Kitty's Korner

By
Kitty Montgomery

Congratulations to the Lions. They lost in the quarter-finals, but they surely have nothing to apologize for. Indeed, they can be proud. They are the winningest team Ozona High School ever had and they made history this season. They are the Regional Champs, and not any Ozona football team has that title under its belt.

We are running about par for this time of year, at least one glaring error per week. Last week under the picture of the coaches showing the football trophies, we named Tommy Wilson as Gene Hood. Don't know which one we owe the apology, but we are sorry guys. I could say it won't happen again, but it probably will.

An interesting side note to Helen Bunger's selection as District FFA Sweetheart is the fact that her mother, Wanda, was selected and given the same title exactly 20 years ago this date. Would you say "like mother, like daughter," or something like that.

Civil Suit Set For Trial In Dallas

Word was received here last week that the Three-judge panel appointed to hear the civil suit filed by four Mexican American men against most of the elected officials in Crockett County, has been scheduled for December 15, at 10:00 a.m. at the Federal Building in Dallas.

The suit charges discrimination against the Mexican American community on behalf of the officials named in the suit. The first hearing was before Judge Halbert O. Woodward in Federal Court in San Angelo in the late summer. It resulted in Federal Court in San Angelo in the late summer. It resulted in a trial date being set in October in Lubbock before the same judge. Judge Woodward granted the petition for a three-judge panel to hear the suit and the hearing next week should decide the outcome barring appeal by either side.

Briefs are to be filed by attorneys for both sides by Monday and the attorneys will be given 45 minutes each for oral argument. The plaintiffs in the case are not required to be present, but County Judge Troy Williams said this week that he and the four commissioners planned to be on hand.

4-H FOOD SHOW JUNIOR WINNERS-These happy 4-Hers topped the junior division with their food show entries in the annual 4-H Food Show held here Saturday afternoon at the Civic Center. Winners are, l. to r., Michelle Couch, Shelly Southern, Marcia Moran and Fabian Delgado.

MORE FOOD SHOW WINNERS - Gigi McKinney, left, won first place trophy in breads and desserts, in the senior division at the 4-H Food Show Saturday. Shown with Gigi is Jana Chaney, who won first place for her side dish entry in the junior division.

Lions End Football Season With First Loss Of Year

By - Brian Gries

The Ozona Lions' winning streak was broken in Snyder last Friday when they were beaten 20-14 by the Childress Bobcats.

In the first half, the Lions had a great deal of trouble trying to contain the Childress Bobcats. The defense made two goal line stands, however, and managed to hold the Bobcats to one

touchdown in the first half. This touchdown was a 14 yard pass. The drive took 9 plays and came near the end of the second quarter. The P.A.T. was good, and the half ended in a 7-0 lead for the Bobcats.

The Lions came out of the locker room fighting, and near the middle of the third quarter, Gary Warren dove one yard for a touchdown.

This drive consumed 46 yards, 3 minutes 35 seconds and took 9 plays. John Galvan added the P.A.T. to make it 7-7.

The Bobcats came back immediately with another touchdown. This drive took 9 plays and covered 66 yards. The point after attempt failed and the Bobcats led 13-7.

Midway through the fourth quarter, a Bobcat back broke for 25 yards and a touchdown. This drive took only 4 plays and covered 65 yards. The P.A.T. was good, and the Bobcats continued to lead with a 20-7 score.

With one minute seven seconds left in the game, Vaden Aldridge connected with Sterling Lay for a 37 yard touchdown pass. Galvan added the P.A.T. again, and Ozona narrowed Childress' lead to 20-14. This drive lasted one minute 45 seconds and took six plays and covered 54 yards.

The Bobcats then received the ball and proceeded to run the clock out. The game ended in a 20-14 score in favor of the Childress Bobcats.

The leading rusher for the Lions was Warren with 64 yards.

Outstanding defensive players were Warren with 13 tackles, and one recovered fumble, Mike Fay with 12 tackles, Clifford Crawford with 11 tackles, Clyde Bailey, Douglas Bean, Javier Reyes, and John Galvan all with 10 tackles, and Vaden Aldridge.

(CONTINUED ON PAGE 12)

Annual Ozona Basketball Tournament Begins Thurs.

The 46th Annual Ozona Basketball Tournament will get under way here Thursday afternoon with twelve teams entered including the Ozona Lions and the Ozona Junior Varsity.

The Lion Junior Varsity was recruited when Wall dropped out of the entries. Other teams are Big Lake, Sonora, Lake View, Menard, Coahoma, Mason, Brady, Eldorado, McCamey and Iraan.

Coaches and fans have high hopes for the Ozona Lions this year, but they will be underdogs in their own tournament. There was some doubt that they would be in the tournament this year, due to the football playoffs. However, the Lions loss

Helen Bunger Is Dist. FFA Sweetheart

Helen Bunger, daughter of Mr. and Mrs. George Bunger, Jr., was elected Concho FFA District Sweetheart at the Concho District Meeting in Eldorado Monday night.

Helen was chosen from a field of 10 sweethearts representing various chapters in the district. She will represent the district at the Area II FFA convention which will be held in Midland May 13-14.

Funeral arrangements were not available.

Killingsworth Dies In California

Word was received here Sunday that Dr. Roy Neil Killingsworth, 34, Ozona native, died Friday following a lengthy illness in La Jolla, California.

Funeral arrangements were not available.

Killingsworth was born and reared in Ozona. He was a graduate of Ozona High School and received his medical training at Southwestern Medical School in Dallas. He completed his psychiatric residency at the Institute of Living in Hartford Conn. He received his board certification in psychiatry and neurology in Feb. of 1975. He had been assistant professor of psychiatry at Arizona Health Service Center in Tucson, Ariz. and had served as director of the in-patient psychiatric unit there. In July of 1976, Dr. Killingsworth relocated in La Jolla, where he worked for Southeast Mental Health Center.

Survivors include his wife; his parents, Mr. and Mrs. Roy Killingsworth of San Angelo (both retired Ozona educators); a sister, Beverly Ann Nevins of San Angelo; a nephew and several uncles, aunts and cousins.

The family has requested that memorials be made to the American Lung Association.

Christmas Homes Tour Is Slated

A Christmas Tour of Homes will be sponsored by the American Cancer Society Tuesday, December 21, from 7 until 9 p.m. Homes featured on the tour will be those of Mr. and Mrs. Joe Boy Chapman, Country Club Estates; Barbara and Anne Davidson, 104 11th Street; Mr. and Mrs. Steve Kenley, 501 Terrace; Mr. and Mrs. John Parks, 1104 11th Street; and Mr. and Mrs. Jeffrey Sutton, Country Club Estates.

Tickets may be purchased for \$2 from Mrs. Randy Upham, Mrs. Dwight Childress, or Mrs. Tony Allen.

Tickets will also be available at the door of each of the homes on the night of the tour. Purchase of one ticket entitles the bearer to a tour of each of the homes in the order of his choice anytime on the designated night. All proceeds go to the Crockett County American Cancer Society.

to Childress in the quarter finals Friday night left them free to participate. As of Monday morning, the team had not been chosen and try-outs were held at 3:30 Monday afternoon. Basketball gear was issued at that time and workouts began. This gives the Lions only three days of basketball workouts before they host their own tournament, and all other teams entered have already seen tournament play.

Favored to repeat for the title this year is Lake View, last year's champions. The Chiefs were runners-up in their own tournament last week.

Mrs. Celia Allen is in charge of housing for the four teams staying overnight. Anyone wishing to furnish sleeping space for some of the athletes may call her. Overnight teams are from Mason, Brady, Menard and Coahoma.

The sophomore class will have the concession stand again this year, and it will open as the tournament opens at 4:15 Thursday.

Thursday afternoon the Ozona JV will lead off play with the Big Lake Owls. Eldorado and McCamey will square off at 2:30. Sonora will play Lake View at 6:30 and the Lions will take on Iraan in the final game of the night at 8:00.

First round play resumes at noon Friday with Menard pitted against Coahoma, followed by Mason and Brady in first round play. Second

round consolation play begins at 3 p.m. Friday with the loser of the Ozona JV-Big Lake game playing the loser of the Sonora Lake View tilt. At 5 p.m. the loser of the Eldorado-McCamey game will face the loser of the Iraan-Ozona game. The evening session Friday will pit the winners of first round play against each other with games scheduled for 6:30 and 8:00.

It will be basketball all day Saturday beginning at 9:00 for those playing toward consolation. Consolation games are scheduled for 9 and 10:30 a.m. with play for the consolation trophy set for 5 p.m.

Play in the winners' bracket starts at noon Saturday with another game scheduled for 1:30. Play for third place will be at 6:30 Saturday following the consolation final. The championship game will be played at 8 o'clock Saturday night with presentation of trophies to follow.

Tickets for each session will be on sale at the gate. Prices are \$1 for adults and 50c for students with the exception of the final session Saturday night and tickets will be \$1 for students and \$1.50 for adults.

Mr. and Mrs. Eddie Bower of Dallas left Saturday after spending a week here with her mother, Mrs. Vera Baker.

Lions Lead In Class 7-AA All-District Football Picks

The Lions led in selections for the 7-AA All-District football teams, as might be expected. The teams were released Sunday, following the Lion-Bobcat game.

The Lions, District 7-AA champions and Regional champions, placed seven offensive and four defensive men on the first team selections. Kermit, district runner-up, placed eight players on the first team selections.

Three of the five picks in the defensive backfield went to the Lions with Gary Warren, Blake Moody and Vaden Aldridge getting the nod.

Warren led the league in rushing during the regular season with 868 yards and nine touchdowns rushing. Moody was second in district with 860 yards and nine touchdowns rushing. Aldridge, who shared the all-district selection with Sonora's John Elliott at quarterback, passed for 332 yards and rushed for 236 more. He also led the district in punting with a 39-yard average.

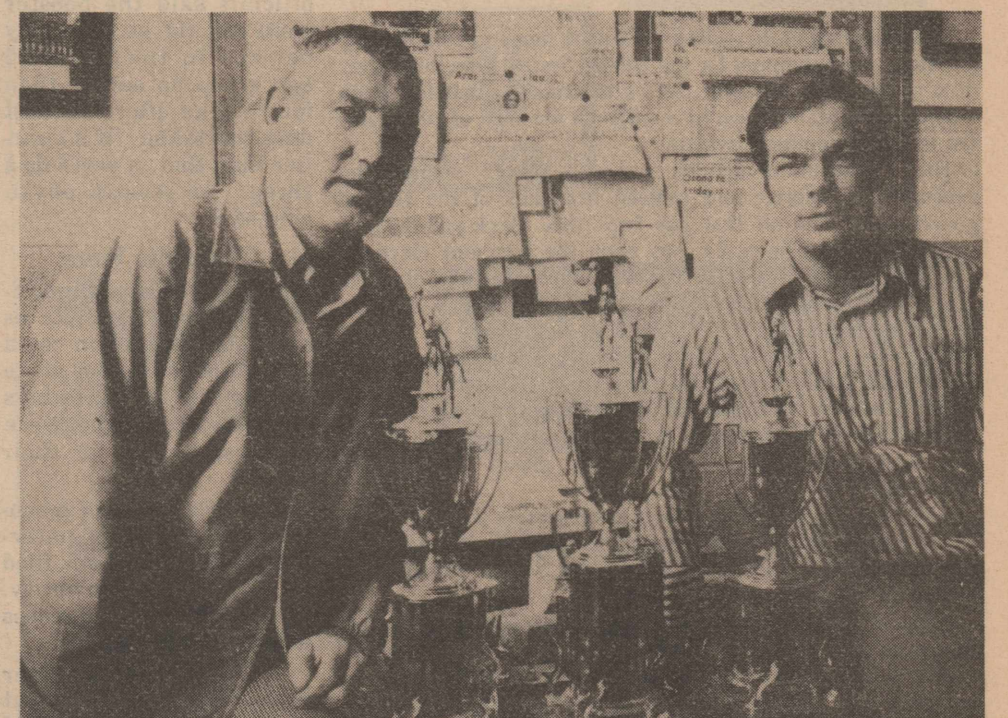

Also named to the all-district team from Ozona was John Galvan at end, Mike Fay at tackle and Ricky DeHoyos at guard. Galvan, also named at the kicker spot, had eight receptions for the year for one touchdown and kicked 10 field goals.

Fay, DeHoyos and Warren were also named on defense, making the team as two-way picks. Joining the three from the Lion defense was Orlando DeHoyos at defensive back.

Lions making the honorable mention team on offense were Clifford Crawford at end, Javier Reyes at tackle, Sam Longoria at guard, Eugene Hood (who has been out with a knee injury since before the regular season ended) at center, Orlando DeHoyos, offensive back. Defensive men receiving honorable mention from Ozona were Blake Moody at back, Clifford Crawford, John Galvan and Douglas Bean, linemen; Javier Reyes and Clyde Bailey at line-backer slots.

CARE CENTER GIFT - This 16 mm projector which also has a sound track was presented to the Crockett County Care Center last weekend. It was purchased by the Auxiliary with proceeds from donations and memorials at a cost of approximately \$900. It will be useful entertainment for the residents and will be used with training film for employees. Examining the new equipment are Beth Boyd, Auxiliary president, and Charles Turland, center employee.

BASKETBALL TROPHIES were unpacked at Ozona High School early this week. There will be twelve teams vying for the trophies when action begins for the annual tournament Thursday afternoon. Coaches Jim Williams and Tommy Wilson show the trophies which will be presented after the final game Saturday night. Trophies include championship, runner-up consolation and third place.

CARTER'S DEBT TO BLACKS

As the national guessing game continues over who will make up President-elect Jimmy Carter's Washington team, it is all but certain that a good number of blacks will be on it. It takes no genius to understand why: black voters provided the margin of his victory over President Ford, with about 92 percent of them voting for him, according to the respected Washington Joint Center for Political Studies.

In fact, even in Carter's "solid" South, the Georgian failed to win a majority of the white vote, with Ford walking away with 55 percent of it. But southern blacks won the day for Carter there, as well as in perhaps a half dozen non-southern states that were crucial to his election.

Political scientist Richard Scammon notes, however, that "If Carter had not had the black vote, he would have lost. But if he had not had the white vote, he would have lost too." Scammon's point is that Carter's obligations are to the entire nation rather than any of its disparate groups.

It can be argued, for example, that Carter would not have won without the labor vote - which is probably true. Or without the women vote. And the list could go on.

The most important thing is that Jimmy Carter was elected President by the American vote, and his primary obligation is to all of us. It is to be hoped that our nation has matured to where a President doesn't have to invoke a quota system in selecting the men and women to serve with him, and to where qualifications and character, not race or religion, are the criteria by which appointments are judged.

Jimmy Carter does have a debt to blacks, and there is no reason why he shouldn't select qualified blacks for key positions. But we hope he remembers that his first obligation is to serve the highest interests of the United States. In this, qualifications are what count. If he acts accordingly, we shouldn't worry about whom he chooses to serve with him.

THE GREEN LIGHT FOR NUCLEAR POWER

One of the "spin-offs" from the last national election was the public's overwhelming rejection of restrictive laws designed to hamper the development of nuclear energy for the production of electric power. The green light for nuclear power was signalled in six states - Arizona, Ohio, Oregon, Montana, Washington, and Colorado - where the people overwhelmingly voted against ballot proposals to hobble nuclear energy. And shortly before, in California, an all-out campaign against nuclear energy was turned back by a vote of more than two to one.

For many years the development of nuclear energy in the United States has been seriously - and expensively - hampered. A militant minority exploiting the four horsemen of ignorance, fear, superstition and subversion have thrown countless roadblocks in the way of nuclear power. Now, however, all of the arguments have been made; both sides have been heard and weighed. The people have made the decision: go ahead with nuclear energy.

Although this science-age energy comprises only a small part of our total power consumption today, it has been estimated that last year alone nuclear power saved consumers nearly \$2 billion on electric bills. Perhaps more important than the saving of money however, was the conservation of our natural resources - the fact that nuclear energy saved us the equivalent of 12.5 billion gallons of oil, or 80 million tons of coal. In addition, we avoided the pollution of air and earth which would have resulted from the burning of coal or oil.

The people have spoken: not once or twice, but over and over again. Our natural goal to increase nuclear production from our present 9% to 50% by the year 2,000 has been set. Let's get on with reaching that goal, with no further delay.

WANTED: TWO STRONG PARTIES

The Founding Fathers didn't overlook much in establishing a system of government for the United States. One thing they didn't anticipate, however, was a mechanism that has been crucial to the stability we have enjoyed for most of 200 years: the two-party political system.

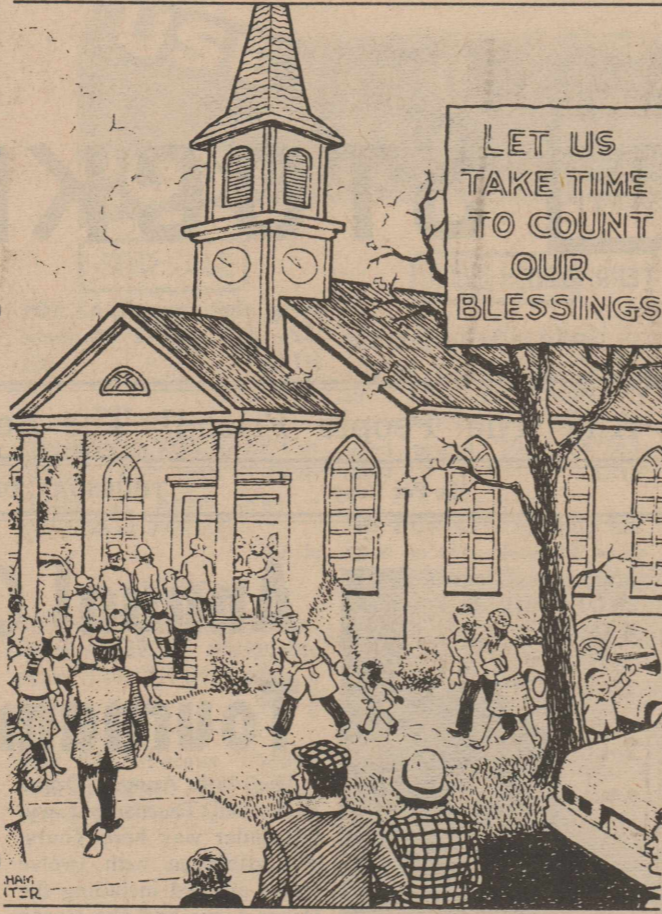

The Constitution divides national power among the executive, legislative and judicial branches of the federal government. The oil that has kept this check-and-balance structure viable, however, has been the frequent elections that have given citizens an opportunity to turn out of office officials of one party in favor of those of another - with an occasional independent clipping in as well.

Following the 1976 election, however, it must seriously be questioned how healthy the two-party system is. The Republicans went into the election holding the White House, but little else. They emerged from it without the White House and with even less power in other places than before November 2.

Only one of about every four governors is a Republican. Only one of three members of the House is. And the Democratic edge over the GOP in the Senate remains, as before the election, at 62-38.

What is so disturbing about this? For one thing, the last Congress, the 94th, was notable for the large number of Democratic members who committed unethical, illegal or immoral acts. Yet very few of these notorious individuals were turned out of office at the polls. The integrity of our democratic system depends on the good judgment of voters - a judgment that was sorely lacking this time around.

Lord Acton of Britain perhaps said it best: "Power tends to corrupt. And absolute power corrupts absolutely." If some members of the majority party believe they will be reelected regardless of their conduct in office, that is indeed a corrupting kind of power.

SNIPS, QUIPS AND LIFTS by Lottie Lee Baker

The biggest thing wrong with the economy is the remarkable lack of that very virtue.

Man gets credit for being energetic when he may only be fidgety.

Killing time is the longest-drawn-out chore in the world.

The fellow with the stiff upper lip might someday learn not to talk back.

You're never too old to learn-unless, of course, you are a teen-ager.

The entrances to trouble are wide-the exits are narrow.

No man is a complete loss-he may be used as a horrible example.

When we allow little men to cast long shadows it is nearly sunset.

The person who burns the candle at both ends will go out like a light.

Actually there is only a slight difference in keeping your chin up and sticking your neck out-but you'd better know the difference.

Did you know that AMERICAN ends in "I CAN"?

A flatterer says things to your face he wouldn't dare say to your back.

A guest towel is what often persuades people that their hands didn't need washing after all.

A LIFT FOR THE WEEK Use your head-it's the little thing that counts.

REMEMBER THOSE YOU LOVED WITH A MEMORIAL GIFT TO THE AMERICAN CANCER SOCIETY

Mrs. Gertrude Perry for Carrie Ann Dacy, Palmer West.

Mr. and Mrs. Dan Cullins for Mike Baker, Richard Harrison, Roy Bentley, Mrs. Jewel Oden, Frank Davis.

Mr. and Mrs. Jay C. Evans for Carrie Ann Dacy, Richard Harrison, Mike Baker, Cecil Hubbard.

Mr. and Mrs. R.H. Webster for Carrie Ann Dacy, Richard Harrison, Mike Baker.

Mr. and Mrs. Marcus Tooke for Cecil Hubbard, Roy Bentley, Mike Baker, Jewel Oden.

Mr. and Mrs. B.B. Ingham, Jr. for Dr. M.B. Carlisle.

Mr. and Mrs. Rufus Ward for Hartley Johnigan.

Charlotte, Judd and Lea Montgomery for Hartley Johnigan.

Mr. and Mrs. Sam Willis for Hartley Johnigan, Mr. A. C. Knight.

Mr. and Mrs. Ted M. Lewis for Eddy Nations.

Mr. and Mrs. Eldred Roach for Hartley Johnigan, Eddy Nations, Victor Sauer, Seth Ramsey, Ed Hoeafraas, Mrs. Charlie Black, Jr. for Eddy Nations.

Memorials Chairman Mrs. Charlie Black, Jr.

A recount of the Comal county Precinct 1 commissioner's case reversed the results of the general election. Democrat Harry Carpenter who originally lost by 24 votes was declared the winner by 29 votes over this Republican opponent.

The Department of Public Safety has refused to release the identity of the deer hunter who shot the killer of Patrolman Sammy Long. DPS officials say the decision was made to protect the hunter and his family.

Attorney Mark McLaughlin of San Angelo was named by Gov. Dolph Briscoe to serve as chairman of a seven-member panel to hear reviews of school district values throughout the state. The panel will convene Dec. 15 in Austin.

THE LIONS ROAR
John L. Henderson Hope Phillips
Helen Bunger Carmen Delgado

WE'RE PROUD OF YOU LIONS. The Ozona Lions had a great and unforgettable football season this year. There are so many good things that came out of the 1976 year of the Lions. We had a straight winning season, and had few points scored against us all year. And for the first time in history went past Regional. 12-0 is really hard to do but the Lions did it. We could not have had better luck this whole year and we will always be proud and remember the OZONA LIONS OF 1976! Stand tall big Lions, you did GREAT!!

The girls basketball team played Mertzon in Mertzon Tuesday night. They went to the McCamey Tournament today. Go back the girls. They need your support.

Boys basketball practice started Monday and the team will be picked next Monday. The Ozona Annual Tournament will begin Thursday afternoon at 2:30. Good luck Lions. Let's start the season out with a BANG!!

The FFA boys and Chapter Sweetheart went to El Dorado Monday night for the District FFA Banquet. Guests from Ozona were Helen Bunger and her parents, Mr. and Mrs. George Bunger, Jr.

The Christmas dance will be December 17th. It is sponsored by the Sophomores. The band that is going to play will be "Spice". If you haven't gotten a date you better get one and go and have a heck of a time.

The SAT Test was held last Saturday. That's one down one to go Juniors and Seniors.

The Lions Roar wants to congratulate the high school Cheerleaders, Twirlers, Bell ringers, and Band on a job well done throughout football season.

The Ozona student body wants to thank KRCT radio for their loyal support to the Ozona Lions.

All Seniors that have not sent their Senior Portrait Proofs need to do this as SOON as possible.

Congratulations to Gigi McKinney, Becky Everett, Rea Lynn Dews, and R.J. Everett for winning first places in their divisions at the county 4-H food show.

The Lions Roar will be featuring a special Christmas edition which will go on sale December 20. Be sure and buy one.

GRIN-N-BARE IT Saturday, Brian Gries took on Mr. Mesquite in a Texas chainsaw match. Looks like Mr. Mesquite won on the first round but when Brian caught his second wind he came back and made "kennel" out of Mr. Mesquite. Brian now holds the title "Texas Heavewood Champion".

To whom it may concern: Dancing lessons to be held every Saturday night. For more information contact Gigi McKinney.

We heard that Bobby Knox had a case of the Swine Flu, but later found out that it was just a bad case of gravel throat.

We hear that Eugene Hood has moved to a new location. For more information contact LaDawn Adcock.

Is it true that John L. Henderson and Jeannine Perry tried to relive Bonnie and Clyde and rob the jewelry store Sunday night.

Mrs. Allen can you see better through your scarf while reading "Hamlet".

The Lions Roar suspect that Max Schroeder, James Hokit, Becky Everett, and Clifford Crawford are going to try to get an audition to perform on "That Good Ole Nashville Music."

Friday night in Snyder at the restaurant where the band was eating there was a guest speaker. It seems Karen Kirby stood and said the Pledge of Allegiance before everyone started eating.

The Cheerleaders didn't seem to be on the ball Friday night. They arrived at the game ready to go when they discovered they forgot the tape to put up their signs. Then...Coach Biggerstaff to the rescue. (she went and got some tape.)

Somebody is really going to have to get that bell fixed. For the umpteenth jillion time, its dinger fell out. Please help that poor bell.

The SHADOW suspects that Mr. Scott is having an auction first period in band, and seems to be auctioning off lost apparel, articles and shoes. For a good bargain be there at 8:00 next Monday morning, and get a real steal.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

With the holiday season fast approaching, you will be thinking and planning for Christmas decorations.

Few holiday preparations bring a gardener more satisfaction than fashioning wreaths, sprays and roping from your own greenery. Too, a variety may be purchased at garden centers if you have none available. The type you make depends somewhat on the amount of material handy, but you do not need as much as you might think. Most trees and shrubs benefit from a little pruning, and by doing it now you fill two needs with one cut.

Cut and harden the evergreen branches in buckets of water and place in a cool room until needed. They may be mixed or the same species of evergreens, but to me a variety is more interesting to work with.

If you have gathered and saved pine cones, nuts, pomegranates, grasses, seed pods, and treated leaves, you have the material to make a beautiful and attractive wreath that can be displayed at Christmas or left hanging, if indoors.

The wreath process consists of attaching clippings to a frame. Those to be placed outdoors require stronger, more durable frames than those for indoor decoration. They can be made with very little cost by making your own out of a coat hanger, or other wire available. Also, many florists will sell wire frames. If you have someone who will cut circles of wood or plywood, they are more durable than styrofoam. Florists sell spools of pliable wire painted green in several sizes. The finer wire requires less effort to manipulate. To cut it, use a wire cutter, and not the pruning clippers.

First, wire each bunch of clippings together by winding the wire tight around the bottom inch of the stems so they cannot work loose. Use wire long enough that several inches are left after the twisting to allow you to fasten the bunch to the frame with the same wire. Hide stems of each cluster under the next. Attach your ribbon or other decoration to hide any imperfections. Light weight ornaments, cones, pods and bows are prepared to picks which may be inserted where desired. Heavy items are best wired to the frame. Wreaths look best with heaviest material or decorations near the bottom. Your final result is a fresh and original creation that lasts well indoors or out.

Another informal door or wall decoration that is my favorite, is the popular greenery spray made with branches of several varieties of juniper, pine and other evergreen you may have or can get. Use heavier wire to secure the heavy branches together at the top. Pine cones, or ornaments may be attached in small groups or along the branches with smaller wire. All weather ribbon should be used for outdoors.

SANTA FE'S 4-H SCHOLARSHIP WINNERS Regina Everett [second from right] of Ozona, Tex., was one of four outstanding Texas 4-H members to be awarded \$500 college scholarships by Santa Fe Railway in Chicago, Monday [November 29] during the 55th National 4-H Congress. Presenting the scholarships to Regina and [from the left]

Sherry Vineyard, Kress; Rusell Hunt, Longview; and Larry Wilde of Uvalde was John S. Reed, chairman and chief executive officer. Santa Fe has supported the 4-H program for 54 of its 55 years and currently provides 27 scholarships and 60 educational awards to outstanding 4-H members residing in 13 western and southwestern states it serves.

Debra Says

by Debra Price

Christmas time at home brings memories of good cooking and family visits and good cooking starts with planning and preparing the feast.

An educational publication 'Christmas Time at Home' covers everything from food gifts to puddings and beverages to main dishes. Compiled by foods and nutrition specialists with the Texas Agricultural Extension Service, The Texas A&M University System, it features more than 30 pages of recipes and suggestions. It's available from your County Extension Agent, top floor of the courthouse annex. Title of this publication is 'Christmas Time at Home,' B-254.

For a sample of the recipes in the pamphlet, try Party Cheese Ball.

PARTY CHEESE BALL
8 ounce pkgs. cream cheese
1 tbs. chopped pimento
1 teaspoon finely chopped onion
2 tps. Worcestershire sauce
dash of salt
1 tablespoon chopped green pepper
1 8-ounce package cheddar cheese, grated

1 teaspoon lemon juice
dash of cayenne pepper
pecans, finely chopped
Cream the cream cheese, add the grated cheese and mix until well blended. Add other ingredients and mix well. Shape into a ball; roll into finely chopped pecans. Wrap and chill for 24 hours in refrigerator.

LEMONADE CRANBERRY PUNCH

4 pints cranberry juice
4 6-ounce cans frozen lemonade concentrate
1/2 teaspoon salt
Cinnamon sticks
1/2 teaspoon allspice
1/2 teaspoon cinnamon
4 cups water
Combine ingredients and simmer gently for 15 minutes. Pour into punch bowl and serve in mugs with cinnamon sticks. Yield 1 gallon.

You'll find a complete selection of home furnishings at **BROWN FURN. CO.**

Would You Know Him?

What was he really like? We know him as the General of the Army! We revere him as our first President! We honor him as Father of his Country! But let's look on him as just an outstanding man.

And what would he think of us, now that the country he founded is celebrating its two hundredth birthday?

The changes, when you pit them against the vast span of history have been monumental. Would he, could he, join today's club? Or would he merely scowl in disapproval, and turn away?

It would be interesting to find out, fascinating to have known George Washington. And, had we lived when he did, there would have been one place where we surely would have met him.

In church.

Feel Good All Day, Eat Holiday A Hearty Breakfast

A good breakfast means "ready energy" for active study and play, Frances Reasonover, a foods and nutrition specialist, says.

Studies show that everyone, from teens to workers, who eats a good meal before school or work gets more done than those who skip breakfast or eat a poor one, she said.

"As the morning goes on, the hungry ones grow less efficient. After lunch, they do better for awhile—then slow up again.

"Those who eat a good breakfast have a better chance to do a day's work well than those who neglect breakfast. Children are more likely to do well in studies and games," she said.

Miss Reasonover is with the Texas Agricultural Extension Service, The Texas A&M University System.

She suggested a test for a good breakfast:

Does it give you protein, vitamins and minerals—materials needed to build and repair the body and to help keep you healthy?

Does it provide fuel for body energy?

Does it taste good?

"A doughnut and coffee breakfast fails the first point. It leaves too much for other meals to make up.

"A fruit juice and coffee breakfast goes only part way toward the first point. It is short on the second also. Between supper and breakfast, there is at least a 10-hour stretch. Breakfast should provide its share of energy foods.

"There is no hard-and-fast rule on how big a good breakfast should be. But for most people, especially children, it is sound planning to have one-fourth to one-third of the day's food at breakfast, including a good source of protein."

Here are some patterns, all the way from light to hearty:

Fruit, cereal or bread, milk to drink, other beverage if desired.

Fruit, cereal or bread, or both, egg, beverage.

Fruit, cereal or bread, or both, eggs with meat, such as bacon, sausage, hash or fish, beverage.

"Fruit is in every one of these breakfasts, mainly to give zest to the meal, to help

prevent constipation and because some fruits are outstanding for their Vitamin C content," she explained.

Rich sources of Vitamin C for breakfast include citrus fruit, tomatoes, strawberries and cantaloupe.

Breads and cereals give protein, iron and other minerals, vitamins and food energy. Eating both cereal and bread can give active growing children and active working parents a heartier breakfast, the specialist pointed out.

"Without a regular supply of milk in meals, it's hard to get enough calcium—an important mineral for bones and teeth—and the B vitamin riboflavin. Milk is also a good source of top-grade protein.

"Eggs, meat and fish, as well as milk, provide high quality protein for body building and repair, and they have minerals and other values too."

Summer or winter, something hot is cheering and gives a sense of well-being, she said.

Most school children like a change now and again—try berries with sliced peaches for a flavor change, the specialist suggested.

"To add interest to cereals, top with favorite fruits—fresh, canned, frozen or dried.

"Scramble eggs with tomatoes. Or broil or fry tomatoes—red or green—and serve them with bacon. Serve leftover pinto beans and tomatoes for a stick-to-the-ribs breakfast or a Texas favorite—fried catfish and hush puppies."

Holiday Meals Should Be Safe

Entertaining family and friends around the dinner table is part of traditional holiday fun—but it won't be fun unless perishable foods are kept safe, Mrs. Mary Sweeten, a foods and nutrition specialist, reminds.

"Holiday favorites such as roast beef and scalloped oysters must be prepared carefully and served safely," this specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

"Scalloped oysters are highly perishable. Keep them refrigerated or frozen until just before cooking. In serving, keep them hot, about 140 degrees F. Serve quickly, refrigerate leftovers immediately.

"Roast beef—rare, served with pan drippings—is another family favorite that is considered perishable. If your family must have rare beef, cook it at least to an internal temperature of 140 degrees F. Pan drippings must be heated to the boiling point before serving. Meat should not stand more than two hours at room temperature. Refrigerate leftovers promptly," she said.

Remember, bacteria can cause food poisoning. All they need to grow is the right time, temperature and moisture. Vomiting, stomach cramps and other unpleasant symptoms which can last for several hours or even days can be severe—more so in young children and elderly people, she said.

Cash Receipts Statistics Published

AUSTIN—The 1975 Cash Receipts statistics book has been published, Agriculture Commissioner John C. White has announced.

Information listed includes cash receipts by commodities, gross and net income from farming, government payments in 1975, and timber income.

Entitled 1975 Cash Receipts from the Sale of Texas Farm Commodities, the book is available free by writing Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711

OHS Lion Band News

By Michelle Jones-Reporter

The Lion Band presented a very entertaining half-time presentation Friday night in Snyder. The band gave the Lions support and backing as they played, but lost to Childress, for the Quarter Finals. We are very proud of you Lions!

The 1976 marching season has ended for the band. We would like to express our

appreciation for your support and backing throughout our marching season. The Lion Band will be preparing for their 1976-77 concert season. "The Pride of Lion Country" will be presenting concerts for the public throughout the year. We hope to see you there.

Open till 9 p.m. until Christmas beginning Dec. 15. PERRY BROS.

T.O.P.S CLUB MEETS

The weekly meeting of T.O.P.S. Club 937 was held in the Chamber of Commerce Building at 9:00 Friday. There were 12 members present with a total loss of nine and one-fourth pounds. Queen of the week was Joyce Rood.

Secret Pals were revealed and gifts exchanged. New secret pals were drawn for the month of December.

A Christmas party will be held December 17 at 9:00 in the Chamber of Commerce Building. It will follow the weekly weigh-in. New members are welcome.

RIFLE CLUB TO MEET

The Ozona Rifle Club will hold a meeting Tuesday, Dec. 14 at 7:30 p.m. in the Border Patrol office. Members and prospective members are invited to attend.

Pandale Study Club Met Thurs.

The Pandale Study Club met in regular session at the Pandale Community Building, Thursday, December 2, with Mrs. R.J. Everett, Sr. presiding over the business meeting in the absence of the President, Mrs. Tom Everett.

The program, "Flower Arranging Through the Years", was presented by Mrs. J. Keith Somerville of Midland. Numerous arrangements featuring free form designs and using fresh and dried materials were discussed by the arranger. The importance of proper containers for materials used was pointed out by Mrs. Somerville. "In your own home, do your own thing with your arranging", was her advice. District Director of District 1, Texas State Garden Clubs, and Director of Lancaster Garden Center in Midland, Mrs. Somerville has held local, district and state offices and is a Nationally Accredited Life Flower Show Judge. Two silk flower arrangements were featured, one of which was given as a door prize by Mrs. Somerville.

Crocheted Christmas decorations belonging to Mrs. Everett were used to complement the Christmas theme carried out in the meeting room by the hostess, Mrs. Carl Malone. Members brought gifts for the Community Building kitchen rather than the usual exchange of gifts.

A salad plate and dessert was served to 7 members and 1 guest. Mrs. Henry Mills, Jr. was winner of both door prizes.

GARDEN CLUB TO MEET

The Ozona Garden Club's Christmas Program, "A Gift of Roses", will be held Monday, Dec. 13, at the home of Mrs. Ben Bohmfalk (the Methodist parsonage), at 1:30 p.m. Mrs. O.D. West will be assisting hostess.

Mugs and More Mugs at BROWN FURN. CO.

Turner Nominated For Nat'l Award

Frank Turner of Graham, Texas, was recently chosen as one of the outstanding inventors of the year by the United States Patent Office. He will display his inventions at the Patent Office in Washington, D.C. at the National Inventors Day Exhibit Feb. 5 and 6. Inventor of the year will be chosen from among the nominees who display inventions at the exhibit. Turner said he was totally surprised and very honored by the nomination.

He has received four patents during the past three years covering variations of the engine he invented five years ago. He has spent five years developing the concept, including the building of several running models. These models have demonstrated tremendous potential in efficiency, power, durability and low emissions. After four years of development and promotional work with several large industries, Turner Research entered into a licensing agreement with Bricklin Motors Inc. early this year. Mr. Bricklin is internationally known as a builder of the Bricklin Safety Sports Car. Turner Research and Bricklin Motors are presently engaged in a joint research venture to develop the engine for automotive application. At present, Frank has his plant turning out four prototypes to be placed in test cars next year.

The engine has been the subject of numerous news releases. It was featured on National Television by both C.B.S. and N.B.C. Articles have appeared in Popular Science, Automotive News, Air Progress and others. Early in 1977 Mechanic Illustrated will feature a cover story of the engines presently under construction.

Another subject of the patent to be discussed in Washington is a new compressor design which evolved from the engine project. Frank Turner and Fred Boaz, a Graham Oilman, who was Frank's first partner in the engine, have formed a separate corporation called Turn Bo Mfg. Inc. This corporation has spent the last year developing the new compressor system for use in the oil industry. The first prototype will be a natural gas compressor capable of pumping 500,000 cubic feet per day. The greatest advantages of the compressor are its low cost and high efficiency. The reduced cost means that it will be economically feasible to be used for pumping natural gas from small wells which are not currently producing.

They have two sons, Warren 13, and Michael 12, who will accompany them to Washington D.C. in February.

CITATION BY PUBLICATION THE STATE OF TEXAS TO: ROBERT HALTON CUMBIE, Defendant, Greeting:

YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the 112th District Court of Crockett County at the Court-house thereof, in Ozona, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 24 day of January A.D. 1977, to Plaintiff's Petition filed in said court, on the 14 day of September A.D. 1976, in this cause, numbered 3890 on the docket of said court and styled JERRY LYNN WARD CUMBIE, Plaintiff, vs. ROBERT HALTON CUMBIE, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Petitioner prays that the Court grant Petitioner a Divorce from Respondent and enter its other Orders in accordance with the Petition.

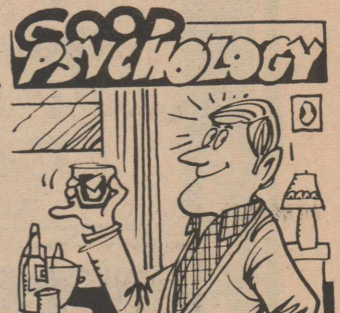

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, Leta Powell, Clerk of the District Court of Crockett County, Texas.

Issued and given under my hand and the seal of said court at Ozona, Texas, this 6 day of December A.D. 1976.

Leta Powell Clerk, District Court, Crockett County, Texas

A good way to show how much you appreciate someone's individuality is with a gift that's as unique as he is.

A good way to do that is with something personalized, such as a half gallon of Chivas Regal 12-year-old Scotch in a pouring stand inscribed with his name.

Christmas Lighting Contest

Ozonans are urged to decorate their premises for Christmas and be ready for the Christmas Lighting Contest, sponsored each year by the Ozona Garden Club. The contest will be held December 20 at dusk, with out of town judges making the selections. Three places will be given in each of the three categories. Categories are best door, best window and best overall decoration. Scoring will be done on the 100 point system as follows: Artistic merit and commendable quality, 30; Originality, 20; Lighting effectiveness, 30; ingenuity, 20. Lights should be left on from 7 p.m. until 10 p.m. the day of the judging. Winners will be recognized the following week in The Stockman. Hopefully pictures of the top places will be published also.

Ozona High School Honor Roll For Qtr. Announced

The following students made the Honor Roll for the first quarter of the 1976-77 school year. Band and P.E. do not count toward the Quarter Honor Roll average. A student must have a 90 or better academic average to be on the Honor Roll. Seniors on the Honor Roll are Vaden Aldridge, Cynthia Badillo, Karen Bebee, Wayne Bissett, Orlando DeHoyos, Ricky DeHoyos, Sylvia DeHoyos, Carmen Delgado, Shannon Dockery, John Galvan, Brian Gries, Eugene Hood, Karen Kirby, Cynthia Martinez, Ernesto Martinez, Hope Phillips, Ronnie Schneider, Kathy Sewell, Lupe Tambunga, Gary Warren, Nancy Womack, Pam Young and Mike Fay. Juniors include Randy Allen, Kathleen Appel, Teresa Brown, Bill Dudley, Regina Everett, Tina Long, Gigi McKinney, Jeannine Perry and

Rhonda Yeager. Sophomores are Kathy Adams, LaDawn Adcock, Rebecca Everett, Jose Gutierrez, Jay Hufstедler, Janice Janes, Tracy Knox, Debra Leatherwood, Robert McDaniel, Dan Sewell and Karen Warren. Freshman on the honor roll are Wade Beasley, Chris Carlisle, R.J. Everett, Alicia Martinez, Lisa Mitchell, Sheri Moody, Jody Naron, Gregg Perry, Jan Watson and Jeffery Young.

NOTICE TO ADVERTISERS
Please order advertising and have copy picked up before Tuesday. Complaints before Tuesday would also be appreciated. It is physically impossible for the staff of this newspaper to put ads together, make changes and make up the paper, to say nothing of gathering the latest news all on Tuesday afternoon. Thank you.

— Letters to Santa —

(Editors Note: Each year the Ozona Stockman is headquarters for Letters to Santa. We print each letter, exactly as is, and forward same to Santa at the North Pole. The following are some of our first letters this year.)

Dear Santa,
I want a Super Toe and a Crash Up Derby and a Evil Kinevel Stut Cycle with a ramp and two post with a bar for the Stut Cycle two jump over.

From Sam Hightower
P.S. I want a football and a kicking tee.

Dear Santa:
I want some snow and a few trees. That is not all. I want you to not catch cold. I hop you get it all done. I want a good Christmas. I know I cant get all of it. I am sining off.

Cody has a babby girl. I have been so so. I want a jolley Christmas. I want a

strech arm strong. I want sum men. the end.
Signed Clay Childress. have a good Christmas

Dear Santa,
I have been a good boy and I would like a 30 30 shotgun and a tape player and I would like to have some snow for Christmas and I hope your elves are doing good and I would like some walkie talkies from channels 1-21 and if you could bring a mini bike I sure would like that.
Your Friend
Ira Childress

Mrs. George Bean is recuperating from surgery, the result of a broken hip she suffered in a fall in downtown Ozona last Thursday. She is in Shannon Hospital.

Crockett Co. Fields Gain Four Gas Wells

Crockett County drew locations for two wildcats, an outpost and a re-entry operation. Also a confirmer was completed to another area. J. Cleo Thompson, Dallas, will drill two 9,200 foot Ellenburger gas wildcats, 10 miles north-northeast of Ozona. The No. 1 P.L. Childress is 1 7/8 mile south-southwest of the two-well Ellenburger gas area in the Ozona, North-east multipay field, but separated by his No. 2-B P.L. Childress, 7800 Canyon opener and lone producer from that pay, which was non-productive in the Ellenburger.

Location is 660 feet from the south and east lines of 16-GH-GC&SF.

The No. 1-A J.W. Childress is 3/4 mile south-southwest of Ellenburger Production, but separated by the No. 2-B Childress.

Location is 660 feet from the south and east lines of 17-GH-GC&SF.

The field, opened to 7250 Canyon gas production, has one producer from that pay in Schleicher.

The No. 2-B Childress was finaled June 22, 1976, for a calculated, absolute open flow of 1,775,000 cubic feet of gas daily, with gas-liquid ratio of 17,678-1, through perforations at 7,637-782.5 feet. Drilled to 8,712 feet on a 9,000 foot contract, it topped the Ellenburger at

8,606 feet on ground elevation of 2,366 feet.

Thompson also will drill the No. 2 C.E. Davidson III as a 1 1/8 mile northeast outpost to his No. 1 C.E. Davidson III, scheduled wildcat, which was completed as a 1 1/4 mile north-northwest and the same distance north-northeast extension to the 7890 Pennsylvanian gas pay in the Davidson Ranch multipay field, eight miles east of Ozona.

Location is 1,320 feet from the south and west lines of 32-GH-GC&SF. Contract depth is 8,200 feet.

Amoy Minerals Corp., San Antonio, filed application to re-enter and plug back to 1,050 feet for recompletion attempt as a ninth Yates oil producer and a location south extension to that pay at the former 9-A J.M. Shannon Estate, former oil producer and more recently salt water disposal well in the Vaughn field, 13 miles northwest of Ozona. It is the No. 9-A Shannon.

Location is 330 feet from the north and 1,650 feet from the east lines of the north-east quarter of 5-UV-GC&SF.

The Pure Bean, South oil field gained its fifth producer with completion of Robert M. Wynne, Midland, No. 3-88 Paul Pearson, surrounded by production and nine miles northwest of Ozona, to pump

eight barrels of oil, gravity unreported, plus one barrel of water.

Production was through perforations at 1,339-370 feet.

Location is 1,770 feet from the south and 2,890 feet from the east lines of 88-OP-GC&SF.

Tech Museum To Microfilm The Stockman

A representative of the Texas Tech Heritage Museum was in Ozona last week to pick up all bound copies of The Ozona Stockman since files were started in 1926. The papers will be micro-filmed and returned.

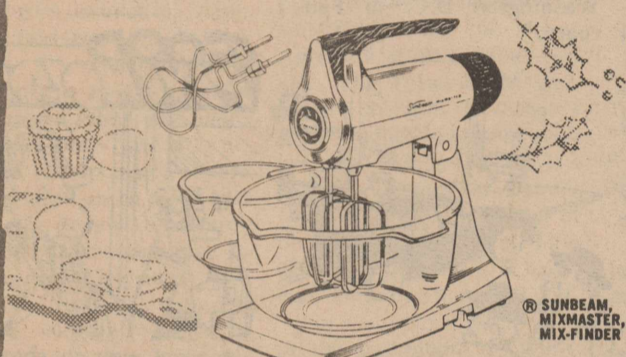

However, the volumes will not be returned for 90 to 120 days, so the News Reel, a rerun of the Ozona Story 29 years ago, must be postponed until such time the papers are returned to us.

The museum has undertaken a massive project of saving the files of small West Texas weekly newspapers for posterity. The Stockman feels honored to have been selected for the project.

Open till 9 p.m. until Christmas beginning Dec. 15. PERRY BROS.

OZONA T-V SYSTEM

Rex Fenton Completes Pool School

If you haven't heard any Ozona businessman talking about his company with pride lately, it's refreshing to hear what Rex Fenton has to say about Pool Company.

Fenton has just returned from San Angelo, where he completed the Petroleum Industry Management course at Angelo State University, with all expenses and tuition paid by Pool Company.

"This school has opened my eyes to a lot of things. The instructors were very, very good."

"But the most important thing I learned about management is the broad perspective. We're not a bunch

of individuals. It's one big ball game. The whole company working together...and it's important for each of us to clearly understand what they expect of us and why.

"Once you do, it's not a job any more. It's a career. That's the way I feel about Pool Company."

Fenton, who lives at 902 6th Street, is Ozona Area Manager of Pool Company.

The Petroleum Industry Management course, initiated earlier this summer by request of Frank M. Pool, president of Pool Company, to Dr. Lloyd D. Vincent, president of Angelo State University. It was conceived as a natural addition to the company's ongoing efforts to provide the best oil and gas well production services available.

There's Gold In Angora Goat Hair These Days

As any rancher who belongs to a flock of Angora goats can tell you, there's a pot of gold in their hair. More than a few producers have been able to buy new boots with a clear conscience after marketing their clip, and it's actually become profitable to think of ways to increase both mohair and replacement animals.

To that end, the Texas Sheep and Goat Raisers' Association appointed a committee at their July annual meeting to recommend practices calculated to improve Angora goat kid crops. The committee, chaired by Armer Earwood of Sonora and made up of representatives of producers, the Texas Agricultural Experiment Station and Extension Service and various feed and drug manufacturers, released its report during a recent Angora Goat Field Day at the Sonora Experiment Station.

Sponsored jointly by TS&GRA, the Texas Wool and Mohair Warehouse Association, the Mohair Council of America and the Texas Mohair Producers Board, the report offered clear and concise guidelines for dealing with the major crucial areas of mohair production.

At the risk of riding our horse before he's broke, it might be important to note the conclusion of the four-page report first. Simply stated, the committee felt

that "nutritional needs of goats should be the number one concern."

Beginning roughly two weeks prior to breeding, the committee recommended flushing does with 1/2 pound of corn or 20 per cent cubes. Feed flushing could be avoided if deferred pastures are available in good condition. The report also gave tacit approval to feeding throughout breeding, to "help insure bucks and does getting together, as well as stimulating does to ovulate."

As for general supplemental feeding, the committee suggested that goat condition, be the deciding factor. It was recommended that supplemental feeding be instituted "as soon as goats begin to lose weight or condition."

Range offerings should not be overlooked, however, and the report stressed that producers be familiar with vegetation and its composition in their pastures, mostly as an aid in estimating what and how much to feed, rather than when.

The focus of the Angora goat report, of course, is on increasing reproductive efficiency, and a major factor in reproduction is condition. The final third of the pregnancy term, along with the early portion of lactation, are easily as important from a nutritional standpoint as the breeding period itself, and the committee report suggests 1/2 to 1 1/2 pound of grain cubes during this period, either on a hand-fed or self-fed basis.

Again, range conditions will affect does' needs, but adequate protein intake is termed "imperative", otherwise "abortion may occur or does fail to mother the kids properly."

As a final note on feeding during these crucial periods, the report suggests careful control of feed limiters, plus proper feeding procedures. Correct procedures include feeding within no more than 100 yards of water, and distribution in areas away from pens. They warn that feeding near pens or pasture entrances can disturb grazing patterns.

New Gas Plant Due In Big Lake

A "new, efficient refrigeration gas processing plant" will be built near Big Lake, Texas, as the result of acquisition of facilities by Big Lake Gas Corporation, a wholly-owned subsidiary of Regal Petroleum Corporation.

Announcement of the purchase from Pecos Company, a subsidiary of El Paso Natural Gas Company, was made from Dallas corporate headquarters by Regal President Guy A. McDaniel.

The Barnhart plant and facilities in Reagan and Crockett Counties include Pecos Company's existing plant, land, gathering system and loading facilities, McDaniel explained.

Big Lake Gas Corporation will assume all of the contracts previously held by the Pecos-El Paso group in both the Barnhart and Farmer fields. Plans are also being made to lay additional gathering systems to pick up any unconnected gas in the vicinity.

Corporation officials estimate the initial investment will be in excess of \$1 million. The plant will be increased in size as warranted by additional gas development in Southeast Reagan county.

In addition to Regal's activities near Big Lake, the plant is expected to provide stimulus to other oil and gas producing companies to drill in the immediate area.

Those personnel, as well as new personnel brought in by Regal and Big Lake Gas Corporation who will remain after completion of the plant operation, will become a part of the Big Lake community. Included is the new field foreman for Regal and plant supervisor for Big Lake, Bob Kirby, he is also overseeing the gas gathering and compression system in the Howard Draw area, Ozona.

The Lamb, A Symbol Of Peace For Centuries

The lamb a symbol of peace for centuries, may actually earn that position in the future. At least that's the opinion of sheep industry spokesmen in a white paper report endorsed by the Texas Sheep & Goat Raisers' Association.

Food, the most basic of human needs, may someday become the basic cause of human conflict and sheep people may be gratified to know that their product stands a good chance of halting, or at least slowing down the drift toward global unrest.

Of course, that's a pretty big claim for anyone to make, and it might just deserve a little explanation. After all, a person who accepts such a prediction without question would make a dandy victim for the "little old lady who just drove it on Sundays" routine.

The explanation of the sheep industry claim begins, appropriately, with a discussion of the weather. We've all cursed the weather, whatever it may be on any given day, for so long now that it appears Mother Nature has finally decided to change it. Weather experts tell us that cooling trends can be expected in the near future over much of our globe.

These aren't the kinds of cooling trends you can associate with a cold front or a blue norther, but the kinds that come on slowly and bring drought. They also stay around a while. As a matter of fact, those who claim they're in the know predict a "mini-iceage" lasting at least a few generations. With such severe changes will come widespread crop failures like, but worse than, those we've already seen in more northerly areas all around the world. Fortunately, the U.S. is spread out north to south in such a way that, what we lose in the north, we'll make up for by im-

proved conditions in the south.

There lies the problem and the sheep's contribution to the solution. Our country is already helping to feed a good part of the world's four billion population -- a figure expected to reach six and one-half billion by the year 2000 -- and many countries already claim we're not doing enough. As approaching crop failures and population rises fall together, we'll face more complaints--and a dangerous level of jealousy.

Even now a primary charge leveled against American food policy and eating habits is the supposed wastefulness of our meat-oriented diet. Our critics, many of whom persist in improving bombs instead of agriculture, claim that our consumption of meat helps tie up land that could otherwise provide them with food.

In answer, American livestock producers point out that their animals utilize forage that no human would eat, such as grasses and weeds. The critics counter-charge that most of the land now covered with rough grasses and weeds could support grains if we only cared enough about feeding the unfortunate.

Thief Lacks Spirit Of The Season

The thief who stole the tools and CB radio from Eddie Wall's pickup last Wednesday night when he was in the Fire Station helping sack candy for Santa Claus evidently was void of Christmas Spirit.

The theft took place Dec. 1 between the hours of 8:15 and 9:50 p.m. as the Ozona Volunteer Fire Department was in regular meeting and preparing its annual candy sacks for Santa to toss out to the youngsters during his visit here.

Worth of the tools was estimated at \$300 and the CB loss was reported from \$100 to \$150. Wall's name was on each tool, but he could not remember about the radio. Members of the department are offering a reward to anyone giving information leading to the arrest and conviction of the thief.

Not Funny

There's nothing wrong with a political joke unless it gets elected.

Football— [Cont'd from Pg. 1]

Blake Moody, and Ricky DeHoyos all with 9 tackles. When asked about the game, Coach Sewell said that the Lions were outclassed. He said that Childress had extremely good blockers and strong backs, and that the Bobcat backs knew how to run. He also said that Childress has been in the play-offs many times before, and they had 16 players returning from the team which played in the Semi-Finals last year. He said that he believed this play-off experience had a great effect on the outcome of the game.

For once the Lions were out scored in the statistics. The Lions had 10 first downs to the Bobcats' 24. Ozona racked up 76 yards rushing and 122 passing for a total of 198 yards to Childress' 326 yards rushing and 77 yards passing for a total of 403 yards. The Lions attempted 17 passes and completed 10 while the Bobcats attempted 7 and completed 6. Ozona punted 7 times for an average of 43 yards while Childress punted 3 times for an average of 31.7 yards. The Lions received 3 penalties for 23 yards while the Bobcats received 7 penalties for 55 yards. Ozona lost 2 fumbles while Childress lost 3.

PIANO RECITAL
Mrs. Wayne Smith will present her piano students in a Christmas recital at the Civic Center on Tuesday night, the 14th, at 7:00 p.m. Those students performing will be Michelle Couch, Ann Hoover, Jo Anne Hearne, Lynette Cano, Denise Cano, Jana Lilly, Dona Lilly, Darla Lovell, Dinky St. Clair and Tammie Lobstein. We would like to invite our friends and families to come and enjoy our musical presentation.

ANNOUNCEMENTS

There will be a C.B. get-together Tuesday, December 14, 8:00 p.m. at the Civic Center in the small room. Purpose of the meeting is to form C.B. Club and/or-a React Organization. For more information call 392-3672 or 392-3282.

Gigi McKinney Wins VFW Speech Event

Gigi McKinney, daughter of Mr. and Mrs. W.C. McKinney, was the unanimous winner of the Voice of America Contest, sponsored nationally by the Veterans of Foreign Wars and sponsored locally by Post number 6109.

The four finalists, Kathleen Appel, Peggy Wood, Veronica Tijerina and Miss McKinney, all members of David Porter's speech class, were judged by a panel of local judges in the high school auditorium Thursday afternoon. Judging the contest were Ed Brown, Mrs. M.E. Nicholas, Mrs. Tony Allen and Mrs. Tom Montgomery.

The contestants were judged on originality, memory, delivery, stage presence and elocution. Miss McKinney's speech was taped and will be entered in the state contest. State winners will be entered in the national contest.

Concentrated Cattle, Sheep and Horse FEED SUPPLEMENT BLOCK

POSITIVE FEED (PF) is a lickable, likeable block of crystallized molasses incorporated with fat, minerals, vitamins and proteins and available in 50# edible cardboard boxes.

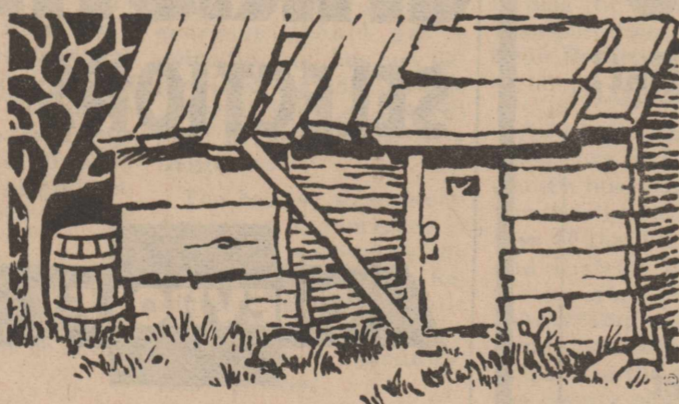

POSITIVE FEED assures accelerated rumen function to promote better utilization of available forage, year-round.

- * Higher Concentration of Nutrients
- * Controlled Consumption
- * Improved Forage Utilization
- * Improved Animal Performance
- * Labor Saving Convenience

POSTIVE FEED, INC.

For greatest returns PF should be fed continuously year round. The resulting improved performance of your cattle will return you dollars for the few pennies invested in PF.

Public Notice

"Sealed bids will be received in the office of the State Board of Control, L.B.J. Building, 111 East 17th Street, Austin, Texas, until 11:00 a.m. on: December 21, 1976 covering the proposed lease of space located in the City of Crockett County, Texas. Bid proposals and specifications may be obtained from the State

Board of Control. Lease Code: RRC-8926-E The Railroad Commission of Texas proposes to lease 400 net useable square feet for radio space for the period 1/1/77 - 8/31/79.

The first motion picture copyrighted in the U.S. was of a man sneezing. The year was 1894.

Hard work, dedication and long hours are still essential to success in farming or ranching. But they no longer assure it. Today, it takes capital. And good money management with careful attention to cash flow. That's why there are Federal Land Bank loans on so many of America's best-managed farms and ranches. Long-term Land Bank financing is a dependable way to maintain a sound operation.

Sixty years of lending gives us more faith than ever in American agriculture.

Ozona Pair In Student Who's Who

Mr. and Mrs. Steve Errico were selected for Who's Who Among Students in American Universities and Colleges. Both are students at Angelo State University. Out of the 5,000 students at ASU, approximately 100 are nominated for the honor and Mr. and Mrs. Errico were among the 46 selected.

Steve Errico

Diana Errico

Mrs. Errico, the former Diana Morris of Ozona and daughter of Mr. and Mrs. Max Morris, was nominated by the Fine Arts Department. After her graduation

in May, she plans to work toward her masters in the field of speech pathology and audiology. She is on the dean's list, chairwoman of Pi Kappa Alpha and a member of the Senior Honor Society. She is also a member of three other honor societies and a student member of T.S.T.A. She has received awards in various University Speech Tournament events and appeared in Several ASU Theatre production.

Her husband, Steve, is also a dean's list student. He is president of the Interfraternity Council, vice president of Pi Kappa Alpha and the International Club, member of Kappa Delta Pi honor society. He was nominated for the award by the Psychology Department. After his graduation in May, he plans to work toward his Ph.D. in Clinical Psychology. His parents are Dr. and Mrs. Rocco A. Errico of San Antonio.

Lea Perry In High School Who's Who

Lea Perry, daughter of Mr. and Mrs. Joe Perry of San Antonio, formerly of Ozona, and granddaughter of Mrs. Gertrude Perry, in a San Antonio high school has been chosen to be in Who's Who of American High School Students.

As a senior in a class of 600, she is ranked among the top 68 honor graduates.

Love Still Most Important Factor In Happy Marriage

The most happily married people are those who love each other deeply. No one ever hears of a really loving couple talking about the possibility of separation and divorce, Dorothy Taylor, a family life education specialist, points out.

She is with the Texas Agricultural Extension Service, The Texas A&M University System.

"What many people call love today is just sexual attraction. Married love is far more than that; it includes the feeling you have for a close and dear companion with whom you share part of your life--the friendship love. It includes the desire to

cherish, help and care for the one you love--like the tender protective emotion you feel for a child. It includes willingness to sacrifice yourself, if need be, for the loved one."

She noted that marriage is more than two people in love, though. It is also two people in a partnership. The partnership must work if the marriage is to be happy.

"It isn't enough for a husband to be able to tell his wife in glowing terms how beautiful she is and how much he loves her. He must be able to provide her with a home, bring in a steady income, manage the family's business affairs, deal with the children, organize outings and vacations and do the odd jobs around the home.

"The wife, too, has to be more than an adorable sweetheart. She must be a comrade to her husband, a housewife, a manager of money, a mother to her children, the family representative in many social events in the community, and perhaps an auxiliary breadwinner," the specialist pointed out.

And it takes quite a talented person to be really good at all those things, Miss Taylor pointed out.

"Two things are especially important in enabling a couple to work out a good partnership. The first is adaptability in both of them; the second is a sound workable policy for decision making."

"Basic ingredients for two people in a marriage are maturity and character. People who have attitudes of kindness and consideration, who are trustworthy and dependable, whose ideals are high, and who have the resolution to pursue them without giving up easily are the people who have what it takes to make the adjustments of marriage successful.

"No marriage can be happy without the trust and confidence of the marital partner. We often refer to this as the coming together of two people who are in tune with one another. Couples who have found a spouse who is mature, who has character, who is trustworthy and confident form the base for a loving marital relationship," she said.

Open till 9 p.m. until Christmas beginning Dec. 15. PERRY BROS.
