Ken Regan Is The Man

A vote for Ken Regan for congressman is a vote for sound government—and that is exactly what Permian NEW YORK — (P)— Basin citizens want, whether it be in Washington, Austin list, died of a heart attack aboard

With the resignation of Congressman R. Ewing Monday afternoon, it became known Thomason to become federal judge, citizens are faced with when the liner arrived here Tuesthe task of sending to Washington the best available man day. to represent us. Seven men seek the office, one of the highest in the power of voters to grant. It is a position of responsibility and importance, especially in the trying times of the postwar era.

Regan thinks clearly. He has not made a lot of promises and platforms. He stands on his record and reputation. Public office is not new to him. He has served both in the Texas Legislature and as mayor of Pecos. He knows the responsibilities and the problems of government.

Regan, who served in both World War I and World War II, has been closely connected with farming, ranching, business, and the oil industry. He has the courage of his convictions and he has the confidence of men and women who know him. He is a thinker and a man of action. We can depend on him to think out his problems and then act. He can be depended upon to do what he thinks is right, regardless of pressure groups.

He is conservative in his thinking. Regan is not a publicity seeker, but he does believe in keeping facts and public information before the citizens. He has engaged in independent oil operations a number of years and he has won the confidence of both independent oil men, major operators, and the men in the fields. He knows their language and understands their problems.

He is a successful businessman and an experienced civic leader. The nation needs more men of this type in Congress and less of the bureaucrats who have ridden so high in recent years. He has resided 27 years in our Sixteenth Congressional District.

Our belief long has been that the people, if given the facts, are capable of forming correctly their own decisions. We hold to this belief in this Congressional race, which ends with the election August 23. The Permian Basin, the most important oil and ranch area in the United States today, has an opportunity to send to Congress an able, experienced legislator-a man who thinks and understands the problems of the area and this era.

Our citizenship and rights of free enterprise are menaced on many sides today. We need men in public office who can arrive at the correct decisions. It is no time for guess work. People need the advice of sound leaders -men who have good judgment and experience.

Many citizens of the Permian Basin area have not had an opportunity to meet Ken Regan. He is campaigning tirelessly but our congressional district is one of the larger in the nation. But he has countless friends in this vast area. Any of them will be glad to discuss his qualifi-

We are fortunate in having an opportunity to elect to Congress an experienced leader, familiar with our district and its important industries. He knows the problems of workers, farmers, ranchmen, oil men, merchants and professional men.

We need to protect our natural resources but the general public also needs their development. Unsound laws could quickly ruin our industries. We need Ken Regan of Midland in Congress.

The world seems worse because you seldom hear about the bad things that don't happen.

CAR DEALERS CROOKS?

Not by a long shot !!! We do have a hard time getting good used cars since most cars on the road are old enough to vote. But it can be done and May Motor Co, does it.

ANOTHER thing, when you look at a car here, youall get as complete a lineup on its condition as is possible, I'll see that you get Honest Top Value for every one of your automobile dollars. My aim is to buy and sell a lot of cars and make a little on each.

This is my lineup of "steamboat Buggys" for this week, Heading my list is a 1947 Ford Convertable, grey. 147 miles with every Extra that you can put on a car including, 5 white side wall tires, this will make somebody happy.

I just received the cutest green Studebaker Champion 4-door Sedan you ever seen. People say these cars can't be beat and I agree with them; the price is \$2575.00. This is too high but try and buy one from somebody that owns one.

Two 1947 Chevys. They are tudor sedans. One is a tutone Green, the other is Maroon. One has 18 mi., the other has 38 mi. on it.

Here is a lineup of some "Dream Boats."

I have a black 41 Ford, one owner, this car is slick.

MAJOR LEAGUES Walker And Casey Aid Dodgers In **Beating Boston**

By The Associated Press
Dixie Walker and Hugh Casey
are shining examples of Brooklyn Dodger President Branch Rickey's theory that a few "old timers" along with youthful ball players is the prime requisite in the building of a pennant winner.

The apparently ageless Walker and the veteran Casey teamed up Monday night to end a three-game Dodger losing streak and maintained the Brooks' seven-game lead over the runner-up St. Louis Cardinals in the National League pennan

Walker, Flatbush idol since 1939, homered with one on in the tenth inning for a 4-2 triumph by the Dodgers over the Braves in Boston. The circuit clout was the 100th of his major league career. Cardinals Win

Casey, who will be 34 in October, received credit for the win, his eighth of the season against three setbacks. The hefty righthander entered the game in the sixth after 2-2 and he allowed the Bostonians only two safeties the rest of the

fourth straight triumph, drubbing the Chicago Cubs, 8-1. The Cin-cinnati Reds took a 7-4 decision from the Pirates at Pittsburgh.

The Philadelphia Athletics cut the Harold dement of Galena Park, New York Yankees' first place mar-president of the association, said gin in the American League to 13 a poll of games by outslugging the Yanks, 9-5, at Yankee Stadium. The rest of the American League
