Youth Held In Slaying Of Four Children's Bodies Found In Flower Patch Near Farm

Children's Bodies Found In Flower Patch Near Farm

IMLAY City, MICH.—(AP)—Slender, 16-year-old Oliver Terpenning, Jr., was arrested near Toledo, Ohio, Tuesday and was charged with murder in the flower-patch slaying of four children of a farm neighbor.

Justice Albert Perkins signed a warrant charging Terpenning with the murder of 16-year-old Barbara Smith, oldest of the four victims and "girl friend" of Terpenning.

The bodies of three girls and a boy, bouquets of flowers clutched in their hands, were found late Monday near a swampy gravel pit.

They were Barbara, 16, Gladys, 12, Janet, 2, and Stanley, 14, children of Mr. and Mrs. William Smith, living on a farm nine miles northeast of here.

Terpenning was turned over to Ohio authorities shortly after a motorist gave him a ride as he hitchhiked south toward the Michigan-Ohio line.

Police officials in both states said he admitted shooting the children during about 3 p. m. Monday but that he gave no reason for his act.

Norman Dombrosky, a passing motorist from Erie, gave the youth a ride and began questioning him when he noted his resemblance to a broadcast description of the wanted youth.

The driver drove to Toledo where he turned the boy over to authorities.

The four Smith children were found dead of bullet wounds in the backs of their heads. The boy was about 100 feet away from the girls, officers said, as though shot down while fleeing.

Another Smith child, 19-year-old Ella Mae, left the supper table to look for the children and ran screaming back a short time later to report her discovery of their bodies.

Ford Strike May Affect All Workers

DETROIT—(AP)—The possibility that 130,000 Ford Motor Co. production workers might join striking foremen on the picket line loomed Tuesday after the CIO United Auto Workers called for a strike vote decision in nearly 40 plants.

Permission of the membership to conduct the poll was expected "almost immediately," union spokesmen said.

Richard T. Leonard, UAW-CIO vice president and head of the union's Ford department, announced Monday that contract talks, begun several weeks ago between the company and union, had been "stymied." He informed federal and state conciliators a dispute existed.

Odessan Killed, Five Seriously Injured In Auto Crash At McCamey

McCAMEY—Lester City of Odessa was instantly killed and five others were injured Monday afternoon when the light sedan in which the six were riding crashed into an oilfield pulling machine on Highway 67 one mile east of here. No one in the oilfield machine was injured.

City is survived by the widow, Mrs. Odell City, 1016 North Hancock, Odessa.

Most seriously injured of the survivors, according to reports Tuesday morning, was the only woman passenger in the sedan, Mrs. Marian Hayes, who suffered shock, severe concussions, a fractured pelvis, bruises and internal injuries.

The other injured persons, all listed as employees of the Rowan Drilling Company of Odessa, and their injuries were reported as follows:

D. D. Thomas (driver of the sedan)—head injuries, scalp lacerations and body bruises.

J. E. Riddle—fractured left femur and bruises.

Vernon Perryman—fractured right arm, lacerations of the head and body.

Carl B. Bozarth—minor lacerations and body bruises.

George Reynolds, driver of the pulling machine, and Wallace Hudson received minor scratches, it was reported, while Hale Hood, third passenger of the vehicle, escaped unhurt. Deputy Sheriff Earl McWilliams of McCamey quoted Reynolds as stating the sedan tried to pass the pulling machine when the accident occurred.

Nicaraguan Congress Installs New President Following Military Coup By National Guard

WASHINGTON—(AP)—The Nicaraguan Congress has declared President Leonardo Arguella "incapacitated" and named Benjamin Lescayo Sacasa as provisional president, the U. S. State Department was advised Tuesday.

The American embassy at Managua reported by telephone that Arguella, ousted in a coup by the Army, has taken refuge in the Mexican embassy along with his wife.

It advised that 11 loyal officers of the National Guard are with Arguella.

Some 20 other officers of the guard loyal to Arguella are scattered among other foreign embassies and legations, the department was advised by the charge d'affaires, Maurice M. Bernbaum.

Bernbaum reported that the Nicaraguan Congress at a session Monday declared Arguella to be "incapacitated" to hold the presidency, because of his failure to preserve public order. Arguella had been in office less than a month.

It was the 12th consecutive week that the daily average has shown a gain.

Texas' output was unchanged at 2,226,850 barrels.

The full support and cooperation of merchants and businessmen in underwriting and supporting the 12th Annual Midland Rodeo, June 5-8, were assured Monday afternoon by members of the Retail Development Committee of the Chamber of Commerce who met with officials of Midland Fair, Inc., to discuss rodeo plans.

Dr. Ross Remains Noncommittal In Questioning Bee

NEW BRAUNFELS —(AP)— Dr. Lloyd I. Ross, charged with shooting to death Willard H. York, San Antonio investment company executive and three members of his family, sat calmly in his third floor cell at the Comal County jail here Monday as state and defense attorneys prepared their cases.

The medium-sized, 42-year-old prominent San Antonio surgeon did not appear nervous as he sat on a cot, talking freely of his own background and relationships with York.

A reporter asked if he cared to "tell us anything about what happened Sunday?"

Ross replied calmly: "If I could, I would. I have no statement."

The Harvard medical college graduate was charged with murder in the slaying of York, 36, head of a San Antonio investment company; his wife, Mrs. Gertrude Q. York, 43; their son, John, 9; and Mrs. Mary York, 67, York's mother.

Ross also was charged with assault to murder a fifth member of the family, York's 13-year-old daughter, Ann.

Herbert Hoover Wants Funds For Supporting Axis Nations Economy

WASHINGTON —(AP)— Herbert Hoover, after unleashing a fresh blast at Russia, undertook the job Monday of trying to pry a \$725,000,000 relief fund for occupied countries out of the economy-minded House Appropriations Committee.

The \$725,000,000 program for aid in the form of food and other needs for Germany, Korea, and Japan would be administered by the War Department. It is part of the department's civil functions appropriation bill.

Hoover furnished the answer to some congressional questions Monday night when he made public in New York a letter to Taber.

In it he lashed out at Russia with charges that the Soviet Union is delaying the rehabilitation of former Axis nations and outlined a four-point program to put the German and Japanese economies back on their own feet in order to lift some of the load from the United States taxpayers.

"We should wait no longer. Russia will not make war about it," he wrote Taber.

Among those he or his subordinates mistreated was Pvt. Rudolph David, Orange, Texas.

Eight Cars Make Up Tuesday's Motorcade Boosting Midland Show

Twenty-three vociferous boosters left Midland Tuesday morning in eight automobiles, bound for points south and southwest. And it was clear from the way they departed there would be no doubt in the minds of persons in many other West Texas cities that the 12th Annual Midland World Championship Rodeo is going to be a high, wide and handsome show.

From Midland, the crew of rodeo whooper-uppers went to Garden City, Big Lake, Rankin, McCamey, Crane, Wink, Kermit, and Goldsmith. Wednesday morning, another motorcade will visit Andrews, Seminole, Seagraves, Brownfield, Tahoka, O'Donnell, Lamesa, Ackery, Lenorah and Stanton.

Armed with handbills, show placards and the Dunagan sound truck, the show publicists are contributing their time and energies to boosting the city of Midland and particularly the coming annual rodeo. On the trip Tuesday were the following Midlanders:

Jack Ellington, Bob Lindsay, H. Pittman, P. S. Elliott, W. C. Durham, Ernest Neill, A. E. Houck, Mr. and Mrs. Tom J. Inman, Harry S. Murray, Jr., C. A. Churchill, Roy DeWolfe, Bill Collyns, Larry Wiles, Mr. and Mrs. A. C. Heffer, John H. Biggs, E. D. Richardson, J. M. McDonald, D. D. Downing, J. H. Green, Ray Gwyn and Fred Rhodes.

Search For Escaped Felons Is Continued

HOUSTON—(AP)—A search continued Tuesday for a trio of felons who escaped in automobiles from the Retrieve state prison farm at Angleton in Brazoria county during the weekend.

The three are Walter Franklin Sweat, 35, sentenced to two years May 7, 1947, from Gregg county for burglary; Erskine Albert Britton, 27, five-year-term for felony theft, Sept. 14, 1944, from Walker county; Gilmer E. Barry, 26, eight-year term for robbery from Terry county.

NORTH CAROLINA IN HUNT FOR WHITE MOB

RALEIGH, N. C.—(AP)— Federal and state officers Tuesday sought to ferret out a masked, white mob which was thwarted in the pre-dawn hours Friday when its prey—a young six-foot negro—made a daring dash to safety.

The negro, 24-year-old Godwin "Buddy" Bush, was brought to the North Carolina Central Prison here after surrendering to the FBI late Sunday. He is charged with attempting to rape a pretty, blonde stenographer Thursday night.

Bush denied any knowledge of the attempted rape.

Gov. R. Gregg Cherry said he believed the members of the mob would be arrested.

MABEE TO DRILL DEVONIAN WILDCAT IN SW ANDREWS

Guy Mabee Drilling Company of Midland has staked location for a new wildcat test in Central-Southwest Andrews County, on which operations will be started immediately.

It will be Mabee No. 1 L. C. Heydrick, and is 660 feet from west and 1,980 feet from south lines of section 6, block A-41, psi survey. That puts it about midway between the Martin, multi-pay field, and the Block 12 field.

Contract calls for the prospector to drill to 8,500 feet, unless it finds the Devonian at a higher level.

The wildcat is on a 160-acre lease taken on a farmout by R. R. Herrell of Midland, from The Atlantic Refining Company. Herrell made a deal with Mabee to drill the well. The lease contract calls for drilling to be started by June 5.

Cities Service Oil Company, Stanolind Oil & Gas Company, Atlantic Phillips Petroleum Company and Lion Oil Company have acreage adjacent to the new exploration. Mabee will use his own tools to dig the development.

NW MITCHELL DISCOVERY COMPLETES AS A PUMPER

Tobe Foster No. 1 Brennard, Northwest Mitchell County wildcat discovery, about two miles west of the north side of the Westbrook field, and 330 feet from north and 1,650 feet from east lines of section 4, block 28, TP survey, T-1-N, has been officially completed for a daily pumping potential of 152 barrels of 26-gravity oil, from pay at 2,703-75 feet, in the Clear Fork zone of the Permian lime.

The pay had been shot with 260 quarts of nitro glycerin. There was not enough gas to measure. No water was produced with the oil during the official Railroad Commission potential test.

TPC&O TO DIG ANOTHER DEEP TEST IN FULLERTON

Texas Pacific Coal and Oil Company No. 17-E Jackson, 1,830 feet from west and 1,980 feet from south lines of section 17, block A-32, psi survey, is to be a 10,000-foot prospector to explore the Ellenburger in the northwest side of the Fullerton field in Northwest Andrews County.

It is one-quarter of a mile east of nearest Ellenburger producer in that field. Operations are to begin at once.

ANOTHER UNCONFIRMED REPORT FROM COKE

Union Oil Company of California No. 1 McCutchen, Central Coke County wildcat, three miles east of Robert Lee, was reported by operator to have been bottomed at 6,485 feet in lime, fishing for lost tools.

There is no official verification, or denial, in Midland, of reports in unofficial quarters that this exploration took a drillstem test several days ago at from about 6,300 feet to about 6,370 feet.

Some observers reported that such a test was taken, with the tool open five hours. Those sources said the recovery was about 350 feet of heavily oil and gas cut, drilling mud, and one stand of salty water.

This is supposed to be—according to strictly unofficial reports—the only test on the project in which it developed water.

Many rumors have been circulated during the past few days regarding this water situation in No. 1 McCutchen. The above report is given simply as an unconfirmed scrap of information.

JAMESON STEPOUT IS TO BE COMPLETED

Sun Oil Company No. 2 Fred Jameson, southeast stepout from the Jameson field in Northwest Coke County, and 1,980 feet from south and east lines of section 315, block 1-A, H&TC survey, made a 16-hour flowing production of 252.89 barrels of oil through a one-quarter inch tubing choke, from nearly 4,400 feet, which had been treated with acid. Operator was preparing to complete the extender, and put it on production.

HUMBLE MAKING HOLE AT SW ECTOR EXPLORATION

Humble Oil & Refining Company No. 1 Yarrowburg and Allen, Southwest Ector County wildcat, in northeast quarter of section 18, block B-14, psi survey, was reported by operator to be making hole below 8,291 feet, in lime and chert.

Unofficial sources reported that this prospector was continuing to show signs of possible production as it drills ahead in the Devonian. Operator has not released any information on that subject since a drillstem test at 8,190-8,230 feet recovered 720 feet of heavily oil and gas cut, drilling mud, during a 90-minute investigation.

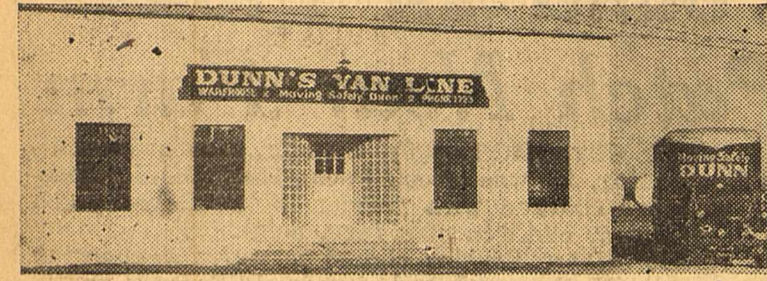

Many observers expect this exploration to ultimately be tested for commercial production from the formation now being penetrated. It is contracted to around 11,000 feet to explore into the Ellenburger.

MAJOR LEAGUES Brecheen Is Back In Form; Yanks Set Fan Record

By The Associated Press
 Skeptics who have counted the St. Louis Cardinals out of the National League pennant race apparently did not reckon with Harry (The Cat) Brecheen.
 'Tis true the world champions are still in the cellar six games behind the first place New York Giants, but the revived Redbirds, from Manager Eddie Dyer down, feel confident the club will claw its way up there pretty soon, especially if the Cat continues to display his early season cunning.
 He has won five of his first seven starts, allowed only 13 runs and 47 hits in 62 innings and finished every game he started.
 His latest victory, a 3-1 triumph over the Chicago Cubs Monday night in St. Louis advanced the Redbirds to within a half game of the seventh place Cincinnati Reds.
 The largest crowd ever to see a single game—74,747 paying customers—cheered itself hoarse as the rejuvenated New York Yankees continued their bombardment of Boston Red Sox pitchers by flattening the American League champions, 9-3 in a night game.
 The Tigers retained their three-game margin by coming out in front of a 1-0 score against the Indians in Detroit.

Texas Brings In 105 Oil Wells In Week

 Ten gas well completions brought the yearly total to 227, trailing last year's figure by 54.
 Five wildcat oil wells and two wildcat gas wells brought their respective totals to 95 and 26 for the year, compared with 51 oil wells and 18 gas wells during the comparable period last year.
 The total average calendar day allowable as of May 24 was reported at 2,423,715 barrels, an increase of 3,365 barrels over the allowable of a week ago.

Falls, Accidents, and Mishaps

that give the spine a sudden twist sometimes displace a vertebra slightly so that important nerve trunks are pinched. This blocks nature's avenue of expression in the body. As a result resistance is lowered, function is disturbed and symptoms of disease will be present.

When this condition prevails you should consult a chiropractor and have the spinal cause adjusted.

CUTS FROM CASES:
V. L. Case No. 11,225, woman, age 61, had constant hay fever and headaches. She was nervous and could not sleep, she felt tired all the time and sneezed a lot, which was very distracting, especially since she was a registered nurse. In desperation she went to a chiropractor and was surprised how quickly she obtained relief from all her symptoms.
V. L. Case No. 11,212, woman, age 55, was nervous, had headaches and a pain in the shoulder, but worst of all, she had a pain in the lower back that extended down the right leg so she could hardly walk. The doctor called it sciatica, but nothing the woman did helped very much. Not long before she had been in a car wreck and her condition had been growing worse ever since. The chiropractor found an acute displacement in the spine and made an adjustment. The patient is happy today because she is quite well again.

Gromyko And The Atom

It would seem, from Andrei Gromyko's speech before the American-Russian Institute in New York, that the Soviet government considers the difference between atomic weapons and other weapons to be one of degree rather than kind. At least his allusion to the international convention outlawing poison gas points to that conclusion. Gromyko referred to that convention in implying that the U. S. does not really want a similar international prohibition of atomic weapons. But the analogy is not entirely apt.

Poison gas was strictly an anti-personnel weapon. Its behavior was somewhat capricious, depending on wind and other atmospheric conditions for full effectiveness. Some warning and defense against it were possible. The atomic bomb, at its present stage of development, brings sudden death, lingering death, and great property damage. Only its failure to detonate or to hit a desirable target could destroy its effectiveness, and there is no known defense against it.

There was no monopoly in poison gas after its first use. There was nothing secret about its manufacture. All major powers had it at the end of World War I. That, of course, is not true of atomic weapons. Yet Gromyko and his government want the U. S. to cease manufacturing these bombs and destroy the present stockpile of them as a first step toward control.

At the same time, Gromyko says that "beyond any doubt" any one country's monopoly in this field is temporary. Further, he and his government seem to hold the atomic threat so lightly that they refuse to consider international ownership or international inspection.

Gromyko, in his New York speech, boasted of his frankness. Yet he twisted or altered words in some instances to give a deceptive meaning to his remarks on one important subject.

That was when he spoke of Russia's anxiety to "prohibit" atomic weapons and implied that America was reluctant to do so. It was clear from his context that what he really meant was "destroy," not "prohibit." The U. S. initiated the plan to prohibit atomic weapons. What it objects to, and what Russia insists on, is America's preliminary destruction of such weapons, with no immediate guarantee from Russia or any other country to match such an action.

Our monopoly in the atomic field is admittedly temporary, and may already be ended. The possibility must be considered that Russia's persistent tactics of delay in diplomatic discussion are a device to give Soviet scientists time to catch up. We cannot dismiss the chance that the Russian plan might permit the Soviet government to produce and secrete a big stockpile of bombs before an international inspection team ever entered the country.

The inevitable conclusion, then, is that the American and Russian plans are mutually unacceptable, and that they are viewed with mutual suspicion. The result is a dangerous impasse which perhaps can only be broken by an entirely new start.

Principle And Practice

Everybody seems to be in favor of government economy. But Congress hasn't yet proposed a budget cut that wasn't greeted with howls of protest from one quarter or another. However, this is not to be wondered at.

Everybody is dead set against toothaches. But that doesn't make most folks relish a trip to the dentist any more.

May Says Trip With Garsson Was Accident

WASHINGTON—(AP)—Former Congressman Andrew J. May told a federal jury Tuesday he and munitions maker Murray Garsson flew to Cuba a month after the war started. But, he said, he just "happened to be" on the same plane with Garsson and didn't remember whether they shared adjoining hotel rooms in Havana.

The 72-year-old May, wartime chairman of the House Military Committee, is on trial on charges of taking \$55,000 in bribes from Garsson and his brother, Henry, operators of a munitions combine.

TWENTY-TWO NAZIS ARE HANGED BY AMERICANS

LANSEBERG, GERMANY—(AP)—Twenty-two operators of the famous Nazi concentration camp at Mauthausen were hanged Tuesday with 27 others scheduled to follow them to the gallows Wednesday in the biggest mass executions of war criminals yet carried out by any Allied power.

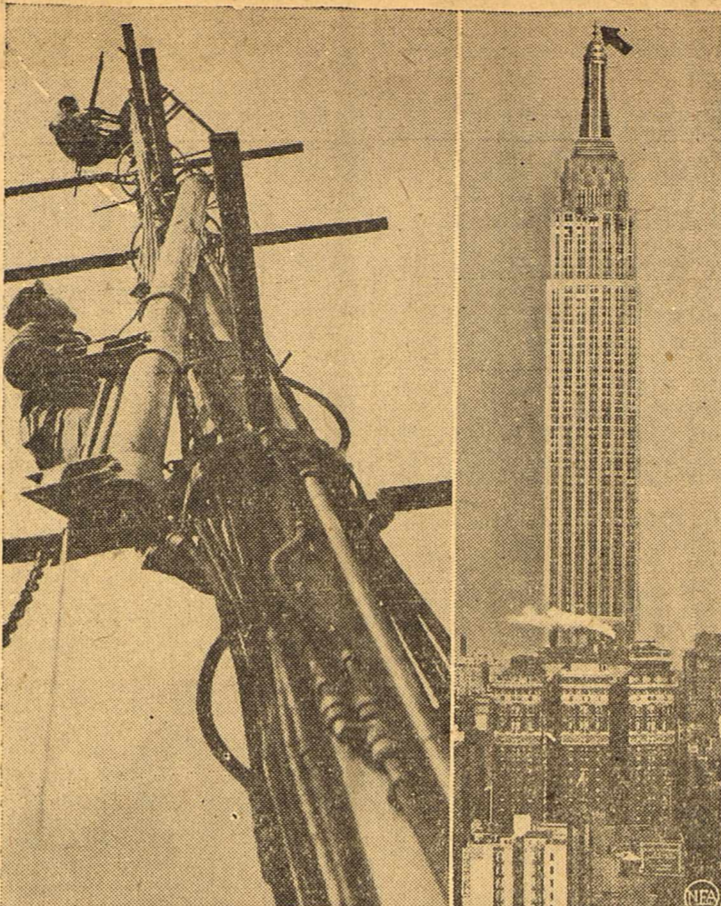

All were convicted by an American war crimes court of murders and atrocities against inmates at the big camp near Linz, at which more than 700,000 Nazi victims allegedly were exterminated during the war.

WITNESS IS RECALLED IN ORPHANAGE TRIAL

BROWNSVILLE—(AP)—Richard H. Cooke of Dallas, former assistant Texas attorney general, was expected to be recalled to the witness stand here Tuesday in the Santa Rosa Orphanage mail fraud trial for further cross-examination by defense attorneys. Conservation Work In Texas Ordered Halted

COLLEGE STATION—(AP)—All county agents in the state have been notified to stop all phases of conservation benefit work, Administrator B. E. Vance announced here Tuesday.

He said unless funds are restored in the Agriculture Department appropriations bill, the Texas production and marketing office here will be cut from 192 persons to less than a score.

The Midland Bowling Association will meet at 8 p. m. Wednesday in the Scharbauer Hotel to make plans for Summer leagues.

BOTH PARTIES MARSHAL ANTI-CUT FARM FORCES

WASHINGTON—(AP)—The House Appropriations Committee Tuesday faced a major test in its drive to chop \$6,000,000,000 from President Truman's \$37,500,000,000 budget for 1948.

Rumblings of discontent from Republicans and Democrats alike increased as the \$905,143,576 Agriculture Department supply bill, cut 32 per cent below budget requests, came before the House for debate. A vote on passage was set for late Wednesday.

Representative Dirksen (R-III), who headed the subcommittee which drafted the bill and who will handle it on the floor, told reporters "there may be some trouble."

Dr. Sadler Giving P-TA Health Talks

Dr. F. E. Sadler, director of the Midland - Ector - Howard County Health Unit, has begun a series of talks to Parent-Teacher Associations, discussing with members proper physical preparations for pre-school children.

First of the series was delivered Friday to members of the South Elementary P-TA. Midland Clubs Observe 4-H Sunday At Park

Midland County 4-H Clubs observed 4-H Sunday with a religious service at Cloverdale Park Sunday. Parents and friends were guests at the event, which is observed annually on the fifth Sunday following Easter, and which is one of the experiences calculated to build character and round out one of the most important of the four "H's"—the one standing for "Heart."

Rev. Lennel Hester, pastor of the Wesleyan Methodist Church, delivered the sermon; group singing was led by Nadine and Janie Manning; Mac McConnell discussed the purpose of 4-H Club Sunday; Julia Edith Midkiff gave the response reading; John Midkiff read the 4-H Club Pledge, and Norman Drake recited the pledge to the Christian flag.

He added in statement "opportunity for affiliation" will be extended to other telephone workers who do not take part in the meeting.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority
Written for NEA Service
Some time ago Oswald Jacoby announced his retirement from tournament bridge, but I would like to predict that before the end of the year "Ozzie" will be back in competition. Jacoby is one of our most colorful tournament players and in his heyday he could be depended upon to make terrific plays.

I have gone away back for today's hand, one Jacoby defended about 12 years ago with my old friend Louis Watson as his partner. Do not ask me how North happened to get into a contract of three no trump with a singleton heart in his own hand and a singleton spade in his partner's. Contract bidding 12 years ago was not

♠ A 7 5 2	♥ 6	♦ 10 8 5	♣ AK J 10
♠ K Q 9 8 3	♥ 10 5 2	♦ K 9 3	♣ Q 4
♠ 10	♥ K Q J 9 7 4	♦ A J 4	♣ 9 8 2

Tournament—N-S vul.
South West North East
1♥ 1♠ Double Pass
2♥ Pass 3NT Pass
Opening—♠ J 27

as scientific as it is today and we often found ourselves playing a hand in the wrong contract.

South would have had little or no trouble making five-odd in hearts. However, Jacoby was one of the few players who would have defeated three no trump.

When his opening lead of the jack of spades held the trick, the average player might have continued with a spade. Declarer would have won with the ace, knocked out the ace of hearts and made five no trump. Jacoby decided that his only chance to beat the contract was to find the king of diamonds in his partner's hand. If declarer had not seen how he could take another trick except the heart ace.

So at this point he led the queen of diamonds, and you can see what that play did to the declarer. It killed the whole dummy. When he did establish the heart suit, he had no entry to it.

If Jacoby had led the deuce of diamonds instead of the queen, declarer would have played low from dummy, and no play that West could have made would defeat the contract.

In January, 1947, when KECK went on the air, it had 23 advertisers, and in April it soared to 70 advertisers, who had faith in the "Music and News" idea and the great coverage that KECK promised. This upward trend proves conclusively that most business firms are taking advantage of KECK's complete WEST TEXAS COVERAGE, and the fine Music and News programming that is a relief from "soap operas" and daytime network drudgeries. 8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MAY 27, 1947

Indians Win Seventh In Row, 13 To 5

Midland's very hot Indians took game number seven in a row Monday night, soundly spanking Ballinger's Cats, 13 to 5, in the home wigwam.

The Tribe waited until the sixth inning to come out in its war paint and from then on it was "Katy, Bar the Door".

Ballinger was ahead but briefly in the first of the third when Sooter, the pitcher, lifted a home run over right centerfield fence. However, Midland came right along and got two runs that frame: Keon hit, Grove underhanded a triple which scored Keon, Henry Melillo hit scoring Grove. The Tribe got one in the fourth by Prince, with Keon hitting to score him.

Again the visitors made an issue. This was in the fifth when they got two more tallies: Sooter beat out a hit, Smithhart hit, two errors on Midland at this time let in two Ballinger scores. Midland didn't like that and in the sixth all heck broke loose.

The Bloody Sixth

Tracing the bloody sixth: Ramsdell grounded out. Nipp hit. Keon was hit by pitcher. Grove hit scoring Nipp. Eddie Melillo hit scoring Keon and Grove. Davis hit scoring H. Melillo. McAlexander walked. E. Melillo scored on a wild pitch. Prince got on base on Ballinger error and Davis and McAlexander came roaring in with scores. That was all for awhile.

In the seventh, Ballinger got two runs: Smithhart hit. MacMillan hit. Williams hit scoring Smithhart. MacMillan scored when Davis hit a fielder's choice.

Arnold Davis, Midland centerfielder got back in his hitting stride in the seventh. He hit a mighty home run over the centerfield fence, scoring Henry and Eddie Melillo before him.

That was the night! And what a night.

Lefty Grove pitched steadily to win. He struck out nine Cats to maintain his place as the leading pitcher in the Longhorn League. Ed Keon got three hits in three trips to continue his batting spurt.

The pair of homers came in the first inning of Big Spring's 20-6 victory over Sweetwater. Eleven runs also came in that stanza as Joe Cindan picked up his sixth victory against no defeats.

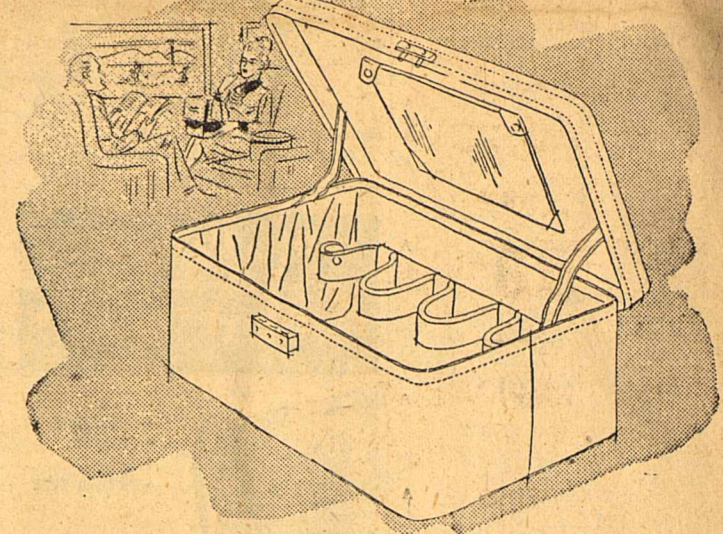

In other games, Vernon defeated Odessa, 7-2, and Midland took Ballinger, 13-5.

PEOPLE see things they like in all the 1947 cars. But the low-slung new Studebakers are the cars everybody remembers.

Each 1947 Studebaker is unmistakably a showpiece—excitingly different—thoroughly postwar. Even more thrilling, say many owners, is the way the new Studebaker handles and rides.

See now! Only car with "black light" dash dials—self-adjusting brakes—unique new wide-vision windows and windshield!
