DANVILLE, ILL. —(AP)—Thirteen corporations and 16 officials who operate or serve the A&P stores over the nation were convicted Saturday of conspiring to control a substantial part of the country's food business.

An immediate appeal was planned by the New York Great Atlantic & Pacific Tea Company, 12 of its associates and 16 of its officers who called the bench ruling of Federal Judge Walter C. Lindley "a severe blow" not merely to the chain but to its millions of patrons.

"If upheld, it will mean less food on every dinner table and less buying power in every pay envelope," the defendants said.

In Urbana, Henry I. Green, associate counsel for the company, said "the decision is so astounding I cannot express my opinion in polite language. If it stands as the law our traditional competitive system must surrender to bureaucratic control."

Possible maximum penalties of a \$5,000 fine and a one-year sentence confronted each of the defendants on each of the two counts of a criminal information brought by the Department of Justice's anti-trust division.

Specifically, the defendants were found to have conspired to restrain trade in food products and "to monopolize a substantial part of such products in interstate commerce."

This, Judge Lindley held in an

opinion, was a violation of the Sherman Anti-Trust Act.

Monopoly Methods Charged
A&P, the government alleged, accomplished its illegal monopoly through the following methods:

1. In the New York headquarters of John A. Hartford, 73-year-old A&P president, and his brother George, 82, board chairman, control of the vast network of purchasing, manufacturing, distributing and selling agencies was unified.

2. Where A&P retail outlets met strong competition from independent or other group stores, some A&P stores were allowed to stay in business although operating at a loss. These losses were offset by profits from other A&P outlets and eventually the competition was forced to close its doors.

3. A&P misused its profits and fixed prices.

4. Through its operating system A&P obtained preference in buying products, not only in relation to better prices but also better quality.

5. A&P at the same time concealed all these foregoing practices from the public.

On the witness stand, John Hartford put in capsule form the defense position on A&P operation when he declared:

"Our company grew to its present size because we believed it was better to sell 200 pounds of butter at one cent per pound profit than 100 pounds at two cents per pound profit."

Barbara Jester Weds Major Howard Burris

By DOROTHEA LYLE CORNICANA—(AP)—Miss Barbara Buchanan Jester, daughter of governor-nominate and Mrs. Beauford Jester, and Maj. Howard Lay Burris, San Antonio, were married at the First Methodist Church here at 8:30 p. m. Saturday.

Maj. Burris, a graduate of the U. S. Military Academy at West Point, is the son of Mr. and Mrs. Howard B. Burris, San Antonio. He is stationed at Mitchell Field, N. Y.

The Rev. Erwin F. Bohmfalk officiated. The bride was given in marriage by her father, Maj. Howard C. Fender of Fort Worth attended as best man.

The bride's gown was a couturier model of platinum satin with cathedral train. Satin flowers heavily traced with silver beads outlined the square neckline. Her finger-tip length veil of imported bridal illusion fell from a halo headress.

After a reception at the Jester home, the couple left on a wedding trip to Miami and Havana, Cuba. They will live at Mitchell Field, N. Y.

Pittsburgh Power Workers To Strike Again Tuesday

PITTSBURGH —(AP)—This industrial city faced another power crisis Saturday as members of the Duquesne Light Company Union were ordered to strike at 8:30 a. m. Tuesday.

The strike date, set by George M. Mueller, president of the Independent Association of Duquesne Light and Associated Companies, is simultaneous with a hearing in Common Pleas Court on a permanent injunction against the strike which the unionists have been ordered to attend.

The temporary injunction was granted just a few minutes before a strike set for two weeks ago Monday midnight went into effect.

Mueller said the strike committee set the walkout call on two issues:

- (1) Against the injunction and
- (2) refusal of the company to negotiate.

Wildcat

(Continued from page 5)

192 barrels, flowing from red sand pay at 3,031-39 feet, natural.

E. Orcutt No. 2 F. E. Kepple, Eddy County wildcat in southeast quarter of section 19-17s-27e, has been temporarily abandoned on total depth of 1,375 feet, in lime. It did not report having logged any shows of oil or gas. A hole full of sulphur water developed at 1,120 feet.

The Ohio Oil Company No. 2 Trimble, in the West Roberts region in Central-West Lea County, and 1,980 feet from north and east lines of section 11-17s-32e, flowed at the rate of 171 barrels of oil per day, from pay at 3,945-4,104 feet, which had been shot with 200 quarts of nitro-glycerine.

U. S. To Challenge Soviet Data Plan

LAKE SUCCESS, N. Y. —(AP)—The American and British delegations to the United Nations security Council Saturday were reported completing separate challenges demanding why the Soviet Union is seeking data on Allied troop dispositions and air and sea bases in foreign non-enemy states.

The Russian demand for an accounting as of last August 1 comes up for preliminary hearing before the council Monday against a firm array of opposition to its admission on the agenda.

Southwestern Packers Protest Meat Control

DALLAS —(AP)—Southwestern independent meat packers meeting here Saturday branded price control of meat unnecessary and paralyzing and asked that it be abolished.

The meeting was attended by 75 per cent of the independent slaughterers of this region. The packers, members of the National Independent Meat Packers Association, sent an appeal to Secretary of Agriculture Clinton P. Anderson to "end the farce of price control of meat and meat animals."

MIDLAND, TEXAS, SUNDAY, SEPTEMBER 22, 1946

SECTION TWO

Miss Mary Jackilyn O'Donnell To Become Bride Of William Merrill Hollett Of Miami, Florida, In Rites To Be Solemnized At First Baptist Church

Miss Mary Jackilyn O'Donnell, daughter of Mrs. Elizabeth L. O'Donnell of Midland, will become the bride of William Merrill Hollett, son of Mr. and Mrs. Thomas C. Hollett, 1216 Marana Avenue, Coral Gables, Fla., in a ceremony to be solemnized at 6 p. m. Sunday in the Midland First Baptist Church.

Rites for the single-ring ceremony will be directed by the Rev. Raymond G. Hall, assistant pastor of the First Baptist Church.

Nuptial selections will be presented by Mrs. Yates Brown, organist, and Miss Mildred O'Donnell, niece of the bride, pianist. Miss Ruth Elaine West will sing "I Love You Truly" and "Oh Promise Me".

Decorating the altar will be baskets of white gladioli and white tapers in tall candelabras.

The bride will be given in marriage by her brother. She will wear an ecru lace wedding gown designed with a high neckline, leg o'mutton sleeves, and a full skirt which will sweep into a train. Her finger-tip veil of bridal illusion will be attached to coronet of orange blossoms. She will carry a white Bible topped with a small bouquet of gardenias.

Mrs. Clarence W. Lowman of Brooklyn, N. Y., will attend her sister as matron of honor. She will be attired in a turquoise dress and will wear a beaded Juliet cap. Her bouquet will be pale pink double gladioli.

W. R. Coleman will serve the bridegroom as best man. Ushers will be Allen Olsen, Joe Tom Hood, Obie Stalcup, and Roland Earle O'Donnell, Jr.

A reception will be held at the home of the bride's brother, R. E. O'Donnell. The table will be laid

with a maderia cloth and centered with an arrangement of pink roses and fern. On either side of the centerpiece will be white tapers in crystal holders.

The wedding cake will be served by Mrs. P. C. Mayfield and Mrs. Louis Ayres will preside at the punch bowl. Mrs. Ada Dobbins of Abilene will be in charge of the bride's book.

Following the reception, Mr. and Mrs. Hollett will leave for a wedding trip before going to Miami where they will make their home. Mrs. Hollett will wear for travel a gray suit with gray accessories. Completing her attire will be an orchid.

Among the out-of-town wedding guests will be the bridegroom's parents, Mr. and Mrs. Thomas C. Hollett, who have been in Canada for the past several months.

The bride served as a captain in the Army Nurse Corps and was in the European Theater of Operations. Mr. Hollett was in the Tank and Destroyer Corps and served in the ETO. He is now associated with his uncle in the insurance business in Miami.

Frank Aldrich, Jr., Pledges Phi Gamma Delta

Frank Aldrich, Jr., son of Mr. and Mrs. Frank Aldrich, Sr., of this city, was elected to Phi Gamma Delta at the University of Texas in Austin. Aldrich, a sophomore at the university, attended Texas Tech in Lubbock the past year.

Quiz Program Is Featured At Meet Of Voter's League

A quiz program was featured at a meeting of the League of Women Voters Saturday in the Crystal Ballroom of the Scharbauer Hotel. A luncheon was served preceding the program.

A panel of five members, Mmes. Karl Mygdal, Fred H. Fuhrman, Gilard Kargl, William L. Kerr, and George Turner, answered questions presented by members and guests concerning the league.

Preceding the panel discussion, Mrs. Kargl gave interesting facts on when and why the league was organized, also the background of the organization.

Guests were Mmes. Andrew Ireland, Arnold Dahl, Bill Imbt, Williams Simpson, Edmund Barys, James Smith, Pryor, Gerald Fitz-Gerald, J. G. McMillian, Dave Henderson, Z. C. Walton, Frank Hawk, and Alfred Tom.

The following members were present: Mmes. Payton Anderson, George Abell, Frank Ashby, J. E. Beakley, L. G. Byerley, Taylor Cole, Art Cole, C. W. Chancellor, James H. Chapple, Leland Davidson, E. H. Davidson, Alden Donnelly, Fuhrman, John FitzGerald, W. H. Ground, R. L. Gates, Kargl, George Kribbs, Kerr, Paul Lathrop, Lindley Latham, Frank Manning, Mygdal, Carl McAdams, Henry D. Murphey, James Noland, William Y. Penn, George Putnam, John Redfern, B. R. Schabarum, Harvey Sloan, Effie Sanders, Paul Schaefer, Surce Taylor, Turner, Orville Wall, and Miss Holly Smith.

Tom Sealy To Speak At Midland High School P-TA Meeting Tuesday

Tom Sealy, Midland attorney, will be the principal speaker at first meeting of the Fall season for the Midland High School P-TA meeting at 8 p. m. Tuesday in the school auditorium. He will use as his subject "Youth and the Uncertain World".

Following Sealy's talk, Frank Monroe, superintendent of Midland Public School System, will speak on "Laying the Cornerstone". The theme for the year's program will be "Laying Firm Foundations".

At the close of the program a social hour will be enjoyed. Arrangements are being made by Mrs. Dave Henderson, social chairman, and Mrs. Guy McMillian, co-chairman. Mrs. W. I. West, membership chairman, will greet the parents and teachers as they arrive.

Plans for the program were made at a meeting of the P-TA executive board Tuesday at the school with Mrs. J. M. Devereux, president.

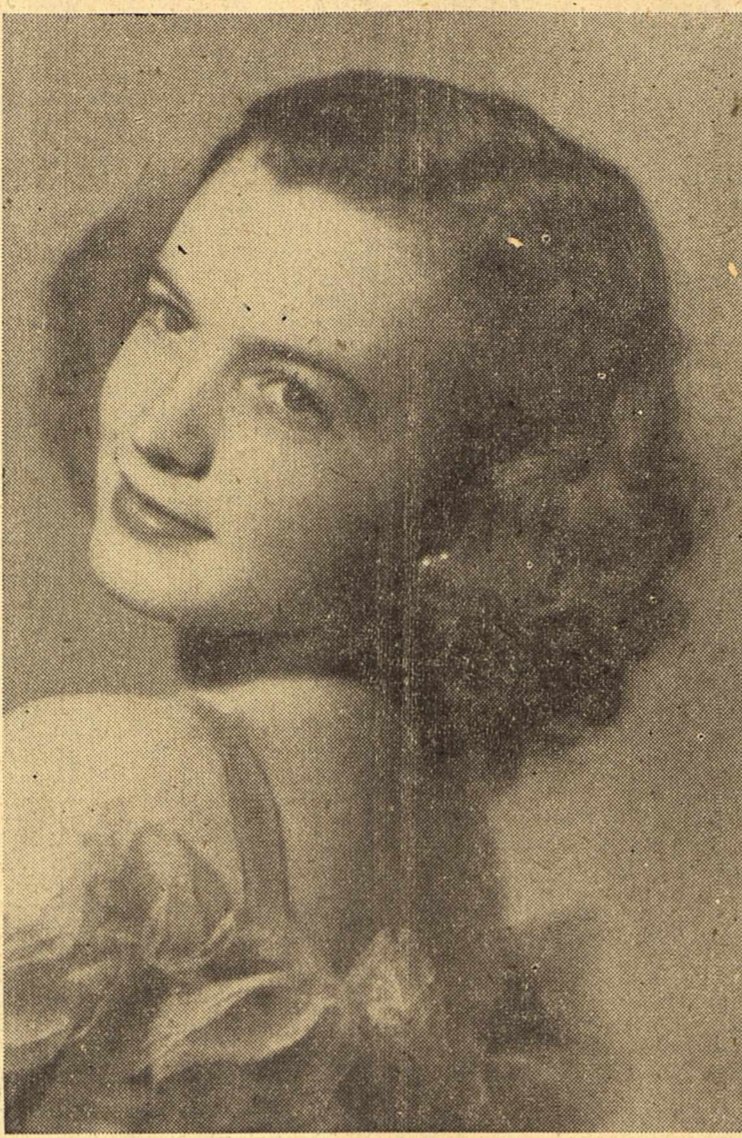

Harlan Howell, Midland High School principal, spoke at the session and stated that the student moral was high, but that a crowded condition existed with the enrollment reaching an all-time high of 647.

Members present were Mmes. Devereux, Frank Manning, R. W. Patterson, Al Cowden, West, Joe V. Birdwell, Henderson, McMillian, C. E. Bissell and Mr. Howell.

RETURN TO SAN ANGELO

Mrs. DeWitt Lester, the former Miss Joyce Dameron, has returned to San Angelo to continue her studies as a senior student nurse at the Shannon Hospital. She will graduate in January.

Recent Bride

Mrs. Loye Ernest Wren was Miss Patsy Cline, daughter of Mr. and Mrs. R. L. Cline of this city, before her marriage September 13 in the First Methodist Church. Mr. and Mrs. Wren are at home in Midland after a wedding trip to Carlsbad, N. M.

Mrs. McCracken Guest Speaker At Federation Tea

Highlights of the program presented at the initial meeting of the fall season for the City-County Federation of Women's Clubs was a talk by Mrs. R. S. McCracken of Marfa, Eighth District Federation president. The home of Mrs. Clint Dunagan 1508 West Missouri, was the scene Thursday for the tea. Members of the Fine Arts Club were hostesses for the occasion.

As the guests arrived they were greeted by Mrs. Nelson Puett, president of the Fine Arts Club, and presented to Mrs. McCracken, Mrs. Aubrey L. Baugh of Marfa, secretary to Mrs. McCracken; Mrs. J. Howard Hodge, first vice-president of the State Federation of Women's Clubs; and Mrs. Ernest Neill, local federation president. Mrs. B. R. Schabarum was in charge of the register.

The entertaining rooms were attractively decorated with arrangements of colorful seasonal blossoms. In the reception room were bouquets of gladioli, zinnias and cosmos.

Centering the dining table was an arrangement of floating gladioli. Presiding at the silver service during the afternoon were Mrs. Neill and Mrs. L. G. Byerley. Others in the house party were members of the hospitality committee of the Fine Arts Club, Mmes. O. J. Hubbard, George Kidd, Foy Proctor, and Henry Murphey.

Mrs. Puett introduced Mrs. McCracken who used as her subject, "Approaching the Golden Jubilee" in connection with the program theme "Tomorrow's Challenge to Club Women."

World Harmony Stressed

The speaker opened her talk by saying, "Humanity is a union." She stressed the importance of club women throughout the country working together toward world harmony. "No man liveth unto himself, he needs friends," Mrs. McCracken said, "and in the make-up of harmony we need Americanism, and loyalty, better education, and the proper home life which is the foundation of the nation."

Mrs. McCracken reported that membership in the federation which reached the number of 21 when it was organized 50 years ago, now runs into millions. She remarked on the first projects sponsored by the federation: Public libraries, public welfare, music in schools, and police matrons.

In connection with the juvenile delinquency problem, she quoted figures compiled by Tom Clark. "Fifty per cent of the first offenders are lost, 75 per cent of the second offenders are lost, and practically all of the third offenders are lost."

A brief summary of the problems existing for the Junior Canteen in regard to the need for a building was presented by Mrs. Byerley who urged the cooperation of the federation in aiding the organization in obtaining a meeting place.

Mrs. J. Howard Hodge reported on the program to be followed during the afternoon.

Enters Radford

Roby Jean Gregory, daughter of Mr. and Mrs. J. R. Gregory of Lubbock, and niece of Mr. and Mrs. M. T. Smith of Midland, is a junior student at the Radford School for Girls in El Paso. She attended the South Elementary School in Midland in 1937-38 and has visited in the Smith home on a number of occasions.

Miss Louise Parker Is Named Honoree Of Bridal Shower And Tea

Miss Louise Parker who will become the bride of George Arthur Brown of New Meadows Lake, Me., in rites to be solemnized October 5 in Brunswick, Me., was honoree of a tea and bridal shower Saturday at the home of Mrs. Rick Kretzer, 301 North Lassiter, Odessa. Hostesses were Mrs. Kretzer and Miss Joyce Tillman.

The guests were greeted by the hostesses and presented to the honoree and her aunt, Mrs. O. L. McNew of Midland.

The dining table was centered with an arrangement of Fall flowers, and adding to the setting was a large crystal punch bowl filled with lime float. The honoree's name was inscribed with silver lettering on the green napkins. Green also was predominate in the refreshments.

Punch was served by Mrs. Cecil Tillman and Mrs. Guy Anderson, Jr., and assisting in the dining room were Misses Mary Katherine Bradley and Pat Kohlman. Mrs. Bill Alden was in charge of the bride's book.

Members of the house party wore corsage of sweetheart roses.

Gifts in the bride's chosen pattern of crystal were on display. Approximately 75 guests from Midland and Odessa called from 3 to 5 p. m.

On the guest list from Midland were Misses Edith Conyers, Joyce Melancon, Robbie Elder, Kay Shirley, Ruth Stroud, Erma Nichols, Alice Widner, Ruby Worden, Lois Lynch, and Mmes. George Grant, Louis Kellett, Jerry Roberts, Pet Bost, Mary Gerald, and Irene Humphrey.

Miss Frances Ferguson Hostess For Meeting Of Wesleyan Service Guild

Miss Frances Ferguson will be hostess to members of the Wesleyan Service Guild of the First Methodist Church at 7:30 p. m. Monday at her home, 104 East Maiden Lane. The program will be presented under the direction of Miss Mary Louise Yoe.

PLANS MADE FOR COUNTY FAIR BOOTH AT EAST SIDE CLUB

Plans for the club's part in the Midland County Fair September 27 and 28 were discussed at a meeting of the East Side Home Demonstration Club Thursday afternoon at the home of Mrs. Dovie Maples on the Magnolia Tank Farm.

During the business session announcement was made that members are to bring their canned fruits and vegetables and other products to the home of Mrs. Kenneth Webb at 4 p. m. Tuesday where selections will be made for the club's exhibit in the fair.

As the concluding part of the program, a dress form was made. Those present were Meses. V. L. Red, C. A. Barton, A. W. Butler, Guy Webb, Roy Jones, Jack Prothro, Webb, E. P. McDowdsey, Nettie B. Messick, and Maples.

Reports On State 4-H Round-Up Presented At 4-H Girls Club

Reports on the State 4-H Round-Up in College Station were given by Julia Edith Midkiff, Lanelle Howard, and Janie Manning at a meeting of the 4-H Girls Club Saturday in the assembly room of the courthouse.

Janie represented the Midland County 4-H Girls Clubs in the dress revue, and Lanelle and Julia Edith were representatives-at-large from the county.

Helpful hints on the care of hands and fingernails were given by Charles Gregory who advised the girls not to let their fingernails grow too long. Lanelle Howard emphasized the importance of keeping the teeth clean in her talk on "Care of the Teeth." Julia Edith Midkiff used as her subject "Care of the Hair." She said that hair should be shampooed weekly and protected from the sun as long exposure causes the scalp to become dry.

After the program and business session a joint recreation period for the 4-H boys and girls. Refreshments were served by the Valley View 4-H Club.

Those present were Joan McDonald, Leonora Crawford, Lanelle Howard, Pauline Norwood, Charlotte Gregory, Julia Edith Midkiff, Janie Manning, Lavena Brooks, Donna Howard, Jeannette Messick, Weldon Free, Randall Smith, Leland Howard, Carl Crawford, John Midkiff, Jimmie Gregory, Bobby Midkiff, Mrs. L. C. Lee and Mrs. I. J. Howard.

Perfume Atomizer Thrifty Control For Spray

By ALICIA HART
NEA Staff Writer
Perfume dabbling has been a hit-or-miss affair which has made many an innocent bystander swoon ever since atomizers went to war. Coming back now with a fine service record of spraying paint on battleships, the squeeze bulb and the plunger are settling into the old jobs of exploding perfume, but keeping the potent spurts under good control.

Among the returned atomizers is a new invention for purses. Although no larger than a cigarette lighter, these purse dispensers carry a week's supply of perfume. Slight pressure on a plunger head releases a controlled spray of the fragrant stuff. What's more, without waste or extravagant diffusion, it hits the aimed-at-target—hairline, earlobe, nape of the neck, pulse area of the wrist, handkerchief, palm of a hand or inside hemline of a dress.

(Photo from Evelyn Upton, Ltd.)
Tiny atomizer prevents wasting perfume or spilling it in purse or cosmetic case.

Coming Events

SUNDAY

Veterans and their wives are invited to attend a tea from 4 to 6 p. m. in the Private Dining Room of the Scharbauer Hotel. Members of American Legion Auxiliary are hostesses.

The First Baptist WMU will meet at 3 p. m. at the church for the initial meeting of the week of prayer and offering for the state missions.

The Children's Story Hour sponsored by the Midland County Library will be held at 10:30 a. m. in the library.

Joseph W. Graybeal Return To Midland After Wedding Trip

Mr. and Mrs. Joseph W. Graybeal have returned to Midland to make their home. Mrs. Graybeal was Mrs. Marguerite Guinn Bolin before her marriage August 25.

Vows were read by the Rev. J. L. Cleveland, pastor of the Cumbly Presbyterian Church, as the bridal couple stood before an improvised altar formed by baskets of white olefin and candelabra in the home of the bride's mother, Mrs. Mabel Guinn in Cumbly, Texas.

The bride was given in marriage by her brother, James H. Guinn. She was attired in a white gabardine suit with which she wore black accessories. Her bridal bouquet was of gardenias and she wore a coronet of gardenias and tube roses.

After the ceremony they left for a wedding trip to Joplin, Mo., where they visited his parents, and to Colorado and New Mexico before returning to Midland.

Mrs. Graybeal is a graduate of Commerce High School and East Texas State Teachers College in Commerce where she received a B. A. degree with an art major.

Mr. Graybeal is a graduate of William Jewell College and Missouri School of Mines where he majored in engineering. He has been assistant petroleum engineer with the Humble Oil and Refining Company in West Texas for the past 15 years and has been with the Midland office for 11 years of that period.

First Methodist WSCS Program To Be Directed By Mrs. W. E. Chapman

Mrs. W. E. Chapman will direct the program to be presented at a meeting of the First Methodist WSCS at 3 p. m. Monday in the Scharbauer Educational Building. A meeting of the executive board will be held at 2:30 p. m. preceding the regular session.

Midland Choral Club Will Meet Monday

A meeting of the Midland Choral Club will be held at 8 p. m. Monday at the First Christian Church, 215 North Lorraine. All members are urged to be present.

Persons interested in becoming members of this organization are asked to get in touch with Mrs. Ben Dansby, Jr., director of the club. All meetings this year will be held at the First Christian Church.

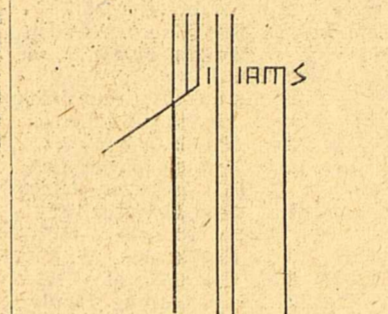

West Elementary P-TA To Be Organized Tuesday

All parents who have children in the West Elementary School zone are urged to be present for a meeting at 4 p. m. Tuesday in the auditorium of the North Elementary School. The purpose of the meeting will be to organize the West Elementary School Parent-Teacher Association.

Permian Basin Area Girl Scout Council To Be Held In Odessa

The first annual meeting of the Permian Basin Area Girl Scout Council will be held in Odessa at 7:30 p. m., Tuesday, Mrs. S. P. Hazlip, Midland Girl Scout chairman, announced Saturday.

Several members of the Midland Girl Scout Council will attend the meeting at which officers for the coming year will be elected.

The Permian Basin council was organized earlier this year at a meeting in Monahans, when temporary officers were elected. Alton Hughes of Pecos is council president, and Don Johnson of Midland is treasurer. Other members of the committee are Mrs. R. L. Toll of Pecos and Mrs. W. R. Shelton of Monahans.

Girl Scout activities for the coming year in the Permian Basin area will be discussed at the annual meeting.

Winter White Luxury Furs

Snow-white furs that add a fabulous note to the winter's fashions include such styles as the Russian ermine coat, left, with its full, push-up sleeves, harem skirt and waistline-whittling gold jeweled belt. Right, American broadtail is as casually tailored as fabric in a coat with smooth yoke, slit pockets and self belt.

By EPSIE KINARD
NEA Staff Writer
NEW YORK—(NEA)—All set to steal the snowman's winter show are furs of pure driven white which represent the season's pick of the pelts and herald the peacetime return of luxurious fashions.

Some of the pelts presenting for the show have been brought out of obscurity by magical styling. One is Eurasian lamb, a creamy white fur which has the soft curl of caracul. White nutria is a new freak of nature, but a welcome freak which makes fabulous-looking limited-edition coats. Other white furs owe their appearance to years of experimentation in mink mutation.

One of these is the Arctic mink, made from snow-white pelts tipped with black guard hairs. Another is the rare Royal Kohinor, which boasts the coveted white shaded by delicate patterns of dark guard hairs.

Making the most of these distinctive patterns, Ackerman-Blatt designs a sling cape and cues the fur to the graceful markings. As luxurious as white fur coats seem, nearly all — except possibly Cinderella ermine — have a practical life cut out for them. What gives white furs their versatility is casual styling. One of the newest ideas along this line is the yoked

Girl Scout Troop 11 And Brownie Troop 15 Reorganize At Meet

Girl Scout Troop 11 and Brownie Troop 15, sponsored by the South Elementary P-TA, met Wednesday at the Calvary Baptist Church for the purpose of reorganizing.

Activities were directed by Mrs. William W. Walmsey, Mrs. Howard Ford, and Mrs. C. S. Longcope. Twenty-eight girls were present and four mothers.

Girls, who are interested in Scout work and can meet the qualifications, are invited to attend the meetings of these groups at 3:45 p. m., Wednesday in the Calvary Baptist Church.

Luxurious sling cape of rare Kohinor mink shows off the delicate markings of the snow-white pelts tipped with darker guard hairs.

coat, which has slit pockets and ties carelessly with a self belt. For this Ackerman-Blatt idea in styling, white American broadtail lends itself to tailoring with the same suppleness as fabric.

Although ermine can't be budged from its Cinderella role, this pampered beauty violates traditions of styling and in one coat takes its cue from a man's nightshirt. More revolutionary, however, is the Russian ermine coat with the harem skirt which has push-up sleeves to balance this fullness and, in between, a gold jeweled belt.

GIRL SCOUT TROOP 7 WILL MEET TUESDAY AT KROENLEIN HOME

Girl Scout Troop Seven will hold its first meeting of the year Tuesday after school at the home of Mrs. George Kroenlein, 710 West Louisiana.

The work this year will be under the direction of Mrs. Keith Morrow and Mrs. John Walston. Activities during the past year were conducted by Mrs. Dave Johnston and Mrs. Frank Ashby.

This group of girls have been working together since they were in the second grade. They will make tentative plans for the year's work after the social Tuesday.

STOLEN CAR RECOVERED

A car reported stolen from Joe Collins in Midland Friday was recovered on the West Highway the same day, police said.

Veterans And Wives Invited To Attend Auxiliary Tea Sunday

Members of the American Legion Auxiliary will entertain with a tea from 4 to 6 p. m. Sunday in the Private Dining Room of the Scharbauer Hotel honoring veterans of Midland County and their wives.

An entertaining program has been planned for the afternoon.

A special invitation is extended to wives of veterans who are interested in becoming members of the auxiliary.

Farewell Party Honors Rev. And Mrs. Savage

KERMIT—A farewell party honoring the Rev. and Mrs. O. L. Savage was held Thursday at the home of Mr. and Mrs. Clyde Bone. Members of the Kermit Community Church were hosts for the party.

Mrs. Wayne McClure presided at the punch bowl which was surrounded with a garland of colorful seasonal flowers. Music during the entertainment was furnished by Betty Fitzpatrick.

Mr. Savage, who has served as pastor of the Kermit Community Church since the first of the year, is retiring because of ill health. Mr. and Mrs. Savage and their young son will leave the first of the week.

Cameron's
Midland's Leading
Drug Stores . . .

You can expect almost anything to happen in nine years. Just think what has happened in Midland during this time, but this is not long enough for anybody to grow a third set of teeth.

Prepare your youngsters for the next nine years. Train them to take care of their teeth for, as you know, teeth are made out of the same thing they were 9 years ago, but unless you teach them proper dental care they will not last a lifetime, as life expectancy is greater now than it was 100 years ago.

Starting today at Cameron's Drug Stores in Crawford Hotel building and also Hotel Drug in Scharbauer Hotel, we are offering some real bargains in Dental needs as well as many other items at better prices every day in the week.

One bargain combination we are offering is Mi 31 Antiseptic Solution (a regular 59c item), a Klenszo Nylon Tooth Brush (a regular 35c item, in 3 styles), both for 59c.

Other Dental care items at bargain prices — 40c Bost Tooth Paste 27c; Koly-nos Tooth Paste, 50c value 33c; Pepsodent Tooth Powder or Paste, 50c size for 39c; and last but not least have your child use dental floss to get particle of food that his brush cannot get, brush his teeth at least twice a day after meals and see your dentist twice a year.

Inspirational Meeting For Presbyterian Women Will Be Held Monday

Mrs. Richard Peters will be director for the program to be presented at an inspirational meeting of the Woman's Auxiliary of the First Presbyterian Church at 3 p. m. at the church.

"What Is My Church Doing About Telling Good News?" is the subject to be used by the director.

WINKLER AND SONS TO OPEN NEW BUILDING
KERMIT—N. Winkler & Sons, widely known department store firm and one of the older business establishments of Kermit, is announcing Tuesday as the opening date in their large, new building here. Under construction since early this year, the 50 by 90-foot structure is complete with the exception of display window glass which has been delayed in delivery. The opening will mark the tenth birthday of the Winkler family as business men of Kermit.

Black Is Foil For Blonde Wools

Jet sparkles against the off-white of this jacket in beads and buttons that light up the tiered tab pockets. The black skirt is cut on simple lines.

By **ESPIS KINARD**
NEW YORK—(NEA)—Pale winter woollens step out with black contrasts of fabric, fur or jet, just like a blonde beauty pairs around with a brunette foil.

These suits and dresses favor the platinum or palladium tones of blonde coloring, although the so-called "dry gin," "Gibson martini," "white wine" and "cloud beige" shades make room now and then for a tawny one, called "heather beige."

Favorite black foils used are woolen fabrics, felt beads, buttons and fur. Usually applied in lavish chunks, the fur that gleams against pale cloth is either black Persian lamb or broadcloth. It makes collars and cuffs or plastron fronts for blonde suit jackets.

One cloud beige charmer, for example, atop a black skirt, advances with a furred front of broadtail, which is fitted by Brownie, its designer, like fabric and is tied in with a pale fabric belt.

This designer plays other variations on her light- and shade theme with black buttons used to highlight one blonde woolen dress, black drapery another. A suit of her design springs as a dark surprise slot pockets, slanted across the jacket like a diplomats ribbon. There's a black echo in cuffs that turn back from full, open sleeves. Jet trimming lights up off-white suit jackets which dress up suave black skirts this season. Lively black jet is spectacularly focused on one suit jacket by beads and buttons that point up two-tiered tab pockets as large as life.

Blonde shades used for winter woollens are played against rich black backgrounds. Black broadtail, handled like fabric, accents the front of the cloud beige blouse, left, which tops a black skirt. Right, tawny heather beige slot pockets are slanted diagonally across the jacket of this black suit.

Miss Phoebe Lewis, daughter of Mr. and Mrs. Frank E. Lewis of Midland, was among the 334 new students who entered McMurry College for Women on September 16. This is the largest number of new students to enter the college. Beginning students are taking a series of orientation tests that will be completed before the upperclass students arrive on the campus.

The centennial of McMurry College will be celebrated from October 6 to 10 with a special program that will bring to the campus many of the nations leading educational leaders. All students will have an opportunity to participate in the celebration. McMurry College was founded by action of the Illinois Conference of the Methodist Church on Oct. 10, 1846.

Week's Building Is Light But Year Has \$1,922,020 Permits

Midland ended a light week in construction Saturday with \$18,300 in building permits issued. The 1948 total in permits is \$1,922,020.

Permits went to:
H. F. Cook, \$1,200, to build a beauty parlor at 306 East Dakota Street, of lumber, size 12 by 18 feet; Paul R. Day, \$800, to move a frame dwelling, size 14 by 28 feet, to 407 North Fort Worth Street; A. P. Loskamp, \$800, to build a garage of tile, 22 by 22 feet, at 2009 Holloway Street; Jack Matthews, \$9,500, to build a brick-veneer residence, 30 by 60 feet five-room with garage attached, on Storey Street; Harrel Hips, \$2,000, to build a frame dwelling, 20 by 24 feet, at 207 East Michigan Street; Preston J. Lea, Jr., \$2,000, to make inside repairs and add porch to residence at 609 Cuthbert Street; and W. W. Larkin and J. M. Larkin, Jr., \$2,000, to build tile business structure, 30 by 40 feet, at 2423 West Indiana Street.

CIVIC MUSIC CLUB TO BE ENTERTAINED AT PIONEER SOCIAL

The Civic Music Club will open its 1948-49 season with a "pioneer social" at the home of Mr. and Mrs. Ben Dansby, Jr., 723 Cuthbert, at 6:30 p. m. Tuesday.

Dinner will be served on the lawn at the Dansby home and later in the evening, sing-song of folk music, square dancing, and a program featuring folk music will be enjoyed.

All members and their guests are to bring basket lunches and to don pioneer apparel.

Kermit Students Overflow Schools

KERMIT—Enrollment in Kermit schools this week reached an all-time high with 1,164 students registered in all departments, and students still being enrolled at the rate of about 15 each week, according to S. M. Melton, superintendent. Total enrollment is expected to reach 1,200 within a short time, Melton said.

In the primary and upper grades 919 pupils are attending classes, and high school students number 244.

The record number of students has so flooded the school system and present facilities, that the first eight grades are being run on half-day schedules, and even with this plan, Melton continued, many sections still are crowded beyond the standard of 30 pupils to each teacher.

Construction of the 18-room grade school building is going on schedule, school officials report, and when it is ready for use about the first of the year, present overcrowded conditions will be greatly relieved.

BATTLE JACKETS FOR SCHOOLGIRLS

Fashioned after army battle jackets and designed to protect the school girls are the brightly colored wool jackets at WILSON'S. The long sleeves will feel wonderful during winter weather. Gathered at the waistband, these jackets are tied in front with small bows. In red, grey, aqua, lavender, pink, and navy. The sleeveless jacket, for wear over long sleeved blouses, is similar. Kelly green, beige, or navy. And there are skirts—a-plenty to wear with your jackets. Mrs. Phillips will be happy to show you these charmers.

FLOOR POLISHING MACHINE FOR RENT

With a new social season approaching, you housewives will want to get through with your work quicker so you can have leisure time in the afternoons. The Clerk rotary type floor polishing machine does an excellent job of polishing in a minimum amount of time. Why, the average floor can be polished in only an hour! One person can handle this marvelous machine. Select Cooks, Bruce, or the famous Johnson's Wax to put a long lasting shine on your floors. Floor cleaners, finishing products, too, at Simmons-Hall Co.

WESTWARD HO BARBECUE SET

To add the real spirit of the West to your next barbecue, serve with a complete set of Westward Ho Barbecue Ware. Famous cattle brands of real ranches decorate the dishes and some picture cowboys roping steers and other typical Western scenes! Durable and practical, this Wallace China is really something to be proud of. In the Rodeo Pattern there are dinner plates, salad plates, coffee mugs, platter, and salt and pepper shakers. The MIDLAND HARDWARE, 106 N. Main, has this unique set.

DATE DRESSES AT MARY ANN SHOPPE

For sportswear is a grey alpaca dress with three quarter sleeves and a huge pocket at the MARY ANN SHOPPE. The leather belt minimizes the waistline. For date time, see the brown silk with unique design, sweetheart neckline, and daring bustle. In the same design with a different style is a grey frock with darts across the top and glistening buttons. The soft fullness of the skirt makes it a favorite. A stunning accessory is the white blouse with satin inset. Two new types of sport blouses have also been received.

A LOVELIER YOU THIS FALL

Let us style and give you a soft natural looking permanent, a hairstyle that sets the scene for autumn smartness. Having your hair properly shaped before the curl means everything to you. If the hair is faded a bit, let us give you a rinse. The new shades are flattering to the hair. Marie Burrage is here to give you any hand care you might need, as well as pedicures. Let NOBLITT-FARSON BEAUTY SALON take care of your beauty problems.

CASPER-DAVIS BETTER HATS

If it's a hat you need, EVERYBODY'S has it! Have you seen their better hats in the Caspar-Davis line? There is a black hat with black and gold veil for after 5. Gold metal feathers and stars are stunning against the black. The brown hat with veiling boasts sequined feathers. In smoke and brown, a high crown hat worn forward has simple white and brown feathers. For your best black dress, see the black picture hat with shocking pink feathers. And the leopard hat with matching bag is really a beauty.

BE READY FOR HOLIDAY FUN

If that shoulder is smooth, there will be many a gentle tap on it at the approaching holiday dances. Hallowe'en, Thanksgiving, and Christmas are just around the corner and that is exactly where you don't want to be during these gala festivities! Plan to really enjoy all the fun that goes with these parties by looking your very best. STAUFFER SYSTEM will be happy to help you streamline your figure. Phone 2204 for your complimentary treatment and come to 409 1/2 West Illinois this very week.

GET THERE ON TIME!

When you start going to the fall club meetings, book reviews, teas, plays, and parties, know that you will arrive there on time by calling a CHECKER CAB to take you to the event. If you are among the hostesses and have little cakes or perhaps a punch bowl to carry, the Checker drivers will be delighted to assist you. The phone numbers are 70 and 211. Don't create an unpleasant situation by arriving after the other guests are there and the occasion has begun. Don't take a chance, take a Checker!

TRIFLING COMPACTS AND BATH SET

If you're a collector of compacts, don't miss the exciting assortment at the SCHARBAUER HOTEL DRUG. A square shaped plastic compact with a circular mirror inset is extremely elegant. Dainty pastel colored flowers decorate the circular silver metal compact. For evening is a beautiful one with a tapestry effect on the top and gold mesh on the other side. To make your bath more refreshing, get a "Trifling" Bath Set. The two bars of sweetly scented soap, box of dusting powder, and bottle of cologne will make dressing a pleasure.

AVOID THE "LIVING DEATH"

Suppose tonight your doctor told you could live only if you quit work. Suppose you needed every comfort, attention, and care, and were unable to earn money. No wonder total and permanent disability is called "the living death." When disaster strikes, it is too late. But now, while your health is good, you can protect yourself with a Franklin Lifetime Disability Income Contract. See ROY MCKEE, your friendly Franklin Agent, for full particulars without obligation. If you'd like a calendar for the last 4 months of the year, come to 114-A South Main. Roy has a few left.

FIRST LADIES LEAGUE GAME MONDAY

"Jonesy" at the PLAMOR PALACE would like to extend an invitation to the public to be present for the first game of the Ladies Bowling League, which will take place tomorrow night at 8 at 211 West Wall. This is the first year that the girls have had 8 teams and plenty of "fast and furious" bowling is expected! These girls have been practicing and are all set for this game, the first, in a series of winter bowling activities. Plan to come and watch them get off to a good start.

SEPTEMBER AND SEAFOODS GO TOGETHER!

COLIN'S CAFE, 110 S. Main, will serve seafoods and more seafoods today. Since September is the first fall month with an "r" in it, you know it's perfectly safe to eat this type of food. Fresh water catfish, fresh shrimp from the Gulf, and fresh oysters all the way from Baltimore are on the menu. With such a terrific shortage of meat, tragedy that it is, you can't be glad to find so delicious a substitute as these shellfish. Hurry down to eat these grand foods!

HAVE A LOOK, THAT'S MY FOLKS

Sons and daughters are off to school and maybe just a wee bit homesick too, for home . . . and mom's cooking! So when you send that box full of goodies send them a gift they'll really treasure and dad! The Midland Studio has always had a policy of satisfaction; experienced photographers heed your ideas and from four proofs you're sure to have a winner. It isn't too early to be thinking of Christmas portraits, either. Make the Midland Studio your portrait headquarters.

SOCIAL SUPPER TRAYS RECEIVED

VOSATKO'S has received a group of Social Supper Trays. These attractive trays are water and alcohol proof, besides being highly chip resistant. One tray is circular in shape and yellow in color with a cream colored design. Another is beige with a green leaf and gold pattern. Different designs are on the silver metal rectangular shaped trays, which are available in several different sizes. If you prefer the more plain tray, choose your color—blue, green, or yellow. And see the assortment of ornamental crystal bowls, too!

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unsightly weight and help bring back alluring curves and graceful slenderness. Just get from your drugist, four ounces of Liquid Baracrate (formerly called Barcol Concentrate). Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help retain slender, more graceful curves, return the empty bottle and get your money back.

Council Shelves Greek Question

LAKE SUCCESS, N. Y.—(AP)—The United Nations Security Council Saturday rejected a Russian-sponsored condemnation of Greece and then dropped the controversial Greek question from its agenda after Russia vetoed an American proposal for an on-the-spot investigation of reported shooting incidents along Greece's northern frontier.

Ukrainian charges that Greece threatened the peace of the Balkans were dropped, at least for the present, when the delegates defeated, by votes of 9 to 2, Soviet Russian and Polish proposals calling on the council to keep the case before it in an inactive status.

Australian Delegate Paul Hasluck had proposed affirmative action to strike the case from the agenda, but he withdrew his resolution after Soviet Delegate Andrei A. Gromyko, council chairman, agreed that the case already had been dropped by action on the Soviet and Polish measures.

The future of the Greek question was left in doubt, however, when Secretary-General Trygve Lie in an unprecedented declaration reserved the right to make an independent investigation of the Greek border situation and submit the facts to the council.

Lie later explained that he contemplated no immediate action.

Winter Cover Crops Planted By Farmers

Winter cover crops are being planted by several farmers who have conservation agreements with the Martin-Howard Soil Conservation District. Farmers planting cover crops include Terry Elkin, W. H. Seales, J. C. Franklin, J. E. Davis, O. H. Raggett, J. G. Bennett, Lewis Smith, Bill Conner, and D. W. McDonald.

Small grains used as a cover crop are included in a coordinated soil and water conservation program to build up the soil and protect it from blowing. If the season is favorable, the crop can be grazed provided livestock are taken off in time to get a good growth to protect the land. Small grains used for cover crops include rye, oats, barley and wheat.

Winter legumes recommended for cover crops on trial basis are vetch, Austrian Winter Peas and hutch clover. In addition to building up the soil and protecting it from blowing, they may be used for grazing and hay when grown with small grain. Terry Elkin and D. W. McDonald are planting vetch in combination with rye this fall.

Army Will Urge Six Months Training

BUFFALO, N. Y.—(AP)—The War Department will propose a program of six months universal military training when Congress convenes in January, Secretary of War Robert Patterson told the National Guard Association Friday.

The former New York National Guardsman said the program will include mandatory additional training with an option as to how it shall be taken. One of the alternatives will be service in the guard. The Army previously had urged a year of training.

Cotton
NEW YORK —(AP)—Cotton prices Saturday closed off 5 cents a bale to 35 cents higher on the New York Cotton Exchange after advancing as much as \$1.05 a bale earlier in the session. October 37.15, December, 37.00, and March 36.72.

Kermit Club To Hear Charter Rule Explained

KERMIT—Members of the 20-30 Club, in regular Wednesday night meeting, voted to underwrite the expense of two needed projects in the city, and to invite representatives of the Kermit Chamber of Commerce to visit the club next week and discuss and explain the home rule charter form of city government.

One project adopted by the club is to take a population count of the City of Kermit. Work is expected to get underway as soon as the necessary forms and materials are received, James Lyles, president, said.

The second undertaking of the club is to place, free of charge, house numbers on each residence in the city.

Charlie Green, Chamber of Commerce manager, and Don Tracy, county auditor and former city secretary, have been asked to appear at next week's meeting of the club and outline the home rule charter form of city government, an issue which the chamber of commerce is working to bring to a vote of qualified voters of the city.

Four Killed In Crash Of Bomber In Capital

WASHINGTON —(AP)— Four men died and two escaped with injuries from the flaming wreckage of a twin-engine Army bomber which crashed in an emergency landing at Washington National airport at dusk Friday.

The B-25 medium bomber, stripped of armament and used by the Army airways communication system had arrived here earlier in the day with the six men, all reported by Army airforce officials to be from the 75th AAF base at Langley Field, Va.

The War Department identified the two injured men as Capt. Bradford W. Lawrence, medical officer at the Pentagon, whose home is in Fall River, Mass., and Capt. Myrick S. Hilsman of Langley View, Va.

The department said Captain Hilsman sustained third degree burns over 90 per cent of his body and is in critical condition. Captain Lawrence received lacerations but was not badly injured, the Army reported.

Names of the four men killed were not made known pending notification of next of kin.

Books Are Donated To Dunbar Branch Library

The people of Moody Addition are invited to use the Dunbar branch of the Midland County Library. New books will be sent to the library Monday.

These are "My Story That I Like Best," Long; "Best Short Stories of 1932," O'Brien; "Studying the Short Story," Eisenwein; "Modern French Stories," Lock and Key Library; "Everyday Nursing for the Everyday Home," Norlin; "Seasoned Timber," Canfield; "By Valour and Arms," Street; "Rim of the Prairie," Aldrich; "Skyscraper," Baldwin; "Hillbilly Doctor," Seifert; "The High Road," Baldwin.

Also "Paul Revere and the World He Lived In," Forbes; "Commodore Hornblower," Forester; "Microbe Hunters," DeKruif; "Cyrano de Bergerac," Rostand; "Panorama of Modern Literature," "In the Days of Poor Richard," Bacheller; "The Buccaneers," Wharton; "Electrons in Action," Stockley; "Horse and Buggy Doctor," Hertzler; "Little Shepherd of Kingdom Come," Fox; "Crittenden," Fox; "The Breaking Point," Rinehart; and "Biology for Every Man," Thomson.

Dairy Products Win Parole From Ceilings

WASHINGTON —(AP)— Milk and its by-products won another parole from price ceilings Saturday but the Decontrol Board warned it will keep close watch on future price trends of butter and cheese.

After three days of discussion the powerful new independent board announced briefly that it "would not return dairy products to price control at this time".

Chairman Roy L. Thompson, said evidence before the three-member panel indicates that dairy "prices are approaching a critical point," but failed to "provide sufficient grounds for action by the board at this time".

The decision was another set back for OPA Administrator Paul Porter who had told the board that immediate recontrol of all dairy products "is essential to the stabilization program".

Thompson announced that the board will continue to watch the price levels of "certain segments of the dairy industry".

"As this information is received, we will be kept in a position to consider whether any action is necessary by the board in the future," he said.

The later years can be golden years—richly rewarding in peace, contentment and mellow understanding. And that is particularly so in this enlightened era, when medical science can offer older people more hope—more freedom from pain—than ever before. Unfortunately, however, quacks, with their dangerously misleading advice and their useless—if not actually harmful—"cure-alls," too often find "oldsters" easy prey. You can perform no kinder service to an elderly person in your family than to encourage that person to take advantage of the help a qualified physician can give in providing a serene sunset to life.

9 Cash Prizes Offered At Midland County Fair Next Friday, Saturday

Three hundred and eighty-nine prizes and 183 third-place ribbons will be awarded to winners in Midland County Fair's poultry, and field crop show to be held Friday and Saturday at the grounds of Midland Fair, Inc.

The fair is being sponsored by the Midland County Fair, Inc., and County agent, the county judges of the contests will be Mrs. Ozella Hunt, Monahans, county agent; Mrs. Hattie Owen, county agent; Mrs. Leslie Wray, Pecos, agent of Reeves County.

A demonstration agent and the Chamber of Commerce. Cash prizes are offered for the

best community booths, 4-H canned fruit and vegetables, 4-H food preparations, 4-H clothing, cotton, seeds, and grains, sheaf grains and seeds, grain sorghum heads, vegetables, fresh fruits, canned fruit and vegetables, pickles and preserves and jellies, dried fruits and vegetables, dairy products, home baking, poultry products, poultry show, and adult and infant clothing, tapestry work, and miscellaneous sewing.

In Place By 10 A. M.
All exhibits must be in place not later than 10 a. m. Friday. No exhibit will be permitted to leave its place until after 9 p. m. Saturday.

Judging of poultry, field crops, canned fruits, vegetables, and booths will begin promptly at 10 a. m. Friday. In classes where there

is no competition, premiums will be paid as the judge decides the product deserves.

First prize in the community booth contest is \$12.50, second prize is \$10, third award is \$7.50 and fourth is a ribbon. The community booths must display five exhibits of different crops; four exhibits of different vegetables; one exhibit each of cheese, butter, eggs and soap; six exhibits of canned vegetables; five exhibits of canned fruits in quart jars; and two picked vegetables and two picked fruits in quart jars. All threshed grain or seeds will be exhibited in paper plates.

The community booths will be judged on the point system, neatness and attractiveness as well as quality will be taken into consideration.

4-H Prizes

Prizes are 50 cents for first, 25 cents for second and a ribbon for third, in the 4-H canned fruits and vegetables competition, 4-H food preparation, and 4-H clothing contests. First awards in cotton, seeds and grains, sheaf grains and seeds, and grain sorghums are 75 cents, second prize 50 cents, and third prize a ribbon. In the adult vegetable, fresh fruits, and canned fruits and vegetables, pickle and preserve and jellies, and dried fruits and vegetables contests the awards are 50 cents for first, 24 cents for second and a ribbon for third.

One dollar, 50 cents and ribbon prizes are offered in the dairy products competitions, and in the white Plymouth Rock and white Leghorn divisions of the poultry show. Seventy-five cents, 50 cents, and ribbons are offered in home baking contests as well as in the clothing competition and tapestry work.

4-H Fruits And Vegetables

Awards are offered in 4-H girls canned fruit and vegetable contests as follows: tomatoes, string beans, blackeye peas, tomato juice, corn, plums, pears, peaches, peach preserves, and pear preserves.

4-H Clothing

First year: cup towel, apron, head scarf and plain pillow slips; second year: cup towel with hand work, cotton slip, apron, and patch; third year: cotton dress with buttonholes, dresser scarf, cotton slip, and simple blouse; fourth year: cotton or rayon dress with buttonholes, patch, luncheon cloth, and play suit; fifth year: two piece dress with buttonholes, patch, bedspread, and dress.

4-H Food Preparation

First year: cookies; second year: cookies; third year: loaf or plain cake, and breakfast muffins; fourth year: layer cake, and yeast breads (loaf or six rolls); and fifth year: layer cake, and yeast bread (loaf or six rolls).

Cotton Competition

Best 20 boll cotton, best sample lint cotton ginned from 1946 crop, and best individual stalk cotton.

Seeds And Grains

Sudan grass; Sudan grass, sweet; milo (Plainsman); milo (Martin); milo (Beaver); hegari; sweet sorghum, and goose neck milo.

Sheaf Grains And Seeds

Sweet sorghum (any variety not stripped) and sweet Sudan grass, not stripped.

Grain Sorghum Heads

Ten heads of; milo (Plainsman).

milo (Martin), milo (Beaver) and hegari.

Adult Vegetables Contest

Irish potatoes, yams, onions, turnips, beets, carrots, radishes, tomatoes, string beans, squash, cashaw, pumpkin, watermelon, cantaloupe, pepper, okra, and cucumbers.

Fresh Fruits

Apples, figs, grapes, peaches and pears.

Canned Fruits And Vegetables

Canned tomatoes, string beans, blackeye peas, squash, okra, tomato juice, corn, plums, dewberries, blackberries, peas, peaches, apples, and pineapple.

Pickles, Preserves And Jellies

Pickled cucumbers (sour), pickled cucumbers (sweet), chow-chow, mustard pickles, dill pickles, bread and butter pickles, pickled beets, peach sweet pickles, watermelon pickles (rind sweet), chili sauce, tomato preserves, watermelon preserves, pear preserves, plum preserves, tomato preserves, apple jelly, plum jelly, and grape jelly.

Dried Fruits And Vegetables

One quart dry lima beans, dry pintos, cowpeas, apricots and peaches.

Dairy Products

Milk (in quart bottle), one pound of butter on paper plate or wrapped in wax paper, cottage cheese and American cheese.

Home Baking

Rolls, loaf, coffee cake, Boston brown bread, whole wheat loaf, and sweet rolls; cakes: pound, layer, sponge (yellow and white); cookies: ice box, peanut butter and brownies.

Poultry Products

Eggs above 22 ounces per dozen, and eggs below 22 ounces per dozen (in paper plates).

Poultry Show

White Plymouth Rock—Individual: hen, pullet (hatched 1946), cock, cockerel (hatched 1946); and best pen: (one cockerel and two pullets), champion female, and champion male. Rhode Island Reds, same divisions; and White Leghorns, same divisions.

Adult Clothing

Household linens (embroidery and hemstitching); Lunch set, pillow slips, dresser scarf, and vanity set. Knitting: shawl or sweater, and afghan (knitted or crocheted). Crocheting: Bedspread, chair set, and tablecloth. Tufting: Bedspread, and window curtains.

Quilts: Patchwork, appliqued, silk or velvet, embroidery, wool comfort and down comfort.

Rugs: Yard thread (hooked or made on loom), braided, crocheted, and hand-made.

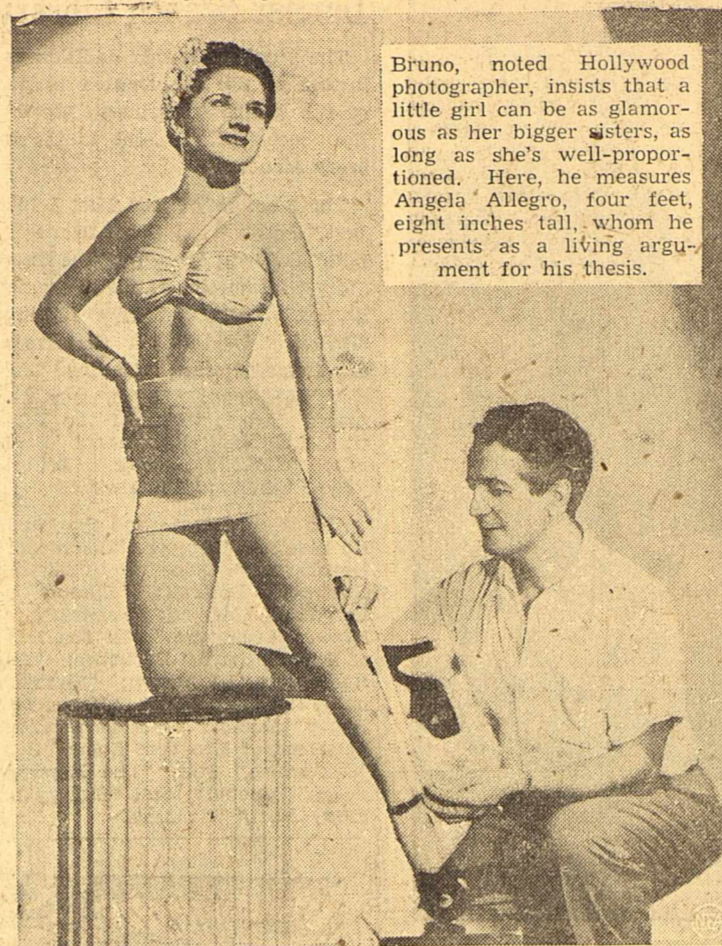

Infant's Class: Home-made cap; baby dress, afghan (knit or crocheted), quilt (silk or cotton), baby sack, and booties or shoes.

Tapestry Work: Embroidered picture, needle point picture, and wall hangings.

Miscellaneous: Kitchen apron, home-made toy, garment, new garment made from old, handkerchiefs, and set of four cup towels.

In addition, exhibits will be made by several organizations and commercial firms, including the Boy Scouts, Girl Scouts, Garden Club, Palette Club, Borden's Creamery, Williamson and Green Feed Store, T. Paul Barron Saddlery, and Friday and Sheen Boot Shop. Several other entries are expected to be made early in the week.

All for the Little Woman

Bruno, noted Hollywood photographer, insists that a little girl can be as glamorous as her bigger sisters, as long as she's well-proportioned. Here, he measures Angela Allegro, four feet, eight inches tall, whom he presents as a living argument for his thesis.

Funeral For Relative Of Midlanders Will Be Conducted At Stanton

Funeral services for Mrs. Florence Konz, a sister of Mrs. Bertie Boone and an aunt of Mrs. George J. Byrne, of Midland, who died in an Austin hospital Saturday, will be held at the Catholic Church in Stanton at 10 a. m. Monday. Burial will follow there.

Survivors beside the sister and niece of Midland include: two sons, Paul Konz of New York City and Leo Konz of Beaumont; and two sisters, Mrs. T. E. Woods of San Antonio and Miss Eddie Stevenson of Corpus Christi.

Discolored aluminum can be brightened by boiling a cream of tartar solution in it, using one teaspoon of cream of tartar to each quart of water.

Three Midlanders Get Army Discharge Papers

Recent discharges from military service at Fort Sam Houston included these Midlanders: Manuel G. Rodriguez, former private first class; Osborn D. Allen, former sergeant; and Eugene F. Jones, former technical sergeant.

Chamber Of Commerce Backs Midland County Fair Scheduled Soon

A whirlwind campaign to raise funds for the staging of the annual Midland County Fair next Friday and Saturday has been completed in record time, Stanley Erskine, chairman of the retailers committee of the Midland Chamber of Commerce, announced Saturday.

The funds contributed by Midland merchants and professional men will be used to pay premiums to prize winners in the various divisions at the fair.

Directors of the Midland Chamber of Commerce assigned the fundraising task to the retailers committee of the organization. More than \$300 was contributed to the fund.

Volunteer workers assisting in the fund raising project included J. M. Cox, Nub Jones, Bill Cole, Ed Eubank, Glenn Mershon, DeLo Douglas, John Hughes, James Mims, A. C. Caswell and J. H. Brock.

Erskine expressed appreciation to the volunteer workers and to the business men who contributed to the fair's premium fund.

Does Stomach Gas and Bloat Make You Feel Miserable?

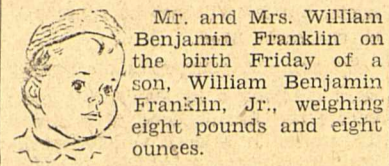

If so here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, fussy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalisizers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Congratulations To

Mr. and Mrs. C. O. Coughran on the birth Saturday of a daughter, Carol Ann, weighing six pounds and nine ounces.

Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pains of stomach ulcers disappear almost immediately. Also recommended for gas pains, indigestion, heartburn due to hyper-acidity. Sufferers may now try this at home by obtaining a bottle of LURIN from their druggist. LURIN contains this new discovery in its purest form. Easy to take. Just mix two tea-spoonsful in a half glass of milk. Costs but little. Most satisfy or money refunded.

Lurin for sale by Midland Drug Co. and drug stores everywhere.

He Likes Comic Strips

WORK DONE SECRETLY... JUST IN CASE— Army-Navy Munitions Board Takes Job Of Mobilizing Industry For War

By STERLING F. GREEN

WASHINGTON—(P)—The Army-Navy Munitions Board apparently has fallen heir to the job of drawing a new "M-Day" plan for in-

Kermit Lions Back Home Rule Charter

KERMIT—Members of the Lions Club, in a noon meeting Thursday, voted without a dissenting vote to endorse 100 per cent the Kermit Chamber of Commerce movement to bring to residents of the city an opportunity to vote on adoption of home rule charter form of city government.

M. H. Alberts, Chamber of Commerce president, outlined to club members the advantages of home rule government as compared with the present city government, which is under the general laws of the state.

Entertainment part of the program was given by the Rev. and Mrs. Paul Gaston, who are now conducting a youth revival here. They sang two duets. Al Hand, junior high school coach, sang two songs, accompanied at the piano by Betty Fitzpatrick, Lions Club sweetheart.

OPA Hikes Prices On Mixed Feeds

WASHINGTON—(P)—OPA Saturday ordered increases in prices of mixed feeds at both the retail and wholesale levels, effective Monday.

Increases ranging from 75 cents to \$2 a ton were authorized in retailers' profit mark-ups, while wholesalers' margins were increased 50 cents and 75 cents depending on the size of the container.

The boosts were required under the new Price Control Act, which specifies that dealers' ceilings must provide the same percentage of profit as prevailed in March, 1936.

making key munitions is kept in a government pool, or stored and cared for in the war plants when the plants are sold to private industry.

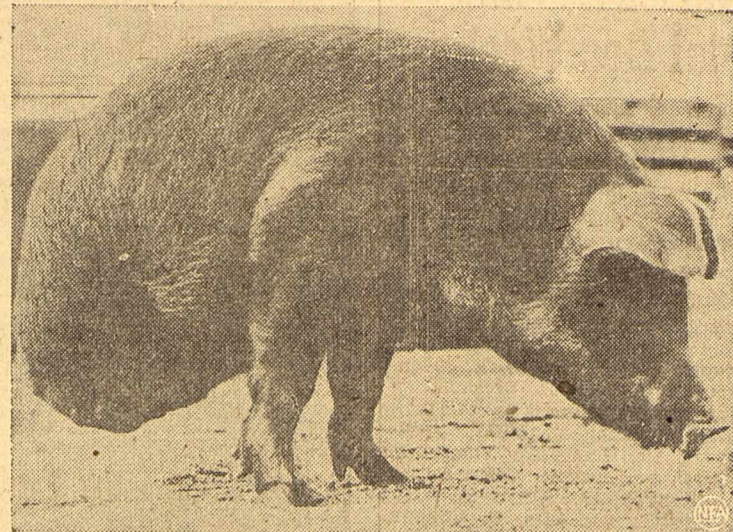

2. To devise legal means of "keeping a string on" the plants and equipment, especially those producing key materials and parts not ordinarily used in peacetime industry.

3. If necessary, to keep a military production line ready for use even in plants which otherwise have been reconverted to peace.

4. To select such plants geographically so that the whole program will provide a strategic network of war industry.

5. To decide what funds will be needed by the Army and Navy to maintain the network, to recommend needed legislation, and to work rapidly and in close cooperation with the War Assets Administration, in order to prevent needed plants from being sold as surplus before the government has tied on its "springs".

Losing His Balance

Porky, a pig born with only front legs, is pictured doing the balancing act that has drawn crowds to his owner's farm near Farmington, Minn. A pet since birth, Porky is now handicapped by "middle-age spread," with weight settling mostly in his hind, making it increasingly difficult for him to do his trick.

Furniture that is bought unfinished should first be wiped with a cloth dampened with water. This raises the grain, which should be sanded thoroughly before a stain is applied.

Prizes Offered For Stories During Observance Of National Dog Week

E. D. Williams, owner of the Williams Feed and Supply, has been named committeeman for Midland for National Dog Week, September 22 to 28, according to an announcement received here from National Dog Week Headquarters in New York City.

In order to promote interest in this nineteenth consecutive annual observance of National Dog Week, Williams is offering a first prize of \$10 and a second prize of \$5 to the high school students who turn in the best dog story during this week.

Only high school students are eligible for these prizes and the stories, consisting of not more than 150 words, will be turned in to Roy Johnson, journalism teacher in the Midland High School, who will give them to the judges.

To Publish Stories

Each day during the observance of National Dog Week, the best story received will be published in The Reporter-Telegram. From these published stories will come the winner of the contest.

All stories will become the property of the judges, whose decision will be final.

National Dog Week is a movement of non-profit character which attempts to make the dog more valuable to his owner and more acceptable to the non-owner. The general chairman for 1946 is Lowell Thomas, lecturer, world traveler and radio commentator.

Seven Objectives

The seven-point objectives of National Dog Week include: 1. A good home for every dog. 2. Elimination of stray dogs from the streets. 3. Better informed dog

owners. 4. Teach consideration for dogs and all animals. 5. Emphasize the dog's use as a companion, helper and home protector. 6. Obtain fair laws for dogs and their owners. 7. Teach respect for the rights of non-dog owners.

Members of this year's advisory committee for National Dog Week include Henry D. Bixby, executive vice-president of the American Kennel Club; Sydney H. Coleman, of the American Humane Association; James Farquharson, DVM., president of the American Veterinary Medical Association; Congressman John Phillips; Dr. James E. West, Boy Scouts; and Mrs. C. Vaughn Ferguson, national president of the Girl Scout organization.

Stocks Finish Week With All-Around Rally

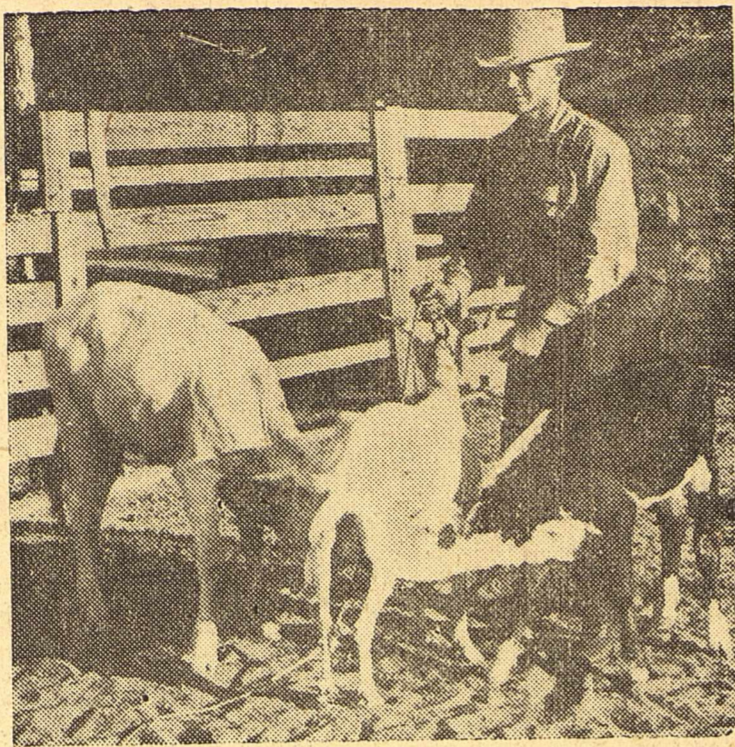

NEW YORK —(AP)—The stock market went into another tailspin during the past week—but finished with a good all-around rally.

From August 15, quoted values on the stock exchange suffered a decline of approximately \$15,000,000. There were only nine intervening comebacks.

On the week The Associated Press 60-stock composite recorded a net loss of 2.4 points at 62.3. Volume for the five days totalled 10,687,820 shares compared with 12,723,900 the week before.

Railroad bonds nosedived in this week's market in the severest decline for any similar period since May, 1940.

Goat Mothers Two Calves

(NEA Telephoto)
Art Jones of Portales, N. M., is using a goat as wet nurse for two calves, one a few weeks old, and a Brahma which is three weeks old. The calves have been getting their full ration of milk from the goat. Jones will exhibit the trio in the Roosevelt County Fair on September 25-28.

Delbert Downing Is District Head Of USO Campaign

Delbert Downing of Midland has accepted the appointment of Gov. C. E. Stevenson, general chairman for the next and final Texas USO drive, to lead Midland and Martin Counties in the coming campaign.

Texas, with a quota of \$800,000 in the "See-It-Through" campaign which will continue USO activities through 1947, has been divided into six regions and 66 districts. C. E. Paxton of Sweetwater is chairman of the West Texas region, who will work with Downing and the county chairmen in this district.

Col. Carl L. Phinney, president of the 36th Division Association and state campaign chairman, commenting on the appointment of the new district officer, said: "We need the leadership of men like Downing to help Texas go over the top in this final USO drive."

"Gen. Jonathan Wainwright has pledged his support in the Texas campaign, saying that many of the USO services which helped immeasurably in keeping morale of our armed forces at high level during the war should be continued through the present difficult transition period.

"We owe an inestimable debt to our Purple Heart veterans. The least we can do is continue the USO hospital service activities which mean so much to those still under treatment for war injuries," said Colonel Phinney.

"Nor can we forget the armies of occupation, the men still overseas striving to maintain the hard-won peace, or the young boys now in training. These men need more than ever a home away from home."

"General Eisenhower has said, 'We want as much of USO as we can get as long as we can get it.' Now every Texan has the privilege of 'seeing it through.'"

Vast Pool Of Ships Begins To Return To Normal In N.Y. Port

By The Associated Press

The vast pool of approximately 450 strike-bound ships in New York harbor slowly began to return to normal Saturday as CIO seamen started back to work after winning a government arbitration award that gave them a parity in wage scale with AFL seamen.

Although Joseph Curran, president of the National Maritime Union, said that the strike was "officially over" in Atlantic and Gulf ports, the work stoppage continued into its 16th day on the Pacific Coast where marine cooks and marine firemen said they would continue to picket until written guarantees of wage increases were given by ship operators.

At noon Saturday, Curran said 16 of the 32 NMU branches on the Atlantic and Gulf coasts had ratified the new wage agreements.

Although Saturday is normally a day off for longshoremen, they were returning to load and service ships for immediate sailings.

The week-long NMU strike was "officially" called off Friday night after officers of the union reached an agreement on wage increases based on the arbitration basis set Thursday in New York by Federal Arbitrator James L. Fly. The NMU strike had been preceded by a week's strike by AFL seamen who won the same wage hikes finally given the NMU seamen.

560,000 Structures Are Needed In Poland

WARSAW —(AP)—The Polish Peasant Party organ, Gazeta Ludowa, estimated 560,000 new homes and buildings must be built in the Polish countryside to replace those destroyed by war and the Nazis.

The newspaper said government plans call for building only 50,000 this year. It suggested that the government encourage private initiative in efforts to rebuild.

Wallace Not To Give Active Aid To Democratic Party In Fall Election

By STERLING F. GREEN

WASHINGTON —(AP)— Henry A. Wallace definitely has decided not to give active aid to the Democratic Party in November's congressional elections, intimate friends said Saturday.

The ousted secretary of commerce, secluded on his first day as a private citizen, was reported undecided whether to take the stump against current American foreign policy before the Paris peace conference ends.

The antagonist of Secretary of State Byrnes believes that the ballot contest for control of Congress hinges on foreign policy. It was stated, and that he cannot in conscience support the Democrats since President Truman has repudiated his views and given full support to the tougher Russian policy of Secretary Byrnes.

Rep Sparkman (D-Ala.), chairman of the Democratic National

Committee's speakers bureau Saturday made it clear that whatever speaking Wallace does now will be on his own. Previously Wallace had been scheduled for an ambitious swing through areas where his influence might do the party the most good.

Also Hits Pepper

Sparkman's actual words to a reporter applied to Senator Pepper (D-Fla), an even more bitter critic than Wallace of the present foreign policy, but both men were under discussion.

"We are trying to elect Democratic congressmen," the Alabama said. "We don't want to send out anyone as a speaker who is going to call Secretary Byrnes a reactionary or say he is all wet, or anyone who is going to urge independent voters to stay home."

Sparkman said he would have no personal objection to Pepper's accepting invitations from individual

candidates to speak in their districts, but he will not be sponsored by the committee.

Sparkman's comments on Pepper were occasioned by Pepper's speech before the Brotherhood of Railroad Trainmen in Miami, which Sparkman interpreted as advocating that independents cross party lines to attain the ends sought by the senator and by labor.

Wallace's undersecretary, Alfred Schindler, flew here Saturday from

San Francisco to become acting head of the Commerce Department. Schindler is willing to stay in the Commerce Department "as long as (President Truman) wants me," he told reporters in Chicago during a halt in the flight.

Some of Wallace's personal appointees planned to offer their resignations. These included Harold Young, solicitor for the department's legal councils, Bruce Catton, director of information, and perhaps half a dozen advisers.

SECTION THREE

Bucking Horses And College Courses Have Mighty Fancy Names

BY JACK RUTLEDGE
Associated Press Staff

With no apologies, Texas A. & M. department of fish and game says it has more "ologies" than any other department in college.

Eight required ologies are ichthyology, study of fishes; herpetology, study of creeping kinds of animals, such as snakes; ecology, study of inter-relationship of plants and animals and a study of the home; zoology, study of animals; ornithology, study of birds; mammalogy, study of mammals; sociomology, study of human relations, and entomology, study of insects.

Nine elective ologies are geology, study of the earth; parasitology, study of both internal and external parasites; embryology, study of the development of the young; cytology, study of cells; histology, study of tissues; psychology, study of the mind, osteology, study of bones; and morphology, study of form, shape and structures.

That's what the man said. But a mere university can't get ahead of the U. S. government. The War Assets Administration says it has for sale some sulphur trioxide-chlorosulfonic acid. It has 12,763,855 pounds of it, but admits it hasn't found anyone who can use sulphur trioxide-chlorosulfonic acid smoke, a military speciality of no normal use to industry.

It suggests, however that it can be hydriylized to yield hydrochloric acids. Or it could be further chlorinated to yield complete chlorosulfonic acid.

With a sign of relief and words of one syllable we turn to another, simpler subject. Namely, names of bucking horses at the recent Arlington rodeo.

They covered the field: Black Widow, Stormy Weather, Pussyfoot, Ghost Dog, P-40, Tequilla Joe, Tom Collins, Geronimo, Fox, Out Our Way, Squaw Man, Timberline, Sundown, Commando, Short Shorter, Bad Land, Panther, Hidden Smoke, Hi Diver, Don Juan, Partner in Crime, Dynamite, Navajo Trail, Showoff, Trigger, Atomic Bomb. But no Silver.

Indoor Gold Rush

While would-be prospectors are thronging to the new gold rush at Crescent City, Calif., Paulette Busse, worker at Eversharp plant in Chicago, yawns and goes ahead with her own "prospecting." Periodically, in the department where gold barrels, clips and caps are made, she sweeps up the floor, which is literally paved with gold clippings from the finishing machines. Her sweepings are melted down and a nice "nugget" of gold is regularly recovered.

Trophy Without Honor
TREDGAR, WALES — (AP) — When offered a flag captured in Burma, the British Legion rejected it because "the Japanese were not worthy foes."

Dirt, Squirt And Quirt

— FARM, DAIRY AND RANCH NEWS —

The two-day west Texas Jersey sheep and swine show being sponsored by the Agricultural Department of Abilene Christian College will be held next Friday and Saturday. This show is open to breeders of registered Jersey cattle, sheep and swine in West Texas. Reservations for entering animals in this show should go to Mrs. E. P. Hurd, Box 361, Abilene, for the Jersey division, and to Elmo V. Cook, Box 59, Abilene, for the sheep and swine divisions. Entries should be received not later than Wednesday.

H. A. Hargrove, W. T. Mills and J. D. Rothrock who ranch down in the Stiles country were in Midland last week on business. They report there has been quite a sale of some of the ranch land in some areas around them and that for the most part this land will be farmed. They report needing rain down their way.

C. S. Collings of West Lafayette, Ind., and Paul Keffaker of Shelbyville, Ind., were in Midland last week looking at the cattle in this area. Collings is manager for several farm units in the Indiana country and says they feed out several hundred steers each year and practice grazing corn stalk fields, thus utilizing what would be a waste. They figure that they can put around a hundred and fifty pounds a head on this type of grazing at very little cost. Collings and Keffaker were here making contacts for future cattle buying. They say their area will make a bumper crop if they have a normal frost date this year.

The dates for the Del Rio Livestock Show and Horse Races have been set as October 10-12. This promises to be their biggest show and race meet.

E. G. Pope, assistant district agent for the Division of Predator and Rodent Control Service of Lubbock, was in Midland last week and stated that his office plans to send a man into this area to supervise rat and prairie dog work, using their latest poisoning methods. This work has been needed a long time and many landowners whose land is infested with prairie dogs should contact the county agent's office so that when the work starts the crews will know where to go.

Clarence Sparkman, county judge of Glasscock County, was in Midland on business last week. Clarence says his country is still needing rain and that there is quite a shipment of stock from that county going to market to lighten the load on droughty ranges. This seems to be the story all over the dry areas of this section.

Plans for the Midland Fall Fair have been completed and the date set for September 27-28. Everyone is urged to support this fair by attending one or both dates. It will be held at the rodeo grounds.

Farm prices of cotton August 15 advanced to a new high—133 per cent of parity—reflecting higher prices paid by farmers.

Among the foods expected to be plentiful in October are potatoes, onions, lemons, canned citrus juices, fall apples, pears, celery, and turkeys.

Some interesting figures as to the value of small grain pastures is given by G. G. Gibson, Texas A&M College Extension Service dairyman. One acre of small grain pasture yielding 3,000 pounds of grazing (dry basis) is equal to 17 sacks of cottonseed meal in total protein

content of 23 sacks of dairy feed in total digestible nutrients. Five dollars an acre for land preparation and seeding should cover the cost of these operations on most farms. At prevailing feed prices, the grazing produced on an acre is easily worth more than eighty dollars.

Now that we have a fair fall season to plant small grain on, every farmer should give this proposition some thought. The lack of winter pasture has been the biggest drawback to the dairy business in this area so this is one way dairymen can beat the high feed cost this winter and early spring. Some farmers are planting barley alone and others are planting a mixture of small grains. Whatever the mixture, certainly it is worth a try.

The local livestock auction sale had a light run of livestock last week with prices strong in all departments. Fat calves brought up to 17.60 while pairs of cows and calves were bringing up to 127.50. Other classes of livestock brought high prices. Buying was fast during the sale and there just was not enough cattle offered for the buyers' orders.

W. I. Marshall, district extension service agent of the Texas A&M College Extension Service, was in Midland last week visiting with County Agent Vernon Young.

Cotton pickers are needed in the county now that harvesting is in full swing. Several requests for pickers have been made but there is a shortage of labor of this type now. J. B. Kidd, Texas farm labor supervisor for the West Texas district, was in Midland last week and said that the big run of pickers are going to Southern states where the cotton is making more per acre and picking prices are higher. With pulling going at \$1.75 per hundred, the average cotton picker can make from \$10 to \$15 per day and that is good money even in these days.

The Midland County 4-H Club boys and girls met together Saturday in their first regular fall meeting.

Midland cotton gins have reported ginning 663 bales to date. Cotton is coming in fast now but the rains during the latter part of last week have slowed picking down some.

Shifting Population

WARSAW — (AP) — The government announced that a total of 268,741 Ukrainians had been expelled from Southeastern Poland around Rzeszow to Soviet Russia under the terms of a Polish-Russian repatriation agreement.

Koeglers' Purchase Of Midland Floral Company, 1705 West Wall, Announced

Mr. and Mrs. Joe Koegler have announced the purchase of the Midland Floral Company at 1705 West Wall Street from Clyde Garrison and Mrs. Belva Garrison. Both Mr. and Mrs. Koegler have had previous experience in floral work at Laredo, Texas. His interest in flowers began as a hobby while serving as assistant superintendent of schools at Laredo. He is a graduate of St. Edwards University at Austin and has had post graduate work at the Universities of Texas and Washington. He is a former newspaperman and for 10 years worked in radio broadcasting. During the war years he lectured on industrial supervision for the University of Texas under the War Science and Manpower Training Program of the Federal Office of Education. He was active in many civic projects in Laredo. He and Mrs. Koegler have two boys, ages 7 and 3. Mrs. Koegler is a graduate of Our Lady of the Lake College in San Antonio. She operated the Heights Flower Gardens in Laredo two years, and prior to that was librarian in the elementary schools at Laredo. In the Middle Ages, a black cat was believed to be the devil incarnate, and it was considered good luck to throw it off a high tower in commemoration of a Christian festival.

Stronger Body Helps This New Tire OUTWEAR PREWAR TIRES

See Us for this Extra-Safe, Extra-Trouble-Free, Extra-Mileage Tire

No sensible driver would deliberately run his tires over a rock like the one in the picture. But sometimes it can't be helped... and that's when you will be glad if you have new B.F. Goodrich passenger car tires. Built with more and stronger cords, the tire body is better engineered and 35% stronger than in wartime tires. This extra strength was needed to carry the wider, flatter tread. But in building this stronger body to hold the more durable tread, B.F. Goodrich engineers built into it greater resistance to "road shock."

Of course, supplies of tires are still limited. In spite of greatly increased production, demand is even greater. This is especially true of the B.F. Goodrich tire that **OUTWEARS PREWAR TIRES**. Please check your needs well in advance. Talk to us. We'll do our best to keep your car rolling until we can get new tires for you.

CAR DEMONSTRATION USE
 AUSIN—(P)—When an automobile dealer drives his demonstration car up a public highway under a dealer's tag for purposes other than demonstration for sale, he operates a motor vehicle which has not been registered as required by law.
 Such was the official opinion handed down by the attorney general.

MAN LOSES SHIRT OFF BACK—AND \$1,059
 NASHVILLE, TENN.—(P)—H. C. Clemons lost the shirt off his back—and \$1,059 besides.
 Clemons, a produce merchant, said shirt and money went up in flames as he struck a match to light a cigar while talking to a customer. The money was in a shirt pocket.

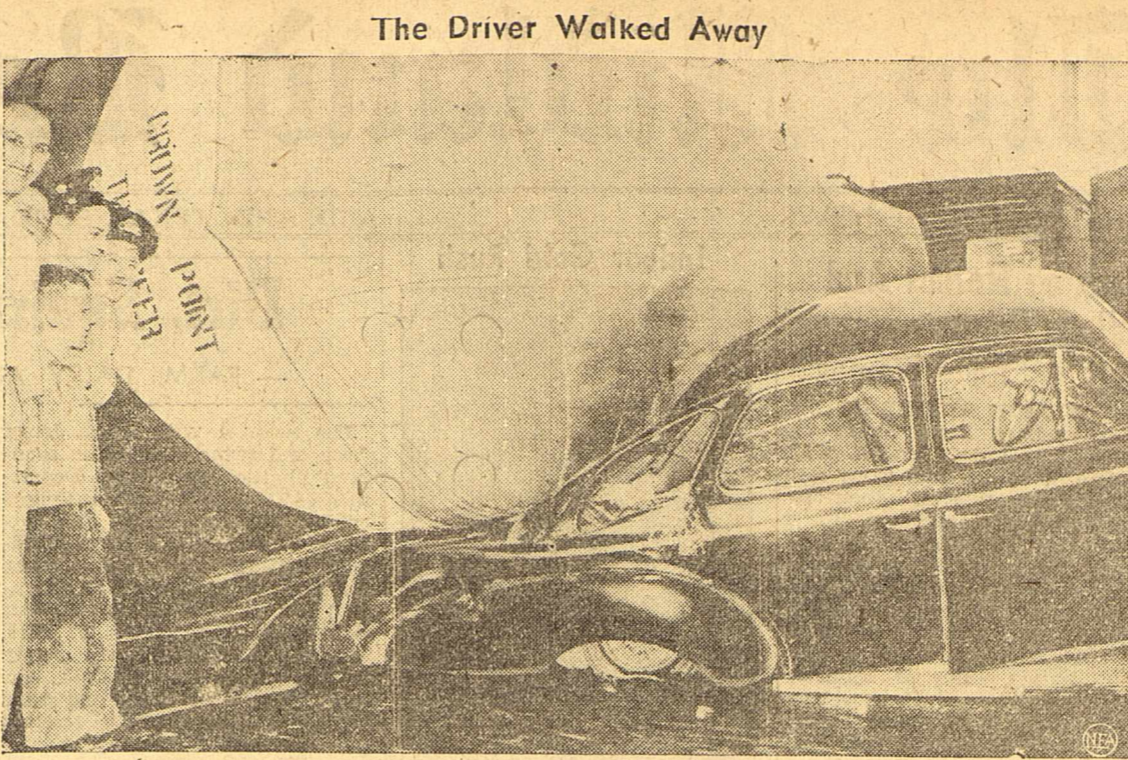

Pensioners To Receive Pay Cut From Checks
 AUSTIN—(P)—Texas old age pensioners have been promised a restoration of the amount cut from their pension checks the past two months.
 Gov. Coke Stevenson said that a new plan of federal assistance will allow the state to bring pensions up to full grants beginning October 1 and to pay the pension cuts of August and September.
 There was a cut of \$2.30 under the authority of grant of each pension check during each of the two months.
 Restoration of the total \$4.60 to each pensioner will not be made in one payment, but will be allotted among each of the next four checks, Stevenson said.

Ship Sets Record
 BELEM, BRAZIL—(P)—The ship Bloomington Victory which just arrived here made what shipping circles here said was a new record between New York and Belem. The ship came in seven days and 22 hours.

Watch On Way To Son After Jap Let Dad Die
 TOKYO.—(P)—A watch once worn by Capt. Sidney Albert Greer, Tyler, Texas, a Corregidor hero who died while a prisoner of the Japanese, is enroute to his 6-year-old son.
 Shunsuke Wada, the guard accused of taking it, is awaiting a war crimes trial and a cousin, Osamu Salki, is charged with concealing it.
 Greer, who received the watch as a member of the Texas A. & M. ROTC, was among 1,600 prisoners loaded on the Enoura Maru for transfer to Japan. U.S. planes sank the ship. Greer was one of 400 survivors who swam to Takao, Formosa, where he contracted dysentery.
 Near death after removal to Moji, Japan, he told Maj. John E. Lester, Dallas, that aboard the Enoura Maru, Wada promised him water in return for the watch but never produced. Lester informed Greer's family, which asked Senator Tom Connally to help.
 The senator wrote the War Department. Two officers of General MacArthur's legal section located Wada, who they said admitted taking the watch and sending it to Salki, from whom they recovered it.

Brownfield Area Of Texas Begins To Show Evidence Of New 'Dust Bowl'

By MORRIS CLEAVINGER
 WASHINGTON—(P)—Whipped by winds and burned by droughts, parts of the old Dust Bowl are beginning to show new "trouble spots."
 This report, brought back to Washington Thursday by a soil conservation service survey party, placed the actual trouble zones in Texas and New Mexico. In addition the experts found a considerable threat to the land in the dry-farm areas of Eastern Colorado.
 Portions of this same country were harried by the dusty storms of a decade ago which blew fine top soil as far as the Eastern Seaboard.
 Here is a picture of the survey party's findings as outlined to a reporter by James A. Smith, information specialist for the Soil Conservation Service:
 In Western Texas near Brownfield and in Southeastern New Mexico there is a serious "blow" condition because the area has suffered its worst drought since 1917 and the sandy soil has been left largely exposed by cotton and sorghum cropping.
 In the Estancia Valley of Central New Mexico, a two-year drought has left some land practically a desert and this, too, is a small "Dust Bowl." The land was plowed up for beans, and when the drought hit it blew.
 Much of the dry-land areas of Eastern and Southeastern Colorado are ripening for a windy harvest, because hundreds of thousands of acres of grassland were put into wheat crops during the war.
 This region, where some of the country's worst dust storms occurred in the 30's, has had above-average rainfall during the past five years and may produce another bumper wheat crop in 1947.
 "But inevitably it will blow," Smith declared.
 The soil experts said they found that in Oklahoma, Kansas, Nebraska and the Dakotas—the rest of the old Dust Bowl—farmers are "holding the line."

MANY THANKS TO OUR FRIENDS AND CUSTOMERS

In announcing the sale of the Midland Floral Company to Mr. and Mrs. Joe Koegler of Laredo, we want to express our sincere thanks to our friends and customers for their liberal patronage and loyalty the past year . . .

Mr. and Mrs. Koegler have had years of experience in the floral business and merit your continued patronage . . .

The Midland Floral Company will continue to operate under the present name and with the same personnel . . . every courtesy and service will be maintained just as it has in the past.

Again, We Say Thank You.

MR. AND MRS. E. L. GARRISON
 MR. AND MRS. C. E. GARRISON

School Days Bring Increased Traffic Accidents

If the rapidly increasing rate of traffic fatalities is not retarded, 189 school-age children are slated for death by automobiles during the coming school year, according to Dr. Henry Schlichting, Jr., director in charge of public safety, Midland Junior Chamber of Commerce, which is sponsoring the Texas Safety Association's campaign to support its activities in traffic, industrial, school and home safety.

Enjoying Shell Game.

Israel Weintraub, 49-year-old, 225-pound bus driver, loafed along to easy victory over his 40 rivals in the third annual clam-eating contest at Atlantic City. Weintraub, defending champion, ate 96 clams in 20 minutes, as compared to his two previous records of 144 and 120. Pictured with him is Mrs. Catherine Hollis, of Chester, Pa., new women's champion, who got away with 66 clams in 20 minutes.

Another group of approximately 700 youngsters are marked for death by other types of accidents.

Most of the school-age traffic victims will be first-graders, representing a generation who does not remember prewar traffic, and many of whom have not been taught at home to obey traffic signals. The next greatest number will be third-grade youngsters; the fourth grade holds the greatest probability to lead in bicycle - motor vehicle deaths.

Last year in Texas 883 school children were killed by accidents of all kinds, and many more were injured, some of them disfigured and crippled for life. In the traffic accident category, they were struck down going to and from school, for the most part; 12 were killed in school bus accidents. These deaths and those occurring on the school grounds and in the school buildings accounted for 450; 433 children were killed in home accidents and in accidents away from home and school.

This year traffic accidents generally have shown a sharp increase over 1945. From January through July, 1946, 1,024 people were killed—a total 49 per cent greater than that for the same period last year. Old cars, old tires, deteriorated highways and inadequate policing have teamed up with the most important factor—carelessness—to reap a red harvest that is only slightly below the record toll of 1941.

There can be no effective protection for children in rural areas. The only legal protection they have is the Texas law that requires every motorist to come to a full stop when the school bus stops and which forbids him to start up or proceed in any direction until the school bus closes its doors.

In towns and cities, many street crossings will be guarded by the police or by school patrols. Many more will not, for only the more dangerous crossings close to school can be given full protection.

Because this mass movement of school-age youngsters is concentrated into a few short periods, school days bring increased danger of traffic accidents. This is especially true during the first weeks, when motorists must again learn to watch out for carefree groups of children en route to and from school.

Outline Safety Precautions. Parents, teachers, state and city officials, civic organizations and individual business men are fighting side by side to reduce the traffic hit parade of children. The Texas Safety Association and the department of education are sponsoring driver education courses in approximately 286 high schools of Texas; college workshops are being held for teachers who wish to integrate safety education into their classes in public schools; institutes for teachers or driver education courses are being conducted; and training classes for school bus drivers to upgrade their knowledge and skill are being held. In other accident fields, the association and the department of education offer the free services of competent engineers to inspect school buildings, so that another New London disaster may not occur; an instructor's course in home safety has been completed in Houston and may be conducted in other areas of Texas.

Chairmen of the school safety committee of the Texas Safety Association are R. B. Rooper, chief safety engineer of Humble Oil and Refining Company, Houston; Oscar Burton, Texas Telephone Association, Tyler; and M. E. Brock, Gulf Oil Corporation, Houston. Advisory members are Dr. J. C. Matthews, North Texas State Teachers College, Denton; Dr. D. K. Brace and Dr. H. J. Otto, University of Texas, Austin; W. L. Dodson, superintendent of Kilgore Public Schools; W. T. White, superintendent of Dallas Public Schools; Dr. Joseph Griggs, superintendent of Huntsville Public Schools; Mrs. R. D. Bell, Texas Congress of Parents and Teachers, San Antonio; Irby Carruth, superintendent of Waco Public Schools; Capt. J. O. Musick, Department of Public Safety, Austin; C. L. Yarbrough, superintendent of Port Neches Public Schools; and Mrs. Roy C. Owens, Tyler High School.

Cost of Living Nears Postwar Peak of 1920's

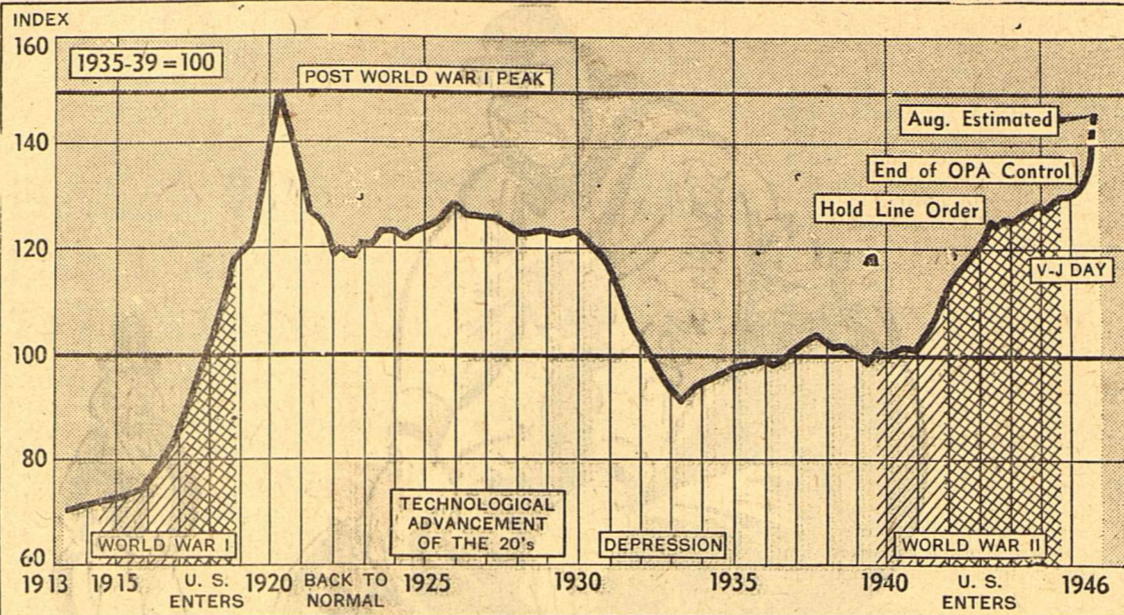

Chart above, based on government figures, shows between-wars rise and fall of the consumers' price index for moderate income families in large cities. Prices for month ending August 15 were 8 per cent higher than when price controls went off in June and 46 per cent higher than in August, 1939, when World War II began. If HCL goes up only four more points—to 150—it will be higher than the postwar inflation of the early 1920's.

Psychiatric Prescription

Psychiatrists keep insisting that what this sick world needs is a large dose of their medicine. And we've been inclined to agree with the general idea, whatever its practical difficulties.

After all, maybe our nervous, contentious, jittery world, with all its political tensions, is only reflecting the nerves and jitters of millions of its citizens. Cure the individual psychoses and, who knows, perhaps the world psychosis would be licked.

Thus we thought. But our conversion has been stymied by reading some words of wisdom spoken at the American Psychological Association's meeting in Philadelphia. There the delegates were, faced with the challenging opportunity of promoting world peace by promoting mental and emotional health. But what did they say to each other in the hour of crisis? Here are some samples:

A lady psychiatrist from Detroit said that children of the middle classes suck their thumbs more than children of the poor.

A lady psychiatrist from California—one of the few adults who speak and understand bobby-sox English—said that teen-agers' double talk not only serves as a means of mystic communication but is also used "to release tensions, bolster the ego and channel aggression".

A New York psychiatrist (male) announced the startling discovery, a year after the war, that heroes get scared, too.

Another New Yorker said that people ought to go to more prize fights to release war-born aggressiveness and cut down crime.

So, aided by these pearls of wisdom, let us construct a model citizen for our brave new psychoanalyzed world, and see what happens.

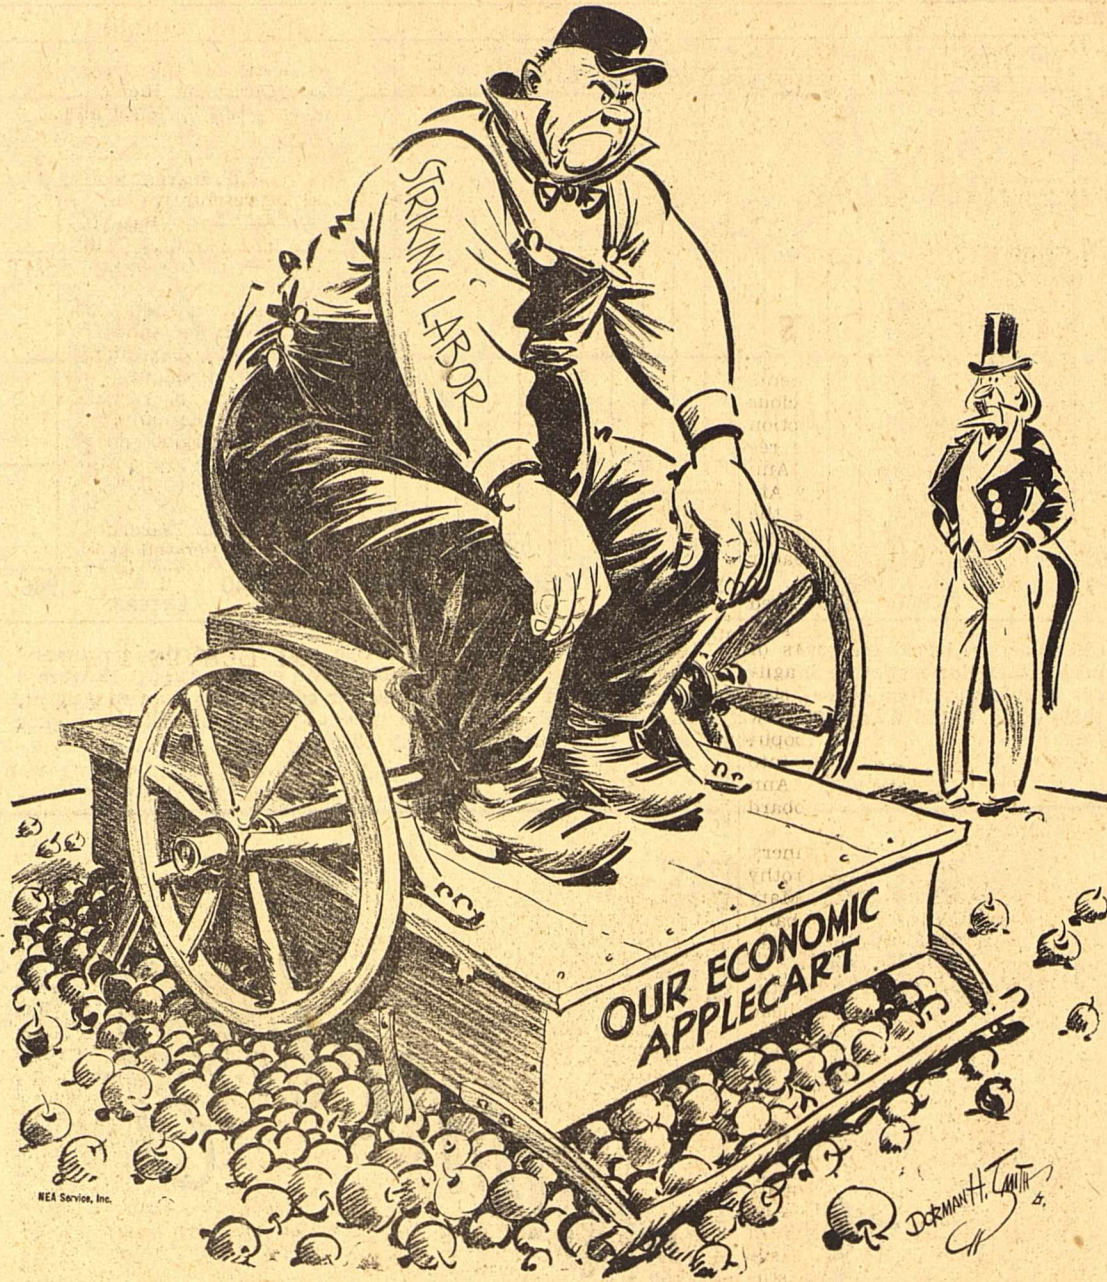

Our citizen is born in a tenement, and shows an early disinclination for thumb-sucking. But his class-conscious mother fixes that by baiting the thumb from the family's meager store of sugar over protest of the old man, who likes two spoons in his coffee, thus assuring that her little one will present an outward appearance of middle-class affluence to the neighbors.

In young manhood he learns the language which brings brimming self-confidence and freedom from tensions. He calls his father a square, his mother a drip, and has christened little sister Mousemeat.

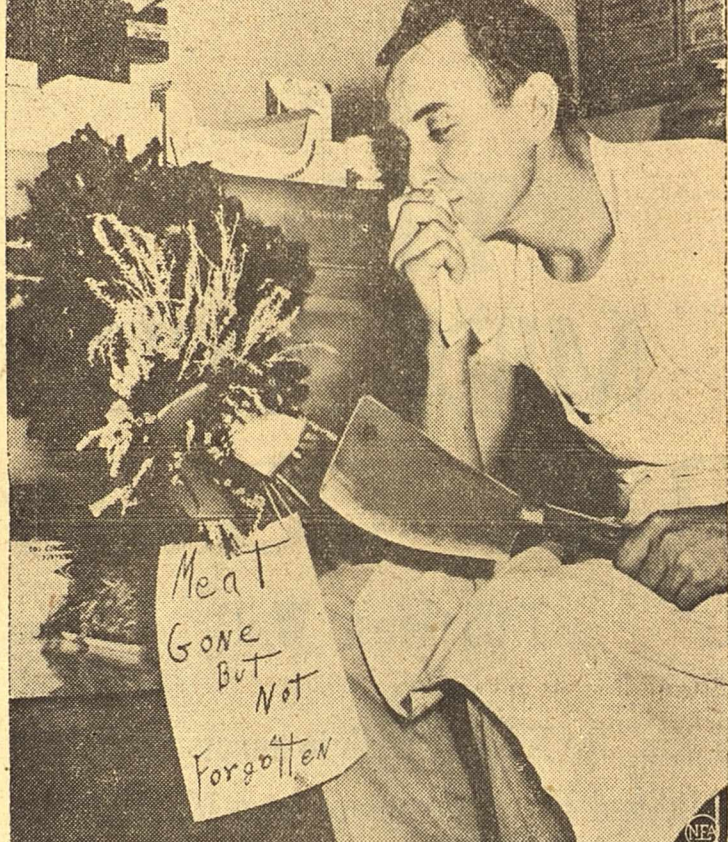

With aggression properly channeled through slang, he goes to college intent on playing football. But in his first game he is petrified by fright. When the center snaps him the ball he takes one look at the oncoming tacklers and rushes madly toward the wrong goal-line. Cheering throngs pour out of the stands and bear him away on their shoulders. For they, being psychologically hep, also know that fright is a true and typical mark of the hero.

A grave crisis marks his mature life. He feels an urge for crime. But he knows the remedy—a boxing match. Unfortunately, he chooses the second Louis-Corn fight, for which he pays \$100 for a ticket. And, unfortunately, the psychiatric prescription doesn't work. As he watches the waltzing gladiators he becomes a bundle of tension and aggressiveness, with a yen for mayhem.

The last we see of him he has torn off one of the ring posts and is chasing Promoter Mike Jacobs up the aisle with it.

Requiescat in OPace

Cleaver in hand, Charles S. Maier, Columbus, Ohio, butcher, mourns over his meat-empty counter on which he placed a funeral wreath. Mr. Maier doesn't like the OPA and told it so, thus: "Please, please go away, go away and stay. 'It would be such a treat to buy some meat without you guys to pay. 'Paper's scarce and so is soap. It looks like you're making us the goat. 'So damn your snooping and protection, just wait until the next election."

TEXAS SUGAR REFINERY CLOSED BY SHIP STRIKE

HOUSTON —(AP)—The Imperial Sugar Refinery at Sugarland, Texas, has closed down all operations because of the sugar shortage and the seamen's strike. I. H. Kempner, Jr., vice president and general manager, has announced. The refinery is one of the South's largest. Kempner said sizeable shipments of sugar are tied up at Houston and Galveston because of the strike and added that operations would be resumed as soon as port activities are reopened.

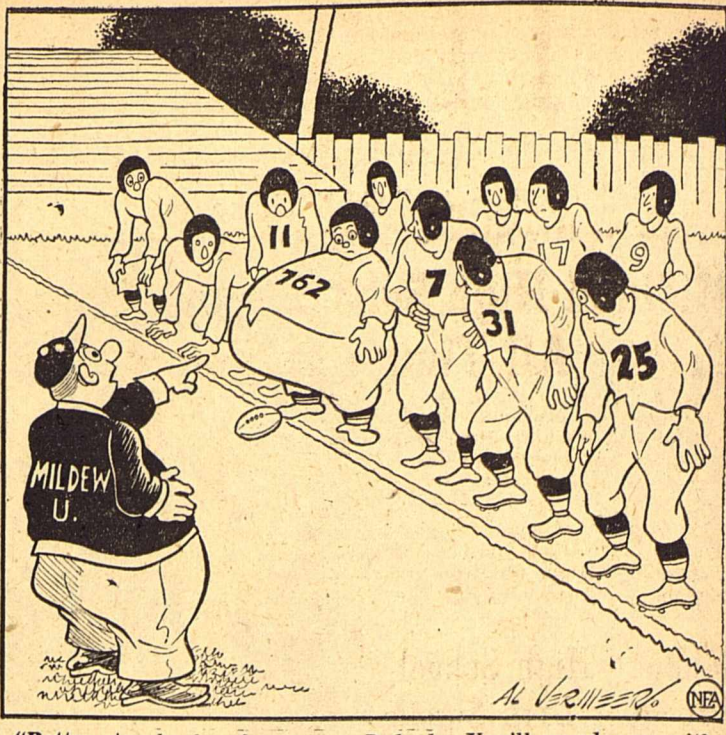

B-29 WEATHER PLANE TO FLY OVER ALEUTIANS DAILY

WASHINGTON —(AP)—The Army Airforce has disclosed a plan to fly B-29 weather reconnaissance planes daily over the length of the Aleutian chain, which juts out into the North Pacific. The flights will begin in about a month. Similar flights are being made daily over a 2,462-mile route from Merced, Calif., to Anchorage, Alaska.

CIO Says Eight Firms Control U. S. Finance

WASHINGTON —(AP)—CIO research experts, contending American economic power is becoming concentrated mainly in eight big financial institutions, said that "serious consideration" of public ownership or greater regulation of business may become necessary. Expressing their views in the "Economic Outlook," monthly publication of the CIO's Research and Education Department, the experts said eight large banking houses controlled 106 of 250 of the largest manufacturing corporations in 1943-44. These eight interest groups which include Morgan, who controls almost 15 per cent of these 250 corporations, the outlook said, "Kuhn Loeb, Rockefeller, Mellon, Dupont and banking houses of Boston, Cleveland and Chicago, dominate and control two-thirds of the combined assets of the 250 corporations." The CIO experts did not specify which banks they had in mind. Arguing that government policy is aiding tendencies toward the "alarming growth" of giant corporations, the CIO publication said that since the war, the War Assets Administration has turned over, on a priority system, large quantities of surplus goods and facilities to the largest corporations and has helped bring about a situation where economic concentration has been "carried almost to the ultimate."

Organized Reserve Corps Will Meet In Odessa Tuesday

Officers of the Organized Reserve Corps of the Midland and Odessa areas will meet at 7:30 p. m. Tuesday in the Ector County Court-house with Lt. Col. Wilton L. Saunder in charge.

A representative of the 178th Army Air Corps, Base Unit, Brooks Field, San Antonio, will speak on the air reserve program in the San Antonio area.

A feature length film, "True Glory", will be shown. The film on combined operations give the pre-invasion planning, the actual landings and the furious battles in France and Germany, including the siege of Bastogne and the meeting with the Russians. Also shown on the screen will be a short film, "Reunited".

Members in Garden City, Crane, Goldsmith, Penwell as well as Midland and Odessa are urged to attend.

War Leaves Trace On Philippine University

By JOHN R. WARD

MANILA, P. I. —(AP)— Students returning to shell-scarred Philippine University are finding that five years of war and occupation have wrought vast changes in the island's education scene.

Most of the professors are back, but they are changed. All are wearing out-sized khaki suits. U. S. government issue. Khaki predominates among the men students, too, and few of them could be regarded as college "boys".

Many of the familiar faces are gone. As the days go by students tell innumerable touching stories—of the boy in political science who died across a whipping post in his home town, of the athletic co-ed from Laguna who was taken by Japanese "thought police" and never was seen again, of the studious Caviteño whose entire family was wiped out when a U. S. plane with bomb bays loaded plummeted into the center of the town.

Those university buildings not leveled by shelling were used as quarters for American GIs after the city was re-taken. The gutted buildings have been partitioned into classrooms with bamboo matting.

The tell-tale marks of war are everywhere. Steel reinforcing dangles crazily from walls and roofs. Even the blackboards are bullet-riddled. The registrar is a harried individual whose records have been burned. Students are placed on their honor to list the courses they had taken and passed prior to the Japanese invasion.

The enrollment, about 2,000, compares with 8,000 before the war. There is no lack of prospective students. There simply is no place to put them. Far Eastern University, La Salle College and other schools in the Manila area report enrollments in excess of prewar figures.

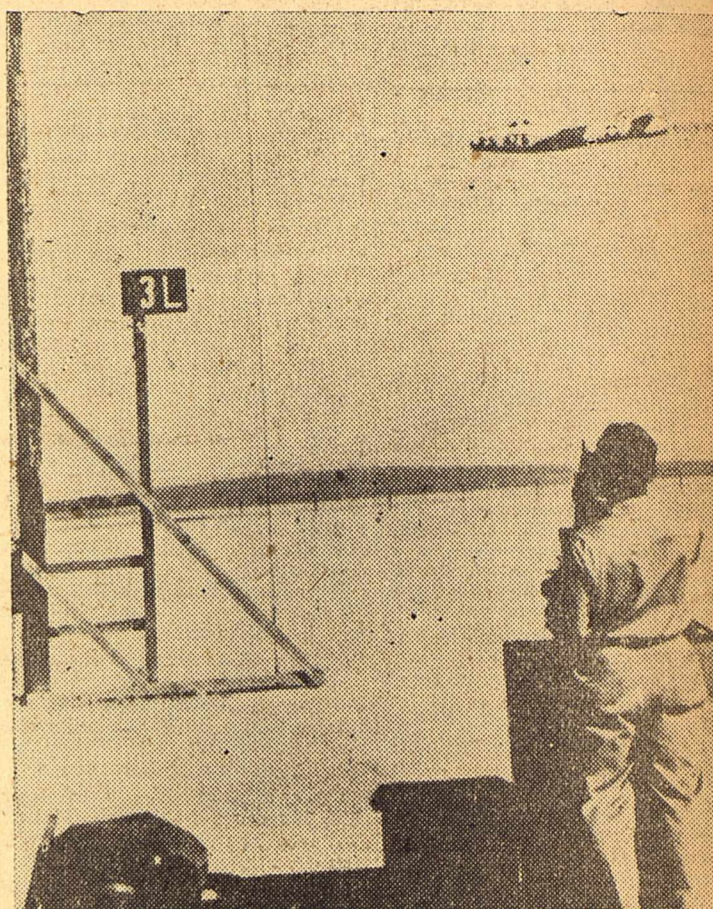

Schools have been slow in reopening throughout the islands. Secretary of Instruction Manuel V. Gallego reported that more than 525,000 children seeking admission to schools cannot be accommodated.

The Japanese destroyed virtually all textbooks and even seized typewriters to make small cookstoves for troops removing the type baskets.

Mud should be cleaned off shoes immediately, never left to dry on and make a permanent stain of the leather.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 22, 1946

P-84 Jet Sets New Unofficial Record

Striking black smoke from its exhaust, the Army's new fighter plane, the P-84 Thunderjet, piloted by Capt. Martin L. Smith, Kittering, Mo., flashes across the Muroc, Calif., Army Air Field to unofficially break the world's speed record. During one of the runs over the 3-kilometer course, Smith's jet plane attained a speed of 619 M.P.H. The official record is 619 M.P.H. made by a British fighter.

70 OUT-OF-TOWNERS BEGIN ACADEMIC WORK HERE— Midland High School Opens Portals, Breaks All Time Enrollment Record

Breaking all previous records in enrollment, Midland High School on September 9 opened its portals of learning to initiate the '46-47 school year.

The addition of some 70 new students, other than those coming from Junior High, was also a new pace in the history of the school.

Midland High School Promotes Drill Squad Headed By Cheatham

For the first time in its history, Midland High School this year will be represented by a uniformed Drill Squad, which will provide entertainment between the halves of football games; to raise the morale of the football team, and promote interest in the school and town-people. The squad is directed by Mrs. W. G. Cheatham who was formerly a teacher in Claremont, Jacksboro, El Paso and San Port, Idaho.

The pep organization is made up of 60 girls who march in squads. It will elect a head drum major, a captain and four lieutenants. Only seniors are eligible for head drum major, and those trying out are Jean Tuma, Marty Murray and Vanda Dunn. The captain must be a junior because she will be the head drum major next year. Emma Sue Cowden and "Teeny" Denton are competing. The four lieutenants may be from any grade and will be the runner-ups to the head drum major and captain.

The uniforms which the drill squad adopted will be solid gold woolen gabardine with purple braid used in a military style. Mrs. Cheatham ordered the uniforms Tuesday and hopes they will be here by the second home-game. The Booster Club has said it will share the expense of the uniforms.

The band has a new director this year, Hardin Lawton, a Navy veteran, who formerly directed the Kilgore High School Band. The band is made up of over 30 students. The director has chosen Frances Puetz, Betty Richards, and Pat Johnson as majorettes. The head band drum major has not been chosen, but Mrs. Lawton desires a boy to fill the position. The flag bearers are Eddie Wemple, Norma Jean Hubbard and Pat Flanagan. Plans call for providing the entire band with new uniforms.

School Music Makers Begin Vocal Rehearsals

The Music Department is in full swing this year. In spite of the noise created by the students who were waiting to enroll, the A Cappella Choir continued its rehearsals on "The Legend", "My God and I", and "The House by the Side of the Road".

The Choral Club's preparing "I Threw a Kiss to the Ocean", "Will You Remember" and "Pagan Love Song".

The Department of Music Theory is proving to be interesting with Miss Marcille Burleson, the director, stating her intentions of starting some trios and quartets among the students as soon as it can be arranged. Those interested were urged to contact Miss Burleson.

Seniors Elated As Class Rings Arrive

"Oh, they're gorgeous! How beautiful! I've never seen anything like them!" These remarks were made by enthusiastic seniors when their class rings arrived on Friday before school started.

In the center of the ring is a cut blue stone. Around the stone is inscribed "Midland High School—1947". Looking toward the ring with "High" at the top, on the left-hand side is a steer. Arranged in a horseshoe around the steer is "Not failure, but low aim is crime". Underneath is a bowl of cotton. On the right-hand side is a Bulldog with "Arts, sciences, languages, industries" arranged in a horseshoe. Oil wells are underneath this. Initials are engraved inside the rings.

Though some students preferred red stones, other black, few gripes were audible when the rings, with a cut, blue stone were presented.

Wooden or plastic hangers for clothes may serve better than wire or cardboard hangers during hot damp weather. Wire hangers rust in damp weather and leave stains on clothes; cardboard hangers become limp.

Bulldog Of The Week

Jimmy Edwards

The ten remaining lettermen of the Bulldog squad have elected Jimmy Edwards captain of the 1946 football team.

Six-foot, brown-eyed Jimmy is 18 years old and is playing his fourth year as a Bulldog regular. The scrapping center tops the scales at 170 pounds. To his intimates at school he is known as "Ears". A hold-over senior, he is taking bookkeeping, journalism and woodwork.

Jimmy has also earned three letters in basketball and two in track. Among his many other athletic honors he holds two honorable mentions for all-district, and last year he was elected to the second string squad. This is a high honor for so tough a district. Jimmy sports No. 3 on the gridiron and plans to attend IOU to study medicine.

Jimmy claims Jack Mashburn as his favorite teacher and football and pool as his favorite sports.

A fine all-around athlete, Jimmy likely will capture many honors on the athletic field this year.

New Books Given By Theological Society

The Midland High library recently received five volumes of current biography. Included are short sketches of prominent people in the news. These volumes are published annually.

The Theological Society of Midland has presented to the library of Midland High School the following books: Daily Life in Bible Time, by Albert Bailey; Westminster Dictionary of the Bible, by John D. Davis; Encyclopedia of Bible Life, by Madeline Miller; Manual for High School Bible Study by W. Care Rarick; Dictionary of the Bible by William Smith; Westminster Historical Atlas of the Bible, by George Ernest Wright; and a Guide to the Study of the Old and New Testaments, by J. A. Huffman. Plastic protectors for magazines and newspapers have been purchased and are in use in the library.

CATIOCO SALE STARTS MONDAY

The sale of the 1947 Catioco's will start Monday. Each annual will cost \$3 and anyone who purchases an annual will have one vote for the Queen of the Catioco.

Crazy People

Yep, here we go again. Vacation is over, and the students are tearfully entering their cells once again. Ah, sweet misery of life.

As one passed through the halls, he could hear the wild screams of the geometry victims. "Get me a compass", "I want a protractor", "I'll have an aspirin".

New typing students moaned over the loss of their one-time long fingernails, and from the shorthand class a faint "gulp" was audible. The aforementioned sounds blended nicely with the various (ahem) phrases heard from the sewing room as someone made a pin-cushion of his digits.

In looking over the grocery list for the foods department, one was somewhat startled over a large order for bicarbonate of soda. But despite it all, school days are the happiest days of one's life. (That's what it says here, anyway.)

Plebiscite Votes Elect 4 Lovelies To Lead Rooters

Midland High School students Wednesday elected four vivacious lovelies to lead their rooting section for the coming year. Plebiscite results showed that Elizabeth Ann Cowden, Evelyn Wemple, Patsy Arrington and Betty McCain were the favorites. Alma Faye Cowden was carried over as head cheer leader from last year.

Cheers and guffaws emanated from the auditorium the day preceding the election as six pairs of contestants demonstrated their agility and ability in leading the student body in yells and songs. New yells were introduced. Pep, a popular breakfast food, was thrown into the audience by Elizabeth Ann Cowden and Norma Jean Hubbard to encourage lung exertion.

Tryouts, other than the winners, were: Mary Dell Dillon, Dorothy Jean King, Dorothy Walston, Mary Lee Cowden, Norma Jean Hubbard, Dorothy Faye Holt, Marjorie Murray and Dorothy Turner.

Betty McCain, only junior student elected, will carry over as head cheer leader for next year.

First Day Of School Marks Fun, Confusion

No day of the year can compare to the first day of school. Any stranger visiting in the halls of Midland High School could easily distinguish the rank of each student. The freshmen were found hunting desperately for a room which he would declare "just isn't there". The seniors, on the last lap of their goal, could see no one but themselves. The sophomores were anxiously showing the freshmen that they know their way around, and the juniors flirted with the seniors and anticipated a great year.

Our same stranger would observe immediately the grand school spirit exemplified by the many posters tacked along the walls advertising Cheer Leader nominees. Mr. Howell could be spotted with little or no trouble; he's the one tearing his hair out because of the lines of students waiting to enroll or change their schedules.

Many ex-students pestered teachers and students by loafing in the halls and declaring how great it is to be "free". But the exes probably were envious of the "lucky" students still in school. All in all the good humor of the teachers and the spirit of the students showed that the first day of school was a big success and encouraged all to look forward to the coming year.

Echoing Halls

MONDAY: New wardens (or teachers) were introduced. Some brainy students were seen carrying books on their heads in an attempt to solve the problem of having no lockers.

TUESDAY: Mixed with the noise of cheer-leader triouts was heard the clanking of saws and scraping of files as inmates tried to make good their escape.

WEDNESDAY: Blackjacks were brought out and put to use as teachers attempted to make their lovable little children stop changing their schedules.

THURSDAY: Already much weep and many studies were descending upon the student body. The remark "I wish summer were here" was heard frequently among these echoing halls.

FRIDAY: Many girls found excuses to go to the office. The Ysleta boys being in the halls had nothing to do with this sudden migration, of course. Spirits ran high at the game that night, as the Bulldogs won, 26 to 0.

School Calendar

Monday—10:30 nome room—Seniors discuss graduation requirements.

Tuesday—10:30 Assembly—speaker; 8:00 p. m.—P-TA meeting.

Thursday—10:30 Pep rally.
Friday—10:30 Clubs; 8:00 p. m. Austin High at El Paso.

Who's Who—Gilbert

Gilbert Sevier

Tall and terrific. That's Gilbert Sevier, '46-47 Senior Class president. Gilbert is originally from Fort Worth. He has been a very prominent figure all through senior high, active as manager of the football squad in both his sophomore and senior years. His choice of universities will be a toss-up between St. Edwards in Austin and Texas A&M, but from either he plans to emerge a fine lawyer.

Very likeable, good-natured, and shy are probably the most familiar phrases with which to describe him. His timidity is doubtless his number one difficulty when among strangers. Silly girls are his pet peeve.

Gilbert is the outdoor type, with tennis, swimming, and baseball heading his sports list.

When it comes to friends, he likes loyalty; but it is a girl's friendliness and winning personality (aside from her good looks) that really got him and that's nice work if you can get it.

Sexes Battle For Class Offices

The respective classes of MHS convened Monday to select class officers for the school year of '46-47.

The Senior meeting consisted of a battle of the sexes, with the results divided half and half. The victors were Gilbert Sevier, president; Jack Cox, vice-president; Pat Flannigan, secretary; and Nadine Clements, treasurer.

The weaker sex predominated in the Junior Class as the following assume duties as officers: Johnnie Morrow, president; Lucille Wemple, vice-president; Betty McCain, secretary; and Emma Sue Cowden, treasurer.

The Sophomores went all out for the men in their class as they elected Joll Sims president, Goss Yeager, vice-president; Peggy Whitson, secretary; Bob Short, reporter; and Eugene Heil, sergeant-at-arms.

Freshmen officers include: Dan Dickinson, president; Mary Lou Price, vice-president; Wilma Langhan, secretary; and Don Morrow, treasurer.

Eiland Named President Of Honor Society

The National Honor Society Thursday elected Lois Eiland president; Donna Mae Kelly, vice-president; Margaret Dougherty, secretary; and Nadine Clements, treasurer.

The members discussed a private initiation which will be held when several seniors are elected into the society soon.

Meetings will be held at the regular club hour. Miss Klapproth is the sponsor.

Timmons Injured In Fall Thursday

Garlan Timmons, sophomore, was injured Thursday noon when he ran into the corner of the gym while chasing a football. Two stitches were taken in his cheek.

DEVIL'S LAUGHTER

By Alice M. Laverick

Copyright, 1946, NEA SERVICE, INC.

XXX
 CHARLOTTE returned Colin's look and there was a faint smile on her lips. And then her eyes went to Mark's and she uttered a little cry.

And as she called Mark by name and held out her arms to him, Ellen began to weep loudly and to thank God over and over the top of her lungs, so that I was forced to lead her hastily on the room for fear the noise could disturb Charlotte.

In a room across the hall, where I took her, Ellen told me the story of the fire. It had had a good end, she said, before she even realized that there was a fire. She had, of course, called the apartment at once, and Mark, who was spending the evening at her Gene's, but Missail being a distance from town, the alarm was done before anyone could get there. The house was in flames. And Ellen could not get Charlotte to come down the stairs.

"We would have both perished," she said, "because I could not leave her alone to die. But when Father Gene and Mark got here, Colin was with them, praise be to God. Colin was up the stairs to a flash and carried Charlotte down almost before the other two came out of the car." Ellen howled with pain at this. But when I murmured something about the remarkable coincidence, she flashed it. "Call it coincidence, if you like. I know the hand of God was there."

Colin himself tried to be flip about it all.

"I was like the marines," he said, "arriving at the critical moment, the well-known nick of time." But his hand was trembling as he greeted me.

THIS was a little later, after I had persuaded Ellen to take a sedative and lie down for a while. I had gone back to my post and Father Gene and Colin had stopped by the desk. They had left Mark alone with Charlotte for a while.

My own hand was like ice, when Colin took it in his. I remember wondering just how much emotion the human heart could stand in one day. However, I managed to speak to Colin in a fairly steady voice, and if he saw how shaken I really was, he could attribute it all to the miracle I had just witnessed.

Father Gene said, "I'm taking you and Ellen and Mark over to the parish house until we see what's to be done. Come along now, Colin. We had better let Cecelia get on with her duties."

Colin said quickly, "Not yet." And his dark eyes were on me. "I'd like to talk to Cecelia for a minute, Father. Do you mind?"

"To—Cecelia?" Father Gene stared at him and then at me. "Ah," he said. And again, "Ah." And, as he turned away, I saw the light of comprehension flash into the good man's eyes, and the twinkle of delight.

Colin said, "Isn't there somewhere I can talk to you for just five minutes, Cecelia? Away from

this eternal hurrying procession of angels of mercy?"

I REMEMBER mentioning the diet kitchen as a possible retreat and we must have gone there. For my next memory is of leaning against the sink in the kitchen with Colin's dark face close above me. And of how my heart seemed at one moment to have stopped beating entirely and the next to have taken wings.

For it was there that Colin told me.

"It was the thought of you, Cecelia, that kept me steady," he was saying. "And the hope that one day I might be free to tell you. But I could not speak until what happened today—did happen."

I put my hands behind me and held onto the edge of the sink.

"I've got a little house," he said, smiling. I thought fleetingly of Innisfail and of how it had seemed the right setting for him. I tried to imagine him in a little house. "I don't need a very big house, Cecelia," he said. "I'm not a very big man. I'm a working man." He said it humbly. Colin Fitzgerald—humbly. Oh no, not that, not that. "But I need you, Cecelia. I want you—very much."

I let go of the sink. I was crushed in his arms. He kissed me and continued to kiss me before two delighted internes and an astonished boy with crutches, who happened along.

Then Colin lifted his head and saw his audience.

"Well, don't stand there staring," he yelled, his dark eyes flashing. "Go along about your business!"

And I laughed with delight, as he took me in his arms. My black Irishman had not changed too much—not too much.

THE END.

McKENNEY ON BRIDGE

By WILLIAM S. MCKENNEY
 America's Card Authority

I cannot recall any set of boards with so many swing hands as the last set in the world championship Masters team-of-four event, which was won by the Southern team consisting of Mrs. Wilkinson Wagor of Atlanta, William Christian of Birmingham, Capt. Mark Hodges, of Dallas, and S. Mogal, formerly of Alabama, now a resident of Brooklyn, N. Y.

Mrs. Wagor and Christian reached seven hearts on today's hand. Many players might suggest the use of a four no trump bid by Christian to make sure that his partner held the ace of spades, but he said that she could not bid three diamonds and then go to four hearts without the ace of spades.

Howard Schenken would like a five club bid over four hearts, but he agreed that the seven heart bid was sound because it would be next to impossible for Mrs. Wagor to make the three diamond bid without the ace of spades. And Schenken added, there might not be a

36,000 Butcher Shops In Nation Closed

CHICAGO (AP)—Lack of fresh meat since retail price controls were reestablished on September 9 has resulted in the closing of at least 36,000 of the nation's butcher shops, says the National Association of Retail Meat Dealers.

The situation, says an association spokesman, will become "progressively worse." He said that a survey of the organization's 60,000 members disclosed that between 60 and 75 per cent have closed their shops because of the sharp decrease in meat production.

The American Hospital Association said it has asked the Department of Agriculture and Office of Price Administration to find a way to supply hospitals with meat.

The National Association of Hotel and Restaurant Meat Purveyors, a group of 300 dealers who sell only to hotels and restaurants, reported that their members were virtually out of business.

After winning the first trick, Christian pulled the trumps and then ran the diamonds. Even if the diamond suit had broken five-nothing, he could still make 13 tricks as the sixth diamond could be established.

Spade Opening and North Still Could Make Seven

Mrs. Wagor said that her partner might have read her for the king-jack of spades and king-queen of clubs, in addition to the king-queen of diamonds and king-queen of hearts, but even with that holding she would not have made the jump to three diamonds without an ace in her hand.

Not many experts would advocate a two-heart bid by Christian over one diamond, as that would show practically an opening two-bid.

Boaed By Bad Luck

CENTRALIA, ILL. (AP)—Jackgar here advertised for a roof for his family's head thus: "Wanted immediately—Unfurnished apartment or house. Man, wife and daughter, 8. Will dispose dog, but prefer to keep child." Then, before Sliagar could line up prospective landlord, the dog gave birth to eight puppies.

Salesman Talks Self Into Laundry Job

BALTIMORE (AP)—Passengers in a Baltimore bus overheard a salesman complaining to a companion that he had finished demonstrating a washing machine to a North Baltimore housewife, made the sale, and was dismissed with the words: "See you next Wednesday at the same time."

The salesman's eyes narrowed. "Why?" he asked.

"Well, you promised a year's free service. So, I'll expect my washing done once a week, on Wednesdays."

For less wear and tear on tablecloths when ironing, fold them hem to hem occasionally, instead of lengthwise. They will last longer. Creasing at the same point tends to increase wear at that point.

Council Undergoges

The Buffalo Trail Council, Boy Scouts of America, is now undergoing a thorough analysis by council officials and representative of the regional office at Dallas, P. W. Thorsen, council executive, pointed out Saturday. The purpose is to "streamline" the council's operations and administration and to inform the 1,919 adult leaders as to basic policies and newest proven procedures, he added.

The analysis is proceeding under the direction of Guy Brenne, president of Midland, council president and a committee appointed by him as follows: Lyman Wren, Snyder; C. J. Dalton, Rotan; Ed Neinst, Sweetwater; Harry Ratliff, Colorado City; Dr. W. B. Hardy, Big Spring; Delbert Downing, Midland;

Analysis And Study

E. L. Kent; Wickett; Harold Scott, Pecos; E. P. Edwards, Odessa; and J. M. Waddell, Kermit, all of these being District Chairmen.

Other committee members are the council commissioner, Charlie Watson, Big Spring and the chairmen of the operating committees as follows: Dr. R. L. Williams of Sweetwater; Lyle Deffebach, Snyder; W. C. Blankenship and Carl Blomshield of Big Spring; and W. M. Howard, Odessa.

Eight sub-committees of the analysis committee held meetings recently in Midland and Big Spring. The findings and recommendations of these committees will be reported at a meeting to be held late in October.

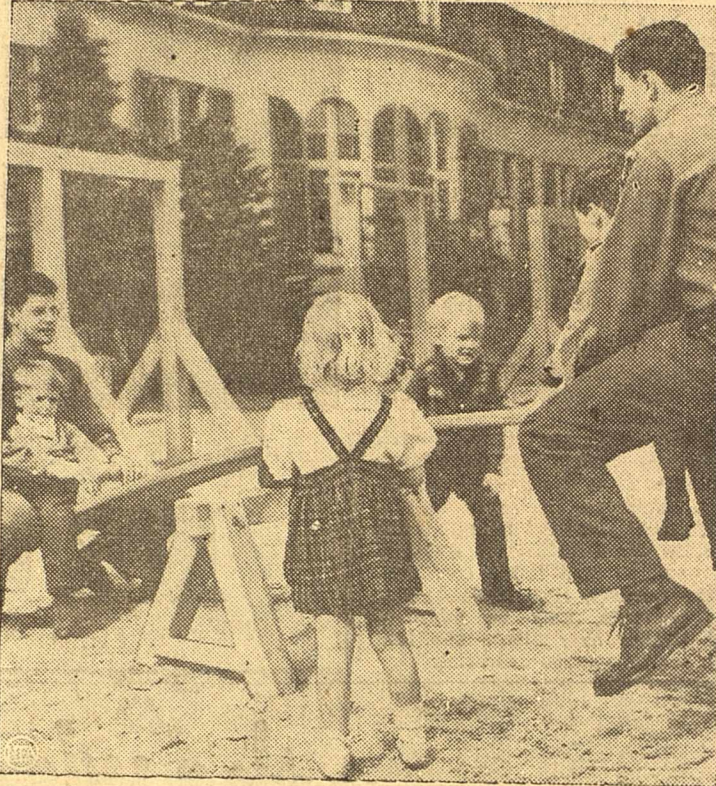

Council officials are highly pleased with the results of the analysis to date and expect the whole Scouting operation to be greatly benefited, it was pointed out.

Berlin School Bell Has A Southwest And Allied Accent

WAC From Denton, Texas, Is Teacher For Children Of Seven Nations In The Occupation Forces—At Berlin University

They just came to play: U. S. Army Privates Enos Bernhardt (left) of Nome, Alaska, and Richard Ripley of Fort Wayne, Ind., drop in at the school to spend a couple of off-duty hours helping to entertain the youngsters. It's a question who's having the most fun.

KP means kindergarten police: Pfc. Roger Hager (left) of Ventura, Calif., and Pfc. Philip Twerski of Buffalo, N. Y., as they pilot see-saws for occupation force youngsters at playground of Allied school in Berlin.

the school bus, and two Army privates are assigned to Sgt. Russ as assistants. In addition, the school employs seven German women who teach classes and supervise the care of the youngsters during rest periods. Lonesome GIs stationed in Berlin often drop in to lend a helping hand.

Geography comes easy for these students. China becomes much more real when a Chinese boy is there to tell you about life in the Orient in exchange for some information about the United States' great farming region. In this multi-national school, a German teacher is helping four Chinese youngsters learn to speak English.

No one "pulls rank." As far as the school is concerned the son of a colonel gets exactly the same treatment as the son of a buck private; both have to stand inspection before they eat. The

TAKE TO CLEANERS

GRAND ISLAND, NEB. —(AP)—Someone left a raincoat in Dr. N. A. Zuppan's office last May. Zuppan hung the garment in his reception room, believing the owner would come back and claim it.

But after several months the coat wasn't reclaimed, so Zuppan took it to a shop to be cleaned.

But he isn't going to get the coat out of the cleaners. The owner of the establishment identified it as his garment.

Reconversion: Outlined in window of an ex-Army ambulance is the face of a little American girl for whom the ambulance has become a school bus in occupied Berlin.

school serves special rations which include ice cream and fruit juices. Organized as a summer school, the Army now plans to establish regular classes this fall modeled on schools in the U. S.

Deutsch: Children learn language of country they're occupying. Their teacher here is German.

A trick to help keep fruit pies from boiling over. Stick five or six one-inch long pieces of thick macaroni upright in crust before pie is placed in the oven. This lets off steam.

No Joke, Son
MURPHYSBORO, ILL. —(AP)—A teacher at nearby Campbell Hill High School this year is G. E. Go-forth. His boss is his son, Gene—the high school principal.

Motorist's 1922 Car Looks Almost Like New

PUEBLO, COLO. — (AP) — The speedometer showed only 4,498 miles and the motor purred like a kitten, so Robert Disbrow figured he got a good buy when he paid \$125 for the automobile.

Not only that, but the sidecurtains never had been unwrapped for the bright and shiny 1922 Oakland touring car Disbrow bought from H. L. Guire.

Guire purchased the automobile 24 years ago, drove it only a few months and then put it under canvas in a garage. Disbrow heard about the car a few months ago and, after much persuasion, closed the deal.

LEARN TO FLY in a PIPER CUB

FLYING SERVICE

THE PLANE IN WHICH MOST OF TODAY'S PILOTS EARNED THEIR WINGS

Easily, Quickly, at Lowest Possible Cost

YOU don't need a "knack for flying" to learn in a Piper Cub. It's so easy that most of today's pilots took their flying lessons in this good, safe plane. You don't need weeks of training in a Piper Cub, either. Many people fly alone after fewer than eight hours. One beginner recently soloed after only three hours of instruction!

Your Piper Cub Dealer can offer you flying lessons at the lowest possible cost, because a Piper Cub is priced lower and is more economical to operate and maintain than any other airplane. That's why it is first choice of airport operators as well as private owners. Arrange with your Piper Cub Dealer, listed below, for inexpensive flying lessons now.

He offers you complete facilities and government-licensed instructors.

When you visit your Piper Cub Dealer, be sure to see the new Piper Cub Special and the new Piper Cub Super Cruiser . . . good, safe planes you can afford to buy and fly. Ask your dealer now for a free flight demonstration in a new Piper Cub.

PIPER CUBS ARE DISTRIBUTED BY WES-TEX AIRCRAFT, ROY W. NEAL, JR., MGR., MUNICIPAL AIRPORT, LUBBOCK, TEXAS

House Built On Another's Lot

BUFFALO, N. Y.—(P)—A brand new house has been standing vacant at 48 Suffolk St., Buffalo, because of a slip in title to the land. The builder thought the land was his, but it wasn't.

A year ago August Geib and his son Edwin bought the land from the city. Last January with only interior plastering remaining to be done, the Geibs were informed that the city made a mistake. Three weeks before the Geibs bought the land it had been sold to Edward Eberle.

The courts will have to rule on the mixup.

ORPHAN SAYS ELEPHANT WOULD BE JUST FINE

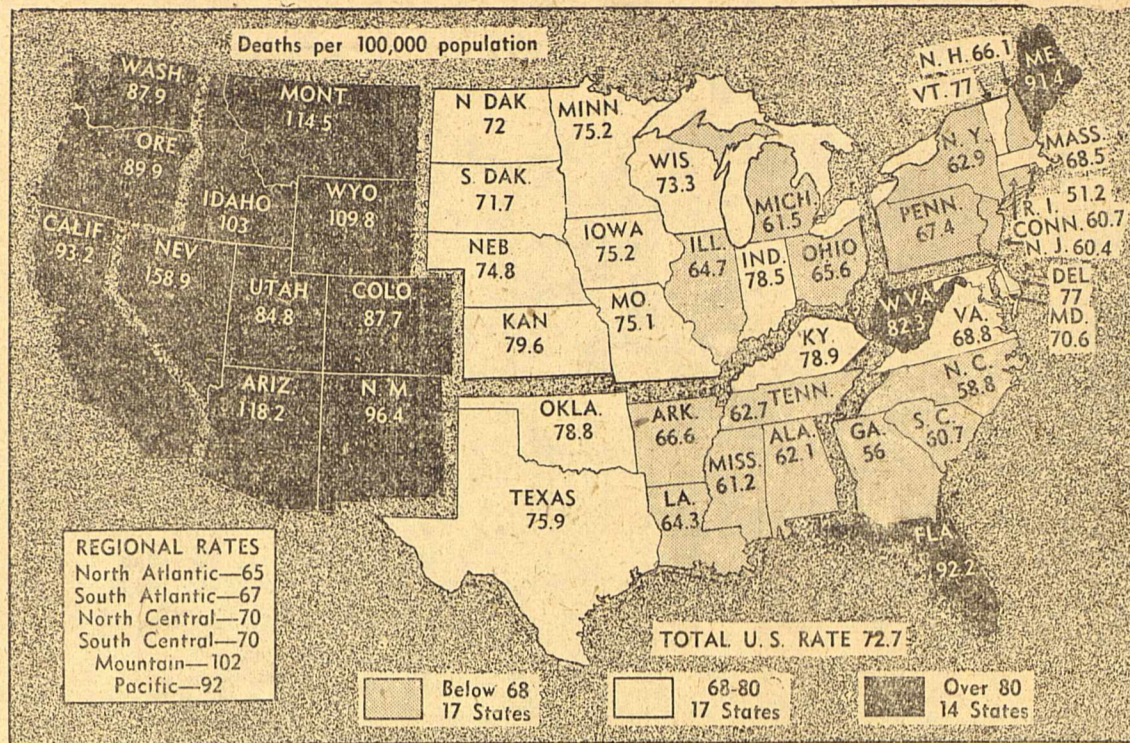

KANSAS CITY—(P)—Adult sponsors of the 102 boys at the boys' orphan home here were buying them the works, for the asking, at the Ringling Brothers-Barnum & Bailey Circus — peanuts, crackerjacks, spun floss candy, pink lemonade, fancy paper hats.

Suddenly one four-year-old tugged excitedly at the arm of his benefactor, Jim Nourse.

"I want that," he said. It was an elephant.

Nourse carefully explained the problems of elephant housing, and pacified his charge with another box of crackerjacks.

Accident Figures Show West Is a Risky Place to Live

Map above, prepared from National Safety Council data, shows state and regional comparisons of 1945's accidental deaths, based on population. The west proved the most generally hazardous area. Lowest 1945 death rate per 100,000 of population was 51.2, for Rhode Island; Nevada, with 105.9, was highest. Rate for Pennsylvania is an estimate, based on incomplete information.

Old Timers Remember Only Bad Winters, Says Amarilloan

When cottonseed cake went up to \$120 a ton, John Arnot of Amarillo predicted woefully that it was going to be a long winter.

Arnot is what is known as an old timer. He's been in Amarillo since 1884 and he said when feed is scarce and highest, "one norther after another clouts us on the nose."

"I cannot conceive of cottonseed cake selling for \$125 a ton and a mild winter," he told the Tactless Texan of the Amarillo Globe.

Old Tack didn't like anyone else horning in on his winter predictions.

"One trouble with our weather is our old timers," old Tack wrote. "They forget our pleasant winters and our rainy spells. Fixed in the back of their minds are searing pictures of the blizzards they bucked and the drouths they sweated. They forget the good winters."

He said he would appreciate it if the amateurs would leave next winter to him. He promised his forecast by October.

Mission, down in the Lower Rio Grande Valley, is getting tired of having the highest temperature reading in the state every day.

So a couple of civic minded individuals named Joe E. Cook, editor of the paper and Jack Drake, Chamber of Commerce manager, investigated.

They reported that it really wasn't the weather that was to blame. It was the thermometer. It had been placed in the sun behind a brick ornamental wall that cut off the prevailing east breeze.

So they put it in the shade. The mercury promptly dropped seven degrees.

Tony Rios of Dallas had a summer job that some might envy—he worked in 18-below zero weather. It was an ice cream plant.

It takes a good man to do it, Tony said. He kept going on a heavy protein diet of meat, potatoes and beans.

Getting His Throne Back Is Nothing New To Robust King

By NEA Service

King George of Greece is getting his old job back again. For King George, it's an old story; he's been on and then off the Greek throne ever since his father, King Constantine, abdicated in 1922. His kingly career has been among the most stormy in modern history.

Robust and healthy at 56, King

George will take a well-rounded knowledge of world politics and a democratic outlook with him when he returns to Greece. He has a tough job ahead of him. Greece's war wounds are among the worst in the world, and her internal politics are in a constant state of turmoil.

King George's first tiff with revolution came less than two years after he succeeded his father. General Gonatas proclaimed a republic in March, 1924, and a plebiscite held a month later confirmed the abolition of the monarchy. King George, who refused to abdicate, spent most of his time in Great Britain, awaiting another plebiscite which recalled him to the Greek throne in November, 1935.

His job as king didn't amount to much. Gen. John Metaxas assumed dictatorial powers the next year, and while the king stayed on, he was more or less a figurehead.

The war gave the king a chance to prove himself. In the face of the German invasion, he stayed with his troops. When the Greeks and the British were forced to fall back, first from Greece to Crete, and later from Crete to Egypt, King George remained with the remnant of his army.

German parachutists chased him across Crete for three days, but he managed to elude them. The Germans believed that with King George in their hands, Greek resistance would end.

For his valor during the retreat, Britain awarded him the DSO, the only sovereign ever to receive that decoration, and his own country gave him the Great War Cross.

Government in Exile

For a while, King George maintained his government in Egypt. Later it was moved to South Africa and finally to Great Britain. He once objected vigorously to being called a "king in exile."

"Who has exiled me?" he said. "I left my country with the rest of my army after rallying to the side of Britain at a time, in 1941, when she stood alone against the Germans. We were driven out by the overwhelming force of the invasion."

During the war years, King George continued to fight for Greece's cause, and even visited the U. S., in 1942, to help cement relations between the two countries. He was received by Congress when he addressed on Greek problems, and by President Roosevelt. Politicians found him a genial man, with a keen sense of humor and an infectious laugh.

When peace came, King George's future hung in the balance. Many monarchs were losing their thrones. In deference to the Greek Republicans and upon advice of Great Britain, King George remained away from his homeland until invited to return by a free expression of the national will. Pending that referendum, he named Archbishop Damaskinos as regent. The referendum gave the king his throne back.

What are the wise ones waiting for?

For One Thing—This! Fresh new styling that clearly says "1946." The sheer good looks of long low lines, full sweeping fenders, solid, uncluttered appearance in every line and contour.

For Another Thing—This! The word for it is "handling"—meaning the deft lightness of wheel and brake and gear-shift that makes every trip truly a pleasure trip. You have to experience it to know it—but it's what makes a Buick salesman out of every new Buick owner.

For Another Thing—This! A big straight-eight Fireball engine, made silky-smooth with Accurite-finished cylinders and brilliantly able to hold its own on any highway.

For Another Thing—This! The matchlessly soft cradling of gentle coil springs on all four wheels—springs that float you like a breeze over cobbles and bumps.

WHAT OTHER CAR HAS SO MUCH THAT CLICKS FOR FORTY-SIX!

SMARTNESS—that sets the style pattern with car-length Airfoil fenders and bolt-on rear wheel shields.

POWER—from a Buick Fireball valve-in-head straight-eight engine.

OIL SAVINGS—from non-scuffing Accurite cylinder bores.

FLASHING ACTION—of Fliteweight pistons.

STEADINESS—from full-length torque-tube drive in a sealed chassis.

GLIDING RIDE—from Panthergait all-coil springing.

COMFORT—of soft Foamtex cushions in roomy Body By Fisher.

SURE FOOTING—of Broadrim wheels.

CONTROL—through Permi-firm steering.

CONVENIENCE—of high-leverage StepOn parking brake.

PROTECTION—of Buick-originated fender-shielding front and rear bumpers.

In a Word—The Best Buick Yet! You can buy one at OPA ceiling price—with or without a car to trade in. And the great Buick factories are turning them out as fast as they can get materials. So put your name on our list and get one headed your way.
