## U.S. Reds Indicted!

WASHINGTON —(P)— A federal grand jury Wednesday indicted Harold Roland Christoffel, Milwaukee CIO leader, on charges he committed perjury in telling a congressional committee he was not a member of the Communist Party.

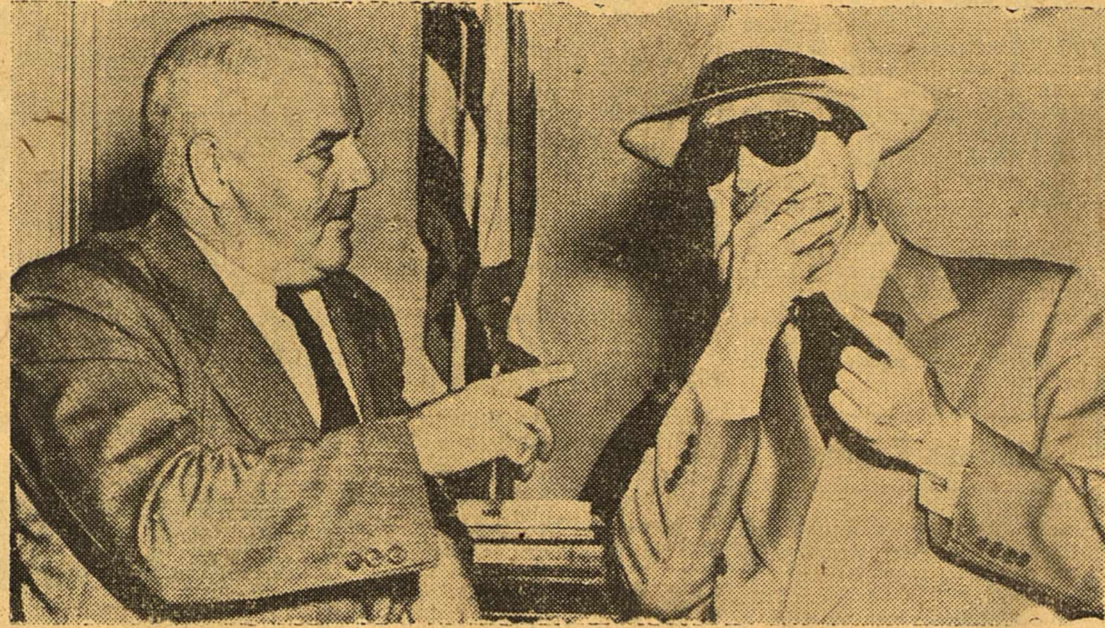

Christoffel testified before the House Labor Committee last March 1. He was president of the United Auto Workers Local No. 248 at a time when Allis-Chalmers plants in the Milwaukee area were shut down by a protracted strike.

The labor committee was investigating the causes of labor disputes, work stoppages and strikes with particular reference to any influence of subversive groups.

The indictment said Christoffel, under oath, "categorically denied" any affiliation with Communists or the Communist Party. Nevertheless, the grand jury report said, he "was then a member of the Communist Party and had been such member for several years thereto and had worked with the Communist Party and with the Communist Political Association."

# Reds Snub Jap Treaty Meeting

## Outlines Russian Spy Activity

(NEA Telephoto) Attempting to hide from cameras, Victor Kravchenko, right, former Soviet purchasing agent in this country, talks with Rep. J. Parnell Thomas, chairman of the House Un-American Activities Committee, following the Russian's appearance before the committee in Washington. Kravchenko, who broke with the Russians and later wrote a best selling novel, "I Choose Freedom", warned the committee that "every responsible representative of the Soviet Union in the U. S. may be regarded as economical or political spies."

## British Ship Sunk In Haifa

JERUSALEM —(P)— Official sources Wednesday reported the British ship Empire Lifeguard had been sunk in Haifa Harbor, presumably by saboteurs, shortly after disembarking 261 legal Jewish immigrants transported to the Holy Land from detention camps on Cyprus.

A British release disclosing the sinking said: "The Empire Lifeguard, a transport returning Jewish immigrants from Cyprus, was sunk this morning in Haifa Harbor by an internal explosion after all the immigrants had disembarked.

A continuing wave of violence, apparently fanned by the recent deportation of 4,500 Jewish immigrants intercepted while trying to enter Palestine aboard the steamer President Warfield, meanwhile resulted in serious injury to two more British soldiers in Haifa.

Two army trucks were blown up by three mines on the citrus belt highway between Rehovoth and Rishon LeZion. A British officer and soldier were injured seriously and five others were wounded slightly, the army said.

## Doesn't Know Him

(NEA Telephoto) Martha Goldwaite, 26, Hollywood model, has been subpoenaed as a witness into a Washington Congressional investigation into Howard Hughes' government airplane contracts. "I don't know Mr. Hughes," the model stated when interviewed.

## Soviets Protest U.S. Act

LONDON —(P)—The Moscow radio said Wednesday night Soviet Russia "cannot agree" to accept a United States invitation to join with 11 powers in discussing a Japanese peace treaty August 19 in Washington.

The broadcast, heard here by Soviet monitor, said Russia delivered a note to Washington charging the United States had acted in a "unilateral manner" in declaring preliminary work on drafting a Japanese treaty should be undertaken by the council of foreign ministers.

The note suggested the Russian, British and Chinese ambassadors in Washington meet with a representative of the United States to discuss when the council of the foreign ministers should be convened.

The text of the Soviet reply, as broadcast by the Moscow radio: "On July 11 of this year the United States ambassador Gen. Bevel Smith told V. M. Molotov, the U. S. S. R. minister of foreign affairs, that the government of the United States proposed to call on Aug. 19 of this year, a conference for the preparation of a peace treaty with Japan, comprising representatives of 11 powers, members of the far eastern commission.

"At the same time the U. S. government unilaterally began negotiations on this question with the governments of the remaining powers who are represented in the Far Eastern commission.

## U. S. Stand Pat On Atom

LAKE SUCCESS —(P)— Fredrick H. Osborn, United States atomic deputy, Wednesday told the United Nations Atomic Energy Commission this country stands firm on its demand that no veto apply to punishment of atomic crimes.

In a brief statement to the working committee of the United Nations Atomic Energy Commission, Osborn proposed the atomic delegates postpone discussion of the veto problem until it could be taken up in a point-by-point debate.

He said the United States would not be a "party to any change in the principle" by which no veto shall apply on atomic punishments. He insisted again that the principles laid down by Bernard M. Baruch to the atomic commission last year must be upheld.

Osborn, spoke after Andrei A. Gromyko, Soviet delegate, asked the working committee to discuss thoroughly a Russian proposal which would have the effect of permitting a veto in the United Nations Security Council on any final decision to punish violation of any atomic control pact.

## Drouth Condition Prevails Over Most Of Texas

AUSTIN —(P)—Almost all areas of Texas, except in scattered spots favored by recent showers and in the high plains, are in need of rain, the United States Department of Agriculture reported Wednesday.

Cotton was showing signs of deterioration. Late planted corn was suffering from continued drouth. Except in Northwestern counties, growth of new range feed was at a standstill as continued hot, dry weather further depleted the already-short moisture supplies. The USDA's summary for the week ending July 21 showed:

Conditions were favorable for active harvest of limited crops of commercial vegetables now in season. Harvesting of wheat in the Panhandle and threshing of oats in the North Central counties was nearing completion. Ploughing of stubble continued, but there was some delay because fields were extremely dry.

Some late plantings of sorghum and peanuts were held up by rain. Sweet potatoes were in need of rain in nearly all sections. Rice remained in good condition.

## Dutch Troops Continue Drive To Slice Island Of Java In Two

BATAVIA, JAVA —(P)—Dutch troops driving to slice Java in two have pressed to within 12 miles of the key Republican stronghold of Malang, an Indonesian army communique acknowledged Wednesday.

Other Dutch units were threatening the Indonesian capital of Jogjakarta. The Dutch took the important town of Salatiga, on a 46-mile winding highway to the Republican capital.

A dispatch from Associated Press correspondent, Harris Jackson, in Jogjakarta quoted a Republican communique as saying that meanwhile, the Indonesians in a counter-drive were nearing the outskirts of Dutch-held Semarang, 27 miles north of Salatiga and the base for the "jumpoff" of the Dutch drive toward Jogjakarta. Indonesian forces have been reported attempting to infiltrate Semarang, an important Dutch military base on the North coast of Central Java.

A Dutch army communique indicated motorized columns and armor-protected troops were pushing deep into both Java and Sumatra on at least 10 fronts against sporadic resistance.

The Dutch communique indicated American-trained Marines landed on the North and East coasts of East Java already had sealed off a part of East Java.

## Clark Urged To Clear Himself

WASHINGTON —(P)— Senator Ferguson (R-Mich) said Wednesday that "in justice to himself" attorney General Clark ought to help clear the way for a senatorial investigation into his handling of Kansas City vote fraud charges.

Ferguson's call for a break in the solid Democratic opposition which has stalled Senate action on a pending inquiry resolution came on top of these other developments in the controversy:

1. Senator Hatch (D-Mich) labelled as "politics" a charge by Republican national chairman Carroll Reece the opposition party's "frenzied efforts" to prevent an inquiry offer "conclusive evidence of Democrat desperation on the eve of the 1948 Presidential campaign."
2. Senator Langer (R-ND) defended Clark's action in the Kansas City case, shouting to the Senate that "if a federal gattopso from Washington runs elections, we will soon have the same control over elections as they have in foreign countries."
3. With the GOP leadership still stymied in its efforts to get Senate action on the inquiry resolution sponsored by Senator Kem (R-MO), Rep. Ploeser (R-MO) stood ready to introduce a similar proposal in the House where Republican control is such it could force speedy action.

## Dr. Kurt Lekisch Makes Hospital Contribution In Memory Of Father

Dr. Kurt Lekisch, Midland physician Wednesday contributed \$1,000 to the Midland Memorial Hospital in memory of his father, the late Dr. Adolf Lekisch, John P. Butler, hospital treasurer, announced.

Dr. Adolf Lekisch was born July 8, 1878, at Mainz, Germany, and died July 18, 1947, at Midland, Texas. He had been a practicing physician 35 years.

## Balkan Commission Is On Scene In Greece

ATHENS —(P)—The United Nations Balkan Sub-Commission Wednesday continued its investigation at Ioannina, where the Greek Army claims to have routed a guerrilla force which "invaded" from Albania.

Meanwhile, Athens newspapers published unconfirmed reports that a majority of the sub-commission was "convinced" the guerrillas had struck from Albania.

The Greek Eighth Division in Epirus said it had inflicted 528 casualties on irregulars within four days, exclusive of losses from Greek air force planes.

An estimated force of 800 to 1,000 rebels were being shelled in the forest areas west of Ioannina.

The government said 26 guerrillas were killed and 20 captured on Mt. Olympus and that 25 were killed and 30 captured at Aghia. The rebels seized seven military trucks carrying wheat near Lamia.

## AMVETS GET CHARTER FROM CONGRESS

WASHINGTON —(P)— President Truman Wednesday signed legislation providing a national charter for the American Veterans of World War II.

Ray Sawyer, AMVET national commander, said the action makes AMVETS the first World War II veterans organization to be recognized officially by Congress.

## British Seeking Ways To End War In Indonesia

LONDON —(P)— Foreign Secretary Ernest Bevin said Wednesday Britain was determined to seek an end to warfare in Indonesia "at the earliest possible moment" and was working on several possible solutions which he did not disclose.

Speaking to the House of Commons, Bevin said he could not at present give an opinion on "whether the Security Council of the United Nations is the best and most appropriate means of achieving this object."

Well-informed diplomatic sources said earlier either India or Australia will ask the United Nations to intervene in the Dutch-Indonesian dispute.

## House Group Approves Citizenship For Ex-Red

WASHINGTON —(P)— A House judiciary subcommittee Wednesday approved a bill that would open the way to American citizenship for Victor A. Kravchenko, former Soviet official who has publicly renounced Communism.

The measure, which would waive provisions of law forbidding a Communist to become a citizen, still requires approval of the full committee. Its passage by the House and Senate, is improbable before the next Congressional session, beginning in January.

Kravchenko, who Tuesday testified to the House Un-American Activities Committee all responsible Soviet officials in the United States are spies, told the judiciary group he fears for his life if he is not given the protection accorded American citizens.

"I can't live here one year," he said, "if you don't give me citizenship."

## WEATHER

Partly cloudy Wednesday afternoon, night and Thursday. A few scattered showers in the Panhandle and South Plains Wednesday afternoon. Little change in temperature. Maximum temperature Tuesday was 98 degrees, minimum 73 degrees. Minimum Wednesday was 76 degrees.

## American Legion Suggests Overhaul Of UN's Charter To Curb Veto, Provide World 'Army'

WASHINGTON —(P)— Calling the Security Council a "perpetually hung jury," the American Legion Wednesday proposed an overhaul of the United Nations Charter to abolish the big five veto and set up a "tyranny-proof" world police force.

Climaxing a year of study, the Legion's recommendations were forwarded in a letter to each member of Congress with this acknowledgment: "It may not be possible or expedient to attempt to bring about changes now, but we believe they suggest a goal which must be attained in order that the united nations becomes fully effective."

The veterans organization contended its recommendations would "lay a solid foundation for the elimination of the atomic threat." It said further they "are indispensable to bring about an

## Partially Decomposed Body Of Man Is Found

MOUNT HOPE, N. J. —(P)—The partially decomposed body of a Paterson silk dye worker was found Tuesday stuffed in a sewer here, five bullet holes piercing the back of the man's neck and a heavy iron grate covering the catch basin where state police said the victim probably had been brought by a group of killers.

State police Sgt. C. A. Vance identified the man as Santo Joseph di Stefano, 34, father of five children who disappeared from his home at 83 Maryland Avenue, Paterson, four months ago.

State Trooper Harold Lattimore, who is handling the investigation, said that several men probably were involved in the killing. No one man, Vance said, would have been able to lift the heavy iron grate which covered the basin where the body was stuffed.

Three children hunting frogs spotted the body in the sewer. The man's face was described as beyond recognition and all his fingers, police said, were gone.

## Indonesia Plan To Send Envoy Creates Poser

WASHINGTON —(P)—The announced plan of an Indonesian envoy to visit the United States confronted the State Department with an initial test of future attitude toward the island Republic's armed struggle with the Netherlands.

Sultan Sjahrir, former Indonesian premier, said on his arrival by plane at Singapore he expected to go to the United States as well as India and Australia on a special mission for President Soekarno.

The Hague and several other capitals will be interested to see whether this government permits his entry.

The issue had not been officially submitted from Singapore, but when it does reach Washington it will present several complicated aspects.

And the United States, along with Britain, has continued to recognize Queen Wilhelmina's sovereignty over the East Indies. The two major powers backed the Netherlands authorities when an American merchant ship, the Martin Behrman, sought to run the island blockade this spring and trade with the Indonesians.

Nevertheless, both the United States and the Netherlands itself have extended what amounts to actual but unofficial recognition to the Republic by consulting with native officials on the projected United States of Indonesia.

## President Faces Poser On When To Eliminate Restraints On Credit

WASHINGTON —(P)— Denied specific peacetime authority to regulate time payment buying, President Truman Wednesday faces a decision on when to lift present credit restraints on such items as automobiles, refrigerators and radios.

The President had recommended the controls—imposed by wartime executive order—be continued for a while with the approval of Congress as a curb against inflation.

But the House instead approved a bill late Tuesday to end such controls immediately. The voice vote action rejected a Senate-approved measure to continue modified credit restraints to December 31. Neither bill appeared likely to get any further.

Chairman Wolcott (R-Mich) of the House Banking Committee told reporters after the House vote: "It is now up to the President to get rid of the credit controls, as he said he would do if he did not get specific authority from Congress. It is certain the House will not authorize such regulations. The Senate bill is dead."

Imposed During War

Known as the federal reserve board's "regulation W," the credit curbs were imposed early in the war under the trading with the enemy act. Because that World War statute carries no specific time limit, Truman could, if he chose, keep the restraints in force so long as the House bill did not become law.

The controls now in force require one-third down payments, with installments running no longer than 15 months, on automobiles, stoves, mechanical dishwashers, ironers, refrigerators, washing machines, room unit air conditioners, radios, phonographs, sewing machines and vacuum cleaners. A 20 per cent down payment, with installments limited to 15 months, is required for furniture and rugs.

The bill approved by the Senate would extend the controls to December 31, with no more than 20 per cent required on down payments and installments to run two years.

## Don't Get Out Your Overcoats For Awhile

By The Associated Press

Wednesday is that cold day in July a lot of people have looked for. In North Texas, some even used light blankets Tuesday night as temperatures dipped into the low 50s.

The weather bureau said it would remain cool Wednesday night unless the sun breaks through overcast skies.

Cooler spots Wednesday was Memphis with 52 degrees. Amarillo, Bonham, Dalhart and many others reported in the 50s. In some parts of the nation snow fell, but the weather bureau says Texas can't expect anything like that.

## LATE NEWS FLASHES

ERIE, PA. —(AP)— A state of emergency existed in this industrial town of 135,000 Wednesday in the wake of torrential rains which flooded the streets, leaving 75 families homeless and causing damage estimated at \$1,000,000.

WASHINGTON —(AP)— Lt. M. L. Stanley of uniformed police at Senate Wednesday reported man with automatic pistol was arrested in public rest room soon after President Truman had visited Senate. Stanley said the man is being questioned.

DETROIT —(AP)— An estimated 7,000 CIO United Auto Workers of the Murray Corp. of America walked out Wednesday in a demand for contract terms to protect them from lawsuits under the Taft-Hartley Labor Act.

SACRAMENTO, CALIF. —(AP)— A 14-year-old girl honor student, who said she was plagued for a year by "the extreme desire to kill someone," was arrested Wednesday for the hammer slaying of 10-year-old Mary Lou Roman at a home for foster children.

BATAVIA, JAVA —(AP)— Four Java towns were in flames Wednesday night as Indonesian troops adopted scorched earth tactics, an Indonesian communique announced.

## Girl Accidentally Shot On Midland County Farm

Daisy Ann Merritt, 13-year-old daughter of Mr. and Mrs. Jack Merritt, who reside on a farm near Warfield, southwest of Midland, is in Western Clinic Hospital here suffering from an accidental gunshot wound in the right upper chest.

She was hunting rabbits on her parent's farm late Tuesday when the accident occurred. The shot was from a 22 target.

Hospital attendants Wednesday described her condition as "satisfactory."

**What To Do**  
For That Sluggish,  
Down-and-Out  
Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach" and the "over-changing blood" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

**Mrs. C. L. Steinberger**  
Entertains Circles  
Of Christian Church

The circles of the Women's Council of the First Christian Church met with Mrs. C. L. Steinberger, 1604 West College Street, Tuesday. Mrs. F. C. Cummings gave the devotional on "Revealing Christ Through Our Lives." From the "World Call" Mrs. John Casselman discussed "There Must Be Understanding." Mrs. E. J. Pierce discussed "The Church in Free India."

Following the benediction, refreshments were served to Mrs. S. P. Hall, Mrs. J. C. Cummings, Mrs. J. H. Elder, Mrs. Paul McHargue, Mrs. R. D. McBrian, Mrs. Van Camp, Mrs. D. D. Downing, Mrs. Guy Crawford, Mrs. E. J. Pierce, Mrs. John Casselman, Mrs. Charles Klapproth, Mrs. W. G. Attaway, Mrs. Ivan Hood, and guests, Robert Schuman of Oklahoma City, Mrs. Clyde Lindsley, and Joan Steinberger.

2—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JULY 23, 1947

**Billie Jo Waddill,  
Jack DeBarbrie**  
Exchange Vows

Miss Billie Jo Waddill, the daughter of Mr. and Mrs. William V. Waddill of Midland, became the bride of Jack DeBarbrie in a ceremony at 9 a. m. Wednesday at the St. George Catholic Church. Mr. DeBarbrie is the son of Mr. and Mrs. Charles J. DeBarbrie of Painesville, Ohio.

The Rev. Frank Triggs read the marriage vows before a candid altar banked with fern and tall baskets of white marooni daisies. The bride who was given in marriage by her father, wore a white linen dress, a white hat with a brim edging of horse-hair braided lace. In her hands, which were covered with blue gloves, she carried a prayer book, topped with a bouquet of fashioned white gardenias and white carnations. For something old, she wore her grandmother's wedding ring.

Mrs. Jack Petosky, matron of honor, wore a dusty-pink dress with matching accessories and a corsage of white gardenias.

Miss Jean Waddill, sister of the bride, was maid of honor. She wore a powder blue princess-fitted dress with white accessories and a pink carnation corsage.

**Brother Is Best Man**

The bride's mother wore a black sheer dress with white accessories and a corsage of white carnations. The bridegroom's mother wore a pink dress with black accessories and a corsage of white carnations.

Charles F. DeBarbrie, brother of the bridegroom, was best man, and Don Luse, of Elyria, Ohio, brother-in-law of the bridegroom, served as usher.

Paul Schaefer played traditional wedding music during the ceremony, and the St. George Chorus sang "What Happiness Can Equal Mine," "Oh Lord I Am Not Worthy," and "Panic Anguish."

A reception at the home of the bride's parents followed the ceremony. Mrs. Ruby Ridgeway of Midland and Mrs. Don Luse of Elyria, Ohio, sister of the bridegroom, assisted with the serving of the punch and cake.

The bride's table held a three-tiered wedding cake at one end and a punch bowl, surrounded by fern and pink rosebuds, at the other. For travel, the bride chose a black and white dressmaker suit with matching accessories. After a wedding trip to New Mexico, the couple will live in Midland.

**NIP ELWELL, VISITOR,**  
FETED WITH PARTY  
AT SCHAEFER HOME

Miss Caroline Schaefer, 804 West Kansas Street, entertained her cousin, Miss Nip Elwell, of Atchison, Kansas, with a "cock" party at her home Tuesday morning.

The house was decorated with assorted summer garden bouquets. Refreshments were served to Sidney Smith, Janis Slough, Mary Lou Price, Toya Chapple, Rosalyn Leggett, Sue Johnson, Jo Ann Nelson, Jereleen Jewell, Pat Hoppe, Gloria Anguish, Adele Blackman, Peggy Charlton, Jean Blackwell, Melba Clark, Patsy Ann Bray, Joy Guyton, and Suzanne Young.

Miss Elwell is in Midland for an extended visit with relatives and friends.

**ODESSAN HERE**

Tom Davis of Odessa was a visitor here Tuesday.

**New Club Organized**  
By Rebekah Lodge  
For Study Purposes

A new Friendship Study Club was organized Monday night by members of the Midland Rebekah Lodge No. 91. The club is for the purpose of creating more interest in the lodge and raising money for it.

Anna Bell Carden was elected president of the new club by its 23 members. Other officers include: Bertie Sexton, vice-president; Leota Johnson, secretary; and Etta Mae Friday, treasurer.

Members signing the roll were: Grace Roberts, Gertrude Wallace, Eric Cecil, Martha Roberts, Anna Bell Carden, Mable Biggs, Bertie Sexton, Etta Mae Friday, Roxie Ruth Wheeler, Emma Wheeler, Blanch Rahm, Mary Evelyn Bryant, Judy Hall, Bessie Lee Koen, Elaine Morris, Catherine Sheen, Patsy Ruth Sperl, Louise Friday, Millie Styron, Thelma Jobe, Jessie Friday, Mary Mayfield, Leota Johnson, and Dora Friday.

The first meeting is scheduled for 8 p. m. Friday at the home of Mrs. Carden, 608 South Lorraine Street.

**Coming Events**

**Thursday**

The OYF will have a planning conference and brief recreation at 7 p. m. All young people are invited. The Bible Study of the First Methodist Church will meet at 8 p. m.

**FRIDAY**

All graduate nurses are invited to a meeting of the Graduate Nurses' Study Club at the home of Mrs. F. E. Sadler, 2408 West Holloway Street.

The Couples' Class of the First Christian Church will have a watermelon party at 8 p. m. at the home of Mr. and Mrs. Ivan Hood, 111 Ridgela Drive.

**Kermit Men To Attend**  
Jal Banquet Thursday

KERMIT—A group of Kermit Chamber of Commerce officials are to attend a banquet in Jal, N. M., Thursday night, which is being staged by the Jal Chamber of Commerce.

John R. Fulmer, of Jal, was in Kermit Tuesday and extended the invitation. Charlie Green, Kermit Chamber of Commerce manager, Tommy Thompson, president of the Kermit organization, and other officials plan to attend.

Fulmer stated the banquet is the quarterly meeting of the Jal organization, and guests from Hobbs, Eunice, and other New Mexico points are expected.

Holds First Meeting;  
Elects President

The newly organized Women's Society of Christian Service of the Asbury Methodist Church held its first meeting Tuesday afternoon, electing Mrs. J. A. Andrews president.

The Rev. Lennox Hester, pastor, gave the devotional and prayer, and Mrs. B. F. Haag dismissed the meeting with prayer.

Other officers elected were: Mrs. Theo Ferguson, vice-president, Mrs. Clyde Gwyn, recording secretary; Mrs. O. M. Pullum, promotional secretary; Mrs. George Damron, treasurer; Mrs. E. H. Peyton, missionary of education; Mrs. Elvies Hughes, Christian social relations; Mrs. Wayne Keener, literature and publications; Mrs. Edgar Tanner, student work; Mrs. T. A. Roberts, youth work; Mrs. J. P. Carson, Jr., children's work; Mrs. Lennox Hester, spiritual life; Mrs. J. T. Moore, superintendent of supplies; Mrs. Loy Mashburn, status of women; and Mrs. Carmel Purdie, chairman of publicity.

The W. S. C. S. of the First Methodist Church served refreshments to the more than 25 members present.

**FRESH GREEN LEAF**  
UNDER CAP SAVES  
HAIR IN HOT SUN

By ALICIA HART  
NEA Staff Writer

A famed sportswoman says she keeps her hair from baking dry on the tennis courts by putting a fresh cabbage or lettuce leaf under her cap.

Try this trick, if you pursue a sport under the hot sun, and want to keep moisture in your hair.

Don't think that you can wander around for hours bareheaded in the sun and escape the penalty of over-exposure. A little sunlight is tonic for your hair. Too much will drain color and spirit off the oils that keep hair lively and glossy.

To be on the safe, side limit the sun-bath that you give your hair to 10 or 15 minutes a day. Stuff a handkerchief or scarf in your beach bag to use as a shield after your head has had its brief sunning.

If hair already shows signs of over-exposure—discoloration and straw-like ends—try using an oil spray on it when you dress it. And brush oftener, using many more strokes.

**BOOK REVIEW THURSDAY**

Mrs. M. F. Patton will review "Two On A Continent" by Lilli Foldes over station KORS at 4:15 p. m. Thursday.

Ninety per cent of China's tea export is handled by four or five firms.

**"UNBLOCK"**  
your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something that cuts off effectively—helps Nature get back on her feet.

Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 5 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again. Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.

**WEEKEND VISITORS**  
Visiting Mr. and Mrs. Henry King, 700 South Dallas Street, last weekend were Mrs. G. W. Bush and daughter, Geraldine, of Ranger, Mr. and Mrs. Buford Bush of Ranger, Mrs. Ray Knight and daughter, Wilma, of Tucker, Ga., and Mr. and Mrs. Jack Vanderburg and their twin daughters, Janis Kathleen and Ann Jackleen, of Odessa.

Mrs. Ray Knight is the former La Verne Bush of Midland, and Mrs. Jack Vanderburg is the former Robbie Jo Bush, also of Midland.

Submarine periscopes are made of stainless steel because of its strength and resistance to salt water corrosion. Arctic huskies, used for pulling sleds in northern climes, are fed walrus meat for pulling power, and fish for their coats.

**WOMEN who feel NERVOUS**  
caused by functional 'middle-age'!

Do you suffer from hot flashes, weak, nervous, irritable, clammy feelings—due to the functional 'middle-age' period, peculiar to women (35-52 yrs.)? Try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It also has what doctors call a stomachic tonic effect!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

**Wholesale Meat Price Reported Dropping**

NEW YORK (AP)—Wholesale meat prices have dropped two to three cents a pound from a week ago in the New York area, due to hot weather and consumer resistance to high prices, packing house representatives said Wednesday.

They reported carcass beef selling at 46 to 47 cents a pound, compared with around 50 cents a week ago; compared with 54 cents a pound, compared with 43 cents, compared with 45 and 46 cents a pound last week.

Wholesalers said retail stores reported business raising off, as some customers shied at high prices and others bought less meat because of the heat.

**REINER TO HANG**

BELGRADE, YUGOSLAVIA (AP)—Friedrich Reiner, former German commander of the Adriatic zone, including Venezia Giulia and Slovenia, was sentenced by a military court at Ljubljana Saturday to be hanged.

**IS HE?**

Rowan county, North Carolina, contains the grave of Peter Stuart Ney, believed by many natives to have been Napoleon's famous marshal.

**Oil & Gas Log-**

(Continued from Page 1)

lately tested for a production of 52.93 barrels of pipe line oil per day. It is supposed that the owner intends to produce it regularly.

The well is 660 feet from north and east lines of section 276, block 1-A, H&TC survey. It is getting its oil from the Cisco lime at 2,823-28 feet.

**SINCLAIR-ATLANTIC TESTS AGAIN AT 1-66 UNIVERSITY**

Sinclair Prairie Oil Company and The Atlantic Refining Company No. 1-66 University, Central-North Crockett County Ellenburger discovery, eight miles northeast of the Todd Deep field, and 1,980 feet from north and east lines of section 30, block 46, University survey, was taking a drillstem test to current total depth at 7,640 feet, in Ellenburger lime.

This project flowed oil at the rate of 80 barrels an hour on a drillstem test at 7,512-53 feet, and flowed 12.5 barrels of oil in one hour from 7,562-7,608 feet.

Final recovery from the drillstem test at 7,562-7,608 feet, was 900 feet of fluid—of which 730 feet was oil and 30 feet was sulphur water.

In order to try to locate the source of water, operators ran a one hour drillstem test at 7,598-7,608 feet. A small amount of gas showed at the surface throughout the 60 minutes of the test.

Recovery, when all the drill pipe had been broken down, was 35 feet of drilling mud, with no shows of oil, gas or water.

The hole was then deepened to 7,640 feet, and the drillstem test above that point was started. Information on recovery had not been received at the time this report was prepared.

Twenty-seven heron nests were found in a single giant hemlock near Vancouver, British Columbia.

**Fowler Says 'Home Is Most Important'**

Wick Fowler, war correspondent and now Austin bureau chief of the Dallas News, told Midland Lions at their luncheon meeting Wednesday noon in the Scharbauer Hotel "you can do more good in the 50 feet nearest you in your home town than you can in all the expanse of the horizons out yonder".

Packing his talk with humor in keeping with his promise that "American sense of humor contributed to winning the war", the newsmen, who covered two theaters of war, had the Lions members nodding to his philosophies and agreeing with his examples.

Fowler told of his life with the Texans in the war. He said "Texans are a great race of people". What those boys were fighting for in the war they told me was to get back to Texas, Fowler commented.

The speaker was introduced by Ray Lynch, who as a member of the 36th Division had Fowler attached during two years of the war.

President Jim Daugherty presided at the luncheon. A letter of appreciation from Mrs. Jack Ellington, pianist, for a gift from the Lions was read. A director's meeting has been called at 7:30 p. m. Monday on the mezzanine floor of the Scharbauer Hotel.

**Committee Meets To Make Plans**

The newly created education committee of the Midland Chamber of Commerce met Tuesday and discussed a tentative program for the year.

President John P. Butler told the committee it must lend assistance to the schools without interference.

Two projects were adopted: 1. Assist in finding housing for teachers. 2. Sponsor a community-wide get-together party for the teachers and citizens early in the year.

Chairman John J. Redfern, Jr., appointed A. A. (Poosty) Jones as chairman of a foods committee for the event. A tentative date of September 5 has been set.

Members of the education committee are: Redfern, Jones, L. C. Link, Frank Monroe and R. C. Hoppe.

**TESTIFIES POWS FEARED NAVYMAN'S INFLUENCE**

NEW YORK (AP)—The first prosecution witness at the general court martial of Chief Signalmen Harold E. Hirschberg, 29, who pleaded innocent Wednesday to charges of maltreating fellow prisoners of the Japanese, testified men subject to Hirschberg's orders "feared his influence with the Japanese."

Capt. Richard T. Pullen, Army artillery officer, testified the Japanese commander of a prison camp in the Philippines picked Hirschberg by name to head one of the four sections of prisoners in the camp.

**CHILD MAINTAINS KILLING STORY**

MASSILLON, OHIO (AP)—Six-year-old Roger Gue's parents Wednesday steadfastly maintained their son was not involved in the deaths of two infant girls at Massillon City Hospital last June 6.

Mrs. Roger Gue, the boy's mother, said Roger's earlier story he had seen a white-coated boy enter the hospital nursery was the truth—but a statement he made Sunday that he had dropped eight-week-old Diane Jean Brand and 10-week-old Rosemary Morton while playing nurse was not true.

**VET CHECKS TO BE CANCELLED AUG. 1**

DALLAS (AP)—Veterans were advised recently that all uncashed readjustment allowance checks, outstanding for six months or more, will be cancelled Aug. 1, M.R. Kelly of Dallas, district director of the Texas Employment Commission, announced.

Kelly estimated that more than 2,000 checks outstanding throughout Texas will be affected by the order and advised all ex-servicemen holding such warrants to cash them immediately.

Checks for both unemployment and self-employment will be affected he added.

**EVENLY DIVIDED**

One-third of the peoples of the world still eat with their fingers, another one-third use knives and forks, and a third use chopsticks.

Coleman Votes Light Plant Bonds, But Noes Fire Station COLEMAN—(P)—One bond issue was approved and a second rejected by Coleman voters Tuesday. Approval was given to a \$300,000 revenue bond issue for modernization of the city light plant. The count was 323 for and 171 against. A proposed taxation bond issue of \$65,000 to finance construction of a new fire station was defeated 219 to 185.

American Legion Urges Attendance The Woods W. Lynch Post of American Legion, Midland, is inviting and urging its entire membership of more than 300 to attend next Tuesday night's meeting of the organization. When the organization met Tuesday night of this week a move was started to boost the attendance for next week's sessions. At the meeting Tuesday night discussion centered on the unit's campaign to raise funds to finish a Legion hall now under construction. Q. M. (Shine) Shelton, acting commander, presided.

ANN CREMIN SUFFERS FRACTURED RIGHT ARM Ann Cremin, eight-year-old daughter of Mr. and Mrs. Walter C. Cremin, 1010 West Kansas Street, suffered a fractured right arm while playing at her home late Tuesday. She received emergency treatment at Western Clinic-Hospital.

SHOOT AT HOUSE Police picked up two youths Tuesday after a complaint from a resident on North Marienfield Street that a house had been shot at with a 22 caliber rifle.

West Texas-N. Mexico League Honors Umpire LUBBOCK—(P)—Neal Rabe has been associated with the West Texas-New Mexico League since its founding and now has been honored in his latest role—umpire. Nearly 4,000 fans turned out here Tuesday night to see the veteran baseball player, manager, owner and umpire presented a watch. Milton Price, president of the league, praised Rabe for his efforts for organized baseball. "In the archives of the league there are many lines of what he has done for the good of baseball," Price said. Rabe was presented the watch in ceremonies preceding a game between Lubbock and Pampa. Rabe has been associated with the West Texas-New Mexico League since its founding in 1937 as a player, owner, manager and umpire. He is now chief of the league's umpire staff.

Tractor Dealer Back From Dallas Meeting R. S. Elliott of the Midland Tractor Company has returned from Dallas where he attended a one-day sales conference of Ford tractor dealers of Texas, at which the new Ford tractor was introduced. The new tractor features an improved hydraulic system permitting operation of the tractor and implements as a single unit, Elliott said. Other major improvements include an automotive type steering gear, a fourth forward speed, a new draw bar height control mechanism, combination running boards and step plates, a seat that can be tilted back, and a hinged radiator grille. Farm implements now in use will operate with the new model, the Midland dealer said.

PROWLER REPORTED A prowler was reported on West Missouri Street early Wednesday but officers could find no one at the address given.

Tax Increase Applies To State Rate Only A story in Tuesday's Reporter-Telegram explaining that Midland County taxpayers will pay an estimated \$24,000 more in 1947 than last year applied only to state taxes. The increase is due to a 35-cent ad valorem levy, which the state has added to the already-existing 37-cent rate. These rates are separate from the county rate, which has not been set by the commissioner's court but which probably will be announced next month. J. H. Fine, county assessor-collector, said that wording of Tuesday's story might cause some readers to confuse the state rate with that of the county.

## Shell Beats Mc Camey, 6-4; Loop Tees Off

McCamey Shell came to Midland Tuesday night to get some revenge for having lost to Dowell Inc. of Midland last week, but Midland Shell reversed the visitors, 6 to 4.

McCamey jumped off to a one-run lead in the top half of the first frame on an error, walk and wild throw.

Midland came back and crossed the plate four times in their half as Doyle, lead off, singled, Robertson walked, Brown beat out infield hit, Pearce doubled and cleaned the sacks. Pearce scored on the next out.

Wednesday night at 7:45 p. m. Dowell Incorporated meets Robertson Sinclair for the first time in the second round of the city softball league chase and Mackey Motors tangles with Shell Oil at 9:15 p. m.

The first tilt is feature material because both teams will be battling for the right to stay in the race for the top spot. Mackey and Shell are fighting for perfect records.

McCamey pecked away at the 4-1 Midland lead and scored in the fourth, got two in the sixth, but Midland added by scoring in the fourth and sixth to end it at, 6-4.

Jack Noyes played a good game for Midland Shell behind the plate. He is a newcomer softballer from Lubbock.

The line score:

McCamey	100	201	0-4	5	2
Midland	400	101	x-6	8	2

## MAJOR LEAGUES Bobo Newsom In Form As He Wins Third For Yanks

By The Associated Press  
Veteran baseball observers are wondering how the Old Fox, President Clark Griffith of the Washington Senators, allowed himself to be persuaded into unloading the talkative but talented Louis Norman (Bobo) Newsom.

Old Bobo making his third start for his newest club, the American League leading New York Yankees, won his third straight game with a brilliant three-hit 6-0 shutout victory over the St. Louis Browns before 51,061 appreciative fans.

The 38-year-old Newsom has been with six American League clubs (he's missed only Cleveland and Chicago), two National League teams and nine in the minors, and has made no fewer than 22 shifts.

The runner-up Detroit Tigers, 10 1/2 games behind, lost to the Senators in a night game in Washington 6-1 as Early Wynn registered his 11th victory of the campaign with a two-hitter.

With each team making only three hits, the Athletics protected their fourth place hold with a 5-3 victory over the Cleveland Indians in a night game at Philadelphia.

Birdie Tebbetts' double scored Dom DiMaggio with the run that gave the Boston Red Sox a 3-2 victory over the Chicago White Sox in 10 innings in an afternoon game at Boston.

The Brooklyn Dodgers increased their national league lead to five games over the New York Giants and Boston Braves by rolling over the Reds in a night game at Cincinnati 12-1.

Stan Musial, rapidly regaining his 1946 batting form, slammed out a single, double and his 10th homer to lead the fourth place St. Louis Cardinals to a 10-5 win over the Giants in a night game at St. Louis.

The Chicago Cubs and Boston Braves swapped 2-0 shutout victories in Chicago.

The scheduled daylight game between Philadelphia's Phils and the Pirates in Pittsburgh was postponed.

## Ouch! Indians Drop 22-0 To Sweetwater

By TANNER LAINE  
Was it the same Midland Indians' tribe which beat Big Spring two out of three that Tuesday night dropped to Sweetwater, 22-0?

Well, we guess it was but it sure didn't seem like them. Why it was down right humiliating.

Lefty Leroy Jones, that rascal, had Midland on the hip Tuesday night. He struck out 14 Indians, limited them to four hits, shut them out, and then knocked a home run as if his mates hadn't gotten enough runs for him.

It was a tight show for five innings, even a pitcher's duel between Jones and Midland's Lefty Grove. Sweetwater had managed one run in the third but that was all. Then in the bloody sixth, Sweetwater got seven runs.

You think that's bad. Listen, Bo, Sweetwater got five runs in the seventh, and nine in the eighth. Yes, nine. They powdered out Grove, then nipped around on Ernie Nelson, and then toyed with Harold Webb.

Arnold Davis, sterling Midland centerfielder, missed his first minute of play for the season. He was out with an injured ankle. His absence cost. For the patched up outfield had to contain a stranger and this stranger miscued twice when it hurt bad, costing runs.

And the Tribe's big guns were silent all night. Eddie Melillo seemed to be the only Indian with any kind of a sign on Jones. He got two of our four hits.

Sweetwater was strong all over. Big Bob Cowser hit another home run. Jones and Peacock homered also. The visitors lashed out 20 hits.

My goodness, folks, we just aren't that bad, come on Indians, come on boys—tonight.

The box score:

Sweetwater	AB	R	H	O	A
Haddican, 3b	4	2	1	0	0
Solari, 2b	7	2	2	3	2
Dotlich, 1b	6	1	1	7	0

## Swim Meet Set August 2 At VFW's Pool

Midland's swimming team will engage Odessa in the first annual twin-cities dual meet sponsored by the VFW, August 2.

The meet will be held at the VFW pool at Midland Air Terminal. A team trophy cup, donated by Krueger's Jewelry, will be awarded the winning city team. John H. Elder is donating first and second place medals for each event.

Midland's team recently won the Fort Stockton Water Carnival swimming meet.

Try Again—  
The Midland Indians and the Sweetwater Sports tangle at 8:30 p. m. Wednesday in the second and final game of a Longhorn League series in Indian Park.

There will be no Thursday night game here. Fans are reminded of the all-star game in Ballinger Thursday night.

## Texas Paved Mileage Increased From 6,061 To 25,734 Miles Since 1929

The endless struggle to build new roads as fast as traffic demand increased has pushed the 1929 paved mileage in Texas from 6,061 miles to 25,734 miles on July 1, with additional miles being added every day, the Midland office of the State Highway Department announced Wednesday.

Reviewing the activities of the Texas Highway Department now entering its 30th year as the state's road building agency, Commission Chairman John S. Redditt, said in Austin paved mileage on the state system has more than quadrupled since it was first accurately measured in 1929.

## New Instructors Join Faculties Of Schools Here

Supt. Frank Monroe has announced the names of several teachers who will fill positions in the Midland school system this year.

In the high school, Audrey Gill, 1946 center on the University of Texas football team, will be assistant coach of the Midland Bulldogs. The freshman football team this year will be coached by Clarence Holman, Sul Ross graduate, who will also teach in the junior high school.

In the junior high school, Colleen Slaughter, North Texas State Teachers College graduate, has been added to the faculty.

Mary Eise Bousley is returning to teach in North Elementary. Mrs. John Norris, who taught in New Mexico last year, will be on the West Elementary faculty. And Kathryn Hanks and Rachel Young, graduates of Abilene Christian College and NTSTC, respectively, will teach in the South Elementary School.

Norma Henslee has been employed as the superintendent's secretary, succeeding Miss Wanda Smith. Sarah Bills is new secretary for the principal, Charles F. Mathews.

Lewis Ritcherson this year will coach athletics at Carver School, relieving Prin. E. L. Jordan of that duty.

Meanwhile, there remain a dozen vacancies on Midland teaching staffs, from the first grade through senior high school, Monroe reported.

## Indonesian Fighting Is Evidence Anew Of Decline Of Empires

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

There is no dark mystery about the warfare which has erupted again between the Indonesian Republic and the imperial Dutch forces; it's just another of many indications that the day of empires is fading.

To understand the cause of the current crises we must go back a bit. The revolutionary Indonesian movement for the major portions of the rich islands of Java and Sumatra since the Winter of 1945. Lengthy negotiations between the Dutch and the rebels (heavily punctuated by warfare) finally resulted in an agreement whereby a United States of Indonesia, encompassing both the Republic and the remainder of the East Indies, would come into being in 1949.

This new nation was to have dominion status. Holland was to retain a hand in foreign relations, defense, finance and in subjects of an economic or cultural nature. The queen of Holland also was to be queen of the Dominion. Disagreement over the method of implementing the new government is credited with precipitating the latest upheaval. However, I think we must go deeper than that. If we could look into the mind of the Indonesian we likely should encounter some such reasoning as this:

"The Dutch and the Indonesians are racially as far apart as the poles. We have little in common. The queen of The Netherlands is a benevolent and lovable personage, but she is not one of us. The members of her government are foreigners to us. We want absolute severance from Holland, so that we may rule ourselves in these fairy lands of wealth which have been inhabited by our race for untold generations. It isn't that we like the Dutch the less, but that we like our absolute freedom the more."

Basic Cause

That's what your correspondent believes they think. And that is the basic cause of this fresh outbreak. If we believe the writing on the wall this means sooner or later (and probably sooner) The Netherlands must relinquish all claims on the wealth of Indonesia.

The same is true of all imperial powers, because the demand for independence is running around the world like a theme song. We are seeing its effect in the vast sub-continent of India which has been granted its freedom by England. Britain also is relinquishing Burma—now torn by a bloody internal political crisis.

Around the corner the French are battling to keep French Indo-China in line. French and Italian colonies in Africa are reaching for the sun. Egypt is demanding the withdrawal of British troops from her soil, and relinquishment of control over the Anglo-Egyptian Sudan. And so the story goes. Empires are as outmoded as the Georgian stage-coach.

Wool from merino sheep bears the highest amount of fat, 24 per cent of its weight before cleaning.

## Sign of Friendship

All future shipments of U. S. relief goods abroad may bear the emblem pictured above if Rep. Leo L. Allen, of Illinois, has his way. He introduced a bill in Congress to provide for indelibly marking all such gifts with their origin, destination and unsalability. Above, he displays the emblem, which was created by John Bear, congressional cartoonist.

The first—and finest—clip of wool may be made on a lamb eight months old.

Clean blotting paper and a hot iron can be used for removing soiled spots from wallpaper.

## Oldtimers' XIT Party In Dalhart To Be Thursday

DALHART—(P)—Dalhart's annual Western-style celebration will open Thursday when the corral gates swing open for the 11th annual XIT reunion—biggest celebration in the West based on the history of a ranch.

The three-day event is built around the history of the famous 3,000,000-acre Panhandle ranch which the state in the 1880s traded to two Chicago financiers in return for the \$3,000,000 red granite Capitol at Austin, still the seat of Texas government.

Since 1912 the Chicago syndicate, formed to operate the huge XIT and stock it with cattle, has sold the cattle and most of the acreage, the latter going into smaller ranches and farms. However, the old original No. 1 division headquarters still stands at Buffa's Springs, 40 miles north of Dalhart. There were, in all, seven division headquarters.

The reunion was started in Fort Worth in 1936 by a group of men and women who had once worked for the ranch. That group has steadily grown and has formed itself into the XIT association, an organization open only to persons who have at some time worked for the XIT. In 1937, the reunion came to Dalhart and the association voted to make this the permanent reunion home. Once, during the war years, it wasn't held.

The big show this year opens Thursday evening with the annual XIT memorial service paying trib-

ute to all pioneers. Churches of the town are cooperating. John E. Bonds, former district attorney of Dalhart and now practicing in Fort Worth, will be the memorial speaker. A new wrinkle this year is an XIT fliers' breakfast at the Dalhart Army Air Field, recently taken over by the city for a municipal airport.

### Flying Cowboys

President Raymond Holmud of the Dalhart Propeller Club said he expects 200 planes.

Prizes will be given to the oldest and youngest fliers and the one coming the greatest distance. The chuck wagon-style breakfast will be served free to all fliers. Transportation between the airport and Dalhart, three miles away, also will be furnished.

The annual XIT reunion parade will be Friday. Prizes total \$1,000 with \$100, \$65 and \$35 for the best three bands.

The reunion's two professional rodeo performances will be Friday and Saturday evenings in Rita Blanca stadium on the shores of Rita Blanca Lake. This is an open show, approved by the International Rodeo Association and the Cowboys Rodeo Association. The salty Buter Bros. rodeo stock of Elk City, Okla., will be used and \$2,500 in prizes offered.

There will be two XIT dances Friday and Saturday nights, one in the Dalhart Officers Club and the other in the new VFW Memorial Hall.

The general XIT committee has, as usual, obtained special carnival rides for children. The rides will be set up in some central downtown location.

**SHRINERS TO VISIT MEXICO**  
HOUSTON—(P)—More than 1,000 Shriners, believed to be the largest group of U. S. citizens to visit Mexico City, will leave here Aug. 2 on a good will tour of the Mexican capital.

**INVENTION INSPIRATION**  
The jack-in-the-pulpit flower is thought to have been the inspiration for the carrying-cradle of the Mexico City, will leave here Aug. 2 on a good will tour of the Mexican capital. The tribe as Kah-ah-hon-sah.

## The Cemetery Road

That the Midland County Commissioners Court did not act favorably on a recent proposal for the paving of the road to Fairview Cemetery disappointed many Midland citizens, particularly those with loved ones buried there.

County Judge Clifford C. Keith said the commissioners considered too high the estimated cost of the county's part of the project.

This cost to the county was estimated at \$6,400, about 50 per cent of the total cost. Property owners along the route will have to join with the county in footing the paving bill. The price seems in line with current paving costs in Midland. A paving contractor is ready to do the job and equipment and materials are available for a limited time.

Judge Keith said the court has not been approached officially by any group concerning the project.

The plan was and is to pave Pecos Street from Storey Street north to the cemetery entrance. The county would pave a 30-foot strip in the center of the 40-foot street. Property owners on both sides of the thoroughfare would pay for five-feet of paving and installation of curb and gutter in front of their property. None of the developed residential property fronts on Pecos Street. The arrangement sounds fair and equitable.

Midland has never been a community to quibble over costs of necessary improvements, and certainly the paving of the road to Midland's only cemetery falls in the class of needed improvements. That Midland, as prosperous and as progressive as it is, does not have a paved road to its only cemetery is something of which it cannot be proud.

And neither can we be proud of the general appearance of Fairview Cemetery. Drive out and look over the cemetery which belongs to the people of Midland County.

There isn't even a gateway or an entrance marker to indicate where the cemetery property starts or what it is. The general appearance is far from attractive. Yet only a few blocks away is one of West Texas' most attractive little cities.

Judge Keith points out the cemetery, which is owned by the county, has only one source of revenue—the sale of lots. One type lot is priced at \$26 and another at \$76. Lot sale revenue in 1945 totaled \$3,568.50, and in 1946, \$3,268. Operation and maintenance expenditures in 1945 amounted to \$3,832, and in 1946, \$2,322. No charge is made for upkeep of the lots and the county is under no obligation to maintain them, Judge Keith stated.

We believe Midland citizens are in favor of the county spending some of its tax funds to improve and to beautify the cemetery and its grounds. The paving of the road to the property would be a step in the right direction. Such a program doubtless would be an incentive to more persons to improve and maintain their lots in the cemetery.

The proposal again will come before the Midland County Commissioners Court and it is hoped the group will reconsider the proposition and work out a deal for the paving of the cemetery road in the immediate future.

A 12-pound son was born to a Michigan couple. He doesn't have to wait till he grows up to be a big boy.

Lots of people are never satisfied because the world is so full of a number of things—they can't have.

Many a man asks a girl for her hand so he can put it in dish water.

### HOUSE GIVES BLANK CHECK TO FIGHT CATTLE DISEASE

WASHINGTON—(AP)—As far as the House of Representatives was concerned Tuesday Secretary of Agriculture Clinton P. Anderson will have a "blank check" to finance the campaign to eradicate the foot and mouth disease in Mexico.

If the House action is approved by the Senate, he will be empowered to spend any amount he decides is necessary for the campaign.

Thus, funds for the joint campaign against the disease will not be affected by the lack of a direct congressional appropriation.

Anderson, under the legislation, would be permitted to take the money he needs from the appropriation for the Department of Agriculture.

### NATION'S PRODUCTION OF CRUDE OIL IS UP

TULSA—(AP)—The nation's crude oil production averaged 5,058,420 barrels during the week ended July 19 an increase of 14,250 barrels over the previous week, the Oil & Gas Journal reported Tuesday.

Notable gains included: Kansas, up 9,000 barrels to 294,750; Illinois up 3,500 to 181,500; Michigan, up 3,335 to 57,360.

Texas production was unchanged at 2,224,050 barrels.

Refrigerator ice trays should be washed at least once a week with soap and hot water.

**Man-Made Rain Said To Have Been Made By Dropping Dry Ice**

PHOENIX—(AP)—The Arizona Republic said in a copyright story recently dry ice dropped from an airliner on a cloud over Roosevelt Dam had precipitated a heavy downpour of rain.

The story, datelined Roosevelt Dam, Ariz., said "thousands of tons of water" were estimated to have been precipitated onto mountains behind Lake Roosevelt.

"It was the first attempt to utilize in the arid desert a technique for precipitating moisture out of clouds developed only last winter by Vincent J. Schaefer, outstanding scientist of the General Electric Company," the Republic said.

"Schaefer's experiments concerned snow. Monday for the first time the process was used to make rain on a large scale in the Southwest."

The story was written by Harvey L. Mott, managing editor of the Republic, who witnessed the experiments from the ground.

Mott said 500 pounds of ice was in pellet form and was dropped in batches of 100 pounds each. The first batch was dropped on a cloud about 20 miles long and from this cloud rain fell for longer than 25 minutes.

"The entire cloud was precipitated," Mott said.

He quoted Dr. Robert J. Hanelly, dean of Phoenix Junior College, as saying the experiment needs "more trials and more strategically placed observers in other planes and on the ground."

**With Help Of High Powered Lawyers And Technicality, Buggy Siegal Got His New Club Built; FBI's Attempt To Trap Him Was Thwarted**

Benjamin Siegal: His casino and his murder were intricate.

This is the lush Flamingo Club, gambling casino in Las Vegas, Nev. Built by "Bugsy" Siegal and partners despite scarcity of building materials that held up veterans' housing projects, the FBI tried in vain to use its construction as a trap for the slain Siegal.

WASHINGTON—(NEA)—The slain Benjamin (Bugsy) Siegal might have been alive today—in jail—if a trap prepared for him by the FBI in 1946, in connection with the construction of the Flamingo Club gambling casino in Las Vegas, Nev., could have been laid and sprung successfully.

This was revealed exclusively to NEA Service by former officials of the Civilian Production Administration who tried in vain to halt construction of the club.

It is also the first time the complete story is revealed of how Siegal and his partners on the project, on a technical ruling, were able to use millions of dollars worth of scarce construction material for their Flamingo Club, while veterans' housing projects were held up because of material shortages.

The facts of this account, from

A new triumph in plastics. It's Glo-tex, the new, sensational plastic coated material developed especially for automobile seat covers. They are available in blue, brown red and green. Only Glo-tex offers these amazing features: tailored for style and comfort, simply installed, resists spots and repels water, resistant to acids, oils and grease, easily sponge-cleaned, seams securely bound with contrasting heavy piping. Waterproof and wears like iron. Exclusive streamlined designs in lovely colors and completely covers all surfaces exposed to wear. It has a smooth surface and saves wear on clothing due to its smooth surface. They are available for immediate delivery. Come in and see the Velon Plastic Seat Cover material. These seat covers will not stain or deteriorate from exposure to sun or rain. Grease, Candy, and ice cream spots can readily be removed with a damp cloth. Velon will outwear all other conventional upholstery materials. We also have a nice supply of Foam Rubber cushions for your automobile.

the confidential files of the now-extinct CPA, are another piece in the big puzzle surrounding the recent, unsolved Hollywood murder of Siegal.

As revealed in secret testimony before a U. S. Commissioner, Siegal was called one of two "original investors" in the club. Del Webb, part owner of the New York Yankees, was one of the contractors on the job. He later helped the final financing of it. Gus Greenbaum and William H. Wilkerson, publisher of a Hollywood trade paper, also were investors.

The whole question of whether construction of the Flamingo Club would continue finally hinged on the technicality of whether it was one building or two.

Between Oct. 10, 1945, when War Production Board controls over construction materials were removed, and March 26, 1946, when the veterans' housing program went into effect, there were no controls of construction. Siegal started his gambling casino during that time. Gambling is legal in Nevada.

CPA, then the successor and re-conversion counterpart of WPB, ruled that individual buildings which had been started during the no-control period could be finished. But if there were additional buildings in a project, such as in a tourist court, no new units or buildings in it could be started.

CPA inspectors watched construction of the Flamingo Club closely. One day in the summer of '46 they noted that a foundation was being made, apparently for another building, some distance from the actual casino building. On Aug. 7, 1946, CPA notified the contractors on the job that within seven days they would have to appear before a special U. S. Commissioner in Las Vegas to show reason why the new construction shouldn't be halted for being in violation of the veterans' housing program.

At subsequent hearings before Commissioner William B. Owens, a law professor at Stanford, the Flamingo Club backers were represented by five firms of top-notch lawyers. Representing Siegal was a young Navy veteran, Gordon J. McKenzie. Siegal's lawyers claimed the new construction was merely

part of one U-shaped building which was an integral, connected part of the Flamingo Club. Being one building, the Flamingo Club attorneys contended, it could legally be finished March 26, 1946.

The chief government witness was J. T. Martin, a CPA official and former New York architect and registered engineer. He testified before Commissioner Owens that in his opinion, the new construction was in fact a separate building and its construction should therefore be halted.

During the hearings, an FBI agent called on Owens. He told Owens of Siegal's alleged connections with the underworld and said the Government had long been seeking to put Siegal behind bars. The agent said he had reason to believe that Siegal would offer Owens a bribe to render a decision favorable to the Flamingo Club project. He asked Owens to accept the bribe and in that way establish an air-tight case against Siegal. As soon as the agent left, Owens

called Washington and asked to be taken off the case. He said he didn't want to be party to any such scheme with possible danger to his family. But he was persuaded to stay on the case.

Owens then announced at one of the hearings that he was asking the American Institute of Architects to appoint an independent expert to give an opinion on whether the Flamingo Club was one or two buildings. The institute appointed Ernest Born, a prominent San Francisco architect. Born decided that the club was one building. And Owens made his final decision on that advice. It permitted the Flamingo Club to be finished.

CPA officials were surprised, however, that Owens hadn't told them 10 days beforehand that he intended to rule against them. According to CPA officials it was the practice of Commissioners to do this in order to give CPA time to prepare an appeal and ask for a ruling from another Commissioner. This practice of a 10-day notice was not a legal necessity. It had just become practice.

**MOROCCO LOOKING TO UN FOR HELP ON INDEPENDENCE**

NEW YORK—(AP)—A Moroccan spokesman has advised the United Nations that Morocco would formally demand independence from France and Spain this fall.

Mahdi Benbouma said he represented the Independence Party in French Morocco, the Democratic Party in French Morocco, the National Reform Party in Spanish Morocco, the Popular Algerian Party and the Tunisian Constitutional Party.

He did not say who would formally file such a demand, or to which UN body it would be directed.

In a letter to Secretary-General Trygve Lie, the Moroccans offered a long list of charges against France and Spain. They contended that natives were ruled with an "iron hand" and deprived of elementary rights.

The U. S. has approximately 19 per cent of the world's zinc ore.

Sweet sorghums are grown in the United States for the manufacture of sugar and for forage.

### Fish Tales Which Are At Least Partly True

By JACK RUTLEDGE  
Associated Press Staff  
Fish stories, 99.44/100 per cent true.

Friends of M. S. Ozier of Amarillo insist that he likes fishing so well that he tried to cruise around the bottom of a lake in his car. Ozier denies this emphatically.

This, he says, is what really happened: He was at Dalhart's Rita Blanca lake for a week-end of fishing. He drove his car to the edge of the water so he could turn on the headlights for illumination.

The brakes failed to hold. The car gently rolled down the bank. Ozier jumped to the running board in a vain attempt to apply the emergency brake. The car kept on rolling, and plunged into 10 feet of water.

When Sheriff W. L. Stour and Deputy A. D. Bonner arrived, the car was completely submerged, its headlights still glowing through the water.

Oscar Hyso lifted the car out late the next day with his house moving equipment.

The Marshall News Messenger received a news release saying a Sammie Williams had landed at 51-pound sailfish seven feet, six and a half inches long off the Florida coast.

The paper was going to press, had no time to check on who Sammie Williams was, and printed the story under a heading "who caught the sailfish?"

It promptly found out. Sammie was a girl—Sammie Lee Williams. She caught the big fish while visiting her sister out there. And her parents, Mr. and Mrs. J. R. Williams, said she had caught larger sailfish, too.

Richard Walker of San Antonio went to San Angelo on an important business trip. While there, a business associate took him to Dove creek for a little fishing.

While there, they undoubtedly discussed business, too. They caught a nice bass, and the business associate insisted Walker take the fish home with him.

Walker did, but when he left the San Angelo airport, he was worried about what his wife would think when he came home from a business trip, late at night, with a freshly dressed bass.

### CORAL DUST FOUND ON SUNKEN CARRIER

WASHINGTON—(AP)—Navy divers got down to the flight deck of the aircraft carrier, Saratoga, lying in 200 feet of water at the bottom of Bikini lagoon.

The old flat top's deck is covered with coral dust, said dispatches received at the navy department. The 33,000-ton carrier went down a year ago after the underwater atomic bomb test at the Pacific atoll.

### BRITAIN GETS RED TIMBER

LONDON—(AP)—The Soviet Union will send Great Britain unspecified quantities of timber by the terms of a contract which has been signed in Moscow, a member of the trade delegation to the Russian capital said.

## McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY  
America's Card Authority

Alexander Weiss of New York, this year's winner of the national masters individual title, gave me today's hand. The point in the hand is this: When declarer is in dummy with the ace of spades, should he take the heart finesse or the club finesse? Of course, looking at all of the cards, you will say that the club finesse is the correct play. And it is—but why?

Weiss' reasoning is that if the king of clubs is in the East hand, the club finesse is the correct play whether East's holding is the king and one, the king three times, four times, or even eight times. But the heart finesse will accomplish no good unless declarer happens

♠ A 7 4 3	♥ Q 7	♦ 10 8 6 5 2	♣ J 5
♠ Q J 10 8	♥ K 7 4	♦ 10 9 6 3	♣ 2
♠ A 6 5	♥ K 9 8 3	♦ Q J 9	♣ K 8 7 4
♠ K 9 2	♥ A J 10 6 4	♦ A 3	♣ A Q

South West—North East  
1♥ Pass—1NT Pass  
4♥ Pass—Pass  
Opening—♠ Q 23

Rubber—Neither vul. a  
South West—North East  
1♥ Pass—1NT Pass  
4♥ Pass—Pass  
Opening—♠ Q 23

to find East with only the king and one or the king and two hearts. In this hand East has four hearts, so the heart finesse is of no value even though it works.

If the queen of hearts is led from dummy, East covers with the king—and declarer cannot avoid losing a trick in every suit.

This is a good illustration of proper "percentage" play. Although it is a fifty-fifty guess as to the location of the two kings, the club finesse will gain whenever East has the king, regardless of the number of clubs East holds (unless East has nine clubs to the king, a virtually impossible situation). On the other hand, the possibilities of winning with the heart finesse are limited.

### LOYALTY REASONS

WASHINGTON—(AP)—The House Civil Service Committee issued a report showing that 241 government employees were found ineligible to retain their jobs for "loyalty reasons" during the nine months ended last March 31.

The Civil Service Commission report, made public by Chairman Rees (R-Kan), said 18 of the employes resigned and 223 were removed from the payrolls. It gave no names.

**BOMBER TO CARRY TINY JET FIGHTER**

WASHINGTON —(P)—The first jet-propelled "parasitic" fighter in history, designed to be carried in the belly of the mammoth B-36 army bomber, is expected to make its initial flight in September. The little bomber escort, known as the XP-55, is being built by McDonnell Aircraft Corp., St. Louis. Persons familiar with the tiny craft give this general description: Its wingspan is around 20 feet and length about 15 feet, to give it the appearance of a bee. The engine is a small but powerful Westinghouse turbojet. The wings fold, as on carrier-based navy fighters, to permit the plane to be hauled into the bomber's belly. The plane has no landing gear. It is taken aboard the bomber, launched in flight when the mother ship is in danger of air attack, and taken back aboard by catching a hook swinging beneath the big plane.

More than one-third of the United States crop of Rome Beauty apples is grown in Northeast orchards.

**Steak House Is Noted For Excellent Food, Served Day And Night**

If you were planning to make a journey westward from downtown Midland and happened to experience a hunger pang just as you began your trip, all you would have to do would be to keep going until you saw a sign saying "STEAK HOUSE."

Immediately when you saw the sign, you would know to slam on your brakes and pull right into the spacious parking area in front of the well known cafe. Because the Steak House at 611 West Wall Street in Midland always, day and night, is an establishment where good food may be obtained in quick time.

**Efficient Kitchen**  
The cafe boasts one of the most sanitary and efficient kitchens from which a plate of well-prepared ham and eggs ever emerged. Both service and cuisine leave little, if anything, to be desired, and the most discriminating diner is quite likely to congratulate himself for having had the wisdom to stop there for food. A surprisingly complete menu for breakfast, lunch, dinner, or a midnight snack invariably may be found at the Steak House, which is known up and down Highway 80 as an unusually good place to eat.

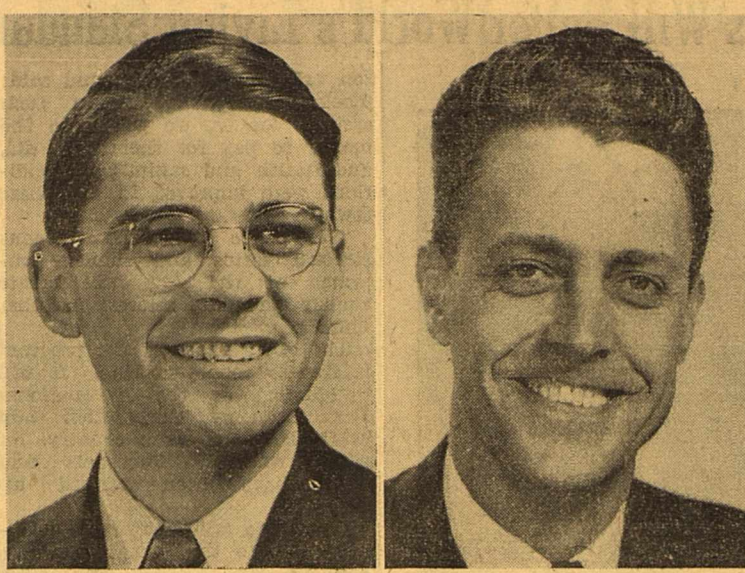

**TELEVISION INDUSTRY SEES BIG GAINS**

NEW YORK.—(P)—The television industry which plans to produce 250,000 sets this year, expects to increase that to 1,500,000 in 1948.

Dorman D. Israel, vice-president of Emerson Radio & Telegraph Corp. told a meeting of the company's Eastern distributors that Emerson, which started producing two 10-inch screen sets July 15, hopes to bring out in a few months sets with larger screens.

"All costs in the television industry, whether for sets, service or programming," Israel said, "must take quite a reduction in price some time, following the same cycle as in the radio industry, when television, too, has become a mass-production product. Installation and servicing are bound to be simplified in the future."

**Head Midland Insurance Firm**

James W. Mims, left, and Edwin L. Stephens are the owners and operators of Mims and Stephens, insurance firm, at 205 West Wall Street in Midland. The firm, a pioneer insurance and real estate institution of West Texas, is qualified to handle any and all insurance needs. The owners also invite friends and customers to advise with them on real estate transactions.

**Western Plastic Co., Provides Valuable Oil Field Service**

Western Plastic Company, Inc., at 617 West Texas Street in Midland, offers an industrial service that, but for the fact that the service now is limited to industrial users, might also be valuable from a domestic standpoint.

It is a plastic-coating process by which just about anything can be made impervious to corrosion.

Oil field equipment of an almost infinite variety must be protected against special corrosive effects of chemicals and minerals with which it comes into contact. That's where Western Plastic Company comes in.

**Seals Exposed Areas**  
After doing a thorough cleaning job on the equipment, using special abrasive tools and materials in the process, the company literally seals all exposed areas of the equipment with liquid plastic.

Storage tanks, drill pipe, etc., is in this manner protected against corrosion and its usefulness prolonged.

Since wood or any other material around a home or business may be coated in the same manner, horizons for additional uses for plastic coating are particularly unlimited. However, Western Plastic Company, as said before, limits its services to industrial patrons, particularly oil field concerns.

**FISTICUFF FUND LEFT GRANDSON**

PHILADELPHIA.—(P)—The grandson of the late Morris Altman is going to know how to defend himself—with his fists.

In his will, Altman left \$500 in trust "for the physical training of my grandson, John A. Burrisson, from the time he reaches his 12th birthday until he reaches college due emphasis to be given to the manly art of self-defense."

The highest per capita annual egg consumption, 392 eggs, was reached in 1945. This figure was twenty-four per cent above that of 1940.

# Rockefeller Ready To Spend Millions On Plans He Hopes Will Better World's Living Standards

NEW YORK —(NEA)—Nelson Rockefeller's grandfather made millions and gave away dimes as a hobby. But Nelson, after a distinguished career in public service, is preparing to spend millions on an experiment that he hopes will raise the standard of living throughout the world.

Starting in Venezuela and Brazil, the 39-year-old grandson of John D. is ready to begin spending oil money—his own, his brothers' and that of two petroleum companies—to provide better food, more healthful living conditions, better jobs and better opportunities for the world's under-privileged.

Rockefeller and his associates deny that their plan is an attempt to fight Communism with dollars. It was conceived, they insist, long before there was any apparent

need for combating Communist expansionism.

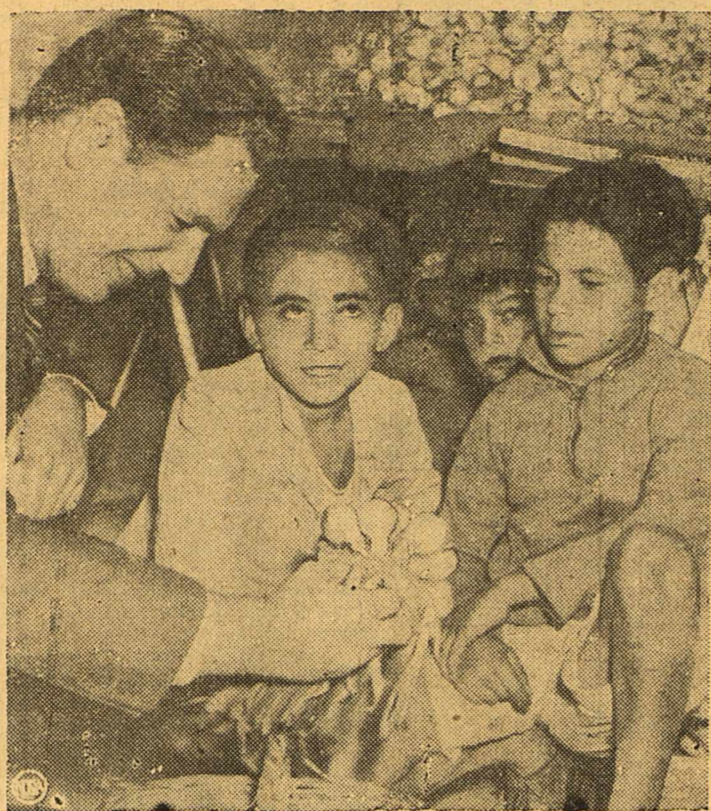

"You might call it 'reasonable capitalism,'" says Francis A. Jamieson, one of the associates.

His idea is partly good neighborliness, conceived before World War II and perfected during the years he served as Co-ordinator for Inter-American Affairs and as Assistant Secretary of State for Latin American Affairs.

But it goes much deeper. He believes that venture capital, following the trail he is blazing can make reasonable profits from untapped sources. And he is convinced that by building up the bad economic conditions of other parts of the world he can help preserve this country's high standard of living.

**Higher Standards**

"We cannot have peace and security without improving the

In Venezuela, native children show Nelson Rockefeller some of the fruits of AIA work in their country's agricultural program. Rockefeller millions back AIA's non-profit program.

economy in other parts of the world," he explains. "We cannot hope to keep the high level of production and employment which is the basis of our present standard of living, unless we help raise the world standard of living so that other peoples can and will buy from us."

Having mulled over his idea for years, as soon as Rockefeller left the State Department he got together with his brothers and planned a concrete program. The initial planning cost between one and two million dollars. They got the cooperation of two oil companies, which will put up \$13,000,000 but will have absolutely no control over how the money is spent.

The Rockefeller scheme has two parts. One is non-profit. This will be handled by the American International Association for Economic and Social Development

(the AIA). A third of the oil companies' money is an outright gift to the AIA.

The AIA will cooperate with local governments to establish rural demonstration and seed farms, to experiment with crop rotation, to provide training programs of various types, such as the agricultural extension services do in this country.

It intends to supplement 54 cooperative agreements which the U. S. Institute of Inter-American Affairs has with Latin American governments covering agriculture, education, public health and the like.

"To illustrate how it will work," says Rockefeller, "consider the matter of fresh water in the Amazon valley during the war.

"In three of the most important rubber area towns the U. S. installed filter systems. As a result, 15 other towns in the Ama-

zon valley came to us and said: 'Look. If you will put in such systems for us, we will raise the money to pay for them.' We did, and health and sanitation conditions were improved in all these towns.

"We believe that the demonstration farms and similar programs of the AIA will create similar spreading interest in other lines."

The other phase of the program is frankly money-making. It will be handled by the International Basic Economy Corporation and subsidiaries for each country, of which two—for Venezuela and Brazil—have been formed already.

But these will not seek enterprises where the greatest profits can be made. They will enter those fields where there seems to be the greatest need for goods or services to benefit the greatest number of persons.

"We will get a picture, in each country, of the most urgent needs," Rockefeller says. "We will determine the areas where there are shortages of production—either in goods or in services or both."

"We will create corporations, to operate on sound business principles for reasonable profits, to supply the needed goods and services. These also should create new wealth and therefore new capital, should expand the economies of the countries and raise their standard of living."

"We shall organize and operate the corporations in cooperation with local interests. Half the capital will be raised locally. As soon as we are satisfied that they are running successfully, we shall sell our interest to local people."

**Technical Service**

"I believe that among other things we can persuade other capital, now reluctant to risk such investments, that they are safe and sound."

As a third program there will be a technical advisory service. "For instance, the people of some country might come to us and say they need new highways, ports or other public services. We would advise them on a limited fee basis. We would obtain for them the best technical service available in the U. S. We would

figure costs and arrange on financing. We would help them get bids, look after purchasing, and if necessary find the best operating and managerial personnel.

### HIDDEN BY CURVATURE

The earth's curvature is greater than most people think. A five-foot man standing on the shore of a lake cannot observe a five-foot man on the opposite shore only five miles away, because the earth's curve will interrupt his sight line.

### NEAR EXTINCTION

Whooping cranes once filled the air with their noisy screaming flights, but today they stand on the very brink of extinction, with less than 100 birds being extant at present.

There are 5,000 airports in the United States of which only 117 had government-operated control towers in 1946.

## LUCKY STRIKE presents THE MAN WHO KNOWS—

### THE TOBACCO BUYER!

"I'VE BOUGHT well over ten million pounds of tobacco . . . so I speak with some authority when I say that season after season, I've seen the makers of Lucky Strike buy real fine tobacco—that ripe, light tobacco that makes a swell smoke."

*J. S. King*

F. S. KING, INDEPENDENT TOBACCO BUYER  
of Lexington, Kentucky  
(19 YEARS A LUCKY STRIKE SMOKER)

JOHN FALTER

## FINE TOBACCO is what counts in a cigarette

FURNEY KING IS RIGHT! . . . And like him, scores of other experts . . . who really know tobacco . . . have seen the makers of Lucky Strike buy "real fine tobacco."

After all, that's what you want in a cigarette . . . the honest, deep-down enjoyment of fine tobacco.

So remember . . .

*L.S./M.F.T.*

LUCKY STRIKE MEANS FINE TOBACCO

So Round, So Firm, So Fully Packed—So Free and Easy on the Draw

Risë Stevens, Columbia Records artist, starring on the Prudential Family Hour.

Del Monte Reporter: "Will hard study make a great singer?"

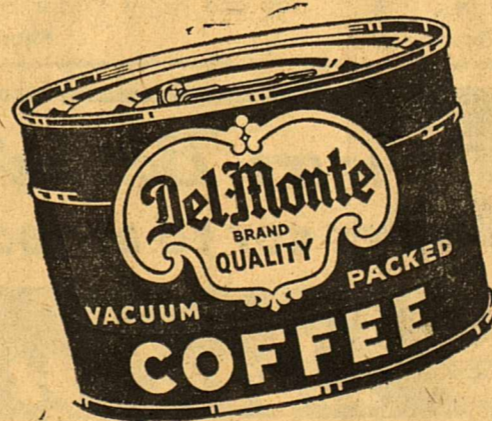

Risë Stevens: "It certainly helps. But more than that, it takes a variety of talents to achieve perfection."

"Look at all the things fine singing calls for. In concert work, a mastery of voice, a proficiency in music, and a knowledge of language.

"Opera calls for all these skills plus acting ability, too. Then radio requires new techniques. Each of these fields draws on a particular talent—develops a special ability.

"There is no doubt that all 'round greatness in a singer is the sum of many accomplishments."

## That goes for good coffee, too, Miss Stevens—That's why Del Monte blends 7 of the world's great coffees!

2 GRINDS  
—REGULAR & GRIP  
—IN GLASS OR CANS

Just as great singing demands a variety of talents to attain perfection—so it takes many choice coffees to make one perfect blend.

We're after flavor—just as Del Monte always is. And we don't think ordinary blends of three or four coffees will give you the complete enjoyment you should get from a cup of coffee.

To us that means seven great coffees blended into one.

We draw on the famous coffee markets of the world . . . testing and selecting

coffees for very special characteristics of flavor—all those individual flavor qualities that blended together make the difference between just a cup of coffee—and a cup of Del Monte.

You'll see exactly what we mean when you try Del Monte . . . Now, there's the aroma that gives you the big hello at the very first whiff. And flavor . . . why it's the kind of honest, down-to-earth, real coffee flavor that invites you to say:—

"Guess I'll have another cup."

Try Del Monte Coffee tomorrow.

# Del Monte Coffee

Seven great coffees in one
