

about dimmitt
and castro county

By Bascom Nelson

If anyone wants to see some good football they should take in one of the Bobcats' games during one or all of the three Friday night sessions left this season.

The Bobcats may not win the Conference (we personally think they will), but if they don't it won't be because they didn't have the energy and teamwork necessary. Despite their general small size, the Bobcats are thus far turning in a highly successful season.

Watch them in a game or two and you'll become an ardent fan.

The American Legion building in Dimmitt is slowly and agonizingly being completed, almost entirely by volunteer labor.

This "do it yourself" theme, brought on by rigid economic factors within the Legion treasury, resulted in an unhappy ending to Monday night's plumbing epic.

After a group of Legionnaires, egged on by the plumbing examples of Fred Kuntz and Jack Flynt, had finished work about midnight Monday they stepped back to view their accomplishments. Jack turned on the water outside and soon every faucet was running.

Now all the drainage pipes had been tied into a two-inch pipe protruding from the west wall of the building.

Soon the sinks began filling up. The dishwasher began filling up. A "plumber's friend" was brought into use.

A pipe was bounced up and down in a drain pipe opening found on the roof in an effort to clear any obstruction.

Many thoughtful comments were made about what could be wrong. Finally Fred noticed water coming up around the pipe outside. Stunned silence.

The pipe ended about two inches underground.

It was finally connected to the sewer Monday morning.

Only two weeks earlier it had been necessary for the Legion to work diligently taking paint off their concrete floor with paint remover because the paint wouldn't dry out or do anything else ordinarily expected of paint. They painted it again this week end.

Maybe this time the paint will hold and the sewer will work. There are some other jobs still to be done, voluntarily, of course. Maybe these will be more successful.

This building will be used for a good many worthwhile community purposes when finished. The Legionnaires have gone to a great deal of trouble, to say the very least, to provide this building for themselves and the community.

Local members of the Tierra Blanca Medical Society Auxiliary are asking all local people to deposit the money they would ordinarily spend on Christmas cards to the "Operation Christmas Creating" account at the First State Bank. Names of the depositors will be published in this newspaper as wishing their friends a Merry Christmas. The money thus collected will go to buy a new baby incubator at the hospital.

At the same time the Legion Auxiliary and others will probably be selling Christmas Cards for worthy Christmas projects of their own.

So may we suggest that our readers purchase the Christmas Cards to be sent out of the county from local groups selling them and where they are to be mailed within the county, just deposit the money you would spend on cards and we'll print your name. If you want to deposit money at the bank and send cards both, that will be fine, too.

Last Rites For Mr. Houtchens Held Tuesday

Funeral services for Herbert H. Houtchens, 67, a resident of Castro County since 1925, were conducted at 2:30 p.m. Tuesday in the Church of Christ here. D. C. Lawrence, minister, officiated. Interment was in Castro Memorial Gardens.

Born in 1889 in Williamson County, Mr. Houtchens had lived in Dimmitt for the past three years as a retired farmer. He had "armed" for twenty-two years on his place south of Dimmitt.

He was married in 1911 to Dora Stallings in Harrell, Texas. They moved to this county in 1925 where they had lived ever since. He died at 4:45 a.m. Monday in the Castro County Hospital.

Survivors are his wife, Dora; four daughters, Mrs. Marvin Boyd of Clovis, N.M., Mrs. Roy Stafford of Dimmitt, Mrs. Charles Hestand of Dimmitt and Mrs. Percy Merritt of Clovis, N.M.; two sons, Doyle Houtchens of Dimmitt and Charles Ray Houtchens of Los Angeles; one brother, Fred of Electra; two sisters, Mrs. Bertha Brooks of Comanche, Oklahoma, and Mrs. Mamie Ashley of Vernon.

County Gin Mark Hits 2,000 Bales

Slightly more than 2,000 bales of cotton have been harvested in Castro County thus far, according to county gin reports. At this time last year 16,000 bales had been harvested in what turned out to be an almost ideal year for cotton. Cold, wet and cloudy weather, along with a late planting season in some parts of the county, is credited with the lag in ginning this year. Castro County is running about one month behind last year in cotton harvesting.

General conditions over Castro County point to fair to good crops if present weather conditions hold out, according to County Agent Marvin Simms.

The over-all county production of cotton is expected to be down 10 to 20 percent from last year and the grade will probably be hurt as much.

"We would be in good shape if we can get a month of sunny, dry weather," Simms said.

The maize picture is on the borderline. Some grain sorghums

in the county, principally dryland, are beginning to fall, forcing premature cutting in some localities. General moisture content is 15 percent, meaning most grains cut now must be sold on the open market since 13 percent is the maximum allowed in the government loan program.

However, it is expected that grain sorghum production on the county level will be only slightly less than last year. The price this year is considerably lower than last year with a net of \$1.61. Cutting is still going slowly around the county with only an occasional truckload arriving in Dimmitt.

The first freeze of the year occurred Friday night when temperatures dropped to about 30 degrees over the county. Saturday night, the last freeze to date, saw temperatures go as low as 26 degrees. There are exceptions, but it is not considered that this will hurt this year's crops to a great extent.

Some of the cotton hauled out in the south part of the county will make as much as a bale to the acre, according to individual farmer reports. These farmers are expected to receive a lower grading than their neighbors who received no hail.

First break in this week's weather came Wednesday as temperatures ranged into the high sixties and the sun shone all day in a cloudless sky. Thursday is slightly cooler but still sunny. The first part of the week was too cloudy and cool to do much toward preparing cotton and maize crops for harvesting.

PRIZE WINNER—Miss Glenn Ann Maples walked away from the Texas State Fair in Dallas with one of the most coveted awards presented in the junior poultry division. It is a trophy for her grand champion exhibit of a pen of four females. Her sister Mary Helen won her share of the prizes, also. The two girls are daughters of Mr. and Mrs. Glen Maples of Hart. Each won a blue ribbon on their three toms and three hens in the Junior Market Turkey Show. Glenn Ann also won a blue and white ribbon in the junior egg production contest. In this contest Mary Helen won "Reserve Grand Champion and a red ribbon on one pen of four. Glenn Ann won a total of \$41.97 in prizes, while Mary Helen won a total of \$33.97 in prizes. The Maples sisters also have entries in the Poultry Department of the San Antonio Show this year. They have made outstanding records with their poultry exhibits for the past five years. They also won three first and three seconds in a recent Lubbock South Plains Fair rabbit show.

Public Hearing To Air Proposed FM Road Plans for North Dimmitt

A public hearing will be held in the City Hall in Dimmitt on Wednesday, November 6, at 10 a.m. to discuss the proposed improvement of Farm to Market Road 2392 extending from the west city limits in the north part of town to State Highway 51.

This hearing has been set to satisfy requirements when the state

uses federal aid in constructing a paved road. Construction of this road is expected to begin sometime next spring and preliminary details have been taken care of during the past several months.

Texas Highway engineers will explain the improvement to be made and answer questions concerning it. Everyone is invited to attend this hearing.

JayCee-Built City Airport Opening Held Sunday Morning

About 150 persons attended the formal opening of Dimmitt's new airport one mile north of town Sunday morning.

Registering and taking part in the "fly-in breakfast" were about 100, most of whom had arrived from nearby cities in some twenty

airplanes.

The breakfast was given by the JayCees to show area pilots the facilities available at Dimmitt. The activities began at 8 a.m. and ended at 10 o'clock.

Managed by JayCee J. R. Brown, the airport consists of four run-

ways which lie north-south, 2,200 feet; and east-west, 2,000 feet.

Hangers were constructed for six planes with the JayCees doing the labor. Space for one or two more planes is expected to be added in the near future.

Major material donations were

made by Fred Bruegel and Jack Gregory for the hangers and Bill Nichols donated tire carcasses for runway markers.

Six planes are presently based at the airport with at least one more anticipated as soon as space becomes available.

Property for the airport is leased from Elmer Youts.

Awards were made to several attending the breakfast Sunday. "Pup" Thomas of Lubbock, who arrived in a new Ballanca, received an award for having the "dirtiest" plane; and Jarvis Nowell,

Plainview, received a set of teeth protectors for making the "sloppiest landing."

The breakfast arrangements were made under direction of JayCee Charley Armstrong. It was served cafeteria style and tables were set up in one of the hangers.

PARKING—JayCee Bob Dulaney shows Mr. and Mrs. Pete Savage of Plainview where to park their Luscombe airplane Sunday morning at the Dimmitt airport's fly-in breakfast. Twenty-three planes took off and landed at the airport between 8 and 10 a.m.

OUTDOOR BREAKFAST—Despite chilling temperatures Sunday morning about 70 people from nearby towns visited the Dimmitt airport in their airplanes for the fly-in breakfast. A large crowd from Dimmitt was also on hand. Virtually all visitors had left by ten o'clock after eating and looking over local airport facilities and visiting.

DHS Exes Day Next Thursday

The annual bonfire sponsored by the Dimmitt High School will be held Thursday, November 7 at 8 p.m. This event will start the Dimmitt school homecoming which will be followed by the Exes Tea on the following Friday in the School Homemaking Department from 1 until 2:45.

The public is invited to the bonfire and homecoming pep rally. The pep rally will follow the homecoming tea at 2:45 in the high school auditorium. The pep rally will be dedicated to the graduating class of 1958 and will honor the graduated class of fifteen years ago, 1942.

Agriculture Contest Ended This Week

Miss Mary Helen Maples and Rayphard Smithson walked away with top honors in the final two weeks of judging in the Castro County Agricultural Contest.

Miss Maples won divisions in canned and fresh okra, green beans, canned pumpkin and winter squash in the October 19 contest and pop corn in the October 26 and judging. Mr. Smithson won the earlier grain sorghum judging, giving him a total of three out of four major division wins.

Other winners in the October 19 contest were J. W. Birchfield in canned tomatoes; Mrs. J. Brockman in blackeyed peas; and Glenn Maples won on Sweet Peppers.

This wound up judging in the contest, held this year in lieu of a county fair.

Amendment Balloting In County On Tuesday

Castro County poll-tax paying citizens will join with other citizens Tuesday when they vote on three proposed Constitutional amendments.

The first proposal would make the five cent contribution rate to the state employees' retirement system applicable to an employee's whole salary and would add additional employees who may be included in the retirement system.

The second proposal increases the authorized state expenditures for old age assistance, aid to the blind and aid to dependent children from \$42,000,000 to \$47,000,000 per year and increases the limit on payments from state funds per person for old age assistance.

The third proposal authorizes the issuance of \$200 million in bonds by the State of Texas to provide assistance in local develop-

ment of water resources.

Fifteen county boxes will be open for the election.

Absentee balloting ends Friday (Nov. 1) at the County Clerk's office. These ballots will be counted at 2 p.m. Tuesday by the Absentee Canvassing Board.

County balloting will take place at:

Precinct 1: (Dimmitt) County Clerk's office.

Precinct 2: (Dimmitt) Sheriff's office.

Precinct 3: (Dimmitt) County Agent's office.

Precinct 4: (Dimmitt) Commissioner's Court Room.

Precinct 5: (South Nazareth) Ed Brockman home.

Precinct 6: (Hart) American Legion Building.

Precinct 7: (Bethel) Community Building.

Precinct 8: (Jumbo) Community Building.

Precinct 9: (Summerfield) Pitman Elevator Office.

Precinct 10: (Sunnyside) Baptist or Community Building.

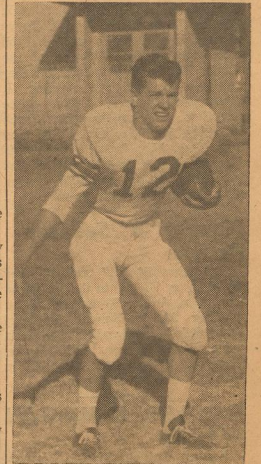

Precinct 11: (Big Square) Community Building.

Precinct 12: (North Nazareth) Community Building.

Precinct 13: (Arney) Community Building.

Precinct 14: (Frio) Community Building.

Precinct 15: (Easter) Community Building.

Keith Lowe Is 'Back of Week' For Second Time

KEITH LOWE, halfback for the Dimmitt Bobcats, this week was chosen the "Back of the Week" for the South Plains area. This was the second time Lowe had won this honor having received it last year also. He was also the third Bobcat to receive the distinction this year. Norman Nelson was earlier "Back of the Week" and Gary Cleaver was named "Line-man of the Week."

According to the Avalanche-Journal: "For his terrific all-around play in leading Dimmitt to its second straight District 1-AA victory, halfback Keith Lowe has been chosen as the Avalanche-Journal's Back of the Week on the South Plains."

"Lowe, whose running is one of the big reasons why Dimmitt has won six of seven games and is unbeaten in district play, got the nod over a host of other outstanding performers mainly because of his defensive play."

"The 155-pounder, playing the middle man in a three-deep situation, was 'in on nearly every tackle' in the 19-13 win over Canyon, Dimmitt Coach J. D. Covington reported. Many of his tackles were made along the line of scrimmage. 'He was by far our best defensive player in the game,' Covington noted.

"Offensively, Lowe was a star, too. He scored two touchdowns, one a 35-yard run in the fourth quarter that clinched the victory for the Bobcats. His other counter came on a 25-yard pass play. He snagged the pigskin in the end zone while contesting two Canyon defenders.

"Of Dimmitt's 231 yards rushing, Lowe accounted for about 120. He now has scored 63 points this season."

Lamesa Man Buys Local White's Store

Announcement was made this week of the sale of White's Store in Dimmitt by the partnership of Gene Kenmore and James Burnham to Mr. Charles H. Vaughn of Lamesa.

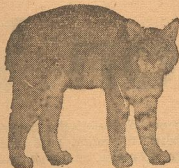

Mr. Vaughn began operation of the store Monday. He indicated the store will be operated the same as before and the same personnel will be retained. The television sales and repair service will also continue to be operated.

Mr. Vaughn has been in business for the past twenty years in Levelland. He is married and is the father of four children. Before moving to Lamesa he attended Wayland College in Plainview. The family will move to Dimmitt as soon as residential arrangements can be made.

Gene Kenmore, active operator of the store for the past several years, will remain in Dimmitt but has made no decision about his future plans.

The store is located at 214 West Jones Street.

OUR SENIORS

Our senior girl this week has light brown hair, hazel eyes, weighs 114 lbs. and is 5' 5" tall. She is Joyce Ann George. Joyce always has a smile and a kind word for everyone. Some of the things that keep her busy are her subjects which are typing I, American History, civics, office practice, and bookkeeping. Joyce is active in the choir, FHA, and Pep Club. Her favorite person is Ronnie Nelson. She likes to spend her time eating, sleeping, acting silly, and going with Ronnie.

Dimmitt "B" Subdues Canyon

The Dimmitt "B" romped over the Canyon "B" 20 to 6. The game was played on Thursday night, October 24, in Bobcat Stadium. Dimmitt's outstanding players were Don Warren and Gordon Thanish. They next play Tulia here—October 29 at 8 p.m.

GOOLSBY IS SLOGAN WINNER

Friday, October 25, the Dimmitt Pep Squad sponsored a slogan day. The slogan was "Smear the Eagles." The Pep Squad sponsor selected a mystery person to count the number of times the slogan was repeated. The hundredth person to say it was to receive a free ticket and a ride to the ball game and also a corsage. The mystery person was revealed at the weekly Pep Rally by Mr. Bates. It was our world history teacher, Mrs. Avis Smith. The student who repeated the slogan the hundredth time was Darlan Goolsby.

Bobcats Defeat Canyon For Second District Win

The Dimmitt Bobcats won their second 1-AA conference game by beating the 1-AA District and District champs of 1956 by a score of 19-12 in Canyon last Friday night. The Bobcats had a tough time on the West Texas State field, as snow had fallen the previous night, leaving the field in a muddy mess. This gave the Eagles a two-touchdown advantage as they outweighted the Bobcats ten pounds per man.

Dimmitt's first tally came when Quarterback Truman Touchstone threw a 25-yard pass to Keith Lowe who had to leap high into the air to make the catch. Norman Nelson made the extra point on an end sweep. The next tally came for the Eagles when Leonard Miller scampered 40 yards to paydirt. The next to score was Canyon also, when Dimmitt fumbled on the Eagles' 25. On the next play A. L. Pruett threw to Miller in the end zone. The score stood 12-7 in favor of Canyon. Chances looked slim for the Bobcats as only 8 seconds remained in the third period with Dimmitt trailing. Things brightened quickly as on the kick-off, Zay Gilbreath, behind good blocking, sprinted 70 yards for the score. After that it was all Dimmitt as Boyce Tate stood-out in the line along with Gary Cleaver and Coyce Wilkinson. The Dimmitt insurance run came when Keith Lowe skittered right end for 38 yards and paydirt. The Canyon Eagles then took to the air but failed as the clock ran out.

The Bobcats will meet the Tulia Hornets here this week in the third conference game for both teams. The Hornets have a 1-1 record but have steadily improved to upset Canyon and Memphis.

Returns to Phenix

Margaret Axtell and her brother, Cleo Shellabarger has returned to Phenix, Arizona for the winter. Mrs. Axtell is working on her book, "The Life of Will Rogers."

TUNING IN A STATION

The clock on the mantle said eight o'clock. So I hurried to the TV to hear "The Lone Ranger." In a few jiffies I found the station but there was some interference. One of the programs interfering was a cooking school and the other was a Bible lecture. This is what I heard.

"And as they went down from Jerico they heard" a shot followed by a well greased baking dish. Then the lights went out on the road to Damascus. And Noah looked out of the Ark and said, "Measure two cups of sugar and blend in thoroughly." And he spake to them many things in parables saying, "Help Police!" "Leave the dead to 'sift three cups of flour before measuring!" "For the kingdom of God is likened unto a" one meal dish where there is no free passage to "Dead Man's Gulch."

"And some seed fell by the wayside and others upon" one teaspoon of cinnamon. "Thus saith the Lord Jehovah concerning" the lady across the street. "Upon this rock I will build" two egg whites stiffly beaten. "Do not become weary in well doing" for the egg whites must be beaten stiffly. Add two cups of boiling alternately with "the Semon of the Mount. In three days I will" add the milk gradually. "Lot's wife turned into" one 'teaspoon of salt. "And as Jesus was going up to Jerusalem, he took" the telephone which rang constantly.

"Jesus spake unto them saying, 'My dogs are tired! Come ye after me and I will make you to become one large soup bone. 'Then becoming tired, they stopped to rest on' one cup of brown sugar dissolved in the 'Hell of Fire.' "He departed from the sea of Galilee and passed by" the old swimmin hole. "Now in the morning as he returned to the city, he came out" of the oven nice and brown. "And the Pharisees and the Saducees questioned him by saying, 'When do we eat?"

Science Club Will Be Called "Futurians"

The Science Club met last Thursday and voted on a name. The new name for the club will be "Futurians."

The constitution was approved at a former meeting. It came from a model Science Club constitution with a few amendments. Five new members were voted into the club. They were Ronald Fortner, Gwen Dunn, Lorine Tate, Evelyne Cummins, and Donna Wood-dell.

The club membership is limited to 20 persons, so if you are interested in science and would like to join the Futurians, see Jerry Belknap or Mrs. Robinson about making your application.

After the business meeting we adjourned to the laboratory.

Bobcat Band Attends Contest

The Dimmitt Bobcat Band under the direction of Ralph Smith will again attend the Interscholastic League Marching Contest in Canyon.

The band has been drilling hard in getting ready for the contest. Sixty members make up the marching band. Buffalo Stadium is the site of the contest Tuesday, November 5.

Mr. Smith has directed the band in three successive 1st divisions in marching in the last three years. The band will be working hard to win a fourth first division this year.

Deer Hunting in Colorado
Calvin Lippard and Charles Armstrong were in the Colorado mountains hunting deer last week. Ask them how many they shot.

STAFF GETS BLAME

The staff of "The Parakeet" from Polytechnic High School in Fort Worth, Texas, printed this reminder to the students:

"It's the students who get the paper
It's the school who gets the fame
It's the printer who gets the money
It's the staff who gets the blame."

Cleaver is Star of Week

Gary Cleaver, a senior, was named lineman of the week by the Lubbock Avalanche Journal October 22. The reporters said, "He was one of a host of Bobcats who played brilliantly in Dimmitt's 13-0 District 1-AA win over Dalhart." He scored one of Dimmitt's touchdowns by intercepting a pass. The 168-pounder broke up sev-

eral more passing attempts. Cleaver is a two year letter man and he is also captain of the Bobcat team.

Visits Mrs. Ewing

Cpl. Donald E. Ewing of the U.S.M.C. and A3c. Guestler D. Ewing of the U.S.A.F. visited in the home of their grandmother, Mrs. S. N. Ewing last Sunday.

Grass Seed New Money Crop

Cotton and grain sorghums are major money-makers in the Texas Panhandle but a third commodity looms on the horizon whose possibilities are just now being explored.

That commodity is cultivated grass. A few farmers have been reaping large profits from grass as a seed crop. Indian grass grown on a farm near Morton produced

22,500 pounds of seed on 14 acres which sold for \$1.25 per pound in 1955.

Two acres of Blackwell switch grass in Hockley country threshed 400 pounds of seed at \$1.25 per pound, grossing \$250 an acre.

These, and other trial plots, point up the fact that grasses may soon become an important part of every crop rotation. Although the price of \$1.25 per pound will not hold up long with successive good crops, those few sighted farmers gambled on grass and it has paid off handsomely.

In spite of the high prices, the growers had no trouble selling all the seed raised. From a total of around 800 acres in grass seed production in the Panhandle during 1956, the acreage is expected to increase by leaps and bounds. Most growers agree that the price of seed will nosedive after a few more big crops. This may be a "left-handed" blessing for all concerned, however.

At present, the cost of buying and broadcasting this seed on overgrazed rangeland can run as high as \$15 per acre. For many ranchers today, this cost is prohibitive. Cheaper seed of good quality will be in even greater demand than at current price levels, however.

Some growers have proved that grass will fit into money-making rotations. A farmer may grow a seed crop and get several months grazing as well. He can graze the grass in summer, pull off the livestock and make a seed crop, water and have good grazing all through the winter.

Most plots of grass were in the irrigated sections of the High Plains. The growers plant the grass seed in a small ridge, cover it very shallow and irrigate. Previously, plantings in the bottom of furrows proved only moderately successful since even light rains would wash the dirt and bury the seed too deeply.

Grass farming is sound, profitable, and will bring the soil back to its original fertility. The days of fabulous profits may be numbered but the prediction is that grass will spread year by year over many parts of the country as a money crop.

NEWS FROM SUNNYSIDE

Bro. and Mrs. Murlie Rogers and Butch visited in Plainview Saturday morning with Mr. and Mrs. Wayne Powers and family.

Alvis Gray of Hart Ends Army Basic

Alvis N. Gray, son of Mr. and Mrs. C. C. Gray of Route 2, Hart, Texas, graduated from recruit training September 27 at the Naval Training Center, San Diego, California.

The graduation exercises, marking the end of nine weeks of "boot camp," included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

APPRECIATION

We wish to take this means of publicly expressing our sincere appreciation for the liberal patronage accorded us during the time we have operated the White's Auto Store in Dimmitt.

Serving the fine people of this area has been a pleasure, and we trust that every transaction that we have made has been as much satisfaction to our customers as they have been to us.

We have sold our store to Mr. Charles H. Vaughn, who has already assumed management. We bespeak your continued patronage for our successor who, we assure you, will continue to handle only the finest merchandise and render a pleasant satisfactory service.

Belva Jean Warren and Homer Bates Wed October 12 in Springfield, Missouri

Mr. and Mrs. R. M. Warren of Dimmitt, Texas announce the marriage of their daughter Belva Jean Warren to Pvt. Homer A. Bates of Ft. Leonard Wood, Mo., son of Mr. and Mrs. G. R. Bates of Artesia, New Mexico.

The double ring ceremony was read on Saturday, October 12, 1957 at 6:30 p.m. in the home of Mr. and Mrs. Bobby Warren, 1311 Willow Lane, Springfield, Mo. With the Rev. Arthur Brown officiating, Mr. Warren is a brother of the bride.

For her wedding the bride chose a two piece grey and charcoal suit with winter white hat and gloves and black accessories. She carried a white brides Bible topped with a corsage of white carnations.

Mrs. Bobby Warren of Springfield, was the Matron of honor. She wore a two piece pink dress, with pink accessories. Her corsage was pink carnations.

Mr. Bobby Warren served as best man and Gary Warren was ring bearer. Following the ceremony a small reception was held in the Warren home, brother of the bride. With a pink wedding cake centered on the white linen cloth with pink carnations on each side and pink carnations around the cake. Mr. and Mrs. Bates are both graduates of Dimmitt High School and Mrs. Bates is employed by the County. They will be at home in Springfield, Mo. for about a month, then Pvt. Bates is to go overseas, Mrs. Bates will return to Dimmitt.

Farm Bureau Holds Convention

The Castro County Farm Bureau held their annual convention in the District Court room in Dimmitt on Saturday night October 26, 1957, with a good group present. Those who attended participated in the business with lively discussions. It was decided to increase the number of directors for the county Farm Bureau. Those elected for directors are as follows: A. J. Kemp, Jim Elder, Bob DuLaney, M. A. Tidwell, Houston Lust, Carl Bruegel, George Gabel, Rex Woodson, Frances Wilhelm, Wm. Hochstein, Sr., Maurice Campbell, S. R. Hutto, A. D. Barden, Edwin Mauk, Floyd Cole, Haskell Benson, Roy Battles, Milburn Hayden, Orlie Moore, Andy Behrends, R. B. Baker, Phillip Haberer, and Bruce Fields.

Delegates to the State convention which meets at the Adolohus Hotel at Dallas on November 17-20 were elected as follows: Sid Shetty, Edwin Mauk, Bob DuLaney, P. P. Robb, and Roy Bolkin. Alternate delegates are: Bill Hochstein, J. G. Davis, Allan Webb, Roy Pyeatt, Leo Witkowski, Hugo Beyer, and Ira E. Brown.

58 FORD COMING NOV. 7 Nothing newer

AROUND THE WORLD

The 58 Ford has been proved around the world. This is the most dramatic and most grueling test ever given a new car before its public announcement. The whole world was used as a test track for the 58 Ford. The car drove through England, France, Switzerland, Italy, Yugoslavia, Greece, Turkey, Iran, Afghanistan, Pakistan, India, Malaya, Thailand, Cambodia, Vietnam, and finally back to the place it started - Detroit, Michigan, U.S.A.

The 58 Ford rode smoothly down the rugged, beautiful seacoast of Tito's country, to a festival in Dubrovnik, and into Greece to Athens, where this newest classic met such ancient classics as the Parthenon and the Temple of Poseidon. Into Turkey: and the 58 Ford passed the great white lacework palaces of the Sultans along the Bosphorus and the Golden Horn. Then the Ford went where few but nomads travel, up into the hot days and chill nights of the ancient mountains of Afghanistan. And thence along the route Alexander the Great followed with his chariots to cross the historic Indus river.

Further on came Saigon, the Paris of the Orient, at the farthest tip of Southeast Asia. Finally, it powered across the great Rockies and plains of North America and back, at long last, to Detroit, Michigan. The 58 Ford has been proved and approved around the world. A natural question arises. Why did Ford go to such great lengths with its 1958 model? Why spend so much money and time and go through all the problems of negotiations, customs, border transit, diplomacy in so many countries? The answer: in the competitive automobile market of today, only the best in all-around value can survive. And this round-the-world test is the most decisive possible demonstration of the best. The 1958 Ford is value: hard-dollar value. It is also style, power, performance, and a dozen great new features. But above all, it is value. This is the car you've been waiting for. See it November 7 - there's nothing newer in the world than the 58 Ford!

proved and approved around the world 58 FORD The first car ever to use the whole world as a test track CASTRO MOTOR CO. DIMMITT, TEXAS

NEWS FROM FRIO

Mr. and Mrs. H. T. Benson have a new grandson. The baby, who weighed seven pounds and nine ounces, was born at 3:34 Monday morning in the Deaf Smith County Hospital, to Mr. and Mrs. Joe Hacker of Hereford. The baby has a brother, Shelly, who is two years

old. Mr. and Mrs. Johnny Robinson were in Wilson from Friday afternoon until Sunday afternoon. They attended the Wilson High School Home-coming Friday night and spent Friday night with Mrs. Robinson's cousin, the O. B. Corleys

in Tahoka, and visited with Johnny's parents, Mr. and Mrs. Roy Robinson, and sister, Hazel, of Wilson. Miss Virginia Cox was crowned football queen at the Home-coming Friday night in Hereford. Virginia, the daughter of Mr. and Mrs. Kenneth Cox, takes a very active part in the church and community affairs, in this community.

Mr. and Mrs. Olin Parris and Walker were in Lubbock Sunday to visit with Olin's parents, Mr. and Mrs. H. A. Parris.

Mr. and Mrs. Frank Robbins, Carol, Stevie, Genie, and Jerry visited Saturday night in the home of Mr. and Mrs. Gene Noel, Mike, Lynn, and Debbie.

T. L. Sparkman, Jr., and son, Tommy, were in Amarillo Thursday for Tommy to see the doctor there.

Mr. and Mrs. Weldon Stephen and Rhonda were dinner guests Sunday in the home of Weldon's parents, Mr. and Mrs. Moody Stephan, and sister, Linda.

Mr. and Mrs. Don Mobley, and Mr. and Mrs. Raymond Mobley of Dimmitt, Mr. and Mrs. Darwin

Miller, and rs. H. M. Mobley spent Friday night in Hollis, Oklahoma, with Mrs. Don Mobley's parents, the Dan Booths. They attended the football game Saturday between Oklahoma University and Colorado State at Norman and spent Saturday night with Mrs. Olive Clowser and boys in Norman. They returned home Sunday. Kent, Karla, and Kirk, children of the Raymond Mobleys, visited with their grandmother, Mrs. R. V. McMahon, in Dimmitt while their parents were away.

Glen Andrews of Las Cruces, New Mexico, was home over the week end to visit with his parents, the Owen Andrews, Juanelle Burrus, of Canyon, and he visited Sunday afternoon with Juanelle's grandmothers in Canyon and with Glen's grandparents, the J. E. Andrews, and the T. L. Sparkman, Sr.

Mrs. Floyd Cole, Mrs. Weldon Stephan, and Mrs. H. M. Mobley attended a Stanley Party Thursday in the home of Mrs. Don Mobley Thursday in Dimmitt.

Lynn Dale Cox, Eugene Baldwin, Larry Dobbs, and Tommy Sparkman, were dinner guests Sunday of Gerald Harder.

Mrs. Weldon Stephan and Rhonda visited Monday morning with Mrs. Floyd Cole Cheryl and Beverly. Cheryl returned home with the Stephens to spend the day.

Local Legion Host Zone 2 Meeting Here

The Greer H. Estes Post and Unit, No. 445 of the American Legion and Auxiliary were hosts to the Zone 2 meeting held Tuesday evening, October 29th. A delicious chili supper was served. Following the supper, a mass installation of the 1958 officers of the 5 Posts present was conducted by the 18th District Commander, Mr. Dow Stevens of Borger. Mrs. Ira Ott, Hereford, the 18th District President, conducted a like installation for the Auxiliary Units represented.

Fifty-seven guests registered from Nazareth, Hart, Happy, Tulsa, Hereford and Borger. The next Zone 2 meeting will be held in Nazareth in November. Tentatively planned for a part of the program, will be reports given by the girls and boys from this Zone who attended Girls State and Boys State during this past summer. Among those giving their reports will be Miss Charlotte McElroy, Miss Alice Wassoner, Mrs. Gary Gleaver and Mr. Ronald Fortner, all of Dimmitt High School.

Baptist Groups Install Officers

The Home Makers class and Gleaners class of the First Baptist Church met in the fellowship hall Thursday night, October 24, for the installation of officers for the new year. Theme of the program was "Passport to World Service" with Mrs. E. L. Carpenter, Supt. of Adult II Department installing the officers.

A display of the world globe with dolls from all parts of the

world was the center of attraction after the Dedicatory Prayer by Mrs. Kirkpatrick. Refreshment plate of sandwiches, cake and coffee was served by the social committee of each class to 35 members and 1 visitor.

Square-Flagg 4-H Met in Jones Home

The Square-Flagg 4-H Club met on October 8, in the home of Laura and Nancy Jones. Refreshments were served to

these members: Mary Behrends, Linda and Elaine Davis, Madelyn Smith, Elizabeth and Barbara Coke, Laura and Nancy Jones, and one guest, Kay Bradley.

Meeting was called to order by club president Madelyn Smith, and Laura Jones read the minutes of the previous meeting. Mary Behrends and Elizabeth Coke were leaders for two groups demonstrating Home Safety Rules.

Adjournment was made until the next meeting on October 29, in the home of Mary Behrends.

LEGAL NOTICES

THE STATE OF TEXAS

TO: Eae Bain, and if she be deceased, to the heirs and legal representatives of Eae Bain, deceased; to the spouse of Eae Bain, and if he be deceased, to the heirs and legal representatives of the deceased spouse of Eae Bain, deceased; and to Evelyn Bain; Defendants

Greeting:

YOU AND EACH OF YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Castro County at the Courthouse thereof, in Dimmitt, Texas, at or before 10 o'clock a.m., of the first Monday next after the expiration of forty-two (42) days from the date of the issuance of this citation, same being the 25th day of November, 1957, then and there to answer plaintiff's first amended original petition filed in said Court on the 26th day of September, 1957, in this cause, numbered 2364 on the docket of said court and styled

Eae Bain, et al, Defendants. vs. *The parties to said suit are N. L. Bain, Plaintiff, and the parties to whom this writ is directed are defendants.

A brief statement of the nature of this suit is as follows: To-wit: For partition of Lot 1 in Block 131 and Lots 8 and 9 in Block 170, all in the townsite of Hart, Castro County, Texas, as is more fully shown by Plaintiff's First Amended Original Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law and make due return as the law directs.

ISSUED and GIVEN under my hand and the seal of said Court at office in Dimmitt, Texas, this 7th day of October, 1957.

NEVA HASTINGS Clerk of the District Court of Castro County, Texas

Walter Rogers' WASHINGTON NEWSLETTER

FREE OR FEE

In a recent newsletter I reported some of the statistics and information concerning the communication media which has had considerable impact on the American scene. I refer to the television industry which has become so much a part of our daily lives.

One aspect of this giant industry which is receiving studied attention in all quarters is subscription television, or pay TV. Expressions are heard on all sides relative to the merits or demerits of initiation a nation wide system whereby the television viewer can put a coin in a slot in his own living room to see a program of his choice. Those who favor the initiation of subscription television contend it will make possible better and more elaborate programs. This group also maintains that pay TV will be a small facet of the programming in the over-all industry, and will supplement the vast around-the-clock system of today.

On the other hand, those opposed to pay TV advance the theory that the greatness of the American communications system has been achieved by virtue of its availability to anyone who possessed a television or radio receiver, and that the entire cost of transmitting should continue to be borne by advertisers, net works and local stations.

The Federal Communications Commission has recently announced a program of limited trial subscription television in certain cities throughout the United States and is currently receiving applications with the assurance that no action will be taken on the applications prior to March, 1958. The controversy surrounding subscription television undoubtedly will be brought to the Congress early in the next session since the FCC was established and its laws perfected through the legislative process.

FEED GRAINS EXPORTS

It is interesting to note the disposition of some of our grain sorghum crops under the Agricultural Trade Development and Assistance Act which was enacted in 1954 and extended in the last session of Congress. You will recall this is the program where certain commodities are exported and sold in foreign countries in exchange

for the local currency in that country rather than United States dollars. Since the beginning of the program through September 30, 1957, some 88,140,480 bushels of feed grains have been marketed in foreign countries. Of this amount 5,795,000 bushels were grain sorghums. These figures are estimates and there doubtless will be measurable disposition of grain sorghums in the balance of fiscal 1958. The aggregate value of feed grains marketed in foreign countries through September 30th was 113.2 million dollars.

Milo Group Held Board Meeting

Directors of the Grain Sorghum Producers Ass'n held their regular monthly board meeting this week in the Junior Ball Room of the Herring Hotel in Amarillo.

Seventeen directors and committeemen were present from 12 of the 17 counties in Texas, Oklahoma, and New Mexico, with membership in the association. Attending the meeting from Castro County were Sam Gilbreath and Ray Riley.

Mr. R. G. Peeler, Hereford, President of the Ass'n and Mr. Frank Moore, Plainview, Legislative Representative, reported to the board on the recent Commodity Group Meetings in Washington which they attended. Peeler indicated that another conference of the Commodity Groups would be held in Omaha, Neb., in November and sought counsel from the county representatives of the Ass'n relative to plans for the Nebraska

The Ass'n is supporting a "Surplus Reduction Farm Plan" which general calls for a uniform level of support for all commodities; government programs for all commodities to have a uniform expiration date; and, a percentage of cultivated acres to be retired from production.

In reporting on the Association's activities for the past month, Bill Nelson, the Executive Vice-president, indicated that farmers interest in a series of county organizational meetings had been very encouraging with 250 attending in one county with the average attendance being around 75. One hundred-two local grain elevator operators are cooperating with the grain producers by deducting 2 pounds per thousand from farmer deliveries and depositing it to the Grain Sorghum Producers Association in support of a program of Research, Legislation, and Market Development.

Nelson also announced that a

Grain Sorghum Agricultural-Industrial Utilization Steering Committee is being formed in cooperation with the West Texas Chamber of Commerce, and agricultural and industrial leaders in the area. The initial session of this Executive Committee will be Oct. 22 in Plainview with both Research and Administrative officials in Agriculture and Industry participating.

Returns from Trent
J. F. and Mae Bright attended a Home Coming at Trent on October 26. Mr. Trent attended school there in 1910 and was the oldest man present.
They also visited an old friend J. F. Nalley at Merkel.

Eight-hour-law passed by Congress in 1868, provided that in all government employemnt eight hours should constitute a day's work.

HARMAN'S

Hunting Season Opens; Cut Down on Hunting Accidents

Fall is in full swing. The air is filled with falling leaves and flying footballs. Mom is digging out the heavy blankets and sending the winter clothing off to the dry-cleaners, while Dad is busy putting up storm windows and taking down summer screens.

During all this hub-bub precipitated by the crisp air descending on Texas, a great many Texans take time out to litter up the living room with pieces of torn rags, smelly oil and cleaning rods. The reason being that hunting season is only two weeks off and it's time to get the ol' '30-06' out of the closet or off the mantle and start cleaning it so as to be ready on the first day to get that big buck you know is just waiting for you.

Just how many Americans and Texans are going to blow their heads off with an unloaded rifle is a matter of conjecture, but it is a hard statistical fact that the death rate from firearms jumps up from an average of 150 deaths per month to over 250 in October. In November, when hunting starts in earnest, and normally

sane men start blasting away at one another on deer leases or contriving intricate methods of suicide such as climbing over barbed-wire fences with their rifles off safety, the figure climbs to 340 deaths more or less.

In Texas 169 persons died from firearm accidents last year. It is only reasonable to assume that half of these were attributable to hunting mishaps of one kind or another. However, death from firearms is not the only way to die during hunting season. A good many hunters slip and fall over precipices while gazing off into the distance instead of watching their steps on unsecure ground.

Some get killed before they get to the deer lease in their frantic effort to get there fast combined with a few warming drinks on a chilly pre-dawn morning drive.

Common sense, starting with cleaning the rifle until you gring the deer meat home all wrapped up in foil, will save a lot of heart-breaks in a good many Texas homes this hunting season. Why not try some?

Visitor from Lubbock

Mr. and Mrs. Hebert Burnham of Lubbock spent last week end with her parents, Mr. and Mrs. B. M. Nelson.

NEWS FROM BETHEL

I must take time out to think the telephone company for finding the bug in our service. All the tingling and roaring during damp and windy weather, they said, was due to a broken insulator somewhere on the line. They found it and promptly replaced it. Our service has been grand since. I'll bet it was sorta like hunting for a lot of insulators between our house and town.

Wasn't Wednesday a beautiful day! Isn't it odd how we can have such rough weather and then, all of a sudden, a day like Wednesday pops up.

I contacted the Tam-Anne Ginn and asked them how the cotton,

TV Interference

on an over-all basis, was damaged during this last cold and damp spell. From what they said, I gather that only the late cotton suffered much damage. Most of the cotton out this way suffered very little as the biggest part of it was

decided to go out in the country to a place where there was a windmill pumping away but aching with loneliness. One of the Mothers of the group suggested that, even though she was all for it, the group should have a chaperone before she would give her consent for her daughters joining them. Promptly they invited her to accompany them on their party. This she decided to do.

Upon reaching their destination and preparing the fire, the boys started pulling the chickens out of the sack. Imagine the Mother's surprise upon recognizing one of the first chickens as her pet . . . her little speckled rooster. Upon further questioning, she discovered she was "once" owner of all the chickens. It happened this way:

While the girls were inside preparing to leave, making noise as they did so the boys were outside catching the Mother's chickens. All was forgiven, though, and everyone had a wonderful time. The chicken was delicious . . . all except the little speckled rooster which was rescued from the hungry group. I guess he lived to be a ripe old age.

Everyone out this way has been very busy this past week. Some have successfully found and cut

some grain dry enough in moisture content to be acceptable to the elevators. Nearly every one has been sampling their feed to see if it was ready for harvest.

Mr. and Mrs. Earl Lust and Mr. and Mrs. Roy Haberer were Sunday dinner guests of Mr. and Mrs. Wes Anthony.

Mr. and Mrs. George Sasser of Clovis, New Mexico were callers in the Wes Anthony home Sunday afternoon.

Mr. and Mrs. Ivan Earl Sinclair of Abilene, were visiting their parents in Dimmitt this week end. They were Sunday dinner guests of his parents, Mr. and Mrs. B. E. Sinclair. Also present were her parents, Mr. and Mrs. W. E. Thompson. During the afternoon, Mr. and Mrs. Fate Shannon and family called for a visit before Mr. and Mrs. Sinclair returned to Abilene.

Miss Sue Bagwell, a student at Texas University in Austin, was home for the week end visiting with her parents, Mr. and Mrs. George Bagwell.

Mr. and Mrs. George Sides of Lubbock were week-end visitors of her parents the George Bagwells.

Mr. and Mrs. J. A. Bagwell and family were Tuesday evening supper guests of the George Bagwells. Mrs. Gaines Neill returned, late Wednesday, from visiting with her daughters, Mrs. V. E. Hughes and Miss Kathryn Duree, both of Waco, Texas.

Mrs. Ira Brown has been a victim of the flu epidemic for the past week. She is now feeling very well, we are glad to report.

Mrs. Moss Howell took her father, Mr. J. A. "Granddad" Bagwell, to Lubbock, Wednesday afternoon, for a medical check-up.

Mrs. Oran Howell and young daughter, Rhonda Sherryl, are visiting with her parents, Mr. and Mrs. Guy Ellis of Abernathy. Oran Howell has been recovering from the flu and staying at the home of his parents, the Moss Howells, while his wife and new daughter are gone.

Last week, Mr. Roy Tond and Mr. Glen Fendric of Pierre, South Dakota visited with the R. D. Taylors.

Mr. and Mrs. R. D. Taylor and family spent the week end with her brother and family, the C. E. Thompsons, of Midland, Texas.

Mr. and Mrs. Ivor Bagwell were among the guests present at a Halloween party at the Dimmitt Dinner Club at the Gene Ivy's, Tuesday evening.

Mr. and Mrs. Ivor Bagwell family visited in the R. D. Taylor home Tuesday evening.

Mr. Elbert Smith is on the sick list this week. He is another victim of the flu. He is reported to be doing better today.

Mr. and Mrs. J. A. Bagwell and girls spent the day with Mr. and Mrs. Ivor Bagwell, Monday.

Mrs. Houston Lust and children, Rex, Ann, and Flo, were in Tulia, Thursday, visiting with Mrs. Lust's parents, Mr. and Mrs. Joe Finck.

Mrs. Fate Shannon and children were in Friona, Monday, on a business errand.

Mr. and Mrs. Jack Flynt were in Hereford and Amarillo on business, Thursday. They returned by way of Happy and visited awhile with Mrs. Flynt's parents, Mr. and Mrs. Embry Finley.

In spite of the cold and damp weather, a good crowd attended the Bethel Community party last Friday night. Everyone reported having a very enjoyable evening.

Being that this is a farming community, I thought that perhaps you might be interested in some prices paid for Milo. In 1931, the price was 45c cwt. Then in 1945 it reached \$2.00. However, in 1941 it was down to 53c cwt. Then in 1945 it rose to \$3.85 and for a few days that fall it went a few cents over \$4.00. (War was on, you remember.) Then, after the war was over, the price fell, in February, 1946, to \$2.45. About this time a Federal price support Loan was established. I have been unable, so far, to get the prices from 1946 until 1954, but in '54, the loan was at \$2.21, 1955-\$1.69, 1956-\$1.88, and in 1957 it was from \$1.58 to \$1.73. However these loan prices quoted were not the actual amount one received as the storage fees were deducted from them. The farmer received somewhat less.

Just thought you might be interested.

Jimmy Burt Frazier In Dallas Hospital

Jimmy Burt Frazier, 3 1/2 year old son of Mr. and Mrs. G. B. Frazier, Jr. of Dimmitt, was admitted on Wednesday, October 16, to the Scottish Rite Hospital for Crippled Children in Dallas.

Texas Scottish Rite Masons founded the hospital thirty-three years ago in an effort to provide a chance at a normal life for the handicapped child. The hospital, which has accepted more than 100,000 children for treatment since 1925, is supported by public contributions and bequests.

An expert staff, plus exceptional physical facilities and dedication to the welfare of the child, make the Scottish Rite Hospital an outstanding treatment center which serves the entire state.

NEWS FROM HART

Mr. and Mrs. R. L. Benson from Abilene visited Mr. and Mrs. Judd Davis and family over the week end.

W.M.U. ladies of the Hart Baptist Church met in the home of Mrs. Dink Kittrell, Wednesday at 2:30. The program, "An Open Door," was given by Mrs. Claude Ray, the program chairman. Mrs. Harvey Davis sang a solo, "Let Him In."

The ladies on the program were: Mrs. Dink Kittrell, Mrs. H. E. Loman, Mrs. Jack Johnson, Mrs. W. C. Lacy, Mrs. Jim Davis, Mrs. Georgie Henderson, and Mrs. Howard Mitchell.

There was a short business meeting, where it was decided to have a Sunbeam Band. The director will be Mrs. Harvey Davis.

Mrs. Lola Shephard from Paris visited her sons, John and Roland Shephard and family recently.

Red Kenord and Jerry Phillips from Wayland College, were visiting Mr. and Mrs. Monroe Phillips over the week end.

Mr. and Mrs. Homer Hill were in Dumas and Clovis last week. Mrs. Calvin Alexander and Mrs.

Monroe were shopping in Tulia last week.

Mrs. Bud Hill and Mrs. Homer Hill were shopping in Lubbock last week.

Mr. and Mrs. Jim Davis and Duane were guests at the Gislser Camp Club at Quitaque, Saturday.

The Hart football mothers wish to report that the football suppers are going ahead fine. Donators of the suppers were: Loyd Farris, Hills store, Hendrix Motor Co. and Mr. Walt Hanson.

Dr. and Mrs. A. C. Drake from Lubbock, visited Mr. and Mrs. W. O. Bell last week end.

Mrs. Worth Jones was ill in the hospital at Olton, Thursday through Sunday.

Mr. and Mrs. R. L. Hawkins and Mr. and Mrs. W. A. Hawkins and family were in Canyon last Saturday, to attend the football game.

Mr. H. C. Brooks and Dwight Woodel of Lamesa, visited Jim and Paul Brooks last Thursday.

Mr. Olen Moss and Hugh Gilliam of Plainview, spent Saturday night with Mr. and Mrs. R. L. Hawkins.

Mr. Orlan Dudley of Petersburg and Mr. Lackey of Dallas were in Hart on business last week.

Mr. and Mrs. T. R. Davis visited last week with their daughter, Mrs. Louie Sweatt, in Jal, New Mexico.

Mr. and Mrs. J. P. Nafzger of Olton, spent the week end with her parents, Mr. and Mrs. J. D. Murray.

Mr. and Mrs. Claude Ray have been visiting his parents, Mr. and Mrs. E. L. Ray in Rochester.

The plans for a new Educational building were adopted Sunday night at the Methodist Church.

Halloween carnival will be Thursday night at the school. It is sponsored by the grades at school and the Parents and Teachers Association. The King and Queen will be crowned.

P.T.A. will serve supper in the lunch room. Each grade will have a booth.

Keystone-Fleming Wins Safety Award

National honors for outstanding driver safety performance were won by the Keystone Fleming, Inc. as a result of participation in the 26th annual National Fleet Safety Contest conducted by the National Safety Council.

The Keystone Fleming, Inc. fleet of 19 vehicles and 17 drivers was awarded 2nd place in the Petroleum division of the contest at ceremonies in the LaSalle Hotel in Chicago, October 24.

The award was based on the company's performance from July, 1956, through June, 1957, a period during which it operated 408,892 miles and achieved the outstanding accident rate of only .244 accidents per 100,000 mile of operation.

Under contest rules, all accidents except those occurring when the company vehicle is properly parked, must be counted. Before winners are finally determined, their records are personally inspected by an auditor appointed by the National Safety Council.

Winners were also honored at a Victory Luncheon sponsored by General Motors Corporation in the hotel's grand ballroom. Principal speaker was the Rev. Dr. Carl S. Winters, minister for the First Baptist Church, Oak Park, Illinois, and a nationally known lecturer.

More than 2,000 fleets operating in excess of 237,000 vehicles and travelling 5,078,743,000 mile competed in the contest, largest of its kind in the world. The combined average rate of 1.51 accidents per cent over the previous year, was achieved despite an increase of half a billion vehicle miles.

Contestants experienced 200 fewer accidents along with the increase in mileage to produce the rate reduction.

In presenting awards, to the more than 60 winners representing all branches of the motor transportation industry, E. G. Cox, Chief of the Section of Safety, Bureau of Motor Carriers, Interstate Commerce Commission, congratulated the winners and other contest participants on steadily improving their

Hart Longhorns Won Second District Game

Hart's Longhorns won their second district ball game last Friday night by a narrow margin of 7 to 6 from the fighting Whitharral Panthers.

The Longhorns scored in the first quarter with Johnny Hindman going off tackle on a keeper for 60 yards and touchdown. Extra point was run over by Lonnie Bradley.

The second and third quarters turned to the battle of defenses, with neither side threatening.

The Panthers scored late in the fourth quarter, with less than four minutes remaining in the game. Extra point was no good. Hart took the kick-off and returned it to their own forty-five. The second play from scrimmage, Gene Varner bolted through on a dive play and galloped forty-five yards for a second TD, but the play was called back on an infraction of the rules. From there, Hart ran out the clock to win a close one.

Boys that stood out on defense for Hart were Darrell Dunham and Connard Riddles.

Tomorrow night, Hart Longhorns invade the Lazbuddie Longhorns at Lazbuddie. This should be another thriller, as Lazbuddie has a record of 4-2, losing to Farwell and Happy, and beating Whitharral on penetrations.

Party for Sinclairs

Mr. and Mrs. James Sinclair were honored at a farewell party, in the First Baptist Fellowship Hall last Friday evening. Mr. Sinclair will go to Odessa to serve as Educational Director in the First Baptist Church.

A living room chair was the gift from the group, with several personal gifts. Coffee and cake was served to a large crowd.

A safety record. He termed the achievement a substantial contribution to the safety of our streets and highways.

Sub-Station to Send Out Reports

Data on the results of the research program will be sent to all investors in the High Plains Station of the Texas Research Foundation at Halfway, Texas. Dr. Tom Longnecker, head of the Station stated.

Since the Field Day in September, many inquiries have been received by members of the Regional Council and the Station staff regarding the availability of the results of the first year's research program. All professional workers including County agents, Soil Conservation Districts, Vocational Agricultural teachers, Texas Tech and Texas A & M Experiment Stations will also receive results. Research results will be released through the newspapers in the High Plains Area.

Due to the fall rains, harvest has been delayed here as it has throughout the Plains area. Preparation of research data for release will take considerable time following the late harvest. The results will therefore probably not be available until early in 1958.

Visits in Jal, New Mexico

Mr. and Mrs. Chas. Byrnes visited their daughter, Mr. and Mrs. Jack Littlefield in Jal, New Mexico over the week end, and on Sunday the two couples went through the Carlsbad Caverns, Carlsbad, New Mexico.

Visits in Alamogordo

Mrs. P. L. Cunningham is visiting her daughter, Laura Jean Nagolskie and family in Alamogordo, N. M. for a few weeks. The Nagolskie are the proud parents of a new little boy, born Sunday, October 20.

LIVESTOCK MARKET REPORT

Receipts totaled fully 6800 head during the first two days of selling this week—at the Amarillo Livestock Auction with at least 1,000 left in the yards for Wednesday's market. This week's supply promises to exceed any week in more than a year, as a week-back of dry roads and lots enabled growers to make deliveries previously held-back by weather conditions. The few slaughter yearlings, calves and cows and bulls sold mainly steady with last week. While outlets were reliable and fairly broad, the increased supply gave buyers an opportunity to be more selective

and the activity definitely lacked the urgency shown the previous week. Stocker and feeder yearlings steers sold weak to mostly 50c under last week, while stocker steer calves and short-yearlings were fully 50c to around \$1.00 lower, with instances off more compared to extremes of Monday a week-ago. All heifer classes appeared under less downward pressure and sales ruled steady to weak with some heifer calves 50c under last week. Stocker cows moved readily at firm prices to broad outlet. Stock steer calves topped at \$27.10 for 314-lb. weights, and \$24.30 was best price paid for 317-lb. heifer calves.

Table with livestock prices: Str. Calves under 400 lbs. 21.50-26.50, Str. Calves and Ylgs. 450-650 lbs. 18.50-24.00, Feeder Steers 650-900 lbs. 18.00-21.50, Heifer Calves under 400 lbs. 19.00-23.75, Heifer Yearlings 450-650 lbs. 17.50-20.75, Med. and Gd. Stocker Cows 12.00-15.00, Cows & Calf pairs 125.00-160.00, Calves and Yearlings Good & Choice 19.00-22.00, Standard 16.50-19.00, Cows, util & Commercial 12.00-14.75, Cows, Canner and Cutter 10.00-12.25, Bulls, Util and Commercial 14.75-17.00, D. W. Vanderflugh In-charge

Legion Auxiliary To Sell Poppies Here On Saturday

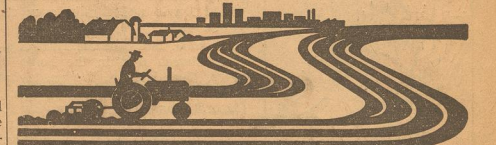

Saturday, November 2 will be Poppy Day in Dimmitt and throughout much of the nation. The day will see millions of Americans wearing bright red poppies in tribute to those who have given their lives in defense of the nation. The little flowers of remembrance will be distributed on the streets throughout the day by volunteer "flower girls" from the American Legion Auxiliary and cooperating organizations.

Poppy Day activities here will start early Saturday morning when the crops of volunteers organized by Mrs. Jim Cleavinger, the Auxiliary's Poppy Chairman, will be out with their baskets of poppies to greet citizens on their way to work. They will continue to work throughout the day, covering residential areas as well as the downtown district. "Before the day ends, we hope to see the little red flower of remembrance glowing on every lapel," Mrs. Cleavinger said. Contributions for the Auxiliary's

work for disabled veterans and needy children of veterans will be received by the Poppy Day volunteers. These contributions form the major source of support for the Auxiliary's rehabilitation and child welfare programs. As the Auxiliary's poppy program is carried out by volunteers, all of the money contributed, over the cost of the materials and the wages paid disabled veterans who make the poppies, goes for the disabled and children, Mrs. Cleavinger explained.

The poppies to be worn here have been made by disabled veterans who have been enabled to earn much needed money for themselves and families through this employment given to them by the Auxiliary. The little flowers are made of crepe paper with wire stems and take their pattern from the wild poppies of France and Belgium which bloomed in the World War battlefields and cemeteries of those countries.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

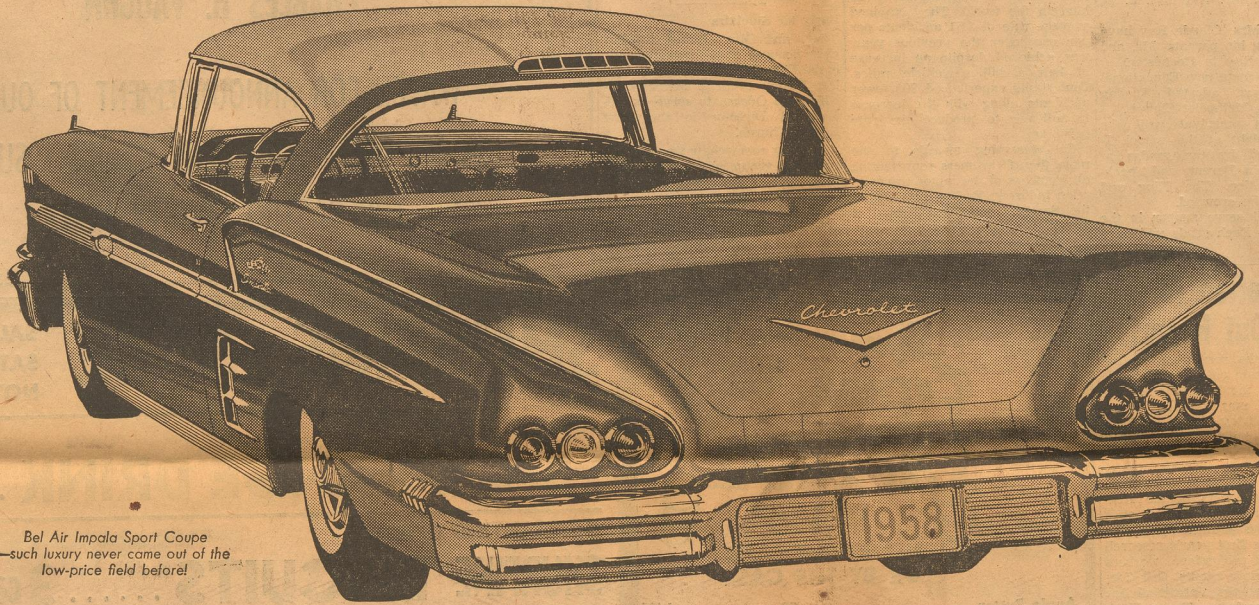

Irrigation water is a very important resource in this part of the country. It is of public interest that it is conserved and used to the best advantage possible. With this in mind conservation minded farmers are always looking for ways to conserve water. One of the ways found is by the use of underground irrigation pipe. Each year more farmers have seen the advantages of using pipe to properly control irrigation water. This year more than one hundred and fifty farmers of the Running Water Soil Conservation District have installed underground pipe for this purpose. Some farmers have only installed a few hundred feet, while others as much as two miles or more. Over forty miles of pipe have been installed this year with-

in the district. An additional fifty farmers have indicated that they intend to have pipe put in on their farm before the first of next year. Some of the advantages or benefits derived from the use of underground pipe to replace open ditches as revealed by farmers are: (1) Conservation of water by preventing evaporation and seepage. (2) Prevention of erosion. (3) Allows more land to be cultivated. (4) Ditches do not have to be plowed in and reopened. (5) The system is always ready to deliver water where it is needed. (6) Weed seeds are not spread as in open ditches. (7) Trash does not interfere with correct application of water. These and many more factors make proper irrigation easier accomplished. The pipe should be installed so that the furrows away from the line will be as flat or possible to prevent water erosion and get more water into the ground. "Conservation touches every phase of civilized life, and it is everybody's business because it deals with the resources by which we live," Charles Brannan.

Bel Air Impala Sport Coupe—such luxury never came out of the low-price field before!

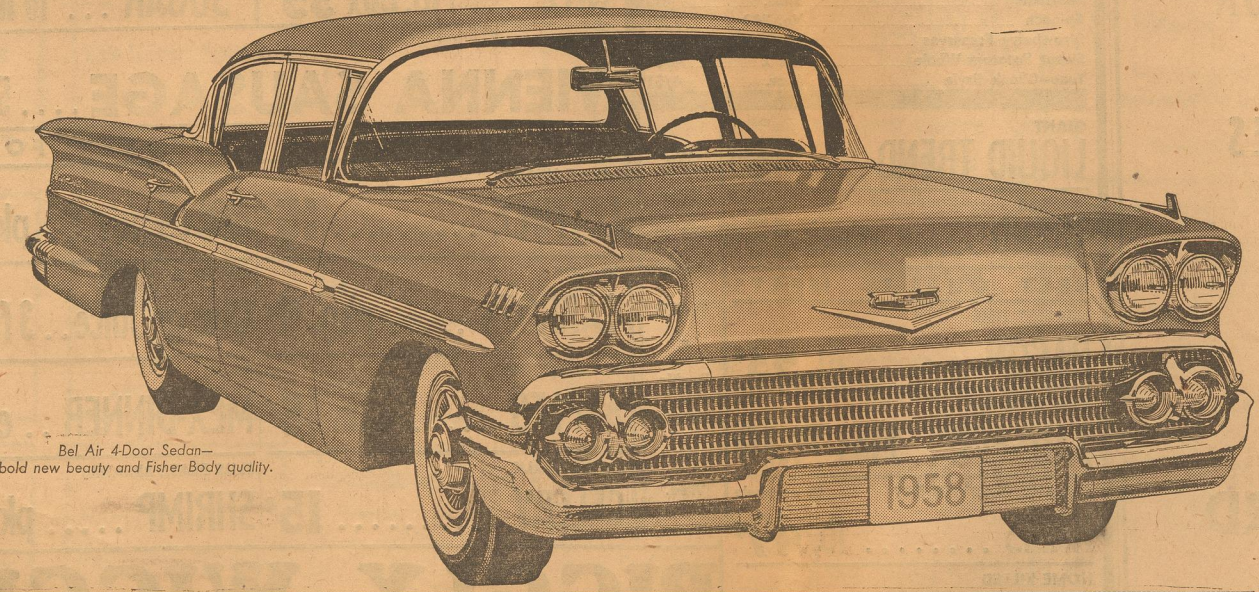

ALMOST TOO NEW TO BE TRUE! '58 CHEVROLET! The biggest, boldest move any car ever made!

New '58 Chevrolet Corvette—America's only sports car goes even sportier!

Meet the beautifully moving '58 Chevrolet... panther-quick, silk-smooth! It brings a V8 unlike any other, a Full Coil suspension system, a real air ride and even two new super models! See it today! Look at Chevrolet's airy new styling. That's how new Chevrolet is all over! It's lower, wider—nine inches longer. There's an all-new Turbo-Thrust V8* engine. Pair it up with Turboglide*, you'll command the quickest combination of all!

There are two new rides—Full Coil suspension—and the first real air ride* in Chevy's field. The body-frame design is new, the wheelbase is longer. There's plenty more—a new 4-headlight system for safer seeing, new 6 and V8 power, a foot-operated parking brake. And two new super models—the Bel Air Impala Sport Coupe and Convertible, most luxurious Chevrolets of all. See all that's new at your Chevrolet dealer's! *Optional at extra cost.

Bel Air 4-Door Sedan—bold new beauty and Fisher Body quality.

Only franchised Chevrolet dealers display this famous trademark See Your Local Authorized Chevrolet Dealer

Hog Profits Depend On First Costs

The price a farmer can afford to pay for feeder pigs depends on the value of the finished hogs, cost of raising them, and death loss.

Recent studies on midwestern hog raising has produced a gauge for estimating in advance, the possibilities of profit and loss. To determine the finished value, a farmer first estimates the prices at the time he will sell the hogs, and their probable weight. For example, if Farmer Jones wants to buy 35-pound feeder pigs in late May to sell in October, he may estimate their ultimate weight at 225, the price at \$16.

The weight is based on experience with rate of gain, and the price is a forecast. His expected income or net value at the farm is 225 pounds times \$16 per hundredweight or \$36 altogether.

Probably costs should be estimated next. Figures vary from year to year and farm to farm but experimental results show the average midwestern farmer uses 350 lbs of protien to add 100 lbs. weight.

This would be a total of 665 lbs. (about 12 bushels) of corn and 100 pounds of supplement to increase the 35 pounders to 225 lbs.

With corn at \$1.15, the cost for 12 bushels would be \$13.80. And with supplement at \$5 a hundredweight, total cost would be \$18.

Feed is the largest cost item, but labor, shelter, equipment and veterinary count too. Usually, these amount to one-fifth of the feed costs. This is \$3.76, bringing total production costs to \$22.56.

Difference between income and total costs is the first estimate of the price a farmer can afford to pay for a feeder pig. This figure is \$13.44. But the amount should be adjusted for death loss. Probable survival rate is multiplied by the margin over cost per pig.

For example, Jones expects a death rate of 5 percent—or a survival rate of 95 percent. Multiplying margin per pig (\$13.44) by 0.95 gives price per pig: \$12.77 in this case. If Jones pay this price for a feeder pig, he can expect to get market price for shelter, equipment, and other items. When a pig may be purchased for less than \$12.77, the difference constitutes profit.
