FIFTY MIDLAND SERVICE MEN DISCHARGED SINCE JANUARY 1

Mrs. M. B. Arick, chief clerk for the Selective Service Board of Midland County, announced Tuesday that 50 Midlanders had been discharged from the services since Jan. 1, 1947. This total was given as of February 20, the last meeting date of the Selective Service Board.

Revival To Close Sunday Evening

Announcing the closing next Sunday night of the revival meeting at the First Christian Church, the Rev. Clyde Lindsley, pastor, Tuesday invited and urged citizens to attend the services this week. Raymond Alber, evangelist, known as "the man with the gospel message," Thursday night will speak on "The Church Described in the Book." His subject Friday night will be "The Great Awakening," and Saturday night he will speak on "The Second Coming of Christ," the only message from prophecy during the entire meeting. "The Power of the Cross" will be the subject of Mr. Alber's final message Sunday night. Mr. Lindsley said the messages have been positive and direct, and the appeal has been to the intellect rather than to the emotions. Services begin with a sacred concert by David Cone, pianist and violinist, at 7:15 o'clock each evening. The public is invited.

Sympathy Vote—

(Continued from page 1)
The company earlier said it would not demote the woman on the unsubstantiated reports by the union and asked that it be allowed to interview the complaining operators personally. San Antonio, Dallas Hold Elections. Elections were scheduled Tuesday in San Antonio and Dallas by union members to determine whether they would go into continuous meeting in sympathy with the movement. Houston members began balloting on the question Monday night. Fort Worth's union workers vote Tuesday. At Wichita Falls Monday night, the 300 members of the local union impossibly voted to establish a continuous meeting in sympathy with the Odessa workers' if the Odessa unit requested such action. In a meeting at Abilene Monday night, two locals voted overwhelmingly for a "continuous meeting" in support of the Odessa action, but deferred the work stoppage call until all hope of settling the dispute had vanished. They also voted to await further instructions from union headquarters at St. Louis. R. Z. Landrum, state vice-chairman for the union and chairman of the Abilene Plant Operators Local No. 3356, said the walkout call would not be made earlier than Tuesday afternoon. Houston May Join Others. A union official at Houston Tuesday night said the continuous meeting there, if approved, would begin Thursday, or later. J. B. Patterson, manager of the company's Southeast Texas District, said "if anything should develop, the company will continue to do what it has always done in the past and do everything in its power to give uninterrupted telephone service." There are 11 Southwestern Telephone Workers Unions at Houston with more than 2,400 members. Mattie Lou Mays, chairman of the northeast division of the union, said in a telegram to the Odessa local, that the division is holding meetings to decide whether its cities will join the movement. Dallas is in this division, as are Denton, Corsicana, and Waxahachie.

RETURN FROM SAN ANTONIO

Mr. and Mrs. Charles V. Romer returned Monday from San Antonio, where they were called by the death of James G. Romer, brother of Charles Romer.

House Committee Approves Bill On Anti-Closed Shop

AUSTIN—(AP)—Legislation which would sound out public opinion in Texas on the issue of organized labor's "closed shops" was ready Tuesday for House consideration. The House Committee on Constitutional Amendments gave an 11-to-2 favorable vote Monday on the measure by Rep. Marshall Bell of San Antonio which would write into the Texas Constitution a provision that would prevent denial of the right to work to any person because of membership or non-membership in a labor union. Any proposed amendment to the Constitution must be submitted to popular vote before it can be adopted. House Attitude Tested. Attitude of the House on the issue has already been tested in its passage, 96 to 37, of Bell's statutory bill providing the same rights for the working man as outlined in the proposed Constitutional amendment. The Senate now has the statutory proposal before it with the favorable recommendation of its Labor Committee. Only one dissenting vote was cast against the bill in committee hearing Monday night after organized labor had vigorously protested for the major part of three hours. The first tax bill considered by the House Revenue and Taxation Committee was killed Monday 15 to 2. The bill would have increased the state tax on gasoline from 4 to 5 cents per gallon to bring an estimated additional revenue of \$14,000,000 per year for the exclusive purpose of building more rural roads. Opponents told the committee in a three-hour public hearing that the additional tax levy would add to the citizens' tax burden and place an unfair burden on trucking and transit companies.

Mrs. Ken Kearns Gives 4-H Demonstration On Making Button Holes

Mrs. Ken Kearns gave a demonstration on making button holes at the meeting of the Junior High School 4-H Club Monday afternoon at the school. The president, Sylvia Friday, directed the meeting. Present were Virginia Brooks, Annie Ruth Long, Charlene Bliker, Ginger Baker, JoAnn Hunt, Martha Olliff, Doris Ann Mason, Wanda Smith, Jane Umberson, Lola Lenard, Joy Nell Farris, Letha Pike, Barbara Long, Darlene Brunson, Betty O'Neal, Betty Ruth Reeves, Ann Arick, Margaret Green, Willa May Baker and guests, Reba Bishop, Verma Jones and Jackie Lee Kinsey. The next meeting will be March 24. Members are to bring finished button holes. The demonstration will be on accessories.

Jesus H. Reyes Files Discharge Papers

Jesus H. Reyes, a former private first class in the U. S. Army, filed discharge papers in the Midland County clerk's office Monday. Reyes enlisted in November, 1945, and was discharged March 7, 1947. He was with the Headquarters Company of the Second Engineer Special Brigade. He served one month overseas.

Midland Motorist Fined For Drunkenness

A Midland motorist was fined \$72.65, including court costs, Monday for driving a motor vehicle while intoxicated. The license of the motorist was suspended six months.

146 Midland Farmers Sign For ACP Payments

James A. Boyd, Midland County supervisor for the Farm Security Administration, announced Tuesday that 158 Midland County farmers were eligible for farm improvement payments under the Agricultural Conservation Program. Of this group 146 have signed application for payments. The 12 who have not signed applications will receive second notices within the next few days, Boyd said. Approximately \$12,000 are being paid to Midland farmers for making needed conservation improvements on their farms.

Why freight rates are going up...

Since 1939, railroad employees have had three general pay raises totaling 52 1/10%, and the prices of fuel, materials and supplies have risen 61 1/10%.
But when the war ended in 1945, the railroads were still hauling freight at rates no higher, and in some cases lower, than when the war began.
Without increased revenues, railroads could not meet these costs and also provide improvements in equipment and facilities—improvements that are essential for the low-cost freight and passenger services which are necessary to America's high standard of living.
Under these circumstances—and almost a year after the last major wage increase—the Interstate Commerce Commission recently approved an average increase in freight rates of 17 1/10%.
Of all the price increases in America today, few have been so little and so late as that in the price of railroad transportation.
How important are healthy railroads to a prosperous country?
Only when the railroads are financially healthy can they provide the new equipment, improved road beds, and better terminal facilities needed for still better service to you.
The defense of the nation depends upon the continuance of the efficient transportation which served the nation so well in the last war.
The railroads are among the largest employers of labor. They buy over 100,000 different products. They pay big taxes—taxes which are spent not only for public schools, public health, and police and fire protection, but even for highways, airways, airports and inland waterways.
Railroads are America's lifeline—keeping goods flowing among the 48 states day and night in all weather.
They can continue to do this only if there is a reasonable balance between income and outgo. Like yourself, the railroads must make ends meet!
We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

Methodist Circle To Send Gifts To Boy

The Belle Bennett Circle of the Woman's Society of Christian Service of the First Methodist Church met Monday at the home of Mrs. Stacy Allen with Mrs. Bill Kenney as hostess.

Mrs. Earl Chapman led the discussion from the group's study book. She asked questions and members answered. Mrs. Roy McKeel gave the opening prayer.

The Belle Bennett Circle will send birthday gifts to the boy which it has "adopted" at the Methodist Home in Waco.

Present Monday were Mrs. McKeel, Mrs. Chapman, Mrs. Allen, Mrs. Kenney, Mrs. George Thompson, Mrs. E. H. Peyton, Mrs. Elma Watson, Mrs. Mary Lou Snodgrass and Mrs. Mollie McCormick.

MRS. B. G. GRAFA IS HOSTESS TO CIRCLE

Members of the Mary Scharbauer Circle of the First Methodist Church Women's Society of Christian Service met Monday afternoon in the home of Mrs. B. G. Grafa, 604 North Marientland Avenue.

Mrs. B. F. Ray gave "The Stewardship of Wealth Giving"; Mrs. Sam Preston discussed "The Achievements of the Christian Religion" and Mrs. R. T. German spoke on "Christian Education".

Mrs. S. M. Vaughn directed the meeting.

The closing prayer was given by Mrs. Vaughn.

Others present were Mrs. L. I. Baker, Mrs. J. L. Barber, Mrs. J. M. Flanigan, Mrs. J. D. Nix, Mrs. W. I. Pratt, Mrs. R. R. Russell, Mrs. O. W. Stice, Mrs. Ray Trammell, Mrs. C. C. Watson and Mrs. James C. Watson.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 11, 1947-3

March Meeting Held By Girl Scout Council

The Midland Girl Scout Council met Monday evening in the Presbyterian Church.

Mrs. C. E. Bissell, commissioner, presided.

The schedule for the day camp for Scout leaders to be held in Odessa Wednesday, Thursday and Friday was announced. On Wednesday from 2 to 4 p. m. and on Thursday from 10 a. m. to 4 p. m. an outdoors activities course will be conducted; Thursday at 8 p. m. a campfire program will be held; and Friday from 10 a. m. to 4 p. m. a troop camping course will be given with an overnight camp experience Friday night.

Mrs. Bissell gave a report of the Girl Scout Council members' course she attended in Mineral Wells last week.

Announcement was made of the joint meeting of the council and the leader's club which will be April 14.

A report was made that \$3,282.91 are in the treasury.

Present were Mrs. Thomas A. Grimes, Mrs. L. Otis Baggett, Mrs. Don Johnson, the Rev. R. J. Snell, Mrs. I. A. Searles, Dick Looby, Mrs. Bob Payne and Mrs. Bissell.

Rhythm Band Will Play For Lions Club

The 60-piece Rhythm Band of the West Elementary School will play for members of the Midland Lions Club at their meeting in the Scharbauer Hotel Wednesday noon.

The uniformed band is composed of first grade students. Mrs. Grenade Peters and Mrs. June Boggs are the directors.

Woman's Auxiliary Of Presbyterian Church Meets

Recommendations were made by the executive board of the Woman's Auxiliary of the First Presbyterian Church and adopted by the group in a business meeting Monday afternoon.

The recommendations were that the incoming president appoint a secretary of the nursery, a pianist and a reporter and that the circles be given numbers instead of names.

The auxiliary voted to designate \$200 as a fund for the church kitchen; to contribute \$25 to the negro library; to contribute \$40 for the Stillman Institute for Negroes; and to set aside \$75 toward the gift to a pre-Easter speaker.

It was decided to install the new president, vice-president, secretary and treasurer of the auxiliary March 23 in connection with the installation of church and Sunday School officers.

Mrs. W. F. Wright, treasurer, presented the budget which was adopted.

Mrs. A. P. Shirey and Mrs. L. C. Mills were named as a committee to investigate germicidal lights for the church nursery.

Mrs. Hubert H. Hopper was in charge of the worship period.

Thirty-five members were present.

ST. CECELIA GUILD PROGRAM IS DIRECTED BY MRS. HARVEY HERD

Mrs. Harvey Herd gave a program on "The Third and Fourth Miracles" when members of the St. Cecilia Guild of the Woman's Auxiliary of the Trinity Episcopal Church met Monday afternoon.

The guild met with Mrs. W. T. Hoey, 618 West Storey Street.

Prayers were said in unison, followed by the devotional led by Mrs. Paul Kolm.

Mrs. Dave Henderson, chairman, directed the meeting. Reports on the style show held last week were given by Mrs. Hal Peck, Mrs. William Kerr and Mrs. Payton Anderson.

A tea hour followed the benediction given by Mrs. Kolm.

Others present were Mrs. Robert Allen, Mrs. James N. Allison, Mrs. A. T. Barrett, Mrs. Louis A. Bartha, Mrs. H. A. Briggs, Mrs. John Darden, Mrs. J. D. Dillard, Mrs. Dan Hudson, Mrs. John Shipley, Mrs. C. J. Westlund, Mrs. J. G. Millian, and Mrs. Julian Muller.

Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy. . . it helps keep the skin soft and pliable. . . thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin. . . for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

Mother's Friend

HAVE YOU EVER EXPERIENCED A BUMP ON THE HEAD?

When you bump your head the real damage may not be apparent at once . . . the knot you raise is sore, but it soon gets well.

However, the head rests upon a pair of vertebrae called the atlas and axis. The spinal cord passes through these vertebrae and since the spinal cord and its trunk nerves are the only source of communication between the brain and the glands and organs of the body, the real danger lies in the injury that may be done to the nerve fibers that pass through the neural canal.

Perhaps it did not amount to much, yet if you find your health dropping below par, it would be the part of wisdom to consult a chiropractor at once.

CUTS FROM CASES:

V. L. Case No. 11,601, woman, age 40, complained of low back pain that extended down both legs. She was also nervous, had headaches occasionally, and her neck hurt. Being unacquainted with Chiropractic methods, she was agreeably surprised when a spinal adjustment in the neck cleared up all her trouble.

V. L. Case No. 11,476, woman, age 53, had headache, was very nervous, did not sleep well, had abscesses in her ears, and was tired all the time. Some years before she had fallen out of a car and broken her collar bone. This had long since healed, but her nervousness and other symptoms were getting worse. Finally she overcame her prejudice against Chiropractic and gave it a trial. Today she is well and a good booster for Chiropractic.

How Good A Bargain?

There is something disquieting about Russia's sudden acceptance of the American trusteeship plan for the former Japanese-mandated Pacific islands. The general press reaction has betrayed a fear of the Greeks bearing gifts. Even Russia's belated admission that the United States had something to do with winning the war brings only passing satisfaction.

This government certainly has justice on its side in asking strategic control of a UN trusteeship over these islands. They are neither populous, progressive, nor a source of great wealth. They are principally valuable as military outposts. As such, they offer this country one avenue of protection against air attack from the Far East. There is no reason to charge us with aggressive or imperialistic intentions. Even if we did not have a proud record as colonial governors of the Philippines, the nature of these islands and their inhabitants would pretty well rule out any accusation of imperialism.

But does the United States have wisdom on its side in this matter? In its broad request for exclusive military, air, naval, and economic rights in this territory our government seems to have done the following things:

1. Reaffirmed a faith in power politics and balance-of-power philosophy.
2. Reversed the American policy, stated in two world wars, of not asking any territorial reward for victory.
3. Established an undesirable precedent if the American trusteeship plan wins UN approval, as now seems likely.

The Soviet government, as is well known, has annexed some 250,000 square miles and almost 25,000,000 people since V-J Day. It is unlikely that Russia would forget her generous agreement to the American trusteeship plan if a question were raised about this accomplished annexation, or about any future Russian annexation of former enemy-held territory.

The Soviet government's acceptance, according to Secretary of State Marshall, stressed the point that American armed forces had played the decisive role in Japan's defeat, and that in waging that war we had made far greater sacrifice than the other Allies.

The same thing can be said and has been said, of course, about Russia in theaters of war from the Elbe in Germany all the way to Manchuria. If we accept Russian approval on these Russian terms, can America refuse to accede with equal grace to further Russian requests of the same sort?

Why does America want the Pacific islands, anyway? There is no threat of aggression in the Far East except from Russia. The predicted rockets-over-the-Arctic of the future may make such distant bases unnecessary. So apparently the idea is to keep Russia out of these islands now and perhaps provide further defense against attack by conventional aircraft in the next few years.

Undoubtedly the United States is the logical power to occupy these hundreds of small, primitive, faraway islands. But are they a good bargain at the price which Russia's ready acceptance implies?

The success doesn't spend all he makes—the failure doesn't make all he spends.

Fort Stockton Boy Exhibits Champion Steer At Exposition
FORT WORTH—(AP)—Judging in breeding beef cattle took over the spotlight in the livestock of the Southwest Exposition and Fat Stock Show Tuesday.
First entries in this division passed before the judges early Tuesday morning, while at the same time sheep and swine continued to vie for blue ribbon honors.
The top spot of the cattle division was captured Monday by a 15-year-old 4-H Club member, Patsy Moody, of Fort Stockton, who exhibited the grand champion steer. The animal was an 825-pound Hereford.
Blue ribbons were pinned on cattle in several other divisions Monday.
R. D. Mousel, Jr., of Cambridge, Neb., exhibited the champion Hereford bull. Champion polled Hereford bull was shown by the Double EE Ranch, Sematobia, Miss.
A middleweight Duroc was judged grand champion of the boys' pig show. It was owned by Charles Kramer, of Brenham.
Oklahoma A&M College exhibited the grand champion wether lamb. The college also won the blue ribbon for the grand and reserve champion pen of three wethers.

U. S. Likely To Win Fight On Atomic Issue
By JOHN A. PARRIS, JR.
LAKE SUCCESS, N. Y.—(AP)—Despite expected Russian opposition, the United States appeared certain Tuesday of winning its fight to refer the controversial atomic report back to the United Nations Atomic Energy Commission.
Renewal of the atomic debate highlighted a heavy week ahead for the Security Council as UN delegates faced these possible developments:
1. Great Britain was expected to file formally with the United Nations the explosive problem as a result of an American request for clarification of the Holy Land issue.
2. The Security Council was expected to accept the U. S. plan to place the Japanese-mandated islands in the Pacific under a UN strategic area trusteeship which would give America control of the Marshalls, Marianas and Carolines.
3. A three-nation council subcommittee prepared to report its findings on Great Britain's mining complaint against Albania.
4. Before UN delegates was a petition from the native leaders of Western Samoa for complete self-government with the protection of New Zealand, which now administers the territory under a trust agreement.
U. S. Victory Expected
With the formality of a reply over, Austin will renew his request that the controversial atomic report be referred back to the Atomic Energy Commission, American sources said.
A survey of delegates indicated that the United States would win on this point. The only opposition was expected to come from Russia, and possibly Poland. But only a majority vote is necessary to refer the report back to the Atomic Energy Commission, where new efforts will be made to conciliate the American and Russian views.
A vote on the American trusteeship plan for the Japanese-mandated islands was expected Wednesday when the council resumes discussion of this issue.
The chief opposition has come from Australia, which has proposed that a committee of "interested nations"—including New Zealand and India—be established to review the American plan.

Largest Re-Elected Hereford Group Head
FORT WORTH—(AP)—President Roy Largent, Merkel, and Secretary Henry Elder, Fort Worth, were re-elected at the annual meeting of the Texas Hereford Association here Monday night. Named vice-president was J. M. North, Jr.
A report by Elder disclosed membership at a new high, 680.

Congressmen Urge Compulsory Labor Case Arbitration
WASHINGTON—(AP)—A group of congressmen told the House Labor Committee Monday that although representatives of both unions and management have expressed "horror" at compulsory arbitration, no one has suggested anything better.
Representative Auchincloss (R-NJ) said some witnesses have expressed "horror" and looked upon compulsory arbitration as "un-American." But, he asserted in testimony prepared for the committee, it is still the "only alternative because the welfare of our country will not permit matters to drift any longer."
Rep. Clifford Case (R-NJ) said work stoppages "can no longer be tolerated where the public health and safety are endangered." He said that strike dangers "are not past" and may return in "acute" form in a few weeks.
Auchincloss and Case have joined with three other Republican representatives—Hertel and Hesolton of Massachusetts and Hale of Maine—in sponsoring a bill for compulsory arbitration of disputes endangering public health or safety, after all other methods have failed.
Compulsory arbitration means that instead of interrupting work, both sides in a dispute would be compelled by law to let an arbitration board render a verdict.
The bill before the House group would provide for such settlements only in extreme cases, after the President had proclaimed a public emergency. The arbitrators then would be required to recognize that the workers who had been deprived of the right to strike should have at least as favorable a status in respect to wages and working conditions as that enjoyed by workers in other industries.

City Cooperates To Aid South In Street Marking

The City of Midland is cooperating with the Junior Chamber of Commerce in an effort to get mail delivery service for the Southside sector of the city.

Where the JayCees will do the installation of street markers, the city is furnishing posts, labor for post holes and paint. The JayCees are painting and stenciling the posts and will supervise erection of the markers.

Work has begun on the project. It will facilitate mail delivery service to a 100-block area. Estimates are the delivery service would cut the general delivery line at the Post Office, 50 per cent.

Phone Strike -

(Continued from page 1)
Where Midland had 30,000 telephone calls per day, the number Monday and Tuesday was not any per cent at all of that. Long distance calls dropped from 1,500 per day to a meager figure—only emergency.

The union held its continuous meeting. Between slack times there were domino games. Operators sat around. Waiting! Waiting! Waiting!

Comment Both Ways
There were the usual cracks about telephones by the citizenry. Some people criticized the stoppage. Some said it was okay. Others would not comment.

One man frantically called at the telephone office to get a call through to his son at an Army camp. He got it.

Telephone bills were in the mails as usual, and were received by citizens Monday and Tuesday.

One woman, who has had a phone for 40 years, said "Will I have to pay for these days of no service on my next month's bill?"

"Call me up sometime," citizens said to others, and got "oh yeah" for an answer.

There has not been a fire or an emergency ambulance run during this stoppage.

It was quiet, quiet, quiet, at the switchboard.

A little girl with her mother in a Midland store wanted of all things—a toy telephone. "But you can't use it," the mother said. The mother had a point there.

Dramatic Oil Well Depth Race Underway

PITTSBURGH — (P) — A dramatic neck-and-neck race for the world's oil well depth record is under way in Oklahoma and California, oil sources disclosed here Tuesday.

Now well past 17,176 feet, a wildcat well of the Superior Oil Company five miles north of Fort Cobb in Caddo County, Oklahoma, is in the lead.

Yielding with that is the Pacific Western Oil Company's well near Lost Hills, Kern County, California. This hit the 16,668 foot mark on December 2—but the drill pipe stuck 13 feet off bottom and drilling stopped. However, the company plans to resume drilling when the hole is cleared.

The previous depth record was held by a Phillips Petroleum Company well in Brazos County, Texas, which reached 16,655 feet.

Pacific Western's well contains the longest "string" of casing ever to run into a well—16,466 feet. Superior's well contains 16,351 feet of casing.

Manila Barber Admits Assassination Attempt

MANILA — (P) — An unrepented, 50 year-old Manila barber told Tuesday how he had drawn a hand grenade from a bag of peanuts and hurled it at President Manuel A. Roxas Monday night in a vain assassination attempt. Taken later to meet his intended victim, he reportedly told Roxas he would do it again if he could.

A Filipino photographer, the chief of the presidential palace guards, and five others were wounded by flying fragments, but the president was unhurt.

Police identified the barber as Julio Guillen y Guerro. They permitted newsmen to interview him Tuesday morning, and Guillen demonstrated how he had secreted the grenade and found a seat 10 yards from the platform where Philippines notables were clustered.

Police identified the barber as Julio Guillen y Guerro. They permitted newsmen to interview him Tuesday morning, and Guillen demonstrated how he had secreted the grenade and found a seat 10 yards from the platform where Philippines notables were clustered.

Navigator Falls Four Miles Into Atlantic

NEW YORK — (P) — A navigator sighting on the stars from his plastic bubble atop Trans World Airline's "Star of Hollywood" was tossed through the dome and dropped four miles into the Atlantic Ocean 500 miles out of Gander, Newfoundland, Monday night, TWA officials here announced.

Victim of the freak accident was George Hart of Long Island, N. Y. The plane, which was flying at an air speed of about 250 miles an hour at an altitude of 19,000 feet, made a safe return to the Gander airport.

The Coast Guard sent a message to all ships in the area to be on the lookout for the lost navigator. The guard said there was scant possibility he could have survived the long fall.

Officials of Lockheed Aircraft Company, manufacturers of the Constellation plane, said their service man at Gander advised them that the 21 passengers "hardly knew anything had happened until the plane landed at Gander."

There are more than 70,000 electric lights in the U. S. Army's Pentagon building at Washington, D. C.

Oil & Gas News-

(Continued From Page 1)
wildcat, at center of southeast quarter of section 15, block A-26, psi survey, and three-quarters of a mile east of the Union field, ran a three-hour drillstem test at 8,414-62 feet, in an unidentified Permian lime section.

There was a steady blow of air during the test. No gas or fluid showed at the surface.

Recovery was 402 feet of sulphur flavored drilling mud. No signs of oil were reported. Operator was trying to recover stuck drill pipe, at last report.

MIDLAND AND YOAKUM WILDCATS MAKE HOLE
Humble Oil & Refining Company No. 1 Floyd, East Midland County exploration, about 15 miles southeast of Midland, and in northeast quarter of section 16, block 37, TP survey, T-3-S, was making hole below 10,431 feet in an unidentified lime.

The Texas Company No. 1 Samuels Northwest Yoakum County wildcat, in northwest quarter of section 242, block D, John H. Gibson survey, and 11 miles northwest of Plains, had reached 4,720 feet, in lime, and was drilling ahead.

LEA COUNTY DISCOVERY HAS RECOVERED FISH
Texaco No. 1 Garrett, East-Central Lea County, N. M., discovery for some sort of production from the lower San Andres-Permian, about eight miles northeast of the Lovington field, and 660 feet from east and 1,981 feet from south lines of section 22-16S-38E, had recovered lost tools, which had delayed operation for about two weeks.

The section at 5,415-5,525 feet had been perforated with six shots to the foot, and was to be swabbed and tested.

The open hole at 5,540-5,650 feet, had tested for about six barrels of oil per hour, swabbing, after acid treatments.

CANTRELL SPOKE AT WTGS MEETING MONDAY NIGHT
C. D. (Cy) Cantrell of the Midland geological staff of Phillips Petroleum Company, spoke at a meeting of the West Texas Geological Society Monday night.

His address dealt with the geology and nature of the pay zones in the TXL field in Ector County. Approximately 125 persons attended the session which was held in the district courtroom of the Midland courthouse.

HOOPER URGES AUSTRIA RELIEF
WASHINGTON — (P) — The question of whether Congress wants a long or short range foreign relief program was raised Tuesday by a report from Herbert Hoover urging that \$155,000,000 be spent in Austria during the next 15 months.

The former President said relief in Austria must continue at least until July 1, 1948, and "I have felt it better to face the fact now" rather than propose "renewed appropriations later."

Hoover explained in his report to President Truman his proposal would provide Austria with less aid than a United Nation program contemplates but said he has in mind "world supplies and the drains upon the American taxpayer."

The United Nations estimates provide more food than Hoover's, he said, and include some help for industrial reconstruction.

The UN outlay would come from a fund of \$610,000,000 of which the United States has been asked to contribute \$350,000,000.

John Alden, friend of Miles Standish and husband of Priscilla, was the last of the Pilgrim fathers. He died in 1687.

What Price ONE PAIR OF EYES?

EYESIGHT IS PRICELESS LIGHT IS CHEAP!

Those bright, sparkling eyes of childhood! Help them keep their sparkle—their clear, perfect vision. One school child in five has lost part of that sparkle because of defective vision. More than half the people over 35 have eyesight troubles.

Why not conserve precious eyesight by following the three commonsense rules illustrated at the right:

- 1 **Do all reading, studying, sewing or other visual tasks close to a good light source, preferably a modern reading lamp.**
- 2 **Avoid shadows.** Make sure you have good light directly on your book or work. Use at least a 150-watt bulb.
- 3 **Avoid glare from bare bulbs.** Don't sit facing the light. Glare strains eyes.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY America's Card Authority (Written for NEA Service)

Tournament bridge has an ardent new supporter in Fred Hirsch of New York. He has received his training from one of the country's best, Harry J. Fishbein. Hirsch takes plenty of time to count out a hand, something too many players fail to do.

A surprising number of good players failed to make six spades on today's hand. After winning the opening lead with dummy's ace of hearts, they made the mistake of trying to cash the ace and

Hand analysis diagram showing cards: A Q 10 7 6 5, K 9 5, 6 4, 5 4, 8 4 3 2, J 8 4 2, K Q J 2, 10, 9, 10 7 6, 3, 10 8, Q J 9 7 3, K J, A, A 9 7 5 3, A K 8 6 2, Tournament—Neither vul. South West North East, 1 Pass 1 Pass, 2 Pass 3 Pass, 3 Pass 4 Pass, 4 Pass 5 Pass, 5 Pass 6 Pass, Opening—♥ 6 11

king of clubs in order to ruff a club; or they led the jack of spades and overtook with the queen in order to ruff a heart in dummy. Then they had to lose a spade and a diamond.

After winning the ace of hearts, Hirsch cashed the jack of spades, playing low from his own hand. Then he cashed the ace of diamonds and led a small diamond. West won and returned a heart, which Hirsch could ruff safely in dummy with the king of spades. He ruffed another diamond, picked up the adverse trumps, cashed the king of hearts, and won the last two tricks with the ace and king of clubs.

The pitfall that Hirsch avoided was taking it for granted that the trumps were going to break three-two. With the singleton ace of hearts in dummy, he said he expected the trumps to break four-one or possibly five-none.

Sharks do not have to turn over on their backs in order to bite.

Take the Laughter by Karen DeWolf

THE STORY: Sherry and Mona had rented a cottage together in one of Hollywood's business courts. Then Mona went off with a married man and Sherry is left alone. Her three friends are the boys in the cottage at the end—Sandro, who is French and wants to act in the movies; American Tony who wants to direct and Danish Kris who hopes to become a producer. Sherry's allowance from home isn't enough to keep the cottage by herself and she tells the boys she'll have to find a job. Sandro thinks he can arrange a meeting with the story editor of his studio.

BY noon the next day Sherry was waiting for Sandro to call. She knew that his company had probably not even broken for lunch yet, but she waited. It wasn't until ten past two that the telephone rang. It was Sandro. He was excited. He said, "But I have seen you! He can be here by three, can you not?"

Sherry got him straightened out. It was Mrs. Drood he had seen and the appointment was for three. Sherry said, "Oh, Sandro, you're a darling!" and banged up the receiver.

By ten minutes to three Sherry was at the studio desk telling the man she had an appointment with Mrs. Drood at 3 o'clock. The man said, "It isn't three yet. Sit down, won't you?"

At one minute to three she went back to the desk. The man acted as if he had not seen her before, and asked her who she wanted to see all over again. Then he called a number and said, "Miss Lynne to see Mrs. Drood" and hung up and gave her a pass.

In a minute Sherry was on the lot. She had never seen a studio lot before. The big lawns were neat and green, and the red-roofed buildings were white in the sun. Sherry looked carefully at the people she passed. You never could tell whom you might see.

FRECKLES AND HIS FRIENDS

Comic strip panels showing a man and a woman. Dialogue includes: 'HEY, BUDDY, YOUR TAIL-LIGHT IS OUT! YOU BETTER LIGHT IT!' 'I HOPE IT'S NOT OUT OF KEROSENE!' 'GOSH, AND I HAVE ONLY ONE MATCH... SHIELD IT WITH YOUR COAT, JUNE!' 'LOOK! DROOPY IS RUNNING AWAY!' 'CREEPERS!!' 'NOW WHATLL WE DO?' 'SEARCH ME! I NEVER HAD THIS KINDA TROUBLE WITH MY JALOPLY!' 'LOVE THUNDER 3-11'

Records Fall In Collegiate Tourney

KANSAS CITY —(AP)— Anything that might happen in the remaining five days of competition in the National Intercollegiate Basketball Tournament likely will be an anticlimax to the record-breaking proceedings of the first eight games. Here's the tournament records that went by the boards during Monday's opening card: Nate DeLong, 6-foot, 5-inch freshman center of Wisconsin State Teachers, River Falls, plunked in 22 field goals and 12 free throws for 56 points, breaking the NAIB record of 38 points by Pete Foto of George Pepperey College in 1942. Marshall College of Huntington, W. Va., set a new team scoring mark in beating Wisconsin State, DeLong and all, 113 to 80. Point making wasn't limited to the Marshall-River Falls contest, however. Cliff McNeely, the little Texas Wesleyan forward who tops the nation's scorers, brought his total for 31 games to 710 points as he scored 31 points in leading his team to an 84-50 victory over Linfield College of McMinnville, Ore. The defending champion Southern Illinois Normal Maroons of Carbondale, bowed out of the tournament as Dakota Wesleyan, Mitchell, S. D., handed them a 44-to-39 licking. The University of Houston defeated Montana State 60 to 58 on a last-second side court shot by Pete Selay.

SPORTS

—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 11, 1947

Feller's Ambition Is To Pitch In World Series

TUCSON, ARIZ. —(AP)— Know what Bob Feller, the man who may make as much as \$80,000 this year, wants more than anything? "I'd like to pitch in the World Series," the ace pitcher said in a short pause between workouts with the Cleveland Indians. "What are the Indians' chances of winning the pennant and making that dream come true this year?" "Well, maybe not the best," Feller conceded. "But we'll make a lot of teams step. This is a greatly improved club." The Tribe, despite Feller's 26 wins against 15 defeats, finished sixth in 1946. The team to beat, Rapid Robert believes, is the Detroit Tigers, but "don't forget the Red Sox are champions until they're licked."

Five All-Staters To Play For South Team In 'Star' Grid Game

EL PASO —(AP)— Five all-staters are on the South All-Star squad that will meet a similar aggregation from the North in the annual football game to be played as a feature of the Texas Coaching School here in August. Kyle Rote of Thomas Jefferson and Vernon Glass of Corpus Christi, backs; Mickey Spencer, Pasadena, and Nick Kazanas, Waco, guards, and Robert (Sonny) Payne of Thomas Jefferson, end, are the all-state men chosen by Dan Stallworth of Goose Creek, chairman of the selection committee. Five others who ranked high in the all-state poll also are on the squad. They are James Mott, Lufkin, second all-state, and Frank White, Breckenridge, third all-state, backs; Morris Weis, Marshall, second all-state, tackle; Billy Wright, Milby (Houston), second all-state, end, and Bill Reppas, Lamar (Houston), third all-state, center. The North all-stars will be announced by Clayton Hopkins of Odessa. Head instructors of the coaching school are Jess Neely of Rice, who will coach the South team, and Bo McMillin, Indiana, who will tutor the North. Joe Davis of Rice will instruct in line play.

Bulldogs Catch Good Day; Wham Into Grid Play

By TANNER LAINE

The Midland Bulldogs, in Spring football training, caught a good day Monday and put in a full session. Wham! Wham! Wham! Coaches sent the boys together, again and again. The object was running plays against a defense. The defense in most cases was the first string line, containing: Ken Goode, Fred Dunn, John Scrogins, Don Deel, and R. A. Whitson, to mention a few. Flu had made some inroads in the personnel. Cecil Stevens, blue-ribbon quarterback, was out and Al German, husling newcomer to varsity, took his place, quite capably. About seven youngsters were out with the flu. German handled the ball as the man down under the T-formation. He gave it off to Dunny Goode, to Dave Hyatt, Dee Bivens, Pat Ruckman, Eddie Richardson, Bill Little and others. Scrapping, both on defense and offense, were Bill Bissell, Artie Leftwich, and some more of the line boys. Buckingham Runs Larry Buckingham, who can kick a football a country mile, turned to running Monday. He ripped off one touchdown gallop. Larry Messersmith ran especially well and made the coaches smile. Billy Velvin, towering end, got into the scrap. As did Jack Hightower, Ed Pritchard, Cecil Wells, Joe Filler, Charlie Moncrief, Lloyd Henderson, and a flock more. Coach Barnes Milam worked the offense. Jack Mashburn steered the defense. Aubra Nooncaster worked with Milam. And Ken Kearns and Cameron Neal worked the smaller boys at the other end of the field.

Golden Glove Winners Will Fight Europe's

CHICAGO —(AP)— International golden glove competition will be revived in Chicago Stadium May 28 for the first time since 1940. A team of some of the United States best Golden Glovers will meet Europe's champions to be determined in an elimination tournament at Dublin, Ireland, May 12 to 17. The annual haul of U. S. commercial fishermen is about 1,300,000 tons.

Bantamweight Title Fight Tuesday Night

LOS ANGELES —(AP)— Harold Dade is the world's bantamweight champion, but not the favorite to retain his title Tuesday night against Manuel Ortiz, the man he dethroned two months ago. Dade, swift, clever-jabbing, 24-year-old former Chicagoan, was not expected by experts to repeat the win he scored over Maulin' Manny at San Francisco January 6. Ortiz was a 1-12 choice then, and he figures to enter the ring at 1-2, at worst, Tuesday night. Dade is expected to weigh in at 117 pounds, Ortiz right at the 111 limit. TEXAS HEAVYWEIGHT TITLE FIGHT TUESDAY HOUSTON —(AP)— Eddie Ownby of Gainesville will meet Belting Ben Johnson in a 10-round bout here Tuesday night with Ownby's Texas heavyweight title on the line. Iron was introduced into the Near East by the ancient Hittites. A fish oil product is used to help temper steel.

Sunday Shoot Scores At MGC

Jim Mascho was the high-man on the "totem pole" at the Midland Gun Club Sunday. He shot 22 out of a possible 25 birds in skeet. Epley and Yarbrough were high in trap shooting with 18 out of a possible 25. Scores Sunday: SKEET

House Panel Approves U. S. Securities Bill

WASHINGTON —(AP)— The House Banking Committee has approved legislation extending for three years the authority of the Federal Reserve banks to purchase up to \$5,000,000,000 of Government securities to meet temporary deficiencies in Federal Treasury balances. Marriner S. Eccles, head of the Reserve Board, explained that without the power of the reserve banks to purchase Government securities the Treasury would be forced to carry an added continuing balance of \$5,000,000,000, thereby increasing the national debt by that amount.

San Francisco Women Fight For Cable Cars

WASHINGTON —(AP)— Take it from the women of the CCSC— "There'll always be cable cars in San Francisco." Delegates of 27 women's clubs organized the Citizens' Committee to Save the Cable Cars to fight municipal economy advocates who have recommended scrapping the hill-climbing dinky cars. "They are costing money," said Mrs. Hans Klussman, President of the Arts Federation, "but they are worth their weight in gold as an advertising medium." Ducks can rotate each wing separately and fly straight upward in a spiral.
