Marshall Plan Storm Signals Raised

A-POC TO DRILL NW GAINES WILDCAT TO 7,700 FEET

Anderson-Prichard Oil Corporation has filed an application with the Railroad Commission, requesting a permit to drill its No. 1 E. H. Jones, as a wildcat to 7,700-foot wildcat in Northwest Gaines County. It will be 21 miles northwest of Seminole.

The location is 440 feet from north and east lines of the south-west quarter of section 21, block A-7, p81 survey.

That puts it in an undeveloped area between the Russell and Jones Ranch fields. The scheduled destination of 7,700 feet is expected to take the venture into the lower Permian.

Drilling with rotary is slated to start immediately.

NO. 1 ALFORD IS 701 FEET IN ELLENBURGER AND IS DSTING

Slick-Urschel Oil Company, The Plymouth Oil Company, et al. No. 1 Alford, East-Central Upson County prospective wildcat discovery from the Ellenburger, about 12 miles northeast of Rankin, had drilled to 11,722 feet, and was taking a drillstem test.

At that bottom the prospector is 701 feet in the Ellenburger. The formation has show of gas, distillate and some oil.

HOARC GETS SALT WATER IN CHILDRESS FIELD OUTPOST

Humble Oil & Refining Company No. 1 Smith, Ellenburger exploration in Northeast Crockett County, and a stepout from the discovery well of the Childress field, was bottomed at 8,866 feet in the Ellenburger, and was taking a drillstem test.

A test was run at 8,745-8,829 feet, with the tool open for two hours. Recovery was 1,748 feet of salt water with a sulphur odor. No shows of oil or gas were reported.

This project has shown slight possibilities of producing oil from the Ellenburger. Operator probably will run pipe and make production tests, now that the water table for the formation has apparently been located. The well is 660 feet from south and west lines of section 1, B&S&F survey.

Humble No. 2 Mitcham, a west offset to the first Ellenburger producer in the Childress field, and 660 feet from north and 1,980 feet from west lines of section 12, block AB Joe Montague survey, had reached 8,190 feet, in dolomite and lime, probably in the top of the Ellenburger, and was taking a drillstem test.

SW ANDREWS PROSPECTOR IS DSTING IN ELLENBURGER

Guy Mabee Drilling Company No. 1 Heyrick, Central-Southwest Andrews County wildcat, was taking a drillstem test to total depth of 10,220 feet in the Ellenburger.

This wildcat, located two miles northwest of the Martin field, and 1,980 feet from south and 660 feet from west lines of section 8, block A-41, p81 survey, had a recovery of 500 feet of gas cut drilling mud in a test in the top of the Ellenburger at 10,050-130 feet.

SUNRAY 1 PARKER, DEEP ECTOR WILDCAT, IS D&A

Sunray Oil Corporation No. 1 Parker, deep wildcat in Central Ector County, about two miles north of the Harper field, and 660 feet from north and west lines of section 10, block 44, TP survey, T-2-S, has been plugged and abandoned on a total depth of 10,191 feet in black Pennsylvanian shale.

The venture did not report having encountered any signs of oil or gas in any zone through which it drilled.

Cold Snap Brings 31-Degree Weather

Britt! Midland experienced its coldest snap of the winter early Friday. The temperature dropped to 31 degrees.

Overcoats came out in a hurry as citizens scurried to work Friday in weather with a zip.

The mercury tumbled down, down, down, after 4 p.m. Thursday, when it was 73 degrees. A drop of 42 degrees was recorded between 4 p.m. Thursday and 7 a.m. Friday.

Ice formed during Thursday night.

New Building Started Here

The immediate construction of another oil company office building in Midland was announced Friday when officials of Stanolind Oil & Gas Company said a general contract has been let to the J. W. Bateson Company for erection of a three-story, with full basement, structure to house the company's West Texas-New Mexico district offices.

Excavation for the new building already has started on the Northwest corner of the intersection of Illinois and Colorado streets. The new and strictly modern edifice will be 138 feet, facing Illinois Street, and will extend back 52 feet on Colorado Street. It will be equipped with an elevator. The total cost of the building and site will exceed \$450,000, it was reported.

The building will house the company's land, geological and geophysical departments; Stanolind Oil Purchasing Company offices, and an expanded production department office. The concern now maintains its principal offices in the Petroleum Building.

Original Plans Expanded
Stanolind purchased the building site about six months ago. Original plans called for a two-story building, with basement, but additional space reportedly was added to house the concern's production department offices, which will be enlarged when the new building is completed.

The attractive building will be of brick, tile and steel construction, and will include all the latest features of office building architecture.

Wind-Fanned Fire At Anton Takes \$1,250,000 Toll

LUBBOCK —(P)— Hundreds of bales of cotton burned throughout Thursday night as damage to an Anton, Texas, cotton yard was estimated at \$1,250,000 from a wind and dust storm-fanned fire.

Two thousand bales of cotton were destroyed and another 2,000 bales were aflame when the blaze was brought under control late Thursday.

A 50-mile wind made fire fighting efforts almost futile.

The blaze, believed to have been started by sparks from machinery, also destroyed the Farmers Cooperative Gin Warehouse and about 50 or 60 trucks, wagons and trailers. The Lubbock Avalanche-Journal estimated the loss.

A bale which caught fire while being processed in a gin was quickly carried into the open yard, but it burst from heat and the high wind swept burning cotton to all parts of the cotton-filled yard.

Littlefield Gin Burns
None of Anton's three gins were destroyed, nor was the business district of the town threatened. Earlier in the day a gin at Littlefield, Texas, near here, burned with damage set at \$75,000. Cotton warehouses at Lamesa reported fire damage at \$6,500 Thursday.

Scores of volunteer workers moved and pushed unburned cotton away from the fire area. Approximately 5,500 bales were stored in the yard.

K. W. Wells, owner of the cotton yard, carried insurance of \$995,000 on the cotton, and the gins had insurance on unprocessed cotton.

LATE NEWS FLASHES

WASHINGTON —(AP)— President Truman sent "sincere greetings" to the Russian people on the occasion of their national holiday Friday, omitting any reference to Soviet government officials.

WASHINGTON —(AP)— A former Air Force general testified Friday that the late President Roosevelt, Jesse Jones, and other "powerful friends" of Howard Hughes were interested in a wartime contract for Hughes in 1943.

GOLDEN MEADOW, LA. —(AP)— A tornado swept the small village of Galiano, six miles north of Golden Meadow, Thursday night, killing two persons and injuring ten others.

WASHINGTON —(AP)— Princess Elizabeth is "touched" by the generosity of the American people, but she put out word Friday that she can't accept any wedding gifts from individual business firms.

LONDON —(AP)— Big Four deputy foreign ministers, working on preliminary phases of peace treaties for Germany and Austria, recessed Friday because of the 30th anniversary of the Russian Revolution.

Twister Lashes Orange

ORANGE —(P)— A brief but violent tornado ripped through Orange early Friday, demolishing 20 homes, damaging 400 others, injuring one person and throwing the city into darkness.

Most serious damage was done to two government-owned housing projects known as West Navy and Riverside. The jerry-built houses were ripped apart by the high winds which preceded a norther about 1:30 a. m.

Communications were disrupted for several hours. Streets of both housing projects were littered with debris, and the areas were still without electric and telephone service Friday morning.

Beaumont, approximately 20 miles west of Orange, was hit by a tornado, apparently the same one, Thursday night.

Hills At Pine Island
Numerous buildings were leveled there. Damage was estimated in the thousands of dollars. Two women suffered minor injuries.

First effects of the storm were felt in the Pine Island area, 10 miles west of Beaumont. The storm moved through an area north of Nederland, where one house was lifted from its foundation, carried over a second house and deposited upside down on a car a block away.

Ross D. Ewahn, executive director of the Housing Authority at Orange, said he would not predict the actual damage but said: "We've got a big problem."

The Orange twister first struck the West Navy Project, which has 500 family dwelling units with multiple dwellings, occupied by nine families, and damaging a score or more of other buildings, it moved on to the Riverside Project about a half a mile away.

Narrow Escapes
Riverside has 1,750 units. Damage there included complete destruction of a two-family unit, serious damage to a dozen others, and partial damage to several hundred more.

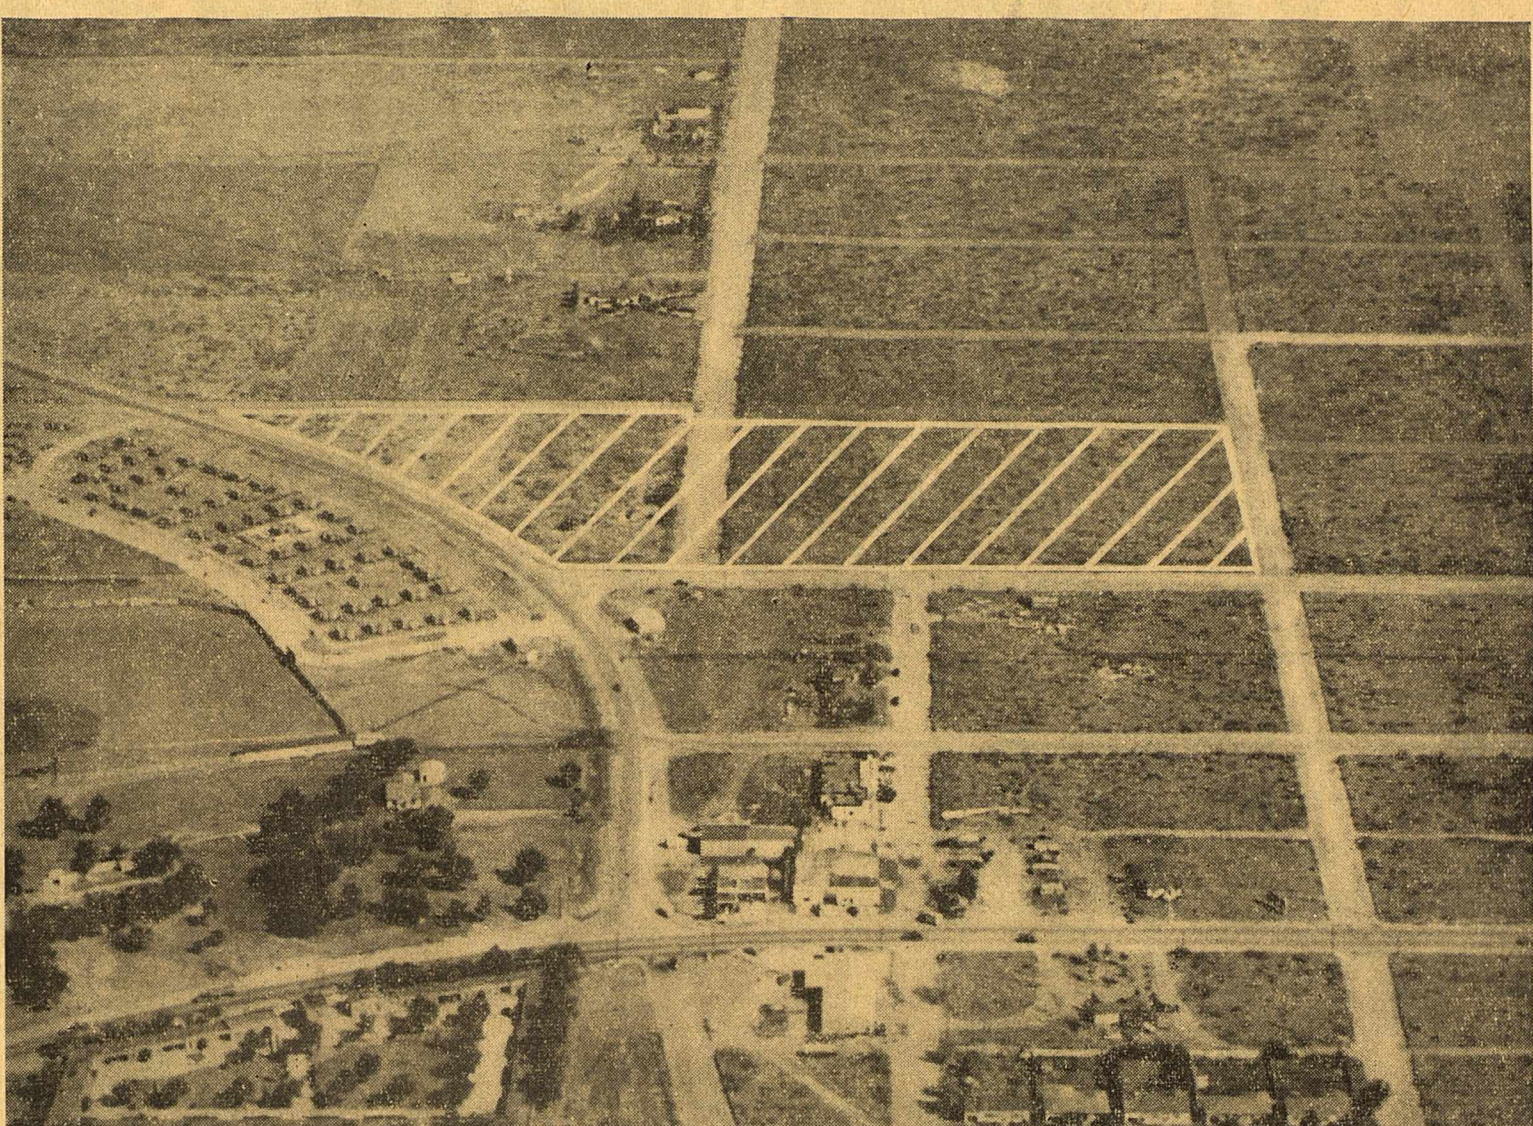

Many persons miraculously escaped injury as the storm leveled the flimsy structures.

Damage to the rest of Orange was negligible, although electric and telephone service were disrupted, and were still not operating at complete capacity hours later.

NEW YORK COMMUNIST OFFICIAL DIES THURSDAY

NEW YORK —(P)— Peter V. Cacchione, 50, the first Communist to be elected to city office here and a member of the city council since 1941, died of a heart ailment in his Brooklyn home Thursday.

Aerial View Of Midland Memorial Hospital Site

Pictured is an aerial view of the site (shaded) of the proposed Midland Memorial Hospital, construction of which is expected to be started next January. The seven-acre tract, at the intersection of Illinois Street and the Andrews Highway in West Midland, was donated as a site for the general hospital by E. P. Cowden and the late Clint Dunagan. It has been cleared and fenced. The campaign to obtain \$600,000 with which to build the 75-bed, four-story hospital will get underway next week.

Reds Parade On Bolshevik Anniversary

LONDON —(P)— Russia paraded her military might through Moscow's Red Square in commemoration of the Bolshevik Revolution's 30th anniversary Friday amid renewed cries that "war-mongers" are calling for a campaign against the Soviet Union and "making plans for a new imperialist war."

In a special broadcast beamed directly at the United States and Great Britain, the Moscow radio quoted Marshal Nikolai Bulganin, soviet minister of the armed forces, as saying, just before the parade began to the accompaniment of martial music by massed bands:

"After the second world war, essential changes have taken place in the international situation. As a result of the war, the system of Capitalism has suffered a serious loss. The forces of Democracy

Taylor Cole Will Tour Australia And New Zealand

Taylor Cole of Midland, president of the International Junior Chamber of Commerce, was scheduled to leave by plane Friday for a visit and tour in Australia, New Zealand and the Hawaiian Islands.

Cole will be gone about three weeks. He will fly from the West Coast to his destination in the Pacific.

While in the Pacific, Cole will make two international broadcasts by radio—one from Australia, one from New Zealand. He will visit JayCee installations in the three countries mentioned.

Cole is taking souvenirs from Texas to be given as goodwill gifts while on the trip. He will take cowboy ties, Texas flags and honorary membership cards in the Midland Chamber of Commerce.

Executives Of Business Institutions Attend Memorial Hospital Drive Meet

Executive managers of Midland business Thursday night were told of the need and plan of operation of the proposed Midland Memorial Hospital and heard how they can assist in obtaining it at a hospital campaign dinner-meeting in the Crystal Ballroom of Hotel Scharbauer, Frank Monroe, John P. Butler and Mayor Rusty Gifford were the speakers.

John W. House, chairman of the Special Gifts Committee, presided, and the Rev. Clyde Lindsley, pastor of the First Christian Church, asked the invocation.

The need of additional hospital facilities was discussed in an address by Monroe, superintendent of Midland schools, who said Midland had more hospital rooms in 1941,

Tornadoes, Snow, Rains, Freezes Strike At Texas

A blustering blue norther, by far the worst of the season, swept Texas Friday with tornadoes, snow, rain, and below-freezing weather.

Snow flurries were reported in the Panhandle, where temperatures dropped as low as 17 degrees at Amarillo, and damaging tornadoes struck Orange and the Beaumont area.

Luckman Stands Firm As Fowls Roll To Capital

WASHINGTON —(P)— Lines of the Citizens Food Committee held fast Friday against an invading force of "Hens for Harry" and "Leghorns for Luckman."

The chickens, in crates of six to 20 birds, rolled into Washington to deliver a literal "squawk" from their growers against the poultry-less-eggless Thursday part of the President's food conservation program.

Food Chairman Charles Luckman refused to budge.

While aides here shunted the stream of fowl to the Salvation Army for feeding the needy, Luckman declared in Los Angeles: "Any time the Poultrymen's Association or any one else can show us a better way to save grain than by having poultryless Thursdays, we will be glad to adopt it."

At the White House, where three crates arrived addressed to President Truman, the only comment was that the free poultry would wind up on the dinner table at the Army's Walter Reed Hospital.

ALL OR NOTHING AT ALL

NEW YORK —(P)— Harold E. Stassen, asserting that he is "running for first place," said Thursday night that he would not accept the Republican vice presidential nomination in 1948.

U.S. Seizes Two Bombers In Oklahoma

PONCA CITY, OKLA. —(P)— The United States has seized two privately-owned heavy bombers on Oklahoma airfields to stop their use in a revolution believed pending in South America, a government official announced here Friday.

Customs Inspector O. C. Millican of Ponca City made the statement after impounding both planes under a wartime law governing arms exports.

One of the aircraft is a surplus B-24 Liberator held at the Tulsa Municipal Airport. The other is a somewhat similar Navy type, a PB4Y-1 Privateer, seized Thursday at Ponca City. Both are four-engine planes, stripped of their armament.

Destined For Cuba
Millican said both were destined for the abortive expedition against the Dominican Republic, organized earlier this fall in Cuba.

"When that revolution blew up, the planes were immobilized in the United States," Millican said. "Then we got word they might be used in another revolution brewing in South America, and we decided to seize them."

The customs official said he could not name the country that may be facing a revolt.

Shelton named legal owner of the planes as Luis Borda, alias Jose Diaz.

America Plans Retort To Soviet Propaganda Blast

WASHINGTON —(P)— Stung by the vigor of Russia's propaganda barrage, high government officials were reported Friday to be considering an intensified American "truth campaign" abroad.

At the same time it was learned the State Department is planning to ask Congress, possibly during the approaching special session, for an additional \$1,500,000,000 for the "Voice of America" and other foreign information programs.

These disclosures came on the heels of Soviet Foreign Minister Molotov's declaration that the secret of the atom bomb "has long ceased to exist."

Resent War Implication
But it was other passages in Molotov's Red Revolution anniversary speech which stirred the greatest resentment among officials here. The caustic-tongued diplomat contended anew, for instance, that the United States is trying to ring Russia with air and naval bases.

In general, the attacks of Molotov, Deputy Foreign Minister Vishinsky, and the Soviet press and radio seek to prove the United States is out to start a war against the Soviet Union and that the other countries of the world should line up with the U.S.S.R. in opposition to virtually all phases of American foreign policy.

Moscow Tirades To Help

WASHINGTON —(P)— Marshall Plan storm signals flew over Capitol Hill Friday, but administration leaders credited Soviet Foreign Minister Molotov with unwitting but powerful help in their pre-session drive for congressional approval of a European recovery program.

Molotov's Moscow radio blast at the United States, in which he said Russia's struggle for power "is just beginning," pinpointed for many lawmakers the anti-Communist color of proposed stop-gap and long-range economic aid.

Senator McGrath (D-RI), chairman of the Democratic National Committee, said grimly that Molotov had defeated his own purpose if it was his aim to discourage American action to help the Western European nations outside the Soviet orbit stay on their feet.

"Statements of this kind only serve to solidify the American people," the Rhode Island senator told a reporter.

On the Republican side, Senator Capper of Kansas, a Foreign Relations Committee member, said he expects Congress' answer will be to approve the assistance program which Secretary of State Marshall will sketch for Senate and House committees Monday.

Lawmakers generally dismissed as the atomic bomb secret "has long ceased to exist." The industrial know-how for making the bombs is still believed to be beyond the Russians.

But while the latest verbal shots in the Moscow-Washington "cold war" obviously helped cement a growing Capitol Hill determination to do something for faltering European Democracies, there was plenty of evidence that methods, procedures—and possibly the amount of money to be spent—will be argued long and loudly.

May Need More Time
The biggest question marks were being raised on the House side of the Capitol.

There, the Special Committee on Foreign Aid took official note of a possibility that Congress might not be able to complete work on an assistance program during the special session opening a week from Monday.

The committee, in an interim report, said the group had agreed to propose that the government's Export-Import Bank and Commodity Credit Corporation be authorized to provide emergency help for France and Italy up to next March 31 if "The Congress (should) find that, as a practical matter, it will not be able to set in motion other machinery of foreign aid by the end of the special session."

Also on the House side, Majority Leader Halleck of Indiana put the Administration on notice that there will be no effort to jam any proposition through that body.

GOP Abandons Plan For Early Tax Cut

WASHINGTON —(P)— The Republican high command apparently abandoned Friday all plans for tax reduction legislation at the special session of Congress convening November 17.

Chairman Knutson (R-Minn) of the House Ways and Means Committee said, after a conference with Speaker Martin, "I rather expect the \$4,000,000,000 tax reduction to go over until January."

However, he emphasized to reporters that taxes will be the first matter of business when Congress meets in January for the regular session.

Knutson said the measure, if it becomes law, would make tax cuts effective as of Jan. 1, 1948.

Speaker Martin (R-Mass) said Thursday it was his inclination to put the tax measure off until January, in view of the limited time to deal with foreign aid and economic legislation at the special session.

WEATHER
Fair and colder Friday night and early Saturday. Lowest temperatures expected Friday night and early Saturday morning, 20 to 28 degrees in Panhandle and South Plains, 28 to 36 elsewhere in West Texas. Rising temperature Saturday. Maximum temperature Thursday was 73 degrees, minimum 62 degrees. Minimum Friday was 63 degrees.

'B' Bulldogs Edged By Dogies, 7-6; Pups Play Seminole Friday Night

Pass Scores For Visitors; Midland Runs For Counter

The night was cold and the wind did blow, but the playing was hot. It was a good football game. The Big Spring "B" Steers beat the "B" Bulldogs of Midland, 7-6, in the high school stadium here Thursday night. And the one point was the only difference, for the Midlanders gave the visitors all the battle they wanted.

Claassen Clamors For Irish, Mustangs

By HAROLD CLAASSEN
NEW YORK—(AP)—This is the weekend of the Army-Notre Dame football game—the battle of the bruises—and it is not unlikely the following sections also will be bruised. Last week's offerings, however, were correct on 62 counts, wrong on 14, bringing the year's total to 319 correct, 81 incorrect and a mean of 79.8.

Army-Notre Dame: This series has been going on since 1913 and ends Saturday. It is very possible that the final clash will be so loud it will be discussed until 2013. The Notre Dame eleven has everything.

Aggies May Be Team To Tumble SMU's Mustangs

By HAROLD V. RATLIFF
Associated Press Sports Editor
Southern Methodist's unbeaten, untied Mustangs clash with their second "jinx" opponent in two weeks Saturday as the Methodists tackle tough Texas A&M at Collegen Station in the Southwest Conference football feature.

The Mustangs broke the Texas jinx (They hadn't beaten the Longhorns in six years) last week with a 14-13 decision. Now they face a club that has held sway over them since 1933.

Southern Methodist will be a two-touchdown favorite, but it's just the spot for an upset—SMU swaggering from its victory over Texas and probably refusing to take seriously an Aggie team that has lost three games.

A&M has the kind of team to give anybody, particularly Southern Methodist, trouble. With great kicking and strong passing, big and rugged, the Aggies could throw the conference race into a snarl. All But Arkansas

Defeat for Southern Methodist would do just that. It would pitch the race back almost where it started, with everybody holding a chance except Arkansas, which has lost two games and tied one.

In other games Saturday Texas meets Baylor's young but tough, hard-running Bears, and Rice tries to break into the win column against Arkansas at Houston.

We hit two on tied one out of four picks last week, which is a so-so average. Trying to improve, we'll select them like this for Saturday:

Southern Methodist vs Texas A&M at College Station—A tight duel with Southern Methodist winning by a touchdown.

Arkansas vs Rice at Houston—Rice ought to cop, but it will be narrow.

Baylor vs Texas at Austin—Texas by two touchdowns.

It is estimated that about one-seventh of all hog feed in the United States goes to pigs which die before they get to market.

Three Schoolboy Loops May Settle Final Standings

By WILBUR MARTIN
Associated Press Staff

Outcome of football games Friday night in the schoolboy grid race will determine for at least three districts the leaders who will battle it out in the November stretch.

Amarillo and Borser, Paris-Sherman, and Arlington Heights-Euclid (both of Fort Worth) undefeated district records in 1-AA, 5-AA, and 7-AA respectively.

Five other games are equally important, while one result Thursday night left District 13-AA a confused muddle.

Jeff Davis knocked off Title Favorite John Reagan, 13-3, leaving the Houston district a three-cornered fight. Lamar is the other entrant.

Corsicana's undefeated Tigers face another big hurdle in Waxahachie.

Circus-tied Corpus Christi faces its biggest test in the 15-AA race to date meeting the upset kids from Brackettville (San Antonio). Another important game in this district pits Austin against Thomas Jefferson (San Antonio) Saturday.

Longview Meets Tyler

Bryan and Lufkin square off in 12-AA's most important game with the 11-AA spotlight on Tyler and undefeated, unscored on Longview and unbeaten Marshall and Texarkana.

Other results Thursday night saw one mild upset.

Woodrow Wilson (Dallas) blanked North Dallas, 7-0; Mesa, Ariz., nosed out El Paso High, 20-19; Mineral Wells defeated Stephenville, 20-7, and Amon Carter-Riverside (Fort Worth) downed Fort Worth Tech, 19-6, to complete the card.

Wichita Falls, ranked the No. 1 team in the state, takes an off week and Odessa, undefeated state champion, is expected to have little trouble with Sweetwater. Austin (El Paso), the only other undefeated team, is idle.

Case Creek, undefeated but tied, meets Galena Park and Forest (Dallas) also undefeated but thrice tied, tackles a city rival, Crozier Tech.

Junior High Teams War At Twilight

The Bullpups of John M. Cowden Junior High will play the Papooses of Seminole Junior High at 6:30 p. m. Friday in the high school stadium here.

For the Pups, and for the Papooses as well, it will mean an opportunity to see which really is the better eleven. The two teams battled to a 6-6 deadlock at Seminole earlier in the season.

The full entourage of Midland's pep legions will be on hand to cheer the Pups. John M. Cowden Junior High has a pep squad and girls' drill squad. And for certain, they will be out to boost the Pups.

Coach Blurton has hard-dribbled his Midland charges all the week in preparation for the encounter. Reports from Seminole say the Papooses are on the warpath. Pete English, star Pup linesman, was injured in practice this week but is expected to play Friday night.

The public is invited to see the future Bulldogs battle Seminole. The Pups have quite a following of fans because of their hard-charging play and never-give-up spirit.

BUILDING, NOT A MAN

The village smithy, of Longfellow's famous poem, was not a man. The smithy referred to the building in which the blacksmith worked, being an old English word for a smith's workshop.

Blueprint For Beauty: Exercise Shouldn't Stop At 40-Golf, Bicycle, Hike Your Way To Charm

Moderate exercise helps the woman over 40 keep muscles toned, circulation active. Golfing or a leisurely hike ride are recommended for general conditioning. Exercise (lower right) trims hips; for this, you move across floor in sitting position by rolling from side to side.

By ALICIA HART
NEA Staff Writer

The woman over 40 who thinks that her age allows her to give exercise the go-by is merely inviting a middle-age slump.

Muscles are kept in tone, flesh kept firm and circulation pepped up by including a certain amount of exercise in the daily program. What exercise to take? I put this question to Ann Delafield, director of a Fifth Avenue salon who charts exercise programs for women of every age.

This expert says a physical check-up before you plunge into exercise will help you to determine just how strenuous a program you can safely adopt.

A sport or recreational activity which can be fitted easily into a way of life is a good choice, according to Miss Delafield, who

recommends walking, golfing, bicycling or swimming. Warning against strain, she says that the walking need not be a strenuous hike, nor the golfing a battle for the club's cup. She adds that indoor swimming in moderation is not taxing, nor is bicycling over rolling country. But avoid the hills. Housework, says our expert, is

GS Council Fetes Virginia Rado With Luncheon

Miss Virginia Rado, recently-appointed Girl Scout executive for the Permian Basin area, was honored with a luncheon at the Ranch House Thursday to enable her to meet personally members of the Midland Girl Scout Council which Miss Rado, in a brief talk, complimented on the willing cooperation it receives from the citizens.

Miss Rado, who is from a small city in New York, told members of the council of her experiences as a Red Cross worker in the European theater from 1944 to 1946, during which time she operated a club for a P-51 combat unit prior to D-Day and later lived in Normandy orchards. She worked with Patton's army in the Battle of the Bulge, and because of the varied experiences of going without bed and bath for months she does not think war is any place for a woman. Miss Rado was just outside Munich at the war's end, and relates one of her most pleasant experiences as the months vacation she spent in Wilhelm Frick's mansion at the foot of the Alps. Miss Rado contrasted her trip to Europe with her return and the effect the war had created on the 3,500 who returned with her on a French boat, which carried a normal load of 700.

Members of the Girl Scout Council present included Mrs. C. E. Bissell, commissioner; the Rev. Robert Snell, deputy commissioner; Mrs. Stanley Erskine, Mrs. S. P. Hazlip, Mrs. Don Johnson, Mrs. L. Otis Baggett, Dick Loozy, Mrs. O. L. Stalcup, Mrs. Neal Marks, Mrs. Robert Payne, Mrs. J. J. Black and Beverly Littlejohn.

Special guests were Mrs. M. D. Chatman of Edinburg, Texas, and Miss Rado.

Blaming It On The Farmer

The tendency of city folk to blame the farmer for today's high cost of living is worth a second look. Farm prices are nearly three times as high as in 1910-1914. Many farmers would be satisfied with lower prices. But they would also be chumps if they refused to accept the high prices city fellers are willing and eager to pay for crops and livestock today.

Only 52 cents out of the consumer's dollar go to the farmer. The other 48 cents go to railroads and truck lines for transportation, the food packers and canners, the wholesalers and retailers.

But, as U. S. farmers this month complete their 1947 harvest, the Department of Agriculture estimates that national farm income will reach the all-time total of \$29,500,000,000. Last year it was \$25,300,000,000. In 1940 it was only \$11,000,000,000.

The combined assets of American farmers—their land, livestock, machinery and savings—are today given a value of \$111,000,000,000. Last year it was \$98,000,000,000. Before the war it was \$54,000,000,000.

Total of farm mortgages and loans is put at \$8,000,000,000, as against \$7,000,000,000 last year and \$10,000,000,000 before the war.

These big figures on the national farm prosperity are impressive. They indicate that U. S. farm income has nearly tripled, that the farmers' net worth has nearly doubled and that their indebtedness has gone down a fifth. Under such conditions, the average farmer should be feeling no pain.

To get the feel of how well off this average farmer should be at harvest time, divide the above dollar totals by 5,800,000—the number of U. S. farms in operation. It will show the average farmer's income this year should be \$5,000, as against \$4,300 last year and \$1,900 before the war. It will show his land and equipment worth \$19,000 today as compared with \$9,300 before the war. The average farm indebtedness is shown to be \$1,380 as against \$1,720 before the war.

Bear in mind that these are national averages for all farms—from 10 acres in suburbia to 10,000 acres in Texas. Over the years, the size of American farms has been increasing. Today the average is 220 acres. In 1935 the average acreage was 154.

Actually, there is no such thing as an "average farm" that can raise a little bit of everything grown in the United States. In trying to get at the condition of the mythical average American farmer, allowances have to be made for sectional differences.

In general, the great plains area has shown greatest advance. Meat and wheat, the two staples of the war, have given midwest farmers a real boom. The cotton belt has not done quite as well. New England farms have shared least in the war prosperity.

The physical volume of crops and livestock sent to market this year will probably be down a little from last year's peak.

The fortunes of farmers rise and fall as the yields go up or down. It is the continuing scarcity of farm products, plus higher levels of consumption, that have driven up prices and brought the farmer his new prosperity.

But, even here, there is an unequal spread in the division of farm income. The big, mechanized factory farms using scientific methods get a greater proportionate share of the profits than the old-fashioned farmers. That may sound like a truism, but it is the big story.

Three-fourths of the total farm income this year may be earned by the top third of the nation's farmers. At the other extreme, the bottom third will get less than five per cent of the take.

Reducing this to averages again, it means that in round numbers, the 2,000,000 top farmers will take in more than \$11,000 apiece—or \$22,000,000,000—for their year's work. But the 2,000,000 farmers at the bottom of the scale will gross less than \$1,400,000,000, or \$700 each.

This is still the tragedy of American farming today—the one-third of the farmers who live on marginal land and barely make a living.

Fatal Error

An American "intimately acquainted with atomic development" is quoted as believing the Russians are so atomically inept that "if they do get an A bomb they may blow themselves up with it."

Remember when Hitler's synthetic mechanized equipment broke down, marching into Austria, "proving" that the Germans were no threat to World Peace? Remember when tiny Finland held up mighty Russia so long that we discovered the Soviet Army was an impotent delusion? Remember when the unoriginal Japs couldn't resist American might longer than it would take to steam a task force to Nippon?

Maybe the Russians couldn't handle an A bomb if they had it. But suppose we based foreign policy on that belief, and were proved wrong. Want to take the chance?

Spend all your time chasing rainbows and you'll run into a storm.

A Kentucky town won't permit bachelors to work on town jobs. Perhaps they pause too often to eye passers-by.

'Food Jamboree' Slated Friday

A "food jamboree" to obtain food supplies for the hungry peoples of European countries will be staged under the sponsorship of the Midland Lions Club at 7:30 p. m. Friday in the City County Auditorium. The public is invited to attend.

The Lions Club Philharmonic Hill Billy Orchestra, under the direction of John Biggs, will be presented in a concert as a feature of the program. Other special entertainment numbers have been arranged.

The foodstuffs will be sent to New York aboard the Texas Food for Peace Train for shipment overseas. The Texas train was arranged by Texas Lions when it was learned the Friendship Train, originating in San Francisco, will miss Texas completely.

Wives of Lions Club members also will be at the auditorium Saturday to accept supplies. All foods, except perishables, will be accepted for shipment. The supplies will be packed by club members.

CONGRATULATIONS TO:

Mr. and Mrs. J. K. Redden on the birth Thursday of a daughter, Marilyn Kay, weighing four pounds, nine ounces.

Mr. and Mrs. O. G. Harris on the birth Thursday of a daughter, Sherlin Marie, weighing seven pounds, three ounces.

Mr. and Mrs. E. M. Tabor on the birth Thursday of a daughter, Judith Ellen, weighing five pounds, 13 ounces.

FIRST BAPTISTS TO CONDUCT YOUTH SERVICES SATURDAY

The series of revival meetings being conducted by Dr. A. B. White of Dallas at Midland's First Baptist Church will continue at 10 a. m. and 7:30 p. m. daily through Sunday, with Saturday morning as Youth Service, to which all school students and other young people are invited. Motion pictures will be taken immediately following this service.

The regular Sunday services will be augmented by a special service at 3 p. m. for the ordination of Dr. Glenn Walker as a deacon of the church and the Ordinances of the Lord's Supper and Baptism.

Latin-American Group Hears TB Discussion

Mrs. Linnie Davidson, executive secretary of the Midland County Tuberculosis Association, presented a health program to a Latin-American group Thursday in the Benito Juarez Hall, with a discussion by G. R. Sauri on the causes and treatments of tuberculosis.

A motion picture, "This Is TB," and a cartoon, "Christmas Time in Toyland," were shown.

Among the more than 100 attending were members of the tuberculosis board, including Mrs. J. M. Devereux, Mrs. F. R. Schenk and Mrs. John Mashburn.

MRS. L. R. PITTMAN FETES DAUGHTER'S FIFTH BIRTHDAY

Mrs. L. R. Pittman, 906 South Colorado Street, entertained Tuesday with a party honoring the fifth birthday of her daughter, Patricia Ann.

As guests arrived, they were presented with favors of plastic train whistles and balloons.

The pink and white cake was served from a lace-laid table around which "Happy Birthday" was sung to the honoree.

Pictures were made of the group, which played games throughout the afternoon.

Guests included Kay Snook, Nadine Oates, Doyle Pittman, Diane Barber, Billy Donnell, Roberts Donnell, Ronda Gay Gaines, Brenda Goachie, Arline Pittman, Rodney Pittman, Mary Evelyn Snoodly, Bobby Williams, Hayden Burns and the honoree.

MRS. B. C. GIRDLEY, HOSTESS AT NEEDLE CRAFT CLUB MEETING

Mrs. B. C. Girdley, 1900 West Missouri Street, entertained the Needle Craft Club Thursday afternoon, when members did needle-point work and embroidered.

Floral arrangements of pyranthia, zinnias, and ivy decorated the entertaining rooms.

Party plates were served to Mrs. S. H. Hudkins, Mrs. J. O. Noble, Mrs. J. O. Vance, Mrs. John Dunagan, Mrs. M. F. King, Mrs. H. H. Watson, Mrs. J. A. Tuttle and the hostess.

The next meeting is scheduled for 3 p. m. Thursday in the home of Mrs. M. F. King, 507 North Lorraine Street.

Receptive Crowd Grets Implications Of 'Judy' In Opening Performance

A large and receptive audience greeted the opening performance Thursday night of the two-day run of "A Date with Judy," presented by the junior class of the Midland High School, and a capacity crowd is expected at 8 p. m. Friday. Tickets will be on sale at the door.

The three-act comedy, adapted from the radio program of the same name by Alcen Leslie and directed by Verna Harris, was presented with all the teen-age complexities which have endeared the fictitious Judy Foster to thousands of radio listeners.

The action (and there is much of it) takes place in the living room of the Foster home in a Middle-western town which Judy is trying to solicit for Community Relief contributions, whereby she can be crowned the "queen of the ball" and be victorious over her rival, Tootsie.

Royce Raye McKee interprets the trials and tribulations of this teenager with a freshness which is a delight to the audience. She is aptly assisted by Sarah Lew Link, the patient mother who finally faints at one of her daughter's ideas; Jimmy Fitzgerald, the father who is in a perpetual state of pulling his hair because of his "average" family; and P. D. Smith, the little brother Randolph who enlightens everyone, including the audience, with his bright remarks and his boredom with everything except his bug collection.

Other members of the cast who exhibit a polished performance are: Eddie Jo Bryan as Hannah, the maid; Patricia Pryor as Judy's friend, Barbara Winsocket; Patsy Bray as Mitzel Hoffman, another friend; Harry Loskamp as Mr. Martindale, the unfortunate theatrical producer who escapes with his taut nerves from Broadway only to be approached by Judy, who has decided to become an actress; Carolyn Schaeffer as Mrs. Hotchkiss, the laundry woman; Billie Prothro as Eloise Hotchkiss, who "elocutes"; Barbara Ellis as Mrs. Shlutzhammer of the P-TA; Billy Briggs as Rexford Meredith O'Connor, a new boy in town; Lois Black as Susie, Rex's kid sister; and Jim McGraw as the announcer.

Oogie Pringle, the man in Judy's life, is played by Bob Short, who added no end of gaiety with his typical teen-ager mannerisms, expressions, and squeaky-voiced pleas for "A Date with Judy."

Peggy Whitson is the student director, and the attractive stage sets

Survey Forecasts Rich U. S. Market In 1948

NEW YORK (P)—The richest and ripest market the world has ever seen, a 200 billion dollar American market, has been forecast for 1948 by Fortune magazine after an over-all study of U. S. merchandising and distribution.

The consumer market in 1948 will demand fair prices. Fortune said, and the scale of the spending for extras will depend upon price trends in food, housing and textiles.

After their wedding on November 20, Princess Elizabeth and Lt. Philip Mountbatten will start their honeymoon at Broadlands, pictured at top, in Romsey, Hampshire. The eighteenth century home of Viscount and Viscountess Mountbatten is presently used partly as a hospital, and the royal couple will use only a section of it. The royal couple will spend the remainder of their wedding trip at Birkhall, below, the Summer home of the Duchess of Kent near Balmoral, Scotland.

West Dallas Thrills To African Lion Hunt

DALLAS (P)—West Dallas was still talking about its lion hunt Friday, though the remaining survivor of a pair that wandered about for five hours was safely caged.

The male and female full-grown African lions Thursday escaped from the cage of their private owner in Fossom Hollow, a wooded section in the Trinity River lowlands. Before a posse of 50 armed men and women ended a five-hour hunt, one man had been bitten and the female lion killed.

George Pointer, one of the hunters, was bitten on the right arm when he tried to drive the lioness back to her cage. Frank Carroll, 38, killed the animal with four charges from a 12-gauge shotgun. The crowd surrounded the maimed lion and roped, tied and hauled him back to the cage on a truck.

Noble Hamler, veterinarian and animal trainer, owned the lions, and explained they escaped while he was at breakfast.

Midland County Convict Escapes

HOUSTON (P)—Jack Friday, 19, serving five years for burglary from Midland County, and Thomas J. Barnwell, 23, serving 12 years for robbery and burglary escaped from the Darrington Prison Farm near Sugarland, the Houston police department was notified.

Police said the pair escaped Thursday while bailing hay in a field where only one guard was on duty.

Friday was sentenced March 4, 1946, on charges of burglarizing the Tom Nix residence in Midland.

Bill Hall, son of Mr. and Mrs. W. H. Hall of 511 South Main Street, is leaving next week for Columbia, South America, where he will spend two years as a petroleum engineer for The Texas Company.

A graduate of Midland High School and of Hardin-Simmons University, Hall spent four years in the Navy, returning to complete his bachelor of arts and bachelor of science degrees last August.

Hall, accompanied by his parents, will spend the weekend with his grandparents, Mrs. R. W. Sams of Cooper, and will leave Monday for New Orleans, La. He will go from there by plane to Bogota, Colombia.

A farewell picnic was given in his honor this week at Cloverdale Park. The following attended: Max Wilson of Ozona, Everett Miles, Elaine Connelly, Pat Withers, Dorothy Mudd, Billy June Moses, Betty Lou Crouch, Claudene Simms, Mr. and Mrs. Otto Wink, and Hall.

Jim Carlson Returns From Airline Meeting

Jim Carlson, station manager for Continental Air Lines here, returned Thursday from El Paso where he attended a two-day conference of station managers from Texas, Kansas, Oklahoma, New Mexico, Colorado and Missouri with officials from Continental's general headquarters in Denver. Mutual problems of airline passenger service reservations, traffic, sales, cargo, public relations, operations and maintenance were discussed, Carlson said. The meeting was conducted by Robert E. Six, president, and O. R. Hauser, vice president in charge of operations.

Swing Your Governors, Circle 'Round, Do-Si-Do, Bow to the Ground

Chief executives of five states step high, wide and handsome as they enjoy the fast pace of a traditional Appalachian square dance at Asheville, N. C., where they attended the annual Conference of Southern Governors. Back to camera, foreground, Virginia's William M. Tuck faces Millard Caldwell, of Florida. Behind Caldwell is William P. Lane, Jr., of Maryland. At extreme right is Alabama's Big Jim Folsom and next to him, R. Gregg Cherry, of North Carolina.

JayCeas Endorse Hospital Drive

The Midland Junior Chamber of Commerce, endorsing the Midland Memorial Hospital's approaching campaign, pledged wholehearted support to the drive at a luncheon meeting Friday in the Scarborough Hotel.

It was announced next week's luncheon meeting will have a program presented by the hospital campaign workers.

Keith Stuart made the motion which resulted in the organization's pledged support to the campaign to build a hospital in Midland.

A Thanksgiving dance, to be held the evening of November 26 at the VFW recreation hall at Midland Air Terminal and sponsored by the JayCeas, was announced. Committee workers on the dance include Alfred (Red) Petty, A. T. Wheeler and C. R. Vandervoort.

Ray Gwyn was program chairman at the luncheon. He is leader of the membership committee and he called on early-day JayCee members to comment. Speakers included Riley Parr, Ernest Neill and Joe Mims. Dr. Henry L. Schlichting announced JayCeas should cooperate with the Lions Club on a project to get food for Europe, supporting the Friendship Train project. A directors meeting was held following the luncheon.

DID YOU LOSE TABLE?

W. L. Simmons, 305 West Louisiana Street, reported to police Thursday that a small white table had been left on his lawn Halloween night. He is holding it for the owner to claim.

The U. S. Government Printing Office used 4,196 carloads of paper in 1946.

airport hangar at Hereford carried it over a fence and dumped it on a highway. Two of the 10 planes in the structure were badly damaged. Loss was estimated at about \$10,000. A short-lived rain, wind and hail-storm struck Gainesville.

No major damage was reported in other areas.

Lowest temperature in the state was reported at Amarillo, where the mercury dropped to 17 degrees.

Lubbock and Pampa reported 19 degrees, and many points shivered under below-freezing temperatures. They included Wink 22, Salt Flats 26, Big Spring 27, Childress 29, and El Paso, Eldorado and Wichita Falls 30.

The first killing frost of the year struck the Big Spring area. However, due to a prolonged drought, the freeze was regarded generally as beneficial to cotton producers.

Continued cold weather is predicted.

Crash Near Quinlan Kills One, Hurts Five

DALLAS —(AP)— Billie Blount, Greenville, Texas, garage owner, remained in a critical condition in Baylor Hospital Friday as the result of injuries received Thursday in an automobile accident in which his wife was killed and five others injured.

The accident occurred two miles south of Quinlan on the Greenville Terrell highway.

Mrs. James Hogan of near Terrell also was injured critically.

Less seriously injured were Mrs. J. E. Odmire and daughter, Mae, and Mrs. Hogan's infant son, all of near Terrell.

\$7,211,675 In High Mineral Bids Awarded

AUSTIN —(AP)— High bids on mineral leases totaling \$7,211,675 on 378,000 acres of submerged lands in the Gulf of Mexico were awarded in unanimous action Friday by the State School Land Board.

Two tie bids submitted by Humble and D. L. Parker on 55 acres in Franklin County for \$550 each and a second by Phillips Petroleum Company and the Sun Oil Company on 760 acres in Galveston Bay for \$11,680 were ordered returned to the bidders.

The accepted bids were the high bids in every case, the board pointed out.

(Communism) and Socialism have strengthened, but the forces of Capitalism have weakened.

Praises Stalin
"The successes of the Democratic camp (Communists) give the warmongers no rest. Forgetting the lessons of the recent war, they are calling for a campaign against Democracy (Communism), against the Soviet Union, and making plans for a new imperialistic war."

Bulgaria was extravagant in his praise of Prime Minister Stalin, who apparently was still on vacation at a Black Sea port, and of the armed forces of the U. S. S. R.

His speech echoed an order of the day he issued Thursday night, in which he called for Russian armed forces to "be in constant militant preparedness against 'instigators of a new war.'"

Follows Molotov
It followed by only a few hours a speech by Russian Foreign Minister V. M. Molotov, who declared that the "secret of the atomic bomb ceased to exist a long time ago." He charged the United States and Britain were making "a preparation for aggression."

Molotov's declaration in the Bolshoi Theater that the secret of the atom-bomb had ceased to exist was greeted, according to Moscow dispatches, by an audience which sprang to its feet "and cheered wildly and with abandon for a prolonged period."

Big guns were said to have spread across the faces of Russians who heard him, and their triumphant glances were interpreted as meaning: "Now we've got it, too."

Man And Woman Shot Fatally In San Angelo

SAN ANGELO —(AP)— Mrs. Ruby Bouse, about 35, and Claude C. Pharr, 43, former ranchman and truck operator, were shot to death in the hallway of a rooming house here Thursday night.

An inquest hearing was pending Friday before Justice of the Peace J. W. Patterson.

BIKE RECOVERED

A bicycle reported stolen Thursday from Mrs. Lester Brown, 1405 West Washington Street, was recovered Friday by police.

If the birth rate in the United States during the 1930s had been long continued the number of people in the country would have declined, barring heavy immigration.

Denver Hot Oil Case Is Set At Lubbock

FORT WORTH —(AP)— Trial of the Denver Producing and Refining Company of Oklahoma City and officials was set for Lubbock, Texas, after an indictment was returned Thursday for alleged conspiracy to violate the Connally Hot Oil Act.

Fifty-seven counts and 119 overt acts were listed in the federal grand jury indictment, dating back to Feb. 2, 1938.

Robert G. Rapp, Hugh E. Rapp, Robert E. Rapp, Sterling Williams and Otto F. Thompson were named in the indictment, besides the company.

Trial of the case may possibly come during the next court term, which begins November 23.

Sister Of Midland Man Buried Friday

Funeral services were scheduled at 2 p. m. Friday in Big Spring for Mrs. Viola Caughey, 73, resident of Howard County 40 years, who died Thursday night in a Big Spring hospital.

Interment will be in Midland's Fairview Cemetery at 4 p. m., with the Rev. J. B. Reynolds officiating.

Other survivors include three children, seven grandchildren and two great-grandchildren.

Mrs. Caughey was a sister of Bass Bryant of Midland.
