## Here's an Atom Being Split

Neutron, striking uranium atom here, produces fission which is recorded on plate as track of two new atoms.

As atom is split, new atoms fly apart in opposite directions, white streak marking their path in emulsion.

The remarkable photo above shows a uranium atom just after being split by collision with a radium-beryllium neutron. Photo was made possible by a new type photographic plate, perfected by Eastman. The plate, unlike ordinary photographic film, is insensitive to light, but is highly sensitive to electric charges carried by atomic particles. When highly charged particle speeds into photographic emulsion holding tight-packed silver grains, a dotted line of affected grains makes identifiable track showing path of the nuclear particle.

## HUMBLE TO DIG WILDCAT TO 6,000 FEET IN SW ECTOR

Humble Oil & Refining Company has filed an application with the Railroad Commission of Texas for a permit to start drilling at once on its No. 1-B J. E. Parker, as a 6,000-foot wildcat in Southwest Ector County.

Location is 660 feet from west and north lines of section 2, block 45, TP survey, T-2-S. That puts it eight and one-half miles northwest of Penwell.

## AGE OF LIME IN CROCKETT PROSPECTOR UNCERTAIN—2

Ted Weiner, and others, No. 1 Vaughn, East-Central Crockett County wildcat, seven miles east of the Todd Deen field, and 690 feet from south and 1,980 feet from east lines of section 86, block OP, GC&SF survey, was making hole below 7,674 feet in a white, coarsely crystalline limestone formation.

Some geologists had picked the top of the Ellenburger at 7,517 feet. Elevation is 2,616 feet.

That marker has not been accepted by other observers. Some of those persons think the Ellenburger has not yet been reached and they expect that the formation may be entered at around 7,700 feet, or possibly a little lower.

On some geological studies of this prospector, the section which was encountered at 7,550 feet is called crinoidal lime. At 7,620 feet a sandy lime was picked up, which some geologists think could be Simpson, middle Ordovician.

Operator representatives have not made any official statements regarding identity of the formations—as they are understood to be waiting to make a more thorough study of the samples.

It has been learned that some of the samples from the lime already drilled through have shown a slight fluorescence, which might be oil stain. No recent driller test has been undertaken at this wildcat.

## ELLENBURGER TEST SPOTTED IN NORTH ANDREWS AREA

Clair Sinclair Oil Company and associates have filed application with the Railroad Commission for a permit to drill its No. 1-173 Community University, as an 11,500-foot wildcat in North Andrews County, to explore the Ellenburger.

It will be 660 feet from north and 1,980 feet from east lines of the north half of section 25, block 13, University survey. That puts the prospector three and three-quarters miles east of the Fullerton 8,500 field; three and one-quarter miles southeast of the Fullerton Clear Fork field, and two miles west of Shafter Lake.

It is understood that Sinclair will own 62.5 per cent of the project. Cities Service Oil Company will hold 25 per cent and Skelly Oil Company will have 12.5 per cent. Drilling with rotary is due to start by July 1.

## ARC TO DRILL WILDCAT IN CENTRAL MENARD

American Republics Corporation is to drill a 3,000-foot wildcat at Canyon Menard County. It will be that concern's No. 1 Bennie Bradford and is 467 feet from south and west lines of section 29, G. V. Massey survey, abstract 593. That puts it eight miles southeast of the town of Menard. Drilling, with combination tools, is to start at once.

## OUTPOST TO SCHEICHER OIL FIELD IS TESTING

Oil P. Grobel No. 1 Jess Koy, step-out from production in the Page field in Central Schleicher County, and 1,980 feet from south and 660 feet from west lines of section 34, block L, GH&A survey, was preparing to test on shows of possible production at 5,335-60 feet.

A zone at 4,960-5,510 feet had been tested, but it failed to develop any possibility of commercial production. It has been reported that the interval at 5,530-65 feet had logged good indications of production. Operator is expected to test there soon. The project is bottomed at 5,702 feet in lime, with the casing cemented near that point. The testing is being done through pipe perforations.

## BARNSDALL PROSPECTOR IN SC HALE IS EXTRA LOW

Barnsdall Oil Company No. 1 Camp, South-Central Hale County wildcat, in northwest quarter of section 13, block D-8, EL survey, and four miles west and one-half mile south of the lone producer in the Petersburg field, had reached 5,674 feet in dry, hard lime, and was making more hole.

Top of the Tubb-Permian was picked at 5,420 feet, on an elevation of 3,365 feet. According to some correlations, that puts it 716 feet low, on that marker, to the same point in Stanolind Oil & Gas Company No. 1 Fisher, the initial producer in the Petersburg area.

## TEMPERATURES UP, RIVERS DOWN—IT'S TEXAS SUMMER

By The Associated Press  
Rivers went down and temperatures went up in Texas Friday as summer returned in full force.

The rains apparently are over, the Weather Bureau said, reporting no rainfall of consequence anywhere in the state Thursday. As a result, flooding rivers receded Thursday. Highest temperature Thursday was 107 degrees at Presidio. Several points reported 100 or above. At Houston, a 99-degree reading was the hottest of the year to date. Coolest spots were Wink and Guadalupe Pass with a 68-degree minimum.

## Plans For U. S. Help In Building Turkish Army Shaping Up In Spite Of Strong Russian Propaganda

WASHINGTON—(P)—The United States is expected to sign an agreement with Turkey in the next few days providing for a \$100,000,000 modernization of the Turkish army.

The agreement, similar to the one signed with Greece June 20, is being negotiated at Ankara by American Ambassador Edwin C. Wilson.

The negotiations have moved forward slowly, according to diplomatic informants here, because Turkish officials wanted to reassure themselves and their country that the United States is not resorting to any kind of "American imperialism" in connection with the aid program.

The "imperialism" issue is one which the Russians have been plugging hard in connection with the Turkish, as well as the Greek, aspects of American opposition to Communist expansion in the Middle East.

At the same time the Soviets have been applying steady propaganda pressure on Turkey for both a military share in control of the Dardanelles and for the cession of the Turkish provinces of Kars and Ardahan to the Soviet Union.

## W. C. Durham Is Found Dead In His Automobile

W. C. (Bill) Durham, 32, Midland constable and employe of the Dunagan Sales Company, was found shot to death in his automobile near his home on the H. B. Dunagan Farm, two miles south of Midland at 8:15 p. m. Thursday.

Durham had just driven to his home with his three daughters. Police Chief Jack Ellington said the constable's revolver was clutched in his right hand and one shell had been discharged. A bullet entered the officer's right temple, Ellington stated.

Deputy Sheriff Ed Edwards, Ellington and Justice of the Peace B. C. Girdley, coroner, investigated. A verdict was not immediately announced.

Officers said Durham dined with his three daughters Thursday evening and they had driven around in Durham's automobile. Just before the shot was fired, Durham told his daughters to get into the house.

However, one daughter did not leave immediately, and she was near the car when the shot was fired. Mr. and Mrs. H. B. Dunagan were nearby and also heard the shot. They summoned officers.

Funeral services will be held at Belton Sunday but definite arrangements had not been completed at noon Friday. Burial will be at Belton.

Durham was born July 16, 1914 at Belton. He was a member of the Methodist Church, Lions Club, Junior Chamber of Commerce and American Legion post of Midland. He was elected constable of Precinct One, Midland county, at the last election. He served as a peace officer part of his time and also was employed by the Dunagan Sales Company.

Durham was a veteran of World War II and had served in the Navy. He did shore patrol duty in California and transported prisoners of war.

At one time, he was a member of the Midland Police Department, serving as a city officer at two different times.

Survivors include: three daughters, Peggy, Elizabeth and Patricia; his mother, Mrs. W. C. Durham of Belton; a sister, Mrs. Mervin Womack of Dallas; half-brothers, George Durham of Washington, D. C., Hampton Durham of Baytown, C., Hampton Durham of Belton and Billie Blount of Greenville; and R. E. Blount of Big Spring; and Mrs. G. Erwin of Dallas.

## Weather

Partly cloudy Friday afternoon, night and Saturday. Not quite so warm Saturday. Maximum temperature Thursday was 97 degrees, minimum 73 degrees. Minimum temperature Friday morning in Midland was 76 degrees, rising to 90 degrees by 11 a. m.

See "God and the Atom," sound-color motion picture. Free. First Baptist Church, 8:00 p. m. Saturday. (Adv.)

# Charges U.N. Violation

## U.S. Surplus Rifle Bullets For China

### Ten Disloyal Suspects Are Discharged

WASHINGTON—(P)—The State Department announced Friday "at least 10" of its employes have been fired recently because of suspected disloyalty to the United States government.

Press officer Lincoln White described it as "a very recent action."

White told reporters he was unable to furnish additional details but it was understood the employes were dismissed under congressional authority granted to the State Department in its 1947 appropriations.

A clause introduced by Senator McCarran (D-Nev.) gave the Secretary of State "absolute discretion" to discharge any worker "whenever he shall deem such termination necessary or advisable in the interest of the United States."

White did not identify the 10, but said they were discharged in keeping with a Department policy of firing employes "where substantial doubt exists as to their security."

All were discharged summarily, he said, without recourse to appeal either to any State Department review board or the Civil Service Commission.

White said in a few cases "other administrative considerations" also influenced the decision to dismiss them but did not elaborate.

He also said he did not know whether these persons were barred from employment in other government agencies as the result of their dismissal.

### Ministers Start Talk On Aid-Europe Plan; Red Attitude Unknown

PARIS—(P)—Foreign ministers of Russia, Great Britain and France Friday started consideration of a European economic recovery program linked with American aid.

There was no official indication of the Russian attitude toward the "Marshall Plan" but the British and French have welcomed the proposal of U. S. Secretary of State Marshall.

The conferees are V. M. Molotov of Russia, Ernest Bevin of Britain and Georges Bidault of France. They met privately at 4:15 p. m. (9:15 a. m. CST).

Though only a preliminary to a more representative meeting of European states, the conference was expected to bring a decision on whether Russia will cooperate.

Early indications pointed to the likelihood the Soviet response would be reserved until a lot of questions have been answered.

Russia is understood to feel any aid-to-Europe project should be conducted through existing United Nations machinery.

### Red Cross Chapter Reelects Officers At Annual Meeting

Officers of the Midland County Chapter of the American Red Cross were reelected at the chapter's annual meeting Thursday night in the city hall. They are Irbly L. Dyer, chairman; H. Winston Hull, vice chairman; Mrs. Vic Rogers, secretary, and Mrs. W. A. Waldschmidt, treasurer.

Frank Ashby, W. F. Hejl and John Hills were named as board members. Delbert Downing was chairman of the nominating committee.

Mrs. Lillian Corbett was reappointed executive secretary. A financial report for the year 1946-47, submitted by Mrs. Waldschmidt, was approved. It showed receipts totaling \$13,328.25, and disbursements amounting to \$11,944.49. Cash on hand as of June 25 totaled \$14,692.76. The financial statement will be published in Sunday's Reporter-Telegram.

A report of the committee named to select a site for the Red Cross headquarters building was made by Winston Hull, chairman.

Other routine business matters were discussed.

### U. S. Red Gets One Year For Contempt Act

WASHINGTON—(P)—Gerhart Eisler, Communist, Friday drew the maximum federal court penalty of a year in prison and \$1,000 fine for contempt of Congress.

Federal district court Justice Alexander Holtzoff passed the sentence after denying a motion for a new trial and a dramatic personal plea for mercy from Eisler, who has been named in Congress as the "No. 1 Soviet Commissar" in this country.

Eisler was convicted June 10 of contempt in refusing to take an oath for testimony before the House Committee on Un-American Activities last February 6.

The sentencing followed by a day the conviction of another Communist, Eugene Dennis, on a similar charge. Lawyers for both indicated they would carry to the Supreme Court a challenge of the constitutionality of the House committee.

Pending an appeal, Eisler was released on \$20,000 bail. He also is under indictment on a charge of fraud in obtaining a passport. Trial on that indictment is scheduled to begin July 7.

In his plea for leniency, Eisler said he was a European anti-Fascist political refugee. He loudly protested he was "a victim of a witch-hunting hysteria in this country, instigated and encouraged by the Un-American Activities Committee."

Justice Holtzoff said he was imposing the maximum sentence because Eisler during the trial "showed an attitude of defiance and no disposition to cooperate with the Congressional committee."

"It is apparent this defendant does not respect the institutions of this country," the court declared.

### VFW Post Seeks Facilities At Air Terminal

The Midland Post of the Veterans of Foreign Wars will make every effort to obtain the former non-commissioned officers club building and swimming pool at Midland Air Terminal for use as the post's home.

It was voted by members of the organization at their regular meeting Thursday night.

The NCO club is among the original hangars at the field. It is located on the east side of the airport, adjacent to U. S. 80 Highway.

Commander Leonard Miller, in discussing the project, said that under present circumstances it likely would be three or more years before a permanent home could be built by the post on land donated for that purpose. Members indicated they would rather not stage a financial campaign for building funds while other worthwhile drives are underway here.

Plans for utilizing the building and pool were discussed and it was decided that in the event the post can obtain the property, an effort will be made to open the swimming pool to the public this summer.

The building would be made available to civic and service clubs at a minimum cost, and would be used primarily for the promotion of activities of community interest.

The post plans to sponsor basketball tournaments, boxing and wrestling shows and other similar events. It was pointed out that the Veterans Administration likely would furnish special rehabilitation equipment for use jointly by Midland and Odessa veterans with service incurred disabilities.

A committee was appointed to advise with the City Council concerning terms under which the post could obtain the facilities.

### TREASURY-POST OFFICE FUND BILL PASSES HOUSE

WASHINGTON—(P)—A compromise \$12,402,485.671 appropriation bill for the Treasury and Post Office Departments for the fiscal year starting next Tuesday was passed Friday by the House and sent to the Senate.

The total is \$14,455,700 more than originally voted by the House and \$26,250,734 less than the Senate had approved.

The bulk of the money is for the Treasury Department and includes such fixed charges as interest on the national debt.

## U.S. Asks Force Be Used If Needed To Stop Red Satellites

LAKE SUCCESS—(P)—The United States Friday charged Yugoslavia, Albania and Bulgaria with using force against Greece and advocated employment of United Nations counter force if necessary.

The American position was stated before the Security Council by Warren R. Austin, chief U. S. delegate, as debate began on the voluminous report of the UN Balkan investigating commission.

Austin told the council it may have to resort to counter-measures of the strongest possible kind if Yugoslavia, Albania and Bulgaria continued "using force against the territorial integrity and political independence of Greece."

Under the UN Charter the council may call upon members of the world peace organization to make available whatever forces are needed to preserve peace, pending creation of the permanent UN global police force, which now is under consideration.

Upholding the commission's majority findings that the three Soviet satellite states had been aiding guerrilla fighters in Northern Greece, Austin said:

"They have, in fact, been committing the very kind of acts which the United Nations was designed to prevent, and have violated the most important of the basic principles upon which our organization was founded."

Representatives of Greece, Albania, Bulgaria and Yugoslavia sat at the council table as Austin spoke.

Vassili Dendramis, Greek ambassador to Washington, told the council the actions of the three northern neighbor countries were part of a plan to set up a "Communist dictatorship" in Greece.

"It is the most reprehensible kind of breach of the peace," he declared. "It is aggression."

Col. Nesti Kerenchi, Albanian representative, countered with a charge Greece was following a policy of expansion and war, and he blamed the Greek government for the border troubles.

He spoke at length in defending Albania against the charges made by the Balkan Commission and supported by Austin.

### Despite Setback Caused By Fire, Texas Tech To Continue Stadium Work

LUEBOCK—(P)—Officials of Texas Tech College indicated Friday plans would go ahead toward completing the proposed \$350,000 athletic stadium here despite almost total destruction by fire of the partially built East stands.

Floyd Dill, Dallas contractor who was in the stands inspecting the work at the time the fire broke out, placed damages at more than \$200,000.

He said the stadium was to have been completed before the first home football game next autumn.

Starting under the stands late Thursday, the blaze quickly spread, fanned by a strong west wind and fed by the vast quantity of lumber, much of it oiled to prevent concrete sticking to it.

In a matter of minutes the fire had engulfed the lengthy structure and two hours later the crumbled wreckage still smoldered.

Sparks from a torch were believed to have ignited the oil-impregnated lumber.

Old estimated completion of the stadium would be set back at least three months, depending on how difficult it will be to replace prefabricated reinforcing steel.

### Martin Dies Hints He May Oppose O'Daniel

HUNTINGTON—(P)—Ex-Congressman Martin Dies Friday was quoted here as saying he would announce his political intentions by the first of the year, and hinting he might oppose Senator O'Daniel (D-Texas).

He told Clayte Binion, managing editor of The Angelina County News, he had made no definite decision yet but added:

"There seems to be a widespread belief reflected in a recent poll that Senator O'Daniel is through politically in Texas and that someone will succeed him next time."

"Many people in the second Congressional District are using me to return to Congress. Between now and the first of the year, I will reach a decision and will announce it in a radio broadcast."

Dies is now practicing law in Lufkin. While in Congress, he was nationally prominent as head of the Dies Committee.

His statements here were in answer to an editorial in the Orange Leader Thursday which predicted his return to politics.

## Vacation Of Miners Poses Labor Enigma

PITTSBURGH—(P)—With nearly two-thirds of the nation's miners on strike and a fuel shortage pinching steel mills and railroads, the government prepared for an exit from the soft coal business at midnight Friday when the miners began a 10-day vacation with pay granted in their contract with the Naval Coal Mines Administration.

The government took over the mines during another strike—on May 21, 1946, after little or no coal had been dug for 59 days.

The present walkout dated only from last Monday when Congress overrode President Truman's veto of the Taft-Hartley labor bill.

Truman Makes Plea  
The return of the nation's 2,500 mines in 22 states will leave still unsolved the problem of what will happen July 8 when the miners' vacation ends. No wage contract between the mine owners and the United Mine Workers has been signed. The miners always have maintained "no contract, no work."

Meanwhile, as dwindling stocks of coal forced layoffs of steel workers and as coal-carrying railroads began furloughing their train crews, President Truman urged labor and management to comply with the provisions of the much-disputed Taft-Hartley Act.

Pledging himself to administer the new law as fairly and efficiently as possible, the President declared:

"As far as labor and management are concerned there is a vital responsibility upon them to comply with the law in a spirit of tolerance and fair play. Neither management nor labor will achieve any long-range benefit by seeking to use the provisions of this act to gain unfair advantage or to sustain arbitrary attitudes."

### Wylie Tomlinson, Jr., Acquitted In Murder Charge In San Angelo

SAN ANGELO—(P)—Wylie Tomlinson, Jr., 33-year-old Menard ranchman, was free Friday of a charge of murder in the fatal shooting in November, 1946, of H. B. Opp, 64-year-old ranchman and oil operator.

Tomlinson, who had entered a plea of self-defense, was found innocent by a jury that deliberated less than two hours Thursday.

Opp and L. E. Trimble, a special ranger, were indicted in 1934 for the fatal shooting of W. R. Tomlinson, Sr. Trimble was acquitted and the indictment against Opp was dismissed in 1942 after a conviction and 30-year sentence had been reversed and remanded by the appeals court.

## LATE NEWS FLASHES

WASHINGTON—(AP)—Legislation to restrict gasoline and petroleum products exports was introduced Friday as the House Merchant Marine Committee launched an inquiry into oil shipments to Russia.

MUKDEN, MANCHURIA—(AP)—The Communists put Szepingkai to the torch and withdrew from that ravaged railway junction city 105 miles northeast of Mukden to escape a pincers threat by two Government columns.

ST. LOUIS—(AP)—Streetcars and buses resumed service Friday, ending a 14-day strike which had paralyzed public transportation facilities in this area of more than 1,000,000 population.

GALVESTON—(AP)—The strike of an estimated 2,000 Galveston Dry Docks, Inc., employes may spread into other ship repair yards along the Gulf Coast, a report here said Friday.

WASHINGTON—(AP)—The State Department announced Friday the sale to China of 130,000—000 rounds of ammunition at a cost of \$656,658—approximately \$6,000,000 less than it originally cost.

## Community Theater Scores Again With 'Kiss And Tell'; Second Performance Slated For Friday

Community Theater has done it again! From the minute the curtain rose on the first night performance of "Kiss and Tell," the audience was delighted with the play, the home town actors, and the risqué and catch lines in the dialogue.

The laughter of the audience, the pleased expressions, the generous comments immediately following curtain for intermission and final curtain stood as evidence that good direction, enthusiasm, untiring work and home talent can produce theatrical shows which provide good entertainment and add a definite touch of culture to Midland.

There seems little doubt the Thursday night performance credit primarily belongs to Frances Puett, Lew Hoey and Jim McGraw.

This trio, carrying the adolescent roles, probably could not have been better cast for their parts, had every young person in Midland tried out for the play.

Frances, as the precocious "Corliss Archer," gave the play the vivaciousness needed to make every line, every expression count. She, like Hoey, as "Dexter Franklin," did not give the audience the feeling it was witnessing a play. But, rather looking through the screen door right into the Archer home and seeing an actual family in action—sharing their troubles and joys.

Until after intermission it looked as though McGraw, as the brat "Raymond," was going to take the play and keep it. Every time he appeared, he not only stole the scene, but practically the entire act. His lines, wonderfully clever, were delivered with perfect emphasis and vocal variation.

In Act II, "Raymond," "Corliss" and "Dexter" had a run for honors

when Don McKibben came on stage for his "fight scene". His appearance and deliberance of lines were both realistic and highly amusing to an already delighted audience.

### First Night Performance

The fast-moving comedy, which held the interest of the audience every second was typical of "first-night performances" in that some few cues were skipped and some lines muffed.

Not to be overlooked for their effective supporting roles were Helen Manning, as the undaunted maid of the Archer family, and Norris Creath as the house painter, "Mr. Willard" a man whose patience was more than exhausted.

Other members of the cast were Mariana Moseley as "Mildred Pringle"; Frances Schneider as "Mrs. Archer"; Lige Midkiff as "Private Earhart"; Bill Taylor as "Lt. Lenny Archer"; Louise Showalter as "Mr. Franklin"; Joe Koehler as "Mr. Pringle"; Joe Seymour as "Uncle George"; and "Elwood Turrentine" as "Mr. Pringle".

If you didn't catch the play Thursday night, it's a must—see on the list for Friday.

It's another success for Community Theater—

And Midland—C. P.

## Bike Is 'Ambulance' in Transit Strike

Faced with the St. Louis, Mo., transit strike, no taxi money, and a doctor's order to get her 10-month-old daughter Joyce to the Shriners Hospital for Crippled Children for foot treatment, Mrs. June Cundiff solves the problem with a borrowed bicycle.

## Cole Relates Trip To Midland JayCees

Taylor Cole, international president of the Junior Chamber of Commerce, related incidents of his recent trip to Latin America at the luncheon meeting Friday noon in the Scharbauer Hotel of Midland's JayCees.

Wade Whiteley, coach of the Midland Swimming Team, announced a tri-city swim meet to be held in Midland, July 19. Miss Shirley Culberson, a member of the team, discussed a proposed aquacade to be held in connection. The JayCees were asked to sponsor the event in connection with its annual selection of a Miss Midland.

The JayCees softball team, recent winner of an invitation softball tournament here, was introduced by Pete Hensley, manager. It was announced JayCees would switch meeting days with the Rotary Club July 17-18 on occasion of the District Assembly Rotary meeting here at that time.

Harlan Howell announced the Lions Club-Rotary Club baseball game for Friday night.

A JayCee directors meeting will be held next Tuesday evening at the City-County Auditorium.

## Homes For Homeless, But None For Himself

PHILADELPHIA—(AP)—The Salvation Army provides housing facilities for hundreds of homeless but Lt. Col. Edgar Arnett, the new Divisional Commander, and his wife who came here from Newark, N. J., can't find any place to live. They're staying at the Army's camp for underprivileged children near Chester, Pa., for the summer.

Col. Samuel Heppburn, a past Divisional Commander, says he can't find a house for his nine-person family in New York, where he and his wife were assigned. The Heppburns commute each day from the Quaker City.

## Congressional Group To Investigate Diseased Cattle In Mexico Lands

WASHINGTON—(AP)—Some members of a special Congressional committee to investigate administration of the campaign in Mexico to eradicate foot and mouth disease in cattle will start the trip Saturday, according to Rep. Worley (D-Tex.).

Worley said the group, at his invitation, will fly to Amarillo Saturday, go to the King Ranch Sunday to confer with cattlemen and move on to Mexico Monday.

Worley said he was not certain who would make the trip, but he expected Rep. Gillie (R-Ind.), chairman of the committee; Rep. Bramblett (R-Calif.); and Sen. Thye (R-Minn.) to go.

## Crane News

CRANE—Mr. and Mrs. R. V. Wilson are vacationing in Fort Worth. Mr. and Mrs. E. T. Coleman and son, Donald, left Friday on a vacation trip to Eastern Oklahoma. Mr. and Mrs. Donald Kilgore are spending the weekend in Eastland and Cisco.

Mr. and Mrs. J. R. Stacy and daughter of Goldsmith spent Tuesday and Wednesday with Mr. and Mrs. V. M. Stacy and family here. The Rev. and Mrs. H. D. Christian and son, Howard, are vacationing in Arkansas. They plan to visit the Rev. Russell Hunt and family in Grandview, Ark. While there, Mr. Christian will hold a revival at the Grandview Baptist Church. Mr. Hunt is a former educational director of the First Baptist Church here.

Miss Dorothy Craig is seriously ill in an Odessa hospital. Mr. and Mrs. Bert Barnett, Miss Jo Ann Randel and Miss Barbara Mason have returned from a three weeks vacation. They toured 14 Eastern states. They also visited Mrs. Barnett's father at McAlester, Okla.

Mr. and Mrs. Joe Pierce are visiting in Waco. They will be gone a month.

In 1946, world consumption of cotton was 23.2 million bales, down about a fourth from the 1936 peak of 30.6 million bales in the face of a rising world population.

## State Balances On Financial Rope Right Over Big Pool Of Red Ink

By DAVE CHEAVENS

AUSTIN—(AP)—The 50th legislature left the state government teetering on a financial tight rope over a pool of red ink.

Whether it goes overboard into the depths of deficit depends entirely on a number of economic factors which tie in directly with tax income.

## Judge Rules Dame Nature Knows Bit More Than Men

SAN ANTONIO—(AP)—Judge Robert W. B. Terrell in 37th district court here Thursday held nature's law was above one made by the Texas Legislature—which sets out males under 16 and females under 14 years of age shall not marry—when he declared an emergency and ordered a marriage ceremony for two 15-year-old teenagers.

Facing a delicate situation and knowing the background of the couple's romance, the judge stated: "This court is going to hold if they are old enough to have a baby they are old enough to marry, and legitimize the baby."

The boy, who will be 16 in February, and the girl, already reported four months pregnant, had consent from both their parents.

The court, through a mandatory injunction ordered the county clerk to issue the necessary marriage license.

"I feel it is my duty as a judge to see that this little baby is protected regardless of what the legislature thinks about it," the veteran jurist said.

The couple stood before the bench and were united in matrimony—free of charge and with the judge's blessings.

## Wrong Stack Of Sacks Causes Farmer Chagrin

By JACK RUTLEDGE Associated Press Staff

Bill Flippen of Farwell took advantage of the rains and carefully and painstakingly worked his field to get it in good condition for planting. It was a job, as usual, but he did it.

He rushed to Roy Slagle's to get some certified sudan seed. Roy was out but someone directed Bill to a pile of well-filled sacks. He grabbed one and headed for home. He planted it all, and needed more. "Need another sack," he said to Roy, who was at work this time. Roy got him one. Bill was puzzled. Then told Roy the last sack he got was from the pile over there.

"That," said Roy after a moment of silence, "is Johnson grass."

T. H. McCreary of Cayuga has an experience something like that, but not as painful.

He paid \$3 a pound for some grade A cantaloupe seed and sowed them. The crop is coming along beautifully, but McCreary isn't paying any attention to cantaloupe markets.

Cucumbers are coming up all over the place.

M. C. Nichols of Stephenville has found a new use for post oak trees. He grows orchids on them.

He set out several orchid bulbs on a post oak stump; using twine and staples to secure them to the bark. The result: perfect. He says the bulbs came from Mexico, and will stand temperatures ranging from 10 degrees below zero to 110 Fahrenheit.

In recent years the average amount of cotton produced on an acre of ground in the United States has doubled.

## Report Settlement Is Made By Ford, Unions

DETROIT—(AP)—Settlement of the dispute between the Ford Motor Co. and its 110,000 production workers was reported to have been reached Friday with only formal approval by higher company and CIO United Auto Workers' Union officials required to formalize.

As reported in reliable quarters, company and union negotiators in an 18-hour session agreed on a wage increase of 11 1/2 cents an hour plus 3 1/2 cents to pay for six annual holidays and the establishment of a pension plan demanded by the union.

It was the union demand for a pension plan which brought the threat of a strike in the company's plants throughout the United States.

Night fliers frequently take Vitamin A-rich diets for improved vision.

WHEN your digestive system does not function well, waste accumulates and gas is created... you feel depressed and irritable. If your distress is extreme or long-lasting consult your doctor. But often all you need is to stimulate sluggish intestinal muscles. And that's just what the new improved ADLERKA, the Tone-Up Laxative, does. It relieves gas pressure and moves waste gently through the digestive canal. Because it is a scientific blend of 7 effective ingredients it works quickly and pleasantly. Try ADLERKA today and learn why over 20,000,000 bottles have been sold. Caution: use only as directed.

## "You've Never Had It So Good"

An important job awaits you in JAPAN

All Expenses Paid and \$90 Per Month

"You've never had it so good," says a sign erected over a clubhouse entrance by Regular Army men in Japan. It refers to the interesting life they enjoy while taking part in one of the most successful occupation jobs in history.

Now that summer has come to Japan, famous resort hotels beckon enlisted men on leave to the scenic mountains or the seashore. There, they find swimming pools, hot springs, horse-back riding, skiing, bus tours. Various recreation clubs offer well-stocked book shelves for leisure reading. American refreshments often are available in evenings and on week-ends. Both American and Japanese entertainers appear in theaters and clubs. Movies are shown almost every night.

You can be part of this picture, if you measure up to the Army's high standards. Good food, lodging, medical and dental care, clothing, transportation and many other expenses are paid by the Army. For further details, visit your Army Recruiting Station at

FEDERAL BUILDING, ODESSA

## Church Council Executive Board Meets Thursday

The executive board of the United Council of Church women met Thursday afternoon with Mrs. Charles Klapproth, 1011 West Texas, to make plans to help with the purchase of a New Mobile Unit for Texas to be used to carry the message of Jesus to migrants.

The unit will consist of an automobile, religious literature and music, a preacher and a pianist. They will contact migrants to Texas and give them the opportunity to attend church services.

Mrs. E. R. Schabarum, president, was in charge of the business meeting Thursday, during which time Mrs. Jess Prothro was elected Leper chairman for the council.

Reports were also heard from chairmen of the council's committees.

Members were reminded of the "Book Shower" to be held at the Monday meeting of the United Council of Church Women at the Presbyterian Church. The books desired are children's books to be used in the negro library.

The next meeting date of the council is September 29, when the group will meet with the Methodist women.

Following the business session, refreshments were served to Mrs. Joe Birdwell, Mrs. W. E. Chapman, and Mrs. George Bradbury of the First Methodist Church; Mrs. B. R. Schabarum, Mrs. Richard Peters, and Mrs. L. A. Roby of the First Presbyterian Church; Mrs. Delbert Downing, Mrs. Charles Klapproth and Mrs. Sidney P. Hill of the First Christian Church.

## Midland Club To Take Part At B. And P. W. Banquet In Odessa

Twenty-four members of the Midland Business and Professional Women's Club will motor to Odessa Friday night to attend the special banquet held at the First Methodist Church there in honor of the presentation of the charter to the Odessa club.

Mrs. O. M. Lutton, in-coming president of the Midland B&P.W. Club, introduced the speaker of the evening, Marguerite Anderson, state president of the organization and librarian at Abilene Christian College.

Miss Anderson presided at the ceremony and officially presented the charter.

The Odessa club was organized by the Midland club.

## Style Extremes Embarrass Timid

By ALICIA HART  
NEA Staff Writer

The girl who is apt to feel miserable if her clothes attract too much attention had better sidestep the new and unusual until bolder misses have had a chance to put across 1947's extremes in fashions. Take the new allures that bares shoulders or draws eyes to little lace windows in dresses. To be worn successfully, these touches first of all demand a good figure. They also require self-confidence from the wearer. A timid girl's plumb is apt to be thrown by the notice her dress gets.

Longer skirts are definitely a fashion. But if you feel that you are conspicuous in a hemline heading for the heels, shorten your skirt. When the longer style is generally adopted, you can lower your hem and get into the swim. Stocking shades are going darker. But if you hate to have your legs stared at because they look different from Susie Jones, who clings to familiar beiges, wait until more girls are wearing dark stockings before you switch your shade.

An application of self-polishing wax to shelves covered with oil-cloth will prevent dishes from sticking and make them easier to clean.

## New Pajama-Skirt Combination Cuts Dressing Time For All Sleepyheads

New design in sleepwear teams short pajamas (left) with matching wrap-around skirt (right) for respectable breakfast attire.

By EPSIE KINARD  
NEA Staff Writer  
NEW YORK—(NEA)—Now there's a nighttime that can go to breakfast. And look as smart and correct as any morning dress at the table.

This bright idea in sleep-wear combines short pajamas, in which you can slumber in cool comfort, with a wrap-around skirt that gives you a quick change into thoroughly respectable breakfast attire.

Credit for a design which win applause from lie-in-beds, who wait until the last possible minute before getting up, goes to a 20-year-old Texan. Jean Jackson of Beaumont is a '46 graduate of the Texas

State College for Women. This young designer for a leading Texas manufacturer has won national recognition as a creative stylist with her two-timing garment.

The attractive and practical ensemble makes its debut in time for vacationers and other summer loafers who must either cut down dressing time or go without breakfast. Another point in its favor is that it is a good traveler.

Pajamas which can shed both wrinkles and a bedroom look require special styling and the use of crease-resistant fabric. Celanese jersey, which is slow to muss, sag or stretch, meets fabric needs. Styling requirements are met by attractive shirring, used in double rows to nip in and decorate the midriff. Shirring also softens the neckline and gathers up short, puff sleeves. The skirt of matching aqua, rose or "violet-sky" jersey is a full wrap-around in the new longer length.

VISITORS FROM OHIO  
Mrs. H. W. Kile and daughter, Betty, of Zanesville, Ohio, arrived by plane Saturday for a month's vacation with Mrs. Kile's sister, Mrs. J. A. Jorgenson, 402 Holmesley. They will leave Midland next week on an extended trip through New Mexico and Colorado.

## Congratulations To

Mr. and Mrs. J. D. Wilson on the birth, Thursday, of a son, James Douglas, Jr., weighing six pounds and two ounces.

Mr. and Mrs. M. K. Bird on the birth, Thursday, of a son, Michael Edwin, weighing seven pounds and seven ounces.

OZARKA WATER CO. welcomes these new arrivals. Phone 111 and a bottle of OZARKA will be delivered to you free.

## Hobby Promotes New Friendships

By ALICIA HART  
NEA Staff Writer

A hobby can be your vacation-time entree to interesting new friendships that add fun to a holiday.

A camera swung into action, for instance, is as good an opening to casual conversations as a promenade at home with an engaging pup. The click of the camera shutter is a signal for fraternal questions from other camera "bugs". Camera models, shutter speeds, exposures, special techniques and composition provide topics of absorbing interest to vacationers with the same hobby.

If you are staying at a resort, guests who have no cameras themselves will respond to your friendly offers to take their pictures. Such snapshots—presented with your compliments—are friendly gestures which carry more impact than letters of introduction.

Sketching or painting is another conversation-starter. No matter how amateurish her art work, the girl who pulls out a canvas or a sketch pad soon has an audience. In it there are apt to be some potential pals who can add more fun to her holiday.

Proficiency in an active sport—tennis, golf, swimming or even shuffleboard—is an open sesame to casual friendships with others who share your enthusiasm.

If sweet potatoes must be peeled to prepare them for cooking, put the pared vegetables in salted water to keep them from darkening.

## Busy Wives Club Entertains With "Stanley Bazaar"

For their meeting this week, the Busy Wives Club held a "Stanley Bazaar" Tuesday afternoon at Cloverdale Park.

Guest speaker was Mrs. Burl Graham of Odessa. A display of household articles was arranged for the meeting.

Club members served cookies and punch to the following: Mrs. C. A. McKinney, Mrs. J. C. Bradley, Mrs. A. C. Matlock, Mrs. Vesta Clark, Mrs. Hallingshead, Mrs. R. W. Pinkerton, Mrs. A. M. Scoggins, Mrs. W. A. Boles, Mrs. Roy Lands, Mrs. R. B. Brown, Mrs. Alma Matlock, Mrs. F. M. Winkler, Mrs. C. S. Duckworth, Mrs. Fred Truelove, Mrs. J. Deyess, Mrs. Lillie Bradley, Mrs. H. D. Nazworth, Dorothy Scoggins, Louise Gibbs, Mrs. A. S. Norwood, Mrs. W. A. Brazell, Mrs. W. D. Chandler, Mrs. Fay E. Lesley, Mrs. Ruth Osborne, Mrs. F. D. Spratt, Elsie R. Graham, Mrs. Ochanee O. Johnston, and Mrs. Dorothy Heald.

## Shiny Make-Up Attracts Youth

By ALICIA HART  
NEA Staff Writer

Make-up that encourages a young, flawless skin to shine like a polished apple is a vogue many glamor girls are adopting for summer.

To heighten the sheen of a suntanned face, say the girls who are out to shine, stroke a bit of vaseline lightly over the cheekbones, chin and forehead. More of the same used on eyelids and eyebrows enhances a youthful, dewy-eyed look.

Thin cosmetic oil or mineral oil is another shine-coaxing aid which can be used to add luster to a skin that can take it. To apply, wash face and while it is still wet spread a few drops over the skin. Then pat dry. This leaves the sheerest film of light-catching oil but avoids a greased-up appearance.

More flattering to untanned skins is a tinted foundation of powder pigment and oil. Used without a final dusting of powder, such a foundation will deepen skin tone and also give you a shine that highlights your face.

Pattern No. 8157 comes in sizes 11, 12, 13, 14, 16, 18 and 20. Size 12, 3 1/8 yards of 35 or 39-inch.

For this pattern, send 25 cents in COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett, Midland Reporter-Telegram, 530 South Wells Street, Chicago 7, Ill.

Ready now—the new Summer FASHION, 52 pages of style, color, fashion news for every woman who sews. Send twenty-five cents for your copy today.

California's 1946 asparagus crop was estimated to be worth \$17,572,000.

## Methodist Men Plan Brotherhood Dinner

A Brotherhood Dinner for the men of the First Methodist Church will be held at 6:45 p. m., July 1, at the Scharbauer Educational Building.

Early travelers to Japan reported that in trials for theft a piece of red-hot metal was placed in the hand of the accused, who then threw it away. If his hand was unburned, he was adjudged innocent.

## KIDNEYS GETTING YOU UP NIGHTS?

If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have backache due to excess acidity in the urine, be glad you're reading this.

Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results.

Swamp-Root goes right to work to flush out kidneys... increases the flow of urine, helping to relieve excess acidity... so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.

For free trial supply, send to Dept. S, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

Son of man, I have made thee a watchman to the house of Israel; and thou shalt hear the word out of my mouth, and shalt tell it them from me.—Ezekiel 3:17.

**Another Prophecy Of Doom**

Congress' zeal for fact-finding has seldom been more abundantly displayed than in the matter of unification of the armed forces. Unification was proposed before the war ended. A plan was finally drawn up and a bill introduced. The top, middle, and low brass of each branch of the services were quizzed. It would seem that all necessary information should be in by now. But the congressmen are still asking questions.

The latest is Rep. W. Sterling Cole, who has polled more than 200 Navy officers. Perhaps he hasn't uncovered any fundamentally new arguments against unification in his questionnaire. But he must be given credit for turning up a prophecy of doom that tops any Navy forebodings published to date.

This was in a reply from a Capt. Walter Karig, USNR, Captain Karig, who is also identified as a novelist, naval historian and former newspaperman, thinks that the proposed bill not only is a threat to the national defense, but also to our republican form of government.

He says that the result of giving "extravagant" powers to the proposed secretary of national defense would be "the domination of the composite department by the professional military, in violation of the spirit of the Constitution."

Why? The proposed new cabinet post would be headed by a civilian. He would be responsible to the President. His assistant secretaries at the head of the Army, Navy and Air Force Departments would be civilians. How is this any more of a threat of militarism than the present setup?

Captain Karig thinks the proposed unification would create a self-perpetuating bureaucracy outside the reach of Congress. How? The national defense secretary would have to be approved by Congress. Congress would control the new department's funds. So how would this department be more of a self-perpetuating bureaucracy than any of the existing departments?

Furthermore, the captain believes that this bill is being "propelled to enactment by an hysteria produced by distorted images of approaching war." And he thinks the new bill, if made law, would hasten a war.

We don't get that last point at all. We hope, however, that it doesn't mean that Captain Karig thinks that such men as Admiral Nimitz and General Eisenhower are warmongers who would seize the new department and plunge us into another conflict. We hope he doesn't think that the creation of such a department would be the signal for Congress to abandon its great responsibility and authority, and for the people to give up their voice in the conduct of their government.

If these are the bases of Captain Karig's warning—and such an inference is hard to escape—they betray a lack of faith in our democracy which certainly is not justified by the proposed unification bill.

**Oil's Primary Problem**

The petroleum industry's major problem at present is to lay plans and build facilities to satisfy unprecedented demands for oil. That is the gist of papers delivered before a meeting of directors of the Independent Petroleum Association of America.

There are three primary reasons for the existence of this problem. During the war years, the industry was unable to do sufficient drilling of new wells or to carry on normal replacements and expansion of pipe line and refinery capacity. Since then, there has been a shortage of materials for new equipment. Lastly, the postwar demand for oil products rose to record levels instead of dropping as had been expected.

The best forecasts indicate that there will be a continuing increase in demand for oil products throughout the world during the next five years. It is expected that, exclusive of Russia, world consumption will be up to the tremendous figure of 9,400,000 barrels a day by 1951—30 per cent above 1946. By areas, it is believed that for the five-year period, United States' demand will increase 23 per cent, the rest of the Western Hemisphere will show a 32 per cent gain, while the Eastern Hemisphere, which bore the physical ravages of the war, will require 50 per cent more oil.

All this implies a clear challenge to the American oil industry. The challenge has been accepted. Both domestic and foreign development is going ahead as rapidly as conditions permit, and research is making possible great progress in utilization of crude oil. The world's insatiable appetite for petroleum must be met.

**AFL Views On DPs**

Time was when American unions fought for stricter immigration laws to protect their members and the wage standard from the competition of cheap labor. But times have changed.

President William L. Green has put the AFL on record as supporting the Stratton bill, which would admit 400,000 displaced persons to this country over a four-year period.

This is an important statement from a source which obviously would be greatly concerned with such a threat, and which must have weighed its decision carefully. Congress, it is hoped, will give the statement the attention that it deserves.

**All Aboard For Utopia**

**Rock Island Train Is Derailed By Sun Kink**

AMARILLO —(P)— Service was expected to be resumed over the Rock Island Lines in this area Friday after interruption caused by derailment of the Rocket passenger train 18 miles east of here Thursday in which three persons were injured.

A "sun kink" was probably the cause of derailment, a Rock Island official said. He explained a sun kink is a twist in the rails caused by heat.

**A&M Directors Fire Prof Who Meddled**

COLLEGE STATION —(P)— The board of directors of Texas A&M College announced it "contemplates no changes in the military status" of the school.

The announcement, in effect, was a denial of a statement by Rep. Olin E. Teague of Bryan in Washington the board intended to change A&M from a military college to a civilian ROTC school.

The board, at the conclusion of its meeting here, also announced the dismissal of Dr. F. B. Clark, head of A&M economics department, who was a chief figure in the recent strife at A&M.

Clark's dismissal was disclosed after he had appeared before the board for approximately 20 minutes to explain his conduct in charging the college administration with intimidation of faculty members.

A few months ago Clark appeared before a state legislative committee investigating the A&M situation. Afterwards the majority of the committee issued a report in which it censured Clark on the grounds he did not properly substantiate his charges.

**Waco Attorney Bequest Aid Catholic Diocese**

HOUSTON —(P)— More than \$1,700,000 has been acquired by the Catholic Diocese of Galveston through an oil transaction and a bequest from a Waco attorney, the Most Rev. C. E. Byrne, bishop of Galveston, announced here recently.

The bishop said a clear profit of \$1,100,000 was realized when holdings of the diocese in the Conroe Oil Field were sold to a group of men from Texas and New York.

The bequest, he said, included the entire estate of Allan McDonald, Waco attorney.

"Lawyers tell me that when the estate is settled it will amount to \$600,000," the bishop said.

"They tell me I now own the Roosevelt Hotel in Waco," he chuckled.

**Rattler, Sans Rattlers, Killed By Midland Man**

A rattlesnake—without rattlers—was killed about five miles northeast of Midland late Thursday by Ray Flowers who reported the snake to be perfectly normal in other respects.

The deformed reptile was about three feet in length, and was well equipped with deadly fangs.

The Luth, or Leathery Turtle, is a marine animal inhabiting tropical seas; it reaches a length of eight feet and weighs as much as a ton.

**Road Construction To Brings Farms Closer To Areas Of Markets**

AUSTIN —(P)— Demands of a "world on wheels" for farm roads and expensive multi-lane highways are predicted to bring "the most momentous years of history" to the road building industry.

R. J. Potts, president of the Texas Good Roads Association, foresees the good years he predicts coming "within two or three years."

Two major problems face road planners and builders with the world "going on wheels to a greater degree than ever before," he said.

"1. Traffic must be handled expeditiously in congested areas by means of multi-lane highways which are expensive to build and maintain.

"2. Facilities must be provided so farmers can take their children to school and their produce to market; so people in rural areas can comfortably remain there in the interest of continued agricultural productivity."

Potts succeeded Tom K. Eplen of Abilene as president of the Good Roads Association May 23.

**Waco Attorney Bequest Aid Catholic Diocese**

HOUSTON —(P)— More than \$1,700,000 has been acquired by the Catholic Diocese of Galveston through an oil transaction and a bequest from a Waco attorney, the Most Rev. C. E. Byrne, bishop of Galveston, announced here recently.

The bishop said a clear profit of \$1,100,000 was realized when holdings of the diocese in the Conroe Oil Field were sold to a group of men from Texas and New York.

The bequest, he said, included the entire estate of Allan McDonald, Waco attorney.

"Lawyers tell me that when the estate is settled it will amount to \$600,000," the bishop said.

"They tell me I now own the Roosevelt Hotel in Waco," he chuckled.

### Army's First Six-Jet Bomber

The Air Forces' first six-jet bomber, the XB-48, taking off at the Glenn L. Martin airport, Baltimore, Md., on its initial flight gives a frontal view of the six jet intakes, and two sets of retractable wheels mounted in tandem, with outrigger wheels that fold into the wings. The plane's speed is listed at over 480 miles an hour, bomb load over 10 tons. Tactical flight radius is over 800 miles, or about half that of a Superfortress.

### Objective Of Canada's Religious Event Is World Peace

OTTAWA, CANADA—(NEA)—The air was still with reverence.

Bare-headed, black-clad priests stood in prayer. Nuns in wine-colored robes, young children and the Archbishop performed the benediction before the Statue of The Lady of The Gap.

This was a pilgrimage, an opening service in preparation for the Marian Congress—the greatest religious event in the history of Canada and probably the North American continent.

The statue of The Lady of The Gap rested quietly in the garden of a Catholic convent, within sight of Lansdowne Park, Ottawa—center of Congress activities. At her feet were pilgrims of faith, some of whom had walked 260 miles in her procession from DuCap to Ottawa, Canada.

These were the forerunners, the first of some 100,000 to 200,000 people on hand to attend one of the largest religious spectacles in

history. These were people who had come from all parts of the world to the Canadian capital in mass numbers to intercede for permanent world peace through the medium of public prayer and religious ceremonies.

#### The Objective Peace

Said James Charles Cardinal McGuigan, Archbishop of Toronto, ranking Canadian prelate and special Papal legate to the Congress:

"The special and supreme objective of the Marian Congress is peace, a lasting and just peace. The masses and religious exercises of the Congress will be offered to that end so that the gathering as a whole may constitute a uniting of many peoples of different nations in prayer for peace."

Preparation for the Congress had not been without dispute. Lansdowne Park is undoubtedly the only baseball park in the

Rearing skyward above Lansdowne baseball park in Ottawa, the repository erected for the Marian Congress overshadows men working on benches for the pilgrims.

world with a cross 155 feet high in the outfield. Home of the Ottawa professional baseball team, it was a wartime military training center.

More than 750,000 feet of lumber were used in converting the athletic grounds for the Congress. Some 100,000 feet of wallboard and 85,000 feet of fibre board had been utilized for seats, a repository and a huge open air cathedral.

Home-starved veterans and citizens of Canada were quick to protest this use of materials that could have been used for homes, but sponsors of the giant religious event pointed out that the lumber was to be reclaimed and resold for construction and home building with preference given to war veterans who had been unable to obtain materials.

Giant angels towered high in the sky over the park and looked down on the benches for 75,000 people. In the dead center of the outfield stood probably the world's largest movie screen. On its brilliant cloth religious movies presented the history of the church and faith through the ages.

### McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY  
America's Card Authority

One of the most accurate bidders in bridge is Charles J. Solomon of Philadelphia, and this statement is substantiated by his record. At the present time he holds the world championship masters individual title, and also is one of the holders of the world championship masters pair title. It probably will be many years before we will find one player winning both of these titles in one year again.

Glancing at the bidding on today's hand you might well ask why Solomon, with the West cards, put in that silly four-heart bid, but he explained it very clearly. When a player opens with a forcing two-bid, he said, you know

2 ♠ 843  
3 ♥ 85  
4 ♦ 975  
5 ♣ 63  
6 ♠ 7

Solomon  
♠ AKQJ

♦ AKJ108  
♣ AJ1092

Tournament—N-S vul.

South	West	North	East
2 ♠	2 ♠	3 ♣	Pass
4 ♠	4 ♠	5 ♣	Pass
6 ♠	Pass	Pass	Pass

Opening—♠ K 27

he has a game and probably a slam. He felt that his queen of clubs was going to be a key card, and he wanted to do something to throw South off the track. He had nothing to fear from the four-heart bid. If it were doubled, he would bid four spades.

Now we will see the declarer's predicament. When the opening spade lead held, Solomon switched to the six of diamonds. Declarer won and led another round of diamonds, picking up the adverse trumps. A small club was led to dummy's king and a club returned. When East played low, declarer stopped to count the hand.

Solomon had shown up with two diamonds and a club. He was definitely marked for six spades, and the heart bid should mark him with four hearts. That would mean that he had held a singleton club, so declarer finessed the ten of clubs and lost his contract.

Solomon pointed out that declarer could have protected himself against the psychic heart bid by cashing the ace and king of hearts, and leading a third round of hearts when he got into dummy, trumping in his own hand. Then when West showed out, he could have reasoned that West probably held the queen of clubs.

RADIO STATIONS K E C K SOMETHING NEW IS BEING ADDED Recently the Federal Communications Commission granted K E C K a sister station K E C K-FM. FM means Frequency Modulation, a new system of radio broadcasting that eliminates static, ends fading and gives full beautiful tones to programs never realized in the present system of AM broadcasting (Amplitude Modulation). This means that the new K E C K-FM will give WEST TEXAS listeners the most modern radio facilities possible. If you can't template buying a new radio make sure it is equipped for FM or it may be obsolete in a short time. Use the station "Most people listen to MOST in West Texas." The news and Music station that is a relief from daytime network drudgery.

**LEGAL NOTICES** 86

**ADVERTISEMENT FOR BIDS FOR REMODELING OF THE MIDLAND AIR TERMINAL FOR**

THE CITY OF MIDLAND, TEXAS  
NOTICE TO BIDDERS:

SEALED BIDS, addressed to the Mayor and City Council of Midland, Texas, for the remodeling of Building 4-66, Midland Army Air Field No. 1, will be received at the City Hall Council Chamber or the office of the City Secretary, until 8:00 P. M., Central Standard Time, July 8, 1947, and then publicly opened and read.

The work included in this proposal will involve concrete work, plumbing work, sheet metal work, electrical installations, carpentry work, painting work, roofing work, and masonry work.

A Certified or Cashier's Check or a Bidder's Bond executed by some corporate surety authorized to do business in the State of Texas, in the amount of Five Percent (5%) of the lump sum bid, payable without recourse to the City of Midland, Texas, must accompany proposals.

Complete copies of the plans, specifications and contract documents may be obtained by prospective bidder at the office of The Avery-Stanford Company, Rm No. 2, Crawford Hotel, Midland, Texas, upon a deposit of Twenty Dollars (\$20.00). This deposit will be returned to each actual bidder upon

**LEGAL NOTICE** 86

return of such documents in good condition within ten (10) days after receipt of bids.

The City of Midland, Texas, reserves the right to accept or reject all or any part of any proposal, to waive technicalities, to make any investigation deemed necessary of a bidder's ability to perform the work covered by the Specifications, and to accept what in the judgement of the Mayor and City Council is the best bid.

The bidder's attention is directed to the fact that bids or proposals shall be submitted only on forms provided therefor in the book of Specifications and Contract Documents. Bids submitted in any other form will be considered irregular and returned to the bidder unopened.

THE CITY OF MIDLAND, TEXAS

Mirin Dajo, 35-year-old Dutchman, stands calmly erect with a 28-inch rapier blade thrust through his body in a demonstration at a university clinic in Zurich, Switzerland. It's all in controlling your nerves, says sensational Dajo, exhibiting no ill effects or pain.

**HOW ADVERTISING MAKES YOUR FUTURE BRIGHTER**

Read how the modern methods of mass personal selling are constantly creating both security and opportunity for you!

★ ★ ★

You'll agree that advertising has just one main purpose — to sell goods or services.

And you'll agree that when more sales are made, there's just naturally more work to be done.

So more sales mean more jobs. Yes, and better jobs, a chance for promotion, or for a raise in pay.

More sales mean more jobs at the factory. More jobs at the mines and mills and farms that supply materials that factory uses. More jobs in the banks, railroads, stores, and the hundred and one businesses that benefit indirectly.

That's how advertising—by selling more goods to more people—makes your job, no matter where you work, a better job, with a better future, and far more security.

Remember this as you see and hear advertising doing its job of selling goods. Tell your friends how advertising works. And be grateful for it. For every hour of the day, advertising is making your home, your income and your personal future more secure.

**Other Ways Advertising Helps You:**

1. Brings you better goods for less money.
2. Makes shopping more pleasant and easier.
3. Has given us the world's highest standard of living.

**WHAT ONE MAN SAYS:**

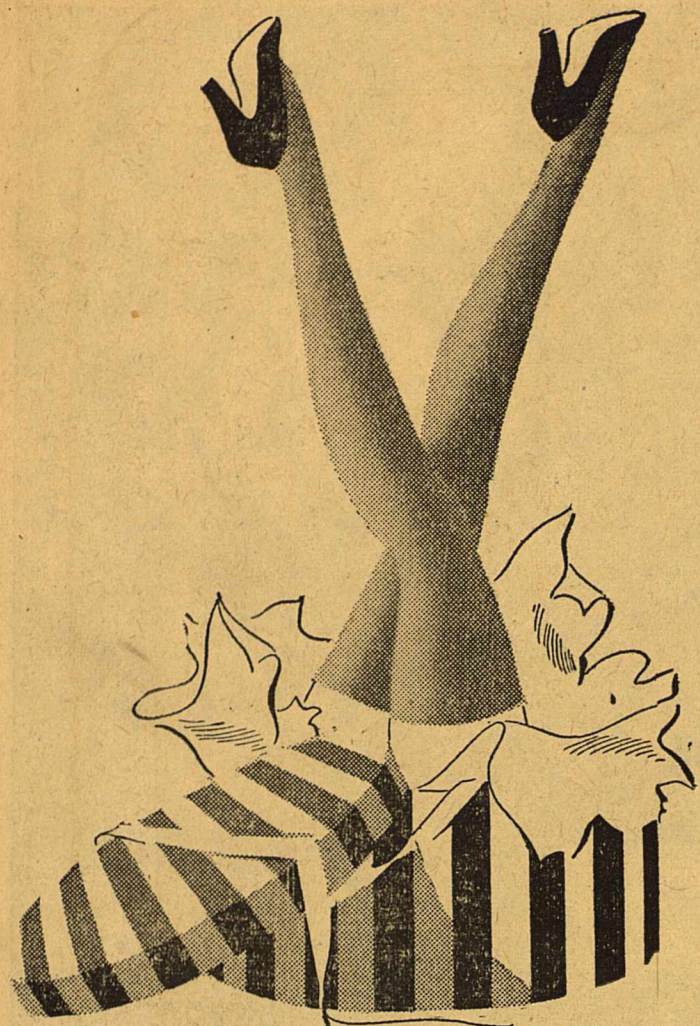

RETAILER—Sure, my advertising pays. And indirectly all advertising pays me a profit. For firms that advertise grow big and employ more people, often at higher wages. That means more people have more money to spend in my store.

**Advertising... BY SELLING MORE GOODS TO MORE PEOPLE**

**Makes your job more secure**

## Fun Game Is Friday

The fun game of the year will be played at 8 p. m. Friday in the Indians Park.  
Lions Club vs. Rotary Club!  
It will be regulations baseball with the public invited. Admission price is one jeep ticket in the 8,000 series.  
The game is a benefit for the Oddfellows Lodge fund to build a playground and fieldhouse for Midland youngsters.

## Indians Trip Ballinger, 8-2, Open Series

**BALLINGER**—Despite Jim Dean, Ballinger pitcher, striking out 14 Indians, they beat him here Thursday night, 8 to 2. And it was another win for Midland ace flinger, Claud Gray.  
Stormy Davis, Cat outfielder, hit a home run, his 20th of the current campaign.  
Midland had big doings in the first when it got two tallies, in the fourth when three were added, one in the fifth and two in the first half of the ninth. Ballinger countered in the fourth and sixth frames, one run in each.  
Midland played errorless ball. The box score:

Midland	AB	R	H	POA
E. Mellilo, ss	5	2	2	5
Alvis, 3b	4	1	1	2
Ramsdell, lf	5	1	1	0
Prince, lb	5	1	2	0

## Longhorn League—Tribe, Broncs, Oilers Win In Thursday Tilt

By The Associated Press  
Pace-setters Big Spring and Midland swung along far ahead of the pack Friday in the Longhorn League.  
Both won Thursday night as Big Spring kept its one-half game lead over Midland.  
Big Spring beat Sweetwater 18-9 by clouting four sport pitchers for 20 hits. Midland licked Ballinger 8-2 in a game where a pitcher fanned 14 and still lost the game. He was Bean of Ballinger.  
Odessa downed Vernon 13-4 in the other game of the night.

**THURSDAY'S RESULTS**  
Longhorn League

Big Spring 18, Sweetwater 9.  
Midland 8, Ballinger 2.  
Odessa 13, Vernon 4.

**Texas League**

## Kermit League To Begin Second Half Play Monday Night

**KERMIT**—The first half of Kermit Chamber of Commerce League ends here Tuesday night when Stanolind Oil & Gas noses out the Kermit Lions Club 4 to 3 in the twelfth. The Shaughnessy play-off began last week. First game in the finals went to Stanolind Monday night when they downed a strong Lions team 13 to 12.

Second half of the season begins Monday night. Saturday nights have been left open for out-of-town games and play-offs, according to Elmo Glass, chairman of the sponsoring Chamber of Commerce sports and recreation committee. Last game of the second half is set for July 29, and will be followed by a three-game series between Stanolind and winner of the second half. A two-game benefit play is scheduled for Saturday night, with Gulf Wicket and Gulf of Kermit in the first go-around, to be followed by Humble of Wink and Kermit Lions. Proceeds are to go to R. L. Ledlow, of Standard Food Market team, who received a leg injury about two weeks ago.

The eight teams entered in the league are Gulf, Richardson-Bass, Morris System, VFW, Texas Company, Stanolind, Standard Food, and Lions.

Of the nation's estimated 85,000 non-government owned planes, 75,000 are privately owned and 816 by airlines.

## Dowell Beats Macks, Midland Shell Wins

Dowell Inc. beat the Mackey Motors Macks, 10 to 2, in a city league softball game Thursday night at the Midland Softball Park.

Shell Oil celebrities were on hand for the second game in which Midland Shell beat TXL Nottrees Shell, 9 to 7. Amidst flash bulb photography, B. Dykstra, area Shell manager, pitched the first ball and Charles C. Roripaugh, division Shell production manager caught, as Frank Lovering, TXL Shell, batted.

## MAJOR LEAGUES Dodgers' Rally Flips Boston; Mackmen Win

By The Associated Press  
After Boston, fighting desperately to hold first place, rallied for five runs to tie the Dodgers, 6-6, at Ebbets Field Thursday night, Brooklyn roared back to win 8-5.  
Dodger pitching continued to wobble in Harry Brecheen, 6-3, for his 12th victory. The loss dropped the Redbirds below the 500 mark again, actually a fraction of a point behind Cincinnati in what amounted to a virtual fifth-place tie.  
Connie Mack's Philadelphia Athletics continued to tread on the toes of the mighty in the American League, halting the New York Yankees win streak at six with a 4-2 decision. Rookie Joe Coleman, whose only previous win was a shut-out of the Yanks on Decoration Day, obliged with a seven-hit effort despite Joe Dimaggio's ninth homer.  
Washington thumped the Boston Red Sox, 7-3, hopping on reliever Earl Johnson in a four-run seventh inning.  
Al Gettel hurled his second complete game in a Cleveland uniform, a four-hitter against Chicago, 5-1. The result enabled the Tribe to change places with the White Sox in the standings, shifting from sixth to fourth.  
St. Louis and Detroit were not scheduled.

## Midland Colts Play Abilene Here Sunday

The red-hot Midland Colts will meet the hard-hitting Abilene Eagles in a baseball game at 3:30 p. m. Sunday on the Latin-American diamond in East Midland. The public is invited to attend.  
The Colts have won three games in a row here and last Sunday drubbed the Mertzon Aces 24-1. The Midland club is one of the strongest Latin-American teams in West Texas.

**Need Sports Goods? Contact Red Cross**  
The Midland County Chapter of the American Red Cross has received as a gift considerable athletic equipment, including basketballs, softballs, volley balls, baseballs, gloves, bats, javelins and other such equipment, which it wishes to distribute among youth organizations which need and will use the supplies.  
Interested groups should contact the Red Cross office in the Midland County Courthouse as soon as possible.

Par Pulverized In Victory Golf Open

CHICAGO (AP)—Par was near complete pulverization as pace-setter Sammy Sneed of Hot Springs, Va., and 75 other swingers leveled off Friday in the second 18-hole round of the \$15,900 Chicago Victory national golf tournament.  
No fewer than 29 performers, including three amateurs exploded par-bettering scores over the 71-stroke standard Westward Ho course Thursday as Sneed bounced back from a heart-breaking U. S. Open setback with an eight-under-par 63.

**Fort Worth Panthers Eyeing First Place**  
By The Associated Press  
Fort Worth, pushing another step ahead of its second-place rival, Shreveport, is eyeing the big boy at the top of the Texas League Houston.  
Before Thursday night's games, the Texas Cats and the Louisiana Sports had swapped the runnerup spot no less than four times straight.  
The Cats, who grabbed the position Wednesday night by downing Dallas, handed the Rebels a second cuffing to cite ahead. Shreveport, able only to split a doubleheader with the loop's cellar club, San Antonio, stayed in third place.  
The results:  
Shreveport beat San Antonio 7-3 but the Missions took the second tilt, 6-3.  
Houston won over Beaumont 3-0, lost the night cap 6-3.  
Tulsa took a 1-0 win from Oklahoma City.  
And Fort Worth swamped Dallas 7-3.

**West Texas Golf Meet In Match Play Rounds**  
ODESSA—(AP)—Match play started Friday in the West Texas golf tournament with defending champion Doug Jones of Abilene meeting J. T. Smith of Midland in the opening round.  
Jones did not have to qualify. Billy Maxwell of Abilene and Morris Norton of Wichita Falls tied for medalist honors with a fine 69 apiece Thursday.  
In the opening round, Maxwell played Ralph Neal of Sweetwater, who shot a 72, and Norton engaged Gerwis McGraw of Abilene, who qualified with a 76—the same score as posted by Smith, Jones' first round opponent.  
In other first round matches Bobby Davidson, Odessa, played Bill Landreth, Fort Worth; Ted Roden, Odessa, clashed with Obie Bristow, Big Spring; Rufus King, Wichita Falls, played Vann Ligon, Odessa; Bob Farmer, Odessa, vs Ray Stoker, Odessa; Buddy Schultz, Wichita Falls, vs Bill Stanton, San Angelo; Gene Mills, Wichita Falls, vs Gerald Waterhouse, San Angelo; M.
