Marine Engineers End East - Gulf Strike

Guns, Blackjacks Used In Bloody Fight On Gulf

Port Arthur Is Scene Of Picket Line Bout

PORT ARTHUR—(P)—Guns and blackjacks were used on the Port Arthur waterfront here Tuesday in bloody clash between non-union seamen on Texaco tankers and members of the National Maritime Union (N.M.U.).

Four were injured, none seriously. The violence followed the signing of a contract with N.M.U. by The Texas Company. Non-union men protested. The contract was agreed on Saturday after N.M.U. struck and picketed the docks for three days. Thirty-two non-unionists threw up a picket line against N.M.U. at the Texaco terminal here Tuesday. More than 100 N.M.U. members stormed the line.

Clubs Wielded
Non-unionists called on the Seafarers International Union (AFL) to help resist the N.M.U. Several shots were fired and clubs wielded. The non-unionists and SIU men withdrew.

J. S. White, district representative of SIU, said several carloads of N.M.U. members were rushed here from Houston, Galveston and New Orleans to back up the local men. The injured men were two non-unionists and two N.M.U. men. None was shot, and injuries were termed slight.

ARC No. 1 TXL Is To Take DST In Fusselman Zone

By JAMES C. WATSON
Oil Editor

American Republics Corporation No. 1 TXL, West Ector County wildcat, was bottomed at 9,630 feet in the top of the Montoya, upper Ordovician, and was scheduled to take a drillstem test in the Fusselman section of the Silurian, early Wednesday.

The project was making pump repairs Tuesday. It entered the Montoya at 9,593 feet, on an elevation of 0.563 feet.

Location is 660 feet from south and 1,980 feet from east lines of section 7, block 45, TP survey, T-1-S.

High On Marker

Rowan Drilling Company No. 2 Parker, on the southeast side of the TXL-Devonian field, in West Ector, was making hole below 5,477 feet in lime.

Operator called top of the Glorieta at 5,070 feet, which gave it a datum of minus 1,810 feet.

That call put it 15 feet high to the same point in the same operator's No. 1 Parker, one quarter of a mile west.

Operator reported that the section currently being drilled had some oil saturation, with the estimated top of the saturation being at 5,477 feet. It is contracted to the Devonian.

The Atlantic No. 2-E-1 University, in the Martin field in Central-Southwest Andrews County, has been completed for the McKee sand section of the Simpson, middle Ordovician, for a 24-hour potential of 238.04 barrels of 40.2 gravity oil from pay at 8,690-8,790 feet, through casing perforations.

Second McKee Producer

That zone had been treated with 1,000 gallons of acid. This is the second producer in the field to be completed from the McKee. It is one and three-quarter miles southeast of Humble Oil & Refining Company No. 1 Parker, the discovery well for production from that formation in the field. It is 1,846 feet from south and 678 feet from east lines of section 2, block 11, University survey.

Seaboard Oil Company of Delaware No. 1-B University, on the west side of the Block 12 field in North-Southwest Andrews, and 661 feet from north and east lines of section 19, block 12, University survey, has been abandoned and plugged on total depth of 4,448 feet, in dry middle Permian lime. It is understood to have checked low on geological markers, and for that reason was abandoned before drilling to the Tubb-Permian, at around 6,200 feet, its original objective.

Seaboard has filed application to drill its No. 4 J. H. Robison, as a north stepout from production on the northwest side of the Spraberry field, in Southwest Dawson County.

North Of Production

It will be 1,275.91 feet from north and 440 feet from east lines of the north 218 acres in the west half of section 37, block 34, TP survey, T-5-S, and 933 feet north of same company's No. 1-A Robison, a producer from the pay above 4,900 feet—which is the depth to which No. 4-A Robison is contracted to drill to start at once.

Humble Oil & Refining Company (Continued on page 5)

Gromyko Meets Molotov

Soviet Ambassador Andrei A. Gromyko, center, greets Foreign Minister V. M. Molotov, left, and Deputy Foreign Minister A. Y. Vishinsky upon their arrival in New York City aboard the Queen Elizabeth.

Carl Crow, State Jaycee Dignitary, Dies Of Gunshot

CORPUS CHRISTI—(P)—Justice of the Peace Carl W. Crow, 43, died in a hospital here Tuesday 70 minutes after he received a gunshot wound at his home.

No coroner's verdict has been received yet.

The story of the shooting as told by officers:

Crow, a onetime backfield star on St. Mary's University football team at San Antonio, was shot in the bedroom of his home south of Corpus Christi shortly after midnight.

He had been seated in the living room talking with a group of friends. Among them were his brother, J. Ward Crow, mayor of Sinton, and Sheriff John B. Harney of Nueces County.

He excused himself and entered the bedroom. A short time later a single shot was heard, and Crow was found lying on the bed, a revolver at his side.

Crow was one of the most widely known South Texans, due to his political career, his football record, and through his activities with the Junior Chamber of Commerce.

He was formerly president of the Corpus Christi chamber, served as state vice-president and state director of sports.

He was named the outstanding Jaycee vice-president in 1945. In 1946 he was nominated the number one sportsman of Corpus Christi.

Crow also refereed games, officiating many Southwest conference tilts. He was an amateur calf roper, and suffered a broken leg this year in a rodeo.

He was elected justice of the peace here in 1940, and was re-elected in 1942 and 1944. This summer he was renominated without opposition.

Cattle Pest Control Demonstration Set

A demonstration on control of cattle pests will be held on the Forrest King No. 9 Ranch, 10 miles northwest of Midland on the Andrews Highway, at 2 p. m. Wednesday.

The demonstration will include methods of killing grubs, lice, and horn flies. Area ranchers are invited.

LATE NEWS FLASHES

PHILADELPHIA—(AP)—Former OPA Administrator Chester Bowles predicted that rent control would be the next item removed in the government's decontrol program.

WASHINGTON—(AP)—Secretary of State Byrnes said Tuesday the United States will give preference in loans to governments which are friendly to the United States, but maintained that the State Department does not have a general policy of denying aid to countries alleged to be within the Russian sphere while granting it to nations which have supported American objectives in international conferences.

WASHINGTON—(AP)—The White House said Tuesday the National Mediation Board is considering possible intervention in the two-day-old strike of pilots which has halted Trans World Airline flights at home and abroad.

NEW YORK—(AP)—Steels and motors led a general decline in Tuesday's stock market after an early selective recovery attempt failed to attract a following.

Bevin Asserts He Is 'Hopeful' Major Powers Can Build Peace

LONDON—(P)—Foreign Secretary Bevin told the House of Commons Tuesday he was "not unhopeful" that the major powers would achieve lasting amity.

He reaffirmed his determination to achieve understanding among the great powers—Great Britain, the United States, Russia, France, and China.

Buyer Resistance Grows In Key Cities

By The Associated Press
The growth of definite buyer resistance to meat prices which have spurred to an extreme of \$1.50 a pound was shown Tuesday in a heavy majority of the key cities covered in a nation-blanking survey.

At the end of the first full week of uncontrolled meat prices, a spot check of 48 cities by The Associated Press produced a scorecard that read like this:

Red meat has come back in sharply improved to ample quantities on the counters of 39 communities; in nine others—six of them in the East—meat is still scarce to non-existent.

Prices have risen everywhere, in a few cases by as little or even less than the federal subsidy that vanished with OPA control, but in one-third of the 48 cities prices of \$1 a pound or more have been chalked up for choice cuts.

Resistance to these prices has appeared in degrees ranging from beyond the muttering stage to active organized picketing in 34 of the survey cities; in others the picket has risen that citizens had nothing to resist.

There were plenty of unusual twists in an odd picture presented Tuesday to American housewives.

In Omaha, Neb., a number of meat markets have been picketed by members of the League of Women Shoppers bearing signs urging prospective buyers not to pay "outrageous" prices. Spokesman said the picketing was directed ultimately at packers, to get them to reduce prices to retailers. Prices already have come down.

Backs Turkey On Dardanelles
Bevin said Britain had made it clear that if Russian demands for bases in the Dardanelles were granted, it would involve an "unwarranted interference with the sovereignty of Turkey."

Observing that he agreed the Montreux Convention granting Turkey control of the strategic Black Sea straits required modification, he added:

"The British government was anxious to keep the international aspect of this waterway always in view."

"Our view," he added, "is that direct exchanges of view provided by the Potsdam Agreement have come to an end that any further discussions should, therefore, take place within the past two months."

The two brothers were arrested Monday in connection with a petty theft case.

Negroes Arrested In Dallas Slayings

DALLAS—(P)—Dallas police have arrested two negro brothers, both ex-convicts, and are holding them for questioning in connection with the slaying of three local liquor store operators, the wounding of a fourth and the slaying of a Plano, Collin County, railroad telegrapher.

All of the slayings have taken place within the past two months.

The two brothers were arrested Monday in connection with a petty theft case.

Lewis Threatens To Call Another Coal Mine Strike

Union Leader Hints Of New Wage Demands

WASHINGTON—(P)—John L. Lewis tossed the threat of a new soft coal strike at the Truman Administration Tuesday, hinting broadly at new wage demands and charging the government with breach of contract.

Lewis' new challenge, ending nearly six months of comparative silence, could mean a walkout of the nation's 400,000 soft-coal miners by November 20—on the icy edge of winter.

Unleashing his attack with sudden fury, the United Mine Workers' Union boss accused the government of contract breaches resulting in "the loss of millions of dollars due to the mine workers."

In a letter to Secretary of Interior J. A. Krug Monday, Lewis demanded that negotiations for a completely new contract begin by November 1, and coupled with it, a threat to tear up the existing contract in 30 days.

Krug at Amarillo
Krug, reached at Amarillo, Texas, during an inspection trip, expressed shock at Lewis' assertions.

"The government has not breached its contract with the United Mine Workers," he declared.

"I have already suggested to Mr. Lewis arbitration on these (disputed) points. x x x

"The government's contract with the United Mine Workers covers wages, hours and working conditions during the period of government operation. It does not provide for reopening of the contract to revise wages or hours."

Krug disclosed that he and Lewis had a heated discussion in his office last Saturday morning. He also asserted that in his opinion some of the wildcat coal strikes constituted a breach of contract on the part of the miners.

"The government of the United States lives up to its contracts," he said, and added:

"I shall, of course, be willing to discuss any matters arising under the contract with the United Mine Workers which the United States of America has made with Mr. Lewis."

Krug voiced confidence that the pact "will stand for the period of government operation" of the soft coal mines. He said he would not return to Washington by November 1, as requested by Lewis, and Wednesday telegraphed Lewis to meet him somewhere in the West. His trip is scheduled to continue through November 4.

Union Wins Vacation Issue
Coincidental with Lewis' new blast, Navy Capt. Norman H. Collison, federal coal mines administrator, disclosed that he already had written a letter to Lewis accepting the decision of an Illinois arbitrator—a decision favorable to the union—on the issue of vacations, one of the points raised by Lewis in his charge of contract violation.

Collison's letter further suggested the appointment of an umpire to decide the second specific point, whether coal should be weighed at the "tipple," as it comes out of the mines in tiny cars, or after it has been washed and impurities removed and the clean marketable coal loaded on railroad freight cars.

It was on this score that Lewis contended the miners had lost "millions" or dollars which otherwise would have gone to their health and welfare fund. The fund receives a royalty of five cents a ton. Lewis insisted on tipples weighing.

Collison's letter reaffirmed the government's position that "the 5 cents is payable with respect to salable or usable coal and is not payable with respect to impurities or foreign substances which may be mined along with the coal but which are eliminated by cleaning or other processing before sale."

The U.M.W. chief left little doubt that he will press new wage demands to supplement the 18 1/2-cent hourly boost granted by Krug last May 29. His letter to Krug said the requested negotiating arrangements should consider "new arrangements affecting wages, hours, rules, practices, differentials, inequalities and all other pertinent matters."

Traxler, In Oklahoma, Awaits Arraignment

DURANT, OKLA.—(P)—Roy "Pete" Traxler, outlaw of the 1930s, was in the Bryan County jail Tuesday awaiting arraignment on a charge of armed robbery of Frank Trimmer, a farmer abducted in 1937 when Traxler was fleeing across Oklahoma after he escaped from the Huntsville, Texas, state prison.

County Attorney Victor Phillips said arraignment would be delayed until Traxler can obtain counsel.

UN DIPLOMATS ARRIVE IN N. Y.—

General Assembly To Open In N. Y.

NEW YORK—(P)—Diplomats from over the world called their staffs and advisers into last-minute conferences Tuesday to shape the policies they will present in the meetings of the General Assembly of the United Nations which open Wednesday in Flushing Meadow Park with President Truman as the welcoming speaker.

Most delegates already were settled in overcrowded New York hotels, but late-comers still were arriving by air from far parts of the globe.

Among those due to arrive Tuesday were two prospective antagonists—Field Marshal Jan Christian Smuts, prime minister and foreign minister of the Union of South Africa, and Mrs. Vijayalakshmi Pandit of India. Her plane trip was delayed by engine trouble at Algiers and then by the TWA pilots' strike in Shannon, Eire, where she changed planes.

Although some negotiations were reported in the wrangles between India and South Africa, Mrs. Pandit—only woman delegation chief—was prepared to carry on a fight in the assembly against "Jim Crow" conditions allegedly imposed upon Indians in South Africa. She is the sister of Pandit Jawaharlal Nehru, chief minister in India's new interim government.

The Indian delegation also has organized a campaign which may be sprung to oppose South Africa's intentions of annexing Southwest Africa, the old German colony which the union administers under a League of Nations mandate. The annexation proposal has been placed before the General Assembly for consideration.

The disposal of several other League mandates under a trusteeship council seemed assured with the announcement that the United Kingdom had submitted terms under which it would agree to trusteeships for Tanganyika, Togoland and Cameroon, all in Africa.

France has offered French Togoland and Cameroon and the Australians have offered their portion of New Guinea.

The American delegation headed by former Senator Warren Austin of Vermont continued its day-long sessions of combing through the list of problems on the assembly agenda. It met in almost continuous session Monday and Tuesday night to determine a policy on future needs of the refugee-care agencies after the ending of UNRRA next year and also completed its committee assignments.

Lawrence Kammet, MEBA publicity representative, said the general shipping tieup would not be ended by the agreement, since the AFL organization still was negotiating for a settlement, and the engineers would continue to respect MMP picket lines.

Terms of the contract were withheld by Trainer and Frank J. Taylor, president of the American Merchant Marine Institute, representing the operators, pending notification of the union membership and ship operating companies.

Agreement with both unions would end the shipping tie up on the East and Gulf Coasts, leaving only the West Coast strikebound. Nearly all American shipping has been paralyzed by the strike.

The unions are to negotiate with Pacific Coast operators later.

Negro Confesses Boxcar Slaying

EL PASO—(P)—Detective Capt. W. C. Woolvorton announced Monday that a 22-year-old negro from Alexandria, Va., had made a signed statement that he killed Earl D. Thompson, 24, whose body was found beneath straw in a freight car here Saturday.

Woolvorton identified the youth as William Albert Norris who was taken from a train at Lordsburg, N. M., 165 miles west of here, Saturday night.

Thompson was en route from Skidmore, Texas, to Phoenix, Ariz., with four race horses. More than 100 stab wounds were found in his chest.

Norris said Thompson let him ride in the car to escape the cold and fed him, but the brakeman protested and Thompson told him he had to get off. Woolvorton said, Norris refused and a 22-year-old Thompson when the latter started to advise the brakeman, the detective continued.

Woolvorton quoted Norris as saying he struck Thompson with a hatchet and rolled him under some hay, then talked briefly with the brakeman who was passing by.

He later killed Thompson with a pitch fork.

Farmer Slays Brother-In-Law, Wife, And Self

CALDWELL—(P)—A 45-year-old farmer who Sheriff Cleve Bates said had evidently "gone completely haywire" Monday fatally beat his brother-in-law with a hand-whittled cedar club, shot his wife to death, then killed himself.

Justice of the Peace J. H. Haddock rendered an inquest verdict of suicide in the death of the farmer, John F. Horcia. He ruled that Horcia first had fatally bludgeoned his brother-in-law, Joe Gavenda, 20, and killed his wife, Mrs. Annie Horcia, with a 22 rifle.

Sheriff Bates said that the Horcia's only child, 14-year-old Frank, witnessed the slaying of his mother in a pasture as she fled from the scene of her brother's killing. Then he said he saw his father place the rifle to his head and kill himself.

Bates said the series of tragedies evidently started with the fatal beating of young Gavenda, a recently-discharged service man, in the Horcia farm home near here sometime before daylight.

Negotiations Continue With Ship Masters

Agreement Must Be Ratified By Members

NEW YORK—(P)—CIO Marine engineers and East and Gulf Coast ship operators Tuesday signed a contract to settle their 22-day old maritime walkout but the strike of deck officers and licensed ship personnel continued to bottle up virtually all American shipping.

Signing of the contract between the ship operators and the Marine Engineers Beneficial Association was announced by U. S. Conciliator Frederick Livingston after 13 and one-half hours of negotiations.

But before the shipping tieup on the East and Gulf Coasts comes to an end the pact must be ratified by both the union membership and the 44 shipping companies and representatives of agents and operators.

Also the ship operators and the other union involved in the strike, AFL Masters, Mates and Pilots—who adjourned a long negotiating session until late Monday afternoon—also must come to terms. The masters seek a 30 per cent increase and closed shop.

This would leave the West Coast still strikebound. The unions are to negotiate with West Coast shipping interests after concluding talks with the East and Gulf Coast operators.

To Recommend Ratification
E. P. Trainer, chairman of the Marine Engineers Negotiation Committee, who signed the contract for the union, said he would recommend to the general membership that they ratify the agreement.

He said he did not know when the ratification meetings would be held, but that locals would be notified as soon as possible and an attempt made to hold meetings simultaneously in all affected ports.

Lawrence Kammet, MEBA publicity representative, said the general shipping tieup would not be ended by the agreement, since the AFL organization still was negotiating for a settlement, and the engineers would continue to respect MMP picket lines.

Terms of the contract were withheld by Trainer and Frank J. Taylor, president of the American Merchant Marine Institute, representing the operators, pending notification of the union membership and ship operating companies.

Agreement with both unions would end the shipping tie up on the East and Gulf Coasts, leaving only the West Coast strikebound. Nearly all American shipping has been paralyzed by the strike.

The unions are to negotiate with Pacific Coast operators later.

Per Capita Warrants Released To Schools

AUSTIN—(P)—State School Supt. L. A. Woods has announced release of the first available school fund per capita apportionment warrants for the current school year.

They represented a payment of \$3 per capita on 1,261,876 scholars, based on the census as of October 10.

It was the initial payment on the \$35 per capita apportionment authorized by the State Board of Education.

Weather

Continued fair weather but cooler Wednesday. Maximum temperature Monday was 85 degrees, minimum Tuesday morning was 64 degrees.

West Texas Given 20 Oil Production Days For November While State's Permissive Increased 66,876 Barrels

AUSTIN—(P)—The Railroad Commission Tuesday issued its November crude oil allowable order designed to result in production of 2,108,166 barrels of crude oil daily in Texas next month.

The order increased permissive production 66,876 barrels above the current permissive flow.

The change resulted from revisions in maximum efficiency rates of Texas fields and from boosting general producing days for the state from its current 24 days to 25 for November.

West Texas (District 8) was given 20 producing days and the big East Texas field 21. The Panhandle remained exempt from shutdown.

The commission set net allowable at 2,242,730 barrels of crude daily for November, but an estimated underproduction of six per cent, or 134,564 barrels, was expected to reduce the crude flow to 2,108,166 barrels per day.

The U. S. Bureau of Mines estimate of November market demand for Texas crude was 2,090 barrels daily, 18,166 barrels per day less than the commission expects to be produced under the November order.

Petroleum Liquids Hiked
Expected production of natural gasoline and distillate was set at 180,370 barrels daily, increasing prospective production of all petroleum liquids during November to 2,288,536 barrels daily.

The next statewide oil hearing at which testimony will be taken on which to base December allowables was set for November 14 at the State Capitol.

The net allowable by districts as of October 19, as compared to November:

- 1. Southwest Texas, 21,224, 19,729, down 1,495.
- 2. Southwest Texas, 157,303, 159,325, up 2,022.
- 3. Gulf Coast, 482,604, 501,773, up 19,169.
- 4. Southwest Texas, 224,579, 239,884, up 15,305.
- 5. East Central Texas, 43,398, 39,678, down 3,720.
- 6. East Texas (outside), 106,584, 111,332, up 4,748.
- 6. East Texas Field, 318,572, 328,943, up 10,371.
- 7-B. West Central Texas, 37,338, 39,394, up 2,056.
- 7-C. West Central Texas, 28,825, 31,663, up 2,838.
- 8. West Texas, 523,406, 537,073, up 13,667.
- 9. North Texas, 141,311, 142,830, up 1,528.
- 10. Panhandle, 90,710, 91,097, up 387.

DOWNYFLAKE DONUT DEPOT
GEORGE H. PETERS,
Owner-Operator
AT HARRIS-LUCKETT STORES
114 North Main - Midland

By NAOMI BLACK
NEA Special Correspondent
LOS ANGELES—(NEA)—With a forward look to the American woman's fashion needs for next spring and summer and a backward glance at the West's most fabulous era, California textile designers take the Santa Fe Trail as the theme for the most spectacular fabric and fashion showing this market has known.
Hand-screened prints comprising 50 designs, created by women authentic and depicting the various phases of Santa Fe Trail history, were shown on the very rim of the Grand Canyon. Lending themselves readily to textile interpretation were fabrics from famous mills including such textures as one-denier rayon crepe and 75-denier weaves of canton crepe shantung rayon, superlative novelties and celanese Jersey.
Twenty-four top-name California designers have turned these fabrics into play clothes, casual wear, swim suits, afternoon dresses, teenage garments, blouses and slack suits.
Flashing through the collection are vibrant colors and unconventional designs. Prints are large and small, closely spaced and widely scattered; bayadered and bordered. Borders—often 14 inches deep—depict such colorful scenes as the buffalo hunt, a brilliant six-color

Fashion Look: Westward

print of feathered Indian warriors on galloping ponies charging a buffalo herd against a backdrop of purple mountains. As spectacular is "Santa Fe Train Time," a finely-drawn panorama of the early days complete with travelers, covered wagons, friendly Indians and the historic "trail" posed against a backdrop of the early Western town.

"Zuni war dance" is another motif used. This is an action pattern of elaborately costumed Indians in various motions of the historical dance.

Widely spaced prints include "Kachina masks," authentic reproductions of ceremonial dances. The masks are in brilliant blues, reds, greens and yellow on a mat-black background. "Indian war bonnets," reproduces a series of famous bonnets on a dark background.
Other wide-spaced designs include the flowers of the west, Indian pottery motifs, wagon wheels and the fantastically beautiful designs found in Indian beadwork and sand paintings.

All-over prints pay style tribute to Taos in pictorializations of that famous landmark: Pueblo land in a panorama motif of pueblos, yucca, cactus and miners, and Grand Canyon in a colorful delineation of

vast expanses of layered strata of purple, gold green and red.

Stripes throughout the group of Santa Fe Trail-inspired prints are mostly broken and tend to give the effect of an all-over design. An example is the broken stripe used in the pattern called "Kachina dolls," small wooden images made by Hopi Indians. Faithful to the natural willow-root color is the motif of the doll, dressed in colorful red and blue costumes and feathered headdresses which the tribe favored for ceremonial dances.

Lamesa Man Sent To Prison For Robbery

SAN ANGELO—(AP)—A five-year penitentiary sentence has been assessed against Richmond Hogg, 32, of Lamesa after being convicted in connection with the robbing and beating of Guy Jackson of Celina here last August.

Hogg had been charged along with L. V. Fannin of San Angelo. Fannin was sentenced to 25 years.

A 119th District Court jury deliberated less than 15 minutes in returning Hogg's verdict Monday.

VISIT IN MIDLAND

Mr. and Mrs. James A. Griswold of Corpus Christi are visiting in the home of Griswold's parents, Mr. and Mrs. E. H. Griswold, Jr., 1000 North A Street.

Griswold, recently discharged from the Navy, and Mrs. Griswold will remain in Midland until January.

MRS. R. H. FRIZZELL GIVES BOOK REVIEW AT LUNCHEON MEET

Mrs. R. H. Frizzell, Sr., of Westover, reviewed "Behold Your King" by Florence Bauer at the covered dish luncheon meeting of the Women's Council of the First Christian Church, Monday.

Directing the meeting and giving the devotional on the Golden Rule was Mrs. R. H. Frizzell, Jr.

Present were Mmes. A. E. Barnes, F. E. Curtis, Jr., Clyde Lindsley, S. W. Estes, Mittie Norman, W. S. Norman, W. S. Elkin, John Caselman, W. S. Dunagan, G. H. Butler, Ivan Hood, George Ratliff, B. H. Spaw, Bates Hoffer, A. M. Conant, Ella Ragsdale, Jerry Johnson, W. E. Price, R. J. Auld, Sidney P. Hall, Paul Martin, V. H. Heidelberg, L. E. Ender, B. W. Reecer, E. J. Pierce, Jr., W. E. Shipoy, Jr., Charles Klaproth, Wade Heath, J. H. Elder, and Misses Lula M. Elkins and Josephine Guly.

Mrs. Frizzell, Sr., Mrs. J. H. Conine, Mrs. W. T. Hayes, Mrs. J. C. Chauce, and the Rev. Clyde Lindsley were guests.

Wichita, Kans., Girl And Former Midland Man To Wed In November

WICHITA, KAN.—Mr. and Mrs. C. B. Mitchell of Wichita announce the engagement and approaching marriage of their daughter, Miss Sally Lou Mitchell, to Paul Winifred Howell, Jr., son of Mr. and Mrs. Paul Winifred Howell, also of Wichita and formerly of Midland. The wedding will take place November 7.

Howell, recently discharged from the Army after serving 32 months, 13 of which were spent in the Pacific Theater, is attending the University of Oklahoma.

Congratulations To

Mr. and Mrs. R. S. Elliott on the birth, Sunday, of a son, William Bush, weighing seven pounds, four ounces.

Mr. and Mrs. J. B. Hanks on the birth, Sunday, of a daughter, Linda, weighing five pounds, 13 ounces.

Mr. and Mrs. Dick White on the birth, Sunday, of a daughter, Barbara Kay, weighing seven pounds, 12 ounces.

Mr. and Mrs. Doy B. Scribner, on the birth, Sunday, of a daughter, Janelle Lynn, weighing eight pounds, two ounces.

Mr. and Mrs. J. P. McEldowney, on the birth, Monday, of a son, Terry Oneal, weighing six pounds, four ounces.

Mr. and Mrs. J. D. Carter on the birth, Monday, of a daughter, Karen Jean, weighing five pounds, 15 ounces.

Midland Community Theater Stages 'The Torchbearers' In Season's Sixth Production At City-County Auditorium

Midland theatergoers will have a second opportunity to see a satire on producing plays when the Community Theater presents "The Torchbearers" at 8:15 p. m. Tuesday in the City-County Auditorium. The first performance of the three-act comedy was presented Monday evening. Pictured left to right on the stage are Actors Art Cole, Mickey Fitting, Dr. H. A. Ireland, G. H. Brewer, Elwood Turrentine, Edna Lou Prange, Dorothy Gates, Mrs. Frank Manning, William Pomeroy, and Sally Hills.

By **TANNER LAINE**

Midland Community Theater presented "The Torchbearers," its sixth production of the season, Monday evening in the City-County Auditorium and the audience of patrons was full measurably pleased with the comedy—a satire on the performance of the players in the very acts they were doing. "The Torchbearers" is a satire on amateur theatrical groups. It will be presented again at 8:15 p. m. Tuesday.

How brave then for the Midland Community Theater to do "The Torchbearers" but how clever, for the Art Cole-directed group did it well. Cole himself took an act in this one. He was Mr. Spineless, pardon us, Mr. Spindler, the effeminate stage properties man, who never was at the right place at the right time but who lived in soleful admiration and attention of and to Mrs. Pampinelli, the directress, even when she quoted from Emerson to Lincoln. And what lessons Cole, a real director, must have gotten from Mrs. Pampinelli!

Mrs. Pampinelli was played expertly by Mickey Fitting. Here was good acting, for the part said she must gush art and she did. Play Done Nicely

Here and now it is well to say the play was done nicely even to the timely cuckoo of the clock to interrupt Mrs. Pampinelli as she put her "puppets" through the paces. The telephone rang at the

right time in the real play but not in the make-believe one. For everything went wrong with torchbearers, of "The Torchbearers". The prompter forgot. The mustache fell off. Actors tripped. The sound effects were way off (poor Spindler he had a h--- of a time). But all these things went wrong in the play presented by the group in the real play. That's the satire. And very well done it was.

William H. Pomeroy, Jr., was Frederick Ritter, the husband of a woman in a play. Ritter took his wife's acting pretty hard but in the end carried his point to stop it forever by (hint to husbands), telling her she should leave the memory of her "greatest" performance as her first with the public. And thus he got to keep her at home before she fell to the "fire" of MGM or the New York stage or a next play. Even Maid Was "Actress"

Dorothy Gates played Jenny, the maid. Why even she had once been an actress upon her own confession. Helen Manning did Paula Ritter, the wife, who brought a rehearsal to her home and almost lost her husband in the act and her acting. She let her satellites sell her that she was marvelous. But in the end she loved her home and husband above acting.

Sally Hills was Mrs. Nelly Fell, the prompter. She loved the love of men, even in satire which she didn't detect. She had three husbands and she confessed the last one she had told the law just as soon as they got home from the church. She was tall and she was a "gusher" too.

Elwood Turrentine was Huxley Hessefrosse, "our" leading man in the make-believe play. Huxley was an artist, yes sir. He was the kind of big fellow you hate to see get arty. Turrentine's part was well done.

H. G. Brewer was Teddy Spearling, a young fellow in the play. His real nickname "Bubba" might well have been used in the make-believe play. Teddy ended up bad though. He fainted when he came off the stage, much to the dismay of that jittery bunch backstage.

"Other Woman" in Triangle
Edna Lou Prange played Florence McCrickett, the other woman in a triangle. Oh how dramatically she was coached by Mrs. Pampinelli. "Do you feel like crying there, my darling," asked solicitous Mrs. P. about a part in the make-believe.

H. A. Ireland was Ralph Twiller, who only lost his "muscle" twice and then decided to quit sticking it back on for the sake of art. For he was really serious about his acting. And Mrs. P. poured fuel to his fire.

Bob Fitting was the stage man-

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 22, 1946-3

WSCS Closes Study Of India

Completing the study of "India at the Threshold," members of the Women's Society of Christian Service of the First Methodist Church met Monday afternoon in the Scharbauer Educational building.

Three skits, "Literacy Thrills the Village," "Convicted in a Fort-night," and "Discussion on Independence" were presented.

Mrs. Earl Chapman, Mrs. J. P. Carson, Jr., and Mrs. J. A. Sewell of the Winnie Prothro Circle presented the first skit; Mrs. Frank Prothro, Mrs. Roy McKee and Mrs. J. C. Smith of the Mary Scharbauer Circle gave the second, and Mrs. Luther Tidwell, Mrs. H. M. McReynolds, Mrs. Jess Barber, Mrs. D. E. Hoover, Mrs. E. P. Birkhead, Mrs. Bob Baker, and Mrs. Ellis Conner of the Belle Bennett Circle took part in the last skit.

Others present were Mmes. Mary Lou Snodgrass, Minnie Crumley, T. A. Fannin, John Ficke, J. H. Conine, R. L. German, N. G. Gates, Everett Klebold, Joe P. Birdwell, J. C. Smith, W. A. Black, J. A. Watson, L. T. Baker, Ellis Conner, E. J. Voliva, C. H. Shepard, Otis Ligon, Mary S. Ray, A. J. Norwood, J. A. Andrews, Elmer Watkins, Jess Miles, Iva Noyes, John B. Luccoss, M. W. Sartain, J. Wayne Campbell, Ivy Ponder, Velma Smith, J. M. Prothro, B. L. Haag, Stacy Allen, Bill Kinney, John A. Sewell, and Mrs. Harold Welch, Mrs. Clinton E. Smith and Miss Wanda Smith, visitors.

The black opal discovered in the year 1900 in the White Cliff region of New South Wales is noted for the wonderful flames of green, red and blue in a black field.

Two display tables of various articles from India were at one end of the meeting room. A love offering was taken to be sent to India.

Wins Special Recognition
The Belle Bennett Circle was given special recognition for having the largest number present. The 13 members were presented yellow and white chrysanthemum corsages.

Serving during the refreshment hour were Mrs. George P. Bradbury, Mrs. Chapman, Mrs. Tidwell, Mrs. Hugh Duncan and Mrs. Frank Prothro.

The next meeting will be Monday at the Scharbauer Educational Building when a program on "Our Prison System" will be given, Mrs. Bradbury announced.

The opening and closing prayers

NEW TREATMENT CHASES PIN-WORMS

Millions have suffered in silence with the misery of Pin-Worms—but need suffer no longer! Today, thanks to a special, medically recognized drug, a highly effective treatment has been made possible. This drug is the vital ingredient in P-W, the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son.

The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms and relieve that tormenting rectal itch.

So if you suspect Pin-Worms in your child or yourself, ask your druggist for a package of JAYNE'S P-W right away, and follow the directions.

It's easy to remember: P-W for Pin-Worms!

AUXILIARY LESSON IS PRESENTED BY MRS. ERNEST SIDWELL

Mrs. Ernest Sidwell presented the first lesson in the Book of Isaiah when 45 members of the Woman's Auxiliary of the First Presbyterian Church met Monday afternoon.

Five lessons will be given by Mrs. Sidwell on the third Monday of the month.

In her talk Mrs. Sidwell said: "Isaiah was a statesman as well as a prophet. Most of his prophecies were interpretations of stirring international events and failures. Isaiah censured the leaders of his day, but insisted that although the rulers of a people exert a most significant influence over them, a nation's ultimate destiny depends at the last on the moral fibre of its citizens. Bad rulers may plunge a nation into disaster. But if the citizenry has kept hold of the imperishable virtues which make for righteousness, the nation will weather the storm and find its life cleansed of calamity."

What Is Wrong When Prayer Fails?

Thirty years ago, in Forbidden Tibet, behind the highest mountains in the world, a young Englishman named Edwin J. Dingle found the answer to this question. A great mystic opened his eyes. A great change came over him. He realized the strange Power that Knowledge gives.

That Power, he says, can transform the life of anyone. Questions, whatever they are, can be answered. The problems of health, death, poverty and wrong, can be solved. In his own case, he was brought back to splendid health. He acquired wealth, too, as well as worldwide professional recognition. Thirty years ago, he was sick as a man could be and live. Once his coffin was bought. Years of almost continuous tropical fevers, broken bones, near blindness, privation and danger had made a human wreck of him, physically and mentally.

He was about to be sent back to England to die, when a strange message came—"They are waiting for you in Tibet." He wants to tell the whole world what he learned there, under the guidance of the

greatest mystic he ever encountered during his twenty-one years in the Far East. He wants everyone to experience the greater health and the Power, which there came to him.

Within ten years, he was able to retire to this country with a fortune. He had been honored by fellowship in the World's leading geographical societies, for his work as a geographer. And today, 30 years later, he is still so athletic, capable of so much work, so young in appearance, it is hard to believe he has lived so long.

As a first step in their progress toward the Power that Knowledge gives, Mr. Dingle wants to send to readers of this paper a 9,000-word treatise. He says the time has come for it to be released to the Western World, and offers to send it, free of cost or obligation, to sincere readers of this notice. For your free copy, address The Institute of Mentalphysics, 213 South Hobart Blvd., Dept. 183-B, Los Angeles 4, Calif. Readers are urged to write promptly, as only a limited number of the free books have been printed. (Adv.)

Strange Bedfellow

It is a truism that American political party labels—at least those of the two major parties—have ceased to mean much.

In fact, the results may add to the confusion and leave the voter wondering what cohesive force there is, if any, that will be strong enough to hold together the present party alignments from the coming election day to the first Tuesday after the first Monday of November, 1948.

Time was when a person could say, "I'm a Democrat because I believe in states' rights", or "I'm a Republican because I favor a protective tariff".

These distinctions became a fact among the Democrats early in the Roosevelt administration. They became a fact among the Republicans with the imminence of war.

So today we have Southern Democrats and Truman Democrats and Wallace Democrats. We have Taft Republicans and Dewey Republicans and Stassen Republicans.

Within the orbit of the Democratic Party are the CIO-PAC, the Independent Citizens' Committee of the Arts, Sciences and Professions, the Communist, American Labor and Liberal Parties (all three of which are supporting the Democratic slate in New York), Senator Bilbo and Gov. Gene Talmadge.

That lineup represents a lot of incompatibility but there is even more than appears on the surface. The CIO is inwardly split on Russia and Communism.

There are Bricker Republicans who seem to be to the right even of the Taft Republicans. There are Stassen supporters who in many ways are more New-Dealish than some of the men surrounding President Truman.

Out of all this confusion two things seem reasonably certain as of today:

- 1. Some issues, raised for purely domestic political reasons, will have international repercussions—as witness the British reaction to President Truman's and Governor Dewey's recent statements on Palestine.
- 2. The two 1948 Presidential candidates, whoever they are, will be a profound disappointment to many of their nominal party members.

Luxury Item

During his testimony before the Tenney ("little Dies") Committee of the California legislature, Paul Robeson, the singer and actor, was asked if he did not think that Russia in 1917 was an ideal testing-ground for Marxism.

The enthusiastically pro-Russian Robeson said, "No, I think the best country in the world to test the principles of Marxism might be the America of today. Russia in 1917 was too poor".

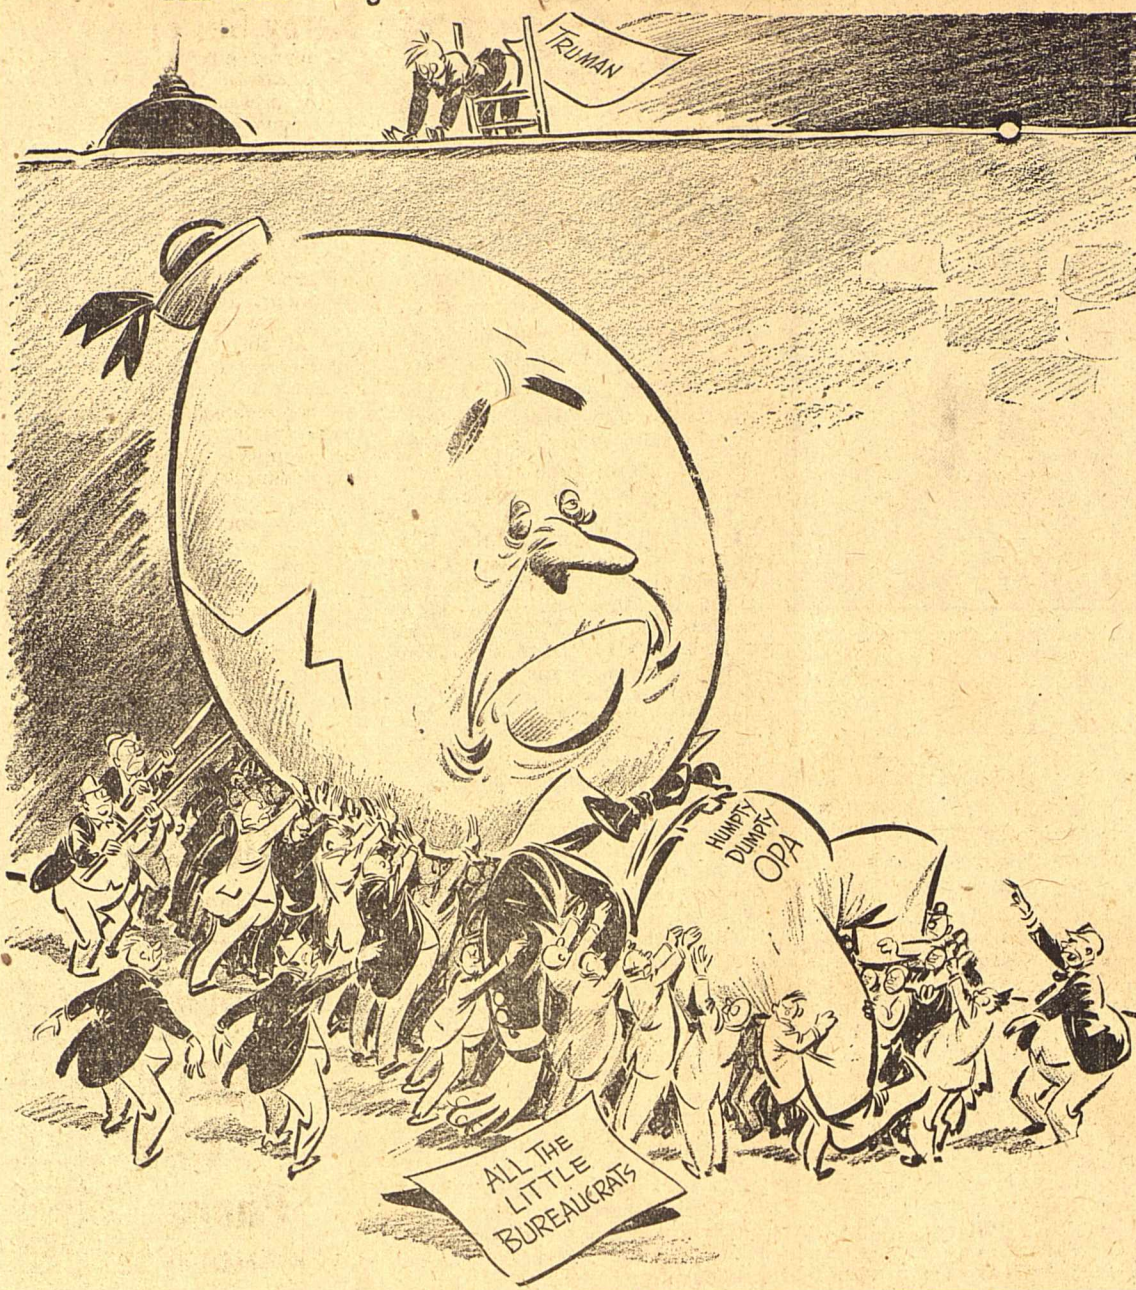

Some Soviet economists have said substantially the same thing. It all confirms our growing suspicion that communism is not an economic panacea or even a practical path to prosperity. It is a luxury which requires a solid base of high production, high wages, high living standards and plenty of capital on which to experiment.

Yet the Communists in America tell us that the only way to correct our admitted social, economic and human-Italian injustices is to scrap our economic system. They sing variations on "Arise, Ye Prisoners of Starvation" while the Russian peasant, under the blessings of Marxism, envies the American farmer or worker his food, clothes, shoes, automobile, and other comforts.

The Mysterious East

Our conception of the Chinese as a calm, self-contained and philosophical people received a jolt when we read of the latest strike of bus and trolley operators in Shanghai. They walked off the job not for higher wages, but in protest against being constantly hit, kicked, pushed and intimidated by passengers.

Jeep Driving GI's Buck Cab Decreases In Texas Cities

By The Associated Press GIs who drove jeeps during the war find it's not so easy to drive taxicabs back home. In Amarillo and Dallas city ordinances present difficulties.

A veterans group called the Veterans Free Cab Company launched its first cabs in Amarillo October 19 despite refusal of the city to issue permits.

The drivers operate on the "donation system." Don E. Crowder, spokesman for the veterans, said the cabs operate on a "free" basis. If a customer does not wish to pay, drivers are instructed to say: "Thank you, sir. Call us again."

The present city ordinance governing the operation of taxicabs sets forth the fares to be charged.

"This free ride business does not appeal to us," City Manager A. P. Hancock said.

Vets Expect Trouble The veterans expect trouble. Heads of the campaign are standing by to post bond and legal representatives are prepared for action.

In Dallas, a well organized, well financed group of GIs is seeking a franchise which so far has not been forthcoming from the city. Supervisor of Public Utilities J. W. Monk said he expected to present his recommendation to the City Council Wednesday. He did not say what his recommendation would be.

Attorney Sam Fassman, a stockholder in the GI Transportation Company, the applying concern, said that if the franchise is granted, 20 cabs would be in service in time to handle an expected influx of passengers during the Christmas rush.

Every now and then, umbrellas should be given thorough cleaning, to keep them in good condition.

Bissell Takes Top Wranglers' Club Award Fifth Time

Pledging 10 new members each by the end of the year, members of the Wranglers' Club, membership division of the Midland Chamber of Commerce, held their monthly breakfast in the Scharbauer Hotel Tuesday morning.

The goals, if reached, would make the Midland Chamber the largest in the Permian Basin area from a membership standpoint, Clint Dunagan, Wrangler foreman, explained.

Bissell Again Top Wrangler Bud Bissell was named "top Wrangler of the month" for the fifth consecutive time. Bissell, one of West Texas' outstanding chamber of commerce membership workers, brought in 26 new members during the last month, bringing his total for the year to 83.

Dunagan reviewed past accomplishments of the Wranglers, and listed proposed plans for the future. The Wranglers have accounted for 201 new Chamber of Commerce members since April, increasing the annual revenue of the organization by \$4,312.

Discuss Program For Year Wranglers present at the breakfast discussed a work program for the remainder of the year. New Chamber of Commerce members enrolled during the last month include:

W. M. Spoons, Wayne Campbell, Noel G. Oates, Elma F. Graves, Imogene Dunn, Mrs. George L. Armstrong, Kathryn Shirley, Aven T. Pierce, Albert S. Kelley, Midland Mercantile Company, Jones Boot Shop, Lucille M. Johnson, Hine School of Business, Phona-Letter, Reyes Blacksmith Shop, Bonds Wholesale, Dr. T. J. Inman, Mac's Conoco Station, Decol Studio, Richardson's Nursery & Tree Surgery, Midland Plumbing Company, Mid-West Paint and Glass Shop, Frank Miller Studio, and the Midland News Stand.

The hearing is scheduled to begin at 9 a. m. at the Bluebonnet Hotel in Sweetwater. McKissick pointed out here that the proposed schedules would connect at Lamesa with buses from Lubbock and other Plains points to create a more direct route between Lubbock and Midland and intermediate and nearby points.

Hearing Scheduled On Proposed Bus Route

SWEETWATER—A hearing will be held Friday, November 8, at Sweetwater on an application to operate a bus line between Lamesa, Midland, Iraan and Rankin.

The application has been filed by Robert W. McKissick of Abilene, doing business as Robert Lee Coaches.

The hearing is scheduled to begin at 9 a. m. at the Bluebonnet Hotel in Sweetwater. McKissick pointed out here that the proposed schedules would connect at Lamesa with buses from Lubbock and other Plains points to create a more direct route between Lubbock and Midland and intermediate and nearby points.

Oil Union Workers Seek Pay Increase

GALVESTON—(AP)—The nation's oil workers in recent months have lost 20 per cent of their purchasing power because of the collapse of price stabilization, O. A. Knight, president of the Oil Workers International Union, has asserted here.

He said there is no alternative left the organized oil workers but to seek a substantial wage increase immediately. One purpose of the present policy committee meeting is to determine what increase would be fair to members.

The sleeping sponge was the major anesthetic of the Middle Ages.

The Mountain Grown Coffee ENJOYED FOR ITS GOODNESS AND ITS ECONOMY

People who know and love the inimitable Folger Flavor do not drink just "coffee." They call it Folger's and they ask for Folger's and they drink and enjoy Folger's... it is that distinctively different and delightful.

THE EXTRA RICHNESS OF THE FOLGER FLAVOR IS A REAL MONEY SAVER FOR WITH FOLGER'S YOU ARE ASKED TO USE 1/4 LESS THAN OF LESSER FLAVORED BRANDS. REALLY WORTH TRYING.

Whenever you want a really good cup of coffee, be sure to ask your grocer for Folger's.

Governor Says Expenditures Of State Will Rise

AUSTIN —(AP)— While there will be some necessary increases in state expenditures for the next biennium, Gov. Coke Stevenson believes that with "reasonable production," Texas can continue on a pay-as-you-go basis.

Commenting on the state auditor's recently-released estimate of probable incomes, Stevenson said that revenues would probably not continue to be as high as they have been.

Asked if he agreed with President Truman's statement that government expenditures should be cut to help curb inflation, the governor said:

"I agree with Truman so far as national government expenditures are concerned, but this state's have been curbed all along."

Stevenson also had this to say at Tuesday's press conference:

Favors Road Amendment
He has made up his mind to vote for the Good Roads Constitutional Amendment and the John Tarleton Debt-Paying Amendment to be submitted in the general election November 5, but he has not yet made a personal decision on the other two proposed amendments set for submission that week.

He would be opposed to any new movement looking toward sale of the state prison farms, with consequent centralization and industrialization of the prison system.

He heartily endorses a plan for raising \$1,000,000 for a living memorial to University of Texas students and ex-students who were killed in the war. He plans to issue a proclamation soon voicing his approval of the plan to set up a scholarship fund and build a dormitory.

Commission Indicates Plenty Of Texas Deer

AUSTIN —(AP)— The outlook for deer and quail season will be discussed when the State Game, Fish and Cyster Commission holds its quarterly meeting here Thursday.

Game Commission biologists have indicated supplies of deer will be plentiful generally, although short in numbers or quality in some drouth areas.

COTTON

NEW YORK —(AP)— Cotton futures at noon Tuesday were \$2.00 to \$3.30 a bale up from the previous day. December 33.20, March 33.89, and May 32.36.

place at an international conference called for that purpose."

The foreign secretary, turning to one of Great Britain's major foreign affairs issues, declared:

"We have done our best to re-create Greece."

He announced British determination to see things there put right, and declared:

"So far as the government is concerned we will not desert Greece after the great comradeship that existed between us, and we shall pursue our policy of trying to assist her economically as well. x x x

Hits Outside Interference
"Outside interference with Greece must stop."

His announcement roused cries of "leave her alone" from various sections of the House.

He said Great Britain planned to withdraw her troops from Greece as "early as possible."

He said two special envoys had been sent to investigate charges that the Royalist government had obstructed the Greek trade union movement.

Bevin, in opening a scheduled two-day debate on the foreign policy of the labor government, is expected to chart Britain's future course in foreign affairs and to deal specifically with the vital problems of reconciling East-West views in writing the peace and plans for postwar Germany.

The debate, which will be carried on Tuesday by R. A. Butler, Conservative and former cabinet member, and Wednesday by Prime Minister Clement Attlee and Winston Churchill, also is expected to touch on British policy in Egypt, Greece, India and Palestine.

Sandwiched between the closing of the United Nations General Assembly meeting in New York, the foreign policy debate in Britain follows by only a few days the recent restatement of U. S. foreign policy by Secretary of State James F. Byrnes.

ARC No. 1-

Advertise or be Forgotten.
No. 1 Turner, East Midland County wildcat, 12 miles southeast of Midland, was drilled ahead below 10,431 feet, in lime, after a one hour drillstem test at 10,337-420 feet, recovered 200 feet of gas cut drilling mud. No signs of oil were reported in the fluid.

Elkins Still Flows
Humble No. 1 Elkins, northeast stepout from the discovery for Ellenburger production in the Polar field, in Southwest Kent County, flowed to test for seven hours on perforations at 7,795-7,825 feet, in the Ellenburger, which had been treated with a total of 8,000 gallons of acid.

During the seven hours the well flowed an average of 174 barrels of fluid per hour, of which 48 per cent was brackish water. The flow was through a one-inch choke on tubing. Gas volume was at the rate of 216,000 cubic feet per day. Testing was continuing.

Save soap sippers; place them in a dish of water by sink and use on greasy pots and pans.

Rattling Good Idea

Make no bones about it, members of the Financial Employees' Guild (CIO) were in dead earnest when they recently picketed the Wall Street office of the Bankers Trust Co., in New York City. They brought a skeleton along to emphasize their contention that "the skeleton in the bankers' closet is low wages."

\$12,000 Budget Set Up For Jester Inauguration

AUSTIN —(AP)— A \$12,000 budget has been set up to defray expenses of the ceremonial inauguration of Beauford H. Jester as governor. The money will be raised by public subscription.

Plans have been made for four formal balls and for a square dance in the Senate Chamber to highlight the social activities of the inauguration.

Livestock

FORT WORTH —(AP)— Cattle 4,000; calves 3,800; trade more active, prices mostly steady; medium to good steers and yearlings 14.00-18.00; common mostly 11.00-13.00; 14.00; cutter and common 8.00-10.00; canners 6.00-8.00; bulls 8.00-14.00; good and choice fat calves 14.50-16.05; common and medium 10.00-14.00; stocker and feeder calves and yearlings 11.00-16.00.

Hogs 400; butcher hogs and sows steady to 1.00 higher with closing sales steady; stocker pigs weak; top 26.25; good and choice 175 lbs up 25.00-26.00; good and choice 140-170 lbs 22.00-14.50; sows 21.50; stocker pigs 19.00-20.00.

Sheep 3500; fat lambs weak, feeder lambs and aged sheep 50-1.00 lower than Monday's average; medium and few good fat lambs 16.00-18.00; medium yearlings 18.00; medium and good ewes 6.50-8.00; cull and common ewes 5.00-6.00; medium and good feeder lambs 12.50-14.00.

JayCeas Will Make Mercy Gift Friday

A mercy gift in the interest of public health in Midland County will be presented to the citizens of the county and city at a luncheon meeting of the Junior Chamber of Commerce Friday in the Scharbauer Hotel.

It is a Pollo-Pak machine purchased by the JayCeas for use by anyone who needs it. The machine cost \$275 and will be kept in a convenient location.

It is now on display in the window of the Midland Chamber of Commerce office in the Scharbauer Hotel.

A ceremonies presentation will be made at the luncheon, which city and county officials will attend. More than 200 persons are expected at the luncheon. A nurse will explain the operation of the machine.

Nylon's versatility is depicted with fabrics in velvet, taffeta, satin, marquisette, lace and even fringe.

JayCeas Plan 'Bust 'Em' Attendance Campaign

A "bust 'em" attendance drive for the Midland Junior Chamber of Commerce was planned at a breakfast meeting of the attendance committee Tuesday morning in the Scharbauer Hotel.

The drive is planned because the JayCee organization, the largest in the city, has the smallest weekly attendance.

Alfred (Red) Petty was in charge of the breakfast.

Canned Pork And Beans Will Go Up At Grocers

WASHINGTON —(AP)— Grocery prices for canned pork and beans and baked beans will go up two to three cents a can, OPA announced Tuesday.

The agency allowed an immediate increase in ceilings for processed beans because of higher labor and other costs. The increases will reach consumers, OPA added, when the first cans of the higher priced food reach retail stores.

U. S. Boosts Grain Allowables For Liquor
WASHINGTON —(AP)— The government boosted grain allowances to whisky, beer and ale makers Tuesday in a step pointing to early removal of OPA ceilings on flour, bread and breakfast foods.

It's not that we don't love our work!

WE DO LOVE our work—but these days, we almost dread leaving home and going to our showroom.

So many people want new Packards, and there are so few coming through!

But you can't build cars without materials!

The factory is straining every effort to get more parts and material so production can be increased.

We're doing our best!

Some cars have been shipped with wooden bumpers, some without window regulator handles. This costs the factory a lot of money, for it means that replacements must be shipped and installed later.

Under such difficulties, it's a wonder the folks at the factory have done as well as they have. This year, compared to the same period of 1941, Packard has built a higher percentage of cars than the industry as a whole.

We don't dare predict!

Our customers have been so patient that we'd like to sound some optimistic note.

Shade of Sycamore

By PERCY MARKS Author of "The Plastic Age" "A Tree Grows Straight" Etc.
© by Percy Marks; Distributed by NEA Service, Inc.

ON New Year's Day, 1941, Gayle sat in her living room smoking a cigarette and staring into the leaping flames in the fireplace. She could hear active movements in the kitchen and dining room. Mrs. Mays, Tom, and the maid were all extremely busy, because there would be many people coming later in the afternoon for cocktails and egg nog. Bart was sleeping. He had awakened in the middle of the morning, had breakfast, and then gone back to sleep again. Gayle knew she would have to rouse him soon. Well, she would—and she would hide the fact that her world had fallen in ruins around her along with all the rest of the world.

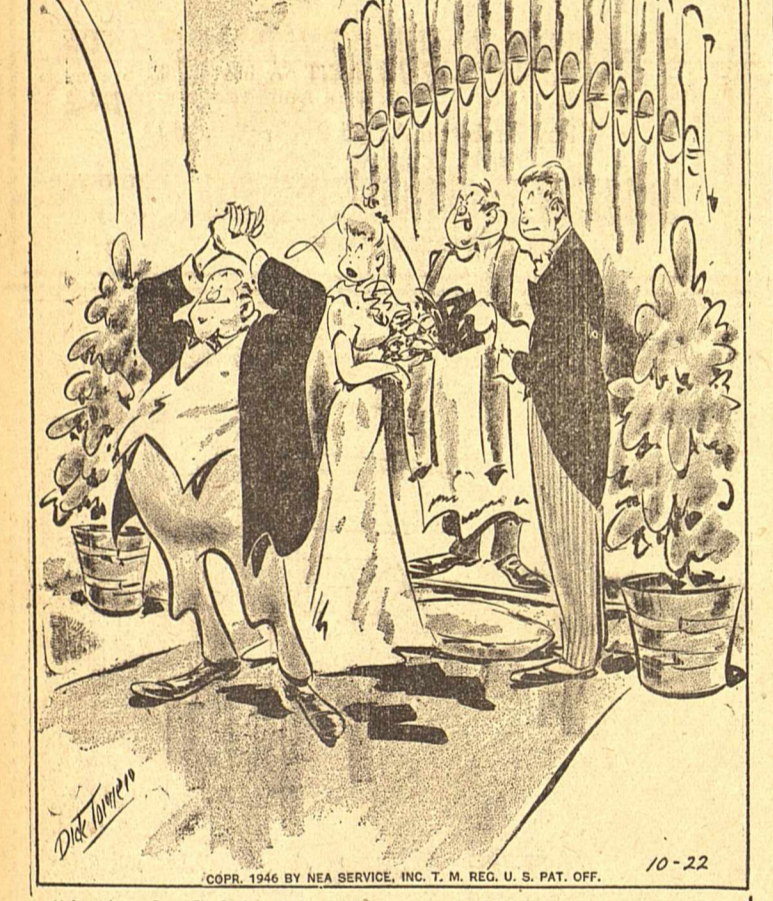

She felt tired, too numb and beaten to think, but thoughts seemed to push their way into her resisting brain. They formed themselves in spite of her, and once formed, they taunted her with her blindness and stupidity. "I ought to have known months ago," she told herself wearily. "It was as plain as anything."

In the past months Bart's flirtations had grown both more numerous and more open. She wondered sometimes if he actually thought she did not care. Once she had protested. "You owe me some consideration, Bart," she had said, careful to keep her voice quiet and controlled. "Maybe it is just fun to you, but it's humiliation to me—public humiliation. I suppose you aren't serious, but you act serious. If Beth didn't get the idea tonight you were mad about her, she must be terribly stupid, and I don't think she is." "Oh, don't be silly, Gayle," he had protested, laughing. "You know I don't give a darn about Beth. She's a good-looking girl with lots of the old sex appeal. You can't help playing up to her. But what's a little play?"

Retired President Of Cotton Belt Dies
ST. LOUIS (AP)—Daniel Upthegrove, 75, former chief executive officer and corporate president of the St. Louis Southwestern Railway Line (Cotton Belt Railroad), died here Tuesday at St. Luke's Hospital following a stroke last Friday. He retired September 13 after 50 years service with the Cotton Belt.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service
The first Southern Appalachian Tournament held since the beginning of the war got off to a good start at Asheville, N. C., this year. There were over 125 out-of-town and out-of-state players, with 15 or 20 states represented in the group.

The men's pair championship, a new event on the program, was won by two of the South's most popular players, Benjamin Johnson, of Spartanburg, S. C., and Murry Gross of Asheville.

Gross is known as a psychic bidder, and although he appears to be clowning at times, he can be depended on to have his feet on the ground when it comes to an im-

portant decision. He showed great restraint in not doubling six hearts on today's hand. He did not double on the first round of bidding for fear that the two-heart bid might be left in. He wanted his partner to bid, so he chose the cue-bid of three hearts.

Much to his surprise, South leaped to six hearts, and that bid kept Gross from doubling. North's response of two hearts over one showed a truly weak hand. With East showing a powerhouse and North showing weakness, if South could jump to six hearts, Gross was not going to let him make it doubled against him. So he passed, and the pass gave him a top score.

The only trick the declarer lost was the opening spade lead. South trumped the second spade, took two rounds of trumps and established his club suit by ruffing a small club.

At first glance it appears that East certainly should double six hearts; but if the six bidder is a good sound player, a study of the bidding indicates that a double would be of doubtful value.

20 New Parking Meters Set On Colorado Street

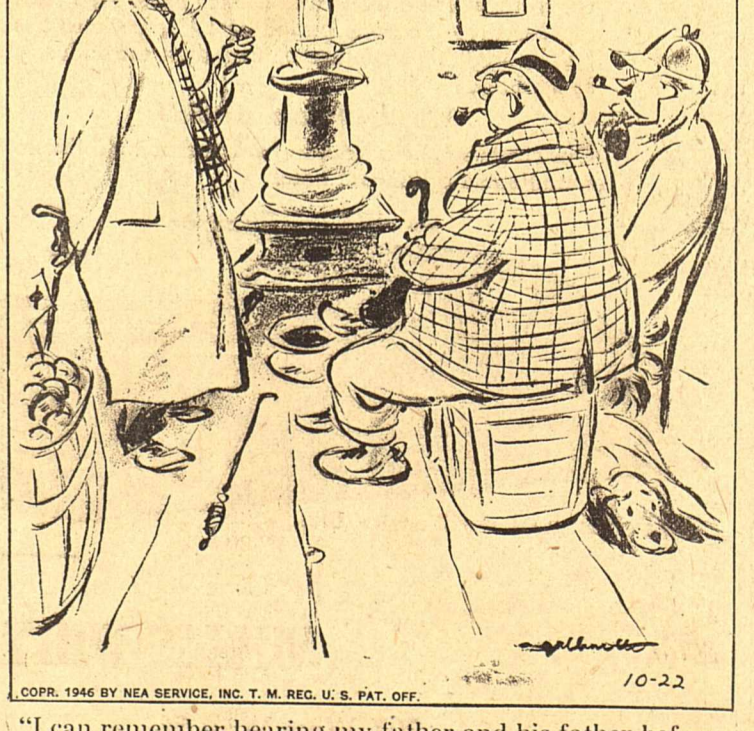

Twenty new parking meters went into operation on North Colorado Street Tuesday.

The two-hour meters were requested on the east side of the street by the Western Clinic Hospital. The meters, according to the hospital, will make visiting at the hospital convenient to more persons.

FRECKLES AND HIS FRIENDS By Merrill Blosser

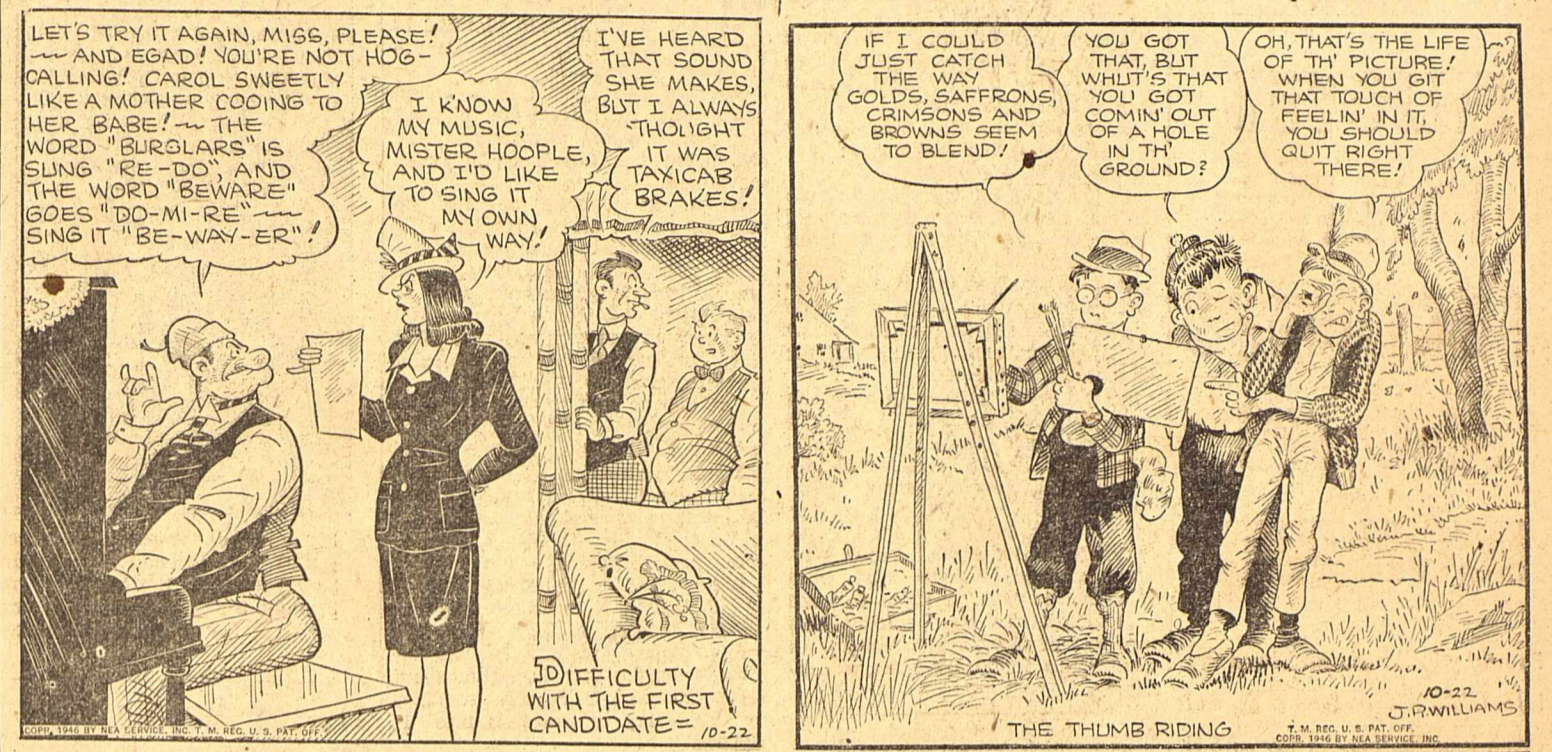

SIDE GLANCES

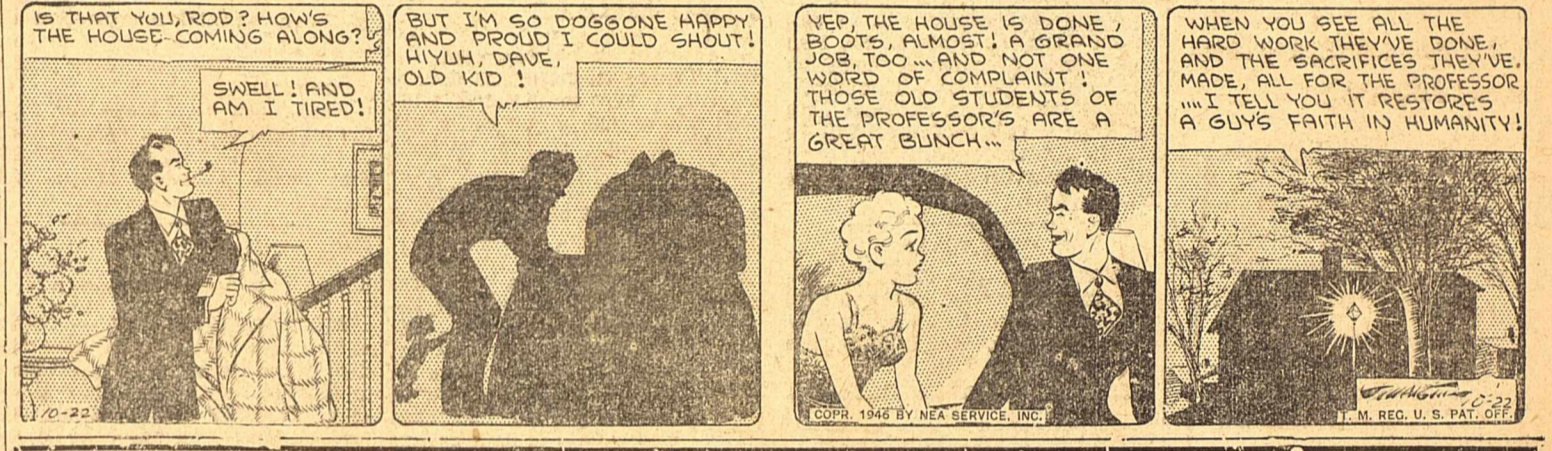

Roy Layton Appointed To Organize Midland Amateur Radio Operators

Roy W. Layton, W5DYK, Midland, has been selected to set up an organization of local amateur radio operators prepared to furnish organized emergency communication in time of disaster. Communications Manager F. E. Handy of the American Radio Relay League, national association of radio amateurs, has announced. Layton's assignment, which carries the title of emergency coordinator, is to band together members of the amateur radio service in his community to perfect arrangements for emergency radio communication by hams in the event of natural disasters or other emergencies. In addition to use of normal station power, amateur stations using self-powered radio transmitting and receiving equipment are needed. Layton, as APRIL emergency coordinator, will call local meetings of amateurs, establish common operating procedures, and arrange regular drill periods when the hams' personal stations may be mobilized under simulated emergency conditions. His duties also include liaison planning with the local chapter of the American Red Cross and other relief agencies, as suggested in the working understanding the ARRL Emergency Corps has with the national headquarters of the American Red Cross and other agencies. Liaison will be established also with local protective services, such as fire and police departments. In announcing the appointment, Handy pointed out that radio amateurs have traditionally had the responsibility of being in constant readiness to offer assistance in time of need with ham-acquired skill, emergency-powered transmitters and a wealth of community spirit. "When sleet storms disrupt telephone and telegraph service, or floods isolate whole communities," the league's communications manager said, "it is amateur radio that comes to the rescue with operators and self-powered equipment, often as the sole agency able to transmit messages calling on the outside world for aid for the stricken community. To be prepared for this function requires not only a highly organized program of preparedness locally," Handy continued, "but hams outside the disaster area must be prepared to act as outlets and relay points for emergency traffic. Planning and organization are necessary in either eventuality, and that is the job Layton is doing for this area." The War Emergency Radio Service, the communications section of the Office of Civilian Defense, was widely supported by radio amateurs during the war.

Bulldogs Wham Away At Each Other Monday In Defensive Drill

Midland's Bulldogs whammed away at each other Monday and time after time Coach Barnes Milam made them do it all over again. They were working on the defense to use against Abilene Friday.

Coach Jack Mashburn tutored the "B" string, which ran the T-formation and other Abilene plays at the first lineup. It went too often to suit Milam and he frowned and shuffled his defense.

As Abilene will rely a lot on passes the Bulldogs stressed pass defense. The line was coached in rushing the passer, the backfield tutored in ragging the receivers.

Dewey Kirby imitating Mister King of Abilene connected with too many passes and threaded open the line occasionally. Dunn, tall Midland reserve end, played Duane Hendley, Abilene's skyscraper end, and he caught several against the first team.

Biven Runs Hard
Dee Biven as "Abilene's" runner got open several times against the varsity.

It is the regular order of things for the Bulldogs to work on defense on Mondays. Tuesday they are expected to roll up their sleeves and get into the offense.

R. A. Whitson, regular guard and interference leader, is nursing a hurt lip and did not see much action Monday.

Barney Hightower turned in one of the best blocks of the season during the scrimmage. He cut two men away from a ball carrier.

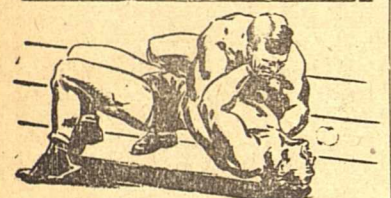

Bobby Cole took to passing and he hit Ben Cluff and Jack Kidwell, his ends, quite often. Dunny Goode was around with his usual speed but he did not turn on the heat Monday.

Onions can be called upon to disguise a strong flavor in lamb, mutton, soups or stews.

Pitchers Exit, Tossers Enter

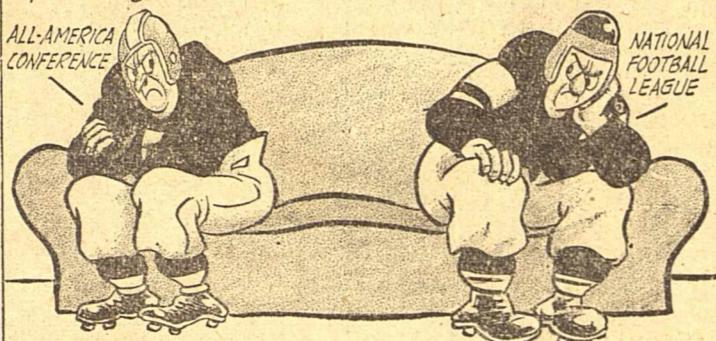

With the World Series out of the way and star pitchers putting their arms in cotton batting for the winter, football tossers take undivided limelight. Three ace passers who will operate in next Saturday's games are, left to right, Harry Gilmer, Alabama; Herman Wedermeyer, St. Mary's, and Arnold Tucker, Army.

'B' Bulldogs, Pups Workout Hard

Long practice drills were held by the "B" Bulldogs and Bullpups Monday as they geared the two machines for games here Thursday night against Odessa eleven.

At 7 p. m. the Pups will take to the grass against the invaders. The little Bronchos hold a victory from their first encounter and Midland seeks revenge.

At 8 p. m. the "B" Bulldogs see if they can set a precedent by whipping the "B" Bronchos. In this case revenge also is involved, as the Bronchos won the first game played in Odessa.

Coach Ken Kearns worked the Pups hard Monday with dummy scribbage and he ended up with "duck walking" conditioning.

Coach Aubra Noncaster had his "B" boys scrimmaging and learning the fundamentals.

Coffee will hold its flavor best if kept tightly sealed. Transfer coffee that comes in paper packages to tight cans or jars after it is opened.

Army Gets 112 Top Votes, Irish 21, Texas Steers 13

By SID FEDER
NEW YORK (AP)—Boosted back to first place among the nation's football teams a week ago by the country's sports writers, Col. Red Blaik's Army team zipped farther out in front in The Associated Press weekly poll Tuesday.

At the same time Notre Dame boosted its second place margin over Texas, and Tennessee, Northwestern, Georgia and North Carolina came skipping up the trail off their successes of last Saturday.

All together, 158 sports writers from every section of the country balloted in this third week of The Associated Press' poll for the 1946 gridiron season. Texas drew 25 less votes for first place than it did a week ago, in spite of its 20-0 win over Arkansas last Saturday, and Notre Dame dropped 10 off its top-place selections.

Army picked up all of these 35 and more besides, when it crushed Columbia 48-14 and handed Lou Little's Lions their first setback of the campaign. They already had defeated Villanova, Oklahoma, Cornell and Michigan.

Army Got 112 First Places
As a result of all this, Army piled up 112 first-place picks, and an additional one-quarter top-spot vote, cast by an undecided ticket-splitter who couldn't make up his mind among the Cadets, the Irish, the Longhorns of Texas or the Quakers of Pennsylvania for the place at the head of the parade. With each voter balloting for 10 teams, Notre Dame finished with 21 1/4 first-place votes and Texas with 13 1/4.

The Volunteers of Tennessee, up-setters of Alabama, picked up six top selections along the way. The only other outfit to be named to lead a ticket was the Coast conference favorites from the University of California at Los Angeles, who were selected on two ballots.

Texas Gets 1,262 Points
Based on a system of 10 points for a first place vote, 9 for a second place pick, 8 for third, and so forth, Army rolled up the tremendous total of 1,490 1/2 points, one of the largest in the history of the poll. Notre Dame held second with 1,331 1/2 and Texas third with 1,262 1/2.

With the top trio remaining in their same order Tennessee zoomed up from ninth place to fourth with 898 points as a result of its 12-0 decision over Bama, which left the Vols unbeaten and untied after four starts. The vault of the Vols dropped UCLA to fifth with 800 and left Penn. 40-0 winner over Virginia, sixth with 690 1/2. Georgia, 33-13 victor over Oklahoma A&M, moved up to seventh, with 548.

Michigan and Northwestern each collected 418 points to wind up in an exact tie, which is exactly how they wound up in their collision last Saturday—at 14 all. Rounding out the select set, North Carolina collected 110 points for tenth place after the surprise party the Tarheels threw for Navy Saturday.

Four German Girls, GI Killed In Wreck

FRANKFURT, GERMANY—(AP)—Four German girls and an American soldier were killed and two other soldiers and eight German girls were injured when a truck plunged over a 22-foot embankment near Hersfeld while returning from a dance, the Third Army announced Tuesday.

Samuel Dayamon of West Nanticoke Heights, Pa., constabulary trooper, was killed. The girls had been hostesses at a squadron dance.

Football Players Strike When Pre-War Coach Made Assistant

AMARILLO—(AP)—Al Baggett, director of athletics at West Texas State College, Canyon, has announced that he has been dismissed. Baggett said his dismissal resulted from his part in the recent coaching controversy which caused suspension of W. W. Nicklaus, head football coach, and Leslie Van Meter, line coach.

When several Buff players refused to take the field if Nicklaus remained in charge of the team, Baggett sided with Van Meter, who served as football coach at the college from January to June, 1942. Van Meter went into the Army and upon his return was assigned as assistant to Nicklaus who had been employed during his absence.

The football team has been under supervision of W. A. Miller, basket ball mentor, since October 12 when Miller guided the Buffaloes to their first and only victory of the season—over Colorado College.

Coach Stagg Denies Rumor He's Retiring

EL PASO—(AP)—Football's grand old man, Amos Alonzo Stagg, says his health is good and that he has no intention of resigning as coach at the College of Pacific.

Stagg, stopping here Monday night while en route with his football team to Evanston, Ill. to meet Northwestern next Saturday, was surprised when told that a rumor was spreading that he would resign at the end of the current season.

"No idea has ever been farther from my mind," he said. "My health is good and I intend to continue coaching indefinitely. The idea of resigning has never entered my head. I cannot understand how such a report got out."

Plainview And Odessa Seek WT-NM Franchise

PLAINVIEW—(AP)—Plainview is going after a franchise in the West Texas-New Mexico League and subscriptions to stock now are being received.

Albuquerque, which has a franchise in the West Texas-New Mexico League, has made application for a franchise in the Arizona-New Mexico. Should the Albuquerque franchise become available it will be placed wherever the other seven league members determine.

Hobbs, N. M., and Odessa, Texas, both with baseball plants, are also tentative applicants for the Albuquerque franchise, should it become available.

Houston To Honor Cardinals' Manager

HOUSTON—(AP)—A testimonial dinner honoring Eddie Dyer, manager of the World Champion St. Louis Cardinals, will be held here November 7.

Outstanding baseball personalities will be invited to attend the dinner, to be held at the Houston Club.

Plans for the party were made here Monday by officials of the Houston Club and the Houston Chamber of Commerce Athletic Committee.

The broiler pan cleans easier if removed from the range as soon as the food is cooked so the grease won't continue cooking.
