## Georgia Court Rules Thompson Is Governor

ATLANTA—(P)—The State Supreme Court in a 5 to 2 decision Wednesday held that M. E. Thompson is Georgia's governor and that Herman Talmadge's election by the legislature was illegal.

Talmadge, who assumed office with the backing of National Guard officers and state troopers, announced that he would vacate both the executive office and the mansion "as soon as we can get the files out and our personal effects packed". Thompson will serve until January, 1949.

Talmadge said in a statement to newsmen that he considered the people the court of last resort in political questions, and said the question "will be carried to the court of last resort". He did not elaborate further on that statement.

### Telephone Man Is Speaker At Lions Luncheon

George Hutson

Discussing "Electronics and Communications—Yesterday, Today and Tomorrow," George Hutson of the information department of the Southwestern Bell Telephone Company, was the speaker at the meeting of the Midland Lions Club in the Scharbauer Hotel Wednesday noon.

Hutson has been with the telephone company more than 10 years, and recently returned from three and a half years of service in the Army's Signal Intelligence Division. He participated in five major battles and was awarded the Bronze Star for outstanding achievements in the European Theater.

"Four great weapons—the atomic bomb, radar, electrical gun director and proximity fuse—came out of this scientific war," Hutson said.

**Dream Weapon**  
He described the electrical gun director and radar. He termed the gun director a "dream weapon" because a Bell Laboratories scientist conceived the idea in a dream. More than 600 scientists and technicians worked more than three years in perfecting the weapon which makes mathematical calculations in a matter of seconds that would require a learned mathematician five hours to solve.

He discussed the use and value of radar during the war, and revealed that the telephone company laboratories delivered 57,000 radar systems to the government. He enumerated enormous quantities of equipment produced by his company which worked on 1,200 projects for the war department.

Hutson said because of the great part of communications in the war, shortages of copper, lead and other items, together with what is by far the greatest demand for telephone service in history, the company has been unable to provide all of the service for which people have asked. Even though more than twice as many telephones have been installed in Midland during the last 12 months than were ever installed there in a similar period, 396 applicants still are waiting for telephones, he said.

**Tomorrow's Communications**  
Applications for telephones in Midland are being made about as fast as it is possible to install them. He stated that in 1940 there were 18,614 local and 559 long distance calls made daily, on the average, while this year the average has reached 31,007 local and 1,387 long distance calls.

Speaking of the future, Hutson said laboratory scientists promise many wonderful things. Among them he named a national-wide dialing system, wires of an average call requiring but 10 seconds to complete; television, and mobile vehicular telephone service.

**Truman Asks Extension Of Export Controls**

WASHINGTON—(P)—President Truman Wednesday asked Congress to extend the government's controls over exports for a year beyond their present expiration date, June 30.

He said in a message requesting speedy action that an uncontrolled outflow of foodstuffs and goods would heighten domestic shortages and increase the "already substantial burden of living costs borne by the American people."

About 500 items—mostly foods—remain under export control compared with some 3,000 at the war-time peak, he said.

The message was sent to Capitol Hill by the White House in Truman's absence on a vacation in Florida.

Other workers are urged to make final reports as soon as possible.

## U. S. Navy Will Send Warships Into Greek And Turkish Waters

WASHINGTON—(P)—The Navy Tuesday disclosed orders for U. S. Task Force to visit Greek and Turkish waters—including the strategic Dardanelles—while the State Department called for speed on the Truman program to halt the spread of Communism.

A Navy announcement, which spoke of "training purposes," said the 27,000-ton aircraft carrier USS Yorktown would depart from Quonset Point, R. I., early next month.

An official amplified this to say the Leyte would be the flagship of a group of warships including three light cruisers and six destroyers. A preliminary report from London named the cruisers as the Providence, Portsmouth and Dayton. Two destroyers will escort the Leyte across the Atlantic.

There was not a word from the Navy to link the cruise with President Truman's request for aid to Greece and Turkey in resisting Communism.

### Wanted Ask Court Appeal

Talmadge said he would not ask the Supreme Court to reconsider its decision.

Thompson, in a statement from his offices in an Atlanta hotel, said the decision upheld his belief "that the will of the people as expressed by their ballots should prevail."

The Supreme Court thus moved to end nine weeks of political turmoil in which rival governors occupied the capitol and contended for control of state agencies and departments. Talmadge operated from the executive suite, however, and a great majority of the departments recognized him as governor.

The court's decision will not become final until disposition of a motion for rehearing expected to be filed by the losing side. Both sides have said there would be no attempt to carry the dispute into the federal courts.

### Midland County Child Welfare Board Meets

A total of \$269.03 was spent during February on child welfare services, it was reported Tuesday at the monthly meeting of the Midland County Child Welfare Board. The board voted to ask West Texas members of the Legislature to push school and social legislative bills.

Lydia Cagle of Austin, consultant for the Division of Child Welfare, met with the board.

The February report of the Child Welfare Unit was read. Applications during the month for services came from twelve families which included 38 children. Problems in new applications, on which service was requested, included neglect, plan for child (father being held), behavior problem, handicapped child, plan for children (father incapacitated), custody dispute, desertion and adoption investigation.

**191 Cases Continued**  
The report disclosed that parents and relatives, court, law enforcement officers, county health unit and interested individuals were sources of applications. One hundred and ninety-nine cases will be continued under supervision by the welfare unit. Service was terminated in 22 cases.

Board members include R. I. Dickey, chairman, Roy McKee, Mrs. John Hills, Mrs. E. A. Culbertson, Charles Vestres, and Anton Theis. Dorothy Sumner is the child welfare supervisor for Midland County.

### Boy, 14, Is Held In Slaying Of Stepmother

INDIANAPOLIS—(P)—Fourteen-year-old Richard Immel was being held Wednesday for investigation after police said he killed his stepmother Tuesday night with a shotgun because she had been "picking on me."

The boy said his stepmother accused him of being out with girls when he should have been home eating his dinner. The boy said he had been playing baseball, instead.

### Weather

Partly cloudy, warmer in the Pecos Valley eastward, cooler in the Panhandle Wednesday afternoon and night. Thursday partly cloudy, warmer in the Panhandle and South Plains. Total rainfall for Midland Tuesday was 1.59 inches. High temperature Tuesday was 42 degrees, low 39. Low temperature Wednesday was 36 degrees.

### • LATE NEWS FLASHES •

**ATHENS — (AP) —** Press dispatches Wednesday said 400 insurgents had attacked Daphne, 45 miles northeast of Salonika, burned the police station, town hall and several houses, routed the police force and abducted 40 women and children.

**WASHINGTON — (AP) —** Senator Smith (R-NJ) demanded Wednesday that the State Department reconcile President Truman's proposal to arm and train Greek troops with the United Nations Charter declaration against war and for peaceful settlement of world disputes.

**MOSCOW — (AP) —** Top American officials predicted Wednesday that unless the Council of Foreign Ministers finds—and agrees upon—some over all solution for Germany's current problems there will be no solution at all.

**BRUSSELS — (AP) —** A new Belgian cabinet, headed by Socialist Paul-Henri Spaak and composed entirely of Socialists and Catholic Party members, was formed Wednesday after the Libera's and Communists had refused to participate in a coalition government.

**TRUMAN RETURNS TO CAPITAL**

**KEY WEST, FLA. — (P) —** Tanned by sun and wind and relaxed after a week's rest, President Truman will return to Washington Wednesday afternoon to tackle anew the problems of an ever-shifting international scene.

# Lewis Obeys Court Order

## Withdraws Plan To End US Contract

WASHINGTON—(P)—John L. Lewis Wednesday withdrew his contract termination notice to the government effective March 31 in compliance with a Supreme Court mandate.

Lewis sent a 20-word letter to Secretary of Interior Krug announcing that the notice which he had given Krug last November 15 "is hereby unconditionally withdrawn."

It was this notice of contract termination that touched off a 17-day strike last Fall.

Lewis called off that strike until March 31. His action Wednesday thus apparently erases the possibility of renewal of the work stoppage at the end of this month.

Without a contract, the miners historically do not work.

**Government Contract Continues**  
Lewis' action continues in force the contract he signed with Krug late last Spring after the government had seized the mines to end a 59-day stoppage.

It was this contract that Lewis sought to end last Fall. The government obtained an order from Federal Judge T. Alan Goldsborough directing Lewis and his miners to call off a strike that followed in November.

When Lewis refused, he and the miners were held guilty of contempt. Lewis was fined \$10,000 and the United Mine Workers were fined \$3,500,000. The Supreme Court upheld the contempt convictions and Lewis' fine.

**Fine Is Reduced**  
The court, however, directed that the union fine be reduced to \$700,000, provided Lewis withdraw his notice ending the contract with the government within five days after issuance of the Supreme Court mandate.

Subsequently, on petition of the government, the Supreme Court speeded effectiveness of its order. Its mandate is to be filed with the federal district court Thursday.

By obeying the court order Wednesday, Lewis saves the mine union a possible additional fine of \$2,800,000.

Copies of Lewis' letter also went to members of the UMW notifying them that he had called off his notice to end the contract with the government.

## Full Scale Civil War In Paraguay

ASUNCION, PARAGUAY—(P)—Full-scale civil war confronted this South American nation Wednesday when government of President Higinio Morinigo mustered its strength for a showdown with rebels holding large areas in Northern Paraguay.

The government decreed Tuesday night that the revolt-torn country was in a state of war and Col. Federico Smith, 45, one of Paraguay's heroes of the Chaco War against Bolivia, emerged from retirement to resume command of government forces.

## Senator Proposes Truman Call World Disarmament Parley

WASHINGTON—(P)—The suggestion of Senator Tydings (D-Md.), that President Truman call an immediate world disarmament conference drew both Democratic and Republican support Wednesday.

Tydings told the senate in an hour-long speech Tuesday that the world faces a choice of disarmament or destruction. He said the alternatives are equally clear for the United States.

**Preparedness Or Disarmament**  
"The United States must either keep fully prepared in all categories, including the atomic bomb, or we must have total disarmament, including the atomic bomb, for all nations of the globe, ourselves included."

He suggested that January 1, 1950, should be the target date for universal disarmament "on land, on sea, and in the air."

## McKean Resigns As Manager Of Monahans Chamber Of Commerce

MONAHANS—Directors of the Monahans Chamber of Commerce are looking for a manager this week after accepting the resignation of Nolan McKean who has held the position the last year. McKean has been on leave of absence from the Cabot Carbon Company since his return from the service in 1946.

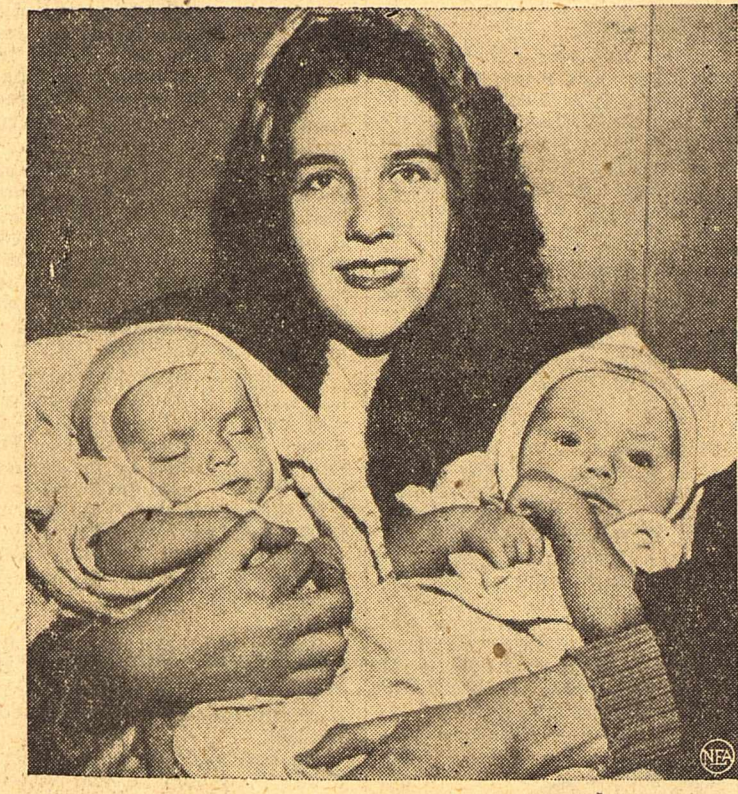

Applications for the position should be made in writing and arrangements for a personal interview will be made later.

Monahans is a rapidly growing oil and ranching center with a chamber of commerce membership of 186, and the directors are looking for a live-wire man to do a live-wire job, President R. T. Harris said.

### Chances Fade For Cut In Income Tax Before July

WASHINGTON—(P)—The chances faded Wednesday for any cut in income taxes taking effect before July 1.

### Goes To Movie—Loses Home

Mrs. Lester Likens and her 3-month-old twins, Danny Kay and Diana May, are homeless because she and her husband went to a Sunday movie. Rev. Edward Stewart, their pastor-landlord, ordered them to move from his Indianapolis, Ind., parsonage when they stayed away from church because one of the twins was sick but went to a movie later when the child improved.

## Ellis Owens Wins Championships In Rambouillet Show

Ellis Owens, widely-known registered sheep breeder of Bakersfield, Texas, showed the two grand champions, and had first place winners in all classes of the open-to-the-world Registered Rambouillet Sheep Division of the Sixth Annual Midland Livestock Show.

He showed both the grand champion ram and the grand champion ewe.

**Rambouillet show placings:**  
Four to six-tooth rams—Owens, first, and Warren Skaggs, Midland, second.

Two-tooth rams—Owens, first, and L. E. Floyd, Midland, second.

Ram lambs—Owens, first; Jim Will Cox, second and third; Owens, fourth and fifth.

Four to six-tooth ewes—Owens, first and second.

Two-tooth ewes—Owens, first; Jim Will Cox, second; Joe Calverley of Garden City, third.

Ewe lambs—Owens, first; Jim Will Cox, second; Owens, third; Cox, fourth; Owens, fifth.

### Steal Calf, Sell It, Buy Whiskey, Steal Horse

FORT WORTH—(P)—Two teenage boys were arrested in Fort Worth for theft of a horse and a calf. One boy admitted stealing the calf, but the horse was news to him.

They had bought a bottle of whisky after the sale of the stolen calf, and he just couldn't remember anything about the horse deal.

## Marines Sent To Quell 12 Japs In Jungle

PEARL HARBOR—(P)—A detachment of U. S. Marines has been flown to Peleliu to quell 12 holdout Japanese who have been hurling grenades at Leatherneck patrols, the Marine garrison forces of the Pacific said Wednesday.

Forty-one Marines left Guam, and 21 more flew from Pearl Harbor Monday. Another 15 will leave here Thursday.

The holdout Japanese were believed by a former Navy officer. They have been harassing the island—one of the Palaus—since its capture in 1944. Marine detachments on Peleliu asked for a few weapon specialists for rooting the Japanese from caves and jungle.

## West Texas Pipelines Seek Larger Quota

FORT WORTH—(P)—Distribution of increased production recommended by the Bureau of Mines for Texas in April Wednesday hinged on the extent of increased pipe line capacity out of West Texas.

Gathering of information on Spring time capacity of West Texas lines and the present volume of crude moving through them was scheduled at the statewide production hearing opening here Wednesday.

Before the Railroad Commission was the Bureau of Mines' estimate of 2,120,000 barrels of crude oil daily for April, up to 60,000 barrels from March. Purchasers also have increased nominations, lifting them 32,464 barrels daily to average 2,469,833.

Since the commission obtained data on which to base its present maximum of slightly more than 500,000 barrels of pipe line outlet daily out of West Texas, loops have been laid, pump stations installed and extension made to several systems.

Extent of the increased capacity through the improvements will be revealed by representatives of pipe lines, who have been requested to supply stations showing the absolute maximum capacity of the lines and the present volume moving through the carriers.

"If there should prove to be more capacity available in lines from West Texas than, naturally, any additional oil allowables will be distributed fairly among all fields of the state, including West Texas oil fields," Chairman Thompson of the commission said.

## Heads Sun Oil Company

PHILADELPHIA—(P)—Robert G. Dunlop, 37-year-old accountant, Tuesday was elected to succeed J. Howard Pew as president of Sun Oil Company. The 65-year old Pew is retiring from active management of the company after 35 years in the post.

**John Williams Is Birthday Honoree**

John Williams, 1206 South Marfield Street, whose birthday was Monday, was complimented with a party Sunday when Mrs. John Williams entertained.

Guests for the celebration were Mrs. Martha Bleiker and children, Charleen and Bussy, Mr. and Mrs. Homer Thornton, baby daughter, and Homer Thornton, Jr., Mrs. Katie Butler, Mrs. Catherine Bleiker, Mrs. Vera Zachry and Norma Louise Zachry, Mrs. Ella Ragsdale, Mr. and Mrs. Donald Merritt, Ray Williams and Lewis E. Williams.

All snake venom contains several different kinds of poison.

**Stewardship Book Study Completed At WSCS Meeting**

Study of the book, "Christian Motive and Method in Stewardship" was concluded at the meeting of the circles of the First Methodist Church Society of Christian Service Monday afternoon in the educational building.

Mrs. Earl Chapman conducted the study. Mrs. W. C. Cartwright and Mrs. C. M. Chase presented a paper on "Stewardship Ceremonial." Mrs. B. F. Haag gave the devotional.

Mrs. J. R. Smith sang a solo. The Mary Scharbauer Circle was the hostess group for the tea hour following the program. Mrs. Sam Preston presided at the white linen table.

**Take the Laughter**

Copyright by Karen DeWolf by Karen DeWolf Distributed by NEA SERVICE, INC.

**THE STORY:** Peter calls to see Sherry, bringing her flowers. After he leaves, the three boys build cloud-castles to amuse her. Tony says he and Sherry will live in a mountain lodge; Sandro says that's impossible since he intends taking Sherry to France; and Kris announces Sherry will go back to Denmark with him as his wife, the Countess Von Rantmann.

XVIII  
SHERRY stretched luxuriously on the davenport and stared dreamily out through the open windows.

It was funny that so many things had happened since the day she had first found the cottage among the trees. She had changed so much and everything was different, but the hidden house was just the same. They still drank tea from the blue and gold tea cups, and the sunlight through the trees made the same dappled patterns on the floor.

The boys had won after all, Sherry thought; she was almost well again. There had not been a single coughing spell for two months. She could walk about a little now, from her bed to the living room; and Dr. Drexell had said that pretty soon she could go for rides in the car.

The last time he had come he had looked at Sherry very gravely and had said, "It's remarkable. Really, very remarkable." And Sherry had known by his worried look that she was quite well.

Sherry did not think that five long months were exactly the "next minute," but she had let it pass and asked Dr. Drexell about his bill.

He had said, "Oh, don't worry about that," so she had worried about it ever since. But there was no use asking Peter about it until

she had some money, and anyway the boys came first.

They were all working now, and they were worried and tired and cross with one another. Kris had been expecting a job as technical director on a Swedish picture, but the starting date had kept being postponed and the milkman had kept coming to the door for his money.

They were even out of soap and things like that, and Sherry was finally willing that they should borrow from Peter, only he was on location.

Finally Sandro had got a day's extra work for an independent company, and had managed somehow to get his check immediately. He had dashed in excitedly at 7 o'clock one night and waved a 10-dollar bill at them.

"Believe it or don't!" he had said, and Tony had said, "For Pete's sake, either learn slang or forget it!"

They had made out a list of things that were absolutely necessary, and Kris had gone to the boulevard while Tony and Sandro made ready for the feast to follow.

By eight Kris had not returned and when he did come back at half-past eight he carried an amazing armful of yellow tea roses.

He had piled them in Sherry's arms and strewn them on the bed. He had said, "There, my lovely one, I've always wanted to do that!" and Sherry had cradled the flowers and said, "Why, Kris! I never saw so many all together in my life!"

Kris had said, "Six dozen!" very happily, and Tony had exploded. He had talked a lot in German

and called Kris all kinds of dreadful names.

Kris had said, "Whenever you get off the soap box, you Wiener Schnitzel, you can get the food out of the car," and Tony and Sandro had spent the next 10 minutes unpacking boxes.

KRIS told Sherry what had happened.

He had met the man who was in charge of the technical end of the Swedish picture, and the man had told him that he might as well start the next day as there was a lot of preliminary work to be done. The salary was \$150 a week, and Kris had simply touched him for the first week's pay.

They had had a dreadful time finding enough vases and milk bottles to hold the long-stemmed roses, but it was in a fragrant yellow bower that they had celebrated Kris's good fortune.

The boys had wine and there was caviar for Sherry, and cream and imported chocolates. Even Tony had laughed about his outburst.

A month later Marcia had come back and had had a fit because the boys had not told her that Sherry was ill. She had matter-of-factly taken over the managing of Sherry's routine, and still slept at Hidden House every other night, which gave the boys a rest.

Finally the day had come when Dr. Drexell had said Sherry could get up, and from her new throne, the davenport, she had given a party. There were only the boys and Marcia and Peter, but it had been fun, and Peter had said something sentimental about Sherry's being the only girl in the world to him.

Now Sherry lay quietly and thought about it. A little breeze had sprung up from somewhere because it was almost evening and she drank it in.

She hoped, really and truly hoped, that Peter had not meant that. Or at least that he had not meant it very seriously. After all, it was pleasant to have people say nice things to you, but she did not want Peter Barton to be in love with her.

(To Be Continued)

**Study Of Russia Conducted By YWA**

A program on "Russia" was conducted at the meeting of the Young Woman's Auxiliary of the First Baptist Church Tuesday evening in the home of Dorothy Raines, 1009 Illinois Avenue.

The program opened with the song "Trust, Try and Prove Me" followed by prayer led by Helen House.

Rudy Gilbert gave the devotional on "Stewardship."

Nellivee Clark gave "Leaves For A Soviet Notebook."

The group sang "America" followed by the reading of the Russian National Anthem by Lurline Ponder.

"The Church's One Foundation" was sung and Clara Belle Kelton gave the story "Skipper Goes a Sailing."

The meeting closed with a question and answer program.

Others present were Gwen Simpson, Rosalea Green, Nadine Clement and the counselor, Mrs. J. S. Griffith.

**SUNBEAMS HEAR STORY OF RUSSIA**

Boys and girls of the Sunbeam Band of the First Baptist Church heard a story of the children of Russia told by the counselor, Mrs. E. R. Colvin, Monday afternoon.

Pictures were made of the Sunbeam choir, which is directed by the Rev. and Mrs. Raymond Hall.

Present were Topper Pylant, Joe E. Pylant, Harriet Yearby, Linda Merle Stracener, J. D. Hatch, Mary K. Hatch, Glenda Henderson, Mary Louise Erskine, Ruth Ann Erskine, Sandra White, Lallajo Wright, Carl Hyde, Danny McCain, Marylyn Ann Johnson, Danny Sue Wright, Mary Elizabeth Monroe, Frank Ryan Monroe, Patricia Ann Aday, Judy Aday, Mary Helen Yater, Betty Sue Bowman, Gretchen Scharbauer, Paul Livingston, Billy Wayne Godwin, Jerry Mac Johnson, Odel Steen, Wanda Sanders, Phil Livingston, Joe Mac Johnson, Linda Ann Bowers, Linda Williams, Sally Walston, Herley Munson, Mrs. C. H. Yater and Mrs. Leif Olson.

The importation of mungoes into the United States is prohibited by law.

**State Says It Has No Money For Roads**

AUSTIN—(P)—Delegations from 41 Texas counties appealed to the Highway Commission Tuesday for more farm-to-market roads and improvement of existing highways badly in need of repair.

Of the 32 hearings held, 24 representations asked for rural roads. The answer was "no" in every case.

Chairman John S. Redditt explained to each group that Texas had no money currently available for new projects to hard-surface secondary roads. The federal government has not extended its cooperative road program and the Legislature has made no appropriations, Redditt said.

**IF STOMACH BALKS DUE TO GAS AND BLOAT**

Help Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief in helping your stomach do the job—it should be doing—in the digestion of its food.

Every time food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment, sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous irritability and weak, tired, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so clearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

**State RA Secretary Directs Initiation Services At Church**

Bill Farrar, state Royal Ambassador secretary, directed the initiation service at the meeting of the Howard Bryant RA's of the First Baptist Church, Monday afternoon.

Three boys, who acquired the rank of page in a recognition service Saturday evening at the Calvary Baptist Church, were initiated by Farrar into the Order of the Royal Ambassadors. They were James Upham, Ralph Powell, and Rip Griffith.

Preceding the initiation James Upham gave biographical sketches of two pioneer missionaries, Shuck and Bowen.

Two missionary recordings were played by Farrar. Others present were Joe Pogue, Don Davis, John Charles Godwin, Charles Lawhon, Jerry Green, Vernon Mitchell, Gene Pace, Jay Leggett, Delano Craft, Ronald Williams, and Mrs. E. R. Powell, counselor.

**Recent Bride Complimented**

Mrs. Delbert Wright, who was Geraldine Lightfoot before her marriage in Carlsbad, N. M., February 22, was complimented with a gift party recently by Mrs. A. T. Davis, 706 East Washington Avenue.

Mrs. Davis was assisted in entertaining by Mrs. Thomas Wright.

Mr. and Mrs. Delbert Wright are living at 500 South Marshall Street.

Present were Mrs. A. L. Morgan, Mrs. H. E. Diller, Mrs. Dutch Mayfield, Mrs. John Wright, Mrs. G. E. Jones, Mrs. Paul Presley, Mrs. Leslie Simmons, Mrs. Thomas McMullan, Mrs. E. L. Hisey, Mrs. F. C. Wheeler, Mrs. G. W. Wright, Mrs. Joe Harwell, Jr., Mrs. Bill Lightfoot, Mrs. Thelma Calloway, Mrs. Jean Shepherd, Mrs. W. L. Jones, Mrs. Joseph Whitmore, Jr., Mrs. R. A. Lightfoot, and Mrs. R. E. Lunsford.

**SOCIETY**

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 19, 1947—3

**Rev. Howard H. Hollowell Speaks At Annual Dinner Of Study Club**

Speaking on the subject of "Cooperation Between the Church and the Home" at the annual dinner of the Twentieth Century Study Club Tuesday evening, the Rev. Howard Hollowell pointed out that there should be cooperation between the church and home for the sake of the children.

"Any child has a right to a harmonious life and children who hear one thing taught at church and see another practiced at home will become bewildered and subjected to divided loyalty," Mr. Hollowell said.

In listing ways to cooperate Mr. Hollowell said "attend church with children and let them know that it is a pleasure to do so, keep ourselves informed about what the children are being taught in Sunday School and church and finally to live the religion which they are being taught so that they will not come to think of religion as only a juvenile affair."

**Coming Events**

**THURSDAY**

The Veteran's of Foreign Wars Auxiliary will meet at 8 p. m. in the Wolfe and Simon Electric Building.

The Valley View Home Demonstration Club will meet at 2 p. m. in the Valley View School, Mrs. J. B. Bartlett will give a demonstration of restyling hats.

A banquet honoring high school seniors will be given at the First Baptist Church at 7 p. m. The Woman's Missionary Unit will serve as hostess.

**FRIDAY**

The Belmont Bible Class will meet at 3 p. m. in the home of Mrs. R. Chanslor, 605 West Ohio Avenue.

Mrs. W. H. Pomeroy, Mrs. W. C. Murphy, and Mrs. Lawrence Liberty will be hostesses for the luncheon meeting at 1 p. m. of the Ladies Golf Association of the Midland Country Club.

The Midland County Museum will be open from 2:30 to 5 p. m.

The Couple's Class of the First Methodist Church will have a covered dish supper at the Scharbauer Educational Building at 6 p. m.

**SATURDAY**

The Midland Rebekah Lodge No. 91 will sponsor a party at 8 p. m. in the IOOF Hall. The proceeds of the party will go to the reconstruction fund of the IOOF Orphan's Home in Corsicana.

The Youth Canteen at the Midland High School gymnasium will be open from 2 to 5 p. m.

Children's Theater Group 1 will meet at 10:30 a. m. and Group 2 will meet at 1:30 p. m. The Junior Workshop of the Community Theater will meet at 3:15 p. m.

The Midland County Museum will be open from 3:30 to 5 p. m.

**Missionary Work Studied By GA's**

The Girls Auxiliary of the First Baptist Church met Monday afternoon for another in the series of studies from the book "Everywhere Preaching the Word".

Mrs. Stanley Erskine told the story. Barbara Long, president, led in the GA Allegiance to close the meeting.

Present were Ann Williams, Carol Ann Walker, Juanda Bradshaw, Melvina Brashears, Glynda Fuller,

Lawana Havins, Barbara Long, Mary Rowe, Barbara Timmons, Laverne Wingo, Karis Baxter, Rozanne Yearby, Atrelle Pace, Patsy Edgmon, Wanda Lou Steele, Patsy Holland and Rosaella Green, counselor.

About 50 million quarts of fresh milk are delivered to American homes and stores every day.

It was once believed that the Phoenicians had the first alphabet, but later investigations indicate they borrowed letters from older sources.

Per capita U.S. consumption of fresh milk and cream rose from 160 quarts a year in 1935 to 209 quarts a year in 1945.

**Exhibits of Fine Paintings To Be Continued Through Monday, March 24**

The Carlton Palmer collection of rare and beautiful paintings by noted American, English and French artists of the 18th, 19th and 20th centuries will remain on view in room 240, Hotel Scharbauer, daily from 10:00 a.m. to 9:00 p.m.

Many who have seen the paintings have acclaimed them the finest and most enjoyable canvasses ever exhibited here.

No one sensitive to things of beauty should fail to enjoy these works of art.

**Easter Gift To You**

Any Spring Coat in the house, regardless of price, for only \$39.00

The usual price reductions on Spring Coats occur immediately AFTER EASTER. The time a beautiful Spring Coat is most desired is BEFORE and DURING Easter; so we are giving you the post Easter reductions NOW—when they are most unexpected and most desirable—instead of at the customary time—when they are general and unexciting.

When you enter Everybody's tomorrow for your lovely Spring coat, make your selection strictly on the basis of style and quality. The price, you see, will not be a factor, for no matter whether the price tag says \$50.00, \$75.00 or \$100.00, the price to you on any Spring coat will be—

**\$39.00**

**Buys Any Spring Coat In The House**

**REGARDLESS OF ORIGINAL PRICE**

Included are our best Nationally Advertised Lines, such as: Jab'ow, Fred A. Block, Klingrite, Swansdown, Duchess Royal, Inwood, and others.

This is truly a precedent shattering event. We hope that you will be able to take full advantage of it early tomorrow morning!

## Spring Photographic Equipment Carried By Midland Studio

Now that Spring days are here, Midlanders will be planning outings and what is an outing without a camera to record the fun had with the gang that can be enjoyed again when the North wind is blowing.

This is where the Midland Studio and Camera Shop, 317 North Colorado Avenue, plays an important part. All photographic equipment may be secured at the studio. If it is not in stock it will be ordered immediately for the customer.

Randolph Rubin, owner of the studio, not only has a large supply of equipment but offers three week service in portraits and 24-hour service in photo-finishing. The facilities of the Midland Studio and Camera Shop will equal those of any in Texas' largest cities. The studio also offers identification and application service.

## Pardon My Feet

Larry Moquin staggers Jack Freeman, left, with a flying drop-kick at Buffalo. Following the kick, Moquin pinned Freeman to win match in five minutes, seven seconds.

## Rays Station Gives 'Smile With Meaning'

Rays Texaco Service Station gives to Midland motorists and visitors to West Texas the "smile with meaning." By this is meant that a smile goes with every service to the motorist. Rays Station may even be called the "station of smiles."

Employees and management point out that emphasis is not only put on helping the customer keep his car in the best running order, but on sending him on the road with a cherry greeting and "come back."

The station offers complete car services to its customers—greasing, washing, polishing, radiator flushing, tire and tube repairing, and battery service.

The station specializes in a pick-up-your-car-and-deliver-it service. Texaco gasoline is sold by the station, as are Quaker State and Havoline oils.

## Walker's Nursery Sells All Types Of Trees And Plants

Now is the time to be planting flowering shrubs, fruit trees, roses, hedge plants and shade trees, according to Walker's Nursery, located on the Andrews Highway.

These plants and many more can be obtained at the nursery, which is owned and operated by Mr. and Mrs. J. T. Walker and their son, James H. Walker and Mrs. James H. Walker.

The newest addition to the Walker Nursery is a greenhouse, 18 feet by 28 feet in which bedding plants such as petunias, snapdragons, verbenas, stock, and daisies will be kept. It also is planting time for most of those plants.

The Walker Nursery is a state inspected firm and plants are guaranteed.

## Hoover Body Shop Will Prepare Autos For Spring Driving

"Let us make Spring driving delightful for you by removing rattles from your automobile," Jimmy Hoover, owner of the Hoover Body Shop, advises Midland motorists. "We can also retrim and repaint unsightly marks on your car."

The shop stands ready to repair any type of car, whether the trouble is a smashed fender or a badly wrecked body. Complete and efficient service is assured. Twenty-four hour wrecker service is offered by calling No. 930. The shop is located on West Highway 80.

## McNutt Will Leave Manila This Week

MANILA—(AP)—His mission here virtually complete, retiring ambassador Paul V. McNutt leaves this week for significant visits through the troubled Middle East and possibly Greece to provide President Truman with a first hand report. Then the white-haired Indiana diplomat will retire to private life.

ITALIAN GOVERNMENT WANTS SAY IN GERMAN FEACE

MOSCOW—(AP)—An informed source said that the United States delegation to the Foreign Ministers Council had received a request from the Italian government for permission to participate in deliberations on the German peace treaty.

The ancients used cobalt, copper and manganese to color glass.

## Civil Service Exams For Social Security Jobs Are Announced

Examinations for positions as field assistant and claims assistant in the field service of the Social Security Administration for Texas, New Mexico, and Louisiana were announced Wednesday by the U. S. Civil Service Commission.

Beginning salary is \$2,394 a year. Applications for the examination must be filed with the Board of U. S. Civil Service Examiners for the Social Security Administration, 912 Maverick Building, San Antonio 5, Texas, not later than March 31, 1947.

Application cards and copies of the official announcement may be obtained from the Regional Director, 14th U. S. Civil Service Region, 210 South Harwood St., Dallas 1, Texas.

Mrs. Winston Sherwood, supervisor for Area 34 of the State Department of Public Welfare, of Colorado City, will visit the Midland Child Welfare office Thursday.

**PARENTS ASK POLICE TO PICK-UP DAUGHTER**

Two Odessa parents asked Midland police to pick up their daughter Wednesday and return her to Odessa. A boy in the girl's company was asked to be picked up for investigation. Neither party has been found by Midland police.

**Service Awards Given 84 Employees Of Atlantic Refining, Pipeline Co.**

Service awards were presented to 84 employees of The Atlantic Refining Company and The Atlantic Pipeline Company in West Texas and New Mexico at a dinner in the Crystal Ballroom of the Scharbauer Hotel Tuesday night.

Niles B. Winter, district geologist, and Wallace M. Ford, district landman, both of Midland, were awarded gold buttons with one diamond, for service of between 25 and 29 years, with the company.

Winter started work for The Atlantic Refining Company in March 1920 and Ford went on the concern's payroll in September of the same year.

Gold buttons with two sapphires were presented to five employees of The Atlantic Refining Company, and eight from the pipe line company for service of between 20 and 24 years.

There was one sapphire in the gold button given to five from the refining and 18 from the pipe line company for 15 to 19 years of work.

**Gold Buttons Presented**  
In the group which received gold buttons, for 10 to 14 years of service, were 25 persons from Atlantic Refining and 22 employees of Atlantic Pipeline.

Winter served as toastmaster at the Tuesday night program. R. P. Paden of Dallas, assistant manager of The Atlantic Pipeline Company, spoke on behalf of the management of that concern. L. A. Sunkel, also of Dallas, general manager of The Atlantic Refining Company, spoke for that organization.

Other speakers included J. N. Mendenhall, head of the land department; Edgar Kraus, head of the geological department; John

Marston, of the land department; Dewey Jordan, general superintendent of production; and Ralph Book, assistant manager of industrial relations, all from the Dallas headquarters of The Atlantic Refining Company.

Other visitors from Dallas were W. W. Scott, engineer with ARC; W. W. Looney, assistant to the general superintendent of the pipe line company, and Pilot Hansen and Co-Pilot Johnson, who flew the party here in the company plane.

**Receive Awards**

Atlantic Refining Company employees receiving awards:  
Ten to 14 years service: W. H. Wiginton, W. H. Clanton, M. P. Estep, Eugene Bailey, Floyd Welch, W. C. Speagle, L. E. Rose, P. E. Fletcher, Joe Cline, A. P. Mitchell, J. T. REAL ESTATE WANTED 84

Desiring to show East that he was out of diamonds, Leventritt led a small diamond from dummy and trumped it with the jack of hearts. He overtook the seven of hearts with dummy's nine-spot and led the diamond queen. East was not going to let him get away with that—so he put on the king, Leventritt trumped and West's jack fell.

Now declarer led a small trump to dummy, and discarded his two spades on the ten and six of diamonds. Feeling certain that West had the king of clubs to justify his overall, Leventritt led a small club. West won with the jack and tried to cash the ace of spades, but Leventritt trumped, ruffed a small club in dummy, and both the queen of spades and queen of clubs were good. Thus he made six-odd.

During World War II the Japanese built pill boxes into sunken ships off the coast, using them as stationary submarines.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY America's Card Authority One of the most popular players at the Winter Carnival Tournament at St. Paul, Minn., was Peter Leventritt of New York. He has a genial smile, is always glad to discuss bridge hands, and can be counted upon to put on a good show for the kibitzers. Leventritt played today's hand at St. Paul in the open pair championship, which he won with Charles Groden. At rubber bridge

Hand analysis for McKenney on Bridge. Includes card layout and dealer information.

one would say there was no problem to this hand—declarer simply loses a spade and a club—but here is the way Leventritt played it. Instead of opening the ace of spades, West led the eight of hearts. Leventritt won with the ace, led the eight of diamonds and went right up with dummy's ace. East signaled boldly with the seven of diamonds.

Desiring to show East that he was out of diamonds, Leventritt led a small diamond from dummy and trumped it with the jack of hearts. He overtook the seven of hearts with dummy's nine-spot and led the diamond queen. East was not going to let him get away with that—so he put on the king, Leventritt trumped and West's jack fell.

Now declarer led a small trump to dummy, and discarded his two spades on the ten and six of diamonds. Feeling certain that West had the king of clubs to justify his overall, Leventritt led a small club. West won with the jack and tried to cash the ace of spades, but Leventritt trumped, ruffed a small club in dummy, and both the queen of spades and queen of clubs were good. Thus he made six-odd.

### Los Angeles Seeks 1952 Olympic Games

LOS ANGELES—(P)—Los Angeles will send a seven-man committee to Stockholm in June to bid for the 1952 olympics.

The City of Angels, which staged the 1932 international competition, started the ball rolling Tuesday by naming its delegates to the conference of the International Olympic Committee.

Three other U. S. cities—Detroit, Minneapolis and Chicago—have indicated desire to hold the games in 1952. London will be the site of the 1948 Olympiad revival.

### JayCees Need Players For Softball Team

The Junior Chamber of Commerce softball team is working out each afternoon, weather permitting, in the old South Main ball park, J. M. Cox, manager, announced Wednesday.

The JayCees team has only 10 players signed up thus far and a squad of 17 is desired. Cox says that any boy or man desiring to play softball in the Midland Softball League this Summer will be welcomed to tryout with the JayCees team.

Cox may be contacted at the Harris-Luckett Stores.

**HORSE STUMBLES, BREAKS LEG WHILE IN LEAD**

SAN BRUNO, CALIF.—(P)—West-corn, a four-year-old gelding described as one of the better horses running at Tanforan, stumbled and broke a leg while out in front as he entered the stretch in the sixth race Tuesday. The horse was destroyed.

Greece did not have a glass industry until the 4th Century B.C.

## Kentucky Is Favored In U. S. Invitational

NEW YORK—(P)—Although Kentucky's defending champions and West Virginia's sturdy Mountaineers are favored to meet in the finals of the National Invitational basketball tournament, both Utah and North Carolina State were primed to dish out a couple of upsets Wednesday night.

Second-seeded West Virginia was matched against Utah in the curtain-raiser and top-rated Kentucky was pitted against the slick North Carolina State Red Terrors. The winners will meet Monday night for the title while the two losers will tangle for the third-place consolation prize. A capacity house of 18,400 was assured for the Madison Square Garden twin bill.

## STATE LEGION CONVENTION SCHEDULED IN FORT WORTH

AUSTIN—(P)—Fort Worth has been chosen as the site for the Texas American Legion annual convention to be held July 27 through July 30.

The convention of 40 and 8, Legion fun unit opens July 26, and will coincide with those of the Legion.

## CONSTIPATION Risky in BAD COLDS

Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and virus-laden mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed, 10c and 25c at all druggists.

## Take CALOTABS

## Bulldogs Hold Workout In Gym

The Midland High School Bulldogs are having weather difficulties. Tuesday the boys worked out in the MHS gym because of a wet field and according to officials the same procedure was to be followed Wednesday.

The team also is suffering from absenteeism, as several boys are out with influenza.

Blocking assignments were made Tuesday and various plays were run to illustrate mistakes made in actual play.

The coaching staff is satisfied with the progress shown by the material available. Assistant Coach Earl Glassie said the team is shaping up as well as could be expected this early in the year.

## Phillips 66 Favored In AAU Cage Tourney

DENVER—(P)—The eight seeded teams of the National AAU basketball tournament were still around Wednesday but four of them may have some trouble getting through Wednesday's third round game into the quarter finals.

Apparently sure things for the third round were Bartlesville, Okla. (Phillips 66), the defending champion and No. 1 seeded outfit; Oakland, Calif. (Bittners); Oklahoma City (Airliners); and Hollywood, Calif. (20th Century-Fox).

Bartlesville meets the Glendale, Calif. city college Wednesday; Oakland plays Pepperdine College of Los Angeles; Oklahoma City plays Seattle, Wash., and Hollywood runs up against Columbus, Ind.

The Denver Nuggets may get a stiff argument from the Borlo Athletic Club of San Francisco, Calif., and Peacetto has a difficult assignment against the Southern Methodist University team playing here for a Dallas real estate firm.

Best of the darkhorse clubs still remaining are Milwaukee, Dallas and San Francisco. Milwaukee outscored the University of Denver, 61-53; Dallas stopped the veteran Hawthorne, Calif., Flying Wings, 52-36; and Borlo scored three points a minute in the last quarter to swamp Panhandle A&M College of Goodwell, Okla., 70-45.

## Jester Asks Highway Commission For Report

AUSTIN—(P)—Gov. Beauford H. Jester has asked the Highway Commission for an immediate report on the mileage of roads and highways which can be built within the next four years with present available funds and expected revenue.

There has been considerable legislative pressure recently for speeding up the construction of rural roads.

## Longhorns Leave For Western NCAA Tourney

AUSTIN—(P)—The University of Texas basketball team left here Wednesday by train for Kansas City where it will compete in the Western NCAA basketball playoff.

It will be the third time a Texas team has appeared in NCAA playoffs and will be the second time for four of the Longhorns. Roy Cox, John Langdon, John Hargis and Jack Fitzgerald made the trip in 1943 when Wyoming defeated the Longhorns 58-54 and went on to the national title.

Texas will meet Wyoming in their first game on Friday night.

## Judge Approves Brain Operation For Criminal

PITTSBURGH—(P)—Hopeful of turning 38-year-old Mallard Wright into a "useful citizen", a Common Pleas Court judge approved a brain operation that is supposed to cure the prisoner's criminal tendencies.

Judge A. Marshall Thompson authorized a surgeon to separate the front lobe from the rest of Wright's brain after the latter's plea the operation would help him "go straight".

Wright, a criminal for 24 of his 38 years, told the judge Tuesday he tried to be good when suddenly a voice inside him would cry, "steal, steal, steal" and he was forced to obey.

## Special Events To Supplement Matched Roping At Levelland

LEVELLAND—Four more events have been lined up to supplement the matched roping contest between Toots Mansfield and Troy Fort in the Levelland Rodeo arena, Sunday, W. J. Robertson, president, announced.

Besides the championship match between Mansfield and Fort, there will be bareback bronc riding, wild Brahma steer riding, big steer roping and bulldogging.

A special matched roping also will be held.

Fort and Mansfield will rope 12 calves each in the feature attraction.

Mansfield won calf roping honors at the recent Southwestern Exposition and Fat Stock Show at Fort Worth. He has been five times world's champion calf roper. Between 1939 and 1945, he won more calf roping money at rodeos than any other cowboy in America.

**CENTRAL REEVES TO GET 4,000-FOOT WILDCAT**

Texas Production Company of Fort Worth has made location for a 4,000-foot wildcat in Central Reeves County. It will be the concern's No. 1 Tunstill, and is located 330 feet from north and east lines of section 10, block 56, TP survey, T-2, and near a 3,503-foot gas well completed from the Delaware in 1938, which has been shut in since completion.

## GULF COMPLETES S-W ECTOR ELLENBURGER DISCOVERY

Gulf Oil Corporation No. 1-E-A University-Pogelson, discovery for Ellenburger production in the Penwell area of Southwest Ector County and in section 7, block 35, University lands, reported a 24-hour flowing potential of 219.5 barrels of oil, plus 48.2 barrels of sediment, from section at 8,925-35 feet.

Informal sources report that none of the sediment recovered during the completion test was formation water.

## CRANE PROSPECTOR GETS OIL SHOWS IN WADDELL

Gulf No. 1-HH University, wildcat in East Crane County, about 11 miles north of Crane, and in section 3, block 31, University survey, had some signs of oil in cores above 70,365 feet, in the Waddell section of the middle Simpson. Operator was coming ahead from that point. When the core is pulled it is planned to run a drillstem test.

## HOOF Appointive Officers Named

AMARILLO—(P)—Decision on the proposal to move the Odd Fellows Home for the aged from Ennis to Corsicana will not be made until next March, officers of the state IOOF said Tuesday after the final session of the annual convention of the Grand Lodge of Texas here.

A committee of three Odd Fellows and three Rebekahs was appointed to study the proposal and report at the 1948 convention to be held in Houston.

New appointive officers for the lodge, announced by Clarence E. Woods, new grand master for Texas, were: Joe Z. Stevens, Brownwood, grand marshal; R. A. Turner, Brownfield, grand chaplain; Newt Owens, Sulphur Springs, grand conductor; T. E. Jasperson, Edinburg, grand guardian, and J. E. Caskey, Florence, grand herald.

## 11-Cent Candy Fund Contributions Backfire

FORT WORTH—(P)—Two Fort Worth men who volunteered contributions for candy for striking Odessa telephone workers Tuesday were on the receiving end of a flood of anonymous telephone calls and letters.

Both men had their phone numbers changed to unlisted ones Tuesday. A few minutes later both received phone calls from persons who jeered "you can't fool us".

## REPORTS WATCH STOLEN

Clyde Carroll, 1408 East Wall Street, Tuesday reported the theft of a Bulova 17-jewel, pink gold watch.

## ILL WITH INFLUENZA

J. M. Speed, Sr., Midland County deputy tax assessor-collector, is ill with influenza at his home on the Andrews Highway.

## Oil & Gas News—

(Continued from page 1)  
AN UNVERIFIED REPORT FROM CROCKETT COUNTY

Cities Service Oil Company and others No. 1-B Owens, West Crockett County wildcat, in northwest quarter of section 6, block GG, H&OB survey, about one and one-half miles south of the shallow Olson field, was reported in unofficial circles to be making hole below 5,700 feet in lime.

According to reports in Fort Worth, which have not been verified, because operator representatives are withholding information in Midland, the project ran a second drillstem test to total depth at 5,670 feet.

The packer was at 5,601 feet. Gas showed at surface in two minutes, drilling mud in six minutes, and oil started flowing in 10 minutes.

The well was flowed to pits for three minutes, and was then turned to tanks. In 45 minutes it is credited with flowing 40 barrels of 38-gravity oil, with a gas volume of 600,000 cubic feet per day.

It is understood that operators plan to carry the project on down to around 8,000 feet, or possibly deeper, to test the Ellenburger.

## Botany And Schlang WOOLENS

## Classical Music To Advertise Yankees

NEW YORK—(P)—Marking the first sponsorship of a musical radio program by a major league baseball club, the New York Yankees plan to air a daily program of classical music this baseball season over a New York station.

The chief purpose "the station announced, will be "institutional advertising of baseball". There will be opening and closing commercials mainly to identify the sponsor, and a 25-second middle commercial to give the Yankee's score at that particular moment on playing days.

## CONSTIPATION Risky in BAD COLDS

Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and virus-laden mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed, 10c and 25c at all druggists.

## Take CALOTABS

## Enriching Soil Necessary To Make Most Out Of Gardens This Spring

By ROBERT E. GEIGER  
BELTSVILLE, MD.—(AP)—Despite all of the great scientific discoveries in agriculture, the old barnyard and compost pile are still the gold mine of results for the home gardener.

Dr. Victor R. Boswell, garden expert of the U. S. Department of Agriculture, says there is no better way than the barnyard technique in preparing garden soils.

After a gardener has chosen the best soil available for his garden site he has to set about building it into a dinner table from which plants can feed.

This means that a gardener should add all the nutritive materials that he possibly can to the soil.

This work should start in the fall. First, fertilizer is spread over the plot and lightly spaded in.

The organic fertilizers are best for this, Dr. Boswell believes. They include such things as barnyard manure and the remains of last year's crops.

Dr. Boswell recently visited Japan, where small-plot gardening has been developed to a fine art through necessity.

Land is so scarce and the population so large the Japanese have to utilize every inch of space. There, says Dr. Boswell, yields are measured by the square yard of space, rather than by the acre.

"In many places the Japanese get three crops in one season from their land, and they do it in such a way that the land improves year by year, instead of wearing out," Dr. Boswell says.

The key, he adds, is largely in the way they use compost piles and organic fertilizers.

Every scrap of plant waste from a crop—the stalks and leaves, etc.—should be thrown into a pile. If commercial fertilizers are available, some should be added to the pile. Let this pile rot for a few months and then spade it back into the soil.

Dr. Boswell recommends that as much as 15 or 20 tons per acre of cow manure or compost be applied to garden soil. It should be spread evenly and then worked in thoroughly by spading. If the spading is done immediately after the material is spread, the fertilizer loses less of its value.

Organic fertilizers lack phosphorus and Dr. Boswell recommends superphosphate be added to them. He suggests 100 pounds of superphosphate for each ton of horse or cow manure and 100 pounds per one-half ton of sheep or poultry manure.

There is no fertilizing property coal ashes but, with the exception of lignite, they improve the workability of heavy clay. They, too, require that more fertilizer be added. Quantities up to two tons can be worked into an area 30 by 50 feet, Dr. Boswell says. They may need to be applied only once, not annually.

If the garden plot has been used previously, eight to ten inches deep is recommended. In new soil deeper spading may be necessary but care should be taken not to turn the soil on top.

Soil should be worked when damp but not when it is so wet it leaves clods. The moisture content should be such that after the soil is spaded the clods will fall apart easily when raked. The raking should be done immediately.

## National Legion Commander Will Visit Big Spring

BIG SPRING—Hundreds of American Legion members from this section of West Texas will be in Big Spring next Saturday to see and hear National Commander Paul H. Griffith of Uniontown, Pa., who will visit Big Spring on a tour of Texas cities.

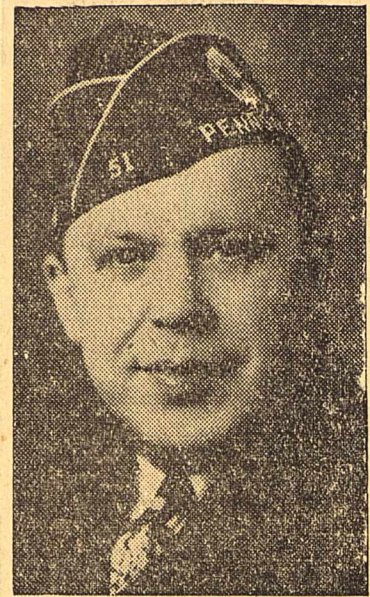

An "old time" West Texas barbecue at 6 p. m. at the county barn will be given in honor of the distinguished visitor. Special entertainment will be presented.

Commander Griffith will address an open meeting at 8 p. m.

Big Spring is the second stop on his Texas itinerary. He also will visit Brownfield, San Angelo, and Brownwood.

Commander Griffith will be met at Roswell, N. M., Saturday morning by a Texas delegation headed by Texas Department Commander Bertram E. Geissecke and Department Adjutant G. Ward Moody. Others included in the official party are George S. Berry, Lubbock, Fifth Division commander, and A. C. Jackson, Lubbock, 19th District Commander.

Luncheons are scheduled for the national commander in Brownfield Saturday and San Angelo Sunday.

PAUL H. GRIFFITH  
National Commander  
The American Legion

## U.S. And Mexico Join In War On Cattle Disease

WASHINGTON—(AP)—Secretary of Agriculture Clinton Anderson announced he has signed a temporary agreement with Mexico to initiate a vigorous foot and mouth disease eradication program in the neighboring republic.

The pact is to cover administration of the program until June 30. Disclosing details of the arrangement at a luncheon with members of Congress and Mexican officials, Anderson said he has asked the Budget Bureau to approve a \$9,000,000 appropriation to defray the United States' cost of the program between now and June 30.

The War Department has been asked for surplus bulldozers, trucks, jeeps and other equipment for use in carrying out the program, which calls for slaughter of some 150,000 head of infected cattle during the period covered by the temporary agreement, he added.

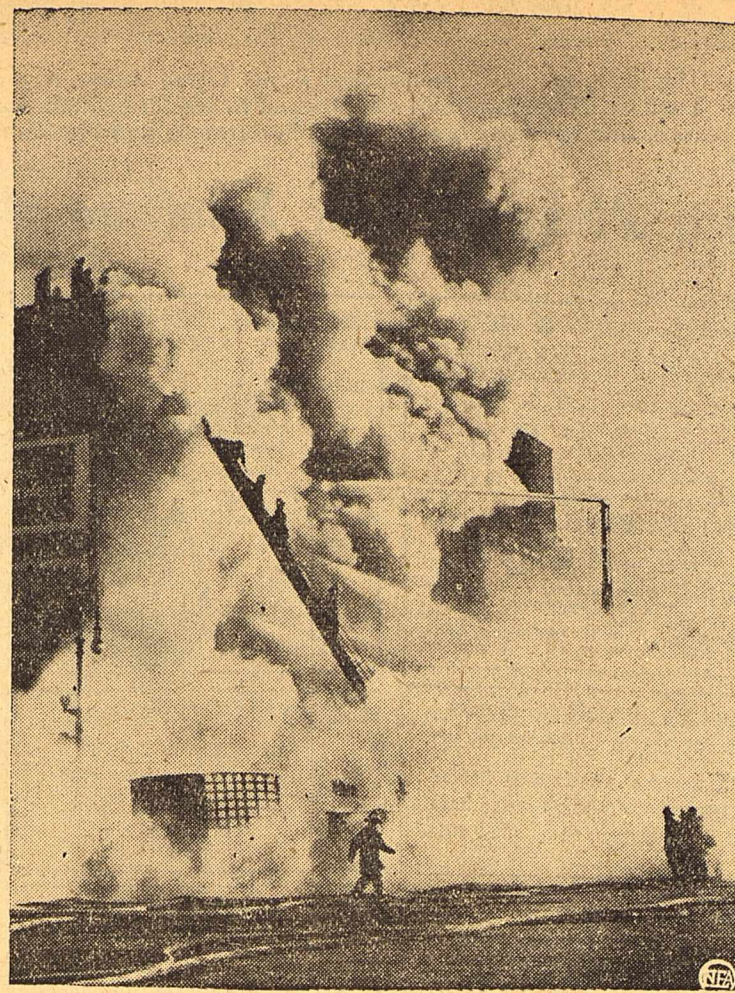

The Army equipment would be used in burying the slaughtered livestock. Hand labor would require too much time, it was explained. The disease is often spread by buzzards and other birds and beasts which would devour the dead animals if they were left long out in the open.

**50-50 Cost Basis**  
Congress will be asked for more money for the work after June 30, Anderson said. He said that the two governments have agreed to meet the cost of the program on a 50-50 basis.

Congress recently enacted legislation authorizing the department to help Mexico stamp out the disease.

Under the agreement, Mexico would spend \$7,600,000 for personnel, equipment and supplies, and \$1,750,000 on indemnities to owners of diseased hogs, sheep and goats which would be slaughtered.

## New York Fire Causes Heavy Damage

(NEA Telephoto)  
New York City firemen are shown as they battled a five-alarm blaze in a waterfront chemical warehouse. Note firemen on the roof and on the ladder. The damage ran into millions.

Small owners control 76 per cent of all forest land in the United States.

Three newly discovered elements are astatine, technetium, and francium.

### Dispute Settled

YONKERS, N. Y.—(AP)—A mild dispute as to whether a rock formation left by a landslide on the Hudson River palisades eight years ago resembled Adolph Hitler can be ended now. Another rockslide removed the formation.

### Brooklyn Not So Noisy After All

NEW YORK—(AP)—Ernest H. Peabody, president of the New York City League for Less Noise, says the police did a good job of trying to keep things quiet last year; they even issued 8,600 warnings to subdue noisy bicycle bells and sirens.

In temperate climates all snakes hibernate.

## Crane News

CRANE—Mrs. Sam Moore of Santa Anna is visiting her daughter, Mrs. Douglas Pennie.

Ronald Ashburn, son of Mr. and Mrs. George Ashburn, is ill in the Robinson Hospital. He has pneumonia.

Visiting in the R. V. Wilson home last week were Aran Wilson of Dumas, N. M.; Mr. and Mrs. R. L. Lester of San Antonio; Mrs. Stella Winston and daughter, Mrs. Hugh Waddill, of Dallas; T. L. Winston of Fort Worth; Miss Leida Lee Wilson and Mrs. Estelle Dupontis of Houston; and Rector and Jane Lester of Sul Ross College, Alpine.

They were called to Crane to be at the bedside of their mother and grandmother, Mrs. Nettie Wilson, who has been seriously ill. Her condition now is improved.

Mr. and Mrs. I. C. Crownover of Ector Station, Odessa, were visitors in the home of Mr. and Mrs. W. R. Crownover Thursday.

Mrs. M. G. Damron returned home Saturday from a Lubbock hospital where she underwent surgery.

Mr. and Mrs. J. P. Hickey and family of the Gulf Sand Hills camp were Sunday guests of Mrs. Hickey's mother, Mrs. Hartwell.

Mrs. Roy Hazel is ill in a Lubbock hospital. She underwent surgery there Friday.

Mr. and Mrs. I. E. Porter and daughter of Monahans were weekend guests of Mr. and Mrs. Jack Porter and Mr. and Mrs. Brady Roberson.

Miss Dorothy Hickey spent Sunday with Miss Coylene Pope.

Mr. Lee, pastor of the First Baptist Church of McCamey, visited in Crane Sunday.

Mr. and Mrs. Alvin Galloway were weekend visitors in Lubbock.

Mrs. Roy Bell is on the sick list.

Any price is too high if it can be reduced

*Franklin M. Brown*

## International Harvester announces \$20,000,000 price reductions

We believe there is nothing more important to this country than to lower the prices of the goods that people buy.

The American people have insisted that the government withdraw from its attempts to control prices in peacetime. That places the responsibility where it belongs—in the hands of business and industry. Not all business can reduce prices now. Not all can reduce by the same amount.

Our company has felt a duty to act as promptly as possible. In our case, the business outlook now makes it possible to move toward the goal of lower prices. The only way out of the vicious circle of higher and higher prices is to break through.

We have taken this step not because of present competitive conditions nor because of a drop in demand from customers. We have taken it because of our belief that ANY PRICE IS TOO HIGH IF IT CAN BE REDUCED.

These reductions, which will save the users of our products approximately \$20,000,000 a year, will become effective before April 1, and will apply to a selected list of tractor, farm machine, motor truck, and industrial power products. Since we lose money on a few of our products, and barely break even on some others, these reductions will not apply to our entire line. Reductions will be made individually on products. Some will be cut more than others. Exact details will be announced as soon as possible.

Our ability to maintain this lower level of prices will depend in part on what happens to the prices and flow of materials that we buy from others. Because we believe price reduction is vital, we are willing to assume the risks that are involved.

Prices had not gone up as much or as fast as many others

Here are Average Price Increases since 1941

All Manufactured Products (U. S. Government Reports)	63.7%
Metals and Metal Products (U. S. Government Reports)	41.2%
Motor Trucks	35%
Industrial Power Products	34%
Farm Machines	25%

These benefits to customers will depend, too, on uninterrupted production at reasonable wage levels. This is not a program that can be carried out if it is hampered by strikes or work stoppages.

Our employees have had substantial increases in pay, and wage questions are currently being discussed with many of the unions with which we deal. Stockholders have recently had an increase in dividend rate. Having considered the interests of these two groups, we are now making these price reductions for the benefit of the third group—our customers.

Business, to our way of thinking, has a social as well as an economic responsibility. This company has long followed the policy of operating in the interests of three groups—its customers, its employees and its stockholders. The duty of the management is to see that equal justice is done as between the three groups.

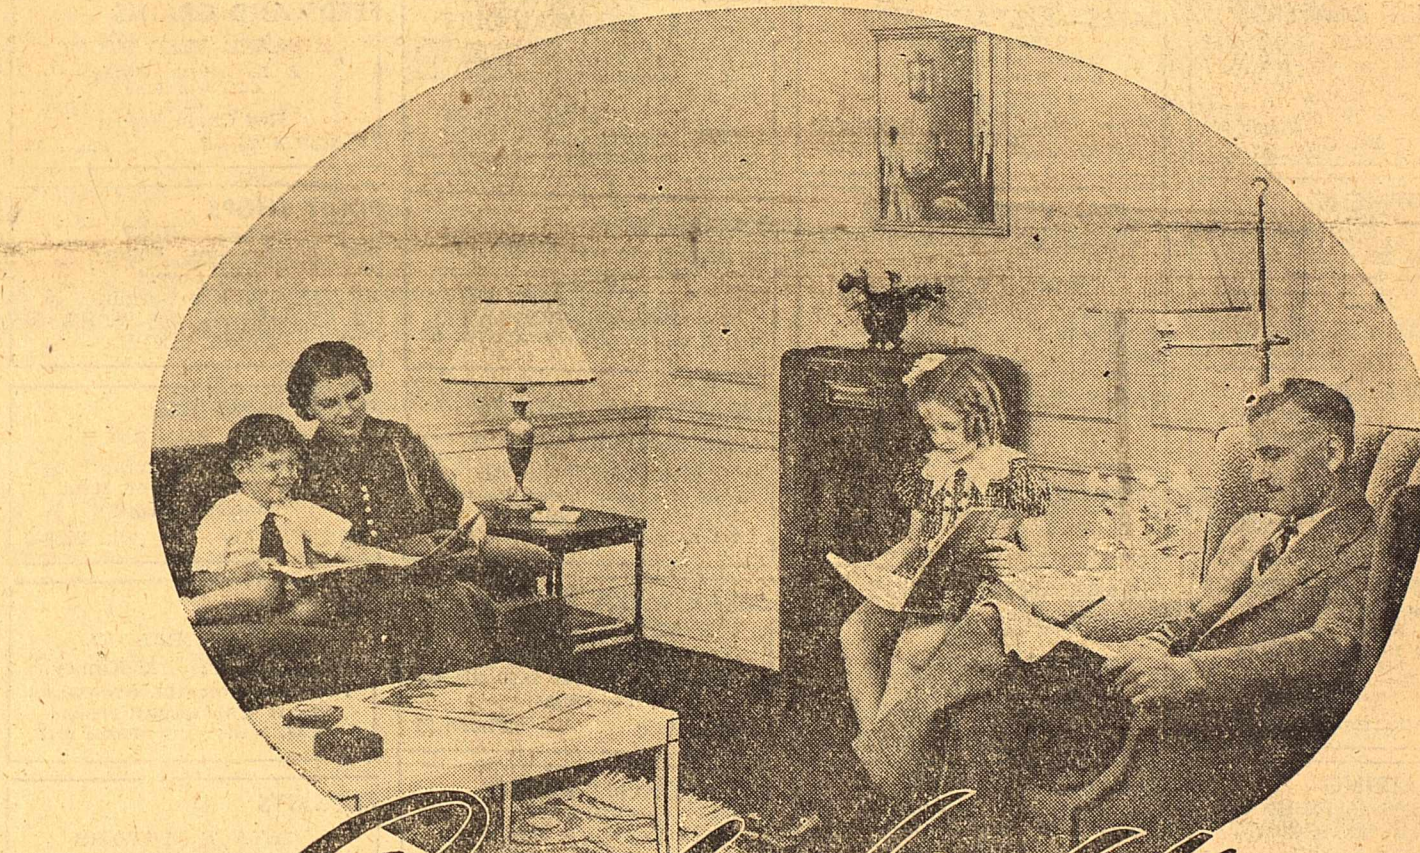

This price reduction program is another demonstration of our policy in action.

**Pabst Blue Ribbon**

"IT'S BLENDED... IT'S SPLENDID!"

SOMETIMES these days your dealer may not be able to deliver all the Pabst Blue Ribbon you'd like. But remember, every bottle you do get will be, as always, the perfect result of blending never less than 33 fine brews into one truly great beer... the famous beer it is our pride and pleasure to distribute... blended-splendid Pabst Blue Ribbon.

## Good Lighting

...FOR EYE RESTFULNESS

**For Eye Restfulness—**  
Have enough of the right kind of light.  
Do all reading, studying or sewing close to a good light source.  
Avoid shadows—have the light directly on your book or paper.  
Avoid glare from bare bulbs.

Most of the time when your family is spending a quiet evening at home, some or all are reading, writing or doing some other eye-work.

Under good lighting, with your lamps so arranged that adequate illumination is provided for everyone, eyes are restful and comfortable—you can do close eye-work for long periods of time without eye-strain.

Many new types of floor lamps, table lamps and decorative lamps are on the display floors of electrical dealers, furniture stores and department stores everywhere. A visit to these display floors will pay dividends in eye-comfort and restful seeing.

**TEXAS ELECTRIC SERVICE COMPANY**  
R. L. MILLER, Manager

### Rocky Road To School Aid

Half a dozen legislative red-tape obstacles will have  
to be overcome before Congress can even consider federal  
aid for education. After that, there will be several beau-  
tiful fights over terms under which aid is to be given.  
President Truman in his budget message pointed out  
he had long been in favor of federal aid to the states for  
education. The President failed, however, to make any  
request for increased appropriations to aid the schools.  
As a matter of fact, the Senate Committee on Edu-  
cation and Labor has in its files a letter from the Bureau  
of the Budget, requesting that the Congress make no  
plans for increasing aid to education until the universal  
military training program can be worked out.  
That letter is highly significant. What it amounts  
to is a White House stop order on further aid to education  
for the time being, though Congress need not be bound  
by this request.

Secretary of War Patterson has estimated that the  
military training will cost about \$1,000,000,000 a year—  
\$1,000 apiece for a million trainees.

Two million veterans are this year receiving educa-  
tion and training benefits. This cost is \$2,000,000,000 a  
year. The amount will increase next year, then decrease  
over the next five years. That may or may not make  
room for later non-military schooling.

Educators—who have been trying to get federal aid  
for 60 years—argue that if the nation can afford to spend  
\$3,000,000,000 a year to educate future- and ex-soldiers,  
it can afford to spend half that amount to educate people  
for peace.

### Outlook For Oil

This year, according to A. W. Peake, president of  
the Standard Oil Company of Indiana, demand for petro-  
leum products should be approximately four per cent  
greater than in 1946. That may sound like a small fig-  
ure—but its significance appears when it is compared to  
prewar years. It means, for instance, that the demand  
will be 25.7 per cent higher than in 1941. And it means,  
further, that the great decline in military requirements is  
being more than offset by the swift growth of civilian re-  
quirements.

In order to meet the need, the oil industry is reach-  
ing farther and farther for its raw material supplies, and  
is expanding its exploration and development work. New  
sources of crude are constantly being found. And better  
drilling and refining methods are increasing the yield.

It is not generally known that the industry is experi-  
encing a basic change in the character of the demands  
upon it. In the early days, its main revenue product was  
kerosene. Then gasoline forged ahead, and kerosene be-  
came a minor by-product. Today an enormous increase is  
taking place in demand for distillate fuels, and they are  
fast rivaling gasoline in importance.

### Tilted Cargo

The old order in England took a pretty severe jolt  
when British voters elected a Socialist government. But  
we took a bit of a jolt ourselves when we read that Queen  
Elizabeth's sister, the Countess of Granville, and her hus-  
band, Earl of Granville and Governor of Northern Ire-  
land, had arrived in New York—aboard a British freight-  
er!

As the smart boys would put it: How democratic can  
you get?

### Porter Back From Greece

(NEA Telephoto)  
Paul Porter, chief of the American Economic Mission to Greece, re-  
ceived an enthusiastic welcome from his daughter, Betsy Goodline  
Porter, when he arrived Monday in Washington at the National  
Airport from Greece. Porter denied he had been called home ahead  
of schedule because of the urgency of the Greek situation.

### Scientists Moan Low About Hawaii Volcano—She's Due To Erupt Again

By DOUGLAS LOVELACE

HILO, HAWAII.—(P)—Surround-  
ed by tropical jungles in the heart  
of the island of Hawaii, two scien-  
tists are watching the fitful slum-  
ber of two restless giants.

These titans may awake at any  
moment and ravage the country-  
side for the 63rd time in the cen-  
tury and a half since western man  
became acquainted with them. Both  
are volcanoes, one Mauna Loa, 13,680  
feet high, the other her fiery little  
sister, Kilauea.

**Rumbling Below**  
Volcanologist R. H. Finch and  
Geologist Howard A. Powers of  
Hawaii national park maintain  
constant check on the volcanic  
pulses with seismograph and chart.  
To the scientists, nature always  
warns when the boiling rock be-  
low builds up sufficient pressure to  
break out.

The first sign is earthquake. A  
series of rumbles, starting 30 to 40  
miles beneath, gradually ascends to  
the surface. The second is tilt. A  
swelling of the volcano mass  
raises the elevation and increases  
the slope. Imperceptible to the  
human senses, these changes are  
measured by instrument.

Mauna Loa, which last erupted  
in 1942, is overdue for another  
performance. Kilauea's pressure  
collapsed in 1924 after almost a  
century of recorded activity. Scien-  
tists are puzzled, but they still  
classify it as an active volcano.

**Quite Period**  
"Mauna Loa's periods of qui-  
escence range from one to nine  
years, with an eruption on the  
average of every three and one-  
half years," said Finch. "Since it  
has been almost five years since  
the last eruption, the probability  
of an eruption is increasing."

"The earthquake pattern re-  
cently has been evident under  
Mauna Loa, but the tilt pattern has  
been absent except for occasional  
brief spurts," Finch said.

The nearest city to the big moun-  
tain is Hilo, seaport capital of the  
island, about 25 miles distant. Once  
lava reached Hilo's outskirts,  
Finch and Powers have their  
laboratory in the crater-pocked

area 4,000 feet higher than Hilo.  
There they are trying to figure  
possible links between the behavior  
of volcanoes, ocean storms and  
sunspots. "There appears to be a  
wisp of relationship," said Finch.

Within a few centuries, scien-  
tists believe, the lava mass of  
Mauna Loa will be so built up that  
it will seal this weak spot in the  
earth's crust. Then the interior  
pressure will have to seek a new  
outlet. Explosions will occur else-  
where, possibly near Mauna Loa's  
base, and new craters will appear.  
From them will issue lava to build  
up new cones. It was this that Mau-  
na Loa and Kilauea were formed  
when Mauna Kea, a now-extinct  
volcano which is 100 miles in dia-  
meter at its undersea base, sealed  
its fissures.

The Gulf Stream carries two  
billion tons of water a minute past  
Florida.

United States reached a record  
\$1,300,000,000 for 1946.

The United States bought the  
Virgin Islands for \$25,000,000 dur-  
ing World War I.

### Tech And Simmons Join Collegiate Rodeo Association

TUCSON, ARIZ.—(P)—Organiza-  
tion of the Western Intercollegiate  
Rodeo Association has been com-  
pleted here by representatives from  
12 Western colleges and universi-  
ties.

Ten of the 12 institutions were  
elected in the current seventh  
annual intercollegiate rodeo here.  
They are: Universities of Arizona,  
Utah, Wyoming and New Mexico  
A. & M., California Polytechnic  
and California Aggies. The other  
two are Texas Tech and Hardin-  
Simmons.

Cline Anderson of the University  
of Arizona was elected president of  
the new association; Ed Hughes,  
Texas Tech, vice-president; and  
Dorothy Bushnell, Wyoming, sec-  
retary.

The height of an ocean wave in

### Jane Russell Signs Contract To Sing

By BOB THOMAS  
 HOLLYWOOD—(P)—Jane Russell has taken to the air like a Capistrano swallow and if she had her way, she might give up the peering camera lens for the more kindly radio microphone.  
 The 25-year-old victim of "The Outlaw" is contracted for 13 weeks as singer on the Kay Kyser show and, judging from the reaction of the band and public, she's likely to be a permanent attraction with the Ole Professor.  
 "Yes, I like radio much better than making pictures," she said. "It takes a thousand years to make a movie. And there's so much balance connected with it."  
 As I watched her rehearse, one thought occurred: Jane is the foremost reason for hurrying up television. She prefers rhythmic, jumpy tunes and she puts her all into them.  
 Jane and her husband, Bob Watfield, are thoroughly fed up with her initial film and she has an oral agreement with Kyser that no mention of it or the usual "Jane Russell" gags will be made on the show.  
**Three Stooges On Own**  
 Out in the San Fernando Valley, the California sun shines warmly on an intrepid little band of movie makers who are fighting the last stand of film slapstick. The troupe is headed by the three stooges, who

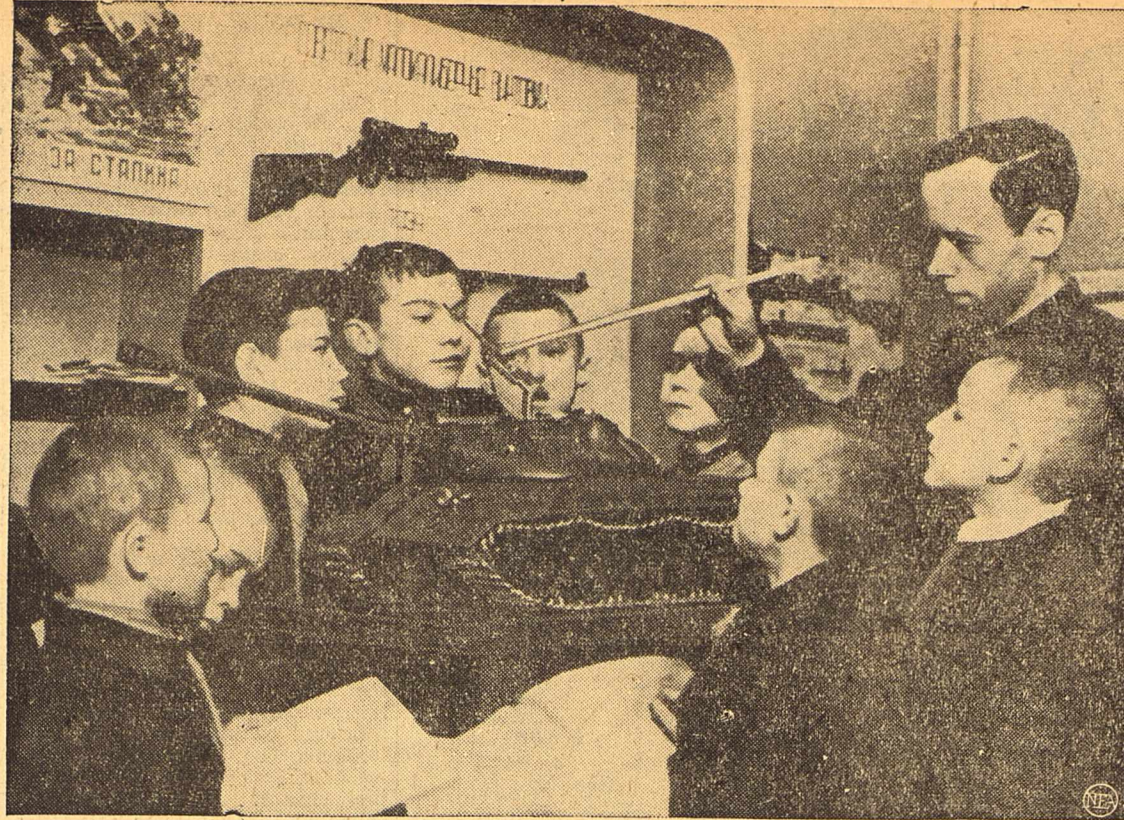

for 13 years have been staging their mock battles for Columbia Pictures with all the banana cream pies, breakaway chairs and elusive blondes they can muster.

The stooges make eight shorts a year at a cost of \$18,000 to \$22,000, of which about half is their salaries. Columbia won't tell them how much the films return, but it is undoubtedly several times the cost. The trio now consists of Larry Fine, Moe and Shemp Howard. Shemp replaced the third brother, Curly, who has been ailing since the time he fell down an elevator shaft during the filming of one of the shorts. That's the kind of risks the boys take. Aside from the vast number of batterings and falls they have taken, they have stopped more patry than a bakery inspector and have been doused by a barrel of molasses.

### 1945 PIG CROP WAS SMALLEST SINCE 1940

The combined Spring and Fall pig crop of 1946 is estimated at 83,201,000 head. This number is about four per cent below the 1945 crop and is the smallest crop since 1940. However, it is about one per cent larger than the 10-year average.

### Rodeo Clowns' Lives Are Tough, Dangerous

By JACK RUTLEDGE  
 Associated Press Staff

Tens of thousands of Texans roared with laughter at the antics of four clowns who enlivened the recent rodeos at the Fort Worth Exposition and Fat Stock Show.

"What a life," we heard one man say. "Just get out there and have a good time."  
 It isn't as simple as that. In fact, it isn't simple at all. It's pretty rough.

The clowns are George Mills, John Lindsey, Jasbo Fulkerson and Frank Knapp. They have showmanship—and courage. It takes both.

Jasbo Fulkerson, of Fort Worth, was hooked by a horn during the 1946 show, and went to the hospital with a gouged-out left eye. A bull hooked his barrel. But he was back in action last June, was tops during the March 5-16 show in Fort Worth.

**Once Bronc Champion**  
 George Mills, tallest of the stair-step clowns, has had his legs and feet broken and a chest bone fractured. Once he was the national bareback bronc riding champion.

John Lindsey was raised in Springtown, lives in Wichita Falls, and has seen most of the Fort Worth shows since 1924. This was his first year as a Fort Worth clown, although he has been in the business for 21 years. For years he, also, was a bull riding, calf roping and bulldogging contestant.  
 Lindsey is the one with the pet

Glass bottles were made in Egypt as early as 1500 B.C.

### 'Vice President'?

Kim Koo, above, extreme rightist Korean, may be named vice president of a native Korean provisional government, reported organized without approval of the U. S. military government in that country.

### U. S. Faces Big Questions In Its Foreign Policy

By JAMES MARLOW

WASHINGTON — (P)— This country faces some big questions in its new foreign policy.

That policy, at this time, is to stop the spread of Communism by giving help to the present governments of Greece and Turkey.

(Greek Communists are trying to overthrow the government there. And Turkey is under steady pressure from her neighbor, Russia).  
 If we don't try to stop the spread now, here's the most extreme which could happen:

All Europe and the rest of the world might go Communist and we'd stand alone, the last refuge of Capitalism.

We then could hardly hope to lick the world. But we're strong now and perhaps could whip any nation, including Russia, that got in our way.

So, by acting now, we might save ourselves from being overwhelmed later.

President Truman wants to stop the spread now. He's asked Congress for \$400,000,000 for Greece and Turkey.

And right there comes the No. 1 question:  
 When we've helped Greece and Turkey, do we stop right there in efforts to halt the spread of Communism?

Or is this just the start? Do we go on from there, helping every country which seems in danger or falling under Russia's thumb?

(The President told Congress: "The free peoples of the world look to us for support in maintaining their freedom.")

Congress seems sure to give the President the money he asked for Greece and Turkey.

To do otherwise would discredit him and our foreign relations.

How long can we go on handing out supplies and money? Can we go on indefinitely like that without having war with Russia? That question is being asked in the Senate now.

Truman said the time is too pressing to wait for action by the United Nations. But would we permit Russia to make that excuse if she openly wanted to do something of the same kind?

Once we do it, Russia may feel free to do likewise. Then what happens to the United Nations?

### France Proposes Absorbing Germans

MOSCOW — (P)— France has proposed a startling modern day exodus of Germans from their defeated Fatherland in order to lower the German war potential, and Secretary Marshall said the plan struck at the heart of the German problem.

Foreign Minister Georges Bidault told the Foreign Ministers Council the Allies should undertake an organized reduction of the population through emigration from a thickly-settled Reich and said France was prepared to take the revolutionary step of absorbing Germans into her own population.
