TEXACO TO DRILL FLANKER TO S-W ECTOR DISCOVERY

The Texas Company has filed application with the Railroad Commission of Texas for permission to start drilling at once on its No. 1 Ida McDonald, et al, as a 9,000-foot exploration in Southwest Ector County to test for production in the Ellenburger in the Jordan shallow field.

The project will be 660 feet from south and east lines of section 27, block B-16, psi survey. That puts it one-quarter of a mile west of Gulf Oil Corporation No. 1-E-A University-Fogelson, recently completed discovery for production from the Ellenburger in the Jordan shallow field.

The new Texaco prospector is surrounded by old producers from the upper Permian lime from an average total depth of 3,700 feet.

SUN SPOTS S-W STEPOUT FOR JAMESON FIELD

Sun Oil Company has made location for its No. 3 Fred Jameson, as a one-half mile south and west stepout from production in the Jameson field of Northwest Coke County.

It will be at center of northwest quarter of southwest quarter of section 315, block 1-A, H&TC survey. It is slated to drill to around 6,500 feet to test the producing ability of the crinoidal zone of the Pennsylvanian, the pay section so far developed in that area.

The drillsite for this, the eighth exploration to be staked by Sun in the Jameson area, is one-half mile due west of same company's No. 2 Fred Jameson, now bottomed at 6,415 feet in line, preparing to cement 5 1/2-inch casing at total depth, so the well can be completed through perforations from saturated section which has been tested for flowing production.

The new development is one-half mile south and one-quarter of a mile west of Sun's No. 1 Fred Jameson, second producer to be completed in the Jameson field.

RUMORS ON UNION WILDCAT IN CENTRAL COKE UNVERIFIED

Union Oil Company of California No. 1 McCutcheon, wildcat to 7,000 feet in Central Coke County, three miles east of Robert Lee, and 1,980 feet from north and 660 feet from west lines of section 441, block 1-A, H&TC survey, was reported by operator to be making hole below 5,200 feet, in an unidentified formation.

There is no verification of rumors that some sort of a show of oil had been drilled through between 5,100 feet and 5,200 feet. The rumors did not carry any details of the purported indication of possible petroleum production.

N-W MITCHELL AREA TO GET SEMI-WEEKLY TEST

L. Lockhart of Colorado City is to drill his No. 1 C. C. Berry, in Northwest Mitchell County, as an outpost to production in the Sharon Ridge field.

It will be 467.5 feet from north and east lines of section 83, block 97, H&TC survey, and 20 miles northwest of Colorado City. That puts it slightly more than one-half mile south of nearest completed oil well, which is in Southwest Scurry County.

Drilling to around 1,900 feet will start by May 15, and combination tools will be used.

N-E CROCKETT PROJECT MADE S-S WATER IN DST

Shell Oil Company, Inc., No. 1 University, Northeast Crockett County Ellenburger prospector, 680 feet from north and 638 feet from west lines of section 21, block 39, University survey, ran a 90-minute drillstem test in the lower Ellenburger at 8,658-8,991 feet.

There was a fair blow of air for 60 minutes. Recovery was 1,620 feet of slightly gas cut drilling mud and 6,740 feet of slightly gas cut salty, sulphur water. No shows of oil were reported from the test.

The exploration was shutdown for further orders at last report.

POLAR FIELD STEPOUT COMPLETES AS PUMPER

Humble Oil & Refining Company No. 1 Mrs. Jennie Boren, one-quarter of a mile north of the initial producer in the Polar field of Southwest Kent County, and 660 feet from south and 1,300 feet from east lines of section 46, block 5, H&G survey, reported, official completion gauge of 18.96 barrels of 40.8 gravity oil, per day, plus 54.16 barrels of water, pumping, from pay at 7,763-7,800 feet, through casing perforations. That zone had been treated with a total of 16,000 gallons of acid. Gas-oil ratio was 140-1.

DDT Campaign Collects \$256

The Midland Junior Chamber of Commerce reported Friday \$256 had been collected in its campaign to raise money to spray the city with DDT.

JayCee officials say \$800 is needed. This will be enough for two sprayings of all of Midland.

Public subscription is the method being used to obtain the needed funds. The City of Midland will furnish manpower and equipment for the spraying.

HUMBLE PLANT'S BILLIONTH

HOUSTON — (P)—The Baytown plant of the Humble Oil and Refining Company processed its billionth barrel of crude oil Thursday. The refinery is just short of 27 years old.

Baptist Convention Is Against Federal Church School Aid

ST. LOUIS—(P)—The Southern Baptist Convention, protesting what it described as a "threat to the future of all public schools," went on record Friday against acceptance of federal aid by church-sponsored schools.

The convention, attended by 7,900 persons from 19 states and the District of Columbia, adopted unanimously a resolution warning all Baptist schools and other institutions against accepting grants of money from the government for any purpose on the grounds it weakened what it termed the traditional wall between the Church and State.

Dr. J. M. Dawson of Washington, executive secretary of the joint conference Committee of American Baptists, spoke vigorously in favor of the resolution, declaring that there was a "deplorable drift toward union of the church and state, resulting in dangerous encroachment on the constitution. x x x we protest appropriation of tax funds to sectarian purposes."

Newton Is Proposed

The Baptists also voted to send a message to President Truman "to express our appreciation for the great service he is rendering."

Dr. Louie D. Newton of Atlanta was re-elected unanimously to the presidency of the Southern Baptists. Opposition expected from Dr. J. Frank Norris of Fort Worth, Texas, failed to materialize.

Dr. Norris previously had opposed Dr. Newton for what he called the Atlanta pastor's appeasement attitude toward Russia but the Texas pastor did not appear at the convention during the election.

Southwestern Bell, Unions In Meetings

ST. LOUIS—(P)—Separate meetings with Southwestern Bell Telephone Company and the Southwestern Telephone Workers' Union were being held by federal conciliators in an effort to speed up settlement of the 33-day-old telephone strike in the company's five-state area.

William F. White, regional Director of the U. S. Conciliation Service at Kansas City, joined Federal Conciliator A. E. Johnson in conducting the negotiations.

George C. Gephart, vice-president of Southwestern Bell, largest operating subsidiary of the nationwide Bell System, repeated the company's intention to make a cash offer before the end of the week and said:

"Our proposal is being worked on diligently. We cannot make a definite statement as to when the proposal will be submitted but our commitment to make it by the end of the week will be met."

Refuse To Cross Pickets

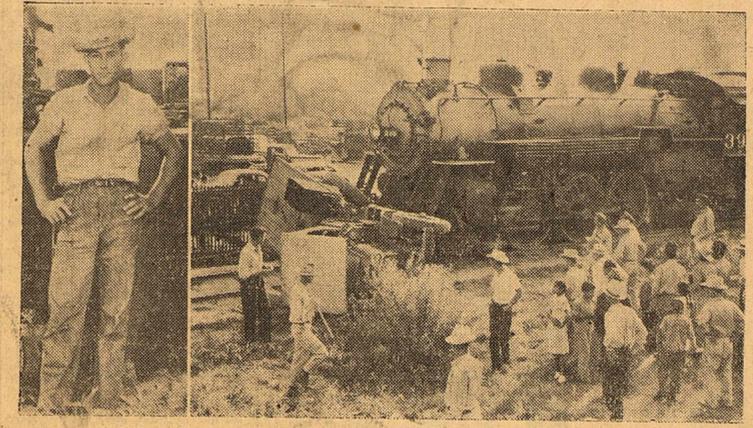

The strike of 20,000 long distance telephone workers from coast to coast ended Friday but members of their union, the American Union of Telephone Workers, were pledged not to cross picket lines of any affiliated organization.

Most of the workers still on strike belong to regional unions which this week began negotiations with Bell System companies after the National Federation of Telephone Workers abandoned efforts to reach a national settlement of the walkout which started April 7.

The long distance operators' agreement, reached yesterday and approved last night by the union executive board, calls for weekly wage increases ranging generally from \$2 to \$4.

House Rejects Proposal To Bar Combat Troops From Greece

Congressman Decries Soviet Appeasement

WASHINGTON—(P)—The House rejected Friday a proposal to bar sending of American "combat troops" to Greece and Turkey as part of the Administration's \$400,000,000 program to curb Communism in Southeastern Europe.

Defeat of the proposed ban was on a tellers tally, 122 to 70.

A few seconds later, by voice vote, the House licked an attempt to limit the size of the military mission to be sent to the two countries to 100 men.

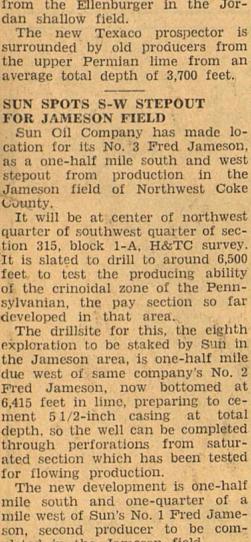

The proposal to prohibit sending combat troops was offered by Representative Judd (R-Minn.).

Representative Merrow (R-NH) shouted on the House floor if Russia believes the Administration's Greek-Turkish aid measure "to be a declaration of war, then let them make the most of it."

His assertion came as the fourth day of debate on the measure began with the House hoping to complete action on it by midnight. Republican floor leader Halleck of Indiana said an unusual Saturday session will be held unless a final vote is taken Friday.

Merrow protested against what he termed "appeasement" of Russia since war's end. He called for passage of the bill without "crippling" amendments, and agreed with Representative Rankin (D-Miss), the proposed changes would "tie the hands" of President Truman in the effort to curb the spread of Communism.

Labor Bill Fight In Senate Splits Republican Ranks

WASHINGTON—(P)—Senator Ball (R-Minn) waged a last-ditch fight Friday to block jurisdictional strikes by private employer injunctions, while Senator Taft (R-Ohio) threw his support behind a milder measure.

The Senate, in its 11th day of debate on labor disputes legislation, agreed to start voting on the injunction issue Friday afternoon.

It called up for action first an amendment by Taft which simply would permit private employers to sue unions for damages resulting from jurisdictional strikes or secondary boycotts.

Taft's proposal is a substitute for Ball's, so the Senate will vote on the latter's tougher amendment only if Taft's is defeated. The Ohio senator predicted adoption.

Jurisdictional strikes usually result from a fight between unions over which should do certain work. A secondary boycott is a union effort to hit indirectly at an employer by forcing other employers to stop doing business with him.

JayCee Installation Is Saturday Night

Officers and directors of the Midland Junior Chamber of Commerce for 1947-48 will be installed at a dinner-dance at 8 p. m. Saturday evening in the Crystal Ballroom of the Scharbauer Hotel.

The new officers and directors include: Ted Thompson, president; Dr. Henry L. Schlichting, first vice-president; Frank Wood, second vice-president; Tanner Laine, secretary; Keith Stuart, treasurer; Irbly Dyer, Pat Stanford, H. C. (Nub) Jones, Martin Neill and I. B. Ridgeway, directors.

More than 200 persons are expected to attend the presentation and installation.

New Postal Service Curtailments Begin Friday In Midland

Acting postmaster N. G. Oates Friday announced that on two of Midland's seven postal delivery routes there will be only one daily delivery until the present deficiency of funds is alleviated.

Also, on two other routes there will be only one delivery one day of each week. The other three delivery routes, including those to the business section, will not be affected.

A further curtailment of service may be seen occasionally at the money order and registered mail windows of the post office, Oates reported. There will be times when only one of these windows will be open, the functions of both windows being handled from one.

The acting postmaster said that no other lessening of Midland's postal service is planned now. It is hoped that, with the beginning of the postal department's new fiscal year on July 1, increased financial allotments will make it possible to restore full service.

Foreign Relief Bill Survives First Round

WASHINGTON—(P)—The administration's \$400,000,000 Greek-Turkish aid program emerged unscathed Friday from its baptism of fire on the House floor.

Its supporters are weary but confident that they have the votes to ward off continuing attacks upon the measure designed to bolster the two Mediterranean countries against Communist pressures.

Their confidence was due to be put to the test on several major amendments. Whether a vote on final passage would come before midnight was in doubt.

O. K. Is Given Peace Treaties By Committee

WASHINGTON—(P)—The Senate Foreign Relations Committee Friday voted unanimous approval of peace treaties with Italy, Bulgaria, Hungary and Romania.

Chairman Vandenberg (R-Mich) announced approval of Resolutions to ratify the treaties after what he said was "long discussion" of their terms by the committee. He said no reservations were offered by members.

Opposition to the agreements has centered on the Italian pact, with critics contending that a clause demilitarizing that country would leave it open to the same sort of Communist infiltration Truman has said he wants to prevent in Greece and Turkey.

A group of senators has served notice they will attempt to delay action on the Italian agreement, but Vandenberg has indicated a determination to push all four treaties to a vote in the Senate later this month.

Visitors From San Angelo To El Paso Attend THDA District Meet Here

More than 150 delegates and visitors to the annual Texas Home Demonstration Association District Six convention were registered at the City-County Auditorium in Midland Friday morning, with other guests expected for the noon luncheon and afternoon session.

Counties represented included Midland, Howard, Tom Green, Martin, Ward, Winkler, Pecos, Reeves, Mitchell, Coke, Reagan, Andrews, Concho, El Paso, Upton and Ector. Midland County was represented by 33 visitors and delegates, and Howard was next in number of representatives with 21 registered.

The morning program included a message from State Representative Woodrow Bean of El Paso, who told the convention that impending legislation at Austin gives promise of increased financial assistance to certain phases of home demonstration work.

J. Woodie Holden, Midland, opened the morning session with an invocation. Mrs. I. J. Howard led group singing, with Mrs. Chas. Welch at the piano; Mayor R. H. Gifford and Mrs. H. O. Allen, Midland THDA chairman, delivered welcoming addresses. The response was given by Mrs. W. E. Moore of Reeves County.

Other speakers on the morning program included Miss Helen Swift, sociologist; Rural Women's Organizations; Mrs. John E. Yancy, district agent representative from the state board; Supt. Leland L. Martin of Crane schools.

Survivors include his widow; four daughters, Mrs. Ida Rutledge, San Angelo, Mrs. Agnes Tucker, Amber, Okla., Mrs. Elsie Alcorn, Odessa, and Mrs. Lillie Carden, Midland; a son, Archie Martin, Odessa; a brother, F. A. Martin of Canon City, Colo.; 26 grandchildren and seven great-grandchildren. A grand-daughter, Bennie Frances Koon, resides in Midland.

David Martin, Pioneer West Texas Resident, Dies In Hospital Here

David D. Martin, 86, pioneer West Texas and Midland resident the last seven years, died at 5:15 a. m. Friday in Western Clinic-Hospital. He resided at 1200 West Washington Street.

Martin was born October 30, 1860, at Rome, Ga., and moved to West Texas in 1880, settling at San Angelo where he had farming interests. He was married to Miss Lillie Atkins at San Angelo, June 17, 1891. They were among the first white settlers of Tom Green County, and recalled the time when Indians roamed this section.

Funeral services will be held at 3 p. m. Saturday in the Ellis Funeral Chapel, with the Rev. Howard Hollowell, pastor of the First Methodist Church, officiating. Interment will be in Fairview Cemetery here.

Survivors include his widow; four daughters, Mrs. Ida Rutledge, San Angelo, Mrs. Agnes Tucker, Amber, Okla., Mrs. Elsie Alcorn, Odessa, and Mrs. Lillie Carden, Midland; a son, Archie Martin, Odessa; a brother, F. A. Martin of Canon City, Colo.; 26 grandchildren and seven great-grandchildren. A grand-daughter, Bennie Frances Koon, resides in Midland.

Unemployment Shows No Recession Signs

WASHINGTON—(P)—Census Bureau statisticians said Friday unemployment figures show no sign of a business recession.

The bureau has estimated April joblessness at 2,420,000, a slight rise from the March figure of 2,330,000. The postwar peak was reached in March, 1946, when the figure hit 2,700,000 and then started down again.

TEXAS' HEALTH IS NORMAL

AUSTIN — (P) — Temporarily, at least, Texans are enjoying "normal" health.

The State Health Department reported Friday communicable diseases remained at a "quite normal" level this week. Influenza was back to its lowest weekly incidence this year, and there has been no significant increase in polio so far this spring.

Weather

Partly cloudy to cloudy Friday afternoon, night and Saturday. Occasional rain in Panhandle, South Plains and upper regions of Pecos Valley eastward Friday afternoon and night. Warmer Saturday. Maximum temperature in Midland Thursday was 87 degrees. Minimum Friday morning was 65 degrees.

Francisco Forces Crush Steel Labor Strikes

BILBAO, SPAIN—(P)—Generalissimo Francisco Franco's government appeared Friday to have crushed a general strike which virtually immobilized the vital steel industry in this area for eight days—the strongest demonstration by Spanish industrial workers since the civil war.

Most workers returned to their jobs Thursday, penalized by loss of seniority and wage reductions.

In Madrid, underground Basque sources distributed a manifesto signed by Socialist, Anarcho-Syndicalist and Basque nationalist labor organizations urging the Bilbao strikers to continue "without vacillation." The manifesto warned against "some leaflets signed by the national committee of the Basque Communist Party, which we suspect are issued by elements interested in confusing us."

Margaret Truman Will Sing In Texas Towns

NEW YORK—(P)—Three Texas towns are included on the first concert tour of Margaret Truman, daughter of the President, this month.

The itinerary, announced by her teacher, Mrs. Margaret Strickler, will begin at Cleve and May 22. Miss Truman will appear in Dallas, May 25; Fort Worth, May 26; Amarillo, May 28, and Oklahoma City, May 30.

Mrs. Strickler said the President and Mrs. Truman would not attend any of the concerts.

Amarillo Pilot Held In Army Surplus Case
 WASHINGTON—(AP)—One Texan is among four men held by the FBI in connection with alleged thefts of \$20,000 in surplus Army weapons. The FBI listed the Texan as Edward Browder, Jr., of Amarillo, a pilot of Pan American Transport, Inc., a private air cargo company. The State Department said "there was an alleged connection between these arrests and Venezuela. A department official said Venezuela had been receiving almost daily reports on developments in the case. The spokesman did not elaborate on the alleged connection.

Martin County Farm Highway To Be Paved
 STANTON—Contract for construction of grading, structures, flexible base and base preservation on Farm Highway 87 in Martin County, from the Andrews County line to State 137 near Lenorah, a distance of 20.85 miles, has been awarded by the State Highway Commission to L. L. Cooper of Dallas, the successful low bidder, Tom J. Kelly, district engineer at Pecos, announced.
 The contract calls for work to be completed in 203 working days, and is for \$192,576.34.
 The construction of Farm Highway 87 will give a section of Martin County that has not heretofore had a highway and will afford farmers and ranchers a surfaced road to Stanton by connecting with State Highway 137 just east of Lenorah.
 Kelly said work by the contractor should begin in about six weeks. S. C. Dougherty, resident highway engineer at Midland, is in charge of the project.

FFA Chapter Stages Father And Son Banquet; Rep. W. W. Bean Is Speaker
 Dads were the honor guests Thursday night of members of the Midland Chapter of the Future Farmers of America at their annual Father and Son Banquet in the Crystal Ballroom of the Scharbauer Hotel. More than 75 members, families, and special guests were present.
 State Rep. Woodrow W. Bean of El Paso was the principal speaker. "Relationship Between Father and Son in FFA Work" was the subject of his address. He was introduced by Mayor R. H. (Rusty) Gifford who was presented by J. R. Cuffman, Midland Chapter advisor.
 Cooperation Essential
 Declaring that full cooperation between father and son is essential in carrying on a successful vocational agriculture program, Bean said the son can expect from his father love and affection, cooperation with and interest in FFA work, and sound advice and practical assistance in the farm program.
 The father can expect the son to apply himself in the VA class room, and can expect and require him to do completely and thoroughly the tasks or projects assigned to him.
 Both father and son have definite responsibilities in the program, he said.
 "Your sons are getting basic, fundamental and theoretical training which will materially aid them in practical farming and livestock raising in their adult years," he told the fathers present.
 Bean discussed briefly the educational picture in Texas, and said recent legislation providing a minimum salary of \$2,000 for all teachers was the greatest step in education in Texas in many years.
Opening Ceremony
 A. C. Treadway, chapter president, presided as toastmaster, and Delbert Downing, manager of the Midland Chamber of Commerce, gave the invocation. Chapter officers conducted the opening ceremony. They are Treadway, president; Roy Frazier, vice-president; Dan Branham, secretary; James Lands, treasurer; Billy Seales, parliamentarian; Erwin Bowman, reporter; Frank Merritt, sentinel; Lee O. Manning, historian, and Cuffman, advisor.
 Manning discussed the "Development of Vocational Agriculture," and Bill Brown related "History of the Midland FFA Chapter," which was organized in 1941.
 Frank Monroe, superintendent of Midland schools, complimented the chapter on its accomplishments and achievements, and said the vocational agriculture department is one of the most practical in the high school.
 The Midland Lions Club Philharmonic Hill Billy Orchestra, including Mrs. Jack Ellington, John Biggs, Roy DeWolfe, Tom Inman, Steve Shannon, Earl Straener and C. A. Churchill, furnished music.
 The chapter sweethearts, Rita Livingston and Wanda Bunt, were presented.
 City, county and school officials, civic and service club presidents, farm and livestock agency representatives, and other guests were introduced.

El Paso Boosters To Visit Midland May 22
 El Paso goodwill trippers will visit Midland May 22, and will be hosts to a representative group of Midland Chamber of Commerce members and civic leaders at a dinner that evening in the Scharbauer Hotel, Chamber of Commerce Manager Delbert Downing said Friday.
 At the request of the El Pasoans, they will be taken on a brief tour of the city, and at the dinner they will hear about Midland, its rapid growth, possibilities and future plans.
 The boosters will leave El Paso May 21 in Pullman cars which will be set out at Monahans early the following morning. They will have breakfast there and then will board buses for trips to Odessa and Midland. Their Pullmans will be brought to Midland where they will board them for the return trip to El Paso.
 The tour is sponsored by the El Paso Chamber of Commerce. William J. Hooten is chairman.

James Kinney, Roper, Is Midland Visitor
 James Kinney, noted as one of Texas' top cowboys, was a visitor in Midland Friday from his ranch in the Delaware Mountains northwest of Van Horn. He was here to return a crew of hands who have been helping him work cattle on the ranch.
 Kinney for several years has been considered one of the world's best calf ropers, having been a consistent winner in big-time competition from coast to coast. A knee injury last fall has kept him out of the roping arena, however, and he expects to refrain from roping for some time in the future—at least until danger of re-injury is past. He said Friday he is going to try to be here for the Midland Rodeo, but only as a spectator.

Oh Dear, Oh Deer!
 For three months the deer seen above has been a regular daily attendant at the 19-pupil school at Ferguson's Corners, N. Y. The orphaned doe took refuge on nearby Dykeman farm and became such a pet that she accompanies the four Dykeman children to school each day. Her presence is accepted as routine. Above, she eyes the photographer as Mrs. Lee Fake, the teacher, gives a spelling lesson.

Citizens Are Asked To Aid Rodeo Publicity
 Persons of Midland who are making trips to other cities are asked to take along a few placards, which advertise the Midland Rodeo, and place them at vantage points in other cities.

ACTIVE DUTY TRAINING OFFERED 10TH FORCE
 DALLAS—(AP)—Active duty training will be offered to 1,020 officers and enlisted men in the Tenth Air Force area, Lt. Col. Irvine H. Shearer, commanding officer of Hensley Army Air Base, said Friday. The area includes Texas and New Mexico. Dates for the training periods, to be 15 days each, will be from July 6 to October 31.

LOUISIANA OFFICERS GO AFTER TEXAS BROTHERS
 NEW IBERIA, LA.—(AP)—A group of Louisiana police officers were to leave for Idaho Friday to take custody of two Texas brothers held there in connection with a series of Southwest Louisiana robberies. Police Sergeant W. L. Johnson said the pair were Paul Louzier, 24, and Joseph Louzier, 25, of Houston, charged here in connection with the robbery of a pool room of about \$1,200 several weeks ago.

Dr. Sadler Repeats Warning That All Pets Should Be Vaccinated
 Dr. F. E. Sadler, director of the Midland - Ector-Howard County Health Unit, Friday reiterated a plea for all Midland County citizens to vaccinate pets against rabies if they have not already done so.
 "Anyone bitten by a dog should report immediately to the health department," Dr. Sadler said. "The attacking dog should be tied up and the bitten person should see his physician at once. Under no circumstances should the attacking dog be shot. Dr. Sadler warned, because a 10-day observation period is necessary to determine whether the attacking animal is infected."

INTRODUCING

Princess Ingrid
... massively heavy sterling

When first you touch this surpassingly fine example of the silversmith's art—thrill to its superb design, sense its charm and distinction—you will know in your heart that Princess Ingrid is truly a royal possession... destined for you. For there's a regal splendor about this newest Frank M. Whiting creation which speaks of old-world craftsmanship... and whispers of candle-lit banquets at the court of kings.

Baptist YWA Studies 'Religion In Europe'

"Religion in Europe" was the theme of the program when members of the Young woman's Auxiliary of the First Baptist Church met recently in the home of their counselor, Mrs. J. S. Griffith, 200 Club Drive.

Gwendolyn Simpson spoke on "News From Home" concerning work in Romania and Helen House discussed the work of Eli Black in Romania. "Will Somebody Hear When I Cry?" Ruby Gilbert told of work in Yugoslavia. "The Truth Comes Through." Nadene Clement, program chairman, led in a match game of European countries and their missionaries.

The program was closed with a talk "We Can, If We Will" by Dorothy Raines.

Clara Belle Kelton led the group in prayer. A new member, Ollie Belle Seals, was initiated into the auxiliary.

Others present were Dorothy Routh, Edith Collings, Margaret Smoot, Rebecca Smoot, Alta Sparks, Rosella Green, and Nellive Clark.

MEETINGS CANCELLED

Children's Theater classes scheduled Saturday have been cancelled. The auditorium will be used for a district YFW meeting. The two groups will meet May 17 at their regular hours.

MODERN LIVING CLAIMS VICTIMS

SOFT, refined foods and lack of exercise are responsible for increasing thousands of constipation victims. Intestinal muscles become sluggish, waste matter accumulates and gas is formed. Often there is a tired, restless, listless feeling. It's cases like this that the new improved ADLERKA is designed to help. This scientifically compounded Tone-Up laxative is quickly absorbed by the gastro-intestinal system... gas pressure is relieved and waste matter is moved gently through the digestive canal. When you eat well and digest your food well, you'll find a new joy in living. Order a bottle of ADLERKA today.

Caution: use only as directed.

Cool And Charming

By SUE BURNETT

Graceful as can be and delightfully cool for warm afternoons, this matron's frock is especially appealing. The scalloped side-swept closing is sweetened with narrow ruffling, and note the soft gathers in the skirt.

Pattern No. 8149 is designed for sizes 34, 36, 40, 42, 44, 46 and 48. Size 36, 3 3/4 yards of 35-inch; 1/2 yard purchased ruffling. For this pattern, send 25 cents, in C.O.D.S., your name, address, size desired, and the PATTERN NUMBER to Sue Burnett, Midland Reporter-Telegram, 530 South Wells Street, Chicago 7, Ill. Ready now—the new Summer FASHION, 52 pages of style, color, fashion news for every woman who sews. Send twenty-five cents for your copy today.

WORN OUT FROM GETTING UP NIGHTS?

If you get up nights—have frequent desire to pass your water—yes, and have backache, due to excess acidity in the urine, be glad you're reading this: Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. So he made a medicine of 16 herbs, roots, vegetables, balsams. He called it "Swamp-Root." Millions of men and women have taken it—often with amazing results. Swamp-Root goes right to work to flush out kidneys... increases flow of urine, helping relieve excess acidity... so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed. For free trial supply, send to Dept. E, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggote.

NOTICE VETERANS!

We have a plan for granting priority for the purchase of a NEW WOOD-STOCK TYPEWRITER, allowing you a bonus discount depending on your length of service. The inability of the VA to care for your needs prompts this offer. It is limited, and subject to withdrawal at any time. In no way does this interfere with our ability to deliver new machines for regular business needs. Bring your discharge for details.

The quickest way to get, at reasonable prices, new and used desks, chairs, filing cabinets, safes, check writers, Flash-A-Call intercommunication systems, typewriters, adding machines, etc., is to see Ray Howard.

Indian's Game Is Washed Out At Ballinger

By The Associated Press
Big Spring ambled along easily at the head of the field in the Longhorn League Friday with a margin of three and one-half games.
Last night, Big Spring blasted Sweetwater 24-7, raking two Sweetwater hurlers for 20 hits.
Odessa beat Vernon 10-9 in the other game played. Rain washed out the Midland at Ballinger contest.

'Iron Curtain' Guards U.S. Radioactive Ship

By The Associated Press
PEARL HARBOR, HAWAII—The battleship New York, still radioactive, is so highly secret the Navy isn't permitting individuals or groups of technicians to assemble a complete picture of her Bikini atomic bombing damage.
Capt. R. B. Daggett, Pearl Harbor shipyard planning officer, said extraordinary precautions were being taken to prevent any man or group of technicians from assembling a complete picture of the test bomb's effects.
A crew of 40 civilians, garbed in protective clothing and gas masks, still is working on the New York. They are permitted aboard only four of their eight working hours daily and are given frequent recesses.

Takes Off Coat, Helps Sale, Garment Is Sold

MORRISVILLE, PA. (AP)—Guild ladies of Morrisville Presbyterian Church were having a rummage sale and church custodian, Richard Watkins, peeled off his new topcoat to help.
But he couldn't find the coat when the sale was over. One of the ladies sheepishly admitted she had sold it.
"Got a good price for it, too," she said.

Jet Pilot Heads Entry List For Preakness

BALTIMORE (AP)—A field of 11 horses, among them Derby winner Jet Pilot and six of the gallopers who chased him home in the Kentucky Classic last week, were entered Friday to run Saturday in the 57th Preakness, second jewel of the triple crown.
The top five Derby finishers—Jet Pilot, Phalanx, Faultless, On Trust, and Cosmic Bomb—all were named to run the mile and three-sixteenths for the Black-Eyed Susans, along with Bullet Proof and Riskolater, who were seventh and eleventh last week.
Rounding out the field were the Canadian Campaigner, Cornish Knight; the Texas-owned giant, Contest; the Louisville undertaker's horse, King Bay, and Senav, a New York-owned hopeful with a lot of front run in him.

Bulldogs Slated Against Mustangs

Weather permitting, the Midland Bulldogs were scheduled against the Sweetwater Mustangs in a 10-AAA District baseball game here at 3 p.m. Friday in the Indians' park.
Midland defeated Sweetwater, 12 to 7, at Sweetwater in the first round of the conference baseball race.

Police, Fire Chiefs Have Common Experience

MURPHYSBORO, ILL.—(AP)—Police Chief Clarence Ward and Fire Chief Urba Hanson sympathized with each other because of embarrassing incidents.
While Chief Ward surveyed traffic, a light fingered passerby pilfered his blackjack from his hip pocket.
Chief Hanson, demonstrating a fire extinguisher to school, was showered with chemicals as a result of a corroded hose.

Boston Braves Do All Right With Castoff Players

By The Associated Press
Billy Southworth, manager of the Boston Braves, tried seven ex-members of the world champion St. Louis Cardinals in his lineup last year and wound up in fourth place.

This year Billy's branched out a bit, and the spark in his quest for a Beantown flag comes from the seventh place Pittsburgh Pirates of 1946—Bob Elliott.
Playing against his former mates Thursday, Elliott batted out two doubles and two singles, and drove in four runs to lead the Braves to a 12-5 win over the Bucs in Boston. Cubs Win Two

The Cubs swept a double header from the Phils in Philadelphia, each by one-run margins. After winning the opener 2-1, the Bruins staged a six-run eighth inning rally in the nightcap to overcome an early Philadelphia lead and went on to win 8-7.
Harry (The Cat) Brecheen, hero of the 1946 world series, pitched the Cardinals to a 5-1 victory over the Dodgers in the first night game of the season at Ebbets Field to enable St. Louis to take the rubber game of the three-game series.

The Boston Red Sox moved within a half game of the top in the American League by defeating the Chicago White Sox 3-0.

The Philadelphia Athletics handed the St. Louis Browns their sixth straight defeat 5-3 under the light at St. Louis to bury the Browns deeper into the American League cellar.

Ace relief pitcher Ken Trinkle won his third straight game with the help of Rookie Bobby Thomson as the New York Giants came up with three runs in the eighth inning to subdue Cincinnati at the Polo Grounds 7-4.

Cold weather halted the New York Yankees and Cleveland Indians as well as Washington and Detroit.

Education Association Urges Federal Program

WASHINGTON (AP)—The National Education Association, urging federal financial aid for state educational systems, said recently that the schools "are disintegrating as a bulwark of popular government."
Willard E. Givens, the association's executive secretary, declared, "The disparity in educational opportunity in different parts of the United States is so great as to be almost unbelievable in a land where men are born free and equal."
In a statement prepared for a Senate Labor and Public Welfare Subcommittee, Mr. Givens said Congress should pass legislation to insure that at least \$50 is spent annually for every child's schooling. "Our federal taxes are collected where wealth is and expended to meet the need wherever it may exist," he said. "Taxes collected in part in New England may help widen the channel of the Mississippi River or to build a post office in Alabama. Federal revenues collected in part in Florida may help to eradicate the sheep tick in Montana or to build a dam in Colorado."

Favorites Lagging In Houston Golf Tourney

HOUSTON (AP)—The favorites were back in the pack—one of them far back—Friday as Lew Worsham of Oakmont, Pa., and Jim Ferrier of San Francisco paced the way into the second round of the \$10,000 Houston Open Golf Tournament.
Worsham and Ferrier clipped par 72 by three strokes to lead at the end of the first 18 holes, with an even dozen players besting regulation figures. But the two Texans—Jimmie Demaret and Ben Hogan—who had been ranked co-favorites for the \$2,000 first money, were not among them. Hogan equalled par but Demaret didn't get in the first twenty, taking 75.

Bowling Meet Continues At Plamor Palace

The second group of five-men teams rolled in the annual City Bowling Tournament Thursday night at Plamor Palace.
Teams were: Murray-Young Motors, Elder Chevrolet, Ace Motors, Mabee Drilling, Mackey Motors and Willis Sales.
The tourney continues into Friday night. Some doubles entries will bowl Friday night.
Twelve individuals already have rolled in singles competition and more may get in their scores Friday.
Next week on Wednesday and Thursday nights doubles and singles competition will be completed and the tourney will be over.
Teams rolling Wednesday night to open the meet were: Continental Air Lines, Burl's Standard, Scharbauer Hotel, Tot's Gulf Service, Permian Well Service, Honolulu Oil.
Team, double, single and all-event champions will be determined.

Indians To Play Double-Header

The Midland Indians and Ballinger Cats Friday were scheduled in a twin-bill of Longhorn League baseball beginning at 6 p. m. in the Ballinger park.
Thursday night's game was rained out.

Only Two Games Played Thursday In Texas Loop

By The Associated Press
Friday can mean the difference between country boy and city slicker.
Texas League players have a last chance Friday night to convince managers they should stick around. Saturday the teams have to be down to 19 players. Most of them are over-stuffed.
Only two teams got a chance to play Thursday and the results didn't do much to help either rookie or old-timer. Dallas blanked Shreveport, 2-0, and Houston cut-lasted Tulsa in a wild 11-9 affair.
Rain washed out San Antonio's tilt with Oklahoma City and Beaumont's game at Fort Worth.

XXX
NO one spoke for almost half a minute.

At last Marcel closed his mouth, swallowed, opened it again and said, "Leave Sophie? Never!"

"But I've only just come," said Godfrey. "Let Marcel leave. He's been here longest."

"You may leave, Basil, if you wish," Marcel said cuttingly. "As for me, it would never occur to me to leave Sophie. That would be too cruel."

"I was invited here," Godfrey interrupted. "It would be extremely rude of me to walk out."

"Gentlemen, please!" said Basil. "You've seen what happened. Because of us, Sophie's grandchild is spurned by the Bagots. Sophie is miserable. We must leave. There is no choice. Then when we are gone, nothing will stand in the way of Vicky's making a good match some day."

"But I have nowhere to go," Marcel said piteously.

"To tell the truth, I haven't either," Basil admitted. "So we shall go together."

"Possibly," Sir Charles suggested, "Basil could get into the Home with Godfrey. Of course you weren't an actor, Basil, but you did have a kind of connection with the stage."

Godfrey almost jumped to his feet. He glared at the butler. "I shall never go back to the Home! Have you any conception of what it's like there? I was forced to associate with former vaudeville performers, stock-company ingenues, supernumeraries and other mountebanks of all descriptions. No distinction was made between those who used to be stars and those who were walk-ons. There were no special dressing rooms or considerations of any kind. And I had no one to talk to. They all wanted to talk about their past

glories; it never occurred to them to listen to someone else's."

Everyone waited patiently for him to finish.

"I can see it must have been devilish for you," Basil said mildly.

"What do you think, Sir Charles?" Marcel appealed to the butler. "Should we leave Sophie?"

Sir Charles considered. "I believe Basil is right," he said thoughtfully, "in this way: that had Sophie and Victoria been living alone, the whole business would never have come up until the young people were safely married."

"That ends it, then," Basil declared. "We must go."

"Is settled," said Marcel sadly. "We leave." He picked up a corner of his shawl, stiffened with pain, to wipe away a tear. For 54 years he had known no other home than Sophie's.

Sir Charles was genuinely moved by the sacrifice. "I'll miss all of you," he said warmly. "But I can see it's for the best."

UPSTAIRS, Vicky finished putting the last of her toilet things into an overnight case. She had packed her trunk and the small, virginal bedroom was bare now of everything but its basic furnishings. She locked her bags, took one suitcase and the overnight case and put them outside her door. Then she gave a last look around, put on her hat and bit-toned her coat. She left the room without a backward glance, shut the door behind her and went down the hall to Sophie's door. She knocked gently.

"Who is it?"

"It's Vicky, Grandmother."

"Come in."

Sophie was still in bed, lying in semidarkness with the shades drawn. Her hair was braided and tied with gay magenta ribbons, but

her expression was one of acute suffering and she held a lace handkerchief to her face.

"Granny—"
"Vicky! Baby!"

Vicky sat down on the edge of the bed, taking her grandmother's hand. "Granny, I've decided to go down to New York today. You don't mind, do you? I'll call Clarence Hathaway to take me to the Portland bus."

Sophie pressed the hand that held hers.

"I don't feel like hanging around here," said Vicky. "Shall you mind if I just go to the hotel?"

Sophie shook her head.

"I've packed everything. Please send my trunk after me."

"What are you going to do?"

Vicky shook her head. "I think I'll run away to sea," she said, "if they still take WAVES in the Navy. I want a full-time job. You know, Granny, the whole trouble with me 'this summer has been that I didn't have enough to do. I've been—well, I've been taking a light summer flirtation too seriously."

"Do nothing till I get to New York," Sophie begged. "I am going to do something about this—"

"Please, Granny!" Vicky laid her head on her grandmother's shoulder. "Please, please don't try to do anything about anything. It will be all right. I'll soon look up my old friends in New York and be right as rain first thing you know."

Sophie only shook her head. She could feel that the girl was crying. She patted Vicky's arm.

Vicky dried her eyes and sat up. She felt drained of all tears, and sure now that she was done with crying. She would go straight to the hotel, get some sort of job, and soon be 'blessedly beyond the need of making any decisions for herself. She would just take orders and work hard, indifferent to her surroundings; and some day she would get over it. She would have to. She would have to get over it or die.

She kissed her grandmother sadly and left the room. In the upstairs hall she telephoned for Clarence Hathaway and his taxi.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY America's Card Authority

Written for NEA Service

There is an exceptionally clever play in today's hand that I believe you will enjoy studying. West made the normal opening against a three no trump contract. East correctly went in with the king, returned the jack of spades, and South played the queen.

Now if West wins this trick with the ace, he cannot get in again to cash the good spades.

The correct play for West is the five of spades, hoping that his partner can get in and lead another spade.

With this play declarer had only eight tricks—one spade, one heart, two diamonds and four clubs.

How could he get his ninth trick? When West laid off the spade, South reasoned that he did

not have any other entries, and therefore, East in all probability held the king of hearts and queen of diamonds.

If that were true, South decided that he could squeeze East, so at this point he led the ten of spades. West won and cashed his two good spades, on which East played the seven and four of hearts, showing that he held the king.

West then led the eight of hearts and declarer went right up with dummy's ace. Next he ran off four club tricks, blanking down in dummy to the ace-king-ten of diamonds, and retaining in his own hand the queen of hearts and jack-five of diamonds. You can see what happened to East—in order to keep the king of hearts, he had to bare down to the queen-nine of diamonds.

While this a good hand, it is not too unusual. It is worthwhile to be on the lookout for it.

URGES REORGANIZATION
AUSTIN—(AP)—A complete reorganization of the accounting set-up of the Department of Education was recommended Wednesday by State Auditor C. H. Cavness in his triennial report on the department.

"A central accounting office, handling all divisions, is clearly indicated for more efficiency as well as economy," the report said.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And the Lord God called unto Adam, and said unto him, Where art thou?" (Genesis 3:9).

The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Above error's awful din, blackness, and chaos, the voice of Truth still calls: 'Adam, where art thou? Conscience, where art thou? Art thou dwelling in the belief that thy mind is in matter, and that evil is mind, or art thou in the living faith that there is and can be but one God, and keeping His commandment?" (page 307).

"GOD could not be everywhere, so he made mothers." Thus runs an Eastern proverb. And we shall all testify that it is true. The early Christians found it difficult to refrain from worshipping the Mother of our Lord, even as we stand in reverence today in the presence of the mothers of our best women and men. Reverence is their due; they go down to the borders of death in order to bring back with them a new life, they forget their pleasures and their comfort that the growing child may be fed and taught and furnished with an adequate equipment for successful living among his fellows. Let us then speak our love and our high appreciation for all mothers everywhere: our debt to the mothers who have passed into the Heavens, our gratitude to the blessed mothers who remain to grace and adorn our homes of children and grandchildren, our appreciation for the mothers of today in the midst of their heavy responsibilities and great sacrifices, our tender solicitude for the young mothers and mothers-about-to-be as they dedicate themselves to the ongoing of the race.

Lord, who ordainest for mankind
Benignant toils and tender cares!
We thank thee for the ties that bind
The Mother to the child she bears . . .

All-Gracious! grant to those who bear
A mother's charge the strength and light
To lead the steps that own their care
In ways of Love, and Truth, and Right.
—William Cullen Bryant.

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the men today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Annual Report Of Borden Company Shows Firm's Growth And Expansion

Achievements of The Borden Company in 1946, its 89th year of operation, are detailed in the concern's attractive annual report which is being circulated among stockholders, employees and other interested persons throughout the United States, Canada and numerous foreign countries.

H. B. Schauer is general manager of the company's Midland plant which is included in Borden's Southern Division.

For the seventh consecutive year Borden's dollar sales increased, amounting to \$542,908,805 to set a new high record. The increase was about 18 per cent over 1945 sales.

Texas Expenditures
The company's net income improved above that of the war years, but was below record levels.

In Texas last year, the company spent \$14,182,898 for raw materials, salaries and taxes, in addition to expenditures for other purposes.

The company in 1946 was behind on new construction, improvements

and equipment replacements. Supplies were difficult to obtain and deliveries of materials and equipment often were delayed, necessitating the carrying over into 1947 much of the work scheduled for completion in 1946. The 1947 capital expenditure program is the largest in the history of the firm.

After rising steadily throughout the war, total tax charges last year dropped to \$19,371,222, whereas the tax charge in 1945 totaled \$32,908,596.

Many Stockholders
The company, at the close of the year, was owned by 49,121 shareholders who have an average of 86 shares each. Represented on the stock list were all the states and Canadian provinces, as well as many foreign countries. A total of 4,217,000 shares were outstanding.

Future plans of the huge company, and interesting information on its operations, divisions and products also are listed in the report.

Goals of The Borden Company are listed as follows: to supply customers with good merchandise, at fair prices and with courteous, efficient service; to provide farmers with a regular outlet for their product at going market prices; to give employees steady jobs, with opportunity and wages measured by each employee's productivity; to furnish stockholders with a secure investment, where their savings may earn regular dividends.

Seek To Unveil Women In Macedonia Region
BELGRADE, YUGOSLAVIA — (AP)—Dr. Nedizat Anoli, minister of social welfare in Yugoslav Macedonia, started a recent campaign for removal of veils by Moslem women.

"The veil hampers the development of Moslem women and separates them from social life," he said, adding that the veil would keep women from active work in the new five-year plan.

The people of Macedonia are largely of Turkish origin.

Southern Ice Ready For Busy Season

The large and modern plant of the Southern Ice Company, Inc., at 310 South Main Street in Midland, is one of the best equipped ice plants in the South west. The plant and its equipment have been thoroughly checked and made ready to meet the heavy ice demands of the concern's hundreds of customers during the hot Summer months. Southern Ice is prepared for the rush season and is anxious to assist residents in keeping as cool as possible. The firm also handles refrigerators and ice cream freezers.

Steak House One Of Midland's Favorite Eating Establishments

Among Midland's numerous top-notch restaurants, the Steak House, 605 West Wall, well merits its long and popular patronage by residents and travelers. Its large seating capacity assures the hungry customer a comfortable chair any time of the day or night. Its fast and courteous service, and the uniformly high quality of its food, make it one of the city's favorite eating establishments.

Several examples of the Steak House's program to please its customers are apparent from even a cursory inspection of the cafe. A

large parking space on the firm's own land, for instance, enables the customer to avoid parking in the street. Two 4,000-foot air conditioners give the interior a complete change of air every two minutes.

The kitchen is ultra-modern, sanitary, and well-staffed. Completely metal-lined, it has no outside doors and is cooled by washed air.

At the Steak House, as the name would indicate, Owner Armo Spears features fine cuts of beef served in an appetizing manner. However, steak is by no means the only food available there—regular meals, seafoods, and delicious salads are to be found on the menu.

In some sections of the Orient it is customary for a girl to weave a special rug for presentation to her prospective husband. It is said that some young men look over the field of dowry rugs in the village before picking out a prospective bride.

Velvin Lumber Co. Furnishing Materials For Grafaland Homes

The J. C. Velvin Lumber Company, 204 North Fort Worth Street, is furnishing material for many beautiful homes under construction in the Grafaland addition of Midland. J. D. Henderson is the contractor.

Three homes are under construction, and four others are in the planning stage. These range in price from \$11,000 to \$15,000.

O. H. Carr, who is contractor for many homes in the Edwards Addition, also is using lumber furnished by the Velvin yards.

Velvin said any Midlander interested in building a home may contact Henderson or Carr through the lumber yard.

The Velvin Lumber Company furnished much material for the new school projects, and for many homes scattered over the city.

"All building items are coming through better," Velvin reports, "but the supply is inconsistent with the demand. Plasterboard, which is used extensively in homes in this area, continues on the list of hard-to-get items. We do have a fair supply of bathroom fixtures."

The Velvin Lumber Company is authorized dealer for concrete tile, manufactured by the Basin Concrete Products Company.
