a judicial determination was* a very great mistake on your a very great mistake on your

Goldsborough said the real issue which the court in C. M Andrews hoped to settle was whether Lewis had the right to break off his contract with the government, Is Dil Discovery or whether under the Smith-Connally Labor Disputes Act he was impelled to keep his miners on the job for the duration of government

Lawyers for Lewis argued that wildcat has discovered a new oil operation of the coal mines is not "sovereign" function of the government, and that the government informed sources, to be capable of itself does not regard the miners pumping around 250 barrels of oil as government employes. Therefore, daily. Operator was preparing to they contended, the Smith-Connally Act, which outlaws the instigation of strikes against the govern- west lines of section 16, block A-36, ment, does not apply.

JayCee Christmas Program

them .- Luke 21:8.

Midland's alert Junior Chamber of Commerce is to be congratulated and commended upon the comprehensive Christmas Activities Program which the organization will sponsor and conduct during the weeks between

Thanksgiving and Christmas. The program as planned is the most complete and far-reaching ever attempted by Midland JayCees—and MAKES KO IN FIRST ROUND the organization has won state and national awards on its Christmas programs the last three years. Surely, this sati, 155, of Beaumont, floored Paul year's community-wide program again will be acclaimed as "tops" in state and national competition.

'Toward a Greater Faith" is the general theme of the Christmas program. The scripture theme is "Lord, increase our faith." (Luke 17:5.)

Churches of the city are cooperating with the Jay-Cees in planning the religious phases of the program.

The Santa Claus parade on December 6 will inaugu- manager, has announced. rate the multi-phased activities, which include Christmas street lighting, downtown decorations, visitation of shutins and hospital patients, a toy matinee, Christmas theater Congratulations To party for youngsters, an all-civic Christmas luncheon, caroling, and distribution of food and toys to needy

The Midland Community Theatre, Inc., will cooperate in the staging of a special Christmas program. Other organizations will assist in various ways.

The program is planned to reach every citizen of the community, both young and old, adding to the merriment and happiness of the season.

Many veterans are back at home this Christmas for the first time in several years, and they, too, will enjoy the goodwill and fellowship provided by the JayCees.

Practically every member of the Midland Junior Chamber of Commerce will have a part in conducting the Mr. and Mrs. W. D. Anderson, 1209 varied activities—and as a result of their active participation, they, too, will have a happier Christmas.

All citizens of Midland should join with the Jay-Cees in making this a real Christmas in the true sense of the birth, Tuesday, of a son, John

Too Easy Training

An aviation engineer has suggested that jet-propelled commercial transports are not ready for the public largely

because the public is not ready for jet-propelled flying.
"Right now," the engineer says, "nobody knows if you can fly a passenger at 500 miles an hour. Military pilots, flying jet-propelled aircraft, have found that flying at 500 miles an hour in rough air beats up the inside of

Perhaps the real difficulty lies in the fact that jet propulsion has come along too late in our evolutionary period of training for its rigors. If it had emerged at the end of our stern apprenticeship in buckboard wagons and Model Ts on corduroy roads, we probably could have taken rough aerial speed in our stride. It's the cushioning spring and the smooth highway that have complicated

Thanksgiving Program Presented At Meet Of Baptist YWA

A candle - light program of thanks giving and mission study was featured at the meeting of the Margie Shumate, Young Women's Auxiliary, of the First Baptist Church Tuesday evening in the home of Edith Collings, 511 West Louisiana Street.

In a business discussion, which followed the singing of "Count Your Blessings" and a prayer by Helen House, it was decided to pack a clothing box for Buckner Orphans Home at the next meeting.

As the program began, Clara Belle Kelton lead in a prayer of thanks giving after which scriptures of thanks and praise were quoted. Special music was presented by Ruth Elaine West. A brief devo-tional on the missionary, Lottie Moon, which included a poem composed by Dorothy Raines, was presented by Ruby Gilbert. Mrs. Griffith Talks

Mrs. J. S. Griffith, sponsor, told of a Hungarian girl who had much to be thankful for. Nadine Clements took the group on a tour of Chile with a missionary and his work there. Concluding the program was the story of David Livingston's life and work in Africa given by Lurline Ponder.

One new member, Rosemary Black, was initiated into the auxiliary.

Plans are under way for a special missionary program to be given at the midweek Prayer Hour at the First Baptist Church Wednesday evening, December 4.
Present were: Lurline Ponder Alta Sparks, Helen House, Betty Murray, Gwen Simpson, Clara Belle Kelton, Mrs. J. S. Griffith, Lorene Robey, Nellivee Clark, Ruth Elaine West, Ruby Gilbert, LaMoyan Ta-Nadine Clements, Rosemary Black, Dorothy Raines, one visitor,

Durocher Signs New Contract With Brooklyn Dodgers

BROOKLYN —(P)— All the hullabaloo about Leo, Durocher being the highest paid manager in baseball don't mean a thing in Brooklyn if the Dodgers don't win the pennant next season. Nobody knows that better than Leo.

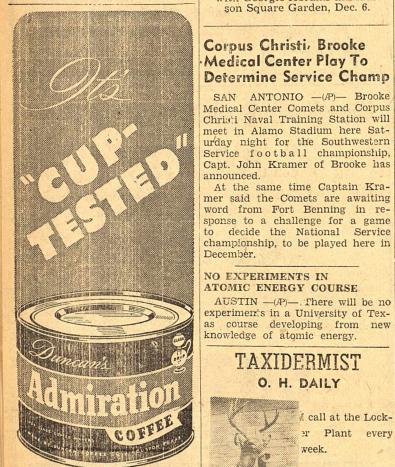

That's why, before the ink had dried on the new "bigger and better" contract he signed Monday, Durocher was talking of changes in his ball club, nodding wisely when President Branch Rickey predicted a wild trading splurge at the Los Angeles meetings

All this developed when Rickey called the press to his Montague Street office to announce that Durocher had signed a one-year contract for 1947 at a substantial advance over the 1946 bonus arrange-

They seldom announce the actual dellars and cents of baseball salaries for obvious reasons, but it was reported that Leo received a \$42,000 basic salary last year plus an additional attendance bonus amounting to about \$20,000. Even Rickey admitted he was the highest priced pilot in the game.

Durocher said he was contacted by two other big league teams, who were sounding out the possibility of his leaving Brooklyn. He never considered any of them, he insisted.

MONAHANS—A hopelessly crippled Monahans football team will invade Pecos Thursday afternoon to meet the much publicized John Medanich and the Pecos Eagles in

the 7-A title game.
As far as Monahans' chances are concerned, school officials said this week, it will merely be a matter of completing the schedule, with the Lobos, already once defeated in non-conference play, fielding their weakest team of the season.

According to reports from Pecos, all the mighty Medanich will need to defeat Monahans single-handed will be somebody to snap the ball back to him. However, in Monahans' book, James Armstrong is about on a par with Medanich as a ball toter although he has re-ceived very little publicity from the Eagle a'ronghold. Pecos' statistics regularly record the "mileage" run up by their star performer but Monahans fans, who have seen the Eagles in action, believe just as much credit should have gone to Armstrong who requires as much watching as his more publicized team mate. Receives New Injuries

While dropping to Merkel on No-vember 15, the Lobos picked up several new injuries and aggravated some old ones and Coach Scroggins said Monday that Bill Elam, regular guard, and Veston George, tackle, probably will not get in the game at all, and that Don Bingham, Bud Frisbie and D. W. McNeme, other regulars, will have to be used sparingly.

That Aging Look of Dry Skin Needs

Souvielli. ACTIVE OZONE CREAM

Neglect a dry skin, and you invite that "years older" look. You tempt lines, and later wrinkles, and you encourage a noticeable scuffing of cuticle that simply won't take a smooth make-up. This dryness needs Active Ozone Cream, with its balance of moisture, oil and nascent oxygen, because this skin type, so fine and fragile, with proper care can be so beautiful.

Notice the exhilarating tingling as this cream starts to lubricate and soften that dry surface...to relieve that tense pull of dry skin...to awaken a flower dewiness to make others say, "How well you look!"

ACTIVE OZONE CREAM, 2.00 and 1.25

Taken From Parents

Fort Worth Press Photo from NEA) Patsy Jane Whitehead, Fort Worth, who was 13-years-old on November 23, was taken away from her father and step-mother, Mr. and Mrs. L. F. Whitehead, after she told District Attorney Clyde of how her parents gave her brutal punishment. Whiteheads are now out of jail on bonds totaling \$4,000 after the district attorney charged them with aggravated assault. They said they were trying to raise Patsy according to the Bible under the old rule, "Spare the rod and spoil the child".

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION

Cooler Weather May Prove Boon To Duck Hunters

There were more hunters than ducks in most parts of Texas this week, but the cold weather increased the prospects for good hunting. There were not many ducks on lakes near Fort Worth, but stamp sales reached a new high there and hunters were trying.

Reports were better at Possum

Grady Hill at San Angelo said one of 10 hunters were getting the limit in that section, and hunting was the best in several years due to new water holes filled by heavy Fall rains. Despite a high early morning wind about 10 per cent of the hunters on Lake Nasworthy got their limit over the weekend.

More fortunate were those who had private ponds or tanks to hunt

Dallas Man Gets Limit D. H. McDowell of Dallas got his limit on the Delaware Bend of Lake Texoma, where the season has been open since October 26.

The weather threw hunters a curve. On the coastal area, where ducks were reported numerous, skies were clear and the weather was warm. The only freezing weather was at Salt Flats-an even 32 degrees.

Stocks of ammunition for shotguns dwindled as sales of duck stamps soared. Heavy hunting was predicted at Victoria, Rockport, Brownsville, McAllen, Beaumont and Port Arthur, Caddo Lake, the Galveston and Houston Bay area, around Wichita Falls, and the Lake Texoma section.

The season opened Saturday on ducks, geese, coot (mudhen) and brant. It closes January 6. Only exception is the October 26-December 9 season at Lake Texoma. Few Ducks In Rio Grande

Duck hunters in the Lower Rio Grande Valley found few birds when they opened the season Saturday morning. Reports from half a dozen inland lakes, which usually abound in ducks showed only a handful of birds taken. Temperatures in the 70's had hunters per-

Ducks were plentiful in the Marshall area Saturday and most camps at Caddo Lake reported lots of shooting." Estimates of the number of ducks on the lake ran as high as 10,000. Most of them were in the middle of the lake and hunters were handicapped by high water which has washed away many blinds.

All clubs and lodges in the Rockport area reported they were full of guests. The weather was too warm and bright for good shooting but some limits were reported by

Few food plants in Hawaii are believed to be of native origin.

OIL-PLATES Your Engine!

ACTUALLY a soap bubble is an extremely sheer net of molecules (held together by a strange attractive force) enclosing a sphere of air. And by pioneering in fields of molecular forces, Conoco scientists bring out new and better oils.

For instance, by molecular attraction, a special ingredient in Conoco Nth motor oil is bonded to working surfaces of your engine. Unlike the soap bubble which vanishes when pricked, Conoco Nth oil's ingredient holds on-is OIL-PLATED to cylinder walls and other parts.

OIL-PLATING stays up where it belongs . . . doesn't all drain down to the crankcase, even overnight ... gives you these big benefits:

added protection when your engine starts up added protection from corrosive action added protection from wear that leads to fouling sludge and carbon added smooth, silent miles

That's why to OIL-PLATE now ... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company
