NUMBER 31

Grand Jury To Investigate Sunday Fight

Judge Charles Sherill was here Wednesday morning to convene the 112th District Grand Jury, for the specific purpose of investigating what was reportedly a racial fight which erupted in downtown Ozona Saturday night and the resulting retaliation and counter charges following.

According to reports Mexican-American and Anglo youths got into the confrontation about 10:30 Saturday night. Most of the young men are out of school and can be considered adults. Only one high school youth was named. There were several injuries, but one man, Bobby Large, an employee of Stuart Motors, was beaten unconscious and hospitalized.

Threats of retaliation and another confrontation have been kept under control by local officers so far this week, but the grand jury will conduct a thorough investigation, with possible indictments for some on both sides of the affray. Most participants are in their early twenties.

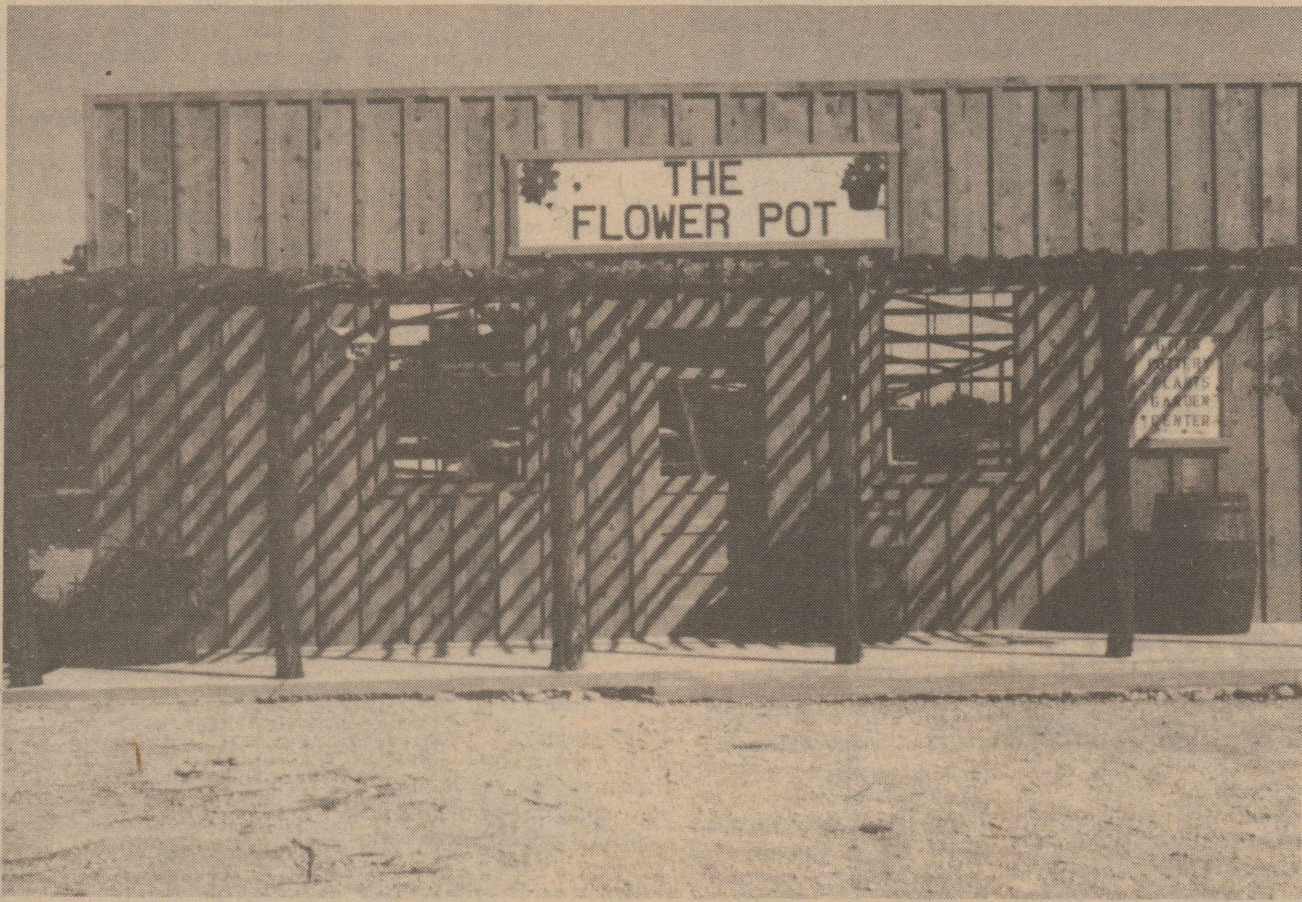

Sheriff Billy Mills and DPS officers arrived on the scene after most of the action was over and were unable to determine what took place. Sheriff Mills said he would turn names of all those involved over to the grand jury.

Burglaries Highlight The Week

A motorcycle was stolen from the Flying W Motel one night last week and the home of Mr. and Mrs. E.F. Sharp was burglarized the same night. Monday morning a burglary at Watson's Department Store was discovered.

The motorcycle, belonging to Dick Webster, was missing when the family woke up. Mr. and Mrs. Sharp were asleep in their bedroom when the burglar removed screens from the house until he found a window he could enter. He entered the house and went directly to a desk where the Sharp's had been keeping the night's receipts when they closed the Dairy King. Approximately \$300 was taken. Officers discovered the empty bank bag near a hedge at the edge of the property the next morning.

When Watson's opened for business Monday morning it was discovered that someone had gained entrance to the store during the night through the sky-light. An unspecified amount of money was taken along with some billfolds and jewelry.

NEW ADDITION TO OZONA is The Flower Pot on Beall Street. Mrs. Johnny [Patti] Jones is opening the combination pot, gift and greenhouse plant shop. The gift shop will be in the front of the building with a large

greenhouse featuring pot plants, house plants and bedding plants, in the back. Mrs. Jones hopes to be open by the second week in October.

Ozona Lions Down #1 Rated Seagraves For Fifth Win

The Lions chalked up their 5th straight victory by defeating the Seagraves Eagles 25-0 here last Friday night.

The Lions performance was nothing short of spectacular. Seagraves was rated Number One in the Class A by the Harris poll before last Friday's game. They had allowed only eight points to be scored on them all season while they had averaged over 50 points per game. Coach Sewell said that no one player could be singled out as the outstanding player of the game because the game was a prime example of teamwork.

The first score came late in the first quarter when Blake Moody made a one yard dive for the six points. He finished a drive that lasted 8:20 and covered 72 yards. The extra point kick failed.

Halfway through the second quarter, Gary Warren plowed through the line with a one yard dive for the T.D. This drive, lasting 4 minutes 55 seconds, consumed 62 yards. The P.A.T. again failed.

With only 15 seconds left in the first half, John Galvan was called on for a field goal attempt. His kick sailed 23 yards and through the uprights to add three more points to the Lions' score. At the end of the half it was 15-0 Lions.

The next score came near the end of the third quarter when Dan Sewell connected with Warren for a one yard

touchdown pass. This play ended a 58 yard drive which lasted six minutes. Galvan toed the extra point to make it 22-0 in favor of the Lions.

The last score came midway through the fourth quarter when Galvan was again called on for a field goal attempt. This time, the kick flew 27 yards before splitting the uprights.

The leading rushers for the night were Blake Moody with 132 yards, Warren with 79 yards and DeHoyos with 28 yards.

Outstanding defensive players were Warren with 10 tackles, one recovered fumble, and one intercepted pass. Clyde Bailey with nine

Wildcat Set For County

Suburban Propane Gas Corp., San Antonio has re-scheduled also as a 10,000 foot wildcat its No. 1 Jones-Miller, previously scheduled to clean out the 6,800 feet for completion attempt as a Canyons and gas producer, surrounded by that pay, in the Ozona multipay field of Crockett County, 1 5/8 miles southwest of the Hunt-Baggett (Strawn gas) field and 12 miles southwest of Ozona.

It originally was drilled by Frio-Tex Oil & Gas to 6,800 feet and abandoned May 18, 1968.

Location is 1,320 feet from the south and 1,400 feet from the west lines of 8-J-GC&SF.

Ozona Men Sentenced In Heroin Case

Two Ozona men pleaded guilty to delivery of a controlled substance late last week and were both sentenced to 15 years in prison.

Arturo Torres was sentenced in 51st District Court in San Angelo and Carlos Castillo was sentenced in 112th District Court in Ozona.

Charges were filed in Irion County against both men in connection with the sale of 118.40 ounces of heroin to a DPS undercover narcotic agent for \$8,000. The transaction took place near Barnhart March 11. Similar charges were pending against the two men in Crockett County.

The judges in both courts took into account other charges pending, and the sentences reflect all charges in both counties.

Brian Gries Is National Merit Scholar

Principal Jim Payne announced that one senior at Ozona High School has been named a Commended student in the Merit Program by the National Merit Scholarship Corporation (NMSC).

Letters of Commendation were presented to Brian L. Gries.

These students are among 35,000 Commended students nationwide who are being recognized for their outstanding performance on the 1975 Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT). Commended students represent less than 2 percent of the nation's secondary school senior class. Although Commended students scored below the level required for the 15,000 Semifinalists who will continue in the Merit Scholarship competition, their test performance indicates

exceptional academic promise. Edward C. Smith, president of NMSC, said: "The high standing of Commended students in the Merit Program shows their great promise, and their attainment in this nationwide competition deserves public recognition. Commended students should be encouraged to continue their education."

To increase their opportunities for college, NMSC makes it possible for regionally accredited U.S. colleges to obtain, on a cost basis, the home addresses of Commended students.

Hwy. Const. Includes Crockett Co.

Highway construction contracts let in September by the State Highway and Public Transportation Commission include work in Crockett County.

The work will be supervised by District Engineer D.R. Watson.

A contract was awarded to J.H. Strain & Sons, Inc. of Tye. Low bid was \$3,758,659.63.

The project, which will require an estimated 450 working days, is for grading, structures, flexible base, two-course surface treatment, signing, delineation and pavement markings on US Highway 290, south of Bachler Hill, to Bachler Hill, and on Interstate Highway 10 from US 290 at Bachler Hill to 17.4 miles west of Ozona, a total distance of 5.2 miles.

OZONA RIFLE CLUB

The Ozona Rifle Club will hold a meeting Tuesday, Oct. 12, at 7:30 p.m. at the Border Patrol office. All members are urged to attend.

Federal Judge Refuses To Grant Election Injunction

Federal District Judge Halbert O. Woodward refused to grant a temporary injunction against the November general elections in Crockett County at a hearing Monday in the Federal Court Building in Lubbock. He did, however, order a three-judge panel convene to hear the suit brought about by four Crockett County Mexican-Americans who claim May primary elections in the county were held illegally.

The hearing was set by Judge Woodward after the attorney for the county filed answers to a suit filed in district court in San Angelo in July by the four men who claim to be spokesmen for the Mexican-American community in Crockett County. The suit was a result of changing precinct lines in the county to comply with the "one man, one vote" concept. The lines were redrawn in 1974 and altered slightly in October of last year. When the Voting Rights Act of 1965 was extended to Texas last year, it stipulated all changes in voting procedure must be cleared through the Justice Department, retro-active to 1972. The Mexican-American group protested the change in October of 1975. A called meeting was held in October and attorneys for both sides plus officials involved reached an agreement after 75 voters were moved from precinct 4 back to precinct 1. After the agreement was reached, both attorneys, Lucious Bunton for the county and George Korbel for the M-A group, agreed that submitting the proposal to the Attorney General would be a matter of form and would be routinely passed without protest. At that time, officials thought the lines as redrawn would be the boundaries until the 1980 census was taken.

However, following the primaries, the four-man group filed the suit in protest. No action on the proposal had been taken by the Justice Department until after the second primary when Sostenes DeHoyos was beaten for the position of Commissioner Precinct 1, by incumbent commissioner Jesse Marley. DeHoyos led in the first primary in a three-man race. DeHoyos was backed by the plaintiffs, was campaign manager for DeHoyos' campaign.

Judge Woodward agreed to enter an order asking that a three-judge court be convened to hear the case. Date and place of the hearing is yet to be determined, as is the membership of the three-judge panel. The panel will seek to determine whether the county lines as restructured

dilute the effect of Spanish-surnamed voters.

In addition, the judge refused a plea in abatement asked by defense attorneys to stop the suit on the grounds that the Justice Department delayed more than sixty days making a decision on the case and therefore indicated that the proposal had passed routinely.

The Voting Rights Act specifically calls for a three-judge panel to hear such suits on the grounds that such voting cases merit consideration of more than one judge. Indications were that this hearing would not be set until after the first of the year, so plans will proceed as scheduled for the general election November 2. The suit asked that the commissioners races be deleted from the ballot and that a new election be held, but since the incumbents are in office and did win nomination in the primaries, their names will appear on the ballot until and if they are unseated by another primary.

Filing the suit were Hector DeHoyos, Robert Flores, Jesse Fierro and Armando Reina "individually and on

behalf of all others similarly situated." Incidentally, Reina ran for the post of commissioner precinct 1, against Marley in 1972. Following his loss, he brought a suit against Marley on the grounds that he did not live in precinct 1, but was unsuccessful in having him removed from office.

The four plaintiffs are claiming that the recent primaries were held even though the county had not received clearance from the Justice Department. The defendants claim that since a decision was not made by the Department before the sixty-day limit, there is no merit in the case.

Named in the suit are most elected officials in Crockett County, the entire commissioners clerk, as well as the county clerk, the sheriff and Democratic Party Chairman John R. Hunnicutt.

Local officials who attended the hearing in Lubbock Monday seemed to be of the opinion that nothing would come of the suit to affect voting procedure in the county in the near future. However, they warned that the litigation could go on for years.

Improvement and Expansion Told For Ozona T-V System

Improvement and expansion of television service for Ozona viewers in the very near future is promised in announcement by the management of Ozona Television System of contracts entered into to bring three additional television stations to the present system and strengthening the signal of two others now on the system.

The plan, as explained by Oscar Kost, Ozona TV System manager, will involve a contract with VA Columbia, Inc. of San Angelo, which now furnishes tv cable service to San Angelo patrons, to import three Dallas channels, WFAA, ABC station; KFJZ, an independent station, and KERA, educational channel, to Ozona system.

The contract involves, also, a considerable strengthening of signals from the two San Angelo stations, KCTV (CBS), and KACB (NBC), both of which are presently on the Ozona cable system, but will be received in a package deal from the concern's tower at Eldorado. Television Enterprises, Inc. of Brady recently purchased the Eldorado and Sonora systems and the new microwave import is a joint project of Television Enterprises and Ozona Television System.

The Dallas signals are being brought over present

microwave facilities from Dallas-Fort Worth to Abilene, and to Ballinger, Miles San Angelo, and will be assisted by a microwave hop at Christoval and to Eldorado. Behind the purchased signals at Eldorado, which will be brought to Ozona over the local company's microwave system, will be the combined engineering service of VA Columbia, Inc. of San Angelo, of which Ken Gunter of San Angelo, is vice

(CONT'D ON PAGE TEN)

Ozona Gets 2 Inches Of Rainfall

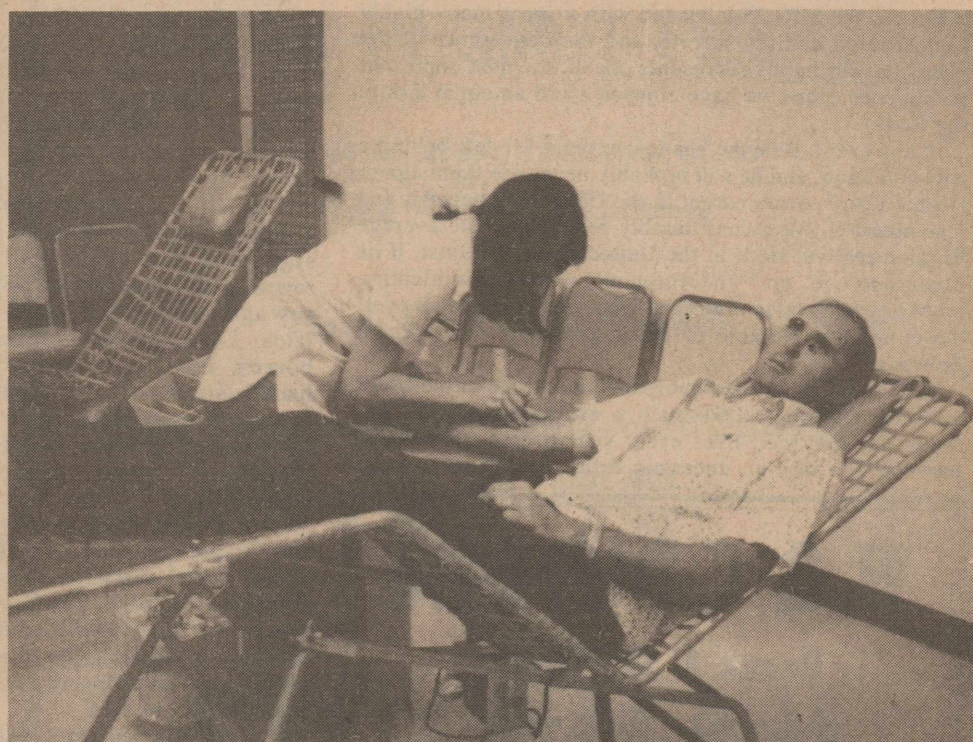

Ozona and Crockett County received about two inches of rainfall during thunderstorms Monday morning which came on the leading edge of a fall cold front.

The area escaped the heavy rain and flooding which occurred later in the day and Monday night in counties to the east of Crockett.

Temperatures dipped as the front made its way through late Monday night. Tuesday morning dawned with blue skies and cool, crisp fall weather. The overnight low was near the 40-degree mark.

CRASH LANDING AT OZONA AIRPORT Friday afternoon allowed a Washington State man and his son to walk away. Ozona fire and ambulance officials were on hand until the plane landed safely. As the light plane approached the run-way, a wheel came off. The pilot lifted the plane and circled until he could use up enough fuel to attempt to land. There was damage to the plane, but both men escaped injury.

IF I DON'T LOOK, I'LL NEVER FEEL IT - seems to be the expression on H.O. Hoover's face as he donates a pint of blood while the blood services mobile unit was here last Tuesday. The Service located in San Angelo serves forty hospitals in this area on a volunteer basis. The unit was sponsored in Ozona by the Ozona Womens League.

MEMBER 1976 ASSOCIATION

BOO BELLA, YEA PAT

Daniel Patrick Moynihan has done this nation a service of inestimable value by knocking off Bella Abzug in the recent Democratic senatorial primary in New York. By doing so, he removes Bellicose Bella not only from Senate consideration, but also from her house seat which has been her platform from which to shout her hatred of America and its democratic institutions during her six-year tenure.

Our only regret in Moynihan's victory is that he now faces incumbent Senator James Buckley in November. Buckley has proven himself one of the Senate's most articulate champions of a strong national defense and less government interference in the private lives of American citizens. But Moynihan, who distinguished himself as this country's U.N. Ambassador, would likely support many of the same causes Buckley has fought for.

At this point, we'd have to give our preference edge to Buckley, for two reasons: (1) he's a known quantity in the Senate; and (2) the Senate lacks political balance. If Buckley is defeated, that problem will become more acute yet. But if the political fates decree that Buckley won't be around to usher in the 95th Congress, there's no Democrat we'd rather see in his place than Pat Moynihan.

But back to Mrs. Abzug and why her defeat was accompanied by the popping of champagne bottle corks throughout America - and probably the free world. During her three terms of representing the good people of New York's 20th District, she has opposed virtually every measure to strengthen the internal and external security of the U.S. and its allies.

This incredibly irresponsible record gave substance to Moynihan's charge during the campaign that Mrs. Abzug has "never voted a dollar for American defense." Her cynical ways were compounded by her appeal for New York's sizable Jewish vote in the pretense that she is a friend of Israel's. But this didn't wash with the state's Jews who reasoned, logically enough, that if Bella's votes had been the wave of national policy, the U.S. wouldn't have even built the weapons Israel relies on.

Mrs. Abzug also sought blatantly to capture the mantle of Margaret Chase Smith, formerly the Senate's only woman senator. Mrs. Smith, of Maine, however, was a defense expert and a responsible public official. It is comforting that the people of New York recognized that, when it comes to Senators, it is what is under the hat that counts.

THE UNLUCKY SOVIET FLYER

Consider the case of 1st Lieutenant Victor Belenko of the Soviet Air Force.

It was Belenko who landed his super-sonic MIG-25 "Foxbat" fighter plane at a remote airport on the northern Japanese island of Hokkaido, after a hair-raising flight from a Soviet air base near Vladivostok, USSR.

Belenko's initial cover story that he was "lost" seems unlikely, since, among other things, his gas tanks were well supplied with fuel. It is known that normally the Soviets are very cautious to provide just enough fuel to complete a limited mission as a precaution against defection. (Can we imagine the United States imposing such restrictions on American flyers?)

In any event, suppose that he did, in fact, get lost and make an emergency landing? It is extremely unlikely that Belenko would choose to go back, well knowing the fate that would await him for making such a fantastic blunder. It would be Siberia or worse. After all, the MIG-25 is said to be the most advanced fighter-interceptor plane in existence, which, in itself, gives the lie to those who still try to claim that the United States is "ahead" in national defense. (The only comparable thing the United States has is our SR71, but under the State-Department-imposed "deterrent" and "detente" rules, the aircraft has been limited to merely reconnaissance capabilities - not interception.)

Hence, the MIG-25 is loaded with a great many highly sophisticated military secrets, and the deliverance of the plane into our hands represents one of the most important intelligence coups we have enjoyed - and an equal loss to the Reds.

In any event, Belenko has few options. He left behind a wife and a son, and he will probably never see them again. He left a very secure career in the USSR with benefits and a standard of living considerably better than the average Russian civilian. Here in the United States he must, if he expects to live, go "underground" with a new identity, build a new job talent and capability, and start life all over, never again to be able to stand and say: "I am Victor Belenko."

How bad, how indescribably bad must it be in the USSR to cause anyone to take such a course of action? Yet, thousands risk their lives every year to flee the "Soviet paradise" to face an uncertain future in the free world.

FALLACY: SHIFTING CONTROL OF MARINE MAMMALS FROM THE U.S. GOVERNMENT TO THE STATE OF ALASKA WOULD NOT ENDANGER THESE PROTECTED SPECIES. FACT: MARINE MAMMALS ARE PART OF THE HERITAGE OF ALL U.S. CITIZENS. THE COMMITTEE FOR HUMANE LEGISLATION WARNS THAT ENDING OF PROTECTION WOULD ENCOURAGE KILLING BY HORDS OF PEOPLE TEMPORARILY EMPLOYED IN ALASKA!

by Lyndell Williams

AUSTIN - Supreme Court Justice Lewis F. Powell Jr. has ruled the name of former U.S. Senator Eugene McCarthy must appear on the Nov. 2 ballot in Texas as an independent presidential candidate.

Secretary of State Mark White said the high court's decision will create chaos for state election officials. White labeled Powell's ruling "harmful" and "expensive."

Powell also ruled McCarthy does not have to submit petitions bearing signatures of voters supporting his candidacy to the secretary of state.

Officials announced the state will attempt to get the Supreme Court to reconsider its decision. Robert Lemons, director of the election division of the secretary of state's office, said the decision may delay absentee balloting in some areas.

He said printing firms are already having difficulties with the already large Texas general election ballot and some may not be able to add McCarthy's name. One Austin company which prints ballots for 60 counties and punch cards for six others said 240,000 paper ballots had already been printed.

McCarthy's name is now on the ballot in 27 states and he is attempting to get on the ballot in 16 other states.

Justice Powell said he conferred with other Supreme Court justices on the matter, and a majority agreed. However, he said justices Byron R. White and William H. Rehnquist requested that Powell indicate on his order that they do not concur.

Amendment Pushed A Woodville attorney is heading a statewide committee to sell Texas voters on adoption of Constitutional Amendment 2 which calls for a \$100 million addition to the state's clean water bond program.

Josiah Wheat, chairman of the Texans for Clean Water Committee, said less than \$25 million of the original \$100 million remains in the Water Quality Enhancement Fund approved by voters in 1971.

The self-liquidating state bonding program was designed to aid cities and towns with construction of sewage treatment facilities. Local governments borrow money, on a pay back basis, from the fund to improve or rebuild their facilities when money is not available from other sources.

The additional \$100 million "must be provided if Texas communities are to improve their sewage treatment facilities and the rivers and streams in the state are to be properly protected," Wheat said.

Wheat pointed out that "Citizens Against Water Taxes" and similar groups are not opposed to Constitutional Amendment 2. He said these groups are

dedicated to defeating Amendment 1 which would authorize the sale of an additional \$400 million in Texas Water Development Bonds to be used for water development purposes.

Briscoe Eyes UT Budget Despite previous conflicts with University of Texas officials, Gov. Briscoe says he doesn't want to do any "hatchet job" on UT's budget, but he does want to make all universities accountable for their spending. House Higher Education Subcommittee members seem to agree with the governor. Committee members said they felt demeaned and insulted by educators after the committee called for a limit on the number of teaching assistants at state-funded institutions.

Bell Hearings Set Hearings on Southwestern Bell's rate increase request will get underway Nov. 1 before the Public Utility Commission. PUC limited the number of attorneys who can take part in the hearings and set up categories for protests: the Municipal League representing over 90 cities; U.S. General Services Administration; AFL-CIO and consumer groups; Communications Workers of America and Texas Retail Federation. The Commission also suspended Bell's increase for 120 days. Bell proposed the rate hike to become effective Oct. 7. PUC refused to order Bell to publish a consumer bill of rights in its December directories.

Hobby Irked Senate Secretary Charles Schnabel's retention by the Senate drew Lt. Gov. Bill Hobby's ire. Hobby said Schnabel "absolutely" should be fired. Schnabel pleaded guilty to a misdemeanor in return for dropping five felony indictments. He received a \$2,000 fine and one year's probation. Some grand jury members weren't happy with the leniency of the sentence. Meanwhile, Attorney General John Hill issued a report calling for a number of reform measures in the Senate Secretary's office, including closer auditing and accounting procedures, eliminating the use of payroll checks for other services, prohibiting cashing of state warrants by loan companies without employees' endorsements and stricter inventory procedures on Senate property. Hobby and Schnabel agreed on the reform measures. However Hobby said the Senate Administration Committee had already considered and adopted some of the reforms.

The Ozona Lions played a fantastic game against Seagraves, the picked champs of Class A. Congratulations on your 25-0 victory over the Eagles, Lions.

The Blood Mobile was here Tuesday. Several Seniors were there to donate blood. Way to go Seniors.

The booster club had their annual "Meet the Lions" night last week. All the Ozona football players were on hand from sixth grade all the way up to varsity. We want to thank the booster club very much for their great support and hospitality.

The girls basketball physicals have been taken. Any girl that wants to go out for any school sport has to have a physical, so if you have not had one make arrangements with Mr. Payne.

Homecoming is just a week away. Everybody that has not bought a mum please buy one. The Seniors need your support.

The year there will be a homecoming parade. Each class will be allowed to make a float of their choice. If you have any ideas for this event, contact a school cheerleader.

Report cards were handed out yesterday. We hope everyone passed with A's.

The Junior Varsity Football team will be going to Big Lake Thursday. Be sure to go back them up.

GRIN-N-BARE IT Manuel L. Didn't you know ice cream was for eating and not to be used as cold cream?

Romeo P. was nominated for the Academy award for storytelling after the fantastic stories he told Friday night.

Think you've had enough warnings lately John L? Were the Twirlers auditioning for the Zeigfield Folies Friday at Pep Rally?

The band really turned it on Friday night trying to relieve the Charlie Chaplin era. Even Seagraves wanted

stop seeing their natural father, could the stepfather adopt them without their father's consent?

A: As long as a parent is allowed to visit his children as provided in a divorce decree, the judge who issued the decree has the authority to enforce it through his power to hold in contempt of court anyone who violates the decree. If the judge finds that the children no longer wish to see their father, and that this is a decision that they have reached by their own choice without encouragement from the mother or some other person, the law allows the judge to abide by the wishes of the children. Adoption of children by a stepfather always requires consent of the natural father unless a court terminates the father's parental rights.

Q: The tenants in one of my rent houses have been littering the property with trash and generally have proven to be undesirable. We didn't have them sign a lease. How much notice am I required to give them before I can have them evicted? What happens if they refuse to move?

A: If your tenants pay monthly, you need to give at least 30 days' written notice. If the tenants fail to move when the advance notice expires, you can file suit for eviction in a justice of the peace court. Enforcement of any court order would be the responsibility of the sheriff.

Q: My children prefer their stepfather to their natural father. At what age can they stop visiting their father without him alleging that I'm violating his visitation rights? If they can legally

Pleasant Stores with Friendly Service

Debra Says

by Debra Price

Organizing existing storage space solves most storage problems quickly. Whether living in a one-room apartment or a 15-room house, ample storage for household goods and family possessions is often a problem.

Features such as adjustable shelves, drawer dividers and clothes hanger extenders keep storage flexible. If storage space is a premium, consider discarding or selling outdated or un-useful items.

Begin by tackling one room at a time. It will probably be best to remove all items from closets or cabinets. This allows an evaluation of the purpose, usefulness and value of each item.

Store together those items that are used at the same time. Dishes and silverware; sheets and pillowcases; detergents, bleaches and fabric softeners fit into this category.

Any job can be done easier and faster when all supplies are stored together. This is also true of similar items. For example, towels, hand cloths and wash cloths stacked together will be ready for speedy replacements all at once.

Store items so they are easy to see. Larger, taller items should be placed on the back of shelves and the smaller, shorter ones in the front. For safety and convenience, store heavy, bulky possessions of lower shelves.

COFFEE CAKE

1/4 cup margarine, softened
1 egg, beaten
3/4 cup sugar
1/2 cup skim milk
1 1/2 cups sifted flour
2 teaspoons baking powder
1 teaspoon salt

Grease a 9x9x2 inch baking pan. Combine margarine, egg, and sugar, and mix well. Stir in milk. Add dry ingredients and mix. Pour batter into prepared pan. Sprinkle with desired topping and bake in 375 degree oven about 25 minutes or until toothpick in center comes out clean.

STREUSEL FILLED COFFEE CAKE

Spread half the batter in pan. Sprinkle with half the Streusel Mixture. Add the remaining batter, and sprinkle remaining Streusel over top.

STREUSEL MIXTURE

Mix...
1/2 cup brown sugar, firmly packed
2 Tablespoons flour
2 teaspoons cinnamon
2 Tablespoons margarine, melted
1/2 cup chopped nuts

Ozona Womans League Meets At Civic Center

Mrs. Wesley West and Mrs. Tommy Wilson hosted the Ozona Womans League at their meeting September 28, 1976 at the Civic Center.

Mrs. Bob Childress, League member, gave a slide program on her trip to South Africa. Mr. and Mrs. Childress toured South Africa last spring with the Mohair Council of America. Her program was highlighted with beautiful ranch scenes of the area.

Plans for the Blood Mobile Unit to be here October 5 were discussed. League members will serve refreshments to the blood donors at the Civic Center.

Mrs. Buster Deaton, Mrs. Bill Carson, and Mrs. Jack

CROCKETT COUNTY WOMEN'S CLUB MEETS

The Crockett County Women's Club met Thursday, September 23 at the home of Judy Farris.

The president, Shelley Connors, called the meeting to order and Debbie Vordick read the minutes from the last meeting.

Members discussed community projects and the upcoming activities of the year. New members were introduced and voted in. The Program for the evening was on Cosmetics by Thomasine Spieker.

Members present were Judy Farris, Connie Nelson, Patti Coates, Debora Mayfield, Debbie Vordick, Shelley Conner, Pam Cooke, Kathy Mayfield, Pam Coates, Alice Poage, Sara Higgin, Sue Vinson, Debbie Crawford and Debbie Lopas.

Homecoming Set For Iraan and Sheffield

Iraan Homecoming activities are planned for Friday and Saturday, October 8 and 9. The Iraan-Marfa Football Game will begin at 7:30 p.m. on Friday. The Ex-Student Queen Candidates will be presented during the Pre Game Activities.

After the football game, and from 9:30 'til noon on Saturday, the Ex-Students' Association will host a coffee and registration at the Community Center. Lunch will be served by the Chuck Wagon Gang at the Iraan Park on Saturday from 12 noon until 2:00 p.m. The noon meal tickets are \$3.00 per person.

A parade is scheduled for 2:30 p.m. on Saturday, followed by the Exes Meeting in the High School Auditorium from 3:30 to 5:30 p.m. The Ex-Student Queen will be crowned at this meeting. Sandwiches and drinks will be sold at the Community Center for the evening meal from 6:00 'til 8:00 p.m. on Saturday. The Ex-Students' Homecoming Dance is scheduled from 9:00 p.m. 'til 1:00 a.m. Saturday night in the Marathon Recreation Hall. Music will be provided by Ray Price's Band of Del Rio. Tickets are \$6.00 for couples and \$4.00 for stag. No jeans will be allowed at the dance. All are invited to join in these activities.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

The change of season taking place over our area this month, brings on numerous gardening projects. Cooler fall weather rivals spring for pleasant hours in the garden.

Repotting overgrown container plants now allows them time to become re-established before bringing them indoors for the winter. Groom potted plants by pruning out overgrown, damaged or dead foliage. Plants that need to be indoors should be brought inside awhile before turning on the heat.

Spring-flowering bulbs should be selected this month. Crocus, daffodils, hyacinths, narcissus and tulips. Tulips and hyacinths need conditioning unless you buy them already conditioned. For best results, store them in the vegetable crisper of refrigerator for about 6 to 8 weeks. Then remove and plant immediately.

Bulbs will grow in sun or partial shade and are adaptable to a wide range of soils. Give them a friable soil, one that is mellow, loose and easily crumbled. Heavy clay soils tend to pack tightly and decrease bulb size. Varieties grouped by color give the best effect. Plant bulbs 3 to 6 inches deep, depending on bulb size and soil texture. In sandy soil plant deeper than in heavier soil. None are more rewarding than the daffodil. In spite of its popularity the naming of this flower creates much confusion. Is it a daffodil, a narcissus or a jonquil? To be botanically correct, all of these flowers belong to the genus Narcissus, which is simply the Latin name, and daffodil is the common English name. The word jonquil is used to describe only a very small group of flowers that have similar characteristics. They usually have more blooms in a cluster and smaller in size.

You can plant sweet peas now for early blooms. Prepare the planting site ahead of time. Dig a trench 18 inches wide and 12 to 18 inches deep on the south side of the house. Fill the bottom 6 to 8 inches with sterilized cow manure, and the remainder with a mixture of equal parts peat moss and garden soil. Apply one pound complete fertilizer to

each 15 feet of trench and water thoroughly. Allow soil to settle for several days before planting. Soak seed overnight in warm water to hasten germination. Make a furrow in the trench two inches deep and plant seeds two inches apart. Plant two rows six inches apart for an abundance of flowers. Cover the seeds and soak the trench with water. Provide a trellis to support vines to climb on.

GARDEN CLUB MEETING

The Ozona Garden Club will meet Monday, October 11, at the ranch home of Mrs. Ralph Jones at 1:30 p.m.

Efficient Lamb And Wool Production Told

The oil embargoes, changes in garment designs and increased knowledge about disease control, nutrition, management and breeding have all resulted in efficient lamb meat and wool production over the years.

However, production figures indicate that there has been a constant decline over a million sheep every year since World War II. In 1943 there were 56,000,000 sheep on farms in this country as compared with 13,000,000 this year.

Commercial sheep producers, packers and natural fiber producers are all affected by these trends. How they are affected and what they should do in the future will be discussed by leading producers and researchers during the High Plains Sheep Symposium at Texas Tech University, Oct. 16.

The chairman of the Texas Tech animal science department, Dr. Max Lennon, expects 70 producers to attend the symposium.

Joseph A. King, Texas Tech Textile Research Center wool technologist, will outline how the wool industry has changed because of various external influences.

"Oil embargoes," he said, "have cut off a large quantity of heating oil, and people have had to cut back their thermostats and reduce heat in their homes and businesses. That marked a return to wool clothing--not in a big way, but still significant." "Besides, wool designs, which had been previously available only to the affluent, are becoming the styles of the middle class," he added.

The one-day symposium opens at 8 a.m. with registration. Dr. Anson R. Bertrand, dean of the college of agricultural sciences at Texas Tech, will welcome the

delegates. The animal science department, the Textile Research Center and the American Sheep Industry are sponsoring the symposium.

Dwight Holaway, sheep producer from Pipestone, Minn., will speak on partial confinement as an alternative for sheep production.

Carl Menzies, director of the agricultural experiment station at San Angelo, will focus on what performance testing of rams has accomplished. A discussion on the economics of range sheep by Mark Wise, a graduate student in animal production at Texas Tech, will follow.

Dr. Leif H. Thompson, assistant professor of animal science at Texas Tech and symposium coordinator, is scheduled to talk on the use of low quality roughages during the morning session and on lamb growth studies

during the post-lunch meeting.

The meat packers' viewpoint will be presented by E.H. Mattingly, manager of Armour and Company, San Angelo. The value of pure bred rams is the topic to be discussed by Clifford Brockmorton, breeder from Level-land.

FIRE DEPARTMENT AUXILIARY MEETS

The Ladies Auxiliary of the Ozona Volunteer Fire Department met Monday, Oct. 4, at the Fire Department.

Three trophies, won by the mens teams at the Hill Country Firemen's Association in Sonora were displayed.

Plans were started for the Hill Country Firemens Association meeting to be held here April of next year.

Two new members were welcomed, Mrs. Jackie Weddell and Mrs. Kay Cooke.

Write-In Campaign For Sheriff Gets Underway

A large crowd was on hand Monday night at the Civic Center to meet and question Jim Goss about law enforcement in Crockett County. Goss, former chief deputy sheriff, is a write-in candidate for Sheriff of Crockett County in the upcoming general election.

Goss and the three deputies in the department resigned week before last in protest at the way the department is being run under the present sheriff.

Helen Owensby, campaign manager for the Goss campaign, introduced Goss and he gave a brief history of himself and his qualifications for the post of sheriff.

He reviewed his reasons for seeking the office, including inequality of law enforcement in the county and lack of support for deputies under the present administration.

A question and answer period followed. Many expressed concern about local traffic and speeding. Goss answered he would enforce all traffic laws and do everything possible to stop speeders.

Questions about deputies and their duties including the pay scale were asked. Goss pointed out that the pay scale was very low and added that some maintenance people on the county payroll had higher salaries than the deputies. Goss also pointed out that there had been 17 deputies in the last five years who are gone now, some being fired and some leaving of their own free will.

In response to loitering along the roadsides, parks and schools, Goss assured the crowd that if elected, he would put a stop to such actions. He cited specific laws concerning this situation, as well as dringing in public, disposing of litter, and causing a disturbance. Asked about drug traffic in

Ozona, he flatly stated that the drug situation is out of hand here. Heroin, cocaine as well as marijuana is readily available in Ozona today, Goss stated. He said that stricter law enforcement was needed and pledged to decrease drug traffic in the county and present drug offenders to the courts, if elected.

When asked about the efficiency of the courts in prosecuting offenders in the county, it was pointed out that there is very little grand jury action in Crockett County with little or no reason for the lack of action.

Goss stated that "Respect and confidence must be restored in the law in Crockett County and that can be gained only by proper law enforcement." He said that if elected, he would do all in his power to instill confidence in the Sheriff's department and execute the law in accordance to the code of ethics of all law enforcement agencies.

Following the discussion, refreshments were served and a social hour was held.

October S.S. Visit Set

Garland Gregg, social security representative for the San Angelo Social Security office, has scheduled his October visit to Ozona. He will be at the County Courthouse on Wednesday, October 20th from 10:30 a.m. to 12:00 noon. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo. Residents of Ozona may call toll free by dialing "Operator" and asking for "Enterprise 2058."

UT Field Day Set In Barnhart

Wednesday, October 13, the Barnhart Range Station, located approximately 10 miles south of Barnhart, Texas on Texas Highway 163, will host the 1976 University of Texas Cooperative Field Day. Sponsors of the field day include The University of Texas System, The Texas A&M University System, the U.S.D.A. Soil Conservation Service, and the Texas Soil and Water Conservation District Directors.

The purpose of the field day is to acquaint University lessees, ranchers and friends of The University of Texas, Texas A&M University, The Soil Conservation Service and the Texas Soil and Water Conservation District Directors with new policies, practices, and experimental projects that are helping improve the ranching industry in Texas.

Rhett Johnson, Range Conservationist, U.S.D.A. Soil Conservation Service, will discuss "The Role of the Soil Conservation Service in Providing Assistance to Ranchers".

Al Brothers, a well known expert and author on deer herd management, will discuss methods and practices of deer herd management that are applicable to conditions in West Texas.

Billy Carr, Land Agent, University Lands-Surface Leasing, The University of Texas System will speak concerning "Flexible Grazing Lease Policies".

A barbecue luncheon will be followed by a tour of the Barnhart Range Station.

Dr. B.J. Camp, Professor of Veterinary, will speak on "Toxicity of Bitterweed".

Dr. Carl Menzies, Resident Director of the San Angelo Research Center, will discuss "Responses of Ram Lambs to Grazing Systems".

Dr. Leo Merrill, Professor in Charge of the Sonora Research Center, and other Texas Agriculture Experiment Station personnel will discuss many other topics of interest.

The public is invited to attend all aspects of the field day. Coffee will be served at 9:30 a.m. followed by talks at 10:00 a.m. The afternoon tours starts at 1:15 p.m. and should be concluded by 3:15.

Church of Gospel Ministry Sunday services at 10:00 a.m. at 204 Ave E until a building can be located. Everyone welcome.

OHS Lion Band News

By Michelle Jones-Reporter

The Ozona Lion Band performed a mighty performance Friday night against Seagraves. "The Pride of Lion Country" gave the audience a thrill as they stepped onto the field for a very rewarding and exciting half-time presentation.

Each and every member of the Lion Band is developing their own self-pride to such a high level that the amount of pride exhibited by the band will be outstanding.

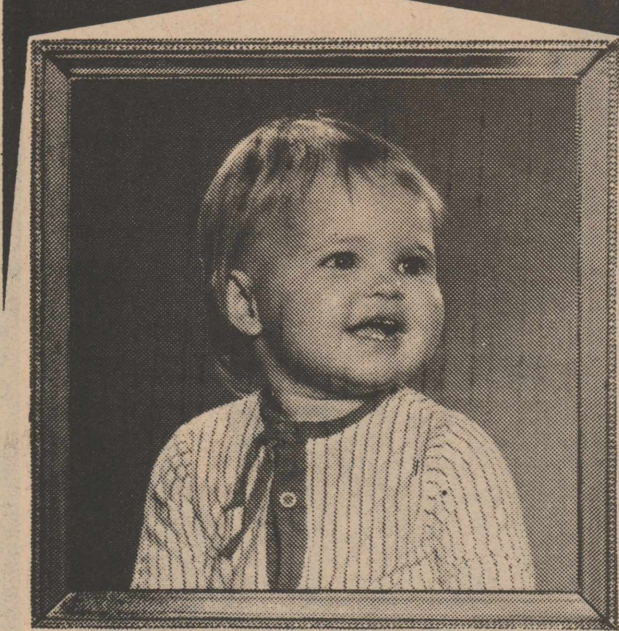

The Lion Band will once again back the Lions to another victorious win next Friday night when they play Alpine on the Alpine football field. We have a very exciting half-time show in store for you again Friday night as "the Pride of Lion Country" steps onto the field in Alpine. So please come and back the O.H.S. Band as we back the "victorious Lions" Friday night.

"Why Not the Best," by Jimmy Carter. THE BOOK SELLERS 30-1tc

T.O.P.S. CLUB MEETS

The weekly meeting of T.O.P.S. Club, 937 was held Friday, October 1, at the Chamber of Commerce building. There were nine members present. The total weight loss for the week was 27 3/4 pounds. The queen of the week was Patty Wells. The queen of the month was Connie Baker.

A bake sale will be held at 10:00 a.m. October 30, in the shopping center. It will be followed by a Halloween party at Crockett Heights in the gym.

Secret pals were revealed this week and new ones drawn for the month of October.

The members voted to help the V.F.W. sell poppies on Veterans Day. The T.O.P.S. coffee break will be October 20, at 10:00.

COUNTRY CLUB BRIDGE

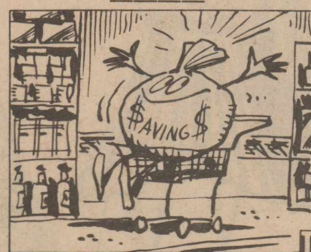

Mrs. P.C. Perner was hostess for bridge at the Country Club Thursday.

High score went to Mrs. George Bunker and second high to Mrs. Sidney Millspaugh. Paula Davis got low score and Mrs. Arthur Kyle the bingo.

Others playing were Mrs. Clay Adams, Mrs. Tommy Harris, Mrs. Douglas Moore, Mrs. Beecher Montgomery, Mrs. J.B. Parker, Mrs. Hilary Phillips, Mrs. Sherman Taylor, Mrs. Frank Tillman, Mrs. Joe Friend, Mrs. Evert White, Mrs. Bob Bailey, Mrs. Pat Wester, Mrs. Byron Williams, Mrs. Gene Williams and Mrs. Jack Williams.

Stand behind our man for equal justice. Vote for Jim Goss as the next Crockett County Sheriff on a write in ticket this November.

Lose ugly fat or your money will be refunded with no questions asked by: VILLAGE DRUG

Local Ranchers Invited To Sutton Livestock Meetings

Crockett County Ranchmen are invited to two meetings in Sutton County in October. Clint Langford, Sutton County Extension Agent, advised that the first is a program on the topic of toxic materials, principally plants, that may cause ranchers problems. The second, will be a ranch tour with the major theme of supplementing livestock. The toxic materials meeting will be held on October 11 at the 4-H Center and will start at 1:45 p.m.

Dr. John Reagar, Toxicologist with the Texas Veterinary Diagnostic Lab, will be the keynote speaker. Dr. John Fields, Sonora veterinarian, will discuss the severity of toxic materials problems in the Edwards Plateau. Dr. B.J. Ragsdale and George Sultemier, Extension Range Specialists, will give ideas for identification of toxic plants. Management to minimize toxic plant problems will be discussed by Dr. Robert Steger. A panel discussion will be moderated by Dr. Leo Merrill, head of the Sonora Research Station, to answer questions regarding the application of this information.

The range supplementation tour is planned for October 21 on the Wesley Sawyer ranch south of Sonora. This meeting will start at 9:30 a.m. at the ranch headquarters. Information will be presented to assist the rancher in making economical supplemental feeding decisions. Mr. Wesley Sawyer will open the program with a history of the ranching operation. Range practices conducted under the Great Plains Conservation Program will be outlined by Ken Sparks, Soil Conservation Service Range Specialist from Uvalde. The implementation of a new concept in demonstrations to be conducted on the Edwin Sawyer ranch will be discussed by Glen Fisher, Extension Farm Management Specialist from Uvalde. Application of data obtained from forage quality samples will be offered by Dr. Robert

Langford, research associates from the Sonora Research Station will outline forage sample collection techniques by use of grazing animals. Dr. Ed Huston, Texas Agricultural Experiment Station researcher from San Angelo, will discuss designing supplemental feeding programs for forage analyses. Implanting range sheep and cattle for greater gains will be the topic Dr. Leroy Hoermann, Extension Animal Husbandman from Uvalde discusses. A panel discussion will be moderated by Dr. Leo Merrill to discuss the application of this material. A dutch treat lunch will be served.

Producers And 1977 Food Policy

If producers expect to influence 1977 food policy issues, they must begin planning, organizing and acting, contends an economist for the Texas Agricultural Extension Service. Since the position of many political decisionmakers will be moulded in the upcoming election, producers should study the issues and candidates and make their voices heard. The overriding issue is the degree of government involvement in agriculture, with Democrats favoring increased involvement and Republicans favoring less involvement, or a "free market." Key issues in next year's farm bill will be grain reserves, target prices and loan rates, commodity programs, disaster payments, acreage allotments and food aid.

Stand now to improve law enforcement in Crockett County. Vote for Jim Goss as Sheriff on a write in ticket in November.

AUXILIARY SECRETARY ATTENDS DISTRICT MEET

Mrs. Roy Pearson, secretary of the Crockett County Hospital and Care Center Auxiliary, attended the District meeting of the Texas Association of Hospital Auxiliaries in Odessa on September 27.

Emphasis of the meeting was the utilization of volunteer workers.

The Crockett County Auxiliary is the only one in its District serving a Care Center.

Auxiliary membership is open to any resident of the County.

CARD OF THANKS

We would like to take this opportunity to thank our friends and neighbors for the many kindnesses shown during Ed's recent hospital stay. Words simply cannot express our gratitude for the prayers, cards and flowers. Thanks again. Ed & June Barker

FIRE DESTROYS LIVING ROOM OF HOME FRI.

The Ozona Fire Department was called out at 3:20 a.m. Friday to a house fire at 906½ Ave. G. Most of the fire damage was confined to the living room, but intense heat and smoke damaged the rest of the interior of the apartment. The neighboring apartment received smoke damage only.

The fire burned for some time before being discovered. Heat melted the entire television set and other plastic items in the house. There has been no estimate of damage.

We use and recommend MORNING GLORY SLEEP PRODUCTS at BROWN FURNITURE CO.

NEED a special gift or accessory? Try BROWN FURNITURE CO.

TELEVISION SETS DO MELT at least under the right conditions. This one had the right combination of heat to melt everything but the screen and a few wires. It was in the burning apartment doused by the fire department around 3 a.m. Friday morning at 906½ Ave. G.

(FM). This ensures that the system has met minimum standards set by the National Fire Protection Association. Nelson offers these buying tips regarding smoke detectors: don't be frightened into a hasty purchase, get two or three price estimates before purchasing; test the units as you install them or request that the installer test units in your presence; request an instruction booklet on operation, testing and maintenance; purchase only equipment which bears UL or FM labels, and understand the extent of the guarantee and

who will honor it. "The location of fire detectors in the home is extremely important," emphasizes the specialist.

Nelson reminds homeowners that even though fire has been detected early, it can still endanger lives if the home cannot be evacuated quickly. Although the first choice might be to walk out the front door, this is not always possible. Therefore, careful consideration should be given to alternate methods of escape.

Open House Saturday At Fire Station

The Ozona Volunteer Fire Department will hold open house Saturday at the Fire Station from 9 a.m. until 5 p.m.

The open house is being held in conjunction with Fire Prevention Week this week. All equipment used by the fire department will be on view and literature will be distributed. The public is invited and children are welcome.

Politicians rock the boat and then promise to save you from the storm by walking on water.

Early Fire Warnings

Save Lives

National Fire Prevention Week is designated each year to emphasize precautions which can be taken to prevent injuries and loss of life and property from fire. This year Fire Prevention Week is Oct. 3-9, and homeowners are encouraged to consider installing an early warning system as a fire safety measure.

"A residence burns every 45 seconds, adding up to 1,000 per day and almost 700,000 per year. Nearly 7,000 persons die in these fires and at least one-fourth of the victims are children under 14," points out Dr.

Gary Nelson, agricultural safety engineer with the Texas Agricultural Extension Service.

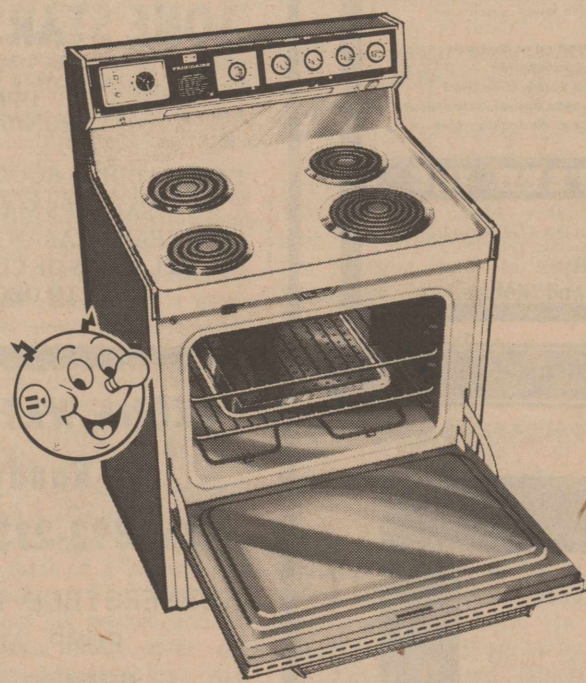

Since a high percentage of these deaths takes place while people are asleep, an early warning system can be a life saver, emphasizes Nelson. Although many different types of heat and smoke detectors are available at varying costs, one or two strategically placed, single-station smoke detectors can do the job. Estimates show that if homes were equipped with an early-warning fire detection device, between 40 and 50 per cent of the people killed in home fires might be saved.

"Most dwelling fires start by smoldering; that is, one of the first combustion products to originate from a house fire is likely to be smoke. Therefore, a smoke detector would appear to be more suitable as an early-warning fire detection device than a heat detector," notes the Texas A&M University specialist.

Smoke detectors are self-contained units that can run on batteries or can be plugged into existing electrical systems. The cost averages \$50 per unit. Two types of effective smoke detectors are listed with the U.S. Consumer Product Safety Commission: ion-chamber detectors and photoelectric detectors.

"In selecting a smoke detector, read the label," says Nelson. "Reliable detectors will be listed with Underwriters Laboratory (UL), a testing lab for electrical and safety equipment, or with Factory Mutual Underwriters

CONSERVE AND SAVE ON ELECTRIC COOKING

★ For best results, use flat bottom utensils with tight fitting covers. Utensils of medium or heavy weight aluminum conduct heat faster, transfer heat evenly and respond quickly to temperature changes.

★ Match the utensil to the size of the unit. Use 8 inch units for large utensils. Use 6 inch units for small to average sized pans.

★ Use high setting for a quick start for any surface cooking, or to boil water quickly. When cooking temperature is reached, switch to a lower setting.

★ Do not pre-heat the oven for roasting or broiling, but do pre-heat the oven to the temperature given in the recipe for baking.

TELEVISION EXPANSION-

(Cont'd From Pg. 1)

president and general manager, and that of the relaying microwave systems out of Dallas and Abilene. The result will be a very strong signal package, producing complete three-network service plus the unduplicated programming of full-time independent and educational stations.

The Ozona system has already placed its order for front end receiving equipment to receive the new signal package. Shipment of this equipment is scheduled for December 1 and the target date for completion of the microwave installations and other facilities to bring the signal to Eldorado is January 1, 1977.

Sizeable outlays of money are involved in readying for the improved service and a large monthly payment will be necessary to purchase the signal at Eldorado, Manager Kost pointed out, which will make it necessary for an increase in local rates for the service. When the new facilities are brought in, however, Ozona viewers will have eight full time television stations to watch, two each of NBC, CBS and ABC stations (WFAA, Dallas, is an ABC Station.) and an independent and educational station. In addition, three FM radio signals, presently a part of the cable service, will be continued. The other TV stations are those presently received on the system, KMD (NBC), Midland; KOSA (CBS), Odessa, and KMOM (ABC) Monahans. Announcement of the new rates will be made as soon as all data is available for a determination.

Short Snorts

Mart Hoffman is new deputy executive director of Texas Youth Council, succeeding Clinton Kersey.

Applications to drill oil and gas tests in Texas totaled 12,986 for the first eight and a half months of 1976, up from 11,475 for the same period last year.

The \$56.6 million rebated to Texas cities as their September city sales tax share was the highest monthly payment since the monthly allocation program began.

The first shipment of early oranges for 1976-77 left the Lower Rio Grande Valley last week. Citrus growers are expecting a bigger harvest than the 17.1 million boxes of 1975.

State Bar of Texas is sponsoring a program to place nearly 300 ex-offenders in jobs around the state.
