Prices Of Livestock Are Slightly Under Peaks After Removal Of OPA Ceilings

By WILLIAM FERRIS
CHICAGO—(P)—Prices which farmers received for livestock Tuesday, at the start of the sixth week of decontrolled markets, were only slightly under peaks established immediately after ceilings were removed.

Other results of free trading include more meat, a corn-hog price relationship favorable for expanding the hog population, record numbers of cattle moving into Mid-Western feed lots and increased cold storage meat holdings.

A high of \$37 paid for live cattle Monday at Chicago equaled the best price on record for steers, top on live hogs was \$24.75 against a peak of \$27.50 shortly after decontrol.

Most prices were well above former OPA ceilings of 20.25 on cattle and \$16.25 on hogs. In addition there was a subsidy of 50 cents to \$2.40 on cattle and \$1.75 on hogs.

Livestock receipts and meat supplies are much larger than in the period before decontrol. Cattle slaughter under federal inspection in October was up 207 per cent over September and hog slaughter 611 per cent.

November receipts also are higher than in the control period, although arrivals of cattle are smaller than a year ago. Hog arrivals are above a year ago.

Record numbers of stocker and feeder cattle have moved into Mid-Western feed lots, where they are being fed for later marketing as choice beef.

The Agriculture Department said shipments of such cattle into the corn belt in October exceeded any month on record.

Slaughter of choice cattle "will continue small for the balance of this year," the department said, but added, "an increasing volume of such cattle may be forthcoming after the first of next year, with large supplies probable in the late Spring and Summer."

Meat prices are lower than immediately after decontrol, but far above former ceilings. Choice dressed beef carcass weighing 300 to 600 pounds at New York Monday brought \$45 to \$48.

Immediately after decontrol the price was \$59.67. Ceiling was \$26.18.

Choice pork loins weighing 8 to 10 pounds Monday sold for \$52 to \$55 compared with \$56.50 after decontrol and a ceiling of \$31.88.

With both beef and pork, the meat industry contended substantial quantities formerly sold above ceiling prices in the black market.

Holdings of meat in cold storage have increased.

Iceland, Sweden And Afghanistan Sign UN Charter
NEW YORK—(P)—Afghanistan, Iceland and Sweden signed articles of adherence to the United Nations charter Tuesday to increase the membership in the world's peace agency to 54 countries.

The simple ceremony admitting the three newcomers was held in a small, ornate conference room off the massive assembly chamber where the three delegates took seats for the first time.

Abdul Hosayn Aziz, Afghan minister to the United States; Thor Thors, Iceland's minister to Washington; and Oesten Unden, Swedish foreign minister, signed the pact.

The three were the first countries taken into the world circle of nations since the signing of the charter by 51 nations.

Porter Opposes Hikes In Rents
WASHINGTON—(P)—A high OPA official said Tuesday Paul Porter has taken a strong stand against any general rent ceiling increase at this time or any "basic change" in present standards for permitting rent adjustments.

This official said the price administrator is "strongly opposed" to any such changes and has informed representatives of the real estate business that OPA intends to hold the present rent line.

At the same time, however, it was disclosed that OPA is considering a plan to take rent ceilings off transient hotel rooms and may act "very soon" if a workable definition of transient rooms can be established.

MIDLAND WOMAN JOINS HUSBAND IN GERMANY

Mrs. Berntha Johnson has been notified by cablegram that her daughter, Mrs. E. C. Heikkila, arrived in Bremerhaven, Germany, Saturday to join her husband, Major C. E. Heikkila in the U. S. occupation forces.

Communist Party Wins Control Of Romanian Affairs

BUCHAREST—(P)—In balloting which both Britain and the United States criticized in advance, as neither free nor unfettered, nearly 8,000,000 Romanians chose a new parliament Tuesday, giving the Communist-dominated government of Premier Petru Groza its first popular test.

While Groza's six-party government bloc, in power since March 6, 1945, and the opposition parties differ sharply on their attitude toward neighboring Russia, the government pinned its hopes of victory on the historical fact that no Romanian government ever lost an election.

Internal issues dominated months of campaigning, with the opposition groups concentrating on the struggle to establish a middle class capitalist regime and the government plumping for more cordial relations with Russia, and thus for a Communist society.

British and American charges that supporters of the present regime were responsible for breaking up opposition meetings and hindering the major opposition parties' campaigns drew government retorts questioning the right of the Western powers to tell Romania how to run her elections.

British and American notes delivered last Saturday—the fourth in a series since last May—declared that British and U. S. interest in the balloting derived from a Big Three pledge at Yalta to sponsor free, untrammelled elections in the liberated countries.

(Also at stake, at least by implication, is the future recognition of Romania by Britain and the United States.)

Jimmy Walker, Former Mayor Of New York, Dies In Hospital

NEW YORK—(P)—James J. (Jimmy) Walker, mayor of New York City during the glittering days of the prohibition era, the Wall Street boom and night club palor, is dead at 65.

Death came painlessly Monday night to the debonair, slender, little man with the rapier wit, who had come to epitomize New York sophistication of the get-rich-quick years before the depression.

He never awakened from the coma into which he lapsed shortly after being taken to St. Vincent's hospital early Sunday suffering from a brain clot. The last rites of the Catholic Church were administered soon after his admittance to the hospital.

Walker, mayor from 1926 to 1932 and last link between the plush and gilt New York of Tammany turkey baskets and torchlight parades, and the modern metropolis, had been in ill health for the last two weeks, complaining of severe headaches.

Firecracker Shooters Arrested In Midland

Three young men were arrested for shooting fireworks in the city and were fined Monday in city court.

Judge J. M. DeArmond has issued the warning it is a violation of the law to sell or shoot fireworks in Midland.

Man Arrested, Confesses To Warehouse Burglary

The sheriff's department reported an arrest and confession in a burglary case, which occurred Saturday night when two heaters were taken from the West Texas Gas Company warehouse.

The heaters were recovered, officers said.

Mrs. America Reconsiders

Mrs. Janice Pollock, 24, chosen "Mrs. America" during a contest held in Jackson, Miss., abdicated her title to remain with her husband, Mark, and their children, shown here in their Columbus, Ohio, home. It is reported that Mrs. Pollock is now reconsidering. The children are: left to right: Tommy, 5, Bobby, 10 months, Susan, 6, and Mark, Jr., 2.

Lewis Remains Quiet On Court Order While Coal Miners Await Deadline

WASHINGTON—(P)—With less than 48 hours to go, John L. Lewis played a silent hand Tuesday on the question of obeying a federal court order against another strike heralded to begin at midnight Wednesday.

Disobedience could land the United Mine Workers' chief in jail—indeinitely—for contempt of court.

Already, more than 38,000 soft-coal diggers have laid down their tools in seven states, and predictions of widespread industrial paralysis were heard on all sides.

Asked if troops might be sent to the mines, presidential secretary, Charles G. Ross, replied: "I don't know."

Ross disclosed that Truman specifically instructed Secretary of Interior J. A. Krug to obtain Monday's federal court order restraining Lewis until November 27 from "coercing, instigating, inducing or encouraging" the miners to strike—either directly or indirectly—or otherwise to breach his contract with the government.

The court order, signed by Judge Alan Goldsborough, in effect calls upon Lewis and his 400,000 miners to keep the pits operating for at least eight more days. Then, a week from Wednesday, a hearing will be held to determine whether an injunction shall be issued outlawing any strike as long as the government operates the mines.

Attorney General Clark signalled his strategy when applying for the order for Krug. He cited the famous case of Eugene V. Debs, who led the Chicago Pullman strike in 1894 and was sent to jail for six months for contempt of court in violating an anti-strike injunction.

It is a question, however, whether Lewis could be held in contempt if the miners just quit without any word or counsel from him.

Railroad Coal Supply Low
Keyed with the swift-moving controversy were these developments:

1. George T. Christopher, president of Packard Motor Co., said in Atlanta that a coal strike would force almost immediate shutdown of the automobile industry—invariably affecting tens of thousands of workers.

"The industry will start shutting down just as soon as they start striking," he said.

2. The government, to conserve dwindling coal supplies, ordered a 25 per cent cut in passenger service provided by coal-burning locomotives, effective Sunday night. Freight restrictions are also under consideration.

3. The Office of Defense Transportation disclosed that the nation's railroads now have only a 30-day supply of coal on hand. Some have as little as a 10-day supply.

4. In Richmond, Gov. William M. Tuck of Virginia pledged full police protection to any coal miners wishing to continue work under the U. S. government.

Fire At Flue Causes Alarm, Run Tuesday

City firemen were called to a residence at 802 South Main Street Tuesday to extinguish a blaze in a flue.

They reported no damage.

Reds Assent May End Deadlock On Trieste Issue

By JOHN M. HIGHTOWER
NEW YORK—(P)—Spurred by Russian concessions, the great power foreign ministers scored major progress Tuesday in breaking their long peace-treaty deadlock on control of Trieste.

But they evidently were headed for trouble over proposals to restrict voluntarily the use of the veto in the United Nations Security Council.

A series of swift moving developments Monday and Monday night brought the brightest prospects yet for early and final agreement on the Italian and other former German satellite peace treaties, but simultaneously dimmed the outlook for any substantial agreements by Russia on the veto issue.

Major Development
The main developments were these:

1. In a Big Four meeting Monday night (America, Britain, Russia and France) Soviet Foreign Minister Molotov finally yielded to American-British insistence that the proposed free territory of Trieste should be under a United Nations governor armed with strong powers to protect its independence.

2. In an earlier Big Five meeting (the Big Four plus China) Molotov, after some objection, agreed to consider proposals for voluntary restricting use of the veto and to discuss them in future Big-Five meetings.

The next meeting of the Big Four on the Italian peace treaty and Trieste is scheduled for Wednesday. At that time they may also take up, at least briefly, the question of Germany, since they have an agreement to begin talks on Germany about November 20.

Mrs. Tidwell Dies At Home Of Son Here

Mrs. Permelia Susan Tidwell, 83, pioneer Midland resident, died in the home of her son, J. Luther Tidwell, 316 South Big Spring Street, at 1:45 a. m. Tuesday.

Funeral services were scheduled at 4 p. m. Tuesday in the First Baptist Church with the Rev. Vernon Yearby, pastor, officiating. Burial will be at 3 p. m. Wednesday in Clyde, Texas.

Mrs. Tidwell moved to Midland with her family in 1906. She later moved to Clyde, but returned to Midland in 1928 and lived here with her son.

Active In Church Work
She also is survived by a daughter, Mrs. A. G. Greenhill of Hotchkiss, Colo.

She was a member of the First Baptist Church and active in church work.

Pall bearers are R. O. Brooks, Tom Wingo, John E. Mills, Bill Hester, Coy Knight, Jess Barber, N. G. Oates and Stacey Allen.

The Ellis Funeral Home will have charge of the services.

STATE EMPLOYMENT SERVICE MEET CALLED

W. G. Reynolds, manager of the State Employment Service office in Midland, will attend a district meeting in San Angelo Wednesday at which E. W. Krizon, supervisor of the recently-created West Texas district, will explain the new set-up since the state took over the service from the federal government.

San Angelo has been named temporary headquarters for the district. Midland will bid for the permanent headquarters, Reynolds pointed out.

Humble Company Is First To Increase West Texas Rates

HOUSTON—(P)—The Humble Oil and Refining Company announced Tuesday an increase in field prices paid for crude oil of 10 cents or more per barrel.

All grades purchased by the company were increased 10 cents except low cold test Texas Gulf Coast crude and low gravity Miranda crude, which were increased 20 cents on the gravities posted.

The price bulletin issued Tuesday, is retroactively effective at 7 a. m. November 15.

The low cold test crude was posted at \$1.69 per barrel for 24 gravity or below to \$1.83 for 30 gravity and above. The Miranda crude is posted from \$1.66 for 24 gravity or below up to \$1.78 for 29 gravity and above.

Ammonia System Blast Injures Three Men Here

Three men were injured, one seriously, Tuesday morning at the Banner Creamery when an ammonia system part exploded as they were installing new parts, searing the three workmen and staggering them with the fumes.

F. E. Baker, chief engineer, is in a serious but not critical condition, at a Midland hospital. W. G. Allen, assistant engineer, and Claud O. Freeman, night engineer, were injured and also were hospitalized.

Baker suffered severe burns from the ammonia.

The accident occurred in the engine room. Pressure had built up in a part the men were installing and when they were removing the last cap, the ammonia burst out, employees said.

Employees reported one man staggered from the engine, blinded and groping. An explosion had been heard by employees on the outside of the room. The other men were engaged in the same job.

The man who staggered out of the engine room had his ammonia soaked clothes torn from him and his burns were not as serious as the others.

House Committee To Investigate Housing Program Of Veterans

WASHINGTON—(P)—A congressional investigation of the veterans' housing program, to determine whether government controls impeded rather than spurred new building, Tuesday was made the first business for the House Banking Committee in January.

Representative Wolcott, Michigan Republican who succeeds Representative Spence (D-Ky) as committee chairman, told newsmen the quick inquiry will be aimed at uncovering the "basic faults" of the program with the view to speedy passage of remedial legislation.

Describing the present program as "outrageously bad," Wolcott said "there is little time to lose. The investigation must be the first order of business for the committee."

The veterans' housing program, passed by Congress last Spring under urging of President Truman, was designed to provide almost 3,000,000 houses for veterans in two years. It includes priorities on materials for veterans and \$400,000,000 in subsidies to increase the production of scarce building materials.

Colombia, Belgium And Syria Win Seats

NEW YORK—(P)—The United Nations Assembly Tuesday elected Colombia, Belgium and Syria to the powerful Security Council to fill three vacancies which will occur at the end of this year.

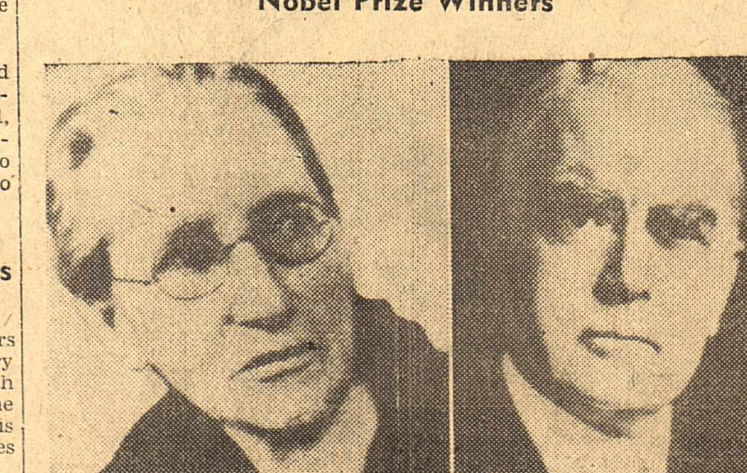

The three were elected by secret ballot to replace Mexico, Egypt and The Netherlands.

Sixteen Defendants Get Life Sentences

LONDON—(P)—The Moscow radio, quoting Romanian newspapers, said Tuesday 16 defendants, including Gen. Aurel Aldes, former Romanian minister of interior, had been sentenced to life imprisonment after a war crimes trial of Romanian "terrorist organizations."

Weather

Fair and warmer Tuesday afternoon, night and Wednesday. Maximum temperature Monday was 60 degrees, minimum 33 degrees.

Committees in Stockholm, Sweden, have awarded the 1946 Nobel prize for Peace to these two Americans. The Peace prize will be divided by Emily Greene Balch, 79, of Wellesley, Mass., left, internationally known economist and Dr. John R. Mott, 81, of Orlando, Fla., a member of the YMCA.

Girl Scout Drive Planned By Council

Plans for a Girl Scout drive, which will be headed by C. E. Bissell, were made by the Midland Girl Scout Council at a meeting Monday evening in the home of Mrs. S. P. Hazlip.

A nominating committee to select new officers was appointed. It includes Mrs. Delbert D. Downing, Mrs. Kenneth Slough, and Miss Richard Looby.

Reports were made by the delegates to the regional Girl Scout conference in San Antonio recently by Mrs. Bissell, Mrs. Don Johnson and the Rev. R. J. Snell.

Don Johnson gave a report of the business meeting of the Permian Basin Area Council in Monahan last week.

A report was also made of the Girl Scout Week and a vote of the thanks was extended to Mrs. I. A. Searles, general chairman of the Girl Scout Week.

Others present were Mrs. O. L. Hearren, Mrs. Searles, and Mrs. C. E. Bissell.

Bride and groom are from Chicago, where they met five years ago.

Government "Free Soil" Methods Flayed

SAN ANTONIO—(P)—J. Walter Hammond of Tye, Taylor County, president of the Texas Farm Bureau Federation, flayed government regulations and private monopolies and called for restoration of "free soil" in opening the 13th annual convention of the organization here Tuesday.

More than 700 delegates from all parts of Texas were expected to be in attendance at the convention before it is concluded Wednesday night. The directors held a preliminary meeting Monday and formulated resolutions.

In opening the conference Hammond declared:

"There was a time when supply and demand determined prices. But, by legislation and regulation, the soil has been devalued. Trade barriers and monopolies have grown up."

He praised the Hill-Burton Bill passed by the last Congress as it promises, he said, to be "helpful in providing general health facilities." But, he asserted, that an act of the Texas Legislature will be necessary before Texans can take advantage of the bill.

He said that the federation now has more than 1,200,000 members, of which the Texas unit numbers around 18,000.

State Department Studied By B&PW

Miss Richard Looby of the International Relations Committee directed the program on "What Do We, the Club, Know About the United States Department of State" at the meeting of the Business and Professional Women's Club Monday evening at the Scharbauer Hotel.

Miss Looby pointed out that the department of state was the first department organized after the adoption of the constitution and that it corresponds with what many nations call the Foreign Office or the Ministry of Foreign Affairs. She discussed the duties of the Department of State and showed how the department has been closely associated with such historic pillars in American foreign policy as the Monroe Doctrine, The Open Door, and The Good Neighbor.

Miss Ernestine Tough, vice-president, who directed the meeting, urged members planning to make the good will tour to Mexico City June 8-21 to make reservations as soon as possible.

There will be a call meeting at the home of Mrs. Fred Fromhold, 904 West Storey Street at 7 p. m., Friday to elect new members.

A dinner party is planned for Wednesday evening at the Ranch House at 8 p. m. Reservations are to be made with Mrs. J. W. Christian.

New Year Plans Made By Auxiliary

A study on a plan of reorganization of the local Woman's Auxiliary for the New Year was made at the meeting of the Trinity Episcopal Church Auxiliary Monday afternoon at the home of Mrs. Frank Ashby.

Plans were also made for the bazaar which will be December 6 at 5 p. m. in the City-County Auditorium.

Present were Mrs. B. F. Alstrin, Mrs. John P. Butler, Mrs. H. A. Briggs, Mrs. Taylor Cole, Mrs. Reese Cleveland, Mrs. I. E. Daniel, Mrs. Roy A. Douglas, Mrs. Lester Grant, Mrs. Dave Henderson, Mrs. Harvey Herd, Mrs. William Kerr, Mrs. Paul Kolm, Mrs. N. B. Larsh, Mrs. S. J. Lones, Mrs. C. A. McAdams, Mrs. Hal Peck, Mrs. J. P. The busiest place in town is the telephone office

The telephone office is just about the busiest place you can imagine these days. There are more telephones connected to the switchboard and more calls a day than ever before.

Operators are doing their best to keep the speed and quality of service abreast of heavy demands. They handle most of your calls promptly, but sometimes, during very busy periods, there are more calls than they can answer as quickly as they'd like.

Shortages of lead and copper and steel and other materials that go into the making of telephone equipment are holding back expansion of the telephone exchange here and in scores of other towns. We have ordered new equipment, and are doing everything we can meanwhile to furnish you the best service possible.

Midland Community Theater

The annual membership campaign of Midland Community Theatre, Inc., now is underway, and officers of the organization hope to complete the drive in quick order—thereby assuring operation of the community-wide project another year.

Midland Community Theatre, Inc., a non-profit corporation, was organized earlier this year, and already is firmly established in the life of the community. It is guided by businessmen and civic leaders, and is governed solely by its members.

The theater group has presented six plays this season, and will present one more before the end of the year. Approximately 3,800 persons have witnessed the performances, which some 446 Midland citizens helped produce.

Midland Community Theatre, Inc., also sponsors and operates a children's theater and junior workshop which provide excellent and worthwhile recreation and training for more than 90 boys and girls of Midland each week. Greater stress is to be placed on this phase of the program in 1947.

The theater provides both adults and children with recreational and entertainment facilities not provided by any other organization.

The Midland Community Theatre is without peer in West Texas, and distinguishes Midland from other cities in this area.

The theater's officers and workers and its director, Art Cole, are to be commended upon the exceptionally fine work they have done and are doing.

It is a community project and is richly deserving of the full support and cooperation of each and every citizen.

Old Dependable System

Mohandas K. Gandhi's latest threat to "fast unto death" if Hindu-Moslem killings did not cease emphasizes that the man who commands a devoted enough following doesn't even need to employ a diversified political technique.

The mahatma has threatened to fast his life away many times before. He has made many starts and won many victories. But it has not always been a triumph that put him back on solid fare. Nevertheless, every threat of a new fast seems to arouse his followers and exert a strong influence even when, as in this case, the fast is not intended primarily to embarrass the British.

Not long ago Gandhi told a reporter that he had scaled down his original goal of living 125 years, and could only see about 90 in prospect for him now. We don't doubt that the mahatma, for all his fasting unto death, really hopes and intends to live to that advanced age. And we hope he does.

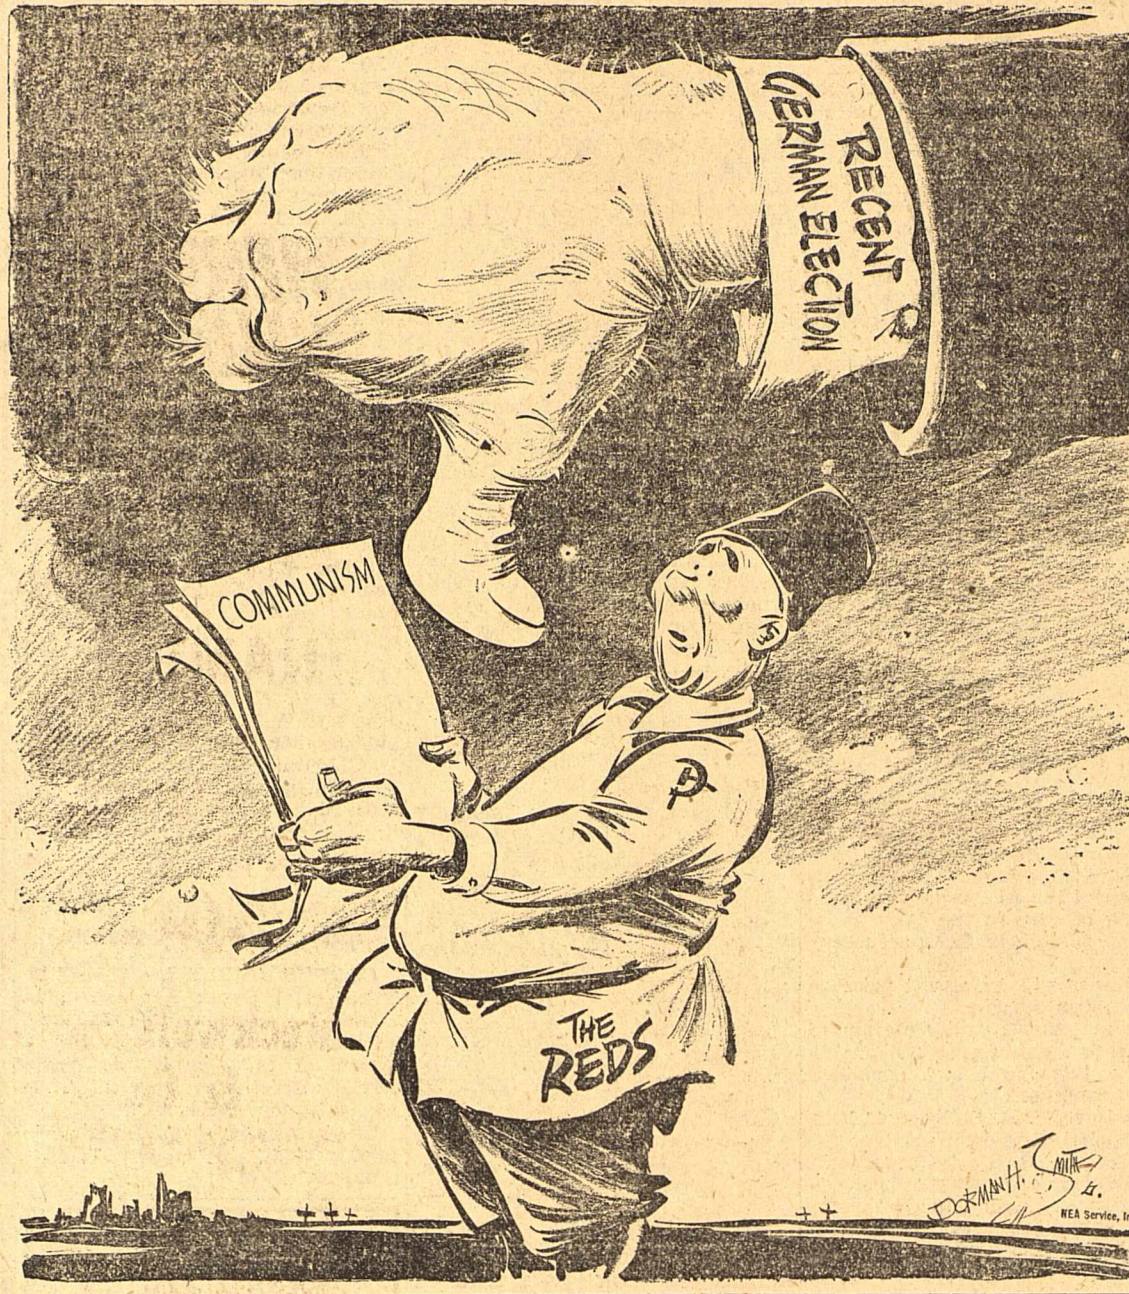

Meanwhile, we trust that he will continue to use his perennial threat for the peace and advancement of his unhappy country, and that its use will be as effective as ever, for all its familiarity.

Well Timed

Sing Sing convicts recently staged a food riot in protest against the monotonous recurrence of beef stew at mealtime. It is fortunate that they waited until the meat famine was over before staging the demonstration. If it had occurred earlier it would have been rather difficult to convince the young generation that crime doesn't pay.

You can always find trouble if you're looking for it—except in the ignition system.

Midland Designated Navy Exam Center

NEW ORLEANS—High schools, colleges and Naval Officer Procurement offices in the Eighth Naval District are issuing application blanks for competitive examinations in the first annual nationwide selection of students for the Navy's college training programs.

More than six thousand students from 17 to 21 years of age who stand highest in the national examinations will be offered full college scholarships under either the Naval Reserve Officers Training Corps (NROTC) or the Naval Aviation College Program (NACP), Cdr. F. M. Sloss, USNR, director of the New Orleans officer procurement office, said.

Completed applications must be in prior to December 17. Midland has been designated as a center for college aptitude tests to be given January 18.

Sinclair Announces Oil Price Advance

TULSA —(AP)—Officials of the Sinclair Prairie Oil Co., have announced that retroactive to 7 a. m. November 15 the company will meet crude oil price advances as announced by the Sun Oil Company in Texas fields.

The advance is 10 cents a barrel in the East Texas field. South and Southwest Texas increases have not been announced.

AOA Plane Lands With One Engine Dead

NEW YORK —(AP)—A four-engine American Overseas Airlines plane, carrying 34 passengers and a crew of five, landed at La Guardia Field from Gander, Nfld., Tuesday with one engine dead and another "rough," the control tower at the field reported.

Football Player Loses Toe In Hunting Accident

POST OFFICE NEEDS TO RENT TRUCK

If all of Santa Claus' packages are delivered before Christmas, Midland Post Office will have to find a truck to rent, Postmaster N. G. Oates said Tuesday.

The past three or four years the Post Office conveniently borrowed trucks for their Christmas delivery from Midland Army Air Field, but no Army trucks are available this year.

"A serious situation threatens the delivery system and I'm afraid many little boys and girls are not going to receive some of their presents before January 1," Oates said.

The postmaster urged citizens or firms having or knowing of trucks, even a pick-up truck, available for rent to get in touch with him at the Post Office as quickly as possible.

Milam To Review Ball Game At Lions Meeting

A brief review of last week's Midland-Big Spring football game by Coach Barnes Milam will highlight the program at the Lions Club meeting in Hotel Scharbauer Wednesday noon. J. M. McDonald is program chairman.

Mr. and Mrs. Paul Cox will be presented in a musical program, featuring vocal duets with accordion and piano accompaniment.

Still- THE BIGGEST BARGAIN ON YOUR TABLE

A cup of coffee is today, as always, the biggest bargain on your table... It costs about a penny per cup nowadays... and who among us can measure the pleasure there is in a cup of Folger's?

There is an intensity—a fullness of flavor and yet such a delightful winey tang in a cup of Folger's Coffee that only taste can describe and only years of enjoying can ever measure!

So intense is the rich Folger Flavor, in all fairness you should try using 1/4 less than of lesser flavored brands.

For a really good cup of Coffee, be sure to ask for Folger's!

field, was making hole below 7,108 feet in lower Permian lime.
A drillstem test for two hours at 6,970-7,010 feet, recovered 280 feet of drilling mud and 1,080 feet of salty, sulphur water.
M. J. Delaney Company No. 1 Sealy-Smith, extreme Southeast Winkler County wildcat, 17 miles southeast of Kermit, and in southeast corner of section 16, block A, G&MMB&A survey, has been plugged and abandoned as a dry hole on total depth of 5,952 feet in dry middle Permian lime. It did not report any signs of oil or gas in any section.
Turner Test Failed
Humble Oil & Refining Company No. 1 Turner, 12 miles southwest of Midland, in East Midland County, and two miles south of the discovery well of the Midland field, tried a drillstem test at 11,360-377 feet in the Devonian.
The tool would not open and there was no test. Operator was back in the hole Tuesday to make another try for a test.
In this column Monday it was stated that the Devonian is the producing formation in the Humble No. 1 Buchanan, discovery well of the Midland field. That was in error. The No. 1 Buchanan's pay is the Strawn section of the Pennsylvanian. The Devonian is below that zone. No. 1 Turner had only slight signs of oil and gas in the Strawn.

Midlanders Join Jester In West Texas Deer Hunt

BALMORHEA — Governor-Elect Beauford Jester joined several Midlanders and other West Texans on a deer hunt on the H. L. Kokernot Ranch Tuesday as the blacktail deer season opened west of the Pecos River.

Midlanders in the party with the governor-elect were C. V. (Cap) Lyman, Mrs. Rachel Hornbeck, Mr. and Mrs. J. E. Bird, Ford Fullington and son, Sammy, and William L. Kerr.
The hunt followed a banquet in Balmorhea Monday night at which Jester thanked West Texas delegations for their support during the recent elections. Jester was introduced by Kerr.
Wemple Introduced
Without calling him by name, the governor-elect told of the strong support being given Fred Wemple of Midland for highway commissioner. Wemple also was introduced.

Others attending the banquet from Midland were Delbert Downing, manager of the Midland Chamber of Commerce, John Scroggin, Lyman, Mrs. Hornbeck, Mr. and Mrs. Bird, Fullington and Kerr.
Delegations also attended from Saragosa, Pecos, Marfa, Alpine, Fort Davis, Fort Stockton, and Toyah.
Monday afternoon the governor-elect was presented with three registered Hereford heifers by the Highland Hereford Breeders Association. He also received a registered Hereford bull yearling.

Open Meeting Called By Officials Tuesday

A meeting of the Midland Coaches and Officials Association, open to the public, will be held at 7:30 p. m. Tuesday at the Midland High School.
A very interesting session is promised fans, coaches, officials or citizens, who wish to attend. Rules of the Midland-Big Spring football game played last Friday probably will be the main topic of discussion.

Council Executive To Address Scout Banquet

P. V. Thorson of Sweetwater, executive of the Buffalo Trail Council, Boy Scouts of America, will be the guest speaker at a banquet for Scout leaders in the private dining room of the Scharbauer Hotel at 7 p. m. Tuesday. A large group of Midland Scouters is expected to attend.

The council is in the midst of a campaign to obtain 1,000 new leaders, and the purpose of the banquet is to encourage Scout leadership here.

Legion And Auxiliary Will Meet Tuesday

Members of the Woods W. Lynch Post of the American Legion will meet in county courtroom in the Midland County Courthouse at 8 p. m. Tuesday.
Tom Sealy, vice-commander, will preside. He urged a large attendance of members and prospective members.

The Legion Auxiliary will hold its regular meeting in the home of Mrs. O. M. Luton, 210 North Big Spring, at 7:30 p. m. Tuesday.

150 Labor Members Fail To Cast Votes

LONDON — (AP) — Official lists disclosed Tuesday that 150 Labor members of Parliament failed to take part in Monday night's 352-to-0 vote of confidence in their government's foreign policy.

Allowing for those who were ill or otherwise unable to be in the House of Commons—despite the urgent summons from the government to all its supporters—well over 100 Laborites must have abstained when Foreign Secretary Ernest Bevin's policies were put to a vote.

Navy Gets New Mascot

AUSTIN — (AP) — A tough and smelly Texas hill country goat, described as a murderer, whose favorite diet is Army-type mule hides, will be shipped by air to the United States Naval Academy Friday.

Gov. Coke Stevenson, to whom the Navy appealed for a new red-blooded mascot after losing seven straight football games, obtained the goat through the Kerrville Chamber of Commerce.

Post Office Inspector Arrives For Survey

G. W. Morrow of Abilene, district Post Office inspector began a study of the Post Office facilities in Midland Tuesday so he can make reports and recommendations on the needs for expanding the mail delivery service here.

Tuesday he checked the Post Office building and records, and Wednesday he will begin his survey of the city to determine which areas now without delivery service meet standards set up by the Post Office Department.

Morrow's report will be sent to Washington. N. G. Oates, Midland postmaster, said he did not expect word from Washington until after January 1.

CALL ME LIZ

by Rene Ryerson Mart

THE STORY: Red McFan, army pilot, comes home with a chestful of ribbons and a cocky swagger. His old boss offers him a chance to finish school and a part-time job meanwhile, both of which he accepts. Russ Condon, the boss' son, is his closest friend. Russ is in love with Elise Varney, who dislikes Red. Red's new job means working under Elise. They quarrel. Elise suddenly realizes she gets a thrill out of fighting with him.

RUSSEL was worried about Red. He had been over since the night before at Tonelli's. Red drank when they were in the Army. Sometimes he drank too much. But never until he became sullen as he had been last night.

Russ knew that something must be plenty wrong for Red to act as he was. And he, himself, felt a measure of guilt for it. If he hadn't been so wrapped up in his own personal problems, he'd have been seeing more of Red. He'd have known then what was bothering him.

Well, it wasn't too late to correct the last situation.

He caught Red just as he was leaving the lab. Tapped him on his shoulder, and when Red turned around.

"Red, what about coming out to the house for dinner tomorrow? Janice, my sister, wants to meet you."

Red said that would be all right with him and asked what time.

"We have dinner about 4 on Sundays," Russel said. "It will be just the family—and Elise."

That checked Red. If he hadn't already said he'd go he'd have refused the invitation. It seemed he was to have Elise Varney in his hair whenever he went.

Elise dressed for dinner at the Condons that Sunday slowly and with the loving care a woman takes when she wants to look her best.

She didn't know why, but she was filled with a dizzy sense of

The first school in the city of New York was started in 1663 by the Reformed Dutch church.

Deer And Turkey Hunters Have Only Moderate Luck
KERRVILLE (AP)—Only moderate luck was reported here Tuesday by deer hunters in the Hill Country area. A Kerrville storage plant had only 300 deer and 150 wild turkeys Monday night, considerably less than the bag at the same time last year.

McKENNEY ON BRIDGE

By WILLIAM E. MCKINNEY America's Card Authority

Careful study of the defensive play in today's hand is worthwhile. The declarer was an outstanding player, but sitting in the West position was one of the world's ranking Life Masters. The contract was not abnormal, and declarer's only problem was to establish the diamond suit.

South won the opening heart lead with the queen, and his intention was to play the ace of dia-

They got Jim right over the target. Part of one wing of his plane was torn off. I kept talking to him over the radio. He said he couldn't bail out—that he was caught. I'll never forget how calm his voice was. His plane was going down in big flat circles. . . . It's all right, Red," he said. "All right. There's nothing to it."

Janice gave a little moan. Elise was conscious that she was holding her breath—that she had been holding it for a long time.

"The next minute he was dead there on the ground. I circled until I saw his plane burning. There was nothing I could do."

Red finished, and there was that in his voice that suggested a dam of feeling, deep sensitive feeling held back by masculine control. Elise looked at him. This was a new Red. . . . Red she had never before suspected.

The discovery troubled her the rest of the evening.

It drove her to a partial confession later when Russ was driving her home. "I'm afraid I've been wrong about your friend Red. I—I didn't think he ever felt anything until tonight."

Russ looked at her quickly. "Don't let that hard-boiled front of his fool you. Red has plenty of feeling. He just doesn't put it on parade."

And then Russ changed the subject. He didn't want to talk about Red McFan just then. He had something else on his mind—something that to him was the most important thing in the world.

(To Be Continued)

monds and pass it. This would enable him to get into dummy and thus make five diamond tricks.

However, when he led the jack of diamonds, West put on the ten-spot. Now South reasoned that if West held the queen and ten, it was unlikely that he would play the ten-spot and thus jeopardize his chance to make a diamond trick. East must have the queen, and it would drop if the king was played from dummy. The expert fell for the play, he probably would.

A tricky play like this can be used only against a good player who will stop and reason it out. If West had refused to cover the jack of diamonds against an average player, he probably would play low from dummy anyway and West would not get a trick at all.

A&M Athletics Business Manager Appointed

COLLEGE STATION (AP)—C. D. Ownby, assistant business manager of Texas A&M College, has been appointed business manager of athletics.

The appointment was made by the college athletic council which also announced that P. L. Downs, Jr., whom Ownby succeeds, has been named secretary of the athletic council.

Layne Leads S'West Grid Yard Gainers

By The Associated Press
When you've been as busy as Bobby Layne you usually have rolled up enough yardage that a bad day or two won't dislodge you from the top.

Layne, the Texas fullback, continues as the Southwest Conference's total offense leader although he was able to do little passing or running against hard-charging Texas Christian last week.

Bobby has gained 1,278 yards on 196 plays and probably still leads the nation in total offense.

Layne also has sewed up leadership in passing for the year barring a sensational spurt by Virgil Elkenberg of Rice, who is 382 yards behind with two games to Layne's one remaining.

Statistics released Tuesday by James H. Stewart, conference executive secretary, show Carl Russ to have practically clinched ball-carrying honors with 454 yards on 99 runs compared to 404 on 108 tries by Ken Holland of Arkansas. Russ has two games to play, Holland one.

Richards Leads Punters
Layne has pitched 132 passes and completed 72 for 1,007 yards. Elkenberg has connected on 35 out of 99 for 625.

Bill Richards of Southern Methodist tops the punters with an average of 41.1 on 48 kicks, Jim Canady of Texas leads the pass-receivers with 17 catches for 420 yards and Frank Guess of Texas is the pacesetter in punt returns with 216 yards on 12.

Texas leads team offense with 3,012 yards and Rice leads in defense, allowing 1,246 yards in eight games—an average of 155.7 per game.

Bulldogs Journey To Tornado Stronghold For Friday's Game

The Midland High School Bulldogs play the Lamesa Tornadoes Friday at 2 p. m. in Lamesa. It is a 3-AA Conference football game.

A large following of Midland fans will make the trip and the pep legions of MHS will accompany the team.

Monday the Bulldogs were in extensive workout for the contest. The offense was stressed as Coach Barnes Milam and his assistants sent the boys through an extended offensive drill with two full teams getting polish in that phase.

SMU Leads S'West Conference B League

By The Associated Press
Southern Methodist continues to pace the Southwest Conference B football league but has two more games to play and could be beaten out of the top spot.

The B league standings:

Team	W.	L.	T.	Pts.	Op.	Pct.
SMU	5	0	1	92	38	.833
Arkansas	6	2	0	162	59	.750
Texas A&M	3	1	2	73	26	.667
Rice	1	1	1	20	33	.500
Texas	1	1	1	33	27	.500
TCU	2	3	1	78	54	.417
Baylor	1	3	1	57	41	.300

Tech-HS Grid Game May Determine Sun Bowl Host

EL PASO (AP)—The host team for the New Year's Day Sun Bowl football game will not be determined until after the November 30 game between Hardin-Simmons and Texas Tech, bowl officials have announced.

DOWN SPORTSLANE TANNER LAINE

The Associated Press says: Howard Lynch, Amarillo High School football coach, served flat warning to Panhandle gamblers that they were not going to dictate the policies of the team as long as he was coach.

Lynch said football gamblers criticized him for free use of substitutes in last Saturday's 27-13 victory over Plainview, in which the Bulldogs scored two late touchdowns against Amarillo reserves.

Speaking before the Monday Quarterback Club Monday, Lynch said, "when the gamblers start running my team I'll get out. They won't have to fire me."

"I believe my policy of allowing the reserves an opportunity to play is much more important than the score and as long as I stay here I shall continue that policy," he added.

Studies Of Arctic May Begin Next Summer

WASHINGTON (AP)—Government officials have said that projected international studies of the Arctic regions can get underway next summer if other nations agree. The program calls for establishing weather stations throughout the Arctic, possibly covering more than 2,000,000 square miles.

Boxers Suspended

MEXICO CITY (AP)—The Federal District Boxing Commission Tuesday ordered the "indefinite" suspension of Tony Mar and Carlos Malacara, lightweight champion and former champion for a recent "poor showing" in San Antonio, Texas.

Midland Women's Bowling Team Is High In Tourney

Ted Thompson Agency, women's bowling team of Midland, placed high in the 12th Annual State Tournament of the Texas Women's Bowling Association ending Sunday at Waco. The Midland feminine kelpers placed fourth in Class C teams.

The Midland girls bowled 2,204 and placed behind, Smart Shop of Corpus Christi, 2,276, first; Midwestern Foods of Houston, 2,258, second; and Tylerettes of Tyler, 2,206, third.

Members of the local team competed in singles and doubles but results have not been announced.

Player	1	2	3	Tot.
Felba Ware	115	148	142	405
Lorene Spears	139	150	122	411
Billie Callaway	167	141	156	464
Babe Beals	125	156	137	418

Ware plays with the Hoover Body team in the Midland women's bowling league and Spears rolls with the Steak House. They were borrowed for the state tournament.

Army, Irish Top U. S. Grid Teams

By SID FEDER
NEW YORK (AP)—It was still Army in a photo finish over Notre Dame Tuesday for the No. 1 spot among the nation's football outfits—and the honeymoon is definitely over for Pennsylvania and Texas.

Balloting in The Associated Press' weekly poll, the sports writers of the country left the careening Cadets from West Point at the head of the parade by the slim margin of 50 points over the Irish, with the unbeaten-untied pair of Georgia and University of California at Los Angeles holding third and fourth, respectively.

On a basis of 10 points for a first place vote, nine for a second, eight for a third, and so forth, Army rolled up 1,053 points, just 50 more than the 1,003 for Notre Dame, with Georgia collecting 835 and UCLA 760.

Longest Jump
Longest jump of the week was made by Illinois, which leaped from ninth to fifth place, with 527 points, as a result of the 16-7 victory over Ohio State which put the Illini out in front in the Big Nine conference chase.

Once-beaten Georgia Tech, which whipped Tulane 35-7 Saturday and still has Georgia to tangle with on November 30, stepped up from seventh to sixth, with 425 points, and Tennessee moved up one notch to seventh with 328 as a result of the Vols' victory over Boston College.

Michigan advanced two places to eighth after whipping Wisconsin 28-6 Saturday.

Louisiana State, beaten only once this season, and 20-7 conqueror of Miami in its latest trip to the post, climbed from eleventh to ninth, with 139 points. Southern California's Trojans, who downed California and collide with UCLA November 23 for the Rose Bowl spot, round out the top 10 with 107 points.

Midland Delegates To Amarillo P-TA Meeting

Frank Monroe, superintendent of Midland Public Schools; Mrs. A. S. Hollingsworth, president, and Mrs. Raymond Leggett, vice-president, of the Junior High P-TA; and Mrs. A. L. Hewley of the South Elementary P-TA, left Tuesday for Amarillo where they will attend the 38th annual convention of the Texas Congress of Parents and Teachers Wednesday through Friday.

"Laying Firmer Foundations" is the convention theme.

Monroe, chairman of recreation for the state organization, will address the convention Thursday evening.

Arkansas Fans Sit On Laurels As Coach Prepares For Tulsa

By The Associated Press
Most everyone in Fayetteville, Ark., except John Barnhill, head coach for the University of Arkansas Razorbacks, is talking about the New Year's Day Cotton Bowl game.

Barnhill, however, is eyeing another holiday attraction, a Turkey Day battle between his porkers and the University of Tulsa Hurricane, at Tulsa.

It will be an important game for Arkansas, who gained a Southwest Conference title the last week by whipping Southern Methodist, 13-0. The Razorbacks would lose much prestige should they bow to the new Missouri Valley champions.

Barnhill gave his squad a rest Monday but announced in no uncertain terms that the Tulsa game is the only thing up for consideration at present.

The Razorbacks came through their Mustang win without serious injury.

Elsewhere, Texas, amid criticism among Austin followers because of last week's Texas Christian setback, took a day off before starting preparations for the invasion of the Texas Aggies on Thanksgiving.

At College Station, Coach Homer Norton locked the gates and announced no one would be permitted to witness Aggie workouts for the remainder of the season.

Aggies Uninjured

No serious injuries were collected by the Aggies Saturday against Rice, but Norton announced the promotion of Jim Boswell, halfback who sparked the school's "B" team to a 20-0 win over the Rice Owlets last week, to the "A" squad.

Southern Methodist and Baylor were singing injury blues Tuesday as they prepared for their "cellar position" clash at Dallas.

The Mustangs will be without three first stringers, fullback Dick McKissack, blocking back, Bob Ramsey and end Sid Halliday. Baylor's cripple list includes Sammy Pierce, fullback; Bobby Henderson and James Carpenter, guards, and Barney Ham, end.

Rice and Texas Christian, who meet in Houston with the Owls' title tie at stake, with only minor injury problems are concentrating on pass offense and defense.

A brand new telephone operator... that's me. Just started today.
Like it? Yes, indeed... especially one thing...everybody is so friendly. I felt at home right away. It's a nice clean place to work, too; pleasant surroundings, and the switchboard is really fascinating. I'm going to enjoy working for the telephone company.
And here's a tip, if you're looking for a job. More operators are needed right now. Experience isn't necessary because you learn as you go along.
The chief operator at the telephone office will be glad to tell you all about it. Why not see her?
