The YOAKUM COUNTY REVIEW

PLAINS, YOAKUM COUNTY, TEXAS, THURSDAY, NOVEMBER 22, 1956

NUMBER 47

2 New Businesses Start Here

Grain Elevator, Concrete Plant Construction To Begin In 2 Weeks

Grady Goodpasture and Bill Bridges, both of Brownfield, this week announced they would begin construction within two weeks on two new businesses for Plains. Goodpasture is building grain storage facilities and Bridges will construct buildings to house his ready-mix concrete operations.

The two new industries will occupy seven and a half acres of land abutting the city limits next to Wildman's Blacksmith and Welding shop. Dr. E. W. Jones of Lubbock sold the land to Goodpasture and Bridges.

Names of the two operations will be Goodpasture Grain and Storage Elevators and South Plains Ready-Mix Concrete Co.

No personnel have been hired for the businesses yet, but the operators stated Tuesday they expected to bring a few new people to Plains when they get into operation. Both companies are expected to be permanently located here.

Bridges and his concrete company are to construct the storage elevators.

Wednesday night the City Council agreed to run a water line to the limits they are allowed for the concrete company to begin operations. Bridges will have to make arrangements to meet the city line as the city cannot go outside the city limits with the line.

Both men expect they will be through with construction and ready to begin operations within 90 days.

NEW CROP HARVESTED — Workers on the R. G. Hartman farm southwest of Plains thresh sesame, one of the county's newest agricultural products. Two of the farm laborers load bundles onto a trailer as Mr. Hartman supervises the work from the tractor.

Sesame Successful Crop In County

People continually search for new products, new methods, and new ideas. This is the basis of progress. Yoakum County people are seeing and trying farming methods and crops which would have been completely foreign a few years ago. One of these crops

is sesame, a summer annual which is grown for the oil rich seed it produces. Although this crop has been grown in the United States only since 1953, sesame has been cultivated in other lands for hundreds of years. It is said that the Greeks, in olden days, used sesame seed in the same manner our soldiers use "K" rations. The seed are used in the preparation of such foodstuffs as oleo, cooking oils, candy, and bread.

Early Next Week

The Review will be published a day early next week in order that we can join our subscribers in observing Thanksgiving. If you have news or advertising you want in the Thanksgiving issue please make arrangements to get that material in earlier than usual.

Heath Arrests Liquor Runner

Two charges of transporting alcoholic beverages and one carrying a concealed weapon have been filed against R. S. Lawrence of Levelland. He was arrested about 3 a.m. Sunday morning by Deputy Sheriff Olan Heath. Bond was set at \$500 Monday by County Judge H. K. Benton.

Lawrence had 44 quarts of beer and 50 pints of whiskey in his possession when Deputy Heath arrested him on a dirt road of state highway 214.

Sundown Ends Plains' Season With Trouncing

The Sundown Roughnecks did everything right Friday night, as they ran and passed their way to a 48-7 slaughter of the Plains football team on the Sundown gridiron.

It was by far the worst defeat suffered by the Cowboys this year, and left them with a 7-3 season record. Frenship and Seagraves also topped the local eleven.

Sundown's victory gave them the clear title in District 5-A, and they face Merkel Friday night at Big Spring in a bi-district playoff. The Roughnecks had a 5-0 district record, and an overall mark of 9-1.

Jimmy Janes proved to be the most destructive Roughneck Friday night, as he crossed the double-chalk four times for the victorious Sundown eleven. His most spectacular dash for the money was in the third quarter, when he returned a Plains punt 90 yards to score. Janes slanted off tackle for 17 yards and caught two passes, one for 35 and the other for 12 yards for the remainder of his scoring.

Quarterback Dale Childs tossed four touchdown passes, with end David Gist snagging two besides the two caught by Janes. The other score for the Sundown team was by Dale Leonard, who romped 60 yards on the second play of the game.

Kenneth Blount scored the only touchdown for the Plains team, going over from the six yard stripe to climax a 45-yard drive in the final period. Dwain Rowland kicked the extra point for the Cowboys.

The Cowboys, under the coaching of Ed Robertson, finishing the season with a seven win, three loss record, gave Plains one of the best teams in recent years.

The local eleven had a five game winning streak going until they came into district play. Tahoka, Amherst, Morton, Grandfalls, and Melrose, N.M., all felt

See SUNDOWN on Page 6

Commissioners Canvas Election Vote on Monday

County Commissioners Court in special session Monday morning canvassed the Nov. 13 election as required by law and found that the library bond issue proposition carried by a vote of 235-96. A total of 331 votes were cast.

They also canvassed the returns for State Amendment to the State Constitution to provide state aid to permanently disabled persons, certifying to the court of 324 for the amendment and 52 against.

Commissioners agreed to pay \$1,000 to Mrs. J. H. Jost for work Mr. Jost had done remodeling the old courthouse before his death, and paid \$1,000 to Butler & Kimmel for architectural fees.

The bill of Hackney & Crawford, Brownfield, for \$158.96 for services and expenses rendered while Mr. Hackney was acting as county judge during the recent illness of County Judge H. K. Benton was also ordered paid.

CHAIRMAN NAMED

The Yoakum Soil Conservation district supervisors met last Thursday night for the purpose of electing officers for the coming year. Rusty McGinty was elected chairman and Harvey Stotts was elected secretary of the board.

Plains Band To Enter Lubbock Competition

John Shaw, Plains band director, announced this week the Plains band will enter competition in Lubbock Tuesday at Jones Stadium. The band will be entered in Class A and will compete for first or second place. There will be 28 bands in the competition.

Shaw announced that anyone wishing to attend the band meet could purchase tickets from any member of the band. Adult tickets are 50 cents and student are 25 cents.

Band Sells Calendar

Members of the Plains Cowboy Band are now taking orders for the Band Birthday Calendar. Prices for listings this year are 25 cents each and 50c for the calendar, or \$2.00 for two birthdays, an anniversary and a calendar. Listings must be turned over to the band before December 1, according to John Shaw, band director.

Henards Exhibit Champion Bull In Lovington

Sherm Henard and sons, Robert and Pat, showed the grand champion bull at the One Stop Hereford Association show Tuesday in Lovington and sold the animal at the sale, later, to Millard and Scharbauer Eidsen of Lovington for \$525.

There were 73 animals sold for a total of \$10,362 to buyers from Lovington, Hobbs, Artesia, Carlsbad, Big Spring and Hereford, Texas.

The reserve champion bull was shown by E. D. Holt of Tatum and sold to W. A. Anderson of Lovington for \$500.

The champion female and reserve female were bought by Finn Watson of Hobbs. He paid Olin Ainsworth of Milnesand, N.M., \$450 for the champion and M. R. Jones of Lovington \$110 for the reserve female.

The stock averaged \$142 per head in the sale.

Ivan Watson of the New Mexico extension service was judge of the stock. Sales manager was Billy C. Smith, assistant Lea County agent.

Mrs. Field Presides At Tsa Mo Ga Meet

Tsa Ma Ga Club had their regular meeting in the club house Nov. 14, with the vice president, Mrs. Robert Field presiding. Guest speaker was Mrs. Thelma Barnes, sister-in-law of Mrs. Oma McCargo. She has been a teacher in the Andrews School for 22 years. Mrs. Barnes gave a talk on art.

The club members then drew names for Christmas. Mrs. Harvey Stotts and Mrs. Sherm Henard served refreshments on a table set with autumn flower and drift wood center piece. The next regular club meeting will be Dec. 28.

Mr. and Mrs. Jack Pierce attended homecoming at WTSC in Canyon Saturday.

OUR COMMENT:

Now! We can really use new business Bridges Goodpasture are bringing in. A couple more we think of and we would be in business.

E 26

NEW LOCATION — Bryant and Melba Sisco, formerly operators of the Yucca Drive-In are now in McCargo Building next to Moore-Oden Dry Goods and operating the Frontier Cafe. Formal opening of the new business was held last Saturday. The Siscos have expressed pleasure at the large number of who turned out to help them get started. —Review Photo

Scratching Patchpad

ROSA LEE MYERS

THIS IS an agricultural piece worth a second's required to read appeared in one of the magazines under the heading "Have You Ever?"

How long does it take to scratchpad? It takes anywhere from 500 to 1,000 years to turn out one good patchpad, according to the Geographical Society.

Scratching a farmer can destroy an entire season.

Scratching usually run advertisement page "one" but in case you are destroying your patchpad would be advisable for the old courthouse. We land and its productive certainly be protected.

Scratching something for kiddies: It's only four until Christmas, so send letters to Santa Claus us at The Review. We made arrangements with us that we can print all letters and then forward them to him. After all, Santa is a subscriber to The Review.

Scratching the football season is over and now is a good time to tell Coaches Ed Robertson and Jack Pierce that we did a good job and that we lost three crucial games. TEAM always played a and each time we went proud of them. The 24 we spent following the were very enjoyable.

Scratching one I'll have to tell on Saturday night there was PATCHPAD on Page 6

WINNING TEAM-MATES — Joe Bob Palmer, victim of a polio attack earlier in the year, was on Friday night in Sundown to watch his former team-mates as they met the mightiest opposition of the season. Joe Bob has been in a Plainview hospital for the past two months. Here with his sister, Judy Palmer, center, and Darlene Snodgrass. Also accompanying him to the game are Mr. and Mrs. Jack Palmer. —Review Photo

SHOW STOCK IN LOVINGTON — Sherm Henard and sons, (that's Robert and Pat) fared very well at the One Stop Hereford Assn. Show and Sale Tuesday in Lovington. They won champion of the show with the bull, HM Domino CIO, which in this picture is the bull resting at left behind Robert. In the picture Robert and Pat brush one of the animals and looking on is Billy Lewis, assistant county agent for Lea County, N. M. Lewis' family lives in Plains. —Photo Courtesy Lovington Press

Plains, Texas, Thursday, November 22, 1956 Page 2

By Vern Sanford
Texas Press Association

AUSTIN, Tex.—Texas' 56th Legislature will have much of its work cut out for it by Jan. 8.

State agencies and public and semi-public groups by the score are busy drawing up desired changes in state laws. Almost every day brings one or more public appeals pinpointing some proposed enactment as vital to state progress.

Some want certain laws liberalized. Others want them tightened. Many departments of State Government seek new or increased appropriations.

Examples in the news: STATE BOARD OF EDUCATION wants \$30,000 a year for the next two fiscal years for education and rehabilitation of mentally retarded.

BOARD FOR STATE HOSPITALS AND SPECIAL SCHOOLS wants the state cigarette tax providing \$5,000,000 a year for its building program continued two more years. Contingent on this, it asks \$11,000,000 for building improvements in the next biennium.

TEXAS PRISON BOARD wants some \$5,500,000 for new building and staff needs resulting from an 80 per cent jump in prison population.

TEXAS LAW ENFORCEMENT CONFERENCE wants 29 law changes aimed at updating criminal detection and trial procedures. Typical items: set up a state-wide file of fingerprints of convicted felons, allow drunk driving convictions upon scientific blood tests, provide public defenders for defendants without funds, etc.

TEXAS JUNIOR CHAMBER OF COMMERCE wants to institute annual legislative sessions with annual and more substantial salaries.

TEXAS CONGRESS OF PARENTS AND TEACHERS wants a 10-point program involving improvement of the school system and teacher salaries, strengthening of laws concerning juveniles, banning of common law marriages, sale of narcotics to children and sale of fireworks.

COSTLY CHANGE—At an approximate cost of \$1.00 per vote, Texans have approved a plan to aid the permanently disabled.

It was the third time in history the Legislature had fumbled its calendar in setting a constitutional amendment election. Eight amendments were taken care of with the general election. But the ninth, by error, was dated for a week later.

Confused or short of funds, nine counties held no election. Another held it a week early. In all, some 200,000 straggled to the polls. Estimated cost: \$200,000. Under the amendment, qual-

fied persons will receive \$58 a month, \$20 from the state, balance from federal funds.

NAACP SEEKS MOVE—Next encounter between the state and the NAACP will be in Tyler district court Dec. 3. NAACP will then seek to have the site of future hearings changed from Tyler to Dallas or Austin.

Last month in Tyler Dist. Judge Otis T. Dunagan granted a temporary injunction against operation of the NAACP in Texas. Defendants gave oral notice of appeal.

Since, the organization abandoned appeal efforts and asked for a full trial on merits. If it loses this, the injunction becomes permanent.

Atty. Gen. John Ben Shepperd said his staff already is at work preparing and that he "earnestly hopes" the trial can be completed in December. Shepperd will be succeeded by Will Wilson on Jan. 1.

OIL BOOST OKAYED—Texas' December oil allowable will be 3,442,592 barrels daily—an increase of 75,503 barrels a day.

A 16-day producing pattern was set by the Railroad Commission, compared to 15 days in November.

Several major companies had urged 17 to 19 producing days because of disruption of supply lines from the Middle East. But representatives of Texas Independent Producers and Royalty Owners contended crisis needs could be met with surplus oil in above-ground storage.

In announcing the 16-day pattern, Comm. Chmn. William Murray said the commission could issue a half-month emergency order later if necessary.

STATE WINS TIDELAND—State Supreme Court added to Texas' public domain in a case setting the boundary between tidal and landholders' property.

"Highest tide of the year," not "average high tide," determines the dividing line between tideland and coast land, ruled the court. In the test case Texas gained 4,986 acres of mud flats along Laguna Madre north of Port Isabel.

Eventual result, said Atty. Gen. John Ben Shepperd, will be the gaining of hundreds of thousands of acres and millions of dollars for the permanent school fund.

Tidelands, according to law, belong to the state. Income is earmarked for education.

TAX ISSUE CLARIFIED—Corporation franchise taxes do not have to be figured on the rate in effect at the end of the year if the rate was lower during the year.

Third Court of Civil Appeals so ruled in a suit brought by Southland Cotton Oil Company to re-

TIMELY TIPS

By LA RUE GILMORE
County Home Demonstration Agent

It's holiday time again! Of course there is no need to suggest a menu to you but you might like some suggestions as to how to serve the leftover turkey or hen. Most families have this problem so here are some suggestions:

TURKEY CURRY

1/2 cup finely chopped onions
1/2 cup finely chopped celery
4 tablespoons butter or turkey fat
1/2 cup flour
1/2 teaspoon Worcestershire sauce
1 teaspoon curry powder
Season to taste
4 cup diced turkey
4 cup hot steamed rice and
2 cup turkey stock and top milk

Cook onion and celery in fat. blend in flour, salt and curry powder. Add liquid and cook until thickened. Cook for 10-15 minutes over hot water and add turkey. Pack rice into greased ring mold and let stand in warm place 10 minutes. Unmold and fill center with hot curried turkey.

TURKEY CROQUETTES

2 cup diced turkey
1 cup cracker crumbs
3 tablespoon butter
1 tablespoon chopped onion
1/4 cup flour
1 teaspoon salt
1/4 teaspoon paprika
1 cup turkey stock
1 egg
1/4 cup mushroom, if desired

Melt butter, add onion and cook 3 minutes, stirring constantly, add flour mixed with seasonings, and stir until well blended, then pour on turkey stock gradually and cook until thickened. Mix with turkey and cracker crumbs and egg. Shape and roll in fine bread crumbs and fry in deep fat.

TURKEY PIE

2 cup diced turkey
2 cup gravy
1 recipe baking powder biscuits

Arrange turkey pieces in casserole, distribute meat evenly. Add gravy made from thickened stock, and biscuits rolled about 1/2" thick. Bake in hot oven (400-425 degrees) for 20-25 minutes. Serves 6-8.

(You may also use diced carrots, small potatoes, onions, peas or hard cooked eggs for variation.)

TURKEY ALA KING

2 tablespoon fat
1 and 1/2 tablespoon flour
1/4 teaspoon salt
1 teaspoon Worcestershire sauce
1 cup milk
1/4 cup chopped green pepper
1/4 cup chopped olives
1/4 cup pimientos
1 cup diced cooked turkey
3 slices hot toast

Combine fat, flour, salt and Worcestershire sauce; blend, add milk and cook until thickened, stirring constantly. Add green pepper, olives, and turkey, heat and serve on toast. Serves 3.

cover taxes paid under protest.

During most of Southland's first year the franchise tax was \$1.25 per \$1,000 taxable base. By the end of the year the rate was up to \$2.00.

State officials contended the company should compute the entire year's taxes at the \$2.00 rate. Southland paid the full amount, but sued for recovery.

GRAIN CROPS SKID—Texas 1956 grain crops will be substantially less than last year, but better than expected earlier.

A 28-million-bushel corn crop is forecast by the U. S. Dept. of Agriculture. This compares to 49 million bushels in 1955. Sorghum is expected to hit 98 million bushels, a drop of about one third. Rice is set at 46 million bags, a 15 per cent decline.

Even so, forecasts showed an optimistic upturn since the last estimates a month ago. Another bright spot: USDA expects citrus production to run more than 50 per cent above last season.

BURNED BUS—This former school bus which was owned by a Plainview farm and being used to transport braceros burned last week about two miles south on the Denver City highway. No one but the driver, who was unidentified, was aboard the vehicle and he was not injured. The Plains Volunteer Fire Department answered the call to the scene.

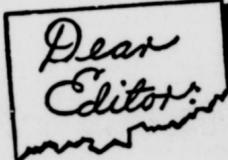

Stanford HD Club Meets In Home Of Mrs. Don Powell

The Stanford Valley HD Club met last Thursday in the home of Mrs. Don Powell. Ten members answered roll call with "Articles I have in my living room that need to be stored".

The meeting was called to order by the president, Mrs. Bruce White. Council report was given by Mrs. Neil Hickman.

Mrs. Preston Murphy presented a program on storage space. The Council Christmas Party will be December 4, at 1:30 p.m. in the club room. All club members are invited, each member to bring a gift for exchange. The recreation hour was directed by Mrs. Lois Murphy.

Refreshments were served by the hostess, Mrs. Powell. Next meeting will be November 26, at 2 p.m.; in the club room with Mrs. H. O. Muston as hostess.

Dear Editor:
On my recent trip back east the first thing I began to notice was the cemeteries. Some over 100 hundred years old. We saw nearly 300 just driving along the main highway.

I compared these to the one in Plains and not one did I see that looked so unkept, so forgotten and so bare.

It made me feel so ashamed to think that the people of Plains would have a cemetery like we do. We have about every thing that other towns have. Why not a decent burial ground for our dead.

All we need is water each could care for his own loved one's grave if they had water. We in the clubs have tried to get this for several years with no luck. If we had water we could plant trees, shrubs and flowers. I think between the county and city we the people of Plains could have a cemetery that we could be proud of.

So why dont we all get to work on it.

Ortha McCargo

Mr. and Mrs. Leo White and Marsha visited friends and relatives in Silvertown and Shallowater Saturday.

M. C. Brian, Rufus Brian, Al-ton Billings and Grady Smith recently returned from a hunting trip near Tinnie, New Mexico.

Sixteen Residents Are Drawn For Grand Jury Duty

Sixteen county residents have been drawn for the grand jury list, it was reported this week, from which 12 will be selected to serve for the November term of court.

The court term extends for the following six months.

Those on the list include P. N. Figley, Mrs. G. G. Kirby, Claude McBeth, R. E. Dyer and Mrs. Jack Akin, all of Denver City; Dave Blevins, C. C. Copeland, Sr., Ford Hawkins, Mrs. J. G. Cleveland and Jack Lowe, all of Plains; Mrs. A. G. Grantley, Ben F. Taylor and Leon Simpson, Route 1, Tokio; Russell M. McSwain, E. W. New, Route 1, Seagraves; and G. N. Norris of Allred.

ACROSS THE CATTLE GUARD

By LEO W. WHITE
County Agent

The 4-H Club members got four more lambs on feed last week, bringing the total number to eleven. These boys will feed the lambs in much the same way as a commercial lamb feeder would handle larger numbers. They will be fed for about 100 days before they are exhibited at the county show and sold through the auction ring.

Some important changes have been taking place in the lamb feeding business here in the Southwest. Feeders have learned that a small amount of aureomycin added to the ration will reduce the amount of feed required to put on a pound of gain. They have also learned that by grinding the hay and mixing the hay and grain together and then running the entire mixture through a pelleting machine, they can self feed the lambs without danger of them eating too much feed, and it also reduces the amount of feed wasted.

During the first week in this month I was with two other county agents and we visited a ranch near Sterling City where there were 800 lambs on feed. This rancher was feeding cubes that had been prepared according to his specifications by a mill in Big Spring. The lambs had been on feed for two weeks. He was going to feed them four more weeks and have them ready for market. Since he started feeding the cubes he fattens his lambs in 42 days as compared to 90 days when he was feeding hay and grain.

He grows the lambs to about 75 pounds on pasture and after 42 days in the feed lot, he sells a fat lamb weighing about 90 pounds. Before he started feeding the cubes he started with a 60 pound lamb and got him fat in 90 days weighing 90 pounds. It costs him about 14c to put on a pound of gain using the cubes.

Our 4-H club members have not started using the cube method of feeding. Perhaps they will after they learn some of the principles of feeding, and start lambs on a larger scale. Only one boy has more than one lamb at the present time. Joe Wagley is feeding two lambs. Those members who are feeding one lamb each are: Oscar Henard, Margaret

Farm Machinery Care In Winter Will Save Money

College Station—A hard freeze can play havoc with auxiliary motors, tractor engines and sprayers unless they have been properly winterized, says W. L. Ulich, extension agricultural engineer.

Auxiliary motors should be cleaned; the crankcase drained and refilled with new oil and the motor run for a few minutes to coat all surfaces with oil. The radiator should be drained and flushed with a reliable radiator cleaner and then flushed again with clear water.

Remove the spark plugs. Give them a good cleaning and adjust and oil before replacing them, says Ulich. The upper cylinder walls should be lubricated while the plugs are out. Drain the fuel tank and allow to air dry. Cover the end of the exhaust and breather pipes to prevent moisture from entering the motor. Clean and charge the battery and store it where it will not freeze.

To winterize spray equipment, the engineer advises flushing the entire system. All drain plugs should be removed and the pump operated for a few minutes. Open all valves while the pump is running to release any trapped water and remove and place all valve balls in oil. Grease and turn shafts to distribute the grease on shafts and bearings and hang hose so all water drains out.

Give all machinery a good cleaning; pack bearings to seal out moisture; remove belts and canvases and store in a dry, rodent-proof container and apply a rust inhibitor to all polished surfaces such as plow moldboards and sieves. While this job is being done, Ulich suggests a close inspection of all machinery for pairs or replacements can be made during the winter.

Winterizing farm machinery can save valuable time and money in addition to adding years to the serviceable life of the equipment, says Ulich. Too, the present cost-price squeeze is such that farmers just cannot afford losses which can be prevented.

Guests of Mrs. S. F. Pride Sunday were Mr. and Mrs. Jim Brown of Kermit and Mr. and Mrs. Bob Wright of Denver City.

Mr. and Mrs. Buster Kennedy spent Sunday in Portales as guests of Mr. and Mrs. V. J. Morrison.

Mr. and Mrs. Guy Harrod and Mr. and Mrs. E. S. Bandy were visitors in Lubbock Friday afternoon.

Mr. and Mrs. Junior Rushing of Seagraves were weekend guests of their parents, Mr. and Mrs. J. A. Rushing and Mrs. Thelma Ellis.

Mr. and Mrs. Amos Smith and family and Mrs. Duane McDonnell and Pam were in Whiteface Saturday attending the Whiteface-Cooper football game.

Early Mailing Of Packages To Civil Employees Is Urged

Surface Christmas mails destined for civilians in Alaska, Hawaii and Puerto Rico should be mailed by postal patrons by very early December, Postmaster Verda Lee Robertson said today.

This is necessary, she explained, because of available ship schedules from the port of dispatch, as well as possible delays due to bad weather frequently encountered at this time of year.

Mrs. Robertson urged postal patrons to send holiday surface mails for Alaska and Hawaii according to the following schedules: residents of the Eastern and Central time zones, not later than December 1, 1956; Mountain time zone, not later than December 3, 1956; Pacific time zone, not later than December 4, 1956. Mail for Puerto Rico should be sent by December 3, 1956.

These, of course, are deadline schedules the postmaster pointed out. Postal patrons are being advised that even earlier mailings will be an aid to the postal service, as well as provide an additional measure of insurance of delivery by Christmas.

PROTECT COTTON PROFITS

WITH A JOHN DEERE GYRAMOR ROTARY CUTTER

You're singing the "boll weevil blues" if the pink bollworm has you in the red. Take this tip about the recognized practice of early stalk shredding.

The John Deere Gyramor 5-foot Rotary Cutter will help you meet stalk-destruction bills. It does a thorough shredding on two rows at a time, making clean rows easy. Gathering attachments rip in downed stalks... shredding attachment provides six cutting edges in one of two. And the rugged construction, slip-clutched gear drive and fail-type brakes mean greater dependability.

You'll find many other uses for the John Deere Gyramor besides stalk shredding. It mows a clean 5-foot swath through heavy brush or light grass; it is ideal for clearing new land, maintaining pastures and roadsides, mulching prunings. Call us for a free demonstration.

You don't have to be a PENNY PINCHER

GETTING AHEAD FINANCIALLY is not a matter of "pinching pennies." Quite to the contrary! Actually you can spend money more happily (because free from worries and misgivings) once you have embarked on a program of systematic saving. First step is to establish the amount that you reasonably can and MOST CERTAINLY WILL save each payday. Then see to it that these dollars go promptly into your savings account every week... before they have a chance to go elsewhere. You'll have more fun spending what's left... when you do your saving FIRST!

Yoakum County State Bank

Oil News

(Continued from Page 1)

and east lines of section 276, block G, WTRR survey.

It is three-quarters of a mile north of the discovery well for Devonian production in the region.

Great Western Drilling Company No. 1 Francis S. Granberry, Northwest Gaines County Wildcat, logged bleeding oil in a core at 6,142-6,217 feet in the Permian lime.

Recovery from that cutting was 75 feet of lime, with the bleeding oil at 6,142-6,205 feet. The project is due to core deeper.

It previously logged a slight show of oil and gas in the San Andres between 4,850 and 4,900 feet, and had gas, oil and water at 5,171-5,252 feet.

The operation is contracted to 12,700 feet to explore the Devonian. It is 660 feet from south and west lines of section 6, block A-9, post survey.

CARD OF THANKS

I sincerely appreciate all kindness shown me, in the darkest hour of my life, by the loss of my husband. May God bless and keep each one of you.

Mrs. J. H. Jost

A HUNTING WE WILL GO . . . and proof of their luck are these three deer brought back by a Denver City party from a week-end trip into New Mexico. Vernon Townes holds up the largest of the bucks, which weighed over 200 pounds. At left is Bud Vuicich, who also got a deer. Others making the trip were Dr. Joe Taylor and Ralph Townes.

Sundown

(Continued from Page 1)

the power of the Cowboys, but Frenship burst the bubble at Plains homecoming. The Frenship team was undefeated coming into that game, as were the locals, but the old Plains Homecoming jinx prevailed, and the Cowboys lost their first game.

Plains took out their anger against O'Donnell the next week, but Seagraves took the measure of the Cowboys the following Friday night. In the last home game of the season, two weeks ago, the local squad upended the Ropesville club.

The Cowboys featured a sharp running attack along with good passing this year. It would be hard to single out individuals for good performances, as most of the Plains games were team efforts. Good spirit was another outstanding trait of the local club, and even in their defeats, they never gave up, and that is something they can be proud of.
