Ken Regan's Election Assured

Margin Over Bean More Than 400

Ken Regan Monday afternoon received the following telegram from Woodrow Bean, runner up in the election:

"Congratulations on congressional victory. Sincerely hope that your representation in Washington will bring credit to the entire 16th District."

Ken Regan, Midland oilman and former state senator, will fill the 16th Congressional District's post left vacant by the resignation of Federal Judge R. Ewing Thomson.

Unofficial results from Saturday's election as tabulated by the Texas Election Bureau Monday noon showed Regan had 7,086 votes to Woodrow Bean's 6,684, a margin of 402. The result can not be changed by the returns from the five boxes still uncounted. Votes in the five boxes will total less than 300.

The hotly-contested college building fund amendment apparently was adopted with 54.5 per cent of the votes counted by Monday noon in favor of it. A total of 88,968 votes were cast for it 73,948 against in returns from 211 counties with 49 complete.

Regan said he hoped his predecessor, Judge Thomson, would be available to swear him in when he is ready to go to Washington.

Regan said he plans to go to Washington within 30 days to look for living quarters and office space. He said Mrs. Kate Geare, the former congressman's secretary, had agreed to serve him in a like capacity. Mrs. Geare has kept the office open in Washington since Thomson resigned.

Regan said he was deeply appreciative of the whopping majority given him by his hometown, and he would endeavor always to merit the entire district's voters' expressed confidence. "I shall represent all of the 16th District to the best of my ability," he said.

Clark W. Thompson, Midland businessman, won the 9th Congressional District's election to succeed the late Joseph J. Mansfield.

The complete Midland County returns in the congressional race: Regan 1,381, Gilbert 40, Paul 2, Gary 11, Hargrove 6, Bean 75, Metcalf 6.

The last two of Midland County's five boxes were counted Monday.

Kiwanians Discuss Minsrel Production, Officer Nominations

Monday's meeting of the Midland Kiwanis Club was devoted to discussion of a minstrel show to be staged by the club and the Midland Community Theater at the City-County Auditorium September 29 through October 2, and to nominations to club officers.

Joe Koegler is general chairman of the minstrel production, proceeds of which will be used by the club in work with Midland boys and girls.

New officers of the club will be elected September 15 and will take office January 1. Officers to be filled include those of the president and vice president and seven directors.

NEW ECUADOR RULER

QUITO, ECUADOR—(P)—Col. Carlos Manchango, erstwhile minister of defense, was self-proclaimed ruler of Ecuador Monday after the bloodless overthrow and exile of President Jose Maria Velasco Ibarra.

SIAMSE TWINS "FAIR"

ROCK SPRINGS, WYO.—(P)—Attendants at Wyoming General Hospital reported Monday the condition of rare Siamese twins, born to Mr. and Mrs. Harding Brown of Pinedale, Wyo., was "only fair."

HOUSTON—(AP)—Five of 41 negroes who escaped from the Ramsey No. 2 Prison Farm Sunday night were captured as more than 55 law enforcement officers combed Brazoria County for the rest of the escapees.

WASHINGTON—(AP)—The Navy reported Monday the condition of Fleet Admiral Ernest J. King has improved and "he is up and about in his room" at Bethesda Naval Hospital.

TRieste—(AP)—Allied intelligence officers Monday received information a mob had beheaded a Catholic priest Sunday in a church in the Yugoslav occupation zone of Venezia Giulia.

JERUSALEM—(AP)—An Arab official said Monday the Arabs plan to resort to illegal immigration, at the rate of 10 Arabs for every Jew spirited into the Holy Land, if the United Nations gives an "unfavorable" decision on the Palestine problem.

FRANKFURT, GERMANY—(AP)—Twenty thousand Estonian displaced persons in Germany and Austria have petitioned President Truman to be resettled in the United States, it was learned Monday.

Slavian Mob Kills Priest In Trieste

ROME—(P)—An Italian News Agency dispatch from Trieste Monday said a mob in the Yugoslav zone of Venezia-Giulia inflicted grave injuries Sunday on a Vatican prelate sent to confirm children in the area, and killed a local priest who tried to defend him.

The agency, ANSA, said the prelate, Msgr. Giacomo Ukmar, was taken to a Trieste hospital suffering from a skull fracture and serious knife wounds in the region of the kidneys. It said the Rev. Miro Eulaisch tried to guard Msgr. Ukmar and was cut so seriously he died almost immediately.

The attack was at Lanishe, in the part of the Istrian Peninsula known as Zone B, occupied by Premier Marshal Tito's forces. ANSA said the Vatican sent Msgr. Ukmar, a native of Trieste, to the area after hostile manifestations prevented Msgr. Antonio Santin, bishop of Trieste and Capodistria, from conducting confirmations.

Bishop Santin was treated roughly at Capodistria two months ago, but escaped serious injury. He returned to the Vatican in June, 1946. "Slav Communists" were preventing him from exercising his ministry in the zone.

When Msgr. Ukmar reached Lanishe Sunday, ANSA said, part of a crowd advanced upon him with knives bared. The priest, moving to defend him, was slashed and his body tossed aside, and the prelate was assaulted.

Russia's UN Delegate Demands Military Data Include A-Bombs

LAKE SUCCESS—(P)—Russia demanded Monday any United Nations proposals to collect official data on troops and arms from the 55 member governments must include figures on atomic bomb stockpiles.

Soviet Delegate Andrei A. Gromyko said it would be "unrealistic" to gather military figures without listing the number of atomic bombs held by any country.

Gromyko took his stand as the 11-nation commission on conventional armaments, now limited in its discussion on arms reduction to weapons outside the mass destruction category, failed to agree on a suggestion for collecting information.

The United States, Britain and France also opposed proposals to get the figures but their objections were on the grounds the moves were premature.

Soviet-Held Soldiers Say Treatment O. K.

SEOUL, KOREA—(P)—Three American soldiers, released unharmed by the Russians after 12 days' detention in the Soviet zone, said Monday guards with tommy-guns accompanied them constantly, but they were not subjected to close questioning.

The three men, detailed to inspect a telephone line paralleling a railroad linking Seoul with Russian headquarters at Pongyong, were taken into Soviet custody Aug. 12 at the village of Yohyon-Ni, inside the Russian zone and about 40 miles Northwest of Seoul. They were released at the same spot Sunday afternoon.

T/5 Tommy F. Pugsley, Renton, Wash.; Pfc. John D. Hopfe, Seattle, and Pfc. Gerald F. Geffen, Fort Chester, N. Y., told their stories to intelligence officers Monday and then met news correspondents.

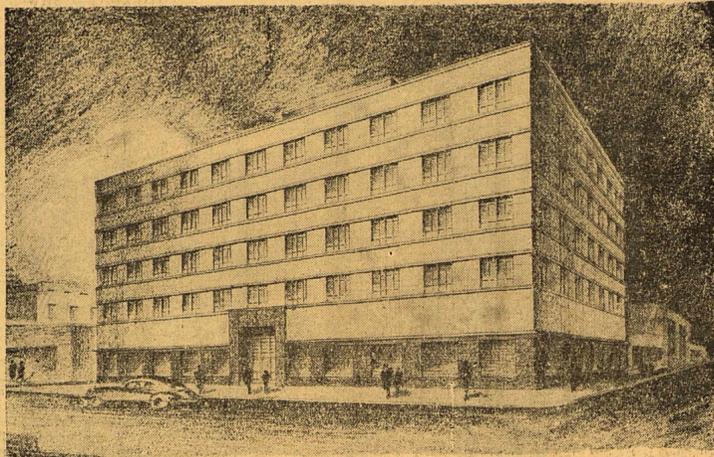

Didn't See Marker

The three said they walked into the Soviet zone inadvertently through failure to see a marker at the 38th parallel—dividing line between the American and Soviet occupation areas. They said they believed a Korean section-hand had hung his coat over the marker.

Soviet officers questioned them twice on their birthplaces, ages, and similar matters, and repeatedly ask them why they crossed the border, but never searched them or examined their wallets or personal papers, the three told correspondents.

There were no questions about American installations or operations in South Korea, the soldiers added. Hopfe said they were taken about 100 miles North by train next morning to a battalion headquarters. After being held in a Russian barracks for four days, they were moved to a Korean house occupied by Russians.

Another Big Building For Midland

The proposed five-story, \$1,000,000 McClintic Building will be erected at the corner of West Texas and Colorado Streets, across the street west from the Petroleum Building, in downtown Midland. The construction contract is expected to be let immediately by Charles and Harry McClintic, brothers, long-time Midland residents. The reinforced concrete and steel structure will be built on a 100 by 140-foot tract, and will be finished outside with a granite base, glass brick and stone. The interior will have asphalt floors, rubber wainscot, and will be birchwood trim. Automatic leveling elevators and air conditioning will be installed. Wyatt C. Hedrick of Midland and Fort Worth is the architect and engineer, and Ralph Geisler, Petroleum Building manager, also will manage the new building. The new structure is scheduled to be completed by next June. Atlantic Refining Company, Sinclair Prairie Oil Company and Tidewater Associated Oil Company have leased space in the McClintic Building.

Hurdle Cleared In Brazil Meet

QUITANDINHA, BRAZIL—(P)—A big hurdle at the investigation Defense Conference was believed cleared Monday with Argentine agreement all American nations might act to stop an attack of any one upon another.

The 20-nation conference has been sitting since August 15 to draw up a treaty of mutual defense for the Western Hemisphere. Informed sources said two-thirds of the treaty had been agreed upon.

Argentina had insisted that joint sanctions—such as a breakoff of trade and diplomatic relations and military action—should be called into play only in case an American nation was attacked from outside the hemisphere.

She had argued in event of aggression from within the hemisphere, steps to stop the aggression should be limited to consultation among the American republics.

Sunday night however, she consented to "application of collective means" to stop intra-hemisphere attacks, but "only after such steps are resolved by consultations."

Her consent was given in reply to a compromise plan proposed by Venezuela. A high conference source reported the United States also had accepted the compromise formula and said "the problem now is adequately settled."

Regan Gains Eight More Votes In County As Last Boxes Talled

Ken Regan gained another eight votes in Midland County as rural boxes from Precincts Three and Four were turned over to the county clerk's office Monday.

In Precinct Three the eight voters who participated in the election gave Regan six votes and Bean two. Precinct Four, where another eight votes were tallied, gave Regan six and Gilbert two.

Precinct three voted against the proposed amendment six to two; in the other precinct, the vote was seven against, one for.

In an effort to keep tabs on what is being said about us abroad, the State Department receives a constant flow of reports from diplomats and carefully monitors the outpouring of scores of foreign radio transmitters, giving particular attention to Radio Moscow.

Random excerpts from one day's report:

Moscow in German to Europe—"The meaning of the Marshall Plan is now perfectly clear: the United States wishes to solve the economic problems of Western Europe in the interest of the U. S. monopolies."

Moscow in Russian—"American monopolists are unceremoniously pushing aside their impoverished Anglo-French partners and are striving to conquer all vantage

Violence Breaks Out In New Capital Of India; Punjab Fighting Furious

NEW DELHI, INDIA—(P)—Four persons were stabbed to death Monday in a riot between Delhi Hindu and Moslem millworkers in the first outbreak since Spring in the capital of India.

An official estimate placed at 30,000 the number of refugees who have fled into New Delhi from the troubled areas of the partitioned Punjab, where some persons speculated a border conflict of months, or even years, might be in prospect between rival religious communities.

From both dominions came repeated reports of attacks on such trains as still were running. The pattern was the same; trains were stopped and searched and passengers belonging to the opposite religious community were slaughtered. The Sikhs and Hindus generally were killing Moslems in India and receiving treatment in kind in Pakistan.

Prime Minister Jawaharlal Nehru of India and Gov. Gen. M. A. Jinnah of Pakistan appealed for a cessation of reprisals. The Pakistan government of West Punjab issued a public warning at Lahore that travel was "wholly insecure" between Lahore and Delhi.

Newspapers here said some areas of West Punjab were cut off to refugees seeking to get into India. There also were stories of streams of Moslems trying to reach Pakistan. Accounts of murder, rape, arson and train holdups were printed in profusion.

The Sikhs particularly were incensed because of the division of Punjab, leaving their main shrine and many lesser ones in Moslem Pakistan. The weekly Sikh magazine Liberator said unless Sikh demands were satisfied, "we shall make the existence of Pakistan impossible, whatever the cost."

Legion Commander Warns Of Danger

NEW YORK—(P)—National Cmdr. Paul H. Griffith, sounding a serious warning amid the festive preparations for the American Legion's 29th annual convention opening Thursday, said "the critical situation which has developed in Greece within the past few hours x x x could spread into world conflagration on a moment's notice."

Griffith called a news conference late Sunday soon after his arrival from Washington, D. C., where he had talked to President Truman. Asked by a reporter if he favored sending troops abroad to support the Truman doctrine, the Legion commander replied:

"I don't see how you can enforce anything without using police. If it takes troops we should send troops.

"If and when Greece is invaded there's no use to wait like we waited before. If there is no other way to stop them but to send troops, then we should send troops."

George Glass Attends Flying Farmer Meeting

George Glass of Midland attended a meeting of directors of the Texas Flying Farmers Association at the Truman Masterson ranch near Truscott, Texas, Sunday and entered the names of a number of other ranchmen as members.

Louis Thomas, "Bum" Cowden, and Stanley Erskine were Midlanders whom Glass announced as new members. He also entered the names of Walton Herral and Charles Havel of Rankin and Fort Stockton on the association's membership roll.

Hurricane's Fury Turns To Squalls

GALVESTON—(P)—A vicious home-grown tropical storm which formed off the Texas Coast and scored a bull's eye on Galveston, Texas City and Houston, plunged inland about 100 miles Monday and was blowing itself out in rain squalls.

The storm, at one time of hurricane intensity, materialized Friday in the Gulf of Mexico, played cat-and-mouse with Galveston for two days, then struck Sunday afternoon with 70-mile winds.

Joseph M. Taber of Galveston was killed when he came in contact with a fallen power line. St. Mary's Hospital reported it had treated several persons injured by flying debris.

Search For Fishing Boat

The Coast Guard continued its search for the 46-foot fishing boat, the Linda K, which sailed Friday with a three-man crew and has not been seen since.

Near Houston, 35 to 40 negro prisoners at the Ramsey Prison Farm took advantage of howling winds and torrential rains there to saw their way to freedom. Ten were recaptured, but the others are believed to have headed for Houston.

The Weather Bureau at Houston said the storm was as far inland as Temple, 200 miles from the coast, with rain squalls reported. In Galveston, Weather Bureau Chief J. P. Naughton said the storm was midway between Houston and Austin, the state capital, about 60 or 70 miles inland.

Considerable Minor Damage

The storm, with winds of 68 to 70 miles per hour, centered on Galveston at 4:45 p. m. Sunday and on Texas City a short time later, causing considerable property damage of a minor nature. Residence and store windows were smashed, homes were unroofed, small boats were battered or set adrift, signs were blown down, communication lines suffered and both cities temporarily went without power.

Not until late Sunday night were power circuits generally restored in Galveston. So many power lines were knocked down that electric current was cut off to forestall live wire fatalities.

The angry gulf thundered against the sea wall and so thick was the wind spray over the rough muddy, waves the walls could hardly be seen.

A cornice stone weighing 350 pounds crashed from a building through the kitchen roof of a cafe, narrowly missing the chef.

Economists Begin Survey In Midland

A survey to determine industrial development was begun in Midland Monday by Dr. Sydney Miller, nationally known economist and A. C. Silers of the T&P Railroad.

Ranchers, bankers, oil men, businessmen and others are being interviewed by the economists.

Doctor Miller is a member of the faculty of the University of Pittsburgh. He has been engaged by the T&P Railroad and the West Texas Chamber of Commerce to conduct the survey of the territory served by the railroad.

PROPAGANDA WAR GOES ON

American Motives Distorted Deliberately By Moscow Radio's Multi-Tongued Program

By EDWARD E. BOMAR

American movies in trying to help Europe back on her feet are being distorted in a propaganda campaign whose intensity is hard to realize in a land where a free press and fair play are traditional.

Reminders bob up in news dispatches quoting Moscow's Pravda and Izvestia on some current turn of events, but only from time to time. In the meanwhile the campaign is being pressed relentlessly, day and night, in two score or more languages.

Both inside and outside the Soviet sphere of influence people are being told insistently the Marshall Plan for helping Europe help herself is just a device to fasten the grip of American trade monopolies on the continent.

PLYMOUTH WILL COMPLETE STERLING DISCOVERY

The Plymouth Oil Company is preparing to complete its Ellenburger oil discovery in North-Central Sterling County, without drilling deeper from the current corrected total depth of 8,379 feet.

The well flowed 35 barrels of oil from perforations at 8,356-76 feet, during a three hour test Sunday. Gauge the first hour was 7.92 barrels. Operator has not reported on the gas volume of the other two hours of that test.

Another production test was taken, through the McCullough testing tool, Monday morning. The well made 32 barrels of 49.5 gravity oil in four hours, through 5/8-inch bottom hole choke.

Operator has not run an accurate gauge on the gas volume of the well. However the gas is sufficient to flow the oil. It is understood that as soon as tanks can be erected at the location, the well will be cleaned and put on production.

The two tests, so far made, indicate that the well probably will flow around 200 barrels of oil per day, natural. It has not been treated with acid.

The new discovery is about 12 miles and slightly west of Sterling City and 1,980 feet from south and west lines of section 39, block 2, H&T.C. survey.

NW CROCKETT WILDCAT MADE OIL AT RATE OF 540 BPD

Byrd and Frost No. 1 Mayberry-Tippett, Northwest Crockett County wildcat, 660 feet from northeast and southeast lines of section 39, block 31, H&T.C. survey, and six miles southwest of the shallow Crockett field, was making a hole below 6,455 feet, in an unidentified lime and chert section.

It ran a five-hour drillstem test at 6,399-99 feet. There was a blow of air at the surface after four minutes. Gas started coming out the top of the drill pipe in 43 minutes. Oil cut drilling mud flowed at the surface in 45 minutes. Clean oil started flowing to tanks in 60 minutes.

In the first hour the well made 16.56 barrels of oil. In the second hour it flowed 24.84 barrels of oil. The production was 23.46 barrels of oil in the third hour. Petroleum yield during the last hour was 24.84 barrels.

That made a total of 90 barrels of 28.2 gravity oil produced during the four hours of flowing. A 5/8-inch tubing choke was used. There was no water.

Gas-oil ratio was 1,601-1, and gas volume was 865,000 cubic feet per day. When the drill pipe was pulled recovery was 1,826 feet of clean oil.

Operator representatives figure that the well could make 540 barrels of oil each 24 hours—if it were to produce for that long, at the rate it did during the four-hour test.

The project is drilling ahead below 6,455 feet in an unidentified lime. It is slated to continue until the Ellenburger has been reached and tested.

HUMBLE IS TO DIG ANOTHER WILDCAT IN EAST CROCKETT

Humble Oil & Refining Company is preparing to start drilling at once on a wildcat in East Crockett County. It will be Humble No. 1 P. L. Phillips estate.

That puts it 1,980 feet from north and east line of section 5, block CD, D&S.E. survey. It is approximately two miles south and three quarters of a mile east of the same company's No. 1 Mitcham, recently completed Ellenburger discovery.

It is slated to go to about 8,150 feet to test the zone which is making the oil in the Mitcham well. W. H. Black Drilling Company of Midland, has the contract to dig No. 1 Childress estate.

SO&G TO DRILL DEEP TEST IN CENTRAL ANDREWS AREA

Stanolind Oil & Gas Company No. 1 E. C. Nix, is to be an Ellenburger prospector in Central Andrews County, about 12 miles south and west of the town of Andrews.

It is located 1,985 feet from east and 1,994 feet from north lines of section 21, block A-47, nsl survey. Derrick is being built for a rotary and drilling will be started as soon as the equipment can be rigged up.

9,000-FOOT WILDCAT FOR W-C LAMB IS REPORTED

Location has been reported for a 9,000-foot wildcat to be drilled in West-Central Lamb County, in the vicinity of Sudan. It is to be Honululu Oil Corporation No. 1 Hassell Land and Cattle Company and is 660 feet from west and south lines of labor 19, league 219, Castro County School Land survey.

Drilling with rotary is slated to start in the near future.

REEVES WILDCAT MADE THREE-HOUR FLOW TEST

Texas Producing Company No. 1 Tunstall, North Reeves County discovery from the Delaware line, about 43 miles north of Pecos and 330 feet from north and east lines of section 10, block 56, TP survey, T-2, was reported to have made a three-hour flowing test Sunday.

The well had been shut in for some time when it was opened. It flowed 19 barrels of oil the first hour, 14 barrels the second hour and five barrels the third hour. Operator is reported to have then shut in the well. Gravity was 42 degrees. No report of any water.

Now Is The Time To Speak

The proposed million-dollar bond issue for civic improvements will be discussed in detail at a meeting of the City Council Tuesday night, and citizens are urged by councilmen to attend and to express their views concerning the expansion and improvement items included in the proposal.

All meetings of the Council of course are open to the public, but on this occasion councilmen especially are anxious to have as many citizens present as possible. They wish to determine just what taxpayers desire in the way of improvements and expansions to existing facilities. The proposed improvements, as drafted by city officials have been published, and citizens interested in the welfare of the city should be familiar with the proposals and may have suggestions and recommendations to offer.

Some taxpayers doubtless favor the proposition as originally submitted, while others may be opposed or perhaps favor certain adjustments and changes. Now is the time for suggestions and criticisms—before the election actually is called.

All recommendations will receive serious consideration by councilmen before submitting the question to the voters. Then it will be up to taxpayers to decide the issue finally at the polls.

Now is the time to make suggestions as to what should or should not be included. It is your city, and your elected city officials want to know your wishes in this important matter.

The meeting is scheduled at 8 p. m. Tuesday in the City Hall.

That Sixty Million Jobs Baloney

Recent announcement that the U. S. now has over 60,000,000 employed workers brings back some funny memories. It recalls the days, two years ago, when the full employment idea was first being considered in Congress. There was a lot of stuff flying around then about how silly it was to expect that there would ever be 60,000,000 employed in this country.

There is of course only one right way to deal with economic predictions. That is to file 'em away and forget 'em. Then, a couple of years later, dig 'em out and see how wrong they were.

Anyone who will take the trouble to dig back in the morgue on the 60,000,000-jobs subject should profit by the experience. For a lot of predictions of boom and bust are being made today. Properly appraised they are all guesses. Nobody knows what's going to happen in the future, as the following old testimony by experts should prove:

The origin of the mystical 60,000,000 number can be traced back to S. Morris Livingston, chief of the National Economics unit in the Department of Commerce. In 1943 he estimated that after the war there would be between 59,000,000 and 60,000,000 people in the labor force. He thought there might be between 2,000,000 and 3,000,000 unemployed from time to time. He set 57,000,000 as a goal for full employment by 1948.

As usual when people play the numbers game, this figure got rounded out to 60,000,000 jobs. In the 1944 campaign, President Roosevelt promised 60,000,000 jobs, if re-elected.

At first that was too much for even Henry Wallace, who wired F. D. R. "Your goal of 60,000,000 jobs is perhaps high, but I glory in your daring."

It's not so bad to drop your wealth—if you drop it into government bonds.

WILDLIFE PROVING TOO MUCH TROUBLE FOR FORMER BRITON

YONKERS, N. Y.—(AP)—The wild life of Broadway—in this case North Broadway—is proving to be almost more than English-born Ernest G. Scott can handle.

As poultry-keeper on a 175-acre estate within commuting distance of New York City, Scott in recent weeks has shot down four Cooper's hawks, trapped two opossums, two gray foxes and one red fox, and he and his dog treed but did not kill two raccoons.

Since spring the vermin have taken 199 of our birds—mostly chicks, Scott, 50, related Sunday. He is custodian of 700 chickens, turkeys, ducks, pheasants, pigeons and a few rabbits, and fears he is fighting a losing battle.

UNITED STATES RUBBER COMPANY

SERVING THROUGH SCIENCE

A new kind of tire is One Year Old today!

No Tire in History Has Made Such a Dramatic Improvement in Driving.

It takes just one mile to discover what the U. S. Royal Air Ride has done for driving.

From the moment you take the wheel, you recognize a luxurious new comfort in riding... an amazingly responsive "feel" and stability in the way any car—large or small—handles. Here's why:

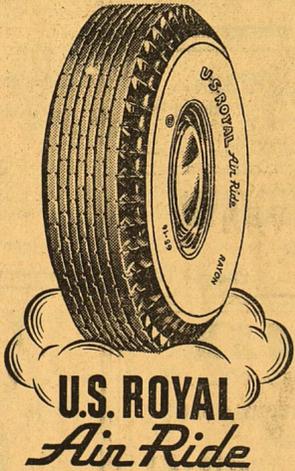

Softer Cushions Smooth the Bumps

The new Air Ride principle provides more air volume at lower air pressure. You ride on bigger, softer cushions of air that smooth out the roughest roads—bring new rolling luxury to every mile. And, the trim Air Ride tread makes steering easier—keeps you in instant driving command.

Air Ride Design Makes Tire History

Car-owners are buying more U. S. Royal Air Rides than any other extra-quality tire in history. The tire industry has recognized in the Air Ride tomorrow's pattern for tire performance.

But there is only one way to be sure of all the extra comfort and control the Air Ride principle brings you. See your U. S. Distributor for U. S. Royal Air Rides.

There Is Only One Air Ride— And Here's What It Does for Driving!

MORE AIR—MORE COMFORT
More air volume at less pressure gives you a smoother, air-cushioned ride.

SHORTER STOPS—STRAIGHTER STOPS
Famous "U. S." Brake Action Tread braces the tire against every skid.

PERFECT BALANCE—PERFECT CONTROL
Tread makes steering easier, control surer.

RUNS COOLER, SAFER, LONGER
Elimination of non-working rubber reduces heat—adds miles.

Small Car! Large Car!
You'll Find New Comfort Your Very First Mile.

GETTING UP NIGHTS OFTEN A SIGN OF MIDDLE AGE
Many folks 40 and over have to get up nights—have frequent desire to pass water—have backaches, too, because of minor functional kidney disorders.

If this is your trouble, flush out your kidneys and bladder with Dr. Kilmer's Swamp-Root. It quickly works to increase the flow of urine, help relieve excess acidity, and ease burning sensation... helps bladder irritation that gets you up nights.

Swamp-Root is truly nature's own way to relief. Millions have taken it for three generations... often with wonderful results. Caution: Take as directed.

For free trial supply, write Dept. C, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

NEW YORK (NEA)— Would a couple of snappy new play duds give your vacation wardrobe the lift it needs?

Make your own. Using fashion short-cuts of wrapping, tying and utilizing selvage edges, you can run up smart outfits, like the two modeled above, quickly and at little cost.

The cost of the two-piece cabana dress (right), designed for a size 12 figure, can be kept under \$7. The cost of materials required for the bib-and-diaper play suit (left), designed for the same size figure, need not exceed \$3.50.

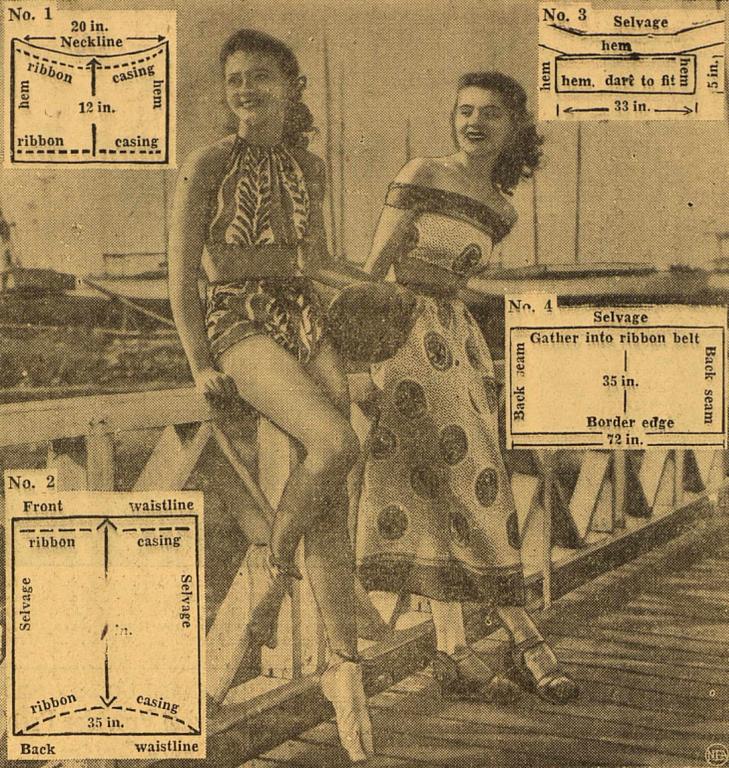

The play suit calls for two yards of 35-inch wide pique print, four yards of grosgrain ribbon. To make the bib, which measures 12 inches deep, 20 inches wide, follow diagram shown in sketch No. 1. Round out neckline and put in casing at top and bottom for threading through ribbon ties. The bareback bib ties at the neckline and waistline in back with 1-inch wide ribbon.

Diaper pants? The fabric length needed for these, which pull through the legs, wrap from front to back and tie around the waist in front, is 1 1/4 yards. To cut, follow diagram shown in sketch No. 2 and put

Charlotte Schaefer has returned from a summer vacation at the Bay Shore home of her father, Alvin Schaefer, near Houston.

BACK FROM VACATION
Mr. and Mrs. Ralph M. Barron returned Sunday from a trip to Tin Cup and Grand Junction, Colo., and Yellowstone National Park.

Fashion Short-Cuts Make Play Togs Easy To Sew

If you'd like to add inexpensive new play togs to your wardrobe, try your hand at stitching up the smart bib-and-diaper suit (left) or the cabana dress (right). Easy-to-follow patterns are sketched in the insets: No. 1 is the bib; No. 2, the diaper; No. 3, cabana dress bodice; No. 4, dress skirt.

Medical Test Proved This Great to Relieve MONTHLY FEMALE PAINS
Are you troubled by distress of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, restless, weak at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!

In a recent medical test Pinkham's Compound proved remarkably helpful to women troubled this way. It's what Doctors call a uterine sedative. It has a grand soothing effect on one of women's most important organs.

Taken regularly—Pinkham's Compound helps build up resistance to such distress. Also a great stomachic toner!

AFTER 40 YEARS ALL HE HEARS IS STATIC

PORT WORTH — (P) — For 40 years, Paul Antonovich has thought about how nice it would be to talk again to his sister in his native Yugoslavia.

So when he read in the newspapers telephone service to that country had been restored, he decided to put in a call to Mrs. Rosi Markovich of Zagreb, Yugoslavia.

He placed the call Friday morning and waited around his phone until 3 p. m. Saturday when a New York telephone operator told him his call was through.

But he was doomed to disappointment—in his own words, all he could hear was "noises like a worn-out phonograph record."

The call would have cost him about \$15.50 for three minutes. The telephone company told him, however, he would not be charged since he did not actually get to talk on the call to his sister.

THE KRAZY TRADER SAYS, ARE ALL USED CAR DEALERS CROOKS? Not by a long shot!!! We do have a hard time getting good used cars since most cars on the road are old enough to vote. But it can be done and May Motor Co. does it. ANOTHER thing when you look at a car here, you'll get as complete a lineup on its condition as is possible. I'll see that you get Honest Top Value for every one of your automobile dollars. My aim is to buy and sell a lot of cars and make a little on each. This is my lineup of "steampoint Buggies" for this week. Heading my list is a 1946 Ford, green convertible, with every extra you can put on it. Here is a lineup of some "Dream Bows" for this week. If this Citation is not served within ninety (90) days after the date of its issuance, it shall be returned unserved. ISSUED this 13th day of August, A. D. 1947.

U. S. CIGARETTE SMOKING REACHES ALL-TIME HIGH WASHINGTON—(AP)—Americans smoked 327,000,000,000 cigarettes in the year ending June 30, a new all-time record—and an average consumption of 6.34 daily for every man, woman and child in the United States.

Disclosing this, the Agriculture Department said total U. S. production soared to 360,000,000,000 cigarettes, including exports, or nearly twice the prewar figure. In 1940, the last prewar year, U. S. production totalled 189,371,258,000.

NEW REAR-ENGINE AUTOS BEING BUILT CHICAGO—(AP)—Twenty-five special models of the new Tucker rear-engine automobile are now being built and should be completed within 60 to 90 days, Preston T. Tucker, president of the Tucker Corporation, said this week.

He stated tooling for the production of 1,000 cars per shift was "progressing satisfactorily." The company has requested bids on the dies needed for manufacturing the automobile under mass-production techniques, he said.

Terminal Leave Cash May Have To Last Long Time As Congress Gets Tight On Spending For Ex-GIs

WASHINGTON—(NEA)—Veterans who are set to rush to the bank September 2, the first day they can cash in their terminal leave bonds, better think twice unless they have an immediate and desperate need for the money.

That's the last new cash benefit Congress is likely to hand to veterans for a long time, experts of the national veterans organizations and Veterans Administration officials believe. They based their views on an analysis of the veterans' legislation passed by the 80th Congress.

Congress—due mostly to the influence of its members who are World War II veterans themselves—appears convinced that the U. S. government has now done just about enough for its fighting sons and daughters. Proof is that the 79th Congress appropriated more than \$10,000,000,000 for veterans benefits while the 80th gave only \$5,000,000 worth of new benefits to them—to increase payments to disabled veterans taking vocational training.

Enabling vets to cash terminal leave bonds didn't require a new appropriation. The money was already there. It is now believed that the chances of a bonus law being passed much before 1960 are pretty slim.

If a veteran is convinced he wants to pass up the two and one-half per cent interest he will get for five years on his terminal leave bonds, it is a simple matter to cash the bonds. The veteran whose name appears on the bond must cash it in person at any bank and he must have his discharge papers or a certified photostatic copy to show to the clerk. If a veteran had sent his bonds to Veterans Administration for payment of insurance premiums, he may write and ask that

For a bonus: These vets wanted Missouri to hand out money. Their chances of getting Congress to do the same are slim, at least until 1960.

the unused part of the bond be returned in cash. In addition to congressional tightening of the purse strings for veterans, the presidential proclamation

which went into effect July 25, declaring the official end of the war for certain purposes, now establishes a definite termination date for most of the GI Bill of Rights benefits.

After July 25, 1949, the \$20-a-week readjustment allowance will no longer be paid. Any veteran planning to go to school under the GI Bill must now start his course before July 25, 1951, and have completed it by July 25, 1956. And any former GI desiring a guaranteed loan must get it approved before July 25, 1957.

The Presidential proclamation does not affect the reemployment rights of veterans. These rights are a permanent part of the law now.

Veterans who are excepted from the termination dates are those who entered service under the voluntary enlistment law which went into effect Oct. 6, 1945 and lasted for a year. These vets get all the benefits they earned by service regardless of termination dates.

Several minor veterans bills were also passed by the 80th Congress. One legalizes a procedure used by VA which permits farm workers taking on-the-job training to get full subsistence allowances even though they aren't taking all the classroom courses usually required. Another extends the period of term insurance for World War I veterans. And another new law makes it mandatory for the Government to rehire a veteran let out by reduction-in-force, if the Civil Service Commission overrules the agency which fired him.

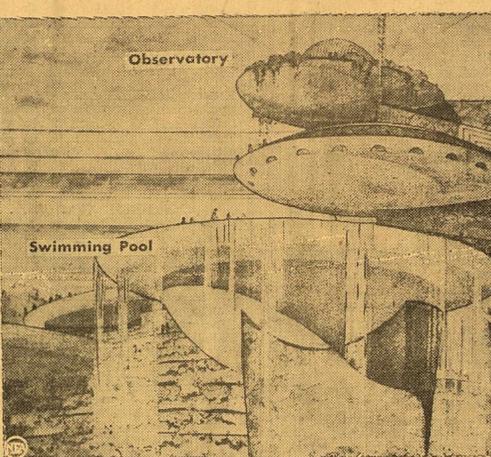

The prime goal of the veterans organizations for the next Congress is to get the subsistence allowances raised for former GIs now attending school, and they believe they stand a fair chance. Several veterans groups hope to get an effective

Against a bonus: Illinois passed a bonus despite opposition from veterans themselves. Like terminal leave cash, it will have to last a while.

housing law on the books. They feel that since 1948 is a Presidential election year, Congress might give a more sympathetic ear to their requests.

Projected Modernistic Country Club For Hollywood Called Art By Designer, Monstrosity By Citizens

Jutting out over a canyon in the Hollywood Hills is architect Frank Lloyd Wright's projected saucer-like swimming pool. "Joy-giving," he says. Neighbors have another word for it.

HOLLYWOOD—(NEA)—One woman looked at architect Frank Lloyd Wright's sketch of his latest building, then looked at Wright. "It's a monstrosity!" she said to him.

She was expressing the opinion of most of the Hollywood Hills residents. If they have their way, the \$500,000 country club millionaire plans to build atop an 1100-foot hill will never get beyond Wright's blue

print and sketch stage. But Hartford and Wright say they will fight to the bitter end in the name of "art."

Wright proposes to sink a 35-foot triangular masonry shaft into the center of the 138 acre Hartford owns. From this shaft he will suspend 78-foot diameter glass-roofed discs and shelves. Two of these would be clubrooms. A higher one would be the observatory from which club members could look down over the bright lights of Hollywood and west to the Pacific's

shores. There would be a swimming pool in a lower disc jutting out over a canyon. Silver sheaths of water would spill over the pool's edge, cascading down the canyon sides. Hartford plans to limit membership to the club to 500, charging only \$50-a-year membership fees. He says "he's not trying to make money" and Wright says his ideas are "fine and distinguished."

"The club would be economical, earth-quake-proof and joy giving," says Wright. "Once established it would focus Hollywood on a spot." Hartford's neighbors are not so sure.

Stranahan Wins His Third Title In Row

CHICAGO—(P)—Frank Stranahan of Toledo, after capturing his third straight golf championship on successive week ends, set for his new goal the national amateur crown which will be up for grabs at Pebble Beach, Calif., starting September 8.

Stranahan Sunday defeated Chicago's John Barnum 3 and 2 in the 36-hole final of the Chicago Great Lakes amateur to win the title for the second year in a row. He preceded this victory with triumphs in the Toledo district and the Canadian amateur.

HAWAIIAN NINE STILL IN SEMI-PRO TOURNEY

WICHITA, KAN.—(P)—The Honolulu, Hawaii, Stars continue their bid for championship honors in the National Semi-Pro Baseball tournament Monday night in a game with the Atwater, Calif., Packers.

Playing in their first tournament in this country, the Honolulu Stars already have won over Oak Park, Ill., and Worland, Wyo.

Houston Pitcher Also Can Sing For Supper

DALLAS—(P)—The crowd of 6,000 roared its approval when the slender, blond, handsome young man gave out with a popular number over the loud speaker. They called him back for another selection and still another. And they wanted him for a fourth but the ball game had to go on.

Pete Mazar, the "Sinfara of baseball," was quite pleased; he started thinking about a singing career to go along with his pitching.

This was his second appearance in the Texas League as a vocalist. The first time—at Houston—13,000 heard him and immediately put the Sinatra tag on him. Now everywhere he goes to play ball they want him to warble. He was proved so popular Allen Russell, president of the Houston club on which Pete is a left-handed pitcher, is talking to him about spending the winter in Houston and promoting his singing.

Texas League Leaders Can't Win In Finals

By The Associated Press
Houston's farewell performances are not exactly on a note of triumph.

Dallas closed regular season play against the Buffs Sunday night by taking a 4-2 victory and a 2-1 edge in the three-game series.

Prior to moving to Dallas the Buffs had bowed five straight to the Fort Worth Cats in the finale against the Cats.

Fort Worth reduced Houston's Texas League lead to two and one-half games by edging San Antonio, 3-2, in 10 innings.

Other results saw Tulsa add to its fourth place margin on a 3-1 decision over Shreveport and Oklahoma City closed out with Beaumont by winning, 8-1.

MEXICAN POLOISTS WIN

CHICAGO—(P)—With the three Graecia brothers accounting for 12 goals, the Mexican polo team romped over a picked U. S. combination 13 to 8 Sunday in the first of three international matches to be played at the Oak Brook Polo Club. The second meeting in the series is scheduled Wednesday, followed by the last September 1.

Dream Race Is Postponed

CHICAGO—(P)—The Assault-Armed showdown—which loomed as the race of the year to determine the horse of the year—Monday has faded from reality back into a dream.

The nationally acclaimed \$100,000 winner-take-all match race, scheduled for Saturday at Washington Park, was cancelled when Assault pulled up lame after a mile and an eighth workout early Sunday.

A soreness developed in the right front foot of King Ranch's sensational colt—the same foot that was maimed when he stepped on a stake as a foal. After that accident, Assault became known as the "Clubfoot comet."

Boosters Will Meet

CHAIN, MAIL ORDER SALES AT NEW PEAK IN FIRST HALF YEAR

WASHINGTON—(P)—Chain store and mail order houses did a record business of \$11,479,000,000 in the first half of this year, a gain of 22 per cent over the same period in 1946, the Commerce Department announced.

Tire sales were reported at \$1,995,000,000 or about 19 per cent above June of last year.

A major factor in the rise was the "unprecedented" gains of study showed.

The stores increased their sales over the comparable 1946 period at twice the rate recorded for the composite of all chain stores and have held a relatively stable level since January of this year, the statement said.

Sports Hurt Tribe

SWEETWATER—One big inning in which the Sweetwater Sports scored seven runs vanished the Midland Indians, 8 to 5, here Sunday.

In that fatal frame, two home runs, a double and three singles, coupled a base on balls, gave the Sports the big tally.

Here is the sad story: a walk to Sanders, singles by McPike and Haddican loading the sacks, Murphy struck out, then Dotlich poled out a home run. Cowser singled, Benson doubled, then Peacock homered.

The game was delayed by rain and was started at 4:30 p. m. in place of 3 p. m.

Alvis, Ramsdell and Keon hit home runs for Midland.

Watermelon Crop Good; Harvest Far From Over

By JACK RUTLEDGE
Associated Press Staff

Watermelon eating time is in full swing, but it's far from over. The fields of East Texas, for example, still have tens of thousands of melons just waiting to be picked.

In fact, some are burning in the fields, open invitations to kids and wild hogs.

One East Texas grower said wild hogs were worse, but that many melons were stolen by youngsters. Wolves and coyotes like melons, too, and destroy thousands a year.

It was a good crop this year. Prices were good, the weather was hot enough to make a juicy melon irresistible, the yield was prolific.

Here's some educational stuff about melons:

Each slice contains 100 calories of energy, 1.3 grams of protein, 225 international units of vitamin A, 28 international units of vitamin B-1 and 460 units of Vitamin C. It also contains enough juice to ruin a seersucker suit.

There's an art in buying and eating melons, says J. F. Rosborough, extension horticulturist at Texas A&M.

For a party, he recommends the Black Diamond variety, which grows big and will keep on the back porch four or five days without losing crispness or sweetness.

The Dixie Queen, about 25 pounds, is the best for keeping in an icebox. It's smaller, but just as sweet as the Black Diamond.

If you prefer the long-type that slice neatly, try a Cletox or Tom Watson. They will keep a long time in storage, too.

If you haven't had your fill of watermelons this year, you'd better hurry. The season won't last much longer, you know.

MAJOR LEAGUES Subs Big Help As Brooks Continue Winning Ways

By The Associated Press
Strength on the bench, a "secret weapon" that helped win many pennants for John J. McGraw, one of the greatest baseball managers, is one of the principal reasons for the Brooklyn Dodgers and New York Yankees are leading their respective leagues by comfortable margins.

McGraw always used to say, "give me several strong substitutes on the bench and I'll give any team a battle for the flag."

And he proved it by leading the New York Giants to 10 championships within a space of 21 years.

It was the work of a pair of Dodgers behind-the-line men, Eddie Miksis and Stan Rojek, that enabled the Brooks to defeat the Pittsburgh Pirates 3-1 Sunday and retain their six-game lead.

Miksis and Rojek, filling in at a key position, combination for second baseman Ed Stanky and shortstop Pee Wee Reese, both studded by spike wounds in Saturday's game with Cincinnati, drove in the winning runs and played errorless ball. Miksis slammed a seventh inning homer and singled in four times at bat and Rojek drove in Dixie Walker with a single in the second inning.

Aaron Robinson, filled in Sunday and clouted a home run and two singles in five times at bat, scored twice and drove in five runs to lead the Yankees to a 16-6 victory over the Chicago White Sox. The win enabled the American League leaders to gain a split in their doubleheader at Chicago. The White Sox won the opener 3-2.

Cardinals Win
The Cardinals spotted the Braves four runs in the first inning, then came on to win 9-5 in the first of an important three-game series in Boston.

The New York Giants blasted five runs in splitting a doubleheader with the Chicago Cubs at the Polo Grounds to set a National League team record of 173 home runs.

The Giants took the opener 4-0, behind home runs by Walker Cooper and Sid Gordon. Four baggers by Johnny Mize, Ernie Lombardi and Buddy Kerr failed to help the Giants in the second game as the Cubs won 8-3.

The Cincinnati Reds and Philadelphia Phillies split a doubleheader, the Reds winning the opener 12-3 on a 10th inning nine-run rally and the Phillies taking the seven inning night-cap 8-6, halted by the Pennsylvania Sunday curfew law.

The second place Boston Red Sox failed to take advantage of the Yankee split when they were held even by the Cleveland Indians in a doubleheader and remained 12 1/2 games in back of first. After Dave Ferriss had held the Indians to five hits in pitching the Red Sox to an easy 11-2 victory, the Indians came back to nip the Red Sox 2-1 on Joe Gordon's two-run homer.

The Tigers swept a doubleheader from the Philadelphia Athletics in Detroit 6-2 and 5-4.

The Washington Senators defeated the Browns 7-4 in the second game of a doubleheader at St. Louis after the Browns won the opener 7-1.

Dutch Harrison Is Reno Golf Winner

RENO, NEV.—(P)—Back on his game and busting par, E. J. (Dutch) Harrison had \$2,500 fresh money in his pocket Monday and the title of 1947 Reno Open golf champion.

The lanky links veteran from York, Pa., formerly playing out of Little Rock, Ark., led the field when he finished the 72-hole, \$15,000 event Sunday with a score of 272. Every round was sub-par stuff for Harrison as he rolled up counts of 66-70-70-66. Par for the Washoe county course is 36-36-72.

National PGA champion Jim Ferrer of San Francisco tied for second with Ellsworth Vines of Los Angeles. Each had 275 and won \$1,600 apiece.

There are 145,000,000 acres of federal range lands or grazing districts on which, the government estimates, almost 10,000,000 animals grazed last year under permits and licenses.

Longhorn League Cats-Dusters Split; Oilers, Sports Triumph

By The Associated Press
Big Spring and Midland—the Longhorn League's runaway clubs—skidded Sunday but third-place Ballinger gained little ground in a split with Vernon.

Odessa handed Big Spring a 12-5 licking to take a 2-1 edge in the current four-game series.

Sweetwater dumped Midland, 8-5, using a grand slam homer by Joe Dotlich to good advantage.

Vernon blanked Ballinger, 3-0, in the first game, but the Cats came back to take the nightcap by the same score.
