Texas Pacific Coal & Oil Company No. 13-E Jackson, stepout from proven Ellenburger production on the northwest side of the Fullerton field in Northwest Andrews County, and 2,130 feet from south and 660 feet from west lines of section 17, block A-32, psl survey, was flowing at the rate of 90 barrels of oil per hour, from pay at 9,841-9,920 feet, which had been

treated with 8,000 gallons of acid.

The well flowed 242 barrels of oi in four hours, natural, before the acid was injected. Operator was flowing to cleanout from the treatment and will then complete.

SUNRAY WILDCAT CHECKS HIGH TO NEARBY HOLE

In South Andrews County, Sunray Oil Corporation No. 1 Lockhart & Brown, 660 feet from south and 1,980 feet from east lines of section 22, block A-41, psl survey, and between the Fuhrman-Mascho and the Martin fields, was making hole below 6,626 feet, in Middle Permian lime. Top of the Glorieta had been picked by some geologists at 5,540 feet, on an elevation of 3,279 feet. That corelation puts it 150 feet high to the same marker in Olson Drilling Company and Skelly Oil Company No. 1-A Lockhart & Brown, recently abandoned deep exploration, three-quarters of a mile east. That project had several interesting shows of oil and gas in the Devonian, but they were not sufficient for commercial pro-

It took a one-hour drillstem test at 9,282-9,307 feet Recovery was 15 feet of drilling mud, with no shows of oil or gas. It is to continue to the Ellenburger. This prospector had indicated commercial production from both the Devonian and in the Silurian.

JAMESON PROJECT STILL IN SATURATED SECTION

Sun Oil Company No. 1 Fred Jameson, one quarter of a mile south of the discovery for flowing production in the Silver area of Northwest Coke County, and 660 feet from north and 1,980 feet from west lines of section 315, block A-1, H&TC survey, was taking a drillstem test at 6,260-80 feet, in the Strawn lime of the Pennsylvanian.

A core at 6,260-73 feet, recovered nine feet of lime with good stain, porosity and fluorescence. A core at 6,273-80 feet, recovered three feet of lime with good staining and fair porosity, and three feet of lime with fair staining and good porosity. No water signs have been re-

NEW BUYERS IN AREA

Many royalty buyers from Oklahoma City, Tulsa, San Antonio, and several other oil centers, who have not been regulars in the Permian Basin, have come into this area, since the recent discovery for flowing production from the Pennsylvanian, at Stanolind Oil & Gas Company No. 1 Fisher, in Southeast Hale County.

Most of those newcomers are at present concentrating on trying to buy minerals in the district ad-

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable...thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to-use. Highly praised by users, many doctors and nurses. Millions of bottle, sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

Make This Home Recipe To Take Off Ugly Fat. simple. It's amazing, how bulky fat and help regain slender

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcentrate (formerly called Barcel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

Opportunity For 1947

By this time, most of our New Year's resolutions have been broken and forgotten in the traditional manner. But there is one resolution that should be constantly reaffirmed, and that is to do something positive about our monstrous fire loss, which reached record totals in destruction of life and property last year.

There can be no evading of the fact that most fires are the result of human carelessness alone—the statistics prove that. In order, the four primary causes of fire are matches and smoking materials, defective electric wiring and appliances, defective heating and cooking stoves, and carelessness with open lights and inflammable liquids. Every one of those causes comes straigh back to the careless, ignorant and inattentive individual.

In the larger field of community fire prevention, it is clear that we have lagged woefully behind the march of progress in framing and revising building codes. The

recent hotel fires offer ghastly proof of that.

The coming year will tell the story. Will it be another chronicle of widespread death and destruction, as animals. in 1946, or will it be a tale of achievement in fighting one of mankind's most persistent enemies?

The Omnipotent Generality

During the war some of the country's ablest and most 10th annual Glasscock County 4-H progressive businessmen and economists organized themselves as the Committee for Economic Development. The purpose of this public-spirited group was to make an intelligent study and program for reconversion and postwar prosperity. Among other things they forecast full employment, in spite of the doleful Jeremiahs in the Commerce Department and elsewhere, and gave reasons

To Stanton Saturday
The Stanton event for the prediction.

The CED proved itself right. And now its members are telling the country, as a result of further study, that this high employment and prosperity can be maintained, and that depression is not inevitable.

The sound thinking that they have exhibited in the merce office at 10 a. m. Saturday. past inspires confidence now. But, whatever their ultimate reputation as prophets may be, we applaud their at 9 a. m. Saturday.

Too many Americans have accepted without question the "inevitability" of a depression. Too many have placed no faith in the power of human intelligence to steer a course away from economic catastrophe, or else have placed a blind faith in some other economic system than

The CED, we repeat, may prove itself wrong. But at any rate its approach to the future is forthright, active and confident. We cannot lose anything, in any event, by adopting the courageous attitude of these sound and successful businessmen.

A Kentucky dentist offered a woman a new set of teeth for some wooded land he wanted. She acceptedand the choppers went to work.

HOOVER BODY SHOP

Maybe this is the job for you!

Is getting a job your big problem right now? Maybe we can help.

Have you ever thought about being a telephone operator? It's a girl's job-and a good one too!

No experience? Doesn't matteryou learn (and earn, of course) as

you go along. And telephone work has always held a fascination that's hard to describe. Why not see whether you can qualify?

The chief operator at the telephone office will be glad to talk it over with you.

He had it all thought out and arranged in his mind, she thought. And Mike had told him she was definitely going to marry him. Mike had taken a lot for granted. She wasn't quite sure she wanted to rush right into marrying Mike. You had to think about things first.

light before sleep came, and when she awakened the sun was shining. For a moment she saw the sun and was aware of unhappiness without reason, and then it all came back. She and Parker were going to be divorced. Leni was in love with Parker—and perhaps he was in love with Leni, too.

And as for her—well, there was Mike—who had come back at last -whom she had loved for a long time. Or had it been only in her mind that she had loved him so long? The mind held on to things long after the heart had relinquished them, sometimes.

"Um hum." The bedroom clock said ten. Cassie yawned. Her eyes felt puffy and her head ached a little.

Mama started picking up Leni's clothes which were flung all over her side of the room.

"That Leni! She never gives a thought to nobody but herself. Told me she was used to a maid n New York and it spoiled her! She makes me sick, Cassie. You know yourself she never picked up her clothes before she ever went to New York and got those high and mighty ideas."

"Yes, I remember," Cassie said absently. "It's because she was always spoiled so. We all spoiled her when she was small because she was so cute."

Mama grunted and puffed, as she leaned to pick up the underwas walking back and forth. She could hear the soft tread of his "If I was you, Cassie—'course "If I was you, Cassie-'course it's none of my business-I'd put my foot down about the way she runs after Parker. It's a disgrace. After all, Cassie—" Mama's voice whined on and on.

"Oh, for goodness sake, Mama, let's don't talk about Leni!" Cassie said abruptly. She had wanted to just lie there in the warm bed and think-now that it was morning. Night time was a bad time for thinking. In daylight it was easier

After cashing the first three spade tricks, West might shift to 78 a trump, hoping to make the king of diamonds and defeat the con-GOOD 160 acre farm, 3 miles from tract. But with South bidding the club suit. Miss Murdock outline

Declarer covers the opening lead 320 ACRES of cultivated land 4 miles from town. Last year's rent amounted to about \$2,500. West wins with the ten and cashes the king of spades. West reasons that South certainly held at leas five hearts, and the club showed four clubs. Therefore South could not have more than the singleton ace of diamonds, and West realizes that he will not make the king of diamonds. The only hope of a trick is to find a high trump in the East hand, so West leads the fourth spade.

If dummy ruffs with the king or queen of hearts, it is impossible to prevent West from making the ten of trumps.

If dummy ruffs low, East trumps in with the jack, South is forced to overtrump with the ace and has to concede a heart trick.

'Snow White And The

"Snow White and the Seven Dwarfs," with a singing and dancing cast and an orchestra conducted by Thomas Grasso, will appear on the stage of the Midland High School Auditorium Monday and Tuesday under the auspices of the

Midland High School Band.

Matinee performances will be presented at 10:30 a.m. Monday and Tuesday, and 2:30 p.m. Monday. An evening performance is scheduled at 8 p.m. Monday. Price of admission for matinees will be \$1.20 for adults and 60 cents for children, tax included. Tickets for the evening performance will cost \$1.80 and \$1.20.

This show presents all the characters in person. Snow White, Prince Charming, the witch, and dwarfs, will be there to act, sing and dance.

This stage adaptation of the story is especially arranged to entertain young and old alike. Many song hits are presented including the time tested classic the "Quartette" from "Rigoletto". The quartette is sung by Snow White, Prince Charming, the Queen and Bum bardo, the huntsman. The show i beautifully costumed and the elaborate sets add the necessary flash to the production. Each of the four scenes are filled with excellent singing and dancing.
